"HOOSIER AT LARGE"

By Al Spiers

How A Defeated Candidate Can Hang Himself and Keep On Living!

BOB PRINTY has been hanged by the neck many times — but never until dead!

Printy's hangings were frightfully realistic. Scorning gimmicks, he dangled in a genuine hangman's noose for several scary minutes — depending solely on incredibly tough neck muscles to stay alive.

To keep in trim, Bob staged another stunt. He'd loop a thick rope around his neck, then let eight huskies play tug-of-war — for real — on either side.

Printy performed these feats for the Navy during War II as a member of an exhibition team of Seabee judo whizzes who were dubbed "the roughest guys in the world."

A JUDO INSTRUCTOR, Bob was first hanged in a training film — to show vividly what might happen to lax sentries.

In the film, Printy is found bound, knifed, and awaying in the breeze. The rope dangles from a tree on a cliff's edge — so Bob's feet are 50 feet from terra firma.

"I'd never been hanged before and my hands had to be tied," Printy grinned. "I was fairly sure I could do it — but a precaution seemed wise. So I clenched a small rag in one fist. If it fluttered away, the boys were to get me down fast."

THE RAG DIDN'T flutter . . . and Printy was similarly hanged many times in subsequent exhibitions.

That was long ago and Printy is now 59. Recently fellow workers at Lagro's Celotex Corporation challenged the hanging story. Bob had pictures that prove it, but he said:

"Toss a rope over that high beam and I'll show you."

Up went the rope . . . and up went Printy, by the neck. No sweat! He came down intact.

"I guess," grinned Bob, "I'm still in shape!"

That he is — for sure!

A BOYHOOD BRUSH with death made Printy an ardent advocate of vigorous body conditioning.

Born in Wabash Aug. 11, 1901, he grew up frail and sickly. At 12 down with pneumonia, he vaguely heard a doctor tell his father, Everett, "The boy can't live through the night."

Good Luck To Basketball's Culver Indians!

Today's Citizen Salutes The Team

A feature of today's Citizen is a two-page center spread extending best wishes to our fine Culver basketball team in the season ahead.

Our Culver merchants and business houses have made this unusual community tribute possible.

Since this attractive feature contains a picture of the team and the complete 1960-61 schedule, why not remove it from the paper and display it proudly on the wall for all to see?

The Citizen appreciates the enthusiastic cooperation of the advertisers who made this salute to the Indians possible.

We are sure that the boys are also grateful for the nice compliment paid them.

Follow the team all season either in person or through the game stories so well written each week for The Citizen by Earl D. Mishler.

Open House Set For Joe Boetsma And Son Building

Upholstering Firm In New Quarters

Joe Boetsma and Son, upholsterers, have moved from West Mill Street to their fine new building at the corner of West Jefferson Street and new State Highway 17 and will hold open house on Friday and Saturday of this week.

The public is invited to stop in at any time and browse around in an unburied atmosphere. There will be coffee and cookies, and free gifts for everyone.

The modern new building features displays of Lees carpets, upholstery, draperies, drapery hardware, and awnings.

The Boetsma company wishes to thank those who made the new showroom and workshop a reality.

State Tax Board Reduces Culver Town Budget

Representatives of the State Tax Board during Monday's session at the courthouse in Plymouth reduced the Culver town budget after a lengthy review — 10 cents was cut from the general and street funds for a final rate of \$5.00.

This may not seem too frightening as compared with a \$7.22 rate for Plymouth, but in view of promises made to run our town more economically, it still represents a 24-cent raise over last year's rate of \$4.76.

The Culver library rate was cut 1-cent and stands at 17 cents as compared to 14 cents for the 1959

Hotly Contested Campaign Roaring To Finish Line

Record U. S. Vote Is Expected

The national election next Tuesday, Nov. 8, should be one for the history books!

Pitted against one another are Vice President Richard M. Nixon, hoping to extend the eight-year occupancy of The White House by a Republican, and John F. Kennedy, U. S. Senator from Massachusetts, whose Democrat multimillionaire father reputedly is spending 5 of his 400 million-dollar fortune to get a four-year lease on 1600 Pennsylvania Avenue, Washington, D. C., for his son.

We are betting on the son of the late Whittier, California, small grocery store operator!

First Catholic President?

Senator Kennedy has a 50-50 chance at this writing of becoming the first Roman Catholic President of the United States. Is America ready for one? Protestant Indiana will probably clobber him on the religious issue but he will run like a house afire in the big cities of the nation.

Ironically, Alfred E. Smith Jr., of New York, son of the last Roman Catholic Presidential nominee in 1928, is chairman of the Democrats for Nixon-Lodge!

Both Platforms Socialistic

Both the Republican and Democratic platforms are loaded with socialistic doctrine. Since it is no longer legal to give a tramp or a bum \$2 for his vote, the law permits the party bosses to promise voters "womb to the tomb" benefits costing the taxpayers thousands of dollars.

Only Domestic Issue At Stake

There is really only one issue in the oncoming national election for the voter to decide, and it is a most serious one.

Shall I vote for the fast road to Socialism, or shall I vote for the slow road to Socialism?

We firmly believe that the Republican route is the slowest! As Spruille Braden, former ambassador to Cuba, said: "Socialism is the prep school for Communism."

The Congressional Race

Former Congressman F. Jay Nimitz and Congressman John Brademas will be playing the "rubber game" for Third District U. S. Congressman. Nimitz was unseated two years ago by Brademas on his third try. Both are of such high calibre that we wish Brademas, a bachelor, would move to the Virgin Islands or some other district. Brademas has one fault, however, which makes us prefer Nimitz to him — he has both a Chamber of Commerce and a Farmers Union speech in his hip pocket. We like Nimitz's Barry Goldwater conservatism.

County Registration 19,754

County Clerk Harvey E. Phillips has certified 19,754 Marshall County residents as eligible to vote this year. This is 408 above the all-time record registration total.

Township Gains 46 Voters

Union Township has 46 more eligible voters than it claimed in the 1956 national election. Here's the breakdown in the five precincts designated as voting places:

Precinct 1 (Currans Building, Burr Oak) 379, a decrease of 3.

Precinct 2 (Nelson Equipment Co., Culver) 449, an increase of 42.

Precinct 3 (Odd Fellows Building, Maxinkuckee) 351, a decrease of 7.

Precinct 4 (Jim's Electric Service, Culver) 711, an increase of 25.

Precinct 5 (Culver Town Hall) 390, a decrease of 11.

Good Sportsmanship

Otis R. Bowen, M.D., of Brethren, who came within just four votes of being reelected state representative of Marshall County

Citizen Endorses Marshall F. Kizer For Senator

Marshall County Democrat Favored

This Independent Republican newspaper enthusiastically endorses Democrat Marshall F. Kizer, Plymouth attorney, for re-election to a new four-year term as Joint State Senator for Marshall and St. Joseph Counties.

We cannot recommend Kizer's Republican opponent, Henry A. Hoover, a South Bend lawyer, for the simple reason that we have never met him and know absolutely nothing more about him than is said opposite his picture in one of this issue's political advertisements: "B. S. Notre Dame '45, Harvard Law School '50, Ensign World War II overseas, Methodist, and bachelor."

Wrong Man Nominated

Aided by a famous Republican name, Hoover barely nosed out our choice in the May primary election — Harold L. Whiteman, born in LaPaz, Marshall County, but now residing in Lakeville, St. Joseph County, a youthful and dedicated member of a three-generation railroad family there. Whiteman would have given Kizer a run for his money.

An "Indifferent" Candidate

Mr. Hoover has shown no interest in the campaign nor in the success of his party. Nobody in the Culver area has ever laid eyes on him and this indifferent attitude just isn't accepted in the Hoosier State where we like to know our candidates on the personal level. We simply cannot take a chance on this aloof individual in the responsible role of a State Senator.

While we are in disagreement with considerable of Marshall F. Kizer's political philosophy, we have always respected his ability, good citizenship, and capacity for leadership. By and large, he has been an outstanding State Senator. Moreover, he is from Marshall County and that's always important regardless of party!

Good Teammate With Dr. Bowen

With Marshall Kizer back in the Senate and Republican Otis R. Bowen back in the House, Marshall County can point with genuine pride to one of the best qualified teams in the State Legislature.

east race, is again a candidate for that office. Dr. Bowen demonstrated his fine gentlemanly qualities and good sportsmanship by refusing to permit a recount, which could have easily changed the vote considering that more than 19,000 ballots were cast.

Only One Local Candidate

Only one local candidate is on the county ticket — Wilbia L. Carothers of Burr Oak, who seeks to dislodge capable Republican Frank E. Kleinke from the surveyor's job.

Two of the Republican county candidates, however, are natives of Union Township. Lloyd Beatty, candidate for recorder, was born on a farm near Burr Oak, his mother being a member of the pioneer Overmyer family. N. Welcome Norris, candidate for county commissioner, although a resident of Polk Township most of his life, was also born in Union Township.

Constitutional Amendments Are Recommended

The Citizen recommends a "Yes" vote on both of the constitutional amendments which appear on the state ballot. The first will require all Circuit Court Judges to be attorneys. The second will permit the State Legislature to adopt a simple system for the naming of new laws.

Phil Wilkie Recommended

We have a particular enthusiasm for Philip H. Wilkie, Rushville lawyer and banker, G.O.P.

Individual Vote Is Important In Local Races

Marshall County's Four Votes Cited

While a record 2 million-plus vote is expected in Indiana in the general election on Nov. 8, the Hoosier citizen must not be deluded into believing that each individual's vote is unimportant, the Indiana State Chamber of Commerce warns.

Particularly when the more local races for public office are considered, the individual vote can carry much weight. Jack E. Reich, the State Chamber's executive vice-president, said, "The citizen should view the weight of his vote in the perspective of his neighborhood precinct — the place where he will cast his vote," Mr. Reich added.

An analysis of the 1958 general election shows, he said, such examples as these:

In 19 of the 100 contests for seats in the Indiana House of Representatives, the majority for the winner amounted to less than 20 votes per precinct.

Four Important Votes!

In Marshall County, the margin of victory was only four votes among the total cast throughout the county, or a fractional .1 of one vote per precinct. In this same county, 112 registered voters per precinct did not bother to vote.

The per-precinct margin of victory was only two votes in three House races and only four votes in three other House races.

Mr. Reich said this per-precinct pattern was true, too, for such other local races as for the Indiana Senate and for county offices.

"The point to all of this is that too many registered voters stay home on election day, apparently thinking their votes would mean nothing or little," he said.

2,784,000 Ballots Possible

Meanwhile, the U.S. Bureau of the Census estimated Indiana's 1960 civilian population of voting age (21 years old and older) at 2,784,000. This would mean an estimated 55,000 Hoosiers have become old enough to vote in the last four years.

In 1956, 72.3 per cent of the state's voting age population cast ballots, the Chamber said. If the same voter participation ratio holds true in 1960, the total vote would be approximately 2,012,800.

Mr. and Mrs. Kenneth Brugh and children, Darolee, Gary, and Patty of Aurora, Ill., spent the weekend with Mr. Brugh's mother, Mrs. Dessa Brugh.

SCHOOL MENU

By Nancy Williamson and Anna Waite

(Beginning November 7)

Monday: Tomato soup, crackers, carrot and celery sticks, ham salad or peanut butter sandwich, apple crisp, and milk.

Tuesday: Pork and gravy on mashed potatoes, apple ring, cole slaw, scotch cake, bread, butter, and milk.

Wednesday: Ham and beans, corn bread, honey, tossed salad, fruit cup, bread, butter, and milk.

Thursday: Chop suey, rice, noodles, perfection salad, apricot sauce on cake, bread, butter, and milk.

No school Friday.

There is no cure for birth and death save to enjoy the interval.

— George Santayana

WE'RE GETTING MORE THAN OUR FAIR SHARE OF THIS!

Union Township Voting Places Listed

Polling places for the Nov. 8 election for Union Township as announced by the Board of County Commissioners are as follows: Precinct 1, Currens Bldg., at Burr Oak; Precinct 2, Nelson Equipment Co.; Precinct 3, I.O.O.F. Bldg., Maxinkuckee; Precinct 4, Jim's Electric Service, 214 S. Main St.; and Precinct 5, Town Hall.

INCOME TAX INCREASES MADE BY DEMOCRATS

Of the 10 income tax increases since establishment of the tax, ALL BUT ONE have been enacted by Democrats. Of the 9 income tax reductions, 7 were enacted by Republicans — including history's biggest, the 1954 slash which saved American families \$40 billion in the past six years.

A MATTER OF RECORD

The national debt is 91 percent Democratic. That is, \$260 billion of the \$290 billion total was incurred when Democrats were in the White House.

Many Democratic Publications Support Nixon

Democratic and independent newspapers and magazines over the country continue to announce their support of Nixon-Lodge ticket.

Among the most notable is the Chicago Sun-Times, originally founded as a New Deal organ, the late Marshall Field, who publisher son says Nixon "poses a far swifter road to a better way of life for all Americans" than his opponent.

Christian Science Monitor
One of the nation's most respected independent newspapers, The Christian Science Monitor has also concluded that Nixon best fitted to fulfill the grave demands of the Presidency during the next four years.

Saturday Evening Post
In an editorial the Saturday Evening Post said in part: "Nixon has the maturity, the experience, and, above all, the toughness to stand up to . . . the frenzied hate campaigns of the Redulators in Moscow and Peking and all the little Castros who empty their mouthings against this loved country of ours. With Nixon in the White House, we can be sure that defense will be under constant scrutiny, and . . . there will not be a negotiated Munich to humiliate us".

WHITE HOUSE JINX

The man elected President every year will be defying a 120-year old jinx. Since 1840, the President elected every 20th year has died in office, six in all. Three of six were assassinated.

HOLD Taxes DOWN!

VOTE -STRAIGHT- REPUBLICAN!

Crawford Parker For GOVERNOR

F. Jay Nimitz For CONGRESS

Crawford Parker says, "Indiana taxes can be kept down . . . there will be no increase in the 1961 General Assembly with Republicans in office."

Recent Republican Administrations have accomplished the greatest road program in Indiana history . . . 5,000 miles resurfaced, 1,500 miles of new roads, in all 92 counties. Indiana has risen from 46th place to rank among the top 10 states in road building.

Republicans believe education in Indiana should be controlled by the people of Indiana. Interested citizens and interested communities can and will achieve better educational facilities, bigger schools, better classrooms, more teachers.

The cost of living went up 48% under the Democrats from 1946 to 1952. Under Republicans, 1953-1959, your living costs went up less than 10c. And Hoosier families can continue curbing inflation by voting Republican!

Recent Republican Administrations in Indiana have made our State FIRST in the nation in new plants and new jobs. Under Crawford Parker's experienced leadership this program will be continually expanded to keep increasing the number of new plants locating in Indiana and assure a strong labor force, with greater job security, for this State.

Stop Inflation from Robbing Your Pocketbooks!

VOTE STRAIGHT REPUBLICAN

This political ad authorized and paid for by the Marshall County Republican Central Committee. Stewart Robertson, Mrs. Helen Johnson, Mrs. Eva Shene-man, Paul Swearingen.

Engagements

Williamson - Fites

MISS NANCY WILLIAMSON

Mr. and Mrs. Lester Williamson of Etna Green, Ind., announce the engagement and approaching marriage of their daughter, Nancy, to Duane D. Fites, son of Mr. and Mrs. Reuel Fites, of Bourbon.

Miss Williamson, a graduate of Etna Green High School and Purdue University, was affiliated with Phi Mu social fraternity where she was active as pledge trainer and membership director. She is now teaching vocational home economics in Culver Schools, Culver.

Mr. Fites graduated from Tippecanoe High School and Purdue University where he was president of Delta Chi social fraternity. He served as First Lieutenant in the United States Army for two years prior to teaching and coaching at Claypool High School. Mr. Fites is currently employed in the Argos Community Schools as an instructor of social studies and coach.

