## Area High School Students To Attend Greek Festival

Marshall County will begin the second year of a new program in the performing arts at Culver Military Academy on Friday, Oct. 19, when they attend a matinee performance of the Panhellenion Greek Folk Festival.

More than 1,700 high school students from schools throughout the county will witness a 1 p.m. matinee of the Folk Festival under the Program for Education in the Performing Arts. PEPA was established last year under grants from the E. M. Morris and the Robert L. and Mary Morris Oare Foundations of South Bend, and The Culver Educational Founda-

The Panhellenion Festival is the first of four programs in the ligitimate theater that Marshall County students will attend. In addition, a special matinee per-formance of Theater '63, an Academy student drama group, will be staged for the public school stu-dents in the spring. The other matinees include a concert by the Indianapolis Symphony Orchestra on Dec. 6, Ira and Inman folk singers and the Cy Touff jazz ouintet on Jan. 4, and a perform-nice still to be booked.

Conceived by William J. Martin, holder of the Hough Family Chair of Fine Arts and director of theater at Culver, the PEPA last year brought 6.800 students to the Culver campus from the towns of Bremen, Tippecanoe, Plymouth, Argos, Culver, West Township. Tyner, LaPaz, and Bourbon. For Public school children from arshall County will begin the cond year of a new program in the legitimate theater. Martin said because of the success of last year's initial experiment, an additional program has been booked this year as a matinee.

> Under a three-year grant of \$7,500 from the Morris and Oare Foundations, Culver is to present three performances by nationally known artists and one production by the Academy. Marshall County students will attend these per-formances at no cost to students or the school systems except for transportation. Students will arrive on campus Friday in approximately 45 buses and will return to their respective schools in time for regular adjournment of the school day.

Believed to be the only experiment in the legitimate theater in which private foundations are donating funds for the use of public school children, the PEPA draws its matinees from Culver Military Academy's annual Concert-Theater Series. The Series consists of from 10 to 12 events and is attended by the Academy's student hody, faculty, and the general

#### A Little Bit Of "This and That" **About Education**

(Editor's Note — This newly established column of our "Schoolbell" has, we feel, an important duty. The articles which will appear throughout this coming year will try to better inform you, the public, on modern ideas concerning education and educational

facilities.) You know it's getting so a body start considered socially acceptable or economically successful lene Lucas, Character; and Denies Lu from some college or the other. More and more youngsters with stars in their eyes are being counseled to go off to college regard-less of their own real desires in the matter. Mamma, papa, the preacher, the teacher, the counselor, the principal, or some other well-meaning individual constant-ly sells college! college! and otore college! We are enrolling a college! We are enrolling a higher and higher percentage of our high school graduates every fall in some college. Vet, all of this seems quite unreal in outlook for our research people tell us that probably less than 35% of the general population has the mental potential to truly make college worthwhile. Be all this as it may, a recent poll showed that 70% of all parents with children under 18 years of age do expect said children to attend some college. It seems such a waste to continne this line of action when we know full well that each and every year hundreds of thousands of college freshmen flunk out or just plain quit for one reason or another. Certainly this rushing off to college and coming home via one route or the other before receiving a diploma must be creating quite a state of mental anxiety within the minds of those who "couldn't" or "wouldn't." even more crucial than the personal waste and injury is the gross national waste that is actually a second that is a second to be a second to cumulated by this wasteful process. This is an era of science, technology, and necessarical gadtechnology, and norchanical gao-technology, and norchanical gao-gets doesn't it seem logical that we need good skilled tech-nicians and mechanics? One could sherry Croy, Jan Seruggs, Vicky Sherry Croy, Jan Seruggs, Vicky Latz, David Frain, Nora Shen-wermeer, James Westworld struggle with science and technology as the instruments in hand this of course world make obvious the dire need for highly skilled do'ers. We are alssolutely absurb when we even imply in our anoblacry that the technician, mechanic, or machinist who is making \$5000.00 to \$10. 000,00 a year is not tinancially successful. There are those who would point out that right today there are many thousands of college graduates who have had to sattle for less than a "college graduate" level job. Perhaps if we ever make up our mind about higher education being a "right"

#### Honor Society **Initiation Held**

By Pam Phelps
Friday, Oct. 5, the National
Honor Society initiation was held
in the gymnasium. Cheryl Dillon,
president, welcomed the guests

and student body.
Cheryl then presented the first speaker, Carolee Easterday, who spoke on Scholarship, one of the four ideals of the National Honor. Society. Cheryl also presented the unless he has at least one degree nis Shock, Service. As each speaker began his speach, a candle was lighted. Tom Easterday, Bonnie Parker, Linda Behmer, and Sheryt Hohman were the Society mem-, bers who lit the candles symbolizing the speakers' topics.

