## Necessity For Skilled Workers Will Increase

### Advise Children To Specialize

By ROGER W. BABSON  
No. 1 U. S. Economist

Babson Park, Mass. — One of the paradoxes of recent years, and particularly during the last recession, has been the growing unfulfilled demand for specialists and highly skilled workers during a time of heavy unemployment. We don't have to look very far for the answer: There is a large segment of the labor force having little or no basic economic education, and even more who have developed no special skills. Even in the deepest part of the recession, there were over 8,000 unfilled openings in the heavy-

### Elementary Education and Specialism

I advise my readers to make their children and their grandchildren start training for special occupations early in the education game. This has been one of my theme songs, and it becomes clearer every day that the time of the specialist is upon us. Industry is still hard put — even during a period of high unemployment — to find enough trained craftsmen. For every 100 skilled men and women employed in industry today, there will be 125 needed by 1965, and 150 by 1975 — partly in spite of and partly because of the spread of automation.

The Labor Department believes that this "age of the computer" will create a tremendous increase in job openings for professional, office, and sales workers. In fact, it expects that industry will

## The Kelly Shop Now Replaces Kennedy's Store

Mr. and Mrs. Norman Kelly, 310 College Ave., Culver, have purchased the Kennedy Store at 110 N. Main St., formerly owned and operated by Mr. and Mrs. Alex Kennedy.

Mrs. Kelly will actively manage this popular women's store and Mr. Kelly will continue his association with Hatten Motor Sales.

Mr. and Mrs. Kennedy, who purchased the business from Mr. and Mrs. Earl Foreman, have operated the store for six and one-half years. They plan to sell their home in Culver and will move to Phoenix, Ariz. in the near future.

Mrs. Kelly has stated that the store will be known as The Kelly Shop. She has plans for enlarging several departments of the store and will give utmost attention to customer wants and satisfaction. She also has a long range plan for modernizing the store and building an adequate inventory to take care of the needs of Culver and the surrounding area.

Mr. and Mrs. Kelly are well known in Culver and are members of the Burr Oak Church of God. Mrs. Kelly graduated from Culver High School in 1944 and was employed at The State Exchange Bank for four years. They have three children, David, age 13; Steven, 10; and Connie, 6. Mrs. Kelly is a member of the Maxinkuckee Junior Woman's Club and is chairman of the State Penny Art Fund. Mr. Kelly is a member of the Culver Chamber of Commerce, the Culver Lions Club, and is also Lions zone chairman.

## Parent Teachers Association To Meet Feb. 20

The Culver Union Township Parent Teacher Association will hold a meeting on Tuesday, Feb. 20, at 7:45 p.m. in the High School Auditorium.

Don Davis, president, has announced a program on the Culver Public School Library which will be given by Fred Stettbacher, school librarian. There will also be a discussion on the current status of the Marston consolidation.

The Maxinkuckee Junior Woman's Club will show a ten-minute film entitled "The Strangers," which deals with integrating children who are accented by

## Girl Scouts Begin Annual Cookie Sale

The Northern Indiana Girl Scout Council's yearly cookie sale started Feb. 8. In past years, the great interest of the public to assist in the sale and to buy these cookies has enabled the Council to purchase the land for their campsite, near Three Oaks, Mich. This is the first step toward their goal for more and better camping for Girl Scouts.

This year, the goal is to further this project by starting to develop this land with the funds received from the cookie sale. There will be four varieties of cookies and in addition Junior and Senior Scouts will sell nuts and nut crunch.

This year is the 50th birthday of Girl Scouting and each Girl Scout is trying to surpass the number of cookies previously sold, in celebration of this "Golden Year."

Mrs. Margaret Prickett of Mishawaka, general chairman of the cookie committee, says "It is against regulations for Brownies or Girl Scouts to go from door to door to sell cookies. So unless a person is among those who have a Girl Scout in their family, as a neighbor or a friend, they are sure to be missed. Anyone desiring cookies should get in touch with one of the local Girl Scout leaders or call a Girl Scout and delivery will be made promptly."

## Central States Regatta To Be Held At C.M.A.

Culver Military Academy will serve as host to the 1962 Central States Schoology Regatta on May 12.

The date and site of this year's regatta were announced by Richard Canman, retiring president, following a recent meeting of the Central States Amateur Rowing Association in Chicago.

Lawrence E. BeBout, coach of the Culver crew will be handling arrangements for the regatta here, said he expects a total of possibly nine schools to enter from the areas of Chicago, Detroit, and St. Paul, Minn. In addition there will be crews from Culver and St. John's Academy, Delafield, Wis.

This will mark the first time the regatta has been held on Lake Maxinkuckee since 1957. The event was held for the last three years at Chicago's Lincoln Park Boat Club, where Roosevelt High School, Wyandotte, Mich., last May edged Culver by five seconds to annex the Central States title.

BeBout announced there will be junior and senior divisions in eight-oared shells, fours, doubles,

## Boy Scout Court Of Honor Held Here Monday

### Awards Presented At Ceremony

Culver Boy Scout Troop 290 held a Court of Honor at the Methodist Church Fellowship Hall Monday, Feb. 12, with 65 Scouts, parents and friends present. A potluck supper, which preceded the ceremonies, was enjoyed by all.

The program was opened with an impressive Presentation of the Colors and invocation by Scout Dean Smith. Troop Committee Chairman Marshall Brown was moderator of the ceremonies and spoke about the continuing advancement of the Scouts.

The Life rank was the first presentation. Committee member Robert Osborn awarded Dean Smith, Greg Dawson and David Kelly this rank. Then a talk on the Klondike Derby that was held in January was given by Dean Smith. Star rank was next given by Committeeman Sam Allen with one Scout, Fletcher Mattox, receiving this award. Assistant Scoutmaster Ronald McKee was in charge of a Scoutcraft demonstration on knot tying. Following the demonstration Committeeman Harold Bocock presented First Class achievements to Cortland Overmyer and Steve Bocock.

Then Scoutmaster Carl F. Foust gave a talk on upcoming activities. Some of the more recent that he mentioned were the overnight campout to be held March 2, 3, and 4 at Camp Tamarack in Michigan, the continuing swim meetings at the Academy pool, the district Scout-o-Rama, the district spring camporee, and Troop overnights, hikes, and canoe trips. He also stated that their conservation projects were coming along as scheduled. Boy leaders of the Troop were recognized at this time.

Court of Honor presentations were resumed with awarding of Second Class ranks to David Crabb and Tony Mars. Committeeman Wilbur Kelso then discussed and showed films of summer camp. The Troop will attend the week of June 17-23. Next, three boys were entered into the Troop by receiving their Tenderfoot rank from the Scoutmaster. They were Kent Overmyer, Kenneth Tasch and Greg Easterday. Marshall Brown then passed out 45 merit badges to the following Scouts: Dean Smith, Greg Dawson, Richard Kelso, Greg Yapp, David Kelly, Fletcher Mattox and Cortland Overmyer. A "mile swim" certificate was presented to Dean Smith from Wilbur Kelso.

A letter of appreciation from the Troop was read and given by the Assistant Scoutmaster to Sgt. Maj. Paul H. Saft for his tireless efforts the past three years as Committeeman, Committee Chairman, and Troop Treasurer. Sgt. Saft is being transferred to Korea and will be missed by the Troop.

The ceremonies were closed with the playing of Taps by Scout Fletcher Mattox.

See next week's Citizen for pictures that were too late for this issue.

### MRS. LESTER I. SMITH SUFFERS CORONARY ATTACK IN FLORIDA

Mrs. Lester I. Smith, 611 N. Plymouth St., Culver, who is spending the winter in Florida, suffered a coronary attack two weeks ago. Although hospitalized for a while, Mrs. Smith is recuperating satisfactorily at her home located at The Redgraves Trailer Park, Box 625, Leesburg, Fla., and would appreciate hearing from her Culver friends and neighbors.

### COURTHOUSE TO CLOSE THURSDAY, FEB. 22

Glendyn C. Albright, Marshall County Auditor, announces that the Courthouse at Plymouth will be closed on Thursday, Feb. 22.

## Funeral Services Held Sunday For Lester P. Young

LESTER P. YOUNG

Lester Paul Young, age 68, of 715 Cleveland Ave., South Bend, former resident of Culver, was dead on arrival at Memorial Hospital, South Bend after suffering a heart attack on Colfax Ave. in South Bend, Thursday evening.

Mr. Young was born in Jay County near Portland, Ind. on March 21, 1893. He was graduated from Tri-State College, Angola and from Muncie Normal, now Ball State Teachers' College, Muncie. He taught school at Ridgeville for a few years before coming to Culver in 1914 where he taught in the Culver Public School.

He was also employed as cashier at Culver Military Academy for 18 years and from 1935 to 1959 he was manager of the Northern Indiana Public Service Company Culver office.

