Thieves Break In Culver High School Friday Night

Culver High School was broken into sometime between 11:30 Friday night and early Saturday morning. Entrance was gained by breaking the glass in the single door, which opens into the gym on the northwest side of the building. A heavy bar was used to force the other locks on the large double doors throughout the building.

The thieves took 2 canned hams, package of smoked sausage, 24 individual cartons of ice cream, cartons of milk and 1/2 carton of pen cartridges. The freezer lids had been pried open and left that way, when the break-in was discovered Saturday morning.

Besides the commodities taken, desks were entered and contents strewn over the floors. An attempt was made to break open the safe in the business offices. Half eaten candy bars littered the floor.

Argos High School building was also entered on the same night. Papers were also taken from desks and left on the floors. The damage to the two buildings will run over \$300 for broken glass, locks, door damage and merchandise stolen. Police Chief Mikesell and Sheriff Jerry Greenlee investigated the Culver robbery.

Schutte Named To Head CMA Food Services

James C. Kurz To Manage The Inn

WILBERT H. SCHUTTE

Wilbert H. Schutte has been named general manager of The Culver Inn and the dining hall at Culver Military Academy. Fred Vollmer, president of Management Food Service, announced today.

In addition, Vollmer announced that James C. Kurz will become manager of The Culver Inn as of March 1, 1963. Management Food Service is a subsidiary of Stouffer Corporation, Inc., national restaurant chain which operates both The Culver Inn and the dining hall under a joint agreement.

Schutte, who has been senior member of Management Food personnel since the agreement was made with the Academy in 1958, succeeds Donald H. Ralph, manager of The Inn since last March. Ralph has left the campus to take a new position with Michigan State University.

Academy Superintendent Delmar T. Spivey said the changes in management of The Inn will bring a closer working relationship between the Academy and The Inn.

"The elevation of Wilbert Schutte as head of both The Inn and dining hall, and the addition of James Kurz to The Inn management will result in improvement in the services offered visitors, parents, alumni, and cadets," he said. "Schutte's long experience in the food business and Kurz' many years in the business world will be combined for a better relationship between the Academy and The Inn and excellent services for guests."

Although Schutte's primary training was in business administration, he has spent 28 years in the foods business. He spent three years with Statler Hotels, Inc., and in April of next year he will celebrate his twenty-fifth anniversary with the Stouffer organization.

Schutte began with Stouffer as a student manager in Cleveland, and then was made executive assistant manager of the first Stouffer Restaurant in Chicago, opened in 1941 at Randolph and Wabash. He was manager of Stouffer operations in Pittsburgh, Minneapolis, and Philadelphia before taking over as manager of the Academy dining hall in 1958. Schutte served as president of the Western Pennsylvania Restaurant Association for two terms.

JAMES C. KURZ

Kurz, who joined the administrative staff in 1961 to work on the Program for Excellence fundraising campaign, will continue as secretary of the Culver Summer Schools Alumni Association when he takes over as manager of The Inn under Schutte in the spring. Kurz is a graduate of Beloit (Wis.) College and the Culver Summer Schools. Before joining the Culver staff Kurz was engaged in advertising, public relations, and fund-raising activities.

The Culver Inn and Motel are located on the shores of Lake Maxinkuckee and on the campus of Culver Military Academy, nationally known college preparatory school.

In taking over The Inn management, Schutte and Kurz will arrange for conventions and business meetings. The Culver Inn has 14 rooms, while the complete air-conditioned Motel has 64 units. Available for conventions, business meetings, parties, and receptions are many of the facilities of the Academy. These include the 1,550-seat auditorium, a smaller 200-seat theater, complete dining facilities, meeting rooms, and such recreation activities as tennis, golf, swimming, and boating.

The dining hall serves 850 cadets who attend the Academy from September to June and 1,600 boys who are enrolled in the Culver Summer Schools during July and August.

State Committee Approves School Consolidation

Members of the Culver-Union Township School Re-organization Advisory Committee were informed Tuesday by attorney George Stevens, that in a telephone conversation with Dr. Kohlmeier, the original application for school consolidation had been approved. Confirmation would be received in a few days by mail. Dr. Kohlmeier is Executive Director of the State Commission for School Re-organization.

The original application, which was written under the Acts of 1947, formed the consolidation of Aubbeenaubee Township in Fulton County, Union Township in Marshall County, and North Bend Township in Starke county.

On Thursday, Dec. 27, a meeting of the present trustees and the newly elected trustees, advisory boards and committee members will meet to work out the details of the approved application.

Union, Aubbeenaubee, Walnut, and Green Townships had rejected by the November election, the Marston Re-organization plan.

It is assumed with the approval of the state committee of the original application, the way is clear for the enactment of the plan as applied for, and all that remains to be done is to work out the many details the application presents to the interested parties. The meeting next Thursday night will solve many of these.

Progress Report On CROP Canvass In Marshall County

A Progress Report of CROP (Christian Rural Overseas Program) canvass in Marshall County as of December 17, 1962:

West Township	\$289.63
Green Township	196.50
(inc. corn approx.)	
Walnut Township	353.75
(inc. corn approx.)	
Polk Township	182.50
Union Township	277.01
German Township	683.37
Center Township	45.00
Bourbon Township	295.16
(inc. corn approx.)	

A check for \$3,000.00 (which includes some contributions from last year, turned in after Jan. 1, 1962) has been sent to Indiana CROP.

The canvass has not been completed due to the bad weather. It is hoped it will be completed by Saturday, Dec. 22nd. There has been a good response by the people of the County. Chairman Arthur G. Heisler wishes to say, "Thank you" to all who have contributed, and to those who helped canvass, and to those who helped in our campaign in any way. A final report will be issued later.

Visitors to Culver judge it largely by the people they meet here. What do you do to make Culver more attractive to visitors and newcomers?

Flossie Beauchamp Dies At Age 68, Services Friday

Mrs. Flossie Beauchamp, age 68, died at 3 p.m. Tuesday, Dec. 18, at Parkview Hospital in Plymouth after being a patient there for the past three weeks.

Mrs. Beauchamp has made her home for the past nine years with the John Newman family and was well known in this community, where she was a member of the Grace United Church of Christ at Culver. She formerly resided in Bass Lake and Knox. The daughter of Albert and Louisa Robbins Miller, Mrs. Beauchamp was born June 30, 1894, at LaPaz. She was married Nov. 30, 1911, at Knox, to Jesse Ray Beauchamp who preceded her in death on Dec. 14, 1922.

Survivors include an aunt, Mrs. Rachel Roth, of Plymouth, and several cousins.

Funeral services will be held at 1:30 p.m. Friday, Dec. 1, at the Johnson Funeral Home in Plymouth with Rev. Harold W. Hohman of Culver officiating. Burial will be in the Oak Park Cemetery at Knox. Friends may call at the Johnson Funeral Home after noon on Thursday.

You May Receive S. S. Benefits And Still Work

Many people age 65 or over who are still working don't realize that under the law they are "partially retired" and can receive some social security payments. It is possible to receive social security retirement benefits even if earnings go over \$1200 a year, according to Mr. Cornelius R. Schafer, social security district manager in South Bend.

Mr. Schafer gave an example of a 65-year-old man and his wife eligible for a \$180 monthly social security payment. If the man earns \$2,500 in a year, he and his wife could receive \$1,110 in social security payments.

More than a million people over 65 have not yet applied for social security benefits. Many could receive benefits even though they are working.

Mr. Schafer suggested that employed persons 65 or over visit, phone, or write the South Bend Indiana social security office at 335 N. Lafayette Blvd. to find out whether or not they can receive some social security payments.

Walt Thompson will spend Christmas Day with Mr. and Mrs. Herman Mackey in Noblesville.

Kenneth Marlin of Farmland, Ind. was a Thursday evening guest of Walt Thompson.

