

# Time May Come When We Humans Will Eat Wood

## May Even Cook Our Newspapers

BY ROGER W. BABSON  
No. 1 U. S. Economist

Babson Park, Mass. — I have always loved trees, and have invested in forests. Natural reserves such as oil iron, copper; etc., do not reproduce themselves; forests are the only natural resource which does. Moreover, most forest land is now protected against fire by watchtowers and other means. Of course, you must pay taxes on individually owned forest land; hence you may prefer to hold stock in companies which own large forests. Among such companies I would mention Crown Zellerbach, Rayonier, Georgia-Pacific; and Weyerhaeuser.

### Personal Holdings

I once had a large interest in the APW Paper Company of Albany, New York. This company had considerable forest acreage and a pulp mill in Sheet Harbour, Nova Scotia. Against the advice of the managers, Mr. Francis Dougherty and his brother of Old Towne, Maine, I sold this Canadian acreage to William Randolph Hearst. I shall always regret this sale, especially as it resulted in my selling the paper mill at Albany.

I later invested the money in seven thousand acres of woodland in New Hampshire. This consists of various kinds: Not much spruce, but some very valuable pine and much second-crop hardwood. I am obliged to pay taxes on this acreage and do not expect to get much profit, but it should be a good inflation hedge and I love to see the trees grow summer and winter, holidays and Sundays, whatever the weather, and without any labor unions to supervise.

### Studying The State Of Maine

Two years ago I was invited by Mr. W. G. Robertson, president of the Bangor and Aroostook Railroad and his Board of Directors, to see the state's natural resources. (Let me insert that I consider this railroad the best operated east of the Ohio River, due to Mr. Robertson.) Maine's natural resources contain the woodlands of the Great Northern Paper Company and the profitable potato fields which supply much of the railroad's freight. These woodlands and potato fields have the same kind of soil, same rain-

# Boy Scouts To Observe Scout Week Feb. 7-13

Local Boy Scout Troop 290 will celebrate Scout Week, Feb. 7-13, with a potluck supper and Court of Honor next Monday, Feb. 12, at the Methodist Church Fellowship Hall at 6:30 p.m.

The highlight of the night's program will be the presentation of three Life ranks and one Star rank.

Other awards and recognitions will be made during the program. Demonstration of Scouting skills will also be shown.

Other activities the Troop will participate in during Scout Week are a parade and theatre party at Plymouth on Saturday, and special recognition at church services on Sunday.

They also have a window display in Kline's TV and Appliance store.

# Proposed School Reorganization Plan Is Approved

## New Corporations Effective July 1

Frank McLane, County Superintendent of Schools, received word Saturday from Indianapolis that the Marshall County Comprehensive School Reorganization plan containing five proposed school corporations with alterations has been approved by the State Commission.

The state hearing was held at Plymouth on Wednesday evening with nearly 250 persons present.

The five proposed corporations for Marshall County are: 1. Bremen — Madison Community Schools. 2. Tri-Township United School Corporation composed of Bourbon and Tippecanoe Townships Marshall County and Elletts Township, Kosciusko County. 3. Marston United School Corporation, including Argos Community schools, Union Township Culver, Marshall County and Aubbeenaubee Township, Fulton County. 4. Plymouth Community School Corporation, including West Township and 5. Polk Lincoln United School Corporation, including schools at Tyner and Teegarden, Marshall County and Walkerton, St. Joseph County.

The comprehensive plan also provides for the addition of Oregon Township in Starke County to the Polk-Lincoln Unit and North Bend Township, Starke County to the Marston district, should a release be granted these two school units to the jurisdiction of Marshall County.

There are three ways the citizens of the proposed corporations could adopt the plan of their district and one way to reject it.

The first would be by circulating petitions obtaining 65 percent of the registered voters signatures in the district. The petitions must be filed within 20 days of Feb. 5.

Second would be by requesting the circuit court judge to call a special election 60 days after the approval by the state and third, by voting at the primary and general election.

The only way to refuse the plan for a unit, he stated, was to have a majority vote against a consolidation at an election.

McLane added that should a district vote against their proposed corporation the county committee could resubmit the plan to the state commission or make a revised plan. Should the merger of school district be approved the new corporation would become effective on July 1.

# Hospital Notes

Roy Ragsdale, 510 E. College Ave., returned home Wednesday from Parkview Hospital at Plymouth where he was taken for treatment on Friday, Jan. 19, when he suffered a fracture of his right hip in a fall on the icy pavement.

He is getting along very satisfactorily and is able to walk around in his home with the aid of crutches.

Guy Flosenzier, Sr., Route 2, Culver, was taken to the Osteopathic Hospital in South Bend on Tuesday, Jan. 30, after suffering a fractured foot in a freak tractor accident. Surgery was performed on Thursday and Mr. Flosenzier is reported getting along satisfactorily. His room number is 524.

# Senator Capehart To Speak At Plymouth G.O.P. Dinner Friday

SENATOR HOMER E. CAPEHART

Indiana's outstanding senior United States Senator, Homer E. Capehart, one of the most able men in the Congress in recent years, will highlight the G.O.P. Lincoln Day dinner set for Friday, Feb. 9, at 6:30 p.m. at St. Michael's School Auditorium at Plymouth, as guest speaker.

Elected to the Senate in 1944, Senator Capehart has battled through the years for the taxpayers, farmers, and those in the lower income brackets.

This distinguished Senator has also had long experience in industry and finance. His first enterprise was a manufacturing corporation which he organized in his native Indiana in 1928.

### Ancestry

Senator Capehart was born near Algiers, Ind., June 6, 1894, the son of Alvin Thomas and Susan (Kelso) Capehart. His father was a tenant farmer. The Senator was educated at county schools and high schools in Washington, Ind., and Polo, Ill. For some time thereafter he worked at odd jobs.

Soon after the United States entered the first World War, he enlisted in the U.S. Army, into which he served for 27 months. He was honorably discharged in 1919 with the rank of Sergeant.

### Business Experience

During 1919-21, he was special representative and traveling salesman for the J. L. Case Plow Co., Racine, Wis. In the latter year he organized an advertising agency in Green Bay, Wis. He was sales manager of Holcomb & Hoke Manufacturing Co., Indianapolis, Ind., which position he resigned in 1928 to organize the Capehart Corporation in Huntington, Ind. In 1929 he moved the business to Fort Wayne, Ind. In 1933 he became vice president of the Rudolph Wurlitzer Co. of Cincinnati, Ohio, and North Tonawanda, N. Y.

In 1932 he founded the Packard Manufacturing Corp., Indianapolis, Ind.

Immediately after the entry of the United States into the second World War, its plants and facilities were converted to the production of war materials, chiefly parts for tanks, airplanes, and 30-caliber carbines.

During the war period he purchased the Duralo Tool Works,

Danville, Ind., and the Niagara Stamping and Enameling Co., Indianapolis, as additions to the Packard organization. During the war the Packard Manufacturing Corp. received five Army-Navy E awards for excellence in war production.

In addition to manufacturing operations, Senator Capehart has been active in large-scale civic, political and patriotic drives, as well as in operating a 2,000-acre farm in Daviess County, Ind. It was on this farm, near Washington, Ind., that he gained nationwide attention by his sponsorship of the Republican "Cornfield Conference" in 1938.

