"HOOSIER AT LARGE"

Fort Wayne Wife Collects Easy \$25 Reward From Trumpet Playing Hubby

HERB MILLER is a scholarly, stylish man of studious mien who writes thoughtful editorials in the conservative Fort Wayne News-Sentinel.

At work, Herb is the epitome of dignity and intellectual plomb.

AL SPIERS

Past 30, top-it is so tired and toothless it requires special food like redded apples, mush-fine grain, rprechewed hay.

WHEN HERB CAN'T prepare his equine Publum, his lovely, harming wife, Helen, cheerfully does. She, too, is a horse lover — and old Stop-It has been around many years.

Helen does not, however, share herb's other hobby. In fact, it's the baleful bane of her otherwise serene and happy life.

HERB TOOTLES a trumpet. Unbiased critics say Herb etches forth sweet, pure notes and never fractures harmony.

But for some reason his tooting fractures Helen and she often says: "I love that man — but I hate his horn!"

Therein lies a chuckly tale. AN INQUISITIVE psychiatrist might blame Helen's horn hatred on a stubborn female refusal to admit error. She did suffer a curious trumpet trauma.

Before they met, Herb and Helen lived in the same Fort Wayne neighborhood. One day, passing Herb's house, Helen heard his trumpet blare. She wrinkled a pert nose and said to friend: "Wouldn't it be awful to marry trumpet player?"

So whom did she wed? Herb, catch!

WISELY, HERB took no horn on his honeymoon so the marriage was launched on a smooth sea. But in time he infiltrated his horn and Helen's distaste for it mouldered anew . . . and finally flamed.

This ultimately led to a weekly ritual. Herb would come home from practice with his Masonic band and, like husbands everywhere, carelessly toss his treasured horn — an imported French Selmer — on a chair or table.

Like wives everywhere, Helen would promptly snap: "Get that blankety-blank thing out of sight and into the closet where it belongs."

Meekly Herb would obey. IT WAS THIS oft-repeated ritual that booby-trapped poor Herb. One night he idly plunked his horn on a corner table — and Helen said nary a word.

U. S. President Compliments CMA Chapel Choir

Eisenhower At Capital Church

The Culver Military Academy chapel choir received warm compliments from President Dwight D. Eisenhower for its performance at the 9 a.m. service Sunday at the National Presbyterian Church in Washington, D. C., which the President regularly attends.

President Eisenhower told Academy Chaplain Allen F. Bray that he was highly impressed by the choir's performance.

The choir, accompanied by chapel organist Milford Myhre, choirmaster Claude Zetty, and Chaplain Bray, was on a trip to Washington. The cadets sang at the 9 and 11 a.m. services at the National Presbyterian Church and with the choir of the National Cathedral at Evensong there at 4 p.m.

Chaplain Bray Participates
Chaplain Bray reports that a larger than usual crowd attended Evensong, and that the choir was extremely well received at both the morning services in the National Presbyterian Church and Evensong at the National Cathedral.

Although Chaplain Bray returned to the Academy Monday, the choir stayed in Washington to sing at the opening ceremonies of the Cherry Blossom Festival yesterday evening. They returned to the Academy today.

Is The Academy An Asset To Our Community?

Maj. Gen. Delmar T. Spivey Is Asked Some \$64 Questions By The Culver Citizen; Read His Amazing Answers!

MANY LOCAL BENEFITS CLEARLY LISTED

In 1956, Laurinburg, a town of only 7,100 population in North Carolina, with a bid of \$1½ million, assured itself that a newly consolidated college would be located in their town. Apparently the citizens considered the presence of the college in their community of sufficient importance to justify such an expenditure. Culver is extremely fortunate in that we already possess what Laurinburg had to bid for. To determine just how great the contribution of Culver Military Academy is to our community we asked General Spivey, the superintendent, some questions. We are sure that after you have read his answers you will agree with him that what is good for the Academy is good for Culver!

Q. How much capital improvement has taken place at Culver Military Academy within the past few years?

A. In the period 1950-60 it totaled over \$8 million. Parenthetically, Culver Military Academy has been appraised at about \$30 million on a replacement basis.

Q. What effect does the expansion have upon the local economy?

A. A great deal of local labor was used. In addition, a proportion of supplies and equipment was purchased from local merchants. All things being equal, we prefer to use local labor and make our purchases in Culver.

