Old Fashioned Remedies Still in Use Throughout Our State

DO CORNS bother you? Then spit on a piece of laundry soap and slip it between your toes... or shove shaving soap in your shoes!

Getting bald? Try clipping hair ends during the dark of the moon... or stash all fallen hair in a secret box!

Want to ease a head cold? Take nine whiffs of a dirty sock!

Afraid of catching some awful disease? Just dangle a bag of asafetida around the neck. No self-respecting germ will come near the stinky stuff!

EASY THERE, DOC! Don't split a suture. I'm not serious.

But not too many years ago our Hoosier ancestors were dead serious about this kind of quackery and witch-doctoring — some of which still lingers way back in the hills of Southern Indiana.

W. EDSON RICHMOND AND Elva Van Winkle of I. U. recently assembled for the Indiana Historical Society more than 300 home remedies widely used in bygone Hoosier days. They're as fascinating as they are fantastic.

Many of yesteryear's weird remedies were actually harmful. Some were born of pure superstition. Few had any real medicinal value.

Yet they "cured" often enough to be handed down from generation to generation. How? And Why?

Modern medics can guess the answer. Their surest and best "medicine" is compounded of the same psychological ingredients, i.e., faith, and confidence. Psychosomatic sickness is born of the mind. So are many cures!

Here's something else to ponder:

LONG AGO, soothsayers and charmers sought cures with words, like the blood-stoppers summoned when all else had failed. Three times they'd speak the patient's name and quote Ezekiel 16:6:

"And when I passed thee and saw thee polluted in thine own blood, I said unto thee When Thou wast in thy blood 'Live'; yea, I said unto thee, When Thou wast in thy blood, 'Live.'"

Today a coldly scientific doctor approaches a woman in agonized childbirth labor and says, "Relax... rest... sleep. You can control pain... your pain is fading... it's gone."

And the pain is gone — hypnotized away!

BY AND LARGE, though, grandma's quaint nostrums wrought cures the hard way, if at all. We scarcely recommend any that follow.

Some remedies required curious specialists. A divorcee, for example, could cure most anything by placing her hand on an afflicted brow and repeating her maiden name inaudibly.

Summer Resident Erecting Airport On East Shore

Gales Spending Quarter Million

RONALD J. GALES
Indianapolis Industrialist

[From The Indianapolis Star]

Ronald J. Gales, an Indianapolis business executive who has never owned an airplane, is building an airport at Culver.

Gales' project, the Golden Eagle Airport, will cost more than \$250,000 before it is finished next fall and will include a half-mile long paved runway and an administration building, he said.

Gales, who has had a summer home on Lake Maxinkuckee 10 years, is building the facility along Ind. 117 on the southeast side of the lake.

The two-story administration building contains a kitchen, dining room, lounge, and six bedrooms for airport guests.

Next spring two wings will be added, one to be used as an operations center and the other for more lodging facilities.

Gales said the airport will be operated privately, but he has not yet determined the exact method.

The 2,800-foot runway has a paved 75-foot center section and the cleared width is 300 feet.

Gales is president of the Ronald Gales Machine Company at 4400 West Michigan Street in Indianapolis.

Lions Club Again Sponsors Annual Halloween Parade

The annual kiddies night Halloween parade and its accompanying festivities, sponsored by the Lions Club, will take place Monday evening, Oct. 31.

The affair, which is under the capable direction of Leon Norman Baker, will end at the Community Building where there will be treats and games.

More details of the event will be announced in next week's issue of The Citizen.

H. J. MESSERSMITH'S SISTER-IN-LAW DIES

Hiram J. Messersmith, Sycamore Road, Culver, has received word of the death on Sunday, Oct. 9, of his sister-in-law, Mrs. Ethel Messersmith of Stuart, Iowa. Mrs. Elizabeth Shivers of Argos is a sister.

CULVER FIREMEN GET EARLY CALL

The Culver Volunteer Fire Department was summoned at 1:15 a.m. this morning to extinguish a fire in the alley behind the Quality Grocery Store where burning trash had set fire to a telephone pole. No other damage was reported.

Fall Festival At Academy This Weekend

An activity-filled three days are in store for many parents and friends of cadets expected to attend the second annual Fall Festival this weekend at Culver Military Academy.

Included on the three-day schedule will be a cadet symposium, company athletic events, dramatic productions, exhibitions by the honor units of the Academy infantry, artillery, and troop, several receptions, the Autumn Ball, and traditional church services Sunday.

Time has been provided Friday morning for parents to visit classrooms. Later in the day Academy instructors will be in their classrooms for conferences with the parents.

At 1 p.m. in the Eugene C. Eppley Auditorium, a cadet symposium will deal with the topic: "Traditions of Liberalism and Conservatism." Dr. Donald W. Dsbrow, Eppley Chairholder in history, will moderate. The following cadets have been named to the panel: Earl J. Breech, Wilbur H. Boies, David M. Cobin, Philip Harrison, Richard J. Hesik, Peter M. Kennedy, James G. Lindsey, and Orator F. Woodward IV.

A Father-Sons banquet at 6:30 p.m. will precede the dramatic production of scenes from "Midsummer Night's Dream" in the Eppley Auditorium at 8:30 p.m. The dramatic cast will include Randolph K. McKee, David B. Pauker, Jerrold A. Soest, Morgan T. Paull, Roger R. Basham, and John R. Wheat. A second play, "Box and Cox," will follow with Peter DeTroy, Commander M. K. Short and Mrs. William Martin, of the faculty, portraying the principal roles.

Saturday morning will be devoted to a series of exhibitions by the honor units of the infantry, artillery and troop, beginning at 10 a.m. at the Riding Hall terrace. The Culver Fathers Association will meet at 2 p.m. and at 5:30 p.m., Superintendent Delmar T. and Mrs. Spivey will be hosts to a barbecue for parents and cadets.

The Saturday activities will be concluded with the formal Autumn Ball, beginning at 9:30 p.m. (Continued on Page 10)

Prominent G.O.P. Leaders Meet In Culver

When LT. GOV. CRAWFORD F. PARKER, candidate for Governor, left, and F. JAY NITZ, center, who is seeking his old seat in Congress, recently campaigned in Culver they were greeted by an old friend, DON G. TRONE, Culver merchant. For nearly five years during his long residence in Indianapolis, Trone was finance chairman of the Republican State Committee, which gave him a wide acquaintance among party leaders.

Leiters Ford School Chairman Quits Post

Banker Bowersox Protests Action

Rochester, Ind. (Spl.) — Chester Bowersox, Leiters Ford bank president, has resigned as chairman of the Fulton County School Reorganization Committee, a group he has headed since it was formed a year ago.

He said the committee acted "contrary to the will of the majority of voters, taxpayers, and parents in six of the eight townships of Fulton County" by recommending establishment of a single county administrative school unit.

