## "HOOSIER AT LARGE"

By Al Spiers

This 96-Year-Old German Does A Heap Of Living In Porter County Abode

CORANDO JOHN is a remarkable little man, as unlikely as his name, which is real.

Mr. John, who doesn't know why he was christened Corando, is 96, yet wholly self-sufficient, self-supporting, and independent.

When I called at Corando's tiny, one-room abode near the west edge of Hebron not far from Culver, he was in the back yard, sawing wood for an already-big pile. He worked at slow but steady pace — astonishing for a man nearly a century old.

He was dressed simply in worn, rumpled garb. A long-billed black cap covered thick wavy gray hair and a patriarchal beard obscured his strong, firm jaw. His eyes were blue, gentle, and alert.

CORANDO JOHN is a tiny man, under five feet and 110 pounds, but he has big, powerful hands, toughened by years of hard use. We chatted a bit, then Mr. John invited me into his house. "You must take your shoes off," he said.

Startled, I almost did. Then I saw the gay twinkle in his merry eyes and realized he was joking. Age certainly hasn't curdled his good humor.

CORANDO JOHN'S is a humble dwelling — no water, no electricity, no modern conveniences. It's a single room, well-filled with clothes and clutter and dominated by two stoves — one for heating, the other for cooking.

John lives alone and supplies all his own needs. His eating habits may seem strange to us. He never buys bread.

"I grind my own wheat or soybeans," he said. "I mix the meat with water and fry it. That's my bread. There are 60 pounds in a \$2 bushel of wheat. A pound of bread costs 25 cents. Figure it out."

I DID — 815 FOR BREAD to \$2 for the same weight of wheat.

Once a week Corando treats himself to a good meat meal. He eats when he's hungry, not by the clock. He sleeps when weary, rises when refreshed — usually from sundown to sunrise.

His movements are firm, his talk clear, coherent, and articulate. Despite his great age, Corando works whenever he can — mowing lawns, tending gardens, even digging an occasional ditch.

He does all the spading, planting, weeding, and cultivating in his own garden which bolsters his sparse larder with beans, onions, beets, cabbages, potatoes, and carrots.

CORANDO'S LIFE is serene and simple. When not working or sleeping, he usually reads his beloved Bible. His faith is rock-solid.

"God will provide for me if I help myself," he said. "I ask nothing of anyone. All my life I have tried to help others."

Mr. John has never been rich. Born in Germany in 1863, he came to America as a young man of 20 and worked many years as a farm hand, general handy man, and la-

## Loyal Former Residents

MR. AND MRS. F. W. BATES

Pictured here are Mr. and Mrs. Franklin W. Bates of 250 S.W. 19th Road, Miami, Fla., former residents of Culver.

Mr. Bates was an instructor in the History Department of Culver Military Academy from 1920 until his retirement in 1948, and during 1940 and 1941 was chairman of the department.

After his retirement Mr. and Mrs. Bates moved to Florida where their daughter, Ellen, is a dentist. They also have a son, Franklin.

Mr. and Mrs. Bates look forward to the receipt of The Culver Citizen every week, because of their many fine memories of this community, and recently renewed their subscription for another two-year period.

## Reorganization Of County's Schools Studied

### No Consolidations Yet Recommended

The important school district reorganization committee of Marshall County approved a proposed budget, announced local advisory committees, and completed final plans for a county-wide family census at a meeting in the county superintendent's office last Wednesday, Jan. 27.

The advisory group consists of Plymouth school superintendent, John Young; County Superintendent Frank McLane; Bremen superintendent Edward Secor; and Deane E. Walker, former State Superintendent of Public Instruction.

Local advisory groups were announced, with each of the nine school corporations in Marshall County naming a committee consisting of six persons.

Six From Union Township Serving on the Union Township advisory group are: Mrs. Peter DeTroy, PTA president; Eugene G. Benedict, trustee; R. J. Ives, principal; and Wayne Kline, Mrs. Glenn Overmyer, and Harry Edgington.

A family census, one of the key steps in the reorganization program and the initial step in obtaining the basic data, will be conducted throughout the county starting Feb. 18. All census information must be in the county superintendent's office by March 1.

A joint meeting of the county committee and the local advisory groups will be held in the Marshall Circuit Court Thursday, Feb. 11, at 8 p.m., at which time the local committees will be instructed on census procedure. The local groups, in turn, will then procure census-taker volunteers and instruct them preparatory to the census.

No Mergers Underway It was also emphasized by the committee that the reorganization program in Marshall County is still in the fact-gathering stage and no consideration has been given to any proposed school mergers or consolidations as yet.

Any talk concerning the county committee's proposals or ideas for new school districts and consolidations is purely speculative and completely void of fact, the committee stated.

## Rev. H. W. Hohman Assumes Pastorate Of Grace Church

Rev. Harold W. Hohman, of Bensenville, Ill., arrived in Culver Monday to take over his duties as pastor of the Grace United Church of Christ, an appointment which he accepted in November.

Rev. Hohman has served Peace Church, Evangelical and Reformed, at Bensenville for the past nine years and succeeds Dr. Meredith J. Sprunger, who resigned as pastor of the local church last June to accept an appointment as a member of the staff of the Indiana Technical College at Fort Wayne.

A native of Nashville, Ill., Rev. Hohman graduated from Elmhurst College and received his divinity degree at the Eden Theological Seminary at St. Louis. Before going to Bensenville he served churches in Garber, Iowa; Dupo, Ill.; and Niles, Mich. He becomes the 14th pastor to serve Grace Church since its founding nearly 75 years ago.

The family will move their household goods to Culver next Tuesday. Rev. and Mrs. Hohman are the parents of three children, Wayne, a sophomore at Knox College, Galesburg, Ill.; Fred, a freshman at Northern Illinois University at DeKalb; and a daughter, Sheryl, who accompanied her father to Culver on Monday and has enrolled as a freshman in Culver High School.

## BASKETBALL TICKETS FOR CULVER-NAPPANEE GAME MUST BE RESERVED

All seats, including adults and students, for the Culver-Nappanee basketball game at Nappanee Friday evening, Feb. 5, will be reserved.

Reserved seats may be obtained at the local high school office beginning at 8 a.m. Thursday, Feb. 4. Adult tickets are 75 cents each, students, 40 cents.

Game time for this away basketball contest is scheduled for 6:15 Culver time.

## Bert R. Ivey Is Hospitalized In Florida

BERT R. IVEY

Breaks Hip In Accident

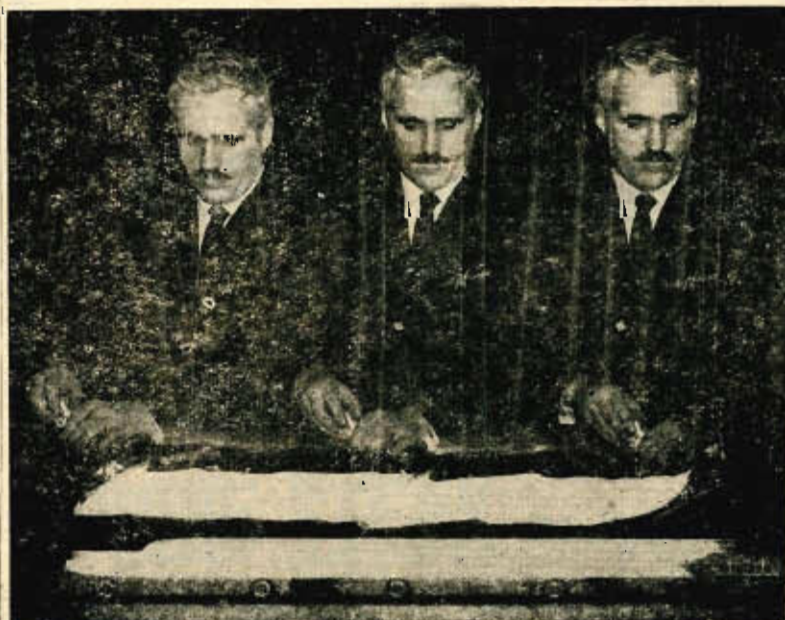

Word was received here yesterday that Bert R. Ivey, well known retired East Shore Drive businessman, was in the Largo, Fla., hospital as the result of a fractured left hip suffered at a friend's home in that Southern city last Thursday.

Mrs. Lona Louden, Mr. Ivey's housekeeper, wrote W. O. Osborn, president of The State Exchange Bank, that en route to Mr. Ivey's winter home they had stopped Monday morning, Jan. 25, for a short visit at Largo with Mr. and Mrs. Raymond E. Noll.

While looking over the Noll property Mr. Ivey slipped on a short step, lost his balance, and fell to the ground. He was rushed to the hospital where a pin was placed in his left leg. Bert is coming along fine but must remain in the hospital for some time, after which he will have to use a wheel chair temporarily. He is suffering no pain.

Get-well cards may be sent him in care of Raymond E. Noll, 200 Oakwood Drive, Harbor Bluffs, Largo, Fla.

## Preview Of New General Motors' Traveling Science Show Set For Lions Club Wednesday, Feb. 10

Although the 1960 season schedule for General Motors Corporation's sensational traveling science show does not get underway until March 1, Chester W. Cleveland, as publisher of Indiana Business and Industry magazine, has arranged a special preview of it for the Ladies' Night program of the Culver Lions Club next Wednesday evening at 6:30. Don't miss it!

Pictured above (yes, you are seeing triple!) is FRED M. MULLEN, of the Delco-Remy Division of GM, ace public relations man from Anderson, Indiana, who will present "Engineering — The Key To Progress."

The 40-minute demonstration, featuring some of the latest discoveries in the fields of science, research, and engineering, has been seen by more than 200,000 Hoosier school children and adults since the program's first performance early in 1953. The traveling science show never before has been presented in Northern Indiana.

Again, Lions and your ladies and guests, don't miss this terrific attraction.

## Cleveland Lake Home A Shambles After Big Fire

### Mother, 3 Children Have Close Call

The Lake Maxinkuckee residential area was struck with its most disastrous fire in four years late Monday afternoon when the Chester W. Cleveland home near Maxinkuckee Landing on State Road 117, just south of County Road 18B across from the golf course, was enveloped in flames.

Stark tragedy was averted when their daughter-in-law, Mrs. John A. Cleveland, wife of The Citizen's business manager, was able to escape the burning and smoke-filled structure with her three small scantily clothed children in the nick of time and take refuge in the nearby Roscoe Stevens apartment. The youngsters were shoeless and Mrs. Cleveland had time only to pick up two pieces of clothing during their hurried exit.