Q. Does the added equipment provide further advantages to Culver citizens?

A. Yes. Some of it provides services that are open to the general public. A good example of this has been our magnificent auditorium series this school year.

Q. What you have just mentioned were in a sense temporary in their effect, since as soon as they were completed, there was no further necessity of labor or supplies.

A. To a degree that is certainly true. However, the steady monthly payroll of the Winter School is in excess of \$95,000; of the Summer Schools \$176,000.

Q. How many people who live in Culver or in close proximity are employed at the Academy?

A. The Winter School employs 425; the Summer Schools 625. Nearly all of these people live in Culver and spend a large proportion of their money in Culver.

Q. Has enrollment increased during the past 10 years?

A. It certainly has. Winter School enrollment has increased 23%; Summer Schools' enrollment has increased 25%. During the same period, Culver's population has remained practically static at about 1,650. This expansion, on the one hand, and the static population on the other, mean that the added expenditures made by the Academy are shared, not by an increasing population, but by the same number who enjoyed the expenditures of 10 years ago.

Q. Do you have any idea of what yearly total expenditures are?

A. When one considers regular payrolls and added expenditures occasioned by building and renovation programs, and the costs of services and supplies

from the Culver community for routine operations, the total comes to over \$3 million a year. In other words, our annual budget amounts to that much.

Q. Speaking of construction programs, is any new major construction program contemplated soon?

A. No. The Board of Directors have gone on record that it is not their intention to increase the size of the Winter School. No new facilities are programmed other than the enlargement and rehabilitation of the recreational facilities. Perhaps a combination artificial ice hockey rink and dance pavilion will be erected for use by both Winter School and Summer Schools.

Also there is contemplated expansion of the Woodcraft Camp, during the Fall and Winter of this year. For several years, the enrollment of the Woodcraft Camp has been increased a bit each year because our friends and most alumni have insisted that their sons attend this camp.

Crowding of tents and a squeezing of playing areas have been the results. The Board, taking cognizance of these conditions, has directed me to move the Beavers (375 boys) across the road for the Summer Session of 1961. The land north of the present tent camp and across State Highway 10 will be graded and prepared for 132 tents, playing fields, and other facilities. This will relieve the crowded conditions in the Woodcraft Camp and give us some room for expansion.

Of course, the disadvantage of such a move is that the youngsters will have to cross the road several times a day.

With "April in Paris" as the theme Monday night at the Community Building, the Culver merchants presented their lovely spring and summer fashions in a beautiful setting of the Rue de la Paix.

Throughout the well-attended program background music was played by Stanley Curtis on the organ.

Census Supervisor Urges Prompt Return Of Forms

Peter D. Trone, district supervisor for the 1960 Census of Population and Housing, today urged area residents who have received "sample" questionnaires to fill out the forms and mail them to the Census district office promptly.

The sample questionnaires, printed on blue paper, were left at every fourth household during the first stage of the census which is now virtually completed. These questionnaires contained the detailed population and housing questions which are asked of a 25 percent sample of the population. By using only a sample of the population, the Census Bureau is able to collect important information about the Nation's people at a fraction of the cost of a complete canvass.

Tommye Lou Glaze In Palm Sunday Opera At I. U.

Tommye Lou Glaze of Culver, a senior in the Indiana University School of Music, will be in the cast for the 12th annual performance of "Parsifal," Wagner's religious opera to be given by the Indiana University School of Music on Palm Sunday, April 10.

Miss Glaze, the daughter of Mrs. Helen F. Glaze, 702 College Ave., will be one of the four squires in "Parsifal."

As in previous years, the "Parsifal" performance at Indiana University is the only one in the Midwest and I. U. is the only school in the country presenting in English the full-length version of the Wagnerian opera.

Supper Intermission

Due to the opera's length, it will be presented with a supper intermission. It will begin at 4

o'clock in the auditorium, with the first act ending at 5:45. Following the supper intermission, the second act will be resumed at 7:30 p.m.

The story of the opera is based on the Holy Grail, the cup from which Christ drank at the Last Supper and which received the Blood He lost at the Cross, and the Holy Spear which pierced His Side.

Special Services At Plymouth For Jehovah's Witnesses

Jehovah's Witnesses of the Plymouth congregation will celebrate the Memorial of Christ's death on Sunday, April 10, at 7 p.m., according to Elmer Goss, presiding minister of the group which meets at South Fifth and Sycamore Sts. in Plymouth.

