Babson Discusses Rail Properties

Urges C of C's To Take Action

By ROGER W. BABSON
No. 1 U.S. Economist
Babson Park, Mass. In my column which appeared during the week of May 17th, I referred to the new corporations which are being formed by the Bangor & Aroostook and the Kansas City Southern railroads.

Every C of C Should Wake Up
These business corporations which are gradually being formed do not change the operations of the railroad passing through your city. Such a "business corporation", however, gives the railroad an opportunity to use its right-of-way, its stations, and its opportunities for business in more profitable ways. Every Chamber of Commerce should now take this matter up with the railroad passing through its city. Said railroad enlarging its facilities means a profit, which should mean an advantage to your city as well as to the stockholders of the railroad.

Roger W. Babson

The railroad passenger business is dead and every community should recognize this as soon as possible. Otherwise, the railroad stockholder perhaps should consider alternatives in other transportation fields.

Suggestions To C of C
Every Chamber of Commerce at its next Directors' meeting should appoint a Railroad Committee. This Railroad Committee should meet and carefully go over the property of the one or more railroads passing through its city. It further should ask the city tax assessors for a rough map of the property which these one or more railroads own in said city. In fact, it might be well to have the Chairman of the Tax Assessment Committee present at the next meeting of the Railroad Committee. I fear that the railroad would hesitate to give a Chamber of Commerce a list of all its land holdings, even in said city; hence such a list must come from the tax assessors.

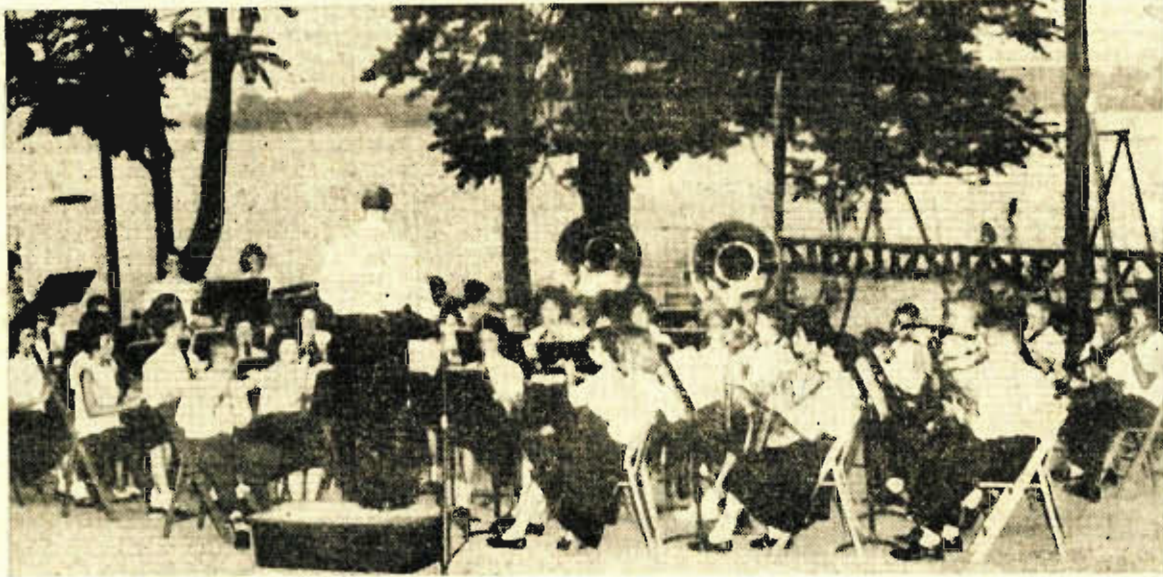

One of the first things for the Railroad Committee to consider is the amount of idle track which now exists. Certainly the railroads will want no more tracks, and probably much of its present track could be abandoned, enabling abundant land to be utilized for other purposes. If the railroad company refuses to sell or use such land, then the assessors should feel free to raise the tax assessments thereon. The Railroad Committee can explain to the railroad company authorities that it wishes to provide some additional earnings for the railroad rather than handicap them by higher taxes.

Formation of Corporation
As suggested above, there are many things which a railroad company can do without any additional legislation. The Boston & Albany Railroad, which runs through Wellesley, Mass., had two beautiful stone stations built during prosperous times. One of these it has rented to a clothes cleaning establishment, with a small waiting room for passengers. The other railroad station, one mile beyond, is being demolished by the railroad company which will sell the land for various purposes.

In almost every community there is a shortage of good parking spaces at the present time. There are selections of vacant land which the railroad company has which could be rented for parking lots. These would be both a contribution to the com-

Town Park Band Concerts Add To Lake Maxinkuckee Summer Season

Members of the Junior Band are pictured above prior to last Friday evening's concert held on the basketball court in Culver's Town Park. A good crowd enjoyed the wide variety of selections played during this second concert of the 1962 Summer Bands in the first concert rendered in this location.

A vote of thanks is extended to Larry Welsh of the local Lions Club for the sound truck and equipment; also to Don Mikesell and his crew for the installation of the lighting system; and to Jesse White for the use of his truck to haul the instruments and equipment.

Following the concert, members of the band were treated to a trip around the beautiful scenic shoreline of Lake Maxinkuckee aboard Frank Amond's launch, "The Maxinkuckee," with Jesse White, Director Richard O. Hambrook, Mrs. Hambrook, and son as chaperones.

The next band concert is scheduled for Tuesday, July 17, at 7:45 p.m. when members of the Senior Band will play at the basketball court in The Town Park.

A program is being held in the Culver Band Building on Thursday, July 12, at 7:30 p.m. in which all music students who started on instruments since April will perform. Parents are most cordially invited and urged to attend this program which should last about one hour. The program will consist of a performance by the students and a short discussion on instruments and their care. A brief period will follow with time available for parents to discuss with Director Hambrook any specific problems or unusual situations.

Culver American Legion Co-Hosts At Convention

The William Alexander Fleet Post 103 of the American Legion, of Culver, along with other posts of the Third District will be hosts to the annual convention of the Indiana Department of American Legion, to be held at South Bend, July 12 to 15.

The public is invited to join the more than 6000 delegates to the convention for "Parade of Champions" musical marching show in South Bend's School

Field at 8 p.m. July 14.

Taking part in the extravaganza will be such past national Legion champion outfits as the Racine, Wis., Boys of 76 Drum and Bugle Corps; Harwood Post Memorial Band from Joliet, Ill.; Norwood Park, Ill., Imperials Drum and Bugle Corps, and Skokie, Ill., Indians Drum and Bugle Corps.

Those who attended the similar show at the 1958 Legion Con-

Lions Annual Corn Roast Is Big Saturday Event

Serving Starts At 5:30 In Town Park

Delicious hamburgers, iced tea, coffee, or milk, and all the corn you can eat is the menu featured at the 14th annual Corn Roast to be held Saturday, July 14, at the Culver Town Park under the sponsorship of the Culver Lions Club.

Serving will begin at 5:30 p.m. and continue until everyone is served.

Ice cream for dessert will be served with the above menu and all for the price of just \$1.00 for adults and 75 cents for children.

Proceeds from this annual project will be used to help meet the obligations of the local Lions Club in their continual drive to better serve our community.

Everyone plan—now to take your guests and attend as this most worthwhile community project deserves the public's wholehearted support.

vention in South Bend will remember the spectacular displays of marching and music for which these units are famous. They will be joined in the show by state champion marching units selected in competition earlier that day.

This year's convention will feature one giant parade at 2 p.m. July 14, featuring units of both the Legion and the Forty and Eight organization, which is holding its 41st annual Grande Promenade in conjunction with the Legion convention.

The convention will get down to its serious side with an opening session at 9:30 a.m. July 13 in the air-conditioned Morris Civic Auditorium. Convention committees will begin work the day before.

New department officers will be elected at the final session at 11 a.m. July 15 in the auditorium. Resolutions will be adopted at the general session at 9:30 a.m. July 14.

