A Newspaper Yarn About The Electric Chair At Michigan City Prison

LET'S REMINISCE another newspaper yarn today — of a dead man who "told" a secret and backfired a practical joke in a strange, macabre way.

AL SPIERS

The dates back to Jan. 16, 1951, the last day of life for Robert A. Watts, the doomed Indianapolis rapistkiller.

Indiana exestrictly private and Michigan City newsmen

seldom beich about this ban because they're forced to cover most of them for press services and big-city papers.

WATTS WAS MY 37th or 38th. I'd lost track after the 15th or 20th, mainly because they're all

virtually alike.
You sit in the warden's office and watch the clock creep past midnight, A half-block and many barred gates away it happens. The lights don't flicker because the chair is on a separate, 2,300-volt circuit.

About 12:30, the big gate clangs, the warden returns and Intones: "He left his cell at 12:02, Current on at 12:04. Pronounced dead at 12:12."

You ask the same old questions and get the same old answers: Did he walk unaided to the chair? Yes! Say anything? No! Anything at all unusual? No.
THEN YOU MAKE your calls

and go to bed.

But Watts was hot copy in Indianapolis so his thunderbolt ride lured two topflight crime report-ers — the Star's Charley Griffo and the Times' Donna Mikels

Shea. I was the Star's stringer, so when Donna arrived and found me huddling with Griffo she eyed us suspiciously and asked:

"Are you connivers gonna cut me up — or do we work to-gether?"

"Why Donna - I'm hurt," cooed Griffo, handing over our notes. "Here's everything we've

"And," I put in, "you can join rus tonight for steak and the death

DONNA DECIDED we were nice guys. At 7:15, she wasn't so sure. Griffo and I had rehearsed a small skit before picking her up to eat steaks on Times and Star expense accounts.

When Donna was aboard, I said, "How do you like that guy, tryin' to beat the chair?"

- and with an old nail file. Wonder how he hid it?" mused Griffo idly.

"WHO CARES? You got a nice, fresh angle after Donna's Times (Continued on Page 15)

COL WARNER WILLIAMS Honored By Native State

Warner. Williams, residence at Culver Military Academy, has been appointed an aide-de-camp on the staff of Governor Bert Combs of Kentucky with the rank and grade of Colonel.

The commission was given "for success in your chosen field and for cultural-historical contribu-tions to your home state."

Williams is a native of Henderson, Ky. For the sesquicentennial celebration in June of the incorporation of his home town, he sculptured a 25-times life-size bust of the town's founder, Col. Richard Henderson. (Colonel Henderson founded

the Transylvania Company for the development of Kentucky and hired Daniel Boone to explore the virgin territory for him.)

His Largest Art Project

The bust, largest ever attempted by Williams, stands on a pylon in the center of the town. The modeling of it required more than a month of fulltime work and some 400 pounds of modeling

Williams is a member of the National Sculpture Society. He was graduated from the Art Institute of Chicago after studying at Berea College, Butler University, and John Herron Art Institute tute.

Statistics compiled by the High-way Planning Survey Depart-ment of the State Highway Department show that \$438,461.64 went to Marshall County for this purpose and \$99,659.75 was allocated for road work in these

urban areas: 88,669.00 Argos -Bourbon _____ \$9,479.18 Bremen \$17,986.14 Culver \$10,552.69 \$17,986.14 LaPaz . \$3,456.80 Plymouth \$49,515.94

Statewide this account returned \$59,334,649.97 to the State's 92 counties and 545 incorporated cities and towns for road improve-

reports Indiana's trucking industry is responsible for 35.9 per cent of this highway improvement fund, or \$21,301,139,34 statewide and \$193,185.58 in Marshall County.

Through Motor Fuel Tax

The account is collected through the motor fuel tax, motor vehicle fees, civil penalties, Public Service Commission fees, court fees, and state police miscellaneous receipts.

After disbursements to the Indiana State Police, Office of Traffic Safety, Purdue University, and to the State Highway Department, the remainder is then allocated to counties on the basis of the number of motor vehicle registrations and miles of roads and to cities solely on a population

This account is over and above that paid into counties through property tax assessments each year. In the case of trucks, this amounts to more than \$18 million annually, and does not include the miffions paid on other truck equipment such as freight terminals and garages.

