You Can See The Original  
Declaration of Independence  
Right In Indiana!

**THE NEW LILLY LIBRARY**  
at Indiana University at Bloomington, dedicated last Oct. 2, shelters a magnificent multi-million-dollar treasure of rare old books, papers, manuscripts, and documents.

AL SPIERS

It is one of the few surviving original copies of America's Declaration of Independence.

TO RANDALL, it means much more — in a wry, curious way. Nine years ago only a crusty old curmudgeon's fantastic caution kept him from destroying it.

**BOOKS CAPTIVATED** Dave Randall early in life. After studying engineering at Lehigh and law at Harvard — and liking neither! — he surrendered to his first love.

Starting as a New York bookstore clerk in 1929, Dave joined Scribner's in 1935 and by 1951 was a top authority on rare old works.

As such, he had long sought for Indiana's distinguished J. K. Lilly, an original copy of the Declaration of Independence. It was a difficult quest. Only 13 known copies existed. Most were solidly anchored in libraries. No private possessor would sell.

At last one stern, crusty owner called Randall. Offered the document, his alma mater had hemmed, hawed, and broadly hinted that cash would be preferred.

**"SO CASH THEY'LL GET,"** the tycoon snapped and named his five-figure price. Dave forthwith accepted and the following Saturday morning drove to the old gent's mansion in Connecticut.

After a few brief amenities, Randall exchanged a check for the precious document, beautifully framed in a morocco slipcase.

At that point, a strange but ultimately happy hitch developed.

**AUSTERELY,** THE stern seller scrutinized his check and snapped, "Young man — this isn't certified!"

"But it's not my check, sir," replied Dave mildly. "It's Mr. Scribner's — and certainly good!"

"That's no way to do business!" barked the old gent. Then he drilled Dave with icy eyes and took another critical tack.

"Where," he asked acidly, "did you plan to keep this irreplaceable document over the weekend?"

"In my home study at Larchmont," replied Randall, his pa-

## No. 1 Republican In Congress

**CHARLES A. HALLECK**  
Minority Leader, U.S.  
House of Representatives

## Halleck Coming To Knox Feb. 13 For Speech

Starke County Republicans and 2nd District Congressman Charles A. Halleck will pay tribute to 12 former Republican county chairmen and vice-chairmen at the annual Lincoln Day Dinner in Knox, the county seat.

Halleck, House minority leader, will be the principal speaker at the dinner at 7 p.m. Monday, Feb. 13, in the Knox Post, Veterans of Foreign Wars.

Halleck recently figured prominently as Republican leader in the U.S. House of Representatives in a showdown vote to expand the House Rules Committee along lines recommended by President John F. Kennedy.

Halleck last week was the keynote speaker at the Michigan State Republican Convention in Detroit.

He served as permanent chairman of the Republican National Convention last summer in Chicago.

### Former County Chairmen

Former Starke County Chairmen and their dates of office are Louis C. Paulsen, North Judson, 1958-60; Orville W. Nichols Jr., Knox, 1956-58; Charles F. Hasnerl, Knox, 1954-56; Orlyn C. Clawson, San Pierre, 1954; Herman Olson, Knox, 1950-54; Fred Henz, Knox, 1944-50; Judge Don N. Laramore, U.S. Court of Claims, Washington, D.C., 1942-44; Keith Heilman, Knox, 1938-42; and Oscar B. Smith, Sr., Knox, 1922-32.

Present county officers are Edward L. Hasnerl, Knox, chairman; Mrs. Rose Steele, vice-chairman; Mrs. Susan Rowles, Hamlet, secretary; and Dan Rannels, Hamlet, treasurer.

### CUB PACK 290 WINS MEMBERSHIP AWARD

Cub Scout Pack 290 of Culver was awarded second place in Cub recruitment for the past year in the Menominee District.

The award, made at the monthly round table meeting of the district in Plymouth, was presented to Wayne Mattox, Cubmaster of Pack 290, by Richard Brown, newly installed district executive. Trophies were awarded to the two packs showing the greatest percentage of increase in membership this past year.

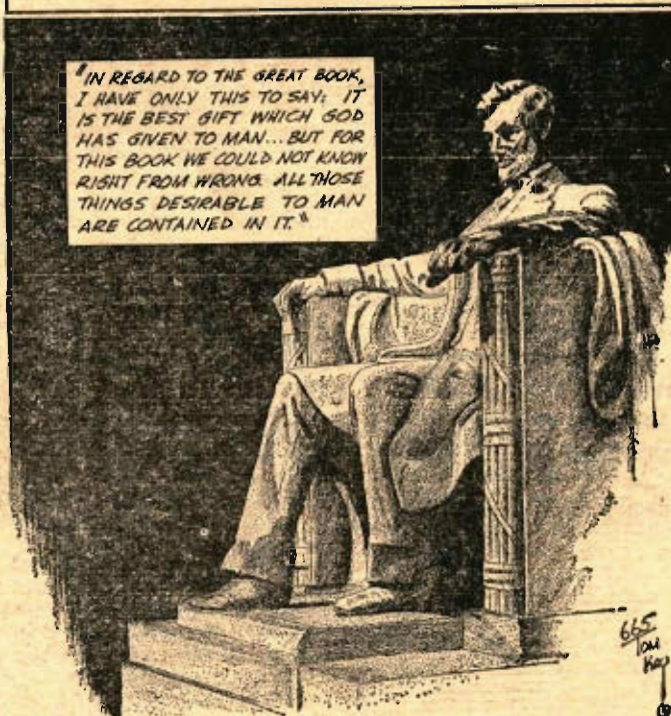

### RETURN FROM VIRGIN ISLANDS

The Jacob Pedersens returned to their Culver home Tuesday, Jan. 31, after spending the past several months at Estate Contant, St. Thomas, Virgin Islands.

En route home they visited for a week with their son, Ralph, and family in Metairie, La.

## Terre Haute Is A Disgrace To Indiana

### Saturday Evening Post Says So!

Terre Haute is "Indiana's Delinquent City," according to the current (Feb. 11) issue of the Saturday Evening Post.

In an article of that title, Post associate editor Peter Wyden relates that he was in Terre Haute less than a day when it became apparent that it was an "unusual" town.

### Gambling and Vice Flourish

He encountered a whirling roulette wheel in a main street night club and visited a bookie joint farther downtown. Elsewhere, utterly respectable citizens assured him that there weren't "over a dozen" brothels operating any more.

These same people, Wyden reports, thought that the Vigo County seat was a fine city — except for a few flaws. They mentioned no sewage-disposal plant, no civic auditorium, no public swimming pool, and no effective two-party system in local government controlled by Democrats.

Wyden notes that Terre Haute also has been plagued by unemployment and disastrous floods, but he reports that other towns have had their headaches and are making progress, notably Indianapolis, Fort Wayne, and Kokomo. Peoria, Ill., is cited as an example of a city which has shaken its past.

### Citizens Are Unconcerned

The author came away with the impression that the citizens of Terre Haute just don't give a "hoot" about the way things are.

However, one localite summed up the apathy this way: "The ones who've always lived here think every other place is the same way."

### CUB SCOUTS PAY VISIT TO CULVER PRESS

Members of Den 1 of the Cub Scouts with their den mother, Mrs. Norman Ringer, visited The Culver Press Thursday afternoon. Those who toured the plant were Dennis Woolington, Steve Ringer, Vaughn Kepler, Perry Smith, and Lee Eskridge.

Steve Parker was unable to be with the group.

## Marshall County "Dairy Princess" To Be Chosen

### March 7 Banquet At Bourbon

The Marshall County Dairy Association has scheduled its annual banquet for 6:45 p.m. at the Bourbon High School on Tuesday, March 7.

A feature of the evening will be the selection of a "Dairy Princess" for 1961. The judges, as in former years, will be representatives of the five Marshall County newspapers. The Culver Citizen has been honored by having its representative, Dale Davis, named as chairman of the committee to pick the winner. Mrs. Davis will accompany him to the Bourbon meeting.

Paul E. Winn, Route 1, Culver, Viking 2-2421, is chairman of the "Dairy Princess" contest and should be contacted by any young ladies in this area wishing to enter the competition.

## Lions Annual Ladies Valentine Party Tonight

The Culver Lions Club will hold their annual Valentine Ladies Night this evening in the Lions Den with the serving beginning at 6:30 o'clock.

The evening's program will feature a semi-professional musical group, Men of Music, consisting of business and professional men from Huntington, Ind., under the directorship of Cloyd Slater, head of vocal music for the Huntington Schools.

Also to be featured are several soloists and small groups with special vocal and instrumental selections.

### SATURDAY'S FIRE ALARM

The Culver Volunteer Fire Department had a call at 9:13 p.m. Saturday, Feb. 4, to the Russell Overmyer property on W. 16th Road, just east of Road 17.