The convention is being asked to consider resolutions which would oppose U.S. purchase of U.N. bonds; support atomic testing; oppose the Medicare Bill; grant World War I veterans a \$100 a month pension; enforce a loyalty oath for use of the Indiana War Memorial Building in Indianapolis, and adopt the book "Understanding Communism" for use in Indiana classrooms.

Famed Moonlight Cruise Is Set For July 14-15

Colonel Payson To Direct 20th Event

COLONEL E. T. PAYSON

Residents of the Lake Maxinkuckee area will be serenaded by the Culver Naval School Band when the Summer School musicians take their annual Moonlight Cruise aboard "The O. W. Fowler" this weekend.

The custom of Moonlight Cruises was begun in 1943 by Col. Edward T. Payson, director of the Band and chairman of the music department at Culver. This year's concerts will be the 20th in the popular series.

Colonel Payson said the Band will sail the east side of Lake Maxinkuckee Saturday, July 14, beginning at 8:30 p.m. West side residents will hear the Band Sunday night. Colonel Payson has selected 55 musicians from the Naval School Band of 101 to play a variety of music specially prepared for the cruise.

"The Fowler" is a three-masted sailing vessel used by the Summer Schools for naval training and for boat rides. The vessel is a marked departure from the type of craft used the first year the Moonlight Cruise was established. In 1943 the Band used four small cutters towed by a powerboat, and members of the Band held flashlights so that the musicians could see the music. "The Fowler" was constructed in 1944 and has been used ever since for the serenade.

It has been customary for lake residents to decorate their cottages on the nights of the cruise. Colonel Payson has requested that boat owners keep noises at a minimum during the time in which the Band is playing. On both nights, "The Fowler" will start its cruise by playing at the Culver Inn pier.

Two-Car Wreck Results In No Serious Injuries

A two-car accident involving two Culver residents just north of town Tuesday night fortunately resulted in no serious injuries. The drivers of the two cars were Charles L. Wynn, Route 2, Culver, and Donald Jenkins, 315 White St., Culver.

According to Lake Shore Patrolman James Cox, the accident occurred at approximately 8:45 p.m. The Jenkins auto, travelling south on State Road 17, momentarily crossed the center line and sideswiped the Wynn vehicle. The crash took place just south of the Three Sisters Restaurant on a very hilly stretch of road.

Although no serious injuries were incurred, Wynn suffered a bruised leg and knee. Both cars were listed as total wrecks. Deputy Sheriff Harold King was also on the scene.

Woodcraft Camp Observes 50th Anniversary

Ceremonies Set For July 27-29

The fiftieth anniversary of the Woodcraft Camp will be observed at Culver Military Academy July 27-29.

The Woodcraft Camp is one of three programs comprising Culver Summer Schools and has an enrollment of 648 boys ages 9 1/2 to 13. The Naval School for boys ages 14 to 18 has an enrollment of 822 and is observing its 60th anniversary. The School of Horsemanship, also for boys 14 to 18, enrolls 136 boys and is celebrating its 55th anniversary.

The Culver Summer Schools are the largest and oldest continuous summer camping and educational program in the country. Thirty-five thousand boys have attended the summer schools since their founding, and approximately 15,000 of them have been Woodcrafters.

More than 1,000 alumni, parents, and guests are expected for the festivities. The programs will be carried out in conjunction with the annual homecoming of the Summer Schools Alumni Association.

While the fiftieth anniversary of the Woodcraft Camp will be highlighted during the July 27-29 weekend, the celebration is observed throughout the eight-week session of all three schools.

A special plaque illustrating the anniversary has been designed by Culver's artist-in-residence, Warner Williams, all 648 Woodcrafters wear fiftieth anniversary patches on their dress uniforms, and Culver Band Director Col. Edward T. Payson has written a Woodcraft marching song to be sung at various functions during the summer.

The joint homecoming-anniversary celebration will be filled with a large number of activities scheduled in addition to the regular homecoming program. Fiftieth anniversary ceremonies will be observed during a program at 2 p.m. Saturday, July 28 to be followed by ground-breaking ceremonies at the Academy's new

Woodcraft Camp. At 9 p.m. an outdoor pageant depicting the 50 years of the camp will be staged by a cast of 375 Woodcrafters. Religious services, a band concert, and a garrison parade are scheduled for Sunday.

The anniversary celebration comes at a time when the Academy has begun construction on its new Woodcraft Camp and during a year when there are a record number of Woodcrafters enrolled in camp. The new camp, to be completed in time for next year's session of the Summer Schools, will accommodate 650 boys in permanent buildings located on a 250-acre tract east of the campus. Replaced will be the tent-style facilities that have existed since the camp was started in 1912.

When the Woodcraft Camp was organized 50 years ago, there were 36 boys enrolled under the directorship of the late Dan Beard, then national scout commissioner for the Boy Scouts of America.

With the aid of Boy Scout officials and the knowledge and ability of Beard to work with young boys, the camp was set up and has flourished ever since. The camp followed the basic philosophy of Beard that a "boy, like a tree, grows best with his toes in the ground." The camp today stresses most of those same subjects—nature lore, swimming, camping, and other outdoor activities.

The Summer Schools are operated by the non-profit Culver Educational Foundation, which also operates Culver Military Academy, a college preparatory school for boys in grades eight through 12, from September to June.

Arthur Hughes Appointed Judge Of English Awards

Arthur Hughes, of Culver Military Academy is a judge of the National Council of Teachers of English Achievement Awards program for 1962. Ristine Group To Visit Culver Friday Noon

The Tourist Assistance Council of Indiana, sponsored by Lieutenant Governor Richard O. Ristine, with their guests — editors of Indiana industrial-employee publications — will be the guests, Friday noon, of the Culver Chamber of Commerce and officials of the Culver Military Academy. Lt. Gov. Ristine's group is on a two-day tour of the northeast section of the state. They are visiting various tourist attractions that can be pointed out to out-of-state visitors as an inducement to visit Indiana and enjoy the entertainment and relaxing features of our state. Culver has been chosen as one of the stops on this tour.

The bus carrying the Ristine group will be met at the post office at 11:30 a.m. by Wayne Mattox, president of the Culver Chamber of Commerce; Don Trone and W. L. Thompson, special events and public relation chairmen of the Chamber; and John A. Cleveland, publisher of the Culver Press, Inc.

The group will go immediately to the Culver Military Academy, where it will be met by Major General Delmar T. Spivey, superintendent; Rear Admiral J. W. Bays, retired, director of the summer school; and Robert Matson, director of public relations of the Academy. The group will be the luncheon guests of General Spivey in the dining hall of the Academy. Following the luncheon, the group will be conducted on a tour of the Academy campus.

Following the campus tour, the group will be the guests of the Culver Chamber of Commerce on a tour of the lake front. The group will board the Frank Amond sight seeing boat, The Maxinkuckee, at the Academy docks. After the tour, the group will leave the boat at the City Park, where they will meet their bus for the trip back to Indianapolis. The tight schedule of the group calls for a two-hour stay here in Culver.

TWO FINES FOR TRAFFIC VIOLATIONS

William Dale Richter, 31, of 2208 West 6th St., Mishawaka, was arrested recently for exceeding the posted speed limit on West Shore Drive.

Rudolph A. Resar, Route 1, was also arrested recently for disregarding a four-way stop at State Roads 10 and 17.

Both motorists appeared last week in Justice of the Peace Harry Smelizer's court and were fined \$18.75 each.

James Cox was the arresting officer in both arrests.

MRS. CHARLES COWEN AND MRS. A. B. LONG ATTEND FUNERAL OF SISTER

Mrs. Charles Cowen and Mrs. A. B. Long were called to Evansville last week by the death of their sister, Mrs. Charles Glesman. They stayed over the weekend for the funeral. Also traveling to Evansville for the services were Mrs. Long's daughter, Mrs. Mary Jane Gollins, and Miss Mary Alice Baswell of South Bend.

Burial was made at the Highland Lawn Cemetery at Terre Haute.

Miss Susan G. Ruhnow Wed In Double Ring Ceremony To Ronald D. Tanner

MR. AND MRS. RONALD D. TANNER

Baskets of white gladioli and candles decorated the altar at the Grace United Church of Christ for the wedding at 2:30 o'clock Saturday afternoon, June 30, for Miss Susan Gay Ruhnow and Ronald Dean Tanner.

