## Hats Off To Culver Indians, Coach Crosley!

By EARL D. MISHLER

Last Saturday's Culver triumph in the Plymouth Sectional ended a 16-year CHS dry spell in Sectional competition. It is very fitting that a group of boys like this year's Indians and a coach like Gene Crosley should be the ones to break the jinx.

In addition to their obvious abilities in athletics, Culver's representatives in next week's Elkhart Regional are the type of young men we can all be proud of. Their training for sports is perfect: not one of these guys would even dream of serious violations of training rules.

Seniors Sam Lowry and Paul White are perhaps the most satisfied of all the boys now, as they well remember the bitter task of defeat. These two suffered through two long losing seasons, always declaring that some day those victories would begin to come and this year they did.

Coach Crosley did a marvelous job in getting the most out of every player this year. It was a difficult job, because he had eight or nine boys who could all be "regulars" and who needed to play to stay effective. The hustle and spirit our guys showed throughout the year show the results of hard work and top-notch coaching.

In the Sectional, all ten boys who dressed, played in each game. Lowry was his usual brilliant self, hitting 60 points for the Tourney, and doing a good job on LaPaz's Jim Holland in the finale. Big Dave Lemar came into his own with 44 points and zillions of rebounds. Jim Boswell as usual quarterbacked the offense: not once did LaPaz's full court press result in a steal. White contributed his timely outside jumper, and Doug Lindvall reached a personal peak for the season with good scoring and rebounding despite infected feet. Ned Davis, who missed the Tyner game, came back Saturday to rebound well and excel defensively. Jim Lewis filled in very well against Argos when White got in foul trouble, and big Bob Eustis contributed, especially in that game. 6' 2" sophomore Andy Lowry made his Varsity debut by getting a bucket against Tyner, and seniors Tom Yocom and Bob Carter each got two points

## Assessors Meet Announce Rules And Changes

The Annual Assessors Meeting was held for all Trustees, Township Assessors and their deputies at the Marshall County Court House on Monday, Feb. 24.

County Assessor Thomas Langdon introduced the Officials from the State Board of Tax Commissioners who discussed the various forms and any change of procedures.

Basically the assessing this year will be the same as last year.

One important change will be the assessment of Service Men's cars regardless of whether the car is in Marshall County as of March 1, or with the service man stationed in another state. As County Assessor I disagree with the procedure of assessing the service men, but the State Board of Tax Commissioners has made this ruling and we can only follow their instructions.

Individuals who claim their residence in this county and are out of the county as of March 1 must be assessed on their personal property, particularly a car, even though their car has out of State plates or registration.

The tax payer is reminded of the penalty for failure to file personal property returns by May 15.

All tax exempt organizations, churches, lodges and non-profit making organizations must file a personal property schedule. Then they can file an exemption in the County Auditor's office to have this assessment removed.

(Continued on Page 11)

to make it unanimous.

This was truly a great team effort, and the Indians now hope to make a good showing at Elkhart.

Coach Crosley was ably assisted all year long by John Bortorff, who, like Crosley, was extremely popular with players and fans. Also deserving of recognition for the Sectional triumph were student managers Layne Zechiel, Mike Hansen, and Steve Bair; cheerleaders Martha McAllister, Lonni Darosei, Kathy Easterday, and Valerie Gunder; the entire pep block, and all Culver fans who backed them throughout the season.

## Culver Indians Capture Plymouth Sectional Crown; Face Elkhart

By EARL D. MISHLER

Coach Gene Crosley's Culver Indians simply avoided an upset last week and won the 1964 Plymouth Sectional Tourney with surprising ease. Their 65-54 victory over LaPaz in Saturday night's finale earned the Tribe the first CHS Sectional crown since 1948, and sent Culver now 18-5 into next Saturday's Elkhart Regional Tourney where we face the host team at 12:30 p.m.

Featuring balanced scoring and brilliant teamwork throughout the Tourney, Culver led nearly all the way in each game. They drubbed Tyner, 70-51, Wednesday, then eliminated Argos, 80-64, in Saturday's semi-final round. All ten Tribesmen who dressed saw action in every game.

Meanwhile, all the other top-rated teams — Bremen, Triton, and Rochester — found the upset jinx too much to cope with.

Triton 69, Bremen 62.

Triton's Trojans began Wednesday's action with a mild upset win over the Bremen Lions. After seeing a 12-point lead erased by a third quarter Bremen rally, Triton fought back to win behind clutch free throw shooting in the fourth quarter. The balanced Trojan attack was led by Joel Berger and Will Metheny with 17 and 15 points, while Buzz Anglin and Craig Roeder had 20 and 18 for the Lions, who bowed out with a 14-7 record.

Argos 54, West 50

Sparked by their two fine sophomore front-liners, Argos' Dragons gained a hotly-contested victory over the West Bulldogs. The loser's Ken Johnson took game honors with 21 points, but West missed 7 of 11 free throws and finished 6-13. Mark Warrick and Wade O'Dell, both sophs, had 17 and 11 for the Dragons.

Culver 70, Tyner 51.

Wednesday night the Tribe had little trouble with the Redmen, who bowed out with a 6-15 mark. Culver led 29-14 at half-time and played reserves most of the remainder. Sam Lowry hit 20 for the Indians, but Tyner's Dennis Burch took honors with 21.

Argos 64, Triton 49.

The flavor of the Tourney began to be tasted as Triton, heavy favorites, went down to a stunning 15-point loss at the hands of Argos. Junior guard Leland Cox hit six long buckets in the second quarter to lead the Dragons to a 28-26 half-time lead, and then Phil Hoskins and Charles Redinger led the second half surge to victory. Triton, eliminated with a 12-10 mark, was extremely cold from the field, although Berger got 14. Cox's 19 points and Redinger's 14 paced the winners.

LaPaz 54, Plymouth 50

LaPaz's two great stars, Don Baika and Jim Holland, paced the Vikings to a 54-50 win over defending champion, Plymouth, in Thursday's opener. Twelve of Baika's 23 points came in the final stanza. Holland added 17, which was matched by Plymouth's Mike Thomas. The Pilgrims ended their season 0-21.