Not since the home of Mrs. Mabel G. Tyson, also on the East Side, burned to the ground in a \$50,000 fire four years ago has the Lake area witnessed such a conflagration. In 1955 Mrs. Virginia Glackman's residence at 772 West Shore Drive suffered a \$30,000 fire loss.

Since the Cleveland family are the publishers of The Culver Citizen it is felt that more objective reporting of the fire will be obtained from the following story in The South Bend Tribune.

### THE SOUTH BEND TRIBUNE'S ACCOUNT OF BAD FIRE

CULVER — A young mother and her three children fled a burning Lake Maxinkuckee home Monday afternoon after the mother was awakened from a nap by smoke.

Mrs. John A. Cleveland, 29, and her three young children ran outdoors after the mother called the volunteer fire department.

Flames destroyed three rooms and valuable art objects and furnishings in the home owned by Mr. and Mrs. Chester W. Cleveland, 1394 East Shore Drive. Among the items ruined or destroyed were costly oil portraits and paintings, rare first editions of books, a valuable collection of silver and china obtained mostly during European travels, and antiques and family bedrooms dating back to 1800.

Fire Chief David Burns said today the damage runs "into the thousands of dollars."

The fire, which started in a utility room, from an unknown cause, burned out the kitchen, dining room, and living room of the house. Firemen fought the blaze for three hours in a dense smoke, the worst they had ever encountered.

### Starved In Utility Room

Mrs. John Cleveland said she and her children were asleep when the fire broke out about 4:20 p.m. The youngsters are Peter, 4, Leslie Ann, 2½, and Suzanne, six weeks.

Mrs. Cleveland said she tried to put out the fire with a hand extinguisher, then called the volunteer department. She then herded her children outdoors, she said.

Mr. and Mrs. Chester Cleveland were away from their home when the fire occurred. Their son and daughter-in-law and the children were staying in the house while their new home was under construction nearby on East Shore Drive.

Chester W. Cleveland is the publisher of The Culver Citizen and Indiana Business and Industry magazine.

### CHAMBER OF COMMERCE WILL HEAR COUNTY SUPERINTENDENT MONDAY

Frank McLane of Culver, Marshall County superintendent of schools, will discuss the highly important Indiana school reorganization plan at the Chamber of Commerce's Monday noon meeting at The Culver Inn.

## P.T.A. Meeting Postponed Until February 17

The midwinter Parent Teacher Association meeting, originally announced for Feb. 9, has been postponed until Wednesday, Feb. 17.

This important meeting, which will emphasize the theme of dental health, has been arranged for that date in order that the four main participants in the program, all Culver dentists, will be able to be present.

Dr. Foster Sheller, Dr. John Oldham, Dr. Daniel Bieker, and Dr. Troy Babcock will make up the panel of dental experts, who will discuss the major problems of dental education and health in school children of today.

Mrs. Peter DeTroy, president, of the local P.T.A., urges every parent to remember the change in dates for this February meeting, and to make every effort to be present at what promises to be an informative and interesting program.

Following the meeting there will be a social hour. Mrs. John Mars will head the group of hostesses for the evening, and her assistants will be Mrs. Glen Snyder, Mrs. Melvyn Estey, and Mrs. Earl Dean Overmyer.

## Academy Students Win "Superior" Ratings In Music

Three Culver Military Academy soloists and a singing ensemble were judged "superior" in the first part of the district music competition Saturday at Fort Wayne Central High School.

The soloists are baritone Bob Glaze, a local Culver boy, and pianists Steve Fry and Dave Yntema. Glaze sang Saint-Saens' "Clair de Lune." Fry played Chopin's "Polonaise in A, Op. 40, No. 1." Yntema played another Chopin selection, "Fantasie-Impromptu, Op. 66 (Posthumous)."

The vocal group, the Blue Notes, won a superior rating for their performance of Grieg's "Brothers, Sing On." Members of the Blue Notes include Glaze, Dave Gillaspie, Bob Hirsch, Walter Kime, Don Nixon, Larry Seruggs, Paul Merry, Finley Stewart, Dave Robinson, Bob Altman, Dick Foster, and Chuck Mervine.

The "superior" ratings qualify the Blue Notes, Glaze, Fry, and Yntema for the state music contest in Indianapolis Feb. 20.

The other two Culver entrants in the competition, pianists William Lee and Earl Breech, were judged "excellent." Lee played Kuhlau's "Sonatine, Op. 55, No. 1 (Vivace)," and Breech played Mozart's "Sonata, K. 545 (I. Allegro, 2. Andante)."

One other Academy music student, Jules Heritier, will play a trumpet selection, Guy-Ropartz' "Andante et Allegro," at the second part of district competition Saturday at Warsaw High School.

## Plymouth Long Distance Calls Are Simplified

### Dial 112 and WEBster Number

A new easier way for Culver telephone users to place calls to Plymouth will be introduced this Thursday, Feb. 4.

Beginning tomorrow Indiana Bell manager J. E. Ellis, said, customers may dial calls to Plymouth directly through DDD equipment. To do so, they will merely dial 112, then the WEBster telephone number of two letters and five figures.

Person to person calls will be placed through the long distance operator.

Heretofore Culver telephone users have dialed "29" to reach a Plymouth operator, then placed the call with her.

"You no longer will need to dial '29'" Ellis said. "You will find it faster and more convenient to dial calls to the county seat directly."

## Organize Plans For Heart Fund Drive, Feb. 28

Mrs. Wilber Taylor, Marshall County Heart chairman; Miss Ardith Stevens, Union Township chairman; and Miss Ann Behmer, junior member of the Heart Association; attended an organization meeting at Schori's in Plymouth Monday evening with 14 representatives present.

George Schrieker gave a most interesting talk and Earl Beagle, area representative, showed a heart film.

Materials were distributed and plans were made for the Heart Fund drive and the door-to-door canvass in the County on Sunday, Feb. 28.

Miss Stevens will head the canvass in Culver in cooperation with the Maxinkuckee Junior Woman's Club, Culver City Club and other interested volunteers.

**COOKSEY THE CLOWN PROVES TO BE A GREAT ENTERTAINER**

Kiddies Night at the Lions Club on Jan. 27 was one of the best yet — thanks to Robert Osborn, program chairman. Art Cooksey, noted clown and magician, formerly of Ringling Brothers circus, scored a tremendous hit with the youngsters and adults alike. He is now a LaPorte newspaperman.

The transient display advertising rate of The Citizen is only 70 cents per column inch.

## Leiters Ford Founder's Kin Dies At 82

Services for Levi Leiter, 82 years old, Route 5, Rochester, for whose family Leiters Ford was named, were held Jan. 26 in the Leiters Ford Methodist Church, with burial in the I.O.O.F. Cemetery.

Mr. Leiter, a lifelong resident of Fulton County, died Jan. 24 in Woodlawn Hospital at Rochester after a long illness. He was a retired farmer.

A life member of the Methodist Church, he taught Sunday School at the Leiters Ford church for 50 years. He was a member of the Mount Horeb Encampment at Rochester.

Survivors include a daughter, Mrs. Stewart Kispangh, and a son, Robert E. Leiter, both of Battle Creek, Mich.; a sister, Miss Mollie Leiter of Rochester; a brother, Edward Leiter of Bethlehem, Pa.; seven grandchildren, and 11 great-grandchildren.

## Culver Music Students Participate In Solo and Ensemble Contest

Pictured here are a group of Culver students taking part in the contest. With Lana Berger at the piano, they are left to right: Jean Warner, Linda Kose, Judy Lowry, Sandra Fisher, Larry Norman, Barbara Hatten, Betty Zechiel, Nancy Ervin, Nick Knoerzer, Stanley Curtis, and Betty Kose.

Culver was represented by a large number of music students at the district solo and ensemble contest at Goshen, Saturday, Jan. 30. Piano and vocal students of Mrs. Robert Olt and Mrs. Harold Robinson, and vocal students of Mrs. Jack Spencer participated in this competitive music event. Quite a few members of the Culver High School Choir also participated in the contest.

On Saturday, Feb. 6, the instrumental students of Culver Music Department will enter the district solo and ensemble contest for instruments and strings at Penn Township High School, Mishawaka. These students are under the guidance of Robert Boyd, director of music at Culver High School.

Students who participated in piano solos or duets are Diane Davis, Dick Mackey, Patty Lutz, Debbie Henderson, Carol Overmyer, Sharon Norris, Martha McAllister, Paul White, Jeanne Adams, Jane Ives, Janet Branaman, Eva Norris, Mary Norris, Carol Heiser, Andrea Siple, Margo Overmyer, Jean Warner, Shari Yocom, Judy Thews Sandra Boetsma, Janet Logan, and Lana Berger.

Those performing vocal solos were Suzanne Spencer, Carol Overmyer, Anne Behmer, Betty Kose, Carol Heiser, Rochelle Good, and Jean Warner. Linda and Anne Behmer entered a vocal duet; as did Lucy Osborn and Martha McAllister. Three girls trios also performed this Saturday, including those composed by Betty Kose, Lana Berger, and Sandra Fisher; Jean Warner, Betty Zechiel, and Nancy Ervin; and Diana Boots, Susie Gardner, and Linda Shock.

The instrumental contest, too, will find a fair share of Culver students present with Dick Knoerzer, Sharon Norris, Dick Mackey, Bob Neidlinger, Brian Piersol, Larry Linhart, Tom Grothaus, Jim Boswell, Mike Overmyer, Nancy Prosser, Mary Norris, Janice Neidlinger, Charlene Lucas, Nick Knoerzer, Diane Davis, Charles Beener, Christine Hand, and Lucy Osborn entering solos.

In addition to these many solos, there are three clarinet quartets, a clarinet duet, two flute quartets, a trumpet trio, and a cornet quartet are practicing daily for participation in the Feb. 6 event.

This brings the total number of 57 young musicians taking part in the contest, which is a good indication of high musical interest for a community the size of Culver.

## "Hoosier At Large"

(Continued from Page 1)

borer until he acquired a small, 17-acre farm of his own. There he settled with his bride, Lizzie, supplementing a meagre farm income with outside work.

Despite his own scant wealth, John once gave one of his 17 acres to a friend with a large family about to be evicted. Then he took the man to a lumber dealer and vouched for his credit so he could buy material for a home.

Since Lizzie's death 23 years ago, Corando has wholly cared for himself. Recently he sold his four lots for \$1,350 — a deal that gives him \$25 a month, plus a life tenancy. He gets no pension, nor asks one.

"Can you live on \$25 a month?" I asked amazed.

**JOHN'S BLUE EYES** twinkled. "I even save a little," he replied.

Corando's good health is obvious, and he says he's never been organically sick in his life. He was hurt once, and tells the hilarious story with a grin and this opener:

"My false teeth bit me!"