Col. and Mrs. John W. Henderson, Faculty Row, will spend a few days during the Christmas holiday visiting their children and grandchildren in the Chicago areas. They will visit Mr. and Mrs. Robert Hassett, Mr. and Mrs. Robert McKinstry, Mr. and Mrs. William Henderson, and Mr. and Mrs. John William Jr.

Dr. and Mrs. W. Crowe of East Shore Drive will have both their son and daughter home for the Christmas holidays. Linda is a sophomore at Christian College, Columbia, Mo., and Timothy is in his junior year at the University of Oklahoma at Norman.

Farmers Invited To Attend State Tax Conference

All farmers of the northwest section of Indiana, including Marshall county, are invited to attend a Farmers' State Tax Conference to be held on December 31, 1962 at 10 a.m., in Lafayette, at the Palm Cafe, 600 Main St. The meeting is being sponsored by Indiana Farmers Union according to the announcement made by Mr. A. F. Troyer, President of the State-wide organization.

Mr. Troyer stated that the main purpose of the conference is to bring farmers "up to date" on the current tax situation, both state and local, and to discuss the impact of different types of taxation that are likely to be proposed in the 1963 Indiana Legislature.

Indiana Farmers Union has continuously promoted a net income tax to replace the gross income tax and much of the property tax for several years and they have high hopes that the 1963 Indiana Legislature will enact some kind of property tax relief.

Mr. Troyer stated that it is very unfortunate that property taxpayers are having to raise over 530 million dollars annually in Indiana, which has been an industrial state for several years. The organization believes that a good portion of this amount should be replaced with a graduated net income tax.

Participating in the tax conference also will be Mr. Lawrence Dorrell, Legislative Director for the Indiana Farmers Union. Mr. Dorrell stated that he expects the conferences to show farmers' solid opposition to a general sales tax, which he claims would hit farmers harder than any other segment of the economy.

Miss Kathleen Scott And Anton W. Cihak Exchange Wedding Vows

In an impressive candlelight ceremony performed at four o'clock Saturday afternoon, Dec. 15, before the altar of the Monterey Methodist Church, Miss Kathleen Annette Scott, daughter of Mr. and Mrs. Harold Scott of Monterey, exchanged wedding vows with Anton William Cihak, son of Mr. and Mrs. Anton Cihak, III, 432 School St., Culver.

Rev. Charles Malott of Ora officiated at the double-ring ceremony. The altar was effectively graced with beautiful red poinsettias and the lighted candelabra appointed the chancel.

Mrs. Hubert Kuhn of Culver was vocalist, accompanied at the organ by Miss June Zechiel of Monterey who offered an organ prelude of nuptial music.

Ronald Riddle, son of Mr. and Mrs. Floyd Riddle of Ora, lighted the candles.

Given in marriage by her father, the bride was lovely in her floor-length gown of Chantilly lace. The fitted bodice featured long fitted sleeves which ended in bridal points at the wrists. The modified scoop neckline was outlined with scalloped lace encrusted with iridescent sequins. The bouffant skirt was accented in front by a bottom ruffle of tulle edged with scalloped lace. Tiers of tulle ruffles edged with scalloped lace highlighted the back of the gown. Her finger-tip bridal veil of French illusion fell gracefully from a tiara-shaped crown of lace encrusted with seed pearls and iridescents. She carried a ball-shaped colonial arrangement of white carnations tipped with red.

Miss Virginia Mahler, maid of honor, selected a Christmas red velvet sheath dress fashioned with a matching overskirt, long fitted sleeves, and a modified scoop neckline. Her accessories were white and she wore a blusher veil of red net and white tulle attached to a red velvet headpiece. She carried a ball-shaped colonial bouquet, matching that of the bride. Her jewelry was a pearl inset cross, gift of the bride.

Robert Lee Scott, brother of the bride, carried the rings on a red velvet pillow.

Rebecca Sue Scott, sister of the bride, scattered red rose petals down the white-carpeted aisle. Her dress was fashioned of white organza, featuring a very full skirt and puff sleeves. Her face veil and head-piece matched that of the maid of honor.

Pete Ott of Culver was best man. Seating the guests were Pat Dwyer and Sam Sellers, both of Culver.

For her daughter's wedding, Mrs. Scott chose a turquoise blue wool sheath dress, complemented with winter white accessories.

The bridegroom's mother appeared in a royal blue lace over silk dress and added white accessories. Both mothers wore

identical red and white carnation corsages.

A reception was held immediately following the ceremony in the Lions Recreation Hall in Monterey which was decorated in the red and white color scheme featuring streamers, wedding bells, and mistletoe. Miss Karen McDonald and Miss Sharon McDonald, both of Burr Oak, served the beautifully decorated four-tier wedding cake, punch, ice cream, and sandwiches to 97 guests. Mrs. Thomas K. Walker of Culver presided at the guest table.

The bride's going away ensemble comprised a royal blue wool two-piece dress with grey and black accessories.

The new Mrs. Cihak is a graduate of Monterey High School and employed in the Uniform Department of Culver Military Academy.

The bridegroom is a Culver High School graduate and is engaged in business in Culver where the newlyweds will reside.

Mrs. Howard Shock Hostess To Hibbard E.U.B. Ladies Aid

Past Matrons' Club Holds Christmas Observance
Nineteen members met Friday evening, Dec. 14, in the home of Mrs. Judson Dillon for the annual Past Matrons' Christmas party. Assisting hostesses were Mrs. Jack Easterday, Mrs. Owen Banks, Mrs. Chaucey Lennen, Mrs. O. T. Smith, Mrs. Cloyd Miller, and Mrs. William Easterday. The Dillon home was beautifully decorated for the occasion in keeping with the Christmas theme.

The business was conducted by the president, Mrs. Robert Berger, after which the meeting was turned over to the hostesses who had charge of a Christmas program.

Mrs. Dillon read the familiar Christmas story from St. Luke which was followed by the singing of Christmas carols.

Interspersed among the carols were the following readings: "The Three Christs," "How Shall We Spend Christmas," "Christmas Is Tomorrow," and "Ever Thus."

Delicious refreshments were served by the hostesses from tables beautifully appointed with Yuletide decorations.

A gift exchange closed the evening.

Culver Rebekahs Enjoy Christmas Potluck Party

The Culver Rebekahs held their annual Christmas party in the Culver Lions Den Tuesday evening, Dec. 11, with a large crowd of members and guests present.

A bountiful potluck meal was enjoyed at 6:30 followed by a gift exchange.

A program of Christmas songs was given by Mrs. Don Mikesell, Mrs. Max Geiger, Mrs. Kenneth Williams, and Mrs. Betty Milner. Mrs. Alphons Poppe read several Christmas stories.

After the program several games were enjoyed.

Home and Hobby Club Enjoys Christmas Party

The Home and Hobby Club of the Marshall County Home Demonstration Clubs met at the home of Mrs. Clarence Dennie near Argos Tuesday, Dec. 11, for an all-day Christmas party.

Those attending came with covered dishes and a bountiful meal was served to eight members. In the afternoon, two members and two children joined the group.

During the business meeting, hostesses were selected for the coming year and representatives volunteered for the Leadership Training meetings. Plans for tray finishing were made. Roll call was answered by a Christmas response such as stories, poems, carols, etc. A highlight of the meeting was the reading of a 10-year history of the organization, written by Mrs. Harriet Warner. It gave both old and new members an excellent insight of the activities carried on by the club during that period.

Ruth Ringle gave the history of "Hark The Herald Angels Sing" and the biography of the author, Charles Wesley, followed by the singing of the carol.

The second chapter of St. Luke, verses 6 to 21, were read by the members during devotions.

The outgoing president, Mrs.

Herbert Blocker, gave her "Will" to the new president, Mrs. Robert Kepler.

After a gift exchange of baked goods, the meeting adjourned.

The January meeting will convene the second Tuesday of that month.

W.S.C.S. Meeting Held At Methodist Church

The Woman's Society of Christian Service met in the Youth Room of the Culver Methodist Church Thursday evening, Dec. 13.