Cheryl introduced Mr. Kenneth Cole who told about National Honor Society and its history at Culver High School, He commented that 16 new members were to receive certificates. They were Thad Overmyer, Carole Barton, Martha McAllister, Jeanne Adams, Jim Boswell, Sue Cole, Joan Dil-lon, Margaret, Herr, Jane Ives, Jim Lewis, Richard Mackey, Betty McFarland, Eva Norris, Martha Ogden, Kay Thomas, and Larry White. Mr. Cole, assisted by Janet Beck, distributed the pins and certificates.

These new memhers bring Culver High School's National Honor Society membership to 36, 10 seniors, 13 juniors, and 13 sophomores.

#### **Studies Are Varied**

In the elementary school many interesting things have been hap-pening. Some classes have had parties, and in all of the classes new friends have been made. Each class is doing something different and exciting. Let's take a look at their activities for the past week.

In Mrs. Keyser's first grade a new phonetics book was started. One day last week their art teacher, Miss Friesen, let them paint. and, from the reports received. they had a lot of fun. Keith Ko-watch was in the hospital last week undergoing surgery. The class wishes him a speedy recov-

ery.
Miss Page teaches second grade. She reports that her class has nearly completed their leaf books. There are a wide variety of leaves, making the books very interesting. The pupils have begun reading in the new second grade readers, "We Are Neighbors."

The second grade of Mrs. Shirrell recently visited the school li-brary. Mr. Stettbacher instructed the class on the proper care of books and the library. Rene Fritz brought her goldfish aquarium for the class to observe while they were studying aquariums in science. They have also observed turtles, frogs, and tadpoles Three children, David Pennington. Jeffrey Vernum, and Judy Nelson, had birthdays last week.

Mrs. Carter's third grade has made an Indian collection and is now working on a leaf collection. In science the class is studying about insects. Two boys in the about insects. Two boys in the class are moving out of town. They are Randall Ikirt, who is moving to Georgia, and Robert Cromley, to Iowa. Mrs. Carter's class has had 100 per cent attendance for several days.

Mr. Horban's fourth grade class has had fun acting out the story.
"Why the Maple Leaves Turn
Scarlet," from their language
books, The girls, led by Andrea
Vernum, defeated the boys, led by David Williams, in naming compound words, Jimmy McFarfund has brought to school several tadpoles which are showing signs of developing into frogs.

In Mrs. Schricker's fifth grade, using the microscope to look at hread mold proved very interesting. The factoria were shaped like spheres in health the pupils made safety posters and they early drew a nerve cell for science class to present a stary, riddle, or joke

to his classmates.

Mrs. Manis' sixth grade has been traveling this week. Each pupil wrote a story about the trip he took during last summer's vacation. Those who did not take a real trip wrote of an imaginary one to one of our United States. Wendy Evans from Niles, Mich.. has enrolled at our elementary Welcome to Culver Wendy!

#### The Shadow Strikes Again!

By Lucy Osborn

The date is Oct. 9, 1962; the time, 8:05 a.m.; the place, Culver High School. I look for the victim, and at 8:09 he enters Mrs. Robert Kline's English room. He is carrying a small, white paper which appears to be a note, and reads this until class begins. After the bell rings, he tells a joke to the boy beside him, raises his hand to indicate his desire to eat in the cafeteria, and begins to concentrate on today's lesson. Strangely enough, the fact is brought to light that this junior boy would rather live during the 1850's than now!

Promptly at 9 o'clock the bell rings again. My subject jumps up. quickly gathers his books, and tim! rushes out of the room, I wonder, why he is hurrying so? It isn't long, however, until I see the reason, a sophomore girl! I watch his blond flat-top wind through the crowd of students in the hall. His journey ends in the chemistry room where I find him talking again. For awhile he listens quite attentively to Mr. Kepler, but before long my victim gets into a water fight with a few other dedicated chemistry stu-

When the period ends, I watch this soaked athlete trudge three flights of stairs to the study hall. My accomplice tells me that he

studied all period for a history test, leaving just enough time to do a few algebra problems

As he enters the history room, the next period, he groans thinking about the next 50 minutes of mental torture . . . the history test! After the 50 minutes clapse, he quickly slips into the cafeteria line, eats, and goes to the study hall where I glimpse him pondering about the algebra problems he had not been able to solve.

After he is finally able to finish his work, he walks to the algebra room, talks some more, and

generally makes a ruckus.

During this period, he checks his homework, demonstrates to the class how to solve one of the problems, and acts in a somewhat normal manner.

Sixth period I find out that he is going to the library, I am in-formed that he studied his part for the junior class play, talked to some girls, and worked on his

lessons for tomorrow.
As I watch him in seventh period study hall, I notice he isn't doing much studying. He just sits there thinking of leaving next period for a cross-country meet, hasketball practice, junior play practice, homework, and food!

