No World Leader Has Ever
Been A Quiz Kid!

SNAPPISHLY AND OFTEN, this crotchety columnist has belated the white-tower ad geniuses of Madison Avenue in New York City, who seem to regard Americans as moronic patsies with shanty tastes, molasses minds, and juvenile emotions.

Comes now a day to eat crow! Well, Culver folks.

SURPRISINGLY, some salty words of down-to-earth wisdom wafted forth from one of Madison Avenue's loftiest white towers.

If customary procedures prevailed, some anonymous hired talker in a carpeted cloister would use wise words for the Big Boss. That's unimportant.

What counts is that they were braced and boldly spoken by one of ad alley's titans — Charles Brower, president of the high-advertising agency, Batten, Barton, Durstine & Osborn.

Brower's oratorical tidbit was served after dessert at a recent Rutgers University alumni dinner. The theme distilled to this:

"Hard-heads make better national leaders than egg-heads." TO PUT MEAT and muscle on these bare bones, Brower cited presidential examples. Ike was not first, in his West Point class. Truman never went to college. Hoover did — but garnered only an A.

Confessing he didn't know a world leader who'd been a quiz kid, Brower then wondered why should lavish our money "educating youngsters who are so bright that they know there is no life, that life is just 60 or 70 years of idiocy, that love is a mere biological mess, that patriotism is a myth, and that altogether it's not too futile to try."

He said he'd rather put his money into educating "a few men and women who are too dumb to know they are licked before they start."

AMEN! This is one guy from ad alley I'm with, no matter how large the bedfellowship.

Don't misunderstand. I'm all for the bright scholars and great minds who stay in touch with reality. But too often scholastic ends and esoteric egg-heads get to mangle a metaphor, like No. 1 in the grade parade, aboard the caboose on the untaught Toonerville train of life.

LIKE ALL DOTING parents, be proud when our kids make an honor roll. But if they miss, (Continued on Page 11)

The Culver Inn Denied 3-Way Liquor License

About 75 Attend Jan. 7 Hearing

By KATHLEEN M. TITTLE

(Mrs. Tittle is the wife of the pastor of the Culver Bible Church)

The application by Maxinkuckee Inn, Inc. at Culver Military Academy for a three-way liquor license drew an overflow spectator group at the hearing in the commissioners' room of the Marshall County courthouse at Plymouth Thursday morning, Jan. 7, at 9 o'clock.

After a brief hearing on the application from the American Legion Post in Bremen, the application of Maxinkuckee Inn, Inc. (otherwise known as The Culver Inn) was presented to the Marshall County Alcoholic Beverage Board by Maj. Gen. Delmar T. Spivey, president of Maxinkuckee Inn, Inc. and superintendent of Culver Military Academy.

He answered questions by the Chairman of the Board concerning location, ownership, accommodations, and intentions of the Maxinkuckee Inn corporation.

Following questions by the other board members, those wishing to speak for the Academy were given opportunity to do so. There was no further presentation of the Academy's position, so opportunity to speak was then given those opposing the issuance of the three-way license.

Rev. Tittle Presents Petition

Rev. Maynard G. Tittle, chairman of the Remonstrance Committee, then presented the board a petition with about 250 signatures, and a typed list of the following speakers:

Rev. Kendall E. Sands, pastor of the Culver Methodist Church and president of the Culver Community Planning Commission.

Mrs. Guy B. Davis, member of the Marshall County Parkview Hospital Board and past president of the Marshall County Home Demonstration Association.

A. R. McKesson, president of the Culver Town Board.

J. Dick Newman, farmer and partner in the Newman dairy farms.

Bill Allen, lakefront land owner, partner in the West Shore Boat Service, member of the board of directors of the Lake Maxinkuckee Association, and alumnus of the Summer School of Culver Military Academy.

Rev. Vernon L. Palmer, pastor of the Culver Evangelical United Brethren Church and president of the Culver-Union Township Council of Churches.

Rev. Sands pointed out that it would be unfair to the business people in Culver to have this license granted to Maxinkuckee Inn, Inc. because the same license was denied several businesses in Culver.

Civic pride was the point of Mrs. Davis' presentation. She said that she and her husband had been taxpayers in Marshall County for 42 years and had always taken pride in the fact, and especially in the fact that Marshall County ranks high in the State as being a clean county.

LOTS OF LOCAL FOLKS ARE FLORIDA BOUND BUT IT'S A SECRET!

A great many Culver people are leaving for Florida for their annual winter vacations. When they phone or drop in at The Citizen to ask that their home town paper be sent to a Florida address for a few weeks or months they invariably ask us not to mention the matter in our editorial columns. Seems they think this would be a tip-off to burglars that the coast is clear to break into their homes and help themselves!

C of C Advocates Harmony In Area Highway Program

1960 Officers Are Elected

The Chamber of Commerce by a unanimous vote at The Culver Inn Monday noon adopted Wilber Taylor's resolution to name a 5-man Commission on Roads to unify the community's thinking on the tremendously needed improvement of State Routes 10, 17, 117, and 110 in the Culver area.

The local highways are acknowledged to be among the most horrible in the Midwest and day after day give Culver a black eye among the motoring public.

New Directional Sign

Many motorists, including local people, are having a hard time locating the downtown section of Culver from the various intersections along the new Road 17 west of town. It was voted to erect a commanding and arresting sign to aid northbound travelers.