The home, occupied by Mr. and Mrs. Orville Blessing, was considerably damaged by smoke when insulation from the boiler of the heating system dropped on the dome and smoldered.

## Carter, Shaw, And Feigh Named Local Assessors

### Assessing Period Begins March 1

Union Township Trustee Eugene G. Benedict has informed The Citizen that local assessors appointed for this year are Ernest W. Carter and Edgar Shaw of Culver, and Stewart Feigh, Route 2, Culver.

Mr. Shaw replaces Harry Smeltzer who has been a faithful and tireless assessor for the past several years. Mr. Feigh replaces Harry Edgington who likewise has done an outstanding job as assessor.

The assessing period, starting March 1 and continuing for six to eight weeks, is rapidly approaching. Local assessors will be ready to start their duties on the opening day.

## Peter Trone Gives Legislature Report At C of C Meeting

The Culver-Union Township Chamber of Commerce met at the Culver Inn on Monday noon.

Peter D. Trone, Chamber secretary, reported to the members on his visits to the State Legislature. He told the group that most legislators feel there will be no significant laws passed in this session.

Mr. Trone reviewed the bills of greatest interest to the Chamber, and urged the members to communicate with their elected representatives on matters they feel important.

### AUTO ACCIDENT INJURES THREE NORTHEAST OF TOWN

Mrs. Ellen A. DeWitt, Route 1, Culver, Mrs. Mary H. Leland, Route 4, Plymouth, and Mrs. Mary M. Leland were injured in a two-car accident Tuesday, Jan. 31, on West 16th Road northeast of Culver.

According to Deputy Sheriff Harold King, Mrs. DeWitt was driving east on West 16th Road and collided at the driveway of the Leland home with an auto just leaving the farm driven by Mrs. Naomi Leland, Route 4, Plymouth, in which the other two Leland women were passengers.

Mrs. Mary H. Leland received body bruises and shock; Mrs. Mary M. Leland, laceration of the head and bruises; and Mrs. DeWitt body bruises. All were treated at Marshall County Parkview Hospital in Plymouth and released.

Damage to the DeWitt auto was listed at \$500, the right rear of the Leland car was damaged \$450, and \$50 damage was caused to a fence on the Leland farm.

### GOVERNOR WELSH SAYS NEW INDUSTRY MUST BE PROMOTED LOCALLY

Indiana's new Governor, Matthew E. Welsh, makes a very significant statement in the current issue of the Culver-based monthly magazine, Indiana Business and Industry, which should be noted by every member of the Culver-Union Township Chamber of Commerce who is interested in attracting industry to this community.

"Regardless of the activities of the State, the most effective work in securing new industry is done by local groups actively promoting the values of their own areas."

### THE VIRGIL SUMMERS MOVE TO ANDERSON

Mr. and Mrs. Virgil Summers and family moved Monday to their home in Anderson. Their address there is 3630 Manor Road.

**PANCAKE-SAUSAGE SUPPER,** with salad, dessert and drink, at Grace Church basement on Tuesday, Feb. 14, from 5 to 7:30 p.m. Home produced sausage. Adults, \$1, children 75¢. Tickets available by calling Viking 2-2074 or at the door.

## The Old Timer

"Plastic surgeons can do almost anything with a nose, except keep it out of other people's business."

## Tour Schedule Of CMA Chapel Choir Listed

The Chapel Choir of Culver Military Academy will begin a series of three off-campus appearances when it sings in Indianapolis on Sunday, Feb. 12.

Under the direction of Academy Choirmaster Claude Zetty, the cadets will sing during two morning services at Second Presbyterian Church. The choir is under the sponsorship of the Culver Club of Indianapolis for the Feb. 12 performance.

On March 12 the Chapel Choir will sing at the First Community Church in Columbus, Ohio, and on April 23 is scheduled to appear in St. Louis for services at St. Peter's Episcopal Church.

**Tenth Anniversary**  
This year is the tenth in the series of off-campus appearances arranged for the Culver choir by Zetty since he joined the Academy staff in 1951. The Culver voices have been heard in many churches throughout the Midwest and East, including an appearance before former President Dwight D. Eisenhower at the National Presbyterian Church last year.

Thirty-six cadets have been selected for the three trips from the 65 who regularly sing at non-denominational Chapel services twice weekly at Culver. Those to appear in Indianapolis, Columbus, and St. Louis were chosen for their voices and their ability to read music, along with maintaining the required academic average and citizenship. They are the select group from more than 100 cadets who auditioned at the start of the 1960-61 academic year.

**Zetty Well Qualified**  
Before joining the Academy as choirmaster and instructor in voice, piano, and music history, Zetty studied at Cornell University, Indiana University, and Westminster Choir College at Princeton University. He observed choral work at several Southwestern colleges and universities during a sabbatical two years ago. Through a grant from the Academy's Fleet Fund last December, Zetty spent 10 days at the National Cathedral observing the choral work there under the supervision of nationally known Choirmaster and organist, Paul Callaway.

The choir has sung in churches in Elkhart, Fort Wayne, Indianapolis, South Bend, Washington, D. C., and Detroit on recent tours. In special concerts it has been heard on television programs from Detroit, Chicago, and South Bend, and a significant feature of its trip to Washington last year was a concert for the opening ball of the Cherry Blossom Festival.

Represented within the choir are 12 states and several different religious denominations.

### THINK ABOUT THIS

If all the motor vehicle deaths in this country last year had occurred in Poughkeepsie, N. Y. (pop. 38,330), there would be but 130 survivors in the city; the population of Daytona Beach, Fla. (pop. 37,295) would have been totally destroyed under the same circumstances, as would Chambers County, Ala. (pop. 37,828).

Funeral arrangements were in charge of the Porter Loring Funeral Home, San Antonio, Texas.

## Jehovah's Witnesses Invited To Attend Convention In Gary

Jehovah's Witnesses from the Plymouth congregation are launching preparations to attend their semi-annual regional convention to be held at the Gary Roosevelt High School, 730 W. 25th Ave., Feb. 17-19, according to Stanley Spangler, presiding minister.

The entire congregation along with some 1,500 delegates from 25 congregations in Southwestern Michigan and Northern Indiana are expected to attend.

The convention will consist of sessions of Bible talks, discussions and demonstrations of how the witnesses carry on their ministry. The theme to be kept before the attending delegates is taken from John 6:45, "Be Taught By Jehovah".

A highlight of the three-day convention will be a mass baptism of new ministers who will join in with their preaching activity with the rapidly expanding organization of Jehovah's Witnesses.

N. Kovalak Jr., district supervisor of the Watchtower Bible and Tract Society of New York, will be the principle speaker of

## Large Crowd Attends Cub Scout Meeting

## Den Eight Wins Attendance Banner

The largest crowd in the history of the Cub Scout program in Culver attended a meeting last Tuesday when 163 persons jammed the meeting room of the Methodist Church for the monthly Pack 290 meeting.

Competing for an attendance banner, the Cubs brought parents, brothers and sisters, and even baby sitters to the meeting. Den 8 won the banner with a total attendance of 26.

Dr. Raymond Wheat, Epopley instructor in foreign languages at Culver Military Academy, addressed the Cubs and their guests on South America. The Cubs also displayed exhibits on South America they made during the month of January.

Cubmaster E. Wayne Mattox presided at ceremonies in which Danny Spencer, Marc Matson, and Steve Parker were awarded their Bear rank. Steve Hoesel also was installed as a new Cub with a Wolf rank. Gold and silver merit badges were awarded to Danny Spencer, Steve Kelly, David Curtis, Marty Easterday, Jeff Adams, Steve Ringer, and Fred May.

Pack chairman James Miracle was in charge of the meeting. Den 1 conducted the opening ceremony, and Den 5 had the closing ceremony. Den 2 put on a skit, and Den 10 won the evening's game competition.

On Sunday Cubs and their fathers had a swimming party as guests of Culver Military Academy.

Mr. and Mrs. Charles Ferrier entertained in their home Saturday evening with a cooperative dinner for Mr. and Mrs. Robert Riewoldt and Mr. and Mrs. Earl Eckman. Following the dinner tripoly was enjoyed.

the meet. Kovalak's address on "Is God Interested in the Affairs of Men?" is scheduled for 3 p.m., Feb. 19, and is to be the highlight of the convention.

The three-day gathering is sponsored by the Watchtower Bible and Tract Society of Brooklyn, New York, for Jehovah's Witnesses.

## World Day Of Prayer Service Is February 17

The 75th anniversary World Day of Prayer service will be held at 2 p.m. Friday, Feb. 17, at the Culver Methodist Church. This service, which is observed by women throughout the world, is sponsored locally by the Women's Committee of the Union Township Council of Churches.

Mrs. Oscar Wesson is chairman of the committee arranging the service and assisting her are Mrs. Richard Behmer and Mrs. Charles McMinn. The theme of the service is, "Forward Through the Ages," and will be in the form of a play entitled, "With Tomorrow Yet To Come," directed by Mrs. Thomas E. Walker.

