70TH YEAR, NO. 9

CULVER, INDIANA, WEDNESDAY, FEBRUARY 26, 1964

## ... It Must Be THE LAKE WATER

By Bob Kyle

A LARGE AND WELL-informed delegation from the Bass Lake and west areas of Starke County dominated the Marshall County hearing of the State Commission On Reorganization of School Corporations, at Plymouth Tuesday afternoon.

A review of the testimony shows emphatically that the Bass Lake area wants no part of the Culver Community Schools set-up.

J. B. Kohlmeier, director of the commission turned the meeting over to Mrs. Jean Pilot, a member of the commission, and she did a superb job of eliminating any animosity that has been engendered by this quick, "shot-gun" marriage of North Bend and Culver.

Here is a chronological transcript that took place and anyone can use his or her judgment as to what the sentiment was:

Mr. Kohlmeier opened with an explanation of the purpose of the meeting. He said this was a hearing on the Marshall County plan, which involved four school corporations only — Argos Community Schools; Bremen-Madison; Culver Community, the complicated North Bend-Culver controversy, and Plymouth-West.

He asked for expression from the "for" and "against" Culver situation. Then he turned the meeting over to Mrs. Pilot of Hammond, who presided in a wholly exemplary manner throughout.

She recognized Don Davis, who stated he represented the Culver-Union Township Chamber of Commerce (the only active organization in the township, he said). He said that he was happy and almost everyone was happy that the merger of the Aubbeenaubee (Leiters Ford, Fulton County)-North Bend (Starke County) merger had been effective to gain Culver enough population to come under the Act that a unit should have 1,000 pupils.

Vernie Bowen, former Aubbeenaubee trustee said that 65 percent of his township approved the merger.

Those were the only speakers who approved the merger.

Mrs. Mathew Swanson was the first speaker, who comes from the west part of North Bend, that opposed the merger with Culver. Said she, "Culver does not provide equal opportunity for our children. Knox will graduate 180 high school pupils this year and Culver 44. The minimum schooling under the state law is not best handled. Too much duplication."

She then quoted Dr. A. T. Lindley's report on the survey he made with Purdue University cooperation. The facilities were inadequate. "There was a loss of 50 minutes coming from North Bend on the road in some instances. Culver has not the facilities for proper education for our children. She asked that the Culver plan be held in abeyance. West North Bend would be happy for the township being split, the east fringe going to Culver and the west to Knox."

Mrs. Swanson said that six or eight land sections are going to Knox this year. Sixty parents foot the tuition bills themselves."

Glechl Ikeda, who lives on Ind. 10, and is a muck farmer stated that 65 percent of the voters in North Bend Township favor going to Knox. He claimed that the figures compiled by the ones who favored Culver were not accurate. He filed his report with the commission.

## CMA Choir To Give Concert In Milwaukee

A new arrangement of a Negro spiritual will be the featured number when the 53-voice Culver Military Academy Chapel choir gives a special concert at Milwaukee Downer Seminary at 8 p.m. Saturday, Feb. 29.

The Saturday concert is under the sponsorship of the Wisconsin Culver Club and is open to Culver alumni, parents of past and present students, and guests. The choir will also sing at 9:30 and 11 a.m. services Sunday at the Community Methodist Church of Whitefish Bay.

The spiritual "My Lord, What a Morning," has been arranged especially for the Culver choir by Donald R. M. Paterson, Academy choirmaster and formerly associate professor of music at Stephens College, Columbia, Mo. The arrangement features students Robert Marsh, Ann Arbor, Mich., and Thomas Miracle, of Culver, as soloists, and has not been given in concert previously. Marsh is president of the choir while Miracle recently won two gold medals for superior performances in the Indiana State Music Contest.

Appearing with the choir for the Milwaukee concert will be the Blue Notes, a small group of select singers under the direction of Milford Myhre, associate professor of music. The Blue Notes also won a gold medal for finishing with the highest possible rating in the Indiana state contest.

Two other students who won Indiana gold medals and who are members of the Culver concert band will perform instrumental solos during the concert. Mark Powers, a sophomore from Evansville, will play "Masques," a piano prelude by Claude Debussy, and Thomas Cullison, a cornet and trumpet soloist, will play an andante and allegro for trumpet by Guy Ropartz.

## Robert D. Milner Will Join State Exchange Bank

ROBERT D. MILNER

Mr. W. O. Osborn, president of The State Exchange Bank, Culver and Argos, and Farmers State Bank, LaPaz, has announced that Robert D. Milner, Plymouth, the present Marshall County Treasurer, will join the State Exchange Bank staff on Jan. 1, 1965. Mr. Milner's term of office expires on Dec. 31, 1964.

Mr. Osborn stated that it was the opinion of the directors of the banks that Mr. Milner's experience as county recorder and county treasurer has not only given him a wide acquaintance with the people of the area served by these banks, but will also make him a valuable addition to the staff of these banks. Mr. Milner's position with the three banks will be as special representative.

In conjunction with Mr. Osborn's announcement, Mr. Milner announced that he would not be a candidate for re-election to the County Treasurer's office. However, he pledged that he would complete his term of office for which the voters elected him. Mr. Milner's activity in public office began on Sept. 22, 1951 when he was appointed Recorder to fill an un-expired term. In 1952 and 1956 he was elected to the office, totaling two full terms. He then ran for County Treasurer in 1960, winning the election and took office Jan. 1, 1961.

Mr. Milner will continue to live in Plymouth when he joins the bank staff, for at least a few months. His moving to Culver will depend on the best arrangement to fulfill his service to his new position.

## Sectional Tournament Opens Today

## CHS Indians Play Tyner Tonight

By EARL D. MISHLER

Coach Gene Crosley's Culver Indians, after compiling the best CHS regular season record in eleven years, now move into the Plymouth Sectional tournament as one of the favored teams. The Tribe opens its bid for its first trip to the Regionals since 1948 by playing a weak Tyner team Wednesday night at 7 p.m. Only a late season slump prevented Culver from being the favorite all by themselves.

Two of the three main threats to Culver's chances square off in Wednesday afternoon's opener. Bremen's Lions (16-4) tangle with the Trojans of Triton (11-9). Coach Jim Clack, in his first year at Bremen, has seen his forces make a great improvement, enough so that the South Bend Tribune experts favor the Lions despite a 69-52 loss at Culver in November. Sharpshooter Buzz Anglin and 6' 8" Craig Roeder have 17.2 and 16.2 PPG averages to lead BHS.

Triton, in its first season as a school is coached by Tony Newell. The Trojans have compiled a winning record despite the loss of two double-figure scorers early in the year. Junior guard Joel Berger has a 16.2 PPG mark to lead their high scoring attack, who tallied at least 70 points in each of the last eight games. Bremen defeated Triton, 55-52, at Bremen in January, but we feel the Trojans will gain revenge Wednesday and pull off a minor upset.

Although the second game Wednesday is much less important than the first, it should be equally exciting. Argos (3-17) and West (4-12) are the participants. Coach Ralph Powell's Dragons want revenge for a 60-59 December loss at West. Charles Redinger, a six-foot set-shot artist, has been the only consistent Argos scorer this year, hitting at a 14.9 PPG average. Powell, attempting to build for the future, will probably start two sophomores, Mark Warrick and Wade O'Dell. Coach Bill Snyder's Bulldogs are paced by three high scorers: Herb Hendrickson (17.4), Don Cramer (13.0), and Ken Johnson (13.0). However, no West starter quite reaches the six-foot mark. This lack of height, we feel, will cost the Dogs the victory against Argos.

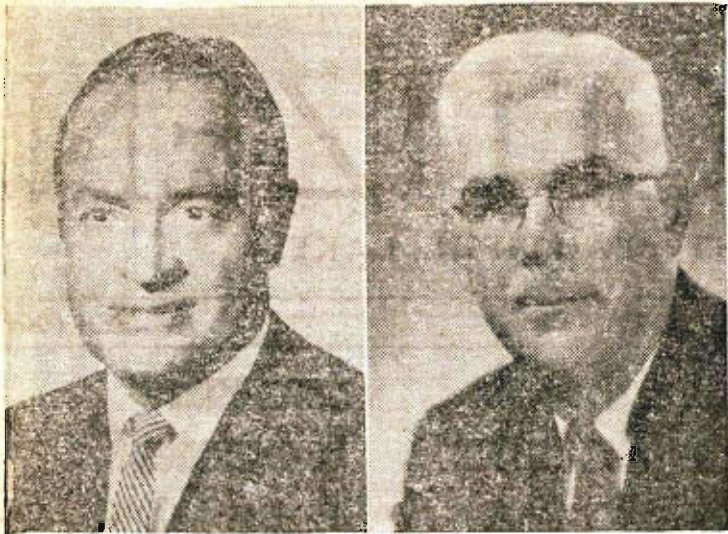

Wednesday night's action opens with our Indians meeting Tyner (6-14). Young coach Jim Drews has a small, speedy outfit whose offense has lacked power all year long. Only once have the Redmen reached 70 points. Dennis Burch and Vern Ross, a pair of senior lefties, have tallied 183 and 181 points, respectively, for Tyner.

Culver inflicted a 62-31 defeat on the Redmen at Tyner in November. Coach Crosley's lads are led by senior Sam Lowry, scoring at a 19.5 clip. Despite standing only 5' 10", Lowry is also the team's rebound leader. Guards, Paul White (10.8) and Jim Boswell (9.8), also are sure-fire, outside shooters and forward Dave Lemar (8.2) notched 27 points in the season finale against Mentone. The Indians will be one of the smallest entries at Plymouth, but none of the other teams have been able to beat Culver in eight attempts. And don't look for Tyner to be the first to do so.

Thursday night at 7:00 host Plymouth (0-20) meets LaPaz (11-9). The Pilgrims won last year's title game, 55-53, over Culver, but have lost 21 straight games since then. Coach Myron Peebles has had only one consistent threat, senior Mike Thomas, averaging 15.1 PPG. Peebles may continue to play sophs Al Kralovansky, Bill Girtten, and Dave Williams as a part of his youth movement. Coach Dale Cox's Vikings (Continued on Page 2)

### W. J. Keller Dies At Age 75; Rites Saturday

William J. Keller, age 75, died at 12:30 p.m. Wednesday, Feb. 19, at his home on Route 2, State Road 8, in the Oak Grove community, from a self-inflicted gunshot wound. He had been in ill health for the past several years.

Born July 31, 1888, in Switzerland, Mr. Keller came to Indiana in 1943, where he has since resided in the Culver and Knox communities.

Surviving with the wife, Mrs. Maude Keller, are: a daughter, Miss Lena Keller, at home; a brother, Robert Keller, of Chicago, Ill.; and three sisters, Miss Lena Keller, Chicago, Ill., Mrs. Annie Clarence of St. Paul, Minn., and Mrs. Mary DeMontz, Muncie.

Services were held at 2 p.m. Saturday, Feb. 22, at the Easterday-Bonine Funeral Home with Rev. Warren Sorenson, pastor of the Burr Oak Church of God, officiating. Burial was made in the Burr Oak Cemetery.

### Funeral Services Held Monday For Robert Washburn

Robert T. Washburn, formerly of Culver, died Saturday, Feb. 22, at 12:05 a.m. in Richmond, Ind.