The bride is a daughter of Mr. and Mrs. Edward Ruhnow, 310 W. Madison St., Culver, and the parents of the bridegroom are Mr. and Mrs. Allen Tanner, Route 1, Culver.

Rev. Harold Hohman, pastor of the church, officiated at the double ring ceremony. Mrs. Judson Dillon was organist and Miss Mary Jane Guise, soloist, sang, "Always," and "The Lord's Prayer."

Given in marriage by her father, the bride was attired in a gown of lace made with a sashina neckline and fitted bodice. The long sleeves were tapered at the wrists. The tiered skirt was of accordion pleated tulle and lace and extended into a long lace train which was edged with scallops. Her elbow length veil of illusion fell from a crown of pearls and rhinestones. She carried a cascade bouquet of white carnations and pink sweetheart roses.

Attending the bride as maid of honor was Miss Eloise Tanner, sister of the bridegroom, who wore a lavender dress of cotton cupioni. Her flowers were a cascade of yellow carnations. Bridesmaids were Shirley Crow, Sandra Osborn, and Sandi Kiel. They wore identical dresses of golden yellow cotton cupioni and carried cascade bouquets of tangerine carnations.

Denise Ruhnow, cousin of the bride, as flower girl, wore a lavender dotted swiss nylon dress and carried a basket of pink and white rose petals. Edward Ruh-

now, Jr., brother of the bride, was ring bearer.

Mrs. Ruhnow, mother of the bride, wore a cocoa brown eyelet sheath dress with white accessories and a corsage of white carnations. Mrs. Tanner, mother of the bridegroom, wore a light blue cotton sheath dress with white accessories and she also had a corsage of white carnations.

Following the wedding a reception for approximately 250 guests was held at the Monterey American Legion Home. The refreshment table was centered with a four-tier wedding cake trimmed with white roses and doves. Serving were Miss Cynthia Ruhnow, sister of the bride, and Miss Carolyn Tanner, sister of the bridegroom.

The young couple left for a short wedding trip with the bride wearing a white linen sheath dress with roses embroidered on it. She wore white accessories and a corsage of white carnations and pink sweetheart roses. They will reside at Route 1, Culver.

Mr. Tanner is a 1961 graduate of Culver High School and is engaged at farming.

Mrs. Tanner is employed at the Three Sisters Restaurant and is a member of Culver's 1962 graduating class.

Enjoy Cookout

Those enjoying a cookout with Mr. and Mrs. Eugene Thomas and children Wednesday evening were Mr. and Mrs. Ted Powers and daughter, Mr. and Mrs. Cloyd Farmer and sons, and Mrs. Truha McKee.

David McKee and son of Lafayette and Vern McKee of Culver were callers.

Miss Carol Kline and Richard Troester Wed In Methodist Rites

Miss Carol Kline, daughter of Mr. and Mrs. Wayne Kline, Route 1, Culver, became the bride of Richard Troester, son of Mr. and Mrs. Herbert Troester, 1519 Fifth St., LaPorte, Ind., in a lovely double-ring ceremony Saturday afternoon, July 7, at the Culver Methodist Church. The four o'clock wedding was officiated by Rev. Clyde Beckner, pastor of the Mt. Hope Church.

The church was decorated with baskets of white gladioli, palms, and candelabra with white tapers. The pews were marked with white ribbon bows.

Organist Jeanette Berger played traditional nuptial music with Betty Kose singing "Because," "The Wedding Song," and "The Lord's Prayer" as the couple knelt at the altar.

The bride was beautifully dressed in a full length sheath gown of white lace over taffeta with round neck and three-quarter fitted sleeves. The detachable chapel train of silk organza over taffeta was fastened at the waist with a small bow. The elbow-length veil fell from a cap of satin and lace petals edged with tiny pearls, with drop pearls on the front petals. The bride, given in marriage by her father, Wayne Kline, carried a cascade bouquet

of white bow-bell orchids and white sweetheart roses with stepotis and ivy.

The maid-of-honor was the bride's sister, Patricia Kline, while the bridesmaids were Susan Chapin of San Diego, Calif., and Mrs. Robert Kline of Culver, sister-in-law of the bride. The girls all wore periwinkle blue sheath dresses of silk organza over taffeta with organza overskirts. They also wore matching veils attached to waterfall headpieces of flowers. The attendants all carried white Fuji mums tinted blue with cascades of white sweetheart roses.

The best man was Ronald Oakes of LaPorte, while the bridegroom's other attendants were Richard Schultz and David Mitchell, both of LaPorte. The ushers were Robert Kline of Culver, the bride's brother, and Jerrald Roth of LaPorte.

For her daughter's wedding, Mrs. Kline wore a rose-colored lace sheath dress with matching hat and bone accessories. Mrs. Troester wore a champagne-colored lace sheath dress with matching hat and heige accessories. Both wore white orchid corsages.

The reception was held in the yard at the home of the bride's parents with approximately 200 persons attending. Mrs. Donald Muehlhausen, Culver, Miss Sharon Robertson, Plymouth, and Miss Lynne Stettbacher, Chicago, served. Miss Susan Robertson of Plymouth was in charge of the guest book.

For her going away ensemble, the new Mrs. Troester chose a beige two-piece knit suit with beige and black pattern accessories. Her flowers were the orchid corsage from her bridal bouquet.

After a short honeymoon trip to Michigan, the couple will fly West, where they will make their home at 18400 Malden, Apt. 14, Northridge, Calif.

Out of town guests at the wedding came from San Diego, Calif.; Cincinnati, Ohio; St. Louis, Mo.; Milwaukee, Wis.; and Loganport, Michigan City, and South

Bend.

The bride is a graduate of Culver High School. She attended Ball State Teachers' College, and is employed as a secretary at General Atomic of San Diego.

The bridegroom is a graduate of LaPorte High School and Purdue University, where he majored in electrical engineering. He is employed with Lytton Systems, Inc., Canoga Park, Calif.

Engagements

MISS SHIRLEY CROW

Announcement is made of the engagement and coming marriage of Miss Shirley Crow to Ronald Allen Trump.

The bride-elect is the daughter of Mr. and Mrs. Floyd Crow, Route 1, Culver. She is a 1962 graduate of Culver High School and is employed at Ross's Grocery on East Shore Drive.

Mr. and Mrs. Allen Trump, Route 1, Argos, are parents of the prospective bridegroom who is a graduate of Argos High School and an employee of R. R. Donnelley & Sons Co. of Warsaw.

An October wedding is planned.

Dawson—Parker

MISS GLENDA KAY DAWSON

Mr. and Mrs. Oren Dawson, Route 2, Culver, announce the engagement of their daughter, Glenda Kay Dawson, to Robert Parker, son of Mrs. Orville Coby of 221 W. Madison, Culver.

The engaged couple are 1962 graduates of Culver High School. Mr. Parker is employed at International Harvester in Melrose Park, Ill.

The couple have chosen July 21 for their wedding date.

The Clyde Castleman's To Observe Golden Wedding On July 22

Mr. and Mrs. Clyde R. Castleman of Route 4, Rochester, will celebrate their golden wedding anniversary on Sunday, July 22, with a dinner for their immediate families at the Steer Inn Restaurant near Silver Lake.

A reception and open house will follow in their home beginning at 2 p.m. where relatives and friends may call.

Mr. and Mrs. Castleman were married in St. Joseph, Mich., on July 20, 1912, by the Rev. Clarence E. Hoag.

Mrs. Castleman is the former Florence Kelly, daughter of Samuel L. and the late Alma Kelly of DeLong.

Mr. Castleman is the son of the late Caleb and Ida (Oasotit) Castleman of the Rochester vicinity. He was associated with his brothers in the livestock and side barn business for 43 years.

The anniversary couple are the parents of a son, Kenneth, of Orlando, Fla., and a foster daughter, Eva Christopher, of New London, Conn. They have three grandchildren, Becky and Kent Castleman, of Florida, and Anthony Christopher of Connecticut.

The couple request that gifts be omitted.