A nursery will be provided for small children during this service with Mrs. Hampton Boswell and Mrs. Robert Lindvall in charge.

## Louise Zetty To Be Presented In Recital Feb. 15

On next Wednesday evening, Feb. 15, at 8:30 p.m. the Seven Arts Group of the Faculty Ladies Association will present Louise Zetty, mezzo-soprano, in a recital at the Epopley Auditorium.

Mrs. Zetty will be assisted by her husband, Claude Zetty, pianist, and Edward Payson, cellist.

The public is cordially invited to attend. There will be no admission charge.

## Henry P. Hansen, Former Resident, Dies In Illinois

Henry P. Hansen, 79, former Culver resident who lived at 117 Winfield St., died Friday, Feb. 3, in Oak Park, Ill.

Born Dec. 14, 1881, Mr. Hansen was Past Grand of Northwest Lodge No. 8 of the I.O.O.F. and a member of the Henry H. Culver Lodge No. 617 F. & A. M. He made his home with his daughter in Oak Park and was employed as head of the Academy drycleaning plant when a resident of Culver.

His wife, Clara, preceded him in death on Oct. 30, 1948, while they were living in Culver.

Survivors include another daughter, three grandchildren, and six great-grandchildren. A son-in-law, J. Stephen Thompson, and a grandson, J. Richard Thompson, reside on Route 4, Plymouth.

Services were held Tuesday, Feb. 7, at the Emmerring Funeral Home, 6126 Roosevelt Road, Oak Park, Ill.

## Jay Gould To Speak At Plymouth Soil Meeting

The fifth annual meeting of the Marshall County Soil and Water Conservation District will be held at 1 p.m. Tuesday, Feb. 14, at the Conservation Clubhouse at Plymouth.

Jay Gould, farm service director of radio station WOWO at Fort Wayne, will be the featured speaker.

A report of the district's activities will be given by Henry B. Dugan, district leader, and the election of one supervisor will be held.

The meeting is open to the public and everyone is invited to attend.

Jay Gould is an outstanding speaker and is heard by many in this area every day over WOWO. Refreshments will be served.

MAGAZINES are now being "published" on tape — to be heard instead of read.

### OSCAR B. PERINE, SUMMER RESIDENT, MAKES STAR COLUMN

(Lowell Nussbaum's column in The Indianapolis Star of Feb. 5)

On a recent flight to Chicago Oscar B. Perine checked in at the ticket counter just behind young minister who was taking the same plane as Perine.

A few minutes later Perine noticed the minister, his Bible on the counter beside him, buying flight insurance.

Perine hurried over and bought some flight insurance for himself.

"If that minister, with his Bible, felt he should have double protection," Perine said, "I thought I'd better have some too."

By Larry Washburn  
Boy Scout Troop No. 290 met Monday evening in the Methodist Church Fellowship Hall. The Attlesnake Patrol gave the opening ceremony which was followed by a lesson in Morse code. Games, pool corners, and business followed. During the meeting Terry Porter, Michael Oellig, and Greg Lawson were presented to the Board of Review.  
The overnight hike to Tippecanoe planned for last Saturday, was postponed due to the weather conditions. However, it is planned for Saturday, Feb. 18, so, "Be prepared."

A parade and free movie at Plymouth is scheduled for Saturday afternoon. All boys wishing to participate must have either their registration card or wear their Scout uniform. Meet at the Methodist Church at 12:00 o'clock.  
This week is Scout Week and Scouts should wear their uniforms every day. Sunday the troop will meet at 10:30 a.m. in front of the Methodist Church for Scout Sunday services. Please wear your uniform. In the afternoon four boys will go to Plymouth for District Court of Honor. They are Greg Porter, Second Class; Michael Oellig, Second Class; Greg Lawson, First Class; and Thomas Brock, Tenderfoot. All other Scouts are invited to attend the ceremony.

# Mrs. Alice Wayne, Mother Of Robert McKinnis, Dies

Mrs. Alice Epler Wayne, mother of Robert McKinnis of Culver, died Saturday in St. Petersburg, Fla., following surgery in a hospital there.

Other survivors are her husband, Lee; four other children, Mrs. Jane Brown and Mrs. Norma Koukal, both of Chicago; Mrs. Delores Messineo, Oak Lawn, Ill.; and Frank Hehn Jr., Chicago; a sister, Mrs. Elizabeth Agnew, Winamac; and a brother, Frank Epler, of Rensselaer.

Mrs. Wayne was formerly of Winamac and the body will be brought to the Fry and Lange Funeral Home at Winamac where friends may call Friday.

Funeral arrangements are incomplete.

## NEW YOUTHEFUL STATE TREASURER TAKES OFFICE ON FRIDAY

Robert E. Hughes, Greenwood Republican, will receive the oath of office in Indianapolis as treasurer of the State on Friday at 10 a.m.

The oath will be administered to Hughes by his former law associate, Robert W. Young, Franklin attorney. The ceremony will be in the treasurer's office in the State House.

Hughes defeated Jack A. Haymaker, Democrat incumbent of Logansport, to win his first elective office. Hughes is the Young Republican state chairman.

# Amish Movie To Be Shown At E.U.B. Church

As a part of the observance of a closer fellowship and brotherhood during the month of February, Emmanuel Evangelical United Brethren Church of Culver, will present a sound picture, in color, next Sunday evening, Feb. 12, at 7:30 o'clock. It is entitled, "The Old Amish Order," a 32-minute portrayal of one of the most unique religious groups in our country today. The public is invited to attend.

In the film will be seen the special kinds of clothing worn by the sect. Bearded men, the horse and buggy, the one-room school house, and many other customs which are quaint to the average church member, will be graphically shown. Two hundred of the faith come together, after the barn of one of their members is burned, and build a new barn. Not only is communal labor supplied, but each family of the group helps bear the cost of the new structure, under their belief in self-insurance. The women help with the noon meal, and other duties in the building project.

Even a funeral procession, consisting of a long line of Amish buggies, is shown in the film. No one can see this fine picture without admiring the courage which makes these people remain true to their original faith amid many trying, modern conditions.

## MRS. CHARLES OVERMYER DISMISSED FROM HOSPITAL

Mrs. Charles Overmyer, who had the misfortune to fall and break her hip on Jan. 10, was taken from Memorial Hospital at South Bend on Saturday to the home of her daughter, Mrs. W. W. Stokes at 801 W. Jefferson Blvd., Mishawaka.

It has been reported that Mrs. Overmyer is getting along as well as can be expected.

# Trucking Heads State's Source Of Employment

INDIANAPOLIS — Indiana's trucking industry became the state's leading source of employment in 1959, passing the perennial leader — agriculture — by some 5,000 persons, latest Census Bureau figures show.

Quoting statistics supplied by the U.S. Departments of Labor and Commerce, The Indiana Motor Truck Association, Inc., states that 233,220 Hoosiers earned \$1,125,725,940 from the trucking industry during 1959. This marked the third consecutive year that the industry's state payroll has exceeded the billion dollar mark.

These and other facts concerning Indiana's economy and the trucking industry are found in a new edition of I.M.T.A.'s 1961 fact book, "Modern Motor Truck Transportation in Indiana."

## 1950 Statistics

Using the latest (1959) statistics available, the new trucking publication also states:

(1) Indiana's 335,794 trucks made up only 16.9 per cent of the state's registered vehicles, but paid \$50,922,000 — or 36.4 per cent — of the \$139,911,000 in state road use tax. The industry also paid \$32,620,000 in Federal road use taxes. These totals are equivalent to \$1,606,576 a week paid by the trucking industry for state and Federal highway construction and maintenance in Indiana. This exludes approximately \$22,500,000 property taxes paid on trucks, freight terminals and other property.

(2) A total of 1,580 Indiana communities — or 49.6 per cent

depend entirely on trucks for freight transportation.

(3) Of Indiana's \$26 post offices, 649 or 77 per cent, receive and send mail only by motor transport.

\$74,119,068 For New Trucks

(4) Indiana's truck owners paid \$74,119,068 to the state's 854 new truck dealers for new trucks.

(5) The \$8,985 farm truck make up 26.5 per cent of total Hoosier truck registration.

(6) Indiana farmers received more than \$1,039,125,000 from the sale of agricultural products, ranking the state 10th in the nation in this respect.

(7) Average 1959 earnings for-hire trucking employees, \$6,263 compared with \$5,861 for rail employees, \$5612 for manufacturing employees and \$4,800 for Hoosiers in all private industry.

The Indiana Motor Truck Association, Inc., with headquarters at 2905 North Meridian St., Indianapolis, represents 530 trucking companies and others in allied fields. J. E. Nicholas is general manager.

