Lake Maxinkuckee Could Use A Fish Like "Spot"

FEW GAME FISH are more cagey and wary than bass, but Roscoe Munger and his son, Lynn, hope to have one jumping through hoops this summer.

Already a brawny big-mouth named Spot eats out of their hands — in mid-air, yet!

"With a little luck and a lot of patience we may make Spot perform like a pet porpoise," grinned Lynn. "We aim to give it the old college try."

THE MUNGERS have a nursery at tiny Nevada Mills in Steuben County near the Indiana-Michigan line. Part of their land is dotted with 11 old WPA-built hatchery ponds.

Since state leases expired, Roscoe and Lynn have used the ponds to raise bluegills, bass, goldfish, bullfrogs, and colored water lilies — strictly for food or fun.

Spot, a 5-year-old 3-pounder, dwells with four brethren and a few bluegills in one cool, moss-filled pond. The other bass are wild and spooky.

Spot is a frolicsome ham who agreeably performs 10 or 12 times a Sunday for summer tourist throngs who come to ogle his antics.

NO ACCIDENT or freak, Spot is the product of long study and experiment, two years of patient training — and a secret something neither Munger will reveal.

"For years, Dad and I tried vainly to tame and train bass," Lynn said. "Long ago we had one started — but apparently a poacher sneaked in and got him. Anyway, he suddenly disappeared from the pond."

"With Spot, we tried something new. It worked. I'll tell you this much: It has to do with his association with other fish."

Even with the secret method, it took the Mungers two years to train Spot. The big bass achieved stardom last summer with a unique act performed hundreds of times.

ROSCOE OR LYNN would walk out on a small feeding ramp at the pond's edge. Presto — there'd be Spot, creeping slowly, flexing his huge jaws.

"We never have to whistle or call," Lynn said. "He feels the vibrations of our footsteps on the shore and ramp."

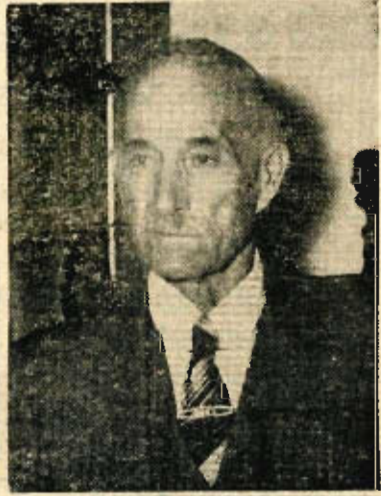

With Spot "on stage" a Munger would dangle a fat night crawler or tiny green frog a foot or two over the water. Whoosh and splash! Up came Spot to grab the tidbit in mid-air.

Whoa, now! Erase those smirks. This is no tall and typical fisherman's fable. Thousands saw Spot's act last summer and a Fort Wayne Journal-Gazette photograph

Built More Than 100 Culver Homes

"WREN" CLINE

Mourned In Community

M. R. Cline, age 89, one of Culver's oldest and most respected citizens, who built more than 100 homes in town and around Lake Maxinkuckee during his lifetime, was killed at about 3:30 p.m. Saturday in a freak accident in his downtown workshop.

Mr. Cline's body was discovered by his son, Roth Cline, in the small building at the rear of the Builder's Supply Store at 201 East Jefferson Street.

Crushed By Machine

Apparently the senior Mr. Cline had been trying to move a discarded tile making machine when it fell on him. Dr. Marshall E. Stine of Bremen, Marshall County coroner, reported that the immediate cause of death was a fractured cervical vertebrae with spinal cord damage, due to trauma.

Roth Cline had closed his store about 5:30 p.m. and then started to look for his father to take him home for dinner at 421 College Avenue. The residence is one of the many built by the elder Cline and is one of the most unique in the community, being constructed of many rare and beautiful hardwoods.

Milton Reno Cline was born in Shelby, Ohio, on Oct. 19, 1870, and moved to the Washington neighborhood southeast of Culver in 1872.

He became a friend of the Culver family, particularly Edward, even before the Academy was founded in 1894, helping construct the first building on the tabernacle grounds, now the site of the famed preparatory school.

Operated Lumber Yard

M. R. Cline opened a lumber yard in Culver in 1914 which he operated until 1946. He was an inventor and held several patents in connection with house construction.

In recent years, despite his advanced age, he continued his contracting and custom building.

He was married in January, 1897, to Elizabeth Eldora Flagg, who preceded him in death several years ago.

In addition to Roth Cline, he is survived by another son, Nolan, of Saginaw, Mich., who came here for the funeral services; three grandchildren; and two great grandchildren.