W.S.C.S. To Hold Annual Breakfast On July 12

The Woman's Society of Christian Service of the Methodist Church will have their annual breakfast meeting on Thursday morning, July 12, at 9:30 o'clock in the Fellowship Room of the church.

Mrs. Taylor of Rochester will review the book, "House Without A Roof."

Hostesses will be Mrs. Clarence Bair, Mrs. Ralph Osborn Jr., Mrs. Ivan Walker, Mrs. M. E. Hodges, Mrs. Ben Oberlin, Mrs. E. D. Powers, Mrs. Emerson Boyd, Mrs. George Phillips, Mrs. Thomas Walker, and Mrs. Nellie Baker.

There will be a nursery for small children.

Maxinkuckee Fish and Game Club Secures New Lease

At their July meeting, the Maxinkuckee Fish and Game Club voted to accept another four-year lease of the Maxinkuckee State Fish Hatchery for the sum of \$1,000. The Club has operated the hatchery the past four years on a dollar-a-year basis. However, state conservation officials feel that this type of lease is poor business in view of their new "no stocking policy."

In other business, Louis Hurt was appointed to head up the 1962 Fish Derby. Details of the contest for the local kids will be announced in the near future.

Rainbow Girls Initiate Two New Members

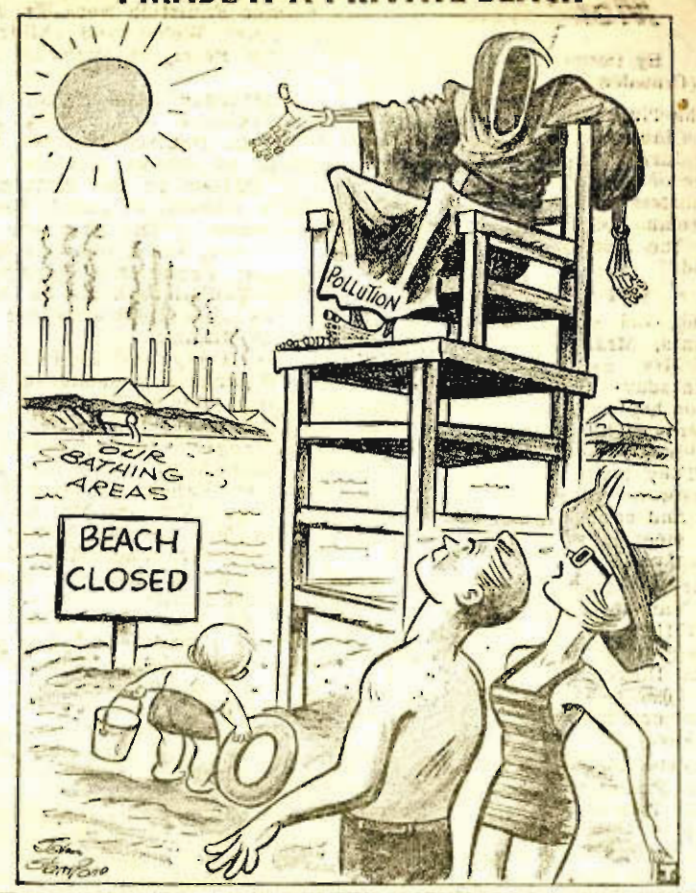

The Culver Assembly No. 61 of the Order of Rainbow for Girls held a called meeting Monday evening, July 9. Cheryl Dillon, Worthy Advisor, presided at the initiation of Carol Overmyer and Elaine Epley. Mrs. John Lucas was chairman of the refreshment committee. Tina Teach, Janet Manchester, Cindy Kemple, and Molly Norris assisted in the serving of the refreshments.

Culver Rebekah Entertain At Picnic For Burr Oak Lodge

Eleven members of the Culver Rebekah Lodge were hostesses to nine members of the Burr Oak Rebekahs at a picnic Tuesday evening in the west end of the Culver Town Park.

After the picnic supper, all enjoyed a contest led by Mrs. Peter Onesti and another game followed.

Among the guests present were Mrs. Verlin Shaffer and Mrs. A. M. Rice of Burr Oak Lodge, district officers. Also, Mrs. Ola Mollenkamp, a former Culver Rebekah, was a guest.

After the close of the picnic, several members of the Culver Lodge retired to the lodge hall in the Lions Den and transacted lodge business.

THREE IN ONE—A Hamilton County hen made news for its owner, Mrs. June Goodnight, who is the Hills correspondent for The Sheridan News. The hen laid an egg measuring 8 3/4 inches around the ends and 6 1/2 inches around the middle. When Mrs. Goodnight broke it she found it contained three normal size yolks. Mrs. Goodnight dutifully reported the over-sized egg to The News and observed, "It sure helped fill a skillet."

HINTS ON HEALTH

by the
INDIANA STATE MEDICAL ASSOCIATION

ECZEMA

ECZEMA is an allergic reaction which affects chiefly infants and young children, although it can occur at any time during life. Medicine still doesn't know the specific cause of eczema, but we do know that this condition can be aggravated by various materials touching the skin, food or drink, or particles in the air.

The most common material culprits are wool, silk, certain synthetic fabrics, and some skin cleansing agents. In the food line, aggravants include wheat, milk, eggs, sea food, nuts, chocolates, and citrus fruits. Eczema can also be irritated by such substances as pillow feathers, hair in rug pads, furniture stuffing, mattress fillings, or cat and dog hair.

A child who has eczema is generally itchy and cranky—frequently these are his only symptoms, but certainly they're enough for the harried parents. Many babies also show signs of over-nourishment, have a scaly, red skin, and are inclined to scratch more or less continuously.

Treatment of eczema follows the three basic principles which apply to other allergic disorders as well. The first is the control of the symptoms: in eczema this means to combat chances of secondary infection and to administer an anti-itch preparation, either externally, or internally, or both. The second rule is to try to lower the individual's sensitivity to the irritating agent or agents, which is usually accomplished by a series of injections. The third factor is to avoid the trouble-makers—for example, wearing non-irritating clothing; bathing in materials that don't affect the skin; removing reaction-producing foods from the diet, and attempting to cut down possible exposure to air-borne irritants.

By taking these precautionary measures, eczema discomfort may be kept to a minimum. The outlook is usually good, because, for some unknown reason, eczema in young children tends to clear up naturally around the age of three.

NIPSCO Employs New Method To Locate Gas Leaks

Residents of Culver and 12 other nearby communities will soon be seeing a bright red and white Jeep, with long snouts hung over its fenders, creeping along their streets.

The unit is not sweeping the streets. It's sniffing—with a nose for methane, the main ingredient of natural gas. And inside the Jeep, a close watch is being kept on a needle as it moves across the chart.

According to J. E. Nickoloff, NIPSCO's Plymouth district manager, use of the Rayflex gas detecting device will do away with the present method of boring holes in streets and alleys every 20 to 40 feet to test for gas leaks.

Use of the new device will cut testing time, too. The mobile detector can cover about 10 to 15 miles a day and that is about three to five times faster than the old method of boring holes in the pavement at regular intervals.

A seismic operator in the back seat of the Jeep rides in a nest of instruments. Before he begins his

run, he calibrates them, using methane that will produce a known reading. Next he writes something like this at the beginning of a roll of graph paper: "South from inside 7th Avenue on Main, Survey west side of street. Wind velocity 3 to 5 mph. Wind direction N. E."

As the vehicle moves along, the operator studies the graph watching for any blips made by the mechanical hand as it travels its course. When the infra-red filter detects a leak, the instrument draws a blip line showing the spot of the leak and about how much gas is escaping. The operator jots down such information as street numbers or road signs to identify his location.

Afterward, NIPSCO crews, even with a minimum of training, can look at these graphs and know where to make repairs. The graph will locate the leak within a radius of 5 to 6 feet.

State Highway Map Ready For Distribution

INDIANAPOLIS — The 1962 official Indiana State Highway Commission map is off the press and ready for distribution, David Cohen, Highway Commission Chairman, announces.

The new map, featuring an aerial photo of the west leg of Interstate 465 in Indianapolis on the cover, incorporates latest changes in road construction in the 11,000-mile highway system of Indiana, particularly updating those portions of the Interstate System open to traffic and including bypass routes where they have been developed.

The 1962 map retains the many features which have made it so useful to Hoosiers as well as to out of state travelers. These include enlarged diagrams of metropolitan areas designating state routes through and around the communities; a listing of Hoosier towns and cities with location designations; and a description of facilities at the many Indiana parks, forests, and recreation areas. A mileage chart between principal points is also provided.

Copies of the new Indiana map may be obtained by writing to the Indiana State Highway Commission, Department of Public Relations, State Office Building, Indianapolis, Indiana.

By DAVID KELLY, Troop Scribe

A fishing hike was held Sunday, July 8 at Gerald Osborn's lake. Corky Overmyer caught the biggest fish and was awarded a prize.

Twenty-three Scouts and the Troop Committee were present for the July 9 meeting. A Board of Review was held with Greg Easterday and Kent Overmyer passing their Second Class rank. Scoutcraft demonstrations were given by the patrol leaders on survival skills, Spud, catch ten, walking statues, and knotting games were played during the meeting. A uniform inspection was also held with 99% of the Troop in full uniform.

There will be a canoeing merit badge class held at Sam Allen's on Wednesday evening at 6:00. All Scouts who are interested must have passed at least the 150-yard swim test to attend.

Next Monday a Morse code and edible wild plant contest will be conducted. This will be on a patrol competition basis. Be sure the members of your patrol know their Morse code and edible wild plants.

An overnight campout at Faulkner's woods will be held Saturday and Sunday, July 21 and 22. Details at next week's meeting.

On Monday, July 30, a Court of Honor will be held. This is of special interest because two Eagle ranks will be awarded. Be sure your parents, relatives and friends attend.

A/3c Ronald L. Osborn, son of Mr. and Mrs. Gerald Osborn, Route 2, Culver, left last week for his base in Nebraska after spending a short leave with his family and friends. His complete service address is A/3c R. L. Osborn, AF 16724700, C.M.R. Box 349, Lincoln A.F.B. 18, Nebr.

COAST OF CALIFORNIA — Kerry M. Cummins, damage controlman first class, USN, son of Mr. and Mrs. C. H. Cummins of Route 2, Culver, is serving aboard the heavy cruiser USS Helena, which participated in "Exercise Peach Tree" off the coast of California the week of June 22-29.

The seven-day exercise, involving 10 ships and 8,000 men of the First Fleet, centered around a fast carrier striking force opposed by submarines and aircraft. Air opposition was provided by jet and propeller-driven aircraft, including medium bombers, using all types of weapons.

Ships participating in the exercise were an aircraft carrier, a guided missile frigate, a cruiser, three destroyers, two replenishment ships, two submarines and several aircraft units operating from aircraft carriers and land bases.

The exercise was commanded by Vice Admiral R.T.S. Keith, Commander, First Fleet. The Helena is a flagship.

Maybe the world situation isn't so threatening after all. Construction firms will give you five years to pay for fallout shelters.

Culver Boys At DePauw University Basketball Camp

Two Culver boys were among 56 potential basketball stars who received some expert advice in the fundamentals of the sport at the second session of the DePauw University Basketball and Sports Camp which ended Saturday at Greencastle, Ind.

In charge of the camp was DePauw's head basketball coach, Elmer McCall (far right). Shown in a practice game are Greg Osborn, son of Mr. and Mrs. Ralph Osborn Jr., State at College, Culver; camp counselor Ron Zaleski of South Bend; Jeff Adams, son of Mr. and Mrs. Fred Adams, Academy Road, Culver; and Coach McCall.

Osborn was named most valuable player among the senior campers and received the award on the basis of his outstanding play in the intramural championship game which climaxed the week-long camp. He received a trophy recognizing his achievement during a special awards convocation.

The campers, who will enter grades six through nine this Fall, received instruction in basketball fundamentals and participated in swimming, tennis, and bowling and were organized into leagues for competition on the basis of age and ability.

BOMBARDED by Lonzombe is a strong expression. It characterizes the over-emphasis on so-called wonder foods by food faddists.

Wheat germ, brewers' yeast, liver and blackstrap molasses are considered harmless. But food faddists insist large quantities of these foods solve nutritional problems, even prevent the loss of hair.

A variety of foods used properly in the daily diet is the basis of good modern nutrition. To encourage variety and at the same time to assure that all nutrients are being supplied in adequate amounts, foods have been classified in a daily food guide. This guide is simple to follow and merely emphasizes the four essential classes of food which should be eaten. First class is meat, poultry, fish and eggs. Second class is fruits and vegetables, including potatoes and citrus fruit, or other fruit or vegetables important for Vitamin C, and dark green or deep yellow vegetables. Third is milk. Fourth is bread and cereals. Any other foods selected provide additional food energy and values.

No special individual emphasis is given to any one of these groups and by spreading the selection appropriately among all, there is no question but that the essential nutrients will be eaten in adequate quantity.

False promises about special vitamin and food preparations as the cure for all ills frequently cause delay in seeking necessary medical treatment.

spent the weekend with her parents, Mr. and Mrs. Louis Talcot. Mr. and Mrs. James Chapman and family of Indianapolis are spending a few days this week with their parents, Mr. and Mrs. Louis Talcot and Mr. and Mrs. Lester Chapman.

Do You Remember 'Way Back When?'

Highlights of Culver News of 10, 20, 30, 40, and 50 Years Ago This Week

July 9, 1952 —

Curtis Blanton, 16-year-old youth of Louellen, Ky., and an employee at the Academy Mess Hall, drowned in the shallow water near the Town Pier last Friday evening, July 4.

Wheat harvesting is on in earnest in this immediate area with an above normal production.

Plans are nearing completion for the staging on July 20 of the eighth annual regatta and water ski exhibition.

Miss Corinne Leland, daughter of Col. W. E. Leland, was married July 6 to John Barger of Albion, Mich., in the memorial library on the Academy campus.

Miss Bernice King of Newton, Texas, and Everett Martin exchanged marriage vows July 5 at the Santa Anna Church.

Although hampered by numerous problems, laying of the sewer lines and construction of Culver's new sewage disposal plant is rapidly progressing.

Considering many problems brought on by the war, the progress of construction on the new grade school building has been real rapid and, barring unforeseen circumstances, it will be ready for occupancy (at least one wing) by late fall or early winter.

July 15, 1942 —

Culver's two Eagle Scouts, Ernest Starr and Edgar Reed, will be honored by the local post of the American Legion at a meeting July 16 in the Scout Cabin.

The Red Cross has been requested by the War Department to make 350,000,000 surgical dressings for the U.S. Army the year of 1942-43, it has been announced by Harlan E. Orr, county Red Cross chairman.

Attention of motor boat owners and operators was called today by Hugh A. Barnhart, director of the Department of Conservation, to laws which govern the use of such crafts on Indiana waters.

A first lieutenant in the U.S. Army Reserve, Russell D. ("Russ") Oliver, football, basketball, and baseball coach at Culver Military Academy for the past seven years, has been ordered to report for active duty. Coach Oliver left for Camp Edwards, Mass., today.

July 13, 1932 —

Work has been started by the Ohio Oil Company, which handles Linco products, on a new \$15,000 super service station to be erected on the corner of Main and Jefferson Streets.

The moving picture, "Tom Brown of Culver," which has just been released, has been highly praised by critics.

Mrs. Martha E. Garbison Walters, 54, died Thursday at her home in Ora.

Emil Stepman has purchased the A. M. Roberts Plumbing Shop and is now operating it under his own name.

During the storm Thursday morning a bolt of lightning struck the large barn on the J.

Mrs. Chester W. Cleveland Returns From Kappa Kappa Gamma Sorority Convention

Mrs. Chester W. Cleveland of East Shore Drive has returned from a 10-day-trip during which she attended the 44th Biennial Convention of Kappa Kappa Gamma Sorority, held June 26 through July 3 at the Grove Park Inn in Asheville, N.C.