Rochester 48, Richland Center 36

Preliminary action ended with a slow-down game Thursday night. Center's Wildcats scared the Zebras, but missed too many easy shots to make their slow-down offense effective. Sophomore guard Steve Norris was brilliant in a losing cause with 18 points. Rochester was led by Steve Coplen's 13. Center ended 9-11.

Culver 80, Argos 64

Semi-final action began Saturday with the best offensive game of the Tourney. Although looking lack-lustre at times, the Indians poured through enough points to win handily. Once again it was Lowry, whose 21 points topped the ledger, backed up by Dave Lemar's 17. Lemar once (Continued on Page 16)

# 1964-65 School Program Studied By School Board

Looking forward to plans for the educational program for Culver Community Schools for 1964-1965, school officials of the corporation have analyzed probable enrollments by grades and assignment of pupils to grade rooms and departmental sections. The school corporation is divided into two attendance districts, with Aubbeenaubsee School serving the pupils of that area, and Culver School including the pupils of North Bend and Union Townships.

Using the present enrollments of Culver School and the data from the school census cards, Superintendent Frank McLane has found that the anticipated enrollments by grades for Culver School in the fall of 1964 would be as follows: Grade 1, 85; Grade 2, 87; Grade 3, 87; Grade 4, 91; Grade 5, 80; Grade 6, 101. With nineteen elementary classrooms in operation as at present, the ratio of pupils to teacher would be 28 to a teacher. There will be three rooms for each grade except the sixth, for which four teachers will handle the departmental program.

Projected enrollments for Grades seven to twelve at Culver would be as follows: Grade 7, 72; Grade 8, 90; Grade 9, 78; Grade 10, 64; Grade 11, 71; Grade 12, 73. Three sections will be provided for each grade except the eighth grade, which would have four sections as this group has had as seventh graders this year. Sections for the six grades therefore would range from 21 to 26 in size. For the seventh grade the average size of three sections would be 24, and for the eighth grade it would be 23. These figures are based on the number of pupils now enrolled at Culver. If North Bend pupils now enrolled outside the corporation were included, the average number of pupils would be just over 25 per section for grades seven to twelve.

At Aubbeenaubsee School, enrollments by grades for 1964-1965 should be approximately as follows: Grade 1, 18; Grade 2, 23; Grade 3, 10; Grade 4, 21; Grade 5, 17; Grade 6, 17; Grade 7, 24; Grade 8, 25; Grade 9, 16; Grade 10, 19; Grade 11, 22; Grade 12, 12. The total enrollment thus would be 224.

Because of the fact that considerable comment was made at the public hearing before the State School Reorganization Commission about inadequacy of Culver facilities, local school officials have pointed out that the pupil-teacher ratios for all grades compare favorably with those of other school corporations in the area. While this is true at present, it is recognized that in the near future the school corporation should make provisions to operate a unified junior high school and a unified senior high school. Projecting enrollments to the 1967-1968 school term, Superintendent McLane has shown that enrollments by grades for such unified programs would be approximately as follows: Grade 7, 112; Grade 8, 97; Grade 9, 115; Grade 10, 93; Grade 11, 109; Grade 12, 89. The total enrollment for Grades 9 to 12 would be approximately 406. If such a unified high school were placed in a new building, the present high school building would be available for a unified departmental program for grades seven and eight plus the present departmental sixth grade program of the Culver School.

Since comment was made in the public hearing before the State School Reorganization Commission about the inability of a small high school such as Culver to offer an adequate foreign language program, Mr. Kenneth Cole, Culver High School principal, has presented in another news story an explanation of the French program available to high school students at Culver. In addition to this comprehensive program, there is available also a program in Latin I and Latin II.

With the establishment of the teacher salary schedule for next year having been completed on Monday evening by the Board of School Trustees, school officials will start at once to secure qualified replacements and additions for the teaching staffs for Aubbeenaubsee and Culver Schools.

## Ceylon Speaker At Grace Church Monday, March 9

Miss Ariam Paramasamy, principal of Uduvil Girls' English School in Ceylon, oldest girls' boarding school in Asia, will speak informally at Grace United Church of Christ, in Culver, on Monday, March 9, at 7:30 p.m., according to an announcement by Rev. H. W. Hohman, pastor of the church. The public is cordially invited to attend.

Miss Paramasamy is in this country for a brief speaking tour under auspices of the Council for Lay Life and Work of the United Church of Christ, a union of the Evangelical and Reformed Church and Congregational Christian Churches.

Born in Ceylon, she is a daughter of the late Professor Hudson Paramasamy of Jaffna College, a Christian convert in a family that is still largely Hindu.

She is a graduate of Women's Christian College in Madras, India, and had her professional training at Government School for Teachers at Colombo, Ceylon. In 1940 she was awarded a scholarship at Oberlin College, Oberlin, Ohio, where she received her Master's degree.

After six years on the teaching staff, she became principal of the Uduvil Girls' School, the first native to hold this position in its 139-year history. Previously, that post had been held by American missionaries, founders of the school, one of whom was Mrs. Myron Winslow, an ancestor of the late U.S. Secretary of State, John Foster Dulles.

In recognition of outstanding work as an educator, Miss Paramasamy was named to the Ceylon government's Central Advisory Council on Education. She is also a prominent lay leader of the church.

## Peggy Herr Is Semi-Finalist In French Program

MRS. VIRGINIA SMITH and PEGGY HERR

The accompanying picture shows Miss Peggy Herr, a Culver High School French III student, being presented an official announcement that she is a semi-finalist in the Indiana University Honors French program. Mrs. A. Coke (Virginia) Smith, who is in charge of Culver High School's audio-lingual French program, is shown making the presentation.

Miss Herr now has an opportunity to study French abroad for nine weeks during the summer of 1964.

The Indiana University Honors Program conducts intensive language learning sessions abroad in French, German, and Spanish for selected advanced students from cooperating Indiana high schools. Culver Community High School became a participant this year when they put French IV in their 1964-65 curriculum.

The Honors Program for high school students has been in existence for three years, during which time 138 honors students from Indiana have experienced language learning in the land where the language is the native tongue. In the summer of 1964 100 more students will study in France, Germany, and Mexico.