Family's Second Tragic Death

This is the second time that tragic death has struck the Cline home in the last four months. Airman 1/C Stanley M. Cline, 24-year-old son of Mr. and Mrs. Roth Cline, was fatally injured in a traffic accident early on the morning of Jan. 2 in Washington, D. C.

Stanley was a clarinetist attached to the Air Force Band at Bolling Field located near the na-

Goofy Political Campaign

HOOSIER LAR DALY
"Mr. America First"

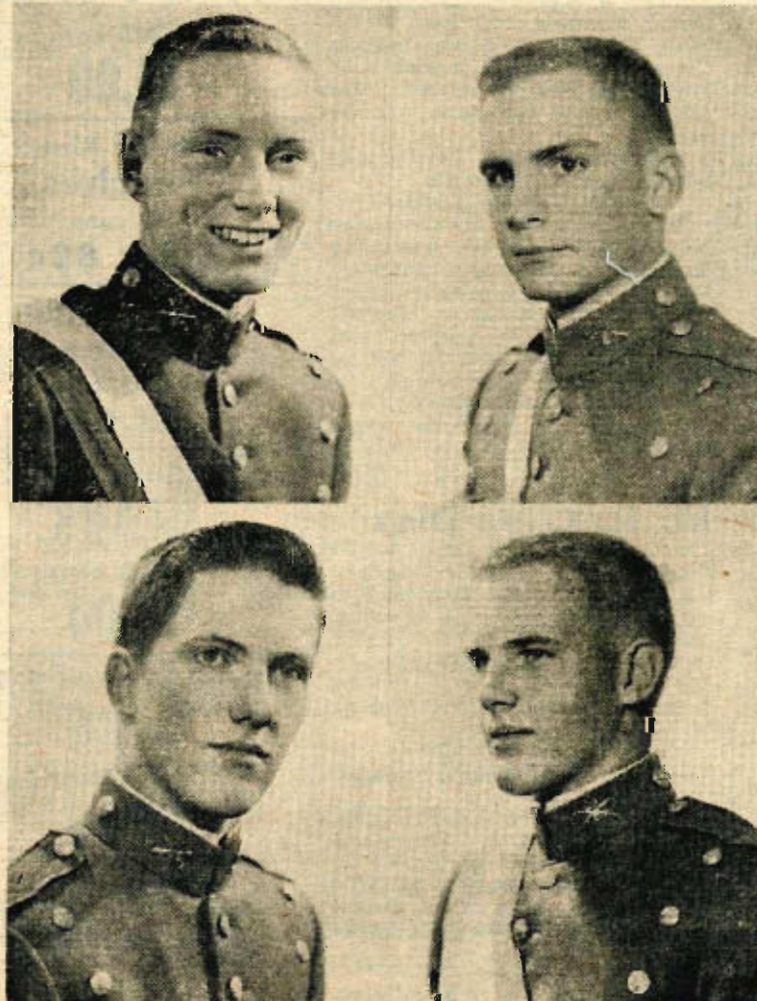

Democrats desiring to vote for Senator John F. Kennedy as their preference for the Presidential nomination yesterday were confronted with a ballot cluttered with the names of Gary-born Lar Daly, 48, perennial Chicago candidate for some office or other, and John Hugh Latham, 64, a retired Hoosier pipefitter.

Local Democrats who voted against Kennedy because he is a Roman Catholic will be surprised to read that Lar Daly is also of that faith.

Supporters of Vice-President Richard M. Nixon for the G.O.P. Presidential nomination had to go to the trouble of bypassing the name of Frank Beckwith, 55, an Indianapolis lawyer, who stated that as far as he knows, he is the first Negro to run for President of the U.S. Beckwith got 133 votes in Marshall County — 9 in Union Township.

Republicans and Democrats Pick November Tickets

Big G.O.P. Trend Seen In Vote

Vice-President Richard M. Nixon, whose mother is a Hoosier, showed surprising strength in yesterday's Presidential primary election by beating favored Democrat, Senator John F. Kennedy, in a state-wide popularity vote by an estimated 75,000.

Hard-working Marshall County Republican chairman, Stewart W. Robertson, and Homer H. Kemple, veteran Union Township precinct committeeman, were all smiles last night as they noted that the G. O. P. has returned to its old-time vigor as the favorite political party in these parts.

Nixon Whips Kennedy

Nixon walloped Kennedy in Marshall County 4,188 to 2,519 — a comfortable margin of 1,669.

Dr. Bowen Wins Again

Dr. Otis R. Bowen, of Bremen, seeking his old Republican seat in the State Legislature, again challenged by Eugene Stanley, of Plymouth, former State Representative, won by a commanding margin of 2,745 to 1,525.

Nimitz For Congress

F. Jay Nimitz, of South Bend, who formerly served with distinction in Congress from the Third District, was unopposed for nomination but received a nice complimentary vote of 4,047 in Marshall County. He will again oppose Representative John Brademas, of South Bend, who got 3,129 votes on the Democratic ticket.