Mr. Washburn was born in Culver on Feb. 3, 1906, and lived in Culver until moving to Richmond several years ago. He attended the Culver Methodist Church.

### Sectional Tournament

(Continued from Page 1)

ings have a veteran scoring duo of Jim Holland and 6'4" Don Balka, who finished 1-3 in the county scoring derby. Holland, a speedy, jumping-jack guard, averaged 21.1 PPG, and Balka, a real hustler, tallied 19.5 PPG. (Culver's Lowry, by outscoring Balka 23-3 on the final weekend, took second place by one point in the County.) From here, it looks like Plymouth will have to wait until next year to taste victory.

Rochester (10-10) faces Richland Center (9-10) in a battle of the two Fulton County entries. Coach Ken Pennington's Zebras should have little trouble here. His forces must be considered the fourth of the top favorites along with Culver, Bremen, and Triton, and the Zebras got a definite break in the draw. However, they have lost decisions to Culver, 69-61, and Bremen, 50-50. Junior Steve Coplen leads Rochester's scoring with a mark of 15.0 PPG, followed by Tom Wilson's 14.3 mark. 6'4" Jack Hayden and 6'2" rim-hanger Pete Terpstra give them the all-important rebounding power.

Center, coached by Hugh Resler, is the tourney's smallest team. Like West, they are carried almost entirely by three top-notch scorers: Kip Kistler (18.0), Noel Kamp (16.3) and Steve Norris (15.5). Norris, a 5'7" sophomore, was brilliant in last year's sectional as a freshman. But Rochester should coast to this victory.

If our predictions prove correct, Triton, Culver, LaPaz, and Rochester will return for Saturday afternoon's semi-finals. We don't know what Doc Fod has said as yet, but our pick, prejudiced to the extreme, is Culver over Rochester in the title tilt. No matter who wins, his year's sectional promises to be a real thriller.

**POP MIGHT FLUNK** — Many parents may be confused by the arithmetic home-work of their youngsters says Dr. William B. Higgins of Ball State Teachers College. Dr. Higgins says the parental confusion may come because the children are now being taught in a new way that is known as a "modern" mathematical program. Dr. Higgins said none of the fundamentals of addition, subtraction and multiplication have been abandoned but he explains that under the "modern" program "the idea is to develop an understanding of what is being learned rather than to memorize facts and rules."

## Peru Girl Named 1964 Easter Seal Child

Miss Pamela Sue Jackson, age five of Peru, Ind., has been selected as the 1964 Indiana Easter Seal Child. Her selection from contestants throughout Indiana was announced this week by the Civic Alumnae Club of Indianapolis. Mrs. Virginia Woodward, president of the group, in making the selection said, "It was extremely difficult to select from so many deserving youngsters."

Pamela's handicapping condition, rheumatoid arthritis, has been with her since the age of twenty months. Her adaptation to the long leg braces she wears has been most remarkable. She lives with her mother and brother Sammy since Mr. Jackson's death in May of last year.

Her duties as Indiana Easter Seal Child, in addition to presenting the traditional first sheet of Seals to Governor Matthew E. Welsh on March 2 to officially open the campaign, will see her making a variety of public appearances in behalf of the crippled children and adults of Indiana.

Mrs. Erma Slonaker of Plymouth and Miss Sue Slonaker of South Bend spent Friday evening with their mother and grandmother, Mrs. Eva Heiser.

## Leap Year Heart Winner

Tender as love, and sweet as kisses, this beautiful chocolate-filled meringue shell is sure to win the approval of all who try it.

- Sweetheart Meringue au Chocolat**
- |  |  |
|--|--|
| 1 baked 9-inch heart-shaped Meringue-Pecan Shell, cooled (see below) | 1 package (4 oz.) German's sweet cooking chocolate |
| 1 envelope (1 tablespoon) unflavored gelatin                         | Dash of salt                                       |
| 1 tablespoon granulated sugar  | 3/4 teaspoon vanilla                               |
| 1/2 cup milk   | 1 pint vanilla ice cream                           |
| 1/4 cup water  | Whipped cream                                      |
|  | Chocolate curls                                    |

Mix gelatin and sugar in small saucepan. Stir in milk, water, chocolate, and salt. Stir over low heat until chocolate is melted. (Mixture will look speckled.) Remove from heat. Add vanilla. Beat with rotary beater or electric mixer about 30 seconds.

Soften ice cream in a mixing bowl. Add chocolate mixture and beat until thoroughly blended—about 1 minute. Pour into meringue shell. If desired, decorate with a "heart" of whipped cream and chocolate curls. Chill about 3 hours. Makes 6 to 8 servings.

To make the Meringue Pecan Shell: Beat 2 egg whites until foamy, then add 1/8 teaspoon cream of tartar, and beat until stiff, but not dry. Gradually beat in 1/2 cup sugar, then fold in a cup of chopped pecans. Spoon part of mixture in the shape of a heart on unglazed paper on a baking sheet. It should be about the size of a 9" pan and about 1/4 inch thick. Build up the sides with remaining meringue. Bake at 275° F. about 1 hour. Cool and fill.

(Continued from Page 1)  
John Taiman, a resident of North Bend, said that the merger with Culver was not favorable to the Culver taxpayers. That there were 110 land owners who do not reside in North Bend but are taxpayers. (Large scale muck farmers.)

A Mr. Piper was next heard and the commission questioned a map he presented showing that Knox was in the center of Starke County. Mr. Kohlmeier and Mrs. Pilot pointed out that he had failed to include six Starke County townships. He agreed.

John Demotto said that the sports program at Culver was limited because of lack of facilities.

It was then revealed that more pupils could not go to Knox because the Culver Community Schools refused to issue transfers. At one place it was 11½ miles to Culver and 4½ to Knox.

