Dog Owners Are Warned To Keep Dogs On Owner's Property

Due to an avalanche of complaints on dogs running loose, Chief of Police Don Mikesell, has issued the following warning. Dogs running loose, dogs without city tags will be picked up and destroyed. Culver city ordinance requires all dogs be either tied or penned up on the owner's property. Also a dog must carry a Culver City dog tag. The price of these tags are \$3.00 for a male or \$5.00 for a female.

Complaints have consisted of dogs digging and ruining flower beds, destroying shrubbery and otherwise making an unwanted nuisance of themselves. So if you own a dog better take heed and keep your pet tied or penned up on your property.

Scout-O-Rama Ticket Sales In Progress

G. Weathers Will Address Lions Club Achievement Night

The Culver Lions Club will honor a select group of high school students next Wednesday evening at 6:30 in the Lions Den. The students to be honored will be those who have distinguished themselves through high scholarship and leadership in extra-curricular activities. John Mars, language instructor at Culver Military Academy, will host the program.

Garret Weathers, South Bend, will be the guest speaker. Teacher, college professor and lecturer are only a few of Mr. Weather's salient activities during his long career. The past several years he has been director of the Education Research Bureau, which he established and developed for the South Bend Schools. From one or two I.B.M. machines and a small staff, he has built one of the most up-to-date electronic data processing systems of any school in the county. South Bend was one of the first cities to process its students' programs, report cards and records by means of electronic equipment.

A witty and dynamic speaker, Mr. Weathers is certain to have a meaningful message for both Lions members and student guests.

Election Plans On Culver Community School Corporation Explained

Mr. Russell Rohrer, County Superintendent of Schools and secretary for the Marshall County School Reorganization Committee, has provided the following explanation regarding the plan for an election on the Culver Community School Corporation.

The registered voters of Union Township of Marshall County, Aubbeenaubee Township of Fulton County, and North Bend Township of Starke County will have the opportunity of approving or disapproving the Marshall County School Reorganization Committee's plan for the Culver Community School unit in the primary election on May 5, 1964.

The County Plan provides that the Culver Community School Corporation remain as it is now, a separate school unit composed of Union Township including the town of Culver in Marshall County, Aubbeenaubee Township of Fulton County, and North Bend Township of Starke County.

The assets, debts, and liabilities of the present Culver Community School Corporation shall be retained, and the number of School Board members shall be five as at present. The entire school corporation shall be divided into four school-board-member districts to consist of Union Township outside the Town of Culver, North Bend Township, Aubbeenaubee Township, and the Town of Culver. The Advisory Boards of the three townships, voting in joint session, shall appoint one member from each of the three townships, and the Town Board of the Town of Culver shall appoint a member from the town. The fifth member, to be appointed by joint action of the three Advisory Boards, shall alternate between

North Bend and Aubbeenaubee Townships. The first appointees shall serve for terms of varying length to avoid more than two members of the School Board leaving office at any one time. Thereafter appointments shall be for four-year terms.

As provided by present laws, no School Board member shall hold another lucrative position to which he has been elected as a public official. This will eliminate Township Trustees, Advisory Board members, and any other elected public officials from eligibility for School Board membership. If the plan is approved by voters at the May elections, new School Board members will take office on July 1, 1964. The school corporation shall be administered by a superintendent appointed by a majority vote of the School Board members.

Judge Roy Sheneman of the Marshall Circuit Court will publish official notice of the election to be held in the school corporation, such notice to be published not less than ten days nor more than fifteen days prior to the date of the May primary elections. Such notice shall be published in one newspaper of general circulation published in the community school corporation. No other notice of such election, whether prescribed by the General Election Laws or otherwise, need be given. These provisions for the notice and conduct of the election are included in Chapter 380 of the Acts of 1963. The law further provides that such election shall be under the direction of the county election board and such election board shall take all steps necessary to carry out the election provided for in the law.

The ballot shall be in the following form:

"Shall the Culver Community School Corporation be formed as provided in the Reorganization Plan of the Marshall County Committee for the Reorganization of School Corporations?"

Yes

No

Place a cross (X) in the square desired.

Traffic Violations Will Get You A Traffic Ticket

Double parking, parking on sidewalks, speeding, cars with no mufflers, disregarding traffic signs and other traffic violations will be the cause for motorists in Culver getting a traffic ticket. Chief of Police Don Mikesell warns. A drive to eliminate the double parking and parking on sidewalks, especially in the downtown area is underway. Both have been traffic and pedestrian hazards for sometime.

For those who have an errand to do in the downtown section, and which can be completed in a few minutes, special parking places will be provided. These areas will be marked off and time limit signs erected for the parking area.

Miss Anne Behmer Speaks Wedding Vows With Daniel O. Good

In a double ring ceremony at 2:30 p.m. Sunday, April 12, at the Hibbard Evangelical United Brethren Church, Miss Anne Behmer, daughter of Mr. and Mrs. J. Richard Behmer, Route 4, Plymouth, became the bride of Daniel O. Good, son of Mr. and Mrs. Richard Good, 508 Sidney St., Argos.

The altar was decorated with candelabra with lighted tapers, palms, and baskets of white gladioli and stocks. On the altar table was a floral arrangement of pink roses and white gladioli. Pews were marked by white ribbon bows.

Rev. Thomas C. Rough officiated and Mrs. David Beaver of Marion, pianist, played the nuptial music and accompanied Mr. Beaver who sang "My Wonderful One," "God Gave Me You," "Because," and "Wedding Prayer" as the couple knelt at the altar.

