To Take Your Mind Off The Election Here's A Story About Fishing
IT WOULD BE unkind to use real names in this quaint story, but it's true if we can believe a reasonable trustworthy state trooper who swore to it scout's honor, hope-to-die.

In Canada last spring, Joe hooked some peachy pike and walleyes and like other folks

The painfully hilarious episode occurred in a better-left-nameless Northern Indiana city of medium size where dwell a fisherman we'll name Joe and his wife, Mary.

WHEN HIS FREEZER bulged, Joe salted the remaining filets and said to Mary, "Saturday we'll have a fry for a few good friends."
"How are the fish, really?" Mary asked.
"Fine. Perfect," Joe declared. Only slightly did he worry about the filets — which would be two more days in the refrigerator before cooking.
CAME SATURDAY and preparation for the fry. To Joe, the filets looked and smelled fine.
They also suited Big Snooks, the family tomcat. As Joe prepared the filets for frying, Snooks stuffed himself greedily with trimmings.
Six friends presently arrived. Snooks went out to prowl and Joe busily fried fish.
ALL ATE HEARTILY. Their verdict: Delicious!
An hour after eating, Mary opened the back door to call Snooks. Suddenly she saw something — and screamed for Joe.
Near the back door was Snooks — stone dead, with blood-flecked froth around his mouth.
"The fish must have killed him!" cried Mary. "They were spoiled. And we ate 'em, too. And"

Republicans Sweep County Offices and State Jobs Except Governorship

G.O.P. PICKS UP FIVE CONGRESSMEN

Nixon Carries Indiana By 215,000 But Loses Presidency To Kennedy In History's Closest Election

In one of the most thrilling national elections in all history Senator John F. Kennedy of Massachusetts and Senator Lyndon B. Johnson of Texas have emerged as the new President and Vice President of the United States by the closest of margins over Vice President Richard M. Nixon of California and Ambassador Henry Cabot Lodge of Massachusetts.

It was such a tight battle all through the night that Nixon did not concede and send a telegram of congratulations to Kennedy until 11:45 a.m. today. Both the electoral vote and the popular vote may be separated by a hair's breadth.

First Catholic President
Political tradition was shattered in Tuesday's election when the nation chose a Roman Catholic as Chief Executive for the first time. All in all, this is a fine compliment to the people of America who thoroughly vetoed the injection of the religious issue in the campaign.

Indiana and Marshall County did a tremendous job in behalf of the Republican ticket but other areas did not follow this trend sufficiently to change the results.

Robertson Hits Jackpot
Under the expert direction of County Chairman Stewart W. Robertson of Plymouth, ably assisted by Homer H. Kemple of Culver, the Republicans made a clean sweep of all offices up for grabs by majorities ranging up to 2,700. This was a complete reversal of the poor showing of two years ago. Marshall County is therefore back in the G.O.P. ranks in commanding fashion.

Dr. Otis R. Bowen of Bremen, who was defeated by Forest N. McLaughlin of Plymouth, by only four votes two years ago, was rewarded for his exhibition of good sportsmanship in not demanding a recount by being returned to his former seat in the House of Representatives by a big majority. Dr. Bowen, incidentally, this time will be sitting on the majority side of the House in the General Assembly because the Republicans have won it 63 to 36.

Democrat Marshall F. Kizer of Plymouth was reelected to the State Senate from Marshall and St. Joseph Counties for another four-year term. The Citizen endorsed Senator Kizer for the post and is proud of its decision. At press time it appears that the State Senate has changed hands with the Democrats taking over 26 to 24.

Welsh Pulls A Schielekue!
At the same time that Indiana was giving a landslide vote of 215,000 to Nixon, picking up five new seats in Congress and putting over the Republican ticket to the tune of 100,000, Matthew E. Welsh of Winona, Democratic candidate for Governor, pulled a Henry F. Schrieker on the party and defeated Lt. Gov. Crawford F. Parker of Moreland for the Governorship by the narrow margin of 25,000 in total balloting of more than 2 million. Undoubtedly, if Parker's name had appeared on the same ballot with Nixon's he would be our next Governor instead of Welsh.

Parker in his many years of public service never before had offered defeat at the hands of the electorate. Dopesters are trying to figure out the reasons why Welsh kept hammering at the Handley-Parker alliance and repeatedly referred to the fact that Parker was Secretary of

State during the highway scandals of the Craig administration. While The Citizen is greatly disappointed in the defeat of Crawford Parker it will be one of the first to admit that Matt Welsh without question is of gubernatorial stature and is thoroughly qualified to do a good job for all of Indiana during his four-year term beginning in January.

New County Officers
Victorious Marshall County G.O.P. candidates, all winners by substantial margins, are:

County Treasurer — Robert D. Milner over Mrs. Bernice Strang.
County Recorder — Lloyd Beaty, native of Union Township, over James B. Bergman.

County Coroner — Marshall E. Stine, M.D. over James N. Hampton, M.D.

County Surveyor — Frank E. Kleinke over Wilbia L. Carrothers of Burr Oak.

County Commissioner, First District — N. Welcome Norris, another Union Township product but now of Polk Township, over Foster Davenport.

County Commissioner, Third District — Robert Q. Tucker over Louis W. Weissert.

Doubles Kennedy's Vote Here
Nixon ran like a house afire in Union Township, topping Kennedy 1,308 to 684, indicating an

New President and Vice-President Of The United States

JOHN F. KENNEDY

LYNDON B. JOHNSON

America Is Behind Them 100%

impressive 624 Republican majority.

Here's the breakdown of the vote in Union Township's five precincts: 1. Nixon 176; Kennedy 158. 2. Nixon 313; Kennedy 101. 3. Nixon 198; Kennedy 100. 4. Nixon 373; Kennedy 222. 5. Nixon 248; Kennedy 103.

For some unaccountable reason the Presidential results in Union's precincts 1 and 5 were not available to this newspaper until after 3 a.m.

Marshall County Results
Nixon smothered Kennedy in Marshall County 9,998 to 6,130, a majority of 3,868. Without checking we feel on safe ground in saying that Nixon's total in the county is the biggest ever given any candidate in history.

In the county race for Governor Parker led Welsh 8,724 to 7,005, a majority of 1,719.

After carrying Marshall County by only 195 in 1958 over Congressman Brademas, former Congressman Nimitz did a great deal better this time by defeating Brademas 9,084 to 7,398 for a majority of 1,686.

Almost Sweep State Ticket
At 11 a.m. today Edward H. Ziegner, political editor of the Indianapolis News, told The Citizen that all Republicans on the State ticket, with the exception of Parker, had won election by majorities of more than 100,000.

Richard O. Ristine of Crawfordsville is the new Lieutenant Governor and as such will preside over the State Senate.

Charles O. Hondricks of Speed, Clark County, will be Secretary of State, and other new faces around the State Capitol will be Mrs. Dorothy Gardner of Fort Wayne, Auditor of State; Robert E. Hugh-

es of Greenwood, Treasurer of State; and Philip H. Willkie of Rushville, son of Wendell L. Willkie, 1940 Presidential nominee, will take over as Superintendent of Public Instruction.

Congratulations, Phil!
Willkie's election is a most happy one for Indiana because he is pledged to elimination of frills and tomfoolery in our educational system.

