E. F. Ortmeyer Named President Of CMA Fathers

Edmund F. Ortmeyer, an attorney from Evansville, Ind., has been elected president of the Fathers Association of Culver Military Academy.

The Fathers Association is an organization of more than 5,000 fathers of present and former Culver students in either its winter or summer programs. The organization carries out a program of activities in behalf of the Academy and sponsors many scholarships for well-rounded boys.

Mr. Ortmeyer, who received his degrees from Indiana University, is a partner in the law firm of Ortmeyer and Kent in Evansville. He also is a director or legal counselor for several business firms in Evansville.

Mr. Ortmeyer and his wife have a son and a daughter and reside at 219 South Alvord Blvd. in Evansville. Their son, Dan, will be a senior at Culver next academic year. Their daughter, Karen Lee, attended the co-educational Theater School last summer.

Culver is a non-profit organization that operates a college preparatory school during the academic year for 850 boys in grades 8 through 12. Each summer for

eight weeks during July and August the Academy carries out a combination recreation-education program for boys and girls between the ages of 9½ and 20 in four separate activities.

Becky Easterday Solos On Her Sixteenth Birthday

Becky Easterday, daughter of Mr. and Mrs. Jack Easterday of 610 Academy Road, is Culver's and possibly Marshall County's, youngest student pilot. Becky soloed for the first time on Friday, July 10, her sixteenth birthday.

Since Becky soloed on her sixteenth birthday, she was awarded a student pilot's license. This license is good for one year. On reaching the age of 17, she will be eligible for a regular pilot's license.

For her solo flight, she took off from the Rochester Airport, where she has been taking lessons. She flew a Cessna 175 and soloed with only five hours instruction. She took lessons at Knox and Rochester airports. She has been flying with her father for a few years but only became seriously interested in learning to fly this summer.

There's nothing like a wedding to make a guy learn.

At first he thinks she's his'n, but learns he's her'n!

New President Of CMA Mothers Club

MRS. RALPH A. OSBORN JR.

Mrs. Ralph A. Osborn Jr., of Culver has been elected president of the Mothers Club of Culver Military Academy.

The club is comprised of 1,300 mothers of present and former students of the Academy's winter and summer programs. Its purpose is to work in behalf of the Academy and its students.

Mrs. Osborn is a graduate of Northwestern University and was president of the literary society. She is a member of Alpha Phi sorority and the Marshall County Auxillary.

The Osborns have two daughters and a son. Their son, William Gregory, will be a junior at the Academy next academic year. They reside on State Street in Culver.

MARSHALL COUNTY 56TH IN VOTING PERCENTAGES

Marshall county ranked 56 among Indiana counties in the percentage of registered voters who cast ballots in the May 5 primary election, according to a survey just completed by the Indiana State Chamber of Commerce.

The unofficial survey, compiled from reports of county clerks, local chambers of commerce and from newspaper accounts, showed 3,308 Democratic ballots cast in the county and 4,211 Republican ballots, for a total of 7,519, or 41.33 per cent of the registered voters.

WRITINGS OF AWARD WINNERS ARE PUBLISHED BY BALL STATE COLLEGE

Writing by 22 Indiana high school students — winners of the National Council of Teachers of English 1963 Achievement Awards — has been published by Ball State Teachers College, Muncie.

The 60-page booklet, just issued by the college, is edited by Dr. Bernard O'Donnell, assistant professor of English at Ball State. The publication marks the second time the college has printed the Indiana award-winning pieces and will be an annual production, according to Dr. Thomas Wetmore, head of the English Department.

Three criteria are used in judging writing submitted to the national council. Entries come from students throughout the United States.

These criteria include the ability to write clearly and effectively; to recognize and construct good sentences, showing an understanding of the principles of organization; and evidence of wide reading.

Copies of the publication will be mailed to all high school English departments in the state shortly after the opening of school this autumn, Dr. Wetmore said.

Included in the 22 award winners are Thomas E. Carpenter, Culver Military Academy, and Mary Elizabeth Ricciardi, Culver.

Navy Chaplain To Be Guest Speaker At CMA

The Rev. J. Glenn Power, assistant district chaplain of the 9th Naval District, will deliver guest sermons during two chapel services Sunday, July 19, at Culver Military Academy.

"A Sailor Looks at Christ" will be the topic of Chaplain Power's sermon during the 10 and 11 a.m. Summer Schools services conducted by The Rev. Allen F. Bray III, Academy chaplain. The Naval commander will speak to 1,630 Midshipmen, Troopers and Woodcrafters attending the current session of Summer Schools.

Chaplain Power holds B. A. and B. D. degrees from Emory University located in his home town of Atlanta, Ga. He was ordained into the Methodist ministry in 1947 and since 1948 has served continuously aboard ship and at various Naval and Marine stations in the United States and overseas.

Chaplain Power was twice awarded the Presidential Unit Citation for his service with the 1st Marine Division in Korea. He served with the unit at the Inchon landing, the capture of Seoul and in the Chosin Reservoir campaign of 1950-51.

Prior to his present assignment as assistant district chaplain, he was chaplain of the heavy cruiser, USS LOS ANGELES, based in Long Beach, Calif.

ATTENDING CONVENTION

Mrs. Edward O. Schultz is a delegate from Trinity Lutheran Church of Culver, at the Lutheran Women's Missionary League Convention of the Central District which is being held this week, Wednesday, Thursday and Friday, at the Netherland-Hilton Hotel in Cincinnati, Ohio.

Mrs. Schultz will participate in the Christian Growth Workshop and enjoy a chartered cruise on the Ohio riverboat, Jubilee II.

Hibbard E.U.B. Ladies Aid Meeting Held At The Home Of Mrs. Jack Quivey
Mrs. Jack Quivey entertained Thursday evening, July 9, for 16 members and guests of the Hibbard Evangelical United Brethren Ladies Aid.

Mrs. Arnold Lowry presented the missionary lesson on Puerto Rico and The Dominican Republic, followed by a business meeting led by Mrs. Coleman Lowry, president.

Dates of interest to plan for include Camp Night at the church on July 26; Bake Sale at Bonine's on July 25; and the Ice Cream Social at the church on Aug. 15.