Since his retirement he has made his home with his sister, Miss Mary Young, who survives him. Also surviving are one daughter, Mrs. Miriam E. Cook, Kalamazoo, Mich.; two sons, Malcolm Young, West Allis, Wis. and Everett Young, South Bend; two brothers, Herman Young, Culver and Harold Young, Rochester. There are two grandchildren, Paul and Michael Young and two step-granddaughters, Deborah and Catherine Cook of Kalamazoo.

Mr. Young was a member of Emmanuel Evangelical United Brethren Church in Culver and served as Sunday School superintendent for 28 years. He was also a member of the Henry H. Culver Masonic Lodge in Culver and was a past master of the lodge and has served as secretary for about 30 years.

Masonic services were held at 8 p.m. Saturday at the Easterday Funeral Home in Culver. Funeral services were held at 2 p.m. Sunday at Emmanuel Evangelical United Brethren Church with the pastor, Rev. Walter Chisholm, officiating. Burial was at the Culver Masonic Cemetery.

### AUTO LICENSE PLATE DEADLINE MARCH 1

Mrs. James Bergman, Marshall County Auto License branch manager said that the deadline is March 1. There will be no extension this year.

For the convenience of Marshall County motorists the branch will be open all day Saturday for the next three weeks and will be open during the noon hour. The only time the branch will be closed is on Thursday afternoons.

### SOMETHING TO REMEMBER

## Foster Annis Seeks Post Of Commissioner

Foster V. Annis, German Township native and former Marshall County Treasurer has announced his candidacy for the Republican nomination for County Commissioner, First District, in the May 8 Primary.

Annis completed his two terms (statutory), as Treasurer Jan. 1, 1961. He is the first candidate to seek the Republican nod for the Commissioner's post now held by Welcome Norris of Polk Township. Mr. Norris has indicated that he will not seek re-election.

Annis, who lives in Bremen, was educated in the German Township Grade School and Bremen High School. He was born and reared on a farm, served two terms as Bremen Clerk-Treasurer and seven years as Postmaster. His two terms as County Treasurer have afforded him opportunity for close contact with the Commissioners' office so that he has substantial knowledge of the duties and responsibilities of County Commissioner. He is a member of the Grace Evangelical United Brethren Church and the Bremen Masonic Lodge.

By DAVID KELLY, Scribe

A potluck supper was held at 6:30 on Monday night for family and friends of the Scouts with the Court of Honor following.

Members of the Troop Committee awarded a number of advancements and merit badges. Dean Smith, Greg Dawson and David Kelly were awarded Life pins. Fletcher Mattox was awarded his Star rank. Two Scouts awarded First Class rank were Corky Overmyer and Steve Bocoek. Second Class ranks were presented to David Crabb and Tony Mars. Tenderfoot ranks were received by Greg Easterday, Kenneth Tashch and Kent Overmyer.

Eight boys of the Troop were awarded a total of 48 merit badges. A game of knot tying was held with the Flaming Arrows winning by a hair. For the program, Wilbur Kelso showed a few slides on Camp Tamarack—the Scout camp in Michigan that members of this Troop will attend June 17-23. A talk on the Klondike Derby was given by Dean Smith.

Gene Kelly, from Argos Troop 255, was special guest at the Court of Honor. He recently received his Eagle Scout award.

Next Monday we will form a new patrol and then attend the Town Board meeting. Theme for March is, "Citizenship — Learning by Doing."

Steve and Tom Bocoek will be in charge of filling the bird feeders at the fish hatchery. The feed is being furnished by Osborn Seed.

Our next swim meeting will be held next Wednesday, Feb. 21.

The Camp Tamarack winter overnight will be held Friday, Saturday, Sunday, March 2, 3, 4.

### Junior Woman's Club Enjoys Monday Meeting With Mrs. Loren Voreis

Monday, Feb. 12, 28 members of the Maxinkuckee Junior Woman's Club and two guests, Mrs. Robert Christopher and Mrs. Gene Cast, met in the home of Mrs. Loren Voreis to hear Mrs. Warner Williams tell of the "26 Letters."

Mrs. Williams told of the origin of the alphabet as it developed from early civilization. Some most interesting features were an oblique and an amulet featuring hieroglyphic writing and a clay tablet with cuneiform writing dating back to the year 150 B.C. which the speaker displayed.

Mrs. Williams also discussed the development of printing forms showing the contrast in methods of previous and present day printing.

During the business meeting, president Mrs. Robert McKinnis announced that the Club has been successful in procuring a print of the film, "The Strangers." This is a 10-minute film which will primarily instruct children on how to behave when accosted by strangers such as on their way to and from school, etc. The film is being sponsored by this organization and will be shown to all of the elementary school children very soon.

Plans of the annual club outing were discussed. Final arrangements will be made at a later meeting. The thought for the day was given by Mrs. George Hoppe and the meeting was closed with the Junior pledge.

Assisting the hostess were Mrs. Dale Heiser, Mrs. James Boufne, and Mrs. William Herrmann.

### W.S.C.S. Holds February Meeting In Fellowship Hall

The Woman's Society of Christian Service of the Culver Methodist Church met on Thursday, Feb. 8, at 7:30 p. m. in Fellowship Hall.

Mrs. Donald Parson, president, opened the meeting with the reading of the hymn, "From All That Dwell Below the Skies." She then read the scripture from Luke, chapter 24, which was followed by the group singing "In Christ There is No East or West."

Mrs. Parson announced that election of officers will be held at the next meeting. Mrs. George Babcock will be chairman of the nominating committee and Mrs. Sam Medbourn and Mrs. Ford Overmyer will serve as committee members.

Following the business meeting, Mrs. Parson introduced the program for the evening under the theme of "The Christian Mission in Latin America." The play, "Search My Heart," was presented depicting a situation in the life of a Latin American family. Those participating in the play were Mrs. Kendall Sands, Mrs. Raymond Wheat, Mrs. Jack C. Spencer, Mrs. Ted Strang, and Mrs. Parson.

Following the play, Mrs. Parson gave the Mizpah benediction, and the group adjourned to the

## NEW WEAPON AGAINST HEART ATTACKS

A new medical procedure has recently been reported that offers hope in the fight against heart attacks—the killer that takes more lives than any other disease.

In essence, the examination involves an x-ray visualization of the heart and heart vessels by radiologists, the doctors who specialize in x-ray diagnosis. A small, narrow tube is inserted into the main artery leading from the heart. Opaque liquid is then injected into the region and x-ray films made. The result is an x-ray film of the heart and heart vessels that will reveal critically important information about the most important organ in the body.

Surgeons hope this new x-ray examination will help them prevent heart attacks before they occur.

## Carol Overmyer Selected For All-State Band

The second annual All State Band sponsored by the Indiana Bandmasters Association and composed of the top high school instrumentalists in Indiana played at Goshen High School Friday evening, Feb. 9, and all day Saturday, Feb. 10.

Carol Overmyer, bass clarinetist in the Culver High School Band, was chosen to play in this honor band. She performed in the Band's gratis concert Saturday evening, Feb. 10, at 7 p.m. C.S.T. at the Goshen High School under the direction of Mr. Fred Ebbs, Band director at the University of Iowa.

Carol, daughter of Mr. and Mrs. Albert Overmyer, Route 2, Culver, started clarinet in the 5th grade and moved to Bass Clarinet last year. She plays the piano and is assistant organist in the Barr Oak Church of God of which she is a member. She is active in the choir and the Berean Youth Fellowship. Carol has been very active in the Northern Indiana School Band, Orchestra, and Vocal Association contests, receiving many firsts in her solo and ensemble work. She attended the Purdue Summer Band Camp which is held each summer. Carol is an officer in the Culver band and a member of the 100-voice choir, The Sunshine Girls, Tomahawk, and Booster Club keeps Carol busy in her other school activities.

Her hobbies include dancing, going to Christian day camps, volleyball, reading, horseback riding and television. Carol plans to attend an Indiana college after graduation, and wants to be an elementary music teacher.

## ALEXANDER SMITH IV RECEIVES UNIVERSITY BAND ASSIGNMENT

Alexander Coke Smith IV, Culver Military Academy, Culver, has received a band assignment for Indiana University's 1962 student concert season that includes four campus concerts, a roadtrip to New Albany and Jeffersonville and a guest performance at the March convention of the American Bandmasters Association in Lafayette.

The concert season features performances by the Concert, Symphonic and the all-brass Var-

sity Bands. Personnel totals 159, and represents music students as well as students majoring in other subjects. Smith plays cornet in the Symphonic Band.

## Rev. Allen Bray To Head Council For Religion

The Rev. Allen F. Bray III, chaplain of Culver Military Academy, has been appointed chairman of the Illinois-Indiana region of the Council for Religion in Independent Schools.

The appointment is part of a move by CRIS to sub-divide its Midwest Region into the Illinois-Indiana sector and the Wisconsin division, which will be headed by Mrs. Sue Cleary, of Milwaukee Downer Seminary.