The celebration will be observed in all 20,000 congregations of Jehovah's Witnesses world wide in 175 lands. Last year more than 1,283,000 persons attended.

The Memorial discourse will be given by Elmer Goss who has made a comprehensive study of the Bible, teaching and preaching 35 years, he will draw on 1 Cor. 11:26 and others to show why the witnesses celebrate this event only once each year and what it means.

Mr. Goss also announced a special series of Bible lectures to be given at Kingdom Hall beginning next week, April 17 at 7 p.m.

All persons of good-will are cordially invited to attend the sessions which are free. There is no admission charge or collections.

THE SCHOOL BELL

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

"It's a hap-hap-happy day!" As Merrie Kay remarked as she walked spritely down the halls of C.H.S. just the other day, "this Spring weather really does lift winter-worn spirits!"

Also walking through the halls have been Bob Kerrigan, and Margo Overmyer, Corky Walter and Nancy Prosser, John Kelper and Bev Thomas, and Gene and Elouise are back together (only Gene isn't walking, he's limping due to a tumble in track.) Other new couples might be Pat Hicks and Chuck Reed, and Sam Medbourn and Carmen Gretter. Congrats to Sandy Smith who is going steady with Tim Greene from West! Our medicine man must have been on the ball or perhaps not, with this epidemic of spring fever!

Spring sings a sad note for Kathy Clyne. She's lonely without Ralph Munez who may not be coming to Culver for quite a while.

Recent parties were Sandy Fisher's birthday party at Julia's. The highlights of the evening were playing charades and going bowling. Mary Jane Guise did a terrific job bowling, although her score wasn't very high. Too bad there couldn't have been pins in the gutter for you, Mary Jane.

The Senior girls were invited to a party by the Business and Professional Women's Club at Plymouth. It was lots of fun and the theme was Hawaiian which may have been guessed by the wearing of brightly colored leis to school the next day. Here's to Susie Medbourn and the way she does the hula! Also, the Senior girls had a "what-to-wear-on-the-trip" get-together at Em Allen's house. Miss Shanks was the guest of honor. She showed some colored slides of some of the other trips and also answered many questions.

Besides the musical talent possessed by the braves and maidens, we have our share of brains, too, which was proven at the Math, Latin and English Regional Contest last Saturday.

Betty Kose has some new admirers, Keith Thomas from Aubree, and Don Reed.

It seems as though Dan Little's heart has been pierced by Dan Cupid's arrow. Em Allen got a letter from him. Oh, by the way Em, did you say baseball was your favorite sport? White Sox, huh?

Joyce Morrison has really been riding in style since Bob has been home for Spring Vacation.

Watch out boys, there are going to be some more woman drivers. More Sophomores have turned sixteen and you know what that means?

Tom Boswell seems to find English hard to translate nowadays. Can you explain that, Mr. Boswell?

The basketball Banquet and the Junior Ham Supper seem to be the most delicious topics we can think of — Yum!

The kids had the Rainbow skating party again and had a ball. Everyone was there!

Something cute in the way of fashions — trench coats are prevalent and look real sharp.

The return home of Phil and Tony has caused quite a bit of excitement. The fourth period gym class walked to the park the other day and can you imagine 40 girls all yelling "Hi, Phil" at the same time? Pat Van has been sailing into English class with a minute to spare after visiting Tony at noons.

For a while we thought we had some more new girls in our teepee, but they were Linda Banks, Sandy Fisher, Jean McCoige, and Joan Barshes with trimmed tresses. Ya'all look real sharp!

Elections are coming soon to find the new class officers. While the Seniors don't have that to worry about, they are very busy making plans since the trip is only a few days away.

We'll close with this week's riddle: How much wood could a woodchuck chuck if a woodchuck would be at the beach?

C.H.S. Poll Favors Nixon

By ANNE OSBORN

The Gallup polls take samplings of opinion in the adult world, so we decided to initiate the Culver High School Polling Service to obtain the ideas and feelings of C.H.S. students.

A representative group of students was selected and asked to state their opinions on a certain issue by turning in an unsigned ballot. Results were then compiled on a percentage-wise basis.

Because 1960 is a Presidential election year, we asked the students the question: "If you were voting for President of the U.S. whom would you vote for?" We then proceeded to give a list composed of Richard M. Nixon, John Kennedy, Adlai Stevenson, Lyndon Johnson, Hubert Humphrey, and Stuart Symington.