Republican State officials re-elected by whopping majorities were: Mrs. Virginia B. Caylor of Indianapolis, Reporter of the Supreme and Appellate Courts; Harold E. Acher of Anderson, Judge of the Supreme Court, Fourth District; James C. Cooper of Rushville, Judge of the Appellate Court, First District; John M. Ryan of Indianapolis, Judge of the Appellate Court, First District; Dewey Kelley of Whiting, Judge of the Appellate Court, Second District; and John W. Pfaff of South Bend, Judge of the Appellate Court, Second District.

Edwin K. Steers of Indianapolis, won a third term for Attorney General.

G.O.P. Picks Up Five New Congressmen
Indiana's Congressional delegation is again back to normal with Republicans predominating, 8 to 3.

The only Democratic survivors of the G.O.P. upsurge were Ray J. Madden, First District, of Gary, who had only token opposition in notorious Lake County; John Brademas, Third District, of South Bend, who won the "rubber game" from former Congressman P. Jay Nimitz of South Bend, who again carried both Elkhart and Marshall Counties but with insufficient majorities to offset Brademas' tremendous vote in the industrial areas of St. Joseph and LaPorte Counties; and Winfield K. Denton, Eighth District, of Evansville, who got a real battle from Alvan V. Burch, also of Evansville.

Halleck Swamps Challenger
Charles A. Halleck, Second District, of Rensselaer, this time running scared for the first time in his life, thoroughly trounced George H. Bowers of Valparaiso, who came within 6,141 votes of unseating Charlie two years ago. Halleck has been a power in Congress since 1935.

Congressman E. Ross Adair, Fourth District, of Fort Wayne, who won by a skimpy 267 votes in 1958 made mince meat this time of his Democratic opponent, Byron McCammon of South Whitley.

In the Fifth District Republican George O. Chambers of Anderson, unseated J. Edward Roush of Huntington.

Richard L. Roubush of Noblesville, Republican, former national commander of the Veterans of Foreign Wars, captured the seat of Fred Wampler of Terre Haute in the Sixth District.

Republican William G. Bray, Seventh District, of Martinsville, always a big vote getter, snowed

John A. Newman and Sons of Culver will be one of three Marshall County dairy farms represented by exhibits at the 1960 International Live Stock Exposition, Horse Show and Rodeo, to be held in Chicago Nov. 25 to Dec. 3.
The Newmans will send seven

purebred Holstein cattle to compete in the contests for this breed at the show where they have won high awards in past years. Their entries include a number of prize winners from the Indiana State Fair last summer.
The International Live Stock Exposition will celebrate its 61st anniversary as the country's largest stock show. It will be held in the 13-acre International Amphitheatre at the Chicago Stock

Yards.
World's championship rodeo will be featured at the Exposition this year for the first time in conjunction with the 14 International Horse Shows that are scheduled daily.

LYNDON B. JOHNSON, left, Texas U. S. Senator, was kept in the background pretty much during the Presidential campaign. You may recall that he was Kennedy's running mate as Vice-President! Here he is at Indianapolis with **MATTHEW E. WELSH**, Governor-elect, who barely mentioned Kennedy's or Johnson's names as he travelled through Indiana's 92 counties.

**Miss Mary Ann Jenson
And John Wharton
Exchange Wedding Vows**

The Christian Church at Boone Grove, Ind., was the scene of the wedding at 2:30 p.m. on Sunday, Nov. 6, of Miss Mary Ann Jenson and John Wharton.

The bride is the daughter of Mr. and Mrs. Damen Jenson of Boone Grove, and the bridegroom is the son of Mr. and Mrs. Norris Wharton, 1555 East Shore Road, Culver.

Pard Hall, cousin of the bride, served as soloist and sang, "I Love You Truly," preceding the double ring ceremony which was performed before an altar decorated with baskets of white chrysanthemums.

Given in marriage by her father, the bride wore a floor-length gown of white lace. Her fingertip veil fell gracefully from a crown headpiece, and she carried a white bridal bouquet and a white Bible. Her only jewelry was a crystal necklace.

Lorraine White of Boone Grove, as bridesmaid, wore a ballerina length gown of blue. Robert Criswell of Lafayette served as best man and ushers were Mr. Leonard of Boone Grove, and Jim Wharton, brother of the bridegroom.

For her daughter's wedding Mrs. Jenson chose a lavender velvet dress and wore a white corsage. The bridegroom's mother was attired in a purple crepe dress with black accessories and wore a yellow corsage.

Immediately following the ceremony a reception was held in the church social rooms for 250 guests. Decorations were carried out in blue and white.

The young couple will reside at Tyndall, Fla., where Mr. Wharton is stationed at the Tyndall Air Force Base. For going away the bride wore a black sheath dress with red accessories.

The bride graduated from

Boone Grove High School last June. The bridegroom is a 1956 graduate of Culver High School and has served in the Air Force since August of that year.

**Mr. and Mrs. Roy Ragsdale
Return Following Unusual
Three-Week Vacation**

Mr. and Mrs. Roy Ragsdale are back home after an enjoyable vacation during which they returned to Culver briefly for a much needed change of clothing.

They first visited the Lake of the Ozarks in Missouri, which has a shoreline longer than that of Lake Michigan. High temperature on that jaunt was 98-degrees.

Later they headed for Sam Woods' camp at Mile 212, Ontario, Canada, where they were the guests of their Culver friends and were also greeted by weather 13-degrees above zero. The Woods' camp, a delightful place to vacation, is 212 miles north of the Soo.

Daughters of Ruth To Meet

Members of the Daughters of Ruth Class of the Methodist Church will meet at 2 p.m. on Wednesday, Nov. 16, in the Church Lounge.

**FIRST SNOW HITS
CULVER EARLY
SUNDAY EVENING**

Some real snow, not just flurries, covered the ground in this area early Sunday evening. An earlier snow Sunday morning quickly disappeared.

Monday morning's bright sunshine promptly erased the snow which gave everybody notice that winter is on its way.

Mr. and Mrs. Dick Bowen and family of Plymouth visited his parents, Mr. and Mrs. Vernie Bowen, Wednesday evening.

**Dr. Russell Blair
To Speak At P.T.A.
Meeting Tuesday**

**Annual Book Fair
Begins At Meeting**

All local residents interested in education are promised a stimulating and informative evening at the Culver Parent-Teachers Association meeting next Tuesday, Nov. 15, at 7:30 p.m. in the High School auditorium.

Two major events are on the agenda:

First, Dr. Russell Blair, Russian and Spanish instructor at Culver Military Academy, will tell of his recent five-week trip to Russia.

Second, the annual Book Fair, which provides local residents an opportunity to buy excellent children's books, will begin at the meeting.

All residents are invited to attend this outstanding meeting by James V. Miracle, P.T.A. president.

Dr. Blair was one of 55 U.S. educators to visit Russia in August and September to study schools of the Soviet Union. He had an unusual opportunity to compare and evaluate the schools of this country and the Soviet Union.

In addition, the group, which was sponsored by the Comparative Education Society of America in cooperation with the Soviet Professional Union of Workers in Education, had an opportunity to go places and see things most visitors to the Soviet Union are denied. Dr. Blair will give a full report on what he saw.

At the Book Fair portion of the meeting a complete collection of new books for children from pre-kindergarten through the eighth grade will be on sale. This is the ideal time to order books for Christmas gifts.

School children who wish to select books for themselves or for brothers and sisters may do so on Nov. 16 and 17 from 11 a.m. to 3 p.m. in the playroom of the elementary building.