The wedding vows will be exchanged by Mr. Fites and Miss Williamson Wednesday, Dec. 23, in the Etna Green Methodist Church.

Heggard - Oliver

Mr. and Mrs. Kenneth Heggard, Culver Military Academy, announce the engagement of their daughter, Karen Ann, to Bruce Irving Oliver, son of Mr. and Mrs. Russell D. Oliver, Culver Military Academy.

Miss Heggard is a graduate of Culver High School and a senior in the Indiana University School of Nursing at the Medical Center, Indianapolis.

Mr. Oliver graduated from Culver Military Academy and Miami University, Oxford, Ohio, and is now attending graduate school at Indiana University in Bloomington.

A summer wedding is being planned.

B-B-B

PEDERSEN'S LEAVE FOR WINTER IN THE VIRGIN ISLANDS

Mr. and Mrs. Jacob Pedersen have left to spend several months at Hotel Estate Constant, St. Thomas, Virgin Islands, where they are employed by Edwin W. Dybing, former manager of The Culver Inn here. The luxurious hotel of 24 rooms is a former sugar plantation.

CHURCH EVENTS CLUB NEWS

New Arrivals

Mr. and Mrs. Raymond Harness, former Culver residents now living in Plymouth, are the parents of a daughter born Sunday, Oct. 30, in Parkview Hospital in Plymouth.

Academy Faculty Wives Association Headed By Mrs. Ronald Gleason

Launching its third year, the Academy Faculty Wives Association held its annual fall business meeting and tea recently at The Culver Inn.

The meeting was presided over by Mrs. Ronald Gleason, president. Serving with Mrs. Gleason as officers and board members this year are: Mrs. Frank M. Bryant, vice-president; Mrs. Warner Williams, secretary; Mrs. Walter Strahl, treasurer; and Mrs. Kenneth Heggard and Mrs. Burt Curry, executive board members.

New committee chairmen are: Mrs. Heggard, activities; Mrs. Robert Matson, service; Mrs. M. L. Curry, chapel; Mrs. Thomas Walker and Mrs. Myron Benner, welcoming; Mrs. Raymond Wheat, cadet hospital; and Mrs. Kenneth Crowe and Mrs. Norman Miller, health.

Working with Mrs. Heggard on activities will be: Mrs. John Kourmidas, Academy teas; Mrs. Frank Walzita, women's sports; Mrs. Irv. Nelson, bus trips; and Mrs. Edward T. Payson, culture.

Attend Tyner L.O.O.F. Sponsored Talent Show

The L.O.O.F. Lodge of Tyner sponsored a talent show Friday night, Oct. 29, in the High School Gymnasium.

The first prize of \$25 went to Peggy Kinney of Tyner, a small baton twirler. Second prize was awarded to Susan Zartman of Tyner, who performed a hobo dance. Third prize was won by Janie and Greg Annis of LaPaz, a brother and sister dance team. Other numbers were presented by contestants from Warsaw, Plymouth, Akron, North Liberty, Rochester, and Walkerton.

An automatic washer and dryer was also given away after the talent portion of the program followed by a pound auction.

The proceeds of this well-attended affair will go to the erection of an L.O.O.F. Hall at Tyner.

Culver Rebekahs attending were Mrs. Don Mikesell and Mrs. Trula McKee.

Demonstration Club Members Visit County Home

Friday afternoon, Nov. 28, members of the Culver-Union Township Home Demonstration Club visited the folks at the County Home, east of Plymouth.

After a little program the ladies served refreshments of ice cream, cupcakes, and homemade candy.

Those participating were Mrs. Guy Davis, Mrs. H. L. Werner, Mrs. Whitney Kline, Mrs. Wilfred Craft, Mrs. Ora Overmyer, Mrs. Dessie Boetsma, Mrs. D. Hatten, Mrs. George Kerrigan, Mrs. Eva Helsor, Mrs. Nellie Baker, and Mrs. Dale Mevis. Mrs. Harry Shepard, club president, was ill and unable to attend.

Student Council Will Present Wrestling Show

"Mister" Kleen is to be a guest in Culver High School gymnasium on Saturday night, Nov. 19. However, he's not the fabled gent of TV commercial fame, but a wrestler bearing the same monicker.

The so-called "Mister" Kleen does a good job of disposing of opposition and in the approaching program it will be Reggie Crusher Lisowski of Milwaukee who challenges him.

The spotlighted bout, together with a tag team match and two single events, make up a mat card sponsored by the Culver High School Student Council. It's a new sports venture for the area and if the initial project warrants, similar entertainment will be presented in the future.

In the team production the G-Men Billy Goetz and Johnny Gilbert will take on Johnny Kace and Farmer Brown. Jack Shepherd clashes with Bad Boy Joe and Pooch Shepherd meets Butch Klyber.

Promoter Tex Nunnally, of Michigan City, who is assisting in the fund raising project lined up a real exciting card for the Student Council. The first bout is slated to start at 8:30 p.m.

Members of the Student Council and the National Honor Society have tickets for sale. Ring-side tickets sell for \$2, general admission \$1.50, and students for \$1.

Poplar Grove

By Mrs. Carroll Thompson
Phone Argos TWinoaks 2-5028

Attendance at Sunday services was 50. The fourth discussion meeting on the study book "Steps to the Christian Life" was held at the church Sunday evening. The Rev. W. Ray Kuhn has led the worthwhile discussions. On Sunday evening, William Lake read related articles and the Rev. Arthur Schenck of the Argos Methodist Church spoke briefly. The discussions will be continued next Sunday, Nov. 6, at 7 p.m. A cordial welcome is extended to all.

The W.S.C.S. anniversary tea will be held at the church Wednesday, Nov. 2, at 1:30 p.m.

Mr. and Mrs. Forrest Curtis, Tom, David, and Lindon spent Friday and Saturday at Green-castle where they visited their son and brother, Stanley, and Mr. Curtis attended the Father's Day activities at DePauw University.

Mr. and Mrs. Willard Miller of Chetek, Wis., were Tuesday and Wednesday guests of Mr. and Mrs. Marion Taylor. Oliver Bryant of Rochester spent Thursday with the Taylors.

Mr. and Mrs. Herman Felton of Hamlet spent Sunday with the Rev. and Mrs. W. Ray Kuhn and Carol and accompanied them to the morning services. Afternoon callers in the Kuhn home were Mr. and Mrs. Charles Steinburg, Phil and Becky, and Mrs. Loomis and daughter of Hebron.

Mr. and Mrs. Mel Hirschman and sons of Mishawaka were Saturday supper guests of Mr. and Mrs. William Lake.

Mrs. Mary Leland who had sur-

gery at Parkview Hospital last week is improved and might be able to have visitors this week. Her family reports she enjoys and is appreciative of the cards and letters she is receiving.

Mr. and Mrs. Rex Castleman and family returned Sunday evening from a three day trip to northern Michigan where they crossed the Mackinac Bridge, saw boats going through the Locks at Sault Ste. Marie, and spent some time in Canada.

Mrs. Sam Baker and son, Ned, of Shipshewana are visiting the week with her parents, Mr. and Mrs. Frank Cowen.

Mr. and Mrs. Ronald Quivey entertained on Sunday for Mr. and Mrs. Harold Staley and Mr. and Mrs. Don McAfee of Plymouth, Mr. and Mrs. Darwin Hartman and Katy, and Mrs. Joe Boetsma, Sr.

Mr. and Mrs. Owen Smith were hosts on Monday evening at a pol-luck birthday supper for the directors, officers, and wives of the Marshall County Farmers Insurance Co. Guests were Mr. and Mrs. Earl Leonhart, Mr. and Mrs. Alfred Winenger, Mr. and Mrs. Byron Haag, Mr. and Mrs. Tim Stockman, Mr. and Mrs. Joe Blackford, Mr. and Mrs. Glenn Baker and Mr. and Mrs. Justin Myers. Mr. Smith, Mr. Stockman, and Mrs. Haag were those celebrating birthdays.

Mr. and Mrs. Charles Smith and children spent the weekend in Vandalia, Ohio, with Mr. and Mrs. Ted Coleman and family.

Tuesday, November 15
7:30 p.m. — Stated meeting of Order of Eastern Star in Masonic Hall.

DON'T FORGET TO VOTE NOV. 8!

Life Magazine Endorses Nixon For President

NEW YORK — LIFE Magazine has completed its two-part endorsement of Richard M. Nixon for the Presidency.

The magazine, which recently announced its support of the Vice-President's domestic program, in its current issue urges the election of the Nixon-Lodge ticket on the basis of foreign policy.

In an editorial, the magazine noted that in contrast with their stand on domestic problems the difference between the two candidates on world policy was "narrow and the choice not easy."

The magazine said, however, that with Nixon and Lodge in charge of U.S. world policy "we shall feel both safer and more hopeful in the enlarging struggle."

LIFE praised the record of the Eisenhower Administration as being "markedly successful" in its conduct of world affairs and said that Nixon "is quite right to take pride in this Eisenhower record, and to claim it as a Republican achievement."

"Have Kept The Peace"

The editorial said that the Republicans "have kept the peace without any serious losses in any place that our arms or influence could reach." It added that this record is "particularly good in contrast with the preceding seven Democratic years, which were years of great Communist gains in Asia and Eastern Europe and the fourth costliest war in our history (Korea)."

LIFE criticized what it called the "nervous fringe" or "liberal" wing of the Democratic Party "whose internationalism takes the form of foginess in general, or glibility about Communism in particular."

Tougher Than Eisenhower

The magazine said that Nixon's policies would be an advance beyond those of Eisenhower "in the direction of toughness, determination, and creative imagination." It said that this would be an ad-

vance "with continuity, rooted in the Eisenhower balance that has kept peace and freedom safe this far."

The editorial noted that Senator Kennedy had "personal style and eloquence," which it termed "great assets for a free world leader," but that he has failed to show that his "foreign aims and programs are clearly superior to Nixon's."

American Legion Weekly Report

WILLIAM ALEXANDER
FLEET POST 103

By Jack Taylor

The American Legion asks you to use your freedom to vote. We do not ask you to vote for this party or that party, but to go to the polls on Tuesday, Nov. 8, and vote. To have freedom you have to work at it.

Legionnaire Thomas K. Walker is still confined to the hospital, but is getting along quite well.

AMERICAN LEGION

AUXILIARY

By Matilda Taylor

The ward party at Westville was a great success thanks to the members of the Auxiliary, their husbands and friends, and a very hearty thanks to the ones who were able to attend. Those who went from here were Mr. and Mrs. Roy Cromley, Mr. and Mrs. Edgar Shaw, Mr. and Mrs. John Plante Jr., Mr. and Mrs. Edward Kowatch, Mrs. Orville Phelps, Mrs. Ora Reed, Bob and Russell Flora and Paul Sikora.

The next meeting of the Auxiliary will be held at the home of Matilda Taylor on Wednesday, Nov. 2, at 2 p.m.

GREAT TRANQUILITY of heart is his who cares for neither praise nor blame. — Thomas A. Kempis

Mrs. Earl Mishler and Mrs. Ben Mishler attended the Saturday wedding of Miss Sonja Mishler and James Bozak in LaPorte. Rev. and Mrs. R. A. Worthman of Millersburg were Sunday dinner guests of Dr. and Mrs. Oscar Weston following Sunday morning services at Grace Church where Rev. Worthman was guest speaker. Miss Marizetta Robinson also joined them for dinner. Mrs. Ann Barak and son, Peter, of Chicago were weekend guests of Mr. and Mrs. E. W. Carter.

Mrs. E. W. Carter was a Thursday evening dinner guest of Mr. and Mrs. Neil Listenberger and the latter's sister, Miss Charlotte Mahler, of near South Bend.

RONALD H. NOEL
Instructor in French

JOHN G. TURNBULL
Music Department

CHARLES R. MINEGAR
French and German

COLIN W. STETSON
Physical Education

Four new instructors have been added to the Language, Physical Education, and Music Departments of Culver Military Academy, Maj. Gen. Delmar T. Spivey, has announced.

CHARLES R. MINEGAR, formerly of Tucson, Ariz., will teach French and German. He is a native of Elkhart where his parents, Mr. and Mrs. Charles Minegar Jr., reside at 821 Floral Court.

Mr. Minegar received a bachelor of arts degree from Elmhurst (Ill.) College and a master's degree from Indiana University. He also holds diplomas from the University of Poitiers, France, and the University of Vienna, where he was an honors student in the summer of 1957. Mr. Minegar was a Fulbright exchange teacher to Austria from 1957 to 1959.

He comes to Culver from the Southern Arizona School at Tucson, where he instructed French and German.

RONALD H. NOEL is joining the Language Department as an instructor in French. He is a native of Suncook, N.H., and has taught in high schools at Amherst, Plymouth, and Concord, N.H.

He received his bachelor's degree from St. Anselm (Mass.) College and a master's degree from the University of Massachusetts. Mr. Noel also attended Plymouth Teachers College at Plymouth, N.H., and was awarded a summer scholarship to Laval University, Quebec, Canada.

He is the son of Mr. and Mrs. Alzear Noel, 91 Glass Street, Suncook, N.H. At Culver, Mr. and Mrs. Noel and their daughter will reside at East Shore Drive.

COLIN W. STETSON, an instructor in the Culver Summer Schools, has been appointed to the Physical Education Department for the 1960-61 term. He also will serve as varsity wrestling coach.

Mr. Stetson received a bachelor of arts degree from Beloit College in Wisconsin last June. He was captain of the Beloit football and wrestling teams, soloist for the college vesper choir, and a member of Sigma Chi Fraternity.

He attended the Culver Summer Schools in 1953, 1954, and 1955, and is the son of Mr. and Mrs. William Clark, 1320 North State Parkway, Chicago.

JOHN G. TURNBULL joins the Music Department for the first semester as an assistant instructor, replacing Milford H. Myhre, who is on leave of absence.

A 1956 graduate of Culver, Mr. Turnbull received an A.B. degree from Princeton University

in June. He was on a National Merit Scholarship from the Sears, Roebuck Foundation and while at Princeton served as manager and president of the chapel choir. Last May he gave a solo undergraduate piano recital.

Mr. Turnbull is the son of Mrs. Susan V. Aycock, 11499 Bellagio Road, Los Angeles.

Political Distinction
Morton Grove, Ill.
Editor, CITIZEN:

Studying the platforms of the two parties I now know the difference between a Republican and a Democrat:

A Republican is willing to climb his own ladder; he just asks the Government to steady it.

The Democrat demands an escalator.

ROY BALLOU

EUGENE N. CHIPMAN, left, and his successor, **JOE MILLER** of Bremen

Eugene N. Chipman, Plymouth attorney and Culver Military Academy graduate, who was county Young Republican chairman for 1959-60, announced recently the appointment of Joe Miller of Bremen as county Young Republican chairman for the year 1960-61.

In making public the announcement of Joe's appointment Gene said: "At Republican headquarters we feel that the best way in which to reap the new ideas and fresh enthusiasm for our party's activities is to take advantage of the many fine young men and women's talents by placing them in positions of authority and responsibility. Joe Miller has much to give to the Republican organization and we are proud and delighted to have him join our team."

Family Resides in Bremen

Joe, son of Mr. and Mrs. James B. Miller of Bremen, is 23 years old. He is married to the former Martha Jane Hepler and they are the parents of two children, Brenda Kay, 18 months, and Gary Wayne, 2 months.

He attended Tri-State College and the University of Louisville and is a member of Kappa Alpha

Fraternity. He is a former member of Indiana National Guard and he and his family attend the First Evangelical and Reform Church in Bremen.

Chamber of Commerce President
Joe is president of the Bremen Chamber of Commerce and a member of the Jaycees.

Employed by Bremen Hearings, Inc., he holds the position of administrative vice-president.