This program is made possible by a grant from the Carnegie Corporation of New York, the Columbus School Foundation of Columbus, Ind., and by local donors whenever a particular community has a winner who is in need of financial assistance.

In the fall of 1961 (three years ago) the Culver Community High School began teaching French in the 9th grade. Today CHS has some 90 students studying French in levels I, II, and III.

In the fall of 1964 it is expected that the number of students enrolled in the total Culver High School French program will exceed 125.

Culver is one of the few small towns in Indiana enrolled in the I.U. Honors Program for high school students. Perhaps the reason for this is that not too many small towns are forward-looking enough to insist that a four-year language program be offered their high school students. The Town of Culver, as a member of the Indiana Honors Program, has joined the leading cities and towns of our state and country who are actively expressing their faith in our youth to achieve so-

lutions to world and local problems by giving their youth the education necessary to deal with those problems in their changing world.

## Cub Pack 290 Holds Blue and Gold Banquet

Members of the Methodist Church Cub Scout Pack 290 and their families enjoyed a Blue and Gold Banquet last Tuesday evening in the Fellowship Hall. The tables were decorated in gold and blue with cakes in the same colors as centerpieces.

Guests included Mr. and Mrs. Sam Allen and Mr. Bill Helper with the Explorers of Plymouth Post 200. Rev. Sorenson opened the meeting with prayer.

Committee chairman Stanley Prouty thanked the officers and parents for their cooperation during the year. He announced the forming of two new dens consisting of 13 new Cubs. Mrs. John A. Cleveland and Mrs. Lyman Craft are the new den mothers.

Cubmaster James McComb presented bobcat pins to Robert Craft, Peter Cleveland and Martin McCombs. Cubs who earned recognition were Jack Campbell and Lynn Flora, bear awards; Mike Bocock, Kent Lucas, Robert Bean and Bruce Snyder, lion awards.

The special feature of the program was the presentation of Indian dances by Explorers of Post 200. Their advisor, Bill Helper, told some interesting Indian stories while introducing the dancers.

The Webelos den conducted the closing ceremony by leading the Pack in singing the Cub Scout song, "Good Night Cub Scouts."

Don't forget the special Pine-wood Derby race rally to be held on March 16 at 7:30 in the Fellowship Hall of the Methodist Church.

## Roving Reporter

By Pat Ogden and Cindy Kemple  
This week the students of Culver High were asked that old question, "What do you want to be when you grow up, and why?" There were many answers given as you will soon see.

Linda Shock: Tall!! So I can wear minis and elbow length gloves without looking like an overstuffed teddy bear!

Tina Teach: A psychologist. So I can psycho-analyze some people I know. For instance — Elaine Epley!

Westley Huffer: A ship captain, because they get good wages, a quiet life, and lots of fun.

Elvira Briones: A traveler to foreign countries.

Anonymous: A "BEATLE" because they make a lot money and they're neat-o!

Jane Ives: I want to get a college education at Hanover.

Cathy Carrothers: I plan to go to college, but I'm not sure yet what I will study.

Sharon Norris: Be an elementary music teacher because I like music and children.

Sheryl Welsh: We'd better wait and see if I graduate from high school first!

Patty Overmyer: I want to be a race car driver because it's so exciting! (Just kidding)

Brenda McAllister: I want to go to a technical college, after that a law school and become a lawyer.

Diane Davis: I want to go to the U. School of Music.

Danny Scott: I want to buy a car and drive all over the U.S.A.

Betty Ricciardi: I want to teach languages. I enjoy reading and speaking French, and I would like to work with others who want to learn.

Bob Eustis: Alive! Guess why?

Patsy Huffer: Ask me this a few years from now.

Alan Hyland: Myself!

Gary Wallen: A playboy, because I think it would be fun.

Patty Wentzel: An elementary teacher because I like to work with young children.

Dennis Schnicke: Ask someone who knows me. They know!

Pam Welsh: Alive — ordinary reasons.

Linda Baker: Garbage man. (Guess she likes garbage!?)

John Krieg: A MAN!

Peggy Herr: I want to be an adult. That is the common trend in life.

Kay Thomas: I want to be a teacher so I can assign my students a zillion hours of homework a night and a term paper and a book report due in the same week!

Chip Wallstead: For one thing, I want to be taller than John Milner. Just look at the little teller and you'll know why!

Dave Lemar: I want to be a teacher because I believe I'm an expert on psychology and teachers.

Doug Kosterman: I want to go to college, and if I don't make it, join the Air Force.

Joan Dillon: Undoubtedly I'll attend college; preferably one with no more required chemistry.

Gary Burkett: A fighter. Why? Because I just like to fight.

Claudia DePoy: A house wife, because I like to keep house.

Anonymous: A human being, because I hate creatures.

Janet Zechiel: Something alive, because I wouldn't like to be dead.

Anonymous: I want to be dead, because then I can rest in peace and quiet — it's an easy life.

Ellen Wallace: Anything, because I don't know what, as yet, I want to be.

Pat Seslar: I want to be rich, because I like money. But more than that, I like to spend it.

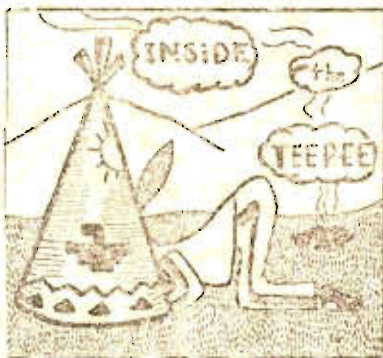

Robie Hall: A husband, because I like females!

Cindy Ruhnow: Don't know, and won't know for sure until I get there.

Wanda Warren: I don't know, but it's a good question and I'll be thinking on it.

Valerie Gunder: I plan to become a beauty operator. Although from the looks of my hair, you wouldn't know it.

Doug Lindvall: I want to be a coach so when the players stay out ten minutes after curfew, I can make them run 30 laps each night and sit on the sidelines and laugh at them like Mr. Crosley does to me.

Bulletin: By the time this edition of the Culver Windbags is published, we hope Culver is "merrily on its way" to the Regional.

