"HOOSIER AT LARGE"

By Al Spiers

A Fond Farewell
THIS IS A final column . . . a swan song . . . a fond farewell. Your yarn-spinning vagabond's days of gipsying around Hoosierland are over.

AL SPIERS

Regrets? Nope! For a while the heart may miss these homespun visits with such nice readers — but not the head. My publishers have offered a new assignment that promises to be challenging, satisfying, and rewarding.

More important to a scribe who is a wee bit weary of wandering far from hearth and home, it's a settled assignment — less glamorous, perhaps, but also less painful and straining.

AND I KID YOU NOT, dear hearts — a column is fraught with both pain and strain. You probably doubt that. Most laymen do. They skim through a column in a few easy minutes and muse "That's his day's work? Jeepers — what a snap!"

Only another columnist truly knows the unique torment involved in finding the right 800 words, day in day out, week after week, month after month. You've got a tiger by the tail and can't let go. You're on a treadmill that never stops.

And always you're haunted by the scary specter of an inexorable space that must be filled . . . and by the nagging fear that ultimately and inevitably you'll go stale, dry — or wacky.

It's better to quit while still ahead . . .

AT A MILESTONE like this, one is prone to peer back and muse a bit. I did — and made a surprising discovery. Golly what a lot of words have poured over this old dam!

I began writing a daily local column in Michigan City in 1938, interrupted it early in 1942 to do an Air Force hitch, then resumed late in 1945.

Years ago I happily fled a white tower and switched to a roving Hoosier column which now appears in a dozen Indiana papers. The surprise came when I added up all that columning. Roughly it comes to 800 words a day, 250 days a year for 17½ years — or about 3½ million words.

That's a lot of gab — the quantitative (if not qualitative) equivalent of 46½ average 75,000-word novels.

Also a lot of toil. Phew! I get tired just thinking about it!

IT'S LESS WEARYING (and

CHS Music Department Presents Christmas Concert

The Music Department of Culver High School, under the direction of Richard Hambrock, presented a fine rendition of Christmas Music this past Sunday afternoon in the Community Building.

The program opened with the Junior Band playing Handel's "Air" from The Water Music. They closed the selection with the popular tune "Carol of the Drum." Diane Davis and Steve Guise were the soloists in the selection.

Following this the trumpet trio and organ played Buxtehude's "Fanfare and Chorus."

The audience was next introduced to selections by the Senior Band. Popular among them were the compositions "Sleigh Ride" and "Themes from the Nutcracker Suite."

Mr. Hambrock presented the Senior Band sweaters to Janet Logan, Lana Berger, Mary Guise, Martha Lowry, Sandra Osborn, Jane Thomas, Beverly Thomas, Patty Lutz, Carol Heiser, Linda Kose, Anna Lutz, Margo Overmyer, Mike Overmyer, Christine Hand, Tom Curtis, Pete Ott, Tom Curtis, Band President, assisted the director.

Lana Berger and Paul White played a piano and organ duet "The Heavens Are Telling" by Haydn.

The chorus opened its selections with "Welcome, Welcome Jesu" with an antiphonal chorus. Mary Guise, Carol Overmyer, Carol Heiser, and Lucy Osborn each sang renditions of four of Handel's arias from the Messiah. They were well received. The 100 voice chorus concluded the program with the singing of "The Hallelujah Chorus."

Many thanks must go to those who helped decorate for the program and for the family which donated the evergreen trees.

Anderson will coordinate the program.

Cadets have been selected to read from Scripture. There will be congregational singing and individual choirs will perform following each lesson.

Marston School Public Hearing Held At Culver

No Opposition To Proposed Plan

A total of 92 persons attended the public hearing, conducted by the Marshall County School Reorganization committee, Thursday evening at the High School Study Hall, on the proposed Marston United School Corporation which involves, Culver, Argos, and Aubbeenaubee Township of Fulton County.

There were no objectors to the proposed plan.

Vernie Bowen, trustee of Aubbeenaubee, stated that the plan was acceptable to the people of his township.

Don Davis, president of the Culver Parent Teacher Association, also spoke in favor of the plan and said that the people in the proposed district had the same interest, that the district rates well as to geographic location, and that the valuation per pupil, based on average daily attendance, is almost double the amount required by the state and would open the door to many things that at the present time are not possible.

Frank McLane, County Superintendent of schools and recording secretary of the county committee, read the detailed plans of the proposed corporation.

Ralph Osborn Jr., Union Township's representative on the committee, stated that the civil obligation would remain with the civil townships of the proposed corporation. However, if the merger is approved the school obligations would be assumed by the new corporation. He also said that if the corporation plan is approved by the state commission, the people of the merging districts will vote at the primary election for or against the plan.