New in Politics

Joe has had no previous political background but said when offered the post of Young G.O.P. chairman: "I am eager to join in and work for the Republican Party of this county. I earnestly feel the need for the young people to become active in political affairs. We must prepare ourselves to accept the leadership of our party in years to come, and I am confident that the Young Republican organization will permit us to work with and for the county Republicans in the most effective manner. In this way when the time comes for our generation to provide the strength and leadership for our party, we will be ready to accept our responsibilities."

Heiser Exposes Publicity Stunt By Brademas

Last week's Citizen carried the following story:

"Congressman John Brademas has called for a thorough study by the State of Indiana of the possibility of using the Kingsbury Ordnance Plant site as the future home of a new state college or university for Northern Indiana."

"Such a study should also consider the feasibility of using the 13,000-acre KOP area for industrial development or recreational purposes," said Brademas.

Letter From Army Engineers

Carl Heiser dropped in at The Citizen's office on Monday with the following Oct. 27, 1960 letter from the U.S. Army Engineer District, Corps of Engineers, 536 S. Clark St., Chicago 5, Ill.:

Mr. Carl Heiser
Culver, Indiana
Re: Lease No. DA-11-0320 ENG-8152, Tract AL-42
Kingsbury Ordnance Plant, Indiana

Dear Mr. Heiser:

Inclosed herewith is Notice of Revocation cancelling the referenced lease, effective 10 Dec. 1960, held by you and confirms the verbal information given you earlier this past summer.

The lease is being revoked not due to non-compliance with the terms thereof on your part, but the land is being granted to another Governmental Agency, the Indiana National Guard, for its use.

We have found you to be a very satisfactory lessee and hope to have the opportunity of leasing land to you again.

Your past cooperation is greatly appreciated and the removal of your personal property by 30 Dec. 1960 will likewise be appreciated.

Halloween's Fun Night Winners Named By Lions

Ghoulish Weather Brings Out 170

Old Man Weather played "trick or treat" on the eager Halloweeners Monday night and soaped their chance of the annual parade right out of the picture. Even so, 170 masked figures turned out at 8:30 at the local gymnasium to join in a fun-packed evening all under the sponsorship of the Culver Lions Club.

C. W. Epley Jr., Robert Cullies, Mrs. Norman Kelly, and Mrs. A. R. Westcott capably handled the difficult judging with \$30 in prize money going to the winning contestants. Treats of apples and candy were a feature of the annual affair and were provided by the Lions.

Winners Named

Games and contests were held with participants divided into three age groups. In the one to seven year age group winners and events were as follows: Apple-rolling contest — 1. Mike Powers, 2. Ronnie Gross; feather race — 1. David Howard, 2. Terri Babcock; and pin in the bottle — 1. Barbara Baker, 2. Tim Kilne.

Events and winners for the eight to 10 year age group were: Scissor step race — 1. Susan Thows, 2. Tom Houghton; apple balancing contest — 1. Mary Ann Lewis, 2. Steve Hoessel; head stand — 1. Greg Easterday, 2. Bill Grothaus; and cracker eating — 1. Cindy Smith, 2. Karen Ruhnow.

For the age group of 11-year-olds and older, winners of events were: Rope climbing — 1. Tom Grothaus, 2. Linda McAllister; egg walk — 1. Laura Miracle, 2. Rita Lutz; girls' hit the cat — 1. Becky Easterday, 2. Charly Welch, 3. Diane Davis; boys' hit the cat — 1. Tim Schultz, 2. Frank Sheppard; and plate walk — 1. Diane Davis, 2. Linda Baker.

Penny scrambles proved true to their name and were a big hit with all participants of each age group.

Costume Judging

Costume judging was the highlight of the evening with the following classification and winners: Best ghost — 1. Cathy Hoessel, 2. John Houghton; best old witch — 1. Peggy Brooks, 2. Kim Hoessel; best old man — Tom Houghton; best old lady — 1. Nancy Knapp, 2. Debbie Martin; best tramp — 1. Brian Lindvall, 2. Richard Snyder; best clown — 1. Dennis Mackey, 2. Brent Lindvall; best cowboy — 1. Paul Bennett, 2. Bill Bennett; best devil — 1. Jeff Jones, 2. Mike Powers; and best skeleton — 1. Jimmy Davis, 2. Jim Baker.

The most original costume award went to Bruce and Toni Anderson for their unique and timely appearance as ballot boxes.

The award for the best all-around costume went to P. J. McKinnis, Colleen Hallinan, and Susan Middleton who masqueraded as Indians in costumes made by Mrs. McKinnis. Her clever use of material and crepe paper produced very effective Halloween Indians.

The Lions Club Halloween festivities were enjoyed also by Julie Sherwood who received the award for being the youngest Halloweener at the age of one year and 11 months.

In campaigning for County Commissioner for the First District, I have attempted to meet all voters of Marshall County, but I have found it impossible to see all of you.

If you elect me on November 8, I shall, to the best of my ability, render honest and efficient service to all of the people of Marshall County.

Your vote in my behalf will be gratefully appreciated.

Nixon's Indiana-Born Mother Is His Biggest Booster For President

A WORD FROM MOM—Vice President Richard M. Nixon respectfully lends an attentive ear to his mother, Mrs. Hannah Nixon, in his home town of Whittier, Calif., where he was greeted by a cheering crowd of 20,000 as his campaign for the presidency moved into high gear.

Dick Nixon's Many Hoosier Ancestors Came To This State In 1854

By JAMES MacGORDY

Hoosiers will always occupy a warm spot in the heart of Presidential candidate Richard Milhous Nixon — for they are "his kind of people."

Indiana has been a home for the Vice President's maternal great-grandparents and grandparents, and the birthplace of his mother.

Also, relatives on his father's side still live in the State.

The story of the Milhous and Nixon families — ever moving westward — is a typical American story. Migrating from Scotland and Ireland to America in the early 1800s, they helped pioneer this country as farmers, eventually working their way to the West Coast.

A Quaker Family

Prof. Raymond Bell of Washington and Jefferson College, who has done considerable research and writing on both families, says: "All of Mr. Nixon's ancestors on his mother's side were Quakers and one line of his father's was Quaker."

Before the Civil War many Southern members of the Society of Friends, or Quakers, having religious scruples against slavery, moved North. But they came from the Eastern states too, pushing on to the fertile lands of the Midwest. A large number settled in Indiana.

Settled In Jennings County

Professor Bell noted that the first Milhouses came to Jennings County in 1854. They were the Vice President's great-grandparents, Joshua Vickers Milhous and his wife, Elizabeth. They moved from Belmont County, Ohio, in that year and settled near the little town of Butlerville in the hilly southeast section of Indiana.

"Joshua," as one of the older residents still pronounces it, and Elizabeth's oldest son, Franklin, his wife, Almira, and their children, lived on the neighboring farm. One of the children born to Franklin and Almira was the Vice President's mother, Hannah Milhous.

Sunday School Superintendent

The district schoolhouse stood between the two Milhous farms, and Sunday School was also held there. Elizabeth Milhous, an or-

daind Quaker minister, was superintendent of the Sunday School. Here were the roots of Mr. Nixon's Quaker upbringing.

Relatives At Elkhart

Up in the northern part of the State at Elkhart, 77-year-old Katie Ruch says she is related to the Nixon side of the family, her mother being Sara Nixon, who was born near Leesburg in Kosciusko County. Mrs. Ruch's grandfather was John Nixon. He came to this country around 1820 from the north of Ireland and settled in Pennsylvania. John was a Presbyterian minister and also taught school. He married a Jane Bryson and they later moved to Indiana, settling on the Tippecanoe River in Kosciusko County.

"I have never met the Vice President, but I've always wanted to," says Mrs. Ruch. "I read everything I can about him and I'll certainly give him my support in November. He'll make a fine leader. We invited him to the annual Nixon-Bryson family reunion two years ago but his work in Washington kept him from coming." Mrs. Ruch says she met Mr.

Nixon's aunt in Fullerton, Calif., several years ago and they still correspond.

Columbus (Ind.) Ties

Mrs. Irene Stewart of Columbus, Ind., is interested in the Nixon family genealogy because her husband, Lynn Nixon Stewart, is probably related to the Vice President. His family line follows the same pattern of migration — from Scotland and Ireland via Ohio and then settling in Indiana. Lynn's father was named Thomas Nixon Stewart and his great-grandfather's name was Nixon Stewart.

Methodist Circuit Rider

Nixon Stewart was a Methodist circuit riding minister, traveling around the community on horseback to hold church services. He's buried at Mount Olivet cemetery at Alert, Ind.

Mrs. Stewart met the Vice President's mother at the inaugural ball in Washington in 1957 and they correspond regularly. Both agree that Mrs. Stewart's oldest son, Robert, who is Republican chairman of Bartholomew County, resembles Mr. Nixon's brother, Donald, a great deal.

Getting back to the Milhous family, Miss Bertha Mae Terwilliger of Dupont, Ind., says her mother once lived near the Milhous home and helped take care of their children. She says her mother, who died eight years ago at 82, often talked about her association with the Milhouses. Once when she was riding with the family in a surrey the horse ran away. Mrs. Terwilliger remembered how frightened they all were until Mr. Milhous calmly brought the horse to a stop. She also remembered going on a picnic with them to Hincham's Cave and having a lot of fun exploring the cave with the Milhous children.

Move To California

In 1897, Franklin Milhous pioneered again and moved his family to Whittier, Calif., a Quaker community. There his daughter, Hannah, met Frank Nixon at a Quaker meeting and they were married in 1908. And there is where their son, Richard Milhous Nixon, was born in 1913.

Around 1920 Hannah and Frank Nixon came back to Jennings County, Indiana, for a visit and Mr. and Mrs. Frank Etter, who bought the farm across the road from the old Milhous place in 1912 recall meeting them. Mrs. Etter remembers that Richard Nixon, then about seven, wanted a drink of water. She went out to the spring to get a bucket of water, and Richard insisted on helping her carry it back to the house. "I thought at the time," she says, "what an energetic kid."

Frequent Hoosier Visitor

Dick Nixon has always been that way. For down through his

"YOU COULD BE A LOT OF HELP!"

career — school, law, military, and politics — he has been a vigorous, energetic leader.

Since becoming Vice President he has visited Indiana 28 times — opening the 1956 and 1960 campaigns in this State — and he will undoubtedly pay us many more visits in the future. We hope in the role of President of the United States!

CULVER STUDENTS MAKE HONORARY SOCIETY AT INDIANA UNIVERSITY

BLOOMINGTON — Two Culver students were recently initiated into Phi Sigma Iota, national romance language honorary society at Indiana University.

They are Cynthia Dare Allen, 470 West Shore Drive, and Leonard E. Stevens, Culver Military Academy.

Clarence Hacker Dies At Age 70; Services Today

Clarence A. Hacker, 70, Route 3, Knox, a retired policeman, died at 2 p.m. Sunday while walking near his home. He had retired from the police force five years ago because of heart trouble. He was seen by a Nickel Plate Railroad train crew as he lay near the tracks not far from his home. The crew reported his body and Starke County sheriff's deputies went to the scene.

Mr. Hacker was born in Starke County Oct. 28, 1890, and had lived there all his life. He was married April 6, 1910, in Columbia City, to Iva Reeg, who survives.

Also surviving are two daughters, Mrs. Irene Hinkle of Culver, and Mrs. John McGovern of Wallerton; four grandchildren; three great-grandchildren, and a sister, Mrs. Laura Listenberger of Culver.

The Harry Price Funeral Home at Knox is in charge of services to be held at 2 p.m. today conducted by Rev. Joseph Rodgers, pastor of Eagle Creek Church. Burial will be in Crown Hill Cemetery at Knox.

Mr. Hacker had also worked as a guard at the Indiana State Prison in Michigan City and at Culver Military Academy. He was a member of the Police League of Indiana and the Moose Lodge in Knox.

Perry Brewer Found Dead In Home At Age 92

Perry M. Brewer, 92, died at his home five miles southwest of Plymouth on Saturday, Oct. 29. The body was found by his son, Roland.

By vocation he was a farmer. Born June 10, 1888, the son of John and Elizabeth Brewer, in Union Township, Mr. Brewer had lived in the same community since 1911. On Nov. 30, 1930 he was united in marriage to Saloma Romig, who died in 1952.

Surviving are two daughters, Mrs. Verna McCreary of Plymouth and Mrs. Velma Montague of Traverse City, Mich.; a son, Roland Brewer of Plymouth; a half-sister, Mrs. Lucy Ditto of Peru; four grandchildren, and six great-grandchildren. Two daughters preceded him in death.

Services were held at 2 p.m. Tuesday, Nov. 1, at the Vandilder Funeral Home in Plymouth with the Rev. John Davis officiating. Interment was in the new Oak Hill Cemetery.

Wayne Holifield's Father Dies In Benton, Ark.

The Rev. Claude E. Holifield, father of Wayne Holifield of Culver, died Sunday evening in Benton, Ark. He was 76 years of age.

The Rev. Mr. Holifield, a retired Methodist minister, married Miss Mamie S. McCord in 1905. She preceded him in death.

In addition to Wayne Holifield, he is survived by another son, The Rev. Elmer J. Holifield, of Conway, Ark.; a daughter, Mrs. James H. Kloepfel, of Kansas City, Mo.; four grandchildren; five sisters; and two brothers.

Services were conducted Tuesday afternoon in the First Methodist Church at Rector, Ark. with interment at the Johnson's Chapel Cemetery in Rector.

Nephew Of Mrs. Nellie Jackson Dies At Age Of 54

Mrs. Nellie Jackson received word last week of the death of her nephew, Bernard D. Lindsey, 54, at the Illinois Research Hospital in Chicago where he had been hospitalized for the past three weeks.

Mrs. Jackson attended the burial Saturday morning in the Oak Hill Cemetery in Lebanon, Ind.

Reported During Halloween

Police Chief Don Mikese, who in past years generally got up with a headache on Nov. 1, was feeling wonderful Tuesday morning after the sanest and safest Halloween in local history.

Vandalism reached its lowest ebb this year. A few street signs were pushed over and the tires of a woman's car were deflated. But not an outhouse was overturned — after all, they have become a collector's item in this area. Stickers from the headquarters of both political parties were plastered on cars in good clean fun.

A few brats wrote filthy four-letter words on windows with soap. The community is thoroughly ashamed of them.

C.H.S. STUDENTS TO HOLD SCIENCE EXHIBIT WEDNESDAY EVENING

A science exhibit will be held in the science rooms of Culver High School Wednesday, Nov. 9, starting at 7:30 p.m., according to announcement made by Reed Kepler and Latham Lawson of the science department.

There will be demonstrations by students in the fields of biology, physics, chemistry, and general science. The purpose of the exhibit is to allow parents to see first hand what is being done in the local science department.

The public is invited to attend.

By Mrs. Floyd Carrothers
 Phone Viking 2-2028

There were 45 at Evangelical United Brethren Sunday School.

Mrs. Bert Cramer Sr. and Mrs. Rossie Moore gave a Halloween party for their Sunday School Class Thursday evening in the Annex. Those present were Jimmy and Dennis Woolington, Jane and Jan Shock, Pamela Thompson, Peggy and Penny Burtucci, and Laurel and Velda Prosser. The room was decorated in keeping with the Halloween spirit, games were played and ghost stories were told, following which refreshments were served.

The Burr Oak E.U.B. W.S.W.S. Circle Party was held Friday evening in the Annex with 20 members, 3 guests, and 3 children present. The meeting was opened by singing the class song, "Love Divine." Birthdays were observed for Mrs. Roy Overmyer and anniversaries for Mrs. Bert Cramer Sr. and Mrs. Lorraine Samuelson. World Community Day will be Nov. 4 at Hibbard Church. Mystery package was drawn by Mrs. F. E. Carrothers. Door prizes went to Mrs. Dovie Overmyer, Mrs. Evelyn Christenson, and guest prize to Miss Catherine Overmyer. W.S.W.S. program was given by Mrs. Christenson, Mrs. Totten, Mrs. Prosser and Mrs. Ulery. Mrs. Carrothers gave devotions. Lunch was served by the hostesses, Mrs.

Do You Remember 'Way Back When?'

Highlights of Culver News of 10, 20, 30, 40, and 50 Years Ago This Week

NOVEMBER 1, 1950—

Rev. and Mrs. I. G. Roederer moved back into the newly remodeled E. U. B. parsonage on Oct. 31.

Mary Lou Gysin and Mrs. R. Winston Fitzgerald entertained 12 guests at a miscellaneous shower Oct. 27 for Mona Pearl Fechner, bride-elect.

Wayne Butler and Kenneth Martin were among the Marshall County inductees who left for service on Oct. 31.

Dr. R. C. Verhagen of Knox has announced the opening of an office in Culver for the practice of optometry.

Harry D. Edgington was elected president of the Union Township Farm Bureau Oct. 27 at the annual meeting of the farm group.

Mr. and Mrs. George Crabb celebrated their 49th wedding anniversary and Mr. Crabb's birthday with a potluck dinner at their home on Oct. 29.

OCTOBER 30, 1940—

Staged as a benefit for the PTA, the Maxinkuckee Drama Guild presented "One Wild Night" on Oct. 29 before one of the largest crowds ever to witness a non-school play in the Community Building.

When number 158 was drawn first in Washington, D.C., on Oct. 29, Herman W. Duddleson of Culver became the first draftee in Marshall County.

Alfred Kingery will receive a reward if he sends in the card attached to the weather observation balloon which he found Oct. 29. The card stated that it had been released at Joliet, Ill., that morning.

Mr. and Mrs. Carl Flinney have announced the engagement of their daughter, Lila, to Gerald Fenimore of Morenci, Mich., son of Mr. and Mrs. Edgar Fenimore of Culver.

Mrs. Charles Hewitt entertained at a surprise birthday dinner for her daughter Frances' 13th birthday.

About 200 persons from Culver are expected as workers in the proposed munitions plant at Union Center, according to a government representative who was here to check housing conditions.

OCTOBER 28, 1930—

The scout cabin on the Memorial Plaza was formally dedicated and turned over to the Boy Scouts on Oct. 27. To Col. Robert Rossow and Sgt. H. S. Rice goes the lion's share of the credit for the new cabin.

Horace G. Mackey, father of Dr. C. G. Mackey, and a pioneer resident of Fulton County, died at his home of heart trouble on Oct. 21.

The brothers and sisters of Roy Wickizer called on him Oct. 24 to celebrate his birthday.

Donald Reed has been elected president of the senior class of the Indiana University School of Medicine.

Gertrude N. Holland of Mishawaka and John L. Kline of Hibbard were united in marriage in Mishawaka on Oct. 25.

The members of the High School Band were the guests of the Chamber of Commerce at a dinner in the New Culver Hotel in appreciation of the remarkable progress the band has made since its organization.

NOVEMBER 3, 1920—

The marriage of Miss Artie Woodbridge of Poplar Grove and Earl Zehner of Argos was solemnized on Oct. 31 at St. Joseph, Mich.

The S. S. Reed Store in Hibbard was damaged Nov. 1 when a gasoline vent pipe became clogged and an explosion resulted.

A son, Eugene Leslie, was born to Mr. and Mrs. J. J. Woolfe.

The weather of Nov. 2 was a sharp contrast to 1916 when the weather was clear and the temperature 72. Yesterday's high temperature was 34 and the day raw and gloomy.

The first woman to cast a ballot in yesterday's election in precinct 1 was Mrs. Charles Bishop; precinct 2, Mrs. William Baker; precinct 3, Miss Emma Sulder; and precinct 4, Mrs. Enos Peete.

A load of coal passing through the streets these days attracts

SALAD DRESSING CAKE

By Mrs. Virgil Summers
460 Forest Place, Culver

1 cup sugar
1 egg
1 cup Miracle Whip salad dressing
2 cups sifted flour
4 tablespoonsful cocoa
1/2 teaspoonful salt
1 teaspoonful soda
1 cup warm water
Cream salad dressing and sugar. Add egg, mix well. Sift other dry ingredients and add alternately with warm water. Bake in greased cake pan at 350 degrees for 25 minutes, or until done.

CARROT CAKE

By Mrs. Robert Berger
212 West Cass St., Culver

1 cup sugar
3/4 cup salad oil
1-1/2 cup flour
1 teaspoonful soda
1 teaspoonful baking powder
1/4 teaspoonful salt
1 cup grated carrots
2 eggs
1/2 cup chopped nuts
1 teaspoonful cinnamon
Mix sugar and oil. Add sifted dry ingredients. Add grated carrots. Add eggs, one at a time, beating after each until well mixed. Stir in nuts. Bake 55 minutes at 375 degrees in medium size loaf pan which has been well greased and floured. Makes 20 slices — 164 calories per slice.

Note: Mrs. NIMTZ would very much like to have some more favorite recipes from Culver area ladies. Please send them direct to her home at 918 N. Adams St., South Bend, or leave them for her at The Citizen Office. 43n. 44n.

almost as much attention as a brass band.

NOVEMBER 3, 1910—

Three inches of snow fell on Oct. 28 in less than three hours.

J. H. Zechiel picked ripe strawberries from his garden on Oct. 31 in spite of the frost and snow.

Bowman Webb, 76, died Oct. 29 at the home of his daughter, Mrs. George Zechiel.

The members of the Methodist Church gave their new pastor, Rev. W. B. Morgan, and Mrs. Morgan a reception in the church basement on Oct. 29.

Levi Osborn has resigned his position in Slattery's Drug Store and will leave soon for Chicago.

Celeste Kreighbaum and Clarence Bair were united in marriage on Oct. 26 and will make their home in Detroit, Mich.

Union Made Government?

Organized labor is making a mighty effort to capture the United States Government in November.

COPE, the AFL-CIO Committee on Political Education, has amassed a huge treasury and marshalled an army of door bell ringers to push election of the unions' hand-picked candidates.

Striving to put a union label on the Democratic Party, union leaders succeeded in getting an amazing number of their own legislative policies written into the party's national platform. They have loudly endorsed the party nationally and are now repeating the endorsement state-by-state.

But the labor bosses do not balk at party lines. Individual candidates — whether Democrat or Republican — have been singled out for defeat or support on the single question of whether they will follow the labor line.

The union goal is a Congress and Administration that will enact labor's full legislative program. This is the same program that only a few years ago almost completely socialized Great Britain and threw that nation into a monumental bureaucratic and economic mess.

The labor leaders may not reach their goal, this year or any year. Union members, being Americans and individuals, do not always display the sheep-like qualities demanded by their leaders. In the privacy of the polling booth, they frequently act on their own judgment of what is good for the country, rather than on what the union bosses tell them is good for the union.

LABOR TRUTH COMMITTEE, HEADED BY STRONG UNION MAN, PLUGS FOR G.O.P.

Formation of a statewide Labor Truth Committee by a group of Hoosier labor union members to dispel false campaign information on labor issues is announced.

W. C. (Dick) Darnell, Fort Wayne, former president of an AFL-CIO union local, was elected chairman which also included members of union locals in Hammond and South Bend.

Other officers named were Edwin (Ted) Turnock of South Bend, secretary, and Stanley J. Zurek of Hammond, treasurer.

Darnell said the committee would wage an intensive campaign for labor support for Vice-President Nixon and the entire Republican ticket.

Enthusiastic About Parker
Darnell said he and other com-

mitteemen recently interviewed the Republican nominee for Governor, Crawford F. Parker, regarding Parker's views on labor and that they came away from the conference with enthusiasm for Parker's "positive program." Meanwhile, Darnell said, the committee feels that Parker's opponent, Democrat nominee Matt Welsh, dealt in an insincere and indifferent manner with labor issues in the 1959 General Assembly.

ROBERT J. FOELLINGER, ROCHESTER BANKER, DIES SUDDENLY AT 41

Robert J. Foellinger, 41, president of the First National Bank at Rochester, died Monday night of a heart attack. He was the son-in-law of the bank's late president, Percy Smith, who died in 1958.

National Life Insurance Post

WILLIAM T. STINCHCOMB

William T. Stinchcomb, a native of Culver, was recently appointed assistant superintendent of agencies for The Lincoln National Life Insurance Company, Fort Wayne, according to an announcement by Henry W. Persons, vice-president and director of agencies.

Mr. Stinchcomb, son of Col. and Mrs. Judd T. Stinchcomb of Culver, entered life insurance selling as an agent in South Bend. In 1956 he was promoted to field supervisor with that company in Milwaukee and a year later was named assistant manager and then advanced to agency manager in Aurora, Ill.

Mr. Stinchcomb was graduated from Purdue University in 1950 and has completed both parts of the Life Underwriter Training Council program. He is a member of the YMCA, the Masonic Lodge, and the Aurora Association of Life Underwriters. He and his family plan to make their home in Fort Wayne in the very near future.

Lions Annual Thanksgiving Dinner, Nov. 12

Saturday, Nov. 12, is the date set for the Culver Lions Club's third annual Thanksgiving Dinner to be served in the Culver Community Building.

Turkey with all the trimmings will be prepared by the Burr Oak Ladies and served by the club as has been the custom. Serving will be from 5 to 7 p.m. and tickets are available from any Lion member. The adult tickets are priced at \$1.25 each with prices for children, under 12 years, set at 75¢ each.

Last year's dinner was supported by more than 500 persons. It is hoped this year's event will be well attended as this is one of the most important fund raising projects of the Lions.

Proceeds from this Thanksgiving Dinner will be used to further the Lions many community activities, so mark your calendar now and plan to attend this community observance.

within a week in the local vicinity. The barn on the P. C. Ward farm east of the church on the Richland Center road burned

the week before.

Mr. and Mrs. Everett Goodman spent a few days recently with relatives in Sullivan County.

Mr. and Mrs. Paul E. Winn entertained the Home Builders Class in their home on Saturday evening, Oct. 22. They also entertained the Young People's Class at a Halloween Party last Saturday evening.

Mr. and Mrs. Paul Mathias were Thursday overnight guests in the Guy Davis home. Besides the Mathiases, Mr. and Mrs. Don Davis and family and Eldon Davis were breakfast guests Friday morning.

Mr. and Mrs. Jesse Zechiel and grandson, Larry, Mrs. Eldon Davis and children spent from Thursday until Saturday in the home of the former's niece, Mrs. Frederick Clausen and Mr. Clausen in Oregon. Mrs. Zechiel was taken quite ill and was taken to Marshall Co. Parkview Hospital Monday evening where she is a patient.

Mr. and Mrs. Fred Campbell recently moved to their newly purchased farm home on the old South Germany Church road. Their son Jim and his new bride are now residing in the old home place.

Mr. and Mrs. Truman Nehr on a farm sale last Friday and are moving to Rochester. Charley Murfett bought the farm.

"John Brademas . . . is . . . one of a new breed of statesmen ready to seek new solutions to new problems."

— JOHN F. KENNEDY

Congressman
John Brademas

- ★ VOTED for bills Eisenhower said "essential" to fight Communism.
- ★ VOTED Latin America as a threat to the U.S. Congress.
- ★ SPONSORED bill to bring more industry and jobs to hard-hit areas.
- ★ VOTED for minimum wage increase.
- ★ SOUGHT to repeal auto excise tax.
- ★ VOTED for 1959 Labor Reform Act.
- ★ SUPPORTED Congressional cuts of over \$2 billion off Be's budget.
- ★ VOTED to distribute surplus food to needy American families.
- ★ WORKED to improve civil rights law.

Dear Friend:
I count it a high honor to represent you in Congress. I have sought conscientiously to vote in the best interests of the people of our district and the nation.

John Brademas

Health insurance for the elderly through the soundly based Social Security system makes sense to John Brademas. He knows a Democratic President and Congress will act to ease the burden of medical care on senior citizens.

Farm prices have dropped 20%, farm income, 36% under the GOP. Yet food prices keep rising. John Brademas wants farmers to have a decent income. He wants surplus food used to wage war against hunger at home and abroad.

Congressman Brademas and Democratic candidate for Governor Matt Walsh want more industries and jobs for Indiana. John Brademas has talked with many of the thousands of unemployed here at home. He knows we can't afford lost production of millions unemployed and millions more on short work weeks. Democrats in Indiana and Washington will act in '61 for more jobs for Hoosiers.

On the Education Committee, John Brademas voted to build more schools and improve teachers' salaries. Strongly opposed to federal control, he believes we must invest more in education and know we cannot raise local property taxes much higher!

KENNEDY

Do not forget services each Sunday at 10 a.m. Attendance last Sunday, 71. There will be preaching services next Sunday following Sunday School.

The conference on Discipleship will be held each evening Nov. 4 through Nov. 7 on local circuit. The first meeting will be held at the local church on Friday evening, Nov. 4; at Santa Anna on Saturday evening; at Maxinkuckee on Sunday evening and back to Mt. Hope on Monday evening. The Rev. Calvin McCutcheon of the Richland Center circuit will assist the local pastor in the services. This is a Methodist wide program under the supervision of the committee on Membership and Evangelism. The purpose is to enrich the spiritual life of the

church and to help others to realize their need to become disciples of the Lord Jesus Christ. A cordial invitation is extended to all to attend the services.

One hundred and ten registered for the sub-district meeting of the W.S.C.S. for the South Bend district held at the local church last Wednesday. This takes in the Methodist Churches in Marshall and Starke counties. The ladies of the local W.S.C.S. served luncheon at the noon hour for the group.

Several men of the local church joined others of the Grandview neighborhood last Tuesday and went to the Eldreth Cook farm where they assisted in erecting a new barn and a two unit corn crib. Fire destroyed the Cooks' barn, corn crib with its newly harvested corn, all his hay and a few other contents. It is believed the fire was caused from spontaneous combustion from newly

New Members Of Culver Military Academy Faculty

JOHN F. O'DONNELL

PAUL F. CUMMINS

JOHN W. KIMBALL, JR.

Two graduates of Harvard University and one from Wake Forest College have joined the English department at Culver Military Academy. Maj. Gen. Delmar T. Spivey, USAF (Ret.), superintendent, announced recently.

Native of Los Angeles

Paul F. Cummins, a native of Los Angeles, will instruct in both the English and history departments at Culver.

He is the son of Mr. and Mrs. Paul S. Cummins, Los Angeles, and received his bachelor's degree from Stanford University in 1959. At Stanford, Cummins was in the History Honors Program

and was a member of Alpha Delta Phi Fraternity.

Cummins received a Master of Arts degree in teaching from Harvard University last June.

He and his parents are old friends of Dr. and Mrs. Charles W. Crowe, 2005 East Shore Drive.

Graduated Cum Laude

John F. O'Donnell graduated Cum Laude from Villanova University with a Bachelor of Science degree in 1959. He was awarded a Harvard graduate scholarship and received his master's degree in teaching at Cambridge, Mass. in June.

The son of Mr. and Mrs. John

G. O'Donnell, Philadelphia, he was active in student activities at Villanova. O'Donnell was president of the Student Education Association at Villanova and a member of the Honor Society. He ranked seventh in his graduating class of 740.

Wake Forest Graduate

John W. Kimball, Jr., is a graduate of Wake Forest College, Winston-Salem, N.C. He received his Bachelor of Arts degree in June.

Kimball is the son of Mr. and Mrs. J. W. Kimball, Sr., Salisbury, N.C. He was a member of Pi Kappa Alpha fraternity at Wake Forest.

MRS. ROBERT MOHR NEW ASSISTANT LIBRARIAN

Mrs. N. M. Scruggs, librarian at the Culver Public Library, announces that Mrs. Robert Mohr has been secured as assistant librarian. This position has not been filled since the resignation of Mrs. Ford Overmyer.

Mrs. Mohr is a graduate of Culver High School and has lived in Texas for the past year and a half. Her husband is in the Army, now stationed at Fort Benning, Georgia. She has two daughters, Cindy, age 6, and Stephanie, 9. At present Mrs. Mohr and her daughters are making their home with Mrs. Mohr's parents, Mr. and Mrs. Lester Brown.

The President of the U.S. may be the most powerful man in the world, but his wife can't redecorate her home without the approval of Congress. World Book Encyclopedia reports that it requires an act of Congress to change any feature of the state rooms, which are used for public affairs in the White House.

The only woman to ever venture into a Presidential election was Victoria Claflin Woodhull, nominated by the Equal Rights party in 1872, according to World Book Encyclopedia.

Read Today's Classified Ads.

MRS. MARY ALLEN NAMED ART DELEGATE OF NORTH CENTRAL ASSOCIATION

Mrs. Mary Allen, 670 W. Shore Drive, was chosen delegate-at-large of the South Bend art section of North Central Teachers Association at its business meeting Friday morning.

Duties of the delegate include working with other members of the executive committee of this group in planning the art meetings for next year's institute in South Bend; and attending and reporting on the Spring convention of the Art Educators Association of Indiana. This meeting falls in March, at Evansville.

Mrs. Ann Edinger of Mishawaka, and Mrs. Allen were luncheon guests Friday of John W. Emerson, Head of Art Education, Institute of Design, Chicago. Mr. Emerson spoke at the morning art session.

Mrs. Allen is a member of the teaching staff of Plymouth Community Schools. She teaches the first two periods each morning in the new high school, then spends the rest of the day with groups of 15-20 junior high students at Lincoln School.

The first President to be married in office was John Tyler. World Book Encyclopedia says he married Julia Gardiner in 1844, two years after his first wife died.

Opening Game Of Basketball Season Friday

Indians To Meet Francesville Here

By EARL MISHLER

The Culver Indians, already sensing a chance for one of their finest seasons in recent years, open the 1960-61 basketball season here Friday night against the Francesville Zebras.

Head Coach Tom Benbrook, beginning his second season at Culver, will lead a squad of four seniors, four juniors, and four sophomores onto the floor in the first of nine home games this season.

The seniors on this year's varsity are Gary Dillon, Lance Overmyer, Larry Davis, and Corky Walter. Another senior, John Cromley, will rejoin the squad after recovering from injuries he suffered in an automobile accident last month.

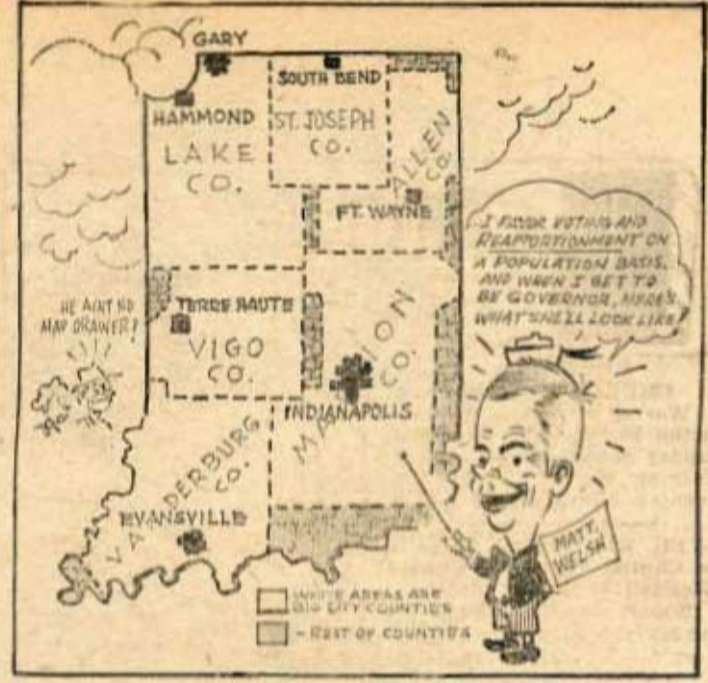

Tom Boswell, John Benedict, George Baker, and Jim Carter are the juniors on the squad, while the sophomores are Thad Overmyer, Wade Logan, Dennis Shock, and Jerry Nelson. Several of the underclassmen will see action on the B-Team in addition to their varsity assignments.

Overmyer and Dillon, who finished second and third, respectively, in scoring on last year's varsity, will form the nucleus for this year's team. Overmyer is a 6'2" pivot-man who features both a good jump shot from the keyhole and an improving right-handed hook shot.

Dillon, a speedy 5'10" guard has been outstanding in the early practice sessions. He has greatly improved his outside shooting, and is counted on to continue his nearly flawless floor play which caught the attention of the area fans last season.

Boswell will join Dillon in the backcourt on the starting unit. The 5'11" junior saw limited action in his sophomore year, but his performance in the sectional tourney gave an indication of his potential. He is consistent with an outside set shot, and has already taken over the "quarter-back" role on the team.

Graduation took its biggest toll on the Indians at forward, as both the starters of last season have received their diplomas. However Davis and Benedict, the probable starters at those vacated spots, have shown up very well in practice. Davis, who last year performed exceptionally well in the County Tourney, is a fine offensive rebounder able to tip quite well. Benedict, a 6'2" junior, has been by far the most aggressive player in the practice sessions thus far. He is still growing and is doing very well despite

ALL SET TO START THE FED. AID TO EDUCATION SHOW!

shifting from center where he played last year on the B-Team. Both boys are perhaps a little weak on outside shooting, but they are working hard in practice on this weakness.

The Indians' bench strength has been diminished greatly by the loss of last year's large contingent of seniors. In practice, Walter and Baker have been the leading reserves, but it is evident that the starting five players must avoid fouls, illness, and injuries to make this season a success.

The spirit of the team is high, as the boys feel they have a score to settle with Francesville, who last year took a 63-62 decision from the Indians in a game played in Francesville, with exceptionally questionable officiating.

with the flu but is some better now.

Mrs. Homer Albert called on Mr. and Mrs. Harvey McGowan Friday afternoon.

C.H.S. PEP RALLY THURSDAY NIGHT

The whole community is invited to help start this basketball season off with a real pep rally at 7:30 p.m., Thursday, Nov. 3.

The crowd will meet behind the school buildings for a bonfire, sign judging, and a few rousing cheers for the team.

Notice Of Administration

No. 7214 In The Circuit Court of Marshall County, Indiana.

NOTICE is hereby given that William O. Osborn was, on the 20th day of October, 1960 appointed Executor of the Estate of Helen Osborn, deceased.

Republican State Caravan Plugs Parker For Governor and Nixon-Lodge National Ticket

THIS IS THE HUGE NIXON-PARKER TRAILER, made in Indiana, which brought CRAWFORD F. PARKER, candidate for Governor, and several Republican state candidates to Culver on Sept. 27. Before election day it will have visited every sizable Hoosier community in all 92 counties. It serves both as an office and home for the G.O.P. candidates. It is complete with desks, typewriters, loudspeakers, and even radio telephone for communication with State Headquarters in the Claypool Hotel at Indianapolis. During the full hour that it was parked on South Main Street in Culver scores of interested persons inspected its unusual accommodations.

Parker Fighting For Governorship On Party Record

With election day just around the corner, Republican candidates are busy throughout the state pointing out the true facts before the voter — facts that are borne out by the record during the last seven years of Republican administration.

In recent major speeches Crawford F. Parker, Republican nominee for Governor, outlined Republican progress in various fields — principally education, flood control, and recreation, conservation, Social Security, and problems of the aged, interstate highway and bridge construction, and agricultural progress.

Facts, as presented by Crawford F. Parker in his speeches relative to various phases of government, include:

Education — Under the Republican administration, state aid to local schools for both tuition and pupil transportation has increased 73% in response to the allegation that "Republicans have forsaken the schoolteacher." Exactly 42% of the total state budget is devoted to local school aid. Under the Republicans local school aid has increased from \$64 million in the 1953-54 fiscal year to \$111 million in the current fiscal year.

Flood control, conservation and recreation — Thanks to the initiative of Republican state legislative leaders, construction will start soon on the \$12 million Monroe Reservoir, providing an 11,000-acre lake in southern Monroe County.

Social Security — Expanding on an unprecedented scale during the eight years of the Eisenhower-Nixon administration.

Highways — 125 miles of interstate highways will be in oper-

ation by the year's end. Other accomplishments of the present Republican administration include construction of 1,500 miles of new state highway, 5,000 miles of resurfacing, construction of 400 new bridges, and widening of 600 existing bridges. Five times more highway work has been accomplished in this administration than in the last three Democratic administrations combined.

Farm program — Opening of the new \$5.5 million School of Veterinary Science at Purdue University and winning of a national award by Indiana for the effective control of brucellosis livestock disease.

CULVER YOUTH NAMED VICE-PRESIDENT OF WABASH COLLEGE COUNCIL

CRAWFORDSVILLE — Thomas Boyd, a freshman from Culver, was elected vice-president of the Wabash College Freshman Council Oct. 2.

The Freshman Council is the student body organization charged with directing and coordinating first-year activities at Wabash. It is composed of elected representatives from the fraternities and dormitories on campus. Tom was elected to the Council by his fraternity, Phi Delta Theta.

Tom is the son of Mr. and Mrs. Emerson R. Boyd of the Culver Military Academy. His father is the new assistant business manager of the Academy.

INDIANA BELL ADDS 46 HOOSIER TOWNS TO DIRECT DIALING

Indiana Bell has added 46 Indiana communities to the Direct Distance Dialing list.

J. E. Ellis, local telephone company manager, said these Hoosier additions and many more in other states have boosted the total number of dialable phones to 50 million. This is about two-thirds of the nation's phones.

Telephone users with access to DDD now may dial long distance

Indiana's Nov. 8 Vote Will Exceed 2 Million Total

If Hoosiers hold true to the tradition of taking their politics seriously, Indiana's total vote will be certain to pass the "magic" 2,000,000 mark for the first time in history next November 8.

That was the prediction of the Indiana State Chamber of Commerce today as it noted that Indiana's total presidential vote in 1956 was only 25,393 ballots short of 2,000,000. Census figures show that more than 38,000 Hoosiers have become of voting age, 21 years old, in only the past two years, Jack E. Reich, executive vice-president of the State Chamber, said.

Issuing the chamber's biennial, non-partisan publication on Indiana's election process, "Let's Talk Politics," Mr. Reich said that even with the Hoosier's reputation for taking his politics seriously there are too many persons who stay home on election day.

Statistics on the last presidential election in 1956 show that (1) two out of every 10 registered Indiana voters did not vote, and (2) one out of every 10 Hoosiers of voting age did not make themselves eligible to vote by registering.

FARMS ON WHEELS — One fourth — or more than 90,000 vehicles — of all trucks registered in Indiana are farm trucks. Trucks haul 100 per cent of the butter, cheese, and shell eggs from Indiana farms to various markets. Also, 97.5 per cent of all fresh fruits and vegetables moving from Indiana to 19 major U. S. markets are delivered by trucks.

calls to these major Indiana cities newly added to the list: Marion, Muncie, Shelbyville, Tipton, Bedford, Bloomington, Columbus, New Albany, and Jeffersonville. LaPorte will be added Nov. 20.

Hoosier-Style Halloween Is Still In Vogue

By TERRY HAND

[The author is the son of Mr. and Mrs. Donald B. Hand. He is currently engaged in a feature writing class in his minor, journalism, at Ball State College, Muncie.]

October 31 only comes once a year naturally, but man what a night. For the younger generation it turns out to be a combination of July 4, the "500," and the last day of school.

This particular night is a challenge to everyone in Culver. The inevitable flock of "trick-or-treaters" go all out to hit every house in Culver, the Academy, and all around the lake.

And while this is going on, the teen-agers are busy with their soap and muscles putting beautiful (?) designs on windows and gathering loose articles for the schoolyard.

This year, however, the night of Halloween falls on a Monday. This will be considered as good news by the teen-agers and unfortunate by the adults, especially those adults owning cars, houses, and business establishments with a lot of glass.

Why? Because the Indiana State Teachers Association meeting convenes Thursday and Friday, Oct. 27-28. This means that school lets out!

Good or bad news, you can count on one thing for sure: teenage activity in Culver will begin two to four days ahead of schedule this year.

The type of activity that these teen-agers will be involved in is anyone's guess. Five years ago the most popular sport for the night was loading up the schoolyard with anything available such as: a loaded corn or hay wagon, compliments of the Coal and Grain Co.; rowboats, pier sections, tires, used cars, park benches, a water softener, manhole covers, and the most important of all — an out-house. However, the latter object was hard to find as of 1955.

It is doubtful if the teenage spirit has changed much in five years. That being the case, you may draw your own conclusions.

Of course, we can't forget the "trick-or-treaters." Halloween just wouldn't seem right without them. They have a marvelous capacity for changing their personalities once behind the mask of a Frankenstein or a clown. They know no fear and though they may hesitate somewhat when saying those traditional words "trick-or-treat," they know they'll get some kind of treat — within reason, of course.

So, don't be too surprised, when answering a soft knock, to see about 10 skeletons, 3 Frankensteins, 6 cowboys, 2 Draculas, and another dozen assorted space creatures. However, if you are looking for a surprise, try answering the door with a pair of sun glasses on. You'll be giving your ceiling a new plaster job in the morning.

Many Praying For Rain!

All in all though, Culver does sport a good Halloween night with such things as parties, trick-or-treating, and just plain havoc. With such happenings how could Halloween go wrong this year — unless it rains!

Detailed Report On State's Fine New Highways

Busy with formal openings of various new highways throughout the State, Governor Harold W. Handley has stated that "before winter one-fourth of Indiana's entire interstate highway system will be completed, and almost half of our 13-year interstate program will be in various stages."

"The interstate program was authorized by Congress in the summer of 1956," Governor Handley said.

"Before we could begin it we had to find the money to match \$39 million of federal aid for non-interstate routes which we would have otherwise defaulted. This money, plus new revenue, was used to modernize state highways and farm-to-market roads in every Indiana county."

Vast Interstate System
"Then we went to work on the interstate system."

"As of last July 1 — 175.6 miles of interstate highways were open to traffic. This includes the Northern Indiana toll road, which eventually becomes an interstate freeway."

"In addition, we are opening 125 miles of new interstate highway in various parts of the state this autumn."

"304 additional miles are now in progress. By that we mean that right-of-way is being purchased or engineering studies have reached advance stages."

"Thus 436 miles of interstate are now in the works in Indiana. That leaves only 514 miles still to be built of the 1,119-mile system which Congress proposes to have completed by 1973."

"From mid-1956 through mid-1960, Indiana paid out \$163 million on interstate, primary, secondary, and urban highways. In addition 57 more million dollars worth of highways are now under construction. That's a total of \$220 million in this period, not counting right-of-way costs."

"The 1957 gasoline tax increase also has meant 50% more revenue for county road systems and for city streets."

"Let us also remember that the State pays for and maintains state highway routes inside cities as well as in the country."

Just recently Governor Handley officiated at the formal opening of a 16-mile section of Interstate 65 from Jeffersonville to Henryville. This included 11 new bridges and cost \$9,590,000 — not counting right-of-way.

Later this year Interstate 65 is scheduled to be opened from Henryville north to Seymour.

The highway department 1960-1962 program includes extending Interstate 65 as far north as Columbus. Thus by using the four-lane U.S. 31 route from Columbus to Indianapolis, motorists will have an ultra-modern divided four-lane system from Louisville to Indianapolis.

New Superhighway

On the Indianapolis southside Interstate 65 will merge with Interstate 465, the new superhighway being built entirely around the capital city. Interstate 465 in general will supersede Indiana 100 as the No. 1 expressway around Indianapolis.