The council is organized to assist its 500 member schools with their religious programs. CRIS sponsors conferences in many parts of the country, and assists schools in planning religious conferences for themselves and one or two neighbor schools. The council also plans regional, national and local meetings for those charged with school policy and teaching responsibilities, and CRIS officials visit member schools to study and evaluate religious programs.

Chaplain Bray will visit many of the 24 member schools in the Indiana-Illinois Region to discuss religious programs. He will also correspond with school officials in the region.

The Rev. Mr. Bray has been chaplain and director of religious affairs for 838 cadets at Culver since 1957.

## Mother Of Mrs. J. M. Miller Dies At Age 98

Mrs. Mary Jane Hughes, 98, mother of Mrs. J. M. Miller of Culver, died Thursday, Feb. 8, at the Goodwill Nursing Home at Camden where she had been a patient for 14 months.

Mrs. Hughes was born in White County March 25, 1863, and was the widow of Albert Hughes who died in 1916. She was a member of the Flora Church of the Brethren.

Mrs. Hughes was quite well known here as she spent much of her time in Culver with her daughter.

Survivors, in addition to Mrs. Miller, include another daughter, Mrs. Alfred Kingery of Flora; a son, Roy of Indianapolis; 18 grandchildren; 58 great-grandchildren; 11 great-great-grandchildren; and a brother, Andy Ritchey of Flora.

Services were held at 2 p.m. Saturday at the Carter Funeral Home in Flora with the Rev.

Charles Dumond officiating. Burial was in the Maple Lawn Cemetery at Flora.

Mrs. Miller went to Flora two weeks ago to be with her mother and has not yet returned.

## American Legion Weekly Report

### WILLIAM ALEXANDER FLEET POST 103

At 6:30 p.m. on Thursday, Feb. 22, the William A. Fleet, Post 103, of the American Legion will hold their monthly social night.

This social meeting will be a potluck with the Roy Cromleys and the Neal Lichtenbergers as hosts. The meat dish will be furnished and those attending are asked to bring a covered dish and their own table service.

After the meal the Post will

show the film, "Operation Abolition." This is a 45-minute documentary film showing demonstrations against a House un-American activities subcommittee in San Francisco last May. This film has been shown all over the country and every American should take the time to see it.

Because the Post feels that everyone should have the chance to see "Operation Abolition," they have made this get-together open to the public and cordially invite each and everyone to come view this timely film. If you wish to attend the supper, please bring a covered dish and your own table service. If you wish to see just the film, it will be shown at 8 p.m.

All are welcome.

### INTERDENOMINATIONAL

To spare the men of the cloth further embarrassment, The Rockport Democrat obligingly left out the names of the clergymen involved in this incident: A Baptist minister driving to Rockport to testify in court proceedings involving a Methodist minister went through a traffic light in Dale and hit a car driven by a Christian Church minister.

The Chicago Motor Club advises drivers that one of the basic rules of safe winter driving is to get the feel of the road before proceeding too far. This is vital because the condition of the road greatly affects braking distances. For instance, hard-packed snow increases stopping distances with conventional tires about two and one-half times.

No matter what the weather, says the Chicago Motor Club, the driver still is the most important factor in accident prevention. Be a thoughtful, careful, considerate driver in good weather or bad.

# HOOSIER HAPPENINGS

By Harold Hanson

**COST PER MILE** — Reports of carriers to the Interstate Commerce Commission show that the average revenue per intercity vehicle mile is 62.8 cents, while the average revenue per intercity ton is \$14.44. However, the average intercity ton-mile returns only 6.3 cents.

**NICE PEOPLE** — Every now and then a story pops up which tends to restore faith in humanity. Such a story was related recently in Teresa McAllister's "Town Talk" column in The Cayuga Herald. It concerned an elderly couple living in the only house in town not wired for electricity. The Lions Club thought something should be done about it and it was. Three members, John Ephlin, Dillo Newman and Tom Cook, volunteered to install the wiring. The Delta Theta Tau sorority contributed \$10 for the meter deposit and the lights were turned on. The Welfare Department and Court-house employees collected enough money to install an electric refrigerator. At last reports, another fund raising project to buy the old folks a television set was under way. Commenting on the various projects, the columnist said: "Isn't it wonderful what you can do for others?"

**HE'LL BE MISSED** — As every newspaper publisher well knows one of his most valued employees is a reliable Linotype operator. So a Carroll County weekly, The Hoosier Democrat, published at Flora, paid a warm tribute to Cecil A. Hendrix, who retired after 54 years with the publication. Hendrix, who learned the printing trade in his home town, Advance, Ind., became an employee of The Democrat in 1907. Shortly thereafter he went to a school in Chicago to learn how to operate the Linotype, the new typesetting machine just being installed in many newspaper offices, and then returned to The Democrat to operate its first Linotype. Hendrix also had an inventive mind and devised the first electric score board to record scores of the Indiana State High School basketball tourney games then being played in the cow barn at the Indiana State Fairgrounds.

**SPACE AGE** — Two toy balloons tied together with about a foot of string and released by a junior high school student at Racine, Wis., were found recently on a Hoosier farm in southwestern Randolph County, after making a flight of approximately 250 miles. The Lynn Herald reported that the balloons were found by Joe Loveall, a 17-year-old high school student, while hunting on a farm near Carlos. A card attached to the balloons gave the information that they had been released by Robbin Peterson of Racine, as part of his seventh grade science experiment. The card asked the finder to report where the balloons were found. Young Loveall informed him of the find.

**DOWN WINDS** — Further evidence has developed indicating that winds from the northwest carry not only arctic weather but toy balloons into Indiana. Recently, a Randolph County high school boy found two toy balloons that had drifted down from Racine, Wis., after a flight of about 250 miles. Now Jimmy Donahue, of Scott County, has found a balloon carrying a card which indicated it had been released at Mt. Prospect, Ill., a Chicago suburb. It had made a flight of about 200 miles.

**MONEY SAVINGS** — The safe in the Monon School principal's office was getting a bit old so when burglars battered it open and took \$900, the question was whether to have it repaired or get a new one. The township trustee got an estimate of \$300 for repairs. He decided to purchase a new one at a cost of \$190.

**PRIMA-FACIE EVIDENCE** — Carroll County Deputy Sheriff Gib Underhill, says anyone with bee stings on his face or hands will be a prime suspect in the looting of Paul Shank's beehives. Shanks reported that the honey was stolen from 15 hives on his farm near Lockport and thousands of bees were left frozen and starved. Shank told the deputy he doubted whether the culprit could have escaped without suffering some stings.

Why not clip this and send to a serviceman or other displaced Hoosier?

## MRS. PATRICK HODGKIN ELECTED PARISH OFFICER

Mrs. Patrick Hodgkin of 301 Academy Road, Culver, has been elected secretary of "The Women of St. Thomas," a parochial organization of St. Thomas' Episcopal Church at Plymouth.

"The Women of St. Thomas" is the local branch of the national organization of Episcopal Churchwomen. There are approximately 8,000 parish branches in the United States.

The purpose of the group is educational and inspirational. It is also concerned with Christian social action and social relations.

Mrs. Hodgkin is, incidentally, the first member of St. Thomas' Parish living outside Plymouth to be elected an officer in this organization.

## KENNETH K. KRANING RECEIVES MASTER OF SCIENCE DEGREE

Kenneth K. Kraning, 834 West Shore Drive, Culver, is one of a total of 692 students who completed requirements for degrees at Purdue University in the first semester of the 1961-62 academic year, according to the list an-

nounced by the Office of the Registrar.

Kraning has completed his work for the Master of Science degree.

Since there is no mid-year commencement exercises, diplomas will be mailed to these first-semester graduates. They are counted as members of the 1962 graduating class to be honored at the annual commencement exercises next June 3 and may return at that time, if they so elect, for the public conferring of their degree.

## Students Suggest New Inventions

By Carol Heiser, Jancien Scruggs and Robbie Ogden

If you were an inventor, what would you invent? Would you invent the telephone like Alexander Graham Bell did? Or would you invent the light bulb as Thomas Edison did?

This week the students of Culver High were asked if they could invent any device they desired, what would it be. Read on and see if you like the modern inventions thought up by our own famous inventors.

Chris Hand — A portable laughing machine to laugh at the teacher's jokes.

Sandy Osborn — A machine to make teachers disappear.

Carol Overmyer — A homework machine.

Janet Branaman — An escalator for the school, so I wouldn't have to climb the stairs 20 times a day.

Pamela Crozier — An automatic test answering machine.

Mrs. Warner — I would invent a robot that would collect the office bills.

Martha Lowry — An invention that would keep my driveway clear of snow so that no one will get stuck in it.

Linda Shock — A "people stretching" machine.

Cheyl Dillon — A machine to write term papers.

Bonnie Saft — A device to make the whole year summer. (Hot idea, huh?)

Barbara Overmyer — A device to win basketball games for Culver.

Brenda Baker — A device to settle all teen problems.

