TEN CENTS

**... It Must Be
THE LAKE
WATER**
By Bob Kyle

THERE'S A NEW SPIRIT in Culver and it isn't generated by new industry, the living costs or anything else but homemade bread baking. The Bill Easterdays, the Harry Speyers, the Lester Houghtons, the Charles Ferriers, the Ora Reeds, the Don Trones, and a host of others are actually making bread and eating it while it is still hot and chewy, crusty and runny with butter, right out of the oven.

It is an instant mix, Spruance Old-Fashioned Bread Mix, thus on sale only at the A & P and Park 'N Shop.

However, Lake Water wishes correct that monopoly. He has contacted the makers, in Narberth, Pa., and they are going to cooperate and send us rye and whole wheat mixes.

In other words we are going to put on a bread baking contest right here in Culver with the help of The Culver Citizen, which is donating a loving cup as grand sweepstakes prize.

The professional (now) bakers have been having a grand time making bread, Mabel Reed found out about it and went to A & P, baked bread which puts out such an aroma that she called Lake Water and reported that as soon as it came out of the oven, she consumed half of it at one sitting. (Whatever that is.)

Lake Water himself had a hilarious time. One night he started making bread, put it in a wooden bowl to raise, forgot about it, and it rose to great heights; upset the bowl which in turn dropped off the top of the furnace, hit the stack control on the furnace, put the furnace out of order, knocked out the electric circuit and Lake Water, being a dumb mechanic called the NIPSCO emergency crew. They roared into Culver and found nothing wrong except Lake Water was making bread, and they then sat there like Cheshire cats and consumed the entire product of a night's slaving over a hot furnace.

(More next week on our bread-baking contest with many prizes offered.)

NEWS AND FACTS — Mrs. Cora Hoesel, age undetermined, was seen by my secret agent, Bus Carter, skimming about town with a GO CULVER GO sign on her windshield. She refuses to tell her exact age but says, "Just think, in 12 years I will be 100."

Indiana Easter Seal Campaign Opens

Pamela Sue Jackson, 1964 Indiana Easter Seal Child, is pictured with Branch McCracken, State Easter Seal Chairman, as they present the traditional "first sheet" of seals to Governor Matthew E. Welsh to signify the official opening of the '64 Easter Seal Campaign in Indiana. The campaign continues through Easter Sunday, March 29, with the theme this year being — "The First Step is Yours . . . Your Gift to Easter Seals."

Jaycees Will Present I. U. Choral Group

The Culver Jaycees have completed arrangements to bring one of the outstanding university choral groups to Culver on Friday, April 10, 1964. The group, which has had several concert tours and has been heard all over the midwest, are The Singing Hoosiers from Indiana University. The one evening's program will be presented in the beautiful Eppley Auditorium on the Culver Military Academy campus.

The group consists of 45 voices, both male and female. They will present a fine program for the entertainment of the general public. Tickets will be \$1.25 each and will go on sale tomorrow. They can be secured from any Jaycee member, or you may write to the Culver Jaycees, P. O. Box 15, Culver, Indiana.

The proceeds from this outstanding program will be used by the Jaycees to send three Culver Scouts to the 6th National Jamboree held this year on July 17-23 at Valley Forge, Pa. for the Boy Scouts of America. The three Scouts being sent to the Jamboree from Culver have won the privilege because of their fine Scout work and the accomplishments they have completed. The cost of sending a Scout to this national event is \$195. One Scout's expenses have been underwritten by the Culver Chamber of Commerce. The Jaycees have assumed the responsibility of raising the needed amount for the other two boys, with the help of other civic groups and the proceeds from this outstanding musical event.

Dollars Days Are This Friday and Saturday

Friday and Saturday of this week will be the days that all Culver and surrounding areas are waiting for. Those will be the days of the Culver merchants' fabulous DOLLAR DAY SALES. These two days local stores will be packed with dollar day bargains that no one can afford to miss. Many of the Culver merchants are participating in the annual sale event, which is designed to acquaint you with Culver merchants and their merchandise.

In this week's Citizen, the ads of the merchants participating in this big annual sale event appear for your consideration. Because of space limitations, there are many more Dollar Day Bargains that could not be listed. To get the full benefit of this sale event, visit each of the stores and check on the many bargains each store is presenting.

Also in this week's issue you will find advertisements of other sales promotions being sponsored by other Culver merchants. All in all, it will be a great week in Culver for the buying public. Make sure you take advantage of these big sales.

COUNCIL OF CHURCHES TO MEET FRIDAY

Elkhart Ends Culver's Season; Wins Regional

Indians Finish With 18-6 Mark

By EARL D. MISHLER

Elkhart's tall and talented Blue Blazers, Indiana's finest defensive team, ended Culver's season with a thud last Saturday, 71-39, in the semi-finals of the Elkhart Regional.

The Blazers of Coach Max Bell switched from the tight man-for-man defense, which they used to stop our Indians, to a widespread zone in the night game against South Bend Central. This resulted in only 19 points for Central's fabulous Mike Warren, and in a 73-65 Elkhart victory. Central had eliminated Columbia City, 85-68, in the second afternoon game.

With 6'7" Ted Reasoner and 6'6" Dick Penrod dominating both bankboards with painful ease, the tenth-ranked Blazers raced away from our heroes from the opening tip-off. Although obviously outclassed, Culver could have made a game of it but for missed lay-ups, missed free throws, and 16 errors in the first half. Three fouls in the first period on Dave Lemar cost the Tribe their only slim hope of getting a decent total of rebounds. As a result of these misfortunes, probably caused more by Culver's own anxiety than by the Blazers' fine defense, Elkhart had a 33-15 half-time lead.

After increasing the margin to 50-22 at the third quarter stop, Coach Bell finally sent in his reserves. Seniors Sam Lowry and Paul White put on a fine display of shooting in the final stanza, as the Tribe outscored their opponents in the last five minutes.

Lowry and White ended their brilliant CHS careers with 17 and 9 points, respectively. Big Reasoner led all scorers with 18 markers for Elkhart.

Statistically, Elkhart hit 29 of 72 field goal attempts for 40 per cent, while the Tribe hit at 28 per cent with 16 of 57 shots. Culver hit only 7 of 17 free throw attempts. More important was the 43-17 rebound edge the winners easily piled up.

Thus Coach Gene Crosley and his gallant lads, who received innumerable compliments for their conduct both on and off the floor while at Elkhart, wind up an unforgettable season. Their 18-6 record is the best in 11 years, their sectional title the first in 16 seasons.

To the CHS seniors who have now played their final game as Tribesmen, go our congratulations for their hard-earned success. They are Bob Carter, Ned Davis, Jim Jones, Sam Lowry, Paul White, and Tom Yocom.

The play of Lowry and White for the last three years in basketball and four years in baseball has been wonderful to watch. Sam scored 467 points this year.

Elizabeth Hubbell Is Doing Well At Wesley Manor

Culver residents will be interested to learn that Mrs. Elizabeth Hubbell, formerly of Culver, is doing very well and in good spirits in her new home, Wesley Manor, Northwest Indiana Methodist Home, Inc., at Frankfort, Indiana. At present she is living in the Health Center (comprehensive care). Friends and acquaintances are welcome to call and visit her any day during the visiting hours of 2:00 p.m. and 4:30 p.m. However, if you can not conform to those hours, and wish to call on Mrs. Hubbell, contact the Head Nurse, and every effort will be made to accommodate you in your request to visit with her.

Wesley Manor announces that plans are going forward to break ground for new construction at Wesley Manor that will double its resident capacity. The projected building program will increase the capacity from 150 residents to 300, in a total of 250 apartments. In addition to the retirement apartments there will be a Health Center wing of possible capacity of 160 beds.

The existing building was designed with this proposed expansion in mind at the time of its construction. The various services of the present structure were developed to serve 300-325 people plus the needed health care facilities. The proposed addition will increase the resident membership slightly in excess of 100%.

We have a high degree of interest shown in our proposed program of building and on the strength of our announced plans we have completed agreements for 27 units in the new construction. In the last three months of 1963 we have answered over 500 letters of inquiry regarding en-

trance into Wesley Manor. Able and well qualified Methodists make up the membership of the Wesley Manor Corporation. Ministerial representation includes Bishop Richard C. Raines, five District Superintendents, and three other ministers who have had building programs in their churches. Lay representation includes able men from business, law, banking, public utilities, and a Woman's Society representative. Dr. Ronald Williams of the Culver Methodist Church is Chairman of the Wesley Manor Admissions Committee which makes recommendations to the Board of Directors for action on all applicants.

**Junior Woman's Club
 Installs Officers**

The Maxinkuckee Federated Junior Woman's Club met Monday evening in the home of Mrs. Roy Nicodemus at 525 Forest Place. Guests were Miss Carole Heiser and Mrs. Donald Reed.