Governor Handley Visits Culver and Academy Sunday

Reviews Parade Of 1,530 Youths

Harold W. Handley

Culver was honored Sunday with an all-day visit from Gover-nor and Mrs. Harold W. Handley at a special Governor's Day program at Culver Military Academy Summer Schools.

The genial Hoosier chief executive and our charming first lady attended Chapel services, enjoyed their noon meal in the huge Din-ing Hall, were supper guests of Superintendent and Mrs. Delmar T. Spivey, and climaxed a full and

happy day by reviewing the gar-rison parade before leaving for Indianapolis at 8:30 p.m.

Thrilled By CMA Band
The Governor told The Citizen
that he received a great thrill when the outstanding 102-piece Summer Naval School Band play-ed "On the Banks of the Wabash" in his honor at the start of the colorful garrison parade partici-pated in by the 1,530 Midshipmen, Troopers, and Woodcrafters. Picture Next Week

The Citizen regrets that the photo engraving of the Governor, General Spivey, and Admirat John W. Bays, director of the CMA Summer Schools, did not arrive in time for today's paper. It will appear next week.

Mrs. Ida White Virginia Crash

Mother Of Mrs. Melvyn A. Estey

Mrs. Ida White, age 71, mother of Mrs. Melvyn A. Estey of Culver, was killed early Monday afternoon when the car driven by Mrs. Estey was struck by a truck near Andrews Air Force Base, Mary-land. Mrs. Estey escaped injury. Mrs. Estey, wife of Colonel Estey of the Culver Military Acad-

emy faculty, and her mother had enjoyed a vacation trip together and were returning from Will-iamsburg, Va. to Washington, D. C. over U. S. 301 when the truck swerved in front of their car.

Thrown From Automobile Mrs. White was thrown from the automobile to the pavement

and lived about an hour after the tragedy. Personnel from Andrews Air Force Base rushed to the scene of the accident and rendered every possible service.

Other survivors include a son, Boyd White, of Dallas, Pa. Services will be held at 2 p.m.

Thursday at the Homer Graham Funeral Home, Wilkes-Barre, Pa. Colonel Estey left for the East Monday night.

Culver Marching Indians In High **School Band Day**

To Perform At **Football Game**

Lafayette, Ind. — The Culver Marching Indians, band of Culver High School, has been accepted for participation in the 1960 High School Band Day program to be held at Purdue University Saturday, Sept. 24, it has been an-nounced by Al G. Wright, director of the Purdue Department of Bands. This fine 60-member or-

jorettes will perform on the field with the Purdue band in the pregame ceremonies.

An approximate 8,000 to 10,000 Indiana high school bandsmen and majorettes are expected to take part in the Band Day program this year, according to pro-tessor Wright. The program is being resumed this fall after a lapse of a year as no date was available on the 1959 football schedule that was not in conflict with other band activities.

A total of 55 bands, with a combined membership of more than 3,500, had been accepted as of July 1, Wright states. He adds that applications of bands for participation are being received thaily from all parts of the state.

In its six-year history, this High School Band Day at Purdue has enjoyed rapid growth and has become one of the largest events of its kind in the entire nation. not only holds a top ranking mong Indiana's musical activities as to numbers involved, but wiso as one of the most colorful.

First Pony Express Ride Celebrated By Lightning Ranch

To commemorate the 100th anniversary of the first Pony Express ride, the boys and girls of the Lightning Dude Ranch car-ried over 250 ranch invitations by horseback today from Bass Lake to Culver where the invitations were posted at the local Post Office.

Unlike the original Pony Express riders who endured considerable hardships, the ranch riders had saddles with foam cushioned seats and carried pocket transis-tor radios to keep abreast of world events.

A rumored attack by Culver

redskins did not materialize. The trip was made on the 100th anniversary to the day of the event commemorated by the United States Post Office Department with the issuance of a Pony Ex-press stamp. All the invitations Other individual and organiza- carried the new stamp.

FRIDAY, JULY 29 James Zimmerman; Fulton County Blood Bank chairman, has announced that the Bloodmobile will be at Rochester Friday, July 29, from 10 a.m. to 4 p.m. at the

American Legion Home.

This will be the last visit until late in October and donors are urgently needed.