B. J. Lawrence — I would invent a boy that would be absolutely snowed over me!

Bob Carter — I would invent a machine that would make me as tall as Ben-Hur!

Wade Logan — A machine to do chemistry problems.

Dennis Shock — An atomic pill that would make a car run for a year or so.

Carol Heiser — I would invent something that would pull cars out of snow banks.

Thad Overmyer — A machine that could make any kind of food for you instantly.

Chuck Reed — An instant knowledge machine so there would be no need for school.

Chuck Warran — Instant women!

Tom Easterday — I'd invent something that would put the car in a snow bank!

Mr. Kaiser — I would like to have an invention that would make it possible for students to understand teachers, and the teachers to understand students.

Marsha Wentz — A machine that would give the teacher's a year's salary, so that we could go home!

Carmen Greiter — A machine that could make everybody happy and willing to give parties more often.

Paul White — A machine that would make tall coordinated basketball players.

Lela Donnelly — A machine that would tell me the right things to say at the right time.

Roberta Yeazel — A machine that would clean my bedroom.

Marilee Herrmann — A machine that would help me to get straight A's.

Shirley Crow — I would invent something to keep world peace.

Gloria Baker — A machine to get a certain someone.

Sandra Boetina — A new type of tree—money tree!

Pat Kline — The perfect boy!

Bernice Mevis — A machine that would stop time while the seniors were on their trip.

Susie Gardner — A device to reduce world tensions.

Mike Wallen — A machine that would produce more of what nature has produced one of—me! (Heaven forbid!)

Janet Heiser — I would invent two robot referees that would be on Culver's side at the games.

## Mice and Science Interest Students

By Bonnie Saft and Bonnie Good

In Mrs. Melton's kindergarten last week for two days they had 100% attendance. Michael Jones, Marla Quivey, and Christeena Listenberger had birthday parties. Robin Fitterling, Dennis Bush, and Choppy Mitzell brought cookies. Brent Lindvall made clay models and brought them to show.

In Miss Page's second grade, Susan Roos is leaving this week for Pennsylvania where she will be in school, while her parents travel in Europe. We are starting a new unit on "The Circus" in Reading. For arithmetic we are saying our easy addition combinations. We made our valentine boxes and hope we get many valentines.

It has been reported that in Mrs. McLane's room there were three parties in the past week. Steven Neff was nine years old on Feb. 6, Terry Babeock was nine on Feb. 7, and Yvonne Heiser was ten on Feb. 8.

Miss Cripe's class is headed seaward. In the past week they saw two movies on different types of fish. They are also studying about sea plants.

Valentine's Day has really given an air of hearts and flowers to the rooms. Mrs. Barton's class has really been putting up the decorations. You should see the big valentine box Debbie Cultice brought it is very pretty.

"Hey! look at George. What's he doing?" This is just one of the questions that Mr. Miller must answer. Incidentally, George is a white mouse which the students are watching to gain a knowledge of his habits.

The third grade of Mrs. Carter made valentines this week. Dennis Emigh's mother is decorating our valentine box for us. The children have decided what they will bring for our party. We are reading about Abraham Lincoln and discussing his life. Cynthia Marshall has been absent for several days. We are learning how to arrange alphabetically according to the first and second letters. In science we are studying about teeth.

Science must be the craze these days. Mrs. Keller's class has been experimenting with potatoes and corn starch to find their starch content. They are also growing beans to see the best conditions they grow under.

## Seniors Wind Up Concession Selling

By Pat Kline

The seniors sold concessions for the ball game last night, and this was the last time for them to try to make enough money to go on their trip. We know you did it, seniors!

The dance held by the juniors after the ball games have proved to be a booming success. At the dance after the Plymouth game they made \$72.70. Keep up the good work juniors! The junior luncheon supper will be held Saturday, March 17, in the gym.

TODAY'S CAR has only half the gross fittings 1951 models had — and 1962's models may have none.

## School Menu

By Carole Cast and Ann Waite (Beginning Monday, Feb. 19)

Monday: Pork and gravy, mashed potatoes, cole slaw, peaches, bread, butter and milk.

Tuesday: Barbecue hamburger, corn, macaroni salad, graham cracker dessert, and milk.

Wednesday: Beef and noodles, peas, apple salad, brownie, bread, butter, and milk.

Thursday: Chicken, parsley potatoes, lettuce salad, cherry Jello, bread, butter, and milk.

Friday: Tomato soup, crackers, carrot sticks, peanut butter or cheese salad sandwich, cake with apricot sauce, and milk.

## HONOR ROLL CHANGE

Greg Osborn should have been on the academic honor roll instead of the honorable mention.

By Sharon McGaffey and Martha McAllister

Boom - boom - boom - boom. Boom - boom - boom - boom. Cowa-Bunga! In case you're wondering what this means, it's part of the language that you've probably heard used by the sophomores and juniors lately. It means "Greetings" or something to that effect. Kinda' silly, huh?

Hey! what was that blue flash that just whizzed by? It must have been Pat Kline. We heard she just got her license. Congratulations, Pat!

It seems that the juniors have been making gobs and gobs of money on their dances after the ball games. Maybe they'll get to go to Hawaii for their senior trip. Keep trying kids!

Congratulations to the many kids that went to vocal and instrumental contests. We heard that Culver got more firsts than any other school. Good luck to all who are going to the state contest.

As you wander through the halls of C.H.S. you may spy a new couple wandering around with you. They are Barbara Overmyer and Jim Carter, better known as "The Happy Wanderers."

Hey, Carmen. How does it feel to be the girl with the best personality? The girls in this year's Health and Safety class elected her last week and it seems last year's class did too. There must be some truth in this selection.

What's this we've been hearing about Betty Shultz. Bibi Baus, a phone call in the middle of the night to a boy named Guy Fisher? For further information, contact Pat Kline, Carmen Greiter, or Beverly Barshes.

Hey Judy Kimmel, where did you get that pretty sweater you wore to school last week? Kinda' big wasn't it, or did it belong to someone else by the name of Jim Bergman from Plymouth?

Well gang, our snoopers signals

## Grade Students Enjoy Painting

By Jane Ann Thomas

Everything is glistening with paint in the elementary classes. Delight and excitement are reflected in each child's face as he paints about the many things he sees around him, or the many ideas that bloom in his imagination.

The small tots are also decorating the balls with original pictures of the things they do around the house, and they have written captions for them. They all seem to be little helpers when it comes to house work.

One of the eighth grade sections is studying design in watercolor. They are concentrating on the versatility of the medium and its application to their drawings. They are also experimenting with shadow. The basic elements of design are being applied to improve and add variety to their ideas.

The other two eighth grade sections are working in clay. They are making utilitarian objects for the house. Emphasis is placed on designing to fit the purpose of the project as well as simplicity and

are slowly fading, fading, fading, and in the distance we hear boom — boom — boom — boom, boom — boom — boom — boom. Cowa-Bunga! (It also means good-by, or until next week.)

meaningful decoration. The high school art class has just finished working on their pottery and they made some very original creations. They are now working on scratch boards, and they are making artistic pictures.

## Valentine's Day Meant For Girls

Valentine's Day is a day made especially for girls, and although boys receive valentines, too, it is the girls, young and old, who receive the most attention.

Beginning in grade school, girls receive mysterious valentines from freckle-faced, wide-eyed beaus who send such quaint verses as, "Don't 'turnip' your nose at me—'lettuce' be valentines."

From these well-meant lines girls enter high school and are heaped with candy, flowers, and gifts as Cupid flutters above their heads.

Who else but a girl would blush a heavenly pink when a box of candy is shyly pushed her way? Who but a girl now receives lace valentines with "mushy" lines from the boy around the corner whom you never thought knew you existed or maybe the fellow who is the missing half of Cupid's heart who is far away in service?

By Charlene Lucas  
As was stated in last week's paper, the Schoolbell is observing its 30th anniversary this year. Again this week, we have something special for you concerning this occasion. Two members of the present Schoolbell staff amused themselves by reading through the old Schoolbells for the month of January in the year 1932. They found out some very interesting facts, so we decided to let you readers in on some of them. Fasten your seat belts everyone, you just might find your own name in the following lines. Here is some news of Culver High School in that wonderful year, 1932!

Of course, the basketball team was as important then as it now is at Culver High School. It was noted that Culver beat Plymouth 21 to 15 in regular play. Then Plymouth turned around and took the county tourney by defeating Culver 35 to 25 in the final game. The boys that made up the Culver team were Joe (Greaser) Schweidler, Merle (Dusty) Miller, Albert (Tuffy) Kendall, Owen (Rudolph) Schuere, Eugene (Princess) Benedict, Madison (Rosie) Scruggs, Victor (Vic) Waite, Arthur (Tomatoes) Tomassi, Wilbur (Web) Geisselman, and Lawrence (Boots) Burch. That must have been quite a team!

The faithful fans that year helped cheer their team on to victory by rousing yells as:

Get up Fight, Get up Steam,  
That means YOU, Culver team!  
or the ever popular:  
We have the Spunk  
We have the Vim  
We have the Team  
That knows how to Win,  
C.H.S. Team, Yea!