Only Culver Candidate Loses

Dr. Frank A. Ickert, Culver osteopathic physician, who sought the nomination for coroner on the Democratic ticket, lost out to Dr. James N. Hampton, M.D., of Argos, 1,748 to 528.

Dr. Marshall E. Stine, M.D., of Bremen, present G. O. P. coroner, polled a big vote of 4,064.

Joint State Senator

Harold Louis Whiteman, native of LaPaz, who lives in Lakeville, beat Henry A. Hoover, South Bend lawyer, 2,070 to 1,906, for the G. O. P. nomination for Joint State Senator for Marshall and St. Joseph Counties, but lost out to Hoover in St. Joseph County 7,267 to 5,493. Hoover will oppose incumbent Marshall, F. Kizer, Plymouth Democrat, in November.

Union Township Native Wins

Lloyd Beatty, of Plymouth, native of Burr Oak in Union Township, scored an outstanding victory over two tough competitors in a three-cornered battle for the G. O. P. nomination for county recorder. Beatty, a devoted party worker for 35 years, got 2,061 votes to 1,311 for Floyd D. Kain, former county clerk, and 820 for Donald E. Winsted, former county sheriff.

Next fall Beatty will oppose Democrat James B. Bergman, of Plymouth, who won out over both Loren E. Lamert and Crayton M. Holdread in a close race.

Bob Milner Runs Strong

Robert D. Milner, Plymouth, always a powerful G. O. P. vote-getter, won the nomination for county treasurer over newcomer John L. Gingle, Bourbon, 2,952 to 1,289.

This fall Milner will face Miss Berniece Strang, Route 4, Plymouth, who took the measure of both Lee O'Connell, Plymouth, and Pat D. Farrer, Bremen, on the Democrat ticket.

County Surveyor Unopposed

Frank E. Kleinke, popular G. O. P. county surveyor, was unopposed but garnered 3,972 votes. This fall he will be challenged by Wilbia L. Carrothers, Burr Oak Democrat.

County Commissioners

Funeral Services Held Saturday For Lon Wolverton

Alonzo Franklin Wolverton, age 71, died at 10 a.m. Wednesday at his home at 303 S. Ohio St., Culver. He had been ill for several months.

Born in Tipton County on Feb. 11, 1886, Mr. Wolverton lived there where he engaged in farming until 39 years ago when they moved to a farm in Fulton County on the Fulton-Marshall County Line Road. Thirty-five years ago he went into the well drilling business and moved to Culver.

Surviving are his wife, Edna; two daughters, Mrs. Helen Lomax, Mishawaka, and Mary at home; two sons, Joseph, Excelsior Springs, Mo. and John A., Route 2, Culver; one brother, Fred Wolverton, Tipton; three sisters, Mrs. Jennie Foster and Mrs. Lulu Day both of Tipton and Mrs. Mabel Miller, West Palm Beach, Fla.; and seven grandchildren.

Services were held at 10 a.m. Saturday at the Easterday Funeral Home. Rev. Vernon L. Palmer, pastor of Emmanuel Evangelical United Brethren Church, officiated and burial was at the Culver Masonic Cemetery.

Mother Goose In Line For Mother's Day Recognition

Of all the mothers who will be taking bows, Sunday, May 8, none has shown more stamina than the little old lady who has been putting children to sleep for more than 200 years.

But Mother Goose may have had more on her mind than non-sense rhymes. In fact, she may have been taking pot shots at some of the key figures of her day.

"Rock-a-bye baby on the tree top" sounds harmless enough. But the lullaby — popular during the time of James I of England — might have been a joking reference to James' shaky hold on his throne.

World Book Encyclopedia suggests that the little boy who sat in a corner eating his Christmas pie was really an English steward sent to London with a pie for the king.

Important Papers In Pies

In the days of Henry VIII, important papers often were baked in pies, and this particular one supposedly contained title deeds for several English estates.

The greedy Jack Horner, however, stole the king's "plum" — the deed to an estate that had once belonged to the Church of England.

Humpty Dumpty may have been Richard III. The deformed villain seized the throne of England in 1483 after imprisoning his 12-year-old nephew, the rightful king, in the Tower of London. Two years later he was killed in the battle of Bosworth Field, and "all the king's horses and all the king's men couldn't put Humpty together again."

BARBARA RUST NAMED RUSH CHAIRMAN OF DELTA ZETA SORORITY

Barbara Rust, daughter of Mr. and Mrs. Robert Rust, is the newly elected Rush Chairman of the Delta Zeta Sorority at DePauw University in Greencastle. Barbara is a sophomore at DePauw this year.