Mrs. Charles H. Moore of Bass Lake, said that the merger of North Bend with Culver was economically unsound. The community had nothing in common with Culver, with employment, with a Knox-Starke County hospital which Culver does not have; with a school with the proper facilities for teaching languages in the grades.

The Rev. V. E. Wade, emphasized that Culver had none of the facilities of Knox schools.

George Hodges, a bus driver to the Culver Schools said his bus generally left at 7:15 a.m. and arrived at Culver at 7:50, refuting some of the figures that west North Bend presented. In the evening the run was 30 to 35 minutes. He drives a 42-passenger bus.

Frank McLane, superintendent of the Culver Schools, presented the commission with figures concerning operations of the schools. He projected some figures as to what would be the school population next year and in four years.

Mrs. Louise M. Horn refuted a statement previously made that Culver had no baseball team. She said that sports were secondary anyway.

Cecil Bauman, of North Bend said if Culver put in a new high school it would put a heavy burden on Culver and Union Township taxpayers.

At present it was pointed out that more North Bend pupils were going to Culver than to Knox because of the refusal of Culver to issue transfers.

Mr. Thomas L. Webber, deputy attorney general of Indiana, attached to the Commission, made a simple explanation of the laws governing consolidations. He stated emphatically that the law had to be followed and there was no law that would let North Bend out of the Culver merger. Not until Culver releases North Bend.

Mr. Webber said, however, that there was a remedy because the transfer statutes were still in effect. There can be claimed that better facilities exist elsewhere, that transportation is a problem, and there is a right of appeal if denied. If the pupil is not given the proper curricula the child can get a transfer. "We are aware of public opinions but we know there are limitations."

# THE SCHOOLBELL

COMMUNITY HOME SCHOOL

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

Calling all Beatle lovers! Calling all Beatle lovers! Yes — this week has just been filled with rants and raves about the newest teenage craze — the Beatles! Just about everyone is rushing out to the nearest store to buy an album of the cats with the "crazy" hairdo. How about declaring a National Beatle Week when everyone wears a Beatle wig — bangs and all? Now don't turn green Mr. Cole — it was only a suggestion!

Three cheers, a Whoopee, and a standing ovation for Peggy Herr who has been named a semi-finalist in the Indiana University Honors Program French Test. Now all she has to do is fill out a zillion page application form and experience a rigorous personal interview and she'll be en voyage to France! Bon chance, mademoiselle.

Really Paul White — you should return your library books on time, especially that last one, "Ship of Fire." What we can't figure out is — why was the book marked "For elementary age only"?

An interesting question: Greg Harmon, how come you know all the answers in Chemistry?

Speaking of Chemistry — the other day in class Dick Mackey became so engrossed in one of Mr. Kepler's demonstrations that he bit his pencil in half! How does it taste, Dick? Oh, you say it needs a little NaCl?

Dave Lemar requests that all students sitting in the last row in Algebra Class please refrain from putting bubble gum on the chairs. It seems that "Big Dave" accidentally sat on a big wad the other day. It was a "sticky" situation.

**HINT OF THE WEEK:** Many juniors have been looking extremely tired lately and some have even been caught napping in their classrooms. Why? Oh — term papers have been keeping them up 'til all hours of the night. Cheer up, kids, just think of the hours of undisturbed sleep you can enjoy come spring vacation!

If you've seen a "blinding flash" coming down the halls of OHS, don't be alarmed, it's only Carol Herr proudly displaying her valentine present — an engagement ring from Sam Sellers! Congratulations!

Cupid paid his visit to Culver over Valentine's Day leaving many delighted girls who received cards or candy from their favorite guy. Hey, Ned, how come you didn't sign your valentine to Wanda? Gee, Carolyn Snyder, it must be nice to receive a two-pound box of candy for Valentine's Day. Who did you say you got it from — Art somebody or other? Mr. Kepler was quite shocked at a valentine two of his devoted students gave him. On the outside of the card was the question: "Do you know what makes the world go 'round'?" Grinning knowingly, Mr. Kepler opened the valentine. And what did it say — "Gravitational pull," of course!

Hurray for the Seniors! You are to be congratulated on the fine performance you gave in the

senior play. All went exceptionally well with very few mistakes. Once when Sharon McGaffey told "Abe" she, "didn't know what to say," she wasn't kidding! The last act proved a little embarrassing for Sharon, Jim Jones, we think you should set up a kissing booth and display your special talent.

After the play Ned Davis had an after-the-play-birthday party. By the way, Ned never did collect the one birthday present everyone was waiting to see! It was also pretty interesting finding out "who's boss"! The hazardous road conditions made it pretty hard to get home, too. It seems that everyone got stuck . . . one place or another. Well, all you basketball players, start running!!

The weekend found our musicians busy. State contest Saturday found four Culver entries, one of which got a first. Sunday was a county music contest at Argos. It wasn't the first trip to Argos over the weekend that Dick Mackey made!

Hey Jim Boswell — why have you been nervously asking if your name is in the Teepee for anything? Have you got a guilty conscience about something?

Well, fans, it seems as though our Beatle bangs have been slowly drooping down into our eyes, and we can't seem to see much more activity going on, so we will say so long for now, leaving you with this parting thought: you psychologically minded people who think we teenagers have flipped over the Beatles because we want to device an escape method — you're right!! If you went to school 36 weeks a year, five days a week, eight hours a day you'd be wanting an escape method, too!

## Club News

By Ann Wagoner

Monday and Tuesday, Feb. 17 and 18, the pep club met to practice new yells. Plans for the sectional tourney were made. All who wished to attend the tourney were to sign a sheet by Monday after school. On Tuesday seven groups of about seven students each were appointed to decorate the windows of the local stores for the tourney. A seating arrangement for pep club members at the sectional will be drawn up Thursday and assigned Friday. The remainder of the periods were used for the practice of gestures with yells.

