Hearing Held On School Transfers For North Bend

A legal hearing was held on Saturday, Sept. 21, by Donald Peregrine, Superintendent of Starke County Schools, on an appeal for transfer certificates by a number of patrons of North Bend Township.

On July 28 and 29, the Board of School Trustees of Culver Community Schools received requests for approval of transfer certificates for 90 North Bend pupils so that they might attend school at Knox during the 1963-1964 school term. The School Board on Aug. 13 approved transfers for seven of these pupils who would be Seniors at Knox, leaving 83 pupils for whom the requested transfers were not approved. The School Board had added several teachers to the Culver faculty to take care of resident pupils of Union and North Bend Townships who would be attending Culver School. The School Board therefore felt that the added costs for transferring resident pupils to some other corporation would constitute an unnecessary expense.

At the opening of the school term, six of the North Bend pupils who had not been granted transfers enrolled at Culver. Parents of the remaining pupils then appealed to Superintendent Peregrine to hold a hearing on their transfer requests, as provided by Chapter 367 of the Acts of 1963. In the hearing at Starke County Court House on Saturday, Sept. 21, it was established that the appeal of one family with seven school-age children had been dropped because the family had moved to Michigan. Two other children for whom transfers had been requested were to move to Westville. Thus the active appeals for transfers were reduced to 68. It was not determined in the hearing the number of these pupils who actually are enrolled at Knox.

A decision on the appeals will be made by Superintendent Peregrine in the near future. If the action of the County Superintendent is considered unfavorable, either the parents or the School Board of Culver Community Schools may present the matter to the State General Commission on Education for action. If that group's decision approves the transfer requests, the tuition costs for such pupils for attendance at Knox will be paid by the Culver Community Schools Corporation. If the transfers are not granted, the pupils still could attend school at Knox provided the parents pay private transfer costs to the Knox-Center Schools.

At the beginning of this school week, the Culver school officials announced that 177 pupils who reside in North Bend Township are enrolled in Grades 1-12 at Culver School. Their enrollments by grades are as follows: Grade 1-15, Grade 2-20, Grade 3-18, Grade 4-18, Grade 5-22, Grade 6-11, Grade 7-13, Grade 8-15, Grade 9-19, Grade 10-10, Grade 11-12, Grade 12-4. In addition, 12 North Bend pupils are enrolled for the Kindergarten program at Culver.

Five Culverites Injured In Three Auto Accidents

Five Culver people received injuries in three auto accidents which occurred Friday evening and early Saturday morning, an entire week later than Friday, the 13th.

The most seriously injured are Mrs. Elsie Weiger, 67, and her husband, Theodore, 78, of 921 Academy Road. They were returning home from grocery shopping in downtown Culver about 5 p.m. when Mr. Weiger lost control of his vehicle on the curve around the A & W Root Beer Barrel and hit a steel light pole. The Weigers were rushed in separate ambulances to Parkview Hospital in Plymouth where both are listed in critical condition. Mrs. Weiger suffered a broken left hip and hand, a concussion, and face cuts. Her husband has a broken right hip, left elbow, and nose.

Toby Warner, 26, of 417 North Slate Street, is recuperating at Woodlawn Hospital in Rochester from a fractured left leg and other injuries suffered at 12:25 a.m. Saturday when the car he was driving east on State Road 10 about two and one-half miles west of Culver failed to negotiate a curve and struck a telephone pole and some fencing. The impact sheared off the pole and caused the car to roll over several times, throwing the victim from the car.

Mrs. Alice Baker, 213 White Street, a passenger in the Warner auto, was treated at the Culver Clinic for cuts, bruises, and burns and then released to her home. She was also thrown from the car. The Culver Fire Department was called to the scene of this accident.

Jack L. Sanders, 38, 447 South Main Street, figured in an early Saturday morning accident at 1:30 when his car went out of control in the 300 block of Lake Shore Drive and crashed into two parked cars and then overturned. Sanders received minor lacerations.

All three autos are listed as complete losses.

Betty Ricciardi Is National Merit Semifinalist

MISS BETTY RICCIARDI

Principal Kenneth L. Cole of Culver High School announced today, Wednesday, Sept. 25, that one of the school's students has been named a Semi-finalist in the 1963-64 Merit Scholarship competition.

He said she became a Semi-finalist through her outstanding performance on the National Merit Scholarship Qualifying Test. This test of educational development was given in more than 16,500 high schools last March.

The student cited for her high achievement is Betty Ricciardi.