Mrs. Vada Smith and son, Lester, were Sunday evening supper guests of their daughter and sister, Mrs. Cleo Wynn, and family.

Don't Say Donkey To Any Member Of The Lions Club!

This is a sad, sad story about the donkey basketball game scheduled for the Community Building last night under the sponsorship of the Lions Club for the benefit of the Little League Baseball Uniform Fund.

The widely publicized troupe, "mismanaged" by Ralph Godfrey, of Crescent, Okla., landed in Culver shortly before 7:30 show time.

Only 7 of the promised 10 donkeys, plus a pony ringer, accompanied the couple in charge. The animals were vermin-laden, obviously not house-broken, and were not possessors of the proper footgear to protect the basketball floor.

Lions Club officials, especially event chairman, Norm Baker, cancelled the event in quick order, disappointing a large crowd of kids and adults dressed in their Sunday best. An "official" explanation will appear in next week's Citizen.

When last seen the donkeys were headed for Plymouth, allegedly to visit the Democratic headquarters to console party workers about their poor showing in Tuesday's primary election.

First District, beat challenger Joseph C. Holm, Route 1, Walkerton, 2,995 to 1,121.

Foster Davenport, Route 2, Plymouth, won out over four Democrat rivals and will be Norris' fall opponent.

Argos Republican Nominated Robert Q. Tucker, Route 1, Argos, although unopposed got a whopping 3,701 votes for county commissioner for the Third District on the G.O.P. slate. Louis W. Weissert, Route 2, Bourbon, is the Democrat candidate.

NIPSCO's Spring Tax Installment \$3 1/2 Million

A spring tax installment of more than \$3 1/2 million (\$3,614,832.23) in real estate and personal property taxes was paid this week by Northern Indiana Public Service Company as its contribution toward the continued successful operation of schools, cities, and towns throughout the northern third of the state, Dean L. Mitchell, NIPSCO president revealed today.

"The payment represents an increase of \$393,134.52 over last year's installment," Mitchell said, making us one of the largest single taxpayers in the state of Indiana."

John E. Nickoloff, Plymouth district manager, said that local taxes paid by the utility in that area amounted to \$124,836.24, of which \$32,021.19 went to Starke County; \$12,963.91 went to Fulton County; and \$79,851.14 went to Marshall County.

The city of Plymouth received \$41,035.37; the city of Knox received \$5,786.22; and the city of Rochester received \$5,757.84.

NIPSCO tax checks were sent to local district managers well ahead of the tax payment deadline to make sure county treasurers received them in plenty of time.

Mother's Day At Academy Is Big Celebration

Here's Program Of Full Weekend

Culver Military Academy students will honor their mothers at the annual Mother's Day weekend festivities beginning Friday.

Highlights include a cadet symposium, the annual meeting of the Culver Mothers Club, a tea for the parents, a special garrison parade, and a dress rehearsal of the annual commencement play this year, "Oklahoma!"

Mothers will have an opportunity to visit their son's classes Friday, and members of the mathematics, science, and music departments will be available for interviews.

That evening at 8 p.m., history students will hold a cadet symposium on "Should Red China Be Recognized By The United States?" in the Little Theater of Eppley Auditorium. The symposium will be moderated by Dr. Lyman Barbank Culver's Eppley chairholder in History.

Annual Meeting Saturday
The annual meeting of the Culver Mothers Club at 9:30 a.m. in Eppley Auditorium will begin Saturday's activities. Afterward instructors in English, history, and languages will be available for interviews.

Saturday afternoon mothers may attend either a golf match, crew race, or track meet. At 4 p.m. the new Culver film, "Education For Responsibility," will be shown.

Following the movie, at 5 p.m., parents are invited to a tea at the superintendent's home of Maj. Gen. and Mrs. Delmar T. Spivey.

Broadway Musical Scheduled
At 8 p.m. parents and guests are invited to attend the dress rehearsal of "Oklahoma!"

The Rev. Ralph G. Dunlap, chaplain of Northwestern University, will be the guest preacher at Chapel services at 10:20 a.m. Sunday.

Then at 11:50 a.m. the mothers will be guests of honor in the reviewing stand at a garrison parade. Each mother will be presented with a rose. After the parade mothers will join their sons for dinner in the Academy Dining Hall.

Lions Club To Sponsor Post Prom Party

The Culver Lions Club is sponsoring a Post Prom Party at the Plymouth Country Club for the Culver High School juniors and seniors and their guests from 1 a.m. to 3 a.m. following the May 6 Junior-Senior Prom. Entertainment and refreshments will be provided followed by a breakfast.

This is the second year that our local Lions Club has sponsored this project.