The chairman for Aubbeenaub-bee Township is Mrs. Warren Con-over and their quota is 8 pints. Mrs. Charles Talbott is Richland Township chairman with a quota of 8 pints. Union Township has a quota of 12 pints and Miss Gladys Wharton is chairman. These ladies are the unit chairmen for the Woodlawn Hospital Auxiliary in their respective townships and should be called if anyone desires to make an appointment. Jeb Fisher, the local stationmaster, tells a story that happened last winter during one of our worst blizzards.

Seems there was a Center City salesman down at the depot waiting for the scheduled 8:02 train. Storm raging the way it was, small town, why, the poor chap pictured himself stranded for days. Suddenly a train emerged from the storm and creaked to a stop. It was the 8:02, right on time!

The happy salesman shook Jeb's hand and said: "Weather like this and your 8:02 is right on time!" "Hate to disillusion

you, son," said Jeb, "but this is yesterday's 8:02."

From where I sit . . . things aren't always what they first appear to be. For example, there's the fellow whose first impression is that only iced tea is real refreshment, but not beer, which I prefer. Sure he's entitled to his opinion, but he's got to respect mine too. That's tolerance and that's something we've got to "train" ourselves to have more 6.

Cancer Society's New Voices Club Being Organized

Each year over 4,000 Americans lose their larynx (voice box) through radical throat surgery, according to Jack Ranney of New York, executive secretary for the International Association of Laryngectomees.

These people, predominantly in middle age, then face the grave problems of learning to develop a new voice through esophageal speech and in adjusting them-selves psychologically to take their place again in our society.

Since over 95% of such surgery is brought on by throat cancer, the American Cancer Society encouraged and fostered the formation of the IAL, which now boasts a national board of directors and thirty affiliated clubs in America composed entirely of people who have lost their larynx.

Marshall County Included

Four of these clubs are in in-diana and a fifth is now being formed to serve St. Joseph, Elkhart. Kosciusko, Pulaski, Starke, Fulton, LaPorte, and Marshall Counties with headquarters in South Bend.

"The primary purpose of the new area club is to teach these people to speak or to improve their speech using the esophagus instead of the larynx," said James M. Donohoo, ACS executive for Elkhart and St. Joseph Counties, "and by uniting these people they will encourage each other and tend to lose themselves in the special projects which the club will undertake. Once they are or-ganized, we will step out of the picture and they will conduct their own meetings and make their own plans. There will be no charge made to participants as it is part of our Society's service program made possible by your contributions to the ACS crusade in April.

Although the date of the first meeting has not been set as yet, plans are under way to have Mr. Ranney, himself a Laryngectomee, at the meeting as guest of honor, and it is hoped that a detegate from the new group will represent them at the IAL annual meeting in St. Louis in August.

Comedy Is Big **Hit At Summer** Playhouse

Comedies have always been one Comedies have always been one of the most popular items on the Maxinkuckee Playhouse schedule and "Who Was That Lady I Saw You With," currently playing, will certainly be no exception. Some plays such as "The Moon is Blue," "The Tender Trap," and "The Solid Gold Cadillach and connects of the leader and connects of th

made expressly for laughs and "Who Was That Lady" now joins the group.

Written by Norman Krasna, author of such favorites as "Dear Ruth" and "John Loves Mary." the new comedy follows the ex-ploits of a Columbia college professor as he tries to worm his way out of some marital sidestepping.

Jon Jory who made such a hit in "Dark At The Top of the Stairs" plays the part of the con-fused husband and Sally Noble is the scatter-brained wife who falls

for the ruse.

Vaughn McBride plays the part
of the friend whose lively imagination causes all the trouble.

Also included in the large cast are Ron Sommer and Gary Vitale as two F.B.I. agents, Jadeen Bar-bor and Nancy Pinkerton as the Coogle sisters, a sister act from a vaudeville team, and Pack Carnes and Paul Rutledge as Russian spies. Richard Harrison, Karen Lang and David Hager are also engaged in the comie happenings.

Like last year's "Tunnel of Love," the new comedy keeps the audience laughing from the open-ing curtain on. The Playhouse production is the first summer theater production of this comedy which featured Peter Lynd Hayes and Mary Healy when it played Broadway last season. "The Matchmaker" Coming

Opening next Tuesday will be the Thornton Wilder comedy titled "The Matchmaker." Cast in the two leading roles will be Karen Lang and Gary Vitale. The play is an important addition to the Playhouse program this summer and will be a comic highlight for the Playhouse patrons.