Sam Taber, chairman of the committee, explained that the good thing about enlarging a school corporation is that a better educational program can be given and the cost of operation is less.

Both Osborn and McLane added that in their opinion if the new district was approved, it would have to continue to operate two high schools for many years. It was pointed out that this would be up to the school board however and if two high schools are operated there would be almost no saving in operating cost.

At present, the proposed plan calls for a five-member board of trustees: one from Aubbeenaubee Township; one from Culver or Union Township; one from Green Township and one from Argos or Walnut Township.

The fifth member is to be selected by the members of the four township advisory boards and be a householder or freeholder from any of the four townships providing he or she has been a resident of the township for a period of three years immediately prior to the appointment.

The question as to why a county unit was not considered was asked by one individual and McLane answered that two township advisory committees had suggested this to the county committee. However, the idea was voted down by six of the eight members of the committee.

Post Office Is Ready For Heavy Christmas Mail

Postmaster E. Wayne Mattox is shifting his "mail early for Christmas" campaign into high gear this week, stating, "we're ready for an all-time record Christmas mail this year. Every facility of the post office is being expanded to render maximum service."

"The tremendous volume of Christmas mail is only part of our problem, names and addresses are often carelessly written, many packages are poorly wrapped or have insufficient postage."

"Such oversights result in delays and disappointments that can be avoided if you follow these simple requirements — make sure your Christmas card and gift list is up-to-date — wrap your Christmas gifts securely, use cartons, heavy paper, and cord. Print complete addresses — avoid abbreviations of state and city names.

"Bring your parcels to the postal windows between 10:00 a.m. and 3:30 p.m. if possible. To speed delivery of your Christmas cards, secure free labels from the post office marked 'all for local delivery' and 'all for out of town delivery' then sort and tie your cards in two separate bundles with the addresses all facing one way."

"Send your Christmas mail now!" is the rallying slogan for the "Mail early for Christmas" campaign from now on.

JUST ANOTHER TOWN — Citizens of Indianapolis are inclined to think of the Hoosier capital as a big city, but now and then stray animals give it an almost rural aspect. One day recently, police were called to round up a young Brahma bull and a stray horse. Mr. and Mrs. Howard W. Griffith, who live on the south side, reported that the bull, escorted by barking dogs, had wandered into their yard. Then Dr. Jack J. Hatfield, a northsider, called to report a stray horse in his yard.

New Idea Home Demonstration Club Meeting

The New Idea Home Demonstration Club meeting, held recently at Leiters Ford Methodist Church, was opened by the president, Mrs. Gilbert Corbett, who gave several readings. Mrs. Earl Lawson handled the "Devotions" reading excerpts from the Psalms, and a poem, "Be Grateful," ending with a prayer of Thanksgiving.

The history of the song of the month was given by Mrs. Ernest Brockey and roll call was answered by "Why I'm thankful I'm an American."

Mrs. Corbett delegated some committee jobs for next year, and names were drawn for hostesses for 1962. She also reported on the meeting for club officers, which was held in Rochester recently.

The feature of the meeting was a short play dramatized by Mrs. C. C. Mikesell, Mrs. Ray Overmyer, and Mrs. Bert Berryman. Child safety was the theme, and called, "The Party Line Talk with a Point."

Refreshments in keeping with Thanksgiving were served from a table decorated with "pioneer" materials, gilded wheat, waxed

leaves, and colorful gourds. Mrs. Omer Reichard received the decor prize. Hostesses were Mrs. Chloe Smith, Mrs. Edith Overmyer and Miss Jennie Freese.

Fishing Tips

You've probably heard how some fishermen set lightning bugs in a glass jar and lower the jar overboard to attract fish or how other fishermen place bees in a jar for the same purpose. Well, if you aren't insect-minded here's another way to attract the denizens of the deep to take your food offering. Send a ticking clock in a plastic bag over the side and let the noise of the clock call the fish to you.

This is the era of plastic. Everything comes in a plastic bag or a plastic container of some kind that you have to throw away. Well, just hold on a minute and put that leftover plastic to work. Old-fashioned anglers

line their creels with fern or leaves, but the angler of the Sixties will find a creel lined with plastic much easier to clean free of fishy odors.

Have you ever found yourself strung up after a day's fishing as your stringer full of fish breaks and slowly sinks or floats away never to be seen again? This fisherman's tragedy can be overcome by adding a float to the stringer. Should it break loose or slip from your grasp, there's no problem in recovering it.

NO KIDDING — Bill Brooks, columnist of The Lafayette Journal and Courier, says he understands it but just the same he gets a chuckle over a sign outside the maternity ward of St. Elizabeth's Hospital which lists the visiting hours and then, in big type, states emphatically: **NO CHILDREN.**

702 Fed At Thanksgiving; New Record Set

By Sharon McGaffey and Mimi Fisher

The cafeteria of the Culver Public Schools was bubbling with loud conversation and gaiety, the students were in the Thanksgiving mood Nov. 22. Whether the reason was the vacation from school, or the true feeling of Thanksgiving, is controversial; however, the cafeteria was bursting its seams with hungry students — 702 to be exact. This does create a problem as the cafeteria is equipped to seat only 140. It is a good thing everyone eats in shifts! All were fed without too much difficulty, but the people serving the food — five adults and 12 students — were probably relieved to hear the 12:25 bell, which signified the end of the rushing line of students.

In all, the students consumed 10 loaves of bread, 560 rolls, 216 pounds of turkey, 170 pounds of peas, and 840 cups of ice cream, to say nothing of milk, butter, cranberries, and salad. Judging from the quantity of food consumed by the Culver student body, everyone thought it was delicious. It was enjoyed by all and those who helped to prepare and serve the dinner should be congratulated on doing such a fine job and setting a new Culver record for number fed at one meal.

Mrs. Ann Waite, cafeteria manager, would like to extend her thanks to the student body and the faculty for their co-operation in making the dinner a success.

Graduated From Brazil School

By Jan Scruggs

This week we conducted an interview with the head of the sixth grade science and health department, Mr. David Smith, who attended high school in Rio de Janeiro, Brazil, is a very well rounded person. Mr. Smith graduated from the University of Pennsylvania and last year taught seventh and eighth grades at North Bend. His home town is Scotia, New York, but as of now he and his family, consisting of himself, his wife, and two children, are living about three miles west of town.

Mr. Smith's hobbies of swimming and water skiing fit in with the things he likes best about Culver, our beautiful lake and surroundings. His pet peeve is inconsiderate people and his greatest ambition is to be of service to the world.

As you can see through Mr. Smith, teachers can be very interesting people.

Art Classes Busy With Varied Projects

By Robbie Ogden

The high school art classes have been very busy this week. They are working on the decorations for the Christmas season. The theme this year will be, "Favorite Christmas Carols."

The seventh grade has finished a unit of perspective. They are presently working on the basics of a puppet made from paper mache.

The sixth grades are starting some simple weaving. They have made their own looms and are ready to choose their yarn colors.

In the fourth and fifth grades, the students are finishing their sawdust projects. Some made animals, while others made pin dishes and small bowls.

What Vacation Means To Students

By Carol Heiser, Nora Sheppard, Pat Hicks

"We gather together to ask the Lord's blessing!" This song was probably sung by many people on Thanksgiving Day. We Americans have so much to be thankful for; freedom of speech, freedom of religion, and freedom to do as one pleases.

This week the roving reporters have asked the students of Culver High what was their most enjoyable moment over Thanksgiving vacation. With four days vacation I am sure everyone had a good time . . . if they did not get sick from eating too much turkey!

Here are just a few replies from the students:

Brenda Baker — A date with Tom from Plymouth.

Jan Wagoner — A convertible ride on Thanksgiving night!

Barb Rosebaum — Seeing Rich and getting our class rings!

Marjorie McGaffey — Spending the day with Jim and showing off our class rings.

Judy Kimmel — Seeing Chuck and on Thanksgiving night Jerry called from El Toro!

Pat Kline — Spending time with my family and writing a theme for English! (Hee, hee!)

Cheryl Dillon — There wasn't a most enjoyable moment. It was just nice to have Gary home for awhile.

Linda Shock — Just lying around with a nail hole in my foot. (Ouch!)

Diane Boots — Knowing that after it was over there would only be 27 days until Randy comes home!

Cathy Carrothers — When Dad shot a deer!

Peggy Herr — It was all enjoyable. No school!

Ofelia Briones — I got to sleep until 8:00 a.m.

Bonnie Good — Going hunting!

Barbara Hatten — Sleep!

Phil Gretter — All the nights to run around and play pool!

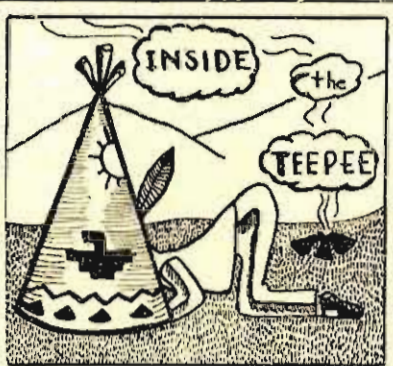

Sue Ruhnow — Oh! What a party! (Tee, hee!)

George Baker — All the free time we had to run around.

ON HONOR ROLL

On the honorable mention of academic achievement for the first grading period George Babchuk should have been listed instead of George Babcock. Sorry we missed you, George, and congratulations on your high grades.

Here we are, back at C.H.S. after a glorious Thanksgiving vacation. Everyone had a ball eating, sleeping, eating, going to parties, eating, visiting relatives, eating, writing themes (?), and . . . EATING. You say you may have put on a little weight? Wonder why! If you would like to gain a little more, the Sunshine girls would love to help you. They are selling their luscious candy again. It is really delicious, buy some and see.

To many of our girls the vacation meant something more than food. It meant that the college boys would be home for the first time in three months! (That is no common every-day occurrence.) From all reports, it was worth waiting for, right girls?

B. J. Lawrance had a hayride for the juniors last week, and for awhile some of them were wondering if they would get out alive! But except for a few minor casualties, like Carmen Gretter losing a shoe, and Cheryl Dillon getting hit in the head by a tree branch, everyone came out all right. What is this about the class threatening to impeach Larry Miller and remove him from the class presidency? You had better quit putting hay down people's backs, Mr. Miller, or they just may go through with it!

Mr. and Mrs. Lawson are the proud parents of a darling little girl named Kelly Jane. Congratulations from all of us!

"They are here!" Yes, as anyone within shouting distance would know, the juniors got their class rings last Wednesday. Most of the boys have sworn that they will never give up their class rings to a girl. Well see. Anyone like to make a bet?

There is a certain lucky girl who gets escorted to school, to all her classes, and back home again every day. Her name is Lorrie Sands, and her official escort is Bob Carter. Lucky girl!

The Seniors were glad to see their pictures come in. Everyone be sure to get a picture of your favorite senior!

Booster Club Generates Pep

By Bonnie Good

The Booster Club has been a very busy group, which is evident by the windows in town. They have also been making posters to distribute throughout the school. They have been doing a fine job of yelling at the games — keep up the good work!

The Sunshine girls have been rather busy in the past week as they have started their annual candy sale. They are selling party mints, peanut crunch, and kandydids. If you would like to purchase any candy see anyone of the Sunshine girls.

The ushers have begun their busy season — basketball. They will also be kept busy ushering for various school activities which are scheduled during the year.

One of the best ways to display the Christmas spirit, says the Chicago Motor Club, is to yield the right of way in traffic. Failure to yield the right of way contributes to many traffic accidents.

Oh, these Senior Band rehearsals. What with Nick Kuoerzer's beautiful (?) uncalled for solos, and Carol Overmyer's giggling spells, there is never a dull moment!

Gather around now kiddies. Here is today's lesson in how to become very embarrassed very quickly. All you have to do is have John Benedict write interesting little things in the front of your algebra book, and then let Mr. Stukenborg borrow it. If you don't believe this, just ask Thad Overmyer. He'll be glad to tell you that we are right!

Well, good-bye for this time. See you next week? We will leave you with the thought for the day, "Culver beat North Judson!"

Juniors Admire Rings, Seniors Their Pictures

By Pat Kline and Karen McDonald

The freshmen have really been busy with making posters for their fudge sales. Everyone should buy some of their fudge to repay them for all their hard work.

Do you want your lawn raked? This is quite a common question among the sophomores, who are trying to get just a few more lawns raked before the snow starts to fall. They have also been kept quite busy with their fudge sales.

The junior rings finally arrived! To the astonishment and pleasure of the juniors the rings arrived last week. They had begun to think they wouldn't get them until they were seniors. The class has also been making plans for dances after the ball games.

The senior class has been active selecting their class colors, motto, and flower. Last week they placed the orders for their invitations and cards. The long awaited senior pictures arrived to the pleasure of the seniors. Aside from this excitement, the class has been working very hard in preparation for selling concessions at the ball games. At the first home game the seniors made \$98.26 on their concessions — keep up the excellent work!

Miss Page — Second Grade: Bruce Snyder was eight on Nov. 25 and Brenda Kowatch was eight on Nov. 24.

Miss Henning — Third and Fourth Grade: In social studies we have been studying about the Eskimos and their way of life. In arithmetic we have been having uneven divisors by the 4's.

Miss Mahan — Fourth Grade: The following children got gold stars for past six weeks spelling, they never missed a word: David Martin, Kenneth Matzat, Wendy Nelson, Jan Price and Jacqueline Welsh. These children missed one word and got a silver star: Barbara Cook, Mary Ann Lewis and Michael Stevens.

Mr. Weaver — Fifth Grade: For the past few weeks we have been working on division of two and three placed numbers in arithmetic. Some of the children are finding division difficult and have to have extra help with it. We are all hoping that we can soon leave division to take up a new chapter on fractions.

Mrs. Carter — Third Grade: The following children have not missed any spelling words this year: Cynthia Marshall, Lynn Langlois, Davis Williams, Mary Wieringa, and Nancy Rechley. We are studying the different foods and what they do for the body. We learned about hidden hunger. Our room has bought \$1.00 worth of T. B. stamps.

Robin Fitterling served cookies to the morning kindergarten, as did Randy Overmyer. Karen Parsons was six years old on the 8th and brought cup cakes. Mrs. Robert McKinnis had a birthday party for Philip on Nov. 29. Keith Kowatch celebrated his birthday

Two Students Win Academic Honor Sweaters

In an all-school assembly held on Nov. 28, honor sweaters were presented to two seniors. The recipients of the sweaters were Margo Overmyer and John Benedict. The third senior now wearing an honor sweater is Marizetta Robinson who won her sweater last year.

This project was undertaken last year by the student council to recognize those students who were outstanding academically. To receive an honor sweater, a student must have an index of 3.6 out of a possible 4. This index is a composite of the student's six semesters of high school.

James Carter, president of the student council, opened the ceremony with appropriate remarks and Mr. Cole presented the sweaters. Mr. Cole announced that two more seniors are in position to win honor sweaters before the year is over.

These students are to be congratulated for achieving this award.

Friday with a party for the afternoon group. Roberta Weaver treated the group with cookies. We have the Balanced Diet Clown poster from the art department and we are to bring pictures representing the seven basic foods — fats, fruits, green vegetables, meat, fish, poultry, milk, potatoes and other vegetables, and cereals. One boy impressed by the continuous effort to teach children to be polite came up and said, "Teacher, I am trying to use English. I remembered to say 'Thank you.'" Another child, "During vacation I am going to have my tonsils taken out and my Aunt Noise, too."

HONORED AT I. U.

Alexander C. Smith, Culver Military Academy, Culver, was honored last week at Indiana University's annual awards banquet for its Marching Hundred Band.

Awards included "I" blankets to four-year members of the Marching Hundred; sweaters for the three-year bandmen; the letter "I" for those completing their second year, and special recognition to the outstanding bandmen and band rank for 1961.

Music Program Makes Big Hit

The music department and Mr. Hambrook are to be congratulated for the fine concert they gave last Sunday afternoon.

The organizations which performed were the Junior Band, the Senior Band, the Girls Glee Club, and the High School Chorus.

The audience especially enjoyed the trumpet trio and the duet on the piano and organ.

The organizations participating are all to be congratulated for all the time and effort they extended to make the program a success.

Freshmen Open Season With Victory Over LaPaz

By Bob Carter

The freshmen started the season with a victory over Lapaz last Monday night. Culver led all the first half, but Lapaz rallied in the third quarter to tie it 31 to 31. The final score was 39 to 37. David Lemar was high point man with 12 points.

The Junior High played host to Argos Tuesday, the 21. The seventh grade lost by a score of 28 to 15. High scorer was Hatfield with four points. The eighth grade also lost by a score of 39 to 25. Lowry was high point man with seven points.

LOCAL STUDENTS ATTENDING BALL STATE COLLEGE

Ball State Teachers College enrollment, up 849 more students than the fall quarter a year ago, has reached 7,838. This is an on-campus enrollment increase of 11.6 percent, according to Dr. Leo M. Hauptman, registrar.

This is the ninth straight year that the college has shattered its own enrollment records. Ball State is now the third largest school in Indiana.

The students represent 85 of Indiana's 92 counties in addition to coming from 27 states and 14 foreign countries.

INSTALLMENT BUYING OF FARM LAND

Use of installment land contracts in the North Central Region of the United States during the past 15 years has been increasing, according to a recent publication issued by the agricultural experiment stations of the region.

Along with other forms of low-equity financing, the land contract has emerged as one possible aid in meeting the growing problem of financing land ownership in modern agriculture.

The authors emphasize that if land contracts are to be used to their best advantage, both buyers and sellers must understand their legal rights and responsibilities. They list these nine important factors that should be covered explicitly in the contract:

- Purchase price.
- Amount of the initial down-payment.
- Rate of interest.
- Type of payment plan.
- Length of the grace period

CMA Announces Fund-Raising Campaign

Organize Program For Excellence

Culver Military Academy will carry out a \$4,995,000 fund-raising campaign, Major General Delmar T. Spivey, USAF (Ret.) announced today. Most of the money realized will go into endowed funds for faculty salaries and scholarships.

Alumni of the Academy and Culver Summer Schools, parents of present and former students, and friends will be asked to support the campaign, which has been named Culver's Program for Excellence.

The campaign is a concentrated fund-raising effort as one part of Culver's long range investment in Youth program, which has a goal of \$12 million by the end of 1968. More than \$2 million has been realized under this program since its inception in 1958.

General Spivey said more than a year of preliminary work has been spent in developing and organizing the Program for Excellence. The program will be actively carried out during the first

six months of 1962.

Gifts and pledges of more than \$1,500,000 already have been received from 76 alumni, parents, and foundations in pre-campaign contacts, General Spivey reported.

Goals of the Program for Excellence are: \$2,250,000 for an endowment fund for faculty salaries, \$1,500,000 for an expanded scholarship program, \$750,000 for additional recreational facilities and an alumni and parents center, \$330,000 to help defray expenses of a new Woodcraft Camp in Summer Schools, and \$115,000 in operating funds for the current fiscal year. This sum will replace gifts normally received under the Annual Giving Fund, which is being combined this year with the program for Excellence.

"Culver is on the threshold of greatness," General Spivey said in a message to all Culver men. "We are limited only by the extent of our vision and collective determination. Success of the Program for Excellence will ensure Culver's ability to provide the finest educational and citizenship opportunities to the youth of the nation at a time when our country needs all the trained, dedicated brainpower it can muster," General Spivey said.

Culver's goal is to increase faculty salaries to an average of \$7,500. The present average faculty salary is \$6,411, an increase of about \$1,300 over the

last four years.

"As a superior school," General Spivey said, "Culver must have superior teachers. The present faculty is one of the finest in the country. Yet, Culver, in common with other schools, must do everything in its power to improve faculty salaries to retain present excellent teachers and to attract outstanding young people to the teaching profession."

In scholarships, Culver's goal is to have 200 scholarship boys each year in Winter School (the Academy) and 100 during Summer Schools. At present 130 boys hold scholarships in Winter School, and 64 scholarship students were enrolled in Summer Schools.

"In the country's interest, Culver has the obligation to offer its educational and leadership training to the finest youngsters available," General Spivey said. "There is a critical need for fully-trained superior minds. There also is a critical need for the type of moral and spiritual training Culver provides. Culver, which always has met its patriotic responsibilities in war and peace, must continue to do so."

General Spivey said that Culver's physical facilities are among the finest of any educational institution in the country.

However, he disclosed that the Academy's 51-year-old gymnasium and locker rooms needs replacement. While this is being done, it is planned to combine in the same building dormitory space for visiting alumni and parents, offices for alumni and parent associations, and a lounge for students to visit with parents and other visitors.

The dormitory space in the new recreation center will free space on the second floor of the library now being used as an alumni dormitory. The space will be used for books and a study room.

The Woodcraft Camp is utilized for eight weeks each summer as a housing and activity area for some 600 youngsters between the ages of 9½ and 13 who attend the camp. The present camp is comprised of canvas tents stretched over wooden frames. A study reveals it is more economical and desirable to build permanent 12-boys dwellings than to

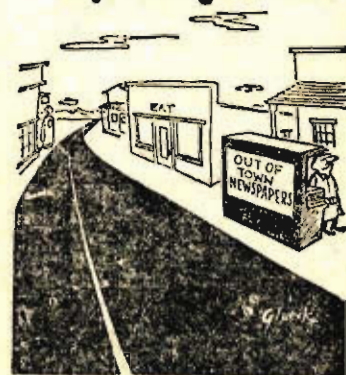

maintain the present tents that house two boys. The amount to be realized under the Program for Excellence for this purpose is approximately half of the total cost involved. The remainder will be realized from depreciation funds set aside for this purpose.

During the last four years alumni and parents have participated in an Annual Giving Fund. Proceeds from this fund are added to the operating budget for teachers salaries, scholarships, and a discretionary fund for use by the Superintendent. Approximately \$115,000 was realized from Annual Giving in the fiscal year that closed August 31. A like amount will be allocated from the Program for Excellence proceeds this fiscal year so it will not be necessary to carry out Annual Giving this year while the Program for Excellence is in process.

Nearly 15,000 Culver alumni and parents throughout the country will be asked to support the program. In centers where there is a concentration of Culver alumni and parents they will be visited by volunteer workers. To date more than 400 persons have volunteered to work on the program in 93 areas. Most contact work will be done between March 1 and June 1, when the national campaign will be carried out.

Editor, CITIZEN:

Hunger recognizes no political or religious affiliations. The starving child should be fed.
NANCY FIRARI

Editors Note - Mrs. Firari enclosed in her letter the following editorial from the Nov. 26 issue of The New York Times:

Greetings to a Child

"The United Nations' Children's Fund gets out an illustrated booklet which may be procured by writing to the U. S. Committee for UNICEF, P. O. Box 22, Church St. Station, New York 8.