Committee members said a new chairman to succeed Bowersox probably will be appointed at a meeting Wednesday.

South Bend Man Killed In Freak Accident Here

Surveyor's Pole Hits Power Line

A South Bend man was shocked fatally last Wednesday afternoon when a wooden surveyor's pole he was carrying touched a 12,000-volt power line near Culver.

Police Chief Don Mikesell said the 26-foot pole had metallic tape at one end and evidently held enough moisture to conduct the electrical charge.

The victim, Roger D. Mynatt, 25 years old, was dead on arrival at Marshall County Parkview Hospital in Plymouth.

Mikesell said Mynatt and two of his partners in a South Bend firm, Engineering Planning Services Inc., were surveying for a new subdivision along Ind. 10, about a mile north of town.

The pole touched the high-voltage lines about 2:45 p.m., knocking Mynatt unconscious. Mikesell brought a physician to the scene and both the police chief and firemen tried to revive Mynatt with resuscitators.

An electrical utility employee said wood containing moisture sometimes conducts electricity, Mikesell related.

Helen Osborn, 74, Dies After A Long Illness

Mrs. Helen Osborn, 74, widow of John Osborn, died Monday morning, Oct. 10, at the Methodist Memorial Home at Warren, Ind., after an illness of two years.

Mrs. Osborn was born at Milroy, Ind., Oct. 7, 1886, and had lived in Michigan prior to coming to Culver several years ago. She was a member of the Culver Methodist Church and the Daughters of Ruth Sunday School class.

Surviving are a sister, Mrs. Mary Sprague, and a brother, Virgil Root, both of Milroy; a stepson, William O. Osborn of Culver, a step-daughter, Mrs. Pearl Rockhill of Arcadia, Calif.; and several nieces and nephews.

The body was taken to the Murphy Funeral Home at Milroy. Services will be held at 1:30 p.m. Thursday at the Methodist Church in Milroy with burial at the cemetery there.

GIRLS' GLEE CLUB TO APPEAR AT TONIGHT'S LIONS CLUB MEETING

The Culver High School Girls Glee Club will be the featured number on the program for tonight's meeting of the Culver Lions Club at the Lions Den with the preceding supper at 6:30 p.m.

This highly talented group is composed of 15 girls from the local high school under the training and direction of Robert Boyd. The group will sing five numbers: "Make Believe," "Dedication," "Summertime," "I Enjoy Being a Girl," and "April Love."

All Lions are urged to attend tonight's affair which promises to be an enjoyable one.

Indiana Federation Of Clubs Convention To Be Held Oct. 20

The Thirteenth District Convention of the Indiana Federation of Clubs will be held Thursday, Oct. 20, in the Bethel Presbyterian Church, Union Mills, Ind. Registration begins at 9 a.m. and the convention convenes at 9:30 a.m. with Mrs. Otto Zeiger, South Bend, President of the Thirteenth District, presiding.

Using the subject "The Federation in a New Decade," Mrs. C. R. Graham of Bourbon, Indiana Federation of Clubs president, will address the group. Mrs. David Martin of Fort Wayne, 2nd vice-president, will explain the programs and projects of the federation's six major departments and Mrs. William Dudenhoffer of Jonesboro, 3rd vice-president, as junior director, will call attention to the special plans of the junior club members.

A luncheon will be served at 12:30 and reservations should be made with Mrs. Martin Boesinger, Route 1, Union Mills, Ind., by Oct. 16.

Special projects to be stressed this year are the 13 scholarships to be given again to attend the music school at Bloomington next summer. These will be chosen from the respective districts by means of try-outs in each district. A major scholarship is conducted through the state university and is known as the Latin American Fellowship. A very important and timely project is "Get Out The Vote." More women voted in 1952 than ever before in the history of women voters. We can do it again. The clubs will continue with the sale of articles made by the blind women in the state so that they may become useful to themselves as well as the community in which they live.

O.E.S. Observes Past Matrons and Patrons Night

Past Matrons and Past Patrons Night was observed at the stated meeting of the Order of Eastern Star Tuesday evening, Oct. 4, in the Masonic Hall.

Following the opening ceremony a program was given by Mrs. James Cox and Mrs. Clarence Bair entitled, "A Past Matron's Memories." Past matrons and past patrons were introduced and honored with songs by Mrs. Roger Thews. The program was closed with a group of songs sung by a High School trio consisting of Jean Warner, Betty Zechiel, and Nancy Ervin.

After the closing ceremony the honored guests and members present enjoyed a sumptuous salad bar in the club rooms, served by the officers. Tables at which the honored guests were seated were centered with fall flowers in the worthy matron's colors of green, yellow, and white. Attractive green place cards served also as folders for the gifts of hankies to each past matron and patron.

Col. and Mrs. J. V. Leonard Attend 75th Anniversary Of Grace Church

Mrs. Margaret Leonard and her husband, Lt. Col. J. V. Leonard, U.S.A. (ret.), came from Asheville, N.C., to attend the 75th anniversary celebration of Grace Church, and spent the weekend visiting relatives and friends in the Culver community.

Mrs. Leonard's maternal grandfather, Rev. J. W. Barber, was pastor of Grace Church from 1892 to 1900. Her paternal grandfather J. H. Koontz, was the first publisher of The Culver Citizen. Her father, Major E. W. Koontz (World War I), was a graduate of Culver Military Academy.

Mrs. Leonard, nee Margaret Koontz, was born in Culver and greatly enjoyed the opportunity to renew acquaintances with long-time friends here. She is a niece of Mrs. Willard Zechiel and a cousin of Donald Hand.

Upon departing from Culver, Col. and Mrs. Leonard went to Topeka, Kan., for a visit with her brother, Lt. Col. Thomas G. Koontz, now stationed at Forbes Air Force Base.

Dr. and Mrs. Oscar Wesson have returned from a trip to Pauxent River, Md., where they visited from Sept. 23 through Oct. 3 with their son, Tom, who is stationed there with the U.S. Navy.

Rural Aid Meeting

Held At Poplar Grove

The 26th Rural Aid meeting was held at the Poplar Grove Church on Wednesday, Oct. 5, with 110 members present from Gilead, Poplar Grove, Jordan, Mt. Hope, Burr Oak, Whippoorwill, Santa Anna, Rutland, and Hibbard Churches. The Whippoorwill ladies were hostesses.

Officers for 1960 introduced were Lucy Jane Overmyer, president; Edith Lake, vice-president; and Nellie Mikessell, secretary. A poem was read by the president followed by prayer. The welcome was given by Mrs. Louise Vorels and Mrs. Winenger led the group singing, accompanied by Mrs. Mae Kline on the piano.

A memorial to the deceased members was conducted by Margie Kriehbaum and Ruth Winn, following which Ann Bigley sang, "In The Sweet Bye and Bye." Mrs. Alice Hartman gave devotions followed by "A Mother's Prayer."

Following the business session dinner was enjoyed in the church basement and 1961 officers elected were Edith Lake, president; Mrs. Edith Wilhelm, vice-president; and Mrs. Cronin, secretary. Burr Oak E.U.B. Church will be in charge of the next meeting.

The afternoon session opened with group singing led by Mrs. Winenger. A talk by Rev. Russell Good of Gilead was followed with a solo by Imogene Clifton. The program included a skit by the Jordan ladies; readings by Lucille Ulery and Doyce Overmyer; and a skit by the Hibbard ladies.

The meeting closed by group singing followed by prayer.

By Jack Taylor
The post will have a "Flag Dedication" at the Culver High school on Thursday, Nov. 10, at 1 a.m. All Legionnaires are requested to be there and asked to wear their Legion caps.
The regular post meeting will be held at the Post Home Thursday evening, Oct. 13, at 8 p.m.
The membership chairman reports that only a few more members are needed to meet the 1960 quota.
Legionnaire Howard Albert was admitted to the Osteopathic Hospital in South Bend. A little word of encouragement would be in order.

AMERICAN LEGION AUXILIARY

By Matilda Taylor

The Auxiliary met Wednesday, Oct. 6, at the Legion Home with 10 members present. Plans were made for the party at Westville Hospital. Matilda Taylor will be general chairman; Alice McCarthy, refreshments; Maybelle Reed, bingo prizes; and Ruth Walker will have charge of entertainment. Any donations for refreshments or prizes may be made to anyone on the committee or to Ruth Walker, president.

Participating in the Girls State meeting which followed were about 18 junior girls, two members from other clubs, and three of the girls who went to Girls State last year. They gave very interesting talks on their experiences and showed their pictures and scrap books.

The membership chairman reports the memberships are not coming in very fast and urges everyone to pay their dues immediately.

th Nixon and dge Welcomed Indiana

INDIANAPOLIS — "One of the reasons Indiana is first in industries and therefore first in prevention," Governor Harold Handley said today. This results in lower insurance costs, and thus enables businesses as well as private citizens to devote more of their money to other expenditures. Every Indiana community makes a determined effort to fight against fire hazards. But all fires are accidental. Some are caused by arson. The only way to reduce arson is to investigate and prosecute ruthlessly. When the crackpot crook knows that he probably will go to prison for such a crime, he thinks twice before he commits them.

Many Arson Convictions
Under Jay Foster, as State Marshall, we have scored an all-time record for arson convictions. 106 convictions have been obtained during his regime. This is more than in any other four years since the state began keeping records in 1913.

The next highest number of convictions by a single State Marshall was 144 and it came during the 10-year period from 1934 to 1944.

In the 50 months from July 1, 1958 to August 31, 1960, the State Fire Marshal investigated 1,027 suspected arson cases and prosecuted 6,737. 187 of these cases were found to be accidental, 202 fires were of undetermined origin, and 337 were cases of incendiarism. As a result, 216 arrests were made, 102 adults and 90 juveniles were convicted, 77 were placed on probation, and 21 cases were dismissed. There are 26 cases pending in court.

18 lives were lost in these fires, and the total property loss has not been ascertained. But if had not had such strict law enforcement, I am convinced the losses would be almost incalculable — and the far greater.

Looking into the motives for incendiary fires, we find 108 were to defraud, 123 for vandalism, 9 were for revenge, 16 were caused by maniacs, and 23 involved mental deficiency.

Opens Purdue Conference Monday Governor Handley

opened the 1960 Governor's Conference on the Aging and Aged at Purdue University. He said in part: "Regardless of how many hours a week we Americans work, the gross national product must be maintained. We are not going to be able to give our people all the benefits of this amazing scientific and industrial age unless we strive unceasingly for greater production and greater maximum use of our working force at all ages.

"Because individual capacities and physical conditions vary, there should be no hard-and-fast cutoff rate for the further gainful employment of any American."

On Tuesday the Governor addressed the Indiana Municipal League, asserting (in part):

"Modernization of local tax structures is essential if Indiana is to continue its forward march toward greater and greater prosperity.

"Such modernization is the paramount assignment confronting the 1961 Indiana Legislature.

"The 1957 Legislature made reforms in the state tax structure which have enabled us to build up a safe balance in the state general fund and at the same time give the people the expanded public facilities the majority of them desire.

"But the local tax burden is still too great on property owners.

"I am not advocating more local taxes. I am only suggesting that the tax load be distributed more evenly, or else that now-existent loopholes be plugged.

Reforming Tax Structure
"To that end the State Tax Study Commission, at my direction, is preparing a detailed study and recommendation for reforming the Indiana local tax structure. It will be submitted to the members of the 1961 Legislature before the end of this year, so

that they can study it and get the reaction of their constituents.

"I have also asked for a re-bodification of Indiana property tax laws as a further guide for the next Legislature."

Also on Tuesday Governor Handley presided at a meeting of the State Board of Finance which promulgated the repeal of all state-collected property taxes except a single penny per \$100 of valuation.

This repeal was voted by the Legislature upon the Governor's recommendation, thus ceding the area of property taxes to the counties and municipalities.

Welcomes Nixon To Indiana

Governor Handley officially welcomed Vice President Richard M. Nixon to Fort Wayne on Wednesday and former United Nations Ambassador Henry Cabot Lodge to South Bend and Notre Dame on Thursday. He also introduced Mr. Lodge at a political rally at East Chicago Thursday evening.

Monday (Sept. 26) Governor Handley formally opened 11 more miles of Interstate Highway 65, from Scottsburg to Henryville.

On Oct. 10 he will open an additional 13 miles from Seymour to Crothersville, thus making a total of 40 miles of this new interstate route now open.

Bell Telephone Offers Voice To The Voiceless

A new voice for the voiceless has been introduced by the Bell Telephone System.

Some 20,000 persons in the United States are without the power of speech as a result of paralysis or surgical removal of the larynx and must depend either on esophageal speech or an artificial larynx in order to talk.

The new device, an electronic larynx, will be made available on a non-profit basis by the Bell Telephone companies. It resembles a streamlined electric shaver, contoured to fit the hand and designed to be held against the outside of the throat while being operated.

The electronic larynx transmits sound waves in to the throat cavity replacing those normally produced by air passing over the vocal cords. Speech is produced by forming words with the lips and tongue as in normal conversation. Pitch and emphasis can be controlled manually.

Developed by Bell Telephone Laboratories, the instrument employs Bell transistors and is pow-

ered by long-lived mercury batteries. It is made by Westinghouse Electric Co., manufacturing unit of the Bell System.

Manufacturing cost is \$300 which also is the cost to the customer. Information regarding the new larynx may be obtained from any Bell Telephone business office.