The "Birds" have invaded! At the journey whooping cranes landed. Sorry, Pep Block, we liked your war whoops.

Come with us for a walk down Broadway. Culver windows flashed with a brilliance of color as the Braves and Maidens built up their courage for the big games.

Mm-mm . . . What kind of reward could we girls give the team for such a wonderful season? It seems that Ned Davis started collecting his reward early . . . First, Wanda has tonsillitis, then the week of the sectional . . . funniest thing! Wanda says it was Ned's fault.

Boo-hoo, sniff, sob . . . We are all sorry the Seniors won't be playing on the home floor any more, but we sure did appreciate their last game.

Talking about our last game, Mike Eustis must have had some swingin' lessons in "Oklahoma Hello's". We're sure everyone enjoyed the finale to the band show — especially Mike and Suzy!

We (the juniors) have a complaint to make — we don't think teachers should expect us to participate in class after we stayed up all night the night before. We all breathed a sigh of relief and tossed our term papers on the teachers' desks. Thank goodness it's all over.

Culver had a panic! Last Saturday night all the light bulbs disappeared at Cindy Lemar's party. Who on earth would do a thing like that? The Busybody's Club of Culver seems to think Larry Washburn was the culprit. Did you have fun?

Itsy-bitsy, tenny weeny, yellow polka-dot bikini . . . Is that what it looks like, Lucy? Bob says, "It's all different colors!"

Kay, we hope you find the lenses from your glasses before next fall. Culver would hate to have a Tomahawk with a cover on backwards! Congratulations!

It must be nice to have boys looking for you for four and a half hours, Carolyn. Not too many girls get away with that. We hope you have better luck getting together next time.

All the students of Culver wish Miss McCoy, the new English teacher, lots of luck, but we would also like to say a very sad farewell to Mrs. Kline.

Now that the "Beatles" have gone back to England, we hope the team concentrates more on their playing than on their singing (trying to imitate you-know-who). We hope they have proved Doc Fod wrong!

We sign off now to get some sleep!

## Ideal Fans

By Jane Ives and Donna Rogers  
Dear Sports Fans:

The 1963-64 basketball season is drawing to a close and all of our braves and maidens are anxiously awaiting the playoffs and the opening of the track and baseball seasons. Our boys have done excellent this year not only in their sportsmanship. They have been careful not to let bad manners creep into their play.

But, does sportsmanship end with the players? We think not. We believe that every fan has an obligation not only to himself but to his team and his school, and that obligation is good sportsmanship.

Stop and think a minute. What, in your estimation, makes a good fan?

Answer the following questions truthfully, and see if you can make any improvements in your ability to be a good fan.

1. Do you always treat the other team with respect?

2. Do you refrain from loud booing and other discourteous remarks?

3. Do you always make fans from other schools feel welcome?

4. When you leave other schools, do you leave a good impression of Culver fans?

5. Do you always give your team your full support?

6. Do you know how to lose, as well as win, graciously?

If you have answered "yes" to all of these questions, we congratulate you! You display all the qualities of a good fan. This,

## Band Presents Program

By Pam Fish

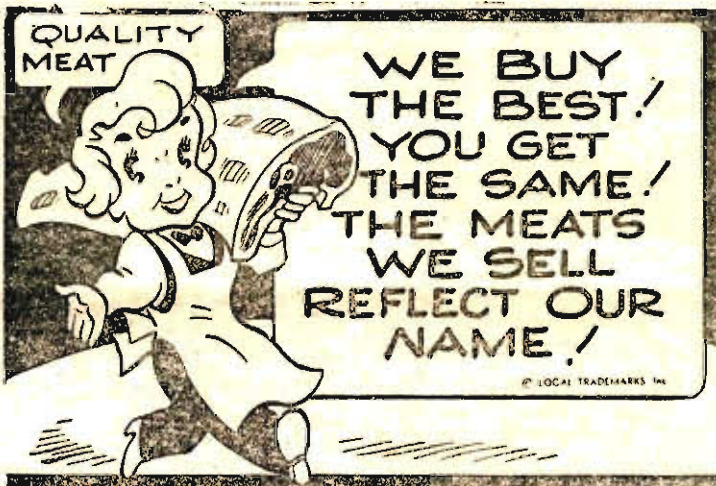

When the Culver students returned from State Music Contest, which was held in Indianapolis, they had received one first rating, two seconds, and one third. A flute duet, Lucy Osborn and Sue Cole, was awarded the first. Mary Norris, playing an alto sax solo, and a flute trio consisting of Jeanne Adams, Sue Cole and Carolyn Snyder, won second place medals. Sharon Norris received a third rating for her piano solo.

Friday, Feb. 21, at the half of the Culver vs. Montone varsity ball game, the senior band presented a show, their version of "Goldilocks and the Three Bears." Papa Bear, David Frain,

however, does not mean that your obligation ends here. There are many people who could not answer "yes" to any of these questions. You can be of great help to these people by always setting a good example for them to follow and by reminding them occasionally, when their bad manners begin to show, that they are a personal representative of their school.

Those of you who did answer "no" to even one of the above questions needs to do a little improving. Good fans are as necessary to their school as are the athletes.

Let's get out there and make our team as proud of us as we are proud of them.

## Grade School News

By Nora Sheppard and Sharon McDonald

**Kindergarten** — Mrs. Melton: Last week the kindergarten class colored paper bags to be used as their mail boxes. The teacher gave prizes to Kathy Deane of the morning group and Jodi Owen of the afternoon group for having the best colored design on their sacks.

The students have just finished their alphabet books and have started on their number books. In order to keep up with the new days, the children made pictures of Washington and Lincoln, and they also played some records about their lives.

Several children have been absent from classes because of measles, virus, and chicken pox, but most of them have returned to school. Daniel Hatten of the morning group and Laura McKay of the afternoon group furnished their classes with valentine treats. James Ruby, Geneva Cooy, and Sandy Wakefield had birthday parties last week.

**First Grade** — Mrs. Barton: The first grade's valentine party last week was a big success. Howie Babcock brought a valentine cake and Danny Osborn brought cookies. Danny Howard brought cupcakes in the shape of a heart. Now the students are adding pictures and stories about George Washington to their history folders. In our reading class, we are reading The Cherry Street book. Stephen Snyder had a birthday and treated the class to candy.