The play was first produced for

the Edinburgh Festival in Scotand and was later brought to Broadway starring Ruth Gordon in the leading role. Mr. Wilder, author of another favorite, "Our Town," ranks as one of America's finest writers and "The Matchmaker" has proved to be one of his best coverdies. his best comedies. Michael Mc-Guire will direct the production and David Hager will design the

SCREWBALL WITH BEARI An unidentified man walked into the Goshen Animal Clinic carrying a limp sparrow and said to Miss Neta Thornton, the clinic secretary, "You'll probably think I'm a screwball but will you take care of this hird until it can fly?" He said the bird had flown into the windshield of his car. Thornton accepted the bird and the man departed but before leaving placed some cash on Miss Thornton's desk and again asked that the bird be given good care. Dr. John Mozier examined the bird and found it was only stunned. It was fed, kept overnight in a cage and then released.

Causes of Death Among Life Policyholders in 59

In traveling around the United States, I have been made aware of a melancholy tension. The questions people ask are not re-lated to their personal incomes or the need to find better ways to amuse themselves. They want to know how to overcome their sense of personal futility on the big issues . . . This is the great American problem of 1960, not the steel strike or inflation or farm subsidies or TV quiz shows. The individual would like to become relevant but doesn't know where to take hold or what to do even if he could take hold.

- Norman Cousins

A. Mrs. Arlie Baer, who lives near Cass Union school, had treasured for a number of years an old framed picture. She especially liked the frame. She finally decided to take out the old picture and replace it with a photo of one of her children. Upon remov-ing the old picture she tound tucked behind it a \$100 bill.

Automobile insurance is a basis for comparison that is typical. Many companies now offer limited coverage policies referred to as "Economy Policies" to be competitive in rates.

Yet comparisons prove that Farm Bureau Insurance offers as much coverage as the highest priced policies and does it at lower cost.

The coverage and cost comparison of all other forms of coverage are principally the same. Farm Bureau Insurance offers complete coverage for most all insurable risks.

By PAUL H. SAFT JR. Scribe Scott Troop 290 Mr. J. T. Stinchcomb held a recent meeting of the Scout Committee and the Scoutmaster to discuss regular meetings of the Scouts during the summer months, a fund raising project, and a schedule to be followed when meetings resume again in September.

It was decided to discontinue the regular meetings during July and August because several of the boys are engaged in other activities during the summer months and it is difficult to continue a program with only a small per cent of the boys present.

The committee discussed the urgent need for a fund raising project sometime in the near future. Several projects were dis-cussed, details should be available soon.

The scoutmaster is working on a detailed schedule to follow each meeting night beginning in September.

One of the first projects in September will be an attempt to have each scout get a full uniform to wear to the regular meetings and other scout activities.

The Week With **Governor Handley**

State's Highway **Program Now Has Real Continuity**

INDIANAPOLIS, July 18 "With engineering and research findings planned several years in of long-range planning." Governor Harold W. Handley explained today. "Indiana for the first time is able to have a state highway program with real continuity.

"When this administration began in 1957, there was chaos in

gan in 1957, there was chaos in the Highway Department. Numer-cus parcels of land, costing more than a million dollars, had been optioned, but there was little money left to pay for them and there were not enough of them in one area to permit immediate construction of a single new high-

that has enabled us to build os many new highways in these cour years as had been built in the preceding 20 years.

"We have a reservoir of plans and projects that now enable us for the first time — to be setective in establishing construction priority schedules, and also to making the decisions that necessarily precede orderly rightof-way buying.

"We have published a book on planning and performance guides

for succeeding administrations.
"Never again should Indiana kighway building be a crash program. Had there been sufficient plans and sufficient money available in 1957, our highway record would be even more phenomenal

In announcing the \$254,084,-200 proposed Indiana state highway program for the next fiscal biennium (June 30, 1960 to June 16, 1962). Governor Handley pointed out that Hoosier counties increasingly are using their allocations for rural and suburban coads.

A special team of experts in various fields of road building eagineers, right-of-way buying, maintenance, etc. — was set up to the State Highway Department with the outset of the Handley ad-ministration, to give help and ad-vice to county and municipal highway officials when and if biey asked for it.

Numerous counties, Governor Handley pointed out today, have used this voluntary state service, and it has enabled them to stretch dollars available for road building and maintenance.