Proceeding toward Chicago, Interstate 65 will follow somewhat the same route of the present U.S. 52. A section of Interstate 65 is already in use near Lebanon.

Within the next few weeks a 3 1/2 mile section of the new Tri-State (Interstate 80) highway will be opened at Gary, making 10,234 miles of that heavily-travelled route in use, and the 20-mile section of Interstate 74 will be opened from Indianapolis to Shelbyville.

Later this year an additional 4.4 miles of Interstate 74 will be poured southeast of Shelbyville. Other interstate construction is now under way at Richmond and Fort Wayne.

Also recently Governor Handley opened a new 15-mile section of U.S. 30 from Warsaw to Columbia City.

Indiana's State Employment Security Division

In Operation
Since July, 1933

Exactly 25 years ago, on Aug. 14, the Social Security Act was passed by Congress. This was two years after Indiana's concern in the economic security of wage-earners had resulted in a network of public employment offices.

The state's first worker placement service began operation in July 1933 with the establishment of a number of local offices where job seekers could register for work and employers could obtain applicants for their openings.

Phillips New Director
Richard A. Phillips, director of the Indiana Employment Security Division, said that 21 of the people who started working with the early employment service are still with the Division today.

When the Indiana General Assembly passed the state's first unemployment insurance law in 1936 and established the original Unemployment Compensation Division, the Employment Service was transferred from the State Labor Department to become part of the agency. The Service's local offices throughout the state became Division offices and Administrative headquarters for the combined placement and unemployment insurance programs were set up at 141 South Meridian Street, Indianapolis.

The 1936 law provided for a two-year build-up of funds before unemployment insurance would become payable. Subject to the tax, in general, were employers in private business or industry who had eight or more employees. By Dec. 31, 1936, almost 6,000 employers and approximately 564,500 employees were covered by the law.

In 1954, the law was amended to include employers who had at least four employees and by the end of that year, approximately 32,350 employers and 1,117,000 employees were covered. Currently the coverage includes about 32,350 employers and 1,999,000 employees.

Numerous Amendments
Numerous other amendments to the law, including one changing its title to the Employment Security Act and the name of the agency to Indiana Employment Security Division in 1941, have been passed by the Indiana Legislature. When the benefit provisions

became effective in 1938, the maximum unemployment insurance payable was \$15 for 15 weeks. In 1941 the Legislature changed the maximums to \$16 for 16 weeks. Further increases followed: to \$18 a week for 18 weeks in 1943; to \$20 for 20 weeks in 1945, to \$27 for 20 weeks in 1951, to \$30 for 20 weeks in 1955, to \$33 for 20 weeks in 1957, and to \$36 for 26 weeks last year.

Director Phillips pointed out that the Division has helped employers fill millions of job openings in industrial, business, agricultural, and even domestic occupations. He explained that the agency's 30 local offices provide placement assistance for every type of employer and for job seekers in all occupations. The latest scientific methods of employment counseling and testing are available to applicants as is technical assistance on personnel problems to employers.

Collect Quarterly Tax

To carry out its responsibilities relating to unemployment insurance the Division collects a quarterly tax from employers, administers the state's unemployment insurance fund, and handles claims for benefits. The claims include not only those made for unemployment insurance under the Indiana law, but also those made by veterans, ex-servicemen, and former United States government employees for similar benefits provided by federal law. Under an agreement with the federal government the Division handles these claims and is reimbursed for the payments.

Last year the state unemployment payments totaled slightly over \$39 million and claimants for federal benefits drew a total of about \$2,362,000. Indiana's unemployment insurance fund from which the state benefits are paid now has a balance of about \$170,100,000 and the weekly total of payments has been averaging about \$800,000.

Although financed by funds allocated by the United States Department of Labor from Congressional appropriations, the Division is a state agency with merit-system employees. Operations are administered by a five-man board, representing employers, employees, and the public, and an executive director.

Present Board Members

Present board members are Dr. I. Lynd Esch, Indianapolis; A. W. Romweber Jr., Batesville; Leon Worthall, Indianapolis; David G. Wylie, Bloomington; and William L. Yager, Indianapolis.

Mr. Phillips, director of the agency since Jan. 1, 1960, is the seventh man to hold this office in the Division's history.

The first director, Clarence A. Jackson, now president of the American United Life Insurance Company, spoke at the dedication of the Division's new administrative

"LET ME MIX YOU ONE OF MY SPECIALS"

office at 10 North Senate Avenue on Aug. 16.

The building was begun in January 1959, while William C. Stalnaker, Brazil, who died in an auto accident last year, was director.

PRODUCTION RECORDS

Brattleboro, Vt. — The Holstein-Friesian Association of America has announced a new lactation average for the following registered Holstein herd in this area: John A. Newman & Sons, Newman Holstein Farms, Culver, have 52 completed production records averaging 14,593 pounds of milk and 540 pounds of butterfat.

Lactation averages are calculated on the commonly-employed two-milkings a day, 305 days, mature equivalent basis. This 'pro-

vides a uniform basis for comparison and selection in registered Holstein breeding programs.

Purdue University supervised the weighing and testing of production as part of the official herd testing programs of the national Holstein organization.

WHO DONE IT? - Greensburg police officers suspect someone was spoofing them. Patrolmen Lawrence Huser and Wallace Wall were operating an automatic speed timer. After they had caught three speeders they were called away to investigate a report of a window peeper. When they returned they found part of the timer missing. Gone was a 40-foot length of hose which stretched across the street, an electric switch on one end of the hose and

an anchor on the other end. Several hours later another patrolman, Donald Nelson, reported finding the stolen parts in his mail box.

The transient display advertising rate of The Citizen is only 70 cents per column inch.

Indiana Highways

(Continued From Page 1)

U.S. 30 Improved

52.6 miles of the reconstructed U.S. 30 are already in use from the Illinois line to east of Hamlet. Another 19.5 miles costing \$7,514,000 for construction, have been programmed from Columbia City to Interstate 69 at Fort Wayne.

The remaining 41 miles of the new four-lane highway from the Illinois border to Fort Wayne will undoubtedly be included in the 1962-1964 program, Governor Handley said. Construction costs for this section are estimated at \$20,668,000.

Notice

OF RESOLUTION OF CONSOLIDATION OF SCHOOLS

Notice is hereby given to the legal voters, taxpayers, and other interested parties of the Town of Culver City, Marshall County, Indiana, and of Union Township, Marshall County, Indiana, and of Aubbeenaubbee Township, Fulton County, Indiana, and of North Bend Township, Starke County, Indiana, that on the 11th day of October, 1960, the Trustees and Advisory Boards of Union Township, Marshall County, Indiana, Aubbeenaubbee Township, Fulton County, Indiana, and North Bend Township, Starke County, Indiana, at a joint meeting adopted a Joint Resolution declaring their intention to consolidate their respective School Corporations. That said Resolution is in the following words and figures, to-wit:

Resolution

BE IT RESOLVED by the Board of Trustees of the School Corporations, they being the Township Trustee and the Advisory Board of Union Township, Marshall County, Indiana; the Trustee and Advisory Board of Aubbeenaubbee Township, Fulton County, Indiana; and the Trustee and Advisory Board of North Bend Township, Starke County, Indiana, that they do hereby declare it to be their intention to consolidate the elementary schools and the high schools of Union Township, Marshall County, Indiana, Aubbeenaubbee Township, Fulton County, Indiana, and North Bend Township, Starke County, Indiana, and to furnish consolidated school facilities for the children of school age of such corporations.

BE IT FURTHER RESOLVED that they do hereby adopt this Joint Resolution to consolidate their respective school corporations pursuant to Chapter 123 of the 1947 Acts of the Indiana State Legislature, as amended by the Acts of the 1949 Indiana State Legislature and pursuant to statute, the said School Trustees do hereby set out the following information concerning said proposed consolidation and do hereby resolve as follows:

1. That the name of the proposed new School District shall be CULVER COMMUNITY SCHOOLS.

2. That the number of members on the School Board shall be five (5), all of whom shall be appointed, and the method of appointment shall be as follows:

(a) The Advisory Board of Union Township, Marshall County, Indiana, shall appoint one (1) member.

(b) The Advisory Board of Aubbeenaubbee Township, Fulton County, Indiana, shall appoint one (1) member.

(c) The Advisory Board of North Bend Township, Starke County, Indiana, shall appoint one (1) member.

(d) The Board of Trustees of the incorporated Town of Culver City, Marshall County, Indiana, shall appoint one (1) member.

(e) The fifth member shall be appointed by the Advisory Board of Aubbeenaubbee Township, Fulton County, Indiana, and North Bend Township, Starke County, Indiana, for alternate periods as hereinafter more specifically set out under the provisions of Paragraph 4 of this Resolution.

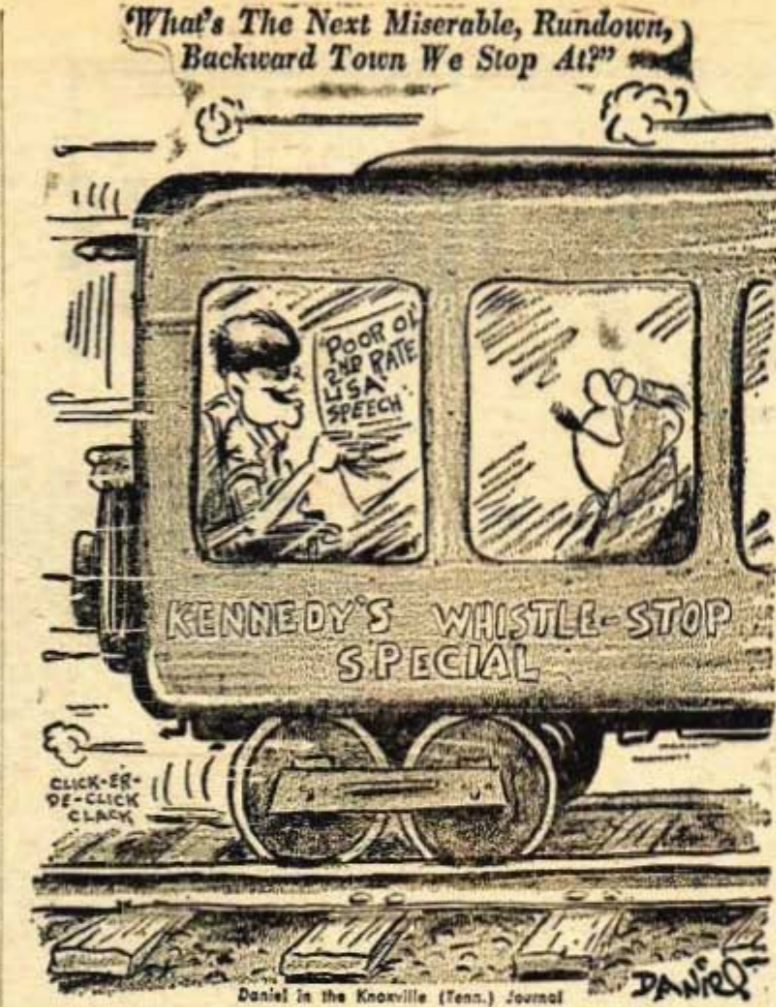

3. That the Consolidated School shall be under the direction of a Superintendent selected by the Board.

4. All five members shall be residents of the area comprising the Consolidated School Corporation and of the area from which they shall receive their appointment. Each member must be a resident voter of such territorial unit for a period of not less than five (5) years prior to the time of his or her appointment and at the time of the appointment shall be a freeholder of the territorial unit from which he or she is appointed. If such member moves from the territorial limits of the unit from which he or she is appointed, it will automatically create a vacancy which will be filled for the unexpired term by the Board making the original appointment.

Each member, after the first members have been appointed, as hereinafter set out, shall be appointed for a term of four (4) years. Any member may succeed himself in office, but it is specifically limited to one (1) succession, to the end that no member shall serve more than two (2) successive terms.

The first members appointed shall be upon the following basis, to-wit:

(a) The member to be appointed by the Advisory Board of Union Township, Marshall County, Indiana,

Daniel in the Knoxville (Tenn.) Journal

ana, shall be for a period of four (4) years.

(b) The member to be appointed by the Advisory Board of Aubbeenaubbee Township, Fulton County, Indiana, shall be appointed for a period of two (2) years.

(c) The member to be appointed by the Advisory Board of North Bend Township shall be appointed for a period of one (1) year.

(d) The member to be appointed by the Board of Trustees of the incorporated Town of Culver City, Marshall County, Indiana,

shall be appointed for a term of three (3) years.

(e) The fifth member shall be appointed as follows: The first member shall be appointed by the Advisory Board of North Bend Township, Starke County, Indiana. He shall be appointed for a period of four (4) years, and must be a resident voter of North Bend Township. At the expiration of the four-year term the vacancy then created at the end of such term shall be filled by the Advisory Board of Aubbeenaubbee

ATTENTION - FARMERS 1960 - YOUR DECISION

Can you stand four more years of this:

- Farm prices down 17% . . .
- Farm income down 24% . . .
- Farm parity ratio down 21% . . .
- Farm purchasing power down 29% — the lowest since 1940 . . .
- Public ridicule of farm programs . . .
- Packer, processor domination of the U. S. Department of Agriculture . . .

Nixon said:
"I predict that the verdict of history will be that Secretary Benson has been one of the best secretaries of agriculture in our history . . ."
Des Moines, Iowa 4/21/54

To restore prosperity to the farms and mainstreets of rural America

VOTE DEMOCRATIC

Democratic Central Committee

Those members of the Board to be first appointed shall take office on the first day of August, 1961. They shall be appointed within five (5) days after the consolidation becomes effective, as a result of this Resolution and the provisions of the statute. Thereafter all appointments to be so made for the full four year term shall be made by the respective appointing bodies sometime in the month of June prior to the August 1st when they shall start their tenure of office. Vacancies occurring during the term of the incumbent's appointment shall be filled as soon as possible after the vacancy occurs.

5. The names of the present School Corporations which are to be merged together as a Consolidated School Corporation as a result of this Resolution are as follows:

- (a) Union Township Schools of Marshall County, Indiana.
- (b) Aubbeenaubbee Township Schools of Fulton County, Indiana.
- (c) North Bend Township Schools of Starke County, Indiana.

You, and each of you, are further notified that the statutes of the State of Indiana under which said proposed consolidation is being considered, provides that on or before the sixth day following the last publication of such notice of intention to consolidate, fifty legal voters, residing in any of such School Corporations, may petition the School Trustees of their respective School Corporation for an election to determine whether or not the majority of the voters of such School Corporation are in favor of such consolidation. In the event such a petition or petitions might be filed, the Trustees in each such School Corporation in which such protest petition is filed, shall call an election of the voters of such School Corporation, for the purpose of determining whether a majority of the legal voters of such Corporation are in favor of consolidating said School Corporations. If a protest petition is filed in more than one of such Corporations the election shall be held on the same day.

Dated this 11th day of October, 1960.

TRUSTEES AND ADVISORY BOARDS, RESPECTIVELY, OF UNION TOWNSHIP, MARSHALL COUNTY, INDIANA, AUBBEENAUBBEE TOWNSHIP, FULTON COUNTY, INDIANA, AND NORTH BEND TOWNSHIP, STARKE COUNTY, INDIANA. 44-2n.

Mr. and Mrs. Wayne A. Lowry of Madison, S. D., arrived last Wednesday to spend several days with the latter's sister, Miss Beas Easterday, and other relatives. On Sunday the Lowrys and Miss Easterday were dinner guests of Mrs. Clark Ferrier. Other guests with them were Earl Lowry of Hibbard, Chester Easterday of Logansport, Mr. and Mrs. William Easterday, and Mr. and Mrs. Charles Ferrier and Tina.

Revolution In Belgian Congo Bad Situation

Babson Abroad To Check Up

By ROGER W. BABSON
No. 1 U. S. Economist

ON THE ATLANTIC OCEAN — When readers see this column, I will be leaving New York City on the Cunard steamship "Mauretania" to make my annual "check-up" abroad.