She is among 13,000 seniors throughout the country who attained Semi-finalist status. The Semi-finalist group is composed of the highest scoring students in each state and in United States territories. Each Semi-finalist now moves a step closer to winning a four-year Merit Scholarship to the college of his choice. Semifinalists must substantiate their qualifying test performance on a second examination, be endorsed by their schools, and fulfill certain routine requirements to become Finalists. All Merit Scholars are selected from the Finalist group.

"The future leaders of our nation will be found among young people who have the qualities and aspirations represented by these Semifinalists," said John M. Stalaker, president of the National Merit Scholarship Corporation.

"They are not only intellectually able, but characteristically they are also ambitious, energetic, and resourceful. In honoring them we pay credit, too, to the families, teachers, and communities which have aided them in their efforts to succeed.

"Their achievements are a product of their own ability, the extent to which adults have personally encouraged their intellectual development, and the level of support their communities have given to local educational and cultural institutions and programs."

To increase their opportunities to obtain financial assistance if they need it, the Merit Corporation sends the names of Semifinalists to all accredited colleges and universities and to other scholarship-granting agencies and financial aid sources. Studies show that about 50 per cent of the Semifinalists obtain financial aid from sources other than the Merit Program.

In past years, about 97 per cent of the Semifinalists have become Finalists. All Finalists receive a Certificate of Merit in recognition of their outstanding performance in the program. As Finalists, the students will be eligible for scholarship awards sponsored by NMSC and about 175 business corporations, foundations, colleges, unions, trusts, professional associations, and individuals.

Final Rites Held Monday For Nora S. Howell

Mrs. Nora S. Howell, 71, well-known Culver resident, died at 1:30 a.m. Saturday, Sept. 21, in her home at 1614 East Shore Drive. She had been in ill health for two years.

Mrs. Howell was born Jan. 20, 1892, in Marshall, Mich., the daughter of Norman B. and Grace L. Whiney, and was married in 1929 to Albert Summers Howell, executive of the Bell-Howell Camera Company, who died in 1951. She had been a Culver resident since 1930.

Survivors include two nieces, Mrs. Dorothy Thomas of Wauconda, Ill., and Mrs. Patricia Robach of Chicago, Ill.; and a nephew, Norman Michels, Sewickley, Pa. A sister, Mrs. Dorothy Michels, preceded her in death.

Services were held at 9:30 a.m. Monday, Sept. 23, in St. Thomas Episcopal Church in Plymouth with the Rev. William C. R. Sheridan, pastor, officiating. Interment was made in the Rose Hill Cemetery in Chicago.

The Van Gilder Funeral Home in Culver was in charge of arrangements.

petition, the high school grades, creative accomplishments, leadership qualities, extracurricular activities, and school citizenship of the students will be evaluated along with their scores on the tests.

About April 23, 1964, the names of the Merit Scholars will be announced, the exact number depending on the extent of sponsor support of the Merit Program. In 1963 NMSC and sponsors together awarded about 1,500 Merit Scholarships.

Each Merit Scholarship is a four-year award to cover the undergraduate college years. The recipient's stipend is tailored to his need.

Awards may reach a maximum of \$6,000 for the four years of college. For students who already possess financial resources which will enable them to attend the college of their choice, the awards are \$400 for the four years. Stipends now average about \$850 a year.

A Merit Scholarship is also a form of "educational insurance" for the student who receives it, because the amount of the stipend will be increased at any time if there is a significant change in college cost or in his family's financial situation.

Finalists designate the college they wish to attend and the course of study they plan to pursue. The colleges chosen by the Merit Scholars in most instances also receive supplementary grants.

NMSC and sponsors have thus far contributed about \$17 million in direct financial assistance to Merit Scholars and their colleges. This amount is exclusive of obligations to the 400 Merit Scholars now in college.

The Merit Program was established in 1955 with grants from the Ford Foundation and the Carnegie Corporation of New York. In 1962 the Ford Foundation announced an additional grant to continue the program through 1970.

Nearly 7,500 Merit Scholars have been appointed to date. In addition, through the program's special services, thousands of other outstanding participants have been helped in obtaining aid from other sources, and colleges have been assisted in their efforts to locate the intellectually able.

The 76-year-old Walburn is a native of Plymouth and has returned there for a rest. He left the Broadway stage play, "Funny Thing Happened to Me on the Way to the Forum," after an 18-month run — the longest of his career.