### Senate Record

In 1944 he was elected to the U. S. Senate on the Republican ticket. He was reelected in 1950 and again in 1956.

Senator Capehart was chairman, during the 83rd Congress, of the important and powerful Committee on Banking and Currency of the Senate. In the 84th Congress, he became ranking Republican Member of the Banking Committee, and retained his membership on the Senate Committee on Foreign Relations. In addition in the 85th Congress he assumed a membership on the Government Operations Committee.

Senator Capehart was for many years a Member of the Senate Committee on Interstate and Foreign Commerce. He has been either chairman or a Member of many important subcommittees and was the first chairman of the Special Committee on Small Business created in the 80th Congress. He is presently the ranking Republican Member of the Joint Committee on Defense Production.

Senator Capehart made an outstanding record as chairman of the Banking and Currency Committee. In that capacity, he has been the author of many laws vitally affecting the Nation's economy, including the vast network of housing legislation.

In this connection, the Senator directed over a period of many months the investigation of irregularities in the Federal Housing Administration. At the same time, the Senator initiated a vast study of methods to facilitate in-

# Zoning Rules To Be Studied By Committee

By A. R. McKESSON

Acting upon the suggestion of the Zoning Board, the Town Board has set up a new and extraneous committee to explore the possibilities involved, and to recommend any needed changes and emendations to our present Zoning Ordinance.

There has recently been no little comment and criticism relative to the original Zoning Ordinance. In fact some local citizens petitioned the Town Board to toss the whole thing out the window.

This new move on the part of the Town Board, represents a more moderate view quite commonly held, that we should preserve and maintain basic zoning, but with such alterations and improvements, as would make it both more palatable and more equitable and fair to all citizens involved and affected by it. With two years experience in its operation, certain points of improvement have become obvious.

The following citizens have kindly agreed to serve and help in this matter: W. O. Osborn, Gene Williams, Robert Rust, Dr. Oscar Wesson, and Wayne Mattox. It is hoped by the Town Board that these competent citizens will be able to come up with such alterations and recommendations, that we shall have a Zoning Ordinance which we can all live with, abide by, and support.

ternational trade.

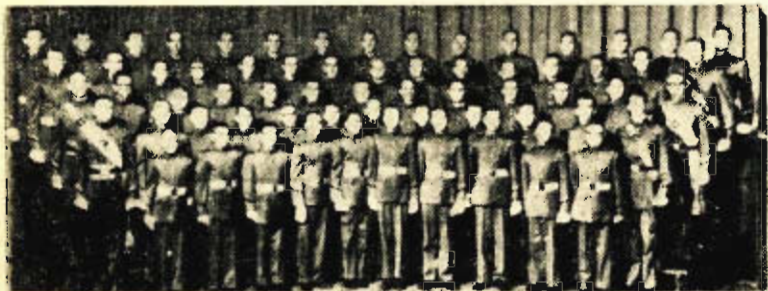

In religion he is a Lutheran. He was married in Wrightstown, Wis., Jan. 19, 1922, to Irma Mueller, daughter of Charles W. Mueller of that village, a banker.

He has two children: Homer Earl, Jr., an attorney in Indianapolis, and a daughter, Mrs. James C. Pearson, Jr., Chevy Chase, Md.

Another son, Thomas C. Capehart, Indianapolis manufacturer, was killed in the crash of an airliner in Montego Bay, Jamaica, in January, 1960.

## C.M.A. Choir To Appear On Sunday Evening Club Program In Chicago

THE CULVER MILITARY ACADEMY choir which will sing at the Chicago Sunday Evening Club at Orchestra Hall on Sunday, Feb. 11, also appears during twice-weekly non-denominational services at the Academy's Memorial Chapel. It is made up of high-school age boys from many parts of the nation. The Feb. 11 program will consist entirely of sacred music and will begin at 7:30 p.m. (CST)

## Performance To Be Telecast At 7:30

The Cadet Chapel Choir of Culver Military Academy will appear on the Chicago Sunday Evening Club program at Orchestra Hall on Sunday, Feb. 11.

The 46-voice choir, directed by Terrance A. Anderson, will be heard in a 20-minute program of sacred music to be telecast over Channel 11, Chicago's educational station. The WTTW telecast will begin at 7:30 p.m., Central Standard Time.

Non-sectarian worship services will follow at 8 p.m. in which James A. Jones, president of Union Theological Seminary, Richmond, Va., will speak on the topic: "Strength for Renewal." This year marks the 55th season of the Chicago Sunday Evening Club, organized in 1907 to maintain a service of Christian inspiration and fellowship in the business center of Chicago.

Milford H. Myre, Academy organist, will accompany the Culver choir in its second of four concerts during the current academic year. The choir will sing later this year at the National Cathedral, Washington, D.C.

The choir is composed of high school-age boys who sing during weekly non-denominational services at Culver. Included among the cities in which the choir has sung, since the inception of annual tours in 1951 are St. Louis, Chicago, Columbus, Ohio, South Bend, Indianapolis, Detroit, and Washington, where the Culver students sang for former President Dwight D. Eisenhower during services at the National Cathedral.

Anderson, who was born in Minneapolis, was graduated from the University of Wisconsin in 1958 and received his Master of Music degree from there in June, 1960. He was granted a Rockefeller Foundation Scholarship to the Berkshire Music Festival, Lenox, Mass., in the summer of 1958. Anderson served as assist-

ant director of choruses at the University of Wisconsin and was appointed to the music department at Culver in September.

The Program for the Culver choir is: "Gloria In Excelsis Deo," Martin Shaw; "We Pray To Thee," Giovanni da Pelestrina; "Salvation Belongeth To Our God," Paul Tschesnokoff; "Cantate Domino," Hans Leo van Hasler; "Grant Us To Do With Zeal," J. S. Bach; "All Glory Be To God" (Gesangbuck 1539), Valentin Schumann; "Behold Now, Praise The Lord," Joseph Clokey; and "Zion Hort die Wachter Singen," Dietrich Buxtehude.

## Purdue Glee Club Coming To Eppley Friday Evening

## Faculty To Stage Play Feb. 14

Purdue University's 74-voice Varsity Glee Club will appear in the Concert-Theater Series at Culver Military Academy at 8:15 p.m. Friday, Feb. 9.

The Purdue singers are one of many outstanding musical organizations to appear at Culver since the Concert-Theater Series began three years ago. The concert will be attended by the Academy's corps of 838 cadets, 100 faculty members, and the general public.

Directed by Dr. Albert P. Stewart, the Purdue Glee Club is recognized as one of the most outstanding organizations of its kind in the country. It has appeared before large industrial and civic groups, and has been presented on all major radio and television networks including the Ed Sullivan Show.

Featured as part of the Glee Club are soloists Holger Schmidt-Hamann, bass-baritone; Rick Ahrens, novelty soloist; David Cochard, narrator-soloist; and the Griffith Brothers Trio.

William J. Martin, director of theater, announced that tickets are available to the general public. Mail and telephone orders may be placed with Martin, Culver Military Academy, Culver, Ind. (Telephone Viking 2-3311, extension 303).

## "Yew Trilogy" To Be Staged February 14

The public has been invited to attend a Feb. 14 production of three new plays written by Culver Military Academy English instructor, Harvey Firari.