The choppers were in his back pocket when he tumbled out of a hay mow and landed squarely on them, driving the false teeth bone-deep into his hip.

Teeth and hip suffered, but durable Corando soon recovered. He's been active since.

A gentle, peace-loving, quietly devout man, Corando John faces the future serenely unafraid. For him death has no terrors. Nor has old age.

"**GOD HAS BEEN** good to me," he says. "I am in His hands. I have no fears."

I left this strange, tiny, very old man deeply moved. For all his worldly poverty, he has greater riches than most men — serenity, faith, honesty, love of his fellowman.

What millionaire can match such wealth?

(Footnote: The above column was re-run partly for its subject, partly because it was dictated, almost as is, during an experimental hypnotic trance. Corando has since left Hebron to spend his dwindling days in an old-folks home elsewhere in Indiana.)

Mr. and Mrs. Robert Riewoldt attended the wedding of Kenneth Kranning II and Miss Mary Jo Litzenberger at Lafayette Saturday afternoon, and spent the weekend with their daughter, Mrs. H. L. Bunch, and Mr. Bunch at New Castle.

K. K. Kraning II Weds Miss  
Litzenberger At Lafayette

MRS. K. K. KRANING II

The Central Presbyterian church in Lafayette was the setting Saturday afternoon of a double-ring wedding uniting Miss Mary Jo Litzenberger and Kenneth Klaire Kraning, II.

Parents of the bridal couple are Mr. and Mrs. Charles Carlyle Litzenberger, 3160 Longlois drive, Lafayette; and Dr. and Mrs. Kenneth Klaire Kraning, 834 West Shore drive, Culver.

Dr. J. Dayton McCormick officiated at the four o'clock candlelight rites before an altar enhanced with seven-branched candelabra. Marital aires were played by organist J. Russell Manor of Lafayette.

Miss Judith Ann Binz, Lafayette, attended the bride as maid of honor. The bridesmaids were Miss Kathleen Kae Kraning, sister of the groom, Culver; Miss Barbara Ann McCullough, cousin of the bride of West Lafayette; and Mrs. Robert Dean Huff, Lafayette.

The attendants were all attired in identically styled gowns of gold damask fashioned with pleated skirts, portrait necklines and elbow length fitted sleeves. They wore headpieces of tailored bows of matching material. Their crescent shaped bouquets were of red sweetheart roses.

Dr. Kenneth Klaire Kraning, Culver, served his son as best man and ushering the guests to their seats were C. Kenn Litzenberger, Lafayette; brother of the bride, Donald Sheller, Culver; William Loewenthal, Highland Park, Ill.; James Pfeifer, Lawrenceburg; and Luis Benedicto, Caracas, Venezuela.

The bride, given in marriage by her father, was lovely in a

gown of candlelight ivory satin fashioned with a molded bodice, sweetheart neckline and long sleeves which extended into bridal points. The bustle back was accented by four satin roses which fell into a Cathedral length train. Her silk illusion veil was held in place with a crown of imported orange blossoms. She carried a crescent bouquet of Calla lilies with gold accent.

The newlyweds greeted guests following the ceremony. A lovely reception was held in the church parlors and hostesses included; Miss Mary Frances Nufer, Bellwood, Ill.; Miss Mary Kathryn Falvey, Winamac; Miss Suzanne Halvey, Chicago; Mrs. Wilbur H. Siefers, Lafayette, and Mrs. Charles E. Davis, Skokie, Ill.; aunts of the bride.

The new Mrs. Kraning II, graduated from Jefferson High School, Lafayette; and St. Elizabeth School of Nursing. Mr. Kraning is a graduate of Culver Military academy, and Purdue University, Lafayette. He plans to enter medical school in the fall.

After a short wedding trip the couple will reside at Lafayette until fall.

A rehearsal party was held in their honor at the Lafayette Country club, on Jan. 29, and was given by the groom's parents.

The Methodist W.S.C.S. will meet Thursday, Feb. 11, at 1 p.m. in Fellowship Hall.

Chairman of the program committee is Mrs. M. R. Robinson. The program, "History Of Religions," will be presented by senior students who have prepared 3,000 word themes on this subject for their term papers. Also, there will be several musical numbers by high school students.

Mrs. R. J. Ives will give devotions.

Mrs. Foster Sheller will serve as chairman of the refreshment committee, assisted by Mrs. Frank Henderson, Mrs. Ives, Mrs. Alex Kennedy, Mrs. Chauncey Lennen, Mrs. Clarence Behmer, Mrs. J. Dick Newman, Mrs. Tot Strang, Mrs. Ivan Walker, Mrs. Tom Walker, Mrs. Clark Ferrier, and Mrs. Charles Faulkner.

## SEVEN-COUNTY 4-H INSTITUTE AT GOSHEN NEXT MONDAY, FEB. 8

An institute for leaders of crafts in this locality will be held at the Goshen Farm Bureau Hall, two blocks west of the courthouse, Monday, Feb. 8.

The program will start at 9 a.m. and close at 5 p.m. each day. Delegates from seven counties will attend.

The institute is a phase of the national 4-H recreation and rural arts program sponsored by the county extension agents of Indiana, the 4-H Club Division of Purdue University, and other organizations.

Delegates will include persons interested in the development of craft programs that will benefit junior 4-H leaders, adult 4-H leaders, Rural Youth, homemakers, and other organizations. However, primarily this program is aimed to those folks who will work on a program to develop the talents of others.

Many Subjects Offered  
Subjects offered will include: general crafts — wood, cork,

braiding and weaving; aluminum etching; hammering and tooling; glass etching; fine arts needlework; leather tooling and carving; metal enameling; and candlemaking.

Instructors will include Cle Grenzow, Handcrafts, Waupun, Wis.; Gordon F. Jones, 4-H Crafts, Purdue; Troy Dobbs, Tandy Leather Co., Indianapolis; Edith Barker, Edith Barker's Studios, Louisville, Ky.; Milo Mannino, American Handcrafters, Chicago; Mildred Whalen, Decraft Sales, Indianapolis; Paul Johnston, Etchall, Inc., Columbia, Mo.; Lavone Smith, Hour of Charm, South Bend; Euna Douglass, Douglass Wood Fiber Flowers, Indianapolis; and Doris Johnson, Coats & Clark, New York City.

## Fulton County Blood Bank Day Set For Feb. 9

James W. Zimmerman, chairman of the Fulton County Chapter of the American Red Cross, has announced that Blood Bank Day for Fulton County will be Tuesday, Feb. 9.

Representatives of the Regional Blood Center will be at the American Legion at Rochester from 9 a.m. to 8 p.m. and the great need to meet the quotas is strongly stressed.

Mrs. Warren Conover is chairman for Aubbeenaubee Township and the quota is eight pints; Miss Gladys Wharton is Union Township chairman with a quota of 12 pints; while eight pints is also the quota for Richland Township and Mrs. Charles Talbot is chairman.

Chairman for Fulton County and president of the Woodlawn Hospital Auxiliary is Mrs. Clyde Beehler of Richland Township.

**NEW SUBSCRIBER**  
The Citizen welcomes to its growing list of new subscribers Mr. and Mrs. Michael J. Bauman Jr. of 576 South Shore Drive.

## Famed Piano Team Coming To The Eppley Feb. 12

The internationally-famed duo piano team of Pierre Luboshutz and Genia Nemenoff will present a concert Friday, Feb. 12, at 8:15 p.m. in the Eugene C. Eppley Auditorium of Culver Military Academy.

The husband and wife team is on a nation-wide tour under the auspices of Sol Hurok before making a spring series of some 20 concerts in Europe and Africa.

**Gave Command Performance**  
During their last tour, of Israel, Greece, and England, the duo played a command performance before Queen Fredrica and King Paul of Greece. Another of their performances was attended by Queen Elizabeth of Belgium.

Tickets for their Culver performance go on sale today. Seats are available at \$2 or \$1.50 in either the orchestra or balcony. Mail or telephone orders may be placed with William J. Martin, Director of Theater, Culver Military Academy. (Telephone Viking 2-3311, ext. 303).

Requests received through Tuesday, Feb. 9, will be filled by mail. Those received after that date will be held at the reservation desk in the lobby of the Eppley Auditorium the night of the performance.

**Best In Their Field**  
Russian-born Luboshutz met his Parisian wife when she was a pupil in his music class. For the last 20 years they have been widely recognized as the best in their field. They are the only piano duo team ever invited to play with Arturo Toscanini.

The couple has received the highest critical acclaim. "As perfect as one could imagine," said The New York Times. The Philadelphia Inquirer's Marion Kelley wrote, "If there are greater artists in their field, this reviewer has not heard them." And, The Christian Science Monitor has called them "The leading exponents of the two-piano medium on today's concert platform."

## RECENT BIRTHDAY AND WEDDING ANNIVERSARY

Belated congratulations to Mr. and Mrs. Herschel Strang on their 41st wedding anniversary on Jan. 25. That date was also the 62nd birthday of Mr. Strang, genial owner of Strang's barber shop.

"Some of today's movies should be pitied rather than censored."  
— Anna Herbert.

## RELIGIOUS AFFILIATIONS OF PRESIDENTIAL ASPIRANTS ARE GIVEN

A Citizen reader asks us the religious preferences of the men whose names appear most often in the Presidential polls. Here they are:

**Republicans** — Vice-President Richard M. Nixon is a Quaker, which is not surprising since his Hoosier mother was born in Richmond, which with its Earlham College is a Quaker stronghold. Governor Nelson A. Rockefeller is a Baptist.

**Democrats** — Senator John F. Kennedy, seemingly the leading Democratic candidate at this moment, is a Roman Catholic. The others: Sen. Hubert Humphrey a Congregationalist, Adlai Stevenson a Unitarian, Gov. Edmund (Pat) Brown a Catholic, Sen. Lyndon Johnson belongs to the Christian Church, Sen. Stuart Symington and Gov. Mennen Williams are Episcopallians, Gov. Robert Meyner lists himself as "un-affiliated."

## ELI BROCK RECEIVES SUSPENDED SENTENCE

A suspended six-month State Farm Sentence and a fine of \$500 was handed down Friday, Jan. 29, in Marshall Circuit Court to Eli Brock, 25, Culver, on two charges, failure to provide for wife and failure to provide for children. Brock changed an earlier plea of innocent to a plea of guilty.

Judge Roy Sheneman suspended the sentence and fine and placed Brock on probation for two years with the provision that he provide for his wife and two children. The defendant was taken into custody by the sheriff's department Thursday.

**Farm Bureau  
Group To Study  
Tax Structure**

INDIANAPOLIS, Ind., Feb. — President George Doup, of Indiana Farm Bureau, today announced the appointment of a state Farm Bureau Tax Study and Fiscal Policy Commission. Purpose of the 11-man tax study group is "to study the complete tax structure of local and state government, and to help find the best and most suitable sources of revenue that are available to supplement, replace or ease the burden on property taxes."

Farmers who will serve on the Commission named by Doup today are: Harmon Rogers, R.R. 1, New Ress and Edward Kuhn, Bicknell, both members of Indiana Farm Bureau's Board of Directors; Ralph R. Heine, R.R. 2, Columbia City; Earl Blank, R.R. 1, Corydon; O. B. Riggs, Sullivan; Joseph S. Gowland, R.R. 3, Valparaiso; Virgil Cline, Selma McKinnis, R.R. 2, Otterbein; William Carr Lentz, R.R. 1 Columbus; Ross N. Atkinson, R.R. 3, Paoli; and Anson S. Thomas, Indianapolis, Farm Bureau tax and legislative consultant.

Delegates to the 1959 state Farm Bureau Convention provided for appointment of the Commission when they recognized the need for more study of this pressing question. Findings of the Commission will be made available to township and county Farm Bureaus for discussion and to the Delegate Body of the 1960 Convention in November.

In announcing the Commission appointments, Doup said: "Local and county government costs are largely financed by money raised from property taxes. This places an excessive burden on farmers and other property taxpayers. Farm Bureau has for many years been represented on state committees and commissions studying taxes. In order that Farm Bureau will be in the soundest position possible in presenting

our tax policies to the 1961 session of the General Assembly, we place priority on this thorough-going study of state and local taxes."

**LUBOSHUTZ AND NEMENOFF COMING TO CULVER!**

Pierre Luboshutz and Gina Nemenoff are familiar guest artists with every leading American orchestra, and they have made repeated appearances with the Philadelphia and Boston Symphony Orchestras.

They are the only duo pianists ever to appear as guest artists with the great Arturo Toscanini.

Two pianos playing as one, the music that rises is between that of a soloist and an orchestra. Luboshutz and Nemenoff's favorites include music from Rachmaninoff, Mozart, and Strauss, but they also play many pieces written especially for them.

Following a recent performance, Cyrus Durgin wrote in *The Boston Globe*, "Every time you hear them, the music-making is fresh as an Autumn morning and quite as full of vigor. It sings and sings, and sometimes you have the feeling of hearing a familiar work for the very first time."

## Parcel Post Rate Hike Became Effective Monday

Parcel post increases boosting post office revenue by \$88,000,000 a year went into effect on Monday.

The hikes average 17.2 per cent on fourth class mail, including parcels and catalogues. The higher rates were authorized by the Interstate Commerce Commission last Nov. 20 on the request of Postmaster General Arthur E. Summerfield. Summerfield said the increases were needed to offset higher costs for this service.

THE ICC regulates fourth class mail rates. All other mail rates are legislated by Congress.

In addition to the increases, Summerfield said there will be some reductions, starting Feb. 1, on larger weights going longer distances.

Parcel post users had sought to block the increases with a preliminary injunction. However, United States District Judge Joseph C. McGarraghy refused to issue an injunction and permitted the increases to take effect Feb. 1.

McGarraghy at the same time, however, permitted the case to remain on the docket and will hold a trial on the merits of the parcel post users' protest.

Under the rate changes, a five-pound parcel post package from Washington, D.C. to New York City will cost 53 cents postage. The rate for this distance was 44 cents.

A THREE-POUND parcel going from Chicago to New York will take 55 cents in postage rather than the previous rate of 45 cents.

A six-pound parcel going from Boston to San Diego will cost \$1.40 instead of \$1.23 and the same \$1.40 postage also will be levied for the same weight parcel going from Miami to Alaska; Pittsburgh to Seattle or Winston-Salem, N.C. to Honolulu.

THE INDUSTRIAL corporation, as we know it today, is a creature of technology just as certainly as the flying machine or the cotton gin, and it has proved the most effective device for extending technology which man has ever known. . . . Indeed, the corporation may well prove to be the greatest invention of them all. — Henry B. du Pont

## Cub Scouts Hail 50th Anniversary Of Scouting

More than 150 Cub Scouts of Culver Pack 290, their parents, and brothers and sisters attended the annual Blue and Gold supper at the Methodist Church last night.

The potluck supper was in celebration of the golden anniversary of Scouting in America.

The main speaker was Scout executive Paul Young, who said, "Many lasting friendships are made through Cubbing — by both boys and their parents."

Other speakers were Menominee District executive Gordon Wickstrom and Art Clawson, volunteer leader from Plymouth.

Miracle Accepts Trophy

Wickstrom presented to James V. Miracle, Pack committee chairman, a trophy for the Pack's having the greatest number of new boys in the district in enrollment last fall.

Ceremonies and skits were presented by several dens. Den 3 conducted opening and closing ceremonies. Den 8 put on a "happy birthday to scouting" skit and Dens 1 and 4 presented a skit giving the history of the United States flag. Den 5 concluded the entertainment by depicting the founding of the Boy Scouts.

Chairman Miracle announced the formation of a Webelo den for Cubs 10½. It will be under the direction of Norman Baker, assistant Cubmaster, and Stanley Allen. The organizational meeting for the Webelos will be held next Monday at 6:30 p.m. at the Methodist Church.

Postmaster Presents Awards

Cubmaster Wayne E. Mattox presented awards to several Cubs. Tommy Osborn and David White received pins for achieving the Bobcat rank.

Carl Strang, Tom Houghton, Marc Matson, Perry Smith, Steve Kelly, and Steve Ringer received Wolf pins. Corky Overmyer, Phil-

ip Edgington, and Ralph Houghton were awarded Silver Arrows. Dife Pennington won his third Silver Arrow, and Ken Taseh and Marshall Brown received second Silver Arrows. Ken Taseh, Marshall Brown, and John Milner also were awarded Gold Arrows. Those receiving one-year pins were Mike Kreig, Corky Overmyer, John Milner, Ken Taseh, and Philip Edgington. Marshall Brown was awarded a two-year pin.

At the close of the program the nearly 50 Cubs present gave rousing cheers for those who had made the program possible — their Den mothers and their parents.

## E. Morton Downs Family Moves To South Bend

The E. Morton Downs family, well known residents of 309 Lake Shore Drive, Culver, for the past nine years, are in the process of moving to South Bend.

They will be greatly missed in this community because all five members of the family have been prominent in various school, church, and civic affairs.

Mr. Downs, who has not been in the best of health, has been with Bendix Corporation in South Bend for the past 15 years. He has commuted nearly 90 miles daily year after year.

Along with her husband, Helen Downs has engaged in the real estate business here since 1954 and as this year's vice-president was in line for the 1961 presidency of the Marshall County Realtors Association. She has been especially active in bowling circles.

Three Fine Children

Their son, Jim, 19, is a sophomore in the Indiana University School of Business after having graduated from Culver High School where he excelled in athletics.

Penny and Steve, 14-year-old

twins, made many friends here. Penny has enrolled at John Adams High School in South Bend and Steve attends Jefferson High School.

Morton Downs' great uncle, Oliver P. Morton, was Indiana's Civil War Governor, and Mrs. Downs' father was prominent in the Methodist Church, being a

district superintendent at the time of his death.

At South Bend Mrs. Downs has become associated with Town and Country Realty at 722 East Jefferson Street — a well known real estate firm.

The family that prays together stays together.

# STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

**Supple Full Coil suspension**—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

**Butyl rubber body mounts**—Thicker, newly designed body mounts

further insulate you from the road.

**Body by Fisher**—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

**Foam cushioned seats**—Chevy offers foam cushioned seats in both front and rear in all series but one.

**Safety-Girder frame**—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

**Hydraulic valve lifters**—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

**Cushioned steering shaft**—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

**Precision balanced wheels and tires**—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

**Easy steering ratio**—Chevy's high ratio Ball Race steering takes the work out of steering for you.

**Superior weight distribution**—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

**Wide choice of power teams**—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

## Seniors Plan For Graduation

BY KAREN KEMPLE

Seventh Grade: It is reported that the members of the seventh grade have decided to have a better second semester. They are working on being better citizens of the school and studying with better habits. They are looking forward to becoming good members of the high school. (We wish them good luck, I'm sure.)

Eighth Grade: We have welcomed a new student to 8-A. She is Deanna Rayner, from Abilene, Kansas. Steve Downs recently moved to South Bend. We have completed our maps of the Old Northwest for Indiana history class.

Ninth Grade: The Freshmen have been having fudge sales every two weeks. There will be a sale this Friday, Feb. 5th. Be sure to buy some delicious Freshman fudge.

Eleventh Grade: The Junior Ham Supper date has been set for Saturday, March 26. The last Junior dance of the season will be held Feb. 12 in the Lion's Den after the ball game. The committee chairman is Robert Kerrigan and includes Corky Walter, Christine Gray, Phil Greiter, Linda Gibbons, Lance Overmyer, and Anne Behmer. We hope to see you all there.

Twelfth Grade: The Seniors were measured for their caps and gowns. A meeting was to be held Friday, Jan. 29 to choose their class colors, motto, and flower.

## Origin Of Valentine's Day

BY JEAN WARNER  
AND MELISSA FISHER

Do you know how Valentine's Day started? There are several explanations for the customs of sending cards of greeting and love tokens on Saint Valentine's Day. We aren't sure of any of them, but the most plausible is that Saint Valentine's Day is a survival of a February 14th Roman festival.

It was one custom to draw lots to decide which young men and women should be each other's "Valentine" for the coming year. The couples would then exchange gifts, and sometimes they even became engaged.

In America we still enjoy celebrating Valentine's Day by exchanging cards and gifts. This day is extra special for grade children that have parties in their rooms and exchange Valentines, for teen-age sweethearts, and for anyone young at heart.

Will you be my Valentine?

## New Books Added To School Library

BY LARRY NORMAN

Recently, the library has received a number of new books which should be of interest to the high school students. Here is a list of them:

Candle in the Night by Elizabeth Howard.

Jonica's Island by Gladys Malvern.

Devil Diver by Frank Crisp.

Haunted Reef by Frank Crisp.

The Fork in the Trail by Val Gendron.

Guides to Straight Thinking by Stuart Chase.

How to be a Successful Teenager by Dr. Wm. C. Menninger.

On Being a Real Person by Harry Emerson Fosdick.

The Bridge of Toko-Ri by Michener.

The Wisdom of the Living Religions by Joseph Gaer.