Inasmuch as the Prom is the big social event of the year in the school, many of our young people anticipate this gala affair with post prom plans. To obviate the necessity of seeking entertainment in relatively distant cities with consequent travel dangers, the Lions Club is sponsoring this project.

Mrs. Frances Sims Contributes To Religious Guide

NASHVILLE, TENN. — Mrs. Jesse (Frances) Sims of Culver, Ind., is the author of a meditation accepted for publication by The Upper Room, world-wide devotional guide, according to an announcement by Dr. J. Manning Potts, editor.

The daily devotional guide, which has a circulation of over 3,250,000 copies, is printed in 37 editions and 31 languages. It is distributed in more than 100 countries.

Each day's reading in The Upper Room includes a Bible reading, a Bible text, a meditation, a prayer, and a thought for the day. Because of the wide readership and popularity of The Upper Room, it is considered a high honor to have a meditation selected for publication in this devotional guide which has such wide interdenominational use. It is estimated that 70,000 churches provide copies of The Upper Room as a part of their ministry.

Distributed By Chaplains
Many thousands of copies of each issue are distributed by chaplains serving with military forces, chaplains in veterans and other hospitals, and by chaplains serving prisons and other institutions. For visually handicapped people The Upper Room is available in Braille and Talking Book editions.

The meditation written by Mrs. Sims is published in the May-June issue and will be used on May 9. She based her meditation on Deuteronomy 33:25, "Thy shoes shall be iron and brass; and as thy days, so shall thy strength be," and says in part: "God is still taking care of the tomorrows; and I am doing my best, with His help, to take care of the todays. We can all do the same, with God's help."

Twenty four Marshall County residents were honored for scholastic achievement at Indiana University's annual Founders' Day Convocation at 10 a.m. this morning.

The Dean's reception for honor students and their parents was scheduled from 1:30 to 2:30 p.m. in the Union Building, followed by the traditional pilgrimage to the grave and residence of the University's first president, Andrew Wiley.

Those from Culver who were honored included Jeanette E. Berger, Charles H. Faulkner, Sandra G. Furnas, Tommye Lou Glaze, and Lawrence A. Stratt.

REV. HAROLD W. HOHMAN
Welcomed To Culver

**Harold W. Hohman
Is Grace Church's
14th Pastor**

Rev. Harold W. Hohman, who assumed his duties as pastor of Grace United Church of Culver on Feb. 1, and his family are splendid additions to our community.

Many complimented him on his excellent sermon at the community's joint Good Friday services at Grace Church.

Rev. Hohman succeeded Dr. Meredith J. Sprunger who resigned as pastor of the local church last June to accept an appointment as a member of the staff of the Indiana Technical College at Fort Wayne.

Native Of Illinois

A native of Nashville, Ill., Rev. Hohman graduated from Elmhurst College and received his divinity degree at the Eden Theological Seminary at St. Louis. He served churches in Garber, Iowa; Dupo, Ill.; Niles, Mich.; and has served nine years as pastor of the Peace Church, Evangelical and Reformed, at Bensenville, Ill., before coming to Culver.

Rev. Hohman is the 14th pastor to serve Grace Church since its founding nearly 75 years ago.

He and Mrs. Hohman are the parents of three children: Wayne, a sophomore at Knox College, Galesburg, Ill.; Fred, a freshman at Northern Illinois University at DeKalb; and a daughter, Sheryl, a freshman in Culver High School.

Howard Albert is congregation president and chairman of the consistency of Grace Church. C. W. Brooks was chairman of the Pastoral Committee composed of Margaret Swanson, George Boots, Don Grothaus, Mrs. W. C. Craft, Harold Hatten, Betty Kose, Walter Johnson, and Robert Rust.

It is a good thing we cannot read each other's thoughts, else many a man would come home with a black eye each evening.

CHECK YOUR CAR FOR SAFETY AS WELL AS BEAUTY
Indianapolis, May 4 — "Car care doesn't cost - it pays", James E. Nicholas, general manager of the Indiana Motor Truck Association, said here today.

Speaking in connection with the industry's May safety campaign, Nicholas told drivers that well-cared-for vehicles offer the best assurance of safe, trouble-free driving.

"The driver checks brakes, lights, steering, windshield wipers, and horn. He also cleans his windshield, other windows and mirrors. Under the hood he looks at crankcase oil levels and the water in the radiator. Finally, he starts the motor, checks to make sure all dashboard gauges read normally and listens for any abnormal engine sounds.

"These are checks which every driver should make of his vehicle," Nicholas declared. "On a long business or vacation trip, they should be checked everyday before starting out. In normal local operation, they should be made at least once a week."

The little extra time it takes to make sure your vehicle is in top operating condition may save a life or costly repair bills in the future, the trucking industry spokesman concluded.

MIXED-UP MEDICINE MAN

Name Of The Game

In this election year the labor unions are in politics in a big way. What is it they want?