"I quit school after my second year of high school and began working," he explained. He was working in San Francisco for \$5.00 a week when the earthquake hit. He moved eastward and in 1912 was an understudy on Broadway. His first role came in 1923 in George Kelly's "Show Off."

Hollywood put him in "Pursuit of Happiness" in 1934 and he continued in pictures for 21 years and 87 movies which included the banker in the "Count of Monte Cristo" and "Horse Race." He then retired for seven years.

His future plans include a trip to Europe. But in regard to returning to acting, Mr. Walburn explained, "Wait until you are 76 years old."

Culver Indians Beat Tyner and West In Baseball

Culver vs Tyner
The Culver Indians' baseball team got back on the winning side of the ledger by beating Tyner 4-0, Thursday, Sept. 19.

Sparked by Jim Lewis' two-hit pitching and Dave Lemar's three-run home run, the Indians pushed their County record to 3-1. Lewis allowed singles to the first two Redmen he faced, then slammed the door on their bats for the rest of the game in registering his first victory of the Fall season.

With two outs in the seventh inning, Sam Lowry and Paul Liette hit successive singles to pave the way for Lemar's home run. Jim Boswell raised his team leading B.A. to .444 with 3 for 3.

Culver vs West
Fighting to retain their County Championship, the Indians scored a 9-1 win off West Township, at Culver on Monday, Sept. 23.

Jim Boswell continued his timely hitting with a two-run triple in the fourth inning to put the game out of reach for West.

Sam Lowry narrowly missed getting his third no-hitter of the year when a bad hop single eluded third baseman Paul Liette in the sixth inning.

The Indians journey to South Caston Wednesday for a Non-County game. Their next County game will be at West on Thursday.

Academy Sports

Culver Military Academy's fall sports season gets down to serious business this week when the football and cross country teams go out to protect winning records chalked up in the opening week of the 1963 season.

For Coach Russ Oliver's football squad, a 7-0 winner in its opening game Friday night at Bremen, one of the toughest games of the season looms ahead Saturday when highly-rated Lebanon High School comes in for a 2 p.m. game at the Academy field. Lebanon was ranked twelfth in the state last week.

Against a squad that had already played three games, the Eagles found rough going at Bremen even though the Academy came up with its fifth straight victory in the series. Early in the game it appeared as though the Culver eleven would put its weight advantage to good use against the scrappy Bremen squad. Chris Hinkle scored easily on a 20-yard run following a poor Bremen punt in the second period and big Mike Turnbull booted the extra point

to make it 7-0.

In the third period Culver had a touchdown called back due to a holding penalty, and that seemed to set fire to Bremen. Jay Bowser scored for Bremen in the third, but the bid for the extra point failed. Bremen was back knocking on the door again in the fourth period, but a penalty and a key defensive play preserved a Culver victory. The victory was the seventh in a row by Culver, dating back to its string of six consecutive triumphs last season.

Coach Dave Burke, expecting an excellent cross country team this year, watched his squad get off to two victories over Winamac and Wheeler high schools by scores of 17-35 and 20-10 respectively. Top runner Joe O'Flaherty was the key man in both meets.

In one other sports event last week, an Academy all-star soccer team defeated Argos, 4-2, in what was a trial run for a possible formal schedule in the sport for the future.

FRESHMAN

According to the Atomic Age calendar, even the most experienced nuclear scientist is a beginner with a lot to learn. Great strides have been made in the development of atomic power for the generation of electricity . . . but the surface has hardly been scratched.

LOWER-COST ELECTRICITY THROUGH RESEARCH

In recent years methods have been discovered to make a ton of coal produce nearly four times as many kilowatthours of electricity as it could in 1920. Because of ample reserves in Hoosier mines, low-cost coal is still Indiana's most economical fuel for generation of electricity. Looking to the future, Indiana's 5 Investor-Owned Electric Companies are constantly researching the latest developments in nuclear power. If the day arrives that generation of electricity through nuclear energy will save you money . . . Indiana's 5 Investor-Owned Electric Companies will build nuclear power generating stations.

Bible Lectures October 14-19 At South Bend

Lectures on the Bible, by Thomas L. Leishman, will be given in South Bend on Monday, Oct. 14 to 19, both afternoon and evening.

Mr. Leishman is well qualified for this work, having studied for the ministry at Edinburgh University, receiving degrees of M.A., B.D. from there and S.T.M. from Union Theological Seminary, New York. He is a member of the National Association of Biblical Instructors and of the Society of Biblical Literature and Exegesis — also author of many books, one of which is in the local library, "Why I Am A Christian Scientist." Information regarding the courses are posted there. He also contributes to many periodicals.