HOME BODIES — Usually raccoons live in trees but recently several 'coons have invaded Hoosier homes. The most recent instance was reported by a Hickory County woman, Mrs. Elsie Weil, who lives on U.S. 40 west of Greenfield. Mrs. Weil started a fire in her fireplace and went down to watch the flames. She was startled when a raccoon bounded out of the chimney and into the living room. Mrs. Weil got to a telephone and called Deputy Sheriff Robert Sebastian who coaxed the 'coon from the house.

## \$1.25 Minimum Wage Could Lead To Depression

### Let's Not Go Overboard!

By ROGER W. BABSON  
No. 1 U. S. Economist  
BABSON PARK, MASS.  
President Kennedy's proposed \$1.25 minimum wage would result in many employers reducing the number of their wageworkers. They must do so to avoid bankruptcy.

But this is not the only dangerous result of such legislation, if passed.

**It Affects All Groups**  
If this \$1.25 proposal could stop with those now getting less, it could have certain advantages.

In addition to aiding several million deserving persons, it would come back to farmers and manufacturers in increased purchasing power. None of this increase would be saved. This could be all to the good, but such legislation could upset all wage scales.

Wageworkers think more of prestige than they do of money. Most people are proud by nature, and well they should be.

Furthermore, workers who are now satisfied with \$1.25 per hour naturally would not like to see

Roger W. Babson

inexperienced workers raised 25% without a corresponding raise for themselves and others more experienced.

Hence, the proposed minimum wage could upset the entire wage scale for millions of workers with resulting price increases for foods and consumer goods and services.

**Never Met A Payroll!**

Unfortunately, President Kennedy's economic advisors have never had a payroll to meet and are wholly ignorant of the intricate subject of wages and prices.

**Unfair To Millions Of Small Storekeepers**

Eighty per cent of all shopkeepers employ only one or two clerks. These shops could be severely hurt as they are now barely making a living. Not only will most of them be obliged to put one of their clerks on half-time and thus reduce his or her "takehome pay" of 62½ cents per hour, but many of the small shops will feel obliged to close up and go out of business.

President Kennedy's professors say: "Very well, there are already too many stores in every city and town."

Such a statement is very misleading, as such salesmen and others who are now calling upon them will lose their jobs, the local newspapers will lose advertising, and more vacant stores will be seen on every business street.

To a certain extent this same principle applies also to the merger of railroads, banks, and various other large concerns. When the merger is announced, the statement is made that "no executive or other employee will be discharged." The policy of "no fire, but no hire" will be adopted. This means that as employees die or become 65 they will not be replaced.

**Foreign Competition Causing Unemployment**  
Even today, with present wage

scales, our wageworkers are "pricing themselves" out of work. Many manufacturers in our country are now suffering because of goods imported from Germany, Japan, and Italy, where wages are low and working hours long. As we Americans buy these imported goods, we are increasing unemployment here at home.

**Foreign Goods Bankrupt Us**

Hence, any move to further increase our U.S. wage scales at this time will result in the importation of more foreign goods. This would cause more unemployment here at home. Fearing this \$1.25 minimum wage some corporations are already building factories in these foreign countries. Hence, I foresee that much more unemployment in this country is inevitable, whatever Congress does as to our wage scale.

**Aid For "Depressed Areas" Is Justified**

President Kennedy deserves

support for certain cities which are suffering from exceptionally large unemployment. These are areas which have depended too heavily on one certain industry such as hard coal, coarse textiles, and some farm crops. I am very sympathetic with the report of Senator Paul Douglas of Illinois on this subject.

It is only fair that the entire country which is enjoying fair prosperity should be taxed to subsidize such unfortunate areas until they get back on their feet again. The money given them should, however, be used partly to develop new industries and not merely be distributed to the unemployed for temporary relief.

CHANCES ARE even that your daughter will be married when she's 20 — and nine-out-of-ten when she's 30.

COMMUNITY  
HOME  
SCHOOL

THE  
SCHOOLBELL

PUBLISHED WEEKLY BY THE  
PRESS CLUB OF CULVER HIGH SCHOOL

'Twas the day after the weekend and all through the school, The halls were all quiet and spoke nary a fool.

The kids were all dreaming of their snug little beds, And visions of still being there popped into their heads.

The halls were not yet heated for the long week ahead, And in the quiet of the morning there was someone who said, — "I hate Mondays!"

However gloomy at the thought of Monday, I noticed that everybody made it back to school this morning. Well — almost everybody. What happened that made you hurry so much this morning, Betty?

We had two real swell ball games over the weekend with Argos and Mentone. Congratulations, boys, and congratulations to everybody that went to the music contest Saturday, also. We heard that you did a real great job and we're all proud of you.

Taking down the flag is getting to be a pretty rough job, especially with all this snow and cold weather. The other day the boys thought it necessary that four of them go out to take it down.

Wait! No, let's go. Maybe we can cut it off at the pass. Stop! Stop! It's slowing down! Those probably sound like familiar western movie expressions, but they are really just the sounds of three basketball fans who missed the pep club bus!

"Great herds of flying turtles!" Mr. Lawson, do you really mean that the Switzerland Army hasn't changed their uniforms since the 1400's?

You always seem to find Cathy in the strangest places. I never thought anybody would really fit in the back window of the "Green Flash," but if you think it was hard to get in, take it from Cathy that it was even harder to get out!

I saw a great idea Saturday at Mentone for the Senior concessions at games. It sure would save a lot of work to push the popcorn and pop around in grocery carts. There's only one drawback; would somebody please tell us how to get the cart up in the bleachers!

## Indians Lead County Standing

**By Earl Mishler**  
Culver's weekend victories over Argos and Mentone moved the Indians into first place in the fictitious Marshall County League. As of Jan. 30, the standings are as follows: Culver, 8-5; Tyner, 8-6; Plymouth, 7-7; Tippecanoe, 5-6; Bremen, 7-9; Bourbon, 6-11; Argos, 5-11; LaPaz, 4-10; and West Township, 1-13.

Tyner's Rex Stull and West's Jim Munday were exactly tied, according to our unofficial statistics as of Jan. 30, in the individual scoring race. Both had made 259 points in 14 games for an 18.5 average. Following the leaders were: Glenn Starr, Plymouth, 15.2; Nick Morlan, Tippecanoe, and Tom Wolff, Plymouth, 14.9; Gary Dillon, Culver, 14.5; Jim Truax, Tyner, 14.4; Kent Sisk, West Township, 13.8; and Tom Whiteman, LaPaz, 13.4.

## Frosh Score High On Test

Culver High School freshmen established a new record based on the results of the Iowa Tests of Educational Development they took last fall. The scores have just been received and individual profiles have been sent to the parents of each freshman.

The class average sets a new high for Culver with a 98 percentile. Each class of the past four years has averaged higher than any predecessor. This year's class has a composite percentile of 98. Other results were in percentiles, social studies background, 96; natural science background, 99; correctness in writing, 95; quantitative thinking, 99; reading social studies, 96; reading natural sciences, 94; reading literature, 97; general vocabulary, 95; use of sources of information, 99.

## Carol O. Is Space Girl

**By Carol Heiser**  
Let's board a rocket ship and take a trip into space to the planet Mars. Upon arriving you may see a faint figure coming towards you through the thick fog. As it gets close, you discover that it's a Sophomore girl from Culver High. She has brown hair and brown eyes and stands 5 feet, 5 inches tall. Since the air is a little strange up here, she weighs a grand total of 900 pounds.

As we talked you could hear music, her favorite hobby, in the background. Upon closer listening I discovered it was "Wonderland by Night" her current favorite.

She doesn't care much for green cheese, but pizza rates as her favorite food. She told me she arrived on Mars in the 9th grade, coming from North Bend Grade School.

Though they play many sports on Mars, basketball is her favorite.

Have you guessed who our mystery guest is? If not, I can give you only one more clue. It's her favorite subject and he really sends her into space. Right! It's Sam Medbourne. Now do you know? Yes, it's none other than our space girl, Carol Overmyer!

## Boys Oppose Wives Working

**By Judy Kimmel, Barbara Hatten, Sherrill Edgington**

Do you think women should work after they are married? In a recent survey 85 per cent of the students said no and 15 per cent said yes.

This was quite an interesting and revealing survey. Many felt that married women needed more variety in their lives to keep them from falling into a state of boredom. Working seemed to be one way of lifting them out of this dilemma. However, most felt that they should work only when the family income was too low to provide for necessities. Their presence at home was more important to their family and many interesting hobbies could be carried on there that would keep housewives from being dull. Also it seems that working wives usually do not add sufficiently to the income to warrant their working outside the home.

The survey also brought out a reflection that by using a little imagination and putting a little enthusiasm and spirit into being a homemaker a woman can be a most attractive and appealing character. She can, by being efficient and original, often times make her husbands' income go farther than a combined one would.