## Tomahawk Staff Working Second Section Of Book

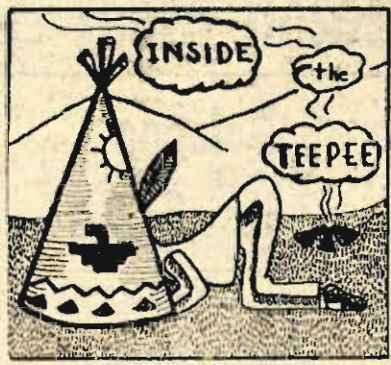

At the meeting of Sunshine officers, plans were started for the annual Father and Daughter supper in February. This is when each girl treats her father to dinner as her guest for the evening.

The Tomahawk staff is working on the second third of the year book section.

"Sunshine" Fan Club: Since "Sunshine" O'Kelley is fading from our school, his fan club held its first and last meeting. We would all like to express our sorrow of Mr. O'Kelley leaving us and we would like to wish him the best of luck.

## HONOR ROLL CORRECTIONS

In reporting the six weeks scholastic honor roll, the following errors were made. 10th grade — John Benedict should have been on the honor roll instead of honorable mention. 11th grade — Gary Dillon and Marizetta Robinson should have been on the honor roll instead of honorable mention. Jean Warner should have been on honorable mention. 12th grade — Paul Kline should have been on honorable mention, and Charles Hardin and Bud Watson should have been on honorable mention.

How!

We haven't been doing many rain dances around our reservation, but it seems as though we have due to melting snow — sippy moccasins, drooping scalp-dos.

Finally the sparkling waters of our Maxinkuckee turned to ice enabling many of our young Indian people to practice and show their skating ability. Nancy Ervin had a skating party for Tribe Two (Juniors). Tony Cihak got hit on the head with Sam Medbourn's hockey stick . . . the stick broke, too! The kids practically froze, but were warmed up with hot chocolate at Nancy's.

Puff . . . puff . . . puff . . . smoke signal coming from Purdue U. territory. It's from Norm Thomas to Joan Barshes. Joanne's been floating on "Smoke Signal 9" ever since.

Other maidens have been joyously whooping around the teepees because of the return to the homeland of their college braves. Love those semester breaks!

Purdue University is a very nice school and they have a terrific band as our band members found out. The bus trip to Lafayette was a lot of fun — with the usual amount of singing, telling jokes, laughing, sleeping and the stop to eat; which by the way, was at a small town called Reynolds. Both bus loads of kids poured into this small restaurant, the waitress came over and asked us if the team was there yet. She thought we were a cheering section! The "cheering section" arrived at the band building at 12:30, tired, cold, but having had a wonderful time.

Phil Greiter and Sherrill Edgington have exchanged beads and we would like to congratulate the new couple; congratulations Miss Edgington and Mr. Greiter!

A little reminiscing reminds us that we forgot to congratulate the team for winning new Viking scalp. Also a fact failed to be mentioned was that the day after the journey, Gary Dillon was in his glory. He was carried upstairs by four good-looking gals. It's been rumored that he will be spraining more ankles!

A retraction is due — Jane Ann Thomas and Joe Rosebaum are not going steady, just good friends.

The Juniors have been working diligently on plans for their projects, prom, ham supper, and clever ideas for their after-the-game dances.

Several of our maidens are sprucing up in best buckskins and sparkly beads for dances at the C.M.A. This includes Melissa Fisher, Kathy Cline, Johanna Hughes and Linda Kose.

The Sophomores are learning new verb conjugations in Mr. Graham's English class — rise, rose, rizen (?) "Ain't" that right, John Benedict? You done good? What about that, Peter?

Mr. Hamd, you're just a popular teacher, that's why all the chairs are up in front.

La, la, la, la, la, la — Vocal contest was Saturday and all of our Pat Boones and Dixie Shores worked very hard getting ready for it.

Charles Hardin has a new nickname, "penny-pinching Charlie." You see, Barbara Kanffman is moving to South Bend and Charlie is saving all his money for the trips up there and back.

We would like to close with a final note to Dave Washburn, four wooden legs, Dave!

## OLYMPIC GAMES

The Winter Olympic Games were initiated in 1924, in France. World Book Encyclopedia reports that the Winter Olympics consist of skiing, skating, ice hockey and bobsledding.

## Joan Barshes Is Shadow's Victim

BY ANNE OSBORN

The Shadow arrived at C.H.S. early Wednesday morning and immediately pounced on the trail of an unsuspecting senior girl, Miss Joan Carol Barshes. Our innocent victim's first period class is economics, where she worked all period on a test. What a way to start a day! During the break, she was busy writing receipts for the Tomahawk and then dashed to her next class, bookkeeping. The first thing she did was — you guessed it! — discuss the economics test and then she was engrossed in a book for the remainder of the period.

Her next class is world history. The class was not honored with Mr. Robinson's presence, so Joan yakked all period. (Quite a normal activity for that gal!) During fourth period, she had her picture taken with the Pep Club.

Miss Barshes was really busy during the noon hour, for she went around playing a trick on people — the mouse trick (?) and studied for a literature test.

Mr. Graham's senior English class is next on the agenda of our busy victim. She was a victim in more ways than one, because the class had an opportunity to expand their knowledge — in other words they had a test. When the exam was over, Joan was asked what "dappled and pied" meant. Anybody know what they mean?

After a routine sixth period study hall, Joan relaxed to the music of solos and ensembles played by those going to contest.

Thus ends another day in the life of a C.H.S. student. By the way, if you ever get the feeling that someone is watching, don't bother to turn around — it's only your Shadow!

## Mrs. Allen's Diet Features Desserts

BY CATHY OVERMYER

Our faculty guest this week is Mrs. Mary Allen, art teacher.

Mrs. Allen, better known as "M.A." to most of us is very special. She is always willing to help us with decoration ideas, different themes for dances, and ideas on how to make any kind of decorations. For these reasons, I have chosen her as "Teacher of the Week."

"M.A." was born in Columbus, Ohio and attended a small school near Akron, Ohio. Her favorite subject in school was English. When asked what she remembered most about high school, she replied, "Jumping in my father's Chevrolet coupe with a group of other girls and going to another town. Occasionally we were late for classes, and had to spend

time in the detention room."

After finishing high school, she attended college at the University of Akron. She was studying to be an elementary teacher but two things changed her mind. She loved art and she found herself absolutely helpless in the music class that was required for elementary teachers!

Mrs. Allen's favorite foods are steak and pie (any kind). She enjoys eating her dessert first, even though she may get warning glances! Her favorite sport is football, but she finds basketball quite exciting. (As you will readily agree if you spot her in a crowd of fans at a game!) Her hobby is doing ceramic work.

When asked what she wanted to have most of all, Mrs. Allen replied, "To have my family reach the goals that would give them the most satisfaction."

"M.A.'s" pet peeves are people who try to sneak, and people who try to get by with things, people who chew gum like a cow, and people who talk while she is trying to talk.

Just a reminder to phone in your personal and society items for next week's Citizen. Please call VIKING 2-3377 or deliver them in person.

Kindergarten: Mrs. Melton — Susan Powers treated the morning class to Valentine cookies. Thank you, Susan. Dennis Huff, Kathie Hoessel, Nancy Martin, Linda McKee, Ned Overmyer, Gloria Planto, Olza Ruiz and Metta Zetty were absent from the morning class. David Burns, Timothy Kline, Debra Shidler, Gary Strang, Mark Nebel, have been absent from the afternoon class.

First Grade: Miss Whan — A library book about "Pueblo Indians" created an interest in the children. They brought Indian stories, jewelry, and arrowheads from home. Maury De Marco celebrated his birthday by bringing candy to school. Jane Shock had a party on her seventh birthday. We are busy making an alphabet and sound book, which the children will be ready to take home in about a month. In numbers, the concept of subtraction has been introduced.

Mrs. Keyser — We have been talking about water evaporation, water vapor, and condensation. We conducted several experiments and also found out from where dew, frost, snow and rainbows come. Dennis Mackey had a birthday Jan. 20. He treated the room to Hershey bars and balloons. Jan Shock had a birthday Jan. 28. She served cupcakes and ice cream. We have started our number book.

Second Grade: Miss Page — We have divided our grade into four groups for saying arithmetic combinations. We are doing the easy addition now. When a person says his combinations, he gets a star after his name. We have three people with the same number of stars. Dianne Myers was eight years old Jan. 27.

Mrs. Allen — Billy Heiser has a birthday on Feb. 1. The following people were neither tardy or absent during the first semester: John Bennett, Nancy Knapp, Mary Ann Lewis, Barbara Shidler, Lisa Struggell and Pamela Thompson.

Third Grade: Mrs. Helen Keller — Our supplementary reader is "If I Were Going." It is about a voyage across the Atlantic Ocean. A trip through several countries of Europe. Today, we have reached and find it a very interesting story.

Mrs. Carter — Our room is decorated with snow scenes and snowmen. We are learning two column addition in arithmetic. In history, we are studying about mild, butter and the different kinds of cheese. Three people have a perfect spelling record of the first semester. They are Deborah Triplet, Jeffery Adams and Doug Hartz. In our health book we learned that fish do not have ears, but they hear by means of hearing lines in their bodies.

Fourth Grade: Mrs. Allee Keller — In social studies, we are learning about the Indians of Peru, South America. We have grouped ourselves into four groups and are making a large picture of the country and its people. We saw three films this last week. In English, we are reading stories to the class. The story must be short, interesting and read well. We are learning that much practice and work helps us to do better work.

Fifth Grade: Mrs. Lawson — Tom Babcock had a birthday last week. We are enjoying making maps for social studies. Quite a few people have been absent lately. We'll be glad to have them all back. Here is a story written by Elaine Epley:

The Magic Shoes
Once upon a time there was a boy named Jack who always did things for other people. One day a boy who thought he was a big shot came to their town. He thought he could out run anybody. He raced John, a very skinny boy. Of course, the fat boy won.

Then Jack thought of something. "If I could get John to have confidence in himself he could beat the fat boy." So Jack told John he would get him a pair of magic shoes. But, of course, we all know their aren't such things as magic shoes. Jack just got John a pair of plain ordinary shoes, but he didn't tell John about it. John thought they were really magic shoes.

John asked the fat boy if he would race him again. They started the race and John was ahead. The fat boy was falling behind John. When the race was finished John said, "I didn't know that I could beat that fat boy."

"I didn't think so either," remarked Jack. Of course he knew that if John had confidence in himself, he would win the race.

BY JUDY LOWRY
Bob Mikesell and Chuck Kell joined the art class at semesters bringing the total to 27 in high school art classes.

The high school art class is on all-over patterns and making them into stencils. Each one drew a geometric design in a three-inch block. These were repeated to form an interesting pattern. Then one unit of the design was cut as a stencil and printed with paint on paper. Most of the class will try stencil paint on cloth within the next few days. Most of this six weeks will be spent on design work. This is just one phase of it.