All teachers were invited to a Culver-Aubbee Spaghetti Supper on Saturday night, Feb. 22, at six o'clock in the cafeteria.

## Roving Reporter

By Pamela Phelps and Shari Croy

One of the newest crazes to hit this country recently is the group known as the Beatles. Since this group seems to be growing in popularity, we decided to find out some of CHS's reactions to the new group. We asked the question, "What do you think of the Beatles?"

Nick Hartz — Step on them before they spread!

Janet Rosebaum — They are neat!

Linda Baker — They're tough, especially Paul!

Diane Nelson — I agree with Linda.

Carolyn Saft — They're sharp, oh, especially their haircuts!

Linda McAllister — They're real cool, Paul is the neatest!

Elaine Epley — They beat any singers we've got — so far!

Betty Bickel — They're the neatest yet!

Cathy Schmidt — There's nothing like them!

Pamela Crozier — There is no word to describe them.

Ronetta King — They're neater than neat!

Patti McCombs — I like all of them, but Paul the most.

Barbara Reister — I think the Beatles are really really tough!

Ellen Wallace — They are OK.

Roberta Yeazel — CRUNCH!

Sharon Eustis — I like to listen to their songs just as long as I don't have to look at them. I've seen better heads on cabbages!

Bey Barshes — Their music is great, but their looks certainly aren't.

Martha McAllister — Their songs are the coolest and it just goes to show you — looks aren't everything.

Sharyl Welsh — Their singing is OK. But I wonder if they would look better squished?!

Pam Carter — I like their singing, but their manner of dressing is different.

Larry Boetsma — I like their style of singing and I think they have some of the best music to hit the market in quite a while.

Holly Thompson — I think they're the greatest! They're really neat, but I think Paul's the neatest.

Doug Lindvall — Basically they're OK, I guess!

Larry Linhart — I think they are great, especially Ringo!

Patsy Huffer — I think they are great singers, but their haircuts. Wild!

Cathy Stratton — I like their records very much, but those crazy haircuts have got to go.

Carolyn Covington — Nice entertainment if you like noise!

Suzy Spencer — They are a little on the hairy side, but otherwise their music is great!

Diane Walters — I like 'EM. Penny Wakefield — All they can do is sing!

Wayne Neidlinger — They are good if you can hear them and not see them!

Phyllis Kelly — I think that they are the greatest thing since Elvis Presley! I'm all for them!

Leon Bennett — I hope nobody steps on them.

Janet Zechiel — They all need a haircut, then you could see them.

Nancy Porter — I've seen worse.

John Garbos — Get the Raid! Eddie Kozlowski — I think they should change their names to the Bedbugs!

Pat Seslar — The Beatles are just wonderful, so was the "Shaggy Dog!"

Bob Carter — I think they are cool. They're the greatest thing that has happened to the world since the "hamburger."

Bob Eustis — Their music is the swingingest!

Gregory Yapp — They "bug" me.

Gary Burkett — There are five Beatles and four of them are no good.

Nora Sheppard — Their records have a neat beat, but who listens. It's more fun looking at them. You get a good laugh. They sound sad on TV.

Bonnie Salyer — Sal sings better.

Gloria Baker — I like things that are different and they are! Their songs are great! My pick is Ringo, he doesn't sing.

Susie Gardner — Paul has a good voice, and their music isn't too bad, but their hair. Ugh! It spoils my whole image of them.

Susan Helber — I like their hair. I think it looks very very nice.

Lonni Darosci — Well at least my hair is in style now. If theirs can hang and look like a bunch of bugs, so can mine. They are pretty neat, I guess, but must they monopolize? I'm gonna make a record and put 'em out

of business.

Linda Shock — I think most of their music is too, very, very! Paul is really mean, WOW! In other words, the Beatles — yeah, yeah, yeah!

## An Interview With Mr. Carswell

By Barb Mikesell and Carolyn Snyder

This week we paid a visit to the elementary building to interview one of our new grade school teachers, Mr. Carswell. He teaches the sixth grade and also coaches the Junior High basketball team. Before coming to Culver Mr. Carswell had previously taught at West High School for several years, and was at the present employed as a salesman.

Mr. Carswell was born in Bourbon, Ind., and has lived in that vicinity most of his life. He now resides at Cook Lake. He has four children, three of whom attend West High School.

While in high school, Mr. Carswell was particularly interested in baseball and basketball. He attended Purdue University and was a member of the Alpha Gamma Rho fraternity.

When asked what his favorite pastime was Mr. Carswell said hunting, fishing, and basketball were at the top of his list. He declared that steak was his favorite food!

Mr. Carswell is very fond of teaching school and enjoys Culver. He commented on how friendly the students are but take heed — those who talk without permission annoy him!

During the past week there have been parties in the grade school. The most important party was Feb. 14, which was Valentine's Day. The different rooms celebrated Valentine's Day in many ways.

Mrs. Barton's first graders are now reading an extra book called "Fun with Dick and Jane." Carla Beckner and Neala Hyndman had birthdays last week. The children received their toothbrushes last week and are very proud of them.

Mrs. Keyser's first graders had a very nice Valentine's party. Along with their ice cream, Elizabeth McKay brought cupcakes, Leslie Cleveland brought candy, and Jeff Heiser treated the class to candy bars. Congratulations are extended to Patty Lowry and Randy Thomas who made perfect scores of 75 on their reading tests. In phonics the students are beginning to study the mysteries of syllables.