**Mrs. McLane:** In our class Bruce Osborn celebrated his seventh birthday by having a party on Feb. 21.

**Third grade** — Mrs. Mishler: In our English class we are writing short poems and nonsense rhymes. Each student in the class had to write a rhyme. Some of the poems have been submitted below.

### "Myself"

My name is Mei,  
I'm straight and tall,  
And then I tell,  
And now I'm small.  
Mel Thomas

### "March Fun"

March comes, March goes,  
March is after the snow.  
Soooo let's have fun,  
Flying kites while we run.  
Mitch Thomas

### "The Buffalo"

Joe, Joe, broke his toe,  
Riding on a buffalo.  
The buffalo died,  
Joe-Joe cried,  
'cause he couldn't have a buffalo ride.  
Virginia Napier

### "Rain"

Rain in summer helps keep us cool,  
Rain in fall when we start to school,  
Rain in winter can bring us lots of snow,  
Rain in spring helps flowers grow.  
Doug Snyder

**Third grade** — Miss Henning: Miss Henning's English class has been learning the techniques of story writing. The following stories are about an elephant and her baby, Tiny. The pictures were in the reading book and the students wrote a story about the pictures.

### Tiny Gets A Spanking

One summer day it was very hot and Tiny wanted a drink of water. He saw a big tub of water. Then he got his trunk full of water and squirted it right in his mother's face. She got angry and said to Tiny, "Stoop over and I will give you a surprise." Then he got a spanking.

### Sue Kresh

### A Spanking For Baby

A mother elephant and her baby were playing in the grass one hot summer day. Tiny said, "I want a drink of water." Tiny and mother went to the tub. Tiny filled his little trunk with water and sprayed it in Mama's face. Tiny had to be spanked for being a bad boy.

### Karen Dollahan

### Don't Do Bad Tricks

"It's a fine day to play some tricks," said Tiny. "I think I'll play a few on Mom." But mom

was just about to take a nap, so he found her and blew into her ear. She did nothing. Then he blew again. After five blows, she got up and went to her water bucket. Tiny followed her, because he had another idea. He was going to blow some water into his mother's face. So then he did it. He blew straight into her face, too. Now Mrs. Jumbo did not like that.

"Tiny, come here now! I want to give you a surprise," said Mrs. Jumbo. "Lean over and close your eyes." So Tiny did that. Before you know it he got a spanking.

### John Meillon

### Naughty, Naughty Tiny

On day Jumbo took a nap. While she was taking her nap she heard Tiny playing in the water. She got up to see what was going on. When she got up, Tiny squirted her in the face with water. Jumbo got angry and told Tiny to bend over on her hands and knees. Jumbo lifted her trunk and spanked him.

### Jim Schlach

**Third grade** — Mrs. Carter: Mrs. Carter's social studies class is naming the different workers in this community. Some children have more than 100. Lisa Neidlinger had 119 workers. Diane Breitharth spent the weekend in Chicago with her grandmother. Ruth Ann Zehner is ill and has been absent for a week. Gary Butler celebrated his birthday last Sunday by having a birthday party. Mrs. Carter's class is also learning how to arrange alphabetically according to the second letter.

**Fourth grade** — Mr. Horban: In Mr. Horban's room Melvin Walters and David Herr have started an experiment with two plants. They are going to show the class the value of light for a plant's growth. Bradley Bennett joined the honor roll for good writers. There are now seven children on the honor roll.

**Fourth grade** — Mrs. Keller: Robert Marton celebrated his tenth birthday on Feb. 18 by having a party in the room. He treated everyone to milk, cookies, and candy bars. Winners of the fourth spelling match were: Josephine Richardson, Pamela Hartz, Tim Overmyer, Douglas George, Bruce Snyder, and Susan Napier. We have just completed the food charts showing the four food groups. In arithmetic we are subtracting thousands.

## Club News

By Gloria Baker

The Hi-Y boys are planning a trip to the Science and Industry Museum in Chicago and afterwards eating, but as yet nothing is final.

The Sunshine Society is in the process of planning for their mother's tea. Several committees have met and we're hoping it will be successful and enjoyable for all.

At the last ball game the Sunshine girls passed a blanket around for donations for the Crippled Children's Riley Fund and they brought in the sum total of \$37.

It's tourney time again and the Pep Club is really ready for this event. The boys in the block are wearing hats while the front row consists of Senior girls in their cords and black sweaters, also the block has an "I" going up the middle for Indiana. The Block has 165 in it this year and their spreading spirit for 300. As you have probably noticed the up town windows are decorated also with flashy colors. If Culver keeps this up we'll be seeing you in Elkhart!!!

## Teacher Interview

By Karen DeWitt and Lois Newcomb

Mrs. Arthur Hughes, an English teacher at Culver High, is one of the seventh grade sponsors. Mrs. Hughes, a native of Greenley, Colo., graduated from high school in Pontiac, Mich., attended Eastern Michigan University. While living in Culver for the past 20 years, Mrs. Hughes has raised four children, three girls and a boy. Each of her daughters has already graduated from high school. One is married and working on her Mas-

ters Degree; a second is training to be a nurse in the Peace Corp. and her youngest daughter is a freshman at Ball State. Her son is in the sixth grade here at Culver.

In Mrs. Hughes' opinion, Culver has a well organized school. She believes the students are well disciplined, cooperative, and eager to learn.

One of Mrs. Hughes' pet peeves is gum chewing. Her hobbies are: flower gardening, golf and swimming. Mrs. Hughes' three favorite television programs are: The Richard Boone Show, Camera Three, and One of a Kind.

We now know what Mrs. Hughes thinks of the students and their school, so be considerate of her and don't chew gum in any of her classes.

## Seniors Anxiously Await Trip

The senior class is glad to announce that there are only 18 days until they leave on their senior trip. They have picked their roommates and are all anxiously awaiting that glorious day.

