Town Board Topics

The meeting of the Culver City Council progressed last Monday evening in orderly fashion and possibly because of the rainy weather, which we have needed so badly to aid the existing fire conditions, the public audience was very sparse. Only those who had some problem to solve or condition to remedy were in attendance.

Evidently the problem of low water pressure in the city water mains located on Slate Street from Cass to Lewis Street, had been discussed at a previous meeting and was again continued as the first order of business last Monday night. It was brought out in the discussion that the present line was only a one-inch and did not give adequate pressure to water customers on that section of the street. Veri McFeely, water commissioner, disclosed the town had enough 4-inch mains that could be laid in the section in question. He also stated that some four-inch mains had been laid and to lay additional pipe of that size would require about 700 feet of pipe, which he had in reserve stock.

The installing of an additional fire hydrant in this section, which the Town Council thought to be necessary, was discussed. After investigating all details of the project, the board voted to install the four-inch line and fire hydrant. Mr. McFeely was asked to secure bids on the trench digging and present them to the board at the next regular meeting so work could begin on improving the water situation along that section of Slate Street.

Eimer White and Jack Spencer presented their water bills for the last quarter, which according to the meter reading was more than twice their usual consumption. It was brought out that tests had been made of the meters and the water taps on their respective properties which checked out as perfect. No apparent reason could be found for the enormous jump in the meter readings. The board voted to make the necessary adjustments in their water bills.

Chief of Police Don Mikesell informed the board that the cost of having the streets swept and cleaned this year had jumped from \$175 last year to \$275 per time this year. In the past the Council has had this cleaning operation done three times during the year. The board voted to have the work done with the possibility of cutting the number of times from three to two, due to the increase in price. Chief Mikesell was asked to procure the necessary contracts to be presented to the board for study and signing.

Tone Shaw, member of the board brought up the advisability of lowering the city dog tax to the same fee as is levied by the township i.e. \$1 for male or spayed females, \$3.00 for unspayed females and \$5.00 for each additional dog, regardless of sex. Mr. Shaw's thinking on the problem was that possibly a change in the present ordinance following those lines with additional regulations would help solve the dog problem in Culver. Ted Ervin, president of the board, stated that a new ordinance would be necessary to make this change. Also in the discussion the following new regulations would be necessary: 1. all dogs must be vaccinated for rabies and be required to wear a tag disclosing that fact; 2. Dogs caught without the required township, city and rabies tags would be destroyed; 3. also to incorporate the same regulations as found in the present ordinance, that dogs must be either tied or penned up on the owner's pro-

Culver Firemen Fight 11 Fires In Three Days

The Culver Fire Department had their hands full last week when they answered 11 fire alarms in three days, five of them on Thursday. Unseasonable warm weather and three days of high winds made leaves and dead grass tinder dry. With the exception of one, all the fires were trash and grass fires which were whipped by high winds and blazed out of control. The fire hazard was state wide, with many serious fires starting and a great deal of property destroyed. The Culver area was very lucky not to have much property damage.

Listing of the fires, which started on Wednesday afternoon, is as follows:

Wednesday: 12:30 p.m. — John F. Roos home, West 18th Road. Grass fire. Fire also burned some lumber, value not known. 8:30 p.m. — Fire out of control at the Burr Oak city dump.

Thursday: 12:05 p.m. — Ira Faulkner farm south of Culver, woods fire. 1:00 p.m. — trash fire between Park 'N Shop grocery and Farm Bureau property, Culver. 1:05 p.m. — Grass fire at the Ray Dowd farm, Castleman Road west and north of Culver. Old car destroyed in this one. 2:00 p.m. — fire department again called to Ira Faulkner farm where the woods fire had broken out again from smoldering embers of the first one. 5:30 p.m. — Grass fire at the William Garrison farm, on State Road 10 east of Culver.

Friday: 1:00 a.m. — 50-Acre field on fire on 1000 E Road, west of Louie Hert's farm. Washington Township Fire Department was also called to this fire. 12:35 p.m. — Grass fire on the John Newman farm. 2:50 p.m. — Another grass fire at the William Garrison farm, on State Road 10. 8:55 p.m. — Fire at the George Baker home, on West 17th road. Fire started inside home from an undetermined origin. Damage was estimated at about \$100.

Indianapolis Residents Win The 60-Mile Canoe Race On Tippecanoe

Area Students To See CMA Events Next Three Years

Marshall County public school students will continue to attend programs in the performing arts at Culver Military Academy through a new three-year grant of \$7,500 from Judd Leighton and Mary Morris Leighton of South Bend.

The Program for Education in the Performing Arts was begun at Culver three years ago through a similar grant from the E. M. Morris and Robert L. and Mary Morris Oare Foundations of South Bend. Between 6,000 and 7,000 students from nine areas in Marshall County have attended four programs annually as part of P.E.P.A.

William J. Martin, holder of the Hough Family Chair of Fine Arts and director of theater at Culver, conceived the program in 1961 as one that would expose public school children to the legitimate theater. Subsequent surveys made by Martin indicated that many students had attended professional performances for the first time under the Culver program and the P.E.P.A. was regarded as a success among school administrators and students.

Under terms of the new grant from the Leightons, Marshall County students will have an opportunity to attend matinees of three or four professional shows during each of the next three years. The programs are booked as part of Culver's annual concert-theater series attended by Academy students, faculty, and the public.

Public school students have been transported to the Eugene E. Eppley Auditorium by bus for 1 p.m. matinees, and the only cost to the participating schools is for transportation. The Culver Educational Foundation underwrites the use of its facilities and other miscellaneous expenses.

Among the programs Marshall County students have seen during the current three-year grant are: the Belafonte Folk Singers, the Indianapolis Symphony Orchestra, Destine's Afro-Haitian dance troupe, the Pan-Hellenion Folk Festival, the folk-singing group of Ira and Inman, the Cy Touff jazz quintet, the Benny Goodman jazz sextet, actress Celeste Holm, the Bayanihan Philippine Dance Company, and Varel and Bailly, French singers.

Two Indianapolis residents, one of them a former Canadian guide, won the 60-mile Culver Military Academy canoe race held on the Tippecanoe River last weekend.

Douglas Guion, a 15-year-old Broad Ripple High School student, and Frank Miller, 29-year-old Indianapolis salesman, took the lead Saturday during the first leg of the race and were virtually uncontested during the final 30 miles Sunday.

Miller, known as the "Canadian Ace" because of many years spent in Canada as a guide for canoe trips through the wilderness, had been a pre-race favorite among veteran canoeists entered from Indiana and several surrounding states.

The race was set up in two stages with 59 canoes starting Saturday morning from Leiters Ford to Beason Park, where the participants stayed overnight. Sunday morning 50 canoes were started at staggered times on the basis of how long it required them to cover the initial part of the race from Leiters Ford.

Guion, who is also an Explorer Scout, and Miller took the lead Saturday when they covered the distance to Beason Park in three hours and 51 minutes. Their time was six minutes and seven seconds better than their closest rival, and this was the margin Miller and Guion began with Sunday morning. Miller said they never saw another canoe after leaving Beason Park.