It is no wonder Culver had a winning season that year. With spirit like that, you can't lose!  
The senior class of 1932 chose as their colors, rose and silver. Their class flower was the pink rose. The motto was as follows: "To the dreamer who can work, and to the worker who can dream, life surrenders all things." The seniors also were busy collecting money for their Washington trip by selling concessions, and a magazine drive. (Sound familiar, Class of '62?)

The cast for the Junior Play "Second Childhood," was announced by the sponsors Miss Wright and Miss Anderson. The leads are to be played by Wayne Kline and Bonnie Norris, while minor parts are held by James Warringer, Emma Zechiel, Loren Hissong, Mary Ellen Overmyer, Myra Wagoner, Mary K. Bair, Margaret Newman, Ralph Osborn, and John Werner. Fred Carter and George Byrd were the stage managers, and Stephanie Czako was the prompter. The play was to be presented on Feb. 16.

The honor roll for the third six weeks was as follows:  
Ninth Grade — Lanette Gillespie and Elouise Stinchcomb.  
Tenth Grade — Peggy Elliott and Opal Mikesell.  
Eleventh Grade — Ralph Osborn, Jr., James Warringer, and John Werner.  
Twelfth Grade — Verda Albert, Annabelle Lake, Mildred Overmyer, and Margaret Swanson.

Finally we ran across the following article which we thought was quite unusual. We quote:

"It is heard that there are some cases on in the Civics classes, Mr. Rust, thinking that the cases would be dropped, appointed several people to bring up the charges. Now Maxine Currens is suing Earl Dean Overmyer for stealing candy from her locker, and Art Tomassi is suing Verda Albert for a constant annoyance, for writing in his books, and for assault and battery. Maybe Earl Dean will stop stealing candy and Verda will not be such a pest hereafter." Unquote. It seems the trials were held the next week during Civics class, and it was ruled that Earl Dean would be acquitted, Verda was found guilty as charged! (Leave it to the Senior class!)

Well, we hope none of the mentioned Culver adults will be ready to sue us after they have read this article! If so, we would have to plead guilty of digging up old forgotten memories. We hope you enjoyed reading about that wonderful year 1932 as much as we enjoyed telling you about it. Who knows, maybe thirty years from now, someone may find this article and feature it in their 1992 Schoolbell edition.

Shadow Runs Into Blonde Shadow

By Thad Overmyer  
This week the Shadow followed a talented junior boy.  
When I found my victim he was going towards the band building, escorting a very pretty senior girl.  
As the bell of the first period rang, I found him in his seat, sitting very quietly. As the class continued, my victim added his little bit of knowledge towards the problem of juvenile delinquency, on which he seemed quite well informed. When the bell rang he was out the door like a flash. After running after him I found out he was not really rushing to his next class, but to someone waiting at his locker.

During second period my victim was quite quiet. Someone must have forgotten to put a nickel in his slot.  
During third period my victim spent his time wrestling with his Algebra II problems.

With two minutes to go before the fourth period was to start, I began to wonder if my victim got lost in the rush between classes. Then, with a minute to go here he came running in like a flash. Gee! I did not know it took four minutes to go from study hall to Algebra II class. As usual during class my victim was told to "turn around" by his teacher.

When the bell rang he was off like a flash to get in the cafeteria line to save a certain someone a place.

After eating, I followed my victim out the gym's side door, where he got in to a "blue bomb" with the same girl who has been accompanying him all day. I did not feel like running, so I let my victim go — hoping they would make it back before the bell rang.

During fifth period band, our sweet, mellow sax player wailed up a storm and entertained all those around him.

During the remaining day my victim must have run out of gas because he did not do too much. That band rehearsal can really wear a person out!

This is it! If you have not guessed by this time who my victim was, it is none other than the note-worthy Nick Kuoerzer. As for the senior girl who was with him most of the day, well — maybe you better ask Nick.

A BILLION SHARES of stock were traded in the New York Stock Exchange last year — for the first time since 1930.

Freshmen Are Undefeated For Entire Season

By Bob Carter  
The Freshmen finished their season with a win over Bourbon Wednesday night. It was nip and tuck the first few minutes but under Coach Crosley the squad soon built up a lead. The half time score was 28 to 16. The Frosh maintained their lead through the third quarter but in the fourth, Bourbon rallied. At one time Culver's lead dwindled to 3 points, but Crosley's boys soon built up their lead again. The final score was 46 to 39. Dave Lemar was high point man with 21 points.

The Frosh went undefeated all year winning 7 for 7. This is proof of the ability of the boys and of Coach Crosley.

Coach Moore's Junior High teams beat Aubree in both games Monday night. The seventh grade beat their guests 16 to 7 without any trouble. Paul Hatten led all scorers with 6 points.

The eighth grade showed their talent by beating the Braves 29 to 23. The half time score was 15 to 7. The team held on to their lead for the remainder of the game. Bruce Lindvall was high point man with 5 points.

Attendance at Sunday services was 58. Ten members of the congregation attended the School of Missions session at Santa Anna Sunday evening. The Rev. Gerson Veiga of Brazil gave a very interesting talk, illustrated with slides, about Brazil. He told of the great need for more ministers and missionaries there stating people were hungering to hear the preaching of the Gospel. Rev. Veiga said the first service he conducted, which was in a rural area, lasted four and one-half hours, because the overflow congregation insisted he keep on preaching.

The final session of the School of Missions will be held next Sunday evening at Letters Ford. The Rev. Louis Haskell, a former pastor at Letters Ford, will be the speaker. Mr. Haskell was in Costa Rica last year on a special evangelistic mission.

Mrs. Harry Dinsmore entertained the W.S.C.S. in her home on Wednesday afternoon. Mrs. Minnie Lewis was a guest and joined the Society. Mrs. Leslie Mahler, president, presided at the meeting which opened with hymn singing. Mrs. Dinsmore was named to serve on the nominating committee with Mrs. Merle McCune and Mrs. Ray Kuhn. Plans for the

lunch to be served at the Zehner sale on Saturday were completed. Mrs. Carroll Thompson presented the lesson on The Mission of the Church of Christ in Latin America. The Rev. W. Ray Kuhn closed the meeting with prayer. Mrs. Dinsmore served delicious refreshments. Mrs. Harry McPherson will be hostess to the W.S.C.S. on March 7 and Mrs. Frank Cowen will present the lesson.

The W.S.C.S. is most grateful to all who contributed in any way to assure the success of the lunches served at the sales on the last two Saturdays.

Mrs. Nellie Clifton and Nancy, John Strycker, Donovan Clifton, Jeff and Kathy, and Miss Marguerite Zechiel were Sunday dinner guests of Mr. and Mrs. Charles Clifton and family near Bourbon. The occasion was an annual get together to celebrate the birthdays of Charles Clifton and Miss Zechiel. Vicki Clifton daughter of the Donovan Clifton's is on the sick list.

Mr. and Mrs. Darwin Hartman and Katie entertained at dinner on Sunday for Mr. and Mrs. Lawrence Hartman and Leo, and Mr. and Mrs. J. Richard Trompson and Susan. Mr. and Mrs. Lawrence Hartman and Mr. and Mrs. Ira Ringer will leave this week for an indefinite visit in Florida.

Mr. and Mrs. Ronald Quivey spent Sunday with Mr. and Mrs. Clarence Quivey.

Mr. and Mrs. Don Addison of South Bend and Mr. and Mrs.

Clifford Cowen of Mishawaka spent Sunday with George Cowen to help him celebrate his birthday.

Frank Cowen, Eldon Cowen and George Cowen attended funeral services held for Forrest Cowen in Mishawaka last Wednesday.

Mr. and Mrs. Rosco Heckaman and family were Sunday dinner guests of Mrs. Carrie Neff near Bourbon. Mr. and Mrs. Joe Neff were also guests.

### THINKING CAN RUIN YOUR GOLF' BY W'LEAM

Skeletons and golf may seem strange bedfellows, but not to PHIL GALVANO. Year-round, he teaches golf indoors in an office building in New York City. Using charts of arterial and nervous systems, GALVANO virtually gives a course in anatomy to his students, who thus learn the art of being "skeletal correct" when stroking the ball.

GALVANO'S methods are considered unique because they derive from not only skeleton viewing, but from yoga, dancing and Zen.

"Thinking can ruin your golf," claims GALVANO, a member of the Professional Golfers Assn. "To be skillful you must perform without thinking."

1. Be sure the mind, not a complete understanding of what is to be done.
2. Train eyes, muscles and nerves through constant repetition to consciously perform the desired functions.
3. Aim to make golf as much of an unconscious habit as walking.

GALVANO'S pupils include business executives, TV and stage performers and producers. As they've begun to stop thinking and perform subconsciously, their scores have gone down and no longer do they skeptically look at the skeletons and say: "We don't have a ghost of a chance."

hospital over the holidays from injuries received from a car accident in October, is back home but has to remain in bed indefinitely.