Mrs. Parson opened the meeting with an article "Voice of Christmas," and then presided over the business meeting.

Mrs. George Phillips was in charge of the devotions for the evening. Mrs. Samuel Medbourn read the 46th Psalm. Mrs. Phillips read an article entitled, "Be Still My Soul," and the group sang the song by the same title, followed by a prayer.

Mrs. Robert Osborn was in charge of the program, "Today's Children in Tomorrow's World." She introduced Mrs. Ronald Williams who gave a summary of Family Conference which they attended in Chicago this fall. Mrs. Williams brought out the thought that the Church cannot make a Christian, it must have help from home. Mrs. McMinn made some remarks about the book, "Responsible Living in a Confused World." Mrs. Robert Osborn, Mrs. Hattie Krueger and Mrs. Gary Unruh gave a resume of different chapters of the same book.

Mrs. Donald Parson and Mrs. A. E. Adams presided at the beautifully appointed tea table.

The hostess committee included Mrs. Ted Strang, Mrs. Dale Jones, Mrs. E. J. Kistler, Mrs. Carl Logan, Mrs. R. J. Ives, Mrs. A. G. Hughes, Mrs. Kenneth Heggard, Mrs. Roy Price, Mrs. W. W. Winslow, Mrs. George Phillips, Mrs. Harry Medbourn, Mrs. Clark Ferrier, Mrs. Robert Osborn, Mrs. E. D. Powers, Mrs. Mevin Estey and Mrs. Darrel Harmon.

Tri Kappa Sorority Meets With Mrs. Robert Bolton

The regular meeting of Tri Kappa sorority was held Monday night at the home of Mrs. Robert Bolton Jr. After a short business meeting a Christmas program was given by Mrs. John F. Edgell.

Mrs. Edgell told of the "true meaning" of Christmas down through the centuries. Mrs. Edgell illustrated her talk with the beautiful and inspiring painting of Madonna and Child, by Giovanni Bellini, the great Italian painter. Mrs. Edgell also told of the various customs and how Christmas was celebrated in many different foreign countries.

The Bolton home was most attractively decorated throughout with Christmas decorations. A beautifully lighted handmade Creche from Italy was most impressively displayed.

A gift exchange was enjoyed around the large decorated Christmas tree.

Delicious refreshments were served from a table covered with a lovely red Christmas table cloth. Tall silver candelabra and a large crystal and silver tiered bowl, filled with red silk Christmas balls and holly made a most unusual appointed table.

Mrs. Melvyn A. Estey, chapter

president, presided at the punch

iel and Mrs. Agnes Fechner assisting. Lovely decorations embellished the serving table, including a lighted Christmas tree.

The worthy matron and worthy patron, Mr. and Mrs. Roy Price, had a special table for their officers with Christmas decorations and Christmas gifts for all in this group.

At another Christmas table the newly initiated and friends, including Mr. and Mrs. Carl Mendenhall, associate matron and patron from the Winamac Chapter, were seated.

Order Of Eastern Star Holds Christmas Party

Emily Jane Culver Chapter, Order of Eastern Star, met in the Masonic Hall on Tuesday, Dec. 8, for its regular stated meeting.

The chapter room was decorated in the traditional custom of Christmas tree, Santas nestled in pine green, bells, and glitter.

After a short business meeting the chapter was readied for the initiation of Mr. and Mrs. Verlin Shaffer. During this ceremony Mrs. Jack C. Spencer sang several appropriate songs. Mrs. Clara Heine was also reunited with Emily Jane Culver Chapter after several years' absence, having belonged to a Chapter in the east. A hearty welcome was extended to the new members.

The refreshment committee consisted of Mrs. Jack C. Spencer, chairman, with Mrs. Bertha Zech-

iel and Mrs. Agnes Fechner assisting. Lovely decorations embellished the serving table, including a lighted Christmas tree.

The worthy matron and worthy patron, Mr. and Mrs. Roy Price, had a special table for their officers with Christmas decorations and Christmas gifts for all in this group.

At another Christmas table the newly initiated and friends, including Mr. and Mrs. Carl Mendenhall, associate matron and patron from the Winamac Chapter, were seated.

The social hour was very much enjoyed by all and ended this year's meetings.

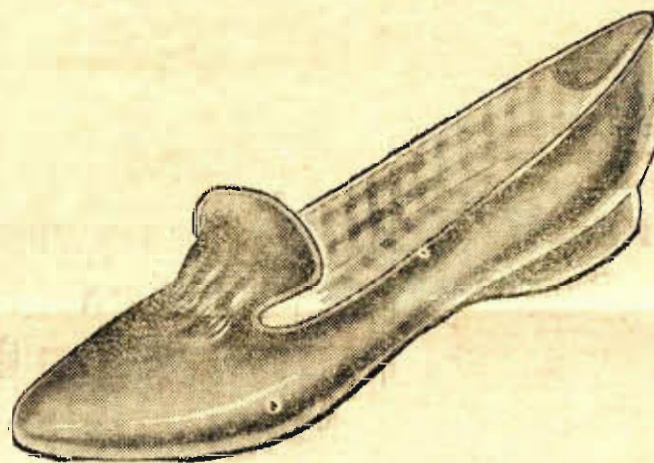

The next meeting will be on New Year's Day at the regular time of 7:30 p.m.

Mr. and Mrs. Robert Hill and Mrs. Charles Simmons left Sunday for Delray Beach, Fla., where Mrs. Simmons will spend her Christmas vacation as the guest of Mr. and Mrs. Hill.

Saturday evening dinner guests of Mr. and Mrs. Robert Riewoldt were Mr. and Mrs. Earl Eckman and Mr. and Mrs. Charles Ferrier. Following the dinner tripoly and a gift exchange were enjoyed.

Our gifts must please without a hitch!

To faithful old friends . . . to cherished new friends . . . to those whose Friendship we hope to earn . . . It is a pleasure to extend BEST WISHES of the Christmas season.

Twenty-six Boy Scouts attended the Dec. 17 Christmas party. The pre-opening was held around the Christmas tree with the singing of Yuletide songs. Santa Claus arrived at the party and presented the Scoutmaster and the Assistant Scoutmaster with presents from the Troop. The flag ceremony began the meeting. Games and contests were held with the Panther Patrol coming out on top and taking the prizes. A pinata was then broken open with a scramble for the goodies. Refreshments were served and a gift exchange was held. For the closing we gathered around the tree and sang Christmas carols and pantomimes were given by the senior leaders. The playing of taps closed the meeting.

A meeting will not be held next Monday. The next Troop meeting is Monday, Dec. 31.

A film on the Boy Scout National Jamboree will be shown at the library auditorium on Wednesday, Dec. 19, 7:30 p.m. All Troop members are invited to see this 20 minute color film.

Our bird feeders and deer feeding station conservation projects will be filled weekly during the winter months.

A Green Bar meeting will be held on Thursday, Dec. 27.

The winter camp overnight at Camp Tamarack is scheduled for Dec. 28, 29 and 30. Get your meal fee to the SM or your patrol leader before Dec. 27 if you are planning to attend.

The Boy Scout Troop still has a nice selection of Christmas trees for sale at Denny's Standard Service Station.

A Very Merry Christmas To All From Troop 290'

Girl Scout News

By Scribe Kathy Tasch

The girls of Troop 52 had a Christmas party at the home of Mrs. Robert Zochel on Tuesday, Dec. 18. Hostesses were Karen Banks and Sara Hoesel. The gifts were opened and refreshments were served.

Troop 52, 99 and 108 went caroling in and around Hubbard

last night. We would like to thank Mrs. Larry Welsh and Mrs. Robert Porter for the transportation and the leading of songs.

After the caroling Troop 52 went to our leader's home. Mrs. Robert Porter, and had sloppy joes. Then we told ghost stories.

Thursday, Dec. 20, the caroling group will meet at E.U.B. Church at 6:30.