The planning committee for the Junior Ham Supper has met and decided on some of the details for the supper. This committee consisted of Peggy Herr, Kay Thomas, Paul Lette, Jim Weirick, Joan Dillon, Kathy Easterday, Barbara Overmyer, Jane Ives, and each of their mothers. Mr. and Mrs. Cole, Miss Shanks, Mr. Dillman, and Mrs. Lawson, Chairmen for the following committees were chosen: washing and drying dishes, rolls and butter, ham, potatoes, green beans, coffee, and pies. The supper is to be held March 14 in the Culver Community Building from 5:30 p.m. to 7:30 p.m. The menu will be baked ham, scalloped potatoes, green beans, perfection salad, hot buttered rolls, pickles, pie, and coffee or milk.

## Academy Sports

Howe Military School will go after its second important rifle championship here this weekend when it defends its Indiana State Junior title in a National Rifle Association-sponsored match against 10 other teams at Culver Military Academy.

The Academy will be host to Howe and other top-flight rifle teams in the state championship match 7 to 9 p.m. Friday and then continuing on from 9 a.m. to 6 p.m. Saturday. Howe won the overall team championship last year and one of its marksmen, Jeff Kline, took the aggregate individual title. Kline has graduated, however, and a new group of Howe shooters will attempt to win the honors for the second time in succession.

Howe, in the throes of one of its finest seasons in rifle competition, warmed up for the Indiana State match here last Saturday when it won the annual Midwestern Academies championship. And while Howe was the odds-on favorite to walk away with the Obenau Trophy, it did so by the skin of its teeth — or, in the language of marksmen, by a single shot. Howe finished the match with an overall score of 1500 points, and Culver missed scoring an upset by a lone shot as the Eagles finished with a score of 1499.

Other teams and their scores were: Marmion Military Academy, Aurora, Ill., 1495; St. John's Military Academy, Delafield, Wis., 1491; and Northwestern Military Academy, Chicago, 1415.

Individual titles in the Midwestern match went to Scott Kayser, St. John's, who fired a 387 for high aggregate; Robert

Thompson, Howe, who turned in a 100x9 in the prone position; David Peck, Culver, who fired a 100x5 and then had to break a tie with a teammate for the sitting position title; Harris Howland, Howe, whose 99 won the kneeling title; and Hugh Schlenk, Marmion, who scored a 93 in the standing competition and had to break with St. John's Kayser.

No one can blame Culver Military Academy track coach David Burke if he walks around flexing his muscles.

Burke's track team opened its indoor season Saturday afternoon in what was originally billed as a triangular meet against Montpelier High School of Ohio and DePaul Academy of Chicago. But just prior to the meet, it was learned that a National Federation ruling prohibits its inter-state athletic competition among two or more teams without prior approval.

It was too late to gain approval, so Burke split his track team and ran it against Montpelier and DePaul individually as dual meets. Some of the Culver trackmen ran in as many as four events, but an indication of how powerful Burke's cadet team may be this year was found in the final result of the "two" meets. The Academy smacked Montpelier 64-41 and then walloped DePaul, 69-39.

The big winner of the day was Culver's John Gillespie, DeKalb,

Ill., who came off with first places in the high and low hurdles, the 40-yard dash, and the 220. Football and wrestling ace Chris Hinkle, Little Rock, Ark., also a top indoor track star, tied with teammate Jim Jones in the high jump against Montpelier, and then turned on the steam against DePaul to win the high and low hurdles.

The Academy has indoor meets against Hobart High School (Tuesday) and Fort Wayne North Side here at 7 p.m. Saturday.

**WINS BY 2 FEET** — While the Purdue basketball team was in Wake Forest, N.C., for a game with Wake Forest College, teammates of George Grams, the Boilermakers' 7 foot, 235 pound center, spotted a huge pair of shoes in a store window with a sign stating they would be given free to anyone who could wear them. The Purdue players persuaded Grams to go to the store and try them on. They were a perfect fit for his size 18 feet and he came back to West Lafayette with a new pair of shoes.

# Space Rocket To Be Displayed At South Bend

"A giant THOR-ABLE space rocket, towering six stories high, will be displayed by the Air Force to area residents this week in South Bend," it was announced by Lt. Colonel Everett E. Blakley, USAF. He noted, "This is the first exhibition of its kind within the regional area, and a special Air Force team will answer spectators' questions."

Colonel Blakley said that a temporary "launch-site" for the display of the THOR-ABLE will be in a blocked-off section of South Bend's downtown area. The rocket will be on display this Friday through Monday, March 6-9.

"The THOR-ABLE is known as the 'Space-Age Workhorse'," Colonel Blakley said, "and is used by NASA in research for space probes and for placing satellites into orbit around the Sun, Moon and Earth." The nose cone to be exhibited is a replica of the one used in lunar probe flights.

The six-story tall THOR has a jam-proof inertial guidance system and travels at 15 times the

speed of sound. It is powered by alliquid fuel engine which develops 165,000 pounds of thrust. Combined with Vanguard missiles for the second and third stages, the THOR-ABLE thrust the Pioneer payload more than 70,000 miles into space.

Colonel Blakley noted that this exhibit should interest citizens, including school students, who would like to get a close-up look at a rocket-age wonder. Space and rocket enthusiasts will have a field day inspecting the huge missile on its "launch pad".

GREAT LAKES, ILL. — Marion P. Warner, 22, son of Mrs. Bernard L. Engle of Route 2, Culver, completed basic training Feb. 7 at the Naval Training Center, Great Lakes, Ill.

The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

During the training recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical training or to ships and stations for on-the-job training in a Navy rating specialty.

Naval training produces the power in seapower by supplying qualified personnel to man the ships, planes, and shore stations of today's Navy.

## Vernon Easterday, CHS Grad, Retires From NIPSCO

Retirement this spring, May 1, 1964, of Vernon I. Easterday, formerly of Culver, as manager of Northern Indiana Public Service Company's general engineering department was announced today by Dean H. Mitchell, NIPSCO chairman and president.

Easterday, who has held his present position since 1949, will be completing more than 40 years of continuous service with NIPSCO.

In announcing the retirement, Mitchell paid tribute to Vern's many years of loyal service to the utility and its customers, and the contributions he has made to the growth of the company.

Easterday began his NIPSCO career in 1923 as an assistant substation foreman in the utility's Hammond district. A year later he was moved up to foreman, and in 1930 he was appointed substation engineer.