Given in marriage by her father, the bride chose a sleeveless floor-length sheath gown of organza over taffeta, styled with a scoop neckline and a shaped panel back. Chantilly lace accented the front of the skirt, and was applied on the molded bodice. She wore a short fitted jacket of the same lace, made with a scalloped sabrina neckline and long sleeves. To the jacket was attached a chapel-length train edged with lace scallops. Her princess crown of Chantilly lace and seed pearls held a short bouffant illusion veil and she carried a cascade bouquet of white roses.

Miss Linda Behmer, sister of the bride, was maid of honor and wore a sleeveless street-length sheath dress of mint green organza over taffeta fashioned with a scoop neckline and a short organza jacket. A crown of horsehair braid, pearls, and iridescents topped her short full veil. She carried a nosegay of pink, blue, yellow and white roses.

Miss Jane Quivey, Lafayette, bridesmaid, and Mrs. Larry Heckaman, Culver, bridesmatron, wore dresses and crowns identical to the maid of honor and carried similar nosegays.

Gene Good of Rushville, brother of the bridegroom, was best man, and James Good, brother of the bridegroom, and John Behmer, brother of the bride, were groomsmen. Ushers were Kenneth Overmyer, David Bell, David Shivers, and Terry Thompson.

For her daughter's wedding, Mrs. Behmer chose a pink matching dress and coat ensemble complimented with white and black accessories. Mrs. Good, mother of the bridegroom, wore an aqua

two-piece dress with white and black accessories and each mother wore an orchid corsage.

Following the wedding, a reception was held at the home of the bride's parents. The four-tier wedding cake was topped with white bells and net. Mixed nuts, green and white mints, punch, and coffee were served.

Mrs. Gene Good, sister-in-law of the bridegroom, served the cake. Pouring were Miss Leona Sankowski, Lafayette, and Miss Jane Baker, Culver, cousin of the bride. Mrs. Walter Scott, Mrs. Arnold Lowry and Mrs. Irvin Overmyer assisted with the serving.

Miss Phyllis Snyder registered the guests and Mrs. Kenneth Overmyer and Miss Margene Car-

michael, cousin of the bridegroom, were in charge of the gift table.

For their wedding trip, the bride wore a light blue wool suit with black and white accessories and a corsage of white sweetheart roses. After April 26, the couple will reside in Argos.

Guests attending were from Culver, Argos, Plymouth, Bremen, Rochester, Knox, LaPorte, Rushville, Lafayette, Lowell, Bourbon, Fort Wayne, and Munster, Ind.; and Midland, Mich.

THE TIP OFF — A young couple after being married in Delphi motored to Lakeland, Fla., on a honeymoon trip. The couple, Curtis and Martha McCain, were mystified when, at every gasoline station, the attendant after servicing their car would extend congratulations and best wishes. They said there was no evidence on the car to indicate they were newly weds. McCain told The Delphi Citizen that near the end of the trip he asked one of the station attendants how he knew they were recently married. The attendant showed McCain the gas tank cap on the inside of which

had been pasted this sign: "My name is Herb Gaver. The couple in this car are honeymooning. Please congratulate them." Gaver, a friend of the couple, had inserted the sign unbeknownst to them. Rubber stamps made to order at The Citizen. Four-day delivery.

Seniors Visit Chicago

By Pam Phelps and Linda Shock
On Tuesday, April 7, the senior class of Culver High School was the guest of The State Exchange Bank on an all expense paid tour of Chicago. The class, accompanied by Jack Miller and Latham Lawson, left Culver at seven a.m. by two Indiana Motor Buses. Before arriving in Chicago the class stopped for breakfast at Sauzer's Waffle Shop in Dyer as part of the tour.

At 9:15 the class arrived at the Continental Illinois National Bank and Trust Company of Chicago, where The State Exchange Bank does its banking. The Continental Bank has been named "a bank within a bank". At noon the class was the guest of the Continental Bank in its cafeteria. After lunch the tour was completed and the seniors walked across the street to the Board of Trade Building.

The Board of Trade is the grain market for the Midwest. From the visitors' gallery the class was able to watch the action on the floor. The action was very lively as the bidders shouted their prospective prices in the bidding pits. From here the class went down one floor to see a movie on the importance of shareholders and speculators. After viewing the movie the class took the elevators to the Observation Tower where it was possible to see all of Chicago. After the visit to the Observation Tower, there was time for the seniors to return and watch the action on the floor or to visit some of the quaint shops located on the first floor of the Board of Trade.

The class then boarded the buses and headed for the Merchandise Mart, a showplace for new items and products. These are shown to buyers and interior decorators. Most major mid-western companies have show rooms in the Merchandise Mart. Here the class had a conducted tour through the Mart viewing many of the showrooms. The class then boarded the buses again for the return trip. As guests of The State Exchange Bank, the class dined at Telbel's and was served a delicious chicken dinner. At 8 p.m. the class arrived in Culver a little tired, but happy and grateful for the knowledge they had acquired during the day.

The class would like to express its appreciation to Mr. W. O. Osborn and The State Exchange Bank for making it possible for the 1964 Senior Class of Culver High School to enjoy this most educational trip.

Ideal Ladies' Party

By Eva Norris and Ann Wagoner
The theme of the Ideal Ladies Party Friday night, April 3, was "Spring has Sprung." The party was called to order by Janet Beck, the president of the society, who asked Diane Davis to lead the members in the creed. Loretta Berger led the group in the Sunshine song, while Sharon Norris accompanied the Sunshiners on the piano.