Program chairman Mrs. Bernard Busart introduced the guest speaker, Miss Earnestine Simons of Indianapolis, who is executive director of the Indiana chapter for the Arthritis and Rheumatism Foundation. A very informative talk was given and many facts were presented. "The Arthritis and Rheumatism Foundation is fighting crippling arthritis on a national four-point basis — 1. education of doctors, nurses, and laymen; 2. clinics for diagnosis and treatment; 3. care for home-bound arthritics; and 4. research for cause and cure." She stressed that people should remember that there is still no specific cure for arthritis, but your doctor will make available all that medical science has to offer. When a cure is found your doctor will have it. The "quack" never did and never will.

President Mrs. Kenneth Martin conducted a short business meeting. Mrs. Larry Berger gave the closing thought.

Installation of officers was held with Mrs. William Snyder as the installing officer. Mrs. Dale Heiser was installed as president; Mrs. Warren Curtis as vice-president; Mrs. John Hoesel as secretary; Mrs. Nicodemus as treasurer; and Mrs. Martin as trustee.

The impressive candlelight ceremony included the presentation of the president's pin to Mrs. Heiser. Each officer received a corsage of pink carnations, the Club flower. The installed officers will assume their duties July 1, 1964.

Those assisting the hostess were Mrs. Busart and Mrs. Ronald Tusing.

Advice From The Wise?

By Bonni Saft and Shari Croy
Whenever asked for advice, most people usually have some to give whether it is useful or not. Here are some answers to the question "If you could give someone some good advice, who would you give the advice to and what would the advice be?" The sectional and Doc Fod were the main topics of the week. Several students gave advice to Doc Fod and to the Elkhart Blue Blazers.

Paul Saft: I would advise Doc Fod to predict all winning games for Culver next year and for Plymouth to give up basketball.

Mark Lowry: I'd advise Holly Thompson to mind her own business so she'd have more time to study her French.

Cheryl Harmon: I think the best advice that could be given to Barb Mikesell would be to eat in the proper place. Let's say the biology room?

Marsha Guise: I think I'd advise several Rochester girls to cheer for Culver at the next sectional tourney.

Susan Helber: I advise that my sister stop reading Beate magazines until twelve every night.

Steve Ulery: I'd give my advice to Elkhart and tell them that they might as well forget about the regional.

Dick Knoerzer: I'd tell Doc Fod to put his money on Culver.

Wanda Warren: I would advise Doc Fod to get his computer fixed, because he's gonna be foiled again.

Suzi Spencer: I'd advise Doc Fod to get a new job.

Steve Bocoock: I think Doc Fod had better get a ticket in Culver's pep block.

Alan Hyland: I think Doc Fod better quit while he's ahead.

Hershel Odle: I think Doc Fod should make sure nobody knows who he really is.

Pat Seslar: What? Be called a busybody?!

Carolyn Saft: Have Doc Fod resign from predicting ball games.

Diane Walters: I was always told never to give advice unless asked for it. It saves a lot of con-

fusion.

Patty Wentzel: Have Doc Fod pick Culver to win the regional.

Patti McCombs: Have Diane Nelson quit blushing so much.

Jim Lewis: Watch out Elkhart, Culver has never lost a game to you in regional play. This year will be no exception!

Barbara Riester: Tell certain people to start writing letters.

Cindy Ruhnow: I'd tell Carol Mevis not to get her hair cut off. I'll scalp her.

Terry Porter: I would tell Mr. Cole that he should have let school out for the sectional.

Carolyn Snyder: I would tell Kathy Easterday not to talk in her sleep.

Charles Snyder: I would tell myself not to be so lazy.

Susie Gardner: I would advise the Blue Blazers that our Indians are on the war path and are ready to take their scalps, so they better watch out. In short Culver is out to win.

Lonni Darosci: I'm the one who needs advice.

Tom Yocom: I would advise Linda Nelson to give up boxing and Steve Bair to be gone after the regional or I suppose he could wear a wet suit.

Larry Banks: I'd advise Jan Seruggs that the Beatles aren't in love with her. Does this come as a shock Jan?

Larry Linhart: I'd advise Linda Sparling to clean the car windows off before driving.

Randy Wakefield: I think Larry should stay away from Carole S. for many reasons.

Nora Sheppard: I would give advice to Vicki Lyons and Anita Yeazel and this advice would be not to put someone's hand in warm water while he is sleeping? The results don't work.

Anita Yeazel: I would give advice to Janet Rosebaum. She shouldn't worry about her brother. He is big enough to take care of me and himself.

Gloria Baker: I'd give it to Randy. I'll tell him myself. Thanks any way.

Victory Is Ours

Saturday afternoon, Feb. 29, Culver played its second game of the sectional. The pep block, which had been practicing for the past weeks, had about 165 members. The senior girls sat in the first two rows and wore their senior cords, black sweaters, and large white mums. The girls had to buy two ribbons for their flowers — maroon and orange ones.

An "I" for Indians was formed in the pep block by girls wearing black sweaters. The boys in the block sat in the last few rows and wore their white hats with black bands and orange feathers.

The pep block was quite successful as was the team. After the victory that evening, all the fans returned to Culver, where a bonfire was built. Monday morning after a pep session honoring the team, a dance was held in the gym. Free potato chips, pretzels, and corn chips were served, and the junior class sold cokes.

For the regional games Saturday, March 7, four buses were needed to take the fans to Elkhart. There were almost 300 in the pep block.

The cheerleaders are certainly to be congratulated for the fine job they did, not only in the sectional and regional games, but also all year long. Senior Martha McAllister has been a yell leader for four years, two years on B-team and two years on varsity. Junior Lonni Darosci has been a B-team cheerleader for two years, and varsity for one. Kathy Easterday and Valerie Gander, both juniors, are on the varsity for their first year. Kathy was a B-team cheerleader one year, and Valerie served on the freshman squad for one. We, the editors, believe that they are among the best, if not the best, cheerleaders in the area.

NEW EDITION OF LAKE CONTOUR MAP IS OUT

The Culver Press has printed a new edition of the popular Lake Maxinkuckee contour map, which even shows the location of Venetian Village. Copies are available at The Citizen for only 25 cents; 50 cents by mail.

Local Student Is Winner

SUSIE GARDNER AND LATHAM LAWSON

Mr. Latham L. Lawson, Civics Teacher in the Culver High School, has been notified by TIME Magazine that Susie Gardner has been named the local winner in TIME's 28th annual Current Affairs Contest.

TIME's Current Affairs Test, given this year to more than 750,000 college and high school students in the U. S. and Canada, consists of 105 questions on national and foreign affairs. Also included are such categories as business, sports, entertainment, science, religion, literature, journalism, education and the arts.

Top scorers in each participating class are awarded certificates by TIME, The Weekly Newsmagazine.

The test, created for the TIME Education Program by TIME's Education Department, has been taken by more than 5,000,000 students since its inception 28 years ago.

Introducing Miss McCoy

By Susan Helber
I'd like to acquaint everyone with our new English teacher, Miss McCoy.

Her hometown is Connersville, Ind., which, by the way, is Mr. Cox's hometown. Extra-curricular activities kept her busy during high school. Besides playing the flute in the school's band, she was a member of the Library Club, Pep Club, and the French, Spanish, and Latin Clubs.

After graduating from Connersville High, she attended Ball State Teacher's College and majored in Social Science and minored in English. "Ball State is a great school," she remarked. Miss McCoy worked during college in a huge department store and found little time for extra activity during college.

Her favorite food is . . . Well, she had to pause a minute and decide that she especially enjoyed Italian food.

Photography is her hobby. Traveling interests her too, and she would certainly like to do more of it.

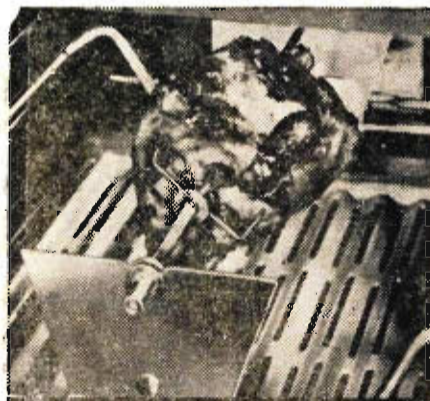

There seems to be some rule about interviewing teachers. One always must ask them what their pet peeve is. Miss McCoy has several, but she limited herself to two. Students who talk when they should be using precious minutes to study peeve her. She doesn't care for students who chew their gum in a cow-like manner.

Watch out for school children, especially if they're driving.

Sue Cole Attends Indiana Youth Conference

SUE COLE

Miss Sue Cole, daughter of the Culver High School Principal, Kenneth L. Cole and Mrs. Cole, was the March 5 and 6 representative of the Indiana State Sunshine Society to the annual Indiana Youthpower Conference in the Severin Hotel in Indianapolis.

Miss Cole is an accomplished high school musician having won three gold and one silver medal in the instrumental solo and ensemble finals in Indianapolis her sophomore and junior years; she is a member of the National Honor Society, Rainbow, Sunshine Society, High School chorus, and president of the band.

The program and the menus were "fortified," "enriched," and wholesome at the fourth annual Youthpower Conference.

The delegates were fine, handsome specimens, too. About 100 leaders of nine youth organizations were chosen to partake of fine food and to learn how "Food Comes First" for career opportunities, mental alertness, and physical prowess.