In 1934 he was made a substation and underground electric transmission and distribution engineer, and appointed an engineer of substations in the company's general engineering department in 1943. He was promoted to engineering supervisor in 1944 and to mechanical and

electrical engineer in 1949.

A year later he was named manager of general engineering, his present position.

Vern plans to stay just as busy in retirement as he is with NIPSCO. Although he and his wife, Mavera, will maintain their home in Hammond, they plan to continue their traveling interests with trips to Florida, Arizona and the West Coast to visit friends and relatives.

"Of course, there'll be plenty of time for fishing in Wisconsin and Minnesota," Vern asserts, "and a large stock of semi-precious stones will keep my hobby of stone cutting and polishing going for a while. And if this isn't enough, I can always fall back on my musical interests."

Born and raised in Culver, Easterday graduated from Culver High School and attended Chicago Technical College.

A licensed professional engineer, he is a member of the Hammond Chamber of Commerce, the American Institute of Electrical Engineers, and belongs to the Catholic Order of Foresters and the Holy Name Society.

The Easterdays live at 6413 Van Buren Avenue in Hammond and attend St. Joseph's Church.

## THE LAKE WATER

By Bob Kyle

A LOT OF WHOLESOME fun can come out of an otherwise dull town board meeting and that is what happened Monday night.

The first order of business was the Kowatch-Bennett beauty salon removal to new zoned quarters. Whether it was or wasn't legal according to Inspector Carter was never quite settled.

C. W. Epley wishes to build a two-story dwelling in a new zoned area and it wasn't acted upon by the town board because the application must be acted on by zoning board first.

Fire Chief David Burns reported that with the cooperation of the State Fire Marshal that the area including Julius's junk yard, which has stood in the center of town for half a century will be ordered evacuated.

Filing cabinets for Clerk-Treasurer Ruth Lennen's home use was discussed and it was determined that Harry Winkler and Kath Lennen inspect some that came from Kingsbury and could be acquired for a song and dance. At least records would be in fire-resistant cabinets and not in shoe boxes.

Mrs. Nellie Jackson digressed at considerable and entertaining length on the mud-hole in front of her house and it was agreed that something should be done about it.

This is the most interesting town board ever in Culver. They are at least straining for harmony.

DESPITE PLEASURE BOATING, water skiing and just loitering around, Lake Maxinkuckee is still a fishing lake and has been since the days of the Pottawatomies. Along comes Cary Cummins, perhaps the most observant and at least the most articulate fisherman on the lake and adds to what appeared in The Citizen last week regarding the near-record walleye caught on bluegill tackle through the ice.

"I have a little black book in which I keep all the fishing news of Lake Maxinkuckee since 1922," Cary writes.

"In 1947 a local businessman caught a ten pound, one ounce walleye. In 1963 a 9 3/4 pounder was taken by an Argos fisherman. These records are understandably unofficial but accurate.

"Walleyes do reproduce in our lake. The last time they were stocked was in the early '50s. Last year walleyes ranging from 3/4 to one pound were caught, proving they do spawn here.

"Walleyes are of the perch family and spawn as do their cousins the ring or yellow perch. In March or at a water temperature of 38 to 40 degrees. They, like the perch are cannibalistic, as they eat as many of their young as they can catch.

"The Northern walleye run upstream to spawn and then return to the lakes. Their young are not eaten, therefore we find more walleyes in lakes with large inlets.

OUR PUBLIC LIBRARY is in particularly able management hands. The February meeting report shows.

President Jesse Sims remarked that the financial position was the best that he had ever known at this time of year, following Treasurer Peter Trone's report. So good was the cash balance that the board voted to buy a badly needed new transistor film projector for \$650 and credit trade-in of \$200.

That the library is coming into much better use by the community was evident that in January 2,493 books were checked out, an average per day of 93; the number of volumes on hand has risen to 9,906; number of readers 1,371; number of films shown 138; number of viewers, 4,049 for a total of patrons for the month service, 24,750. This was reported to the board by Librarian Mary Jane Scruggs. A truly remarkable record and much is due to Mrs. Scruggs and her assistant, Mrs. Sanford Snyder, who are really working at it.

Treasurer Trone also reported that in rating among the 246 public libraries in Indiana that Culver-Union Township was 149 last year, 117 total income, 51 income per capita, 132 salaries, 95 in expense for books, 170 in volumes, 113 circulation and 81 in hours open.

Librarian Scruggs reported that Assistant Town Marshal Veri McFeely, in the absence of Marshal Mikesell, who is on vacation, is rounding up delinquent book holders and collecting delinquent back rentals as well as the books.

One father was reported as tearing up a paper back "western" book because he said it wasn't fit reading for his son and then refused to pay 35 cents for it. No doubt the intrepid McFeely has called on him also by now.

THE CHAMBER OF COMMERCE met at the Inn Monday noon with 22 members present and President Earl Dean Overmyer presiding. Mrs. Stanley Piecuch, being the only woman, was an honored guest because one of her husband have taken over the Three Sisters Restaurant. Mr. Piecuch is a machine tool designer and Mrs. Piecuch has worked at both The Inn and the Three Sisters in late years learning "the business". They are a fine family with sons in the Academy and we know will be an asset to the community and operate a fine restaurant. They live in the Medland house on Hawk's Lake.

Don Trone pleaded for anyone to furnish late pictures of the lake environs for the new directory and special events supplement, which he hopes to combine in one booklet and save a lot in printing.

James Bonine was appointed membership chairman and Andrew Verron, retailers chairman, by President Overmyer.

Culver Community Schools Superintendent Frank McLane explained the Culver-Aubbeenaubee-North Bend school setup in a most lucid manner and everyone seemed satisfied that it was the best solution to a most perplexing problem. There is no other answer, McLane emphasized, it isn't perfect, he emphasized, but for the time being we must live with it, until the state reorganization committee deems otherwise.