Bell Laboratories invented the first air-operated artificial larynx at the request of a prominent surgeon in the 1920's.

JEALOUSY - A Tell City business man, A. H. Oberhausen, who accepted the invitation to be guest columnist of The Tell City News during the absence of Editor Schergens, related this story of a brewery that operated in Tell City some years ago. The brewer adopted the slogan, "The Beer That Made Tell City Famous." The slogan came to the attention of the Schlitz Brewery in Milwaukee which already was using the slogan, "The Beer That Made Milwaukee Famous." The Milwaukee brewery took action and the Tell City brewery changed to the slogan, "The Beer That Made Milwaukee Jealous."

John Cromley Injured In Two-Car Collision

In a two-car accident at 4:10 p.m. Thursday, Oct. 6, two miles southwest of Culver, John J. Cromley, 17, son of Mr. and Mrs. Ira Cromley, Route 1, suffered cuts and abrasions of the head, hands, and body, a concussion, and a possible skull fracture when he was thrown from his car after it collided with another vehicle driven by Ralph O. Magness, 47, of South Bend.

According to Police Chief Don Mikesell, Cromley was westbound on 20A Road and Magness was northbound on 17 when the cars collided at the intersection. Mikesell said Cromley failed to stop for the stop sign.

Cromley is slightly improved at Osteopathic Hospital in South Bend where he was taken following the accident.

The more you speak of yourself, the more you are likely to lie. — Zimmerman.

BUILDING UP a rumor often leads to a lot of running down.

The Shadow Knows

By Linda Kose

As I sat reviewing my chemistry assignment before class, I looked up to greet my smiling, unsuspecting victim of the Shadow, Margo Overmyer.

She plopped her books down, and after she greeted everyone, she ambled back to ask Patty Wesson about her work on The Tomahawk. Soon after her talk she dashed up to the office for some unknown reason. The bell sounded as Margo sat down and "eagerly" awaited the coming test. As I sat working on my own test I noticed that Margo finished hers very quickly. (She must have read her lesson.)

When the bell sounded, she walked out of the room and to her locker. I lost track of her the rest of the next period, but I literally "ran into her" going into advanced algebra. She was very attentive during the class, except for one slight disturbance, which was only partly her fault. Leaving class she joined me and together we walked down to the projection room where the Sunshine meeting was being held. During the meeting, Margo, being treasurer, was busy herself by passing out dues cards. At this meeting the officers received the pins of their office. Margo very proudly showed off her pin to us as she passed by.

Caught in the scramble of the girls being sent to the cafeteria early, I almost lost her, but as the line formed, I found she was ahead of me in line.

I lost track of her during the noon hour, but I saw her come into study hall sucking on a piece of candy. She situated herself in the seat in front of me, and as we talked, I deduced that she was eating cinnamon candy, very HOT cinnamon candy. While we were sitting there she suddenly jumped up and walked from the room. When she reappeared she was with Gary Dillon. She was asking him if he would like a piece of cinnamon candy. At first I couldn't figure out her generosity, but after standing there talking for a while the affect of the candy started to work on Gary, and he exclaimed how very HOT the candy was. Margo and I got a big laugh out of that, but I don't think Gary did, in fact, I think he spent a little time at the drinking fountain.

The world series was playing over the loud speaker, and Margo told me later that she had a little bit of trouble studying. In the next class, history, she received the results of the previous day's test. She was very pleased to see that she had gotten an A-plus.

Ah, the last class of the day, English. Margo has a "trick" which she thinks is clever; she takes my purse with her foot and puts it on the other side of her desk where I can't reach it. (This girl is quite a joker!) Do not let this lead you to believe she didn't pay attention in class, because she volunteered many answers.

Finally the bell rang, but I did not lose her for after school there was a Tomahawk staff meeting at which she listened very attentively. She walked me to the drug store after the meeting and after a coke she said good-bye and that she would see me tomorrow.

Be careful what you do, the Shadow MAY be following YOU!

Two Athletic Seasons Close

By Earl Mishler

Coach Jim Cox's cross-country team finished the regular season last Friday evening by topping Richland Center, 25-30. There are no more meets on the schedule prior to the Sectional, which will be held Oct. 25.

George Baker once again was Culver's leading runner, finishing first, well ahead of the second place finisher, John Keele of Center. Gary Dillon finished fourth, Phil Gretter fifth, Sam Medbourn seventh, and Dennis Shock eighth. Baker's time was 9:48, a new school record for the two-mile distance, breaking the old mark of 10:06, which George also held.

The fall baseball season was also a great success, as the baseball Indians registered a 7-4 record, losing the county title to Bourbon in the playoff game last Monday. Here are the statistical leaders: Batting average, Jim Carter, .343; runs scored, Paul White, 11; hits, Carter and White, 12 apiece; runs batted in, Carter and White, 9 apiece; fielding average, Earl Mishler, .976; and among the pitchers, Tom Boswell won 5 and lost 4, while Sam Lowry was 2-0. Boswell finished with 4.10 earned run average, and Lowry, pitching mostly in relief, had an astounding ERA of 0.51.

Background Of New Art Teacher

By Jean Warner

Can you imagine teaching 600 children in one week? Our new art teacher, Miss Carol Freeman, does. In an ordinary day she teaches ten classes of art to students in grades 1 to 12. It doesn't leave her much time for day-dreaming, but she really likes her work.

Miss Freeman attended grade school in Delphi, but in the seventh grade she and her parents moved to Auburn, Ind., where she graduated from high school.

She is a 1960 graduate of Ball State Teachers College with a B.S. in education with an art major. As a freshman, she pledged the Sigma Kappa sorority.

In college the professors try to prepare you for all kinds of experiences, but she wasn't ready for the whistles that she got from the high school boys. This is the most embarrassing thing that has happened to her since she's been at Culver.

As a senior, I was especially interested as to how she decided to become an art teacher. She said, "I'm not sure, I was preparing to be an elementary teacher, then an English teacher, I guess it happened when I was taking a required art course, I liked it so well that I changed my course, and here I am."

Almost everyone has a pet peeve and her's is students who try to sketch with a ballpoint pen and haven't had enough art experience behind them to know how to do it.

Miss Freeman first came to Culver last April before there were any leaves on the trees, and it looked like a drab, uninteresting place. Now two of our beauties she enjoys are the Academy Chapel and Lake Maxinkuckee.

In her spare time she is usually preparing for her classes, but she does like bowling and talking to people.

Welcome to Culver, Miss Freeman. We're glad you're teaching in our school system, and we're looking forward to getting better acquainted this year.

SOMETHING TO REMEMBER

The Culver Citizen is the only newspaper in Marshall County - or in the whole world for that matter - that really gives a whoop about Culver, Indiana!