"UNICEF as the booklet says, is helping more than one hundred countries 'improve the health, nutrition and well-being of their children.' All through the year it sells postcards. One box of postcards may provide profits enough to buy vaccine to protect fifty children from tuberculosis. Five boxes are enough to buy a glass of milk each day for a month for forty-two children.

"The first of these cards was suggested by a drawing sent by a little girl who had had help from the Children's Fund. There are many kinds of cards now. Some of them deal with Christmas. Some merely say 'Season's Greetings' in one of the five of-

ficial languages of the U. N. Several are distinctly Christian.

"With this introduction we may call attention to the current effort of the National Defense Committee, an agency of the Daughters of the American Revolution, to warn its members that UNICEF's Christmas cards are thought to be 'part of a broader Communist plan to destroy all religious beliefs and customs.'

"We do not doubt that the D.A.R. committee is made up entirely of ladies who, according to their rather dim lights, are sincerely trying to combat error in the United States. But it is too bad that any of them see fit to pursue this objective at the cost of children for whom UNICEF's cards may provide protection against blindness, tuberculosis, or just plain hunger.

"Those who think the D.A.R. is wrong in this instance may indicate their opinion by sending a check to UNICEF — perhaps in exchange for some of its charming Christmas cards, and in the hope, of course, that the child who drinks the milk the cards may help to buy will grow up to believe in peace on earth good will to men."

HAPPY ENDING — Robert Cloyd Jr., editor of The Lafayette Leader recently concluded his weekly column with this observation: "It's nice to have the ends meet but so much nicer to have them overlap a little."

WAY BACK YONDER — Squirmy youngsters and careless mot-

Mr. and Mrs. Lewis Listenberger of Hammond and Mrs. Stran Frakes of Lafayette were Sunday dinner guests of Mr. and Mrs. Roy Listenberger.

orists who fail to stop while passengers are unloading are among the tribulations of school bus drivers. An Orange County bus driver encountered another one, however, at the beginning of the school year. As he neared the end of his route he noted two first graders still aboard. He asked them where they lived. One of the youngsters grinned and told him, "Oh, you passed our house 20 miles back." The Springs Valley Herald, published at French Lick told of the incident.

The comforting and assuring message of the Beatitudes (Matt. 5) will be featured at Christian Science services Sunday.

The Lesson-Sermon on the subject "God the Preserver of Man" will consist of Scriptural texts and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

The Golden Text is from Numbers (6): "The Lord bless thee, and give thee peace."

The concluding passage states: "Divine Love always has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good" (Science and Health P. 494.)

WINTER WEATHER REQUIRES SPECIAL DRIVING TECHNIQUES

HERE ARE A FEW SUGGESTIONS FROM THE CHICAGO MOTOR CLUB

- Leave extra time for bad weather driving.
- Clean snow or ice from all car windows before entering into traffic.
- Use reinforced tire chains on packed snow or glare ice.
- Before you leave on a winter trip check road conditions on day of departure.
- Try your brakes occasionally by gently pumping the brake pedal.
- Don't follow too closely. It takes from 3 to 12 times as far to stop on snow and ice.
- If you skid - don't panic! Turn your wheels in the direction of the skid. Remember greatest skidding dangers exist when it is just cold enough for water to freeze.
- Never run your car engine in a closed garage. Carbon Monoxide is odorless, tasteless, and deadly. When driving, always keep one car window at least partly open.

"Hoosier At Large"

(Continued from Page 1) more fun) to ignore the past's irksome toil and peer back at its rich pleasures — like the joy of finding so many warm, wonderful humans in our Hoosier homeland.

Social cliff dwellers are prone to call ordinary folk "the little people." You and I know better, don't we? Little people? Heck, they're the Big People — the bone, sinew, heart, soul, and blood of America.

That's something I tried to make clear. If this column had any purpose aside from light entertainment it was to display the extraordinary vitality, nobility, goodness, and luster abundant in the quiet, useful lives of so-called "ordinary" people.

I hope I succeeded. No one who perceives the innate decency and sturdy strength of these "grass roots" folks need despair about America's future. Believe me, they won't let our world go to pot or be blown to smithereens.

It was also a joy to discover a few oddballs, pixies, and real-life leprechauns cavorting among us. Bless 'em. They help offset the stuffed-shirt fringe.