SCOOPING SOCIETY — Listen for wedding bells in the Lake Water neighborhood March 27. This charming bride-to-be has the customary privilege of announcing her own wedding plans, so we respect her. . . . Irv Nelson played golf in the Seniors' Golf Tournament at Palm Beach Gardens, Fla., which Sam Sneed won. Irv's two rounds netted \$4-\$5-149. . . . Ben Oberlin writes from Fort Myers, Fla., that they are enjoying lovely weather. He and Mrs. Oberlin have just returned there from six weeks in Texas, visiting their two daughters and families. Audrey and family are transferred to Japan where Col. Kitchen will be stationed. . . . Wayne Menser is now assistant to Harold Young at CHA warehouse. . . . What ever happened to the Jaycees elaborate survey of the local situation? . . . Mrs. Maggie Dean, who owns

two properties on Lake Street is angling for another. She intends using the lots around the old Harve McFeely property for a playground for neighborhood children.

SIGNS OF SPRING: Saw a catbird among the blue jays which usually come weeks later. . . . Crocuses in bloom in southern exposures. . . . Grape pruning. . . . Lake Water, without hokus-pokus, predicts an early Spring based on study of weather records of past 15 years.

The Bible Lesson at Christian  
Science churches this Sunday will  
explore the question from Psalms  
(8:3), "What is man, that thou  
art mindful of him?"

Golden Text: "God created  
man in his own image, in the  
image of God created he him"  
(Genesis 1:27).

One of the major themes will  
be these lines from "Science and  
Health with Key to the Scrip-  
tures" by Mary Baker Eddy:  
"The understanding of his spiri-  
tual individuality makes man  
more real, more formidable in  
truth, and enables him to con-  
quer sin, disease, and death"  
(p. 317).

## THE WEATHER

The good thing about the seasons is that all we have to do is wait. We  
may not like the weather we have now, but something different will come  
soon. We experience a great variety of weather in a dozen months.

It's a great consolation to have this mighty spectacle of spring and  
autumn, sun and rain, day and night continually unfold around us.

It's the dependable rhythm of nature, the ebb and flow of seasons, the  
beauty of earth and sky, which give our lives a firm ground tone.

But Christianity is not a nature religion. It finds the revelation of God  
in nature alone but even more in human personality — our own, as the  
children of God, and supremely in Jesus as the Son of God.

That is why it is necessary for us to become an important part of His  
Church.

We can get in the mood to understand the presence of God when we  
experience the quietness of the woodlands or hear waves breaking against  
the cliffs, or look heavenward at the billowing clouds. But, it is not enough  
to get in a mood. We must join in the communion and fellowship  
of other believers in order to obtain our purpose and faith.

Come, let us go into the House of the Lord. . .

## Mt. Hope

By Mrs. Guy B. Davis  
Phone TRinity 1-2765

There will be preaching services next Sunday following Sunday School.

Mr. and Mrs. Guy Davis returned home Monday evening from a three-week vacation trip in Florida. While there they were visitors in the home of their uncle, Alvin Cowen, in Gainesville. George Cowen of near Argos has spent the winter with his brother and will return home shortly. They also called on Mrs. Carrie Cowen and Mr. and Mrs. Josh Fields who has spent the winter at a lake nearby. They called on Mr. and Mrs. Wilbur Kelso in their lovely new home near Sebring. They attended the Argos-Florida annual get-together on Saturday, Feb. 22, at North Fort Myers; 42 Hoosiers attended this jolly occasion. Among those attending from this area were: Mr. and Mrs. Whitney Kline; Mr. and Mrs. Norman Davis, Mr. and Mrs. Don Nelson, Mr. and Mrs. William Lake, Mr. and Mrs. Alva Thompson, Mr. and Mrs. Forrest Benedict, Mr. and Mrs. Jay Krier, Mr. and Mrs. Andy Leffert, Mr. and Mrs. Calvin Fenstermaker. En route home Mr. and Mrs. Davis visited with their aunt, Della Beasley at the Methodist Home in Franklin, Ind. and were callers in the Gus Shumaker home in Indianapolis.

Mr. and Mrs. Robert Kline are also on an extensive vacation trip through the southern states ending in Dallas, Texas, where they will attend the annual meeting of the Rural Electric Association

held next week. Mr. and Mrs. Paul E. Winn will leave shortly to also attend the meeting.

Mr. and Mrs. Jim Kline are living in the home of her parents during their absence. Jim and Nancy have been teaching in the North Judson school since their return from completing their college work at New Mexico Western College, Silver City, N. Mex.

## Culver Girl Scouts Will Celebrate Girl Scout Week

The Girl Scout Birthday on March 12 is the anniversary of the day when Juliette Low held the first meeting of Girl Scouts of Savannah, Georgia, in 1912. Girl Scouts all over the country celebrate this birthday during Girl Scout Week, March 8-14, by showing their community some of the things Girl Scouts do. Northern Indiana Council Girl Scouts have planned observances for each of the four counties. Counties included in this council are LaPorte, St. Joseph, Starke and Marshall.

Heading the planning for Culver Girl Scout activity during this week is Mrs. Jack B. Spencer. Culver Girl Scouts will wear their uniforms on the Birthday of Girl Scouting. Window display of projects completed by the Scouts will be in the Spencer Plumbing and Heating store window. The girls will also attend church in a body during Girl Scout Week.

again performed his yeoman chores under the boards. Sophs O'Dell and Warriek were again outstanding for the Dragons, whose final mark was 5-18.

LaPaz 56, Rochester 53  
The upset bug hit again as LaPaz surged in the final quarter again behind Holland and Balka. This time Holland led all scorers with 25 points, with Balka adding 18. Rochester bowed out with an 11-11 mark.

Culver 65, LaPaz 54.  
Thus the stage was set for the title tilt between two friendly county rivals, Culver and LaPaz. Coach Crosley's lads proved that a good team effort can overcome two great stars. Despite Balka's 18 and Holland's 16, the Indians' balance paid off. Once again Lowry and Lemar led the attack with 19 and 17 points. Holland and Balka accounted for 117 points, all but 47 of LaPaz's total in those games.

Culver outscored the Vikes in every period, as they steadily increased the margin throughout. LaPaz' record is 13-10.

Just a note of warning to Doc Fod: The CITIZEN'S predictions were correct on 7 out of 9 games for a brilliant 78 per cent. Doc, you can be replaced!