The Book Fair is being held in conjunction with National Book Week for Children. Money realized from book sales will be used by the P.T.A. for worthwhile purposes to benefit the local school.

The Book Fair committee consists of Mrs. Peter DeTroy, Mrs. Hugo Anderson, Mrs. John Mellon, and Mrs. Roger Thews.

Elmer White, P.T.A. membership chairman, announces that 113 persons have joined the organization so far this year. Coach Oliver in 26th Year

Culver Military Academy will open its 1960-61 basketball season on Dec. 2 at Howe Military Academy.

The Eagles will play 15 games, with the possibility that open dates on Feb. 3 and 17 may bring the schedule to 17 contests. As in the past, the Academy will play only on Friday and Saturday nights.

Coach Russ Oliver, entering his 26th year as coach of the Culver football, basketball, and baseball squads, will have the Academy cagers in full practice by Monday, Nov. 14, two days after the close of the football season.

Basketball players who are not members of the football team already are working out under Assistant Coaches Chet Marshall and Jack Spencer.

Coach Oliver expects to build his team around Paul Schuldt, a 6-3 regular from last year, and Dexter Blome, another varsity letter-winner from the 1959-60 season when the Eagles won 12 games and lost five. The remainder of the varsity unit will be filled out with players up from the junior varsity.

Six Weeks In Europe With Roger W. Babson

Here's Some "Inside Dope"

By ROGER W. BABSON
No. 1 U.S. Economist
En Route Home, from Europe — My first thought as I complete my six weeks away from the United States is that we and Great Britain should hold together as a solid bloc and foundation for others of the free nations who are willing to put character and courage ahead of propaganda and selfishness.

deGaulle Conceited Man
Certainly deGaulle has done wonders for France. He, however, appears to be a very conceited man and knows little about economics.

If de Gaulle should suddenly drop dead, most intelligent French people believe that France would revert to chaos.

Surely I would invest no money in France. Mrs. Babson, who spent her time at the hotels and stores, fears that France is "pricing herself out of business."

Germans Industrial Folks
Personally, I have not seen much of the Germans since I spent some months there just before World War I. There is no doubt, however, that they are a most industrious people.

If the French endeavor is to give a little for as much as possible, certainly the Germans are supplying the most goods for as much as possible.

As a result, great purchases both of machinery and of goods are being made in Germany by American manufacturers.

Italy's Large Industrial Plants
Italy is also forging ahead in exports to the United States and all over the world. This especially applies to plastics, for the manufacture of which Milan has very large factories. This includes not only solid plastics, which will soon compete with steel in our new light weight automobiles, but also textiles of all kinds from tableware to dress goods and clothing.

Both the textile labor unions and the manufacturers of woven products already see the handwriting on the wall!

Meets Many U.S. Buyers
During my trip I met several buyers for such concerns as Sears, Roebuck, Montgomery Ward, Woolworth, McCrory-McLellan, and Mary's. These concerns are bringing goods from both Europe and Japan in shiploads to sell in the United States and South America — at low prices and at good profits.

When China also breaks into these markets the competition will be very severe. This latter may be worrying Mr. K. and be one reason for his tirades!

American Stock Market?
From the above, it looks as if the profits of our industrial companies will continue to decline, and be followed by dividend reductions.

If competition increases, as I expect, it will result in unemployment followed by more labor strikes. Employers may not be about to reduce wages but they surely will resist wage increases and "fringes" which are constantly increasing.

No Depression In Sight
I now see no reason for a real business depression, but certainly this situation does not now en-

courage another bull market, except possibly in the merchandising and specialty stocks.

Then what is holding our U.S. stock market up?
My answer is "European buying."

Our gold supply is surely eroding, yet every European with whom I have talked believes that the United States is the safest country in which to invest funds.

Every German and Italian manufacturer who gets surplus funds (either from the sale of goods, or perhaps from the sale of his entire business to Americans) is sending a portion of those dollars to the U.S. to invest in the Dow-Jones stocks, including steel.

No Recommendations Now
Such foreign buying of U.S. stock could hold the Dow-Jones Industrials up while earnings and possibly dividends decline.

But I now hesitate to recommend either the purchase or sale of active stocks for capital gains or tax losses.

Spanish Hotels Good
P.S. Reading over my notes, I see that I made no mention of Spain, in which we spent ten days. We liked Spain and the Spanish

customs. The hotels are good, the prices are reasonable, and the people are contented. Spain's sandy beaches on the sunny blue Mediterranean Sea are heavenly.

THOUGHTLESS TRUCK DRIVER ENDANGERS LIVES OF RESIDENTS

A thoughtless person parked his huge truck on the north side of East Washington Street near Johnson's Tire Service early Monday evening and by so doing greatly endangered the lives of passing motorists.

Parked diagonally with the truck's huge platform extending out into the street, making it almost a single lane thoroughfare, two cars nearly jammed into the unlighted vehicle.

After these two near-tragic accidents someone had the presence of mind to place a flare at the rear of the truck platform.

The Town Board should take immediate action to prevent further parking of large vehicles in this particular area.

The only child of a President to be born in the White House was Esther Cleveland, in 1892, says World Book Encyclopedia.

Thanksgiving Supper At Lions Den Saturday

The third annual Thanksgiving Dinner, sponsored by the local Lions Club, will be served in the Culver Community Building from 5 to 7:30 this Saturday evening, Nov. 12.

Adult tickets are only \$1.25 with children under 12 being admitted for 75 cents.

Chairmen for this worthy event, the proceeds of which will go to further needed community projects, have been announced as follows:

Get Tickets From Andy
Tickets, Andy Verrum; public address system, Larry Welsh; music, Robert Boyd; food, Ralph A. Osborn Jr.; serving, table clearing, and dishwashing, Harold Fitterling; clean-up and dismantling, Ed Schultz; and table set-up (Friday evening), Don Mikezell.

Wonderful Turkey Meal
The menu will be turkey, with all of the wonderful trimmings, and will be prepared by the Barr Oak ladies of the Church of God, who are noted in this area for fine food.

Saturday evening dinner guests of Mr. and Mrs. Earl Eckman were Mr. and Mrs. Robert Riewoldt and Mr. and Mrs. Charles Ferrier. Following the dinner tripoly was enjoyed.

Dr. and Mrs. Vayne Lowry left Saturday morning for their home in Madison, S. D., after a ten-day visit with the latter's sister, Miss Bess Easterday, and other relatives and friends.

Citizen want ads up to 25 words only 75 cents.

Election Story

under Thomas C. Cravens, also of Martinsville.

Earl Wilson of Bedford, who served with distinction in Congress from 1941 through 1948, only to be whipped by Sheriff Earl Hogan of Columbus two years ago by a paltry 746, will be back in Washington representing the Ninth District.

Hoosier Screwball Defeated
The Tenth District is to be congratulated on getting rid of screwball Democrat Randall S. (Front Porch) Harmon, of North Vernon, in favor of Ralph Harvey of New Castle, capable member of Congress from 1947 to 1956, who lost by a plurality of only 2,257 two years ago because 20,990 apathetic Republicans stayed at home.

One of the most smashing Republican Congressional victories occurred in the Eleventh District where Donald C. Bruce of Indianapolis, unseated Representative Joseph W. Barr, also of Indianapolis, a one-term.

Sunshine Girls Hold Initiation

By Jean McCoige
 "Good grief girl you've got two different kinds of shoes on!"
 Exclamations of this sort were heard all day after the Sunshine Initiation was held Nov. 1. The magic night for the new members was highlighted by the candle lighting ceremony.
 A special octet sang three numbers after which Carol Heiser sang the Sunshine Song. The ritual was opened by the officers and Miss Ruth Shanks, the sponsor, gave a very appropriate speech.
 The new members taking part in the candle light service were: Jane Baker, Gloria Bean, Linda Behmer, Judy Bishop, Cheryl Dillon, Carolee Easterday, Sherrill Edgington, Bonnie Good, Carmen Greter, Barbara Hatten, Sheryl Hohman, Judy Kimmel, Pat Kline, Charlene Lucas, Vicki Lutz, Anna Lutz, Pat Lutz, Marjorie McGaffey, Janice Neidlinger, Carol Overmyer, Bonnie Parker, Barbara Rosebaum, and Ruth Abair.
 Some of these girls were a little bit forgetful in wearing their ribbons and signs and saying their creeds. So — much to their dismay, they were asked to sing in front of their mothers and fellow Sunshiners "Itsy Bitsy Teenie Weenie Polka Dot Bikini." I never realized we had such talented singers.
 Linda Gibbons, president, then told the girls that they would have to wear two different shoes to school the next day. (Everyone sounded like they just had an attack of acute appendicitis.)
 The old members, who had picked "little sisters" from the new members to help this year, then escorted their "little sisters" and their mothers to the kitchen of the bank lounge for refreshments. As always, the refreshments were delicious.
 We would like to leave you with this thought that Miss Shanks brought out in her speech: "People who are really happy are those who have learned the secret of making others happy."

Mr. Carr's Pet Peeve Is Gossip

By Pat Wesson
 For this week's interview I ventured from the halls of our high school to the grade school building for an interview with Phillip Carr, fifth grade teacher at Union Township Public School.
 Soon after I reached his class room I heard a cheerful singing voice coming down the hall. The voice, I then discovered, belonged to Mr. Carr.
 Mr. Carr was born in Dixon, Illinois, on March 6, 1936. He attended grade school at Kinross, Iowa, and he credits his high school education to Rossville, Ind. Mr. Carr attended Manchester College and later graduated from McPherson College, McPherson, Kansas.
 While in high school Mr. Carr participated in baseball, football, basketball, and track. He was the president of his class in his freshman year of high school. In college Mr. Carr learned to play tennis and now rates this as his favorite sport.
 Mr. Carr is unmarried and has not been in the service — yet.
 In the music field his favorites are semi-classical and jazz. He likes any kind of food and his favorite color is white. His pet peeve is gossip.
 I know all the students join me in welcoming Mr. Carr to the Culver faculty.

Public Library Is Mecca For Culver Students

By Mary Jane Guise and Mimi Fisher
 In the winter months, the Culver Public Library becomes very important to the students of C.H.S. Materials for themes, book reports, and special reports are often found there.
 Realizing the importance of the library to the students, Mrs. Jane Scruggs, librarian, decided to make a survey of the C.H.S. students to get their suggestions or ideas which would help her improve our public library. Two hundred fifty-one students answered this survey. Here are the results of the poll.
 The majority of Culver High School students have readers' cards at the public library and visit the library once a week or more. The survey showed the students go to the library mostly for pleasure reading, but 139 students use the library for reference work in which they say the librarians are very helpful.
 The most preferred books and magazines are varied, but the majority seemed to prefer light fiction and mystery books.
 The question, "If the library should acquire a record department, what kind of records would you choose?" brought about various choices. Seventy-nine chose popular records, and surprisingly enough, 43 chose classical! There were other selections, but of these, classical and popular music ranked highest.
 There were suggestions on what students would like to see changed in the public library. One hundred twenty-four like the library as it is. Quite a few suggested having a record department, some suggested a larger selection of books, acquiring more recently written books, rebinding old books, adding a drinking fountain, rest room upstairs, opening earlier on Saturdays, adding plants as decoration, and many other sensible suggestions.
 Most of the students respect the library and the librarians, who are always ready to help and find any information which the students seek.

Art Class Working On Wide Variety Of Projects

By Janet Martin
 The high school Art Class I is sketching people, either the head, or the full figure. Most of the time they use their pencil, and other times they use charcoal.
 The high school Art Class II is divided into two parts. Group I is working on lettering and making posters. They make posters for any organization around school that needs or wants a poster made. Group II is sketching people like the Art I class. They have been drawing a hand or the full figure with one continuous line.
 Right now the Junior High Art Class is working on finger drawing. Some of the paintings come out very interesting.
 The sixth grade is trying something new. They are making sculptures from saw dust. It should be very interesting to see what develops from the designs.

 Time — After school.
 Place — Recreation room.
 "Eeek! I can't practice with that dead mouse in here! It's utterly inhumane! Cover it up, quick!"
 "John, eh John! I know just the thing for the Hi-Y initiation. You can put that mouse between two slices of bread and make them eat it!"
 "Did Miss Williamson say the the team would line up between the cheerleaders for the pep rally? Gee, ever since I lost my class ring my mind has been all messed up. Have you ever had that feeling? We just have to think of notions for 'A REASON TO BUY.' I know! First we can do this, then we can — — —"

Band Marching At Games; Prepare For Concert

By Carol Heiser
 This year the marching Indians started their season by marching at the Francesville vs. Culver basketball game. The theme for the half-time show was based on the coming election. They will be marching at certain basketball games throughout the season. The Senior Band, under the expert direction of Robert Boyd, is working hard to make this season of band shows a big success! We hope to see you at the games.
 The choral and band groups are practicing hard for the coming Holiday Concert. The concert is being held on Dec. 4, at 3:00 p.m. in the high school gym. The girls are getting their formals ready as it is a tradition to wear them for this concert. We hope to see every one there.

VICTORY — victory, victory, that's our cry. Hydi-hi our . . . Huh? Oh, hello there. What? — sure, come on in. We're just putting the finishing touches on a real crazy yell for our coming basketball game. This is going to be our best season ever and the spectators are sure to enjoy it immensely with some of that mouth-watering popcorn — sold by the Seniors.

Well, to get back to the business at hand, since you happened along maybe you'd be interested in some of the recent activities that have kept the social whirl spinning. You are? — good! This is "Person to Person" of C.H.S. Some of the most startling activities of late center around Halloween. There have been all sorts of "signs" of mischief discovered at various places. Here are a few snatches of overheard conversations:

"May I sharpen my pencil, but teacher, like where's the pencil sharpener?"

"Don't let them take our pumpkin!" crunch.

"The Hypnotic Eye — egad it looks like a fried egg to me!"

BULLETIN: Lucy Osborn vs. Anne Osborn —

"But, but, Lucy, I'll do anything just don't throw my retainer down the disposal unit!" splash, crunch.

tinkle, tinkle. Oh, groan, moan, now who needs a loan.

C.M.A. is found to be quite aluring to an ever increasing number of "Culver cut-ups." Barb Rosebaum, Rochelle Good, and Linda Banks have now joined the ranks. Since we're on the subject, the names Alex and Larry ring a bell or better still — telephone for Mary Jane and Margo.

We have just received word Home Ec. II class made gluten balls last week, and were said to be delicious with one exception. Carol O., what can you expect, you can't mix in two-thirds cups of Sam Medbourn!