The results were quite unusual. Evidently, in the students' minds, the Presidential race is between two men, Richard M. Nixon and John Kennedy, for together they received the entire contingent of ballots!

Of all the votes, Nixon received exactly 80%, with Kennedy polling only 20%!

The Republicans probably wish C.H.S. students were of legal voting age.

Study Secrets Are Revealed

By LINDA KOSE AND MIMI FISHER

Noticing the number of students on the Honor Roll at C.H.S., we decided to ask some of them their studying "secrets." There was a drastic difference in some of the tactics used. Here are a few:

There seems to be a fad of either slouching in an overstuffed chair with a book resting on the knees, lying on the floor with a book propped precariously on the stomach, flopping comfortably over a bed holding the book high over the head or sitting with the feet flat on the floor, at a well lighted desk.

While studying in these various positions, we may be found during the usual evening hours from seven to ten. During this time, we consume large portions of pretzels, potato chips, popcorn, sandwiches, cookies and cokes, even after a well-balanced evening meal. (This seems to furnish us with brain power.)

However, there are some energetic people around our school who insist their "energy peak" is at four in the morning. This involves hitting the sack early and setting the alarm for three-thirty which allows a half an hour to awaken fully (?).

We who do study in the evening sometimes begin to wonder, when baby sister starts to scream, the radio or TV starts blaring, and the telephone's incessant ringing becomes rather annoying, if it would be a good idea to get up at four in the morning!

Many students find it a good idea to start out with their most difficult subject while others put it off until last. With some, it doesn't seem to make any difference — it's all tough!

We hope that you have enjoyed finding out some of the student's studying "secrets". Although they may not help you with your studying, we are sure that they in no way will hinder it!

Grade Rooms Issue Reports

By MARGARET KRULL AND MARY JANE GUISE

First Grade — Mrs. Keyser: March 28 was Andrea Vernum's birthday and she treated the room to balloons, ice cream, and pretzel sticks. We have been looking for signs of Spring. In phonics, we are learning about syllables.

Second Grade — Mrs. Allen: Nancy Knapp had a birthday March 24. She was eight years old. Her mother brought us a party to school. We are reading make-believe stories. We have seen many signs of Spring.

Third Grade — Mrs. Carter: Karen Banks had a birthday March 30 and she brought one of her gifts to school to show us. In science we are learning how people in different parts of the country use water wisely. Some of the boys are playing marbles at recess. In arithmetic, we are dividing in the tables of 2 and 3.

Third Grade — Mrs. H. Keller: Many of the boys and girls have brought pictures of ways of traveling. We also have a collection of pictures showing kinds of work our parents do.

Fourth Grade — Mrs. A. Keller: We are learning about our state and who were the first settlers of our community. We are going to try to bring some very old things to show the class. If any kind of person with a desire to satisfy our curiosity about pioneer days would care to talk to us, we would be most happy for them to visit our room in the near future. We know that our community has many qualified people. Any takers?

Fifth Grade — Mrs. Lawson: Elaine Kaiser had a birthday on March 28. In Social Studies we are studying Mexico. Elaine Epley brought a Cesta and a ball used in the game of gai jilla to show us. She also brought a miniature bull fight scene. Many of the students have Mexican jewelry.

Fifth Grade — Mrs. Epley: Paul Hatten celebrated a birthday on March 21, with a cupcake treat for everyone. On Friday, March 25, we celebrated a triple birthday in our room. Tony Mars, Albert Pare and Mrs. Tucker (who has been observing us for several weeks) treated us to decorated birthday cake, popcorn balls, and milk. Everyone in our room said "Hiawatha's Hunting" by Henry W. Longfellow. This has been a real challenge for it is a poem of some length.

THE MOST dangerous thing in the world is to try to leap a chasm in two jumps. — David Lloyd-George

Indianapolis INDIANA

By TOM CURTIS
Arthur Andrew Alexander was born November 29, 1897 on a farm near Muncie, Ind. He graduated from Gaston High School and then entered Indiana University. While at Indiana, he participated in track and cross country. His education was interrupted by World War I when he entered the army engineers. While overseas, he did some work on his Bachelor of Science degree at Beaune University near Chaumont, France. After the war he entered Ball State University where he received his bachelor of science and master of arts degrees. While working on his masters, he took extension courses from Indiana University and Purdue.

He coached for 30 years in the army, various high schools, independent leagues, and semi-pro baseball. While coaching in the high schools, he also taught industrial arts. He gave up coaching 12 years ago when he started teaching at Rochester. He has been teaching at Culver since 1954.

Mr. Alexander likes all kinds of food and doesn't seem to have any favorite. He said he was taught to eat what was put on the table.

His pet peeve is people who don't work up to their ability and make just good enough grades to pass.

Mr. Alexander was first in the state to employ new teaching method which permitted boys to attend school half of the day and spend the other half working in some industry.

Hi-Y Members Act As Hosts

By SUSIE MEDBOURN AND CATHY OVERMYER

Sunshine: The Sunshine girls enjoyed very much the formal sale which was held in the gym. Saturday, March 26. The sale will be continued after school in the Home Ec. room for a while. There were about 55 formals to be sold and there are still some very nice ones left. Anyone wishing to try and buy may come to the Home Ec. Room after school. We would like to thank every one who brought their formals in and also everyone who bought a formal. The Sunshine girls would like to thank the Hi-Y for the very nice party which was given for us at the Gun Club. Everyone that went had a fine time and ate lots of goodies.

Spring Motif In Art Class

By SUSIE MUEHLHAUSEN

Spring has come to the art room! Flowers of all sizes, shapes and colors have blossomed out. Several groups in grade school have made these flower pictures. Those by the sixth grades are especially interesting. One sixth grade class is making its designs into stencils to be done into wall hangings. The other sixth grade is making two tall painted murals for the hall.

Also Spring in the art room brings MUD — but it's a very special kind, and very special things get made from it. It is really ceramic clay and 27 high school students are trying their skill at making pottery. So far, each student has made two small objects, one plain surface and one with a textured surface.

The first glaze firing was completed. Thursday and students were surprised as usual to see the interesting changes in the colors after firing. This firing of pottery for 27 students will be a problem when they begin making larger pieces — as they will soon.

Mrs. Allen says she is proud of the first pieces turned out and pleased with the class's willingness to experiment with new ideas.

LOST: One white wig.

According to The Nun's Story, The Ugly American saw Anne Frank take the Enchanted Cup to Drink to me Only. It must have Ben Hur! By the Light in the Forest, Tom Sawyer, too, but just having finished The Grapes of Wrath, to him she looked like The Double Man. The jury, not allowed Pride and Prejudice, thought Tom's testimony about as stable as Nectar in a Sieve. However, the Little Women had also seen her and told Lord Jim, who took her Of Human Bondage. As these were times of War and Peace, the case was decided with much Sound and Fury in the Valley of Decision. Tomorrow, tomorrow and tomorrow, Anne will surely die a Dusty Death. As the Brief Candle flickered and went out, she was Gone With the Wind, like All Our Yesterdays. You may think this tale was Told by an Idiot. Well, it was!

At 4:30 p.m. the choir of the church will present the Lenten Cantata, "Olivet to Calvary," by Maunder. The Cantata will be sung in the care of the church. Everyone is cordially invited.

Maundy Thursday communion will be provided at 2 p.m. and

Culver Bible Church

"The Crowd at the Cross" will be the sermon topic of the Rev. Maynard C. Tittle for the morning worship service at 11 o'clock on Palm Sunday, beginning Holy Week activities at Culver Bible Church.

At the regular midweek prayer service on Wednesday evening, April 13, at 7:30 the Bible Study theme will be "Gethsemane: Disciples Asleep."

Slated for Good Friday is a Family Night carry-in supper at 8 p.m. In charge of arrangements is the regular social committee, composed of Mrs. Lester Cannedy, chairlady, Mrs. Ray Cox and Miss Martha Henry.

On Easter Sunday morning at 11 o'clock Rev. Tittle will preach on the subject, "The Resurrection: Unbelief's Waterloo."

Special music is scheduled for each of these services.

E. U. B. Church

Culver Emmanuel Evangelical United Brethren Church will observe Holy Week with special services on Wednesday evening, at 8 o'clock, with the pastor, Rev. V. L. Palmer, bringing the devotional message, and on Thursday evening, at 7:30 o'clock, with the observance of holy communion.

The Sunday School will be held at 9:30, on Easter Sunday morning, and the morning worship hour will have additional music presented by its choir, under the direction of Mrs. A. R. McKesson, besides their regular Easter anthem.