As the bell rings, I watch another hard school day end for Tom Yocom, my ussuspecting vic-

It looks like it has been a pretty busy week in the band building, but that is not unusual, right Mr. Hambrock?

The Senior Band has elected its new officers for this year. They are as follows: "capable" Thad Overmyer, president; Jim Boswell, vice-president: Sharon Norris, secretary-treasurer; Wade Logan, uniform captain; and Carol Overmyer, student director. We all wish them a successful year. Senior Band uniforms will be

issued in the next two weeks.

The eighth grade general music class had the pipe organ at the Academy Chapel demonstrated to them. Mr. Myhre Academy organist, lectured to the students on the mechanics of the pipe organ. They heard the various stops, such as: reeds, flutes, strings, and diapa-son. The students also heard stops taken from the mixtura family. The class was privileged to hear Mr. Myhre play several selections. It was a most enjoyable and interesting session.

The mixed choir has been busy practicing this week. They will be singing in the United Reformation Day Service at the Grace United Church of Christ, Sunday, Oct. 28. The public is invited to

Ushers Club - Miss Mildred Lindvall will again be the sponsor of the Usher's Club. This year's club has 18 members. Their first job will be to seat everyone who comes to the Junior Play, Friday, Oct. 19. They hope to see you there.

Hi-Y Club — Thursday, Oct. 11, the officers of the Hi-V Club met with their co-sponsors, Mr. James Cox and Mr. Cole, to organize the club and plan for the coming year.

Sunshine Society — Tuesday Oct. 9, the Sunshine Society held its meeting in the school cafeteria. Carol Overmyer called the meeting to order in the absence of the president, Janice Neidlinger, The Sunshine Song was sung and Pam Crozier led the Creed. The minutes of the previous meeting were read. The names of all Ideal La-dies and dues are to be turned in by the next meeting. Bonnie Parker told of the good time she had at the Presidents and Sponsors Luncheon at Indianapolis last month. Carol Overmyer then told of the district meeting, which Carole Barton, Miss Shanks, and herself attended. Pam Phelps gave an interesting talk on Sunshine Camp which she attended this past summer. The meeting was closed with several girls leading the so-ciety in these songs: "Hand Me Down" and "Heigh Ho."

# Series Opens At C.M.A. Friday

Panhellenion Greek Folk Festival Dancers will open Culver Mili-tary Academy's 1962-1963 Concert-Theater Series on Friday, Oct.

The Festival is the first of 11 performances to be attended by the Academy's student body of 847, the faculty, and the general public. For the fourth straight

public. For the fourth straight year the series will bring to the Academy many of the nation's outstanding artists.

While the series will include 11 performers, two of them remain to be booked, according to William 5. Martin, director of theater. Martin said that negotiations are nearly complete for a replacement Nov. 5 for The Premise, an off-Broadway comedy that has been Broadway comedy that has been cancelled. The serious illness of actor Charles Laughton also necessitates a replacement for him Feb. 11.

"In each case we will book an attraction of equal stature in order to preserve the variety and balance of this year's Series," said Martin.

Approximately 400 seats in the Eugene C. Eppley Auditorium will be made available to the public. Culver will continue its policy of charging the public considerably less than would be paid for similar attractions in metropolitan areas. Season subscription costs will be \$15 for orchestra seats and the first four rows of the balcony. while remaining subscriptions are

Reserved seat tickets for individual performances range from \$1.50 to \$3.50 and will go on sale

each event. Those wishing season ticket subscriptions may order them by enclosing a check in the proper amount in a stamped, selfaddressed envelope in care of William J. Martin, Culver Military Academy, Culver, Ind.

# Girl Scout News

By 6th Grade Scribe Kathy Tasch The sixth grade Girl Scouts of Culver held their first meeting of the school year on Tuesday, Oct.

Any girl in the sixth grade who is interested in joining this pro-gram should go to the basement of St. Mary's of the Lake Catholic Church any Tuesday after school.

The sixth grade Girl Scouts elected officers Tuesday. They are as follows: President, Karen Banks: Vice President and Patrol leader, Nancy Porter; Secretary, Janet Helber and Scribe, Kathy Tasch.

October 22 all Girl Scouts are invited to come to the Annual Birthday Party of Girl Scouts.

Come to the bank lounge at 6:30. Also the 6th grade are planning to have a hot dog roast.

Nothing can rain a good day's fishing as fast as snarled lines, and lines seem to snarl always when the fishing gets hot. Well here's a way to save the day and keep your temper and nerves cool for the real business at hand. The next time you set out to enjoy your favorite sport, take along a lead pencil with a good sharp point. The point of the pencil makes an excellent line-knot untangler and won't do the line any damage. Get the point?