On Sunday, Dec. 23, the Christmas program will be held at E.U.B. Church at 8:30 p.m.

Wednesday, Dec. 19, choir practice will be held at the Annex at 7:30.

The annual potluck Christmas Circle party was held Friday evening in the Annex with 16 present. The tables were decorated with candles, evergreen and Christmas ornaments. After the delicious dinner a short business meeting was held, opened by all praying the Circle prayer. Mrs. Lucille Ulery gave devotions and roll call was answered by, "A Christmas gift I would like to give." The birthday of Cora Hester and anniversaries of Uretha Walker and Clara Sheppard were observed. It was decided to send a gift to Mahlon McDonald and make cookies for folks in I.B.M. Nursing Home in Plymouth. A gift exchange was held with gifts placed under a large Christmas tree. Christmas carols were enjoyed by all. The hostesses were Gladys Prosser, Myrtle Shock, Grace Crum and Helen Cramer.

Midnight Mass At St. Thomas Church On Christmas Eve

The pastor of St. Thomas' Episcopal Church, Plymouth, the Rev. William C. R. Sheridan, today announced plans for the Christmas Eve "Midnight Mass" on Dec. 24. Father Sheridan pointed out that a Solemn Procession will begin at 11:30 p.m. This carol singing precedes the Holy Eucharist. There will be a second service later on Christmas morning at 9 a.m. Christmas hymns will also be sung at this Holy Eucharist!

Academy Sports

Culver Military Academy's wrestling and swimming teams continued their winning ways today, but for the basketball squad, the Christmas vacation may be a welcome chance to regroup for the 1963 portion of its schedule. While the wrestlers continued their unbeaten streak of four matches and the swimmers won number 2, the basketball squad took its fifth straight licking of the young season Friday night at Highland High School, 59-45. Superior height and experience made the difference as Highland pulled away from Culver in the second half. Coach Colin Stetson's varsity wrestling team picked on West Lafayette High School for its fourth straight, 43-9. The Eagles dropped only one match when Dean Pickett pinned Art Hayward in the 138-pound class. In swimming, West Lafayette was also a one-sided victim, 67-28. The visitors came up with two first places and Culver coaches Frank Walaitis and Jack Anderson found it difficult to hold down the score. Bill Roth, co-captain of the team set a record in the 100-yard butterfly with a time of 1:01.6, to break his own record. Culver athletes will be away from campus until Jan. 2 when the corps is due back from Christmas vacation. The first athletic contests of 1963 are scheduled for Jan. 5.

Season's Greetings

Blue is the heavens,
 Still is the night.
 I hear soft whispers
 Like angels in flight

Borealis lights flashing
 In a cold wintry sky.
 Stars blinking brightly
 Stop and go signals on high.

Now I hear sleigh bells
 On the broad milky way.
 There I see old Santa Claus
 Speeding along in his sleigh.

Soon will come the dawning,
 Our hearts be there to say,
 Merry Christmas — Happy New Year,
 May all God's Blessings be yours today.

MERRY CHRISTMAS.

The Zion Gospel Chapel had their annual Christmas supper and program Sunday evening at the church. Following the supper a Christmas program opened with all singing Christmas carols. The welcome was given by Sally Kline and readings were given by Amanda Wentzel and Clyde Hamilton. The Christmas Story was presented by each class. The song, "Joy To The World," was sung, after which Donald Miller, pastor, dismissed the meeting with prayer.

CHANGES IN THE 1963 FEED GRAIN PROGRAM

Chairman Lenard C. Pound of the Indiana ASC State Committee states that Secretary of Agriculture, Orville L. Freeman, has announced changes in the 1963 Feed Grain Program. These improvements in the Feed Grain Program are being made in a further effort by the administration to continue its policy of improving farm income.

The secretary has announced that the corn price support loan level will be increased 5 cents — to a national average of \$1.07 per bushel. The 18-cent payment is specified by law and, of course, remains as announced previously. This makes the support level \$1.25 per bushel. Increases are also being made in the other four feed grains as follows: Oats increased 3 cents — to 65 cents per bushel; Barley increased 3 cents — to 96 cents per bushel; Rye increased 5 cents to \$1.07 per bushel and Grain Sorghums increased 7 cents to \$2.00 per cwt.

The diversion payment on small farms is being increased. The producer who has a base of 25 acres or less and elects to divert all of it will receive payment on 50 per cent of his normal yield for the entire diversion.

The Chicago Motor Club reminds drivers that now is the time to make certain that the car heater, defroster, and windshield wipers are in perfect working condition. You can't drive safely if your vision is obscured by snow, ice, or a foggy windshield.

Prune your evergreens, such as junipers, yews and arborvitae, during April when you want to change their shape, or to maintain a special form, or simply to keep them within bounds, advise horticulturists at Purdue University.

Attendance at Sunday services was 80. Both the junior choir and orchestra will present special services for the Christmas service Sunday morning. The Rev. Robert Kuhn announces the topic for the sermon will be "Four-Fold Birth." A cordial welcome is extended to all to come and worship with us.

The junior choir presented an impressive candlelight service to begin the Christmas program held at the church on Sunday evening. Dennis Johnson was narrator. The Rev. W. Ray Kuhn introduced Robert Lessing who told the

Christmas Story for devotions. A program of recitations, songs and readings was followed by a joyous songfest of Christmas carols accompanied by the orchestra. The group adjourned to the basement where gifts and treats were distributed around the Christmas tree. Mrs. Mildred Overmyer's class served lovely refreshments to the 90 or more present from a table centered with a bible, opened to Luke 2, against a background of Christmas greens and poinsettias. A highlight of the evening was a surprise pound shower for the Rev. and Mrs. Kuhn and Carol.

The Group Ministry is sponsoring another New Year's Eve Party

for the youth and guests. It will be held at the Richland Center Gym from 9:00 - 11:30 after which the group will go to the church for a watch night service. Every youth is invited and is welcome to bring along his or her friends.

The Group Ministry is again sponsoring a School of Missions to be held for six consecutive Sunday evenings beginning Jan. 6 at Letters Ford. Poplar Grove will be host church on Jan. 13.

Group Ministry sponsored evangelistic services will be held March 31 through April 6 at Letters Ford with the Rev. Howard Ellis as evangelist.

Mr. and Mrs. John Strycker were weekend houseguests of Mr. and Mrs. Tom Sausman and family at Portage.

Rev. and Mrs. Ray Kuhn attended funeral services held for a nephew, Leo Denman, in South Bend Thursday afternoon.

Mr. and Mrs. Maurice Curtis attended the annual Christmas dinner for Co-op directors and employees held at the E.U.B. Church in Plymouth on Saturday evening.

Mr. and Mrs. Dean Shoemaker of Rushville were weekend guests of Mr. and Mrs. Joe Shoemaker. Mrs. Fern Canterbury of Plymouth was a Sunday guest and Ted Peltz and children were afternoon visitors.

Mrs. Lee Kepcha underwent surgery at Osteopathic Hospital in South Bend on Friday and is reported to be recuperating satisfactorily. Tentatively, she will be dismissed to her home on Tuesday. Mr. and Mrs. John Kepcha, Mr. Kepcha's parents, of Walkerton are presently staying at the Lee Kepcha home.

Mrs. Gary Ringle, accompanied by Mrs. Merle McCune and Mrs. James McCune, visited in South Bend Sunday afternoon.

Mr. and Mrs. Charles Richard spent Sunday afternoon with Mr. and Mrs. Welland Zehner.

LICENSE BUREAU TO CLOSE DECEMBER 24 AND DECEMBER 31

The Marshall County Bureau of Motor Vehicles today announced that the license bureau will be closed all day Monday, Dec. 24, and all day Monday, Dec. 31, as per the following directive from the Governor's office:

"During the month of February, 1963, the legislature being in session, Washington's Birthday and Lincoln's Birthday will not be observed as holidays by the offices under the jurisdiction of the Governor.