Firari's new work, the "Yew Trilogy," will be given at 8 p.m. in the Eugene C. Eppley Auditorium. No admission fee will be charged.

Directed by William J. Martin, the production will include three one-act plays "The Last Satyr," "Farewell Little Mongie," and "Yew." Academy faculty members having been rehearsing the play since Jan. 11.

In late cast changes, W. J. MacQuillan and Charles Minegar have been selected for roles and Richard Gimbel will not appear.

Miss Johnye Lu Sipes Speaks Nuptials  
With Paul David Winkelman In Huntington

MRS. PAUL D. WINKELMAN

St. Peter's Evangelical Lutheran Church in Huntington, Ind., was the scene of the four o'clock afternoon candlelight wedding on Saturday, Feb. 3, which united in marriage Miss Johnye Lu Sipes, daughter of Mr. and Mrs. C. Art Bennett, 704 College Ave., Culver, and Paul David Winkelman, son of Mr. and Mrs. Ottomar Winkelman, 1071 Zahn St., Huntington.

Rev. William J. Schepman, performed the double-ring ceremony before the altar banked with alibodium ferns, palms, and vases of snapdragons and carnations. Carl Winkelman lighted the candles.

Herbert Seils, organist, played nuptial selections which included "The Lord's Prayer," "Always," "Because," "Whither Thou Goest," "Choir de Lune," and "Tenderly."

Given in marriage by her father, the bride was lovely in her full length gown of white bouquet taffeta enhanced with Alencon type embroidery studded with sequins and pearls. The basque bodice was fashioned with a scalloped scoop neckline and long tapered sleeves. Symmetrical crushed bouquet taffeta formed the cummerbund and drape of the flat front skirt. Folds of taffeta swept into a chapel train. Her bridal bouquet was fashioned of white hyacinths on a white Bible. Her short bouffant veil of illusion fell gracefully from a pearl and crystal crown headpiece. Her only jewelry was a pearl pendant.

Miss Sue Geiselman was bridesmaid. Her powder blue gown featured a lace bolice with sweetheart neckline and short shirred sleeves and topped the bouffant chiffon skirt. She wore a blue crystal crown headpiece with short scalloped veil, long white gloves, a pearl pendant, and carried a floral arrangement of pale yellow and white carnations with

white hyacinths.

Richard J. Winkelman was best man and David E. Winkelman and William F. Winkelman were ushers.

For her daughter's wedding, Mrs. Bennett selected a blue wool jersey sheath with matching jacket and black accessories. The bridegroom's mother chose to wear a cocoa embroidered organ-dy sheath with black accessories. Both mothers wore corsages of yellow and white carnations.

A reception for 150 guests was held immediately following the ceremony at the Isaac Walton League Clubhouse, Huntington and carried out the bride's colors of blue and white. The four-tier wedding cake was baked and decorated by the bride's mother. Presiding at the serving table were Mrs. Fred Winkelman, Mrs. Paul Stensel, Mrs. Wilbur Geiselman, Mrs. David Winkelman, Mrs. John Septer, Mrs. Walter VonEhr and Mrs. Ronald Dopel, both sisters of the bride. Miss Judy Winkelman presided at the guest book.

For their wedding trip south the new Mrs. Winkelman selected a green ensemble and added black accessories and the corsage from her bridal bouquet.

Upon their return from the honeymoon the newlyweds will be at home at 1010 1/2 Charles Street in Huntington where the bridegroom is employed by the Erie Lackawanna Railroad.

The bride is a 1958 graduate of

## Home Demonstration Club Enjoys Friday Meeting With Mrs. J. Richard Behmer

Mrs. J. Richard Behmer was hostess at a carry-in dinner meeting for 26 members and three guests of the Culver-Union Township Home Demonstration Club in her beautiful new country home on Friday, Feb. 2.

Assisting hostesses were Mrs. Louis Base and Mrs. Bernard Miller.

The afternoon meeting was opened by the president, Mrs. Harry Leffert, who read the thought for the month.

Mrs. Dessie Blanchard read part of the tenth chapter of the Book of Acts. This was followed by prayer.

The club creed was repeated by the members and the song of the month, "The More We Get Together," was sung.

The birthday song was sung to Mrs. Fred Plantz, Mrs. William Easterday, Mrs. Gertrude Behmer, and Mrs. Hattie Kruger.

Roll call was answered by members naming the U. S. presidents they considered the ablest.

Plans were made to have a silent auction at the March club meeting which will be with Mrs. Whitney Kline.

Mrs. Guy Davis and Mrs. Ferris Zechiel gave a lesson on new sewing techniques.

Announcement was made of the May breakfast set for May 1 at the Church of the Brethren at Plymouth, the program of which will be a style show.

Home Demonstration Week will be April 30-May 6.

The meeting was closed with the club prayer.

# how do you dry clothes in winter?

...OUT IN THE COLD?

IN THE BASEMENT?

THERE'S ONLY ONE GOOD WAY TO DRY CLOTHES IN THE WINTER... OR YEAR 'ROUND, FOR THAT MATTER... THAT'S WITH A WONDERFUL AUTOMATIC GAS CLOTHES DRYER.

## GET A GAS DRYER

IT DRIES CLOTHES FASTER. No other dryer can match the speed of a Gas Clothes Dryer. It's the only one that dries your clothes as fast as your automatic washer washes them.

IT DRIES CLOTHES BETTER. Because a Gas Clothes Dryer dries faster, it is better for drying woolens... especially blankets. Also, speedy drying gives clothes longer life.

IT DRIES CLOTHES CHEAPER. Clothes dry in a Gas Dryer for an average of one cent per load. This is only one-fourth the operating cost of other dryers. Then too, no costly wiring is required for a Gas Dryer.

let us prove a **GAS DRYER** is the one for you!

## Services Today For Harry Rock, Retired Farmer

Services are being held this afternoon at 2 p.m. in the Foster and Good Funeral Home in Rochester for Harry E. Rock, age 73, Route 5, Rochester, who died Sunday evening in Woodlawn Hospital in that city.

Mr. Rock, born July 9, 1888, in Kosciusko County, had been a farmer all his life and had resided in Cass, Fulton, Pulaski, Kosciusko, and Starke Counties. He lived for a number of years in the Zion community.

On March 6, 1927, at Winamac, he was married to Mary Warmbrod, who is a sister of the late Mrs. John Newman. His wife survives.

Other survivors are four daughters, three sons, two sisters, and a brother, Howard Rock of Monterey, and 23 grandchildren.

Rev. Glen McCutcheon, pastor of the Richland Center Methodist

Church, will officiate at the services. Having been a veteran of World War I, graveside military rites will be conducted by the American Legion at the Zion Cemetery southwest of Culver where interment will be made following the services at Rochester.

## Myrtle Bickel, Former Resident, Dies At Age 85

Mrs. Myrtle Bickel, 85, former Culver resident, died this morning, Wednesday, Feb. 7, in the home of a relative in Plymouth.

Survivors include two daughters, Mrs. Alma von Ehr of Aurora, Ill., and Mrs. Mabel Osborn of Ober; a son, Edward Bickel, of Plymouth; four grandchildren; and three great-grandchildren. Warren Bickel, 521 N. State St., Culver, is a grandson.

Services will be held at 2:30 p.m. Saturday at the Easterday Funeral Home. Burial will be in Burr Oak Cemetery.

# Indians Suffer Double Defeat Over Weekend

## To Meet New Paris Here Friday Night

By EARL MISHLER  
The Culver Indians stumbled through another rugged weekend, losing to Nappanee, 78-45, Friday night, and to Plymouth, 72-55, Saturday. The double defeat ran the Indians' season record to 3-14, with three games remaining before the sectional.

At Nappanee on Friday, the hot-shooting Bulldogs exploded for 26 points in the second quarter, hitting 9 of 10 field goal attempts at one stretch. Culver, extremely cold from the floor themselves, could not cope the run-and-gun tactics of the hosts. With three minutes left in the first half, Nappanee coach Keith Dougherty emptied his bench after the Bulldog regulars had built up a 35-10 lead. At halftime, it was 39-14.

The Indians looked better in the second half, but couldn't muster enough offense to overcome the huge deficit. Jim Carter fouled out in the third quarter and Tom Boswell was forced out of action with a leg injury. The loss of their two senior stars hurt Culver's already-slim chances of a comeback. The Nappanee reserves again came in with six minutes left.

Sophomore guard Sam Lowry led Culver with 12 points, while Carter added 11. Jerry Lambert was the hottest Bulldog, scoring 20, followed by Todd Lehman and Bob Berger with 16 and 13, respectively.

The annual battle between ancient rivals Plymouth and Culver, held here Saturday night, was not typical of the great, tradition-filled series. The Pilgrims, starting four six-footers, raced away to a 17-10 first quarter lead. The county-seat crew, winners of only one game previously this season, completely dominated the defensive backboard, allowing Culver only one shot at a time. The Pilgrims got hot from the field in the second quarter, led by 6'0" senior guard Fred Perry, and raced to a 37-21 halftime lead.

With Boswell leading the surge with steady scoring and outstanding rebounding, the Indians crept to within 10 points of the Pilgrims. But Perry's outside gunning and the tremendous overall height advantage of the Pilgrims (6'1" average to 5'10") proved too much for Coach Gene Crosley's crew to overcome.

Perry's 25 points led all scorers, while Boswell, playing probably his finest all-around game of his senior year, hit 23 for Culver. Paul White and Jim Carter added 12 each.

Culver's Papooses played two fine B-teams, losing to Nappanee, 41-36, and Plymouth, 48-31, Friday night, mighty-mite freshman guard Jim Lewis scored 11 points and played such a fine floor game that Coach Crosley allowed him to dress for the Varsity game. Dave Lemar led the losing cause Saturday with 12 points.

Lewis and Lemar, along with Jim Boswell, Jim Weirick, Doug Lindvall, and Paul Liette, comprise the basis of this year's Freshman team, which needs one more victory to complete an undefeated season. The play of the frosh has been the brightest spot in an otherwise dismal season.

Next Friday, Culver plays host to another powerhouse, the New Paris Cubs. The Elkhart County squad has lost only twice, once to Goshen and once to Concord. The B-Team game starts at 6:45 p.m. (EST). On Tuesday, Feb. 13, the Indians will meet Winamac here at 6:45 (EST).

### MRS. MARY ALLEN ATTENDS ART EXHIBIT

Mrs. Mary Allen, West Shore Drive, Culver, attended a reception and special showing Saturday of the first Regional School Arts exhibit held in South Bend.

Four hundred pieces of art from schools in Northwestern Indiana and Southwestern Michigan were submitted. Of these 160 were chosen for the exhibit, with 41 pieces being awarded the special recognition of gold keys. The gold key award signifies the finalists — whose work can go on to New York for the National exhibit in May.

Mrs. Allen was pleased to see three of her students from Plymouth Community schools represented. Andy Baker — 8th grader at Lincoln Junior High received one of the 41 coveted gold key awards. Two high school pieces were also selected for exhibit, a carved head "Warrior" and a chalk head in black and white.

# Academy Sports

Last week was one of those rare times when Culver Military Academy's athletic teams flashed to victories on three fronts without losing a sports contest.

Coach Chet Marshall's basketball team, looking ahead to Feb. 16 when the Eagles will host unbeaten North Caston (19-0), upped its record to 9-3 by winning its third and fourth games in succession last weekend. The Cadets stomped on weak Tippecanoe, 81-52, Friday and then found Highland equally powerless in a 59-39 rout.

Height played a large role in the Tippecanoe game as the Cadets whipped the visitors on the boards. The rebound trio of Dan Vance, Dave Griffith, and Joe Schluchter virtually shut out Tippecanoe, and John Teeter headed the scoring with 19 points. At Highland Saturday, Teeter again led the scoring with 20 points.

The chief task ahead for the Academy eagles will be weekend tests at Plymouth on Friday night and Whiting on Saturday here in a 6:15 p.m. game. While Plymouth has had its trouble this year, Culver has had equal difficulty winning at Plymouth. Coach Marshall is optimistic about Eagle chances from here on, which includes the Feb. 16 game here with North Caston, which could lay a 20-0 record on the line in its final regular season game.

While the basketball team rolled along with comparative ease, the Academy swimmers have provided the exciting con-

tests. Twice within a week, Eagle mermen have had to win in the clutch by sweeping relay events. Beaten 60-35 earlier last week by South Bend's tough Riley team, the Culver swimmers shaved two other meets too closely for comfort. Against Penn High School, the relay teams went all out to win the final two events and clinch the meet, 49-46. Culver's diminutive diver Clyde Alexander, a freshman, made the victory possible when he scored what amounted to an upset.

At Kokomo Saturday, the result was even closer as the Cadet mermen won their fifth meet in eight starts, 48-47. Culver trailed 31-14 at one stage of the meet, but individual victories by Tony Canlis, Mitch Fry, and young Alexander put Culver within striking distance. The relay teams once more came through to score the Academy's closest swimming victory in several years.

The Culver rifle team won its third shoulder-to-shoulder match, whipping Howe Military Academy, 1904-1864. It was the second time this season that Culver has beaten Howe. Leading marksmen were John Fletcher, with 387 out of a possible 400; Dave Dabney with 386, and Mike Gambel with 379.

### ELMER G. WHITE NAMED PRESIDENT OF AMATEUR FENCERS LEAGUE

Elmer G. White, a Culver Military Academy faculty member, has been elected president of the Indiana Division, Amateur Fencers League of America.

White, coach of the Academy fencers, will head the Indiana division during the 1961-62 season. The OFLA is the organization governing all amateur fencing in the United States, and also selects national champions and U.S. teams for Olympic and Pan-American Games competition.

# Crystal Ballroom Destroyed By Fire

The Crystal Ballroom, a resort landmark at Bass Lake, was destroyed by fire Thursday night with damage estimated at \$40,000.

The fire was blamed on a faulty furnace.

Starke County and Knox fire departments battled the two-hour fire in sub-freezing temperatures.

Arnold Risner of the Oberlin city had purchased the business on Monday of last week from Mr. and Mrs. Edward Heiser of Monterey.

The fire was believed to have started around 10:30 p.m. and was well on its way before it was discovered.

Built in 1927 the building has recently been re-decorated.

Name bands played in the ballroom years ago. The building served a dual purpose as a roller skating rink and dance hall.

There have been five parties in Mrs. Melton's kindergarten. Fairlie Firare celebrated her birthday with a party on Wednesday. Others were given by Sandy Newman, Peter Cleveland, Brent Lindvall, and Jerry Tanner. Karen Parson brought cookies to share with the morning group. One tiny tot with a new red jumper dress said, "Teacher, how do you like my new jumping rope dress?" A "different" book is being used by Mrs. Melton entitled, Snow White and the Seven Drawers, for art appreciation.

Clocks were made from paper plates in Mrs. Barton's first grade room. Paul Bennett had a birthday Feb. 1.

Miss Cripe's first grade room has begun a new unit in reading which is called "Pets." They are planning to make pictures of favorite pets. For art, they have made snowmen using several sizes of paper doilies which were cut and then pasted on construction paper.

In Mrs. Allen's second grade room, the pupils made cards for Stuart Manchester who has received severe burns on his feet. They are writing stories. They have written about "How I Help at Home" and about pictures.

Patty Wesson visited Mrs. McLane's third grade room Friday, Jan. 26, and gave a very interesting story about her pen pal who lives in Korea. She showed some lovely articles that she has received as gifts from her pen pal over the years. As a result several children are writing letters to pen pals. Jimmy Stevens of Mrs. McLane's class composed this poem for Language.

## THE BOY WHO HAD TWO DOGS

I know a boy who had two dogs.

Their names were Spot and Rover.

And when a Sputnik came along.

They hitched a ride to Dover. From there they got a car to Gar.

And places far and wide.

They traveled much and saw a lot.

Before they reached their master's side.

Several children from Mrs. Carter's third grade room are missing because of colds. Mrs. Carter is reading The Bears of Blue River. In social studies they are reading about what the different clothing materials are, and in arithmetic they are now adding three figure numbers. They have enjoyed the books which they borrowed from the town library.

This week Mr. Weaver's fifth grade is continuing their study of long division. They have found that the zeros, which act as place holders, are giving them the most trouble, but practice is helping them a great deal with their division. During the past week, these students have been absent: Bonita Albert, Cleo Napier, Vicki Clinton, and Peggy Butler.

Scratch Board Being  
Used By Art Students

By Shari Croy

The high school art classes are busy investigating the possibilities and limitations of the scratch board as a drawing medium. They are studying the source of light in design and how it affects the object of interest in a picture. In scratch board drawing they are forced to draw the high lights on objects rather than the usual shadows one put in a pencil drawing.

The seventh grade is sketching objects in perspective. They are applying the six basic shapes to the objects they are attempting to draw and therefore simplifying the problem. This aids the students in seeing the direction of the parts and the size relationship within the whole. This method assists the student in where to start and the direction of the means of the end.

"The Water Fowl By Bryant  
Everyone, at one time or  
another, becomes discouraged  
and depressed about something.  
It may be his future, as was Bryant,  
or it might be any number of  
other things. At times such as  
this we need someone or some  
thing to give us help and the  
courage to continue.

From the time we are babies  
until the time we are adults and  
on our own, we depend upon our  
parents and our home for almost  
everything. When we are very  
young, they feed us, clothe us,  
and protect us; they do everything  
for us. As we grow older,  
we gradually begin doing some of  
these things ourselves. Still, we  
always know that Mom and Dad  
will be there when we need help.

What about the time when  
Daddy and Mother are gone, or  
when we are away at college?  
Whom do we depend on then?  
Thus we see that while we are  
yet relying on our parents, we  
must also be building a faith in  
something stronger, a faith that  
will be with us whenever and  
wherever we need it.

We should build this stronger  
faith in God. Just as He guides  
the bird on its long, lonely flight,  
He will lead us in the right way.  
He cares about each one of us  
and will protect us. "Have not I  
commanded thee? Be strong and  
of a good courage; be not afraid,  
neither be thou dismayed; for the  
Lord thy God is with thee  
whithersoever thou goest." Joshua 1:9

When we become discouraged  
and uncertain, we should look to  
God for the strength and understanding  
comfort that we need.  
He is always ready and willing to  
help us.

Students Reveal  
Their FutureBy Judy Kimmel and  
B. J. Lawrence

This week we decided to ask some of the students of Culver High School a question about the future. No, we aren't probing, just trying to find out some of their plans. We asked them, "What do you think you will be doing in ten years?"

Carol Overmyer — Probably working in some large city.

Betty Everett — I hope I will be working in a library for an art museum.

Diane Boots — I hope to be an airline stewardess.

Bonnie Good — I hope to be teaching home economics in some school.

Kay Overmyer — Je veux a marriage un certain garcon dans Culver lycee. (We think she means that she wants to marry a certain boy in Culver High School.)

Vickie Lutz — I hope to be a beautician and a housewife along with it.

Brenda Baker — I hope to be working in some hospital or an art school.

Thad Overmyer — I hope to be in school.

Judy Kimmel — I hope to be either an airline stewardess, a model, or maybe I'll be waiting for something!

B. J. Lawrence — I hope to be making my fifth million.

Arnie Curtis — I won't be digging ditches.

Tom Yocom — I'll be trying to pass French and make the varsity.

Jim Weirick — Riding some boxcar on the "Southern Pacific."

Paul White — Winning all of our basketball games.

Lucy Osborn — I hope to be married to a millionaire.

Beverly Barshes — I hope I'll

be finished with college and have a modeling job in Paris.

Jane Baker — Looking for the right one.

Bob White — Looking for a good horse. (What?)

Margo Overmyer — I hope to be an R.N. who is married to a fine doctor.

Thank you for all of your innermost thoughts. We hope that in ten years all of your dreams have come true.

Can You Guess  
Mystery Guest?

By Pat Lutz

Our mystery guest this week is a five foot, four inch, brown-eyed, brunette, Senior girl. She was born in Argos June 7, 1944, and raised in our own town of Culver. She is a great lover of pizza, but loves to eat any other kind of food. Although she looks swell in any color, her favorite color is red. I found her pet peeve to be teachers who give tests all in one day. Basketball tops her list of sports, and in the bleachers you will always hear her yelling to her team for a victory. My next question was a little more trying for our mystery guest, but she finally came up with her favorite teacher being Mr. Lawson and her favorite subject being Senior Mathematics. For passing time she enjoys watching television, ice skating, and swimming. This girl is active in Sunshine, and is also active in Senior Band, where she plays the clarinet. If you haven't guessed our mystery guest by now, then this last clue will surely give away her identity. She is secretary of the Senior Class. Have you guessed her? If not, she is Jane Ann Thomas.

# The Schoolbell Observes Its 30th Anniversary

By Tom Yocom and Betty Everett

This year our Schoolbell is thirty years old. We thought it might be interesting to let you see how The Schoolbell has changed in those 30 years. The following items are from the first Schoolbell published.

The staff for that year was as follows: Editor-in-Chief, Margaret Swanson; Ass't Editor, Glen Mikesell; News Editors, Martha Long and Jack Overmyer; Sports Editors, Jeanne Scott and Wilber Geiselman; Society Editors, Margaret Zechiel and Mary Alice Robbins; and Faculty Advisor, Robert Rust.

The reporters were Senior, Margaret Annis; Junior, Samuel Long; Sophomore, Opal Mikesell; Freshman, Tommy Lindahl, Eighth Grade, Billy Hamilton; and the Seventh Grade, Erma Jean Cromley.