Roger W. Babson

Readers will remember that two years ago Mrs. Babson and I went to South Africa and reported on the unbelievable social conditions there. Cape Town is a beautiful city; but the segregation laws are terrible. My associate, George M. Rideout, visited the West Coast leading into Central Africa, and is not surprised at the revolution going on in the Bel-

gian Congo. Last year we visited the Scandinavian countries and West Germany, East Germany, Poland, and Russia. Our reports on these have been published in The Culver Citizen. The world is ruled by feelings rather than by figures, and I have learned that it is impossible to know how people feel without mingling with them in their own country. I have been especially eager to visit France, which is the controlling link between the East and the West.

Europe's Strongest Man
Spain is now of no consequence; England seems primarily interested in looking after itself; but France, under the dominant leadership of Europe's strongest man, Charles de Gaulle, can swing us all either to the left or to the right according to his exercise of foresight and courage, and by strength of the wealth of French foreign holdings.

Has Eyes On Cuba
I have had a feeling, as readers know, that Khrushchev will forget West Berlin for the present, in the hope that the lush plum of Cuba will fall into his lap.

Whether I am correct or mistaken in this thought will be ascertained by my talks with influential German people.

I am also eager to learn whether the so-called "West German

"Boom" has reached its peak. Now that American bankers are urging U. S. investors to send funds into Germany, I am suspicious. I want to learn whether the money which we send over is being used for constructive industrial development, or whether the Germans are now selling their stocks to us and using the funds to buy United States securities. Manufacturers in the United States now suffering from German exports are eager to know whether this foreign competition will become more intensive, or whether it will gradually decline.

Germans with whom I expect to talk are already complaining about gradually increasing wage and other costs in Germany. This is very important from our standpoint, and I hope to bring back an impartial report thereon.

For nearly 100 years, the Belgians have controlled the Congo and its rebellious province of Katanga.

With the United Nations upholding the Lumumba, the people of Belgium are outraged, bitter, and angry. I am told they feel that they have been betrayed by their allies.

They feel that the Lumumba regime in Leopoldville is only a "front" for the Communists.

Readers realize that the United States and Britain have joined with Russia — through the United Nations — in ordering Belgian troops out of the Congo. In this affair, President de Gaulle of France will be an important factor as he lived for many years in Elizabethtown, Africa. He probably knows the African situation better than any other leading statesman.

Source Of Cheap Copper
The Katanga province is now a source of abundant cheap copper. Doubtless the handling of labor there is rather ruthless, and the district is handicapped by its distance from the sea and transporta-

tion costs. There are two stocks listed on the New York Stock Exchange which will be directly affected by what happens in Katanga. These are "Roan Antelope Mines" and the "Rhodesian Selection Trust." Before the Congo revolution, these were selling at 4 1/2 and 2 1/2, respectively. They have since fallen to around 3 and 1 1/2, respectively. Whoever ultimately controls the Congo, these mines must be kept operating. It seems absolutely impossible for the natives to carry on these great copper developments. To close them down would be suicidal to the Congo. This means that either the Belgians must change and take a more constructive attitude, or else these mines will be operated by the Russians or by some appointee of the United Nations. This is another matter which I wish to learn about on my trip.

COMMUNITY PROJECT - An Ohio River tow boat engineer aided by some youngsters and oldsters provided a neighborhood playground in Tell City. The engineer, Omer Bryant, noticing a large field near his home growing up in weeds, obtained permission from the owner, Jesse Dauby, to convert the field into a playground. Bryant, with the assistance of neighbors and their children, cleared the field of weeds, and graded it for a baseball diamond. Bryant then built a sand box, a teeter-totter and some swings. The playground became the center of activities for all the children of the neighborhood.

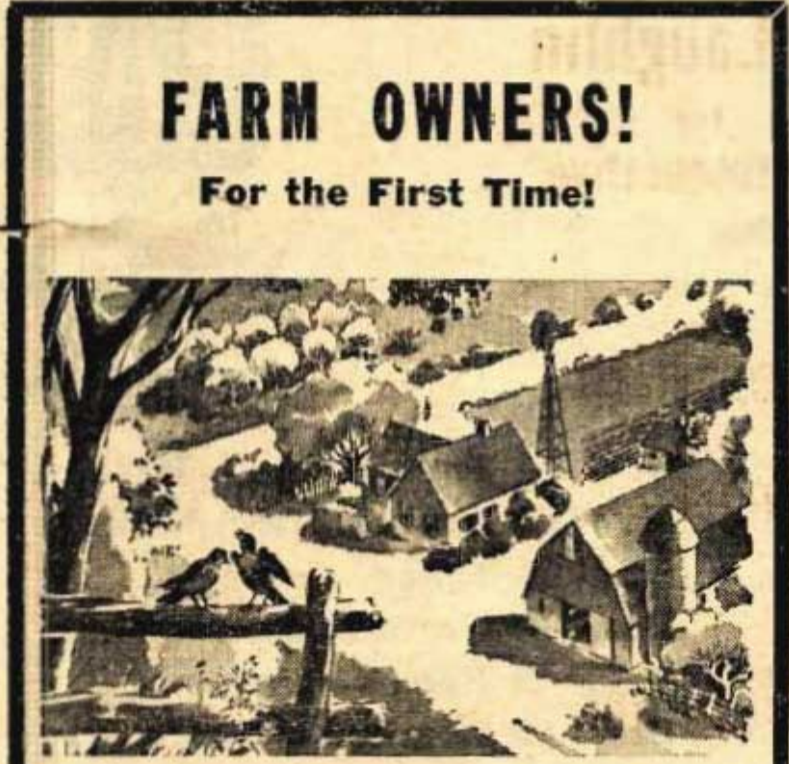

SIMPLE SOLUTION - The Batesville Herald-Tribune in a household hints column gave a recipe for avoiding lumps when thickening gravy and another for cleaning leather. The column then concluded with this admonition: "If at first you don't succeed, to heck with it."

INSIDE JOB - A Warrick County man, 81-year-old Homer Powers, made a trip to the Lynnville post office just before closing time. Unaware that Powers was in the corridor Eli Kessler, the last employe, left and locked the door leaving Powers inside. After muddling on the door and shouting "Get me out of here," Powers attracted the attention of a passerby who summoned Postmaster Amil Seibe. "Tell Eisenhower I'm on the job," growled Powers as the postmaster unlocked the door to release him.

SHE'S ALMOST - There's an old song that goes, "The Old Grey Mare, She Ain't What She Used To Be," but a Johnson County man, Everett Van Dyke, has an old grey mare he insists is almost as good as she ever was. Van Dyke uses the mare to plow tomato crops on a farm west of Greenwood. "She's 25 years old, or somewhere near it, and she's still a good worker," says Van Dyke. He added he finds the horse better than a tractor for cultivation of tomato plants.

Victory Song

By MRS. EUGENE N. CHIPMAN of Plymouth
[To the tune of "Seventy-Six Trombones"]

The Re-publicans lead the Big Parade,
 While the Democrats fall behind,
 They'll be elected by the very finest folks . . .
 The cream of every county line.
 Now we hope that you'll do your very best,
 To elect our candidates.
 We want and hope to have your vote
 So, please, let's make our country great!
 There's Tucker, Beatty, Milner, and Marshall Stine,
VICTORIOUS VICTORIOUS
 All along the line!
 Kleinke, Norris, Hoover, and Bowen too
 Re-pub-licans
 Will do the best for you!
 There is F. Jay Nintz for Congressman
WONDERFUL! WONDERFUL! Better than before
 For Governor, we realize
 And raise our voice to emphasize
PARKER GIVES INDIANA MORE! (Shout)
 November eighth is the Big, Big day
 To vote Republican will surely pay
 Go down and vote the very, very best
 And elect Republicans that way.
 The Republicans lead the Big Parade
 While the Democrats fall behind
 They'll be elected by the very finest folks
 By your vote and mine!

North Carolina Physician Claims Kennedy Is "Dangerous" Man

P. O. Box 231
Albemarle, N. C.

Editor, CITIZEN:

I consider Mr. Kennedy the most dangerous man ever to run for the Presidency on either ticket, because we have been gradually brought to the brink of a complete welfare state by Mr. Roosevelt and Mr. Truman, mainly.

Mr. Kennedy plans to give a big push toward government controls — then we will be in complete bondage.

His discussions about what he plans to do will destroy the American government. First, he does not consider any fiscal responsibility in regard to decreasing the vast cost of government

by eliminating waste and unnecessary bureaucracies. The government now owns and operates about 400 billion dollars worth of business that is competing with private enterprise. These government-owned properties pay no tax; therefore, the tax on the people gets heavier and heavier. These businesses could be sold and the money applied to the reduction of the debt.

There could be at least 10 billion dollars saved by cutting out all bureaucracies that are not absolutely necessary and the waste of overlapping orders and other things in the Defense Department.

Mr. Kennedy plans to increase the taxes to carry out his program of "PIE IN THE SKY." He plans to increase the power of the federal government so much as to destroy states' rights, take over private enterprise, or at least control them, and control all schools, banks, and do away with and destroy completely private initiative. Then our personal freedom will be gone.

Can a democracy die? It is possible for such a government as we have here in the United States — a government of the people, by

the people, and for the people — to perish.

The answer is written in the pages of history. Yes, a democracy can die. History shows there are nine steps from the beginning to the fall of a democracy. History also records the average length of life for a democracy has been only 200 years.

Here are the nine steps: First, the people go from bondage to spiritual faith, from spiritual faith they move to courage, from courage they move to liberty, from liberty they move to abundance, and from abundance they become materialistic instead of spiritual. They feel they have no need for God. They become selfish and begin to feel like the man in the Bible who had a great harvest, so he tore down his barns and built new ones and said, "I'M NOT LIKE MY NEIGHBOR, I HAVE GREAT ABUNDANCE AND DO NOT NEED GOD."

And then he, as we are now doing, moves to complacency and then to apathy and dependence, usually on the largess of centralized government, which constitutes the eighth step. Then the people take the final step into the chains of bondage. Today our country has a combination of selfishness and apathy, and a lot of people have left apathy and gone to dependence.

Mr. Kennedy's plans of centralized government controlling all will lead us into complete bondage.

My fellow Americans, you must consider these things and pray to God for a true answer. You cannot have security that will take care of anything that might happen in life from the cradle to the grave without losing all your freedom.

If a man wants complete security and has lost all ambition to get out and fight his way up in this life, he should go to jail and stay there because he will have complete security — his room, board, and clothes.

This message to you is not against Republicans or Democrats, but it is against the final step back to bondage, which our forefathers fought and died for in the Revolutionary War. They gave us a Constitution based on the Bible, a Bill of Rights, and the American Creed.

Will you throw all this away and go back into bondage just because a man promises you everything under the shining sun, and even "PIE IN THE SKY?"

BAILEY T. TALLY, M. D.

Former Indianapolis Resident
 Requests Us To Publish
 This Open Letter

Route 2, Box 802,
Tucson, Ariz.

Dear Senator Kennedy:

You were right in Cincinnati — "The Party in Power must assume the Responsibility."

As Al Smith used to say, "Let's look at the record."

Okay — the last 60 years, 1900-1960. Three Democratic Presidents: Woodrow Wilson, Franklin Delano Roosevelt, and Harry S. Truman, with the Democratic Party in power for 28 years and three of our greatest wars.

Wilson, World War I, 4,734,991 in the Armed Services won the War to have the Peace lost; total casualties 320,518; Roosevelt, World War II, 16,112,566 in the Armed Services won the War, and again records show the Peace lost.

Total casualties, 1,076,245; Korean War — let's say Truman was right in ordering General MacArthur to lead our Armed Forces into battle in Korea on June 27, 1950; 5,720,000 in the Armed Forces were kept from winning the War by Truman not permitting MacArthur to use his full military power and bomb beyond the Yalu River, from which came the Chinese Communist volunteers by the hundreds of thousands; total casualties on June 27, 1953, 157,520.

Here is the record, Jack — with the Democratic Party in power — 3 Democratic Presidents put 26,567,000 in the Armed Forces, with total casualties of 1,554,293, and we lost the Peace.

Now, you have been on Foreign Relations in the Senate, not the Finance Committee, so you might be interested in the cost of these 3 Wars. "World War I, the debt owed to the United States to June 30, 1959, \$18,779,497,189, with only total payments of \$2,756,855,487."

When I get the cost of the other two World Wars I'll let you know — they may have to build new adding machines!

Of course, Jack, maybe the Democratic Party has just been unlucky. I don't know! "Does history repeat?" I think you will agree it certainly has with the

IT'S AN ELEPHANT'S JOB!

Chinks in the Armor of the "Solid South"

"For ourselves, we favor the election of Nixon and Lodge . . . We feel that Nixon is the more capable of the two men that there is more conservatism in the Republican Party . . . and that it would be advantageous to South Carolina, and the South, for us to prove that we are not as easy to bag as is generally believed."

— Beaufort (S.C.) Gazette.
 "The Dallas News, an independent Democratic newspaper, strongly endorses the Republican ticket of Richard Nixon and Henry Cabot Lodge in the conviction that these two men have the character, experience, and courage to meet the challenges—at home and abroad — that face us." — Dallas (Texas) Morning News.

"The State Times in the campaign between now and Nov. 3 will support Richard Nixon for President and Henry Cabot Lodge for Vice President of the United States.

"We have chosen Mr. Nixon because we regard the irresponsible platform of the Democratic Party as the more dangerous to America at home than the threat of Communism from afar . . .

"We must protect ourselves from this 1960 threat of irresponsibility and, paradoxically, while safeguarding America we can also restore the prestige and dignity of Mississippi within the Democratic Party itself.

"We repeat, our support goes to Richard Nixon and Henry Cabot Lodge." — Jackson (Miss.) State Times.

"In all the terms of measurement, for the heaviest task within the power of the American people to assign, Dick Nixon is supremely fitted. With his running mate, Henry Cabot Lodge, this nation has a team equipped with both the knowledge and courage for those responsibilities whose capable discharge can decide its destiny." — Nashville (Tenn.) Banner.

"The Birmingham News recommends the election of Vice President Richard Nixon to the Presidency . . . We do so . . . because we are convinced that his experience in dealing with matters of defense, in national security, foreign policy and in combatting the nakedly brutal force of communism is much greater than is that of John F. Kennedy. We do so, in part, too, because we are convinced that Mr. Nixon, his advisers and much of the leadership of his party have a political philosophy in domestic matters that is much safer for the future of this nation and for the South in particular . . . Henry Cabot Lodge represents with emphasis the principal strength of Mr. Nixon in the field of foreign affairs and would lend to the Nixon administration a proved capacity in facing up squarely to the dangers of international communism." — Birmingham (Ala.) News.

" . . . it is our contention that of the two choices open to us, Vice President Nixon and Henry Cabot Lodge, together with their platform and advisers, are better for the United States as a whole, and the South as a region, than would be Senators Kennedy and Johnson and their pseudo-intellectual counselors." — Augusta (Ga.) Chronicle-Herald.

Democrats in power.

My old Hoosier Grandpappy used to say, "If you want to keep out of trouble, think before you act."

Therefore, Jack, as a father and a grandfather, when I go to the polls on Nov. 8, I'll naturally be thinking not only of my children and grandchildren but the 28 years of War under the Democratic Party and will have to vote accordingly, because I think you will agree America needs no more War.

NIPSCO Quarter-Century Workers Being Honored

Three women and 36 men representing almost 1,000 years of continuous service and experience with Northern Indiana Public Service Company will become members of NIPSCO's exclusive quarter century club at a silver anniversary banquet tonight at Phil Smidt's Restaurant in Hammond.

During the affair, Dean H. Mitchell, NIPSCO president, will present each employe with a gold wrist watch in recognition of his 25 years of service. Walter K. Paul, NIPSCO manager of industrial relations will serve as banquet toastmaster.