Because of the lecturer's first-hand knowledge of the Holy Land, and his contact with archaeological discoveries there, he can depict vividly the colorful background of the Bible, while his acquaintance with its original languages enables him to give literal renderings of important passages often misunderstood.

The aim of these lectures is to provide information about the Bible which is authoritative and up-to-date, though simply expressed. Since these lectures are from doctrinal interpretation and consequently are not a part of any church activity, they may be attended and enjoyed by adherents of any denomination.

IN SERVICE

Pvt. and Mrs. Robert Taylor, who have been spending a few days with the former's parents, Mr. and Mrs. Wilber Taylor, will leave today, Wednesday, for Fort Belvoir, Va., for a visit with Lt. Col. and Mrs. Clifford Dawson and family. Mrs. Taylor will remain with her family, the Dawsons, for the winter and Robert will report to Fort Sill, Okla., on Oct. 4 for six months' training at Officers' Candidate School.

FORT BUCKNER, OKINAWA — Army Pfc. James A. Smith, son of Mrs. Blanch B. Cannon, Monterey, participated with other members of Troop E of the 173d Airborne Brigade's 17th Cavalry in a week-long field exercise on Okinawa.

Smith's unit played a support role for Hawaii's 24th Reserve Special Forces Group which completed two weeks of annual active duty training on Okinawa, early in September.

He is a scout driver in the troop on Okinawa. He was last stationed at Fort Bragg, N. C.

The 25-year-old soldier attended Monterey High School.

Strike Up The Band! Fouts Is New Director

By James Ives and Sue Cole

If you have been in or near the Band Building recently, you have probably noticed a new addition to the Culver High School faculty. His name is Mr. Fouts, the new band and choir director.

When asked where he lived as a child, Mr. Fouts replied, "I lived in a small town located near Logansport. Since no one has usually heard of that dot on the map, I just tell people I'm from Logansport and leave it at that."

Our new director attended Logansport High School, and then enrolled at Indiana University. While at I.U., he played trumpet in the Indiana University Marching Band or the "Stumbling Herd", as Mr. Fouts and his colleagues called it.

After graduation from I.U., the director was employed at Cassopolis, Mich., where he taught for two years, and then went to teach at Twelve Mile and Metea, county schools near Logansport. Just before coming to Culver, he taught at Burney, Ind.

Mr. Fouts has been married three years. Margaret, his wife, and he now reside at 430 Harding Court. Although they don't have any children, Mr. Fouts said he has a small dog.

He stated his pet peeves as being the following: someone who doesn't read the key signa-

ture (for the benefit of the band students) and American-made spaghetti.

Mr. Fouts said he likes to have all kinds of collections for past-time pleasure, but he doesn't have time to keep them up. He likes to listen to good music and built his own stereo. He collects tropical fish and once had a piranha (Band students who don't look at key signatures — Beware!). Skin diving and fishing are sports he thoroughly enjoys. He said, "If anyone wants to go fishing, call me up!"

He said although he hadn't had time to form an opinion, he was impressed with his students. The students, he stated, have, like all teen-agers, a faint tendency to become a little unruly, but that was to be expected the first week of school.

Thus ended our interview with a most pleasant and interesting man, our new band and choir director, Mr. Fouts.

Let's Get Acquainted

By Linda Thurin and Donna Rogers

Walking the halls of Culver High School this year are many new faces and personalities. In order to become more acquainted with these students, we have interviewed them by asking a few questions. When our interview was complete, we had learned many facts about their background and about their viewpoints.

To begin our report, we started with the freshmen. It seems that the main thing lost by these new students were their friends. This was also true of the sophomores, juniors, and seniors. However, some of them like Culver better than their previous high school.

Roger Gaines, who hails from Plymouth High School, enjoys having a lake so near. Wesley Huffer from Trunk Island last attended St. Cecilia School. He misses swimming in salt water, but finds that our lake is capable of taking its place. James Jackson came to Culver from Chicago where he attended Lindbloom High School. Jim likes Culver better than his old school mainly because of the variety of sports which Culver offers.

From the feminine section of the class come Charlene Schindler from Hamlet and Kathy Schmidt from the Monterey Parochial School. Everything at C. H. S. is pleasing to them except for the tests.

In the sophomore class, we interviewed three new students who have already attended one year of high school at their previous school.