As we discovered C.H.S. played round ball then. This was the line up for the Culver-Valparaiso game:

Scruggs and Geiselman, forwards; Miller, center; Tomassi and Schweidler, guards; and Benedict, forward.

The score by quarters was: Culver — 2, 9, 9, 16; Valpo — 8, 22, 28, 39.

The Girls' Glee Club was again organized that year under the supervision of Miss Martin the music director. The officers were: President, Margaret Swigart; Vice President, Annabelle Lake; Secretary-Treasurer, Mary Amanda Jones; Librarian, Ruth Smeltzer; and Accompanist, Margaret Annis.

The Culver Hi-Y was also organized and held its first meeting on Sept. 14. The officers for the year were: Joe Schweidler, President; Samuel Long, Vice President; Thomas Wooldridge, Secretary; and Madison Scruggs, Treasurer.

These names may bring back some very fond memories, and we hope they do. Above all, we hope that these people, who were members of our school, are living happy and successful lives.

## Sophomore Boy Is Shadowed

By Larry Linhart

The Shadow this week is on the trail of a very busy and active Sophomore boy.

When he arrived in the morning, he went to the Music Building to work on his sax quarter for the instrumental contest, Saturday, Feb. 3, in Plymouth.

From there he went to English class where he listened intently to Mrs. Smith relate a part of the poem "Lee" by Benet.

He then journeyed to the study hall with a pass to the band building to accompany a soloist for the contest.

Third period we find him in plane geometry concentrating on how to measure an arc in a circle. Fourth period he is to be found in study hall where he is eagerly awaiting the ringing of the bell, so he can go to "chow."

During the noon hour, I lost track of him, but I found him fifth period in the band building warming up for band. During band he listened to other groups rehearse for the contest.

He then went to French class where he listened to a discussion about the homework assigned the previous day.

Seventh period we find him with knicker fingers warming up on his typewriter, after finishing this, he started on the assigned lesson for the day. By this time of day, he was probably pretty well beat.

Last period he staggered into chorus to "see-up" his vocal chords. Singing almost all period, he was glad to be dismissed. This time of day we can find him warming up for basketball practice. (Varsity.)

In case you haven't guessed who our suspect is this week, it is Paul White.

Just one word of caution—Beware, for next week the Shadow may be following you!

## Seniors Prepare For Graduation

By Vickie Lutz and Barbara Hatten

The Seniors are busy making plans for their graduation. They have been measured for their caps and gowns, filled out the names for their diplomas, and are paying for their invitations.

The Juniors would like to thank all the people who came to the dances and they would like to invite everyone to come to the last dance of the season on Feb. 9. They have decided on a date for the Ham Supper. They are considering bands for the Junior Prom.

The Sophomores are having a fudge sale Friday, Feb. 2.

The Freshmen held a class meeting on Friday, Jan. 26. It was voted that class dues shall be \$1.00, and shall be paid as soon as possible. They had a fudge sale Friday, Jan. 26, and were quite pleased with the profit.

The Eighth graders are excited about and looking forward to the instrumental contest Saturday, Feb. 3. Good luck to all of you. In art class, the students are working on objects with bases of cubes, cylinders, and cones. Class dues are 75 cents.

## Varsity Members Attend County Cage Dinner

By Dave Frain

On Thursday, Feb. 1, the Culver Freshmen and their coach, Gene Crosley, will journey to Argos and meet the Argos Freshmen in a battle to try and uphold their winning streak. The results of that game will be in next week's Sports News.

On Jan. 24, the Culver Varsity team members and their coach, Gene Crosley, went to Argos to attend a banquet for all teams that participated in the county tourney. This banquet was sponsored by the Plymouth Pilot News. Several boys were voted the best players at the banquet with Tom Boswell of Culver and Jim Carter, runner-up for Culver. Deane Walker, a well known educator, former teacher and coach, gave a very fine and interesting talk to those attending.

## Contests Are Keeping Indian Musicians Busy

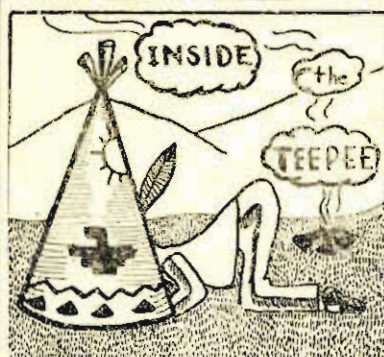

By Anna Lutz

Congratulations to all students who participated in the Piano-Vocal Contest, held at Mishawaka Penn High School, Jan. 27. The outcome certainly looked good for our high school musicians. Out of the first ratings, thirteen will be participating at the State Contest Feb. 17.

The Senior High School Chorus is busy practicing for the County Music Festival.

The Junior Band is busy working on music for the Solo and Ensemble Contest which is to be held at Plymouth, Feb. 3. Good

luck to all these students who are participating in the contest. We're sure the outcome will be good.

By Mary Jane Guise and Donna Smith

Well, well! Here we are back again for another week in the beloved halls of C. H. S. with our noses to the old grindstone. Let's see — what's new? Hmmm. Only three months and twenty-three days until school is out. Put that little thought in your little minds and contemplate for a while — we mean really think about it — meditate! Pretty unbelievable isn't it? Pretty darn wonderful when you come right down to it — in fact, positively overwhelming! Well, down to business.

It has been brought to our attention by alert eyes that several Seniors have been missing at very convenient times, say during economics test. Where could they have gone in such vast numbers? Sounds like the herd instinct to us.

Joe Rosebaum has been having quite a time of it all with his parents in Florida. Everybody turns green with envy at the thought of their parents going to Florida —

## Dodd Stacy Wins Bausch and Lomb Science Award

W. Dodd Stacy, a senior from Takoma Park, Md., has won the Bausch and Lomb Honorary Science Award Medal at Culver Military Academy.

Stacy, top-ranking cadet academically in a senior class of 197, will receive the Bausch and Lomb medal at commencement exercises in June. He is also eligible to compete for the annual science scholarships sponsored by Bausch and Lomb Inc. at the University of Rochester.

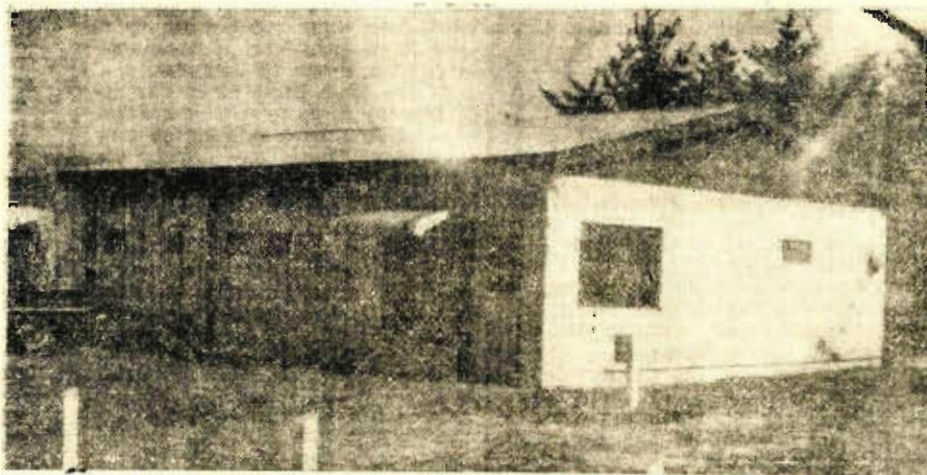

Bausch and Lomb provides for three or more Science Scholarships, with a flexible stipend based on need, and with a total four-year value of \$21,600. Only winners of the Honorary Science Award are eligible to compete for

the Science Scholarships. In the 18 years that this program has been in effect, 67 young men and women have been enrolled at the University of Rochester under the Company's Science Scholarships. In addition, because of the high caliber of the contestants, the University has awarded other scholarships of comparable value to 102 runners-up.