Witness Many Industry Changes
Employees to be honored joined the utility company in 1935 when jobs were at a premium. Through the years they have seen their industry change from manufactured to natural gas and from filament type lights to modern mercury vapor and fluorescent installations.

In their own company, they have witnessed the construction of a 390,000 kilowatt generating station at Gary and the beginning of the utility's new Bailly Station in the Burns Harbor area between Gary and Michigan City.

They have also watched the installation of NIPSCO's 22-inch interconnected gas distribution system; the arrival of millions of cubic feet of natural gas from Texas and Oklahoma for distribution to Indiana customers; the listing of NIPSCO's stock on the Midwest Stock Exchange; and the extension of gas and electric service to thousands of new customers throughout Northern Indiana.

With the addition of 39 new members, the NIPSCO quarter century club will reach a new high of 752 since its founding in 1917. The club is a symbol of thousands of years of proven experience in the public utility field and is a hallmark of the high standard of service rendered by the company.

Plymouth-Culver area employees to be honored include Edward J. Bickel, patrolman, electric operating department; Lester E. Inks, engineer; and Howard Silvey, electric construction crew supervisor, construction department.

ADVANCES AGAINST HIGH BLOOD PRESSURE CITED

Drugs now in use to treat high blood pressure represents one of the most advances of medical science in the past ten years, according to the Indiana Heart Association. These drugs have given physicians tools with which they can bring under control if the patient cooperates fully.

In most cases the cause of high blood pressure is not known. Doctors call the ailment "hypertension." It is quite common. Estimates of the number of Americans with high blood pressure range from 5 to 15 million. Hypertension adds to the work of the arteries. It causes the heart to pump with increased force. Over a period of years this may result in heart strain. The heart may enlarge and its efficiency may thus be lessened.

High blood pressure may also be caused by a high salt diet, which may weaken the arteries or hasten the onset of atherosclerosis or hardening of the arteries.

Drugs now being used to treat high blood pressure are designed to lower blood pressure. These drugs are of several types, each seeking to produce the desired effect in a different way and in different parts of the body. In the treatment of hypertension, treatment with drugs will lower the blood pressure.

School News

Characteristics Of Good Teachers

By Linda Kose, Jamie Piersol and Carolee Easterday

Since we have so many new teachers, we thought we'd ask the students what they thought were the characteristics of a good teacher, so, teachers, ... read on!

Tom Boswell — a combination of a striking personality and stern discipline.

Nick Kaezter — having respect of his students and yet not being too strict.

John Benedict — When they act as if they know they're the boss.

John Carter — Friendship, discipline, and personality.

Pat Wesson — A teacher who loves the subject he or she is teaching and can keep the students under control.

Jane Thomas — A teacher who treats all his pupils equally and is fair in grading.

Thad Overmyer — One who grades equally.

Linda Bohmer — One who grades fair and has respect for and from the students.

Judy Bishop — A teacher who is fair to his or her students. Mostly in grading!

Margo Overmyer — A teacher like Mr. Kepler, with a smile, style, discipline, and intelligence.

Lana Berger — One that has control over his class, but can still be of friendly personality and have a smile for his students.

Mary Jane Gulse — One who has the ability to keep discipline in his class, but one who you can talk to as a friend out of class.

Kathy Clyne — One who keeps order in class, but one who you can talk to as a friend.

Nancy Prosser — One that can keep you interested in your subject, and someone that you can look up to with respect and get respect in return.

Donna Smith — One that grades fair and treats all students equally.

Mike Geizer — There aren't any!

Anne Behmer — I feel that a good teacher is one who is fair to every one regardless of their social status, intelligence, etc.; and who teaches the material but at the same time encourages us to think for ourselves. We will be the leaders of tomorrow and we need the teachers who will equip us for the job that lies ahead of us.

Anne Osborn — I feel that a good teacher is one who above all, stimulates, and encourages intelligent, independent thinking.

Shari Yocom — One of the best things a teacher can do is to encourage free discussion of any worthwhile subjects which may come up during a class period, because we are the ones who will have to contend with today's problems.

Judy Kimmel — A good buddy!

Carmen Greiter — Someone that's fun!

Barbara Hatten — Helpful and courteous.

Kathy Easterday — Patience!

Bonnie Parker — One who doesn't fly off the handle at nothing.

Jane Neidlinger — A lot of fun, yet leads you to learn something, somewhere along the way.

Deunis Shock — One who gives good explanations.

Bonnie Good — One who doesn't give homework!

Larry Miller — One who gives straight A's.

Pat Kline — One who gives you a good explanation and A's.

Jerry Kimmel — One who sleeps all period.

Charlene Lucas — One who is reasonable about his grading, and knows his subject well enough to help us learn it.

Cheryl Dillon — I agree with Charlene. A reasonable grader and

one who knows his subject.

Sheryl Hothman — A teacher who will teach us something.

Betty Everett — A teacher who will admit his jokes are corny, and then goes on with the lesson.

Susie Gardner — A teacher who thinks of us as high school students, not first graders.

Rick Ervin — One who knows what he is talking about.

Anna Lutz — One who is patient and understanding.

Sherrill Edgington — A teacher who knows his subject so he can teach us something.

PHILOSOPHY MAKES us wiser, but Christianity makes us better men. — Henry Fielding

PLAYING WITH DYNAMITE - A Boone County man, 70-year-old John Ditzzenberger, lives in a rural home near Whitestown and for years has made a hobby of collecting old items. Some one, whose name he can't recall, recently gave him three World War I shrapnel artillery shells to add to his collection. To Ditzzenberger the shells appeared harmless but a friend suggested that experts be called in to examine them. Two men from an ordnance detachment at Fort Benjamin Harrison were summoned. They said the shells were still loaded and they took them to Camp Atterbury where they exploded them. An ordnance sergeant said the shells would

have exploded if exposed to extreme heat or subjected to a sharp blow with a hammer.

SPELUNKERS - Two small Porter County boys imbued with the cave exploring spirit gave a Chesterton man, Edward J. Flannery, quite a start. As Flannery was crossing a street he heard shouts coming from a sewer manhole. Startled by the yelling, Flannery called police who lifted the manhole cover and fished out two youngsters. The boys told the officers they had entered the sewer where it empties into a creek and had crawled along to the place where they were found.

CRAWFORD F. PARKER
for Governor

Crawford Parker says:

I BELIEVE education should be kept under Hoosier Home Rule. More school rooms have been built under the Republicans . . . state aid to local schools has been increased 75% in the past seven years.

I BELIEVE the way to keep building a strong labor force is to continue bringing new industries into Indiana to create jobs. Today, Indiana is FIRST in the nation in new plants and new jobs.

I BELIEVE we must continue today's greatest road building program in Indiana history. Indiana now ranks among the top 10 states in road construction.

I BELIEVE the tax on household goods should be abolished. Tax loopholes must be plugged. I pledge every effort will be made to hold taxes down.

I BELIEVE we need to continue to speed the expansion program for Indiana's retarded and mentally ill. It jumped from approximately \$12 million under the Democrats in 1951-1952 to over \$27 million under the Republicans in 1959-1960.

I BELIEVE in a strong Social Security program. Social Security benefits have been expanded under the Republican Administration . . . from 5 million receiving benefits in 1952 under the Democrats to 14 million in 1959 under the Republicans.

SOUTH BEND — Need for maintenance of a "governmental climate" in Indiana that will encourage economic growth and employment was stressed here just recently at a "Pre-Legislative Clinic" previewing problems facing the 1961 Hoosier Legislature.

Chambers of Commerce of South Bend, Mishawaka, Plymouth, Rochester, Culver, and Walkerton were sponsors of the clinic, in cooperation with the Indiana State Chamber of Commerce. The meeting here was one of a series of 24 such district clinics being conducted under Chamber of Commerce sponsorship throughout the State.

Jack E. Reich, executive vice-president of the State Chamber, said about 30,000 new jobs will be needed annually in Indiana to provide employment for the State's rising population of working age.

"Indiana," he said, "must compete with many other states in its attempts to attract new industries and other job-providing enterprises, and to encourage expansion of existing establishments within our borders."

"The State's ability to compete for jobs will be determined, in large part, by the actions of the 1961 General Assembly."

Reich urged citizens in local communities to become familiar with legislative issues and to talk to their legislative candidates about them. "It is the folks back home," he said, "whose advice and counsel legislators most value."

Staff Experts On Program

Staff specialists of the State Chamber outlined "governmental climate" problems in the fields of Transportation, Education, Personnel and Labor Relations, Social Security, and Taxation.

John V. Barnett, taxation department director, told the clinic audience that the question of need for increasing state tax revenues probably will hinge on the legislature's decisions as to the amounts of state aid to local units of government.

"In the 1958-59 fiscal year," he said "state aid represented 43.4 per cent of total state government expenditures."

"Indiana's reputation for thrift and economy in government is good," he added, "and is one of our best selling points for new industry. But it is well to recognize that our neighboring and competing states also are 'good government' conscious, tax-wise."

Below National Average

"In per capita state and local taxes, Indiana ranks below the national average, but above neighboring Ohio and Kentucky."

"In state and local taxes as related to personal income, Indiana is below the national average but above Illinois, Kentucky, and Ohio."

Barnett pointed out that the official Commission on State Tax and Financing Policy is studying the Hoosier business tax structure, the fiscal problems of local government, and the possible re-codification of property tax laws. The commission's recommendations, he said, will be an important factor in establishing tax policy to be followed by the Legislature.

A. J. Proctor, the Chamber's transportation director, said continuing improvement of Hoosier transportation facilities — by rail, highway, air, and water — would contribute tremendously to the state's economic growth.

Good Highways Stressed

Good highways, particularly when they are combined with adjacent other methods of transportation, are a necessity for most industries, he said, adding that bills to encourage improvement in highway administration, both at the state and county levels, would be among the measures considered at the 1961 legislative session.

Better highways for the present revenue dollars available are the

goal of the proposals, he said.

Local School Units

Robert B. Weaver, the State Chamber's education director, pointed to three proposed levels of increased state aid to local school units and warned, "We must remember that additional funds . . . can mean additional taxation at the state level."

The three potential appropriation levels considered by Mr. Weaver were: (1) \$26 million more if the present \$116 per pupil appropriation is maintained during the next two years; (2) a \$46.5 million increase of a "full formula" distribution is approved, and (3) \$103 million additional if the state share of local school costs is increased from its present 30 per cent level to 40 per cent. If the latter level were approved, state school aid would exceed three-fourths of total state gross income tax collections, he said.

The coming Legislature, according to Frank C. McAlister, State Chamber personnel and labor relations director, "may prove to be a virtual battleground in the field of labor legislation."

"The main struggle will center around the need to preserve the state's reputation for good labor-management relations and to prevent enactment of restrictive labor laws," he said.

Labor union officials, he said, are committed to support of such proposals as compulsory pay for women, "compulsory" fair employment practices law, a state minimum wage law to govern "local" businesses, and repeal of the right-to-work law.

Unemployment Compensation

Howard Friend, Chamber research director, discussed Indiana's present law providing unemployment compensation of \$36 a week over a maximum of 26 weeks. Consideration of increases in benefits, he said, should combine with it the question, "Is our objective more unemployment benefits, or is it continued industrial growth, and more jobs?" than other industrial states.

Indiana has done much better which have higher unemployment

compensation benefits, under one barometer of industrial growth — industrial construction contract awards, Mr. Friend said. While unemployment insurance costs cannot be the only factor in promoting industrial growth, it is recognized as one of the major factors, he said.

Major A. R. Kitts
Receives Army
Commendation

Major Alfred R. Kitts, Artillery United States Army, has been awarded the Army Commendation Medal for meritorious service by the direction of the Secretary of the Army.

Major Kitts is the son of Marian Kitts Wilson and the late Col. Isaac Leonard Kitts, 751 East Shore Drive, Culver. He was a member of the class of 1943 of the Culver Military Academy and is now attending the Command and General Staff School at Fort Leavenworth, Kans.

Major Kitts, Artillery (GS) distinguished himself by meritorious service as Assistant Secretary of the General Staff, Headquarters Fourth United States Army, from 10 May 1957 to August 1960. Exercising extraordinary initiative and competence, with mature judgement and marked professional zeal, Major Kitts discharged the many responsibilities of this assignment in a notably successful manner. Through his vigilant and intelligent supervision, the various administrative functions of the Office of the Chief of Staff were conducted with exceptional smoothness, efficiency and timeliness. His splendid executive and administrative abilities enabled him to review effectively the large volume of correspondence and staff actions prepared for the attention of the Commanding General or members of his immediate staff. Through his outstanding tact and cooperativeness, Major Kitts maintained effective liaison between the Office of the Chief of Staff and the general and special staff sections of the Headquarters.

An internationally known authority on equestrian activities, he functioned with great competence as judge for the international Pentathlon trials and competition at Fort Sam Houston, Texas. By his outstanding ability, his untiring efforts, and his unflinching devotion to duty, Major Kitts contributed substantially to the efficient operation of Headquarters Fourth United States Army.

Virginia Caylor Is Outstanding State Candidate

VIRGINIA CAYLOR

Seeking Re-election As High Court Reporter

"Hoosier families have done better than ever before under the Eisenhower-Nixon Administration, and with Republicans in the State House at Indianapolis," Virginia Caylor, G. O. P. candidate for Reporter, Supreme and Appellate Courts, said last week.

Mrs. Caylor, a widow and mother of three children, has been Reporter since 1953.

The Family Pocketbook

"Being a woman who has been required to think about buying groceries and paying rent, the family pocketbook has always meant something to me," Mrs. Caylor said.

"Incomes of average families have been raised 28 per cent under the Eisenhower-Nixon Administration. There are more wage earners and breadwinners at work today than ever before in our history. The average family income has been raised more than \$1,000 a year since 1952, and this increase has been more than the increase in prices."

Utterback's Attack On Purdue

Mrs. Caylor praised progress made in Indiana schools, stating: "I don't believe there is a family in your county which cannot send its children to good, modern schools; and college is within the reach of those who save and plan for it. For this reason I am sorry that one of the Democratic candidates, Earl M. Utterback, has been basing his campaign on attacks against Purdue University. Hoosiers whose sons have gone to Purdue to study engineering or agriculture know that they're doing a good job there."

CALLING CARD - A Leghorn

hen that escaped from the Dearmin Packing Co., plant in the Davless County town of Odon wandered down the street and entered Clem Baker's hardware store. She found her way into a rest room where she laid an egg. Baker notified the Dearmin plant they could have the hen if they called for it but he kept the egg as a calling card.

LAKE SHORE GARAGE

Lake Shore Drive, CULVER

'61 Ford Galaxie Club Victoria with Thunderbird styling and roofline that others are imitating but can't match.

The one '61 car built to back up a long-term warranty

Ford led the way with the one car beautifully built to take care of itself . . . and you

On September 29, Ford Dealers set an industry trend—were first to extend their 1961 car warranty from the conventional 4,000 miles or 3 months to 12,000 miles or one full year, whichever comes first.

Why? Because Ford built the one car to support such confidence. Ford for 1961 is the one car beautifully built to take care of itself!

The '61 Ford was designed and built to the more exacting standards necessary to offer an extended warranty. Ask to see this warranty at your dealer's.

It is significant that Ford has so many take-care-of-itself features not found in other cars, regardless of price. These new Ford features are a triumph of exhaustive research, fine engineering, and quality construction that give you the most reliable Ford ever built. Drive a '61 Ford 1960.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube job (which costs about \$4.00*) will get you set for another 30,000 miles.

Cleans its own oil—You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Adjusts its own brakes—New Truck Size brakes adjust themselves automatically for the life of the lining.

Guards its own muffler—Ford mufflers are double-wrapped and sluminized—normally will last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—New Diamond Lustre Finish never needs wax.
