Labor Unions May Become Leading Bankers Of U. S.

Are Building Up Large Reserves

By ROGER W. BABSON

No. 1 U.S. Economist Babson Park, Mass.— One of the big land developments near Lake Wales, Florida is the Indian Lake Estates, which was started by Leon Ackerman. It included 7,000 acres with hard roads, 6,500 residential lots, and a beautiful waterfront.

History of Indian Lake Estates The original promoter "bit off more than he

could chew" and either sold out to or went into partner-ship with an Alaskan Com-pany which was to furnish the money to complete the sewerage, golf links, club house, etc. Storms and

high water discouraged this new group. They turned to the Team-sters Union for money, by giving the union the blanket mortgage, subject in part to other mort-gages, on all the property that was not owned free and clear by those who had already built homes or bought lots. This probably means that Indian Lake Estates will become the property of the Teamsters Union.

the Teamsters Union.
It is said that Mr. Hoffa has bought several hotels and other property in Key West and elsewhere in Florida, as well as stocks and bonds, which he can sell at any time. Mr. Hoffa, however, has another string to his bow: If he doesn't sell the Florida property he can use it for da property, he can use it for union members who have reached retirement age. Thus, Florida is going through a real estate cycle. persons, many of whom acquired, and owned, property; then, middle class people, especially from the Central West, began to retire in Florida; then followed the very rich who built up Miami and the Gold Coast; and now Florida is looking to the Labor Unions for its bankers!

Era of Private Banking, Trusts,

Fra of Private Banking, Trusts, and Insurance Companies

The big men of Wall Street were originally such men as Daniel Drew, Jim Fisk, and Jay Gould, who played with the stocks of the leading railroads of that day. There was then no Interstate Commerce Commission.

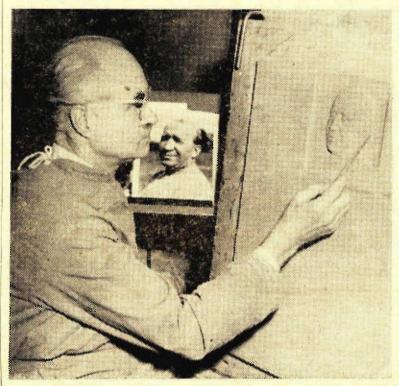

or Securities and Exchange Comor Securities and Exchange Com-mission. It was "free for all" until Mr. J. P. Morgan came into the picture and brought order out of chaos. Mr. Morgan was a very onderful man. After he had accumulated money for hims assumed control of the investment situation in general. Those who followed his order and generalship usually prospered; those who did not often fell into hankruptcy.

The second era was that of trusts, organized by certain famous lawyers under the laws of Delaware. These were the beas "holding companies" but they were unsupervised. Among the most prominent were Havemeyer (sugar), Harriman (railroads), Rockefeller (oils), and Duke (tobacco). Following these, the great life insurance companies which had money ro, ing in every month and "nasu-ervised bank-ers" became powerful. Era Of Mutual Funds

The third great era of combining and accumulating large aggregates of capital, in which the small investor could buy shares, was that of the Mutual Funds.

To Be Erected In Hillside, III., and Voss, Norway

Sculptor Warner Williams, ar-tist-in-residence at Culver Mili-tary Academy, has completed work for two new bronze plaques honoring the memory of the late Notre Dame football coach Knute Rockne and Saint Frances Xavier

Cabrini.

The Rockne plaque was commissioned last summer and is to be erected in Rockne's hometown of Voss, Norway. The plaque of Saint Cabrini will be placed in the Queen of Heaven mausoleum

in Hillside, Ill.
The idea of placing a plaque in Rockne's memory in Voss originated with a group of Norwegian patriots living in Chicago. The American Embassy in Norway will be in charge of special commemorative ceremonies when the plaque is erected in Voss.

A 24 by 32-inch tablet, the

Rockne plaque carries a double inscription, one in Norwegian and one in English. It reads "Giant of American Football KNUTE ROCKNE

Notre Dame in 1913 and became widely known as a football player in the years that followed. In 1918 he became coach at Notre Dame and until death ended his career in an airplane accident in 1931, created a record that in-cluded 105 victories, 12 defeats, five ties, and five seasons in which Notre Dame was unbeaten and untied.

Canonization usually takes place many years, sometimes centuries, after death. But in the case of Mother Cabrini, who was the first American citizen to attain this American citizen to attain this honor, this regulation was waived by direct order of Pope Pius XI. Among her good works was the establishment of hospitals and other charitable institutions in the United States and in many foreign countries. She arrived in this country in 1889 and died, at the age of 67, in 1917.