Stacy recently was honored for his academic standing through an early election to the Culver Chapter of the Cum Laude Society. He is only the third Culver cadet to be honored by an early election to the society.

Stacy also holds many other honors. He is president of the senior class and commander of the Four-Gun Drill, honor organization of the artillery. Stacy holds the rank of artillery battalion commander, one of the highest positions in the corps of 838 cadets.

# Seeks Nomination For Prosecuting Attorney

EUGENE N. CHIPMAN

Eugene N. Chipman, Plymouth attorney now serving a tour of active duty in the Navy, announced today that he will seek the Republican nomination for prosecuting attorney of Marshall County in the May primary.

A native of Plymouth, Chipman is a partner in the practice of law with his father, Albert B. Chipman, and in the real estate firm of Chipman, Jenkins, and Chipman.

Recalled to active service Oct. 1, following the callup of military reserves in the wake of the Berlin crisis, Chipman is presently serving as a pilot with the rank of lieutenant commander in a Navy anti-submarine air squadron. Based at the Sand Point Naval Air Station near Seattle, Wash., he will be released from duty in the summer or early autumn, at which time he will return to Plymouth to take up his campaign for prosecuting attorney.

"I regret that I'm unable to be in Plymouth at this time," Chipman said when contacted in regard to his candidacy. "But I'm looking forward to returning and, if nominated will be on hand to campaign in the fall."

Chipman attended Washington and Lincoln schools in Plymouth and, after graduation from Culver Military Academy, studied for a year at the University of Michigan. Then, on appointment by Robert Grant, now federal judge of Northern Indiana, Chipman entered the U.S. Naval Academy at Annapolis, Md. He was commissioned in 1950, having distinguished himself by being selected for listing in "Who's Who in American Colleges and Universities." An outstanding athlete, participating in basketball, track

and the eight-oar shell crew, was also selected for the Athletic Halls of Fame at both the Culver and Annapolis Academies. He received All-American honors as a shell crewman during his final year at Annapolis.

After flight training at Pensacola, Fla., Chipman served aboard the aircraft carriers USS Gilbert Islands, Mindoro, Valley Forge and Leyte, and then did a tour as flag lieutenant and aide to the commander of the anti-submarine forces of the Atlantic fleet.

Released from active duty following a six-year stint in the Navy, Chipman entered the Indiana University School of Law, from which he received a degree in 1959. He is a member of the American, Indiana and Marshall County Bar Associations, and during 1959-60 was chairman of the Marshall County Young Republican organization. He also served as chairman of the board of the First Methodist Church of Plymouth.

Chipman and his wife, Ida, are the parents of four children: Susan, 11; Nelson, 7; Bryant, 4; and Kelsey, 2.

By David Kelly, Scribe

A Board of Review and a Troop uniform inspection was held on Monday, Feb. 5. Twenty Scouts were present to see a conservation film on fishing. Four boys passed a rank before the Board — David Kelly, Life; Steve Bocoock, First Class; Tony Mars, Second Class; and David Crabb, Second Class. Greg Easterday passed his Tenderfoot requirements.

Be sure to see our window display shown through Scout Week at Kline's TV & Appliance store.

David Kelly is filling the bird feeders this week. Steve Bocoock will fill them next week.

All Scouts should meet at the church Saturday, Feb. 10, at 1:00, in uniform, to go to the parade and movie at Plymouth.

The Scoutmaster wishes that all Scouts attend Scout Sunday services at the Culver Methodist Church. Meet at the front door of the church at 10:30 Sunday morning. Let's show our sponsoring institution that we are strong in numbers!

Next week there will be a Court of Honor at the Methodist Church Fellowship Hall. Parents and friends of the Scouts are invited to come. All local ministers are welcome. There will be a potluck supper beginning at 6:30. The Court of Honor will follow. All who are attending the supper should bring a meat dish, a side dish, and their silverware and plates. Highlight of the evening will be the presentation of three Life ranks and a Star rank.

Wear your uniform everywhere during Boy Scout Week, Feb. 7-13!

## COUNTY CIVIL DEFENSE HEALTH SERVICES DEPT. MEETING SCHEDULED

Dr. Otis R. Bowen, director of the Health Services Department of the Marshall County Civil Defense, has announced that there will be a meeting of the Health Services Department at the Plymouth Armory at 7:45 p.m. on Monday, Feb. 12.

The public is invited to attend the meeting and to see a film on the emergency Civil Defense Hospital Unit. Our county has one of the units.

Personnel requirements, and the table of organization for our county unit, will also be discussed.

## Advancement Ceremony Held For Cub Pack

Culver's Cub Pack No. 290 held their monthly pack meeting in the Methodist Church's social room Tuesday evening, Jan. 30, with a large member of cubs and their families enjoying a varied program.

The newly organized Webelo Den opened the affair with presentation of the colors and lead the audience in singing the National Anthem. Attendance was then taken and Den 11 and 12 won the ribbon for the best percentage.

Assistant Cubmasters Norman Baker and Hugo Anderson helped Cubmaster Wayne Mattox conduct an advancement ceremony for 23 Cubs. Winning their Wolf badges were Bruce Anderson, Robert Bean, Mike Powers, Dennis Mackey, Daniel Artist, Louis Martin, John Houghton, Gary Yeazel, John Adams, Larry Wieringa, James Stevens, Dexter Funk, and Rodney Stubbs. James A. Baker, David Campbell, Bruce Anderson and Mike Powers also received arrow points for their achievements in the Wolf rank.

David Hoessel and Billy Wieringa were advanced to Bear rank and Steve Hoessel and Richard Brown won arrow points as Bears.

Michael Stevens was advanced to Lion rank with a gold arrow point and Martin Easterday was awarded a silver arrow point on his Lion rank.

Lee Eskridge, Michael Stevens and Steve Ringer were graduated to the Webelo Den and were presented with Boy Scout handbooks.

Den 11 and 12 presented a well planned and executed skit about "Knights of Yore," which was the theme of the month.

In a hilarious "shoe scramble and crab walk" contest, Den 11 and 12 made a complete sweep of affairs by winning this competition also.

Den 6 closed the meeting with an appropriate ceremony.

## My Neighbors

Morning Worship 10:30 a.m.  
The spiritual significance of events in the life of the Apostle Paul will be brought out at Christian Science church services this Sunday.  
Keynoting the Lesson-Sermon on the subject of "Spirit" is the Golden Text from 11-Corinthians (3): "Where the Spirit of the Lord is, there is liberty."  
Paul's enlightenment is emphasized in reading from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including this citation (p. 321): "When the truth first appeared to him in Science, Paul was made blind, and his blindness was felt; but spiritual light soon enabled him to follow the example and teachings of Jesus, healing the sick and preaching Christianity throughout Asia Minor, Greece, and even in imperial Rome."