The seventh and eighth grades are using paints, and are learning how to mix certain colors made by combining the primary colors.

The change in the weather, to snow and real winter, has given the lower grades inspiration for many delightful pictures. They especially enjoyed making snowmen on white paper and pasting them on a blue background. Several rooms have these on display now. Those in the cafeteria were done by the sixth grade.

Being A Senior!

BY EMILY ALLEN
Oh, it's great to be a Senior! The best of all ten years. The end is the beginning. Of a life we're all for winning. Cap and gown time will soon be here. To many eyes will come a tear. But when all said and done, We know we've just begun! We'll each go our separate ways. But never forget our Senior days. When lots of fun was a must. Into a bright future we're now thrust. So, underclassmen, never fear. Your Senior year will soon be here. And you will think the same as we. A better class could never be!

Held At Local Rink Sunday

Approximately 100 persons from more than a dozen Indiana and Illinois communities attended the proficiency test and exhibition skating held at the Skate-Way Roller Rink last Sunday.

Several local skaters test skated several dance divisions under the watchful eyes of Mrs. Marlene Jensen and Barry Barker of Chicago. Both Barker and Mrs. Jensen are panel judges for the United States Amateur Roller Skating Association.

All 14 tests of the local skaters ended on a happy note with no failures.

Skating the junior bar dance test were Lisa Sturgell, Dennis Westcott, Richard Calhoun, Tom and Steve Bockock and Paul Thompson of Culver, Paul McGriff and Lois Ruffing of Argos and Peggy Corey of Plymouth.

Four skaters tried out successfully for the second step on the dance proficiency ladder. The much wanted bronze medal. They were Steve Sturgell, Dennis Westcott, and Sandra Wiezycki all of Culver. Barbara Shipley of Tolo, Ill. came over for the weekend attending instruction sessions and also tested with the Skate-Way skaters passing her test, too. Ralph Shafer, who coaches the Skate-Way skaters formerly worked with her home club in Savoy, Ill.

Charles Snyder, son of Mr. and Mrs. Glen Snyder, crowned the testing as he glided smoothly through the coveted silver bar test.

Paul Fowler, vice-president of the Ferraro Skate Club in Indianapolis, presented the National United States Amateur Roller Skating Association's charter to the Skate-Way Club's board of directors as a part of the afternoon ceremonies. Receiving the charter for the club's 30 members were Mrs. Glen Snyder, president; Mrs. Mary Westcott, secretary-treasurer. Mark Corey and Mrs. Grace Brown, members of the board. Mrs. Richard Gunder, vice-president was in Florida.

Mrs. Mabel Olinger of Peru and Miss Peggy Burns of Plymouth skated the tests with the Skate-Way skaters who did not have partners.

Exhibitions were skated by Danny Fowler, an 11-year-old Kokomo youth who is United States champion in speed, freestyle pairs and dance in his division and a four-time Indiana state champion; Miss Peggy Burns of Plymouth, the 1955 Indiana senior dance champion, and Barry Barker and Mrs. Jensen who are Illinois intermediate dance champions and United States intermediate dance finalist for 1958. Miss Burns, Mrs. Jensen and Barker all hold the silver medal in dance proficiency skating.

All Skate-Way skaters will move up into new instruction sessions beginning this Saturday in preparation for their next respective tests to be held May 1 along with the Skate-Way's first invitational competition.

OLYMPIC GAMES  
No nation ever really wins the Olympic Games, reports World Book Encyclopedia. The purpose of the games is to let the great athletes of the world compete in a spirit of peace and friendship. The practice of ranking nation against nation is unofficial.

When city officials turn to me and ask what test I would make for spending public money, I reply: There are several tests, but one of the most important would be whether the expenditure would make the city's young people softer or harder.

This test need not be limited

### "Soft" Americans Get A Spanking

BABSON PARK, MASS. — Recently I visited the home where I was born and spent my boyhood.

Roger W. Babson

I saw the lawn that I cut with a hand sickle every week. Mowing machines were not then known. Now it is cut with a gasoline-powered motor requiring very little effort by the person who runs it. Furthermore, he is not one of the boys of the family, but a full-grown hired man.

The school I attended was a mile from my house. School then had two sessions each day. This meant walking four miles per day. If I attended this school now, I would be taken in a bus. Then, upon arriving at the school, I would exercise in a beautiful gymnasium built by the city and directed by an athletic instructor.

Today's Crazy Program  
The whole program today seems crazy to me.

I believe in progress. My whole life has been given to the study of new products and new processes. These are the basis of "growth investments," which my clients are seeking.

But do we think about what kind of growth? Are the electronics which automatically open the supermarket doors making us stronger or softer?

What is the test which city governments have for spending city money?

This is the question I like to ask city and town managers and councilmen who are responsible for the expenditures and the tax rate.

These men fail to answer me. They really have no test, but operate on the old principle that "the wheel which squeaks the most gets the grease."

Why Taxes Are High  
In fact, these officials try to do what the majority of the people ask them to do. That is why taxes are high.

I believe in the employment of city managers; but they are human and must please the voters to hold their jobs.

Perhaps we should have "city dictators" for specified terms instead of city managers who can be fired at any time.

Where Your Money Goes  
Cities spend most of their tax money on free schools, free roads, free fire and police protection, and free old-age benefits.

These latter are especially popular because they relieve the young people from taking care of their elders.

The free good roads, and police and fire protection are demanded by the big insurance companies; while the free schools provide "parking places" for mothers to leave their children during the day.

The next appeal will be for "free baby sitters." Why not?

I forecast that — barring World War III — free baby sitters will one day be provided by our city fathers.

When city officials turn to me and ask what test I would make for spending public money, I reply: There are several tests, but one of the most important would be whether the expenditure would make the city's young people softer or harder.

This test need not be limited

## TAX FACTS

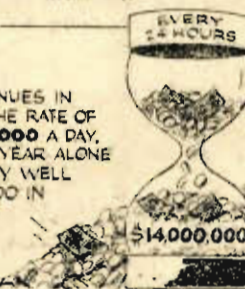

MILLIONS OF MOTORISTS NOW HAVE TO FORK OVER \$1.50 OR MORE FOR A DOLLAR'S WORTH OF GASOLINE. THE LATEST ONE-CENT A GALLON INCREASE IN FEDERAL GASOLINE TAX BALLOONS THE COMBINED STATE-FEDERAL TAX UP BEYOND 50% OF ACTUAL RETAIL GASOLINE PRICE IN 20 STATES

ON A NATION-WIDE AVERAGE GASOLINE TAXES HAVE HIT THE 47% LEVEL (10¢ PER GAL.), MAKING IT ALMOST FIVE TIMES HIGHER THAN THE TAX ON DIAMONDS OR MINK COATS

IN THE DECADE ENDING 1955 THERE WERE 38 SEPARATE GASOLINE TAX INCREASES IN 41 STATES PLUS TWO FEDERAL INCREASES—A 37% JUMP IN TAXES. BY CONTRAST, ALL RETAIL PRICES WERE UP 21%, THE PRICE OF GASOLINE ITSELF UP ONLY 6%

MOTOR FUEL REVENUES IN THE U.S. ROLL IN AT THE RATE OF MORE THAN \$14,000,000 A DAY. IT'S ESTIMATED THAT THIS YEAR ALONE MOTORISTS WILL PAY WELL OVER \$5,400,000,000 IN MOTOR FUEL TAXES

to young people; it could be applied to all voters.

It should be applied to school appropriations especially. Any city appropriation which makes its citizenry softer should be cut out.

The Test Of A Nation  
The test of a nation is the growth of its people — physically, intellectually, and spiritually.

Money and so-called "prosperity" are of very little account. Inflation or war or labor unions could make our dollar of little value. This would result in much higher taxes and cost of living, and finally in resolution.

Babylon, Persia, Greece, Rome, Spain, and France all had their turn in being the richest in the world. Instead of saving them, their so-called prosperity ruined them.

A Sobering Thought  
Our nation is now rated the richest; but it could easily become a second-class nation and head downward.

Money will not save us. Big crops will not save us. Stock exchanges and banks will not save us.

Already our gold at Fort Knox is diminishing.  
Only a sane, spiritual revival which changes the desires of our people will save us.

We must be filled with a desire to render service, to seek strength rather than security, to put character ahead of profits.

Even the democracy for which our fathers fought and bled could result in our downfall.

#### OLYMPIC GAMES

The marathon foot race of the Olympic Games commemorates one of the decisive battles of history. # Many Activities In Grade Rooms

**BY MARGARET KRULL**  
Kindergarten: Mrs. Melton — Susan Powers treated the morning class to Valentine cookies. Thank you, Susan, Dennis Huff, Kathie Hoessel, Nancy Martin, Linda McKee, Ned Overmyer, Gloria Planto, Olza Ruiz and Metta Zetty were absent from the morning class. David Burns, Timothy Kline, Debra Shidler, Gary Strang, Mark Nebel, have been absent from the afternoon class.

First Grade: Miss Whan — A library book about "Pueblo Indians" created an interest in the children. They brought Indian stories, jewelry, and arrowheads from home. Maury De Marco celebrated his birthday by bringing candy to school. Jane Shoek had a party on her seventh birthday. We are busy making an alphabet and sound book, which the children will be ready to take home in about a month. In numbers, the concept of subtraction has been introduced.

Mrs. Keyser — We have been talking about water evaporation, water vapor, and condensation. We conducted several experiments and also found out from where dew, frost, snow and rainbows come. Dennis Mackey had a birthday Jan. 26. He treated the room to Hershey bars and balloons. Jan Shoek had a birthday Jan. 28. She served cupcakes and ice cream. We have started our number book.

Second Grade: Miss Page — We have divided our grade into four groups for saying arithmetic combinations. We are doing the easy addition now. When a person says his combinations, he gets a star after his name. We have three people with the same number of stars. Dianne Myers was eight years old Jan. 27.

Mrs. Allen — Billy Heiser has a birthday on Feb. 1. The following people were neither tardy or absent during the first semester: John B. Enner, Nancy Knapp, Mary Ann Lewis, Barbara Shidler, Lisa Struggell and Pamela Thompson.

Third Grade: Mrs. Helen Keller — Our supplementary reader is "If I Were Going." It is about a voyage across the Atlantic Ocean. A trip through several countries of Europe. Today, we have reached and find it a very interesting story.

Mrs. Carter — Our room is decorated with snow scenes and snowmen. We are learning two column addition in arithmetic. In history, we are studying about mild, butter and the different kinds of cheese. Three people have a perfect spelling record of the first semester. They are Deborah Triplet, Jeffery Adams and Doug Hartz. In our health book we learned that fish do not have ears, but they hear by means of hearing lines in their bodies.