Pet Sayings Are Revealed

By Anne Osborn, Anne Behmer, Merrie Kay Stoneburner

Everyone has a "pet" that they use to mean almost everything. We have collected a few of these. Notice how clever our Senior boys are!

- Mr. Graham: Yes, What?
- Jean McColge: It was sad!
- Susie Muehlhausen: Oh really?
- Sharon Lindvall: Oh really!
- Sam Medbourn: Horsefeathers!
- Gary Dillon: Going to Memphis.
- Earl Mishler: I said Memphis.
- Lance Overmyer: Yeah, Memphis.
- Leo Lojewski: Mighty fine place.
- John Hook: Yeah, that's the place.
- Jamie Piersol: Where's Memphis? I'm leaving!
- Jean Warner: Mercy!
- Karen Kemple: Jim!
- Rochelle Good: Good heavens
- Anne Osborn: It was a pane!
- Mr. Boyd: Here we go!
- Lorrie Sands and Jeanne Adams: Oh, Maul's parties!
- Roger Shepperd: My! My!
- Ron Leffert: Holy cow!
- Tom Yocom: Buckwheat!
- Corky Walters: That's what your grandmas said!
- Linda Gibbons: Oh, darn it!
- Cathy Overmyer: Wouldn't that frost ya!

4-H Club To Ice Show

By Bev Thomas and Chris Croy

4-H News: The 4-Hers are taking their award trip to Indianapolis on Oct. 22. They are going to the Ice Show, Patty Wesson, and Anne Behmer were the only girls that went to State Fair. They did very well and were happy with their winnings. Anne went to State Fair Girl's School also. This has been a very successful year at both local and county fairs.

Sunshine: The Sunshine Society met in the projection room last Wednesday and a film was presented by Melissa Fisher on the Riley Hospital Fund which is the Sunshine state project. Bev Thomas read a poem entitled "Little Orphan Annie." The officers were also presented with their officer pins.

We are all quite grateful for the existence of teachers; everybody enjoyed the extra day away from school. Everybody except the teachers. They had to go to school anyway.

Frank Keyser's party was a splashing success, what with all the pop spilled here and there. And right in the middle of it all was little Danny, and his baby-sitters, Lance, Leo, and John Benedict. Then there was that chair; two'a company and three'a a crowd, so "Gary! (cough!) Will you (choke!) please get rid (gasp!) of that old (cough, choke, gasp!)..."

Keep your money safely hidden from the view of shrewd-observers or you'll have eleventy-seven Junior Play tickets on your hands, and the Juniors will be seventy-eleven dollars richer.

"Bring me a drink of water, Leroy; bring me a drink of water." "No!" "Bring me a drink of water, Leroy; bring me a drink of water." "No!" "I have come to the conclusion that Leroy is pretty stingy with his water..." and Johnny Cash is pretty thirsty.

Maybe those weird sounds coming from the music building weren't so weird after all. The Marching Indians were chosen as the special band to play the National Anthem at the marching contest at Lowell this year. You will all get a free demonstration of their superior abilities at the basketball games this year which, incidentally, Culver is going to win. Let's all do our best to let the team know we're behind them all the way, come basketball time!

I think the Seniors are going to Memphis on their trip. That's the way it sounds, anyway.

The Candy Kitchen was invaded after the ball game at Argos Monday night. At least they thought that was what was happening. Actually it was only six of Culver's more ardent baseball fans.

If you happen to pass a Junior Brave in the halls, and ask him how the play is going, you are apt to get the answer, "It's a Great Life."

Ask Leo about the hole in the floor of the Chemistry room the next time you see him.

Our Indians have started sporting blankets in the teepee, due to no "smoke signals."

We would like to give a cheerful "Hello" to our former squaw, Julia Furnas. We hope it gets all the way to California.

As the tribe moves slowly South a voice is heard calling, "Hey out there, Kemo Sabe!"

A BOOTLEGGER is the kind of fellow who does no business to speak of.

Grade News Shows Variety

By Ron Kuhn and Kathy Clyne
It seems like everyone has been singing "Happy Birthday to you!" with all the birthdays this week. Nature studies seem to be very popular, with exhibits and collections including everything from seeds to tomato worms!

Mrs. Keyser: First grade — All of our first graders are very excited as they have just begun to read their first pre-primer. Our room is decorated for fall. We have gourds, squash, corn, pumpkins, and autumn leaves. We are starting a seed collection.

Mrs. Barton: First and Second grade — Sandy Lewis had a birthday Oct. 1. The boys and girls are bringing many things for us to enjoy. We have acorns, nuts, gourds, leaves, potatoes, tomatoes, and apples on our fall science table. The first grade learned in our science how water disappears.

Mrs. Allen: Second grade — Kathy Wolverton had a birthday party at school last Thursday. Her mother brought yummy refreshments. We are studying about seeds and how they are scattered from one plant to another. We wrote stories about our pets.

Miss Page: Second grade — We helped Kenneth Baker celebrate his 8th birthday on Tuesday, Oct. 4.

Mrs. Carter: Third grade — We are writing our names on a map of Culver to show where we live. Sometimes we locate places on a map of the U.S. We have started a wood collection. We tell the different wood and for what it may be used. Ronald May brought some turtles to show and tell about.

Mrs. Carr: Fifth grade — In gym class we had a cross-country race. Dennis DeMarco was the boys' champion and Corin Manchester was the girls'. We saw two movies, one was about our teeth and the other showed our skeleton. We thought they were interesting.

Mr. Weaver: Fifth grade — We have been studying about famous men, in social studies. Jayne Bray brought a pair of morrocas from Cuba. Ralph Houghton brought a tomato worm.

Band Groups Display Talents

By Sandra Fisher
The Senior Band enjoyed their trip to Purdue for Purdue Band Day. Culver took part in the mass band performance and then enjoyed the Purdue vs. U.C.L.A. football game.

The Culver High School Band has been chosen to open the marching contest at Lowell Saturday, Oct. 8. The Band has been practicing very hard to make their performance a success.

This year Culver is not only privileged with a wonderful choir but now we have a Boys Glee Club and Girls Glee Club. We are looking forward to the Christmas concert so they can display their talent.

The Seniors are soon to be fitted for their band sweaters, and all are very excited.

COMING EVENTS

Oct. 12, 13 — Senior pictures will be taken.
Oct. 14 — National Honor Society Initiation will be held in the high school study hall at 11:20 a.m. The public is invited.
Oct. 17 — The end of the first six weeks grading period.
Oct. 19, 20 — Grade school pictures will be taken.

GAVE TALK ON ORIGIN OF ALPHABET

A talk on the origin and development of the alphabet was given by Mrs. Warner Williams before the world history and art classes last Tuesday during second period in Mr. Robinson's room.