Lori Bohm, who moved from Chicago likes Culver because it is small and closely united. However, she thinks there should be more action.

Mike Eustis hails from Valparaiso, Ind. He has stated that his greatest loss is his Spanish class, but he has found many new friends to help ease the pain. In place of his Spanish course, Mike is taking French, but he has discovered that his Spanish is constantly mixing him up. One thing Mike is looking forward to is ice skating on the lake this winter.

Melvin Jackson transferred to Culver from Lindbloom High School in Chicago. He finds the teachers and kids in Culver very friendly and thinks he will get over missing his old friends as time passes.

Our last sophomore is Mark Picuch, who is also from Chicago. He attended Chicago University Lab School last year and plans to attend Culver Military Academy next semester. When asked whether he liked Culver or not, Melvin replied that he found Culver much more interesting than his old school.

In the class of the "jolly juniors" we interviewed two new

students, Bob Eustis, from Valparaiso, doesn't miss anything from his old school. He likes Culver much better because it is small and gives everyone a better chance to learn. The only thing Bob doesn't like is that there is nothing to do on week-ends.

We have a Southern belle on our campus in the form of Linda Sparling from Greensboro, North Carolina. To her, Culver is more pleasing because it's small and one gets to know everyone. She also commented that there are more things to do here.

Last but NEVER least are the mighty upper classmen — the seniors. Our first new senior came from Valparaiso, Ind. She finds Culver more likeable than her old school because of its closer relationship among students and teachers. Although she misses her old friends, she is finding many new friends here at CHS. This girl's name is — you guessed it — Sharon Eustis.

Ray Kreisher, one of the transfers from Aubbeenaubee High School, thinks the teachers in Culver are O.K. Another reason that he likes Culver is having more students in the school.

Our last student, Jim Patrick, came from Toledo, Ohio, where he attended Woodward High.

Jim likes the way that people get acquainted so quickly at Culver, but he dislikes having the grade school connected to the high school.

The entire student body and faculty hope that these new students will enjoy their career at good old CHS. We extend a hearty welcome and sincerely hope that they will become loyal members of our tribe.

"JUVENILE DECENCY" — Instead of juvenile delinquency. Boys are basically decent and law abiding, and they will stay that way if given an opportunity. That may sound like old-fashioned talk for this modern day world of "hot-rod harrys" but the leaders of Boy's Clubs don't think so.

This attack on the delinquency problem through building "decency" is getting nation wide attention. The greatest emphasis with boys in groups and informal contact, Boy's Club leaders have unparalleled opportunity for guidance of boy's behavior and attitude, as well as their general development. Encourage your boys to join Boy's Clubs.

Attention all males with heavy beards!! Anyone wishing to be shaved—free of charge—should please contact "Barber" Baker. It seems Gloria's first customer, Mike Cihak, was a total flop. If you want to know the outcome of her new career, Mike is now residing in Memorial Hospital.

There is a lot of questioning going on about who Chip Wallstead and Mike Eustis were street-walking with Saturday night. It is a puzzlement, but these sophomore boys must have a motive. Just ask them!

Rain, rain, go away!! But, in chemistry class? It seems that Dave Lemar and John VanHorn have been giving anyone and everyone near them a shower from the water faucets. They insist it was always accidental, but seven times in one hour is too wet for words. Eh! John?

Clink! Clunk! Putt! Ca-poo!! That was only Shari Croy's new (?) '41 Chevy arriving at school. We hear it rides like a dream and looks like a nightmare! Well, it is transportation and she doesn't seem to mind one bit.

If anyone wants to have a cotton-pickin' good time, just ask Bob White, Larry Linhart, Sharon Eustis, and Joan Dillon. Instead of cotton-pickin' they all went apple-pickin'. The outcome was delicious... right kids?

The coach wasn't able to attend one of the baseball practices after school and it is quite hard to understand why every time someone would pitch a ball, it would accidentally fall in McAllister's yard. The boys didn't seem to mind running after it since Martha, Lonni Darocsi, and Kathy Easterday were practicing cheerleading. What a coincidence boys!

How many steps are there to the top of the water tower? Some of our brave, curious juniors and seniors solved this question by finding out for themselves. There are exactly 115 — give or take a few hundred. If you want to know who they are, look to the right of the "R" and find out. They had to autograph their names so they could boast about their new venture.