They represented Girl Scouts, Boy Scouts, Camp Fire Girls, Indiana Rural Youth, 4-H Clubs, Future Farmers of America, Future Homemakers of America, Hi-Y, and the Sunshine Society.

The conference was sponsored by industries and organizations interested in the production, processing, distribution, and sale of foods. Chairman of the 1964 Conference was Indiana Farm Bureau education department chief Estel Callahan, New Augusta.

In announcing the program, Callahan said that the exchange of ideas between teen-agers and adults is an important part of the conference. "Just as teens are a valued market for our products," he said, "we are in the market for their ideas on how to upgrade diets of this age group."

After registering, the group took part in the opening ceremonies and heard about the objectives of Youthpower. Dave Hanselman, Angola, state president and a 1963 Youthpower delegate, delivered the "charge to the delegates."

At the noon luncheon, delegates enjoyed the first of several menus planned especially for them by leading home economists. They were greeted by William E. Wilson, state superintendent of public instruction; the keynote address was given by Dr. Mary M. Hill, nutritionist in the consumer and food economics research division of the U. S. Department of Agriculture.

The afternoon was devoted to conferences and discussions on nutritional values of foods, dietary needs and eating habits of teens. Discussion leaders were Barry L. Steinman, Woodburn High School; Bonnie Baker, Fairmount High School; Blair Stephenson, Salem; Annie Watts, Crothersville; James L. McKimney, South Bend Washington; and Elaine L. Simpson, Kokomo.

At the banquet on Thursday evening, Nels Ackerson, Westfield, the national president of Future Farmers of America, was the featured speaker. The Cen-

tralaires, a group from Indiana Central College entertained, and Conference sponsors were introduced by James D. Wiesen, Sr., vice-president of Indianapolis Division, Kroger Company.

A party climaxed the evening's events. Gordon Jones, Purdue University recreation specialist, was in charge. Music was presented by "Two Hits and a Miss," a group from Hancock county.

After a "Happy Hoosier Breakfast," Friday morning, the delegates toured one of six Indianapolis industries: Kroger Company, Hooks Drugs, Inc., Stokely Van-Camp, Inc., the John R. Sexton Company, Colonial Baking Company or Banquet Dairy Products. There were further discussions on "How We Can Spread The Story."

At the closing luncheon, the principal speaker was Don Lash, Indianapolis regional secretary of the Fellowship of Christian Athletes. He was a former FBI special agent, a member of the U. S. Olympic team in 1936 and winner of seven consecutive national championships in cross country.

Ham Supper In Preparation

By Carolyn Snyder

The seniors, with only eleven days until the trip, have been busy making plans for the long awaited dream. First on the agenda is a visit to Washington, D.C., where they plan to see the Capital Building and Arlington Cemetery. From Washington, D.C., they plan to travel to Williamsburg and then to New York City. While in New York City, they plan to see Chinatown, Radio City Music Hall, the United Nations Building, and the Statue of Liberty.

The juniors have been kept busy planning the ham supper. A class meeting was held last Thursday in preparation for the supper. Cathy Carrothers, Kathy Easterday, Joan Dillon, and Layne Zechiel were appointed as captains of the ticket committee. The date has been set for March 14, and the juniors are striving to make it the best ham supper yet. The class was very successful with their dances after the basketball games. At one of their dances they broke the record by making more money than any preceding class. During the victory celebration last Monday morning the juniors had charge of the soft drinks and sold approximately 20 cases.

Students Take 1964 National Merit Test

Forty students at Culver High School took the 1964 National Merit Scholarship Qualifying Test according to Jack P. Miller, Director of Guidance.

The test was administered at the school at 8:10 a.m. Tuesday, March 10. All students who wished to be considered for Merit Scholarships to be awarded in 1965 took the test at that time.

The qualifying test is a three-hour examination of educational development. The test is the first step in the tenth annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, colleges, associations, unions, trusts, and individuals.

The test scores of students who were examined in March will be reported to their schools before May 15. The scores are used by counselors in many high schools to help students make decisions about college attendance and field of study. Many students who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test.

"We love you Indians, oh yes we do. We love you Indians and we'll be true. When you're not winning, we're blue. OH, INDIANS, WE LOVE YOU!"

This was the war chant sung to our brave Indians after they scalped that foe to win our first sectional championship since 1948. Not only did they capture the title, but they also brought home the first trophy given by the IHSAA to the sectional champs. Good work boys.

"Say, look at all those flames. You don't suppose the town is burning do you?" No, it's just that proud Indian tribe from Culver High School whooping it up after they sank those Vikings."

At first glance it seemed as if the trophy were dancing around the bonfire by itself. But upon closer inspection we saw our Indian chief, Coach Crosley, proudly displaying this memento earned by hours of hard work. Let's not forget the assistant coach and managers who also helped bring home the victory.

Funniest thing happened Saturday afternoon. Sharon Eustis, Lucy Osborn, Sue Cole, Wanda Warren, Jeanne Adams, and Linda Nelson just happened to be driving past the Warana, the motel at which the team was resting. Just as they were turning around their car stalled. It was even funnier when the coach walked by, right girls?

Beware! Jeanne Adams now has her license. Wive with caution! (Please) Oh, and seems that Doug Lindvall has also obtained his license, and against the coach's warning, Doug!

Knock, knock, knock. "Hello, would you like to buy a ticket to the Junior Ham Supper, March 14?" These are the most frequently spoken words around the community now that the ham supper is drawing nearer. The juniors are at it again trying to sell as many tickets as they can.

If you would like to buy a ticket just feel free to ask any junior.

We mustn't forget to congratulate the cheerleaders and the pep block for all the support they gave the team.

Hmmm, what do you suppose Jan Scruggs, Linda Shock, and Diane Boots were doing in a red Chevrolet Saturday night?

If you parents think we raised a ruckus Saturday night, you should have heard us Monday morning. With the help of the faculty, we really raised the roof of our wigwam.

Say, it seems that we have the best dancing faculty we've ever had at CHS. Several teachers showed their dancing talents and it seems that Coach Crosley has a special set of talents in this field also. Congratulations, Coach.

During the afternoon and evening sessions of the sectional tourney, many of the fans were busy roaming around Plymouth following girls and girls and more girls. Oh, yes, and boys also. Never fear. While all of this was going on, the team members were back at the Warana enjoying themselves. We now have a bathroom trio consisting of Bob C., Doug L., and Paul W. Oh, you say you were only soaking your ankles and feet. But boys, three in the tub at the same time? Oh, well, the more the merrier.

Those room telephones were very handy, too. But all the managers got done was a run from room to room. Poor lads. It was worth it though.

Debbie Hyland, must you pick on so many boys at one time. We hear you had quite a time with some LaPaz fans.

Indians, we leave you with this parting thought, SCALP THAT FOE!

ROUGH WEATHER AHEAD — A Carroll Countian, W. S. (Winnie) Weaver, described by The Delphi Citizen as a "self-styled meteorologist," predicts several more years of cold, snowy winters and dry summers. Weaver explains that we're getting rays from "the smooth side of the sun which has no sun spots." This, he says, produces weather conditions of long duration and he forecasts these conditions may be expected until the 1970s.

HIGH SPEED

YOUR SPEED

Plymouth rocks racing world with sweep in Daytona "500"

According to the record book for stock cars in competition, there is no higher average speed for 500 miles than the 154.334 m.p.h. set by a competition-equipped 1964 Plymouth in winning last month's Daytona "500."

Adding to that glory is the fact that two more 1964 Plymouths finished 2nd and 3rd for a decisive Plymouth sweep. That suggests that Plymouths were not only the swiftest cars in the competition, but that they're built to stay in there all the way.

For the millions of racing fans and high-performance enthusiasts across the country, Plymouth is proud of its "high speed" victory at Daytona.

Plymouth beats Ford & Chevrolet in tests of showroom V-8s

This competition was more "your speed." At Plymouth's request, an independent testing company bought and compared showroom models of Plymouth, Ford and Chevrolet.

The cars were comparably equipped standard V-8s — cars people buy. And the tests were of "things people buy a car for" — acceleration, handling, braking, and gas economy.

In test after test, Plymouth accelerated best, handled best, braked best, and got the best gas mileage. This is the kind of competition Plymouth most likes to win. "High speed" or "your speed," these 1964 Plymouths are tough to beat!

SPRING IS ALMOST HERE??

The calendar tells us that Spring is still nine days away, but Culverites are hoping for an early arrival.

Lake Maxinkuckee is once again ice-free, which is a most welcome sight. However, it spells doom for this season to lovers of ice fishing.

Pussy willows are just now making their entrance on the Spring scene and Carl Strang reports to The Citizen that he recently saw a robin, the proverbial harbinger of Indiana's most anticipated season.

But, after Tuesday's snow-storm, we still wonder — is Spring only nine days off as the calendar indicates?

'64 CHEVROLET—THE GREAT HIGHWAY PERFORMER

Chevrolet Impala Convertible

Nothing feels steep in a Chevrolet Impala (including the price!)

A hill is just something to admire the view from in a '64 Chevrolet with engines up to a 425-hp V8*.