Janet Beck welcomed all of the Ideal Ladies and expressed her feeling of gratitude for having such a fine group of ladies. At this time, Barb Mikesell presented Miss Shanks with a gift expressing the Sunshine Society's thanks for being its Ideal Lady. The officers were then the first members to reveal their Ideal Ladies and present them with a yellow rose. Birthday wishes were sung for Mrs. Bickel, Mrs. McDonald, Mrs. Bryant, Mrs. Spivey, Mrs. Cromley, and Mrs. Hiney.

All Sunshine members cast their ballot for the Sunshine Girl of the Year. The Sunshine Girl of the Year was chosen from the following Sunshine Girls of the Months: Ann Wagoner—November, Suzy Spencer—December, Kay Thomas—January, Jane Ives—February, Sharon McGaffey—March.

First on the entertainment list was an operation by Dr. Darekil and Dr. Crazy characterized by Lonni Darosci and Judy Price. Other attendants were Cathy Carrothers, Diane Davis, Valerie Gunder, and the brave patient was Jane Ives.

A Spring Style Show followed the operation. Sharon McGaffey, who was the toastmaster, wore a brown suit with pieces of toast attached. A few of the exotic dresses worn and modeled were the following: a balloon dress worn by Pam Phelps, a sack dress worn by Linda Shock, a felt dress worn by Martha McAllister, a box dress worn by Sharon Eustis, a cotton house dress worn by Sharon Norris, and a tea dress worn by Jan Scruggs.

Next, Martha McAllister played her guitar and sang a couple of songs for the group. Although a bit nervous at first, she did a wonderful job singing "Cruel War" and "Where Have All The Flowers Gone."

At last the time came for the announcement of the Sunshine Girl of the Year. As the five candidates came on the stage, Peggy Herr told the audience the special traits of each. Peggy then announced that Suzy Spencer had been chosen the Sunshine Girl of the Year. Sharon Norris presented Suzy with the Sunshine Society bracelet. Eva Norris gave her a corsage of yellow roses, and Barb Mikesell placed the crown upon her head.

The remainder of the evening was spent visiting with the ladies, and eating the refreshments.

BOOSTER SHOT — A Delphi man, Dave Goyer, playing on a Lafayette golf course, made a nice drive but landed short of the green. Goyer's playing partners said a gopher emerged from its hole and began nudging Goyer's ball toward the green. They conceded that if Goyer had been able to train the gopher that well, he should be allowed to use it and they did not protest movement of his ball.

African Doctor Is Hi-Y Guest

By Sheila Fish and Janet Crow
Members of the Sunshine Society were guests of the Hi-Y Club to hear Dr. Elizabeth Ramsey tell of her experiences in Africa as a doctor. Doctor Ramsey showed a number of slides of scenes in Africa and explained the life, culture, and customs of the African people. The lecture proved to be very interesting and enlightening to all.

The National Honor Society recently held a meeting to nominate candidates for officers. The nominees are as follows: President, Jim Boswell and Jim Weirick; Vice President, Jim Lewis and Peggy Herr; Secretary, Diane Davis and Lonni Darosci; Treasurer, Jeanne Adams and Kay Thomas.

Members of the Society will vote for their choice at the all-school election to be held later in the year.

GRADE SCHOOL NEWS

By Darlene Taylor and Holly Thompson

First Grade — Mrs. McLane: During the month of April, Dol-lahan will be 7 on the 12th and Connie Humes will be 7 on the 20th. We have written stories about the month of April. These children have their papers on display: Keith Franz, Roudy Sellers, Richard Binion, Paul Brockler, Patsy Humes, and Donald Systma. Patsy Humes and Janet Hanselman won the Number Prize last week. Terry White wrote an original story entitled "A Big Man."

Mrs. Keyser: Jeff Heiser had a party on April 4th and treated the students to cupcakes and candy. We are working in new writing books. Mary Beth Oldham brought a baby chick for us to watch. We have been learning a few poems and made up some riddles of our own. In our arithmetic class we are supplying missing numbers in our adding problems.

Third Grade — Mrs. Carter: GERALYN Wojtowicz will be 9 years old on April 9. In our science class we have been learning how our ears bring us so many messages during the day. In our reading class we are interested in learning about the South Sea Island people. We are still writing letters to each other and mailing them in our post office. Two postmen are chosen each day to deliver the mail. The children are selling Carnival tickets and are looking forward to the Carnival Saturday.

Fourth Grade — Mr. Horban: In order to help the children understand what makes a plant grow better, individual students are going to have a contest. Each one will see if he can make a plant grow better than any other child.

Fifth Grade — Mr. Vondra: There are two new classmates that have been with us since last Thursday — two white rats. The purpose of having these two rats with us is to find which of two diets is the better — the school lunch or cookies, candy, and potato chips. The experiment is supposed to last six weeks.

Mr. Frettinger: Steve Singleton has a birthday this month. We are also conducting a scientific experiment with two white rats. The experiment started Monday. The starting weights were 80 and 60 grams. The heaviest one, Snowball gets the poor diet. But at the end of three weeks, Peanuts will get the poor diet and Snowball will get the good diet. Both rats were born on March 14.

Sixth Grade — Mr. Overstreet: Birthdays for the month include James Baker on April 15, Margaret Ruhnnow on April 19, and Billy Napier on April 3. The sixth graders are making a special study of the Red Cross, which began in Switzerland.

PROMOTIONAL DANCE FRIDAY AT LIONS DEN

The Culver Explorer Post 290 would like to invite everyone to a promotional dance to be held on Friday, April 17, in the Culver Lions Den from 7:30 to 11 p.m. The theme of the dance will be "World's Fair '64" and admission will be 35¢ per person or 50¢ per couple.

Ray Thomas is Nominated For NCTE Award

KAY THOMAS

Kay Thomas, daughter of Mr. and Mrs. Leroy Thomas, West 18th B Road, Culver, has been nominated for the annual Achievement Awards Program, sponsored by the National Council of Teachers of English (NCTE).

For the seventh year, the Council is conducting the national Awards competition to grant recognition to outstanding high school seniors for excellence in English. The writing abilities and literary awareness of each nominee will be judged by local and state committees. NCTE will announce the winners in December, 1964, and will send their names to every U.S. college and university with the recommendation that these students be considered for scholarship assistance.

According to James R. Squire, Executive Secretary of NCTE, the Achievement Awards Program is part of a comprehensive program undertaken by the Council in cooperation with American schools to encourage improvement in English language and literature at all grade levels. The Council is also cooperating with Project English, a national program sponsored by the U.S. Office of Education for improving English instruction. By stimulating interest in English studies and by supporting programs for improved instruction in English, the NCTE seeks to contribute to a national educational program of excellence.

Boy's State

By Greg Yapp

Boys' State is an American Legion sponsored citizenship training program for junior and senior boys. The boys are chosen by the school and the local American Legion on the basis of their leadership, ability to get along with others, honesty, personality, and sportsmanship. The boys from Culver so honored are Jim Boswell and Jim Lewis with Bob Eustis and Paul Saft as alternates.

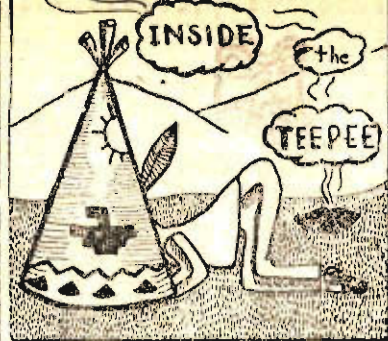

The program starts on Sunday, June 6, at Indiana University in Bloomington and ends Saturday, June 13, running a total of eight days. During this term the boys will stay in the Wright Quadrangle. They are assigned to a city and a county, and a political party, either the Nationalist or Federalist, for election purposes. Government classes explain the workings of political machinery, offices to be filled by election, and the duties and responsibilities of the offices. They then begin the election process, using the precinct, city, county, and state political machinery for the election of all officers.

After the election of a complete staff of city, county, and state officials, the boys are in complete charge of Hoosier Boys' State and carry on the functions of all departments of the legislative, executive, and judicial branches of government.

In addition to the above basic program, other special activities are provided to make a well-rounded eight days at Boys' State. These include a complete athletic program, band, vocal music, speech, journalism, law, police school, and a talent show. A morning and evening assembly is held each day and brings the best of speakers in the government, business, and entertainment fields to talk to the boys.

With this program the boy becomes familiar with practical politics and functional government. He also makes contacts and friends that will endure throughout his lifetime.

A 50-word (or less) classified ad in The Citizen costs just 90 cents a week on either a 26 or 52 consecutive insertion contract.

Swish, swish, splash, scrub . . . hub! Oh, excuse us . . . just doing a little spring teepee cleaning. Isn't this weather beautiful? Just a minute — ugh-uh — there . . . I just took our snow down. Now, let's rest a moment and see what's been going on.

Crash! Bang, Crash! Gee, it looks like Martha and Tom Schmidt are doing a little spring cleaning too. My! Such impatience! No time to waste! Crash! Every book drops to the floor. Oh, somebody booby-trapped your lockers? Oh, well, a little exercise never hurt anyone.

Honk! Honk! Bleep! SMASH! SHATTER! Oh, no! Jane Ann must have gotten her license. Here she comes again! Zooom! There goes the hitching post. Zoom! Take it easy Jane!

Speaking of licenses — here comes a car slowly poking along — and even has a blonde driver! Gee, it's Suzy Spencer! Don't laugh, gang, she's just a beginner. Just wait until she gets her honest-to-goodness real operators license!

"Where's the napkins? Where's the Sue Cole? Oh, dear . . . I have to get the napkins." This disheartening wail was heard from Lonni Darocsi at the Ideal Ladies Party upon discovering the absence of napkins. Up the stairs . . . the dark stairs she and Sheryl Fisher traveled to Miss Shank's room to get the missing articles. "I hear a noise!" "Aw, that's me!" "You'll never know how nice a custodian is until he puts the light switches where you can find them . . . right, girls?"

Once in a great moon . . . and only then do you find such a coordinated spaz like Valerie Gunder. Not everybody can have such an attractive pair of high heeled shoes . . . and they were so well matched! Both heels were broken off. Great goin', Gunder.

Hey, Big Chief Crosley! Maybe you could sign Head Chief Cole and Assistant Head Chief Miller for next year's basketball team, along, of course, with Mr. Crabb and Mr. Dillman and a host of others. But . . . Gee! Where were the cheerleaders! Miss McCoy, Miss Reynolds, and Mrs. Ulrich would make ideal cheerleaders! What happened? Hooray! No seniors today!

Say now, in all this business of changing seasons and cleaning, Larry Linhart has lost a ring — his class ring! Ahhh! Here comes Carolyn Snyder — she's found it. Oh well, Carolyn, "finders keepers."

Hey, Mike Eustis. Don't you think you're a little old to be playing cops and robbers? Poor Mike . . . It seems as if he were handcuffed to a post all Monday evening. HANDCUFFED???? Attention all fashion seekers! For the latest in the fashion world of hairdos, contact Alfalfa Weirick (alias Jim Weirick). He must be a two dab man . . . but to our dismay — only his hairdresser knows for sure. But please, Jim, will you kindly refrain from combing your hair in English class???

A Little "White" Lie

By Martha McAllister

It was a beautiful spring day, and all the Crowes and Sparlings were Hopple-ing long the Banks of VanderMeade Lake. Bob and Bill Smith had just bought a new car and decided to go out for a spin.

"Get in and Crozier door!" said Bob.

"I've coming as fast as Mc-Can."

So they started the car and Bill Gunder. As they Wentz around VanderMeade Lake, they watched the Fish jumping but their eyes strayed to some girls on the beach.

"There's a cool one but she has stuck-up Ayres about her. What a Funk! (that's past tense for funk!)"

"That one's a string Bean — how Gross!!"

"I'm tired of these Scrugg's — Liette's peal out." And so they did.

After a few minutes, Bob said, "I don't mean to Shock you, but there's a police-Mann following us, and it's Eustless to try to get away."

"What a son-of-a-Schmidt!" "Keep your Yapp-trapp shut and re-Frain from cursing."

As the Carter-need the corner they stopped and a police-Mann strode up in his motorcycle Boots!

"Yo-all-com with me." "Oh, don't be such a Crabb. Have a Hartz."

"That's a nice car you've got there, but if you keep driving like

that you'll Kreisher. How old are you?"

"I'm 18."

"You're Lyons."

"No, sir, Osborn in 1946."

"Well, let this be a Warner-ing to you. Next time it won't be so easy. Either drive right or Parker."

"Oh, Crump."

"That's the Law-son."

"Al-Wright sir!"

So, the boys proceed with caution to Snyder's drive-in because the Prices aren't so bad there. The car hops wore White West-cotts. The Newcomb-ers ordered ham-Bergers, goos-Sperry pie and a coke. When the car hop came out in a clever dis-Guise, she had forgotten the napkin dis-Spenser.

"Hey girl, what are you waiting for, Easterday?" yelled Bob.

The carhop squ-Weish-ed hurriedly through the mud to the car. "She's really cool; I'd like to be Herrmann!"

As they finished the food, listening to the Harmon-y of the music, the car and the drive-in blew up.

Soccer Clinic To Be Held At CMA April 25

Three well known Midwest collegiate soccer coaches will take part in a soccer clinic to be held for Indiana high school players and their coaches beginning at 9 a.m. Saturday, April 25, at Culver Military Academy.

The clinic is sponsored jointly by Culver Military Academy and Argos High School, which have combined their efforts to arouse interest for interscholastic competition in soccer among Midwestern schools. The two schools engaged last fall in what IHSAA Commissioner Phil Eskew said was the first interscholastic competition in soccer in Indiana history.

The April 25 clinic will be held on the parade grounds in front of the Academy Riding Hall, but will be moved into the Culver gymnasium in the event of bad weather. There is no admission charge, and co-chairman Chester Marshall of the Academy and Ralph Powell of Argos are hopeful that sufficient teams will be interested in forming a league next fall.

Scheduled to handle various parts of the clinic will be soccer coaches Charles Matlack of Earlham College, Richmond, Ind.; Jerry Yeagley, Indiana University; and Charles Fairben, Ball State Teachers College, Muncie. Yeagley played on the N.C.A.A. championship team from West

Chester (I.A.) State College in 1961 and coached I. U. to a 7-1-3 record last season, the best in over 10 years. Matlack was an All American soccer player at both the University of Pennsylvania and Haverford (Pa.) College in the 1940's. His Earlham teams have won 54 soccer games, lost 30, and tied 11 in the past 10 years. Fairben was an all-New York collegiate soccer player from Cortland State College.

Marshall and Powell plan to outline to coaches the low cost of initiating soccer as a varsity sport. They have also scheduled a supper meeting at 6 p.m. for coaches interested in setting up a league next fall.

SMART DOGS—A unique traffic safety show will tour several Indiana cities in March and April, giving performances in many Hoosier grade schools. Sponsored and supported by the trucking industry, the show features a number of well-trained dogs put through their paces by a traffic safety police officer. Each trick performed by the dogs depicts a traffic safety practice for youngsters who remember the practice longer when shown by the dogs than when told about by humans.

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst's whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

UNITED STATES BREWERS ASSOCIATION, INC.

Culver Public Library Marks 50th Anniversary

The Culver Public Library is now observing its 50th anniversary during National Library Week, April 12 to April 18.

The following excerpt is taken from The Culver Citizen of April 2, 1914: "The first step has been taken toward securing a Carnegie Library building in Culver. A committee of seven was appointed at the Commercial Club meeting the other night to solicit the people of Culver and Union Township for donations of books as a nucleus for a library. For an indefinite period the use of three rooms above Dr. Tallman's office will be donated for a library and reading rooms by S. C. Schilling."

The efforts of the leaders and the public in taking this first step bore fruit as represented in the acquiring of the Carnegie building, as well as the large selection of books which has grown through the years.

The Library minutes book records the following: "The Culver Library Board met on Sept. 29, 1914, for the purpose of organization. Dr. E. E. Parker was elected as chairman and Mrs. W. O. Osborn as secretary pro-tem. The following officers were elected by ballot: President, Dr. Parker; vice president, Dr. N. S. Norris; and secretary, Mrs. Osborn."

The Library was moved from temporary rooms above Doctor Tallman's office to rooms above the Culver Hardware in December, 1914. Miss Zola Moss was selected by vote as librarian.

The Library Board held its first meeting in the new Library building on Jan. 5, 1916. The library was open every weekday

evening from 6:30 to 9 o'clock, and every afternoon, except Saturday, from 2 to 5 o'clock. On Saturday the hours were from 1 to 5 p.m. and the reading room was open on Sundays from 2 to 5 p.m. but no books were given out on Sunday. The frame residence which stood on the lot now occupied by the Culver Public Library housed the grandparents of the present head librarian, Mrs. Jayne Scruggs. This building was moved to vacate the land for the erection of the library building.