However, as compensatory time for these two holidays, all offices under the jurisdiction of the Governor will be closed on Monday, December 24, and Monday, December 31."

Also, Mrs. Bergman, said that anyone wishing a special number should apply for such before Dec. 22, 1962.

Mr. and Mrs. Don Addison and Mr. and Mrs. Clifford Cowen of South Bend and Mishawaka spent Sunday with George Cowen.

Christmas

"And when they were come into the house, they saw the young Child with Mary His mother, and fell down, and worshipped Him; and when they had opened their treasures, they presented unto him gifts, gold, and frankincense, and myrrh." As on the night when the Wise Men found the place where He was, may the story of the first Christmas bring to us wonder and joy ever new. And may His message, heard again in song and story, give to all of us the great gifts of spiritual joy, eternal hope and promise.

THE SCHOOLBELL

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

Everyone gather round. We just received our new weather report from the smoke signal station. IT SNOWED AND IT IS OUTSIDE. (Inside, too!!)

Dec. 22, the big day of the Formal, draws near, dates badly being made. Even Jim Boswell is making plans — a date with Dave Lemar! They say they are going bowling. Oh, come now! Kay Thomas wants to go practice "Amahl" some more. Evidently she likes to sing. (Choke!)

We missed one of our B-Team cheerleaders at the Knox game. Although she was there, her "puffy little jaw" was unable to move enough to lead the cheers. We hope to see you once again in action, Kathy.

Puff! A smoke signal from the chemistry room. It looks as if Bob Carter is going wild with the water and rubber tubing at his table. Ask Bob and the people sitting around him if you are interested in particulars.

What's this about Tom Yocm having to get a chauffeur's license before Dec. 22? Are you planning on providing bus service for all the snowbound to the Winter Formal? Tell us more, Tom!

Rick Ervin!! Shame! Shame! Greeting your party guests in a bathrobe and slippers is not the way Emily Post suggests. What's more, you should not plan an evening of television when guests are coming.

"Come on let's twist again!" How about it, Carol Overmyer and Dick Mackey? It seems they are getting pretty good, at least good enough to win a contest at the junior dance.

As usual, the juniors had another successful dance. They really swing this year. (They did last year too.)

Eggs, sunny-side up! One order right away! Isn't that how you do it, Beverly?

A chair has four legs as we all know, but the sad part is . . . some people do not know what those four legs are for. Just ask Doug Lindvall since he has much experience along these lines.

Tickets only twenty-five cents! Judy Kimmel is presenting another performance of her skit. The

Youngsters in Greece who must leave their village homes to attend high school find it difficult to get enough to eat. Meat and cooking oil sent by CROP, the Christian Rural Overseas Program, plus locally grown vegetables provide a noon meal for these needy students.

With best wishes for the Holiday Season

—the Schoolbell Staff

This and That Concerning Education

Frequently our educational system must be subjected to a long, hard look in order to determine whether it is going in the proper direction. There are, of course, many points that must be considered before any final conclusion can be reached, and one of these is that the subject matter must be such that it will help prepare our children and young people for life in today's world.

The launching of Sputnik several years ago dramatically ushered in the space age, and although many know that there is much emphasis being placed on mathematics and science, relatively few people know that the mathematics of yesteryear would not have gotten us off the ground. Dull, routine computation can now be done faster and more accurately by modern high speed computers. We need technicians that can program the computers and scholars that can work with the theory of mathematics. Thus mathematics has undergone virtually a complete revolution at the high school level within the last five to eight years, and this change has included not only the subject content but the method of instruction as well. These important areas have developed side by side with the result that the course content and method of instruction both stress the importance of reasoning and understanding rather than just developing manipulative skills in the pupil. Since there has been at least six major studies of course content since 1957, there is a wide choice of new textbooks, but if the Culver High School mathematics department is to remain up to date, these new materials must be seriously considered since they have been widely tested and recommended. However, one must not forget that the method of instruction is just as important as course content. For example, research has shown that simply "teaching" a course that is conducive to the development of creative thinking will not have this desired result unless the teacher keeps this end in mind and uses the appropriate methods. Thus while manipulative skills are important, it is now known that textbooks and teachers must stress creative thinking to prepare students of mathematics for today's world.

Analogous statements can be made concerning the various biological and physical sciences. Years ago the emphasis was on classification and the learning of many technical terms and names, but while classification and nomenclature are important as a basis on which to build modern concepts, they are not taught as an end in themselves since neither of these areas is any longer a real problem. Now needed is the scientist that has the ability to do the creative thinking that will lead to the extension of man's knowledge and ultimately to new products both for the consumer and our space effort. As in the case of mathematics, both the subject content and the method of instruction are of prime importance.

In summary, one criteria of a good curriculum is that it prepare pupils for the world that they will live in. In mathematics and the sciences the result has been to emphasize the ability to think rather than the manipulative skills and the memorization of names and terms, but while creative thinking is important, one must realize that memorization and manipulative skills are the basis on which modern concepts are built.

Just a reminder to phone in your personal and society items for next week's Citizen. Please call Viking 2-3377 or deliver them in person.

Ninety Students On Honor Rolls

By Jeanne Adams For the second six weeks there are ninety students on the Honor Roll and Honorable Mention. Isn't it too bad that all of us could not get straight "A's" as seven of our Indians did? Of course, there is always a next time. To the students who made top grades, we say, "Good work!"

Five of our busy seniors, even with all their activities, managed to make Honor Roll. They are Linda Behmer, Cheryl Dillon, Carolee Easterday, Sheryl Hohman, and Charlene Lucas. Honorable Mention: Linda Carl, Sherrill Edgington, Barbara Hatten, Thad Overmyer, Bonnie Parker, and Dennis Shock.

The junior class had fifteen honor students this six weeks. Honor Roll: Sam Lowry, Lucy Osborn, and Betty Ricciardi. Honorable Mention: Carol Barton, Janet Beck, Bob Carter, Sue Garner, Larry Linhart, Vickie Lyons, Martha McAllister, Sharon Norris, Jan Scruggs, Charles Snyder, Paul White, and Greg Yapp.

The hard working sophomores have the most students on Honor Roll and Honorable Mention with twenty honor students. Sue Cole, Joan Dillon, Peggy Herr, Jane Ives, Ellen Pletka, and Kay Thomas were on the Honor Roll. Jeanne Adams, Jim Boswell, Janet Brannan, Janet Crow, Louni Darosci, Sheila Fish, Cindy Kemple, Dave Lemar, Jim Lewis, Betty McFarland, Eva Norris, Pat Ogden, Carolyn Snyder and Linda Thurin were on Honorable Mention.

In the freshman class the students that made the Honor Roll were Bruce Lindvall and Lucinda Ricciardi. Honorable Mention: Jeannie Davenport, Diane Davis, Karen DeWitt, Jim Easterday, Su-

san Helber, Andy Lowry, Mark Lowry, Lois Newcomb, Danny Scott, Holly Thompson, and Sharyl Welsh.

Of the eighth grade students, Linda Baker, Lela Donnelly, Marsha Estey, Pat Overmyer, Bill Pletka, and Cheryl Zink were on the Honor Roll. Elaine Kaiser, Dave Kelly, Laura Miracle, Suzanne Overmyer, Bob Shirrell, Elaine Epley, and Paul Hatten were on Honorable Mention.

The seventh graders came in second to the sophomores with eighteen students on the honor rolls. Honor Roll: Ruth Benner, Andrew Hodgkin, Jim Taber, Susan Donnelly, Kathy DeWitt, and Christine Stevens. Honorable Mention: Stuart Lowry, Susan Thews, Mike Wynn, Patsy Behnke, Don Gardner, Joan Kosterman, Edward Ricciardi, Suzi Riester, Jayne Bray, Philip Edgington, Terry Gentry, and John Lucas.

Seniors Receive Itinerary

By Debbie Henderson Seniors — The seniors received their itinerary for the senior trip. Excitement was high as they frantically discussed roommates, clothes to take, plans, etc. Are they planning too early?