"It was an itzy, bitsy, teeny, weeny, yellow polka dot bikini — burrrr and in this weather, can you imagine?" Some people have the strangest sense of humor.

If anyone knows a "clear" definition of inclement weather please report it to the proper authorities.

Miss Lana Berger, through a quite unexpected event has become the "proud possessor" of a new friend in one Gary MacManon . . .

Do you feel a bit under the weather today, or a little off balance? No, well, err, I, you see we Sophomore girls initiated into Sunshine have to wear two different types of shoes.

Mr. Tom Boswell, Esq. — would like to thank thoughtful teenagers for the (lovely?) decorations on his car after John Benedict's party.

Mary Jane Guise was the hostess for a slumber party Friday night. Those wee morning hours are really terrific. I always did want to watch the sun come up through red-rimmed eyes!

"But Mr. X said to put it up." "Yes, I know but Mr. Y said not to!" Well Lance, you can't win all the time.

Boy, I'll bet that smarts! (It was this way, Gary Dillon spanked

Cathy Overmyer a Donna Smith's party).

Well Jamie, it isn't as bad as all that. Your car window is replaceable isn't it?

Eloise — that's her name. Donna's party must have been quite a whopper, but Eloise is still counting the days till Gene comes back.

Oh squeal, pant, sigh — the Junior girls have arrived and see are they pretty.

The pep rally Thursday night was really a rouser for the beginning of a new basketball season. Let's all really back the team this year and make it one to be remembered.

As we mark off one more week from the calendar, here is a thought for the day: Who will be the next President — Jerry Lewis or Fiz?

Halloween Urges Cover Wide Area

By Lila Bean, Sharon Lindvall, and Judy Kimmel

Since last weekend was Halloween throughout the United States we decided to ask a few of the kids at C.H.S. what they would like to have done. From this came these results.

Margo Overmyer — Worn ear muffs so I wouldn't have had to listen to Susan Ruhnow's stomach growl at Mary Jane's slumber party.

Linda Kose — Gotten more sleep at Mary Jane's party and soaped more people's windows.

Bob Dickson — There wasn't anything left to do.

Bill Epley — Do more of what I didn't get to do.

Sharon McDonald — Soap the windows of two boy's houses who soaped mine.

Valerie Gunder — What was left to do??

Hugh Hartz — Everything. Now what should I do?

Lila Bean — Soap two boys' car windows who soaped my picture frames and mirror. Only I would have used lipstick or candle instead of soap!!

Nancy Burns — I would have taken the tires off a boy's car from Winamac so he'd have to walk to Culver. (He'd probably never make it, either!)

Corky Walter — Put a little red sports car in study hall. (TR3-Ragtop)

Sam Medbourn — Put more junk in the school yard.

Ron Kuhn — Canned the C. D. cars.

John Hook — Put an outside toilet in the school yard.

Shari Yocom — I wish I could have extended it.

Jean Warner — Scare the policemen!

Rochelle Good — Help decorate the school yard.

Pat Kline — Raised a bunch of —?

Phil Gretter — Burn down the school house.

Mike Miller — Get in the school house.

Sherrill Edgington — Go trick or treating.

Jean Eikenberry — Down at Peru for the C.I.C. football game.

Sharon Lindvall — I wish I would have been at Tinley Park, Ill.

Judy Kimmel — Soap all the windows at C.M.A., especially North Barracks!

Charlene Lucas — Gotten rid of our Spanish workbooks!

Cheryl Dillon — Soaped some windows.

Carolee Easterday — Stayed awake during Jack the Ripper.

Vicky Lutz — Make it to the midnight show.

Chris Croy — Soaped Miss Shanks' car windows, which she accused me of anyway.

Brenda Baker — Have a date with a special boy from Aubree.

Grade School News

By Barbara Rosebaum and Cheryl Dillon

Kindergarten: Mrs. Melton — Robert Babcock's mother decorated cakes as Jack O'Lanterns. They were very lovely. Lindon Curtis treated the morning class to candy bars. Our kindergarten paraded through the elementary building to show the classes our masks that we had made. We are having lessons in following dots to train our hands and develop the fingers for writing. In science class, we are finding out new things every day. On Tuesday we learned that only white rabbits have pink eyes.

First Grade: Miss Cripe — Our class has been enjoying some guppies. We are learning many things about their eating habits.

First Grade: Mrs. Keyser — We are reading in the second pre-primer book. Our Halloween party was a lot of fun. We want to thank Pam Hartz for bringing the room a treat. In phonics we are learning the short vowels.

Second Grade: Mrs. Allen — Nancy Reichley has entered our school. She came from York, Pa. We are making booklets of "Our Animal Friends."

Second Grade: Miss Page — We want to thank Mrs. Babcock for the Halloween cakes. They helped to make our party a success. We are reading stories about pets in our reading book.

Third Grade: Mrs. McLane — We have been having stories in reading about Indians. Several children have brought Indian articles for an exhibit. In science some boys performed an experiment with heat and air pressure. Our Halloween party was a success because the committees in charge performed very well in hunting games and bringing treats.

Third Grade: Mrs. Carter — The following people have not missed any spelling words during the first eight weeks of school: Jan Price, Perry White, Margaret Ruhnow, Mike Sheppard, Nancy Overmyer, Richard Brown, Eric Hughes, Denise Holl, Freddie May, Cynthia Carter, and David Hoessel. In science we are experimenting to learn which things dissolve in water and which things dissolve in turpentine.

Fourth Grade: Miss Mahan — Our Halloween party was a success. We were visited by some queer creatures who came and walked about our room. We had cider, cookies, candy, and a special treat brought in by Marc Matson. Nov. 1 was Kerry Haenes tenth birthday. We had a treat of candy and cakes.

Fifth Grade: Mr. Weaver — The class has been working hard on their social studies the past few weeks. Yesterday we had a unit test and four or five received a good A. The rest of us are going to have to work hard so all of us can have good grades. We would like to thank Mrs. Allen Weaver for the delicious doughnuts she made for our Halloween party. We played some games, everyone having a wonderful time.

Sixth Grade: Mrs. Manis — We are working on our parts of speech English booklet. We have completed nouns, now we are working on pronouns. In spelling there were three Lucky Fishermen: Fletcher Mattox, Marshall Brown, and Thomas Bocoock. A Lucky Fisherman is one who has received all A's in the first six weeks' grading period. We hope to improve the number of Lucky Fishermen for the next grading period.

Pep Rally Held Around Huge Bonfire

By Cathy Overmyer
A bonfire and pep rally held at the high school baseball diamond Thursday night, Nov. 3, was the first pep rally of this year's basketball season.

The highlight of the evening was a sign contest. The judges were Mr. Decker and George Babcock. The loving cup was awarded to the seniors for their clever sign. It was exhibited at the Culver-Francesville game.

Our team was brought to the rally on the fire trucks. Gary Dillon, co-captain, gave a short talk on the hopes of the team.

Our master of ceremonies was Mr. Lawson a very able and very interesting master. The pep band, under the direction of Mr. Boyd, played before, after, and during the rally.

After several rousing cheers we left, leaving the fire burning brightly as a symbol of our spirit throughout the year.

Good Luck during the entire year, boys. We hope we have a wonderful year.