Name 1960 Officers

The Chamber's nominating committee, headed by Fred Adams, presented the following slate which was elected:

For President, succeeding Everett E. Easterday, Charles Cook of Kline's Appliance Store. The Citizen regrets that a photograph of Mr. Cook is unavailable.

Vice-President-Andrew Vernum, partner in Culver Clothiers, Inc. Re-elected as secretary-treasurer was Peter D. Trone, who has done such a fine job in that post.

This Indiana District is comprised of LaPorte, St. Joseph, Elkhart, and Marshall Counties.

Census headquarters will be located in the new Library Building, 122 W. Wayne St., South Bend.

Mr. Trone will also have an office staff of some 10 or 12 persons, as technical directors, supervisors, and clerks. During the remainder of January and through February the testing and training of applicants for positions as clerks and enumerators will continue.

Peter Trone, son of Mr. and Mrs. Don G. Trone, 2324 East Shore Lane, attended Butler University and Rollins College, Winter Park, Fla. He is a graduate of the Culver Summer Schools and was honored with the rank of Regimental Commander in 1948. Since 1949 he has been on the staff of instructors in the Summer Schools, and last year was promoted to the position of Division Commander with the rank of Major.

Active In Civic Affairs

He is a member of the Culver-Union Township Library Board, serving also as treasurer. "Pete" also has held the office of secretary-treasurer of the Culver Chamber of Commerce for the past three years, and has been active in the formation of the Culver Zoning and Planning Commission, of which he is also a member.

Mr. Trone is attending the U. S. Department of Commerce training school in Chicago this week, and upon completion of this period of training will return to open the Bureau of Census office and organize the large staff required to complete the forthcoming Census. Bertha Reinhold Of Leiters Ford Burned To Death

Funeral services for Mrs. Bertha Reinhold, 68, who died late last Wednesday night from burns suffered in a fire at her home near Leiters Ford, were held Saturday in the Methodist Church at Monterey.

Dr. Carson McGuire, deputy Fulton County coroner, said that Mrs. Reinhold apparently was burned when she threw kerosene into a living room stove at about 1 p.m. Wednesday. Mrs. Reinhold was alone at the time. Her husband Roy Reinhold was in Monterey on business.

Reinhold returned home about 3 p.m. and found his wife suffering from burns over 90 per cent of her body. She was taken to Woodlawn Hospital in Rochester where she died.

Dr. McGuire said that some of Mrs. Reinhold's clothes were strewn in the front yard indicating that she had run outside the house after her clothes had caught fire and then returned to her home.

"Hoosier At Large"

we don't fall — lest they make study a fetish and tend to withdraw from normal, balanced, everyday life.

And that, I think, fingers the principal reason why hard-heads, not eggheads, are the best leaders.

The aloof egghead learns largely from books and/or teachers who, by and large, lead sheltered lives.

The hard-head gleans his knowledge from people, experience, and life, itself.

From afar, the egghead is prone to view life as it should be. From the thick of it, the hard-head sees life as it is — often ugly but always fascinating.

IN MY CONCEPT of Utopia (which can never be!) a year, or two of newspapering would be part of every youth's education, sandwiched between high school and college.

A journalistic working stiff is usually a Jack-of-all-subjects, master-of-none. Thus, few acquire

an egghead's great, specialized learning.

But a newsman has the best seat in the house from which to view all stratas of life. If perceptive, he sees people and society with a fluoroscopic eye . . . and soon knows why many hopeful, orderly, logical plans and schemes launched by eggheads founder on the rocks of reality.

All plans premised on what-should-be fly apart when they collide with people, processes, and things as they are.

One example will do — an illusion I lost long ago, with shock and dismay. I emerged from school, wet-eared and misty-eyed, believing as I'd been taught from infancy that "good guys always win," that "crime never pays" and that "murder will invariably out."

LET'S FACE IT, friends — as I had to. These whiskery cliches are pure tommyrot. In life, villains do clobber heroes. If you think crime doesn't pay some rats, read Fred Sonder's "Brotherhood of Evil," the shocking-Mafia story. Silliest of all is the no-perfect-crime hokey.

Truth is, police solve less than a third of our mysterious murders — and heaven only knows how many others slip past myopic cor-

oners as "natural deaths."

It's disconcerting to lose cherished illusions — but wholesome, too. In time you learn to accept this ugly-beautiful, vile-noble world and its infinitely unpredictable denizens, as is. Then can you muse, "Hummum — life is more fascinating, challenging and delightful than I expected."

You can, that is, if you're a hard-head . . . which is why they become great leaders more often than eggheads.

BALL STATE TEACHERS COLLEGE OFFERS A SPECIAL AREA CLASS

Principles of Guidance, a college education course for those who have felt a need for and an interest in studying pupil personnel problems, will be offered to Culver area residents by Ball State Teachers College as an evening study class during the spring.

The Ball State office of extended services has announced that the class, scheduled to begin at Plymouth Wednesday, Feb. 24, at 6:30 p.m., will be offered if 14 or more teachers or other adults are interested in enrolling in such a class.

In order to register interested persons are asked to write to the

office of extended services at Ball State, Muncie, for materials. The course offers four quarter hours of college credit and may be applied toward advanced degrees.

It is scheduled to meet in the library of the Plymouth High School building. Registrations must be completed by January 20 if the course is to materialize.

Mr. Graham Subject Of Reporter's Quiz

BY SHARI YOCOM

Curiously enough, one of the best-liked and most respected members of the C.H.S. teaching staff, Mr. William J. Graham, is also one of the least well-known. As it is generally felt that he has thus far led an interesting life, this reporter has endeavored to uncover a few more facts about said instructor.

Where and when were you born? "April 12, 1903; Manchester, Vermont."

Can you recall any interesting or amusing incidents during your childhood? "Oh, it would take too long to tell them all."

What was your father's occupation? "He was a florist."

Was your primary school large or small? "Oh, it was pretty small. There were about a hundred of us."

What about high school? "I went to a seminary."

Were you a "gay blade" during high school? Or studious? "Well, I was neither one nor the other, particularly. My brother and I had to walk over a mile to school each day. Then we came home after school and split wood. Splitting wood was our physical education. At least my father always said so."

Can you recall and repeat any interesting incidents during high school? "Nothing — I can't type today because I was always too busy writing love notes to my sweetheart to learn."

When you were in high school, did you plan on being a teacher, or did that decision come later? "I had no ambition while I was in high school. What I mean is, I just wanted to go to college. I didn't know exactly what I wanted to do."

Did you cry at your graduation, as some sentimentalists do? "Ha, ha! No; why should I cry? I was finally getting out of the place!"

What college did you attend? "Norwich University at Northfield, Vermont. It was military school."

When and where did you meet Mrs. Graham? "In Culver, about 1927 or '28, a year after I came here. She was the assistant librarian. I really read a lot of books!"

What was your first impression of her? "I thought she was a Greek goddess."

Where did you "pop" the question? "I always had the impression she asked me! No . . . I guess we were walking by the lake one evening and I asked her."

Was it a surprise to her or did the two of you plan it? "Oh, she was waiting for it!"

When is your wedding anniversary? "June 8th . . . I think!"

After your graduation from college where was your first teaching job? "The Academy; I taught there 14 years."

So continued my interview until I was rudely interrupted by the bell and knew time was no longer available to question my guest any further.

Arithmetic In Religion Is Theme Of Speaker

BY LILA BEAN

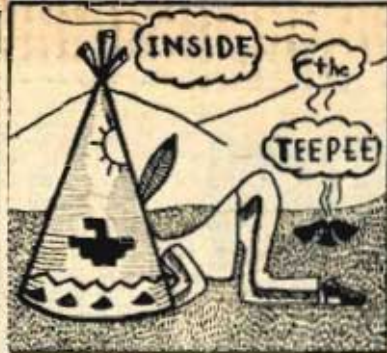

On Thursday, Jan. 7, Reverend Tittle introduced a well known minister from the Burr Oak Church of God. His name is Reverend R. Sorrenson. He spoke to us from Psalms 84 on the subject of "Growing."

When we slip and fall, God is there to help us. He can change the worst to the best. In an unpleasant situation, being unpleasant ourselves makes it no better. Be cheerful, but do not try to be perfect. Perfection is something which belongs to God. We can share his perfection by trying to accomplish something.

Accomplishment is like arithmetic. When we subtract evil from our lives, add virtue to our faith, and divide our substance, time, and talent with the Lord, then He will multiply with us His blessings.

Mentally, physically, and spiritually is how we must grow to have faith. Faith is substance hoped for and an evidence of something unseen. Growing in God's arithmetic will help everyone.

All kinds of office supplies on sale at The Citizen.

Wednesday, the last day of school, everyone was so happy and full of the holiday spirit that the teachers found it difficult to keep order in the morning classes. At last noon came, and the rest of the day was spent dancing and singing carols. We were free at last!

Everyone was pleased to see what Santa had brought on Christmas morning, and something in the air made it a very special day to be with our families.

After recovering from the huge Christmas meal, many girls ate nothing for a few days to be sure to fit into their formal for the big dance Tuesday night. It was very pretty, the band was dreamy, and the decorations were unique. We will all remember that night as a particularly nice one.

The really "big" night, New Year's Eve, was celebrated with a few parties, the midnight show, and some slumber parties. Nearly everyone in the high school was at the movie. Fun, wasn't it?

A few privileged characters spent the ten days basking in the Florida sun. Notice the envious glances they get because of their good tans.

A certain member of the faculty had a rather irritating experience in Texas. He was even late

for school! Whether working or sleeping, we all appreciated our short vacation. As one person said, "That was the shortest week I have ever spent!"

After cooling off over the vacation things started warming up Dec. 31 and New Year's Eve, with various couples.

Linda Kose had a "hen" party last Wednesday. From reports of all chicks it must have been a riot. A freshman "hen" can fill in the details.

Barbara Kauffman and Penny Downs will be turning their moccasins north to the south bend in the river, where they will be living in new wigwams.

To the honorable Stanley Curtis we are glad to present the award for "The biggest bundle of nerves," in this first week of 1960. Mr. Curtis won this award for a splendid case of constant nervousness in trying to get one-third of the yearbook done before the sunset deadline.

Dear Santa: I want a book of answers, a new nose, a clock with more than 24 hours for each day, and a round trip ticket to a rest home.

The band and choir party was a real smasher and I'm sure the caroling before the party was enjoyed terrifically! Jim Hall, Sam Medbourn, and Jamie Piersol were the "Terrific Trio" who played and sang.

Everyone of the Culver crowd welcomed Julia Furnas back with their hankies and red noses.