And if Chevrolet can go over a whole mountain so you hardly feel it, you can imagine how it goes over plain old bumps. Jet-smooth, of course, because we put a big coil spring at all four wheels (and 700 sound and shock absorbers throughout the car).

As you'd expect, Chevrolet turns in its usual fine performance with everything inside that big

beautiful Body by Fisher, too. All kinds of stretch-out room. Wide thick-cushioned seats. Yards of deep-twist carpeting and elegant fabric and vinyl upholstery. You feel good just being there. You can see how anyone might get the idea this is a high-priced car. Unless they happened to look first at its Chevrolet price.

And your Chevrolet dealer will be happy to show you that the price is probably what you'll feel least of all.

THE POWER TO STAY

An anchor seems like dead weight, doesn't it? But what mariner would sail without it? For an anchor is not dead weight. It commands the tremendous force of gravity in a wild, raging sea. It can grip solid land to fight driving wind or swirling current!

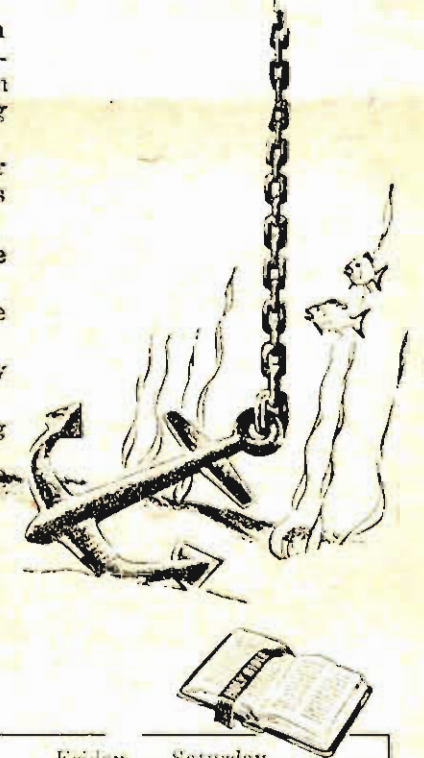

A few men have thought they could go farther faster without religious faith . . . until the squalls found them drifting helplessly on bitter shoals!

God gave us forces of motion and progress. We see . . . aspire . . . achieve.

But the power to go is treacherous without the power to stay.

So God gave us the Truth our churches offer every human heart.

That Truth is man's spiritual grip on the enduring . . . the eternal.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

In Indiana... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Indiana... beer goes with fun, with relaxation

for a 19.5 average. His career total for 68 games was 848 points, an average of 12.5 ppg. "Whitey" had 255 points this year for an average of 10.6 ppg. Paul's career total was 612 points. Like Lowry, White played in all 68 CHS games in the last three years.

For you fans already looking ahead to next season, the outlook is for another great year. Six of the 10 men who dressed Saturday were underclassmen. Backcourt star Jim Boswell needs only a more versatile array of shots to become Marshall County's best guard next year. Big Dave Lemar finally found himself late this year and could easily be one of the area's best front line men. Doug Lindvall had a fine year, sparking several early season victories. He will be the leading contender for Lowry's vacated forward berth, with Lemar the likely other forward. Junior Bob Eustis, who proved in the first half of the season, that he could score and rebound well, will battle big Andy Lowry for the center spot. Jim Lewis, after a year of watching from the bench should be able to fill the shoes of White, provided he can beat off the challenge of guards moving up from the B-Team. Bruce Lindvall, a forward for the Papooses, may be moved to the backcourt to give the '64-'65 Tribe more depth there. Scrappy junior Paul Liette will be of value because of his versatility and defense, the rest of the spots will be thrown open in both spring practice and next year's October sessions. And, of course, the Indians will have another important asset — Coach Crosley.

(Continued from Page 1)

... Bob McKee reports that the sawmill fellows who are cutting Dewey Overmyer's woods felled a black-oak that measured three feet in diameter and they counted 125 growth rings in the stump. ... Carl Busart's widow, Margaret, who is supervisor of nurses at Robert Long Medical Hospital, Indiana University Medical Center, in Indianapolis, indicates that Old Jep Cadou, the most widely-known newspaperman in Indiana of UPI has been a reluctant patient. Had been operated on for Phlebitis, sat up in bed doing a Groucho Marx act with a cigar, and had the whole hospital demoralized. Got this from Marc Waggoner the Medical Center publicist. ... Father Lenk, who bought the Charlie Ropolys farm and is improving it far beyond its potentialities, recently cut 8,000 feet of timber off it. ... Carl Junior Adams is up and about and went to The Bank for the first time Saturday. ... We have all got our tax statements for 1963 and despite the hog-wash put out in Plymouth they are higher. ... Carl Adams, senior, has been fishing in Caribbean waters at Marathon in the Keys with R. J. Discher. They caught 1,500 pounds one day, and another a 250-pound shark. ... Philip L. Shields and Phyllis J. Shields sold to Gladys B. Overmyer a tract. ... The Pulaski County Hospital has just completed its first year with a record. They only used \$15,000 of public funds their first year and hope to be self-supporting next year. ... Fire Chief Dave Burns

is drying up the fire-hazard eyesores in this town.