Mrs. Williams illustrated her remarks with appropriate sketches and displayed a number of very valuable art pieces. At the close of her talk the students inspected the display and asked questions of Mrs. Williams.

The talk was most interesting and the students appreciated Mrs. Williams' cooperation in appearing before the groups.

Library News

Last week the Freshman class of the High School enjoyed a field trip to the Public Library. Mr. Donald Wood conducted his class there, explaining how to use the reference section in connection with the card catalog file and the Readers Guide to the Periodical Literature.

Since redecorating the library, the board members have decided to have work of local citizens on display in place of the usual pictures. Mrs. Newton White will soon place some of her paintings on display, along with two prize winning photographs taken by Bill Taber.

Also available are Charles Faulkner's two articles "A Possible Early Woodland Cache Discovery in Northern Indiana" and "The Red Ochre Culture: An Early Burial Complex in Northern Indiana," the latter being in the June, 1960 issue of "The Wis-

On Thursday, Oct. 6, the Marshall County Librarians met in Culver. Brunch was served at the M and M Restaurant and a centerpiece of orchid mums and fall leaves accented the table. A discussion on the most often asked reference questions was led by Mrs. Stella Binkie, librarian at Plymouth. Those from Culver attending were Mrs. Jane Scruggs, Mrs. Sally Hardin, and Mrs. Norma Mohr, representing the Library, with Mrs. Guy Davis representing the Library Board. The next meeting is to be held in Bourbon.

Those who have donated books recently are Mrs. S. E. Perkins, Mrs. M. R. Robinson, Janet Parker, and Marjorie Mueller. The Library would appreciate any of Zane Gray's books that readers might care to donate. Also, there is a need for copies of E. R. Corwin's "One Township's Yesterday".

WE NEVER KNEW - With the reopening of schools, newspapers throughout Hoosierland resumed publication of menus of school cafeterias for each week. Just why this was such an important item puzzled us until we asked an editor. He explained it enabled mothers to avoid duplicating at their evening meals foods the youngsters had for lunch. Sound logical.

STEAMED UP - Steam engines are going out of style but a Warwick County father and son, Homer Powers, 81, of Lynnvile, and his son, Lowell, still have a hankering for steam power. Starting with an engine once used as a bilge pump on a steamboat the Powers built a miniature model of an old threshing engine as "just something to play with." It was used recently to operate a ticket tumbler during the drawing for prizes at a Lynnvile fair.

How can a guy do a good job without enough light?

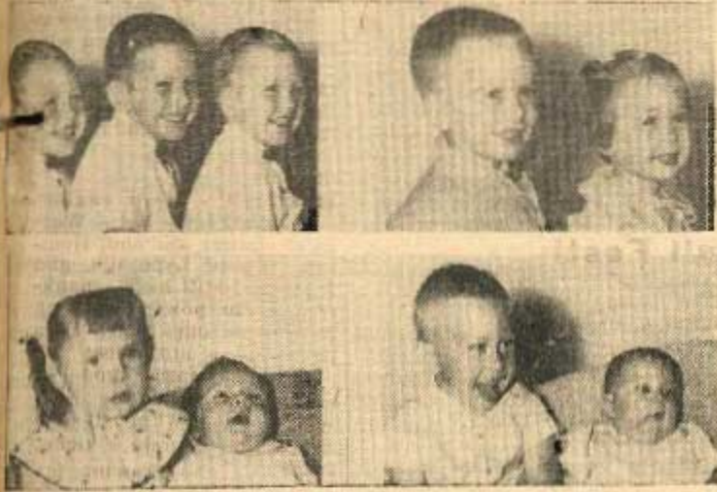

Eyesight is priceless...good light is cheap

Good light makes a big difference... in junior's grades as well as in the eyesight and comfort of all the family. Here's how you can have good light in your home: End dark shadows... with indirect light all over the room. Provide enough light... for reading and sewing... with a diffused reflector or reflector-type bulb... the proper shades... to eliminate harmful glare.

COURTEOUS COP - Greenwood Police Chief Grner Wood tells his officers they should be courteous. He still thinks it's a good policy, but now he warns his men against overdoing it. His cautionary word came after an officer while making his rounds noticed a woman struggling to load a heavy box into a car. He helped her stow the box away. Shortly afterward the proprietor of a nearby store reported the theft of some merchandise by a shoplifter. Investigation led to the arrest of the woman the officer had helped load the loot.

GAME CALLED - A Greenwood attorney, Cliff Anteliff, has a hobby of playing chess by mail. He had a hot game going with a correspondent in Massachusetts but suddenly ceased hearing from his adversary. He began to check and found that the post office box to which he had been mailing his moves was that of a penal institution. Some time later a letter came from his opponent telling him that he had been delayed in mailing his moves because he had been placed in solitary confinement following an attempted jail break.

 Rural Route, Argos

1 cup butter or margarine (2 sticks)
 1/2 cup powdered sugar
 1/2 teaspoonful vanilla
 1-3/4 cups sifted flour
 1/2 cup finely chopped nuts

Let butter or margarine stand in mixing bowl at room temperature until soft. Preheat oven to slow 350 degrees for shiny metal cookie sheet or 325 degrees for dark metal cookie sheet. Cream butter and sugar together until light and fluffy. Add vanilla, sift flour on waxed paper, measure. Add flour gradually to the butter mixture. Mix in nuts, form into small balls. Place on baking sheet 1 inch apart. Bake 15 minutes. Coat with powdered sugar while warm.

GESUNDHEIT'S KUCHEN
 By Ruth Gollnick
 West Terrace St., Culver

1/2 cup butter
 1 cup sugar
 grated rind of 1 lemon
 3 eggs - add 1 at a time
 1-3/4 cups sifted flour
 2 teaspoonful baking powder sifted with flour
 1/2 cup sweet milk - add alternately with flour

Grease a tube pan (very heavily). Line pan with chopped almonds (they will adhere to grease on sides of pan). Bake 1 hour at 350 degrees. Sprinkle with powdered sugar.

NOTE: Mrs. Nimitz would very much like to have some more favorite recipes from Culver area ladies. Please send them direct to her home at 915 N. Adams St., South Bend, or leave them for her at The Citizen Office. 41n.

REMEMBER? - Do you recall when you could drive your automobile over Hoosier highways without an operator's license? Well, you could prior to passage of the first driver's license law in 1929. Of course there weren't many automobiles then. Neither were there many good roads to drive over. A chauffeur's license law for the drivers of public transport vehicles antedated by a few years the law licensing the drivers of private cars.

MUMBO-JUMBO and abracadabra was the "magic" used by such charmers. For example, to stop the pain of a burn they murmur: "Angel from the east, go to the west. Come out fire. Go in frost." the name of God, the Father, the Son, and the Holy Ghost.
 To cure TB, they'd say, "I command thee out of the bone into the flesh, out of the flesh into the skin, out of the skin into the wide world."
 These charmer-specialists were rare, however. Most ancient remedies could be concocted by anyone who had the ingredients, formulae and, in some cases, a strong stomach.
 We'll reveal a few in next week's Culver Citizen.

NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATION
 Notice is hereby given the taxpayers of Union Township, Marshall County, Indiana, that the proper legal officers of said municipality at their regular meeting place at 8:00 o'clock, P.M., on the 24th day of October, 1960, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.
SPECIAL SCHOOL FUND
 Account E4 - Instructional Equipment - \$3,685.74
 The funds for the payment of the proposed additional appropriation will be those received as reimbursement for the Title III program for improvement of the science program under the National Defense Education Act. These funds are in addition to the money to be raised by tax levy in the local school budget.
 Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a hearing within fifteen days of County Auditor's office in Marshall County, Indiana, or at any other place as may be designated. At such hearing, taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

LETTERS TO THE EDITOR

Academy's Gift Of Trees
 Editor, CITIZEN:
 I wish to be the first Culver citizen to thank Culver Military Academy and General Spivey for the donation of 15 maple trees to the Town Park.
 Last Arbor Day Mr. and Mrs. Raymond Manis contributed two tulip poplar trees (our Indiana State tree) to the school grounds, which apparently went unnoticed.
 Many times all of us take the position that nothing should be contributed unless accompanied by a brass band, which is thoughtless and self-seeking. These little gestures, done modestly, are what makes for better understanding and a more wholesome community.

From where I sit ... by Joe Marsh

Name That Name

Mrs. Wilkens, our kindergarten teacher, told me this one about her first day of class.
 "To get acquainted with the new children," she said, "I go around the classroom and ask them to recite their names."
 "What's your name?" I asked one little boy. "Freddie," was the reply. "You mean Frederick," I said, "We use only our proper names in class." So when I asked the next little boy what his name was, he stood up proudly and answered, "Boberick, ma'am!"
 From where I sit, Bobby re-

minds me of folks who think what's right for one must be right for another. For instance, my neighbor used to scoff at my having a good glass of beer with supper. He believed that only coffee was proper. Truth is, a mealtime beverage, like most other things, is purely a matter of personal preference. When we can respect the other fellow's opinion as well as our own, we'll have passed the first "lesson" in tolerance.
 Joe Marsh

CHURCH NEWS

Weekend guests of Mrs. Rossie Moore and Robert were Mr. and Mrs. Virgil Bennett, Linda, and Eddie of LaPorte. Eddie Waak of LaPorte was a Sunday dinner guest in the Moore home.

EUB Church To Host Plymouth Branch Of WSWs

The Emmanuel Evangelical United Brethren Church of Culver will be host to the annual Plymouth Group Branch meeting of the Women's Society of World Service, Indiana Conference North, on Thursday, Oct. 13. The theme for this year's meeting is "Unity in the Local Church." The E.U.B. men of the Plymouth Group will participate in the evening meeting, at 7:30. The afternoon session is scheduled for 2 o'clock.

Rev. and Mrs. A. J. Faust, missionaries to Bambar, Nigeria, Africa, home on furlough, will be the special speakers. They will tell about the work in the country which last week became the 59th member of the United Nations organization. Mrs. Carl Tauber of Frankfort, Indiana North Branch president, Mrs. George R. Davis of Kokomo, second vice-president, and Mrs. B. G. Thomas of Decatur, secretary of Missionary Education to Children in the conference Branch, will also speak on the program.

A supper will be served by the ladies of the church from 5 until 7 o'clock. The E.U.B. Men's organization of the Plymouth Group are invited to this supper session and will have charge of the evening program at 7:30. Devotions will be in charge of one of the local men, and a male quartet from the Emmanuel Church will sing.

Mr. and Mrs. E. W. Carter were guests at a potluck dinner Sunday evening for the past matrons and patrons and their husbands and wives of the 20th district, Order of the Eastern Star, in the home of Mr. and Mrs. Steven Kratochvil in South Bend. They were accompanied by Mr. and Mrs. Delph McKesson of Plymouth.

Morning Worship 10:30 a.m.
Sunday School 10:30 a.m.
God's boundless love for man will be emphasized at Christian Science churches on Sunday.

Keynoting the Lesson-Sermon on the subject of "Doctrine of Atonement" will be the Golden Text from I John (4:19): "Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read (19:6): "Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin, and death by the law of Spirit, — the law of divine Love."

COCKY COCK - A belligerent rooster wound up in a dog house in Columbus. The rooster, purchased when it was tiny as an Easter present for a child, grew up into a mean old bird that terrorized children and cats in the neighborhood. Complaints of its behavior led to its being taken into custody by Officer John B. Joy. The policeman took it home but found he couldn't handle it and he traded it to Maurice Franke, a dairyman, for a half gallon of milk. Franke said he would put the rooster in with his pet dog but if the fighting cock couldn't get along with the dog it would wind up in the frying pan.

Scout News

By Paul Saft Jr.
The committee on the Boy Scout movie reports that the results were good but not as good as had been anticipated. However, the boys enjoyed working on the project and are well pleased with the outcome. We certainly want to thank Mr. Hoesel for giving the Boy Scouts the opportunity to do this project and also for his wonderful cooperation in putting on the movie.
There were 17 scouts present for the regular meeting. The flaming arrow patrol won the contest for selling the most tickets for the scout movie. Those selling the most tickets were scouts Mars, Saft and Kelly. The scribe collected \$2.50 for weekly dues.
Seven members of the Scout committee were present for the monthly committee meeting. Mr. Stinchcomb presided over the meeting and was appointed as acting committee chairman until an election is held to fill the post vacated by the resignation of Gen. Curry this summer. The committee reviewed the proposed program and made their recommendations for improvements. The scoutmaster requested the following equipment be purchased for the troop: two cook sets, saw,

morse code kit, dish pan and first aid supplies. The committee approved the purchase of these items. A board of review was held for members seeking advancement.
Scoutmaster Bryce Bigley and assistant scoutmaster Carl F. Foust supervised patrol corner work and games. Projects now in progress include the distribution of community chest posters, having all new boys complete and return their application for the Boy Scouts and encouraging all new Boy Scouts to get a uniform to wear when engaged in scouting activities.
TERRY HAND NAMED TO HOMECOMING COMMITTEE
Terry Hand, junior attending Ball State Teachers College, is co-chairman of the Elliott Hall, men's residence hall, committee in charge of designing the hall's 1960 Homecoming display.
Hand is the son of Mr. and Mrs. Donald Hand, 426 State St., Culver. He is a secondary education major specializing in art.

Academy Sports

Bolstered by their first victory of the season, Culver Military Academy's Eagles get set this week for one of the big games of the year Saturday when they meet St. John's Military Academy at Delafield, Wis.