Fourth Grade: Mrs. Alice Keller — In social studies, we are learning about the Indians of the South America. We have grouped ourselves into four groups and are making a large picture of the country and its people. We saw three films this last week. In English, we are reading stories to the class. The story must be short, interesting and read well. We are learning that much practice and work helps us to do better work.

Fifth Grade: Mrs. Lawson — Tom Babcock had a birthday last week. We are enjoying making maps for social studies. Quite a few people have been absent lately. We'll be glad to have them all back. Here is a story written by Elaine Epley:

**The Magic Shoes**  
Once upon a time there was a boy named Jack who always did things for other people. One day a boy who thought he was a big shot came to their town. He thought he could out run anybody. He raced John, a very skinny boy. Of course, the fat boy won.

Then Jack thought of something. "If I could get John to have confidence in himself he could beat the fat boy." So Jack told John he would get him a pair of magic shoes. But, of course, we all know they aren't such things as magic shoes. Jack just got John a pair of plain ordinary shoes, but he didn't tell John about it. John thought they were really magic shoes.

John asked the fat boy if he would race him again. They started the race and John was ahead. The fat boy was falling behind John. When the race was finished John said, "I didn't know that I could beat that fat boy."

"I didn't think so either," remarked Jack. Of course he knew that if John had confidence in himself, he would win the race.

# Design Work Studied By Artists

**BY JUDY LOWRY**  
Bob Mikesell and Chuck Kell joined the art class at semesters bringing the total to 27 in high school art classes.

The high school art class is on full-over patterns and making them into stencils. Each one drew a geometric design in a three-inch block. These were repeated to form an interesting pattern. Then one unit of the design was cut as a stencil and printed with paint on paper. Most of the class will try stencil paint on cloth within the next few days. Most of this six weeks will be spent on design work. This is just one phase of it.

The seventh and eighth grades are using paints, and are learning how to mix certain colors made by combining the primary colors.

The change in the weather, to snow and real winter, has given the lower grades inspiration for many delightful pictures. They especially enjoyed making snowmen on white paper and pasting them on a blue background. Several rooms have these on display now. Those in the cafeteria were done by the sixth grade.

## Being A Senior!

**BY EMILY ALLEN**  
Oh, it's great to be a Senior. The best of all teen years. The end is the beginning of a life we're all for winning. Cap and gown time will soon be here.

To many eyes will come a tear. But when all said and done, We know we've just begun! We'll each go our separate ways. But never forget our Senior days. When lots of fun was a must. Into a bright future we're now thrust.

So, underclassmen, never fear Your Senior year will soon be here, And you will think the same as we. A better class could never be!

# Skating Tests Held At Local Rink Sunday

Approximately 100 persons from more than a dozen Indiana and Illinois communities attended the proficiency test and exhibition skating held at the Skate-Way Roller Rink last Sunday.

Several local skaters test skated several dance divisions under the watchful eyes of Mrs. Marlene Jensen and Barry Barker of Chicago. Both Barker and Mrs. Jensen are panel judges for the United States Amateur Roller Skating Association.

All 14 tests of the local skaters ended on a happy note with no failures.

Skating the junior bar dance test were Lisa Sturgell, Dennis Westcott, Richard Calhoun, Tom and Steve Boeck and Paul Thompson of Culver, Paul McGriff and Lois Ruffing of Argos and Peggy Corey of Plymouth.

Four skaters tried out successfully for the second step on the dance proficiency ladder, the much wanted bronze medal. They were Steve Sturgell, Dennis Westcott, and Sandra Wizeycki all of Culver. Barbara Shipley of Toluon, Ill. came over for the weekend attending instruction sessions and also tested with the Skate-Way skaters passing her test, too. Ralph Shafer, who coaches the Skate-Way skaters formerly worked with her home club in Savoy, Ill.

Charles Snyder, son of Mr. and Mrs. Mabel Snyder, crowned the testing as he glided smoothly through the coveted silver bar test.

Paul Fowler, vice-president of the Ferraro Skate Club in Indianapolis, presented the National United States Amateur Roller Skating Association's charter to the Skate-Way Club's board of directors as a part of the afternoon ceremonies. Receiving the charter for the club's 30 members were Mrs. Glen Snyder, president; Mrs. Mary Westcott, secretary-treasurer. Mark Corey and Mrs. Grace Brown, members of the board. Mrs. Richard Gunder, vice-president was in Florida.

Mrs. Mabel Olinger of Peru and Miss Peggy Burns of Plymouth skated the tests with the Skate-Way skaters who did not have partners.

Exhibitions were skated by Danny Fowler, an 11-year-old Kokomo youth who is United States champion in speed, freestyle pairs and dance in his division and a four-time Indiana state champion; Miss Peggy Burns of Plymouth, the 1959 Indiana senior dance champion, and Barry Barker and Mrs. Jensen who are Illinois intermediate dance champions and United States intermediate dance finalist for 1958. Miss Burns, Mrs. Jensen and Barker all hold the silver medal in dance proficiency skating.

All Skate-Way skaters will move up into new instruction sessions beginning this Saturday in preparation for their next respective tests to be held May 1 along with the Skate-Way's first invitational competition. Approx-

## Who Demands Inflationary Spending?

When politicians who advocate big spending by government are challenged to justify costly, unessential programs, usually they defend themselves by saying: 'We'd like to reduce spending and taxes but we can't — the people demand these services.'

But who are 'the people' who are making these demands? Are they really all of the people — as we apparently are supposed to believe?

Are you, your friends and relatives, your Culver neighbors and fellow-workers, pressuring the Federal Government into new big spending programs?

Assuming all are average citizens, the answer is 'No!' It is not the American people as a whole who constantly urge that the government 'give away' more of their tax money. The urging is done by comparatively small groups, each intent on getting its own pet project underwritten by the Federal Government.

Add all these pressure groups together, and they would still be a small minority of the American people; although their influence in causing inflation has been great. Once the voice of the vast majority of Americans is heard — and it is beginning to be heard — it will be demanding less spending and taxing — not more.

## LETTERS TO THE EDITOR

From A Culverite In Texas

146 E. Rodriguez Ave  
 Raymondville, Texas

Editor, CITIZEN:

Enclosed please find check for \$12 for two-year extension of my personal subscription and that of G. M. Berg, 6627 Church Ave., Pittsburgh, Pa.

Recently we had one day when the cabbage was nipped by freeze but it does not seem to have suffered much. The past few days here has been cloudy with scattered showers and drizzling.

There is much activity in the harvesting of the various vegetable crops, carrots, turnips, endive, onions, and others. The Valley consumes very little of what it produces and must send out to mostly distant markets.

Mr. and Mrs. Hennig are here for a short time but they do not know how long they will remain in this vicinity.

Thank you for giving this matter proper attention. But am really sorry that it was necessary to increase the subscription price. Maybe you could do something to get the Government to increase railroad pension.

OF TRUE knowledge at any time, a good part is merely convenient, necessary indeed to the worker, but not to an understanding of his subject: one can judge a building without knowing where to buy the bricks; one can understand a violin sonata without knowing how to score for the instrument. The work may in fact be better understood without a knowledge of the details of its manufacture, for attention to these tends to distract from meaning and effect. — Jacques Barzun

## The Week With Governor Handley

### Local Tax Reform Problem Of 1961 Legislature

INDIANAPOLIS, Jan. 25 — Warning that "the 1961 Indiana Legislature can be the most important in many years in the vital field of local tax reform," Governor Harold W. Handley today urged "utmost care by the voters in who they nominate and elect for this Legislature."

"The 1957 Legislature made major changes in the state tax structure," Governor Handley said, "and as a result find ourselves in the enviable position of sound fiscal solvency together with a stable working surplus. In comparison to the many other states around us we not only are financially sound but also can claim one of the lowest state tax programs in the country."

"The revised state taxes have enabled us to care for the needs of our rapidly growing population, both in state government and in the counties and municipalities."

"The 1957 Legislature repealed all except a penny of the state property tax, and by increasing state revenue also increased the automatic state distribution of many millions of dollars to local communities."

"42% of the current state budget involves such distributions to the counties, cities and towns."

#### Unbearable Tax Burden

"But rapidly rising local budgets in numerous communities have placed an almost unbearable tax burden on property. Therefore I will recommend to the 1961 Legislature, in my final message, that the base of local taxation be broadened. It should be emphasized that the total taxes paid by local citizens need not necessarily be any greater than now, except there should be more persons sharing the responsibility."

"Most Hoosiers previously have felt that thrift and saving should be encouraged, and that the owning of property by individual families has a wonderfully stabilizing influence on any community. It is my hope that your next Legislature will vote to continue this philosophy by correcting the abuses of the local property tax."

"The entire membership of the Indiana House of Representatives will be elected next November. Half of the Indiana Senate will be elected. But we cannot wait until autumn to choose this Legislature."

"It is essential that qualified candidates — with a clear understanding of what is needed and the deep desire to vote effective remedies — must present themselves for nomination in the May primary elections, and then campaign vigorously for the November decision."

"Fortunately Indiana still has a citizen legislature. By that I mean we are not afflicted with the 'professional' type of legislator who does so much mischief in some other states."

"By conducting a 61-day legislative session only every other

year, Indiana avoids the uncertainties and the agony of having a Legislature meet every year and almost all the year."

Addresses Cleveland Jaycees  
 Governor Handley continued his series of "missionary efforts" to carry the story of Indiana's solvency and success to other key communities when he spoke to the Junior Chamber of Commerce at Cleveland, Ohio, last Wednesday.

The Governor again emphasized the Hoosier way of depending upon state and local community effort to solve local problems, instead of looking to Washington for more handouts.

"Only a strong America can be a secure America," Governor Handley said. "But we cannot be strong unless our productive and marketing processes are free. We cannot be strong unless the exercise of our national genius for invention and research is unrestricted."

#### Industrial Payrolls

"In Indiana we feel that it is up to the state to create the climate favorable to new industries — and that the local communities can then do the selling. We have found that almost every Hoosier community can increase local industrial payrolls if the people themselves want to go out and get them."

"How on earth can any one in Washington know more about your own local community problems than you do? How can he have as much genuine concern about your welfare?"

\* Except for his overnight trip to Cleveland, Ohio, Governor Handley spent last week in numerous conferences with state government department heads, and last Friday spoke to the State Council of Clubs at their state convention.

## November PTA Book Fair Nets \$69 Proceeds

The sum of \$69 was realized by the Book Fair conducted last fall by the local PTA, according to an announcement made this week by the chairman of the project.

According to another PTA announcement made today by Mrs. Peter J. DeTroy, the next meeting of the Culver organization will be held on Feb. 17 instead of the previously scheduled date. Plans for this meeting will be released within the next few weeks.