The Oil, Chemical, and Atomic Workers International Union carried an editorial in its official newspaper last summer which included these statements:

"All pensions, health insurance, sick leave and the many other protections we seek against emergency should be handled through nationalized insurance. . . . Manipulation of the nation's finances should be placed more securely in government hands. . . . Research and development of military equipment should be taken away from corporations and done by government. . . . It should be public policy to encourage organization and strengthening of unions. . . ."

The editorial admitted that "to some of these suggestions, the reader will respond, 'That's Socialism'."

Well, what would you Culver folks call it?

NEW DDD NAMES ON INDIANA BELL LIST

Telephones in eight more Indiana communities will be added to the Direct Distance Dialing list during May.

Indiana Bell Manager Jack Ellis said DDD users can dial long distance calls to East Gary and Hobart phones beginning May 1, to LaGrange, Howe, Mongo, Shipshewana, and Wolcottville phones beginning May 15, and to Lizton phones beginning May 21.

Seven-figure telephone numbers will be adopted in three of the communities — East Gary, Hobart and Lizton. All East Gary numbers, for example, will begin with 962 followed by four other figures.

The publicity itch gets a lot of people, sooner or later, but it usually gets them.

Just Imagine!

An ad this size (1 column wide and 2 inches deep) costs only \$1.40 per issue.

You just can't afford not to advertise in The Culver Citizen at this low rate of only 70 cents per column inch!

The Week With Governor Handley

Plain Talk About Our System Of Better Highways

INDIANAPOLIS, May 2 — "Indiana is using all money allocated to it from federal gasoline and automobile taxes, and as a result we have risen from 47th to 10th in dollar value of highway construction completed, under way, or advertised for bidding," Governor Harold W. Handley said here today.

"At least 106 miles of new interstate highways will be fully completed in Indiana this year, as well as 80% of new bridges now being built.

"In addition, the Indiana State Highway Department will receive bids May 5 on \$2,562,000 of further interstate projects, and in June an additional \$13,777,000 will be bid.

Interstate Highway Allocation
 "In the fiscal year 1957 Indiana was allocated \$24,326,000 for the interstate system, in 1958 we were allocated \$41,355,000, and in 1959 the allotment was \$53,189,000.

"We were to have received \$71 million in fiscal 1960, but because of the 1958 'crash' program of speeded-up building, ordered by Congress, had exhausted available funds, we were cut back to \$51 million.

"The next fiscal year's allocation for interstate work in Indiana likewise is \$51 million.

"When I became Governor, I found Indiana had not used \$39 million of federal allocations for state primary and secondary roads. Since I pledged to care for the needs of Indiana motorists first, we originally placed most emphasis on rebuilding and modernizing state highways and bridges.

"It has been our goal to serve every part of Indiana with hard-surfaced all-weather roads that are adequate for modern traffic needs. As a result, we now have the finest state highway system in the nation.

Don't Owe A Penny!
 "And what makes this record even more outstanding is that Indiana does not owe a penny for its roads. They are all bought and paid for as they are built.

"Prior to 1957 Indiana had not undertaken actual construction on the interstate system. It requires an average of 21 months between determination of an actual route and taking of bids, including 17 official consultations on each project with the Federal Bureau of Roads. We are proceeding well with all this planning and with the buying of right-of-way for the new routes and the letting of bids.

"Before the end of this year Hoosier motorists will be riding on many miles of these entirely new super-expressways, as well as on our, widened and resurfaced state highways."

State-Collected Gasoline Taxes
 Governor Handley "unveiled" an Indiana Highway Progress Report, detailing hundreds of facts regarding the Hoosier road system, at a meeting of the Indiana Highway Users Conference in Indianapolis last Thursday. He stressed that increased gasoline taxes voted by the 1957 Legislature not only have enabled the state highway system to make ra-

pid strides forward, but also has increased by 50% the amount of state-collected gasoline taxes for all counties and municipalities.

"Of every dollar collected by the state in gasoline taxes, 32 cents automatically goes back to the counties, and an additional 15 cents to municipalities. If this money isn't bringing road and street improvements in your community, blame your local authorities."

Boat Owners In Indiana Free Of USCG Ruling

Boat owners of Indiana, who are or will register their boats under the new Indiana motorboat registration law, will not be required to register their boats with the U. S. Coast Guard.

"The U. S. Coast Guard will not issue any numbers to a boat already numbered under the Indiana numbering system as that system was approved by the Coast Guard on Jan. 13, 1960. The Coast Guard applications and stamps available at all first and second class post offices after April 1 are solely for numbering boats in any state not having an approved system," John Rawlins, superintendent of the Enforcement division, said recently Indiana has an approved system.