"It was a pretty dull trip Sunday," said Miller. "On Saturday we started back of other canoes and it was great fun. After we got ahead of our own group of five canoes, we started catching up with groups that started ahead of us. Every time we saw another canoe, we went after him. This was the exciting part of the race."

The Miller-Guion canoe completed the race about 19 minutes ahead of the second place finishers, Larry Russell and Gary Hood, two Indianapolis Southport High School students, who finished the second leg in four hours and 43 minutes. Third place finishers Carl F. Foust and David Bigley, of Culver, and Dick Sibbitt, of Kokomo, covered the distance from Beason Park to Buffalo in four hours and 47 minutes.

Two South Bend Boatsmen, John Winkle and Earl Dejong, were fourth and another Culver crew, Carl Wagoner and David Middleton, was fifth.

William Garrison, an Academy history teacher, served as chairman of the event. Entry money was used for prizes.

New Telephone Directories Are Being Mailed

Indiana Bell is distributing a new telephone directory in the Culver area this week and will shorten the long distance dialing procedure this coming weekend.

Manager David A. Fletcher said the new directories were mailed Wednesday from the printers, and distribution should be completed by Friday.

The new Direct Distance Dialing procedure will be effective Sunday. DDD users then will dial "1" instead of "112" to gain access to the long distance network.

Fletcher said new equipment was installed in the Culver telephone building to make the simplified DDD dialing possible and thereby to speed the completion of station-to-station calls.

"Telephone users throughout the nation are adopting 'dial 1 for DDD' and like them, you will find it makes long distance dialing still more convenient," the manager said.

CHRISTINA HUGHES

Christina E. Hughes, daughter of Mr. and Mrs. Arthur G. Hughes, Culver Military Academy, Culver, is now on home leave prior to beginning a two-year Peace Corps assignment. She is one of 23 Volunteers who will leave April 29 to work in a Public Health program in Bolivia.

They will join 117 Peace Corps Volunteers already serving in Bolivia in the fields of rural community action, university education, agriculture, and health.

Some of the medical personnel will work in Bolivian communities, administering inoculations, establishing clinics, and providing home medical care. The community development workers will help teach basic elements of hygiene, sanitation and nutrition. They will organize the construction and maintenance of systems of water supply, irrigation and sewage disposal. Several of the Volunteers will work at the Los Negros Leprosy Colony, treating the patients and introducing rehabilitation projects such as handicrafts.

The entire group trained for two and one half months at the University of Washington, Seattle. There they studied the customs and history of Bolivia, United States history, and contemporary world problems. They also gained a working knowledge of Spanish. The Volunteers later spent a month at the Peace Corps training camp in Puerto Rico, receiving physical conditioning and further language training. Most spent two and one half weeks in Public Health posts in rural Puerto Rico, while two received leprosy training at the United States Public Health Service Hospital in Carville, La.

Over 6,500 Peace Corps Volunteers are now at work in 45 countries of Africa, Asia and Latin America. Requests for additional Volunteers are received daily. Peace Corps officials report that plans are being made to

train over 5,000 more Volunteers this summer. Interested applicants are urged to submit their questionnaires now and take the next nationwide Placement Test on May 6.

Woman's Society Of Christian Service Enjoys April Meeting

The Culver Methodist Woman's Society of Christian Service met in Fellowship Hall on Thursday, April 9. Mrs. A. E. Adams opened the meeting with prayer and presided at the business meeting.

Fifteen Society members made a trip to Wesleyan Manor on Tuesday, April 7. Mrs. O. T. Smith described to the Society the excellent facilities and cheerful atmosphere of the Manor.

For devotions, Mrs. Hampton Boswell played several favorite old hymns on the piano, and Mrs. Harry Speyer spoke about the wide variation in the hymns' origins.

Mrs. Charles McMinn introduced the evening's speaker, Mr. Fred Lane, who began by giving a quick summary of the significance, geographical features, history, political situation, culture, and religions of India and Pakistan. He then showed a filmstrip on the work of the Methodist Church in India, showing its relation to the other religions and its methods of meeting people's needs through such avenues as education and medical care. To conclude the program, Mr. Lane showed interesting movies he had taken during his visit to India. The movies, with subjects ranging from the Taj Mahal to a herd of camels, vividly illustrated many of India's problems and changing ways of life.

The meeting was adjourned with the Mizpah Benediction, after which the group enjoyed refreshments served by the substitute hostess, Mrs. Ted Strang, and the members of her committee. Mrs. Anna Waite and Mrs. Harry Speyer served at the tea table graced with a lovely spring bouquet.

Rebekah District 23 Meeting Well Attended In Culver Lions Den

The District 23 meeting of the Rebekah Lodges of Marshall, Fulton, and Kosciusko Counties was held in the Culver Lions Den Thursday afternoon and evening, April 16, with the Burr Oak Rebekah Lodge as host.

District president Anna Mae Rice of Burr Oak and district vice president June Wynn took their chairs and the state president, Ione Taulman of Columbia, was introduced; her song, "Prayer Perfect," was sung to her by Mildred Burkett of Rochester's Naomi Rebekah Lodge; and she was then seated by the district president, who presided at the meeting.

The address of welcome was given by Sylvia Shaffer of the Burr Oak Lodge and the response was offered by Carrie Curtis of Maxinkuckee Lodge 844. Past district deputies answered roll call.

The conductor introduced William King of Eden Rebekah Lodge 30, grand master of Indiana, and state page Edith Overmyer of Naomi Rebekah Lodge.

Various Rebekah Lodges then presented money for the Green-

burg Home to state president Ione Taulman. Every district lodge contributed 100 per cent.

Black Eye Of Bill Taber Reminds Us Of Ad Slogan

Now we know where the advertising companies got their most recent slogan, "I'd Rather Fight Than Switch". Bill Taber, of the Culver News Agency, has one of the most beautiful black eyes we've seen for many a day. In fact to hide the perfectness of it, Bill has been wearing dark glasses, which looks a little odd on cloudy days. On seeing the "shinner" we thought that Bill would have the usual excuses, such as running into a door in the dark, etc. But that was not the case.

Bill was playing ball last week with one of his youngsters. The youngster let go of a good hefty pitch, and Bill wasn't quite ready for it. He missed and the ball hit Bill on the eyebrow. In seconds a knot as big as a hen egg made its appearance and Bill's eye swelled shut. Aside from the humor aspects of the incident, Bill was laid up for four days with a very badly injured face. He is just now beginning to see clearly with his right eye and the natural color is gradually coming back. We're happy Bill, it wasn't any worse and wish you a speedy recovery.

APRIL 19 SPECIAL SERVICE AT ROLLINS CHAPEL IS WELL ATTENDED

Rollins Chapel members were hosts to a large number of visitors Sunday afternoon, April 19, for a service of worship and music. Rev. H. Walker, Pastor of Elkhart African Methodist Episcopal Church and of Rollins Chapel, brought part of the Elkhart choir and a number of members of the Elkhart church to Culver for the service. Reverend Jones, from LaPorte A.M.E. Church, came with some of his congregation.