Division Of Gasoline Taxes In Indiana 53% of the state-

collected gasoline tax goes to the State Highway Department. The remainder is divided between the counties (32%) and the municipalities (15%).

"We have a well-balanced state highway program," Governor tion. Handley said. "First, the State Ti Highway Commission emphasized widening and modernization of bridges and right-of-way on our farm-to-market roads — the pri-mary state highway system. Then we went to work on the interstate expressways, which are to be built throughout America in the next 15 years.

"But it also was highly important that we get county roads up to postwar standards. Most Indiana counties are now using the major part of the money allocated for secondary roads as a part of the federal matching funds program.

"It is estimated that next year the counties will use at least 2.9 millions of the \$3.25 million now being allocated to them every 12

The new state program provides \$141,848,700 for interstate construction, \$52,992,000 for pri-"All this is changed. We have construction, \$52,992,000 for pri-professional engineering staff mary highways, \$17,801,300 for working under the merit plan secondary (local) roads, and \$41,-442,200 for urhan (city streets). 274 New Bridges

The 1960-1962 program includes 138 miles of additional interstate highways, and more than 238 miles of other highways, including 274 hridges and other structures.

Governor Handley on Tuesday received a comprehensive anlysis of the 1959 Indiana traffic safety and control program from the National Safety Council.

Two National Safety Awards

Indiana received national awards for two phases of its trail-

tic safety program.
In addition to the Safety Council award, a certificate will be presented to Indiana soon by the Institute of Traffic Engineers.

The Safety Council recommend-ed additional enforcement personnel for policing rural Indiana highways. This echoed the recom-mendation which Governor Hand-ley made to the 1953 Legislature for more state highway police but which was turned down by the leadership of the 1959 Indiana House of Representatives.

American Legion Parade

Governor Handley on Friday extended official greetings to the Indiana department of the American Legion and, as a member of the Legion himself, participated in the annual Legion Parade bere.

Editor, CITIZEN:

The conduct of the participants at the political convention often has much to do with outcome of the November elections.

The big news at Chicago will probably be the differences which Governor Rockefeller will publically express with President Eisenhower's policies and Vice President Nixon's stands.

If we are going to win in 1960, we need to let people know that we are the party which helps people help themselves.

The Democrats at Los Angeles will be "chock-full" of ideas whereby the Federal Government solves all of the people's problems for them at public expense.

One way to help people help themselves is to give a federal income tax exemption to parents and to self-supporting students for college expenses, including room and board, books, and tut-This exemption would be a

great help to many parents, especially those in the middle income brackets who are having a difficult time meeting the steadily rising costs of a college education for their children.

For these reasons, as the na-tional chairman of the Council for the Advancement of Small Colleges, and as an alternate delegate to the Republican national convention from the 10th Congressional District of Indiana, I am planning to make an open public fight at Chicago to have this proposal included in the 1960 Republican national platform,

I have discussed this matter with some of the top leaders of our party. They have told me if this is what you believe, go ahead, but they have also made

it clear that I was on my own.

They further suggested that I discuss this matter with the officials of the United States Treasury Department. I did this,

The Treasury Department people say that the proposal for federal income tax exemption to parents for college expenses and tuition will cost the Treasury a billion dollars a year in revenue or 1.2% of the federal budget.

This means that the politicians and bareaucrats in Washington will have a billion dollars less to spend on some federal program.

An important official of the United States Treasury advised me strongly against making this proposal on the grounds that it was fiscally irresponsible, that it would if adopted open the doors to all kinds of unsound exemp-tions, that it did not help the problems of the talented but poor hoy, and that it gave too great a break to the rich, and that if succeeded in getting anyplace with the idea that the Democrats

would steal it anyhow. I think that it is worth a bil-lion dollars a year in uncollected tax revenue, if we can further stimulate the American people to

How scientific prayer leads to a clearer understanding of Truth will be brought out at Christian Science services Sunday. The Lesson-Sermon on "Truth"

will include the following passages from the Bible (Luke 11: 11, 13): "If 2 son shall ask bread of any of you that is a father, will he give him a stone? or if he ask a fish, will he for a fish give him a serpent? . . . If ye then, being evil, know how to give good gifts unto your children: how much more shall your heavenly Father give the Holy Spirit to them that ask him?" The importance of prayer is

also emphasized in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (11:27-31): "Prayer cannot change the unalterable Truth, nor can prayer alone give us an understanding of Truth; but prayer, coupled with a fervent habitual desire to know and do the will of God, will bring us into all Truth."