Knock, knock. Who's there? Suzanne Overmyer! Really Suzanne, we know you have a sense of humor, but must you go everywhere the boys go? Oh! You say, Dave Lemar, Jim Boswell,

and Bob Albert pushed you in the boys' restroom. Well, you never know about these freshman girls.

Everyone is a bit confused as to who is the boss in the Ulrich household. It appears to be rumored around in the high school office, that one, (Mrs.) Ulrich, picks up two checks on payday. This goes to show which (sex) dominates over the other!?

Have you met "Shorty Snapper"? For more information, ask Bob Eustis. He seems to know this character quite well. I wonder why?

Paul White's hootenanny last Friday was quite amusing. The ratio was 4 to 8 in favor of the girls. It all proved to be very humorous and exciting, especially when Dave Lemar wanted the lights off, and Martha McAllister wanted them on.

"Clang! Clang! Clang! the time is now 10:55." That's just Tom Yocom warning Mr. Hughey that the physics class is almost over. Really, Tom. Must you bring a gong with you? By the way Tom, where did you get the gong?

Say, a little birdie has told us that a certain senior's car almost ended up in the ditch. For more information ask Charles Snyder or Tom Schmidt.

This same birdie told us something about Dick Mackey having a new girl friend, but we couldn't quite get the message. Tell us more Dick.

We shall conclude with the thought of the week: "Never do today the homework you can put off until tomorrow!"

A Busy Day Ahead

By Joan Dillon

It is 7:30 a.m. when the alarm goes off and you disgruntlingly get up. "Oh, no," you think, "it can't be time for school preparations already!" Quite possibly this is similar to the way you start your school day. Well, cheer up for there just may be someone worse off than you.

There is a man in our high school office whose day starts earlier than yours — that of Mr. Kenneth Cole. Our principal unlocks his office door at 7:30 most mornings. (In the dead of winter, quite often this operation takes place at 6:30!)

Yes, Mr. Cole leaves his house quite early, slips into the driver's seat, and motors to the school building when you are just considering getting up! Very often he starts working on various reports the minute he settles himself at his desk. He is there to get a head start on the day's activities. He answers the ringing telephone to discover a faculty member is unable to teach his classes that day, or to make an appointment to discuss affairs with a parent. (If there has been a terrific snow the evening before, a bus driver may be at the opposite end of the wire. It is quite common during the winter months for buses to skid into snowdrifts. In this case Mr. Cole drops his report and hustles to an extra bus to go to the aid of the distressed driver.)

With the buzzing of the tardy bell, Mr. Cole signs passes to late students admitting them to classes. Now he is ready to return to the inner office to complete that report!

Sometime during the morning the mail is delivered to Mrs. Warner's desk. The principal will open those letters to him and answer the official mail. He types over 50 per cent of his correspondence himself, because he often composes and types at the same time.

Throughout the day Mr. Cole may be seen walking in the halls in search of a particular student or teacher. He is in his office much of the time, available to consult him, his office door is often closed during the day so that there is privacy during the discussion.

In order that he can get to the bank before closing time, Mr. Cole leaves the school around 4:45 each day. Under his arm are sheafs of "homework" which

will occupy his evening at home. Other times he returns to his office to work into the late hours of night. Oh! yes, he publishes a weekly bulletin which has to be done on weekends.

After this sneak peek into the routine of our school principal you can see he has a day just as busy as yours. You may also keep in mind that almost anyone connected with school has a cramped schedule and "homework"... our principal is no exception!

SPORTS NEWS

Friday the 13th proved itself to be unlucky for Coach Crosley's cross-country squad. The Culver team couldn't keep up to the fast pace set by the Triton team. Culver gave up a defeat for its first home meet of the season with a final score of 22 to 37. Tom Yocom led the Culver pack by taking second place. We were glad to see spectators from the high school out to encourage the boys.

The 13th turned out to be not so unlucky for Mr. Zellers' junior high baseball team. Brian Lindvall pitched the Culver team to a 7 to 4 victory over the North Caston baseballers.

On Monday, Sept. 16, the Culver High baseball team travelled to LaPaz for a game. The Culver hats didn't seem to have their regular slugging power behind them that night. Although Sam Lowry held the opposition to 3 hits, Culver dropped its first defeat of the Fall season to LaPaz by a score of 1 to 0. This brings the team's record to five wins and only one loss.

On the following Tuesday, the cross-country team ran its third meet of the season at LaPaz. Culver was on the top end at the finish line with Tom Yocom and George Wright taking first and second places respectively. In the final count, Culver took honors with a score of 24 to 32. This brings the team's record to two wins and one loss.