Some guys like "Strawberry Lipstick" . . . Sam Medbourn likes Taffy.

Miscellaneous Culverites did an about-face the 29th from the "Sunny Italy" to the "Volcano."

Thad Overmyer . . . do you like dimes floating in coke?

Barb Hatten and Sam Neidling-

er have "broken the spell that held them long."

Charlie Hardin doesn't seem to be a very fast runner, right Cathy Overmyer? Oh, well, snow in your face doesn't hurt anybody.

From all signs Merrie Kay Stoneburner and Gary Dillon have reunited, since Dec. 31 I would say.

Tinsel, evergreen, Christmas tree lights, wire, scissors and Ivory Flakes were the cure for a "beautifully decorated" Sunshine-H-Y Winter Formal.

Mary Jane Guise and Linda Kose head the latest casualty list. Here's hoping for their speedy recovery.

What did you think of it? It was murder . . . ough! Juniors referring to the History exam.

Cathy Overmyer and Lana Berger both had holiday parties!

The Good girls and the Kuhn boys all retreated south to Florida for the vacation and our "Redskins" are somewhat "Brownskins" now, and are easily pointed out among, the winter pale faces.

Dear Mr. Lawson, we want you to know you have a splendid voice . . . you may make the "big time" someday!

Lately, Kathy Clyne has been receiving Spanish lessons, among others, from her Ralph!

See you later as the sun sinks slowly behind the flaming horizon.

Junior Class Holds Dances After Ball Game

BY SANDY FISHER and JEAN DITMIRE

Juniors: Everyone enjoyed dance after the ballgame, on Jan. 8, which was once again sponsored by the Junior class of Culver High School. The next dance will be held Jan. 30. The committee consists of the following people: Shari Yocom, Chair; Osborn, Jamie Piersol, Ron Turner, Nancy Burns, Betty Zee, and Cathy Overmyer. They are working on plans for a reception also, which is to be held April.

Seniors: Since the Senior pictures at last arrived, the change of fellow classmate photos has been fast and furious. This event marks another post in the end of our job which is fast coming to a close.

The class was the guests of the Culver City Club on January 10. It proved very interesting, the class thanks the organizers for the opportunity of view with them.

ART CLASSES ARE BUSY

BY JEAN McCOIGE

Now that the Christmas rush making angels, snowmen, Santa Clauses is over, the room can again relax and back to regular jobs.

The fourth and fifth grade classes are working on repeat signs. The two sixth grades doing stencil designs which probably be out next week. Seventh grade art classes are working with water colors. The high school classes are doing pencil sketches.

The transient display advertising rate of The Citizen is only cents per column inch.

Tomahawk Staff Meeting Deadline

By MERIUE KAY STONEBURNER AND BEA PRICE

Tomahawk Staff: The staff is working like mad teenagers in hopes of meeting the deadline of Jan. 10, by having one-third of the yearbook done. We are still waiting for the return of the underclassmen retakes. The subscription deadline was Friday, Jan. 8; but we shall probably have a few extra annuals for sale when they arrive. Later on this month the staff will have a party.

Pep Club: Our long awaited maroon and white mitts have finally arrived. New hand motions have been worked up as we prepare to cheer our mighty Indians on to Victory at the County Tourney.

Sunshine Society: As we entered the Lions Den for the annual S.S.S.-Hi-Y Christmas Formal Dance, we noticed the theme was taken from "City Sidewalks." There were make-believe lamp posts with street signs, such as Lover's Lane, Faculty Road, and many more clever names.

Christmas lights were strung across the room providing a variety of color. These beautiful decorations were provided by the Junior class, who worked from 8 a.m. to 2 p.m.

Even though Christmas was over, Santa had not forgotten our dance, and so he appeared issuing a few gifts to the students and faculty.

ment, Betty Kose, Sandy Fisher, and Lana Berger, sang the dance theme, and also "Sentimental Journey" and "Sincerely"; Margo Overmyer accompanied them on piano.

Fun was had by all and at 11 p.m. everyone headed for South Bend, leaving the beautiful "City Sidewalks" behind, now only a memory of a night we'll not soon forget!

ATTENTION ALL SUNSHINE GIRLS: Those still having candy money, please turn it in immediately.

What 1960 Holds For Culver High

By STANLEY CURTIS

Needless to say, the year 1960 is now with us, and it has special meaning for many people; different meaning for different people.

For the Seniors, since the time we entered the first grade nearly twelve years ago we have looked forward to this year, for it is the year when we shall graduate. Not that we desire to be away from Culver High School, but we looked forward to it because we know that we have completed the first step in our education. Just now we are beginning to enter upon the last leg of our journey; and suddenly we realize that we have less than five months to remain at the place which has been our second home for twelve years. But, also, in 1960 we shall many of us be entering the college of our choice, which is another great venture on the part of any young person. We shall have many adjustments to make; and will be learning how to live away from home. So, all in all, this year will certainly be a big one for the Seniors.

Meanwhile, the Juniors will continue to sponsor dances, and their all-important ham supper is coming up soon, too. Without a doubt the Juniors will sponsor a record hop later on in the spring. This should keep the class busy until the end of school. But, next fall they have their work cut out for them. The Senior year for them will begin then, and it will be their responsibility to set the standards of the high school. Right from the start of their Senior year, the present Juniors will be making desperate attempts at meeting their goals in the many money-making projects of the

ship tests, and just plain tests, in preparation for their entering college. We might conclude, then, that for the Juniors, too, 1960 holds much, and they should have a very busy year.