After many years of loyal service in the Dept. of Horsemanship, Roy Stolp retired Dec. 31.

Mr. and Mrs. Virgil Reinhardt are the proud parents of a baby boy. . . . Mr. and Mrs. Courtney Rainey are the grandparents of a fine baby girl. The baby's parents are Mr. and Mrs. Heber Rainey. Heber formerly worked in the stables.

Harry Ewing, Ulrich Keitell, and James Prater started to work in the stables in December.

Mr. and Mrs. Harold Gelbaugh and family spent Christmas with Mr. and Mrs. Charles Walters in Rochester. . . . Mr. and Mrs. Clarence Warren had Christmas dinner with their family and grandchildren.

Last month Dorsie Farris slipped on icy steps at his home and broke a bone in his shoulder and hurt his knee, and has also been off several days. . . . Erv Holcomb had to go home recently with a terrible chest cold. . . . Calvin Johnson is again ill, and is at home.

The Alumni Office staff enjoyed their office Christmas party Friday afternoon Dec. 22. Guests were: Mr. and Mrs. Russell Oliver, Betty Brown, Edith Banks, Mrs. Kiefer, Thelma Smith, Dean Craig, and John Ely. Mary Landis also dropped in to join the

group for a short time. . . . Pudge O'Callaghan has returned to work after enjoying a much deserved vacation. She visited in Columbia, Ohio, with her sister, Sally Townsend, and family and she also spent some time in Cleveland with relatives. She was accompanied by her mother, Mrs. Grace O'Callaghan.

Margaret Eckman was on vacation the week of Christmas and New Year's. . . . Inez Reynolds, husband (Sgt. Reynolds of the ROTC Office), and family spent New Year's with relatives in St. Louis.

Dean Bryant, Dean Bauman and the girls of the Admissions Office enjoyed a Christmas party Friday afternoon, Dec. 22.

Alice Marie Cole and family spent several days in Williamsport, Ind., during the holidays and had a shopping spree in Chicago. . . . Reba Wagoner spent the holidays at home enjoying a visit from daughter Harriet, husband and grandson. . . . Maxine Goble and family spent Christmas Day in Hammond with relatives and New Year's Day in Kankakee, Ill., with her foster daughter and her family. . . . Esme Jordan and sons spent the holidays in the East with family and friends.

John Kowatch received luggage as a "retirement going-away" gift and has used it to good advantage on his trip to Florida. Willie Kaylor has taken over John's duties in the kitchen. Wilgus Puckett is now cutting

meat portions, relieving Jim Little, who will assist Mr. Schutte in supervision. . . . We welcome Dan Jones and Burdett Ketcham back to the fold, along with Roberts Andrews, a new employee. . . . Harvey Stigall, dish pantry, has left to serve a hitch in the Air Force and Joan Kuoerzer has left to become a full time housekeeper.

Mr. and Mrs. C. C. Mattox spent the past 10 days visiting Mr. and Mrs. Noble Mackey at Bradenton, Fla. While there they called on Mr. and Mrs. Ben Oberlin at Ft. Myers.

The laundry held its annual Christmas dinner Dec. 31 with six guests: Colonel Covington, Steve Stapan, Wallace Starr, Blanche Mishler, Jerry Clemons, Mabel Pura, and Andy Genswain.

Hilda Emigh and family had as guests for Christmas dinner, Mr. and Mrs. Carl Berg and baby and Mr. and Mrs. Dan Green and family. . . . Mr. and Mrs. Tom Cook and six children, of Lincoln, Nebr., spent the holidays with their mother, Mrs. Muriel Cook, and sister, Mrs. A. E. Adams and family, on Thursday evening, Dec. 28. Mr. and Mrs. Leo Butler and Mr. and Mrs. Charles Cook and boys joined the group for a chili supper. Tom is now affiliated with the Lincoln Life Insurance Co.

Rex Mawhorter, postmaster of C.M.A., is recovering from a serious illness of hemorrhaging ulcers which hospitalized him in October. He and his wife journeyed by train to San Diego, Calif., for Christmas vacation with their

daughter, Mrs. Harrell, husband John, and daughter Mary Ann.

Operator Sereda Doll and Howard spent Christmas Day in Gary visiting their daughter and family, Mr. and Mrs. De Von Kuhn, and Cheryl. . . . Operator Mary Guise and family attended a family dinner at the Hugh Wilson residence in Kewanna and Christmas Day in Gary in the home of her sister, Mr. and Mrs. George Olmstead and family.

A Christmas letter from the Hugh Ayes in Texas tells that Hugh has been promoted to professor of history at Texas State in Denton. . . . Iris Gregory left just before the holidays to be in London with her family. She expects to visit on the continent and will be home in Culver again by spring. . . . Virginia Bays and Jan Bray, along with Lannie Bray and Virginia's Aunt Ada, headed east last week with turnpike conditions so bad they needed a foghorn to guide them. Lannie went back to St. Thomas and Jan on into Connecticut for a family visit. Virginia will "do" the East. Back again next week. . . . Jim Craig, youngest son of the Brad Craigs, spent Christmas in San Antonio with TMI friends and brother Chad. Chad is in TV in SA. Other brother, John, flew to France during the holidays for a four months tour with Air Force. He's stationed outside of Paris. . . . General and Mrs. Spivey had an "on the go" time away from Culver with a family visit in Shreveport with son, Pete, and family. From there business tours took them into New Orleans and St. Louis and all points south.

The faculty ladies are off to a good start with some 35 enrolled in weekly French or Spanish lessons. This number also includes more than a few husbands. Two Classes, held on Tuesday night, are being offered through the generosity of Charles Minegar and Ray Wheat. Both groups include beginning and review students. . . . Another faculty wife sponsored group that is zinging along is the choral group led by Terry Anderson. They meet on Tuesday night in the Chapel practice room and count 30 in number. . . . A hearty "thank you" from the Christmas dance ladies, Bea Van Dusen, Mary Stone and Erna Short, to other faculty wives who helped with decorations for the most successful faculty dance. Thanks to Louisa Eyerly, Anna Helen Estey and Polly Curry, says Bea. . . . It's another granddaughter for the Ken Heggards. . . . Daughter Donna, presented the family with a Christmas night angel, Dec. 26.

The Chicago Motor Club offers the following suggestions if ground fog creates a driving hazard: (1) Don't drive unless it is absolutely necessary; (2) If you must drive, slow down to a safe speed; and (3) use your headlights, not your parking lights, so other drivers and pedestrians can see you coming.

## Speaking Of Flights

**SHELBYVILLE NEWS:** While you're concentrating on space flights these days, take a few seconds to read this and follow the flight of the dollar.

In 1961, an income of \$12,510 was needed for a married couple with two children to have the same purchasing power — after Federal income and social security taxes — that a \$5,000 income provided in 1939. The taxes on \$5,000 in 1939 was \$59, leaving \$4,941. Out of a \$12,510 income last year, taxes took \$1,912. And because of today's higher prices, another \$5,657 must be taken out of the remaining \$10,598, to adjust it to the buying power of 1939 dollars. Need any more ammunition to fight for tax reform? — (Source: National Industrial Conference Board)

### 117 SCHOLARSHIPS AVAILABLE FOR 1962

One hundred seventeen 1962 State Fair Boys Camp garden school scholarships will be available to Indiana 4-H club and Future Farmers of America members who enter garden club and strawberry projects this year.

Roscoe Fraser, Purdue University extension horticulturist, said awards would be distributed on this basis:

Ninety-two garden club trips (one for each county) and 25 strawberry club trips (one each from the 25 counties with largest strawberry club enrollment).

Garden club members may secure their seed from any source and be eligible for all prizes and awards. However, a seed company and the Sears-Roebuck Foundation are cooperating with the Indiana Junior Vegetable Growers and the Purdue agricultural extension service in furnishing garden seed at a reduced cost.

In addition to the State Fair trips, transportation and lodging expense paid trips to the National

Junior Vegetable Growers Association convention in Miami Beach, Fla., Dec. 1-9 will be given. Fifteen of the State Fair trip winners will be chosen for the Miami Beach convention; 19 State Fair vegetable judging contest winners; nine State Fair vegetable demonstration contest winners; 32 or more Purdue vegetable judging contest winners, (contest to be held Oct. 13) and 10 Purdue vegetable demonstration contest winners, one person demonstrations and coach, (contest to be held Oct. 27).

All county State Fair Strawberry School winners will also compete for the 15 or more Miami Beach convention trips.

Fraser also announces the Canning Tomato Club for 4-H and FFA members in Indiana with awards including cash and a "big day" trip to Indianapolis for the winners.

General rules and suggestions for all projects are available from Indiana county extension agents and vocational agricultural teachers.

## Library Notes

The Home Economics Club presented to the Culver Library the book, "Christ and the Fine Arts," in memory of Mrs. Ralph Osborn, Sr. This book is an anthology of world famous pictures, poetry, hymns and stories, beautifully illustrated.