**Irene Jordan Of
The Met Advises
Young Singers**

**Thrilled By
CMA Reception**

By CADET ANDY MALCOLM
Culver Military Academy

Irene Jordan, the Metropolitan Opera star who appeared here last Wednesday night, said in an interview that she feels aspiring singers frequently begin their careers too soon.

It is unwise to perform serious works in high school, Miss Jordan said, because tones are too immature. She feels high school students make a mistake doing solo work, and that girls seeking a professional career should wait until they are 16.

For boys, Miss Jordan advised starting a serious singing career after 18 years of age.

Sings With Philharmonic
Immediately after the assembly Wednesday night, when Miss Jordan appeared here with the outstanding Fort Wayne Philharmonic, I had the pleasure of meeting and talking with her. She is congenial and quite serious about her work.

Career Began As Child
Miss Jordan saw her first opera at the age of four, and she was encouraged in her career by a musical family. I discovered that in 1946, she made her debut at The Met in New York and, during that season, appeared on the Metropolitan stage more than any other artist.

Shortly after that, however, she withdrew from professional activity at a time when she seemed to be on the brink of great success. Her purpose was to re-study and extend her voice.

Picks A New Goal
"I went back to study because I was a mezzo soprano, which was wrong for me. I had a new goal, and during this time took private lessons."

In 1953, Miss Jordan made her re-debut as a coloratura at Carnegie Hall and soon after that went on tour to England and Wales.

American Audiences Are Warm

When asked about her trip she mentioned how "enthusiastic and appreciative the English audiences are, especially in Wales." However, she hastened to add, "I still prefer to sing to the warm responses of American audiences."

Ford Foundation Grant
Recently, Miss Jordan was picked by the Ford Foundation to receive a grant "to encourage and recognize proven talent" in the musical field.

Under this grant, Vittorio Giannini, noted American composer, has written a full-length (18 minutes) symphonic work, featuring Irene Jordan, which premiered in Atlanta last week.

Commenting on her future plans, Miss Jordan said, "One of the most exciting aspects of my singing career will begin next week when I leave on a four-week tour of 24 major U. S. cities, including Los Angeles and Detroit, to perform Giannini's work."

Culver Auditorium Impressed
Miss Jordan also mentioned how tiring such a performance is, but then, too, how excited and pleased she is with the results of the Ford Grant.

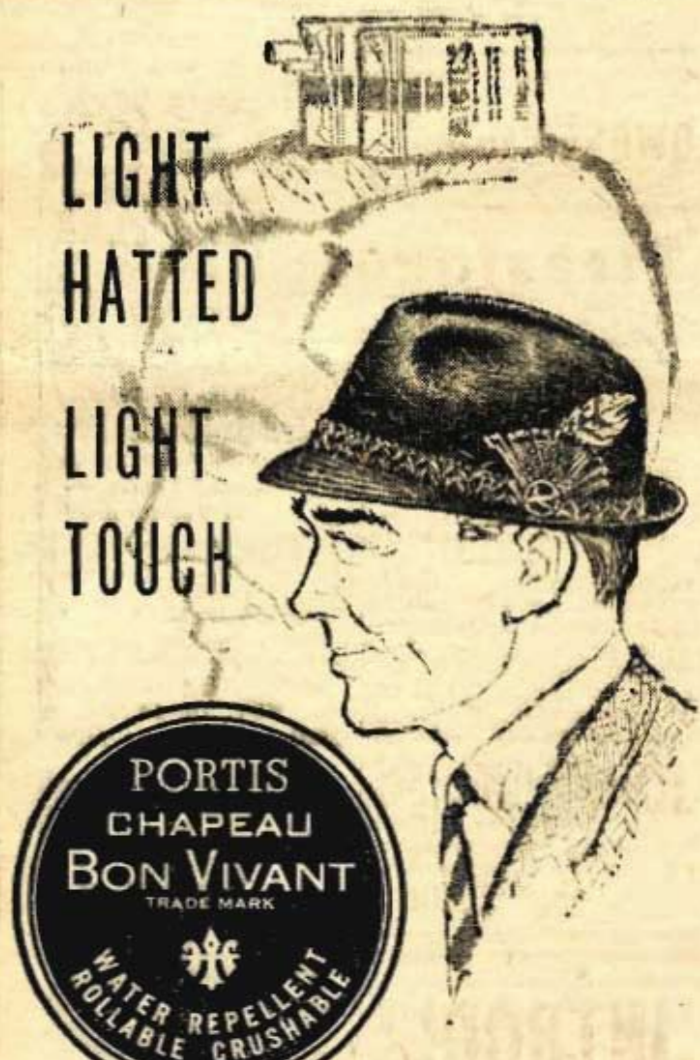

When questioned concerning her daily practice time, she said that actually she sings only for 20 or 25 minutes each day, but that the real work comes with the two to three hour period devoted to study and nomenclature.

Becomes CMA Booster
Just prior to her departure for New York, Miss Jordan commented, "How impressive the Auditorium is here and the wonderful facilities that seem to be open to you students," and expressed her thanks for the opportunity of performing at Culver.

SLOW GETAWAY - The thief who stole a car from Carl A. Skelley's garage near Pleasant Lake in Steuben County didn't get far. The car was found abandoned about a mile away. Sheriff's deputies found that the thief, before taking off with the car, had put into the tank the contents of a five-gallon can that looked like a gasoline can. Instead the can contained a permanent anti-freeze.

Proclaiming Vet Day!

Orin Nowlin of Seymour, Department Commander of the Indiana American Legion, at left, looking on as Governor Harold W. Handley signs the proclamation designating November 11th as annual Veterans Day. The governor's proclamation called on all Indiana citizens to give statewide expression to high and enduring Hoosier esteem for all men and women of this state who had worn the uniform of the United States in time of war. He reminded all Hoosiers that the 1959 General Assembly had enacted a law declaring November 11th of each year as a school holiday in order that all pupils and students could take part in appropriate patriotic observances of Veterans Day. He furthermore called on all Indiana citizens to proudly display the American Flag on November 11th. He urged that places of business, unless necessary to the immediate health and welfare of the citizens of the State be closed in commemoration of Veterans Day. He also urged that all citizens in paying tribute to the men and women who have served in the Armed Forces, re-dedicate themselves on Veterans Day to the preservation of the American ideals of freedom, justice and democracy which the nation's veterans have so valiantly defended.

Speak Up, Doc

Doc Turner was up playing cribbage with Smiley Roberts the other day when, long about supperlime, Mrs. Roberts invited him to stay and have a bite with them.

Now, Doc had snuffed a cherry pie coming out of the oven and his mouth was watering. But what did he say? "No, thanks," says Doc. "Some other time, then," says Mrs. Roberts, and back she goes into her kitchen.

Well, next day Smiley ran into Doc on the street. Smiley said, "You missed some good cherry pie last night, Doc."

"Don't I know it," says Doc. "I sure wanted to stay but your missus only asked me once!"

From where I sit, Mrs. Roberts has the right idea about persuading people. Give folks credit for knowing their own minds. For instance, I never coax anyone to join me in a glass of beer. And if they don't try to talk me into drinking their favorite beverage, we'll get along fine. You can't persuade folks to be good neighbors, but you can "invite" them.

EDITOR, CITIZEN:

Please send a one-year subscription of The Culver Citizen to my home at the above address.

Since I don't know what the subscription rate is, will you please bill me for the one-year subscription?

