CMA Opens With Record Enrollment Of 874 Students

Culver Military Academy has opened its 71st academic year with the largest enrollment in its history.

A student body of 874 continues Culver's position as the largest independent secondary school of its type in the nation. Enrollment at the beginning of the last academic year was 854.

According to figures released by Dean of Admissions Frank M. Bryant, there are record numbers in each of the four categories. Returning are 559 boarding students, while 276 new boarding students began orientation sessions at the Academy a week ago. In addition, there are 39 day students from the surrounding area, 15 of whom are new students.

The 874 students attend grades eight through 12, and all of the courses offered them are college preparatory. The Academy is operated by the non-profit Culver Educational Foundation.

Coach Crosley To Address Culver Lions Club

Gene Crosley, coach of the Culver Community Schools, will be the guest speaker at the Lions Club regular meeting to be held on Wednesday, Sept. 23, according to C. Glenn Coolman, program chairman. Mr. Crosley will discuss this year's basketball team and their prospects for a successful season. He also will pass on remarks concerning the other teams on this year's schedule. Also on the program will be a basketball film furnished by the Indiana High School Athletic Association, which was filmed last year.

The meeting will begin with the usual 6:30 dinner, followed by the business session and then the program. Lions who will attend are urged to make reservations with Dr. Oscar Wesson, phone VI 2-3155 by Monday evening, Sept. 21.

New Teachers To Be Guests At C of C Dinner

The Culver Chamber of Commerce will resume their monthly meetings with the annual teachers' dinner, which will be held on Monday evening, Sept. 21, at 6:30 p.m. at The Culver Inn. New teachers of the Culver Community School and the Culver Military Academy and their wives or husbands will be the guests of the Chamber.

Following the dinner the teachers will be introduced by the respective heads of the two schools. Dean Ernest B. Benson, speaking for Maj. Gen. Delmar T. Spivey, who is out of town, will introduce the new Academy teachers. Mr. Frank McLane, superintendent of the Culver Community Schools, will present the new teachers in the Culver schools. Col. W. E. Covington will act as program chairman for the evening.

Chamber members are asked to make reservations for themselves and their wives, if they plan to attend. Non-Chamber members may attend, but reservations must be made in order that seating arrangements can be made at The Culver Inn. New teachers and their wives or husbands will be guests of the Chamber. It will be necessary for all others attending to pay the regular dinner charge.

School Board Gets Bids For Unused School Property

The Board of School Trustees of Culver Community Schools on Monday evening, Sept. 14, gave consideration to proposals by prospective purchasers of the North Bend and Ora school buildings. These properties are no longer in use for school purposes.

One offer was received for the North Bend building, but the bidders indicated that they would not be able to guarantee removal of the structure within a period of 90 days as previously stipulated by the School Board. The latter group agreed to give further consideration to this bid and to the request for extension of time for the building to be removed from the site.

One bidder also presented a proposal for purchase of the Ora building and real estate. Since this bid was below the appraised value, the School Board informed the bidder that investigation of legal provisions governing such sale would be made to determine the per cent of the appraised value that could be accepted by the school corporation.

Following the discussion with the bidders, the School Board discussed plans for interviews with representatives of architectural firms regarding plans for a proposed new high school. Though approval of a building site had not been received from the State Department of Public Instruction on Monday, this approval was received on Tuesday. Thus the Board of School Trustees now may proceed with the legal steps to make the purchase of a site possible in the near future.

James R. Beasley To Address G.O.P. Women

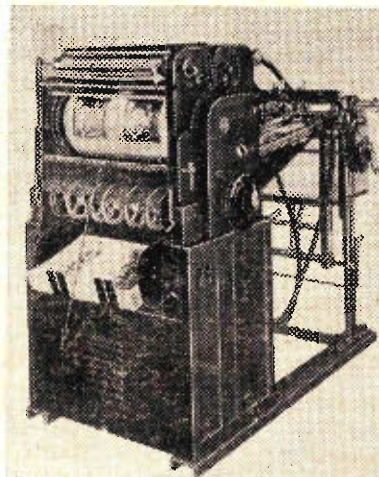

JAMES R. BEASLEY

James R. Beasley, Republican candidate for Superintendent of Public Instruction, will be the speaker at a meeting of the Marshall County Women's Republican Club to be held on Friday evening, September 18, at Argos. The meeting will convene at 7:30 p.m. in the Friendship Room of the Argos State Exchange Bank. Mrs. Helen Johnson, Marshall County Republican vice chairman, will introduce Mr. Beasley.

Howard Menser, Republican County Chairman, will present the county candidates to the ladies. Also on the program will be Margo Fox, Miss Plymouth, who will present several vocal solos. Mrs. Roy (Joanne) Price, of Culver, and president of the club, will conduct a business meeting following the evening's program. Refreshments will be served.

Marshall County Republican women and others are urged to attend this meeting and hear Mr. Beasley.

Culver Press Inc. Installs Offset Printing Dept.

Davidson Dual-Lith Offset Press — Part Of The Offset Equipment Installed

The Culver Press, Inc., in keeping with the firm's planned expansion program to better serve the public with quality commercial printing, has recently installed a complete photo-offset printing department. The Culver Press can now furnish high quality commercial printing by either the offset method or by the conventional letterpress process. Until now, commercial, business and ruled forms could only be printed from metal plates or type.

The equipment installed for a complete offset department consists of a camera and developing dark room, stripping table, plate maker and an offset press.

The dark room includes the Kenro Camera, developing tanks for developing the film negative and other equipment needed to produce clear sharp reproduction of the image to be printed. The camera will take film up to 12 x 18 inches, and has a copy board 17 x 22 inches. The image to be printed can be either reduced to one third size or enlarged by 300 per cent, which ever is desired. Accurate auto-focusing and sizing can be accomplished with this type of camera.

The negative is then placed on the NU-Lite Stripping table for final touching-up prior to transferring the image on the negative to a pre-sensitized metal plate for printing. The stripping table top is of frosted glass, under which softly diffused fluorescent lights are mounted. Placing the film negative on top of the frosted glass allows the workman to check the negative for unwanted light specks in the negative, correct un-developed areas and to block out any printing or image not wanted.

The negative is then placed in the Nuarc Plate maker where the image on the film negative is transferred to the presensitized metal plate. After the metal plate has been exposed, a developer is used to bring out the image on the metal plate. This plate is then placed on the offset press, ready for printing.

The new offset press is a Davidson Dual-Lith Model 233 press. It will take a sheet size 14 x 17 1/2 inches and has a printing area of 13 x 17 inches. It will print up to 5400 impressions per hour. The press will handle any paper stock from light tissue to cardboard and envelopes. It has hairline register and will print the finest halftones and also color work.

The Culver Press, Inc. is

Three Appear In JP Court Recently

The following cases were brought into the Michael Fitting Justice of Peace Court, where they were heard and judgment rendered.

On Sept. 6, Daniel E. Ortmeier, Logansport, was arrested for speeding on State Road 117. Arresting officer was Deputy Sheriff C. V. Maddalena. Mr. Ortmeier was fined \$1.00 and costs totaling \$18.75.

Culver C of C To Co-Sponsor Clinic

The Culver Chamber of Commerce will be the co-sponsor of the annual Pre-Legislative Clinic of the Indiana State Chamber of Commerce which will be held at South Bend on Thursday, Sept. 24. The clinic is planned to present the most effective way for chamber members to become familiar with some of the major issues to face the legislature in 1965. A delegation is expected to attend from the local chapter.

The clinic will be held in the rose room and ball room of the Hotel Pick-Oliver from 4:45 to 8:15 p.m. The cost is \$4.25 per person, which includes registration, materials and dinner. Candidates for State Senator and State Representatives from this area will attend.

CULVER FIREMEN EXTINGUISH MOTOR FIRE AT CULVER BANK

The Culver Volunteer Fire Department was called to The State Exchange Bank at 7:00 a.m. Tuesday morning, prior to the bank opening for the day. Cause of the call was an overheated motor, which caught fire. The motor was located in the basement of the bank. No damage was done except to the motor, which was a total loss.