Special music is also planned for Easter Sunday evening, when the pastor will again speak. He will bring the Easter message also at the morning worship hour.

Next Sunday evening, Palm Sunday, will feature the Arlington String Ensemble from Huntington in a special program of sacred music. Incidents from the Bible will be used as background for some of their numbers, specifically the story of the falling of the walls of Jericho, and the well-known narrative of the Prodigal Son. There will be no charge for this service, with only a free-will offering being received. The public is invited.

St. Mary's Catholic Church

At St. Mary's of the Lake Catholic Church, the pastor, Rev. Joseph A. Leuk, announces the first Holy Week service will be on Palm Sunday when the Palmus will be blessed at the 8 a.m. Mass. This ceremony will be followed by the distribution of the Blessed Palms

to the members of the congregation.

On Spy Wednesday, the Holy Sacrifice of the Mass will be offered at 9 a.m., followed at 5 p.m. by Lenten devotions consisting of the Way of the Cross.

On Holy Thursday, the ceremonies for this day, which commemorate the institution of the Holy Eucharist of the last supper by our Lord, start at 8 p.m., with the offering of the Holy Sacrifice of the Mass. After Mass the Blessed Sacrament will be transferred to the Altar of Repose. The members of the congregation should remain until midnight for a period of adoration.

The Good Friday services, which start at 8 p.m., consist of four parts, Scripture readings, Solemn Prayers, The Adoration of the Cross, and the Distribution of Holy Communion.

On Holy Saturday the Easter Vigil, consisting of three main parts, starts at 8 p.m. Ceremonies will consist of the Blessing of the New Fire, the Blessing of the Easter Candle, the Solemn Procession, the Light Service, the blessing of Easter Water and Baptismal Water, Reading of Lessons from Holy Scriptures, the Renewal of Baptismal Promises by Members, and the Singing of the Litanies of the Saints.

The Easter Vigil comes to its climax with celebration of Mass and singing the Hallelujah. On Easter Sunday morning Mass will be offered at 7, 8 (High Mass) and 11 a.m.

The Burton Barn Burns Near Leiters Ford

The fire alarm at 11:45 a.m. Sunday summoned the Culver Volunteer Fire Department to extinguish a grass fire on East Shore Drive near the home of Fred Adams. There was no other damage.

The Tuesday afternoon alarm at 2:35 sent the local firemen to the farm of Mrs. Grace Burton located one-half mile north and west of Leiters Ford where the barn was on fire. This farm is the former Kline Sales farm.

The cause of the fire is unknown, but the 60 by 80 foot barn was a total loss, as well as 10 ton of hay, a tractor, one steer, and other small farm tools and equipment. Firemen were able to save about 500 bushels of corn and five sows, each with piglets, escaped the blaze but were slightly singed.

Insurance in the amount of \$3,000 is thought to be inadequate to cover the total loss.

The Culver, Monterey, and Leiters Ford fire departments responded to the call for assistance.

ANY NEWS for next week's Citizen? Please phone VI 2-3377.

On Easter Sunday morning, two complete services will be observed, one at 9:15 a.m. and the next at 11 a.m. The sermon title is, "Holy Ground." The choir will sing "Pans Angelicus," with organ, piano, and cello, and "The Three Lillies."

Sunrise Service

The annual Easter Sunrise Service will be held at 6:30 a.m. at the Methodist Church with youth from the churches of the township participating. Immediately following the service a breakfast will be served in Fellowship Hall for the young people.

Trinity Lutheran Church

At Trinity Lutheran Church, the pastor, Rev. D. O. Kraeger, announces the first Holy Week service will be at 9 a.m. on Palm Sunday when his sermon topic will be, "Behold, Thy King Cometh."

The Good Friday service, traditional in the Christian Church, will be a Tenebrae Service, or service of darkness, in which the death of Christ is symbolized by the absence of light. Candles are extinguished at different points in the service as the climax of the service is reached. The service will be held at 7:30 p.m. and the sermon title will be, "Into Your Hands."

Rev. Kraeger's topic for the Easter Sunday service at 8:30 a.m. will be, "An Excited Crowd."

"DOG DAYS" ARE HERE AGAIN

At the request of Police Chief Don Mikesell we give the following timely warning to local dog owners, apropos tags and taxes for same.

The dog tags which cost \$3 for males and \$5 for females, may be obtained from Chief Mikesell, or from Mrs. Ruth Overmyer, the Town Clerk.