Of course, we must not overlook the fact that many women are forced to add what they can to the income and they should be commended for their help. However, many future homemakers are looking forward to being glamorous mates to their husbands and companions to their children. In this capacity they expect to live full and useful lives.

Do YOU think women should work after they are married?

## Car Unimportant Say Our Girls

**By Charlene Lucas, Cheryl Dillon, and Mary Jane Guise**

We thought it would be interesting to see what the "Ideal Boy" would look like, in the eyes of a C.H.S. girl. So, male friends, read on; and see if you are the "Ideal Boy!"

According to the girls of C.H.S., our "Ideal Boy" would have brown hair, blue eyes, and would be over six feet tall. In the hair category, out of the 50 girls asked, 18 preferred brown; 17, black; and 15, blond. As you can see it was a close race; so, boys, if you have black or blond hair, don't give up! It was almost a toss-up on eye color too, but blue won over brown by one. The height was a little more decisive, with 56% for six-footers and 38% for a medium height boy. (You tall centers better be on guard!) (Editor's query: how can a center be a guard in basketball?)

As for types, the athletic definitely won, but the musically inclined came in second. Also, you boys are always so worried about not having a car that we decided to throw in another question: Does a car make any difference in the opinion you form of a boy? The results were very definite, 58% said positively no, 24% said "it helps," and 18% said yes. (We girls don't really enjoy walking, but if we have to...)

In our questioning we came across a person who really goofed-up the works. She calls her ideal boy the "Ol' 99 Special." (Could THIS be Larry Davis?!) He would have green hair, purple eyes, and would be 7'6" tall. She said she was undecided about the type, as she's never been to Venus; but she is sure the "Venus type" would be perfect. She also stated that he must definitely have a rocket ship!! (Whee!)

In conclusion, we chose a Senior boy to fit each category. If we take Bob Kerrigan's brown hair, Leo's blue eyes, Gary Dillon's athletic ability, and Lance's height,

Mrs. Keyser, First Grade: Our beans we planted are beginning to sprout and we are watching them carefully. We finished reading "Our Little White Hands" and our science books.

Miss Page, Second Grade: The following children have had perfect attendance during the first semester: Greg Wynn, Jane Shock, Larry Peters, Dexter Funk, Thomas DeTroy, Mike DePoy, and Tim Carter.

Mrs. Carter, Third Grade: We are bringing articles of leather to school to complete our leather collection. In science we are discovering which things will or will not float. We are planning to decorate our room for St. Valentine's Day.

Mrs. Lawson, Fifth Grade: Raymond Sheppard and Linda Reinhold have both had birthdays recently. We are making maps in Social Studies. Our latest being one of Indiana.

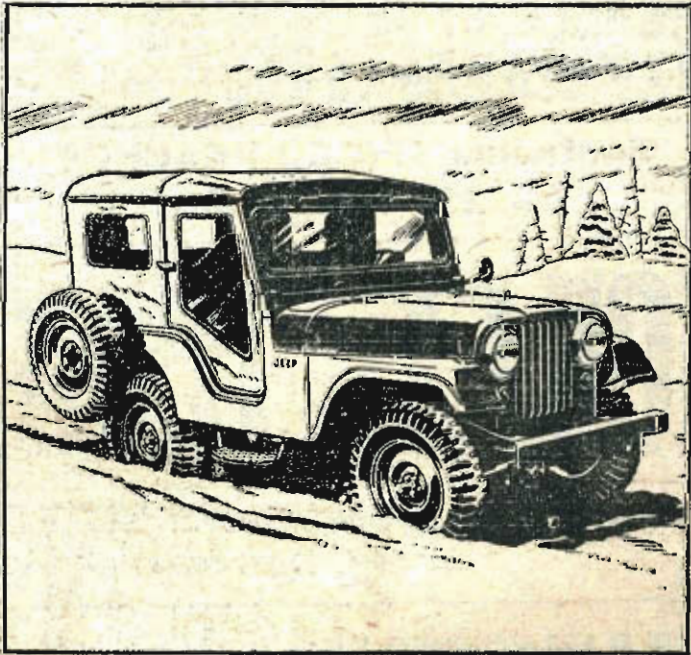

Mr. Weaver, Fifth Grade: We have been busy working on our social studies this week. We have just finished a unit on the North Central States and have been preparing for a test over the unit. We were also very lucky because Kathleen Liette had a birthday today.

## Marshall County Historical Society Makes Report

By ARTHUR W. O'KEEFE

Among the principal activities of the Marshall County Historical Society during 1960 were three extremely successful exhibits held at the Museum during the summer and fall months. An exhibit of coins and currency was the initial exhibition, followed by a showing of rare and beautiful stamps. In November the museum was the site of the exhibition of hundreds of pieces of antique glass and china displayed by collectors and dealers residing in Marshall County. During this show a lecture on old glass was presented by Mrs. Walter Listenberger, under the sponsorship of the Society.

Because of ill-health, Mrs. Ray Jacoby resigned her position as curator and secretary-treasurer, effective Aug. 15. After consulting with the board members and Eugene Stanley, the vacancy left by Mrs. Jacoby was filled by Mrs. Mary O'Keefe.

### Many Antiques Donated

During 1960 almost 700 donations of antique items were received at the Museum. All of these items have been catalogued and cross-filed for reference and are now either on display or stored for preservation.

Three years ago, when the museum was first opened to the public, the exhibits were displayed in one-half of one room. Now the entire first floor is being used for public display and plans are being formulated for the use of the second floor of the building.

### Visitors From Foreign Countries

Attendance during the first year of public display totaled 459. In 1960 visitors in the museum numbered 2,531. Members of the Marshall County Stamp Club hold their regular monthly meetings in the museum rooms and members of the Tippecanoe D.A.R. and the Mary and Martha Club met in the rooms during the year. Many groups of school children, Cub Scouts and Campfire members have toured by special appointment. The guest register reveals a number of out-of-state visitors for the year, with a visitor from Germany and one from Japan.

### Membership Increases

Our number of members also reveals a steady increase. In 1959

## Musicians Prepare For Contest and Concert

By Betty Zechiel

The music department is busy as always. At the present time the music students are engaged in the solo and ensemble contests and are putting in many extra hours.

The month of March is to be the busy time for all music students because of the Winter Concert and the district band and choir contest. This will be the first time in six years that the Culver music groups have been represented at the contest. All students are determined to keep the fine record in the contest Culver once enjoyed. The date of the concert is March 19 on Sunday and the contest is March 25 on Saturday.

our membership totaled 144. In reviewing our membership list for 1960 we find a total of 332 members. Included in this number are 26 life memberships. And so this phase of our Society shows growth.

The Society has been fortunate in having many display cases donated for museum use. Others have been purchased at auctions at a very low cost. All cases have been renovated and equipped with easers and locks. These make excellent and low-cost protection for our displays.

Another use of Society funds has been the purchase of rare items for museum display. These items have been purchased with the thought that it is unlikely we would receive such items as donations. Although not for sale, the items could be resold at a profit.

### Five Newspapers Preserved

During the year agreement was made with five newspapers of the county, including The Culver Citizen, for perpetual subscriptions of their publications to the museum. The collection of these publications is now completed and await binding for preservation. These will be valuable for reference work. Scrapbooks of current events pertaining to the county have been prepared also.

The Society has also made additional collections of Marshall County historical publications and has begun work on a genealogical library. There has been a very great increase in inquiries regarding the history of the county and its earlier residents. These inquiries, in many cases, have required a great deal of research and much correspondence.

### Building Rent-Free

Again I should like to call attention to the fact that much of the progress of the museum has been made possible only through the generosity of Mr. and Mrs. Eugene Stanley in their donation of a building, rent-free, for the use of the Society and the Museum.

In conclusion, I am happy to report that Dr. Hubert Hawkins, director of the Indiana Historical Bureau, has commended the Society for what he termed, "outstanding progress."

Likewise, similar endorsement was received from Richard Haupt, curator of the Fort Wayne Museum, and from Richard Williams, assistant director of the American Association for State and Local History, of Madison, Wis.

## Retirement Residence To Be Erected

### GREENCASTLE CHRISTIAN HOME

A new non-sectarian retirement residence, to be known as the Greencastle Christian Home, is to be erected in Greencastle, Ind. The new Home will be located at Jackson and Poplar Streets, in Greencastle, on a site that is near the business district, the downtown churches, and DePauw University.

The Home will have 60 apartments, each containing ample storage space, a private bath, and Pullman kitchen facilities. Residents will have a choice of one-room, two-room, and three-room apartments.

Other features planned to contribute to the comfort and pleasure of the residents of the home include individually controlled electric heating and air-conditioning, a central dining room, a kitchen in which food will be prepared for all residents, a lounge that can be converted into a chapel, hobby rooms, and an infirmary.

It is expected that nurses will be on duty around the clock to care for those who from time to time may be ill and that a physician will be on call.