A False Alarm Sounded!
 Recent news stories containing the Coast Guard registration rules have led boat owners to believe that boats must be registered with the Coast Guard and Indiana.

This is not necessary as Indiana has complied with the Federal Bonner Act and its numbering system has been approved by the Coast Guard.

The registration and the numbers that go with the registration, when applied to a boat, allows that registration to be honored in any state that has an approved system and on any Federal waters under the jurisdiction of the Coast Guard.

CULVER FANS GET SOME SAGE THOUGHTS FROM "SACHEL" PAIGE

Leroy "Satchel" Paige, the fabulous baseball player who made his acting debut in United Artists' "The Wonderful Country," is one of the most colorful characters in or out of the sporting world.

Although he's been around 60 years, nobody knows his age, a fact which Satchel credits to his unique way of life, which sums up in what he calls—"The Immortal Creed of Satchel Paige:"

1. Avoid fried meats which are greasy and give you indigestion.
2. If your stomach disturbs you, lie down and pacify it with cool thoughts.
3. Keep the juice flowing by jangling around gently as you move.
4. Go very light on the vic such as carrying on in society. The social rattle ain't restful.
5. Avoid running at all times (except to steal home).
6. Don't look back. Something might be gaining on you.

Mr. and Mrs. Clyde Morlan entertained at dinner Sunday evening for Mr. and Mrs. Lewis Kepi of Plymouth, Mr. and Mrs. Ralph Thornburg, Mrs. Ceell Smith a Mrs. Ralph Wickizer. The evening was spent playing cards.

"If you can't be thankful for what you receive, be thankful for what you escape." — Grit.

pher caught him in mid-leap. The picture was sold to a syndicate and widely published.

"That really made Spot famous," Lynn grinned. "It also brought us a flood of mail — some from doubters like the woman who wrote, 'Don't try to kid me. I can see the wire holding that stuffed fish!' There was no wire — just a very live Spot earning his daily bread!"

THIS SUMMER Roscoe and Lynn hope to perfect a hoop hop for Spot.

"We tried it last fall," Lynn said. "Spot leaped high enough — but straight up. I think we can get the right jumping angle by luring him up a camouflaged underwater ramp of smooth plastic."

In addition to fetching summer crowds to their nursery, Spot has taught the Mungers — both avid anglers — some things about fishing.

"His sensitivity to vibrations is incredible," Lynn said. Even when we walk lightly onto the ramp he'll charge up from the far end, 75 yards away. The lesson is plain. When bass fishing, be scrupulously quiet — especially in a boat.

LYNN SAYS BASS also have surprisingly sharp sight. Spot will jump for a crawler or frog — but not for a worm-like stick, or artificial frog, or even a live grasshopper — which he apparently just doesn't like.

And when Spot's belly is full he scorns all food up to 48 hours.

"To be sure of a Sunday show we must starve him from Friday on," Lynn said. "And after his big Sunday feed, he seldom leaps for tidbits 'til Tuesday."

The ponds' four other bass won't eat from a Munger hand. Lack of training is one reason. Spot is another.

"He's just a jealous old prima donna," Lynn laughed. "If another bass nears the ramp, Spot angrily shoos him away. He tolerates one old bluegill that scavenges scraps — but even the gill gets hunted if he crowds too close."

YOU STILL THINK I'm pulling your leg with a big fish lie, eh? O. K. — go see for yourself. Spot emerged from his winter doldrums early this month and began eating again from Munger hands. By July or August, he should be merrily hoop-hopping for his worms and frogs.

Long 7-Figure Phone Numbers Now In Vogue

Indiana Bell Explains System

Local telephone users may encounter more seven-figure telephone numbers as they dial long distance calls across the nation, Indiana Bell manager, Jack Ellis, said today.

He said the new numbering system has been adopted in a few of the nation's communities and will be introduced in still more in the months ahead.

Indiana Bell customers at Spencer, for example, will adopt the numbers late this year when a new dial system begins service. All Spencer numbers then will begin with 829, and a typical number will be 829-1234.

Similar seven-figure telephone numbers will be assigned to phones in the Anderson-Alexandria area. The new system will be introduced in that area about next January.

Don't Be Confused!

"So don't be confused if an information operator gives you a seven-figure telephone number for a Direct Distance Dialing call," Ellis said. "You then will dial seven figures instead of the usual two letters and five figures."

He said the nation is outgrowing the letter-and-figure numbering system now used in many communities, and studies and tests conducted by telephone scientists show that a seven-figure system has both present and fu-

ture advantages.

For one thing, it offers more number combinations than letters and figures, thereby making room for future telephone growth. And customers find they can dial seven-figure telephone numbers more quickly and more accurately than letter-and-figure numbers.