Mr. and Mrs. Robert Hill have furnished the Library the Chicago Sun Times for the winter months.

Other recent contributors were Peter Trone, Mrs. Duane Powers, Laura Gunder and Adeline Williams.

Inter-library loan service has been started and adults may secure cards from the Librarian. This card enables the holder to borrow books at the libraries in Plymouth, Knox, Bremen, Hamlet and North Judson without charge. Books may be returned to the local library. The first three people to avail themselves of this service are Mrs. Wilber Taylor, Don Parson and Mrs. Eugene Benedict.

There were 30 less borrowers cards at the close of the year, due to removal from the file of all cards not used for the past two years. This policy is advocated by the Indiana State Library to maintain a more up to date and active file of borrowers. However, 2,691 more books were checked out in 1961 than in 1960. This was an average of almost 21 books per borrower against 18 plus in 1960. There was an increase in the number of volumes on the shelf of 965 at the close of the year. 3,374 books were loaned in January to start off the new year.

Mrs. Jane Scruggs, Librarian, attended an all day meeting in Plymouth Tuesday, Feb. 6. This meeting was a workshop in preparation to the start of the Bookmobile program in which the local library will participate. The Bookmobile will furnish library service to communities not served by a library of their own.

A driver and librarian is needed for the Bookmobile. Any one interested may secure an application from the Librarian at the Culver Public Library.

## Indiana Toll Road Offers New Travel Service

Worried motorists with a "weather eye" on the hazards of winter driving are being offered a new travel service by the Indiana Toll Road.

A telephone call to ORchard 4-8836 in South Bend will bring the motorist up-to-the-minute road and weather information on the Toll Road as well as reports from connecting roads to the west and all the way east to the Atlantic coast.

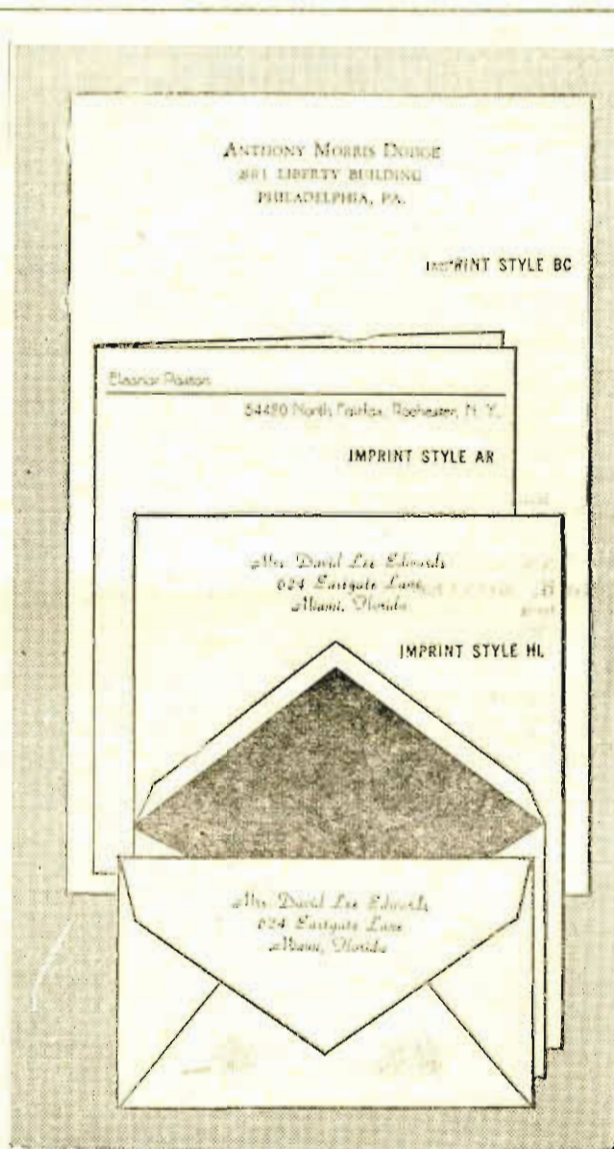

Robert A. Tillett, General Manager of the Toll Road, reports that a new recording device has been installed at the Toll Road headquarters building at the St. Joseph-Elkhart County line. When the motorist calls the ORchard 4-8836 number and asks for road information, the switchboard operator plugs in the recording and the listener will hear the current road and weather re-

port. Rudy Wuletich, Communications Engineer of the Toll Road, says that the information is kept current by frequent checks with Indiana State Police and road maintenance crews and the South Bend weather bureau station and reports from Chicago and points to the east by shortwave radio. Also utilized is a private worldwide weather reporting service. The recordings are changed on a regular morning, afternoon and evening basis and more frequently if weather and road conditions alter rapidly.

You have to see dangers to avoid them, warns the Chicago Motor Club. That's why all-around visibility is essential to safe driving. Make certain your windshield wipers and defroster are in perfect condition. And always clear snow or ice from the front, rear, and side windows of your car before venturing out into traffic.

An important part of winter driving, says the Chicago Motor Club, is to learn to recognize road signs by their shape. Signs sometimes become covered in a blizzard, or passing traffic may splatter them with mud and blot out the letters. Eight-sided signs always mean a full stop; diamond shaped signs indicate danger; and circular signs denote railroad crossings.

## SLOW DOWN AND LIVE—THIS WINTER

### DRIVING FACTS YOU SHOULD KNOW

#### STARTING ABILITY ON ICE

Traction ratings, based on hundreds of tests, measure the pulling or hill-climbing ability of tires and chains on glare ice conditions. Index is expressed at 100 for regular tires.

0	100	200	300	400	500
REINFORCED TIRE CHAINS 509					
SNOW TIRES 128					
REGULAR TIRES 100					

#### STOPPING ABILITY ON ICE

Average braking distance, based on tests from 20 mph on glare ice. For comparison, average braking distance of regular tires on dry pavement at same speed is 21 feet, on glare ice 195 feet.

#### STARTING ABILITY ON SNOW

Traction ratings, based on draw bar pull tests on loosely packed snow, also indicate relative ability to pull through deep snow or climb hills.

REINFORCED TIRE CHAINS 413					
SNOW TIRES 151

#### STOPPING ABILITY ON SNOW

This shows the comparative stopping ability of regular and snow tires and reinforced tire chains on loosely packed snow, from 20 MPH.

**EFFECT OF TEMPERATURE**  
Rising temperatures make ice more slippery. As snow melts, tires, moving at 20 mph on glare ice, requires 114 ft. at 0° and 225 ft. at 30° above. Reinforced tire chains provide consistently shortest stops, about 77 ft., regardless of temperature.

#### STOPPING ABILITY ON DRY PAVEMENT

REGULAR TIRES 21 ft

Above charts, provided by the Safe Winter Driving League, illustrate test results by National Safety Council's Committee on Winter Driving Hazards. For each "braking distance" above you must add 22 feet, which is distance traveled during average "reaction time" needed to think and get your foot on brake after seeing a reason to stop. Skidding and reduced visibility are the major added hazards of winter. Can you see and stop in time? Are your windshield wiper blades giving clear, streak-free visibility? Does your defroster work?

The nature of true happiness will be brought out Sunday at Christian Science church services. Selections from the Bible in the Lesson-Sermon on the subject "Soul" include these verses from 1 Chronicles (16): "Glory ye in his holy name; let the heart of them rejoice that seek the Lord... Glory and honour are in his presence; strength and gladness are in his place."  
One of the citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p.57): "Happiness is spiritual, born of Truth and Love. It is unselfish; therefore it cannot exist alone, but requires all mankind to share it."

**HEROIC COINCIDENCE**—Two Indiana truck drivers have received Indiana Motor Truck Association's Driver -of -the -Month Awards for virtually identical feats of heroism. Otto Jeschke of Hobart and George Forster of Hammond received citations for heroic and prompt action in saving the lives of two accident victims. Both accidents occurred near Chicago, a few miles apart and within a month of each other.

## Necessity Of Skilled Workers

(Continued from Page 1)  
need some 3,400,000 more workers in such branches between now and 1970. Many of these will be sought by skilled mechanical and construction crafts, and many will be needed in the rapidly expanding office field.

### New Job Problem

Let me now bring up a problem that already faces the employer and will become steadily more difficult over the years ahead. This involves the dizzying pace at which changes in specialization become necessary in the mad race of research and development that leads automation ever onward. Some intelligent observers of the machine-to-run-machines revolution think that intensive specialization is basically unsound. What will happen, they ask, to a student trained to run a complex machine when that machine and his job suddenly become obsolete? This is something that is going to happen numberless times in the years ahead. How am I to tell my readers the best way to face it?

Frankly, I think it is as simple as this: Insist upon broader education all along the way for your dependents. In this way their discipline will be improved and their minds will be made more responsive to a wider variety of good influences. Once an aspiring young man or woman learns how to think, it will be an easy thing to adapt as demand requires. Changes will not then loom as insurmountable barriers, but will be new and stimulating challenges. There will be a million-and-one such challenges in the coming years, and you will want your children educated in the way that will help them to meet these changes.

### Present Schools Inadequate

While getting a broad education the arts should not be neglected. In fact, they should be encouraged with an eye to influencing a worker to think when he is not busy at his job. Creative thinking is the great need. This is the only way we will lick Communism. Those who pooh-pooh time given to the study of literature, painting, theater, and music simply do not understand the richness and imagination which can be thus instilled into a young person growing up in a highly materialistic world. Needless to say, sane religious education is of the utmost importance from the very earliest "learning" days of every child.

In closing, may I say that I have not abandoned my attitude toward the real need for specialization. But I think it is essential to base this upon a sound, broad education that will lay the groundwork for the development of special talents. A poor student is usually a poor craftsman. Shame on school committee members who are always calling for "practical" education. It is more laboratories rather than more workshops that we need. We must train our children to think, and love to visit art museums and libraries. Yes, and to learn to read good books.

## Report On Ground Water Conditions In The County

Adequate quantities of ground water are available from unconsolidated rocks for domestic and stock supply and in places for public supply and industrial use in Marshall County.

Glaciofluvial sand and gravel of Pleistocene age is the chief source of ground water in the county. Wells in sand and gravel yield from 5 to more than 1,000 gpm. Water from this source is generally hard to very hard. In much of the county the iron content exceeds the maximum concentration recommended by the U.S. Public Health Service. The bedrock underlying the unconsolidated rocks of Pleistocene age is not used as a source of supply. However, the younger bedrock is a potential source of water although quality and quantity available is uncertain.

A preliminary report on ground-water conditions in the 459-square-mile county has been prepared by the Geological Survey in cooperation with the Division of Water Resources, Indiana Department of Conservation. Included in the report are maps showing location of wells, availability of ground water, and quality of water in the rocks of Pleistocene age with respect to hardness and tables giving records of about 630 wells and test holes, logs of about 330 wells and test holes, results of 232 partial chemical analyses, and measurements of water levels in 4 observation wells.

Titled "Ground-Water Resources of Northwestern Indiana, Preliminary Report: Marshall County," the report was written by J. S. Rosenshein and J. D. Hunn. Pending publication as Bulletin 19 of the Division of Water Resources, Indiana Department of Conservation, typewritten copies may be consulted at the Geological Survey, Room 1242-G, General Services Administration Building, 18th and F Sts., NW., Washington, D. C., and Room 403, 611 N. Park Ave., Indianapolis, Ind.; the Division of Water Resources, Indiana Department of Conservation, Room 609, Indiana State Office Building, 100 N. Senate Ave., Indianapolis, Ind. A copy of the text and illustrations has been deposited in the Public Library at Plymouth. Complete copies including detailed tables of well records are on file at the Indianapolis offices.

## Wheat Brothers Are Members Of Purdue Choir

James R. and John R. Wheat, sons of Mr. and Mrs. Raymond C. Wheat, Culver Military Academy, Culver, are members of the Brass-Wind Choir, one of the most recently formed organizations in its Department of Bands, at Purdue University. Comprised of 18 members, all talented musicians, this choir features selections representing the baroque and contemporary periods in band music.

James, a senior, is a trombonist, and John, a freshman, is a

percussionist in the Choir. Both are in the School of Science, Education and Humanities.

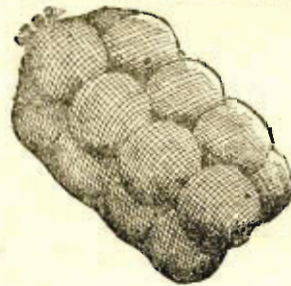

Although Purdue has no School of Music, several of the organizations in its Department of Bands, including its large "All-American" Marching Band and Symphonic Band, have gained wide acclaim. Although making its

first appearance only last year, this Brass Choir has swiftly gained recognition.

Its first appearance this year was at a Christmas program and last Saturday (Feb. 10), it was presented to the television audience at the half-time program of

the Purdue-Indiana University basketball game. It also will perform on March 7 in a special program during the annual convention of the American Bandmasters Association to which Purdue will be host this year.

# New Paris Beats Our CHS Indians By 71-60 Score

## Meet Lakeville For Final Game

**By Earl Mishler**  
New Paris' highly-touted Cubs survived a constant pressing defense last Friday night to stop the stubborn Culver Indians, 71-60. The rugged Elkhart County squad, losers only to Goshen and Concord, had their hands full with the hustling Indians. The loss gave Culver a 3-15 record. The first half was nip-and-tuck throughout. New Paris grabbed an early lead behind rugged offensive rebounding. With 6'0" junior forward Richard Hoffman leading the attack, the husky Cubs grabbed an 18-14 first quarter lead. Employing a full court press, the Indians caught up in the second period, with Tom Boswell and Paul White hitting well from the outside. New Paris led at halftime, 32-30.

The New Paris squad continued to score many baskets on tip-ins and close-in rebound shots in the second half. Senior guard Chuck Stille began to find the range from outside and the Cubs stretched the margin to 49-41 after the third period.

Culver lost Boswell and Sam Lowry on fouls, and their offense began to sputter. Jim Carter was the only consistent scoring threat in the second half, and the visitors pulled gradually away to the final count of 71-60. However, Culver perhaps played their finest game since the County Tourney. Despite the poor Indian record, there are still hopes for a good showing in next week's Sectional Tourney.

Hoffman led all scorers with 21 points, while Stille and sophomore Phil Weybright helped out with 19 and 12 points, respectively. Carter had 16 for Culver, while White added 13 and Boswell 12.

New Paris also brought an outstanding B-Team to town. Also having lost only two games, the Baby Cubs rallied in the second half to beat the Papooses, 54-38, with four freshmen starting. Culver hit 52% of its shots in the first half, which ended 28-24. Culver, Bob Lundy, a classy sophomore forward, earned 24 points for New Paris while Dave Lemar led the Papooses with 14.

The Culver Freshman team beat Bourbon Wednesday night to complete an undefeated season. The Frosh scored 32 of the 38 B-Team points Friday against New Paris.

The Indians' final home game was played last night against Winamac. Friday night the Tribe travels to Bremen for the annual season finale against St. Joseph County champion Lakeville. Game times will be 6 p.m. and 7:15 p.m. (CST)

# Academy Sports

If two weeks ago was one of those rare times when all of Culver Military Academy's sports teams came up with victories, then last week was one of those dismal periods when Eagle coaches wished they'd never heard of athletics.

On the three major fronts of basketball, swimming and wrestling, not one varsity team came out victoriously during the past week. Only in rifle was there some success, and even that was qualified as Culver finished second in a three-way match with ROTC units from Notre Dame and Purdue. Prior to the match, the Academy marksmen had a perfect 3-0 record in shoulder-to-shoulder competition.

Probably most disappointing was the unexpected demise of the Academy basketball squad, which hoped to take an 11-3 record into its big game here Friday night against unbeaten North Caston (20-0). Instead, Coach Chet Marshall's cagers lowered their mark to 9-5 with weekend losses to Plymouth, 70-56, and Whiting, 80-48. The defeats snapped an Eagle four-game winning streak, and left Coach Marshall with the task of regrouping his forces for the Friday-Saturday games against North Caston and Cranbrook School, both games at home.

For the anticipated capacity crowd which will be on hand to watch Caston attempt to close its regular season unbeaten, additional seats are being placed in the Little Gym for the junior varsity and varsity games beginning at 7 p.m. Admission to the Caston game will be by ticket only. With the cadets and because of the anticipated large crowd from North Caston, the

Culver preserved its unhappy record of never having beaten Plymouth. For a quarter Friday night at Plymouth, Culver led by a meager one point. But Plymouth had taken over by halftime, 33-26, and the Cadets fell further behind in the remaining 16 minutes. Top scorers John Teeter and Dan Vance got into double figures, but it wasn't enough. Against Whiting, Culver was

in the game until the half when the Cadets led 30-29. But Whiting raced ahead in the third period when Culver scored only six points, and it was a runaway in the fourth quarter when Whiting dumped in 29 points. Teeter was muzzled and didn't score a field goal.

The Academy ended its worst season in many years, and yet its 5-4 record was not as bad as Coaches Frank Walaitis and Charles Owen anticipated when they counted their graduating mermen last spring. Culver lost as expected Saturday night to

tough Kimball High School at Royal Oak, Mich. The score was 59-35. Because of proficiency in diving and relay events, the Eagles had hoped to make more of a close match of it, but they lost out in earlier individual events.

The rifle team placed behind Notre Dame's Army ROTC unit but defeated the Purdue Army ROTC team. The scores were: Notre Dame, 1882; Culver, 1874; and Purdue, 1825. Notre Dame's Hieky was high man with 381 out of a possible 400, followed by Culver's M. L. Gambel with 380.