### Entrance Fee Insures Life Lease

Each resident of the Home will pay an entrance fee based upon the size of the apartment selected. This fee will guarantee life-time use of the apartment. There will be, in addition to the entrance fee, a monthly maintenance charge paid by all residents.

The Home is being planned and will be erected by the Greencastle Christian Home Foundation, Inc., a non-profit corporation. The management of the corporation is under control of a board of directors.

The Greencastle Christian Home is open to both men and women. The entrance age is 62 years and over. Residents will be accepted subject to the approval of the board.

### Ready Next Year

It is planned to have the Home ready for occupancy in 1962. However, apartments are already being reserved by residents who realize that an early decision offers a greater choice of location. Inquiries concerning the Home may be addressed to Mrs. Louis F. Hays at 125 East Washington Street, Greencastle, Ind., or Ellis H. Bell, Organizing Attorney, 150 West Market St., Indianapolis, Ind.

**REAL SERVICE** — Two Delaware County sheriff's deputies gave service with a smile when they went to the Smithfield home of Henry Hornbeck. Hornbeck told the officers pranksters had tipped over "a little white house" in the rear of his home. The deputies helped Hornbeck put the outhouse back on its foundation and then captured a young man who admitted he had a part in tipping it over.

## County Woman Is "Heart Fund" State Chairman

Mrs. C. R. Graham of Bourbon, president of the Indiana Federation of Womens Clubs, has been named honorary Heart Sunday chairman for the "Heart Fund" drive.

The announcement was made by Dr. Robert Yoho, Indianapolis, president of the Indiana Heart Association, who said that this appointment to leadership in the Heart Fund campaign during February is the culmination of over 10 years of activity in the Heart Association program.

**Leader of 50,000 Workers**  
Mrs. Graham, in this capacity will lead over 50,000 Hoosier volunteers in the door-to-door campaign Sunday, Feb. 26, to collect funds to fight heart diseases, the nation's No. 1 health enemy. Campaign goal in Indiana is \$612,000.

Not only active in the work of the Heart Association, Mrs. Graham has also worked in cancer and mental health programs.

Among her many other activities as an outstanding Indiana clubwoman, Mrs. Graham is past matron of the Order of Eastern Star, a member and past president of the auxiliary to the Marshall County Medical Society, and a member of the board of the Bourbon Methodist Church.

**SEE YOU LATER** — A Lake County man, Joseph Cassidy, Sr., of Lowell, hopes to see his alligator later although he has about given up hope. Cassidy brought a foot-long baby alligator back from Florida and put it in what he thought was an escape proof aquarium but somehow it got out and disappeared. Cassidy is regretful over the loss of the alligator which he had named "Nod" because it looked so sleepy.

**QUITS THE PUMP** — A diminutive Hoosier who became a celebrity in the Pump Room in Chicago's Ambassador East Hotel has turned in his suit and retired to the wide open spaces in Arizona. To Pump Room patrons he was known as Jimmy Tattler, but he was born James Turchi in Vermillion County in Indiana. A Chicago newspaper columnist gave

him the nickname of Tattler. Jimmy, who is only four feet, 10 inches tall, left home at the age of 13, hopped a freight train to Chicago and, wound up in the Pump Room as the colorful custodian of the wine cellar. ## Give her a GAS DRYER!

She needs one . . . she wants one . . . and it's easy to buy one for her. There's no better way to let her know you care. But be sure you give her the one she'll always like . . . a Gas Dryer!

### A GAS DRYER DRIES CLOTHES FASTER!

No other dryer can match the speed of a Gas Clothes Dryer. It's the one that will dry your clothes as fast as your automatic washer washes them.

### A GAS DRYER DRIES CLOTHES BETTER!

Because a Gas Dryer dries faster, it is better for drying woolens . . . especially blankets. Towels come out fluffier, too. Remember, speedy drying gives clothes longer life.

### A GAS DRYER DRIES CLOTHES CHEAPER!

You can dry your clothes for just about a penny a load with a Gas Clothes Dryer. This is only about one-fourth as much as it costs to operate other kinds of dryers.

## Indiana Senators Act Jointly For State's Benefit

### Public Works Appropriations

UNITED STATES SENATE  
WASHINGTON, D.C.

Feb. 3, 1961

Hon. David E. Bell, Director  
Bureau of the Budget  
Washington 25, D.C.

Dear Mr. Bell:

This letter is being written in the hope that, through your office, the President may be in a position to recommend further appropriations, consistent with the capability of the Corps of Engineers, for certain essential flood control and navigation projects in Indiana.

Due to the lack of proper facilities whereby the natural elements could have been harnessed, it has been estimated by the Corps of Engineers that many millions of dollars of damage have been forced upon the State; dollars which could have been handsomely utilized to forestall any future such threat.

A long with this misfortune which has befallen Indiana, may I inform you that the crisis of unemployment in the State of Indiana is indeed a tragic thing to contemplate. Indiana's labor surplus is extensively higher than that of the nation as a whole — as much as 3 per cent higher than the national average in some of the more severely affected areas.

With the lack of defense dollars coming into the Hoosier economy, with a softening of the basic steel production and finished steel products, and with weakened minerals industries, it is necessary that something be done to take up some of the slack.

It is our contention that the enhancement of the long-needed public works program for the State is far preferable than the search for make-work projects or the increase of relief payments. We wish to submit for your consideration and that of the President a breakdown of the inadequacies of Indiana's public works program as it has been proposed for Fiscal 1962.

#### Flood Control

The Upper Wabash Reservoir System is composed of three main reservoir projects which are as follows:

1. **Salamonie Reservoir.** This reservoir is the first of the three-phase Upper Wabash System. The budget recommendation for this project is \$700,000. That is somewhat short of the capability figure

of \$750,000, especially since this is the keystone of the system.

2. **Mississinewa Reservoir.** This reservoir is another integral part of the Upper Wabash System and was not included in the 1962 Budget recommendations. The Mississinewa Reservoir is of vital importance to the entire Upper Wabash System and its inclusion in the current budget recommendation is of the utmost importance. The Corps of Engineers capability figure for this project is listed at \$1,000,000 to initiate construction.

3. **Huntington Reservoir.** The 1962 Budget has recommended an appropriation of \$303,000 for advance engineering and road relocation. Of this amount, \$250,000 is for the road relocation. While such a project would be considered actual construction, it does not allow for the commencement of the construction of the reservoir itself. The Corps of Engineers indicates a capability figure of \$930,000 to complete the engineering and to initiate construction. We believe that a supplementation of the inadequate appropriation already recommended would be of great value.

**Mason J. Niblack Levee.** A flood control project of extreme benefit, it has been estimated that the Niblack Levee would protect over 15,000 acres of rich agricultural land against flood hazards with a presumed occurrence of seven times within a hundred year span. Again the Corps of Engineer's capability was undercut by \$50,000 with the recommendation of only \$350,000. To properly initiate the construction of this project, we request that the additional money be included.

#### Navigation

**Calumet-Sag Modification, Illinois Waterway Part I, Illinois and Indiana.** The former administration has recommended a sum of \$5,000,000 for construction of this project. That amount is decidedly anemic when contrasted by the Corps of Engineers' capability figure of \$8,700,000, and it is highly desirable that such an amount be included in the budgetary recommendation.

**Cannelton Locks and Dam.** This is the next project on the Ohio

River canalization which is scheduled for construction. The 1962 Budget has recommended \$200,000 to complete planning. We have been informed that the Corps of Engineers has a capability figure of \$750,000 which would allow completion of the planning and a commencement of the construction. To delay construction beyond Fiscal 1962 would mean a delay in the canalization of the Ohio River, an essential artery in the nation's inland waterways system.

**Uniontown Lock and Dam.** The Corps of Engineers has stated a capability of \$150,000 for this navigation project. However, the budget recommendation was merely \$125,000. It would be very unfortunate to disallow the completion of the planning stage of this project by the exclusion of the necessary monies.

#### Surveys

**Maumee River, Indiana and Ohio.** The Corps of Engineers has a capability figure of \$48,000 for a general investigation of this project, a figure that exceeds by \$13,000 the amount scheduled in the budget recommendations for Fiscal 1962. We request additional funds be recommended which would be compatible with the figure of the Corps of Engineers.

**Chicago Metropolitan Area, Illinois and Indiana Flood Control Study.** The sum of \$10,000 is listed as the capability figure of the Corps of Engineers whereby they might initiate a survey of this project. The importance to the success of vital flood control measures in the metropolitan area of Chicago mandates its inclusion in the budget recommendations for Fiscal 1962.

It has been our pleasure to submit for your very careful and sympathetic consideration an outline of the inadequacies of the public works program for the State of Indiana as set forth in the Budget in comparison to the Corps of Engineers' capabilities. It is our sincere wish that profound judgment and a realization of the need of further assistance will allow the granting of supplemental funds for the Fiscal Year of 1962.