The Sophomores will continue with their moneymaking projects through the spring. And when they return to school in the fall, they will find that it isn't long until they are practicing for that highlight of the junior year — the play. Also this fall, the present Sophomores will sponsor the first of their many dances. Sophomores, have fun this year!

Freshmen are still getting used to high school, but have been having their fudge sales regularly, and will continue throughout this school year. Come next fall, the present Freshmen will select a movie to sponsor, along with their leaf-raking jobs, if the weather permits. Let's hope for dry, windy weather next fall!

So, Culver High School will be a beehive of activity during the year 1960 as it always is. Let's all make the best of it!

How Students Spent Vacation

By JOAN BARSHES

The teens of C. H. S. certainly had a wonderful time over the holidays. I had quite a hard time keeping track of them, because they seemed to be on the go all the time.

Dec. 23, 1959: "Two more hours 'til vacation, back to civilization." This was the catchy tune that Emily Allen made up, and the rest of the school took up. The record hop was wonderful and Stanley's combo out-did themselves. All the band and choir members were looking forward to the party that night. There was dancing and "goodies" galore! One casualty, Betty Kose almost was mis-toothed (if there is such a word!) but everything turned out fine.

Dec. 24, 1959: One more day until Christmas. Hip, Hip, hooray!! Many of them are still last minute shopping, and hiding packages from that special someone. That night the true meaning of

Christmas comes into the minds of all. There are church and communion services, and I saw many of the girls and boys attending them. Many families opened their gifts on Christmas Eve.

Dec. 25, 1959: It's just what I wanted! How did you know?? It fits perfect! Yes, the gifts are exchanged among our loved ones.

Dec. 26, 1959: It's all over for another year. Since there isn't any school, some of us stay up to watch the late, late shows and Shock theatre. One night I watched Shock theatre and after that I thought — I've heard of people seeing shadows, but have you ever heard of shadows seeing shadows?

'Way Back When?'**

**Highlights of Culver News
of 10, 20, 30, 40, and 50
Years Ago This Week**

January 11, 1950 —

Herbert A. Boblett of Culver has been named administrator of the Marshall County Parkview Hospital at Plymouth.

Morley Skinner, chairman of the Lions Club Community Betterment Committee, announced today that an order for some 50 Culver street markers will be placed this week.

L. G. Walker received word on Sunday evening that Archie Kahl, summer cottager on Lake Maxinkuckee, died Sunday of a heart attack and final rites will be conducted today at Danville, Ind.

With less than a month remaining before the curtain goes up on Culver's 1950 Minstrel Show, some 150 local Lions are busy selling tickets to this year's "Lion Extravaganza."

General Electric's "House of Magic," a science show, will be presented at the Culver Community Building next Monday at 8 p.m.

Don Anderson of Kokomo has purchased the Lake Shore Garage from Joe Schweidler.

The original Chicago Colored Collegians, widely known professional basketball team, will meet the Culver Lakers in one of the most important independent games of the season here next Tuesday evening.

Col. L. L. Kitts, director of horsemanship at the Academy, was selected this week as an equestrian judge at the Central American and Caribbean Sports Games to be held in Guatemala City February 25 to March 12.

January 10, 1940 —

Ernest W. Carter has been elected president of the Town Board for a four-year term.

Taking advantage of the continued cold weather which produced ice about ten inches thick, the Medbourn Ice Company inaugurated its annual ice harvest Monday afternoon on Lake Maxinkuckee.

"They gotta quit bumping my car around" could have been Harold Fitterling's theme song Monday night after two automobiles had hit his vehicle within a few minutes of each other.

Jane Ward, 24, died of accidental burns in Parkview Hospital in Plymouth on Monday afternoon where she was taken earlier for

treatment following burns received when her clothing caught fire from an electric heater.

Mrs. Martha Shoemaker, 84, died Monday in Argos. She had previously lived in Culver for about 50 years.

Plans are being formed for the organization on Tuesday, Jan. 16, of a model airplane club in the Scout Cabin.

The fire department was called to the P. A. Wiekizer garage Tuesday morning when the engine backfired and ignited the carburetor. No damage was done.

Edwin Hoover, former resident of the Zion Community, died Tuesday at Denver, Ind.

January 8, 1930 —

Alfred Kingery has purchased the 160 acre farm of David Hans on the Fulton-Marshall County line. Mr. Kingery expects to run a dairy farm.

Marriages of the past week were those of Margaret Silver, local teacher, and Fred John Barnett of Indianapolis on Jan. 1; Edward Biekel of Plymouth and Miss Nellie Triplett of Hibbard on Jan. 4; and Bert Kendall and Miss Catherine Zink, both of Burr Oak, on Jan. 6.

A son, Charles Franklin, was born to Mr. and Mrs. James Bohn Jr. on Dec. 31.

Otho Warner has been quarantined with small pox. Many cases have been reported in other towns but this is the only one so far in Culver.

A marriage license has been issued to Ray E. Boutilier of Plymouth and Miss Retha Burch of this city.

A farewell party was given in the home of Mrs. C. L. Shively on Thursday honoring Mrs. Clifford Boudouin who is moving to San Francisco to make her home. The potluck supper by the Wide Awake Class was enjoyed by all those present.