Juniors — The juniors are in the process of planning a sock hop to be held in March.

Sophomores — The sophomores' leaf raking project has now come to an end. Their next project is selling tickets for the movie entitled "The Pidgeon That Took Rome." It will be shown at the El Rancho Theater in Culver.

Freshmen — The freshmen had three basketball games in the last two weeks. Their opposing teams were LaPaz, Bremen and Mentone.

Students Decorate The School

By Louni Darosci Let us take a tour through the art department to see how they are getting ready for Christmas.

The seventh and eighth graders are getting ready for the coming holiday by making Christmas presents for their mothers. Seventh and eighth grades are also working with lettering and poster making. If one were to walk through the art room, they would see many different types of lettering being done.

The high school art students are working with ceramics. Some are making ash trays, although most of the ceramic projects are decorative items. Both are to be on display next week.

On the bulletin board in the high school building, we see that the art students have been busy making chalked pictures pertaining to Christmas.

Earning Money Builds Character

By Kathy Easterday
 (Co-editor's note: This theme, written in story form, was submitted by a sophomore student for her English Class. It is an example of a different type of theme with an original and individualistic quality worth noting.)
 As I was running away from the robbery, I became separated from the gang and suddenly stumbled. A strange man helped me to my feet. He introduced himself as Rev. Connor, the minister of the church in our neighborhood. He suggested that we have a sandwich and coke. I was doubtful of being seen with a minister, but I was hungry.

While we were eating, Rev. Connor asked me where I lived. I told him where my home was, but said I never stayed there any longer than I had to. He suggested that I stay at his house that night. I went with him because I knew that I would get a clean bed and good food.

When I looked at each member of his family and their home, I realized that I was not only a mess inside, but a mess outside, also. I had no reason to like myself.

I really got to know Rev. Connor after that night. He helped me with my problems, which were many. The main problem was having nothing to do, therefore he helped me get a job. I gained self-respect from my job because it build my character. It taught me responsibility. I could no longer just run off and do what I pleased, whenever I wanted to. I had a responsibility. I did not have time to be one of the gang.

Earning money builds character by building self-respect. Unless you respect yourself, no one else will.

In winter weather, says the Chicago Motor Club, always turn on your headlights early — especially when it's snowing or foggy. Snow might cause a pedestrian to become careless in looking both ways for traffic, and parking lights are difficult to see.

Teacher Notices Higher C.H.S. Standards

By Sharon McGaffey and Vickie Lyons

We would like to introduce to you at home and at school Larry Wayne Crabb, one of the new English teachers at C.H.S. Mr. Crabb was born on Feb. 28, 1937, in Plymouth, Ind. He has black hair, greenish-blue eyes, wears glasses, and is six feet one inch tall. He attended grades one through six at Argos, seven through nine at Culver, and ten and eleven at John Adams in South Bend. He then returned to Argos for his senior year and graduated the following May. We asked Mr. Crabb the difference in Culver now from when he attended here. He stated that now the academic standards are higher and the teachers and discipline are better. He thinks the students are the same as when he was here.

Mr. Crabb met his wife when he was a senior in high school and married her Aug. 23, 1958, while he was still in college. He has a son who is one year old.

Mr. Crabb's pet peeve is someone talking and disturbing him while he is talking. His favorite color is blue. He likes almost any kind of recreation and enjoys playing and reading with his son. Mr. Crabb's favorite foods are steak and potatoes as well as all

kinds of desserts. The television programs he prefers are those about sports and education.

Mr. Crabb is now residing at 605 Plymouth St. If you should meet him you will easily recog-

nize him for he has a friendly, beaming smile. (By the way, he uses Crest toothpaste.)

Sunshine Society — The Sunshine Society is planning to go caroling in celebration of the Christmas season. Refreshments are scheduled for afterwards so that the girls may thaw out! The Winter Formal plans are now nearing completion. The theme of "Winter Fantasy" will be carried out in the decorations, and cookies and punch are planned for the refreshments. The members of the junior class in Sunshine or Hi-Y are in charge of the decorations. The senior members are responsible for the refreshments.

National Honor Society — A meeting was held Thursday at which time the proposed amendments to the chapter's constitution were presented to the members. The amendments were discussed and will be voted upon in one month, as required by the constitution. At that same time, it is hoped that definite arrangements can be made in getting a project or two underway.

Watch Your Step

The time is eight-o-five. I have only a few minutes to disguise myself before my victim comes into sight. Five, four, three, two, one . . . Clatter, bang, crash! My victim has arrived at school on time, but has had a minor mishap to start off the day. She dropped her books, along with one can of Sunshine candy!

As one of my spies began watching my victim, he noticed she seemed to have a very worried look on her face. Even with being burdened with this unhappiness, my victim was still able to concentrate on Mrs. Kline's English class. The bell finally rang, and our girl shouted a few words to fellow classmates, then dashed to her locker.

The news is out! My victim decided to reveal the reason for her worries. It seems her male friend, who goes by the name of Alan Lathrop, called to tell her that he is in the hospital. It is nothing very serious, however.

With only seconds to spare, my victim rushed to study hall. A reliable source said that she appeared to be studying diligently. The bell rang, and she scrambled out of study hall to begin her story about Alan again.

After a bit of "parley-vous francais" she made a wild rush for the cafeteria line. Having refueled, she bounded up the stairs to find any unfortunate person that had not heard about Alan's misfortune. Finishing her story, she proceeded down the halls showing everyone her class ring. This girl is quite persistent!

Remembering that she had not studied her history yet, my victim scampered for Mr. Zeller's room. It was there that she learned that she had started reading the wrong assignment! Resigning to the fact that there was hardly any time left, she gave up and listened to the discussion on the Monroe Doctrine. (Notice I said listened!)

My victim's next migration was in the direction of the study hall. There she devoted her time to — you'd never guess it — writing a

letter to Alan! The message must have been long and important for she uttered not a word all period.

Aw-ha! The victim is attempting to sneak into another building. But my trusty spy helpers followed her in the shadows and discovered that she had finally settled down to something constructive. She was working with clay in the art room!

As the bell rang for her final class, the victim rushed for her home room where she finished that letter to Alan. This active junior girl was quite hard to keep up with, but I managed to do it. In case any of you have not guessed, the victim of the Shadow was none other than Linda Shock. Linda was just one of our victims, so be on your best behavior at all times. The next time the Shadow may be watching you!

NOT WEBSTER'S — In his column in The Pulaski County Journal Dick Todd said: "A lazy person, according to a definition not found in Webster's dictionary, is one who itches for something but doesn't want to scratch for it."

ADAGE PROVED — An investigation by Harrison County authorities of several burglaries in southern Indiana and northern Kentucky led to the arrest of three men, and Prosecutor Eugene Feller says a statement by one of them tends to support the adage, "there is no honor among thieves." The prosecutor told The Corydon Republican one of the men signed a statement admitting he and a companion stole five chain saws from an implement dealer in Louisville, Ky. Accord-

ing to the statement the saws were hidden near New Albany and three of them were stolen from the hiding place by a third man who had been active in the burglary ring.

It is always dangerous to drive onto a street or highway in front of rapidly approaching traffic, says the Chicago Motor Club. It's even more dangerous when pavements are slippery. Always give yourself plenty of time and space to make a safe entrance into the passing flow of traffic.

Closed Christmas Day

The music department's "Festival of Carols" which was presented on Sunday, Dec. 9, in the school gymnasium seemed to officially open the way for the beginning of real Christmas atmosphere. Both the band and vocal numbers were chosen in good taste and were well executed.

All this was topped off by the Yuletide decorations — trees were donated by the Elgie Good family; each member of the band and choir contributed a little something toward the trimmings. Even the Christmas lights which surrounded the bleacher seat railings were furnished by student members of the music department. All in all the school music department really helped the community enter into the "season of good cheer" in fine fashion.