The Presiding Elder, Dr. Parker, of the A.M.E. Church in this area, brought a challenging message asking, "From whence do we come? To where are we going? What are we doing now?"

A group of youth from the Culver Bible Church sang several numbers and one of the youth played accordion accompaniment while the group sang "Rock of Ages". The youth counselors, Mr. and Mrs. Pollock attended with the young people.

Rev. Walter Chisholm, of the Culver Larger Parish of E.E.P. Churches, gave a short message. Reverend Jones sang "How Great Thou Art". An offering was received for missions work. Following the program, refreshments were served to all guests. The committee in charge of arrangements consisted of Mrs. Nellie Jackson, Mr. and Mrs. Chauncey Simmons and Mr. and Mrs. H. Scott, Mrs. Alva Smith, Mrs. Agnes Cabel, Mr. and Mrs. Roy Watts, and the membership of Rollins Chapel also assisted in plans for this special service.

erty and not let run loose. The board did not act on these suggestions, but voted to take it under advisement, work out the various conditions and have the proposed ordinance presented at a future meeting of the board for either passage or rejection.

Harry Edgington and Charles Edgington, representing the developers of Maxinkuckee Highlands, which is a new housing development located north of Indiana Avenue or Academy Road, which ever you prefer, and west of Old 17 and bounded on the north by State Road 10 and 17, proposed that this area be annexed into the corporate limits of Culver. It was brought out that in doing so the City of Culver would be required to furnish water lines, sewer facilities and sewage accommodations. The area in question consists of about 28 acres.

The developers were informed that the Town of Culver could not furnish these services due to conditions and contract regulations of the present articles which involve the existing bonded indebtedness of the present water and sewage department.

Water pressure for the area was discussed which would present a problem, since the area is on very high ground and a long distance from the water tower, which lessens the water pressure to the point that it would be inadequate.

Mr. McFeely stated that to give adequate pressure to that area a booster pump arrangement would have to be placed on the water line into the area. This would cost approximately \$600. The final agreement reached was that the area would be annexed with these provisions: the developers provide water, sewer and sewage lines and the city would install a water pressure booster. These conditions must also be approved by the planning commission.

"CLARKE FOR CONGRESS" HOOTENANNY ALL SET FOR NEXT FRIDAY

Hal Groniger, program chairman, has announced final plans for the "Clarke for Congress" Hootenanny to be held Friday, April 24, at St. Michael's School in Plymouth.

All Republicans are invited and all Republican candidates will be introduced by Howard Menser, Republican County chairman.

Music will be provided by Johnny Keck and singing will be led by George Cussen.

A comedy skit will be presented and there will be a 10 minute address by E. Alexis Clarke, Republican candidate for Congress.

Refreshments will follow the program giving Republicans a chance to meet the candidates. Precinct committeemen and committeewomen will be special guests.

SUPERINTENDENT OF STATE POLICE WARNS BUS USERS

George A. Everett, superintendent of Indiana State Police, has announced that it is apparent that many churches, Boy Scout troops and other like organizations which use second-hand school busses for group movements are not aware of a 1963 Amendment to the law which requires that such busses be painted a color other than yellow.

The statute referred to also requires that when a school bus is no longer used exclusively to transport school children that the flasher lights and stop arm be removed before such vehicle is driven on the public highways.

Superintendent Everett stated that he was sure that this law was not being violated intentionally but that unawareness of the law provides no legal defense.

A violation of the statute carries a fine of not less than \$10 nor more than \$50 to which may be added a jail sentence of not more than 10 days.

SENIOR LIVEWIRES 4-H CLUB NAMES COMMITTEES

By Alan Mahler
The second meeting of the Senior Livewires 4-H Club was held at 4 p.m. on April 16 at the school. John Behmer, president, called the meeting to order and the minutes were read by Claudia Depoy, secretary.

There was no old business and the new business was that there will be 50 cent dues. Two committees were picked, one for work projects is Joyce Odle, Patty Overmyer, Claudia Depoy, Hershel Odle, Steve Uery and Alan Mahler.