January 14, 1920 —

The Vandalla depot was completely wiped out in an early morning blaze Monday. It is a general supposition that coals from the open door of the stove in the agent's office fell out on the floor which started the fire.

Charles Bixel has bought the John Sparks' farm of 160 acres on the county line south of Culver.

Not a pound of coal in town for sale. Mr. Hawkins was notified on Monday that a car of Virginia coal that had been consigned to him had been wrecked in Ohio and taken by the railroad company.

Urias Mensor has rented the old picture show room to Walter Johnson of Letters Ford. Mr. Johnson is in the vulcanizing business.

County Superintendent F. M. Annis and Truant Officer Bailey made an official visit to the Culver School on Monday.

The merry jingle of sleigh bells was heard Saturday for the first time this winter. Very few people, however, own sleighs now. We have seen but two farmers, one drayman, and two cutter drivers on the streets so far. Not so many years ago a six-inch fall of snow would bring out the runners by the score.

The Medbourn Ice Company

has filled three of the rooms in the south house and is now loading cars direct from the Lake to fill contracts amounting to several thousand tons. This work will continue until Saturday when, if the ice is still in good condition, it is expected to fill the remaining three rooms.

Frank Ray has been appointed superintendent of highways for Marshall County.

Claude May exhibited seven black Minorca chickens at the South Bend poultry show and took five prizes.

January 13, 1910 —

The three skeletons disinterred last September on Harvey Easterday's lot and taken by H. W. Clark, the naturalist, to Washington, prove to be those of Indians. Mr. Clark writes to The Citizen as follows: "Dr. Ales Hrdlicka of the National Museum says that the bones after cleaning and repair are found to be parts of two masculine adult skeletons. They are undoubtedly Indian. The skulls are brachycephalic and one shows the effects of artificial deformation (slight bilateral frontal compression). Dr. Hrdlicka suggests that if more be found it would be well to collect all pieces, as in such a case it is often possible to reconstruct a useful specimen".

The Medbourn houses were filled with ice last week and in addition, up to Tuesday night, 220 freight cars had been filled and shipped out. About 230 more carloads will be cut.

Aunt Mily Smith, about 80 years of age, living with her son, Tom Bigley, east of Maxinkuckee landing, slipped on the ice Saturday and broke her right arm.

Ellis G. Patsel and Miss Jessie Hoyt were married January 12.

Ice depth now measures 14 inches and of absolutely perfect quality. A newspaper can be read through a 10-inch cake.

If anybody in town has an egg he'd better hide it as it is a scarce

commodity — chickens just aren't laying these days.

The sleet storm of last week, Tuesday night, effected a transformation in the landscape marvelous beyond description.

Hollis Mattix moved into town this week to handle a creamery route for Schlosser Brothers. He is occupying the first floor of the Bower's Building on Main Street.

**First Biennial
Regional Art Show**

Preparations are being made for the first Biennial Regional Art Exhibition to be held March 12 through April 3, 1950 at the South Bend Art Center, 529 Washington St., South Bend.

All artists who are residents or former residents of Indiana, Michigan are invited to submit not more than two original paintings, watercolors, drawings or prints or any combination of these.

The jury will consist of two outstanding artists, museum directors, art critics or art educators who will be announced at a later date. Judging of the work will be done according to artistic intent; for example, abstraction and non-representational work will be judged separately from expressionistic which will be judged as a group distinct from naturalistic or academic. The best of each group will be awarded prizes amounting to \$1000 with \$700 available for purchase by the Art Center upon the jury's commendation.

ACROSS FROM DEPOT

(Continued from Page 1)
 advised by Mr. McKesson. He mentioned that he was also president of the Town Board 23 years ago and at that time CMA put pressure on the board to get rid of bars because they were a bad influence on the CMA boys. He remarked that they now want a bar "right under their noses." He also brought out that the CMA is a non-profit and educational institution and this request seemed inconsistent with these facts.
 An additional burden to the police force of Culver was given as a distinct possibility, although Col. W. E. Covington, business manager at CMA, made it clear that in the event the three-way liquor license ever created a problem of that extent, the place would be closed.
 Mr. Newman mentioned that in doing business with the Academy for 50 years it seemed that their first concern had always been what was good for the boys. "It has been", he said, "that the emphasis has changed to what is good for the patron or resortier."
 Speaking as a property owner, Mr. Allen requested that Lake Maxinkuckee be compared with any other lake where hard liquor is sold. He gave Bass Lake as an example and it would be recognized that the property values of those lakes did not compare with those of Maxinkuckee. The reputation of the school was another thing about which Mr. Allen was concerned. He said, "It is something which is hard to build up, but it is easily torn down."
 One of the main points made by Rev. Palmer was the tender age of the boys who would be in the atmosphere of the Inn. He

mentioned that in the summer they are accepted as young as nine years.
 Speaking in rebuttal were Colonel Covington and CMA Chaplain Allen P. Bray.
 Colonel Covington affirmed that the Academy would not ask for the permit if it thought that it would be a temptation to the boys. He claimed that it would be the tightest controlled cocktail lounge in the State of Indiana.
Academy Chaplain Participates
 This thought was reiterated by Chaplain Bray, who said that this step was not taken rashly, that it was not "a neon-light, bar-maid situation," but a quiet, discreet cocktail lounge. He added, "The moment it becomes a detriment it will be discontinued."
 General Spivey thanked the people for their interest in the welfare of CMA, evidenced by their presence at the hearing (the commissioners' room was full and at least 25 people stood in the hall). He added, "Of course, I don't agree with them, but we appreciate their interest."
 The room was then cleared of all but the Alcoholic Beverage Board who privately reviewed the application and shortly announced to those standing in the hall that their decision had been to reject the application for a three-way liquor license at the Inn.
NIPSCO WILL TAKE OVER ELECTRIC PLANT AT ARGOS NEXT MONTH
 Argos which for many years has generated its own electric power will switch over during February to the Northern Indiana Public Service Co. which supplies Culver and scores of other towns and cities. All present rates established by the town will be maintained.