Mrs. Cleveland accompanied her sister-in-law, Mrs. Philip R. Melangton of Plymouth and Mrs. John J. Lowitz of Purchase, N.Y., and Cassopolis, Mich., her former roommates at the Kappa House while they were students at the University of Illinois.

A highlight of her trip was seeing one of her former Kappa classmates, Mrs. Polly Knipp Hill of St. Petersburg, Fla., and Highland, N.C., etcher and painter, receive the Kappa Kappa Gamma Alumnae Achievement Award, given to 10 alumnae who attain distinguished achievement in their chosen fields.

Another highlight was a trip to Cherokee, N.C., to the Moun-

tainside Theatre where she saw the drama of the Cherokee Indian, "Unto These Hills." This is a most inspiring outdoor historical presentation set against the backdrop of the Great Smoky Mountains.

A cast of more than 140, headed by top actors and actresses of famed Playmakers of the University of North Carolina, descendants of the Cherokees who lived the story, are cast in principal roles. Many other Indians are seen in the recreated 16th Century village scene and the dances, including the colorful age-old "Eagle Dance." A choir with organ points up original music by Jack Frederick Kilpatrick, the nationally acclaimed Cherokee Indian composer.

Mrs. Cleveland recommends this as great family entertainment and a "must" for anyone traveling in this locality.

W. Flora farm west of Richland Center, but no fire was started.

Mrs. Henry Medbourn was painfully injured Monday afternoon when she was accidentally hit in the face by a golf club.

July 12, 1922 —

Dow Rector has built a gasoline service station at the Rector Hotel on the East Side.

N. W. Rector has exchanged his Oakland touring car for a 1922 coach model, four passenger, of the same make. It is thoroughly equipped even to a heater and is a handsome specimen of car building.

Nature has been friendly to Captain Riggins this season. Besides a loaded grape arbor, he has an early harvest apple tree which is bearing apples in clusters of five on a single stem.

The Nature Study Club of Indianapolis spent Sunday here as guests of Mr. and Mrs. S. E. Perkins at their summer cottage.

A nine-car excursion, bringing the Red Men of South Bend and their families and friends, spent Sunday at the Lake. The Red Men Band gave concerts during the day.

July 11, 1912 —

It was 29 years ago June 30 that the Vandalia's rails reached Culver (Marmont, then) from Logansport and a few weeks later a passenger service of one train each way between the two places was established.

Onion buyers have been here during the past week offering 90 cents for the full crop.

Estelle Mildred Knapp has won the second prize for the best short story in the Outstanding Book of the Chicago Inter-Ocean.

During Sunday's storm, the Hessel house, occupied by George Topping, was struck by lightning and a small hole made in the roof.

Knight Culver's three-year-old Oldsmobile car, a \$4500 machine, was burned up not far from St. Louis last week. The driver, Anderson, was taking the car to St. Louis to bring his family back to Culver.

The Harry farm of 400 acres, lying west of Culver, was sold last Sunday under a decree of foreclosure.

"If You Care—Check Your Social Security Share"

A problem that continually faces social security offices is getting the public to change outmoded ideas about the social security law once the law has been changed. Remarks like, "It's something you get at 65," and "You can't earn over \$100 a month", have been popular ones for many years even though they are not necessarily true.

Mr. Cornelius R. Schafer, District Manager of the South Bend Social Security Office said: when the law is changed, specific informational programs are set up to reach those persons affected; but many people either do not take the time to check their social security standing or think that the information they previously received still holds true. Lately the social security people have made a new appeal, "If you care—check your social security share."

Are you one who should check his "share"? It could be! The social security law was liberalized in 1961. Much less work is now needed to get benefits: For example, if you are a man who will reach 65 this year or a woman who will reach 62, you need only 2-3/4 years of work under social security to get benefits; this little work, in spite of the fact that 1962 is the 26th year that work has counted toward social security benefits. Men who reached 65 and women who reached 62 before this year need even less work. If you have been previously told you have not worked long enough, check with your social security office again — you may be pleasantly surprised to find that you qualify under the new law.

Men as well as women may now receive benefits at 62 instead of 65. So if you are 62, check with your social security office. You may receive a lower amount than you would if you waited until 65, but in the long run you may possibly receive just as much money as if you waited until 65. The people at the social security office will be glad to discuss your particular case and figure out the amount at the different ages. The choice is then up to you.

The important thing the social security people want to stress is to check your status whenever you are in doubt as to your social security rights — in other words, "If you care — check your share."

The South Bend Social Security Office is at 335 N. Lafayette Boulevard, CE 3-7148.

Taxpayers — Watch Tax Levy Notices For Excessive Rates

Harvey Cole, Peru, President of the Indiana Taxpayers Association, pointed out recently that although a complete reassessment of real estate is under way in Indiana this year, only a few counties have completed the work.

Governmental agencies having to do with budgets and the fixing of property tax rates for another year must begin operations August 1, but unless the reassessment is speeded to completion shortly, these governmental bodies will have no new valuations upon which to build budgets and fix the tax rates needed to provide the money necessary for another year's governmental business.

There are reports that real estate valuations will be increased 20 per cent on the average. If this is true, corresponding decrease in property tax rates would be needed even to hold the line. However, in some counties taxpayers have not received their first notices of the new appraisals.

Mr. Cole recalled that the Indiana General Assembly has granted permission to taxing units to set up cumulative funds for many forms of capital improvements. These funds may run from five to twelve years.

Many communities are now starting plans to increase cumulative rates, or starting new ones. Since all property in the state is being assessed this year, and as the reassessment is far behind schedule, an accurate estimate of the net assessed valuations is now impossible. An underestimate of the assessed valuations will result in rates higher than necessary to finance the projects. To be on the safe side, taxpayers should file an appeal with the county auditor on or before August 1, asking that the cumulative rates be reviewed and adjusted to meet the actual needs.

Remember, increased valuations also provide more bonding power and many projects are financed both by bonds and cumulative building funds. A taxpayer appeal taken now will assure better planning and will be good insurance against excessive property tax rates for another year.

We urge all property taxpayers to watch the legal notices published in the newspapers. Any notice addressed to taxpayers means action by a governmental agency that has authority to make taxes higher or lower. These agencies are responsive to public opinion and if the taxpayers generally demonstrate that they are opposed to needless expenditures a victory for economy will have been won.

The tax history in Indiana is a very interesting one. In 1930 the valuation was \$3,141,073,093; population 3,238,500; taxes levied were \$145,647,082; the average tax rate was \$2.82.

But in 1961, the valuation of the state was \$7,952,877,033; population was 4,562,498; taxes levied were \$531,833,584; average tax rate was \$6.69. Nearly a 200% increase over 31 years.

BUYER BEWARE — A Corydon resident placed this candid ad in The Corydon Democrat: "For Sale — Used power mower in terrible condition. Make an offer."

The transient display advertising rate of The Citizen is only 70 cents per column inch.

Former Culver Evangelist Enjoys Vacation Here

Rev. Robert Stephen Fife, now of 603 Henley Ave., Space 3, Lyons Trailer Court, Fairmount, Ind., and his wife, Gretchen, were in Culver vacationing at the Rex Mawhorter Apartments and fishing from the wharf at Lake Maxinkuckee near the old depot and the Town Park.

Robert says "Yes, I do remember way back when!" referring to the item in last week's Citizen dated June 27, 1912. There were three Fife brothers, Clyde, the eldest, Bob, and Earl, the youngest. Clyde was the evangelist and did the preaching 50 years ago for three weeks in the Town Park. Bob played the slide trombone and Earl played the cornet and led the congregational singing. Neil, their sister, played for the song service and special instrumental solos and gospel solos. She later married Fred H. Kuhn, now residing on Pretty Lake near Plymouth.

Neil died in August, 1959, at Parkview Hospital in Plymouth. Clyde is now dead and is buried at Abilene, Texas. That leaves Bob and Earl still living. Earl is now pastor of a large Christian Church (Disciples of Christ) at Houston, Texas. His address is 1001 Mae Drive, Houston 15, Texas. He is soon retiring to give his time to writing books.

Bob's wife, Gretchen, is with Bob here now. She is starting her 39th consecutive year this fall teaching third grade in Fair-

mount. She is teaching the children of the businessmen and housewives that were in her school room when she first began to teach at Fairmount.