**INDIAN POPULATION**  
Arizona with 83,387 has the largest and Vermont with 57 has the smallest American Indian population among the 50 States, according to the 1960 Census of Population. More than one-third of the Nation's 523,591 Indians live in the three Southwestern States of Arizona, New Mexico, and Oklahoma.  
The American Indian population of Indiana in 1960, as reported by the Bureau of the Census, U. S. Department of Commerce, was 548.

Is America's drive against brucellosis bogging down?

The disease is now costing the nation's farmers and ranchers between \$25 million and \$40 million per year. At the last count, nearly half the states had not achieved the "modified certified brucellosis free status." And, even more startling, only two states were added to the list from December, 1959 through March, 1961.

To the individual dairy farmer living in an area where the disease is not under control, the cost of brucellosis can be extremely heavy. It has caused a loss as high as 25 per cent through alteration of the normal lactation periods, can result in a high abortion rate, and can cause temporary or even permanent infertility.

And brucellosis strikes swine, too, causing abortions, posterior paralysis, lameness, swollen joints and infertility.

Brucellosis is now causing \$25 million to \$40 million annual loss to America's cattle and swine owners.

One of the most baffling things to the farmer is that brucellosis can look like several other diseases which cause abortions in cattle or swine. It also resembles several diseases which cause infertility, and which cause swollen joints in swine. So, if any of these problems arise in a herd, the first step should be a diagnosis by a veterinarian . . . to determine exactly which disease is causing trouble and so the right protective measures can be taken.

For farmers interested in cleaning up brucellosis, the best thing is to get behind an "area control" program. Under this plan, farmers in an area unite to clean up the disease. Veterinarians make periodic tests of cattle, and those cattle which react are weeded out until the herds are clean. This plan, coupled with calfhood vaccination, is giving excellent results.

It is a good idea to have a follow-up program, too. This means rechecking the cattle periodically. It also means blood-testing replacement cattle, and blood-testing swine.

Motorists always should carry winter emergency equipment in their cars during the cold season, says the Chicago Motor Club. Tire chains, a bucket of cinders or rock salt, and a small shovel come in handy when you find your car bogged down by ice or snow.

## Time May Come When We Humans Will Eat Wood

(Continued from Page 1)

fall, same sunshine, same temperature, — yet yield distinct products (newsprint and potatoes.)

For my column this week let me ask why humans cannot eat wood as well as potatoes? Termites and other animals are able to do this. I believe the time will come when we humans will eat wood, though not in the form of sawdust. We cannot dissolve the cellulose in our stomachs, as certain animals are able to do. We humans must dissolve the cellulose before we put it into our stomachs.

### What DuPont Has Done

The DuPont Company of Wilmington, Delaware is making nylon from air, water, and coal. DuPont is making rayon and other products from cellulose by passing a solution of it through spinnerets to form threads ready for weaving. Its latest development is the making of synthetic leather for the uppers of shoes. Artificial leather for soles is still made by the rubber interests and is very satisfactory.

I understand that the American Viscose Corporation is now using the cellulose of trees and dissolving same into a chemical and selling the product to manufacturers of "non-fattening" foods. Later, newspapers may be used; but I believe this will be sometime in the future as newspapers are now used for making corrugated paper cartons and need not be de-inked before being made into these pasteboard cartons. I, however, do believe that sometime we will cook our Sunday newspaper after it has been de-inked and dissolved. This seems ridiculous at the present time, but it is less wonderful than what the DuPonts have already done; and others have accomplished in radio and television.

### De-inking And Other Details

Instead of burning old newspapers, Boy Scouts and others collect them for purposes above described. After the papers are chopped up and treated with chemicals, they are used for attractive packaging of all kinds of food. This is becoming so important that the best commercial artists are being employed to design these packages.

This will increase the demand for paper even before we use Sunday newspapers for our dinners! It is even possible that newspapers will use a new quality of ink that will not require de-inking when the newspaper is used for food. Let me close by forecasting that the oil companies may perform a function in solving this problem.

Sunday afternoon guests of Mrs. Trula McKee were Mr. and Mrs. Lester McKee of Brook, Ind., and daughters, Barbara of Lafayette, and Dorothy of Reisselacker, and Mr. and Mrs. Eugene Thomas and children of Culver.

The dinner was in honor of Mrs. Boetsma, Sr., who will leave shortly to spend some time with her sons, Earl Boetsma and Charles Scott, in Tucson, Ariz.

Mr. and Mrs. Herbert Blocker and family visited Sunday afternoon with Mr. and Mrs. Joan Winterrowd and family.

Mrs. Mildred Overmyer and Darold called on Mr. and Mrs. Orvin Lake Sunday afternoon. Mr. Lake has been able to attend his church services the last two Sundays.

Mr. and Mrs. Richard Hazan

and family entertained on Monday evening for the Woor Creek Conservation Club meeting and potluck supper.

Over 40 gathered at the Eldon Cowen home on Saturday evening to compliment Mr. and Mrs. Cowen with an old fashioned belting and shower. Potluck refreshments were served to conclude the evening. Arrangements were made by Mrs. Jim Johnson and Mrs. Paul Johnson of Rochester.

Mr. and Mrs. Cowen were complimented at a gathering of the Frank Cowen families at the Loren Hissong home in Argos on Sunday afternoon. The Misses Lida and Charla Cowen and Beverly Johnson served at a table centered with red carnations and decorated in the valentine motif.

## Trucking Industry Finances Third Of Road Improvements

Marshall County and its incorporated cities and towns received \$558,210.99 for road construction and improvement in 1961 through license fees and other funds paid into Indiana's Motor Vehicle Highway Account by the state's automobile and truck operators.

Statistics compiled by the Highway Planning Survey Department of the State Highway Department show that \$454,908.43 went into the county for this purpose and \$103,302.56 was allocated for road work in these urban areas: Argos \$8,875.91, Bourbon \$10,088.98, Bremen \$20,297.24, Culver \$10,327.61, Lapaz \$3,612.68, and Plymouth \$50,100.14.

Statewide this account returned \$61,847,511.44 to the state's 92 counties and 545 incorporated cities and towns for road improvement in 1961. The Bureau of Public Roads reports Indiana's trucking industry is responsible for 36.4 per cent of this highway improvement fund, or \$22,512,494.18 statewide and \$203,188.81 in Marshall County.

The account is collected through the motor fuel tax, motor vehicle fees, civil penalties, Public Service Commission fees, court fees and state police miscellaneous receipts.

After disbursements to the Indiana State Police, Office of Traffic Safety, Purdue University and to the State Highway Department, the remainder is then allocated to counties on the basis of the number of motor vehicle registrations and miles of roads and to cities solely on a population basis.

This account is over and above that paid into counties through property tax assessments each year. In the case of trucks, this amounts to more than \$22,000,000 annually, and does not include the millions paid on other truck equipment such as freight terminals and garages.

The Chicago Motor Club says that failure to yield the right of way is dangerous at any time of the year, but especially during the winter when roads and streets are likely to be slippery. The safe driver shows extra caution and courtesy by yielding the right of way even when he knows it is legally his. This kind of common sense driving pays off in an accident-free driving record.