Norman Albert of Miss Page's second grade class had his eighth birthday on Feb. 11. The class joined with him in celebrating his birthday by having a party. They also made valentine boxes and had their valentine's party on Valentine's Day.

Mrs. Carter's third graders have been busy the last few weeks by making Valentine cards and decorating their valentine sacks. Although several children were absent due to illness, the valentine's party was a success. All the children received many beautiful Valentines and had many refreshments. Mrs. Carter would like to thank all the mothers who sent refreshments for the party.

The children made scenes of Abraham Lincoln's life and several children gave good book reports on his life. While studying Lincoln, the children wrote compositions. The following two reports were submitted by David Wolverton and Ruth Ann Zehner.

**Abraham Lincoln**

By David Wolverton

When Abraham Lincoln was young, he helped his father plow, plant, and harvest. When he was grown up, he was chosen to be President. Then he made the Gettysburg Speech. Some of it goes like this: "... that government of the people, by the people, for the people shall not perish from the earth."

**Abraham Lincoln**

By Ruth Ann Zehner

Abraham Lincoln lived in Kentucky at first. His mother's name was Nancy Lincoln. She was always quiet. Abe went to school only one year, but he became the sixteenth President. Then someone shot him and he was in the ages.

Mrs. Mishler's class enjoyed the valentine's party at school on Feb. 14. The students received many valentines along with an abundant supply of refreshments. Mrs. Mishler's room received a valentine card from Richard Thompson who recently moved to South Bend. Last week in spelling, there were 13 perfect papers. In English, the class is practicing letters and putting the correct punctuation marks where they are needed. In arithmetic, the class is subtracting three-place numbers, which seem to be a challenge that everyone enjoys.

Mr. Horban's fourth graders have started a Paper Mate Pen spelling booklet. There are ten spelling lessons and the winner will be awarded a Paper Mate Pen with the words "Spelling Champion" engraved upon the pen.

The students of Mr. Frettinger's fifth grade enjoyed their valentine's party by playing two games. They made words by using the letters in the word "valentines." Jane Shock and Jimmy Stevens tied for first place with 30 words apiece. The other game was similar to "pin-the-tail-on-the-donkey." Instead of trying to

pin a tail on a donkey, the object was to attach a heart to a man drawn on the blackboard. The chairman of the games, Bob Heiser, announced Larry Wieringa as the winner of the game. Valentine's Day was a very special day for Lonni Morley — the special occasion being that he celebrated both his birthday and Valentines Day.

Mr. Overstreet's 6B section had a Valentine's Day party at which the pupils exchanged valentines. Refreshments were served and soft drinks were furnished by Rose Marie Triplet who was celebrating her birthday. The cakes were donated by Craig Gunder. After singing "Happy Birthday" to Rose Marie, the class played several games.

**Culver Student Receives Award**

By Eva Norris

Culver High School is proud to announce that Betty Ricciardi has become a finalist in the National Merit Scholarship Program. This means that she is the recipient of a Certificate of Merit. It is from the finalists group that all Merit Scholarship winners for 1964 will be selected. The selection process is now under way and the public announcement of winners will be made about April 23.

The National Merit Scholarship Program is a nationwide search for students who demonstrate extraordinary ability to benefit from a college education. These scholarships are sponsored by business and industrial firms, foundations, professional groups, unions, individuals and the NMSC itself. The number of scholarships awarded varies from year to year depending on the extent of sponsor participation in the program.

Participants of the Merit competition are not only considered for Merit Scholarships, but they are also frequently considered for special scholarships awarded by private organizations through the facilities of NMSC. Many colleges and universities use the National Merit Scholarship Qualifying Test to help them select students who are to receive financial aid.

The Merit program starts with the National Merit Scholarship Qualifying Test usually given in March.

On the basis of this test approximately 10,000 top-scoring students are named semifinalists. These names will then be listed in a booklet and distributed to colleges, universities, and other scholarship agencies, thereby bringing all the semifinalists under consideration for a variety of scholarship awards. All semifinalist's names, addresses and scores are sent to the colleges they name as their first and second choices when they take the NMSQT, with no order of preference indicated.

A second group receives Letters of Commendation and become eligible for some special scholarships made available through the facilities of the NMSC. Their names are also sent to their first and second choice colleges.

Other high-scoring students who meet certain qualifications may be eligible for some special independent scholarship program that use the facilities of NMSC.

In order to become a finalist, all semifinalists must meet three requirements: 1. They must complete a biographical statement, which is sent to NMSC by their school with the school's recommendation. 2. Their performance on a second examination must

substantiate the scores they made on the NMSQT. 3. They and their parents must complete and return to NMSC a financial information form.

Semifinalists who meet the above requirements are named finalists and are officially qualified for a Merit Scholarship.

The winners of the National Merit Scholarships are selected by the Merit Scholar Selection Committee, composed of college admissions directors and secondary school guidance officials. Test scores, evidence of creativity, high school grades, qualities of leadership, school community citizenship, and extracurricular activities, all enter in the selection of the Merit Scholarship winners.

**Meter Men To Have New Look**

Northern Indiana Public Service Company meter readers will present a new look to the public Monday (March 2, 1964) when they don new and distinctive dress uniforms, Dale W. Anderson, NIPSCO manager of division operations, said recently.

"The new dark blue uniforms will not only provide a more up-to-date appearance," Anderson said, "but they will also make the meter men readily identifiable to our customers."

A red, white and blue circular emblem with the word "NIPSCO" across the center and the name of the Company around it will appear on the shirts, jackets and raincoats, Anderson said, and a smaller version of the insignia will be sewn on the caps.

NIPSCO will provide the uniforms — consisting of light blue cotton dress shirts, dark blue rayon and dacron blend trousers and jackets, raincoats, caps and black leather bow ties for winter wear — to 118 meter readers in its 22 districts across northern Indiana.