I'm an old citizen and rooter of Culver. I attended the Culver Public Schools years ago. Culver will always have a very special place in my heart, wherever I may be.

CHARLES E. RANK

New Plymouth Subscriber

Plymouth, Ind.

Editor, CITIZEN:

Thank you for your thoughtfulness in sending Gene and me a marked copy of the Nov. 2 issue of The Citizen, which contained the story about the new Young Republican chairman of Marshall County and the words of the victory song I wrote to the tune of "76 Trombones."

We are glad to have the clippings for our campaign scrapbook.

I enjoyed seeing your newspaper and would like to have you bill me for a one-year subscription.

Part of the fun of this campaign has been the opportunity for me, a comparatively new-comer to the area, to get out and see our county and make new friends.

The Citizen will give us a tie to Culver that I don't want to lose.

Thank you again.

Historical Society To Have Showing Of Antique Dishes

The Marshall County Historical Society invites the public to a showing of antique glassware and dishes, to be held at the Plymouth museum on Thursday, Nov. 17, through Sunday, Nov. 20.

This is expected to be an outstanding exhibition of rare and beautiful pieces belonging to Marshall County collectors and dealers.

The museum staff would be pleased to provide exhibition space for anyone having items they wish to display. Items would be placed in glass cases for maximum safety. One piece or many would be welcomed.

You may notify Mrs. Arthur O'Keefe at WE 4-3517 or WE 4-4723 or Arthur O'Keefe at WE 4-2621 if you desire to show your pieces.

The exhibition hours will be from 2 until 5 in the afternoon and from 6 until 10 in the evening. Admission is free.

YOUTH FOR CHRIST RALLY WILL FEATURE FILM

Marshall County Youth For Christ will be featuring a dramatic challenging film entitled, "Unfinished Task," Saturday night, Nov. 12, at 7:29 p.m. in the Lincoln Junior High School auditorium in Plymouth.

It is the story of young Jim Bradford, who chooses to be a missionary rather than a junior partner in his wealthy dad's engineering firm. After years of exciting developments and bitter disappointments, his father also dedicates himself to the great unfinished task of bringing Christ to the world.

Besides the film the program will consist of instrumental and vocal music. The public is invited.

Notice

OF RESOLUTION OF CONSOLIDATION OF SCHOOLS

Notice is hereby given to the legal voters, taxpayers, and other interested parties of the Town of Culver City, Marshall County, Indiana, and of Union Township, Marshall County, Indiana, and of Aubbeenaubee Township, Fulton County, Indiana, and of North Bend Township, Starke County, Indiana, that on the 11th day of October, 1960, the Trustees and Advisory Boards of Union Township, Marshall County, Indiana, Aubbeenaubee Township, Fulton County, Indiana, and North Bend Township, Starke County, Indiana, at a joint meeting adopted a Joint Resolution declaring their intention to consolidate their respective School Corporations. That said Resolution is in the following words and figures, to-wit:

Resolution

BE IT RESOLVED by the Board of Trustees of the School Corporations, they being the Township Trustee and the Advisory Board of Union Township, Marshall County, Indiana; the Trustee and Advisory Board of Aubbeenaubee Township, Fulton County, Indiana; and the Trustee and Advisory Board of North Bend Township, Starke County, Indiana, that they do hereby declare it to be their intention to consolidate the elementary schools and the high schools of Union Township, Marshall County, Indiana, Aubbeenaubee Township, Fulton County, Indiana, and North Bend Township, Starke County, Indiana, and to furnish consolidated school facilities for the children of school age of such corporations.

BE IT FURTHER RESOLVED that they do hereby adopt this Joint Resolution to consolidate their respective school corporations pursuant to Chapter 125 of the 1947 Acts of the Indiana State Legislature, as amended by the Acts of the 1949 Indiana State Legislature and pursuant to statute, the said School Trustees do hereby set out the following information concerning said proposed consolidation and do hereby resolve as follows:

1. That the name of the proposed new School District shall be CULVER COMMUNITY SCHOOLS.

2. That the number of members on the School Board shall be five (5), all of whom shall be appointed, and the method of appointment shall be as follows:

(a) The Advisory Board of Union Township, Marshall County, Indiana, shall appoint one (1) member.

(b) The Advisory Board of Aubbeenaubee Township, Fulton County, Indiana, shall appoint one (1) member.

(c) The Advisory Board of North Bend Township, Starke County, Indiana, shall appoint one (1) member.

(d) The Board of Trustees of the incorporated Town of Culver City, Marshall County, Indiana, shall appoint one (1) member.

(e) The fifth member shall be appointed by the Advisory Board of Aubbeenaubee Township, Fulton County, Indiana, and North Bend Township, Starke County, Indiana, for alternate periods as hereinafter more specifically set out under the provisions of Paragraph 4 of this Resolution.

3. That the Consolidated School shall be under the direction of a Superintendent selected by the Board.

4. All five members shall be residents of the area comprising the Consolidated School Corporation and of the area from which they shall receive their appointment. Each member must be a resident voter of such territorial unit for a period of not less than five (5) years prior to the time of his or her appointment and at the time of the appointment shall be a freeholder of the territorial unit from which he or she is appointed. If such member moves from the territorial limits of the unit from which he or she is appointed, it will automatically create a vacancy which will be filled for the unexpired term by the Board making the original appointment.

Each member, after the first members have been appointed, as hereinafter set out, shall be appointed for a term of four (4) years. Any member may succeed himself in office, but it is specifically limited to one (1) succession, to the end that no member shall serve more than two (2) successive terms.

(c) The member to be appointed by the Advisory Board of North Bend Township, Starke County, Indiana, shall be appointed for a period of one (1) year.

(d) The member to be appointed by the Board of Trustees of the incorporated Town of Culver City, Marshall County, Indiana, shall be appointed for a term of three (3) years.

(e) The fifth member shall be appointed as follows: The first member shall be appointed by the Advisory Board of North Bend Township, Starke County, Indiana. He shall be appointed for a period of four (4) years, and he shall be a resident voter of North Bend Township, Starke County, Indiana, at the expiration thereof the member shall alternate, first North Bend Township, then to Aubbeenaubee Township, and in order from then on. In all respects the member selected to cover this fifth member shall comply with the qualifications herein specified. In the event a vacancy occurs for any reason, a member appointed to fill a vacancy shall be for the unexpired term of the previously appointed member.

Those members of the Board to be first appointed shall take office on the first day of Aug. 1961. They shall be appointed within five (5) days after consolidation becomes effective as a result of this Resolution. Thereafter all appointments to so made for the full four (4) year term shall be made by the respective appointing bodies on or before the month of June prior to August 1st when they shall at their tenure of office. Vacancies occurring during the term of an incumbent's appointment shall be filled as soon as possible after a vacancy occurs.

5. The names of the proposed School Corporations which are to be merged together as a Consolidated School Corporation as a result of this Resolution are as follows:

(a) Union Township Schools, Marshall County, Indiana.

(b) Aubbeenaubee Township Schools of Fulton County, Indiana.

(c) North Bend Township Schools of Starke County, Indiana.

You, and each of you, are notified that the State of Indiana under which said proposed consolidation is being considered, provides that, on or before the sixth day following the last publication of such notice of intention to consolidate, all legal voters, residing in any such School Corporations, may petition the School Trustees of the respective School Corporation, or an election to determine whether or not the majority of the voters of such School Corporation are in favor of such consolidation. In event such a petition or petition might be filed, the Trustees of each such School Corporation which such protest petition is filed, shall call an election of voters of such School Corporation for the purpose of determining whether a majority of the legal voters of such Corporation are in favor of consolidating said School Corporations. If a protest is filed in more than one of such Corporations the election shall be held on the same day.