LOST? NOT ME - A Noblesville woman, Mrs. John Randall, took her five-year-old daughter, Sue, to a kindergarten in the family car. The little girl kissed her mother goodbye and ran up to the door of the school. But the child found the door stuck. She could not open it and, unable to attract the attention of anyone inside, she came to the conclusion school had been dismissed for the day. She then set out on foot to find the home of a friend her mother had planned to visit. She walked through the city and passed the police station which her mother had often pointed out as a place she could find help if she ever became lost. Finally Sue became tired and began crying as she trudged along. A passerby questioned her and Sue gave the name and address of the friend her mother was visiting. Mrs. Randall was located and she came and picked up her daughter. Asked by her mother why she passed the police station without seeking help little Sue replied, "Why? I wasn't lost."

C of C Highway Committee Makes Progress Report

"Clean-Up Week" May 16-May 21

CHARLES COOK
1960 President Of
Chamber of Commerce

The Culver-Union Township Chamber of Commerce heard a report of its Road Committee at its monthly meeting Monday at The Culver Inn.

Don Davis, chairman, spoke briefly on the efforts of his committee to bring about badly needed improvements on State Roads 10, 117, and 110. He stated the Indiana State Highway Commission and the district supervisor had been contacted on several occasions, but with no definite conclusions being reached.

Also speaking on the work of the committee were George Babcock, Frank Schmidt, Judson Dil-

lon, and Al Poppe. The committee will continue its surveys and contacts, with every effort being made to bring about some improvements.

"Clean-up Week" Coming
The Chamber voted to cooperate with the Culver Town Board in promoting and publicizing "Clean-Up Week", which will be from May 16 to May 21. A. R. McKesson, president of the Town Board, stated that the program would be considered by the Board. It is hoped to get all citizens and property owners interested in making "Clean-Up Week" a successful spring housecleaning project in Culver.

Directional Signs Erected
Don Trone reported that the new directional signs had been erected at major intersections around Culver, and that possibly one or two more signs will be ordered.

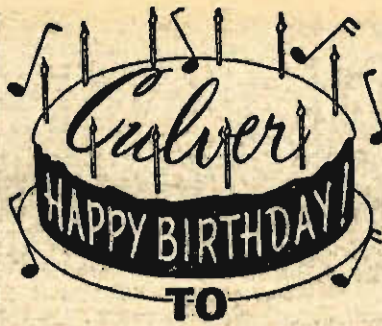

The Chamber, of which Charles Cook is president, will suspend its regular monthly meetings during the summer, and will not meet again until the first Monday in September.

Sportscasting

By EARL MISHLER

Our fine track team began to live up to their potential last week, as Coach Jim Cox' boys rolled to the Class B championship in the Rochester Relays, and added two victories in dual meets in three successive days, Monday, Tuesday, and Wednesday.

At Rochester, Culver nosed out Argos by three points for the Class B title. Dave Washburn was the meet's only double winner, posting firsts in the pole vault and shot put. The Indians' relay teams were the deciding factor, chalking up three firsts.

Tuesday evening, Culver played host to North Liberty, winning handily, 76-33. Culver's first place winners were Washburn, Larry Davis, Gary Dillon, Corky Walter, and one relay team.

Monterey was scalped, 66-43, at the local track last Wednesday evening. Despite the visitors' fine high hurdlers, high and broad jumpers, and distance runners, Culver, once more led by Dave Washburn was equal to the task. "Little Dave" captured the 100-yard dash, pole vault, and shot put. Davis won the 220-yard dash, Jim Hall the 440, and Walter the low hurdles. In addition to two relay victories to offset the Monterey strong points.

The Culverites now are preparing for the Marshall County meet at Bremen, May 6. It will take a supreme effort to overcome the powerful Bremen track squad.

CULVER RELAYS ARE RESCHEDULED

The fifth annual Culver Relays, scheduled at the Academy last Saturday, were rained out. They will be held Wednesday at 4 p.m. instead.

Teams competing are New Carlisle, Knox, Chesterton, Howe Military School, and Culver Military Academy.

Safety Checking Of Automobiles Now Under Way

An all-out campaign to inspect 1,300,000 motor vehicles in almost every Indiana community, including Culver, will be launched the first week of May.

The Vehicle Safety-Check Program, which is sponsored by the Governor's Traffic Safety Committee, is both free and voluntary.

Safety-check lanes will be established in almost every city, town, and hamlet as well as by industries and military establishments to detect and correct mechanical and electrical defects in more than half of the vehicles traveling on Hoosier streets and highways.

Many Have Serious Defects
During the 1959 program, 1,064,765 cars and trucks were checked and 132,870 found to have defects which could contribute to accidents. These were "potential accidents going somewhere to happen," according to State Traffic Safety Director L. C. Bever.