WHAT'S COOKIN' - The editor of The Johnson County News, Dick Van Valer, recently led off his "Mountains 'N Molehills" column with this one: "BEAUTY SHOP — A place where men are rare and women are well done."

What the relationship of God and man can mean in the solution of everyday problems will be brought out at Christian Science

church services Sunday,
Scriptural selections in the
Lesson-Sermon entitled "Doctrine
of Atonement" include these
words of the Master, Christ
Jesus; "I and my Father are one" (John 10).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read this citation (p. 18);

"Atonement is the exemplification of man's unity with God. whereby man reflects divine Truth Life, and Love, Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only in justice to himself, but in mercy cach weekday at 7:00.

Just for a moment, close your eyes and picture the scene in your childhood home that you liked best. Was it the music box in the front room, the grandfather clock, the large, fragrant kitchen? Whatever you are thinking of, your memory is a treasure chest of things you hold dear.

Let your mind wander further. You will remember not only loving scenes and favorite objects, but family and friends, their ways, their thoughts, their talk. God and His goodness were mentioned often. Prayer was a common practice. There was faith and trust and u feeling of security.

Sunday was a special day, and all activities were centered around the church and the home.

Come back to the present a moment. The Church was home to you then! It can be your home now; a place of worship where the heart remembers and rejoices.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of char-acter and good citizenship. It is a storehouse of spiritual values. With-oul a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the

Church. They are: (1) For his own sake. (2) For his children sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to shurch regu-larly and read your Bible daily.

## C.M.A. Eagles **Beat Penn High School 26-13**

Culver Military Academy's improving football team rolls into Delafield, Wis., Saturday for its unual game with arch-rival St. John's Military Academy.

The Eagles will be seeking their third victory in a row after sur-prising Penn High School last Friday with a 26-13 shellacking. For the second straight week Culver successfully sought revenge on team that had beaten the Eagles list year, but Coach Russ Oliver's proteges will have their work cut out for them Saturday against a big St. John's eleven. Believed to be a two-touchdown

underdog against Penn, the Acadcany came up with one of its best efforts in years to win its third came in four starts. And the Academy coaching staff was 200 Games: A. Westcott 208, clated by the fact that the Eagle defense came up with two of the four touchdowns. Before Penn could get its offense moving, the Mishawaka eleven trailed 14-0.

The Academy defensive unit — known as the "Crowbars" threw a large monkey wrench into the Penn offense in the first quarter. Pressuring the Penn quarterback on pass situations, a Penn fumble fell into the arms of tackle John Terrell, who ran it back 39 yards for a touchdown. Jean gave up the ball in the sec-ond quarter and Culver moved again, this time from its own 33. Captain Bill Baker went the last 42 yards on a pass play from Joe Williamson. Art Miller kicked both extra points and Culver led

Penn roared back with two quick touchdowns and momentarily it looked as if Culver was in irouble. Pat Hodges scored from the eight and end Keith Berkey caught a pass moments before the talf ended. But Tom Crothers missed one of the two extra points, and Penn never had a chance after that.

The second half was dominated by Culver although the Eagles did uni score until the fourth quarter. And there the defense came to the resence again. Pushed back to its own 2½-yard line, Penn was forced into a kicking situation. Tackle Mike Bacino blocked the point and Dave Miller fell on it in the end zone for a touchdown. The final score came on an tS-yard pass from Williamson to bick Swennumson.

See four entirely different kinds of Chevrolets at CHEVROLET your Chevrolet dealer's One-Stop Shopping Center more people depend on

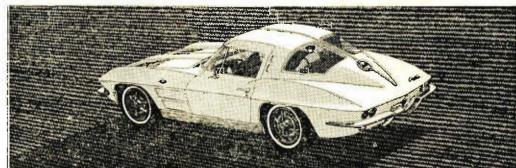

GO JET-SMOOTH CHEVROLET for luxury and all the new ways it saves money—with a brand-new 6, battery-saving Delcotron generator, rust-resisting flush-and-dry rocker panels, self-adjusting brakes. This is the Impala Sport Sedan.

GO CHEVY II to give your budget an even bigger break. It has a family-size Body by Fisher, a choice of thrifty 4- or 6-cylinder engines and the same lower upkeep features as the Jet-smooth Chevrolet. That's the Nova 4-Door Sedan above. Nice?

GO CORVAIR for the new self-adjusting brakes, more fully aluminized muffler, refined interiors and trim and new taillight rings that make this beauty even more fun. Aside from these changes, we haven't touched this Monza Convertible at all.

GO NEW CORVETTE STING RAY for two exciting new versions of America's only all-out sports car—a sleek Convertible or that daring new Sport Coupe above. Both have new independent 4-wheel suspension. Only problem: deciding which.