The seventh and eighth grade general music classes are present-

ly studying the historical background of Christmas hymns and carols. Bet that they will sing with more fervor in the future — understanding usually brings on real meaning and feeling.

While Mr. Hambrook was helping Mr. Garber, the elementary music teacher, rehearse the grade music program, Carol Overmyer, the student director, and Thad Overmyer, the band president, took over and directed senior band practice. Thad didn't get much of a chance, but with a little more practice he may become a real professional. How about that Thad?

The junior and senior band members now have their music for contest, and all are working hard during free studyhall periods as well as after school. If you don't believe this, just ask Nick Knoerzer. It seems he has been working himself to the bone on his part in the sax quartet. It must be real difficult music, so good

luck to all four members of the quartet.

Lucy Osborn and Sue Cole have been seen practicing day and night on a flute duet. It is said to be unusually difficult — how about

it girls?

The junior band Christmas party was Saturday, Dec. 15, at 6 p.m. in the band building. It would have to be said that the entire group was quite brave to venture out in such cold weather to have a hayride and go carolling. It was a very rewarding experience and all seemed to have lots of fun. A huge bonfire enabled all to warm their frost bitten fingers and hot chocolate was used to

warm their innards.

As of this writing the senior band is planning its Christmas party for Dec. 19. With this happy note it has come time to sign off for now — may everyone have a very merry Christmas and a happy New Year.

Grades Prepare For Christmas

By Carmen Gretter and Carol Herr

The Christmas season has finally come, and for all those, young and old, this is a very busy time of year. Let's take a look into the grade school activities to see what they are doing to prepare themselves, and speed along this happy, important season.

In the Kindergarten, although they miss everyone who is sick, they are busy decorating their rooms so that the Christmas season will be just a little bit brighter for all.

When we visit Mrs. Keyser's first grade, there too, we see the Christmas glow. Many birthdays will be celebrated this month in Mrs. Keyser's class. Coleen Halliana, Billy Riester, Donna Peters,

and Peter Cleveland have December birthdays. The class is also learning the mysteries of adding and subtracting.

It seems as though the second grade is doing well in arithmetic. In Mrs. Page's room Chester Marshall has learned both the easy addition and subtraction combinations. In Mrs. Allen's room we have another December birthday for Mitchell Thomas. They too are making Christmas decorations.

In Mr. Horban's fourth grade, the best grades made yet in spelling were made last Friday. Twenty-nine out of thirty-four students had all their words correct. Now they are deciding what to do with a million dollars if they had it.

Dear Santa,

How are you? I haven't been too good but just kinda good. Could I have some things for Christmas? I would like a sled for all three of us. Some trucks, a big Brouser, some games and a pair of new pajamas. And some surprises.

Love to you and Mrs. Santa.

He teed up a second \$1.35 ball and also knocked it into the water. Likewise a third and fourth. As he got out a fifth \$1.35 ball, his playing partner exploded. "For heaven's sake — why don't you use an old ball?" Sobbed the other duffer: "How am I ever going to get one?"

Twenty-Three Local Students Attend I. U.

Marshall County has a total of 87 students attending classes on Indiana University's Bloomington campus and in the graduate and professional divisions of the University located in Indianapolis.

I.U. Registrar Charles E. Harrell, who released the names of students listed according to hometowns, said the current Bloomington campus enrollment is 17,829, up about 10.5 per cent from last year.

An additional 2,369 students are enrolled in Indianapolis in the following professional divisions: Schools of Medicine, Dentistry and Nursing at the Medical Cen-

ter; the Indianapolis Division of the School of Law; the social service division, and the Normal College of the American Gymnastics Union.

Also, the University is providing credit courses at nine regional campuses and extension centers for 11,383 students: 1,705 full-time, and 9,678 part-time.

Indiana, with a full-time enrollment of 21,903, ranks 10th among the nation's colleges and universities in this category, and eighth in national rankings with 31,581 full-time and part-time students.

Culver students enrolled are Daniel Baker; Eugene Benedict; Jeannette Berger; Lana Berger; Tommy Cultice; Mary Curry; Melvyn Estey Jr.; Charles Faulkner; Robert Glaze; Judy Gollnick; Donald Hand; Loyd Hol-

field Jr.; Janet Logan; Peter McKinney; Barbara Moore; Susan Muehlhausen; Marizetta Robinson; Alexander Smith IV; Lawrence Strait; William Walaitis; Mrs. Sandra Weisenauer; Kermit Zieg Jr., and Thomas Karter.

SCHOOL WARDROBE TIPS

The beginning of school often means the beginning of a new school wardrobe, comments Frieda Stoll, clothing specialist at Purdue University.

To replace any outgrown or outworn garments, look for clothing that is attractive, becoming, colorful, durable, comfortable and well fitting.

If you are thinking of making the clothes your child will need, consider your ability and sewing skill as well as the value of your time. However, Miss Stoll points out, there is usually a monetary savings if you can make dresses, blouses and skirts.

Home sewn garments are usually better constructed than ready-made ones. If a garment is

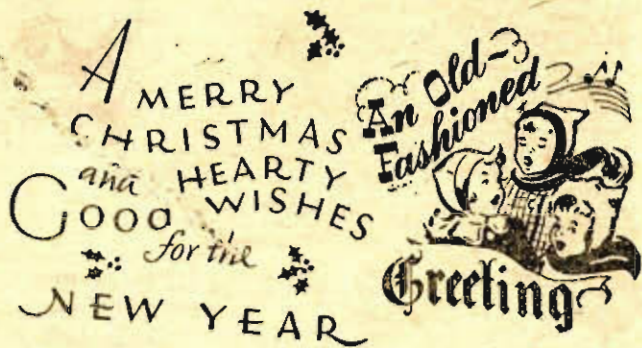

poorly made, it wears out early. The type of construction definitely is related to the price of a ready made garment. Since labor is costly, manufacturers may cut down on labor to put out a cheaper item. A well constructed ready-made dress may be expensive.

Don't make the mistake of buying clothing a size too large for the child and letting him grow into it, cautions the specialist. Clothing that is too large is unbecoming, uncomfortable to wear and can cause accidents.

Because children outgrow their clothing so quickly, look for growth features. Some ready-

made dresses have deep seams or hems that may be let out, while some coats have let out tucks in the sleeves and hems. Various types of growth features are available in patterns or home-sewn garments.

Good visibility is essential for safe driving, says the Chicago Motor Club. Before starting to drive make sure your front and rear windshields and side windows all are clear of obstructions. Make sure your windshield wipers and defrosters are in perfect mechanical condition. And always carry an ice scraper in your glove compartment. "Peephole" driving can be fatal.

Christmas

I want to go home for Christmas
To be together once more —
With a sparkling tree in the window
And holly at the door;
With deep snow catching the gleam
Of a winter's evening moon
As it catches the magic of
Stardust filtering thru the room.

And we in a circle remembering
As the embers turn to a glow,
Our childhood and our youth
Of dreams to do and know.
Ah, Christmas, your spell enfolds us.
You're a rebirth of life within,
And we at the hearthside know —
'Tis love makes the whole world kin.

Babson Reviews Year 1962

Trends Of 1962 May Give Clues For 1963

Babson Park, Mass. — Before attempting to assess prospects for 1963, it would be well for readers to look back on 1962 to "get the lay of the land," so to speak.

Roger W. Babson

The trends of the past year could provide clues as to what may happen in 1963 — which will be discussed in full in my 1963 Forecast for release on Dec. 27, 1962.

This year had more than its share of dramatic events. Noteworthy among these were the forceful role played by the government in various aspects of business. Early in the year, Labor-Management bargaining in the steel industry was given definite "guidance" by the government. This helped to bring about an early and peaceful contract settlement. Only time will tell what the impacts will be on the basic rights and responsibilities of Labor and Management in formulating mutually satisfactory working agreements. Shortly thereafter, attempts of certain leading steel companies to raise prices were dealt a severe setback at the hands of the government. This jolted confidence and helped to trigger the stock market slump, — another crisis.

