. Indiana Democrats at their state convention vesterday in Indianapolis picked a formidable candidate for Covernor in the se-lection of State Senator Matthew E. Welsh of Vincennes.

Welsh, backed by the powerful Frank E. McKinney-Frank McHele team, won an incressive victory over State Auditor Albert OI Sevinour by a vote of 1,561 to 780.

Another Kizer Setback

It was another crushing political blow to State Senator shall F. Kitzer of Plymouth, Third District chairman, who, along with several others, failed in a stop Welsh movement. In the May primary election Kizer, who headed the Hoosier forces behind Kennedy for President, saw his candidate go down to unexpected defeat by more than 50,000 votes in a trial run with Vice-President Richard M. "Miss Indiana" Title Is Next!

A truly exceptional Culver young lady, richly endowed with beauty and talent and brains, is, in the opinion of many people, on the threshold of bringing international fame to our community. 1,200 Cheer Her!

She is Miss Tommye Lou Glaze, daughter of Mrs. Helen Glaze of daughter of Mrs. Helen Glaze of 702 College Avenue, who last Thursday night completely out-distanced 17 outstanding Marshall County contestants in the "Miss Plymouth" pageant before a cheering throng of 1,200 people in Centennial Auditorium.

Culver's very own 21-year-old Tommye, singing "Una Voce Poco Fa" from "The Barber of Seville" with tremendous brilliance, thoroughly captivated her audience. She was splendidly accompanied by her uncle, Claude N. Zetty, of the Culver Military Academy faculty.

Miss Glaze will compete with about 20 other talented Hoosler girls at the "Miss Indiana" pag-eant at Michigan City on Saturday evening, July 9. If she wins that "big" one, we predict that she will become "Miss America" at Atlantic City in Sentember!

Indiana Having Big Year Indiana, by the way, is having a genuinely successful year in vational competitions. A Kentfand, Indiana, housewife has just been selected as "Mrs. America." And this year's Academy Award movie, "Ben Hur." was partially written by the late great General Lew Wallace during his sum-mers along the shores of Lake Maxinkuckee.

A major disappointment, of course, was that the violent starre of list Thursday afternoon cancelled the parade in which Tommye was to have ridden through the main streets of the county seal in a brand-new convertible generously supplied by Snyder Chevrolet Sales of Cul-ver, piloted by Jay Snyder.

NIPSCO Starts Natural Gas System In Town

Two fine gentlemen - John E. Niekoloff and D. D. MAXINKUCKEE PLAYHOUSE CULVER, INDIANA Editor, CITIZEN:

The familiar saying, "The Show Must Go On," may seem like an ill-founded bit of emotionalism to some realists, but two Cuilver folk gave it new vitality and meaning for the Maxinkuckee Playhouse last Thursday night,

The summer storm which swept through the area cut the power line leading to the Playhouse only an hour or so before curtain time, when a full house composed of many persons from South Bend and Elkhart had tickets to attend. Persons from these areas do

not completely understand the local power problems with which we must cope and it was a neces-sity for the reputation of the Playhouse that they not make the trip in vain.

As curtain time drew near, it became evident that the power line would not be repaired in time. Only a matter of a half hour or so remained.

An emergency call went out to our great friend, Don Davis, and with the help and cooperation of Jim Talley, a tractor from Don's farm bearing a generator and electric couplings and extensions from Jim's Electric Shop were on the scene.

Both friends stayed and kept watch on the emergency power plant during the first act and helped to switch back to the normal power supply during intermission.

Our many patrons had a good time watching "Kiss Me, Kate" and Don and Jim certainly win the award of merit and helpful-

ness for this week! So many in Culver and around the Lake have been most helpful to us during our 11 seasons — The Citizen, The State Exchange Bank, Indiana Bell Telephone Co., and many others help us all the time, but I wanted you to know of this special incident which de-serves the thanks of both the

Playhouse and the community.

Hoosier Chief Executive Really Gets Around!

INDIANAPOLIS, June 20 Based in part on information gathered when he visited Japan late last year on a good will mission to Japanese schools, Gover-nor Harold W. Handley said today that he believes the Reds took what started out to be a peaceful mass protest against the incumbent Japanese cabinet and apolis. turned it into another propaganda attack on the United States.

"When I was in Tokyo and elsewhere throughout the islands as a part of the Indiana Lincoln Foundation delegation which ex-plained to thousands of Japanese young people how Abraham Lincoin grew up in a humble Indiana home, we passed through several such demonstrations.

Student Were Friendly

"Invariably the students were friendly and polite. We were not the objects of their outbursts.

"We did sense some opposition to the new American-Japanese treaty of amity, partly because some sincere Japanese fear might involve them in new trouble with Communist China and Com-munist Russia, and also partly because of the pressure used by the Kishi government to get the treaty ratified by the Japanese parliament

"Since then the Reds have apparently been working with skill and success to manipulate these demonstrations into an anti-American protest. The Socialists have been used to swell the crowds, which at the proper mo-ment were whipped into mobilke

President's Visit To Japan

"I hope that when the situation returns to normal that the invitation to the President will be re-newed and that, in the cause of mutual understanding between our two nations, his visit to Japan will be undertaken.

"When it does come - and whether it is President Eisenhower or President Nixon who makes the trip — It will be historic.

"The great defense are of the free peoples extends from Japan down through Formosa and the Philippines to India It is essential that this are prevail if Com-munism is the Orient is to be contained within its present

"Should either anchor of this are fall into Communist hands, then we will find our 43th and 50th states — Alaska and Hawaii — as our next outposts. This would put Communism at our doorstey, in the same menacing way that the Reds are threaten-ing us in the Carribeas."

Variety Of Appearances

Governor Handley had a busy week in a variety of appearances. Tuesday he visited the School for Retarded Children at Muscatatuck and dedicated a new Reserve Guard Armory at Scotts-

On Wednesday he attended a farewell given by the insurance profession in honor of Alden Palmer, retiring Indiana Insurance Commissioner. On Thursday he addressed the Indiana Council of the Veterans of Foreign Wars.

Last Friday Governor Handley addressed the Indiana Manufac-turers Association convention at French Lick, and then visited Boys' State at Bloomington. On Saturday he spoke at the State Fathers' Day Luncheon in Indian-

Awards will be made to General Mark Clark, tootball star PAGE 1 READING NOTICES Tom Harmon, and stage star Forrest Tucker of "The Music Man." On Tuesday he will tour the Youngstown steel mill at East Chicago. Then he will fly to Hel-ena, Montana, to be the keynote speaker at the Montana Republican State Convention on Wednesday.

To Attend Convention

Governor Handley will fly back to Indianapolis on Thursday to attend the Indiana Republican State Convention. He will leave immediately thereafter to attend the annual Governors' Conference at Glacier National Park. Mon-

Governor Handley will be a prominent figure at this confer-ence, since he is a member of the Executive Committee and also will participate in a special panel discussion of the problems of education.

Governor Handley will explain how Indiana provides basic teacher salary support from state-col-lected taxes and yet insists on local community nome rule in school administration. He also will tell how indiana generously supports its four state colleges Those who opposed Kishi were put in the position of also being against the United States.

The product of the state budget is automatically distributed to local communities.

The Governor will return to Indiana by train in time to act as Marshal of the July 4 parade in his home city of LaPorte.

Here they become engaged in some Quixotic adventures which results in an amount of visual comedy destined to make "Tipsy Rebellion" a well remembered laugh spot on the current season.

Playing the part of the harrassed wife, Adale O'Brien, who won such applause in last week's "Kiss Me Kate", turns in another wonderful character. As the two lovers Jadeen Barbor and Pack Carnes are engaging, winning, and fun. Two other wonderful portraits are created by Sally Noble and Karen Lang as the two disters, whose mission work are sisters whose mission work com-pletely upsets the plans of the two rougish Irishmen. Vaughn McBride as an English speaking native makes a hit part out of a minor role. The play will run through Sunday. June 26.

Hats Off To DENTIST OF YEAR

DE. HARRY S. STEVENSON

Dr. Harry S. Stevenson of Rising Sun, Ohio County, has been named "Honor Dentist of the Year" by the Indiana State Dental Association.

A life-long resident of Rising Sun. Dr. Stevenson was born in 1869 and received his training at the Chicago Dental School.

The 90-year-old dentist still practices six full days a week.
Showing disdain for the traditional middle of the week half-day vacation, Dr. Stevenson said: "This business of Wednesday afternoon off is just crazy, it only makes the farmers mad!"

He has never had an assistant and contends that the biggest changes in dentistry are the departure of gold foil, objections to the rubber dam, and the use of novocaine.

Dr. Stevenson and his wife, Sarah, who also is 90 years old, celebrated their 66th wedding anniversary last Christmas Day.

From where I sit ... by Joe Marsh

Ever Have That "Sinking" Feeling?

You probably know that "Chip" Wallace was just appointed swimming instructor at the Boys Club.

Seems in his first group, he had three youngsters who were hesitant even about the shallow end of the pool. They said "we'd sink." Of course, Chip didn't try to force them -he demonstrated. He jumped in, popped right up, explained that body buoyancy had pushed him back to the surface.

·However, one of the youngsters shook his head in disbelief. "Gee," he said, "I sure A STATE OF THE PARTY OF THE PAR

teacher" was right. For instance, I think all of us knowthrough experience - how im-portant "tolerance" is between neighbors. In little things too, like my respecting your right to choose a favorite beverageand your respecting my choice of an occasional glass of beer. That way we'll swim not sink -as friends!

Perhaps you will remember me as the fellow who "borrowed" your seat at the Indianapolis 500-mile race May 30 last.

It certainly was a nice gesture and I want to thank you ever so much. I thought the race was great - quite a battle for the finish.

I notice on the business card you gave me that you are from Culver. Both my brother, Mark, now a mechanical engineer in Chicago, and my uncle, Gordon H. Snow, insurance broker in Shel-don, Ill., graduated from the Culver Military Academy. So that's a place I'll not forget — along with the hospitality that a resident has shown me.
Again, Mr. Cleveland, thanks

very much and perhaps I'll have the pleasure of seeing you at another exciting race.

R.E.M.C. LIGHT BILL MAKES "STAR" COLUMN From all over Indians the pub-lisher of The Citizen has received clippings of the following item

clippings of the following frem which recently appeared in Lowell Nussbaum's "The Things I Hear!" column in The Indianapolis Star. Culver publisher Chester W. Cleveland lost his Lake Maxinkuckee home by fire in February "Howard W. Sams, head of Bobbs-Merrill, in a characteristic gesture, turned over his new guest house to the homeless Clevelands while their home is Clevelands while their home is

being rebuilt.
"The only requirement was that
the Clevelands pay the utility
bills. This sounded fine. But when the current electric bill arrived.

Cleveland gasped.
"The bill was \$9,999.30, less a 70-cent credit. Feeling as though he had been run over by a steamout the whopping big bill was merely an adding machine aberration. The utility was willing to settle for \$4.65.

R. J. IVES ARRESTS TWO FOR BOATING VIOLATIONS

Two arrests were made recently by R. J. Ives, Lake Maxinkuckee Patrol Boat officer, Michael Turn-er, 31, Hammond, Ind., paid a \$17 fine in the local J. P. Court for operating a boat with water skis with only one person in the boat. The arrest was made on June 10.

Curtis R. Baker, 21, El Dorado, Ark., paid a similar fine for the same offense on June 19.

Universal availability of the

Christ, Truth, will be a theme

The account of Christ Jesus' healing of the woman "which had a spirit of infirmity eighteen years, and was bowed together. and could in no wise lift up her-self" (Luke 13) will be included in the Bible readings. "Christian Science" will be the subject of the Lesson-Sermon.

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (495:2): "Truth casts out error now as surely as it did nineteen centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated.

The universal nature of divine power is also brought out in the Golden Text to be read from Isaiah (52:10); "The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God.

Mrs. Good sadly, "but I don't know how to thread it."

"Neither do I," said Mary brightly, "but I'll bet we'll find someone who can teach you."

She did — and the vet's state of mind changed magically, "Now he wants to play a guitar," smiled Mary. "I'm looking for a teacher. We'll find one."

A woman Mary visits is 80, blind and frail—but she's teaching herself Braille and learning to use a typewriter the Cheer Club scrounged.

"Now she's full of zip — and happy," said Mary. MRS. GOOD is a trim, cheer-

ful. energetic grandmother with a warm, king-sized heart and an infinite capacity for sympathy and understanding.

But defeatists who whine, "I can't do ANYTHING!" get no coddling. "Nonsense!" said Mary firmly. You can do something it you'll try. Now let's figure out what."

what."

IF MARY CAN'T, other club members or "reserves" usually members of "reserves" usually can. Occasionally chores are found that fulfill the Cheer Club's motto — "Each one help one."

Example: A multiple sclerosis

victim baffled Mary until Millard Ridenour, cafeteria owner, offered birthday cakes for shut-ins. Ridenour needed names, addreses, and a few days notice. Mary hurried to the MS victim and said: "You've got a job. Keep our birthday file and notify Mr. Ridenour."

OTHERS TOO handicapped for crafts schedule blood donors for

The scope of such a club has surprised everyone — even Mrs. Good. Take the blind, for exam-

ple.
"We thought we had less than
a dozen," said Mary. "We've already found over 30 and there are many more. The same thing is true of other semi-disabilities. We face a big job. I hope we can

do it. .."
I'm sure they will. Wabash's Cheer Club is still growing briskly and winning new converts. Re-cently the city provided a downtown center that will serve as a headquarters, storeroom, library, idea file, display room, and gathering place.
THE CENTER will help expand

the Cheer Club's activities and move closer to a goal Mary Good summed up like this:

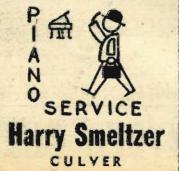

"In our community, no shut-in should be a shut-out!"