Commandant Pays High Tribute To Stanley M. Cline

BANDSMAN SCHOOL — USAF
Bolling Air Force Base, D.C.

January 7, 1960

Mr. and Mrs. M. Roth Cline

421 College Avenue

Culver, Indiana

Dear Mr. and Mrs. Cline:

The purpose of this letter is to tell you that I shall very shortly write you at some length, to acquaint you with the facts, as they have come to my knowledge concerning the death of your son, Airman First Class Stanley M. Cline.

I deeply regret the painful necessity for this, but I do believe that you will appreciate an official account and that knowing the facts will help you achieve peace of mind.

This organization is presently conducting an official inquiry into the facts and circumstances. In the interim, I should like you to know that Stanley's comrades in the Bandman School — USAF and the USAF Band, attended a memorial service, held at the Bolling Air Force Base Chapel last evening. There was a large group, numbering well over 100 people, for Stanley had many friends here. At Headquarters yesterday, the American flag, our national colors, flew at half-staff, as a tribute from the United States Air Force.

I want you both to know that Stanley's passing has been a severe loss, not only to the Air Force, but especially so to myself and the Headquarters Command Band, where he is mourned by his superiors and fellow musicians alike.

His sincere, pleasant personality, and his ready willingness to assist and cooperate under all circumstances, marked him as a most worthy airman.

He was constantly improving and developing as a clarinetist of stature and I believe that he would have, in the near future, taken his place as a member of the Clarinet Section of The United States Air Force Concert Band, even though I would be loath to spare him from my command.

As you may know, I considered Stanley to be one of my nucleus and included him in every engagement which he performed. His talent and personal attributes contributed much to the success of this organization.

I know you will understand when I say that although Stanley has left the organization and the Headquarters Command Band, he will always occupy a cherished place in the hearts of his comrades-in-arms. On behalf of all of us, I should like to extend my heartfelt sympathy in your bereavement.

Sincerely,

HAROLD L. COPENHAVER
Captain, USAF
Commandant

Bremen and LaPaz Open County Tourney Thursday

Culver Meets West Friday Night

By EARL D. MISHLER
Pairings were announced last Friday for the annual Marshall County Tourney to be held this Thursday, Friday, and Saturday at Plymouth. Culver will play the first game Friday night against West Township starting at 6:45 p.m.

In the first game of the tourney Thursday evening Bremen (7-4) will meet LaPaz (3-8) at 6:45. The Lions are favored in this contest, having beaten the Vikings, 64-53, in their opening game this year. Bremen, coached by Loren Tiede, has one of area's best scorers in 6' 0" guard Everett Walterhouse, who has 217 points in 11 games. LaPaz, under Coach Dale Cox, is lead in scoring by Larry Chass, who has totaled 154 points in 11 games.

Following the Bremen-LaPaz game, Tippecanoe's once-beaten Police Dogs (8-1) face the towering Comets from Bourbon in the key game of the first round. Coach John Ecker's squad brings the best record in the county into the tourney. Tippecanoe is led by Dick Trowbridge's 154 points in 9 games. Bourbon (8-3) boast a pair of 6' 4" front line stars, Jim Rhodes and Vance Berger. Rhodes has been Coach Dick Campbell's big gun this year, having accumulated 186 points in 11 games.

Our Culver Indians are heavily favored over West in Friday's first contest. They'll take a mediocre 4-6 record into the tourney, but are respected highly by county opponents who realize the Indians have played a rough schedule this year. Coach Tom Bonbrook's crew has been paced by Dave Washburn's 135 points in 10 games. Coach George Fettinger's Bulldogs (2-11) have lacked scoring punch all season, having scored more than 50 points only once. Sophomore Jim Muddy has scored 130 points in 13 games to lead West.

The final first round battle pits Argos against Tyner Friday evening. The Dragons (5-7) are coached by Doug Fites, and will rely heavily on 6' 1" center Jim Mechling, who has garnered 190 points in 12 contests. Coach Hal Muncie's Redmen (1-10) have the worst record of any team in the tourney, and will be rated as the underdog in this game. Rick Skiles has led Tyner this season with 141 points in 11 games.

The four winners will advance into Saturday's semi-final round, starting at 1 p.m. The championship game is scheduled for 8:15 Saturday night. If all goes as expected Tippecanoe and Culver will meet in the final game. The Police Dogs, however, must survive two rough games with Bourbon and Bremen, who should easily trip LaPaz. Culver, on the other hand, should give little trouble with West, and should eliminate the Argos-Tyner winner in the semi-finals. The Indians should be rested more so than their opponents, and we believe they should capture their 11th Marshall County title.