THIS REQUIEM would be crassly remiss without parting thanks. But where to begin? I owe so much to so many — kindly tipsters and fellow newsmen who offered fine leads; gracious subjects who inconvenienced themselves to accommodate a hurried gypsy; sources who generously provided hard-dug material; public relations people and public officials who were so helpful.

Most of all I must thank the thoughtful folk who made it all worthwhile by writing or saying, "You gave me a good laugh . . . or cry . . . or renewed faith in humanity . . . or provided a few cherished moments of escape from cares and woes."

Now we must part — but please no tears or laments! And no more wistful peaks at the past. Let's all be like indestructible old Satchel Paige, the pitcher who once said, "Ah never looks back. 'Fraid to. Might see what's catching up with me."

So a fond, happy farewell, cherished friends . . . good health . . . good fortune . . . go with God.

TRIPLE TRAGEDY — A Carroll County family, the Claude Robinsons, lost three treasured pets within a few days. A dog they had had for about 10 years and a Dalmatian puppy they won recently while attending the Mars Theater in Delphi became frightened and ran away. A neighbor found the dogs and tied them up but they got loose and ran on to a highway where both were killed by a car. A few days later the Robinson's parakeet flew out through an open door and disappeared.

Culver Indians Lose To Center And North Judson

Meet Bourbon And Knox Next

By EARL D. MISHLER
The Culver Indians went down to their fourth straight defeat of the young season Tuesday night, Nov. 28, losing their home opener to Richland Center, 59-58. It was also the fourth straight loss by six or less points.

The visiting Wildcats jumped off to an early lead as the hosts were very cold from the field. Culver ballhandling errors and cold shooting helped Center pile up a 15-8 first quarter lead. Culver gradually cut into the Wildcats' lead in the second quarter, led by the scoring and rebounding of senior center John Benedict. At the half, the visitors clung to a 28-24 lead.

Again in the third quarter, Culver kept whittling away at the Fulton County boys' lead. This time it was sophomore guard Paul White who led the surge. But the determined Wildcats, led by the shooting of senior forward John Keele, still held a 42-40 advantage after three periods.

The fourth quarter was nip-and-tuck all the way. For the fourth consecutive game, Culver's opponents cashed in on crucial free throw opportunities, and the Indians were unable to match them. Speedy guard Phil Alber, one of the area's top scorers with a 23 point per game average, led the Wildcat attack in the final period. His free throw in the last minute gave Center a three-point margin at 59-56. Sophomore Sam Lowry popped in a clutch basket with 15 seconds left but the Wildcats were able to freeze the ball for their first victory in five games.

Benedict's 20 points led all scorers, and the rugged 6'3" veteran was backed up by White's 12 points. Keele and Alber, the whole show for Center, had 19 and 18 points, respectively.

Coach Gene Crosley's tough luck held tight in the B-Team game also, as the Papposes dropped their fourth in a row, 38-34. Frank Ikirt hit 16 points for game honors, while the older and more experienced Center boys were led by Dave Burkett with 10.

This week promises to be a busy one for the local squad. Last evening the Indians entertained North Judson with a losing score of 45 to 79 (see next week's CITIZEN for details), and this weekend will see them travelling to Knox on Friday and facing Bourbon at home on Saturday.

Both Friday night's game at Knox and Saturday night's home game against Bourbon will begin at 6:15 CST.

Academy Sports

Culver Military Academy's winter sports season is officially under way today with two of three major sports teams claiming victories.

The basketball squad, under Coach Chester A. Marshall for the first time, has jumped away with two impressive victories, the swimming team won its opener, and the wrestlers have lost in two meets.

Coach Marshall's quintet will take a 2-0 record into this weekend's games after soundly trouncing Howe Military Academy, 77-54, and LaPaz High School, 84-61, at Plymouth, last weekend. Friday the Academy plays at Crown Point and then entertains Pike High School in a 6:30 p.m. game here Saturday.

Big guns for the Culver cagers were tall Dan Vance, who scored 14 against Howe and 23 against LaPaz, and little John Teeter, who hit 14 and 11 respectively. Culver jumped away with an early lead against Howe and the game was never close. LaPaz led Culver at the end of the first quarter, 16-15, but fell behind 46-34 at the half and never was close after that.

The Eagle swimmers, hoping for a successful season but short on the kind of talent that gave them an 8-1 record last season, opened by plastering South Bend Washington, 60-35. Co-captain Jay Owen and Chris Carson finished one-two in the second event of the meet and Culver never trailed after that.

The wrestling team suffered defeats in its opening meets with South Bend Riley (27-23) and Penn High School, 42-10. The Riley meet was a heartbreaker. Culver, beaten 47-3 last year by Riley, led going into the final event only to have Bob Harvey, a Culver Summer Schools student who attends Riley in the winter, score a pin.