Reverend Fife, one of the two living Fife brothers, says, "I am now profitably engaged in reading J. Edgar Hoover's new book, 'Communism in the United States', and says that all American citizens must read it to know what we can do to combat Communism. Bob says he and Gretchen like Culver and would like to live here and fish in Lake Maxinkuckee when she retires. Bob has already retired. The couple has been driven around the Lake many times during their local vacation and have expressed admiration for the beautiful homes, The State Exchange Bank, and business houses of Culver.

We Should Show Our Appreciation — It Is The Least We Can Do

The annual fireworks display, sponsored by the Culver Military Academy, held on July 4, was viewed by approximately 10,000 people. The event, which was begun several years ago, then discontinued during the war years and revived again in 1957, is one of several public programs the Academy offers the people of Culver and surrounding area. And at no cost to any organization outside the Academy.

The Academy, not only for the Independence Day celebration, but for the many sports events, cultural presentations, cadet activities, etc., has generously opened its campus to the public for all to see and enjoy. In fact, the campus is open at all times for visitors and those who wish to use many of the Academy's facilities as long as it doesn't interfere with Academy activities. And at NO COST to the guests.

The policy as it exists brings to mind the question — Do we really appreciate the fine spirit of community co-operation the Academy is practicing every day of the year? Let us vision, if we can, the possibility that if all those events were closed to the public, or that to enjoy them an admission charge was to be made to defray the expenses of those activities. — JUST WHO WOULD PAY FOR THEM? The Chamber of Commerce — The Lions Club — The Culver Businessmen — or those attending by admission charge. What activities could be sponsored by other groups that would take the place of those the Academy so generously presents to the public, and how would they be financed? Without much thought, one realizes the cost to sponsor events equal to those of the Academy, would be prohibitive for any of the local organizations.

In view of the above line of thought, it is certainly our obligation to express a note of gratitude and appreciation for the fine spirit of public service the Academy displays toward Culver and the surrounding community. We certainly should take cognizance of the fact that through the Academy's interest in being a part of this community, by offering their activities for the public to attend and enjoy — also offering the opportunity for gainful employment to many of our residents — we can do no less than to give them our vote of thanks and appreciation. In doing so, we also should be mindful of their property. Respect it and make every effort to leave the campus as we found it — clean and undamaged.

Small Business Warned To Adopt New Methods

Small business concerns were warned today to adopt "big business" management techniques or face "gradual extinction."

Speaking before the American Management Association, Marshall Mazer, vice president and general manager of the Old Town Corporation, said outmoded business methods annually cost small companies hundreds of millions of dollars a year in sales and earnings.

Mr. Mazer assailed the "myth" that small business firms cannot compete successfully against large corporations.

"Modern technology now makes automation available to the smallest companies and enables them to place their operations on a scientific basis," the office supply executive told the AMA. He said small firms can do many types of research better and more cheaply than big companies and that they can compete profitably for the foreign market.

"However," he noted, "most small companies do not take advantage of these opportunities." A company does not need a multi-million dollar laboratory to do effective industrial research," he declared.

Mr. Mazer said small business firms can operate as efficiently and sometimes more efficiently than their king-sized competitors. He stated they can act faster on a new idea and that they do not have to "move a huge bureaucracy to put the idea into action."

"However," he added, "most small companies are digging their own graves by using management techniques that were out of date 25 years ago."

Pointing out that more small business firms failed in 1961 than any year since 1933, Mr. Mazer said small companies have no accurate way of determining their costs and that "they drift along from year to year without knowing where they expect to be at the end of a given period of time."

He said they also fail to keep pace with modern technological developments and that they make

"little or no effort to tap the vast reservoir of executive talent that lies waiting for them in large corporations or university business schools."

"Many small companies," Mr. Mazer said, "believe they are earning a handsome profit on a product, when they are actually losing money."

Computer centers make it possible for small companies to eliminate a large part of the guesswork from their operations, if they do not have their own electronic equipment, Mr. Mazer declared.

"However," he noted, "few small companies make use of these centers."

Mr. Mazer called on small business concerns to "drastically overhaul their methods of doing business."

"If they do not," he said, "small business cannot survive in the United States." He said small companies should stop using "big business as a scapegoat for their own mistakes."

Mr. Mazer noted that his own company competes with the largest corporations in the country and that "we have seldom found ourselves at a disadvantage." The Old Town Corporation manufactures office duplicating equipment and supplies. Its volume last year was slightly more than \$5,000,000.

Despite its size, he said, the Old Town Corporation maintains a research laboratory that has turned out 13 new products in less than two years, the AMA speaker said. The company engages in trade all over the world, and its foreign operation accounts for a substantial part of its profits, Mr. Mazer declared.

"The size of the company makes it possible for us closely to coordinate research and sales and thus obtain more mileage from our research dollar than many large companies," he said.

To live happily in the country, one must have the soul of a poet, the mind of a philosopher, the simple tastes of a hermit—and a good station wagon.

—The Courier, Gibson City, Ill.

FOR BIG TOOTSIES — Advertised for sale in The Salem Leader was a "Large footed bath tub."

CARAT CROP — A Warrick County woman, Miss Lana McCool, looking over her freshly plowed garden, sighted a sparkling object. She plucked it from the ground and it proved to be a diamond ring she lost in 1934. The diamond, weighing nearly a carat, was set in a white gold mounting. A Boonville jeweler who cleaned the ring said it suffered no damaging effects from its long years in the ground. Miss McCool told The Boonville Standard she hadn't seen the ring since she placed it in an apron pocket while washing dishes 28 years ago.

Freedom from enslavement of every kind is available through spiritual understanding of the mighty power of God. This is the encouraging theme of the Lesson-Sermon entitled "God" which will be presented at Christian Science churches Sunday.
Bible readings will include this verse (Revelation 11): "We give thee thanks, O Lord God Almighty, which art, and wast, and art to come; because thou hast taken to thee thy great power, and hast reigned."
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will also be read (p. 228): "The enslavement of man is not legitimate. It will cease when man enters into his heritage of freedom, his God-given dominion over the material senses. Mortals will some day assert their freedom in the name of Almighty God."

SEASONABLE — Spring had arrived in Hendricks County and it brought some strange happenings in the yard of Bob Burkett, the county conservation officer. As described in The Danville Gazette here's what happened. Burkett noticed a crow in a tree near his house. As he watched a mockingbird, apparently defending its nesting territory, attacked the crow. Driven off, the crow landed in Burkett's yard and started pecking at what appeared to be a clump of dead grass. Then a rabbit emerged from a rose hedge and drove the crow away. Burkett went out and found that the grass clump was a rabbit's nest filled with baby bunnies. This led Burkett to lock his cat up in the barn to make sure it didn't disturb the baby rabbits.

SOCIAL SECURITY INFORMATION

"Man discovers valuable antique in attic." "Woman finds \$5,000.00 in stock certificates while cleaning out old trunk." How often have you read stories like these and dreamed of having similar good fortune?

Well, maybe there is a story for you. How about that social security card you applied for years ago? Have you ever checked with your social security office to see if it entitles you to benefits?

Mr. Cornelius R. Schafer, District Manager of the South Bend, Ind. social security office, does not know many people who have discovered unsuspected wealth in their belongings. However, he does know of scores of people who are now drawing social security payments simply because they took the time to check with their social security office.

That social security card of yours may mean monthly benefits for you if you have reached retirement age. Mr. Schafer stated that these are some of the points to consider:

1. Earnings of over \$1200 do not necessarily mean that you cannot draw some of your benefits.

2. Work done many years ago may qualify you for benefits even though you haven't worked recently.

3. Widows whose husbands died years ago may still be entitled to benefits based on the husband's work under social security.

Mr. Schafer also pointed out that people who were denied benefits in the past should check again. It may be that recent changes in the law will now permit payment.

Your social security office is located at 335 N. Lafayette Blvd., South Bend, Ind. Telephone CE 3-7147.