## LETTERS TO THE EDITOR

She Says That Culver Is  
An Unfriendly Town

921 Academy Road

Editor, CITIZEN:

I noticed a small item in the paper of last Wednesday about what the people of Culver should do to make the city more attractive to newcomers and visitors.

That is a very good question to ask the people of Culver — for my husband and myself have found Culver to be a very unfriendly place.

We have lived here two years and in all that time I have found no one I could call a friend.

One's next door neighbors will see one and will not have the courtesy to even pass the time of day.

We have no car and people will see us walk to get our groceries and not even be mannerly enough to offer one a ride.

Where is the Christ in people's hearts?

I was raised in a Lutheran minister's home — my father was a Lutheran minister for 50 years — and so I was brought up to be friendly and helpful, especially to strangers.

Also why does not one think of people who have no car but want to get to Plymouth some time on business, but who have no way to go but to pay \$5 taxi and \$5 back?

Don't people have any thought of some that have no cars?

Culver people can learn a lot towards making their town more friendly and helpful to newcomers.

How are we going to act towards our next door neighbor or strangers when we get to Heaven?

I trust this letter will not cause any hard feelings. But it is just the way I feel.

Beauty is a theme of the Lesson-Sermon entitled "Soul" to be presented at Christian Science services Sunday.

The divine source of beauty will be emphasized in the Bible readings, including these verses from Psalms: "Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness" (29:2) . . . "And let the beauty of the Lord our God be upon us" (90:17).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will be read (246:23): "Man, governed by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty, and holiness."

## Burr Oak Church Of God To Hold Open House

Next week the Burr Oak Church of God will hold open house, marking the completion of the remodeling and redecorating work in the sanctuary and main floor of the church. On Tuesday, Wednesday, and Thursday nights, Feb. 14 through 16, the informal open house program will be held, but the formal dedication service will take place on Sunday afternoon, Feb. 19, at 2:30 p.m.

Harold Doan, executive secretary of the National organization of the Churches of God, will be the guest speaker at the Sunday afternoon service. Pastor R. Warren Sorenson will preside at the week-day services, beginning at 7:30 p.m., which will include brief meditations, and an informal tour of the building. Refreshments will be served in the social rooms each evening at the conclusion of the program.

Remodeling work began last spring with the removal of the loose, red brick from the exterior of the building. The church was then enlarged, new colored glass windows were installed, and a new, lighted steeple was mounted over the covered entryway. Indiana limestone was used to replace the old red brick.

Although members are still busy in the basement forming new classrooms, laying tile, and paneling, it was decided to hold the dedication service and open house now in order that interested friends might see the completed main floor.

Next Sunday attend the Church of your Faith.

## State Employment Division Lists Many Services

The Indiana Employment Security Division paid out more unemployment insurance and placed fewer people on jobs in 1960 than the year before, the department's annual report to the Governor, to be published next month, will show.

Lewis F. Nicolini, director of the Division, said the increase in state unemployment insurance payments from \$39,280,201 in 1959 to \$52,453,572 last year and the approximate 8,400 decrease in nonagricultural placements to 78,543 in 1960 reflect the sag in Indiana's economy in the last six months.

#### Thirty State Offices

Nicolini pointed out that the department's job placement service could be bettered if all Indiana employers were aware of the extent of the services offered by the Division's 30 offices in the state.

"The Division isn't just a collection agency," he said, "although we did receive nearly \$4 million for deposit in the Indiana unemployment insurance fund in 1960 from employers covered by the Indiana Employment Security Act. Nor are we solely a disbursing unit, although we paid a total of nearly \$52.5 million in weekly payments to jobless Hoosiers eligible for state unemployment insurance and handled other payments totaling \$2,406,000 to unemployed former government employees and ex-servicemen eligible for weekly benefits provided by the federal government."

#### Services Available To Anyone

Nicolini feels that a most important facet of Division operations is the employment service program which is designed to meet the needs of employers and job seekers. "Our placement staff are trained in the latest and most efficient placement techniques," he said, "and their services are available to any individual or firm."

In addition to routine placement assistance involving the selection of the most qualified applicants for referral to employers, listing their worker needs, the Division offers employment counseling, testing, industrial service, and a wealth of labor market information, Nicolini explained. Division studies of labor supply and demand, wage rates, and economic trends have helped many employers make decisions regarding plant locations and expansions in Indiana. Counselors others have been assisted in setting up specific training programs in order to obtain employees with the skills and aptitudes particularly needed by their businesses. Employees and other personnel problems may also call on the Division for advice and assistance, Nicolini said.

#### Affiliated With Other States

He added that the Division's affiliation with 1,500 public employment offices in other states provides another distinct advantage for Indiana employers, particularly those with openings at the professional and technical levels. "When qualified applicants aren't available locally, we can and do extend the search throughout the United States, if necessary," he said.

Last year about 1,000 such openings were filled for nonfarm employers and thousands more for agricultural jobs. Approximately 25,000 counseling interviews were held with job applicants and 38,000 tests were administered. Counseling and testing play a large role in helping people select the fields of work in which they most likely will succeed.

Nicolini said the Division operates with high school throughout the state by supplementing their guidance program with specialized job counseling and every year helps several thousand graduates arrive at career choice.

**"SPIKE" LOSES** — Customer at Phil Calbeck's sporting goods store in Goshen are mourning "Spike," who, for many years, was "official greeter" at Calbeck's shop. "Spike" was a big, friendly boxer. The dog apparently met his Waterloo when he tangled with a raccoon. When the came up missing Calbeck made search and after two days found his body in the Elkhart River. Evidence was that "Spike" met up with a coon and the animal overpowered him and dragged him into the water to drown. trick of raccoons.

## Be My Valentine

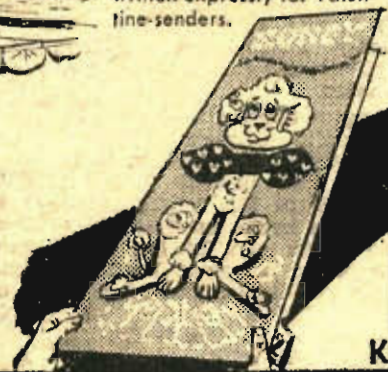

Valentine's Day supposedly started in ancient Rome when young men and women annually gathered for the "sweetheart sweepstakes." Each drew a name from an urn to learn their beloved-of-the-year!

The modern Rust Craft line of Valentine cards mixes the old and the new. Included with the traditional sentimental Valentines are the popular humorous cards and the new giant-size Valentines for courting in a big way!

Successful suitors in Colonial America had to be adept with lace, scissors and paste pot. Hand-made Valentines were the vogue! The young fellow without a talent for poetry could borrow a verse from a book written expressly for Valentine-senders.

### HEARS GREAT SPEAKER

Chester W. Cleveland was in Rochester last Friday to attend a Lincoln Day luncheon at which Congressman Walter H. Judd of Minnesota made an outstanding address. Judd, an M. D., was the keynote speaker at the Republican national convention in Chicago last July. He was introduced to the audience of 300 by our noted Hoosier Congressman, Charles A. Halleck, of Rensselaer.

### CULVER AGAIN GOES WITHOUT SUNDAY PAPERS FROM CHICAGO

The railway postal clerks again last Sunday forgot to unload Culver's consignment of Chicago newspapers at Winamac for the News Agency's pickup. As usual they landed in Cincinnati. Despite repeated stupid performances of this nature we expect to see Congress give them another unmerited raise any day now!

## FROM MY FRONT PORCH

Watch the World Go By

by CARL HELM

Not long ago in a midwest town, three friends sat in a drugstore luncheonette and, over coffee, started something that the world will hear about!

A doctor, a lawyer and a salesman, they began discussing what they, as average citizens, could do to boost their hometown. No professional promoters — but they came up with an idea that could not have been topped by Madison Avenue.

It was in South Bend, Ind., a pleasant city of manicured lawns and attractive homes, 30% of which (a U. S. record) are family-owned. Since 1852, when the Studebakers began making wagons there, the economic health of the town and of its principal industry, which grew from wagons to automobiles, have been interdependent.

On the day, two years ago, that the friendly trio met, Studebaker officials were excited about the new "compact" car they were about to introduce. Knowing what its success could mean, the three men got excited, too, and determined that the whole town should also. The next day they had organized "Citizens for Studebaker," and the formless but enthusiastic group was to grow like Topsy into a city-wide jubilation that joyously celebrated the birth of the Studebaker Lark, whose subsequent success exceeded all expectations.

And so, recently, Time magazine, as a direct consequence, chose South Bend out of all the thousands of cities it circulates in here and abroad, to receive its first community award, with attendant world-wide publicity: "For the unique interest and enthusiasm which the people of South Bend have demonstrated for their pioneer industry."

tience and good humor slightly strained.