Bremen Beats Our Indians and Wins Horseshoe

By EARL D. MISHLER
Bremen's Lions utilized a red-hot third quarter to gain a 20 point lead on Culver Friday night, and then held off a tremendous last minute surge by the Indians to win, 64-58, to capture the Horseshoe, which Culver had held since Dec. 12.

Leading 28-23 at halftime, the visiting Lions took advantage of a leaky Culver defense to hit 11 of 16 field goal attempts and jump to a 54-33 lead. But with approximately four minutes to go, trailing 69-39, the Indians put on a great comeback that almost pulled the game out of the fire. Led by Dave Washburn and Dennis Gelger, Culver outscored Bre-

along with numerous rebounds. Ted Huber and Tony Swartzlander led the victors with 13 apiece, as Culver's Gene Benedict turned in a brilliant defensive job on high-scoring Everett Walterhouse, who hit 12 points.

The B-team suffered their third loss in ten games, bowing in an overtime thriller, 55-52. It was, however, probably their best game of the season, as all five starters played under the disadvantage of foul trouble during the second half. John Benedict was the Papooses' leading scorer with 15 points, but Bremen's Jim Morris took game honors with 17, including 11 free throws.

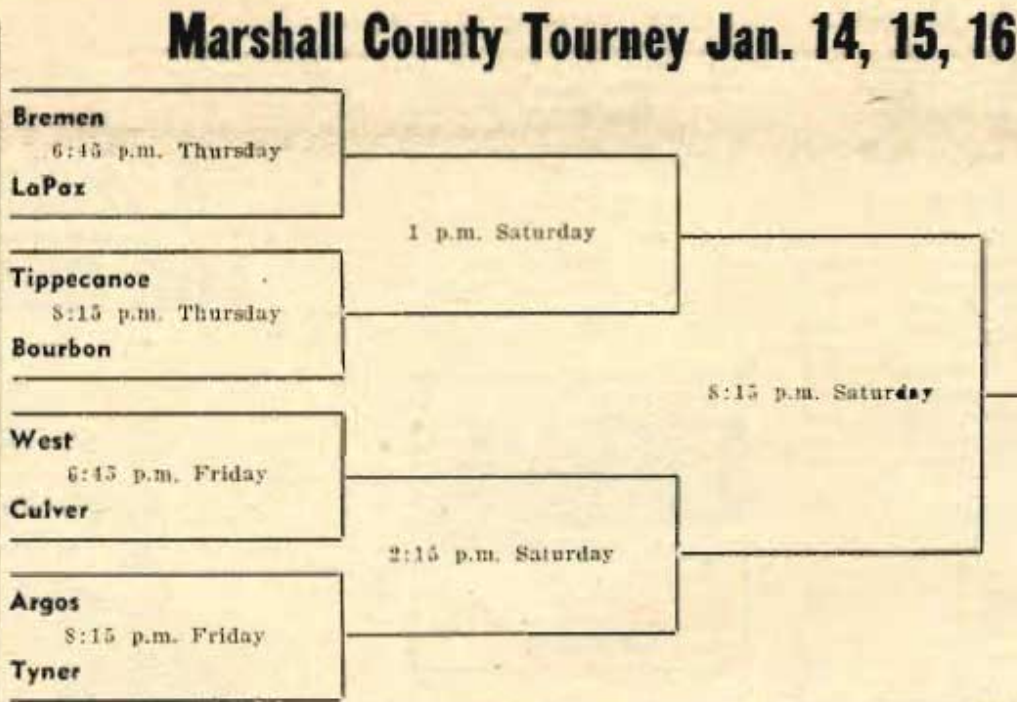

The Varsity's next action is Friday night in the Marshall County Tourney at Plymouth. The opponent will be West Township, the game beginning at 6:45.

Local Skaters Participate In Speed Marathon

Three Skate-Way Roller Club skaters put their abilities to the supreme test last weekend at Arts-Rollaire Rink in Harvey, Ill., where they and 13 other relay speed teams from Wisconsin, Illinois, Pennsylvania and Indiana

participated in a 24 hour continuous speed exhibition marathon whose door receipts are donated to the March of Dimes.

The skaters were Dick Calhoun of Culver, Ralph Shafer and Paul McGriff of Argos. The Culver team accumulated 325 miles in the 24 hour period.

Mrs. Mabel Olinger of Peru acted as scorer for the team and Steve Sturgell, Culver, acted as the team's assistant.

Dance skating proficiency tests will be held for the first time in Culver at the Skate-Way on Jan. 31 at 2 p.m. Panel judges of the United States Amateur Roller Skating association from Chicago will be scoring the roller skaters. More than a dozen tests will be given. Following the tests there will be exhibition skating by several State and National Champions. Persons interested in viewing the tests and exhibitions may obtain a reserved seat pass at the Rink before Jan. 25 as seating is limited.

Sportscasting By EARL MISHLER

The halftime show at Friday night's game was a dazzler as the Culver fifth and sixth grade squads exhibited their talents before a chuckling crowd. The fifth graders performed during halftime of the B-Team games, and the sixth grade between Gene Bogash was the area's most halves of the Varsity contest.

Area tidbits: North Judson's consistent scorer until last Friday night. The 6' 5" senior forward in nine games had scored no more than 22 nor less than 19 points. Then he celebrated his birthday Friday with a mere 49 points — Dave Washburn stretched his string to nine straight games in double figures, but Gary Dillon failed to reach ten