Watch out for school children, especially if they're driving.

Forward, March!

By Molly Norris

There happens to be a person roaming about Culver who seems to be having great difficulties with the "law of association." No, it is not a new student... Yes, he is a new teacher, Mr. Fouts. All those names are a bit frustrating aren't they? Good luck.

Everyone seems to be music minded this year, for there are 97 in the choir, 25 boys, and 72 girls. That's a pretty good ratio, almost 3 to 1! Although we have only 47 senior band members, it looks as if we won't be hurting for recruits for there are 48 in the junior band and 40 in the sixth grade band.

Oh, yes! By the way, if you hear distant (?) drum beats, don't panic! It's only the senior band practicing marching maneuvers.

The date for the music festival with Argos has been set for April 24, and will be held at Argos.

Expect great things from Chevrolet again—for '64

Tomorrow...Jet-smooth Luxury '64 CHEVROLET

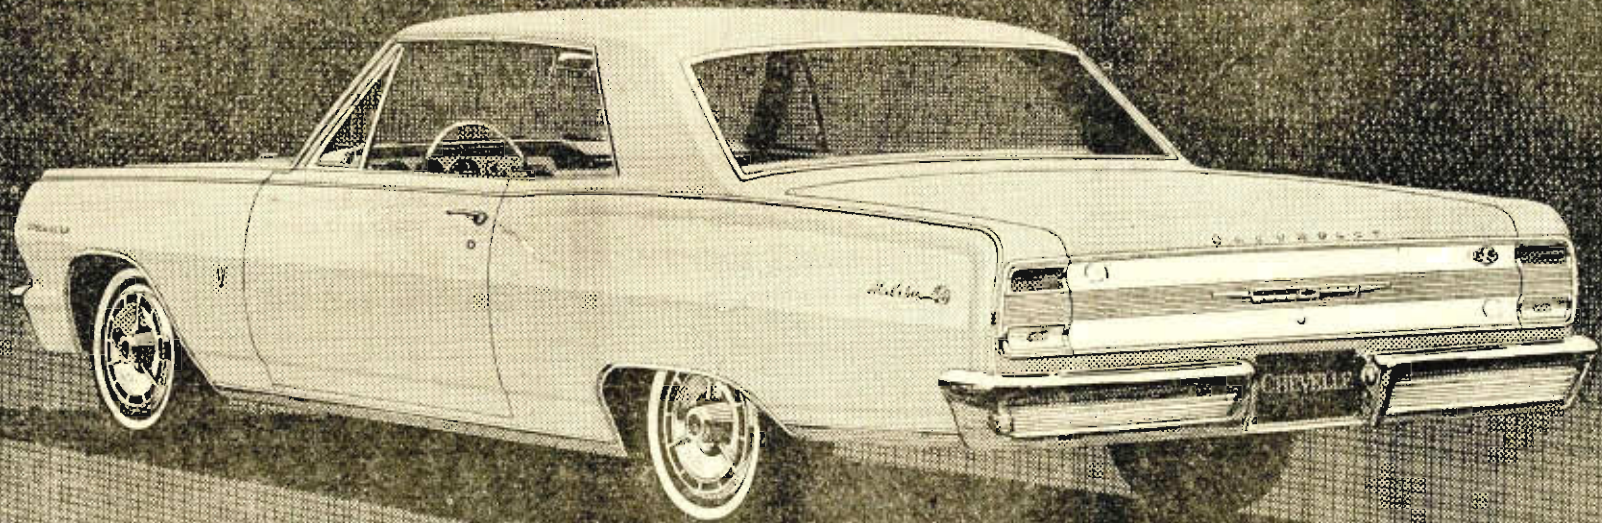

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious,

too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth

ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all

four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

Sunday School 10:30 a.m.
Morning Worship 10:30 a.m.
"Reality" will be the subject of the Bible Lesson this Sunday at First Church of Christ, Scientist, in Plymouth, Ind.
A prayer from Psalms (119:18) will be included in the Bible readings: "Open thou mine eyes, that I may behold wondrous things out of thy law."
These lines from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be read: "If the disciple is advancing spiritually, he is striving to enter in. He constantly turns away from material sense, and looks towards the imperishable things of Spirit" (p. 21).

Only from the carefree heart of a child could come such joy. Or could it? Is it necessary to lose childhood's happy laughter? Must we feel depressed and burdened with the yoke of adult cares?