Recent remodeling has provided the Culver Public Library building with modern gas heat, adequate new lighting fixtures, and an air conditioning unit which supplies summer comfort for Library patrons. There is also a comfortable reading corner with chairs, table, and lamp.

Recent additions to the library facilities now provides film circuit service which furnishes monthly up-to-date films, many in color, supplemented with sound tracks.

The Summer Reading Program, sponsored by Tri Kappa Sorority, has proved a very popular and beneficial addition to the Library services during recent years. Last year 200 area youngsters, students in the elementary grades one through six, took advantage of this Summer activity.

The local Library proudly displays a new United States flag and an Indiana State flag, both recent donations of the local American Legion Post. Incidentally, the navy blue and gold State flag is an expensive one because of the applique and embroidery involved in its construction.

In comparison, statistics at the close of the first year's operation of the Culver Public Library revealed that there was a total of 1,281 volumes and 24 periodicals, with a total of 433 borrowers. At the close of 1963, the local Library boasted a total of 9,947 volumes, 118 periodicals, and 5

newspapers. During the past year there was a total of 31,830 books loaned.

The Culver Public Library observes winter hours on Mondays through Fridays from 11:45 a.m. to 9 p.m. On Saturdays the doors are open from 12 noon to 4 p.m. During the summer, weekday hours are from 12 noon to 8 p.m.

All available records fail to disclose a formal dedication date for the Culver Public Library. If anyone has authentic data on this event, please contact Mrs. Scruggs, Librarian.

Academy Sports

Culver Military Academy's baseball team sent sports historians back into the record books this week to determine if anyone has ever scored 20 runs in a single inning before.

The suspicion seems to be that no team ever has recorded that many runs, but fans attending the Culver Military Academy-Warsaw High School here last Saturday can attest to the fact that it's been done now. After the Cadets dropped the first game of a season-opening doubleheader to Warsaw, 6-3, Coach Jim DeArmond urged his Academy squad to bounce back with a victory in the second game. Once DeArmond got his boys started, not even some negative baseball strategy could stop them.

In the first inning of the second game, the Academy scored a measly five runs and the team was kind of pleased with itself. The next inning took more than an hour and a half to play. DeArmond's Eagles opened up with a 20-run, 15-hit barrage that must have set some kind of a record.

The Cadets went through four pitchers and were leading 11-0 before Warsaw was able to get anyone out. As the score mounted and DeArmond was sure of a vic-

tory — the afternoon sun was sinking fast — even the Culver coach was anxious to end the inning. But the Eagles kept going. DeArmond's worst hitters whistled line drives through the infield. When the "take" sign was on for a possible called-strikeout situation, the pitcher walked the batters. Once, with 230-pound centerfielder Mike Turnbull on third base, DeArmond called for the stolen base. The throw had Turnbull by 10 feet, but "Tiny" — as he was known to his football teammates — plopped into the catcher, who dropped the ball.

With the score 25-0 and attendance sinking as rapidly as daylight, Warsaw Coach George Bock, Culver instructor during the summer months, called the game to a halt in the third inning. Warsaw had had enough, and, interestingly enough, so had Culver. The Eagles had 12 hits in the second inning, and the team batted around three times. Co-captain Bill Woessner led the hitters with two singles and a walk for his three times at the plate.

While the baseball team was completing its marathon, the tennis team won its third straight match by walloping Fort Wayne Concordia, 7-0, the track team finished second in a triangular meet with two of the state's top distance squads, West Lafayette and Ashley, and the golf team ran into a tough Bloomington University squad in a five-team match played over the Indiana University course.

In track, West Lafayette finished first with 63 points, Culver was second with 49, and Ashley was third with 44. Academy winners included John Gillespie in the 100-yard dash, Jeff Diamond in the 220, Steve Wilson in the broad jump, and Eagle relay teams in the four-mile, and 880 events.

Culver finished third behind Bloomington (403) and Columbus (418) with a 424 score at I.U. Other teams were Madison Heights (426) and Bedford (438). Tony Mayfields' 81 was low for Culver.

All five squads are active this weekend. The baseball squad hosts Howe Military School in a 1:30 p.m. twin-bill, the track team is at the Fort Wayne North Side Relays, the crew opens its season against Lane Tech and Weber at Chicago's Lincoln Park Boat Club, Huntington is here for a 2 p.m. tennis match, and the golf squad hosts Dolph and Merrillville in a 1 p.m. match.

"Doctrine of Atonement" is the subject at Christian Science churches next Sunday. Golden Text: "All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Cor. 5:18).

The following citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be read:

"Jesus' aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin, and death by the law of Spirit. — the law of divine Love" (p. 19).

PATRICIA WESSON TO TAKE PART IN COLLEGE PLAY

Miss Patricia Wesson of Culver will be in the drama "Uncle Vanya," by Anton Chekhov, to be presented in the auditorium at Indiana Central College on April 16 and 17 at 8:30 p.m.

She is a member of the crew. The play, directed by David T. Deacon, chairman of the Drama Department, concerns the Russian intelligentsia's inability to act toward the end of the czarist regime. The author's brilliance in this play lies in his ability to expose the frustrated and cynical souls of his unhappy characters in an amusing way.

Miss Wesson, daughter of Dr. and Mrs. Oscar Wesson, Route 2, Culver, graduated from Culver High School in 1962.

Depressing sight, isn't it? And what is it we say when something old, familiar, once-cherished, once-useful has succumbed to the ravages of time? *It served its purpose!*

Could all the churches in our town someday look like this? They could!

Maybe they will... if they have served their purpose... if we don't need them anymore!

Even if you haven't been getting to church of late, I think you'll protest that we DO need our churches. We need the truth they teach — the faith they instill — the hope they inspire — the God-given strength with which they undergird our life.

This is the very point: We ALL need our churches.

And to bring ALL of us to realize and fulfill our need...

That is their purpose!

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

HOOSIER INGREDIENT — In his column in The Pulaski County Journal, the veteran editor, E. C. (Ned) Gorrell, recently "spilled the beans" about olive oil. He said he had been informed by Merrill Guild, who returned recently from a European trip, that when the olive crop is short in southern Italy, the manufacturers of olive oil bolster up the supply by adding quantities of American soybean oil.

PLENTY OF PENCILS — It isn't difficult to find a pencil in the Franklin County home of 12-year-old Robert Wesseler. The youngster, son of Mr. and Mrs. Joe Wesseler, Route 2, Batesville, has been collecting pencils as a hobby for several years and he has accumulated over 2,000 of all colors, sizes and shapes. The collection started when his paternal grandfather, the late Ben Wesseler, gave him several odd pencils when he was two years old. The boy kept these and as he grew older began adding to his collection. His collection includes a four-foot long totem pole pencil, a flexible "spaghetti" pencil which can be rolled up like hose, and a pencil with a three-foot long eraser, which the boy says must have been made for someone who makes a lot of mistakes. The Batesville Herald-Tribune accompanied an article on Robert's collection with a picture showing him holding a five-foot long pencil.

COLLATERAL REQUIRED — When you go into a bank to apply for a loan you're usually asked what collateral you can put up. An Indianapolis businessman who serves as director of a bank in a small southern Indiana town found out recently that his connection with a bank did not exempt him from putting up collateral. Lowell Nussbaum, Indianapolis Star columnist, reports that the bank director, returning to Indianapolis after attending a directors' meeting, ran out of gas in Martinsville. He reached a filling station but discovered he was short of funds. He left his watch with the station attendant to guarantee payment for the gas. A friend who lives in Martinsville took the payment back the next day and redeemed the watch.

60-Mile Canoe Race To Be Held April 18-19

Crews for some 50 canoes have been entered in Culver Military Academy's 60-mile canoe race down the Tippecanoe River on the weekend of April 18-19.

William Garrison, an Academy history instructor who is serving as chairman of the race, says he expects possibly 100 canoes to be entered by the time the first wave of boats leaves the shores of the Tippecanoe at Leifers Ford, Ind., at 8 a.m. on Saturday, April 18. The race will end Sunday evening at Buffalo, Ind.

Entries for the race will be received up until the start of the race on April 18, however, Garrison said a deadline of April 16 has been placed on reservations for overnight lodging at Beason Park, where canoeists will end the first leg of the competition Saturday night. Reservations for lodging, entry blanks, and information may be obtained from Garrison by writing him in care of Culver Military Academy, Culver, Ind.

Rules of the race allow anyone to enter, but crews are restricted to three men. Garrison said he expects additional entries to come in from college students in the surrounding four states. In addition, 29 canoes owned by Culver will be manned by Academy cadets.

Other rules to be in force during the race prohibit mechanical aids and the use of other than conventional type paddles. Canoeists may not receive help from anyone other than a member of their crew, and crews may leave the Tippecanoe only to portage around obstructions.

Town Board Topics

The meeting of the Culver City Council progressed last Monday evening in orderly fashion and possibly because of the rainy weather, which we have needed so badly to aid the existing fire conditions, the public audience was very sparse. Only those who had some problem to solve or condition to remedy were in attendance.

Evidently the problem of low water pressure in the city water mains located on Slate Street from Cass to Lewis Street, had been discussed at a previous meeting and was again continued as the first order of business last Monday night. It was brought out in the discussion that the present line was only a one-incher and did not give adequate pressure to water customers on that section of the street. Veri McFeely, water commissioner, disclosed the town had enough 4-inch mains that could be laid in the section in question. He also stated that some four-inch mains had been laid and to lay additional pipe of that size would require about 700 feet of pipe, which he had in reserve stock.

The installing of an additional fire hydrant in this section, which the Town Council thought to be necessary, was discussed. After investigating all details of the project, the board voted to install the four-inch line and fire hydrant. Mr. McFeely was asked to secure bids on the trench digging and present them to the board at the next regular meeting so work could begin on improving the water situation along that section of Slate Street.

Eimer White and Jack Spencer presented their water bills for the last quarter, which according to the meter reading was more than twice their usual consumption. It was brought out that tests had been made of the meters and the water taps on their respective properties which checked out as perfect. No apparent reason could be found for the enormous jump in the meter readings. The board voted to make the necessary adjustments in their water bills.

Chief of Police Don Mikesell informed the board that the cost of having the streets swept and cleaned this year had jumped from \$175 last year to \$275 per time this year. In the past the Council has had this cleaning operation done three times during the year. The board voted to have the work done with the possibility of cutting the number of times from three to two, due to the increase in price. Chief Mikesell was asked to procure the necessary contracts to be presented to the board for study and signing.

Tone Shaw, member of the board brought up the advisability of lowering the city dog tax to the same fee as is levied by the township i.e. \$1 for male or spayed females, \$3.00 for unspayed females and \$5.00 for each additional dog, regardless of sex. Mr. Shaw's thinking on the problem was that possibly a change in the present ordinance following those lines with additional regulations would help solve the dog problem in Culver. Ted Ervin, president of the board, stated that a new ordinance would be necessary to make this change. Also in the discussion the following new regulations would be necessary: 1. all dogs must be vaccinated for rabies and be required to wear a tag disclosing that fact; 2. Dogs caught without the required township, city and rabies tags would be destroyed; 3. also to incorporate the same regulations as found in the present ordinance, that dogs must be either tied or penned up on the owner's property.

Culver Firemen Fight 11 Fires In Three Days

The Culver Fire Department had their hands full last week when they answered 11 fire alarms in three days, five of them on Thursday. Unseasonable warm weather and three days of high winds made leaves and dead grass tinder dry. With the exception of one, all the fires were trash and grass fires which were whipped by high winds and blazed out of control. The fire hazard was state wide, with many serious fires starting and a great deal of property destroyed. The Culver area was very lucky not to have much property damage.

Listing of the fires, which started on Wednesday afternoon, is as follows:

Wednesday: 12:30 p.m. — John F. Roos home, West 18th Road. Grass fire. Fire also burned some lumber, value not known. 8:30 p.m. — Fire out of control at the Burr Oak city dump.

Thursday: 12:05 p.m. — Ira Faulkner farm south of Culver, woods fire. 1:00 p.m. — trash fire between Park 'N Shop grocery and Farm Bureau property, Culver. 1:05 p.m. — Grass fire at the Ray Dowd farm, Castleman Road west and north of Culver. Old car destroyed in this one. 2:00 p.m. — fire department again called to Ira Faulkner farm where the woods fire had broken out again from smoldering embers of the first one. 5:30 p.m. — Grass fire at the William Garrison farm, on State Road 10 east of Culver.

Friday: 1:00 a.m. — 50-Acre field on fire on 1000 E Road, west of Louie Hert's farm. Washington Township Fire Department was also called to this fire. 12:35 p.m. — Grass fire on the John Newman farm. 2:50 p.m. — Another grass fire at the William Garrison farm, on State Road 10. 8:55 p.m. — Fire at the George Baker home, on West 17th road. Fire started inside home from an undetermined origin. Damage was estimated at about \$100.

Area Students To See CMA Events Next Three Years

Marshall County public school students will continue to attend programs in the performing arts at Culver Military Academy through a new three-year grant of \$7,500 from Judd Leighton and Mary Morris Leighton of South Bend.

The Program for Education in the Performing Arts was begun at Culver three years ago through a similar grant from the E. M. Morris and Robert L. and Mary Morris Oare Foundations of South Bend. Between 6,000 and 7,000 students from nine areas in Marshall County have attended four programs annually as part of P.E.P.A.

William J. Martin, holder of the Hough Family Chair of Fine Arts and director of theater at Culver, conceived the program in 1961 as one that would expose public school children to the legitimate theater. Subsequent surveys made by Martin indicated that many students had attended professional performances for the first time under the Culver program and the P.E.P.A. was regarded as a success among school administrators and students.

Under terms of the new grant from the Leightons, Marshall County students will have an opportunity to attend matinees of three or four professional shows during each of the next three years. The programs are booked as part of Culver's annual concert-theater series attended by Academy students, faculty, and the public.

Public school students have been transported to the Eugene E. Eppley Auditorium by bus for 1 p.m. matinees, and the only cost to the participating schools is for transportation. The Culver Educational Foundation underwrites the use of its facilities and other miscellaneous expenses.

Among the programs Marshall County students have seen during the current three-year grant are: the Belafonte Folk Singers, the Indianapolis Symphony Orchestra, Destine's Afro-Haitian dance troupe, the Pan-Hellenion Folk Festival, the folk-singing group of Ira and Inman, the Cy Touff jazz quintet, the Benny Goodman jazz sextet, actress Celeste Holm, the Bayanihan Philippine Dance Company, and Varel and Bailly, French singers.

Two Indianapolis residents, one of them a former Canadian guide, won the 60-mile Culver Military Academy canoe race held on the Tippecanoe River last weekend.

Douglas Guion, a 15-year-old Broad Ripple High School student, and Frank Miller, 29-year-old Indianapolis salesman, took the lead Saturday during the first leg of the race and were virtually uncontested during the final 30 miles Sunday.

Miller, known as the "Canadian Ace" because of many years spent in Canada as a guide for canoe trips through the wilderness, had been a pre-race favorite among veteran canoeists entered from Indiana and several surrounding states.

The race was set up in two stages with 59 canoes starting Saturday morning from Leiters Ford to Beason Park, where the participants stayed overnight. Sunday morning 50 canoes were started at staggered times on the basis of how long it required them to cover the initial part of the race from Leiters Ford.

Guion, who is also an Explorer Scout, and Miller took the lead Saturday when they covered the distance to Beason Park in three hours and 51 minutes. Their time was six minutes and seven seconds better than their closest rival, and this was the margin Miller and Guion began with Sunday morning. Miller said they never saw another canoe after leaving Beason Park.

"It was a pretty dull trip Sunday," said Miller. "On Saturday we started back of other canoes and it was great fun. After we got ahead of our own group of five canoes, we started catching up with groups that started ahead of us. Every time we saw another canoe, we went after him. This was the exciting part of the race."

The Miller-Guion canoe completed the race about 19 minutes ahead of the second place finishers, Larry Russell and Gary Hood, two Indianapolis Southport High School students, who finished the second leg in four hours and 43 minutes. Third place finishers Carl F. Foust and David Bigley, of Culver, and Dick Sibbitt, of Kokomo, covered the distance from Beason Park to Buffalo in four hours and 47 minutes.

Two South Bend Boatsmen, John Winkle and Earl Dejong, were fourth and another Culver crew, Carl Wagoner and David Middleton, was fifth.

William Garrison, an Academy history teacher, served as chairman of the event. Entry money was used for prizes.