"HAR! AND WHAT IF your house burns?"

Dave gritted his teeth and yearned to say, "Nuts — how cautious can you get?" Instead he murmured, "Sir — our house is 150 years old and hasn't burned yet!"

That won't stop it from burning tonight or tomorrow! No sir — I'll keep the document here and bring it to your office Monday, insured all the way. Have a certified check ready!"

And that was that. Irritably Dave drove home. Next day he and his wife went visiting. At 5:30 they came home — to a blazing house acrawl with firemen. Wind had whisked burning leaves from a neighbor's fire to Randall's shingles.

FIREMEN SAVED half the house, but not Dave's second-floor

study — where he aimed to store the Declaration.

"I looked at the charred, soggy remains of that study and writhed," Dave recalled with a chuckle. "The fire was bad enough. The prospect of having to tell the old boy how impossible right he'd been was worse."

On Monday, Dave told and endured a righteous lecture.

But he got the Declaration for Mr. Lilly — and two unexpected bonuses. Newspapers told the fire story and the publicity presently produced a tip that helped Dave to discover a 14th copy of the Declaration in an obscure Vermont book store.

He bought it for Scribner's and it went to the University of Virginia.

THE SECOND BONUS came a few years later when Mr. Lilly gave his magnificent collection to I.U. Dave was asked to take charge of the budding new rare book library and did.

Since mid-1957, Dave Randall has been a happy Hoosier, delighted by Indiana and his new work — especially the part that embraces the honored care of the only original copy of the Declaration of Independence that resides west of the Alleghenies.

## Indians Lose Two Games Over The Past Weekend

### New Paris and Center Next

By EARL MISHLER

The Culver Indians dropped a pair of big games over the weekend, falling to Nappanee, 64 to 60, and to Plymouth, 63 to 42. The pair of losses, coming just a week after their fine pair of victories over Argos and Mentone, made the season's standing 8-7.

#### Face Nappanee Bulldogs

Friday night at Culver, Coach Tom Benbrook's boys faced a clever crew of Bulldogs from Nappanee, who threaded many a sneaky pass through the Indians' 2-1-2 zone defense. After Culver grabbed two quick buckets, the visitors settled down to build up a 16-11 first quarter lead. Culver countered with a good second quarter and went to the dressing room at halftime with a 26-25 advantage.

But Nappanee, led by cagey guard Brent Nettrour and sophomore sharp-shooter Jerry Lambert scrapped their way to a 40-37 third quarter lead. The shorter Bulldogs kept out-fighting Culver on the backboards, and stretched their lead to as much as nine points in the final period. But the Indians, rallied to within two points three times in the last two minutes. Nettrour hit 10 of 12 free throws in the fourth quarter to ice the Nappanee victory.

Dillon and Boswell tallied 24 and 15 points, respectively to lead the Culver offense. But Lambert and Nettrour proved to be a more potent combination, garnering 25 and 19, respectively.

#### Pilgrims Jump To Lead

Saturday night, the host Plymouth Pilgrims jumped away to a 9 to 2 lead. The sticky man-to-man defense employed by Coach Bob Hilman's crew stymied the Indians, who made one field goal in the period, which ended 21 to 8. The sad story continued in the second stanza, as the rugged Pilgrims dominated the boards and kept the Indians' offense to a minimum. The first half, in which Culver made three field goals, ended 38 to 14. The second half, marred by fouls and errors on both sides, was evenly played, but Plymouth had already decided the contest. The third quarter score was 50 to 27. Dillon and Boswell led the Indians with 16 and 10 points, respectively.

The officiating was rough for Culver as they lost two of their players, Davis and Overmyer, early in the game on fouls. One of the same officials did the same trick last year when we ended the game with only four players on the floor. Culver's record is at the top for county standings, having won 8 and lost 7 which is very good considering the amount of injuries they have had and also losing one of their star players, John Benedict, with an injured knee. Plymouth's standing is 7 and 7.

#### B-Team Suffers Losses

Also in contrast to the previous weekend, the Culver B-Team suffered a pair of losses. Nappanee's

Cubs clobbered the Papooses, 49 to 31. Freshmen Frank Ikirt and Paul White led the attack with 7 and 6 points, respectively. Plymouth's towering B-Team toppled the Papooses, 46 to 34, but not until the Culverites had given them a hearty scare in the first half. George Herr led the losers with eight markers.

Two more games are on tap this coming weekend, as the Indians travel to New Paris on Friday night and play host to Richland Center Saturday evening. The Center game will be treated as their home game, thus the season tickets will not be good.

## Academy Sports

Three of four Culver Military Academy athletic teams turned in victories last week, but that single defeat was a costly one.

Coach Frank Walaitis' swimmers, seeking an undefeated season, dropped a thrilling 47-48 decision to tough Kimball High School of Royal Oak, Mich. The defeat was Culver's first at home in four seasons, but the Eagle mermen finished the year with a respectable 8-1 record.

#### Last Meet For Co-Captains

The meet with Kimball was the last for co-captains Enos Fry and Bill Oberlin, the Academy's two scholastic All Americans. Fry finished his senior year undefeated, and contributed to the Culver victory with a record-tying victory in the 100-yard free style. Kimball was hampered when its diver fell from the diving board during practice and broke his wrist. Earlier in the week the swimmers defeated Kokomo, 55-40.

While the swimming loss to Kimball was disappointing, the Academy basketball, wrestling, and rifle teams turned in top performances.

#### Cagers Subdue Highland

Coach Russ Oliver's cagers subdued pesky Highland High, 50-44, Saturday night to boost their season record to 7-4. Highland put up a game battle until the third period when the Eagles edged ahead on the scoring of Dan Vance and Dexter Blome. Vance led the scoring with 18 points while Blome scored 12. The junior varsity squad also won.

In wrestling, the Academy won its fifth meet in 11 starts by defeating Bishop Leurs High School, 31-3.

#### Rifle Team Hits Peak

Lieut. Colonel Clifford Dawson's rifle team hit its peak of the season when it defeated Howe Military Academy and the Air Force ROTC unit from Purdue University. Culver's score was 1,393 out of a possible 2,000. Howe and Purdue tied for second with 1,390, but Howe won second on the basis of its standing scores. Cadets William Whiteford and Richard Genet were top scorers with 381 and 380, respectively.

In Academy sports this week, the basketball team plays at Plymouth Friday night and at Whiting High School Saturday. The wrestling team faces Marion High School at home on Thursday afternoon.

#### Fencing Team Wins Match

The Academy fencing team also won its match Saturday with Indiana Technical College of Fort Wayne. The final score was 15-12 with Culver winning the foil, 5-4, and the epee, 7-2, while losing the saber, 3-6.

THE WORLD is now too dangerous for anything but the truth, too small for anything but brotherhood.

FORT RICHARDSON, ALASKA — Army PFC Leigh B. Sportun, son of Mrs. Ethel H. Sportun, Route 2, Culver, is scheduled to participate in Exercise Willow Freeze, a cold weather warfare field training exercise in Alaska, Feb. 9-18.

The exercise will take place in a 1900-square-mile area of rugged arctic terrain where temperatures range to 60-degrees below zero. Units regularly stationed in Alaska, and skilled in Arctic warfare, will defend against the attacking 82d Airborne Division paratroopers from Fort Bragg, N. C. The exercise culminates over six weeks of special cold weather training for the paratroopers who will return to Fort Bragg upon its completion.

Sportun, a supply clerk in Headquarters Company of the U. S. Army, Alaska Support Command, is regularly stationed at Fort Richardson. He entered the Army in Oct. 1959, received basic training at Fort Leonard Wood, Mo., and arrived in Alaska last September. The 19-year-old soldier attended Schurz High School, Chicago, Ill.

#### PROMOTED TO CORPORAL

Rusty Oliver, son of Mr. and Mrs. Russell D. Oliver, North Terrace, has been promoted from private first class to lance corporal in the U. S. Marine Corps.

Oliver is with the Marine Air Detachment at the U. S. Naval Air Station, Memphis, Tenn. He completed a year's service with the Marine Corps last month.

## Anne Osborn A Finalist For Merit Scholarship

Anne Osborn, daughter of Mr. and Mrs. Ralph A. Osborn Jr., 2224 a senior at Culver High School has been named a Finalist in the 1960-61 National Merit Scholarship Program competition and has been awarded a Certificate of Merit.

Anne attained Finalist status by her distinguished performance on two tests and upon endorsement by her high school. About six-tenths of one per cent of the seniors in each state received the awards. Approximately 9,800 students in the 50 states and in United States territories were honored.

The Merit Scholars, to be announced April 27, 1961, will be selected from the Finalist group. They will receive scholarships from the resources of the National Merit Scholarship Corporation and from sponsoring business corporations, foundations, associations, and individuals. In 1959-60, 115 sponsors participated in the Merit Program.