Entertainment was provided by Mrs. Bernard Miller and the mystery prize went to Mrs. Noah Kersey. Refreshments were served by the hostess assisted by Mrs. Coleman Lowry.

W.S.C.S. Meeting
The Woman's Society of Christian Service and their guests, ladies of the local churches, met at 9:30 a.m., June 11, for a Fellowship Breakfast. About 100 women were present.

Dr. Ronald Williams, pastor of the Methodist Church, gave the prayer. After Mrs. Harry Speyer, president of the local W.S.C.S., said a few words of welcome, a breakfast was enjoyed at the flower decorated tables. Mrs. Wilber Taylor was chairman of the hostess committee.

Mrs. Ralph Osborn, Jr., who was in charge of the program, spoke about the importance of developing responsibility and high moral standards in young people. The film about Culver Military Academy, "Education for Responsibility," was shown.

Mrs. M. R. Robinson gave the devotions, and the meeting was closed with the Mizpah Benediction.

Family Reunion
Weekend guests of the Ronald Tusings, for a family reunion, were Mr. and Mrs. R. E. Tusing and Joe of Elkhart; Mr. and Mrs. Fred Wolking, Kara and Julene of Virginia; Mr. and Mrs. Edwin Tusing and Eddie of Georgia; Mrs. John Baich, Tina and Bren-

da of Ohio; Mr. and Mrs. Fred Belding, Beth, Billy, Barbara and Bradley of Ohio; Mr. and Mrs. Chester Overleese and Clara of Elkhart; and Mr. and Mrs. George Mahler of Florida. New Arrivals

Mr. and Mrs. Vern A. Jones of Silver Spring, Md., announce the arrival of a daughter, Deborah Vinette, on July 3. The baby weighed six pounds and 15 1/2 ounces. Maternal and paternal grandparents of the baby are Mr. and Mrs. Wallace Starr of Culver, and Mrs. Marie Jones of Niles, Mich.

A picnic, to be held July 28 at the home of Mrs. Pearl Onesti, was planned. The meat and drinks will be furnished by the hostess. Working on the hostess committee with Mrs. Onesti will be Goldie Hinkle, Ellen Poppe, Mable Reed, and Julia Overmyer.

The picnic is scheduled for 6:30 and each one is asked to furnish their own table service.

The Culver City Club Entertains Patients Of Beatty Hospital At Picnic

The Culver City Club entertained yesterday, July 14, at an all-day outing for 24 men and women patients of the Norman Beatty Memorial Hospital at Westville, Ind.

The group arrived by bus in Culver at 9:30 that morning and proceeded to The Culver Inn where they were greeted by Robert Matson, director of public relations at Culver Military Academy, who guided them on a tour of the Academy campus. Following the tour, the group enjoyed a ride on the Academy's large boat, "The Yarnell," and then proceed-

ed to the Culver Town Park where 22 club members, along with the 24 patients, enjoyed a bountiful picnic dinner provided by the Culver City Club.

The afternoon's entertainment provided Bingo and prizes were awarded to each of the guests.

Although the skies appeared threatening, the weather was very agreeable and the entire group had a nice time.

Late in the afternoon the guests boarded their bus for their return to Westville, provided with snacks to eat en route.

ONE MAN'S FAMILY — The William Glenn family staged a television drama of its own recently in their home at Cannelton. As reported in The Cannelton News a son, Gregg, stumbled while going down a stairway to the family's TV room. One arm went through the glass of a storm door and he suffered a severed artery. The father, already watching TV, jumped up to aid his son. The father slipped and fell cutting his nose on the broken glass. The boy's mother, taking a bath, heard the commotion and rushed to get into some clothing. She, too, fell and received several bad bruises.

Another called race on Saturday. After sitting out the race for one hour and 45 min., the skippers welcomed the double gun which meant the race was called.

However, this gave each disgruntled sailor plenty of time to don his best bib-and-tucker for the Commodore's cocktail party.

It was a perfect summer evening. The sun was low enough to glint a path across the now-ruffled waters to Hollowell's dock. Mr. Robert Hollowell Sr. and Mrs. Don Speer, social chairman, greeted the guests on the spacious green lawn in front of the Hollowell summer home.

Six Commodores were present — Pierce Ward, Robert Hollowell Jr., Jerome Zechiel, Don Speer, Norman Bateson and the present commodore, Richard Gunder.

Mrs. Speer was assisted by Mrs. Robert Hollowell Jr., Mrs. Noreman Bateson, Mrs. Jerome Zechiel and Mrs. Richard Gunder in furnishing the refreshments.

We finally had some weather on Sunday. Two races were scheduled so the course was shorter than usual.

Jerome Zechiel won the first race with Ken Bateson coming in second. A different course was set up for the second race which was very eventful. Several scows upset, including Ken Bateson's (T-5) but he and his crew had his boat up and sailing in a matter of minutes and received the winner's salute. Joyce Speer (T-2) was second. Jerome Zechiel was disqualified during a mixup at the buoy.

Jehovah's Witnesses Convention To Be Held July 16-19

Stanley Spangler, president of Jehovah's Witnesses, announces that the Plymouth congregation of Jehovah's Witnesses has been invited to attend a four day convention July 16-19 at the Indiana State Fairgrounds at Indianapolis.

"The purpose of the meeting said Spangler, "is to provide aditional Bible instruction for witnesses and to enable them apply Bible principles more fully to their everyday lives and activities." The program carries the theme, "Fruitage of the Spirit."

The convention, which is sponsored by the Watchtower Bible and Tract Society of Brooklyn New York, is expected to attract some 10,000 persons from par of five states.

According to Spangler, this assembly will be very similar to one held in New York City 1958, except on a smaller scale. The 1958 gathering was climaxed by some 253,000 delegates from all parts of the world.

Most power mower accidents occur to operators; but sometimes innocent bystanders are involved. Make certain no sidewalk superintendents are within harm way when you mow, advises the Indiana Farm Safety Council.

Martin Uebel Elected Legion Commander

At a meeting of the William Alexander Fleet Post, American Legion, of Culver, held last Thursday evening, at the Legion Home, west of Culver, Martin Uebel was elected commander to fill the vacancy caused by the resignation of Chauncey B. Lennen. Mr. Uebel presided at the meeting.