The uniforms are individually tailored to comfortably fit each man and are made of top-quality material.

Anderson stated that the utility has entered into a contract with the General Overall Supply Service of Gary to make available cleaned and pressed uniforms to meter readers on an annual rental basis.

The service will deliver laundered shirts and dry-cleaned trousers and jackets to each reader every week, and soiled uniforms will be picked up to be maintained and cleaned.

Members of the Society are designated by the embroidered key they wear on their uniforms. They also are accorded full senior privileges at the beginning of the 1964-65 academic year. The society annually holds two elections and the current election of

only six members is reserved for the most outstanding students in a class of 232.

Here I am in Los Angeles after a busy two weeks in Tucson, Douglas, and San Diego. So many deaths and changes at my beloved Culver. It still holds first place in my heart. Far too cool out here but much better than snow. I go on to San Francisco the 21st — then fly on home Feb. 28. Culver soon after, I hope.

One of the main themes at Christian Science churches this Sunday will be from John (1:17): "The law was given by Moses, but grace and truth came by Jesus Christ."

The Bible Lesson on "Christ Jesus" will also include this selection from the Christian Science textbook: "Christianity as Jesus taught it was not a creed, nor a system of ceremonies, nor a special gift from a ritualistic Jehovah; but it was the demonstration of divine Love casting out error and healing the sick, not merely in the name of Christ, or Truth, but in demonstration of Truth, as must be the case in

## OLD BALDY

Bald headed men can find solace in a biologist's prediction that in another 100,000 years no human will have a hair on his head, says Richard Mayer Jr., editor of The North Vernon Sun. The editor says: "Any man twitted about his bald head can retort, 'Bald! Who, me? I'm just a hundred thousand years ahead of almost everyone else!'"

## BACKGROUND FOR MARRIAGE

Next year George will be a civil engineer from Tech. And Meredith is studying Home Economics at State.

If you were their parents, wouldn't you consider that a pretty good background for marriage? Boy with a promising profession! Girl with a sound grasp of the family budget!

But should we be so naive? What they study in college is *foreground*, not background. It equips our sons and daughters for the immediate opportunities and obligations the future presents.

The permanence of love is not rooted in engineering or economics. Designing bridges and planning menus are not keys to a lasting happy marriage.

Personal character determines the ability of a man and woman to meet the demands of sacrifice and unselfishness that marriage requires. The Church molds character as it builds faith. For character is one of the by-products of faith . . .

. . . The ability to love unselfishly is another!

THE CHURCH FOR ALL  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**STARTING SEEDS INDOORS**  
Certain varieties of vegetable and flower seeds can be planted in February and March — indoors.  
This will enable plants to develop a healthy start before they are set outside in warmer weather.  
Purdue University extension horticulturists say cabbage seeds can be planted indoors now. In the Indianapolis area, sow alyssum and snapdragons March 1 and ageratum and petunias March 15.  
Sow these seeds about Feb. 25 in the Evansville area and about March 25 in the Fort Wayne area.  
The horticulturists recommend this method:  
Fill a four-inch clay pot up to an inch from the top with a mixture of one part garden soil, one part peat moss and two parts sand. Add 1/2 inch of moist vermiculite or finely shredded moist

sphagnum moss.  
Sow a packet of seeds on top of the soil. Cabbage, eggplant or pepper seeds should be covered slightly.  
Water the soil gently and place glass, plastic film or waxed paper over the top to keep humidity high. Water again, if necessary, before the seeds sprout. Keep the pot where the temperature is about 70 degrees, and when plants are up, move the pot to a sunny window and remove the covering.  
Plants that have developed two seedling leaves and a third coming along can be transferred into individual peat moss pots containing a soil mixture. Later, they can be set outdoors, pot and all.

### SATURDAY IS LAST DAY TO SECURE 1964 AUTO LICENSE PLATES

The last day for 1963 license plates will be Feb. 29 so 1964 plates will be sold until March 1.

To better serve the community the Plymouth Branch of Motor Vehicles will remain open this week only, all day Thursday and Saturday. This week they will be open from 8:30 a.m. to 4:30 p.m. and will remain open during noon hour.

Beginning March 1 they will return to their regular hours from 8:30 a.m. to 4:30 p.m. Monday, Tuesday, Wednesday, and Friday, Thursday and Saturday they will be open from 8:30 a.m. to 12:00.

The tax receipt must be shown to cover every name of the registration on your vehicle. If there are two names on the registration and only one name appears on the tax receipt, the applicant must return the tax receipt to the court house and have the other name added. Please do this before applying at the Bureau, as it will save time waiting in line twice.

If the applicant doesn't have a tax receipt from the county he must obtain a tax clearance from the Marshall County assessor.

Any charitable, educational, or religious organization allowed a tax exemption will have to present a tax clearance statement from the county assessor before plates will be issued, according to Rosemary Bergman, manager of the Plymouth Branch.

**ONCE GAS; NOW OIL** — Several wells in Hancock County which produced millions of cubic feet of natural gas some 60 years ago are being explored to learn if they might now yield oil. The wells are in the vicinity of Willow Branch in the northeastern part of the county. The Community Record, a weekly newspaper published at Shirley, says some oil was noted when the gas wells were drilled in the early 1900's and one was known as the "Greasy Pig Well" because farmers in the area collected crude oil from side ditches to grease their hogs.

**COSTLY POOCH —** A Jennings County motorist, Marvin L. Smith of Route 1, Butlerville, saved a dog's life but in doing so he wrecked a bridge causing damage estimated at \$70,000 to \$80,000. Smith told Sheriff Clyde Perkins that as he was entering the bridge his car's headlights picked up the dog and as he swerved to avoid hitting it the car hit the bridge railing at a vulnerable spot and a span 125 feet long went crashing into Otter Creek some 20 feet below. Smith's car was damaged with a broken nose and some lacerations and bruises.