Certainly not! The God-given gifts of joy and happiness are possessions we can and must retain throughout all our years. But how can we keep this wonderful spirit?

Here is a formula that is very simple: attend the church of your choice regularly. In God's house you will learn to accept life's burdens — and soon they will be ever so much lighter. His Peace will fill your heart. Here, in fellowship with others, you will receive the needed peace and understanding to reclaim and sustain the merry heart.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Student Council, Honor Society Plan Supper

By Lois Newcomb

The start of a new school year brings with it the renewal of the numerous school clubs. Membership in any of these organizations can offer the student many advantages. Leadership, knowledge of parliamentary procedure, development of talents, and social development are only a few benefits. Each club can offer each student something which is valuable to him.

The National Honor Society will hold its initiation the second week in October. There may be 19 students initiated at this time. Early in October the Honor Society and Student Council will sponsor a supper. The proceeds are to be used for the purchase of membership pins, honor sweaters, and all honor awards to be given at the Spring awards program.

The Tomahawk Staff is making plans for its sales drive. As it was last year, the cost of this year's Tomahawk will be four dollars.

Monday the Hi-Y held its first meeting of the year. Approximately 30 students attended. Membership slips were handed out as were the rules of the organization.

The Sunshine Society met Tuesday. Almost 100 girls were present. Later this year the Society will have a candy sale to acquire money for its hospital fund.

Friday a representative of each of the organizations will present a program introducing the activities of his club to the high school student body. The class presidents will explain the projects of their respective classes. Each new student will be introduced by his student sponsor at this time. It is hoped that this program will familiarize the new students with Culver High School.

Goldiewater and The Three Bears

Once upon a time there were three bears, Bobby Bear, Jacky Bear, and little Teddy Bear.

On day Jacky Bear made some porridge for luncheon, but the porridge was too hot.

"My ... uh ... porridge is too hot, Jacky," said Bobby Bear. "Mine is ... uh ... too hot also," chimed in Teddy.

Let's ... uh ... go for a hike then until our ... uh ... porridge ... uh ... cools," suggested Jacky.

So the three bears put on their hats and went for a hike in the woods.

That very same morning a little girl named Goldiewater had also been walking in the woods near the Bears' house. She had been walking all day and was getting very hungry. Suddenly, Goldiewater saw the Bears' little "white house." Since she was so hungry, she thought that she would knock and see if the people who lived there would give her something to eat. Nobody answered her knock. Usually Goldiewater was a very conservative little girl, but hunger promoted the liberal approach. She opened the door and went into the Bears' home.

Goldiewater saw the porridge cooling on the table. She tasted Bobby Bear's porridge; it was too hot. Then she ate some of Jacky Bear's porridge; it was too cold. Finally she tasted Teddy Bear's porridge, and it was just right! So she ate it all up!

Having eaten, Goldiewater decided to look around the Bears' little house. She went into the Blue Room, where she saw three rocking chairs. First she tried Bobby's chair, but it was too hard. Next she sat in Jacky's; it was too lived in. She sat down in Teddy Bear's chair, and broke it all to pieces!

By this time she was very tired and she went upstairs to find someplace to rest. In the bedroom she saw three beds. There was a big bed, a middle-sized one, and a little tiny one. She laid on Bobby's bed, but it was too hard. She tried Jacky's bed, but it was too soft. Then Goldiewater tried Teddy Bear's bed, and she fell sound asleep.

Soon the Bears returned from their hike. They went straight to the kitchen to eat their porridge. Bobby saw his porridge and said, "Someone has ... uh ... been eating ... uh ... my porridge."

"Someone has ... uh ... been eating my porridge," echoed Jacky.

"Someone has ... uh ... been eating my porridge and ... uh ...

they ate it all up," cried Teddy. Since dinner was ruined, the three Bears went into the Blue Room.

"Someone's been uh ... sitting in my chair," rumbled Bobby Bear.

"Let me say this about that," began Jacky.

"Someone's broken my chair!" exclaimed Teddy.

Now the Bears knew that somebody had been in their house. They went upstairs to see if anyone was still there.

"Someone's been sleeping in my bed," said Bobby.

"I'm ... uh ... sure Bobby that ... uh ... Teddy would tell you ... uh ... that somebody's been sleeping in ... uh ... my bed," said Jacky.

"Someone's been sleeping in my bed, and there she is!" said Teddy Bear.

The noise woke Goldiewater and she was so frightened on seeing the Bears that she jumped out of bed and ran all the way home.