Division Vacancy Filled In State Forest

Robert Dale Raisch, District Extension Forester of Kansas State University, has been appointed state forester of the Indiana Department of Conservation. A position which was left vacant by the retiring of Ralph Wilcox last year. Wilcox had been state forester for many years and under his administration, built the forestry division from a small organization to the stature it is today.

Mr. Raisch will be responsible for the administration of 13 State Forests totaling 117,143 acres. The Forestry Division also provides assistance to small woodland owners within the state through 10 District Foresters and operates 2 State Nurseries for the production and distribution of trees to Indiana landowners for reforestation. Additional responsibilities will include strip pit reclamation, watershed management and coordination of the State Fire Control Program with the Enforcement Division.

Mr. Raisch received his BSF (Forest Management) from the University of Missouri in 1950 and his MS (Horticulture) from Kansas State University in 1960.

Prior to his appointment, Mr. Raisch was employed during the summer of 1949 by the U. S. Forest Service as a Lookout Smoke-chaser; from 1950-51 by the Missouri Conservation Commission as Farm Forester and District Forester and from March 1957, until the present time, he worked with the Kansas State University

Extension Service as District Extension Forester and was promoted to Assistant Professor in July, 1961.

munity, and also give a constantly increasing revenue to the railroad companies from whom it would collect money through the leases of the property.

Outside Businesses
Such "outside businesses" vary from the operation of buses to the casing of supermarkets and small factories. This is a real opportunity for railroads to discover what can be done. In the case of the Bangor & Aroostook, it has had its business corporation purchase a personal loan company to make small loans along its line; it is now negotiating for a machinery company to install automation in various plants of New England. Its headquarters are at Bangor, Maine; the Chamber of Commerce of that City will be glad to send to any other Chamber of Commerce details of what the Bangor & Aroostook Corporation is doing.

ADVICE TO EDITORS — The editor of The Putnam County Graphic, Kenny Bennett, says his editorial comments often draw sharp replies but he doesn't mind. Says Bennett: "While countless newspapers get along very well by riding the fence, never printing an editorial pro or con, it's stimulating, even to the amateur, the varied replies received when he sticks his neck out and takes a stand for or against something."

White, Lowry Spark Indians To Two More Wins

Paul White and Sam Lowry, two junior batterymates in their third season as regulars, led Culver's baseball Indians to two more victories last week, running the current winning streak to nine straight games.

Thursday night at Lapaz, Lowry pitched a steady three-hitter as his teammates battered the Vikings, 9-1, to avenge an extra-inning loss at their hands last month. White started the game with a triple, had two other hits, and scored three runs to lead the Culver attack.

Monday evening against Plymouth on the local diamond, Sam relieved Paul Liette in the eighth inning and earned another pitching triumph, 3-2. White's single in the eighth scored Jimmy Lewis from second with the winning run.

The Indians went 6 and 2/3 innings without a hit off Plymouth hurler Rick Stiles. The junior righthander was wild, however, walking eleven Indian batters, and throwing six wild pitches. The Indians tied the game in the sixth on two walks, three wild pitches, and White's deep sacrifice fly to center. Meanwhile, Liette, pitching a much better game, although yielding five hits, had held the visitors to two runs. Lowry, then playing third base, was sparkling defensively, handling several difficult chances.

With two out in the seventh, Andy Lowry broke up Stiles' no-hitter with a clean single to right, but Culver failed to push across a run. Both coaches decided their starting pitchers had gone far enough, so Lowry and Tim Connell appeared on the mound.

Sam allowed a harmless single in the top of the eighth, but Connell walked Lewis to open the bottom half. Lewis stole second on a called third strike to Jim Weirick, then scored as White dumped his single into right-center.

The victories left the Indians with an 8-2 County League record, a mark topped only by Bourbon, who is 9-1 prior to Monday's action. With only three league games left, Coach Gene Grosley's crew has almost clinched a spot in the Summer Playoffs which include the top four teams.

Culver will play Monterey there Thursday night in a non-conference game. Next Monday, they play at Tippecanoe.

LIVE AND LEARN — The editor of The Lafayette Leader, Robert Cloyd Jr., was intrigued by a sign advertising "Maltese Dogs For Sale." The editor had heard of Maltese cats but never of Maltese dogs. He consulted his dictionary and found this definition: "Maltese dog — one of a breed of small lap dog having long, silky white hair. The breed originated in Malta."

Maxinkuckee Yacht Club News

BY PEG CLYNE

Last week's early edition caught us napping, so there are three good races to report with wind and excitement to spare each race.

On July 1, a beautifully clear day, the race started with a collision at the starting line and a capsizing. Tom Heckel sailed across the finish line in good order, followed by Jerme Zechiel, with Rupert Esser a close third.

On July 4 the sky was overcast and the winds were temperamental. Jerome Zechiel was first, Tad Lauderback, second and Bob Hollowell came in third.

After being disqualified two previous races, Ken Bateson made a wonderful comeback on July 8, sailing across the finish line well ahead of the rest. Tom Heckel was in second place with Stan Ford finishing third. Tad Lauderback capsized twice, but managed to finish ahead of a couple others. This was the biggest turnout so far, with nineteen full sails fighting for first place.

Jerome Zechiel and Rupert Esser are tied for first place in regatta standing.

Lydia Bateson called a meeting of the Entertainment Committee to discuss the plans for the summer, in general and the ILYA Regatta in particular. The Regatta Committee seems to have the organizing well in hand while Laura Gunder must be pounding the typewriter night and day, cradling the phone on her shoulder, keeping everyone informed of what the others are doing.

Watch the Bruce Saunders Afternoon Show, WSBT-TV, Channel 22 on Tuesday, July 17, and the Jim Wilson Sportscast the same night. Some of our skippers will tell about the big ILYA Regatta coming up. Jerome Zechiel, Gene Furry and Kathy Clyne are scheduled to appear.

Tom Heckel and his Junior Judges are doing a great job with

the large group of eager little would-be sailors who answered the invitation in The Culver Citizen. They have learned sailing terms such as "port" and "starboard" and "mainsheet" and weather cooperating, will have not one, but TWO races next Saturday morning. Ken Bateson, John Bateson, Ellen Hebert and Kathy Clyne are the Junior Judges who give their Saturday mornings helping the Junior skippers to learn and love sailing.

Fishing Report

Fishing over the weekend has been just about average. No large catches and fish are biting moderately. Many fishermen, who believe that this or that natural phenomenon will effect good or bad fishing, say that the recent change of the moon has had its effect on the catches and regulates the action of the fish population. Long distance weather forecasts say this coming weekend will be unsettled and a new moon on the 17th. Fishing, no doubt, will be effected by these two changes.

Marshall County Lakes, Lake Maxinkuckee excepted, officer Don Wainseott reporting — Average catches of Bluegill are being made on Cook and Pretty Lake. Catalpa worms and crickets are the bait used. Trout is also being caught at Pretty lake after dark. Bluegills are being caught on Kreighbaum Lake in the deepest water.

Officer Wainseott cautions all boat owners with motors attached — The new state law requires all boats with motors, regardless of horsepower or size, must be registered with the State Conservation Department and the license number attached to the boat where it can be easily seen and read.

Lake Maxinkuckee — Mrs. Hazel McCalla of Hi-Mac Landing reporting — The dedicated fishermen are still catching walleyes, not too many, but a few, ranging from the 2 to 5 pound class. Most catches have been made on Paul Bunyan Bait and live night crawlers. Bluegill are being caught

Former Local Resident Elected Griffith Lions Club President

Dr. Daniel Strapon, of Griffith and formerly of Culver, was elected president of the Griffith Lions Club recently. The above photo shows him being congratulated by David Spanier, of Highland, Deputy District Governor of Indiana Lions.

Dr. Strapon is the son of Mr. and Mrs. Paul Strapon, Route 1, of Culver. He attended Culver High School up to the 11th grade when the family moved to East Chicago. Dr. Strapon is a Doctor of Dentistry, has one child, a boy. His wife is a teacher in the Gary Schools.

on brown crickets. Lots of perch, mostly of small size, have been caught with small minnows. Silver Bass are beginning to surface and a few have been caught. Summing up — the fishing is about average.