Labor Unions May Become Bankers

(Continued from Page 1) These have grown greatly during the past few years since they have been sponsored by many of the best New York Stock Exchange houses which send salesmen out all over the country. Before the Mutual Funds became popular, the stock exchange houses could not afford to do this as their commissions were only a fraction of one per cent. With Mutual Funds, however, they are allowed commissions of around five per cent. These Funds now control \$24,000,000,000 in stocks and bonds. As their salesmen sell Mutual shares, the Mutual com-panies buy stock to protect the purchases. As the Mutual company stockholders sell, the Mutual companies must sell stocks they are holding. During 1961 the Mutual companies were obliged to redeem 4 shares for every 10 sold.

Labor Unions As Bankers

Meanwhile, labor unions, with membership dues coming in every month, are building up large re-serves and may soon become the leading bankers of the U.S. The finance committees of these labor unions have two extraordinary advantages: (1) Labor unions

empt from the anti-trust laws (2) labor unions have some advantage in connection with income and other taxes. Whether government ownership or some thing else will follow the labor unions, we do not now know, but history shows that "every dog has its day."

Culver Indians Taste Victory For Third Time

Meet Mentone and **Argos This Week**

By EARL MISHLER
The Culver Indians picked up
their third victory of the season Saturday night, scoring an unim-pressive 48-46 win over LaPaz

at Plymouth.

Sparked by sophomore guard
Sam Lowry and senior forward
Tom Boswell, Coach Gene Crostey's squad built up a 48-42 lead
in the second half and then hung
on for the narrow victory.

Culver fell behind 6.0 failing

Culver fell behind 6-0, failing to score in the first three minutes of play. Boswell tallied nine points in the opening period, but the Vikings held a 12-11 lead after eight minutes. With Lowry and Thad Overmyer tallying eight traiting the property of the contract of th straight points between them the Indians caught and passed the Vikings in the second period. However, sophomore hot-shot Jim Holland hit a 20-foot jump shot to tie the score at 25-25 at

The lead changed hands repeatedly in the third quarter. The Indians forced the hosts to shoot over their zone defense during the second half, while they were able to effectively drive through LaPaz' man-for-man.

After three periods, Culver led 39-36. Midway in the final stan-za, with LaPaz closing in, Lowry stole the ball at mid-court and scored a beautiful lay-in. Later, with Culver ahead 44-42, the with Culver ahead 44-42, the 5-7 Soph sneaked in under the basket and hit a clutch reverse lay-up. Jim Carter's drive-in sent the Indians ahead, 48-42. But Holland, a 5-9 Soph, hit two more long shots before fouling out in the waning seconds. La-Paz's Rodger Kaufman missed a shot from mid-court as the final shot from mid-court as the final

The game was marred by poor ball-handling, many mental mistakes, and bad free-throw shooting. The losers made only four free throws with 6'4" center Don Schafer making only one of ten tries. Holland led the Vikings with 18 points, while Boswell tallied 18 for Culver. Lowry and LaPaz's Mike Wynn had 12 points each. each.

Culver's B-Team made the 'rip to Plymouth a complete success by defeating LaPaz, 38-31. The baby Vikings, coached by C.H.S. graduate, Jim "Piney" Kowatch, were led by Tyler, with seven points. Culver's Jerry Nelson tallied 14 points as he and Freshman Dave Lemar were returned to the B-Team for further experi-ence. Both also dressed for the varsity.

Academy **Sports**

when Culver Military Just Academy's athletic teams are rolling with a full head of steam, the cadets are going to take a week off from sports activity to concentrate on semester examina-

tions.

Based on the results of two one-sided victories last weekend and impressive workouts during practices last week, basketball coach Chet Marshall believes his Eagle quintet "really wants to play." This is substantiated by the team's 7-3 record and lopsided victories over Hobart River Forest (85-40) and St. John's Military Academy (76-53) last weekend. weekend.

At Hobart, the Cadets blasted River Forest with a big 24-7 first period lead. It jumped to 48-18 at the half, and Hobart was out of it from there on. John Teeter, Joe Schluchter, and Dan Vance paced the scoring with 20, 19, and 17 points in the Academy's biggest point night of the

The Academy polo team, with trips planned for the East and Canada in upcoming weeks, turn-ed up with a 13-7 victory over the Chicago Chiefs last Saturday. Col. Gerald Graham's riders hope to visit Canada during spring vacation and will also face their big tests at Cornell and Yale later in the season.

Blanche Mishler Wins Suggestion Award At C.M.A.

Mrs. Blanche Mistiler, who is employed in the Service Depart-ment at Culver Military Academy, recently won a \$20 award in the Academy's Suggestion Program.

Mishler's suggestion was related to the use of a labor-sav-ing device in the Canvas Shop. In the past, the Canvas Shop has pleated the draperies made for the barracks, faculty offices, and many other administrative of-fices. It has been the practice to sew in these pleats, a practice that consumes time in the Canvas Shop and in the Laundry, where they are cleaned.

Mrs. Mishler suggested the use of a pleating tape which gathers in the material through the use of hooks and still gives the same effect. The use of pleating tape will save sewing and laundering

luxury and a low price have never been more beautifully blended:
