ON LAKE MAXINKUCKEE • INDIANA'S MOST BEAUTIFUL LAKE

70TH YEAR, NO. 8

CULVER, INDIANA, WEDNESDAY, FEBRUARY 19, 1964

TEN CENTS

## Near Record Walleye Caught Through Ice

O. C. Smith, R. R. 1, Argos, is shown with a 9 1/4 pound Walleye caught at Lake Maxinkuckee, on Monday morning, Feb. 10. Mr. Smith was ice fishing for Bluegill, using a Bluegill hook and spike bait when the large Walleye struck. Mr. Smith said it took about 25 minutes to land and pull the 28 1/4 inch fish through a six inch hole in the ice. It is believed the fish is a near record for Walleyes caught from Lake Maxinkuckee.

Several years ago, Walleyes were placed in Lake Maxinkuckee as part of a restocking program. Since then a few have been caught. It is not known if this specie of fish spawn in the lake and increase their numbers or the ones being caught are from the first stocking.

## Culver Lions Club Will Entertain The Cub Lions Feb. 26

The Culver Lions will entertain the Lion Cubs at the Lions Club meeting, Wednesday, Feb. 26, at the Lions Den. Dinner will be at 6:30 p.m.

Paul Snyder, Jr. will be in charge of the program. Ervin J. Lee of South Bend, Scout Master of Troop 420, St. Paul's Lutheran Church, will entertain the Cubs and their Lion parents with "Origami." This is the art of making living objects out of an ordinary square piece of paper. Mr. Lee's hobby originated from ancient Oriental art form. He has demonstrated his craft for the amusement of children in South Bend's summer park program which met with instant success with the youngsters.

Lion members are urged to bring their Lion Cubs. If you don't have a Cub, bring someone else's cub.

## HYDRANT FLUSHING

Verl McFeely, Water Superintendent, has set up the following schedule for the flushing of hydrants for 1964.

Hydrants will be flushed on the last Friday in each month for as long as the weather permits.

A tentative date of Feb. 28 has been set as the date for starting this schedule depending on weather conditions on that date.

tee; Peter Trone, jurisdictional member appointed for four years by Circuit Judge Sheneman; Robert Boswell; Ray Manis; and Harold Scott.

RUTH LENNEX, Town Clerk-Treasurer, resumed her duties Monday night. Harry D. Winkler, former Clerk-Treasurer, and Mrs. Winkler volunteered to carry on during her absence.

THIS AND THAT as Damon Runyan used to say — Bud Lyons has agreed to take junk autos out of sight on the West Side. . . . Marshall County high-flyers are avoiding Fulton County where Judge Rakestraw administers justice with no temper. McFeely was ordered by the Town Board to start flushing hydrants each last Friday of the month as soon as weather permits. Remember this date, housewives who launder!

Lots of news of our little world next week.

## Tri Kappa Card Party Provides Nursing Funds

## Three Scholarships Now Possible

Through the cooperation of the Culver community and The Culver Inn, the annual Tri Kappa Benefit Card Party held at The Culver Inn on Monday, Feb. 10, the Tri Kappa Sorority will be able to give nursing scholarships to three Culver High School graduates.

The lounge and dining room of The Inn were festively decorated in the red and white Valentine motif. Card tables were covered with white. On each table were Valentine score pads and tallies. The card table centerpiece of lovely potted red geraniums were given as table prizes.

In the center of the dining room an oval table, covered with a gold metallic cloth, sprinkled with small flower-like shaped hearts, was centered with a beautiful white urn, filled with lovely red roses. A suspended large white heart hovered over this unusual Valentine centerpiece. James Kurz of The Culver Inn was responsible for this most attractive arrangement.

The display table containing a large assortment of delicious baked goods was centered with a large planting of red tulips and either end was flanked with potted red geraniums in a very effective arrangement.

The coffee and tea tables were decorated in a similar motif. Red candles and floral arrangements repeated the Valentine color and theme throughout other settings in The Inn.

Receipts from this annual party provide funds for the three years a girl is trained in nursing. Already one Culver graduate is receiving her second year scholarship; another is receiving her first year of training.

Mrs. Robert Bolton, general chairman of the party, wishes to thank the community for its generous response and The Culver Inn for providing its facilities and the coffee. Thanks are also extended to James Kurz, mana-

ger of The Inn, for his work and cooperation.

## Driverless Vehicle Causes Damage

The insurance company said they had never heard of it before, but nevertheless, it did happen in Culver last Monday.

Don Stubbs, driving an International Scout pick-up, had parked the vehicle on the drive at Ken's Marathon Service Station and had gone inside to use the phone. The engine had been turned off, but left in gear. Suddenly the engine started and off went the pick-up, up the street. It crossed Jefferson, started north up the sidewalk, side-swiped Lance Overmyer's Corvair, and came to a stand still in front of the large plate glass window at Greter's Grocery. Damage to the Overmyer car has been estimated at approximately \$100. The sill under the plate glass window of Greter's, was damaged, but the glass remained intact.

The cause of the freak accident was a short in the starting ignition. When the ignition shorted, the starter worked, starting the motor.

While the accident has its amusing side, it could have been serious. It was fortunate that no one was coming out of the stores on the sidewalk at the time the vehicle passed. That could have been very serious. It was lucky the damages were as light as they were.

## Lincoln Banquet Thursday Night At Plymouth

Ed Whitecomb, Republican candidate for U. S. Senator will address Marshall County Republicans at the Marshall County Annual Lincoln Day Dinner, to be held tomorrow night, Thursday, Feb. 20, at Plymouth. The dinner is at 6:30 p.m. in the St. Michael's Auditorium.

Tickets are \$2.00 each and can be purchased from Norman Kelly, Homer Kempie, Donald Osborn, Lawrence Lindvall, Emil Krull or Roy Price. Special entertainment will also be provided for the guests.

Watch out for school children, especially if they're driving.

## Schedule Of Tourney Ticket Sales Listed

Sectional tourney basketball tickets will only be available for the day on which Culver is drawn to play and the tickets will be for all sessions that day — not for any single session. Prices will be as follows: all day Wednesday 75¢; all day Thursday 75¢; all day Saturday \$1.00.

Culver High School students will be let out of school for tourney purposes ONLY should the Culver team be drawn in such a manner that would involve them in an afternoon game.

Tickets will be available first to parents of basketball players, actual members of the pep block, and members of the faculty who have worked season games. These sales will be from 8 a.m. through 4:30 p.m. on Friday, Feb. 21.

All season ticket holders may buy one tourney ticket for each season ticket presented on Monday, Feb. 24, from 8 a.m. through 4:30 p.m. (Purchasers must be the holders of season tickets — season tickets will be marked at the time of the sale of a tourney ticket.)

All non-season ticket holders may purchase any tickets that are left from 8 a.m. through 3 p.m. on Tuesday, Feb. 25.

Times and places for sales of future tickets will be announced after Culver wins each game.

## Chief Don Mikesell Warns Against Use Of B-B Guns In Town

Chief of Police Don Mikesell has been receiving complaints from irate residents in regard to the firing of B-B guns within the city limits of Culver. Several residences windows have been damaged in the city and three plate glass windows in the business section have been damaged.

According to Chief Mikesell it is against the law to shoot B-B guns within the city limits. Firing them at windows, damaging them and breaking the glass is classed as property destruction and also against the law.

Chief Mikesell has issued a stern warning that anyone caught doing so will be prosecuted to the maximum of the law. Two charges can be placed against the culprit or culprits, plus the confiscation of the guns. Anyone seeing or knowing who the persons are, are asked to cooperate with the police department.

## Firemen Called To O. Zehner Home

The Culver Fire Department was called to the Oscar Zehner farm home on South Pine Road, south east of Culver, Saturday afternoon, Feb. 15, at 12:45 p.m. Their timely arrival no doubt averted an oil stove explosion. The oil stove had sooted up so the fire could not get enough air to burn properly, causing it to produce large volumes of black smoke. A neighbor seeing the smoke come from the windows and doors of the home, called the Fire Department. Firemen turned the oil off and corrected the air flow so the stove would burn properly. No damage was done.

The second blowing of the fire whistle was not for another fire, but testing of the whistle. New relays had been connected to the electronic system, replacing those not working properly. To test their operation, the whistle was blown.

Signs of all kinds on sale at The Citizen. Only 25 cents.

## ... It Must Be THE LAKE WATER

By Bob Kyle

BECAUSE MONDAY night's meeting of the Culver Town Trustees was so important to the future of this community, Lake Water will devote most of the column to what happened.

The Maxinkuckee Women's Club, eight members present, spokesman Mrs. Kenneth Martin, offered to use its funds to install new equipment in the Town Park, paint old equipment in attractive colors. They also wished that the bicycle racks that they bought for the schools be transported to the Town Park during the summer months. They pointed out that this was done only one year and then neglected.

The Harry Edgington-Dillon real estate development came up for discussion. The drainage problem is considerable and contours and surface drainage maps were brought out. It was the feeling of the board that they would do everything possible but they could not, with their limited funds, finance any further development.

THERE WAS an overdue drainage discussion centered around the storm sewer situation in Culver.

Wilfred Craft, board member, made a motion that a competent engineer be hired to study our drainage problems and submit a report to the trustees. This was seconded by Board Member Tone Shaw.

The matter of the bad condition of the alley running north and south behind School street was brought up and it was decided that Street Commissioner Mikesell and members of the board review the situation.

In the drainage discussion it was humorously brought out by former Clerk-Treasurer Harry D. Winkler, when the water pumps failed several years ago, that at least 25 persons called and said that they would be in the next day and pay their delinquent bills.

FEBRUARY 11 was the most momentous day in the 173 years history of Indiana as a state. That day the Indiana Supreme court ruled that Senate Bill 160 authored by Senator Roy Conrad of Monticello, was the reapportionment law.

After 43 years of violating the state constitution and not reapportioning the state as to its legislative representatives this is now being done. Its provisions are especially interesting to Marshall County citizens.

Senator Marshall F. Kizer of Plymouth, representing St. Joseph and Marshall counties, will have to run as a candidate from Marshall and Kosciusko counties. This combination of counties sometimes goes 2 to 1 Republican and Democrat Kizer is in for some tough sledding. Furthermore, this realignment is believed by political observers to hamper Senator Kizer as a candidate for Governor at the June convention.

Our state representative, Dr. Otis R. Bowen, of Bremen, Republican, however, should fare better. Instead of representing Marshall County alone he will now run in the May primary from Fulton county also. He is a native of Fulton county and his father is Verne Bowen of Leiter's Ford, former Aubbeenaubee Township trustee.

THE NEW CULVER Planning Commission are John Bays, Robert Berger (jurisdictional member appointed for 4 years); Harold Fitterling; W. C. Craft, member Town Trustees; Don Mikesell, Town Marshall and Street Commissioner; Edgar (Tone) Shaw, member Town Trustees, Robert Boswell, Virginia Bair and Ray Manis.

The Board of Zoning Appeals are Robert Osborn, a hold-over; Don Osborn, former Town Trust-

# Milford H. Myhre Writes Carillon Dedication Music

MILFORD H. MYHRE

A member of the Culver Military Academy music department has written a composition for carillon to be played at the dedication of the "Gloria in Excelsis" Tower of the Washington (D.C.) Cathedral on May 7.

Milford H. Myhre, Academy organist, carillonneur and associate instructor of music, was commissioned to write the music by Ronald Barnes, newly-appointed carillonneur of the Cathedral, who will play it as part of the dedicatory program in May. Myhre and Barnes are friends and associates in the Guild of Carillonneurs in America, which Barnes serves as president. Myhre is secretary.

As one of a number of works Myhre has written for carillon, the new composition is entitled "Fantasy on King's Weston." The five-minute piece is based on the Episcopal hymn tune "King's Weston," written by well known composer Ralph Vaughan Williams. Myhre has transcribed and edited for carillon original manuscripts dating back to the eleventh century, and he has used these compositions in a series of

concerts in the U.S. and abroad since joining the Culver faculty in 1957.

The 53-bell Washington Cathedral carillon, built at a cost of \$250,000 and dedicated last September, is considered to be the best among 115 carillons in North America. Barnes, who has given several recitals on the Culver Military Academy carillon, was appointed as Cathedral carillonneur last year after 12 years in a similar position at the University of Kansas.

Myhre is a University of Nebraska graduate who studied under Barnes as an undergraduate. He has a master's degree from the University of Michigan, and he has done additional study in this country and abroad on both the organ and carillon.

## Culver Cub Scouts To Celebrate Cub Scout Birthday

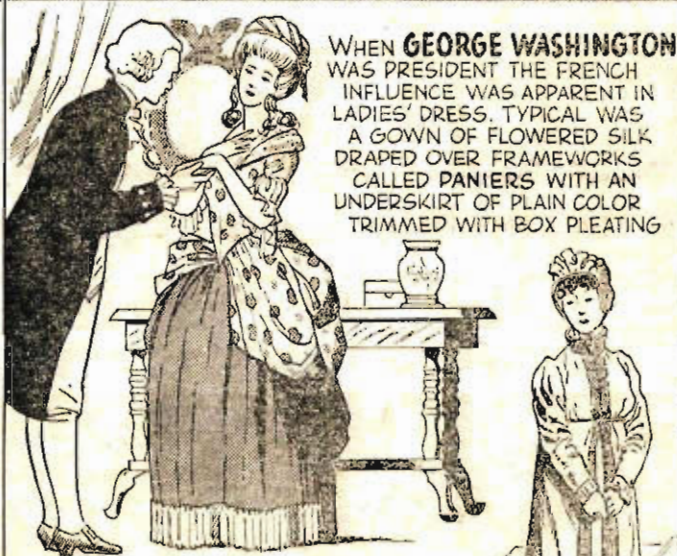

Culver Cub Scouts will celebrate the Cub Scout Birthday, Tuesday, Feb. 25, with a Blue and Gold Banquet, held at the Fellowship Hall of the Culver Methodist Church. The banquet will be held at 6:30 p.m. Special notice to all Cub Scouts, parents and committee members to help in this celebration. The banquet will be contributed and carried in by the Cub Scout parents.

Following the dinner awards will be presented to Cub Scouts who have earned them. There also will be a Bobcat Ceremony. The program will include a special show put on by the Explorer Post from Argos.

Mark the date: Tuesday, Feb. 25, at 6:30 p.m. in the Fellowship hall of the Methodist Church.

**DISTANT MARKETS** — Many truck parts, engines and trailers are manufactured here in Indiana, especially in Columbus, Ft. Wayne and South Bend and many finally end up in distant lands all over the world. The Department of Commerce reports that in 1962 this country exported 100,745 trucks to 127 foreign countries with Mexico leading the way with 20,334.

## Services Today For Carrie Hoff, Former Resident

Mrs. Carrie E. Hoff, age 73, of Mountain View, Mo., and former Culver resident, was killed in an automobile accident Sunday, Feb. 16, at Mountain View when the car in which she was riding with her daughter-in-law and grandchildren went out of control and overturned, killing her instantly and injuring the other members of the family.

Mrs. Hoff, the daughter of the late George W. and Emma Davis, was born in Union Township southwest of Culver on July 23, 1880, and spent her girlhood in Culver.

In April, 1913, she was married to LeRoy C. Hoff of Kewanna who preceded her in death on May 23, 1963. They resided in Chesterton where she taught school until about 15 years ago when they moved to Mountain View.

She was a graduate of Culver High School and the University of Missouri at Springfield. She also taught for several years in Missouri.

Her twin brother, Harry E. Davis, died at birth.

Surviving are two sons, Dale, of Evansville and George of Mountain View; 11 grandchildren; a sister, Mrs. Eva Heiser of Culver; and two brothers, Rev. Harley Davis, Hot Springs, Ark., and Floyd E. Davis of Gary.

Funeral services are being held today, Wednesday, Feb. 19, at Mountain View with burial there.

Mrs. Heiser left Monday for Mountain View to attend her sister's funeral.

## FARM BUREAU PLANS INTERESTING MEETING FOR SATURDAY, FEB. 22

## W.S.C.S. Meeting Held At Methodist Church

The Culver Methodist Woman's Society of Christian Service held its February meeting in Fellowship Hall on Thursday, Feb. 13.

As one of its money-raising projects, the Ways and Means Committee had brought miniature "penny aprons" for the Society members. In each tiny apron pocket was a note with instructions for filling the pocket. "The length plus the width of your largest room; a penny for each foot is what you will assume," was the message in one pocket. The apron table was a delightful center of interest before and after the meeting.

Mrs. A. E. Adams, president, led the group in repeating the "Purpose" of the Society to open the meeting.

Mrs. C. C. Clarno reported on a February "World Outlook" article about Esther Hall, a Methodist - sponsored residence for working girls and school girls in Des Moines, Iowa.

Mrs. Robert Osborn reported that the Plymouth Hospital needs tray table favors. The Society decided to have a work meeting in the Youth Room on Tuesday, March 3, from 9:30 to 11:00 a.m. to make these favors. A nursery will be provided for children.

Mrs. Donald Troyer, Mrs. Goldie Bayless, and Mrs. Frank Setzler were welcomed as new members.

It was announced that members of the Mt. Hope Woman's Society will be guests of the local Society at the March 12 meeting.

For devotions, Mrs. Ted Strang read an interesting story, "Mustapha Finds His Neighbors," from the World Day of Prayer Children's Service. It was based on the Good Samaritan theme. Mrs. Strang concluded the devotions by playing a record of Mahalia Jackson singing "The Lord's Prayer."

For the program, Mrs. J. Dick Newman, Secretary of Youth Work, discussed the organization, opportunities, and problems of youth work in the local church. She emphasized the need to provide worship materials which would help young people keep growing religiously.

The meeting was closed with the Mizpah Benediction, after which the group enjoyed refreshments served by Mrs. C. E. Bair and the members of her hostess committee. Mrs. J. C. Spencer and Mrs. Bill Allen served at the tea table graced with a lovely centerpiece of pink and white carnations and snapdragons.

## NEW EDITION OF LAKE CONTOUR MAP IS OUT

**Mrs. Frank Bryant Entertains Tri Kappas**  
 The regular monthly meeting of the Epsilon Nu Chapter of Tri Kappa was held Monday evening, Feb. 17, at the home of Mrs. Frank Bryant on Academy Road. Mrs. Kenneth K. Kraning, substituting in the absence of Mrs. Robert Bolton who is recovering from surgery at Parkview Hospital in Plymouth, was very pleased to report that the Benefit Card Party held at The Culver Inn on Monday, Feb. 10, proceeds going into Tri Kappa's Nursing Scholarship Fund, was a financial success.

Again, Tri Kappa wishes to thank the Culver Community and The Culver Inn for making all this possible.

Delicious cherry dessert and coffee were served preceding the business meeting. The table decor, as well as the delicious decorated dessert, was in the patriotic George Washington tradition. The refreshment table was covered with a beautiful linen cloth of cutwork and embroidery design. Being a collector of fine and rare antique glassware, Mrs. Bryant used several of her beautiful blue antique glass bottles, in various shapes and design, to make this table setting most unusual. Likewise, antique glass candelabra was used and complemented this effective table arrangement.

Mrs. J. Dick Newman and Mrs. John W. Henderson were assisting hostesses.

**S-S-S Home Demonstration Club Meets With Mrs. R. Dehne**  
 The Golden Key Home Demonstration Club met Tuesday evening at the home of Mrs. Richard Dehne.

Eleven members answered roll call with, "What Love Means To Me." Mrs. James McKinney gave the devotion and Mrs. Irvin Overmyer read the history of the song of the month, "Aunt Dinah's Quilting Party," and accompanied at the piano in the singing of the song. The birthday song was also sung to Mrs. Ray Cox.

The lesson, "Leadership," was given by Mrs. Irvin Overmyer who instructed the group in some very interesting contests in keeping with the lesson.

The members would like to convey their wishes to Mrs. Ronald Garber for a speedy recovery of her little girl who is in the hospital.

Refreshments were served to members and four guests, Mrs. Richard Woodward, Mrs. Ray Cox, Mrs. Ronnie Dopel, and Mrs. Robert Baker, by the hostess, Mrs. Richard Dehne, and co-hostess, Mrs. Lyman Craft.

The door prize was won by Mrs. Cox.

**S-S-S Edward Mahler Marks Third Birthday**

Mr. and Mrs. Larry Mahler entertained in their home Tuesday evening, Feb. 18, for their son, Edward, in observance of his third birthday. Guests included the paternal grandparents, Mr. and Mrs. Ernest Mahler, and family, all of Leifers Ford; the maternal grandparents, Mr. and Mrs. Charles Baker, and family, of Culver; and Mr. and Mrs. Riley Shirley, also of Culver.

The evening was spent socially and birthday cake and home-made ice cream were served.

### Women's Guild Holds February Meeting

The regular monthly meeting of the Women's Guild of Culver's Grace United Church met Thursday, Feb. 13, in the social rooms of the church with 29 members and a guest in attendance.

Three members, Mrs. E. P. Blanchard, Mrs. Cleve Crabb, and Mrs. Austin Romig, were reported ill.

It was recommended that the election of officers be set ahead, so a nominating committee of Mrs. Alvin Hartz, Mrs. Bruce Ogden, and Mrs. E. W. Lewis was elected. Elections are scheduled for the next monthly meeting.

Mrs. Delbert Jordan asked that old Christmas cards be brought to the next meeting so that they might be sent to the Valloire Mission in India.

Mrs. Robert Zechiel gave reports on three new books on the prescribed reading course.

The program committee was under the chairmanship of Mrs. Emil Lewis, assisted by Mrs. Cloyde Miller, Mrs. Helen Keller, Mrs. Josephine Zimmerman, Mrs. Roger Thews, and Mrs. Earl Cutler.

Delicious Valentine refreshments were served to conclude this interesting evening.

**S-S-S Open House Honors Mrs. Anna Reasoner On Her 80th Birthday**

An open house Friday at the home of Mr. and Mrs. Raymond Lowry in Hibbard honored the 80th birthday of their cousin, Mrs. Anna Reasoner.

Approximately 42 guests from Knox, Kouts, Hammond, Burr Oak, Hibbard and Culver attended the open house and Mrs. Reasoner received many lovely flowers and gifts.

Mrs. Lowry was assisted by Mrs. Wilfred Craft.

**S-S-S Entertain At Culver Inn With Valentine Coffee**

Mrs. Robert A. Bauman, Mrs. Robert B. D. Hartman, Mrs. Channing Mitzell, and Mrs. Robert A. Reichley entertained with a delightful Valentine Coffee last Thursday, Feb. 13, from 9:30 to 11:30 a.m. at The Culver Inn.

Coffee was served from a table beautifully decorated in the Valentine motif. An attractive arrangement of fresh red geraniums were used most effectively as a centerpiece.

Heart-shaped pastries and iced fruit were served from a two-tiered table. Clusters of red hearts were interspersed with small glittering white lights and made a most unusual and lovely table decor.

Floral arrangements repeated the Valentine color and theme throughout The Inn.

THESE MEMBERS OF BOY SCOUT TROOP 290 recently received recognition at the Court of Honor held at the Methodist Church; William Napier received the Tenderfoot rank, David Campbell received the Second Class rank, Gregory Easterday received Life rank, Carl Strang received First Class, David Hoesel received Second Class, and Steven McKee received Tenderfoot.

On Wednesday, Feb. 12, Culver Boy Scout Troop 290 joined in the national celebration of the 54th anniversary of Boy Scouting in America by holding a Court of Honor and potluck supper at the Culver Methodist Church.

About 90 Scouts, parents, Scout leaders, and guests attended. Representatives of Menominee District, B.S.A., who attended were Richard Brown, district Scout executive, and Dr. William Conger, district commissioner.

During the Court of Honor, six Boy Scouts received promotions to higher rank. Those receiving the Tenderfoot award were William Napier and Stephen McKee. Promotions to Second Class were made to David Campbell and David Hoesel. Carl Strang received his First Class rank, and Gregory Easterday became a Life Scout.

In additional awards, 11 boys were presented a total of 18 merit badges. Also, Gregory Easterday received a two-year service star and a two-year perfect attendance pin. Thomas Osborn received a one-year service star. Mile Swim awards went to Richard Brown, David Hoesel, and David White. Red Cross First Aid Certificates were presented to Edward Behnke, Thomas Osborn, David Hoesel, Timothy Frain, Gregory Easterday, Richard Brown, and Carl Strang.

Dr. Conger presented a "Prepared" certificate to Troop 290 honoring the Troop for preparedness in physical fitness and emergency mobilization.

Scoutmaster Carl F. Foust presented several patrol awards. In recognition of points earned in competition at the recent Klondike Derby in Plymouth, the Beaver Patrol won a blue ribbon, the Panthers won a red ribbon, and the Flaming Arrows won a yellow ribbon. For placing third in the district First Aid Meet held in Plymouth, the following Scouts won a red ribbon: Gregory Easterday, Carl Strang, Steven Snyder, Gregory Anderson, Edward Behnke, and Dennis Emigh. The Panther Patrol won the award for "Honor Patrol of the Year," having won monthly patrol competitions seven times during the year and thus compiling the best record.

Scout Executive Brown concluded the evening's activities by showing slides of Camp Tamarack. He strongly encouraged Scouts to start now making their plans to attend Scout Camp next summer.

## Offices Remodeled At Marshall County Lumber

The Marshall County Lumber Company has recently finished an extensive remodeling operation of their display area, main office area and the private office of George Babcock, manager of the firm.

The private office of Mr. Babcock has been paneled with Masonite wood paneling in pecan finish. This style paneling has also been extended to parts of the general office area. Also wall shelves have been erected in the general office. On the outside wall of the private office which is in the general display area, new wall display panels have been erected.

In the center of the display area a large display island has been placed. The top part is of pegboard, which will be used to display merchandise. The base of the island forms a cabinet with counter space just under the pegboard display panel. The counter is equipped with shelves for storage and the area is closed off by doors which allow easy access to the storage area. Part of the wall on the right side of the display area has been re-arranged for wall displays.

Mr. Babcock states that plans are for a complete remodeling of the entire display and office area, but due to the firm's busy season coming up in the next few weeks, this phase of the remodeling may have to wait until a future date.

## Win Superior Ratings At State Music Contest

Two Culver residents attending Culver Military Academy have brought back four gold medals from the recent Indiana State Music Contest at Butler University, Indianapolis.

They are Thomas Y. Miracle, son of James Y. Miracle, 448 State St., and Charles M. Benner, son of Mr. and Mrs. Myron E. Benner, North Shore Drive. The fathers of both boys are instructors at the Academy.

Young Miracle won a gold medal for his vocal solo and he was part of the singing group known as the Blue Notes, which also won a superior rating. Benner, a trombonist, won superior ratings for his participation with a brass quintet and for his solo work.

The two boys contributed to a total of 28 gold medals won by Academy musicians in the instrumental and vocal solo and ensemble competition. Edward T. Payson, chairman of the Academy's department of music and arts, said he believes the Academy's performance could represent a record high among participating schools in the state. The Academy entered in state competition 20 musicians who won highest ratings in the sectional contest at Plymouth recently. In addition to the 28 gold medals, two others won silver medals, thereby achieving a percentage score of 96.6.

Three Culver students won three medals each and four others won two gold medals each for their superior performances.

INSPIRED WORDS — The editor of The North Vernon Sun, Richard Mayer, Jr., says he's been asked what are the most beautiful and eloquent words ever spoken about winter. He suggests they are: "Give me a ticket to Florida, please, on the first train, plane or bus out."

Michael Shireman, 18, 330 Nursery St., Plymouth, appeared before Marshall County Circuit Court Judge Roy Sheneman, Monday, Feb. 17, and entered a change of plea to a charge of entering to commit a felony.

Shireman is charged with allegedly breaking and entering the Culver Clothiers on Oct. 12, 1963 and had entered a plea of not guilty to the charge. Monday he changed his plea to guilty and Judge Sheneman ordered a presentence investigation. Marshall County Prosecutor E. N. Chipman represented the state during the trial.

MUNICH, GERMANY — Army Specialist Four James P. Sperry, 20, son of Mr. and Mrs. James Sperry, 454 S. Ohio St., Culver, and other members of the 556th Ordnance Company participated in VII Corps Exercise FROSTY LION in Germany. The week-long field training maneuver ended Jan. 30.

During the maneuver, the 556th Ordnance Company provided support for combat infantry and armor units operating under simulated battle conditions.

Specialist Sperry entered the Army in August 1961 and arrived overseas in February 1962.

He attended Culver High School.

## Two Cadets To Be Interviewed For Morehead Award

William Moore Gleason, son of Mr. and Mrs. Ronald J. Gleason, 121 N. Terrace, Culver, and Thomas Edward Carpenter, son of Mr. and Mrs. Frank G. Carpenter, Waynesville, Ohio, have been selected by the faculty committee of the Culver Military Academy to be considered for Morehead Awards to the University of North Carolina. It was announced today by Roy Armstrong, executive secretary of the John Motley Morehead Foundation at Chapel Hill, N.C.

Gleason and Carpenter are seniors at Culver Military Academy, one of 16 private schools on the foundation's list of schools eligible to make nominations for the awards.

Each of the 16 schools may choose two candidates who will be interviewed by the foundation's Central Selection Committee for all-expense-paid four-year undergraduate study at the University of North Carolina.

The foundation's Central Selection Committee interviews will be held in Chapel Hill February 29-March 3. Those chosen as award candidates by the Central Committee will then be finally interviewed by the Board of Trustees of the Morehead Foundation, March 2-3. The award winners will be announced on television in the state on the afternoon of March 3.

While the nominees are in Chapel Hill for interviews, they are guests of the Morehead Foundation.

Preparatory schools participating in the Morehead Awards Program are The Asheville School, Asheville, N.C.; The Baylor School, Chattanooga, Tenn.; The Choate School, Wallingford, Conn.; Christ School, Arden, N.C.; Culver Military Academy, Culver, Ind.; Deerfield Academy, Deerfield, Mass.; The Episcopal High School, Alexandria, Va.; Groton School, Groton, Mass.

Also, The McCallie School, Chattanooga, Tenn.; Phillips Academy, Andover, Mass.; Phillips Exeter Academy, Exeter, N.H.; St. Albans School, Washington, D.C.; The Taft School, Watertown, Conn.; Virginia Episcopal School, Lynchburg, Va.; Westminster Schools, Atlanta, Ga.; and Woodberry Forest School, Woodberry Forest, Va.

The Morehead awards are considered among the best in the nation. The award program of the Morehead Foundation began in 1951. The foundation was established by John Motley More-

head, native North Carolinian, who makes his home in Rye, N.Y. Morehead is associated with the Union Carbon and Carbide Corporation. He is a member of the UNC class of 1891.

The 93-year old Morehead has given more than \$17 million in support of UNC programs and capital improvements, the largest being the Morehead Foundation.

A total of 418 Morehead Awards to the University of North Carolina have been made since 1951. During the current year, 151 scholars are in residence at the University and five are on leave.

John A. Cleveland, Mrs. Chester W. Cleveland, and W. L. Thompson.

### Eastern Star Conducts Initiation Ceremony For Earl C. Overmyer

Stated meeting of the Emily Jane Chapter of the Order of Eastern Star was held Tuesday evening in the Masonic Hall.

Chapter room decorations included a basket of pansies on the secretary's desk; a basket of red roses on the piano; and a bowl of fruit in the West.

Mrs. Donald Parson, worthy matron, opened the chapter, conducted the business, and then invited Donald Parson, worthy patron, to preside over the initiation of Earl C. Overmyer into the chapter.

During the star point section of the initiation ceremonies appropriate music was supplied by Mrs. Jack Spencer accompanied by Mrs. Cleo Ringle.

After the new member had signed the By-Laws of the chapter he was greeted by the worthy matron and given a hearty welcome.

Chapter was closed by the worthy matron with a poem, "The Robin and The Sparrow," follow-

ing which refreshments were served in the social rooms from a table decorated with silhouettes of George Washington and miniature flags.

The refreshment committee included Mrs. Della May and Mr. and Mrs. Arthur Hatten.

### PRUNE FRUIT TREES NOW

Prune fruit trees now, before buds start to grow, Purdue University horticulturists recommend.

It will be easier on the tree, easier to see branch construction when there are no leaves, and easier to do a better job. In addition, there is more time now — before lawn and garden work come into full force. It is an important operation to take care of and will increase yield of quality fruits, the horticulturists say.

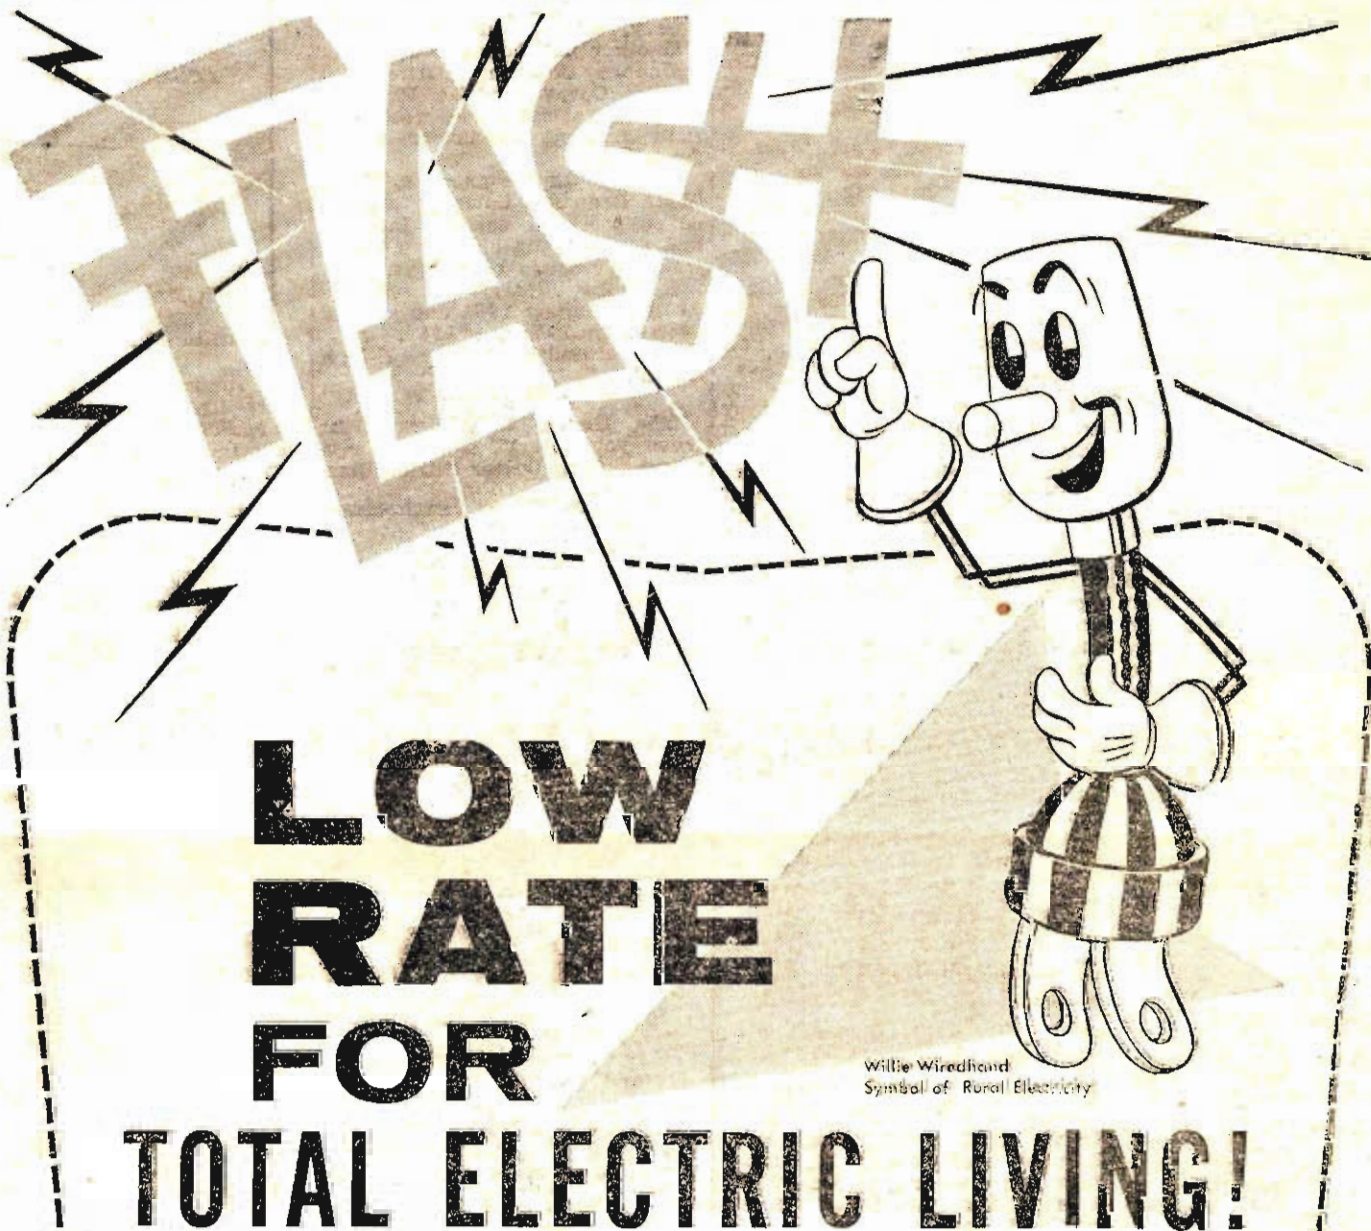

Prune young fruit trees by selecting a leader or central stem, and removing branches that make a narrow angle with it. Branches that make a narrow angle are weak and likely to

break in storms or when heavily loaded with fruit.

Next, select and retain the best remaining branches. You'll want branches to come out on different sides of the main trunk so they won't shade each other. Each of these branches should be spaced eight to 12 inches apart, say the horticulturists.

Also, trim broken branches, repair scars in the bark and remove rubbing and interfering branches on all fruit trees. The general rule with old fruit trees is to thin out the branches.

**BIG SHARE** — Last year, Indiana's automobile and truck operators paid \$66,875,050.63 into the state's motor vehicle highway account for street and highway use in the 92 counties and 539 incorporated cities and towns. The Bureau of Public Roads reports Indiana's trucking industry is responsible for 36.2 per cent of this highway improvement fund, or \$24,208,768.36 statewide, yet trucks make up only 16.9 per cent of the state vehicle registrations.

## GRADE SCHOOL NEWS

By Patty Ogden and Molly Norris

Grade 1, Mrs. Ruth Barton: We have been taking "Our Little White House" test. Mike Guise had a birthday Tuesday, Feb. 11. We are looking forward to Valentine's Day. We made sacks to hold our valentines.

Grade 1, Mrs. Keyser: Sandra Nicodemus treated us to cupcakes and candy on her birthday Friday, Feb. 7. Abraham Lincoln's life is our main interest now. Jeff Heiser brought a replica of the log cabin Lincoln was born in. We decorated our Valentine bags and they are already overflowing with bright and pretty valentines. Tina Anderson had her tonsils removed Monday. We are all thinking about her and hope she is doing fine.

Grade 2, Mrs. Allen: Betty Dollaham had a birthday on Monday, Feb. 10. We made valentine sacks for each child. The Valentine party was held Friday afternoon. Laura Marley has returned to school after having her tonsils removed.

Grade 3, Mrs. Mishler: Everyone is enthusiastic about Valentine's Day. In our room, we have made Valentine butterflies and hearts of all shapes and sizes. Also, we have been talking about the other special days in February. Instead of a box decorated for the room, each child is making his own Valentine envelope. On Friday, a party will be given by children bringing the refreshments. To encourage reading library books, a "Book Worm" was started around the room. Everytime a book is read, the child gets to add a hump to the worm. It now extends across one wall and is starting on the next side. We all enjoy watching it grow. The children are learning the fundamentals of letter writing. We are going to get a chance to practice what we've learned because, one of the boys in the room, Eddie Heise, moved to Illinois. He is going to write to the class and everyone is anxiously awaiting his letter. Then we will put into practice what we've learned by answering.

## ART & MUSIC NEWS

By Vicky Lyons

This week one of the high school art classes is starting portraits of historical figures in charcoal.

The median will include charcoal paper and charcoal pencils, used for the first time this year. The students will transfer the image by using the block method, outlining their papers in two-inch squares and transferring from smaller squares the image selected.

The seventh and eighth grade classes are beginning perspective which is leading into a group of building in their proper perspective.

In the music department the senior band has been working up a new show for the Montone game Friday, Feb. 21. They are also practicing on music for the Music Festival at Argos in the spring.

The junior band marched at the Winamac ballgame. The program was entitled "Dr. Crazy."

ENRICHED — The Danville Gazette's columnist, Bob Percy, says he's informed each loaf of bread contains 151 hidden taxes. "All this and calories too," says Percy.

## Roving Reporter

By Dick Mackey and Linda Thurin

"Yea, rah, Indians!" Since our basketball team has won so many games this year, we decided to ask the fans how they felt about the season.

Jon Van Horn: I think it's great, except for the two recent games. We were rooked out of them.

Eva Norris: It's great!!

Kay Thomas: The team has been magnificent this year — especially the JUNIORS!

Jeanne Adams: It's great. I couldn't ask for much more, except maybe winning the sectional, regional, semi-state, and State!!!

Peggy Herr: No gripes from my way!

Cathy Carrothers: I think the boys have done a great job!

Jane Ives: The guys did just wonderful — I'm proud of all of 'em!!

Paul Liette: So we lost four games, the best of teams do. Not all teams are going to win the sectional like we are going to do.

Suzy Spencer: I think that we've had a great season, and the recent losses show that even when losing, the school spirit was there backing them up.

Jim Weirick: A loss in time saves the rest of the season. Doesn't taste good does it boys? Let's take the Sectional now. (Regional too.)

Martha McAllister: I think the team is great — but I think the fans need to realize they're not giving enough support! Also, just because other schools practice bad sportsmanship is no reason for us to do likewise.

Bey Barshes: Great beyond words!

Patty Overmyer: The team this year is the best we've had in a long time. With a team like ours we're bound to win the Sectional!

Brenda McAllister: It's been a great season. Keep it up!!!

Rosie Wieringa: I think we're doing great. We have a great team. We're going to go a long way in the sectional.

Wanda Warren: It's great — I just hope we win our last two and the sectional.

Dick Knoerzer: I sure would like to go to the Regional.

Kathy Easterday: I think it has been GREAT!!

Valerie Gunder: It's evident that the team is doing their part, but the pep block sure has dipped. I get the feeling that the pep block doesn't care whether we win or not.

Louise Darosci: I think the guys are doing great and deserve nothing less than a trophy or whatever you get for winning the State. "Go get 'em, you guys, Go Get 'em!!!"

Sue Cole: I believe that the whole school should be proud of the team — both teams. It has been said that in order to make good in a contest, one must make mistakes while practicing just before. We make our errors, and now is the time for us to sweep the board of all honors. I feel a sectional victory coming on — and who knows what after that?

Joan Dillon: Great! I think it's about time our guys get something to show for their work.

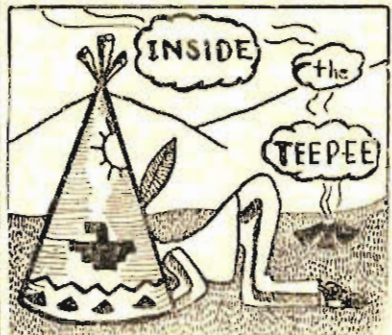

Cheryl Harmon: The boys are great this year. Every game we win means we get to add another feather to our war bonnet — so keep the good work up.

Gloria Large: Our team sure

has improved since last year!

Betty McFarland: I think this season has been great. Let's keep up the good work and go to the regional.

Jim Boswell: So far the season has been fine; however the sectional is what counts, and anything can happen in the sectional.

Hi everybody! Well, we know how dull it is in the ol' Wigwam during the middle of the week, so we are here to cheer you up. We would like to begin by telling you a little joke.

At the time of the atomic bomb test in New Mexico, an Indian was smoke-signaling a love message to his girlfriend. Suddenly a mushroom cloud covered the sky with smoke. The Indian stared in amazement, then muttered enviously, "Gee, I wish I'd said that."

Well, laugh stupid! It's supposed to be funny!

One hundred more days 'til graduation! Oh brother, does that seem like eternity! But, cheer up seniors! Think how happy you'll be on that one hundred and first day from now. Twelve years of hard, strenuous work (?) accomplished and freedom will be here at last. Oh, what heavenly days.

If you think you have problems, wait till you hear Gloria Baker's. It seems Randy has acquired a new car with bucket seats. If there are any other girls that have this same problem, please contact Gloria with a possible solution as soon as possible.

Parties here, parties there, parties everywhere! Well... not actually — just at Eustis' house. We've all heard they're quite amusing. For more information ask two junior boys and a certain senior whose initials are E., W., and W. inc.

"She loves you — yeah, yeah, yeah. She loves you — yeah, yeah, yeah!" That, my friends, is one of the new hit songs sung by the "Beatles of Culver High School." In case you haven't heard them, we suggest you get on the ball. We're sure you wouldn't want to miss the lovely voices of Larry Linhart, Bob Carter, Tom Yocom, and Doug Lindvall.

Martha McAllister, why do you think life is a farce? Oh, Martha... life can't be that bad!

The seniors did it again! Last year's play was a hit, but this year's was a smash. We've heard that its next performance is on Broadway. Congratulations to the cast and all those who helped to make it a success.

The juniors have just got to go. It seems that Linda Sparling, Carolyn Snyder, and Kathy Easterday were out at the airport ghost hunting again, but the only thing that was accomplished was getting Linda's car stalled. When will they ever learn.

We hear Carolyn Snyder has a secret love. Could it be someone

with the initials of D. L.? What's this? Another secret love in the hearts of these juniors? Oh, this time it's Kay Thomas. Did you say it was S. L. Kay?

Jim Weirick and Tom Yocom have suddenly become experts on women of the North. We hear they have composed a song about the Eskimo women. No offense against your song, boys, but don't you think that the females here are just as good and perhaps a lot warmer?

My, could Cupid be serious when he hit the hearts of Carolyn Snyder and Phil Scruggs? Strange things are happening.

Jim Boswell! You ought to be ashamed of yourself for letting two girls push your car down the road. We women are strong and dependent, but aren't you carrying that a bit too far?

What are those things hanging from your eyes Sharon Eustis? Did you say bags? Goodness!! We didn't know you had such a big weekend, but it was all worth it, wasn't it? Besides, that extra day of rest helped you catch up on your sleep, didn't it?

Bob Carter and Larry Linhart seem to be seeing a lot of our freshmen girls. Could it mean they're waiting for the kill or just shopping around for the right selection? Beware girls!!

Gee, kids, that just about sums up this week's gossip. So long for now and have a merry time the rest of the week, because the weekend is almost here.

## SPORTS NEWS

By Charles Snyder

The days are drawing nearer and nearer to that ultimate period of high school athletics. That, of course, is the basketball sectional contests. The contest that Culver is most interested in is still held in the Plymouth gym. Basketball fans and teams are now starting to evaluate the records of other teams and are looking at their own prospects for a sectional championship. After being deprived of the crown last year in the final moments of the final game, you can bet that Culver will be right back playing stronger than ever before.

There are six boys on the team who are doubly anxious about this year's contests. This is because these games will mark the end of the high school basketball career of these boys. Seniors that are on the team this year are Sam Lowry, Paul White, Ned Davis, Bob Carter, Jim Jones, and Tom Yocom.

The mighty Indians suffered a pair of defeats over the weekend to Royal Center and Winamac. These losses were hard on the fine record of the team bringing the latest count to 11 wins and 4 losses. But a really good team can use losses like these as an inspiration to work harder and bring home more victories. The Indians' basketball is far from an end.

Where has Jim Boswell been keeping his shooting? He sure has been burning the nets lately. Let's hope it's a hot streak that isn't going to cool off for awhile. Also we have seen Jim Lewis giving some action down on the floor. A strong advantage of a team is to have enough players that can interchange positions easily.

Coach Carswell's Junior High teams have finished off their game schedule for this season. The seventh grade team sported a fine record of nine wins and only two defeats, while the eighth grade team held a one win and ten losses season. The seventh grade team lost both their first and last games, both by a margin of only one point and one of them in an overtime play.

## For Shadow

By Cindy Kemple and Betty McFarland

This week a certain junior girl had a very unusual shadow. Not only was Shadow "X" involved in the tracking contest, but Shadow "Y" loaned a very welcome helping hand.

Our victim was found first period faithfully studying her history until one spy interrupted her to find out some homework assignments for the day. After supplying our spy with this needed bit of information, Miss "X" remained as quiet as a church mouse for the remainder of the period. When the bell rang, she hurried to her locker, obtained her French book, and scurried to her French III class.

After the bell started the second period, Mrs. Smith announced that the previously postponed test would be made up that day. Our subject simply sighed and proceeded to get out her pencil and paper. The test, lasting all period, kept our victim very busy. The only sound one could hear coming from her direction was the scratching of a pencil on paper. Finishing the test, Miss X gathered her books for the following class and flew off to Mr. Lawson's U. S. history class. In the hustle, bustle, and scurry, both of our spies lost her, but this did not discourage them.

The next time they spotted her, she was clambering into study hall where she conscientiously studied until the group was dismissed. It seems that she was so intrigued with her lessons that she remained a while longer. After the pains of hunger became unbearable, Miss X finally left to replenish her energy.

Having lost her at noon, we were not able to pick up her trail until fifth period when she came into the chemistry room. After chatting busily about the assigned problems, she settled down to listen to Mr. Kepler until the end of class. When the period ended, Miss X was lost in a crowd of juniors going to English class.

Her next class was algebra II, where we found her listening earnestly to Mr. Dillman's lecture on the slope of lines. Our very studious gal then worked on her

Miss X waited for Debbie T. and both young ladies were last seen as they walked to the Sunshine meeting.

If you haven't found any of this information familiar by this time, we'll give you a little hint. Her initials are Janet Brannaman.

A small warning to all students — watch your shadow! Some day you may have more than one following you.

## Russian Schools

By Jeanne Adams and Pat Ogden

About this time during the school year the tests and homework start taking their toll. Everyone begins to get tired of school and longs for the spring vacation. We thought that a glimpse of schools in another country might show us actually how fortunate we are. By comparing our school system to the school system in another country, we might find that we have very wonderful circumstances compared to other countries. For our comparison, we chose the schools of Russia.

In the 15 republics that make up the USSR there are 65 languages spoken, and there are literally hundreds of dialects. Just try to imagine what this means. This would be like every state in the United States speaking a different language, each state perhaps having three or four different dialects. You can visualize to some extent what a hindrance this would be to a country.

In Russian secondary schools the major subjects are: physics, foreign languages, and math. Physics is taught two days a week for four years, and math is taught two days a week for six years. Russia may be a little above the U. S. schools in math and sciences, but in many large high schools these subjects can become almost comparable.

Foreign languages are taught two days a week for five years. It seems that the U. S. is ahead of the Russians in this department. For instance, next year at Culver, we will offer French five days a week for four years. When the students end this course, we are sure that they will be able to speak and understand the language quite fluently.

All Russian schools are on the half day system and go to school for approximately 200-210 days, compared with our school year of 180 days. Since they are on this system, they have about four hours of homework every night. However on weekends they have no homework at all.

Because the students in Russia go for only a half day, the teacher goes over the lesson for that day and no more. Since Russian students have no study halls, school hours are spent in classroom sessions.

At the end of the tenth grade, the pupils have to pass an exam before they may go any further in school. Most of the United States students who have taken a sample of this test have failed it showing us how tough the Rus-

pared on the test before they take the test. If any student fails, it gives the teacher and the school a bad record.

How would you students of Culver High School like to attend a Russian school? Of course it has some advantages, but we're sure that there are many disadvantages that would not appeal to us.

## Safety First

By Donna Rogers and Joan Dillon

Jack and Jill ran up the stairs — so they won't be counted tardy for the day... Uh-oh! Caught in the act... "Now go back down and WALK up those steps!" (The voice of the teacher who observed the culprits). After mumbled phrases of there being nothing wrong with taking the stairs two at a time, Jack and Jill slowly retrace their steps.

After leaving Jill at the home ec room, Jack, looking over his shoulder for a faculty member, races down to the chemistry lab. His partner has just about finished setting up equipment for an experiment. The hurried Jack offers his assistance... Now, to insert the glass tubing into the rubber hose... SNAP... How many times had the lab supervisor said to EASE the tubing in?

While our impatient Jack nurses his wounds, upstairs in the home ec department his girl prepares to remove a cookie sheet from the oven... Ouch! The dish towel is not meant to be used as a pot holder — so the frenzied Jill uncomfortably is reminded.

With the ringing of the bell, classes change and students scurry from room to room. The bustle in the halls knocks kids against one another and books are dropped. (If only people could remember — there is plenty of time between classes.) With no serious mishaps for Jack and Jill, they meet, but hurriedly depart again to separate classes. At last, however, the two meet again in trig, prepared with compasses and other tools of the trade. Sadly enough, before the period ends, someone has pricked a finger!

Eventually the dismissal for lunch is made and the mass movement toward the cafeteria is in full swing. There seems to be a race to be first in line. Since running in the halls is an offense, a few arrests are made. Ironically enough, hurrying to be first just may mean holding last place.

Because a number of Juniors and Seniors congregate in the study hall during a noon hour, Jack and Jill wander in to join their comrades. A most unpleasant array of waste paper, pencils, and books are scattered along the aisles. Personal possessions such as stretching legs and feet are commonly tripped upon also. Too many times these accessories are extended purposely. Not only is this habit and its results dangerous, the clatter disrupts the mingling friends. (During class, studying is interrupted.)

Our two underclassmen decide to meander to the end of the hall for a view of the great out-of-doors. Standing near the hissing register is certainly a mistake, for hot steam spits at them.

Time for class again and Jack and Jill go to their respective lockers for the necessary books and supplies. But a slight mis-

understanding between them is heightened when Jack slams his locker door — and — ouch! right on Jill's hand! The fingers become rather painful so Jill's first impulse to throw Jack's angora-wrapped ring, subsided. (This probably pleased the other half of the twosome for those knuckle-busters smart when they are flung into one's face.)

But absence makes the heart grow fonder and after 55 minutes of industrious class work, the two are ready to apologize.

Jack finds that his parched throat could benefit by a swallow of cool, clear water, so he heads for the drinking fountain. Gosh! What a line of pushing teens! Ought to be careful of such behavior for teeth have been marred following such reckless conduct.

With the eight-hour day almost over, Jack and Jill look back over their school experiences. Rules against running and pushing in the halls are made for a reason — to keep the students safe. Such unthinking and unheeded acts as mis-use and handling of equipment could have resulted in serious accidents. Jack and Jill resolve to mind their manners and supervisors from now on... How about YOU?

**INSPECTION INVITED** — The U.S. Engineer District at Louisville has issued a bulletin inviting "sidewalk superintendents" to view construction of a new locks and dam project on the Ohio River three miles upstream from Cannelton. The Cannelton News was informed that the project calls for a "visitors' overlook" from which the construction work can be watched. An overlook pavilion complete with rest room facilities is included. Completion of the project is scheduled in March, 1966.

Dear Agnus,

I have a problem. My younger brother is going with a freshman in college. My mother seems to have no objections. I like a boy only one year younger than I. Every time he calls Mother answers the phone and tells him that I can't talk to him or that I am not home. This has gone on for some time. What can I do?

Unfairly Treated

Dear Unfairly,

First talk to your mother and ask her for her reasons. Then explain the matter to your boyfriend. Perhaps you and your mother can come to some satisfactory conclusion.

#### FEBRUARY 17, 1954—

Judy Reinhold, Carolyn Boswell, Marilyn Miller, and Winifred Reed, Culver High School students, have been chosen on the basis of scholarship, leadership, and interest in government to attend the Legion Auxiliary's Girls' State this coming summer. A party Saturday evening in the home of Mr. and Mrs. Samuel Medbourn honored Mr. and Mrs. William Oberlin who are moving to Plymouth.

More than 1,800 sales were clipped off at Saturday's record-breaking grand opening of Deekard's Food Market on East Jefferson St.

Mrs. Tom Walker has taken over the management of Walker's Studio and Mr. Walker has been employed by the Russell L. Easterday Construction and Supply Co.

A giant wrestling show, pitting Mighty Atlas and Great Yamato against Johnny Balbo and Billy Goetz, will be sponsored by the Culver Lions Club on March 5.

CHS students winning superior ratings at the Solo and Ensemble Contest at Valparaiso were Jeanette Berger, Larry Berger, Elaine Warner, Tom Cultice, Ann Jurgenson, Marilyn Clauson, Winifred Reed, and Thelma Hodges.

#### FEBRUARY 23, 1944—

Lewis Albert Shock, 74, retired employee of the Nickel Plate Railroad, died at his home in Burr Oak.

Although Union Township's quota for the Fourth War Loan Bond drive was \$100,000, the total sales by Tuesday noon had reached \$120,047.25, according to Chairman E. W. Carter. Marshall County and Indiana have also topped their quotas.

Edward F. Payne Jr., of New York, became manager of The Maxinkuckee Inn, succeeding Miss Anne Ellsworth.

Mr. and Mrs. Ford Overmyer

are the parents of a daughter, born Feb. 18.

Mrs. William W. Oberlin and son arrived from Tyler, Texas, for a visit with the former's parents, Mr. and Mrs. Charles Cowen, and with her husband's parents, Mr. and Mrs. Ben W. Oberlin, and family. Captain Oberlin has been transferred from Camp Fannin, Tyler, Texas, to Camp Polk, La.

#### FEBRUARY 21, 1934—

The following have made application for appointment as Culver Postmaster: Raymond C. Davis, Clark Bogardus, Fletcher T. Strang, Harry Menser, Glenn Snapp, John F. Druek, Leo F. Langenbahn, Bert Alumbaugh, Carroll G. Doxzen, Mrs. Elsie I. Long, Arthur Simpson, Marion E. Jones, Mrs. Elsie C. McKesson, Tallman G. Loudon, and Mrs. Olive Bogardus.

Mrs. John Baker died after a long illness.

Arthur Silbert, one of the 1920 robbers of The State Exchange Bank, has been denied a parole.

Mrs. Fletcher Strang has been reelected president of the Union Township Council of Religious Education.

#### FEBRUARY 20, 1924—

With Lt. Herbert Keller in charge, the American Legion is planning a minstrel show this spring.

Edith Holmquist had a narrow escape from losing an eye when she caught her eyelid on an empty coat hanger in a cloak room. The eyelid was torn about a half inch.

John S. Reed, son of Dr. and Mrs. C. E. Reed, has been commissioned a second Lieutenant.

Culver upset Valparaiso, 25 to 21, here Friday night. The Valpo quintet had beaten a number of Northern Indiana's best teams.

The American Legion has paid an initial \$500 for the lot across from the school building.

Miss Mary Alice Buswell directed a pageant at the County Sunday School convention with the following in the cast: Dick Newman, Genevieve Shively, Kathryn Ewald, Bessie Bush, Verda Romig, John Servies, Roth Cline, Marjorie Tallman, Noble Walmer, and Dwight Snyder.

#### FEBRUARY 19, 1914—

Mr. and Mrs. Frank Brooke are rejoicing over the arrival of a son last Friday, the 13th.

A large quantity of the material for the electric light line, including four tons of copper wire, was put into the basement of the Austin building Tuesday.

Chester Easterday is in a hospital at Logansport with a case of pneumonia.

The ladies of the Missionary and Aid Society of the Reformed Church were entertained Wednesday at the country home of Mrs. Wilbur Brown. The day was spent knotting comforts.

Esta Overmyer was the heroine of a runaway Tuesday evening as she was returning from high school. The young horse she was driving took fright at the railroad crossing near the outlet and the cutter struck some timbers by the side of the road causing the runners to give way. Miss Overmyer never "gave up the ship," however, but clung to the lines and to her seat notwithstanding only the cutter box was left. By sheer persistence she stopped the runaway horse and telephoned her father, Schuyler Overmyer, to come after her.

John and Will Osborn and S. C. Schilling have accepted an invitation to address a road meeting at Tippecanoe next week.

THE MOONSHINERS

RON ELIRAN

Culver Military Academy, which has presented a wide variety of entertainment through its annual concert-theater series, will undertake a new venture Friday, Feb. 21, when it joins with Ford Motor Company in the sponsorship of "A Folk and Jazz Wing Ding."

Featured in the 8:15 p.m. concert in the Eugene C. Eppley Auditorium will be top performers in the folk and modern Jazz idiom. Leading performers are Nina Simone and her quartet and Herbie Mann and his Afro-Cuban quintet. In addition, Israeli singer-satirist Ron Eliran and the folk-singing Moonshiners will supplement the program.

The "Folk and Jazz Wing Ding" is not part of the Academy's formal Concert-Theater Series. Tickets will be available to the public through area Ford dealers and at the box office.

As a college student, Eliran toured throughout Belgium and France with a group of Israeli singers and dancers. During Israel's tenth anniversary celebration, Ed Sullivan discovered Eliran and brought him to the U.S. to perform on a special Israeli show. The response launched him on his own career of personal appearances and records.

John Perry, Toni Perry, and Frank Goodell make up The Moonshiners, a singing group gaining in popularity mostly in the East. They combine three completely different voices with two guitars for what Art D'Lugoff, of New York City's "Village Voice," calls "the finest sound in

per clubs and college benefits in the New York and New England areas.

Albums of the four performing groups will be given away as door prizes.

ELECTRIC POWER... Indiana's Most Abundant Resource

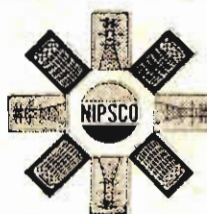

## HARDWOOD HERO

Can you remember when 17 to 16 was considered a high scoring basketball game? And remember when \$3.00 was considered a high electric bill?

**BUT, TODAY THE PRICE OF ELECTRICITY PER KILOWATT HOUR IS LOWER THAN IT WAS IN THOSE DAYS!**

So why is your total electric bill higher? Because you're *using* so much more electricity to operate the many appliances in your home. If you bought electricity by the package as you buy food, you'd get **THREE** packages of electricity *now* for the price you paid for *one* 40 years ago.

By Mary Ann Easterday, Scribe  
The Girl Scouts of Troop 52 had their first Court of Honor, Feb. 17, with the new patrol leaders.

They have two new scouts, Irene and Josephine Richardson.

New patrols were formed, Elizabeth Mellon is leader of the Ladybugs, Patty Thomas is the leader of the Grizzlies, and Mary Alice Zehner is the leader of the Beattles.

## ORBIT PATH: THE CROSS

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The entire message of America's astronauts has not yet been deciphered. Parts of it still lie locked within instruments, and most of it still is hidden in the infinity of space. But we are learning, and we might say that the astronauts are our teachers.

Many, many years ago there was another great Teacher, and His message is still being revealed through faith to the mind of mankind. His message is the path of the Cross... the path to eternal life.

But where do we find our instructions, our briefing? What instruments can we use to discover this message for ourselves? *You will find it in your church this Sunday.*

We all know now about Cape Canaveral, about tracking stations. We are discovering more about outer space.

We know too about the Church. Let us use it then as our guide, our booster, our thrust to Heaven.

## YARD 'N GARDEN CALENDAR

Combining the year-round duties of caring for a lawn, trees and shrubs — and perhaps a few flowers or vegetables — can sometimes lead to confusion on just which month is best for which task.

What is the best month for pruning shade trees, or for starting crabgrass control? Is September a good time to set out peonies, iris, daylilies or phlox? When should fertilizer be applied?

Generally, the best approach is on a month-to-month basis — a year's plan for yard and garden activities.

Don Scheer, Purdue University extension horticulturist, suggests Mimeo HO-3, "Yard 'n Garden Calendar," a program of the most important things to do each month of the year.

Single copies of the publication are free to Indiana residents from Agricultural Publications, Purdue University, Lafayette, Ind. 47907.

## Babson Discusses The Increase In Local Taxes

### Rising Costs Part Of Tax Increase

Most citizens are deeply interested in the federal tax cut now on its way through Congress. But almost every commentator — in the newspapers, on the radio, and on TV — points out the fact that while federal taxes will be reduced, state and local taxes will continue to climb substantially.

#### Behind Community Tax Boosts

Most supplies, materials, and services which your city must buy cost more today than ever before. More is demanded, and — sad but true — more is wasted. These are the reasons your city fathers have to hike local tax levies. I often feel, however, that many methods

of holding down community expenditures are ignored, while fresh sources of revenue are not used to the full. For example, higher tax rates might not be necessary if your locality were adding a sufficient number of economically stable families. Most cities thus expanding should be able to raise enough tax money from the addition of new property to prevent the necessity of increasing the rate of taxation. Why shouldn't the outlying sections which are experiencing the big growth pay the advanced costs?

City and town workers' pay generally has increased because of rising living costs; but is it fair to compare these wages with those of production workers in industrial plants where output has increased almost as much as pay rates? I think not. In a good many cases, town employees have not upped their productivity, and some are perhaps even goldbricking on their jobs. Lots of such workers couldn't get work in industry. Who would hire them?

**Welfare Aid Costs**  
You can see, in localities where the welfare rolls are made public,

that the NET cost of honest old-age assistance and other charity work is not exceptionally burdensome. The Federal Government and the State reimburse the local treasurer for most of these expenditures. More important, most of the money remains in the business stream of the community. Even after paying the required taxes for welfare outlays, most merchants, landlords, and service dealers are better off in terms of net financial results. Along with having the satisfaction of helping deserving people, they benefit, in turn, from the expenditures of these people.

#### Schools and Highways

I have expressed myself many times on school costs. We may as well face the fact that we parents have turned over most of the job of bringing up our children to school teachers, baby sitters, and TV. We should be ashamed of ourselves for doing this, but if we insist on such a luxury — including school bands, school football games, and other amusements — we have got to pay the costs. Don't blame your town fathers for such additional expenses.

As far as highways are concerned, federal and state outlays are taking care of more and more of the work of construction. Some cities with highly efficient managers have actually reduced highway expenses. Labor costs are being lowered through the use of roadbuilding and maintenance machinery; and with very low municipal interest rates, your road department can borrow money quite cheaply.

#### Too Much Debt Is Bad

Despite the low municipal interest rates, most communities have entirely too much debt. Inefficiency, politics-playing, and outright corruption have spread into too many municipal governments, from which a considerable number of voters may be secretly profiting. I have said before, and I say again: The basic solution of our local tax problems lies in honest and efficient management with wisely encouraged growth and careful assessment.

It is morally unhealthy for vo-

## Conservation Dept. Purchases Land For Game Area

The Indiana Department of Conservation has announced the purchase of the 1270-acre "Baker Ranch" which lies adjacent to the old Kankakee State Park in Lake and Newton Counties. The new area will be known as the LaSalle State Fish and Game Area.

At the time the original Kankakee State Park was established, Murray M. Baker donated 1000 acres to the state for recreational purposes. With this recent purchase of 1270 acres, the first Baker gift of 1000 acres, and acres the state has purchased in the interim, the area now consists of 3064 acres.

The Kankakee State Park was dedicated in 1952, but has never been accepted by the public as such due to the nature of the land. The land is marshy, flooded by the river, which makes it undesirable for state park activities.

The Conservation Department contends, by changing the area from a state park to a fish and game area, the area will serve more people. The area will be developed as a fishing and hunting area and will be under the supervision of Bill Madden, superin-

tendent of Willow Slough. Development will include natural habitat for upland game and the marshy areas for other game. A limited number of picnic areas and campsites will be retained.

The 1270 acres were purchased for \$225,000, the purchase price

coming from the cigarette tax which the last state legislature allocated to the Department of Conservation for land acquisition and development.

# Lakeville Hands Indians Third Straight Loss

## Tribe Hosts Mentone Friday

By EARL D. MISHLER

The Culver Indians continued their downhill slide last Friday night, losing an 89-57 decision to Lakeville at Bremen. The defeat was the Tribe's third in a row, and dropped their season's mark to 14-5.

For the first half, it was a close, hard-fought game. Culver's full court zone press caused several ball-handling errors but the Indians could not take advantage of them.

With senior forward Wayne Six scoring from the base line, the taller Trojans jumped to a 16-15 first quarter lead. The rebounding of Dave Lemar and Sam Lowry's eight first half points kept Culver close at half-time 32-30.

However, Lemar had picked up four personals by intermission, as had Jim Boswell, who was erroneously charged with a foul committed by Ned Davis. This unfortunate mix-up left the Tribe in back-court trouble, as Paul White's injured ankle limited him to only part time duty. Lowry and Jim Lewis filled in capably in backcourt.

With these disadvantages, Culver's second half offense was practically non-existent. With 6' 4" junior Loren Riddle and 6' 5" senior Roy Herbster dominating both backboards, the Trojans surged to a 57-43 lead after three quarters.

Lakeville did not let up in the final stanza, as 6' 1" junior guard Bill Landgrebe took his turn at the scoring helm. The St. Joseph County squad's high-gearred fast break began clicking and the score quickly mounted.

Six, although getting many cheap baskets, led the winners with 21, followed by Herbster, Landgrebe, and Riddle with 19, 18, and 18, respectively. Lowry's 77 led Culver, with Davis and Doug Lindvall chipping in with nine apiece.

Once again, the Culver free throw shooting proved costly. The Tribe, as a team hit on 13 of 27, and that figure does not include bonus shots not earned.

Coach Gene Crosley's Indians, who within eight days witnessed a potentially brilliant season go a-glimmering, have only one more chance to right themselves before tourney time. Mentone's Bulldogs, Culver's victims in the finals of the Argos Holiday Tourney, visit the local gym this Friday. This game will mark the last home appearance of six CHS seniors, notably Lowry and White, who during three years of varsity play have endeared themselves to Culver basketball fans forever.

### Sectional Tourney

The Sectional tournament will open Wednesday afternoon, Feb. 26, at Plymouth.

### B-Team Suffers Loss

The Culver B-Team received its fourth straight setback, 59-48. Lakeville's B-Squad, probably the best young team the Papooses have faced, were led by sophomore guard Roger Geyer with 24 points. Bruce Lindvall garnered 23 for Coach John Bottorff's boys, now 9-3 on the season. In so doing, Bruce eclipsed the modern B-Team single season point record. His 181 tops the old record of 172, set last season by Jim Lewis. Box Score:

## Explorer News

Dan Scott, Secretary

An induction ceremony will be held for Explorer Post 290 at 7:15 Thursday, Feb. 20, at the Methodist Church, by the Argos Post. After the ceremony, there will be slides of a wilderness canoe trip in Canada.

The Post has already made plans to go to the Chicago Boat Show on March 21. We also have plans for a weekend at Bunker Hill Air Force Base on April 7 and 8.

### HOUSE BEING MOVED FROM FRANK HALE SITE

The roadside dwelling, located on the property known as the Frank Hale property, East Shore Drive, was moved this week to a new location. It is being moved to a lot just west of the Mackinuckee Methodist Church by Cleo Wynn. It is understood that extensive remodeling and additions will be built after the dwelling is placed on a new foundation.