Noted Cleveland Baptist Minister At Chapel Sunday

The Rev. Russell H. Bishop, of the First Baptist Church at Cleveland, Ohio, will be the guest preacher at the Culver Summer Schools chapel services Sunday. His sermon topic is "Decalogue For a Happy Life."

Services are held at 10 a.m. for the students enrolled in Woodcraft Camp and at 11 a.m. for the Midshipmen and Troopers.

Visitors Are Welcome Visitors are welcome to the Culver Military Academy Chapel for either service.

The Rev. Mr. Bishop, a native of Oneida, New York, was grad-uated from Syracuse University and the Colgate-Rochester Divinity School.

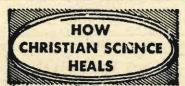

He has served as minister at the First Baptist Church of Ard-more, Pa., the First Baptist Church of Erie, Pa., and the First Baptist Church of Newton Center,

The Cleveland minister is a member of the board of education of the American Baptist Conven-tion and is former president of the Council of Churches of Massachu-

STORE'S NAME LEFT OFF TOMMYE LOU GLAZE'S SALUTE IN ERROR

The name of the Culver City Drug Store was inadvertently left off the double-page community salute to Tommye Lou Glaze in last week's Citizen.

This we especially regret because Mr. and Mrs. Barrett Irvine are among the town's most ardent ne of our new "Miss Indiana" of 1960 and certainly wish her the best of luck in the for hosming "Miss America" pageant at Atlantic City.

MARTHA NADINE BYRD

Martha Nadine Byrd, daughter of James and Cornelia Harper Byrd, was born February 25, 1887, at Cassopolis, Michigan, and departed this life July 11, 1960.

Most of her life was spent in Cassopolis and Culver except for short intervals spent with rela-tives in New York and California. She made her home with her sister, Lela Dickerson and family.

Preceding her in death were her father and mother, two brothers and a sister. She leaves to mourn her three sisters, Anna Deggs of San Francisco, Grace Vaughn of Cassopolis, Mich., and Lela Dick-erson, Culver; also two brothers. Clarence and Asa Byrd of Culver.

She professed her faith in God early in life and was a member of Rollins Chapel A.M.E. Church. Although we sincerely regret the loss of our beloved sister, devoted aunt, friend, and neighbor, we must bow our heads in approval of the plans of Providence in which we have no choice, and acknowledge the fitness of it all.

So now we turn the searchlight on her stay with us, and find that it has been a very special privilege to have lived in the radiance of her smile, her lively, always jo-vial conversation, her comforting helping hands.

It is surely our job to contribute as much as she did ere we too depart.

Her task here on earth has been well done and her reward is now waiting to be collected.

People from out of town who were here for the funeral of Nadine Byrd were Charles Diekerson, Washington, D. C., James Dickerson, New York, N. Y., Jane Dickerson Gordon, Mr. and Mrs. Harold Brooks, Buford Gordon, Dr. Peyton, Irene Hill, Mr. and Mrs. John Cogswell, Mrs. Marie Hall, Mrs. Anne Turner, Sybil Parter, Chicago, Ill.: Mrs. Stanley Moran, Los Gatos, Calif.; Mr. and Mrs. Fred Schmidt, Jesse James,

Skin Diving Is Being Taught At Academy

THIS FLAG INDICATES SKIN DIVING EQUIPMENT

Lake Maxinkuckee boatmen are asked to be on the lookout for a bright red and white warning flag pictured above. It's the sign that there are skin divers operat-ing under water in the area.

The Culver Summer Schools are offering a skin diving course for the first time this summer under Jim Grummel, a former assistant skin diving instructor for the South Bend YMCA.

There are five Midshipmen and Troopers enrolled in each of the six classes. The Culver Summer Schools have purchased five complete sets of equipment and 35 air tanks, to enable all the students in each class period to be under water at the same time.

All boats are asked to stay out of the area when the flag is flying since SCUBA (self-contained underwater breathing apparatus) divers might be injured if they surface under a boat.

FAMILY PUTS 2,000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS

GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kahelin of Plant City, Florida, couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting -"at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the folddown seat doubles as a built-in baby sitter.