If you want to see something interesting go to the Academy greenhouses where head gardener Tom McNulty has established one of the nicest little plantations anyone would want to see. The public is more than welcome. ... Admiral Bays is taking a great forward step in encouraging the Indiana Sesquicentennial Commission to include Culver and Bill Martin's dramatic arts department to take part in the celebration in 1966. Harvey Firari, the playwright is doing a lot of research on James Whitcomb Riley and may come up with an entirely new conception of The Hoosier Poet.

SPEAKING OF OLD people, Alonzo Stagg, 101, used to come to Culver when he was athletic director at the Midway — Chicago University — and he loved to dance. Mrs. Lake Water recalls that at one session held by General Gignilliat that George Koegan, the wonder basketball coach at Notre Dame, Dr. Meany, likewise at Wisconsin, George Lee of Iowa State and several other famous coaches including Piggy Lambert of Purdue were here for a basketball coaching school. They were the days of celebrities around Culver.

JUST BEFORE THE DEADLINE — The Arthur Morris were married 60 years ago Tuesday, March 10, in Culver by The Rev. Klopstein. Red roses for Mrs. Morris and they say it was just another day in their wonderful lives. ... George Hopple has just purchased a diesel tractor \$19,000, and trailer \$7,500 and can haul 23 tons of limestone or grain. They said he would never make it, but he did.

Academy Sports

Tom Carpenter, who had to sit out most of the basketball season because of a severely strained ankle, is well again — and he's got two Culver Military Academy track records to prove it.

Although his Culver teammates were taking a 72-37 kicking from tough Fort Wayne North Side High School in an indoor meet here Saturday night, the Waynesville, Ohio, speedster flashed to a new record in the 880 and then joined the Eagles' 12-lap relay team in a performance that lowered the old mark by nearly three seconds.

Carpenter, a red-headed senior, turned in a 2:04.4 in the 880, bettering the old record by a tenth of a second, and then helped the 12-lap relay team (Culver has an odd-sized indoor track at 123 yards per lap) set a record time of 3:02.7. His teammates were Chris Hinkle, Little Rock, Ark., Bob Anclra, Mexico City, Mexico and Pete Luke, Washington, D.C.

But aside from the record runs, Culver was able to capture only one other first place as Kyle McCard, Corning, Iowa, won the shot put with an indoor heave of 43 feet, 4 1/2 inches. It was the Academy's second defeat in four meets indoors. Culver will try for its third victory against Fort Wayne South Side here at 7 p.m. Saturday before it hosts five other area high school teams in a big meet Tuesday, March 17.

In other sports activities during the pre-spring schedule lull, Culver finished a surprising second in the Indiana State Junior Rifle championships here Saturday. Bloomington Moose Club's No. 1 team took the team championship with a 1,510 score out of a possible 1,600 points, and Culver was second with a close 1,507. Pre-match favorite Howe Military School was third with 1,502.

The National Defense Cadets Corps, Indianapolis, won the team all-around title with a 400 x 28 score, and Fort Wayne's Richard Feddes took two individual championships with a 486 score in the high aggregate and a 99 in the kneeling competition. Culver's Dave Peck, Celina, Ohio, won a state championship medal when he tallied a 100 x 9 while diving from a sitting position. William Burrios, Indianapolis Broad Ripple, won the standing title with a score of 95, and a girl, Sarah Miller, New Albany, won the prone with a perfect 200 and 10 center shots.

Mrs. W. O. Osborn and her daughter, Mrs. A. N. Butler, of 1680 East Shore Drive, Culver, left by auto last Thursday for The Villa Serena, at Fort Lauderdale by the Sea, Fla., where they will vacation for several weeks.

the truth about you

It's not always easy to learn the truth about yourself. But if you look deeply enough, you find the spiritual core of life that was once described to us for all time — "The kingdom of God is within you" (Luke 17:21). There's a one-hour public lecture coming on this subject. Title: "The Priceless Gift of Knowing Oneself," by Theodore Wallach of The Christian Science Board of Lectureship. Everyone is welcome.