Wilbur Geiselman and Verlin Shaffer, representing the Maxinkuckee Fish and Game Club, were present to discuss the possibility of the Legion leasing a portion of their ground, adjacent to the fish hatchery, to the conservation club to erect a club house. After discussion the new commander appointed a committee from the Legion Post to cooperate with the Conservation Club in working out details satisfactory to both.

Mr. Uebel hosted the social hour after the business meeting.

BUMPER TO BUMPER—How would you like to see two columns of tank trucks (7,500 gallons each) bumper to bumper, from Alaska to Cape Horn — a total of 20,640 miles? The Indiana Motor Truck Association reports this many trucks and this distance would be needed to handle the 16,000,000,000 gallons and other fuel used each year by the nation's trucks.

Theater Workshop To Present Play Friday At C.M.A.

The Theater Workshop of the Culver Military Academy Summer Schools will present an adaptation of "Spoon River Anthology" Friday, July 17, at 8 p.m. in Eugene C. Eppley Auditorium.

English instructor Harvey Firari adapted Edgar Lee Master's "Anthology" for performance here last summer and the same production will be repeated this Friday. The "Anthology" consists of 250 epitaphs.

Director of Theater William Martin will utilize 28 Drama School girls and 14 midshipmen who are enrolled in the theater courses.

James Craig, 1963 Academy graduate, will narrate the hour and 10 minute adaptation. Craig is an assistant to Mr. Martin.

Special lighting will enhance the simple stage set. Linnebach projectors will project designs on a neutral background.

The public is invited to attend.

FEW FARMERS WILL NEEDLESSLY GAMBLE... BUT TOO MANY ARE INNOCENTLY PLAYING THE FERTILIZER NUMBERS GAME... AND LOSING.

SOME FARMERS BUY A FERTILIZER SOLELY ON THE BASIS OF THE THREE BIG NUMBERS ON THE BAG. THESE NUMBERS, SUCH AS 12-12-12, REPRESENT THE PERCENTAGE OF NITROGEN, PHOSPHATE AND POTASH CONTAINED IN THE FERTILIZER, IN THAT ORDER.

BUT THE NITROGEN NUMBER WILL BE THE SAME ON A BAG OF CHEAP FERTILIZER AS ON A BAG OF PREMIUM FERTILIZER. YET THE CHEAP KIND CONTAINS ONLY ONE FORM OF NITROGEN, WHILE THE PREMIUM FERTILIZERS CONTAIN THREE VARIETIES FOR CONTINUING NUTRITION...

OR TAKE THE LAST NUMBER, WHICH REPRESENTS THE PERCENTAGE OF POTASH. CHEAP FERTILIZERS CONTAIN POTASSIUM CHLORIDE, AND TOO MUCH CHLORIDE CAN HAMPER THE UPTAKE OF PHOSPHORUS. PREMIUM FERTILIZERS CONTAIN SULPHATE OF POTASH-MAGNESIA, WHICH IS VIRTUALLY CHLORIDE-FREE BUT CONTAINS TWO IMPORTANT SECONDARY ELEMENTS -- MAGNESIUM AND SULFUR. YET THE NUMBERS ON THE BAGS ARE THE SAME.

BE SURE TO LOOK ON THE BAG FOR A DESCRIPTION OF THE INGREDIENTS.

Fine Arts Festival Applications Due By July 18

The deadline for applications by Indiana and Michigan performers who will compete in the July 25 Fine Arts Festival at Michigan City is July 18. Festival Director Florence Smith Walton reminded potential entrants from the Culver area.

Applications must be received at the Festival office by that date, according to Mrs. Walton, who founded the Michigan City Festival in 1941 and is directing it for the 23rd time.

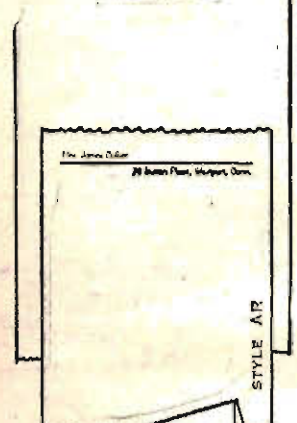

Top winners in three divisions — piano solo, vocal solo, and concert bands — at Michigan City will be eligible to compete in the famous Chicagoland Music Festival Aug. 15 at Ames Field. Sergio Franchi, Franklyn MacCormack and Wayne King's orchestra will be featured at the Chicago event, being sponsored for the 35th year by Chicago Tribune Charities, Inc.

Other talent categories — at Michigan City's festival — with trophies for the major winners — include dramatics, ballet, choral groups, accordion solo, accordion bands, baton twirling, strings, woodwinds, brass and percussion.

Ames Field, Michigan City's 5,000-seat outdoor stadium on U.S. 421, will be the site of the Saturday night festival, which will open at 7 with a colorful concert of massed hands.

Hold That Tan!

If you take your sunbathing seriously, you can usually count on achieving a deep, soul-satisfying tan after about two weeks of concentrated effort. For many of us, this represents a good part—if not all—of a summer vacation and, on returning to the great indoors, we're faced with the dim prospect of watching our golden tones flake and fade rapidly to a sickly beige. At least, this is the way it used to be.

Pond's, after studying the problem, has found a way to help us hold on to a clear, deep tan that's as smooth and fresh-looking in August as it was in June or July. This promise is springing genie-like from jars of Pond's new, sheer-textured Dry Skin Cream—a rich, light moisturizer containing an ingredient aptly named for its quality rather than its color: Golden Lanolin.

Pond's new Dry Skin Cream smooths on so easily and is absorbed so quickly, it leaves the skin feeling "bathed" without the slightest trace of greasiness. In the meantime, it helps the surface lose its inclination to flake by replacing moisture the sun has drained away.

Massage the cream over your face, arms and legs after each sunbathing session. Do this indoors, however—not on the beach. Pond's new Dry Skin Cream is a beauty treatment—a tan-holding moisturizer—and, if I say so myself, a joy to come home to!

ACHIEVE DISTINGUISHED RATING AT PURDUE

Stanley E. Curtis, Route 1, Culver, and Cheryl Kay Dillon, Route 2, Culver, were included in the 1,012 students at Purdue University, Lafayette, and the Purdue regional campuses who attained the distinguished rating in their work in the second semester of the 1963-64 academic year.

Of the 1,012 achieving the honor, said Nelson M. Parkhurst, registrar, 161 scored the highest possible scholastic index of 6 points. To achieve this top index, the student has to make the highest grade given under the grading system in each subject carried in the semester.

To achieve the distinguished rating, the student must make a scholastic average of 5.5 or higher out of the possible 6 in all work carried in the semester. He also must earn 14 or more hours of academic credit within the period and complete all work carried with a grade of C or better and must be enrolled in a regular undergraduate curriculum.

The distinguished students represented 4.8 per cent of the 21,058 total enrollment at the four extension facilities and the West Lafayette campus.

CANCER

THERE are more than 5,000,000 cancer sufferers in the world. Cancer exists in every part of the world, killing 2,000,000 each year.

And 20,000 individuals have some form of pre-cancerous disease which may possibly develop into cancer.

The cells of the human body, following a regulating mechanism, are born, live, divide and die at a rate varying according to the organ of which they are a part. But sometimes this mechanism fails to function properly. Then the rhythm of cell division is upset and cell division occurs more rapidly than it should. A tumor is the result.

Many of the tumors remain local at the point where they arise. These are called benign tumors. Others spread and become malignant or virulent.

When treatment of a malignant tumor is not begun during the early stages, the cancerous cells erupt into the blood and lymph streams, and are carried to the different organs of the body.

Medical researchers and scientists are trying to discover how the cell regulating mechanism becomes upset and what causes a tumor to become malignant. Unless a cancer is completely removed or otherwise destroyed, it is certain to regrow.

The early treatment of cancer can reduce the number of deaths caused by this disease. This is why everyone should have a complete medical check-up each and every year.

JACK C. SPENCER ATTENDING SUMMER MATHEMATICS INSTITUTE

Jack C. Spencer of the Culver Military Academy faculty is one of 50 high school teachers from 15 states who are enrolled in the 10th Summer Mathematics Institute underway at Michigan State University in East Lansing.

The session, which runs from June 22 to Aug. 28, is designed for secondary mathematics teachers interested in increasing their understanding and proficiency in mathematics.

The institute also stresses the principles of modern mathematics in order to illustrate their use in the classroom.

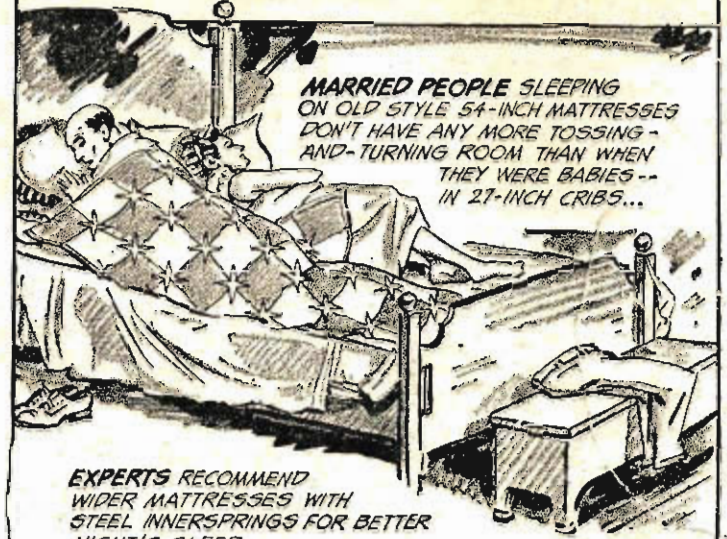

The National Science Foundation is sponsoring the institute.

Teachers in the institute may earn a maximum of 16 credits to be applied toward the master of arts degree in mathematics.

CULVER FIREMEN ANSWER TWO ALARMS

The Culver Volunteer Fire Department answered an alarm at 9:40 p.m. on Wednesday, July 8, which sent them to the Osborn Seed and Equipment Company in Burr Oak to extinguish a nearby trash fire. No damage was reported.

On Monday evening, July 13, the Culver firemen were called at 8:30 o'clock to the Dick Newman farm where the large, two-story frame house, located on Union Road just north of Chesty's Mink Ranch, was ablaze. Fire of undetermined origin caused damage amounting to \$6,500 which was covered by insurance. The blaze destroyed a small amount of furniture in the unoccupied dwelling and extensively damaged the basement and first floor. The second floor also suffered smoke and heat damage.

The Monterey Volunteer Fire Department also responded to the call for assistance.

AGED IN THE WOOD — A cello made in 1772 has been acquired by Bill Doolittle Sr., former music supervisor in the Corydon schools and now a teacher of instrumental music at Louisville. Doolittle, in exhibiting his "new" instrument to The Corydon Democrat, explained that a modern cello can be as good as an old one but musicians prefer old instruments because they are known to be "right" after many years of playing and also they have a good tone due to the quality of wood in them.

Highlights of Culver News of 10, 20, 30, 40, and 50 Years Ago This Week

JULY 14, 1954—

Waldo E. Sauter, Culver High School athletic coach, has resigned after serving Culver for the past year to become head baseball coach at Murray State College in Murray, Ky. Wallace Liniger has resigned his position in the industrial arts department of Culver Schools to teach in Clearwater, Fla. This vacancy will be filled by Arthur A. Alexander. Dr. George H. Jacobson, head of the C.H.S. music department for the past year, has joined the faculty of a Kansas college and will be replaced by Philip L. Shields. Mrs. Bertha May Rust will replace Miss Mary Keist.

Anthony Joseph DiScullo, chef at The Culver Inn, died of a heart attack Monday in Plymouth as he was enroute to a South Bend Hospital. He had been ill about 24 hours and was 41 years of age.

Edward Overmyer, a retired farmer who lived near Argos, died Monday evening at Woodlawn Hospital in Rochester at the age of 82.

A large crowd of race fans witnessed the thrilling outdoor competition of the 10th annual Lions Club Maxinkuckee Regatta on Sunday afternoon.

Mrs. Robert K. Kyle, who has taught in the Union Township Schools for 39 years, retired last week.

Donald Barnes, husband of the former Margaret Newman of Culver, died Monday afternoon at his home in Logansport at the age of 51.

Wabash native Lawrence L. Daugherty died Monday at the home of his daughter, Miss Sidsar Daugherty, Farrar Road, Culver.

JULY 12, 1944—

Capt. Stephen McGregor of South Bend, formerly of Culver, was killed D-Day, June 6, in France.

Forty-two years of active participation in business came to an end July 17 when Edward H. Poland sold his Burr Oak hardware store to Ben W. Oberlin.

Mr. and Mrs. Harry Edgington are the parents of a son born July 10 at Parkview Hospital in Plymouth.

Word has been received that Pfc. Philip Tasch was seriously wounded in France in June.

Lt. Warren Foreman has been transferred from Camp Cooke, Calif., to Camp Haan, Calif.

JULY 11, 1934—

Mrs. J. O. Ferrer underwent an eye operation in the McDonald Hospital.

Mr. Gilmore of Flint, Mich., returned to his birthplace here, the first time in 74 years.

Members of the buildings and grounds department of Culver Military Academy were guests of the Academy and their superintendent, A. E. Wemmerstrom, at a stag party on the Tippecanoe River.

The entire community is invited to attend the plays given by the Maxinkuckee Mummies each Friday night under the direction of Maj. C. C. Mather.

The 59th wedding anniversary of Mr. and Mrs. William Lichtenberger was the occasion for a family gathering at the home of Mr. and Mrs. N. H. Wagoner.

JULY 9, 1924—

Burglars entered the Fred G. Solomon store and took \$1,200 worth of merchandise.

Among the 12 Hoosier West Point cadets in the graduating class was a Culver boy — Murray B. Crandall, son of Major and Mrs. G. H. Crandall.

After teaching in Marshall County public schools for over 46 years, J. F. Behner has retired from the profession.

Mrs. Cleve Crabb had the misfortune of having two of her porch flower boxes stolen.

Jack Speyer was the only one of four boys hurt when the car in which they were riding completely turned over.

JULY 16, 1914—

The farmers of this area are complaining of great damage done by the hordes of rabbits that infest the country. Since the law prohibiting hunting with ferrets was passed about two years ago by the state legislature, the little animals have multiplied in countless numbers and are proving a great menace to young fruit trees and truck gardens.

William Hollett has purchased of Dr. Hopper of Gary the Main Street residence property known as the Isadore Hessel place, and will move into it this week.

The other day, John Hollett rode his motorcycle to Three Rivers, Mich., and back, a distance of 170 miles, in five hours. From LaPorte to Union City, 14 1/2 miles, his time was 18 minutes. The most exhausting effect of such rides, he says, is the strain on the eyes.

A hay rack party of about 25 young folks called on Miss Naomi Walker of the Poplar Grove neighborhood last Monday night and enjoyed a few hours of farm life.

Clara Stahl is assisting in the postoffice as a temporary clerk.

Captain Elliott is driving a new Chandler six.

Elizabeth VanSchoiack died in the Methodist Memorial Home at Warren, Ind., Sunday night after an invalidism of about two years.

Frank Lamson is having the old candy shop of the Palmer House remodeled into an 8 or 9-room cottage. The shop has been moved back to be fitted up as a kitchen, and Al Keen is building a large addition to supply the living and sleeping rooms.

Sympathy of many friends is extended to Captain and Mrs. F. L. Hunt of the academy colony upon the death of Mrs. Hunt's mother, Mrs. Anna Mary Edwards, who died at her daughter's academy home Saturday morning.

STARKE COUNTY DUPLICATE BRIDGE CLUB BEGINS SUMMER TOURNAMENT

The Summer Tournament of the Starke County Duplicate Bridge Club will begin at its meeting of July 22 and continue through its meetings of August 12 and August 26. These three sessions will be held at the regular meeting place — the Girl Scout Cabin — in Knox, at 7:30 p.m. on each evening.

The rules require that each team shall be the same two players each evening and they shall play the same direction for each session. At the end of the tournament, the winners playing North-South and also East-West will each receive a trophy in addition to their fractional master points.

All contract bridge players are cordially invited to form teams of two players each to participate in this Summer Tournament.

Prepared by American Foundation Animal Health

Summer weather often brings eye problems to cattle—problems which may mean the difference between a profit and a loss under today's narrow margins.

One of the most serious eye problems is pinkeye, a disease which may sweep through half a herd in a short time. When it does, the result may be heavy dollar losses, from a drop in milk production of as much as 25 per cent, or a shrink in weight.

Although all breeds and ages of cattle may be affected and pinkeye may occur at other times of the year, the disease most often comes during the summer and white-faced cattle seem to be most susceptible.

Once pinkeye appears in a herd, it may spread rapidly by such means as direct head contact, tail switching or by flies, especially face flies.

Frequently pinkeye is confused with allergy, eye injury, a foreign object in the eye, faulty nutrition or the early stages of some infectious disease such as pasteurellosis, malignant catarrhal fever and infectious bovine rhinotracheitis.

Tail switching is a common method of transmitting pinkeye from animal to animal.

This emphasizes the importance of calling a veterinarian to make a diagnosis whenever eye symptoms are first noticed. Promptness in this is also important because the sooner treatment is started, the better the chances for keeping losses at a minimum.

Pinkeye occurs in two forms, acute and chronic. The acute form is the most common and it is characterized by sudden appearance, watering of the eyes and a white or gray spot on the cornea.

If the stricken animals are not given prompt and proper treatment, the chronic form may develop that can mean extensive eye damage, blindness or even death.

Alertness for signs of pinkeye, and immediate action if the disease gains a foothold in a herd, will pay big dividends for farmers this summer.

REPORT CHANGE OF ADDRESS WHEN RECEIVING SOCIAL SECURITY CHECKS

When you move, make sure your social security check follows you. This is the advice given to all beneficiaries by Mr. Charles E. Burke, District Manager of the South Bend, Ind., social security office.

"Whether you are moving to California, Florida, or only across the street," he said, "be sure to notify social security of the new address." The notice should be sent at least two weeks before the next check is due, to make sure that check will go to the correct address. If the change of address is received before the middle of the month, the Social Security Administration has time to change its records before the next month's checks are issued. The change of address notice may be mailed to the South Bend district office, or you may visit that office to give notice in person. Mr. Burke added that the notice must be signed by the person who receives the checks and must show the social security account number.

20 SURPLUS GRAIN BINS TO BE SOLD

The Commodity Credit Corporation, an agency of the U. S. Department of Agriculture, is offering 20 surplus grain bins for sale by auction at Bremen, Indiana, according to Lenard C. Pound, Chairman of the Indiana State ASC Committee. He indicated the sale would begin at 10:00 a.m. (EST) on Friday, July 17, 1964. It will be held at the U. S. Government Grain Storage site locat-

ed within the town of Bremen in Marshall County.

Mr. Pound stated that the structures have a 2,151 bushel capacity rating, are made of steel and have walk-in doors which should adapt them well for farm use. They were purchased by CCC in 1949. Ten of them have been dismantled and the remaining ten will be sold erected. Anyone desiring to inspect the bins being offered should contact Mr. Lester McGriff, Office Manager, Marshall ASC County Committee, 313 East Jefferson Street, Plymouth, Ind., phone 936-2024).

It was suggested that persons who desire additional information on this sale or future sales of surplus CCC bins should keep in touch with their local ASCS County office.

In Indiana... after a swim, beer is a natural

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer. Camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

Babson Believes Business Cycles Are Here To Stay

Rising Trend Can't Go On Forever

Babson Park, Mass. — With the current expansion phase of the business cycle now ranking as the second longest in peacetime history, the tendency is to feel

Roger W. Babson

that cycles have been eliminated through legislation and pump-priming. This type of thinking crops up from time to time, but prolonged booms inevitably lead to careless practices which must ultimately be corrected in ensuing downswings. Conversely, recessions breed disappointment and disillusionment which curtail demand and growth and build up pressure for the next upswing.

Cycles In Production

And Demand

From the last cyclical low point in industrial production in February 1961, factory output has trended consistently upward. This reflects the combined effects of rising demand due to population growth, increased government spending at all levels, and rising consumer income structures. One must not overlook, either, the tremendous impact of advertising and the easy credit conditions.

This rising trend, however, cannot go on indefinitely. The time is coming when one market after another will reach saturation. Demand and output will then level off, and decline. This, in turn, will adversely affect employment and incomes, further contracting business until natural growth forces and confidence again take hold.

Business Inventory And Capital Spending Cycles

Up to the present, this current business uptrend has been unique in that inventory holdings have been kept low relative to sales growth. Excess productive capacities in many industries, ample supplies of most commodities on a world-wide basis, and the benefits of modern transportation and communications in speeding up ordering and deliveries — plus use of computers and other techniques — have all helped businessmen to operate with a low

level of inventories. Businessmen now, however, show interest in more forward buying, which may be a mistake at this advanced stage in the upcycle. A later flat tening out, or decline, in the sales curve could quickly result in burdensome inventory holdings.

If projections of sharply increased business capital expenditures over the rest of this year run true, this could be the prime source of business vitality. However, the step-up in capital outlays may come too late for them to cash in on the current high level of demand. And the rising flood of goods resulting from increased plant could cause market gluts and price cutting in the next recessionary period.

Cyclical Swings In Borrowing

And Interest Rates

Borrowings by business have been only moderate in the present period of rising business. This has been due to the accelerated internal generation of cash resulting from liberal depreciation schedules. Hence, borrowings by consumers for installment purchases and mortgages have risen more rapidly than business loans. Expansion of consumer debt markedly inflates consumer buying power and thus is a potent business stimulant. But growth in debt cannot long outpace growth in income. When debt repayments command too large a slice of take-home pay, consumer demand for durable goods and housing suffers.

Swings in interest rates, of course, are largely dependent upon demand for credit. So far, the uptrends in borrowing have been edging interest rates higher. As borrowing costs increase further, however, they will tend to dampen demand for durables and housing — until debts become less burdensome and borrowing costs less expensive.

Human Judgment And Cycles

The foregoing illustrations serve to point out that certain cycles are influenced importantly by human judgment. This is true of cycles in stock, bond, commodity, and real estate prices, as well as in the above-mentioned aspects of business. In a free enterprise economy such as ours, the cyclical ebb and flow reflects the net effect of the free choice and action of the people.

Therefore, with human frailties making us prone to excesses of optimism and pessimism, cyclical movements are bound to recur; legislation and pump-priming can only temporarily affect their duration and intensity. However, periods of excesses of optimism and pessimism may be a small price to pay for our freedom of choice.

Most Legislative Candidates Have Prior Experience

Only about three out of every eight candidates running for election to the Indiana General Assembly have had previous legislative experience, the Indiana State Chamber of Commerce said today.

Ninety-one of the 250 nominees for the 127 seats are either incumbent legislators or have served in the Assembly, the chamber observed after it completed a survey of governmental experience and occupations of the 1964 nominees. The individualized information is reported in an "Indiana General Assembly Nominee" list issued by the chamber. Other findings in the survey:

— The experienced candidates include 71 incumbents and 19 persons who have served in the Legislature previously.

— In occupational classifications, attorneys number the highest among the candidates with 41 attorneys seeking legislative seats. Thirty nominees claim farming as their principal occupation. Twenty-nine candidates are industrial employees.

— Included in the broad category of businessmen are 23 insurance men, 17 merchants and 14 industrial executives.

— Educators, with 18, rank numerically next to attorneys among the professional group. In the professional health fields, physicians and dentists number two each. Other occupations include a veterinarian, a chiropractor, morticians, housewives, builders, government employees, and practically every occupation over the entire range of the Hoosier economy.

The legislative experience picture is this:

SENATE: Six Republicans and five Democrats are running as incumbents. Republicans have seven other candidates with previous

legislative experience. The Democrats have an additional five candidates with previous experience.

HOUSE: There are 33 incumbent Republicans and 29 incumbent Democrats seeking election to the House. Seven additional Republican candidates for the House and one additional Democrat have had previous experience in the Legislature.

Because of the reapportionment of legislative districts for the 1964 elections, three of the House races will match incumbents against incumbents. These elections will be held in Daviess and Greene counties, Fountain and Montgomery counties, and Jay and Randolph counties.

Four of the races for Legislature thus far are uncontested. There were no Democratic primary candidates in two Senate races — 13th district (Carroll-Clinton-White) and 5th district (Elkhart). In the House races, the Democrats did not enter a candidate in the Orange-Washington county district and the Republicans had no candidate in the Perry-Spencer county district.

There are nine of the 27 contests for the Senate where neither candidate has had any legislative experience. For the House there are 38 of 100 contests where neither candidate has served in the legislature.

There will be 23 "holdover" senators and out of the 27 to be elected the Democrats will need to win 13 seats for a majority. The Republicans will have to win 16 to control the Senate.

POETIC PLEA — The co-authors of a column in The Wapakarusa Tribune, Jim and Joanne Wright, put into poetry this appeal for safer driving: "For crashes and smashes this weekend has led, 'Tis then that too many have suffered and bled. If you and your neighbors must join the throng, Keep eyes on the traffic — that's where they belong."

Supposing you had received this letter for Christmas?

"Dear Sandy Klaus: I was put in a new order quick. I found all the things which I you for under the spare bed."

"I shall not die, but live, and declare the works of the Lord" — this verse from Psalms is part of the Golden Text that will introduce the Bible Lesson to be heard at Christian Science churches this Sunday. The subject is "Life" and begins a series on names which belong to God.

Readings will include the following lines from the Christian Science textbook: "Because Life is God, Life must be eternal, self-existent. Life is the everlasting I

AM, the Being who was and is and shall be, whom nothing can erase" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, pp. 289, 290).

CHOICE

John is thinking about "what he wants to be." No, he doesn't want to be a jet pilot, nor a nuclear physicist, nor a lawyer, nor an actor, nor a doctor, nor yet a banker, baker, or chemist. John has decided. He wants to be a MINISTER.

I wondered if his father or his uncle or anyone else in the family is a minister? Strangely enough, no! He won't make a lot of money, and knowing John, he certainly won't particularly like the idea of getting up to "preach" to people. Definitely he won't have a big shiny car to make his calls. I wondered why John had decided to devote a lifetime to service in the Church.

I asked John for a frank answer and he told me many small accumulative experiences which boiled down to this: A strong Christian influence from family, friends, and church kindled a spirit of awareness and devotion which seems to be latent in every human heart. Of course, we can't all be like John. Few of us have received the stimulus to devote our entire life to the Church. But some of John's spirit does dwell in all of us. Too often we are unaware that we possess this miraculous gift from God. Rekindle your spirit by going to church this Sunday.

PUBLIC HEARINGS ON 1964 DEER SEASON TO BE HELD

As the white-tailed deer population continues to grow in Indiana the prospect of successful hunts continues to increase throughout the state. In some areas deer populations have increased remarkably and grow fat on good Indiana grains.

Anticipating an increased number of deer hunting applicants this fall, the Division of Fish and Game of the Indiana Department of Conservation stated today that there will be a public hearing on Tuesday, July 21, 1964 for the purpose of discussing the open seasons of the white-tailed deer. This hearing will be held in Room 1611, State Office Building, Indianapolis at 11 a.m. E.S.T.

The proposals that will be presented at the hearing are based on recommendations of Wildlife Biologists of the Department of Conservation.

1. Archers will be permitted to take one deer during the period from October 24 through November 21. This deer may be of either sex and any age. All counties of the state are open to bow hunters.

2. The gun season for the taking of white-tailed deer extends from November 26 through December 7, and during this period one buck with at least one antler three inches in length may be taken in any county in the state.

3. On the first day of the gun season, November 26, (for one day only) it is being proposed that gun hunters may take one deer of either sex and any age in the following counties and areas:

All of Perry, Warrick, Owen, Brown, Bartholomew, Johnson, Jennings, Ripley, Jefferson, La-

INDISPUTABLE — A Johnson County woman, Mrs. Oliver Boner, has passed on to her son, Joe, what appears to be an incontestable title to an 80 acre farm east of Greenwood. She turned over to her son the original land grant certificate issued to her great-grandparents in 1833 and signed by President Andrew Jackson. The certificate was issued to Mr. and Mrs. Edward Wilson who came to Indiana from North Carolina in 1820 and cleared a plot of land to which they eventually obtained title by purchasing it from the government under the public lands act of 1820. Mrs. Boner's grandparents, Mr. and Mrs. James D. Wilson, built a house on the land. Mrs. Boner and her late husband, Oliver Boner, purchased the property from other heirs and the son, Joe, bought the land and old home from his mother and father. Mrs. Paul Burgett of The Johnson County News recently wrote a feature article on the original land grant.

Loss To Triton Costs Culver Chance For Crown

Eliminated After 4 Straight Titles

By EARL D. MISHLER

For the first time since 1961, the Culver Indians will not be the Marshall County baseball champions this year. A 5-3 loss at the hands of Triton on the home diamond last Thursday eliminated the Tribe from the race, after Culver had won a 14-11 decision in nine innings in the first game, suspended from June 11. Monday night, the Indians tied LaPaz at 5-5, in a rain-shortened road game.

Andy Lowry and Dave Lemar racked back-to-back clutch doubles scoring three runs in the top of the ninth in Thursday's one-inning completion game. Paul Liette gained the decision in relief, his fifth victory.

Liette continued on the mound in the night cap but was outpitched by Triton's Roger Moriarty. Culver made only four singles, as Liette tasted defeat for the third time.

Monday night a potential slugfest was rained out after 3½ innings of play. Bruce Lindvall was on the mound for Culver, but had been touched for five runs on eight hits. Bruce was Culver's big hitter with a single and double. The game will be replayed at LaPaz Sunday. All statistics will count toward individual averages, as half of the game had been completed.

The Tribe's record now stands at 8-4. Tonight another double-header is on tap. The completion of a tie game with Lakeville will precede the night cap at Culver. The score stands at 6-6 after 7 innings.

Culver will get a chance to prove itself in the newly-organized Marshall County Tourney starting July 23. Plymouth and Bremen will participate along with the five league schools. Box scores:

Conservation Club Purchases Building

The Maxinkuckee Fish and Game Club, Inc., has purchased a building, which will be used as a permanent club house. The building, which was purchased from the Kingsbury Ordnance complex, south of LaPorte, contains approximately 1,500 square feet of floor space and is one story in height. The building also contains lavatory facilities, wiring, and heating unit. The building will be dismantled and trucked to the club's leased grounds at the fish hatchery, west of Culver.

Negotiations are now underway between the club and the William Alexander Fleet Post, American Legion, of Culver, to lease, on a long term basis, ground to erect the building. The fish hatchery is leased from the Indiana Department of Conservation on a year to year basis. Officers and directors of the club feel that arrangement is not permanent enough to allow for erecting the building on the state property.

The club has been meeting at the home of Ralph Neidlinger on State Road 17. While this arrangement has been fine for the club and is deeply appreciated, the members felt the club would make better progress if they had a meeting place of their own.

Scouting Group Aided By Culver Fishing Party

Three Culver men, Harold Fitterling, Donald Osborn and Kenneth Cole, and the fourth member of the party, Walter Pesaresi, of Winamac, who were on a fishing trip in Ontario's Quetico Provincial Park, Canada, last week played an important role in aiding the Scouts and their advisors of Explorer Post 73, of Indianapolis, following the tragic drowning of two of their members.

The Scout troop was also on a fishing and camping trip in the park, accompanied by the fathers of the two boys that drowned, and an adult Scout guide. The tragedy occurred after the troop had portaged around Splitrock Falls, located in the park. To make room for the launching of other canoes of the party, after the portage, the canoe carrying Allen G. Schoenheide, Ronald N. Sklare and John Brody was paddled away from the launching site. The swift current caught the canoe and in spite of the frantic efforts of the three boys to paddle to safety, the current swept the canoe and its occupants over the falls. The falls are several feet high. The boys, Allen Schoenheide and Ronald Sklare were drowned. The third boy, John Brody, was able to swim to shore.

The Culver fishing party broke camp on Tuesday, July 7, and were heading back to their base camp to pick up their cars and return home. After a portage to Lake Agnes and continuing down the lake, they noticed six canoes that were dead in the water. Paddling to the group, they asked if they were in trouble and needed help. It was then the Culver men learned of the tragedy. The group was unable to make any headway, due to a broken motor shaft. Because of the tragedy, the group was anxious to get to base camp to make arrangements for skin divers to search for the drowning victims and make other arrangements. The Culver men offered to help them all they could.

Grouping the six canoes in two groups of three, the Culver men towed the group to a portage, traveled the portage, and then into Moose Lake and then to the Scout Camp base at the lower end of Moose Lake. One of the members of the Culver party stated it was a grueling trip. The men had broken camp very early and had eaten breakfast before starting back. They met the Scout group about 7:45 a.m. Because of the tragic situation, the group did not stop to prepare food, but kept on going. The weather was cold, rainy and windy. Out of ten hours it took to travel to base camp, it rained eight of them. The distance from where the group was first sighted and base camp is nearly 40 miles.

Arriving at the base camp

about 8 p.m. the entire group was fed a hot meal and hot baths were taken to take the chill out of the men. The Culver party arrived home Thursday, July 9.

Funeral services for the two Explorer Scouts were held in Indianapolis Tuesday, July 14. Ronald N. Sklare was the son of Mr. and Mrs. Allen I. Sklare, and Allen Schoenheide was the son of Mr. and Mrs. Gerald Schoenheide, all of Indianapolis.

Maxinkuckee Landing Gets A Manicure

Maxinkuckee Landing has a new, fresh, well-groomed look these days as the result of two people — Roscoe Stevens and Nick Carpenter. The road leading from highway 117 down to the landing site had been left to grow a fine crop of weeds, underbrush and tree limbs overhanging the road and side walk. It began to look like a wilderness. Mr. Stevens and Mr. Carpenter decided it was time someone cleaned the place up, since it appears those who might be responsible for keeping it well cleaned, had not done so for several years.

Recently the two men, using grubbing tools, mowers, and an assortment of other equipment, cleaned the roadside, the creek bank and pruned the tree limbs overhanging the sidewalk and road. It is surprising how much more room there will be for parking cars for those who use the landing. The men hauled away five large truck loads of brush, picked up several cases of pop bottles and other rubbish. In the process they ran into a rattle snake which measured over two feet long.

The men expect no pay for their work, only the satisfaction of seeing the road cleaned as it should be. Mr. Stevens and Mr. Carpenter also put out the pier a couple of weeks ago. This should have been done before Memorial Day, but again no one seemed to notice until it was called to their attention, and the men were given the job of putting it out.

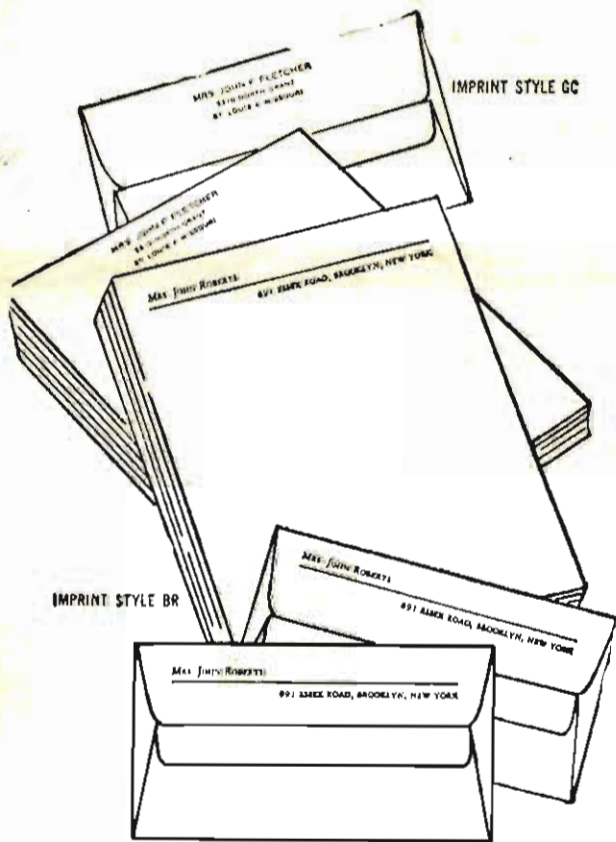

The people who use the landing and who live on that side of the lake owe Mr. Stevens and Mr. Carpenter a very big vote of thanks for their unselfish interest and civic pride for a job well done.