Dated this 11th day of October, 1960.

OVERSIZED EGGS - The Editor

of The Boonville Enquirer was a bit mystified when Charles Nunweiler, Route 5, Boonville, brought a half dozen inordinately large eggs into the office. The eggs were eight to nine inches long. The editor said on first inspection they made him think of dinosaur eggs or at least ostrich eggs. But Nunweiler explained they were extra large eggs laid by some of his extra healthy turkeys. Nunweiler says he sells the big eggs to a turkey hatchery at prices ranging from 17 to 30 cents an egg.

State Nurses' Convention Held At Terre Haute

Friday registration grew to 500 at the four-day convention of the Indiana State Nurses' Association, which closed with election and installation of officers at the Terre Haute House.

Nurses from all over the state converged on Terre Haute for the 56th annual meeting, with the theme "Professionalism," which drew outstanding speakers.

Highlights of Thursday's program were a symposium-forum meeting in the morning, and a dress by Dr. Genevieve Bix, director of nursing education project of the Southern Regional Education Board in Atlanta, Ga. in the afternoon.

Concepts of the "Professional Nurse" was the subject of the symposium-forum held Friday morning.

There were tours to Columbus Records, the Pfizer plant, St. Marys-of-the-Woods College and the jet base, after which District Nurses were hostesses for a punch bowl preceding the convention banquet. Miss Florence Young of South Bend, president, presided at the banquet, and music was furnished by a choral group of the American Legion Auxiliary Choir of Marshall, Ill.

Other entertainment for the evening was an amusing talk of "Prescription for Living," given by Reed Stewart, president of Junior Heart Foundation.

At the concluding session of the meeting the following officers were elected and installed: Miss Dorothy Damewood, Gary, president; Mrs. Lucille Carlin, Indianapolis, treasurer; Miss Beula Russell, Washington, and Mrs. Helen Mercer, Mishawaka, directors; Miss Martha Watkins, Brazil, member of the nominating committee; and Mrs. Marie Logan Indianapolis, second vice-president.

Culver Indians Lose Opener To Francesville

Meet Aubbee Here Tomorrow Night

By EARL MISHLER
Culver's Indians opened the 1960-61 basketball season Friday night in one of the most thrilling openers in recent years, as the invading Francesville Zebras emerged victorious, 75-67.

Coach Tom Benbrook's forces, displaying mid-season form, faced a gigantic band of opponents in the season's first encounter. Francesville, deemed to be one of the area's powerhouses this year, presented one of the strongest front lines to invade the Culver gymnasium in the past few years. However, although the Zebras did dominate the backboards, the scrapping Indians refused to die, staying in the game all the way with some brilliant shooting.

Francesville jumped to a 10-4 lead early in the first quarter, but Culver began blitzing the nets. Led by senior guard, Gary Dillon, the Indians hit 14 of 22 field goal attempts in the first half, to open a 35-33 lead at intermission. After a third quarter rally, Francesville had regained the lead, 54-49, and had stretched the margin to 69-61 with less than three minutes left. But juniors John Benedict and Tom Boswell combined for five quick points, and there was still hope. The Indians' hopes were ended when Boswell and Benedict both fouled out in the waning moments.

Dillon's 19 points were tops in the contest, and Boswell, playing his greatest game, added 18 clutch points. Benedict had 12, including 10 free throws, while seniors Lance Overmyer and Larry Davis had 10 and 8 markers, respectively. As balanced as the Culver attack was, the victors' scoring was even more evenly divided. 6'3" forward Dave Boehning (pronounced Benning) and jumping-jack forward Jim Albrecht had 17 points each. The three Zebra starters, 6'4" pivotman Bob Overman, and guards Jan Onken and Rich Gutwein, added 13 apiece.

Coach Benbrook and all Culver players and fans should have no shame in losing to a great team like Francesville, probably the strongest team the Indians will face this year. If the Culver boys can continue to play as well as Friday night, the dreams of County and Sectional titles could become realities.

Academy Closes Football Season On Saturday

Indianapolis Final Opponent

Culver Military Academy closes its 1960 football season here Saturday against Indianapolis Sacred Heart High School, by far the Eagles' toughest opponent of the year.

Coach Russ Oliver's eleven, with a 3-4 record after a close 7-6 defeat at Bloomington University School Friday night, needs a victory over Sacred Heart to finish with a .500 mark for the season. The Indianapolis school, unbeaten thus far, is one of the State's top-ranked teams.

Drop Fourth Decision
While the varsity lost its fourth decision of the year, the Fresh-Soph team, under Coach Chet Marshall and Colin Stetson, finished its season unbeaten Saturday with a 20-7 triumph over South Bend Riley "B." The Culver underlings intercepted six passes. The only blemish on the Fresh-Soph record of five games was a 20-20 tie with Penn Township "B."

The loss at Bloomington was a heartbreaking one since the Academy had an excellent chance to hand University School its second defeat of the season. One Eagle drive in the second half, with the Academy trailing by the final

The Culver B-Team, loaded with a well-balanced but inexperienced crop of youngsters, took a shellacking from the hands of the Baby Zebras, 49-18. George Herr led the Paposos with six points, while sophomores Rick Ervin and Jerry Nelson looked strong on rebounding. Ron Vogt led the victors with 14 points.

Tomorrow night Culver plays host to the Aubbeenaubbee Braves, who defeated Akron, 50-41, last Tuesday night in their opener.

one-point margin, died on the one-foot line.

Spectacular 54-Yard Run
Culver started the scoring with a spectacular 54-yard run in the first period by Captain Bill Butcher. The Academy had halted Bloomington on its six-yard line and moved the ball in five plays to Culver 46. There, on third down and 17 to go, Butcher broke loose for the touchdown on a right guard smash. The all-important extra point attempt by Howie Bridges was wide.

Bloomington struck back immediately. Taking the kick-off on its own 17, University School moved into the end zone in eight plays, with halfback Ray Webb going the final 10 yards. Bill Wylie scored the winning point-after-touchdown on a run.

HERE! EASIER GOING FOR THE DRIVER AND THE LOAD, LONGER LIFE FOR THE TRUCK!

'61 TORSION-SPRING CHEVROLETS

If you don't think scrapping the front axle has made a world of difference, you haven't driven a Chevy in a while. A few minutes behind the wheel and you can feel why drivers are happier and breakable loads are better protected. But the biggest advantage of all, you'll realize, is that the truck itself (sheet metal, tires, chassis components, *everything*) takes less abuse. With independent front suspension soaking up road shock and vibration, the truck lasts longer, goes extra thousands of miles before trade-in time. Add that to what everybody's always known about Chevy dependability and you find yourself looking at the soundest truck investment you could bet your business on.

and look! NEW REAR-ENGINE CORVAIR 95's

A panel and two pickups that put a thrifty air-cooled engine in the rear, the driver up front and as much as 1,900 pounds of load space in between! That's more capacity than a conventional half-tonner. Yet these Corvaire 95's are nearly two feet shorter from bumper to bumper. Highly maneuverable. Built to last and bound to save on a busy schedule!
