The new section of beach covers an area of 3.200 square feet. Approximately 125 yards of grav-el and sand were used to build the new section. In preparing the area, it was graded from the sidewalk to the lake shore into a gentle slope, removing all large rocks. The sand and gravel was then spread, making a fine beach. An eight inch cement curb was poured along the sidewalk edge to protect the soil under the walk and to keep it from washing. The curb extends two feet into the ground. The entire swimming area was then roped off. Large white floats mark the boundary of the swimming area as a safety measure for swimmers and to ing times for the days to come, warn speed boats and skiers of The same rules governing dress the protected area.

Much of the work on the beach was done by donated help and machinery by the Jaycees and Mr. Houghton. The entire project cost approximately \$250.

LEADERSHIP CONFERENCE Miss Ruth Shanks, one of Cul-ver's leading teachers, spent the last few days attending the 1963 Leadership Conference of the Indiana State Teachers Association at French Lick.

The Leadership Conference is an annual in-service training activity which interested and qualified teachers attend on their own time and at their own expense. The program consists of intensive study sessions and lectures by nationally known authorities on selected phases of education. This year the pressing problems are (1) procedures by which teachers and school boards can reach agreements, (2) develop-ment of standards of competence and professional conduct for teachers, and (3) study of a new concept of invoking sanctions where arbitrary policies have a bad effect on local schools.

WHICH HAND will you choose?

This is the hand of Justice. It reproves those people who have strayed from the path of truth and good living.

Honest men and righteous men have chosen another hand; one which is not pictured here. They never need the reproof of Justice, for they have chosen the Hand of God.

Each man is free to decide which hand will lead him. Some never see the Hand of God, and their way through life is barren and pointless.

But with the help of the Church, you can find the right path. By attending its services and joining in its work, your way through life can be made straight and happy. Take the Hand of God, and you need never fear stern Justice.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

ALL FOR THE CHURCH. The Church is the greatest fac-tor on earth for the building of character and good chizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy, nor civilization can survive. There are four sound attend services regularly and sup-port the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and ma-terial support. Plan to go to church regularly and read your Bible daily.