HOSPITAL NOTES

William R. Easterday returned to his home at 311 W. Washington St., Culver, Friday afternoon after being a patient at Parkview Hospital in Plymouth since Friday, Sept. 4.

Ada Foss Dies After Illness At Age Of 80

Mrs. Ada C. Foss, 80, formerly of Culver, who had been residing at the Maple Crest Nursing Home, St. John's, Ind., died at 9 a.m. Thursday, Sept. 10, at St. Margaret's Hospital, Hammond, Ind., where she had been a patient for the past two weeks. She had been in failing health for the past several years.

Mrs. Foss was born April 12, 1884, at Winamac, Ind., to Alfred and Hulda (Taylor) Cox, and was married in 1920 to Monton H. Foss, who preceeded her in death in 1955. She had lived in Culver most of her life, before going to St. John's in 1961.

Surviving are two sons, Gordon E. Foss and Russell Foss, both of Hammond, Ind.; three daughters, Mrs. Helen Bendix, Michigan City, Ind., Mrs. Vera Polley, Chesterton, Ind., and Mrs. Veda Fitterling of Culver. Fourteen grandchildren and eight great-grandchildren also survive.

Services were held at 2 p.m. Saturday, Sept. 12, at the Easterday-Bonine Funeral Home, Culver, with Rev. Robert Leib, pastor of the Hessville Bible Church, Hammond, officiating. Cremation followed.

VETERANS FARM TRAINING ALUMNI HOLD BANQUET

The Veterans Farm Training Alumni banquet was held in the Culver Lions Den Monday evening, Sept. 14. Harry Carr, Argos, gave the table prayer preceding the banquet served by the ladies of the Burr Oak Church of God. Carroll Thompson, president, presided at the business meeting. Willard Zechiel of Culver, former instructor of the class, spoke briefly and the secretary, William Heck, of Tippecanoe, read a letter from alumnus Roy Switzer of Hammond.

Ray Warstler, Argos, served as auctioneer for the annual white elephant sale which was a source of much merriment for the 40 present.

Officers elected to serve for 1965 were Paul Nifong, president; Ray Warstler, vice-president; and Hugh Umbaugh, secretary-treasurer.

The remainder of the evening was spent socially. Music was provided by the Pete Frehauf trio. The next meeting will be a banquet at the same place on the first Monday night after school begins in September 1965.

Brother Of George Phillips Dies At Age 65

Dr. John Reed Phillips, age 65, of Indianapolis, formerly of Star City, Ind., brother of George Phillips, 204 Lake Shore Drive, Culver, died Friday, Sept. 4, in St. Vincent's Hospital in Indianapolis after a long illness.

Doctor Phillips was born at Logansport Feb. 24, 1899, and moved to Star City as a child. After receiving a degree in pharmacy at Purdue University, Lafayette, he enlisted in the Army Medical Corps, serving in France during World War I. He graduated from Indiana University School of Medicine in 1925 and practiced medicine for several years in Michigan City. He was recalled to service in 1941 and served with the Navy in the European and Pacific Theaters. After World War II, he served as chief of surgery in several military hospitals. In 1958, after 32 years, he became a fellow in the American College of Surgeons.

Doctor Phillips was a member of the American Legion, Masonic Lodge, Indiana University Alumni Association, and the Star City and Michigan City Methodist Churches.

Surviving with his brother, George, are his wife, Fern; two daughters, Mrs. James Applegarth, Indianapolis, and Mrs. Jack Harrison, Washington, D. C.; seven grandchildren; two sisters, Mrs. Julia Fagan, Star City, and Mrs. Mary Masterson, Rochester; and two other brothers, Robert of Royal Center and William of Star City.

Services were conducted at 2 p.m. Sunday, Sept. 6, at the Fry & Lange Funeral Home in Winamac with the Rev. Laurence Smith, pastor of the Winamac Methodist Church, officiating. Burial was made in the Odd Fellows Cemetery at Star City and the American Legion conducted the graveside rites.

Dr. C. Stinnette To Speak At CMA Chapel Service

A University of Chicago professor will be the first in a series of visiting clergymen of all faiths to deliver guest sermons at Culver Military Academy during the current academic year.

The Rev. Dr. Charles R. Stinnette, Jr., professor of pastoral theology at Chicago, will speak on "Learning as Transfiguration" during 10:30 a.m. services Sunday, Sept. 20, before a congregation of Academy students, faculty, and guests. The Culver faculty will take part in a processional as is customary at the opening chapel services each year.

Dr. Stinnette also will be the guest of honor at an open house from 2 to 4 p.m. Sunday at the home of the Rev. Allen F. Bray, III, Academy chaplain.

Dr. Stinnette was appointed to the University of Chicago Divinity School faculty in 1962. Pastoral theology is the study of theology in relation to the psychological disciplines. He formerly was associate director of the program in religion and psychiatry at Union Theological Seminary, and he was awarded the first certificate in applied psychiatry for the ministry granted by the William Alanson White Institute of Psychiatry, New York City.

A graduate of North Carolina State College, Dr. Stinnette studied for the ministry at Union and Hartford theological seminaries and received his doctorate from Columbia University. He was chaplain and professor of religion at the University of Rochester, associate warden of the College of Preachers of the Washington (D.C.) Cathedral between 1948 and 1956, and rector of the Episcopal Church of the Ascension in Rochester. He also was installed as a canon of the Washington Cathedral.

Prior to his appointment at the University of Chicago, Dr. Stinnette was professor of pastoral theology at Union Theological Seminary. He has written three books.

Concert-Theater Schedule For 1964-65 At CMA

Seven programs have been booked as part of the sixth annual Concert-Theater Series at Culver Military Academy during 1964-65.

The programs, which bring to Culver well known artists in all of the performing arts, are primarily held for students, faculty, and employees of the Academy but are also open to the general public. In addition, three of the events will be seen as matinees by Marshall County public school children as part of Culver's Program for Education in the Performing Arts.

William F. Martin, director of theater, said additional programs will be announced for the 1964-65 series as they are booked. The series usually brings to Culver eight to ten performances annually, plus two shows staged by Theater '65, a student theater group.

Two of the matinees to be given free of charge to students of schools participating in the Program for Education in the Performing Arts will be held Oct. 8 and Feb. 26. A third will be announced later.

Martin, holder of the Hough Family Chair of Fine Arts, conceived PEPA four years ago as an opportunity for public school children to enjoy professional stage productions. PEPA is being supported during the next three years under a \$7,500 grant from Judd Leighton and Mary Morris Leighton of South Bend.

Opening this year's series Oct. 8 will be the "Good Time Singers", a group known for its appearances on the Andy Williams television show. The vocal group will do a special program of popular and folk tunes and will share the Eugene C. Eppley Auditorium stage with "The Outsiders," two bright young stars of satire.

Curtain time for the Oct. 8 and all Concert-Theater Series programs is 8:15 p.m.

Other events planned this year are:

Oct. 14 — "Wiener Blut," a company of 65 Austrian singers and musicians presenting the Strauss operetta "Vienna Life" and featuring the Blue Danube Ballet.

Nov. 7 — "H.M.S. Pinafore," to be given by the Stratford, Ontario company of Tyrone Guthrie. The company previously presented the "Pirates of Penzance" two years ago at Culver.

Nov. 11 — Emyln Williams portrays Charles Dickens. Williams recently completed a run in which he portrayed the Pope in the highly controversial play "The Deputy."

Dec. 12 — Theater '65 will

Every SUNDAY 9:15 A.M. WSBT 960 k.c. THE BIBLE SPEAKS TO YOU

NEW CHRISTIAN SCIENCE RADIO SERVO

present a production to be announced later.

Jan. 14 — "Twelfth Night," is scheduled in commemoration of the 400th anniversary of William Shakespeare. The National Players will give the production.

Feb. 26 — Izler Solomon will conduct the Indianapolis Symphony Orchestra in its fourth concert as part of the Culver series.

March 3 — New York Pro Musica Antiqua, an ensemble of voices and instruments in a program of Sixteenth and Seventeenth Century music.

The public should contact Martin by mail or by telephone for information on season subscriptions or tickets for individual performances.

ANNE OSBORN NAMED TO DEAN'S LIST AT STANFORD

Nearly 900 students returning to Stanford University this month will receive dean's list certificates, including Anne G. Osborn daughter of Mr. and Mrs. R. A. Osborn Jr., College at State, Culver.

This is double the number of a year ago. The change reflects continued increases in the academic talent of Stanford undergraduates, according to Registrar Harvey Hall.

Where some institutions have substantially modified their recommended grade distribution to recognize this change, Stanford has kept its "curve" intact but modified its use.

Two years ago, for example, the Academic Council approved changing the description of a "C" grade from "fair" to "satisfactory." This spring the Council's Executive Committee approved lowering the "dean's list" cut-off point from 3.5 to 3.2. Under Stanford's grading system, 4.0 is equivalent to the grade of "A" and 3.0 is "B."

As a result of this change, approximately 20 per cent of the University's undergraduates will make "dean's list." While this ratio is high by Stanford's historic standards, it is substantially lower than that of other prestige institutions. At Harvard, for example, about half the undergraduates make "dean's list."

1965 VOLUNTARY WHEAT PROGRAM

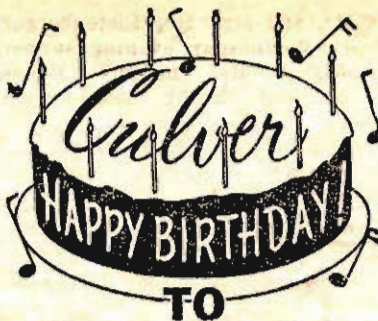

Wheat growers who haven't yet signed up to participate in the 1965 Voluntary Wheat Program are reminded that the signup period ends on Friday, October 2. And this will be the only signup period for this area.

Growers who sign up this fall will still have a chance to change their cropping intentions any time before the end of the feed grain signup next spring.

So don't delay — an early visit to the ASCS County Office to get that application on file will make you eligible to earn program benefits. And this is especially important for those wheat growers who want to use the overseeding or the feed-grain substitution privilege.

Remember — program participation is not automatic — signing up by the October 2 deadline is the first step to take part in the 1965 Wheat Program.

County Tax Board Sets Tax Levies

The Marshall County Tax Board which has been reviewing the proposed tax levies of the taxing units of the county, made very little change in the proposed levies in the Culver area. All changes were made due to the increased valuation in the various units. The budgets and levies had been based on last year's valuation, as the current valuation was not available at the time the budgets were made out.

Culver City's proposed rate as passed by the town board was set at \$1.246. Tax board cut the levy one cent. It stands at \$1.236. Culver-Union Township Public Library remains the same, \$0.20. Culver Community School levy remains the same, \$2.46 and Union Township levy remains at \$0.20.

Other taxing units in the Culver area whose tax levies were changed due to the increased valuation were: Argos Community Schools \$3.575 from \$3.60; Town of Argos, \$1.807 from \$1.87; West Township \$0.258 from \$0.263. Green Township remains

the same \$0.30; Walnut Township \$0.235, the same; and Argos Community School remains the same, \$0.00.

On October 5, the budgets will be reviewed by the State Board of Tax Commissioners for final setting. Schedule of these hearings will be found elsewhere in this issue of The Citizen.

Even automatic and power tools used on those summer home repair jobs must be carefully guided by alert minds and steady hands. The Institute for Safe Living says that all tools require thoughtful handling for safe operation.

Township Council Churches Meeting Held At Burr Oak

Union Township Council of churches met at the Burr Oak Evangelical United Brethren church Friday evening, Sept. 11. Officers presiding were Mrs. J. MacQuillan, president; Dr. Ald C. Williams, vice-president; Mrs. Paul Ulery, secretary; Mrs. D. Hatten, treasurer. Mrs. MacQuillan, president, announced the following committees: Programs and meetings — Ernest W. Carter, chairman. Blanche Finney, Mrs. W. J. Quillan, and Miss Florence; Youth — Wayne Kline, chairman, Mrs. Hampton Boswell, and Mrs. Richard Wood; Church women — Mrs. A. Dillon, chairman, and a representative of each woman's society; Education — Rev. Warren Sorenson, chairman, and the lay school superintendent of church.

Mrs. Paul Ulery gave a report on Ecumenical Youth Encounter which he attended at Barbee Christian Camp, North Webster, Ind. The encounter is sponsored by Indiana Council of churches.

Marshall County School of Religion will begin Oct. 19 and continue for six consecutive Monday nights. Rev. Jack Kline, Bremen, pastor of the Brethren, will be Dean and it will be held at Plymouth E.U.B. Church.

Information Day services will be held at the Culver Methodist church at 8 p.m. on Oct. 25. Rev. LeFevre, president of the Marshall County Council of churches, will be the speaker.

World Community Day is Oct. 10 and services will be held at Culver Methodist Church beginning at 9 a.m. Mrs. Edward Erdy will be chairman and Edith Eykamp, now retired, served as a missionary in Europe from 1924-58, will be the speaker.

The next meeting will be at Mt. Hope Methodist Church on Nov. 13.

R LICENSES NOW ON SALE AT COURTHOUSE

Marshall County Clerk Harvey Lips announces that 1964 licenses are now on sale at clerk's office at the Marshall County Courthouse in Plymouth. Gun and bow and arrow licenses are available.

The season for gun deer hunting is from Nov. 26 to Dec. 5, inclusive. The bow and arrow deer hunting season runs from Oct. 24 to Nov. 21, inclusive.

Baby Specialist Joins Staff Of The Culver Clinic

Dr. D. R. Mengel has recently joined the staff of the Culver Clinic. He began having office hours at the Clinic, by appointment only, about three weeks ago.

Dr. Mengel graduated from the Philadelphia College of Osteopathy and Surgery in 1960 and then interned in the South Bend Osteopathic Hospital. At the conclusion of his internship he returned to Philadelphia and took a Residency in Pediatrics.

At the completion of his Residency he again returned to South Bend to assume the position of Chairman of Pediatrics Department in the South Bend Osteopathic Hospital. His practice is limited to children from new born to age 13.

Dr. Mengel and his wife, Marie, have two children, Judith, age three, and Patricia, age two.

SHAUN DONNELLY TO ATTEND LAWRENCE UNIVERSITY

Shaun Donnelly, son of Mr. and Mrs. A. J. Donnelly, 79 North Shore Dr., Culver, is among a group of more than 425 new students who will arrive at Lawrence University, Appleton, Wis., on Sept. 23 for the beginning of the institution's 116th year.

For the first time in more than a half-century, its official title is university rather than college, a change occasioned by the July 1 merger with Milwaukee-Downer College for Women. Men are officially enrolled in Lawrence College, while women are listed in Downer College. The other two coordinate parts of the university are the undergraduate Conservatory of Music and the graduate Institute of Paper Chemistry.

About 50 of the newcomers are upperclasswomen who were formerly enrolled in Milwaukee-Downer College.

Thirty-one states and 10 foreign countries are represented in the group of newcomers.

COMMUNITY HOME SCHOOL THE SCHOOL BELL

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

Meet The New Faculty Members

By Marsha Guise and Barb Mikesell

Well students this marks the beginning of another year at good ole' C.H.S. Along with the new year comes several new teachers. It is our purpose to introduce to you the new members of our faculty.

Miss Allen hails from Culver High School, attended Ohio Wesleyan University, University of San Marcos in Lima, Peru, and graduated from Indiana University. Her favorite food is steak, and her pastime is listening to South American folk music. The Spanish language and cultures fascinated her so much that she decided to make others more acquainted with them by teaching Spanish. When Miss Allen was asked her opinion of the "Beatles" she replied she would rather watch them than listen. Her plans for the future are to travel in South America again next summer and continue teaching.

Another new teacher is Miss Charlton. She informed us that she likes Culver High School and its students and enjoys working here. When asked, she added that today's teen-agers are well informed, clear thinking, people who have great potential for future success. Her food delight is fried chicken and one of her favorite hobbies is sewing. After leaving her home town in Oaktown, Ind., she attended Vincennes University and Indiana Central College.

Mrs. England is a qualified teacher whose home town is Culver. She graduated from Cleveland Heights High School, Cleveland, Ohio, and received her B.S. degree from Miami University, Oxford, Ohio. She had further training at Purdue University this summer. In 1944 she served as communications officer in the Waves. She went to Japan in 1946 as a civilian employee of the Army until 1952. From 1952 to 1963 she resided in Australia. She prefers Chinese food and outdoor sports such as golfing and fishing. Her pet peeves are showing off and underhandedness. She and her son, Robert, are residing with her mother and sister.

Our Home Economics teacher is Mrs. Winters. She is presently living on a farm west of Monterey with her husband and two children. Mrs. Winters thinks that the students of C.H.S. are friendly and pleasant and she likes the spirit of the school. She decided to become a teacher because she is interested in young people and gets a great satisfaction out of working with them.

Of course, her favorite pastime is sewing. She has a B.A. from Purdue University in Home Economics and is currently working on her M.S. at Valparaiso University. Her ambition is to teach at C.H.S. for the next 25 years, so let's disillusion her.

Coming from Fowler, Ind., Mr. Wolfe has a B.S. degree in General Science and Chemistry from Indiana State College. Mr. Wolfe's pet peeve is people who pretend to be something they aren't. He has always wanted to be a teacher or a doctor so he can get a good taste of helping students learn important things and have fun learning.

As for the "Beatles," he agrees with the 103-year-old lady from Liverpool who calmly said "They don't bother me. I get my potatoes out early every year and dust them every two weeks." Seriously he says they are a great group for their kind of music.

Mr. Stegemoller comes from Dugger, Ind., and graduated from Indiana State College. He and his wife have been married for 2 years and have one child, Debra. His favorite foods are cheese-cake and steak. As far as hobbies go, ping pong, bridge and water skiing rank on top. He thinks that C.H.S. is a good school with congenial students. He has a good opinion of teens in general.

Mr. Kline graduated from Aubbeenaubee High School in 1959. He then attended Western New Mexico University and graduated in 1964. Mr. Kline has been married for four years and has two boys Todd, three years, and Gary 15 months. His favorite food is fried chicken and he enjoys sports of all kinds. His opinion of the "Beatles" is quote "They don't excite me."

Well kids, now you see the teachers as we have seen them it's up to you students to make this year a real success, so good luck!

Letters To The Editors

The Schoolbell staff encourages readers, both students and adults, to express their views on Schoolbell editorials and articles.

Constructive criticism and suggestions on how to improve the paper will be appreciated.

The Schoolbell reserves the right not to publish all letters received and to use excerpts of letters depending upon space limitations. Letters, in good taste, should be signed to be considered. Letters should be addressed to the editors and mailed to the Culver High School office. Students may leave their letters with Mrs. Warner or Mr. Miller in the High School office.

Remember, this is your section of the paper. Your participation, cooperation and contributions are a vital part of the Schoolbell.

Teachers Study Too!

By Patti McCombs and Suzi Overmyer

Five of our teachers were studying at various colleges and universities while many students were basking in the sun this summer.

Our new English teacher, Mrs. England, took three courses at Purdue. One embarrassing experience Mrs. England had was on her first day when she got a parking ticket for parking on a visitors lot, instead of the student lot.

Mr. Crabb spent his summer at Indiana University. He took three courses and participated in discussion groups where eight states and four countries were represented. Mr. Crabb said he saw everything imaginable, except a topless bathing suit.

Mr. Miller went to the University of Louisville where they served chicken every day (!?!). He did research work in three occupational information courses which were sponsored by the General Electric Foundation.

During a ten-week stay at Indiana State College, Mr. Unruh worked on his Master's Degree. His main assignment was to redesign a house he had previously designed.

Another teacher who was at Purdue and earned nine hours on his Master's Degree was Mr. Dillman. He took three courses during his eight week stay. Although he didn't have much free time, he enjoyed it.

So you see, students, you are not the only ones who go to school . . . teachers do too!

Summer School Experiences

By Karen DeWitt and Cindy Lemar

What did you do this summer? Many of our Culver High School students had summer jobs. Others decided to do a little studying during the summer months.

Bob Dastis spent his summer studying science during an eight-week Science Clinic held on the I.U. campus from June 14 to Aug. 8. He toured labs and performed lab exercises in the educational departments of the campus and also at the Medical Center in Indianapolis. He worked in the Anatomy and Physiology Department and did a great deal of research work.

Peggy Herr had quite an experience this summer. Although she did a lot of studying, I think everyone envied her. She left from I.U. on the 21st of June for Paris, France, and after a very brief look at Paris she went to St. Brieve where she did her studying. Peggy lived with two different families during the summer. On July 23rd she moved

into the Lycee where she attended school. While Peggy did a lot of studying, she did have a few free minutes and spent them on the beach, going into town, or on sports. The students were invited to their families for outings after they moved into the Lycee.

Peggy dined in the Eiffel Tower, toured Bretagne, Arc de Triumf, Notre Dame, Place de la Concord, Champs Elysees, Jarden de Luxembourg, Mont St. Michele, and many other beautiful places which any French student has studied and read about many times.

Cathy Carrothers attended a two-week Modern Dance Workshop at Ball State. Her instructor was Charles Weidman of New York, a famous composer in the Modern Dance world. It proved to be an experience she will never forget.

In order to obtain college credits which will go toward a college degree, Larry White attended Indiana University this past summer. He also wanted to find out whether or not he would enjoy going to a large university. Much to his surprise, he found out there was little parking space

for students' cars and most of the students walked to and from their classes. This is one of the disadvantages Larry found in attending a large university.

In Larry's opinion, he didn't do too well in his classes, but of course, he's more critical of his own work than someone else's. He did much better in astronomy than he did in chemistry. Strangely enough, he's had previous experience in chemistry and none in astronomy.

Even though he did a lot of walking, which he did not enjoy, Larry learned a lot in his summer school experiences.

Mary Ann Paul and Cathy Carrothers experienced summer school. They attended the Workshop for Library Assistants at Indiana University. There were approximately 200 students at the workshop. The workshopers were able to visit many of the libraries on campus. Among the many they toured was the famous Eli Lilly Memorial Library.

Each day, the students were required to have two classes. Every evening the group planned activities which everyone enjoyed.

Hear ye! Hear ye! The 1964 Culver school year will now come to order. Yes, it seems that it's just about that time of year — when the prison, err — school recouvenes and we have to start thinking again.

A hearty "glad-you're-here" welcome to all new students and faculty members. We sincerely hope you enjoy being in the CHS teepee. One junior girl is especially happy to see Doug Brown join our Indian tribe. Right, D. D.?

Are some of the seniors cracking up in their old age? Don't be too surprised if you see poor Doug Lindvall walking down the hall seemingly in a trance saying defiantly, "I am — a hat rack!" Sure, Doug, sure. You're a hat rack, and I'm a telephone pole, and she's a coffee pot, and he's a red lizzard, and . . .

Speaking of crazy seniors, why don't we all take up a collection for poverty-stricken Jim Boswell. The other night he was at the root beer stand and paid 20¢ for a 15¢ order. That mean Patty Overmyer wouldn't give him back his nickel — so — at the top of his lungs Jim yelled (for 5 solid minutes), "I want my nickel, I want my nickel!" I guess Jim's cries finally got through to Patty 'cause he did get his nickel back and now he's rich again.

If you see Susie Thews, Suste Donnelly, Ruth Benner, Linda Hudson, Mary Margaret Jurgenson and Valerie Carter walking around with stars in their eyes and their heads in the clouds, it's because they went to the state fair and saw the flop-topped four — the Beatles. You say you got within a yard of them, girls? Wow!

Confused but wildly happy. These two words seem to describe one CHS senior boy. Paul Liette recently received two mysterious phone calls from a seventeen-year-old doll named Sarah. Just where are you hiding her, Paul? Come on, you can't keep her a secret any longer. And, by the way, Paul, where were you sneaking to at 4 a.m. Aug. 30. Everyone of you readers be sure to ask Paul who this Sarah is and maybe he will confess. Stay tuned next week fans, for more misadventures in the secret life of the senior president!

Will someone please buy Stu Lowry some glue so his lyre will stay on his horn when he marches?

Friendly advice to an unsuspecting soul: Jim Weirick — WATCH OUT!!

Really, Doug Lindvall, is Bruce Lovely the governor of Indiana? You learn something new every day!

Hurrah! to all who made the senior play cast. We know your play "The Perfect Idiot" will be a grand success. Is it true that Bob Eustis will portray Valerie Gunder's son? And Jim Lewis do you have your part memorized already?

"Bonjour mes amis!" Yes, Peggy Herr finally returned from a glorious summer in France speaking like a native Frenchman. Peg brought back many postcards, slides, dolls, money, and records she bought while in France. She showed the French IV class beautiful slides of the Eiffel Tower, Notre Dame, the Arc of Triumph, Mont Saint Michel, the Champs-Elysees, and many other picturesque sites.

Speaking of French IV, how does it feel to be in the minority, Jim Boswell?

Sheryl Fisher, what senior boy have you flipped for? Tell us — we promise we won't tell him.

Congratulations to Lois Newcomb and Linda Thurin, who were chosen high school newspaper reporters for the South Bend Tribune and the Plymouth

Pilot-News. Everyone be sure to read the Culver news items in both papers. In case you didn't know it, the high school news page appears in the Tribune each Sunday.

The Culver band looked and sounded sharp at the Kewanna festival last week. Unfortunately the band had to march behind a nice horse troop, which caused a few problems. Each band member had the rare privilege (?) of shaking hands with none other than John D. Bottorff, Democratic candidate for secretary of state of Indiana. A few lucky ones (hmmmm?) even got one of Mr. B's pictures. Carolyn Snyder got so excited when she saw him that she spilled her cherry snow cone all over her white band shirt. On top of that, she almost missed the bus going back home.

Never a dull moment when you go to the show with Sue Cole. It seems that poor Sue had an acute charley horse attack in the midst of "The New Interns." Did it smart much, Sue?

The seniors have high hopes of making this year's magazine drive the biggest and most profitable ever. Come on, kids, as Mr. Crabb says — SELL, SELL, SELL. Everyone buy at least one subscription so these worthy seniors can go on a trip this spring. Incidentally, the trip is now only about 210 days away!

Well, inmates, it looks as if the time has come when visiting hours are over, and we must return to our cells and continue the old grind. So, 'til next time, gang — so long and look alive!

Sports Corner

By Doug Lindvall

This year the C.H.S. Cross Country team started out the season with bright new orange and black uniforms, and a brand new rugged coach, Mr. Stegemoller. With five returning lettermen and two fine freshmen with a lot of promise, the future looks bright for the Culver barriers this fall.

The boys started off their rough schedule Sept. 4, against Rochester, a team that had ranked high in the state last year. Due to the fact that four Rochester runners finished before our first man, who was George Wright, the Indians were clobbered by a 40-17 mark.

Since the team is anxious for a win they are trying to uphold the Culver tradition of not giving up. Sept. 10, they traveled to Argos where they met Argos and Mentone in a three way meet. Culver came in second only to Argos.

The Culver baseball team started off their fall season by defeating rival LaPaz on Sept. 3. LaPaz eliminated Culver from the county championship race this summer.

Paul Liette fanned nine Vikings while Stu Lowry helped the cause with a home run in the 8 to 3 win.

The team traveled to Richland Center on Sept. 8, where Paul again put a notch in the win column with a wild 8-5 victory.

A HANDY NEWS BOX by The Citizen's front office door welcomes your news items for next week's paper 24 hours a day.

Various Vacations Enjoyed In The Elementary Grades

By Betty McFarland and Darlene Taylor

Mrs. Melton's Kindergarten, which consists of 32 students in the morning section and 36 students in the afternoon section, is quickly learning the routine of the school. The kindergartners are quickly learning to play on the equipment on the playground. Not all is play for the little ones are also learning correct fire-drill procedure. Most any day now the chorus of little voices can be heard singing "Looby Lu Song," "The Children's Marching Song," or "How Much Is That Doggie In The Window."

Mrs. Steffen's first grade had a nice summer. As many as five children from the class attended the World's Fair in New York. Craig Mitzell, one of Mrs. McLane's 29 first graders, brought in a very interesting science project — a number of Monarch Chrysalis which are hatching out into butterflies. As a science project each child has been required to bring to school 4 identified leaves.

Mrs. Shirrell's second grade class has started the year with 29 members. They have attempted to become better acquainted with their fellow classmates by telling of their summer experiences. All of this has been enhanced by the sharing of articles collected on last summer's trips. All especially enjoyed the collection of shells which Jerry Eskridge brought back from California.

Miss Page has 29 students in her room this year, four of whom are new. The new members are Theresa Baker, who was in Guam last year; Charles Eitel, who was in Germany last year; Kim Hoesel, who attended Warsaw, Ind. schools last year; and David Hewitt, who attended school in South Bend last year.

Mr. Horban's fourth grade room has three new class members. The new students are Mike McClure, Denise Roberts, and Roy Lowry.

Mrs. Carter's third grade group has one new member this year. Timothy Cole came to Culver after having attended the Columbia City Schools last year. Mrs. Carter's class had a wide range of vacation experiences

this summer. Some visited the World's Fair, others the Carolinas, Montana, Illinois, Michigan, and the Great Smokies.

One of the first projects of Mr. Frettinger's fourth grade class was to collect insects. While the weather is still nice these same students are organizing a softball team and they are actively engaged in playing volleyball.

Mr. Vondra's fifth grade has two new students this year. These newcomers are Kimberly Wyman formerly from Warsaw and Lee Piechocki from Gary.

Mrs. Manis's section of the sixth grade has 26 children in it. Two of this number are enrolled in Culver for the first time. Both George Timberlake and Tari Salzer are new to the Culver halls. Craig E. Walker has recently returned from a stay in Greece that lasted for more than a year.

Mrs. Schricker's section of the sixth graders have had a variety of vacation experiences. John Adams took a trip to the Southeast; Debbie Martin went to the World's Fair, Niagara Falls, and Washington, D. C.; David Williams went to the World's Fair and to Washington, D. C.; and Anita Wojtowicz went to Michigan for she accompanied her mother who was attending the University of Michigan.

All of the arithmetic classes are working hard on the fundamental processes. The first unit of health is one on getting along with others. It is giving the sixth graders a lot of material for discussion.

The summer vacations of Mr. Harris's section of the sixth grade ranged from working on a

Twenty-three Boy Scouts were present at the Monday, Sept. 14 meeting. Soccer was the pre-opening game. The opening ceremony was conducted by the Flaming Arrow Patrol. "Horseback relay" was won by the Flaming Arrow Patrol and announcements were given by the Scoutmaster. "Capture The Flag" was then played. Carl Strang gave a talk on reptiles and the meeting was closed with the Scout Benediction.

A Green Bar meeting will be held Sunday afternoon, Sept. 20, at 2 p.m., at the home of the Scoutmaster. All junior leaders of the Troop must be present as this is a very important meeting.

The Council Frontier Camp-O-Ree is Friday and Saturday, Sept. 25 and 26. Let's have 100% of our members attend this gala event. Bring your fee to next Monday's meeting.

The following Scouts were elected leaders of their patrols: Beaver Patrol: Steve Kelly as Patrol Leader and Tom Oshorn as Assistant Patrol Leader; Flaming Arrow Patrol, Ed Behnke, Patrol Leader and Richard Brown, Assistant Patrol Leader; Panther Patrol: Carl Strang, Patrol Leader and Dave White, As-

sistant Patrol Leader.

The Panther Patrol won patrol competition for the months of July and August.

REMARKABLE TELEVISION SERIES ON WORLD WAR I

Veterans of World War I, American Legion members, as well as the general public will find extreme interest in the forthcoming television series entitled "World War I," to begin Tuesday, Sept. 22, on WSBT-TV, channel 22, from 8 to 8:30 p.m.

"World War I" is American television's first full-scaled documentary series of The Great War. The first episode will be entitled "The Summer Of Sara Jazo," which will depict pre-war Europe as it moved from incident to crisis to holocaust.

The series will go much further than a mere recital of the military history of the first global conflict. Utilizing remarkable film footage gathered from archives and private collectors from all over the world, the series will probe the intellectual, emotional, moral, and political climate of the first two decades of this century and will examine the era that the war brought to a shattering end. Almost every important person and event connected with World War I will be covered in the series.

Instructions For Indiana Military Deer Hunt

Approximately 2,150 Indiana hunters will again have the privilege of applying for special deer licenses this year in an effort to control localized herds. The hunt is a cooperative venture between the Crane U. S. Naval Ammunition Depot, Camp Atterbury, U. S. Naval Ammunition Proving Ground, and Indiana Department of Conservation. The special hunts will take place on the following dates:

U. S. Naval Ammunition Proving Ground: Oct. 31, Nov. 7, 14, 21, 28, Nov. 26, 27, and 28.

Camp Atterbury — Gun only: 26, 27, 28, and 30, Dec. 1, 2, 3, and 4.

Jefferson Proving Ground — Gun only: Nov. 30 and Dec. 4.

The rules for the three hunts and the method of application are as follows:

Applicants must be male, U. S. Citizens, 21 years of age or older before Oct. 24, 1964.

Each participant must be a resident of Indiana.

Make application on U. S. Government postal card only — card must be 3 1/2 by 5 1/2 inches, 8 by 10 inches, pictured or odd-sized cards will not be accepted. Use following example and do not include anything else on the card.

Name: (Last name first)
Complete Address:
Telephone Number:

Special hunt on: (If applying for Crane Depot hunt, indicate whether the application is for archery or gun hunt).
Identify Hunting, Fishing and Archery License No.
Identify Deer Hunting License No.

Applicants must state which of the areas they wish to hunt: either Camp Atterbury, U. S. Naval Ammunition Proving Ground or Jefferson Proving Ground. If the application is for Crane Depot hunt and no indication is made as to which hunt (archery or gun), the card will be processed with the gun hunt application.

Only one (1) card will be accepted from each applicant. Failure to comply with these regulations will result in disqualification from the drawing.

It will be noted in the example above that it will be necessary for hunters to purchase a regular hunting license as well as the deer hunting license to make application.

Send the Camp Atterbury or Crane Depot application cards to: Indiana Department of Fish and Game, State Office Building, Indianapolis, Indiana.

Applications for the Jefferson Proving Ground hunt should be

sent to:
Huntmaster
Jefferson Proving Ground
Madison, Indiana 47251

8. Applications for all hunts must be received not later than Sept. 30, 1964. Cards received after this date will be disqualified.

9. Detailed instructions will be sent to the successful applicants by officials of the special hunts. All successful applicants will be required to purchase a special permit, \$5.50, prior to the hunt. This permit is in addition to the resident deer license and will permit the taking of a second deer.

10. Camp Atterbury officials will permit the use of either muzzle-loading rifles of 45 caliber or larger or 12, 16, or 20 gauge shotguns. NAD Crane and Jefferson Proving Ground officials will permit gun hunters to use either 12, 16, or 20 gauge shotguns with rifled slugs only.

11. While hunting on military reservations, persons must act in accordance with the rules and regulations prescribed by the Commanding Officer.

Drawings for the various controlled hunts will take place as follows: Crane U. S. Naval Ammunition Depot — Archery hunt Oct. 5; and Gun hunt — Oct. 30. Camp Atterbury hunt Oct. 6. Jefferson Proving Ground hunt — Oct. 15.

Mr. and Mrs. Clyde Overmyer spent Sunday with Mrs. Floy Leap and daughters.

Mr. and Mrs. Earl See spent Sunday with relatives at Griffin.

Mrs. Ruth Sopher spent the weekend with Mr. and Mrs. Raymond Engle and family.

Mrs. Manson Leap, John and Ann, accompanied Patsy Leap to Bloomington Sunday where she is attending school.

Mrs. Amanda Wentzel and family visited relatives in Tennessee recently.

The Zion Builders Class will have their class party with Mr. and Mrs. Ed Burman this Friday evening.

The Zion Gospel Chapel will have their homecoming Sept. 27. Sunday School at 9:30 will be followed by preaching at 10:45. A basket dinner at noon will precede the program. The guest speaker will be Rev. Dennis Lett of Winona Lake.

Mr. and Mrs. Bert Berryman spent Sunday with relatives at Kewanee.

Mr. and Mrs. Harry Wentzel spent Wednesday at Michigan City.

The Zion Gospel Chapel Missionary Society met with Mrs.

Ruth Sopher on Wednesday evening, Sept. 9. The meeting opened with all watching the Billy Graham Crusade on TV after which the song, "Saviour More Than Life," was sung followed by prayer by Mrs. Amanda Wentzel. The lesson of "Mary and Martha" was presented and poems were read by Floy Leap, Mae Kline and Ruth Sopher. The business meeting opened with roll call which was answered by eleven members and two children with a scripture verse with the word "Liveth" in it. Plans were made for homecoming on Sept. 27. An auction sale was held after which the hostess served refreshments.

NROTC Test Announced

Applications are now available for the Navy's nineteenth annual NROTC qualification test, according to Mr. Miller, Counselor at the Culver High School. The nationwide examination will be given Dec. 12, 1964, and all eligible male high school seniors and graduates may apply.

On the basis of this test, personal interviews, physical examinations, and other factors, Mr. Miller explained, over 2000 young men will be given college educations as midshipmen in NROTC units in 52 well-known colleges

The Culver Citizen — Culver, Indiana — Sept. 16, 1964 — Page 11

and universities throughout the country.

Registrations for the test will close Nov. 20. Informational bulletins and applications are available from Mr. Miller or the nearest U. S. Navy Recruiting Station.

A successful applicant receives financial aid for four years of college. This includes tuition, books, uniforms, miscellaneous expenses, and a \$50 per month retainer fee. After successfully completing college degree requirements and naval science training, NROTC midshipmen become commissioned officers in the U. S. Navy or Marine Corps.

During their training, Regular NROTC midshipmen enjoy three summer cruises with various naval units, including visits to foreign ports. These cruises help them learn more about the variety of interesting and challenging opportunities available to them as naval officers.

Male citizens of the United States who will be over 17 but not yet 21 on June 30, 1965, and who are now high school seniors or graduates, are eligible to apply for the Dec. 12, 1964, NROTC qualifying test. Those who attain qualifying scores will be interviewed and given physical examinations next February.

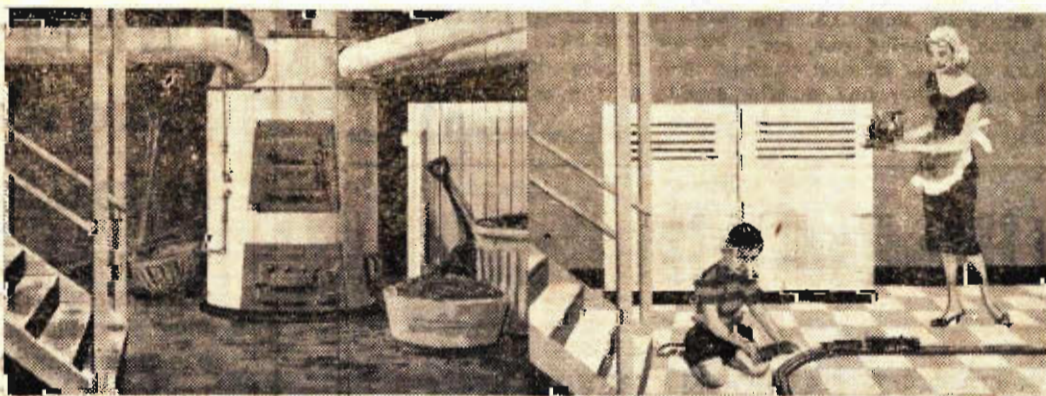

SOCIAL SECURITY CARD NOT FOR IDENTIFICATION PURPOSES

Mr. Charles E. Burke, District Manager of the South Bend, Indiana Social Security Office would again like to remind all of the merchants, banks and business establishments who cash checks that the social security card should never be accepted for identification purposes. It is possible that an individual might secure a social security number with the full intent of using it to cash checks or to obtain money by using a social security card for false identification.

The social security account number has become more popular and is now being used by employers, banks, savings and loan associations and others for record keeping purposes. Some of the universities and colleges now use the social security number to identify students with their performance records, and to issue identification cards.

Mr. Burke stated that if you plan on going to college this fall, secure your social security number now as you will, in all probability, be required to produce it when you register at your school. Remember, that the social security card is not to be used for identification.

**In Indiana...
After a swim, beer is a natural**

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer: camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Indiana...beer goes with fun, with relaxation

THE RIGHT APPLE

When there are so many apples on the tree, how do you pick the right one?
This is always the problem of youth. There are so many roads, so many opportunities, so many desires. How do you decide which may be best? And, when you have made a choice, how do you know it is the right one?
Education is society's solution to the quandaries of youth. Fortify the child's mind with knowledge and skills and he'll be ready to make decisions.
But secular education offers no basis for meeting dilemmas that are not secular. Youth desperately needs moral and religious education as well.
Every Sunday in our churches millions of fortunate youngsters are receiving the vital spiritual training which our complicated life demands. Their parents generally come with them. For grownups wise enough to understand their children's needs, realize their own as well!

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every parent should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Babson Discusses Changing Consumer Habits

Higher Salaries Affect Buying

Babson Park, Mass. — Consumer markets are being reshaped so fast, so dramatically, and on such a wide geographic scale that I sometimes wonder how many of my readers recognize the extent of the "revolution." The people I most want to talk to about this are, of course, those of you involved

Roger W. Babson in manufacturing, retailing, the services, advertising, or promotion in general.

Personal Incomes Climbing Fast

One of the key reasons why consumer habits are experiencing such a dynamic change is the unprecedented growth in personal incomes. During 1963, for instance, about a million family units were newly raised into the income bracket of \$10,000 a year or better, carrying the total for this secure economic group of buyer units to an all-time high of 12.3 million. It should be noted, in fact, that at least a third of these had incomes of over \$15,000. Also important is the knowledge that 1963 saw a reduction of 700,000 in marketing families earning less than \$4,000 a year.

The thing I want to stress about this trend is that it does not mean that families simply buy more of what they have always bought, but that they are learning to look for better-quality goods. The tendency toward luxuries and toward higher living standards is also strongly on the increase. More money is being laid out for foreign travel, better automobiles, boats, and — probably most important of all — higher education. As a matter of fact, the education "explosion" is having a tremendous effect on buying habits, and will continue to do so over the years ahead.

tistics, I have found that, while the population of our nation contained only 7.5 million college-educated men and women 20 years ago, it now has 16 million. And this uptrend is gaining speed at a great rate. In fact, government observers anticipate that the college-educated will total 20 million by 1970, and will reach as high as 28 million during the following decade. Already, estimates have it that 20% of our households are headed by at least one parent with a higher education.

Add these facts to the increasing personal incomes and you have a buying public with far more sophisticated tastes than ever before, especially when you consider that the college-educated people are almost always in the best salary brackets. Hence this growing part of the consuming public must be an important consideration in your planning for future goods, promotion programs, packaging and sales attitudes generally.

Circling Out From This Center

Whenever there is a revolutionary social trend, as in the current outburst of enthusiasm for higher education, its effects circle out and sweep along those not directly involved. While millions are going to college, other millions not college-bred are becoming sympathetically interested in cultural objectives. Self-learning is strongly on the upgrade, as is evidenced by a massive turnover in paperback books, bigger attendance at concerts and art centers, increased library use,

ORDINANCE NO. 186 AN ORDINANCE REGULATING THE BURNING OF GARBAGE AND TRASH

Be it ordained by the Board of Trustees of the Town of Culver, Indiana,

Section 1. That it shall be unlawful to burn or dump garbage at any time within the corporate limits of the Town of Culver, except that garbage may be burned in indoor or outdoor commercial incinerators or incinerator devices constructed so that such burning does not cause odor or smoke which annoys or injuriously affects the inhabitants of any neighborhood.

Section 2. Be it further ordained that the burning of paper, trash or rubbish of any kind within the corporate limits of said town shall be prohibited when such paper, trash or rubbish is of the kind such as to cause odor or smoke which annoys or injuriously affects the inhabitants of any neighborhood or when there is danger of such burning from wind.

Section 3. It shall be unlawful for any person to burn any leaves, paper or other combustible materials on any street or alley of said town which is now, or may hereafter be paved with Asphalt or on any street or alley which has been treated with oil.

Section 4. Any person violating any provision of this ordinance shall be subject to a fine of not less than one dollar (\$1.00) nor more than ten dollars (\$10.00).

Section 5. This ordinance shall be in full force and effect from and after its passage and publication according to law.

Passed and adopted this 8th day of September, 1964.

more educational TV programs, higher record sales.

Free seminars on science, law, painting sculpture, and even more highly specialized subjects are attracting larger numbers, both in person and by way of TV. This is true not only in the big cities, but throughout virtually all parts of the country. Summer theaters, rare and just about unknown not too many years ago, now flourish everywhere. I hope that my emphasis on this change of perspective in an ever-wider section of the purchasing public will be taken seriously by all connected with distribution. Those who pay no heed to the surge will get caught short in the years ahead.

Women Still Good Sales Target

My final word of advice: The enormous number of working wives has helped bring up family incomes substantially, and their pay-check independence makes them interested in purchases previously left more commonly to the menfolk. So it would be smart to direct more attention to the women than ever before when you are staging promotions for merchandise usually aimed at the nation's males.

1964 Deer Season Regulations Set

The deer regulations set after the public hearing of July 21, 1964, are quite similar to previously proposed regulations by the Division of Fish and Game of the Indiana Department of Conservation.

Only one change was made concerning archers. This concerns a special controlled hunt on Crane U. S. Naval Ammunition Depot for the dates of Oct. 31, Nov. 7, 14, and 21. On each of these days, 30 state hunters will be permitted on the installation. These hunters will be selected by a public drawing to be conducted in the offices of the Division of Fish and Game. Instructions for applying will be announced at a later date. Each hunter will be accompanied by a Depot hunter.

The main change in gun regulations permits the hunting and taking of one deer of either sex and of any age within the following area on Nov. 26, 27, and 28: North Boundary — Edinburg Street between Sugar Creek and U. S. 31; East Boundary — U. S.

31 from Edinburg Street south to S. R. 46; South Boundary — S. R. 46 from U. S. 31 west to the Mauxferry Road; West Boundary — Mauxferry Road from S. R. 46 north to the Camp Atterbury boundary, the Camp boundary to its junction with the Driftwood River, Driftwood River to Sugar Creek, and Sugar Creek north to Edinburg Street.

The 1964 regulations in brief are as follows:

1. Archers will be permitted to take one deer during the period from Oct. 24 to Nov. 21. This deer may be of either sex and of any age. All counties of the state are open to bow hunters. Only bows of 35 pounds and over can be used and the arrows must be of metal or metal broadhead game type. As stated above, there will be a controlled hunt within the boundary of Crane U. S. Naval Ammunition Depot.

2. The gun season for the taking of white-tailed deer extends from Nov. 26 through Dec. 5 and during this period one buck with at least one antler 3 inches in length may be taken in any county of the state.

On the first day of the gun season, Nov. 26, (for one day only) it is being proposed that gun hunters may take one deer of either sex and of any age in the following counties and areas:

All of Perry, Warrick, Owen, Brown, Bartholomew, Johnson, Ripley, Jefferson, LaGrange, and Steuben Counties and the part of DeKalb County north of S. R. 8, the part of Green County east of the west fork of the White River, the part of Martin County north of U. S. 50, the part of Daviess County east of S. R. 45, and the part of Lawrence County west of S. R. 37. Camp Atterbury except for that portion lying east of Sugar Creek and Driftwood River, Crane Naval Ammunition Depot and the Jefferson Proving Ground, which are located within the above areas, are not to be included in this regulation. As stated in a previous paragraph, an area adjacent to Camp Atterbury will remain open for "any deer" on Nov. 27 and 28.

3. Any buck deer with antlers less than 3 inches, does or fawns that are killed within the legal areas, must be submitted for marking purposes at the checking station within the area where

the kill was made prior to 9 p.m., E.S.T. This regulation pertains to the 10 counties and 5 partial counties open to "any deer" on the first day and the small areas located outside Camp Atterbury on Nov. 27 and 28. After the deer have been marked with a special seal, they may be legally transported, possessed or stored.

4. The only firearms which will be legal for deer hunting are 12, 16, and 20 gauge shotgun loaded with rifled slugs or a flintlock or percussion cap muzzle-loading rifle of 45 caliber or larger and loaded with ball shaped bullets. A scope mounted on muzzle-loading rifles may be legally used this year. The over and under combination rifle-shotgun is an illegal weapon.

5. It will be necessary for those using the muzzle-loading rifle to purchase their licenses through the offices of the Division of Fish and Game. Others may purchase theirs through their county clerks and/or their agents as well as the Division of Fish and Game. Licenses will not be available until shortly after Sept. 1.

6. Deer hunting may occur only in the hours of sunrise and sunset.

7. Deer hunting is not permitted within the boundaries of any state park.

8. The license card; license insignia, properly displayed on the back of the hunter; and the unlocked; metal seal provided with the licenses, must be in the licensee's possession while hunting.

9. The metal locking seal bearing the license number of the licensee and the year of its issue must be affixed and locked to the carcass of the deer between the tendon and the bone of the leg immediately upon taking before said carcass is transported.

10. It shall be unlawful to have sidearms in one's possession while hunting deer.

11. The use of dogs, domestic animals, automobiles, aircraft, or any other mechanical conveyance, salt or bait of any kind to hunt, shoot, kill, capture, or pursue deer is forbidden.

Culver Scores Easy Victory Over Richland Center

By EARL D. MISHLER

Tuesday, Sept. 8, at Richland Center, Coach Crosley's Tribesmen scored an easy 18-5 victory for their second fall season triumph in baseball.

The hosts committed 11 fielding errors to go along with 11 Culver hits, 10 walks, and one hit batsman. Andy Lowry's grand slam homer was the only extra base hit for the Tribe. The game was halted after five innings.

Crosley emptied his well-fortified bench, using 20 different boys.

Bruce Lindvall, Jim Lewis, and George Babchuk shared the Culver pitching chore, with Lindvall earning the victory. Box Score:

Indians Beat West Township 4 to 3

By EUGENE CROSLY

The Culver Indians brought their fall season record to 4-0 with a 4 to 3 win over West Township Monday night on the local diamond. West, using the bunt to good advantage, scored two runs in the second inning. Their cause was helped by two Culver errors. Culver came back in their half of the inning to score three runs on five hits.

The Indian rally was sparked by Dave Lemar's lead-off triple. Culver scored what proved to be the deciding run in the 4th inning. With one out, pinch-hitter Al Hyland drew a walk, went to second on a passed ball, and scored on Jim Boswell's double.

The Indians play LaPaz on the local diamond Thursday in their next appearance. The remaining fall schedule is:

- Tyner, Sept. 21, Home
- Aubbee, Sept. 22, Home
- West Sept. 24, There
- Monterey, Sept. 28, There

C.M.A. Football Squad To Play Hobart Saturday

Coach Russ Oliver unveils his twenty-fifth opening game football squad Saturday at 2 p.m., when Hobart River Forest meets the Eagles at Culver Military Academy football field.

The Eagle squad downed Hobart last year 24-0 en route to a 5-3 record and seven of the gridgers that played in that game will be in uniform Saturday. These seven letter-winners form the nucleus of the 35-man Eagle squad.

Coach Oliver will be honored at halftime for his winning effort, the Du Pont second annual "Play of the Year." Last year's top winner was the Plymouth (Indiana) High School, and the top play selection this year went to an Oakland, Oregon coach.

The "Flying Circus," a play in which six men handle the ball won Oliver honorable mention in the east central section. It was used last year and went for a

touchdown. He will be presented with a transistor-powered portable megaphone and a framed certificate.

Oliver, whose teams have compiled 122 wins, 60 losses and 11 ties in 24 football campaigns, will depend heavily on co-captains Ralph Dittman and Lander Carter and Mike "Tiny" Turnbull this season.

Carter is five feet, 11 inches and 165 pounds will handle the quarterback chores. He is the only player experienced at that position.

Dittman, 180-pound guard, and Turnbull, tackle, will anchor the line. The latter is the biggest man on the Eagle roster weighing 240 pounds and standing six feet, four inches. Both were starters last year.

Other top prospects earning starting berths include Adon Smith, center; Jeff Hand, halfback; Mark Thurlow, fullback; and Fred Schumacher, end. Schumacher, who has injured a knee, scored one of the touchdowns against Hobart River Forest last year.

The starting line-up with weights is: ends, Steve Schwaiger (175) and Jack Trimble

(150); tackles, Turnbull (240) and Bob Jones (190); guards, Dittman (180) and Carson (180); center, Smith (170); halfbacks, Hand (145) and Chuck Urban (150); fullback, Thurlow (175); and quarterback, Carter (165). The Culver Military Academy varsity schedule is:

Sept. 19 - Hobart River Forest High School - Here - 2:00 p.m.

Sept. 26 - Bremen High School - Here - 2:00 p.m.

Oct. 2 - Niles, Michigan, High School - There - 7:30 p.m.

Oct. 9 - Bloomington University H. S. - There - 8:00 p.m.

Oct. 17 - Bishop Luers H. S. (Homecoming) - Here - 2:15 p.m.

Oct. 24 - St. John's Military Academy - There - 2:00 p.m.

Oct. 30 - New Carlisle High School - There - 7:30 p.m.

Nov. 7 - West Lafayette High School - Here - 2:00 p.m.

You may get along swimmingly on the seashore and still end up an accident victim in your own pool. The Institute for Safer Living points out that with the steady increase of private swimming pools, home drowning accidents are also on the increase.

Firemen Called To W. Stubbs Home

The Culver Volunteer Fire Department was called to the William Stubbs home on Lake Street Wednesday morning about 11:35 a.m. A motor on a household appliance overheated and burned up. No damage was done to the house, only the appliance.

workpower TRUCKS FOR '65!

More models, more engines, more Chevy workpower!

The long strong line of Chevy trucks for '65 is rolling in with miles of new working equipment. Like that handsome Fleetside pickup that leads the pack... one of the 18 pickup models in the line this year.

Further along, you'll find economical Chevy-Vans, a wide selection of walk-in vans, a bigger choice of big trucks, more job-tailored components—trucks built to fit your business and budget. And under those hoods you'll find

the best in 4- and 6-cylinder, V8 and diesel power, 18 tough truck engines in all including 4 new lower cost diesels. Here's the huskiest bunch of haulers that ever came looking for work!

Our word for all this is *workpower*. That's the stuff that makes a truck a real truck. A hard-nosed money-saver. Yes, workpower's here and Chevy's got it, in such a variety of types and sizes that picking the best truck for your job will be easier than it's ever been before. If you're in the market, just get in touch with your dealer.