# Dave Lemar Paces Victory Over Mentone

## Indians Season Record: 15-5

By EARL D. MISHLER

The Culver Indians regained their winning touch Friday night as they outscored Mentone, 89-79, in the local gym. The win gave the Tribe a season's record of 15-5 going into the sectional.

Junior Dave Lemar, 6' 0", who had been great in one quarter or one half of many games this season, finally put together four quarters of outstanding play. The results were 27 points and 16 rebounds from the 200-pound forward.

Seniors Sam Lowry and Paul White climaxed their home court careers with efforts of 23 and 22 points, respectively, to add to Lemar's total. Incidentally, it was the first time in 64 varsity games these two had both been over 20, although each had done so individually many times. Neither boy missed a game in three years of varsity action.

Culver raced to a 25-17 first quarter lead, with Lemar getting nine points and Lowry eight. Mentone, getting balanced scoring throughout the entire game, fell behind 47-35 at half-time, as both teams hit well from the floor.

The Kosciusko County visitors continued to shoot over and drive through Culver's zone defense in the second half, led by reserve forward Steve Nelson. But the Bulldogs could not stop Lemar, White, or Lowry. Dave got seven straight points at one stretch and the losers never really closed the gap.

A very pleasing factor in the Indians' victory was their improved free throw shooting. They hit 23 of 30 from the charity stripe, and one of those seven misses went in but was not counted due to a violation.

All five Mentone starters hit in double figures: Nelson 18, Larry East 17, Jim Whetstone and Butch Warren 15 apiece, and Lynn Parker 14. 6' 2" center John Zolman saw limited duty due to illness, but with Lemar rebounding as he was, it is doubtful that Zolman would have made much difference. As a team, Mentone hit 55 per cent of their shots, compared to 45 per cent for Culver. The Bulldogs are 11-2, with two losses to the Tribe.

Culver's B-Team shot a punt

18 per cent from the field Friday, throwing away a chance for a winning season. Coach John Bottorff's boys were defeated, 43-34, giving them a 9-10 record. Bruce Lindvall led the losers with 12 tallies.

Next action for Culver is tonight in the Plymouth Sectional Tournament against Tyner at 7:00 p.m. Coach Gene Crosley's lads defeated the Redmen, 62-31, at Tyner on Nov. 15.

## Academy Sports

Culver Military Academy's winter sports teams finished off the 1964 season on a victorious note Saturday and already Academy athletes are looking ahead to spring.

Not 48 hours after the basketball team completed a losing season by walloping arch-rival St. John's Military Academy, the baseball team was already reporting to indoor drills. Actually, candidates for track and crew have been working out indoors for several weeks in preparation for the spring seasons in five sports beginning next month.

Finishing off the 1964 winter season Saturday were the basketball and wrestling teams. Of the two, the wrestling team was the most successful as it completed an 11-1 season by whipping Howe Military School, 37-11. The Eagle grapplers lost only to tough Logansport High School, perennial winners of the North Central Conference and second place finishers in its sectional. Additionally, Coach Colin Stetson's squad won its own invitational tournament among four teams and finished third in the keenly-contested Penn Invitational.

The basketball squad ended its season with a 6-12 record after

splitting last weekend's engagements. The Cadets were edged out in the final minutes against Northfield High School, Wabash, 60-55, and then had an easy time of it at Delafield, Wis., where they smacked St. John's 76-57. Paul Killian led the Culver scoring in both contests. The St. John's game was a costly one for Culver's Chip Vaughan, who had his arm broken in the final 32 seconds of the game as he finished out the contest with other seniors who were completing their Academy basketball careers.

Culver's rifle team was beaten by ROTC units from Purdue University and Notre Dame in a three-way match here Saturday. Purdue finished with a commendable score of 1409. Notre Dame was second with 1404, and Culver fired a 1381. Notre Dame's Steiner led the individual scorers with a score of 291.

The Academy will serve as host Saturday to the Midwestern Military Academies championship rifle match. Howe Military School comes into the championship as the favorite to win the title.

BIRD HAS TAIL LIGHT — The Hamilton County family of Ralph Lula Sr., has had an interesting bluejay hanging around its Carmel home for several months, the family has reported to Lowell Nussbaum, Indianapolis Star columnist. To distinguish the bird some youngsters put a small daub of red paint on its tail. Lula says the bird will only get chummy with his 5-year-old grandson, Ricky Contos, but will accept chocolate sundaes and sherbert from other members of the household.

## '64 Corvair Monza by Chevrolet

It's got a frisky new engine  
(that puts superior traction under you)

Ever see a Corvair wearing tire chains? Not likely.

And it's not often you'll find a Corvair owner bothering to switch over to snow tires either.

Why? Rear-engine traction. The engine weight over Corvair's rear wheels gives them remarkable gripping power without any assist from special winter driving paraphernalia.

Reassuring to know this of year — and also in the months to come when all that tidy white countryside turns into a melting pot that's likely to add to the misery.

Another thing about Corvair's engine: It's bigger this year.

Nearly 19 per cent more power in the standard version. Which is something you'll appreciate most any time of year, fair weather or foul.

You'll also appreciate *not* having to fool around with antifreeze. And *not* having to flush the radiator or fuss with hose connections. The engine's air cooled.

Matter of fact, we have a feeling that if more people knew what a cinch Corvair makes winter driving, there wouldn't be quite so many looking for excuses to duck South this time every year.

But then you never know. Corvair's a kick to drive in warm weather, too. Why not try one at your dealer's and decide for yourself?