After losing in successive weeks to Buchanan and West Lafayette, the Academy eleven went all out to defeat Bremen High School, 18-0, in a contest here last Saturday. The Eagles took advantage of two blocked kicks, a pair of fumbles, and two intercepted passes to whitewash the visitors.

The Bremen victory proved to be a big day for underclassmen and bolstered Coach Russ Oliver's hopes for next season. Howie Bridges, a junior tackle from Webster Grove, Mo., became the team's leading scorer when he booted his second and third field goals of the year. The other Culver scores were recorded by Frank Corum, a junior fullback, and Bill Baker, a sophomore.

In other Academy athletics, the cross-country team last week defeated LaPaz, 17-46, in a meet over the Culver golf course. Captain Dick Tucker negotiated the one and three-fourth mile course in a time of nine minutes, fourteen seconds. Tucker followed up his victory against LaPaz by finishing fourth in a tough field entered in last Saturday's Hobart Invitational Relays.

CMA Lancers Are Escorts To Danish Royalty

The Lancers, honor division of Culver Military Academy's famed Black Horse Troop, will make a series of important off-campus appearances during October.

On Monday, Oct. 10, the Lancers served as personal escorts in Chicago to the king and queen of Denmark, who are now touring several major U.S. cities.

Eight days later, the Lancers will make the first of 16 appearances in Kansas City, Mo., performing during the American Royal Livestock and Horse Show.

Major General Delmar T. Spivey, USAF, (Ret.), superintendent, announced acceptance of both invitations for some 32 troopers who comprise the Lancers.

As escorts to Denmark's royal family, Fredrik the Ninth and Queen Ingrid, the Lancers headed a procession beginning at 10:30 a.m. from the Drake Hotel. They moved on to City Hall, where the Danish heads of state were honored in a combined Army, Navy, Marine and Air Force presentation.

The Lancers will leave South Bend by air for Kansas City on Friday, Oct. 14, and appear that same night at the American Royal. They will be seen twice daily during the eight days of the show, sponsored by the American Horse Show Association. The horses will be yanned to Kansas City in advance of the troopers.

The Lancers will be quartered with a U.S. Air Force unit while in Kansas City. Strict study hours will be maintained by the troopers each morning under the guidance of assigned instructors making the trip.

Accompanying the troopers will

be Col. Gerald Graham, director of the School of Horsemanship; Col. William R. Robinette, Lancer coach; and Mr. Judd Stinchcomb, retired mathematics instructor.

Skate-Way Again Managed By Don Grothaus

Don Grothaus has once again taken over the management of the Skateway Roller Rink after having it leased to Dick Gunder for the past year.

Don is looking forward to serving this community again and is hoping to book skating parties from local school, churches, and other fine organizations. Party nights will be on Monday, Tuesday, Thursday, and Friday.

Public skating will be on Saturday nights, 7 to 10, and a special skating session is planned for Saturday afternoons, 1 to 3, for youngsters 12 years old and under for 25¢ with skates included. Family skating is also encouraged with special family skating rates.

Everyone in this locality should make a special effort to support this fine recreational center. Roller skating is one of the finest exercises and body builders, helping to develop poise and grace, along with having a lot of honest-to-goodness clean fun under good supervision. It is to your advantage that you roller skate often, or sponsor a club or organization of young people to help build a better tomorrow.

Three-County School Plan Still Alive!

Union Township (Culver) intends to proceed with plans to consolidate with North Bend Township of Starke County and Aubbeenaubee Township of Fulton County despite the Fulton County and Starke County School Reorganization Committees' refusal to permit the townships to go outside their respective counties in any reorganization plan.

The three townships will try to consolidate under state school consolidation laws enacted prior to the State School Reorganization Act which was passed by the 1959 General Assembly.

Other "Mixed" Counties
The Marshall County committee received formal information Monday from the Kosciusko County committee that Etna Township of Kosciusko County was being released for reorganization with Marshall County school districts, and then gave its tentative approval to a consolidation that would involve Bourbon and Tippecanoe Townships and Etna Township of Kosciusko County.

St. Joseph County committee has proposed a merger of German with Madison Township of St. Joseph County; North Township of Marshall with Union Township of St. Joseph; and Polk Township of Marshall, Oregon Township of Starke County, Johnson Township of LaPorte County, and Lincoln Township in St. Joseph County.

LOCAL PUBLISHER HAS BUSY WEEK ATTENDING IMPORTANT EVENTS

Chester W. Cleveland, publisher of Indiana Business and Industry magazine, last Thursday attended the dedication of the \$70 million Breed plant of the Indiana & Michigan Electric Co. on the Wabash River in Sullivan County 20 miles southwest of Terre Haute — the world's largest electric power generating unit.

On Friday and Saturday he attended the annual directors' meeting of the Indiana State Chamber of Commerce at French Lick which was featured by addresses by Crawford F. Parker and Matthew E. Welsh, rival candidates for Governor of Indiana.

Then on Sunday he was in Fort Wayne for the dedication of the new multi-million-dollar home office building of the Lincoln National Life Insurance Co.

Mr. and Mrs. Jack Taylor and Mr. and Mrs. Kenneth Ruby and Jimmy spent Saturday at Great Lakes, Ill., where they attended the graduation of their son and brother, John Taylor, from boot training.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

You are looking at the trend-setting car of our times, the '61 Ford . . . a car whose clean and classic profile is unmatched by any other in the world. Just one glance at the Big Circle taillights and sculptured rear deck, one look at the crisp, fresh front-end design and you'll know the '61 Ford is the classic style of the Nineteen Sixties.

Here is a Ford that is not only new in looks and ride and comfort, but new in its entire concept. The '61 Ford is actually built to take care of itself! It lubricates its chassis . . . cleans its own oil . . . adjusts its own brakes . . . protects its own body.

Indeed, here is a car that will save you valuable time and money by doing away with many stops for service.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF . . . THE FIRST 1961 CAR DEALER-WARRANTED FOR 12,000 MILES OR ONE FULL YEAR

- Lubricates Itself.** You'll normally go 30,000 miles without a chassis lubrication.
- Cleans Its Own Oil.** You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.
- Guards Its Own Muffler.** Ford mufflers are double-wrapped and slaminized — normally will last three times as long as ordinary mufflers.
- Adjusts Its Own Brakes.** New Truck Size brakes adjust themselves automatically.
- Protects Its Own Body.** All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath the doors.
- Takes Care of Its Own Finish.** New Diamond Lustre Finish never needs wax.
- Warranty.** The '61 Fords are built to meet three principal goals: finest quality, greatest durability, most reliable operation. Expressing their complete confidence that this has been accomplished, Ford Dealers led the industry in extending their warranty on '61 Fords to 12,000 miles or one full year, whichever comes first.