Mrs. Elmer White, chairman of the very successful Book Fair project held two days during November, said that the final figures of \$69 made by the Fair was the result of commissions on new books sold and the outright sale of books donated to the organization.

Mrs. White also wishes to thank publicly the following persons who contributed their time and interest towards making the Book Fair a success: Mrs. George Ogden, Mrs. William Martin, Mrs. DeTroy, Mrs. Helen Keller, William Graham, and Fred Stettbacher.

## Annual Telephone Survey Reveals Interesting Facts

Hoosier have about 39 telephones available to serve every 100 persons, almost 10 times more than the world's average.

In Indiana's 10 largest cities, the number of phones for every 100 persons ranges as high as 47.6 in Indianapolis with the average at 39. Four is the average for the world as a whole.

These figures are from the 1959 issue of "The World's Telephones," released annually by American Telephone and Telegraph Co. It takes nearly a year to obtain the data, so all figures relate to the start of 1959.

The survey shows more telephones in the United States than in the rest of the world combined — 66.6 million out of a world total of 125 million and an average 38 for every 100 persons. In contrast, Russia — which does not always release current figures — has an estimated 3,700,000 phones, fewer than two per 100 population.

Other telephone highlights: The "average" American uses his phone 472 times a year. Alaska and Hawaii, which still were separate territories at the

### CARDS OF THANKS

The almost tragic fire which struck our Lake Maxinkuckee home on Monday and destroyed so many of our priceless mementos again served to remind us of the privilege of living in this wonderful community. We thank the many friendly folks who offered to take us into their family circles and otherwise provide living accommodations until we can rebuild our home. Chief David Burns and the other members of our splendid Fire Department especially have our profound gratitude.  
We are at the hospitable home of our dear friend, Mabel G. Tyson, 2434 East Shore Lane, until we can establish temporary living quarters.  
**MR. and MRS. CHESTER W. CLEVELAND**

The kindly and thoughtful manner in which our friends, especially the members of the Maxinkuckee Junior Woman's Club, came to our rescue after the harrowing experience of Monday afternoon will never be forgotten. God bless you all. I am particularly grateful to our wonderful Fire Department and to Mr. and Mrs. Roscoe Stevens.

# New Farm Machinery Super Market Opening February 11 At Plymouth

NEW HEADQUARTERS FOR PLYMOUTH FARM SUPPLY

The Plymouth Farm Supply, John Deere dealers of Plymouth, during the past 14 years, have built a fine reputation for themselves throughout northern Indiana for square dealing and exceptionally good follow-up service. During the past year they have also built a fine new sales and service building on U.S. 31 at the south edge of Plymouth, where new machines are kept inside, out of the weather.

Their new facilities include several acres of used, reconditioned machinery and front door free parking, a concrete loading dock, a well equipped service department manned by factory trained personnel, a large show room displaying the latest in new John Deere tools of the season, and one of the largest and most complete dealer's stock of John Deere parts in the state.

Jim Morrissey, owner-manager of the firm, designed and engineered the new building. He states their primary reason for building outside the city limits of Plymouth was to give customers

easier access and more adequate parking facilities and to have a quality building comparable to the quality of the John Deere equipment they handle.

His experience in the farm implement field dates back to his early childhood around his father's farm and machinery business in Iowa. After helping his brother Paul establish the Morrissey Farm and Orchard Supply, of Grand Rapids, Mich., Jim spent three years (just before the war) as field engineer for the Caterpillar Tractor Co., of Peoria, Ill. After the war, he purchased the Plymouth John Deere establishment from Harold Roush, and named it Plymouth Farm Supply.

They plan to hold an all day "Grand Opening" along with an afternoon and evening John Deere Day program on Thursday, Feb. 11, in their new building. This is located across the road from the Farmers Community Sale Barn on U.S. 31, north of Plymouth, on the land formerly used as the golf driving range.

## Perry Shepperd, Kin Of Local Residents, Dies

(From Jan. 21 issue of The Medaryville Herald)  
Perry Shepperd, 67, a resident of Medaryville, Ind., died in Cleveland, Ohio, at 9:35 a.m. Monday, Jan. 11, as a result of a coronary occlusion. He had been in ill health for 10 years.

Mr. Shepperd was born in Decoy, Kentucky, Sept. 22, 1892, a son of George and Betty (Howard) Shepperd. He was married to Ivory Cole in Decoy Aug. 9, 1920.

During his active life Mr. Shepperd was a restaurateur. During World War I service Mr. Shepperd participated in eight major engagements. He was wounded in battle on April 27, 1918.

Surviving him with the wife, who lives in Culver, are the following daughters and sons: Mrs. David Wallen of Silver Spring, Md.; Mrs. Everett Odle of Hammond, Mrs. Leon Pollock of Culver; Mrs. Ronald Parrott of Greenwich, R.I.; Vernon Shepperd of Glen Burnie, Md.; Vennis Shepperd and Sterling Shepperd of Cleveland, Ohio; and Roger Shepperd of Culver.

The funeral services were held Thursday, Jan. 14, from the Baptist Church of Denham with Rev. Rowe in charge. Interment was in McKinley Cemetery in Winamac. Full military rites were held at the cemetery.

## Whitney E. Kline Again Director Of PMA, District 18

Whitney E. Kline, Route 1, Culver, was re-elected director of District 18, Pure Milk Association, for another two-year term at the district's annual meeting at Winamac on Feb. 2.

Officers elected for 1960 were: president, L. Jay Reinholt, Route 1, Monterey; vice-president, J. R. Miller, Route 1, Akron; secretary-treasurer, Harold Smith, Route 1, Akron. Miller and Smith were elected re-districting committeeman and alternate, respectively.

Omer E. Reichard, Route 4, Rochester, was elected resolutions committeeman. His alternate is Eli Amliker, Route 2, Francesville. Robert Art, Route 2, North Judson, was chosen inter-cooperative relations committeeman.

Speakers were PMA general manager, A. L. McWilliams, and PMA president, Avery A. Vose, who outlined the work done by PMA the past year to help producers fight the cost-price squeeze which has forced many out of business.

Both emphasized the work of PMA in bringing 19 other dairy farmer cooperatives together with PMA in a united and successful effort to improve producer prices in the Chicago milk shed.

District 18 covers an area extending eastward into parts of Noble, Whitley, Wabash, and Grant counties, and westward over the State line into Kankakee and Iroquois counties, Ill. Well over 500 PMA members reside in the area.

## Indians Split Pair Of Games Over Weekend

### Meet Nappanee and Francesville Next

By EARL D. MISHLER  
Our Culver Indians split a pair of games over the weekend, stomping Argos, 55-28, on Friday, and bowing to Plymouth, 58-44, the following night.  
At Argos, the Indians used a scintillating fast break to open a huge 22-5 lead after the opening period. After coasting to a 31-12 halftime bulge, Culver widened the lead to 48-19 after three quarters. Coach Tom Benbrook emptied his bench in the final period, which ended with Culver on top, 55-28. Argos hit only 16 percent of their field goal attempts, while Culver drilled 25 of 74 for 34 percent.

Lance Overmyer and Dave Washburn led the Culver attack with 16 and 14 points, respectively, and Jim Mechling scored ten to lead the losing Dragons.

Saturday night, the worm was turned. Plymouth's Pilgrims, led by their great center Larry Hamell, raced to a 22-10 first quarter margin. Culver switched from the zone defense that had been so successful in the last three games to a man-for-man, which proved more effective against the hot-shooting Pilgrims. However, Culver managed to shave only one point off the lead, and at halftime they trailed 30-19. The third period was played evenly, as the Indians frustratingly missed easy chances from the field. In the final period, Hamell, in his fourth season as starter, poured it on, hitting three consecutive identical turn-around jump shots to throw the game out of the Indians' reach.

Hamell, who last year scored 30 points against Culver at Plymouth, canned 10 field goals and five free throws for 25 markers. Dave Washburn, whose long left-handers kept the Indians in reach in the first half, ended up with 14 points.

The B-Team was drubbed both nights, losing to Argos 44-17, and to Plymouth, 48-23. Tom Boswell led the losing cause both nights with six against the Dragons and 12 more against the Pilgrims.

This Friday and Saturday Culver faces two severe tests on the road, at Nappanee and Francesville. The Varsity record is now 8-8, while the B 1 Team is 7-6.

# Academy Sports

Cadet Cagers Bow To St. Joseph High School  
Culver Military Academy's basketball team was handed its second loss in nine starts Saturday as St. Joseph High School of South Bend caged the Eagles, 86-61.

St. Joseph took control in the first period, and kept it throughout the game.

Tom Mortell was high point man for the Academy, with 21 points. Paul Schudt followed him with 13, and Pete Hicks scored 10. Don White led the St. Joseph attack with 28.

Friday night the Eagles will

host Morgan Park Academy, with the varsity game beginning at 7 p.m. Saturday night. Culver will play Tippecanoe High School at Bourbon, with the varsity contest getting underway at 8 p.m.

Academy Polo Team Adds A Pair of Victories

The Academy varsity polo team added a pair of victories to its record by defeating the Onwentsia Club polo team of Lake Forest, Ill., twice last weekend.

The Culver varsity downed the visitors 18-6 Saturday and 22-6 Sunday.

This weekend Culver will host the Kentree Polo Club (Grand Rapids, Mich.) Saturday and Sunday at 2 p.m. in the Academy Riding Hall.

Academy Swimmers Assemble 15th Straight Victory; New Pool Records Set

Culver Military Academy swimmers splashed to their 15th straight victory as they handily defeated Danville (Ill.) High

School 63-23 Saturday at the Academy pool.

Culver swimmers set two new pool records as they took first place in all but one of the events.

Team co-captain Don Kohla broke his old record in the 160 yard individual medley, finishing the event in 1:55.2. And the 160 yard freestyle relay team — Enos Fry, Jim Swango, Murphy Thomas, and Bill Oberlin — clipped .2 seconds off their old mark of 1:16.4.

The Culver swimmers will host Waukegan (Ill.) High School Saturday at 1:30 p.m. at the Academy's swimming pool.

Mr. and Mrs. Gerald Osborn went to West Lafayette Saturday and brought their son, Donovan Wayne, home from Purdue for the between-semester vacation. On Tuesday they took Donovan and Harold Schmidt back to Purdue. Sunday guests of the Osborns were Phil Carlisle and Larry Zechiel.

SISTER OF CARL ADAMS, SR. DIES IN RENO, NEVADA

Carl Adams, Sr., 520 South Shore Drive, received word of the death of his sister, Mrs. Edith Rissinger, on Friday, Jan. 29, at Reno, Nev.