The committee for initiation is Patty Overmyer, Sheryl Fisher,

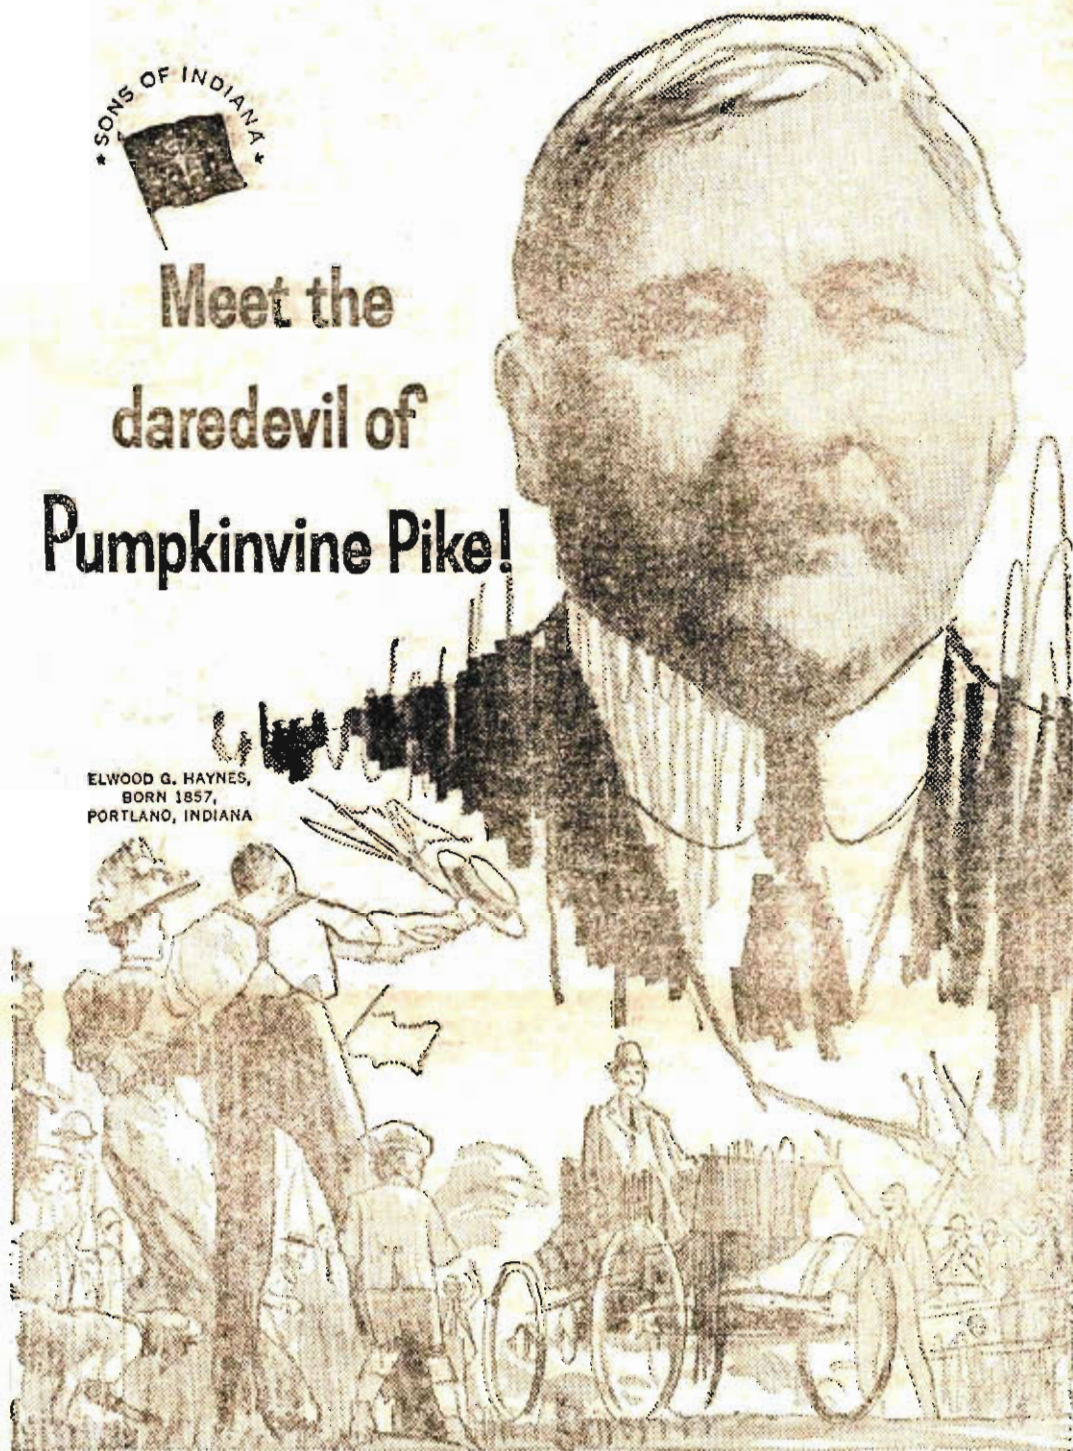

John Behmer and Steve Uery. The County Dairy Judging Contest was held at Bourbon and Union Township took first place with Alan Mahler 217 points, Jack Lucas 203, Hershel Odle 198, and Steve Uery 181. Coach was Martin Mahler.

WINTER TALE — The severe winter inspired some tall stories says David Marion, managing editor of The Ohio County News, published at Rising Sun. In his "Main Street" column Marion quotes one Rising Sun resident as telling this story: "I swept the snow off my back porch before I went to bed and leaned the broom against a wall right under a thermometer on the porch. When I went out the next morning the mercury from the thermometer was two feet down the broom handle."

Meet the daredevil of Pumpkinvine Pike!

ELWOOD G. HAYNES, BORN 1857, PORTLAND, INDIANA

SKIRT RUFFLES rustled and derby hats bobbed. The folks were crowding in for a closer look at Pumpkinvine Pike. For the crowd was curious in Kokomo that sunny Fourth of July, in 1894. They had been promised a look at a "horseless carriage." And they were ready for a hearty laugh.

But suddenly all eyes turned up the Pike. And a strange-looking contraption came sputtering and sparking along in the ruts—with Elwood Haynes at the tiller. He flashed by in a blur of speed (they say he hit six miles-an-hour that day!). The thrilling trial run of America's first clutch-driven automobile with electrical ignition was a rousing success.

Haynes was talented in other fields, too. He was a gifted metallurgist who developed many important alloys and created "stainless steel." But he'll always be remembered by the world for his wonderful "horseless carriage."

It's been a long time since the automobile was merely a good source for a joke. Today, it's as essential as, say, your telephone. And, in a way, it's essential to your telephone. More than 1300 cars and trucks are needed by Indiana Bell to keep your telephone service the finest in the world. Constructing telephone lines. Inspecting and maintaining these lines. Installing new phones, and equipment in homes and offices. Delivering electronic marvels that increase the efficiency of business and industry. All this depends, in large measure, on the automobile.

Yes, the automobile has done much for Indiana Bell. And we've done a little for the automobile. Have you seen, or used, one of the newest automobile radio telephones? A pretty amazing—and dependable—instrument. Just one result of the continuing progress in research from the Bell Telephone Laboratories. And the best is yet to come.

THE COOK'S BEST FRIEND

What a wonderful convenience a phone in the kitchen would be. So much time is spent there—cooking, doing the dishes, preparing shopping lists. It's surprising the time and steps a phone saves. Try a new wall phone—always within reach, but never in the way. Choose from rich, decorator colors. Call our Business Office for details today.

Ophthalmology Research Backed By I.O.O.F.

The Independent Order of Odd Fellows has signed an agreement with the Johns Hopkins University to support an Odd Fellow Professorship of Ophthalmology. It was announced in Baltimore, Md., recently. Ophthalmology is the science which treats of the structure, functions, and diseases of the eye.

This agreement will finance a professorship which will be devoted primarily to research in the department of ophthalmology of the University's School of Medicine. A faculty member to fill the professorship will be appointed.

Announcement of the recent \$625,000 gift was made by Dr. Milton S. Eisenhower, University President, after the formal signing of the agreement. Representing the Odd Fellows was Hugh J. Bradley of Tennessee and Mrs. Ethelyn Schalick of New Jersey, chairman and secretary respectively, of the Odd Fellows World Eye Bank and Visual Research Foundation.

The Independent Order of Odd Fellows is an international fraternal Order which supports work in many different areas of interest. It maintains an educational foundation which provides loans to college students; sponsors a Youth Pilgrimage of high school students to the United Nations; operates a cancer clinic in Iceland; a leprosy hospital in Denmark; an Eye Bank in Connecticut; and many other benevolent projects. The gift to Johns Hopkins, however, is the first support of any sort of research activity.

The Wilmer Institute of Johns Hopkins currently has under construction a new wing which will provide greatly-increased facilities for research on diseases of the eye and, when completed, will make Wilmer the world's largest eye research center.

The new five-story research building, expected to be complete and dedicated in May, will have 40,000 square feet of research area, four directors, and 40 to 50 scientists pursuing activities in four fields of eye research. The Odd Fellows World Eye Bank and Visual Research Foundation Professor will be the general director for the coordination of all research projects in the new center.

The local Maxinkuckee I.O.O.F. Chapter, with Warren Curtis as Noble Grand, is to be commended for their participation in this most worthwhile project.

Excerpts From The "Cracked Column"

By Sue Cole and Joan Dillon
EVERYBODY KNOWS that the CROOKED LITTLE MAN writes the hottest column in SAGINAW, MICHIGAN. Each morning he takes the MTA to work, but IT WAS ONLY YESTERDAY that he had to STOP AND THINK IT OVER; it was TWILIGHT TIME before he finally arrived at the SUGAR SHACK where he gets inspirations for his FUN FUN FUNNIES. His stooly, MR. SAX MAN, was on NEEDLES AND PINS by the time RONNIE finally entered through the GREEN DOOR to collect his BITS AND PIECES of news.

Gentle JULIET has acquired a new nickname, DAWN, from her habit of coming in at that hour. ROMEO, have you anything to say for yourself?

NAOMI plunged off DEAD MAN'S CURVE when she got her HI HEEL SNEAKERS caught in her BAD MOTORCYCLE. Her famous last words were "Oh, well, IT'S ALL IN THE GAME." ABIGALE BEECHER threw her back out of joint when she did the HIPPIY HIPPIY SHAKE. But BABY DON'T YOU CRY, you'll feel GLAD ALL OVER after you've cried some INVISIBLE TEARS.

RIP VAN WINKLE was sent OUT OF LIMITS when his girl friend, NADINE, heard him say "HELLO, DOLLY," to the NEW GIRL IN SCHOOL. But, THAT'S THE WAY BOYS ARE, NADINE.

Flash!! The Beatles got a haircut when their manager said it was time for SPRING CLEANING. They protested violently by holding on to their hair and crying "STAY, JUST A LITTLE BIT LONGER."

At the MEETING HERE TONIGHT Eddie Fisher, having recuperated from his LONG GONE LONESOME BLUES, said to Richard Burton, "SHE SAID THE SAME THINGS TO ME."

The TALL COOL ONE in NAVY BLUE wanted to take LITTLE DONNA in the SHELTER OF HIS ARMS when he SAW HER STANDING THERE. She said, "KISS ME, SAILOR; IT'S NO SIN."

Freddy Cannon asked, "WHERE DOES LOVE GO?" when he saw his date fly out the window while doing the BIRD DANCE BEAT.

Bruce Levely sent EIGHTEEN YELLOW ROSES to the BEATLES in LIVERPOOL. We were full of SUSPICION because he signed the card I LOVE YOU BEATLES, and as you all know, Bruce loathes the mop-tops across the Atlantic.

PEGGY SUE said the BREAKING UP IS HARD TO DO, but that YOU CAN'T BUY MY LOVE. CONGRATULATIONS, Peggy, for giving back all the BUBBLES, BANGLES, AND BEADS.

Officer Vic, do you know

WHERE HAVE ALL THE FLOWERS GONE? The LONG TALL TEXAN saw TOM DOOLEY DAISY PETAL PICKIN' on WASHINGTON SQUARE, and thinks he should be sent to TIJUANA JAIL.

The KISSIN' COUSINS went to the WESTERN MOVIES and ate SALT WATER TAFFY. The show was especially thrilling when RUNNING BEAR sped his 409 towards WRAG CITY only to be stopped by a Keystone Kop in his SURREY WITH THE FRINGE ON TOP who hollered, "I'LL MAKE YOU MINE!"

A Crispy Critter thought it was only PUPPY LOVE when he DANCED ALL NIGHT when COBRA. However, he would become insanely jealous whenever KITTEN ON THE KEYS would TWIST AND SHOUT with COBRA. We're afraid it'll be a BLUE WINTER for Crispy.

The CANDY MAN in PALISADES PARK got all sticky when his LOLLIPOPS melted in the SUMMERTIME, SUMMERTIME. He was only TWENTY-FOUR HOURS FROM TULSA, so he decided to borrow a pair of BLUE SUEDE SHOES from his buddy, Mr. Clean. He hitched a ride with OLD MAN RIVER who already had SEVEN LITTLE GIRLS SITTING IN THE BACK SEAT. They drove IN THE STILL OF THE NIGHT and EARLY IN THE MORNIN' they reached their DESTINY.

Like how man! (cough, cough) Let's clear the smoke out of this pad, so we can see what we're writing. (bam, bam) Cut the bongos, man, we have drudgery to do.

All the Culver chicks think those French cats are really swinging. Like man there was really a drag-race to get back stage to get their John Henry's on the programs. There will be many a new French student next year because of the neat . . .

Like Lonni, crowns belong on heads not on noses. (bam, bam) We beat out congrats to all the lovely chicks in the court and of course you too, Lonni.

Some cold cat named Mr. Lawson found that the halls in the Merchandise Mart are not — too — wide. Why wouldn't those mean senior girls let you go up in front of the group? Oops — your wife wasn't supposed to know, was she?

Marsha Wentz received her diamond Friday night. The lucky guy is Larry Scheuer from Plymouth. Congrats to you both! Yea, Yea, Yea, Yeaaaa.

We hear that Sharon Wright has hooked a motorcycle, oops we mean a boy who likes motorcycles. Jim Cummins really has get up and go, doesn't he, Sharon?

Jane Ives was sure glad to learn that pigeons still fly when she received an invitation to come to Texas this summer. Gee, Jane, who do you know in Texas? It couldn't be Keith, could it?

All you chicks — join the race to get into the Big D Fan Club (Big Dave that is!). Don't stagger too fast, he thinks he has fan clubs in every other town in the county. You do have a lot of dogs running after you, don't you Dave?

There was a real swinging slumber party last weekend. Only squirrels climb trees at 5 a.m., right Janet Parker? What was that great pic, Pat Miller?

Marty R. was home a couple of weeks ago and Marcella M. was in Kentucky. It's a shame you had to miss him . . . Stay home next time!

Carolyn and Larry? What was that sneak preview about?

Was Cleopatra good Saturday? Vickie Morrison has someone named Perry Smith wound around her little finger. How does he fit?

Hey Max, welcome to the pad. All the chicks will make sure you feel at home.

Bam . . . bam . . . bam . . . bam . . . Hey, man, that's all! Bam, Bam.

Juniors Busy Planning Prom

By Sharon McDonald
The juniors have been fairly busy this past week preparing for the Junior Prom. The Prom is not too far away and the junior class has elected a committee to choose the prom theme.

Some of the juniors received a preview of what to expect next year when they will be selling concessions at the basketball games. The juniors had charge of the concessions for the basketball game held Friday, April 3.

The junior class would like to extend a hearty welcome to Max Conley who hails from South Bend.

Both the sophomore and freshman classes held class meetings on Friday, April 3, to nominate candidates for next year's class officers. The freshmen have decided to go to the Indiana Sand Dunes near Michigan City for their class trip, but the date has not been set.

"Les Chanteurs de Paris"

By Pam Fisher
Last Monday, April 12, the high school students of the county attended another CMA convocation at the Eppley Auditorium. The performers were "Les Chanteurs de Paris," a group of eight male French singers. They sang several French songs along with a few American songs using French words. They also danced and acted equally well with a vigor that seemed unlimited. Their performance was very good and was enjoyed tremendously by the students, as was shown by their applause.

The Culver French students again had the privilege of being the guests of the academy for the evening performance of Les Chanteurs de Paris. Their evening program matched and surpassed their afternoon performance. A special treat came when the students were allowed to go backstage and talk to them. Although they spent much of the time signing autographs, they were especially polite and interesting to talk with.

those of you who missed performance or wish to hear them again, they will appear at The Hollywood Palace on May 2.

State Sunshine Society Convention

By Jan Scruggs
Coming from almost every senior high school in the state, 4000 Sunshine Society members and their sponsors convened at Frankfort Senior High School, April 11, for the first state convention ever held there. The 150 girls and 27 sponsors who arrived the night before had accommodations in the Frankfort area.

The Frankfort Sunshiners invited all Clinton County SSS organizations to join the overnight guests at a dance in the school cafeteria and commons area Friday night, "The Impalas," a local group, provided the music.

Following registration, which began Saturday morning at 9 o'clock, Pam LeBeau, the state president from Kentland High School, presided over the general meeting of the convention. Pam introduced the speaker, Dr. Sheila Morrison of Ohio University, who spoke on "You and Your Voice." The business meeting followed Dr. Morrison's address.

In the afternoon Judy Hutchison, state vice president of SSS, conducted the installation of the new state officers. Judy Sanders, a Frankfort High School junior, became the new state president of the Society. The annual awarding of the Nurses' Scholarship winners followed the announcement of the winners of the Elizabeth Kesler Award and the Maud Hollenbach Award.

The new state vice president and corresponding secretary are from Madison High School; the recording secretary is from Waynetown High School.

Culver's representatives at the convention were: Janet Beck, Peggy Herr, Eva Norris, Sharon Wright, Vera Smith, Carole Barton, Jan Scruggs, Susan Helber, Holly Thompson, Darlene Taylor, Sharyl Welsh, and Judy Price.

By Bev Barshes and Charles Snyder

All too often people in this rushed world of mental toil and tension tend to forget what the real meaning of security is. For this reason we have decided to give our views on the subject.

Security is . . .
 having another's class ring on your left hand.
 knowing you won't be called on for an answer.
 having your socks match.
 knowing you still have quite a few years to go yet.
 having naturally curly hair.
 being able to touch bottom while swimming.
 having no one know where you park on dates.
 knowing you won't run out of gas.

knowing we only have six more weeks of school left.
 having a big brother to get money off of.
 knowing all your lines for the Junior or Senior play.
 knowing you're not alone in this big lonely world.
 not being the only stupid person in the class.
 not getting caught passing notes during class.

knowing your parents are asleep when you get in late.
 knowing you won't have to sit in the front seat in Mr. Lawson's economics class.
 not falling down on the dance floor.
 knowing you can wear your sister's clothes.
 having your schoolbell assignment done.

knowing you have someone to sit with in study hall at noon hour.
 being a girl and having your date pay for your way to the show.
 having your alarm clock accidentally (?) forget to go off in the morning.
 not having any homework — very unlikely!!

when a half dozen boys have your telephone number.
 when you have more muscles than your boyfriend.
 when you have a duplicate set of keys to your father's car.
 getting rid of the seniors at graduation.
 knowing Mr. Cole has lost his paddle.

having Bob Albert's car off the street.
 knowing you have a date for the prom.
 knowing you'll graduate.
 having a dozen girls to flirt with.

being on the good side of the teacher.
 liking T. S. Elliot.
 being sick on the day of a test.
 falling asleep in study hall.
 climbing trees in the summer.
 having your friends sign the cast on your broken leg.
 day dreaming while the teacher lectures.

having the convertible top up during the rain.
 the school bell ringing at 3:54 in the afternoon.

knowing you won't be called on for an answer.
 having your socks match.
 knowing you still have quite a few years to go yet.
 having naturally curly hair.

OLD JAIL TO GO—Soon Ripley County's 110-year-old jail at Versailles will be torn down and replaced with a new one to cost \$126,000. The old jail was the scene of a mass lynching in 1897 when a mob seized five men accused of robbery by torture and other crimes and hanged the quintet from a giant elm tree. The hanging received wide publicity and until a few years ago Indiana highway maps carried markings showing where the "hanging tree" stood. The tree has since been cut down.

Plymouth Library Recipient Of \$1,500 Award

Plymouth's Public Library was presented the Dorothy Canfield Fisher Memorial Award in April 12 afternoon ceremonies at the Lincoln Auditorium in Plymouth.

Robert R. McClarren, director of the Indiana State Library, presented the award which carried a check for \$1,500 to be used for the purchase of books.

This year Plymouth was selected for one of the nine \$1,500 awards handed out across the nation. It was the only library in Indiana to be selected.

In his presentation address McClarren cited the Plymouth Public Library for its "significant achievement" in expanding its services over Marshall and Starke Counties by use of the Bookmobile.

Those attending the Plymouth ceremony at the Lincoln Auditorium and the open house which followed at the Plymouth Public Library were Mrs. Norman M. Scruggs, head librarian of the Culver Public Library; Mr. Scruggs; Jess E. Sims, president of the Culver Library Board; and Mrs. Chester W. Cleveland, member of the Culver Library Board.

United States Senator Vance Hartke, D-Ind., also attended the affair. Other notables in attendance were State Senator Marshall Kizer, County Commissioner Clyde McCollough, State Representative Otis Bowen, and Commissioner O. Paul Stackhouse.

COUNT YOUR FRIENDS

The columnist of The Danville Gazette, Bob Pearcey, suggests a friendship inventory. Says the columnist: "People, like business firms, should take an inventory each year. It's well to count your friends and determine if you've increased your stock in them! You don't need to worry about itemizing the cost of these friends because friendship is priceless."

Highlights of Culver News of 10, 20, 30, 40, and 50 Years Ago This Week

APRIL 21, 1954—

Funeral services were held last Wednesday afternoon for Gilbert L. Corbett, 54, well known farmer of southwest of Leiters Ford, who took his life April 11 following several months of ill health.

APRIL 19, 1944—

A suit for damages brought by Wade M. Dickson of South Bend against L. G. Walker and Lloyd Rovell, owners of the Walker Boat House at the southwest end of Lake Maxinkuckee, is being heard in Marshall Circuit Court. Five South Bend fishermen failed to return one of the rented boats and a fight ensued, causing the plaintiff to sue for damages for the injuries he received in the brawl.

George Thornburg underwent major surgery in Parkview Hospital at Plymouth where he has been under observation for several days.

Mrs. Mary Ann Savage, age 83, died Sunday night in her home in the Maxinkuckee community.

Mr. and Mrs. Ward McGaffey are the parents of a daughter born April 14. She has been named Marjorie Jean.

APRIL 18, 1934—

APRIL 23, 1914—

A beautiful wedding took place Wednesday, April 15, at the home of Rev. and Mrs. Tiedt when their daughter, Esther Clara, was united in marriage to R. W. Osborn of Wanatah.

Last Saturday was one of those rather phenomenal days of early spring which are occasionally experienced in this section. The mercury skyrocketed to 80 degrees and a high south wind blew all day, filling the air with smothering clouds of dust.

Herman Sayger entertained the basketball team and the subs last Tuesday evening. Refreshments were served.

No hard times in Culver! During the past week the public has

spent \$192 on cooked food sales, \$67 on a high school play, and \$120 on a church supper and bazaar.

The United States government has succumbed to the inevitable — war with Mexico, and the first blood has been shed.

ENDURING BIKE — A Dearborn County man, Robert E. Bruce, is still riding a bicycle he purchased in 1911 and it's in fine condition. So is Bruce, a 70-year-old bachelor. Bruce told The Dearborn County Register he has ridden the bike about 75,000 miles and has worn out 20 sets of tires. He said he has no worries about the gasoline tax and garage repair bills and that dur-

ing World War II gasoline rationing didn't bother him a bit. He lives five miles west of Aurora and rides into Aurora twice a week. He also makes trips to other nearby communities in southeastern Indiana. He says cars whiz past him on the highways but he pedals leisurely singing, "Let The Rest of The World Go By."

School Bus Driver Applications Are Being Accepted

Legal notices are being published this week regarding applications for drivers of school bus routes for Culver Community Schools for the school term of 1964-65. Negotiations with applicants will begin at the May meeting of the Board of School Trustees on May 4th.

One route in Aubbeenaubbee Township will require that the driver furnish the bus chassis. Two routes in Aubbeenaubbee Township, all nine routes in Union Township, and one route in North Bend Township involve drivers of school-owned busses. Contracts for one route in Aubbeenaubbee Township and three routes in North Bend Township which involve driver-owned chassis were signed in May, 1963, for the 1963-64 and 1964-65 terms. Therefore the present drivers of those four routes already hold contracts for another year.

Any persons desiring to make application for employment as school bus drivers may secure application forms at the office of the Superintendent of Schools in Culver. Applications should be completed and returned by the evening of May 4th.

Poplar Grove W.S.C.S. Meeting Held April 15

The Poplar Grove W.S.C.S. met Wednesday evening, April 15, with Mrs. Mildred Overmyer, the president, Mrs. Leslie Mahler, presided and the meeting was opened with hymn singing. Mrs. William Lake gave devotions on the topic, "What does the Bible say about the Church". She read scripture from Matthew and Thessalonians and closed with prayer.

Mrs. Arthur Schenck of Argos gave a very informative paper on General Conference, Methodism's law-making body, which will convene in Pittsburgh, Pa., April 26-May 6, and discussed some of the issues which will be brought before the Conference.

Roll call was answered by ten members. The Rev. W. Ray Kuhn and Carol, Darold Overmyer, William Lake, the Rev. and Mrs. Arthur Schenck, and Mrs. Herbert

Blocker were guests.

The Society will serve lunch at the Wilson farm sale on April 23. On May 7, at 7:30 p.m., the women of the church will entertain the women of the Santa Anna and Maxinkuckee Churches, and women of the community at a May Fellowship meeting. Mrs. Guy Davis, District Secretary of Promotion, will be guest speaker.

Evergreens Are Presented To Town of Culver

Mrs. N. S. Norris, 508 E. Washington St., presented 16 evergreens to the Town of Culver recently. The trees have been transplanted in the Culver City Park in the vicinity north of the Beach Lodge. They will add much to the beauty of the park.

The Culver Town Board wishes to express their thanks to Mrs. Norris for her gift. As they mature they will also be appreciated by those who use the park during the summer months.

Your gas and electric bill is also a tax bill. 18¢ out of every dollar you pay for gas and electricity is passed on to government directly in taxes. Last year the nation's investor-owned gas and electric companies had a tax bill of \$3.5 billion—enough to finance several manned space flights!

Northern Indiana Public Service Company provided \$30.5 million of this amount, including \$11.9 million in local and state taxes. This makes NIPSCO one of the largest supporters of tax-financed government services in Indiana.

There will be preaching services next Sunday following Sunday School by the pastor. Sunday School attendance last Sunday was 57.

Rev. and Mrs. Clyde Beckner and Mr. and Mrs. Everett Goodman were entertained in the home of Mr. and Mrs. Clarence Kline Thursday evening and enjoyed a fish supper.

Mr. and Mrs. Guy Davis, Mr. and Mrs. Robert Kline, Mr. and Mrs. Wayne Kline and the Rev. Clyde Beckner attended the district meeting at the Grace Church in South Bend Sunday afternoon and evening.

Mrs. Guy Davis accompanied Mrs. Edward Shadle and Mrs. Naomi Mills of Kewanna to Gary Thursday where they attended the Annual meeting of the Woman's Society of Christian Service of the Northwest Indiana Conference held at City Church. Following the meeting a tour was made of the Campbell Friendship House. The annual meeting will be held next year at Congress Street Methodist Church in Lafayette.

A grass fire which started from burning trash, raged out of control at the Maggie Cavander place Friday. The Leiters Ford Fire Department had to be called to extinguish it. A public sale of the household effects of the late Mrs. Cavander is to be held in May.

Perry Polly of Plymouth was a caller in the home of Mr. and Mrs. Guy Davis Monday afternoon. Perry was a grandson of Mr. and Mrs. Dan Fry, deceased, who lived for many years north of the church on the farm now occupied by Mr. and Mrs. Charles Hartle. Mr. Fry was a very active member of this church during those years and his grandson stopped by for a copy of "A History of the Mt. Hope Church" which was written and printed in booklet form for the 75th anniversary of the church last year. \$-8-8

Boy Scout Troop 290 met at the Methodist Church Fellowship Hall on April 20 with 18 members present.

Basketball was the pre-opening game. The Beaver Patrol conducted the opening ceremony. Our Scoutmaster then made announcements. We had patrol corners and practiced semaphore and planned our meals for the Camp-O-Ree. We played "British Bulldog" and the meeting was closed with the Scout Benediction.

The Bike Rodeo is next Monday! Each member is to bring his bike. Order of the Arrow elections will also be held next Monday. Turn in your \$1.40 meal fee next Monday for the Spring Camp-O-Ree which is to be held May 15, 16, and 17. Let's have 100% attendance and capture a blue ribbon for each patrol.

The Troop will attend summer camp June 21-27. This is your best camping buy of the year! Fun is waiting for you at Camp Tamarack. Bring your money to the next Troop meeting.

The Scout-O-Rama will be held Friday and Saturday, May 1 and 2. Our exhibit will be on Astronomy. Let's sell a lot of tickets so people will come to see our show.

Honor Patrol competition was won by the Flaming Arrow Patrol during January and February. The Beaver Patrol won the honor during March. Congratulations!

A Bible lesson on "Probation After Death" will be heard in Christian Science churches next Sunday. A major theme of the Lesson will be brought out in these readings: "Work out your own salvation with fear and trembling. For it is God which worketh in you both to will and to do of his good pleasure . . . That ye may be blameless and harmless, the sons of God" (Phil. 2).

"This task God demands us to accept lovingly to-day, and to abandon so fast as practical the material, and to work out the spiritual which determines the outward and actual" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 254)

WORKING with GOD

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Every gardener knows human ingenuity cannot be substituted for the miracle of growth. God's secret is God's! But he knows, too, that wild growth means wilderness. Only cultivation makes a garden.

So he works with God. And the result is beauty, fruitfulness, abundance.

What the man with the green thumb practices in his back yard, the Church inspires across the whole expanse of human effort . . . the cultivation of souls . . . the realization of our spiritual potential. Working with God!

What do YOU think life is meant to be? Wilderness? Or the Garden of God?

Join us at Church next Sunday!

Soil Stewardship Week May 3-10 To Be Observed Here

Soil Stewardship Week, a nationwide observance which places emphasis on man's obligations to God as stewards of the soil, water and other resources, will be celebrated locally May 3 to 10, according to Fred E. Wolff, Marshall County Soil and Water Conservation District chairman.

The Marshall County Soil and Water Conservation District and some 2,940 companion districts throughout the nation, are sponsoring this event for the tenth year.

To remind Americans of their responsibility to God and to society to conserve and wisely use their resources the theme this year, "To Each Among Us . . . Share," underscores the responsibility that each citizen has in meeting the responsibilities of soil stewardship.

Booklets and bulletin inserts will be supplied upon request to all churches for the observance in Marshall County. These were prepared by the Soil and Water Conservation Districts in cooperation with a committee composed of leading churchmen in the nation.

In this year's booklet each citizen is asked to consider his share: "In the great society of mankind, each of us has a God-given purpose for being. In our time each among us fulfills a mission in the long progression toward the ultimate design of our Maker."

"To each, God has assigned a share in the expanding brotherhood of stewards. It is a membership of service, dedicated to the husbandry of lands and waters, forests and ranges, and the fish and game He has placed at our disposal."

TO MOTHER WITH LOVE

If your child asks "What do you want for Mother's Day?" on May 10, it's your cue, mother, to set the atmosphere for the day's activities and your child's attitude toward the celebration. So advises Elaine T. Doleh, instructor in child development and family life at Purdue University.

Rather than suggest an expensive gift beyond the child's means, you could suggest a gift especially made for you by your child, or family activities you especially enjoy with your children.

Mother might answer, "For Mother's Day, I would like a whole day of working and playing together — without arguments or unpleasant scenes. A day the whole family does kind and thoughtful things for each other."

This way of honoring mother emphasizes the true spirit of Mother's day, expressing love in an affectionate mother-child relationship.

Gifts, as tokens of affection, need not be large or expensive. Mrs. Dolch feels. Mothers have a special appreciation of gifts crafted lovingly and laboriously by small hands. They also have high regard for frivolous gifts purchased from a small allowance. They are especially fond of gifts of labor, such as a day free of cooking meals, or a week free of ironing and dish washing. These gifts often mean much more than purchased gifts.

Whatever the gift, or even without a gift, let the day be one of family sharing and affection, Mrs. Dolch emphasizes.

Academy Sports

Rain hampered the Culver Military Academy sports schedule last weekend, but the crew, golf, and track teams came in with successful performances in spite of the weather.

Saturday marked the opening of the season for Coach Jack Anderson's crew, which rowed Lane Tech High School at Chicago's Lincoln Park Boat Club. The race was an eventful one in that a finish-line incident left some doubt as to who won. The water surface in Lincoln Park's lagoon was choppy and the race was the first action of the season for both teams. The crews were neck-and-neck and as Culver pulled ahead near the finish line, the Lane shell veered into the Culver lane. The Eagle shell was nearly beached and Lane edged across the finish line. The judge, however, after consultation with Coaches Anderson and John Kotsakis of Lane, declared the race a draw.

The two crews will meet here later in the season. Next Saturday Culver is at East Lansing for a race against the Michigan State freshmen.

The Eagle track squad came up with its best performance in the tough Fort Wayne North Side Relays even though its second place finish was a distant second to the winning host team. Culver won second with 36 points while the North Side Redskins were first with a whopping 80 points. Coach Dave Burke's runners won two relay events, finished second in another, and took two thirds. Additionally, Culver's Kyle McCord was third in the shot put with a 46-10 1/2 foot toss.

The Eagle harriers won the mile relay when Chris Hinkle, Bob Ancira, Tom Carpenter, and Pete Luke turned in a time of 3:34.2. They also took the two-mile with Hal Hanna replacing Hinkle in the relay unit. Their time was 8:32.3. The Academy took second in the shuttle hurdle relay with a time of 56.8 seconds, and won thirds in the 880 and sprint medley events.

In golf, Coach Tom Baker's team finished ahead of teams from Merrillville and Delphi on the Academy course. Culver recorded a four-man total of 321, and the Eagles' No. 2 team came in second with 329. Merrillville had 351 and Delphi turned in a 359. The victory evened the Cadets' season to 4-4.

Culver's Tony Mayfield was medalist with a five-over-par 79. In a reserve match, Culver's "B" squad turned in 342, a score that was better than the Merrillville and Delphi varsity units.

On the sports schedule Saturday is a 2 p.m. baseball double-header here against Green Township, a 2 p.m. tennis match here against Logansport, and a 1 p.m. golf match here with LaPorte and Gary Andean. The track team is at the Lime City Relays in Huntington and the crew is in East Lansing. There is also a soccer clinic beginning a 9 a.m. and extending through most of the day.

Argos High School and Culver Military Academy are seeking to organize a league for varsity competition next fall.

The film, "Out of the Witches' Kitchen" prepared with the help of the national championship St. Louis University team, will be shown Saturday morning as the opening event on the program. The collegiate coaching staff will discuss the teaching of soccer to newcomers to the sport, and each of them will instruct in specific techniques. Matlack will cover fundamentals and offensive team strategy. Yeagley will discuss offensive position and play and the play of the goalkeeper, and Fairben will outline defensive team strategy, positioning, and play.

A demonstration game with players from Culver and Argos will be held at the conclusion of the clinic at 3:40 p.m. A 6 p.m. supper meeting has been scheduled for those coaches interested in setting up a league for next fall.

Alaska Earthquake Effects Indiana's Water Table

Water levels in many Indiana water wells fluctuated several feet as a result of shock waves triggered by the recent Alaskan earthquake. A network of observation wells throughout the state operated jointly by the Indiana Department of Conservation and the U.S. Department of Interior, Geological Survey, recorded abrupt changes in the water table. Records of 19 of the wells that have been checked show that they were affected. A well located northeast of Indianapolis at Fort Harrison recorded an oscillation amounting to 8 1/2 feet. Others range from more than a foot down to a fraction of an inch.

These oscillations are caused by compressive forces emitted by the shock waves that travel outward from the epicenter of the earthquake. Since the water in a well is affected by physical forces acting upon the aquifer or water-bearing formations, the effect is transmitted to the water in the well. It is not uncommon for water levels to be affected by distant earthquakes, but the fact that water levels were affected some eight feet points out the powerful force that is released by such an earthquake.