After April 15 all dogs found without tags, will be picked up and held three days for taxes, and then destroyed, if not redeemed. A fee of fifty cents per day will be asked for such housing and keep. We will dispose (humanely of course) of any animal not wanted.

As a matter of precaution and public safety, Mr. Mikesell suggests that those who maintain canine pets, would do well to have them inoculated against rabies and distemper. In fairness to property owners, roving and running stray dogs will not be tolerated around town this coming season. Forewarned IS forearmed. 14n

"Hoosier At Large"

(Continued from Page 1)

HERB DIDN'T NOTICE.

A few days later one of Helen's fellow workers at the Wolf and Dessauer department store scanned the want ads and said, "I see Herb lost his horn."

"I couldn't be that lucky!" said Helen.

"But he's advertising for it!"

HELEN LOOKED, frowned, then grinned as she sensed Herb's plight. He'd looked in the closet. No horn! Ergo, he'd lost it.

Slyly, the two gals got on extensions and Helen's pal called Herb. In a tot-like voice, she squeaked, "I found your horn, mister. What's the reward?"

Herb stuttered and she quickly said, "It should be \$25, at least."

It's a good horn. Maybe I'll keep it."

HELPLESS, Herb capitulated.

When they reached their pleasant Abolte Township home that night, Helen said to Herb, sugar-sweet, "I hear you're paying a \$25 reward for your horn."

"Yes — but how did you know?" gasped poor Herb.

Smiling like Mona Lisa, Helen went to the corner table, hefted the horn, poked it toward Herb and said:

"OKAY, BUSTER — give!"

If you're a husband you know exactly what Herb did. He gave!

Helen still doesn't like Herb's trumpet — but she richly enjoyed those 25 horn-swoggled dollars!

Informative PTA Meeting Set For April 12

A discussion of the "Conant Report" and its recommendations, in connection with the local consolidation of our schools, will be given by a trio of well-known speakers at the PTA meeting next Tuesday evening, April 12, at 7:45.

Leading the panel discussion will be Arthur G. Hughes, chairman of the English department at Culver Military Academy. His fellow speakers will be Mrs. Oscar Wesson and M. R. Robinson. They will explain the recommendations made by the Conant Report, and talk over the effect its suggestions would have if applied to the local curriculum when school consolidation takes place here.

Other items on this meeting's agenda will be the election of next year's officers for the Culver PTA, and the presentation of a large number of books by the local organization to the school library. These children's books were bought with the proceeds of last fall's PTA Book Fair.

Following the meeting there will be a social hour in the Home Economics room. Hostesses for the evening will be Mrs. Robert May, Mrs. Kenneth Martin, Mrs. Richard Gunder, Mrs. John Craig, and Mrs. William Anderson.

Mrs. Peter DeTroy, PTA president, urges every member to be present at what promises to be an interesting and informative meeting.

Two Republicans Named To County Hospital Board

Following the recent resignations of James Jenkins of Plymouth and Milton Newberg of West Township as members of the board of trustees of Marshall County's Parkview Hospital, the County Commissioners appointed Otto Gates, Argos automobile dealer, and Rev. Wallace O. Moore, pastor of the First Presbyterian Church of Plymouth, to fill their unexpired terms.

Both appointments came from the Republican ranks in order to maintain the non-partisan status of the board as required by ordinance.

Gates Is New Chairman
Mr. Gates was elected board chairman and Rev. Moore was chosen vice-chairman.

The Democrat members of the board are Mrs. Guy B. Davis of Culver and Herb Knoblock of Bremen, who was reelected secretary.

Both Mr. Jenkins, former chairman, and Mr. Newberg have our thanks for the splendid and selfless service they gave Parkview Hospital through the years.

"...the most significant engineering advance" of 1960
Motor Trend Magazine

Corvair named "CAR OF THE YEAR"

"Four-wheel independent suspension totally unlike any other U.S.-built car" . . . "air-cooled aluminum engine . . . not dependent on the properties of a liquid coolant" . . . a rear-mounted transaxle "allowing a flatter floor and a lower roofline. . . ." These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award. Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue. But, unless you have personally driven a Corvair, you can't appreciate what this engineering achievement really means in combining compact car economy and agility with big for economical transportation car ride, room and sure-footedness. Drop down to your dealer's, take a trial drive and then judge the Car of the Year for yourself!