The international scene took the limelight later in the year. The Cuban furor was followed shortly by the invasion of India by Red China. President Kennedy's forthright stand on Cuba restored American prestige in the eyes of the world. However, the Sino-Indian border clash underscored the magnitude of world unrest.

A Spadefull Of Records

Notwithstanding the above mentioned crises, the American

economy put together an excellent year. New records were set in many sectors. Total dollar value of goods and services produced (the Gross National Product) set a new record of \$555 billion, according to my estimate. This trend is persistently up from the \$519 billion average in 1961. The Federal Reserve Index of Industrial Production, which measures physical volume of output, is estimated to have averaged 119 (also a new record), versus 110 in 1961.

Other record-shattering performances included peaks in new construction expenditures, business capital outlays, retail trade, and personal income. Employment was also of record size; but, due to the increase in workers, the rate of employment relative to the growth in the labor force was disappointing. This situation points up a fundamental weak spot in our economy. If not remedied by sane business and government policies, it could haunt us in the future.

A Good Year For Consumers

The total spent each year by federal, state, and local governments is an awesome figure. Nevertheless, this is only about one-third of the total spent by consumers. Hence, our economy is still keyed to how consumers fare. In 1962, consumers had, indeed, much to be pleased about. Their earnings rose to unprecedented highs, and employment was ample in most areas. They spent rather freely, but still they added significantly to their savings. These factors were primarily responsible for maintaining a high level of public confidence.

Prices and Profits

Price structures were generally under pressure throughout 1962. The Bureau of Labor's Wholesale Price Index was fairly steady, but with a slight downward tilt. Prices for industrial and primary commodities, however, slipped more, due to abundant supplies and cautious demand. Price shadings, both announced and "under the counter," were commonplace. Retail prices were also subject to "discounts."

Starting the year with a slight sag, business profits turned upward moderately the remainder of 1962. Though price structures were on the soft side, businessmen shored up their profits through cost-cutting measures and by maintaining brisk production rates.

Stock Market

Many investors are still suffering from the slash in stock market values last spring. While the slump was breathtakingly sharp, subsequent rallies gradually restored a measure of confidence. Nonetheless, many investors undoubtedly learned a good lesson from the shakeout, and a considerable amount of unhealthy speculative thinking has been quashed. It appears that the stock market too is groping along trying to gauge the treacherous currents of the past year.

Make sure the family car is in top mechanical condition and fully equipped for winter travel before starting on a trip, says the Chicago Motor Club. If possible, do your traveling by daylight. And remember, when the weather is bad give yourself more time to arrive at your destination.

The Chicago Motor Club advises that on cold winter mornings it is important to let your car engine warm up before venturing into traffic. This good safety habit helps prevent stalling and also prolongs the life of your engine. But remember: If you keep your car in a garage, open all doors before starting the engine. In a closed garage, the concentration of carbon monoxide from your car's exhaust can be deadly.

Holy Night

The choir sings with near-celestial sweetness, the candles burn with a bright, pure light, and the meaning of the birth of Christ comes into glorious reality.

For, in church, the story of the Night of Nights is told with a beauty that seems to deepen with the years. To miss hearing it again would be to miss one of the Yuletide season's greatest moments.

Yes — it is natural to think about going to church at Christmas. But what about a rainy October Sunday or a hot July one?

In Church, the inspiration is there all year round. The message is as vital in August as it is in December. Promise yourself now — this Christmas — to start going to church regularly.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TRACTOR FATALITIES UP 25 PER CENT

Tractor fatalities in Indiana rose 25 per cent during 1960 and 1961, reports F. R. Willsey, Purdue University farm safety specialist.

A study of Willsey of fatal accidents involving farm tractors shows the mishaps remained fairly constant from 1957 through 1959. Average yearly total for these three years was slightly more than 41. Then in 1960 the fatality count jumped to 57 and dropped four to 53 deaths in 1961. The average for 1960-61 is 55 fatalities — a 25 per cent increase over the average for the previous three years.

Fatalities on roadways remained almost constant with a big increase coming in the number of on-farm accidents. Willsey says

this increase could not be traced to any particular age group or to any particular type of accident.

"It just seems to be a general increase in the number of on-farm fatalities," he observes.

"The most effective way to reduce the number of tractor fatalities," says Willsey, "is for each person operating a tractor to review his own behavior while on or near farm tractors. Then correct all dangerous acts to prevent accidents. Make the needed changes in your behavior today — tomorrow may be too late," he emphasizes.

Even hallways can be used for storage, according to home furnishings specialists at Purdue University. Use portable storage units such as thin cabinets or bookcases that do not interfere with the walking space.

Girl Scout News

By Pam Thompson

Girl Scout Troop 143 held their regular meeting Tuesday, Dec. 11 at the St. Mary's Catholic Church. The meeting began with the singing of songs and repeating the Girl Scout laws. The rest of the meeting was spent making Christmas tree ornaments.

Mrs. Scott announced the Dec. 15 meeting will be held at her home. Christmas gifts for scout

mothers will be made at this meeting.

Refreshments were served by Cathy Mitzell after which the meeting was closed.

A mother in a suburban home discovered her teenage son slumped dejectedly in a living room chair last Sunday afternoon, the picture of anguish and depression. She asked her husband, who was sitting nearby, what calamity had struck their offspring.

"He wants to go to the drug

store down at the corner, Dad said, "but the car won't start."

National parks tallied 79,000,000 visits last year; State parks, 259,000,000 visits; national forests, 102,000,000 visits.

Indians Lose Two Games Over The Past Weekend

Meet Walkerton Friday Night

By E. D. Mishler

The Culver Indians travelled to Fulton County twice last weekend but found no more success than in their two encounters against Starke County opponents the week before. North Caston's Comets tripped the Tribe, 78-59, at Fulton on Friday and Rochester nipped Coach Gene Crosley's boys, 49-48, the following night. Cashing in on 26 free throws compared to Culver's nine, Caston pulled away in the second half Friday night. Sharpshooting forwards John Fry and Allen Wills paced the Comets, who have lost only two games since the consolidation last year of Fulton and Grass Creek High Schools.

The Indians, who led 20-16 after the first period, were stymied by a half-court zone press as well as by numerous ballhandling mistakes. Thad Overmyer, who sat out nearly half the game in foul trouble, nevertheless led the Culver attack with 14 points, with Rick Irvin adding 12. Fry had 20, Wills 18, and Terry Foreman 16 for the Comets.

In a rugged defensive battle at Rochester Saturday night, the Indians eliminated many of their offensive errors but still fell one point shy of the host Zebras. It

was Culver's fourth loss by a margin of six or fewer points.

After trailing the entire first three quarters, the Indians took the lead 38-37 on Dave Lemar's 15-footer with five minutes left to play. But clutch baskets by Mick Belcher and Dan Daniels gave the Zebras a 49-46 lead in the waning seconds. Overmyer's last second goal brought the final score to 49-48.

Starting his first varsity game Saturday was 5'9" sophomore Jim Boswell. The sharpshooting guard played a flawless floor game and canned four of six twenty-footers for eight points. Ervin's nine points led the balanced Culver attack which saw Lemar, Overmyer, Boswell and Sam Lowry tally eight apiece. Paul White scored all of his seven points in the fourth quarter as the 5'8" junior guard led the rally that nearly pulled the game out of the fire. Otto Sherbondy led all scorers with 17 points, while Daniels added 12 for the hosts.

After tripping Caston, 34-27, Culver's B-Team dropped a 50-40 decision to Rochester's tall and talented reserves. Jim Lewis paced the Friday night victory with seven points, and Bobby Carter played the finest game of his career Saturday, popping in 14 points. Doug Lindvall had 11 and Lewis added nine. The Papooses now own a 5-2 record.

Friday night Culver, now 1-4 for the season, plays host to Walkerton, a neighboring tribe of Indians from St. Joseph County. Box scores:
