Awarded Indiana Language Program Scholarship

MARY RICCIARDI

A college freshman taking third-year courses in French at Indiana University would normally be staggered by the competition, but not Mary Ricciardi of Culver.

Mary, daughter of Mr. and Mrs. Charles Ricciardi, 452 S. Main St., is one of 16 Hoosier students awarded competitive scholarships this year by the Indiana Language Program (ILP).

The ILP, based at I.U., is designed to expand and improve the teaching of foreign languages in Indiana high schools and colleges.

Mary took three years of French and two years of Latin at Culver High School, and is now studying French literature and conversation, English composition, government and art appreciation. She plans to go on to graduate school, and eventually teach high school French.

Her scholarship is one of nearly 50 such awards made by the ILP during the past three years. If she maintains an adequate grade average, the \$250 grant will continue each semester until she graduates.

Mary credits much of her success in learning French to the audio-visual methods used by her high school teacher, Mrs. Virginia Smith.

Mary has two younger sisters and a brother still in school: Lucinda, a junior at Culver; Edward, a freshman at our Lady of the Lake Seminary in Spencer; and Sally, eighth grade at Culver.

In addition to scholarships, the ILP arranges special study seminars for teachers, sponsors efforts to improve teaching methods and works closely with the State Department of Public Instruction and local school officials in the preparation of curriculum and related materials.

JAYCEE SPONSORED "SOCK HOP" IS A BIG SUCCESS

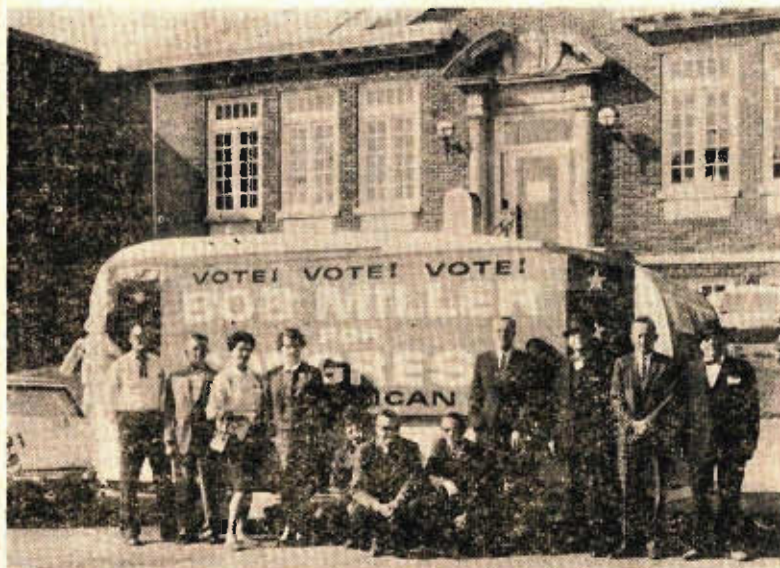

Approximately 250 school students from Culver High and the neighboring towns enjoyed the Jaycee sponsored "Sock Hop," last Friday evening at the Culver Community Building.

Cliff Willis, radio WTCA disc jockey, was in charge of the music and interviews and Jaycees and their wives served soft drinks and potato chips. The program was a total success according to Roy Nicodemus, chairman, who offered his thanks to members of his committee, Kenny Miller, Lance Overmyer, Bill Snyder and Joe Anderlohr.

Ron McKee, president of the Jaycees, also wishes to thank those who donated blood on Oct. 12 for the Red Cross program. Jaycees donating blood for this program included Verl Shafer, Joe Anderlohr, Lance Overmyer, Ron Tusing, Roger Wise, Eddie Amond and Mr. McKee.

Sophs To Rake Leaves Thursday, Friday, Saturday

Because there will be no school Thursday and Friday, Oct. 22 and 23, due to the annual Teachers' Convention, the Sophomore Class of Culver Community High School will extend their leaf raking project to these two dates in addition to their regular Saturday schedules.

Team captains for this annual project are George Jewell, Paul Hatten, John Milner, Diane Nelson, and Brenda McAllister.

During school hours, residents may phone their requests for this service to the High School office at Viking 2-3275. After school and on weekends, phone calls should be directed through any of the following numbers: Viking 2-2642, Viking 2-3295, or Viking 2-2446.

The Sophomore students work in teams, raking the leaves which are then hauled away by truck, tractor or jeep-pulled wagons, etc.

So the easy and economical way to rid your lawns of unwanted leaves is to call one of the above listed telephone numbers or personally contact any member of the Class and schedule their services.

Donations received from this work will go into the Class treasury.

Reformation Day To Be Observed Sunday, Oct. 25

The Culver Union Township Council of Churches will sponsor a Reformation Day Service at 8 p.m. on Sunday, Oct. 25, at the Culver Methodist Church.

A good attendance is urged.

School Board To Inspect Sites For New School

Representatives of two architectural firms, Wiley & Miller of Elkhart and Mitchell & Fanning of Celina, Ohio, were interviewed by the Board of School Trustees on Monday evening. These conferences completed the scheduled interviews, and the school officials now will visit a number of new high schools before selecting an architect.

After hearing a report on school sites by Walter Johnson, the School Board set the afternoon of Monday, Nov. 2, for inspection of available areas. Following such a visit to the sites, a decision will be made regarding plans for purchase of the most advantageous area. It seems likely that the State Schoolhouse Planning Division would require that the selected site have access to public utilities such as water and sewage and that it have a minimum of thirty acres of usable area.

Donald Taylor, Trustee of North Bend Township, submitted a report of action by an appraisal committee consisting of himself, Ed Torok, and Harry Oliverius. The group has established an appraisal value of \$2700 as a basis for sale of the Ora School property. The School Board now will continue negotiations for such sale, with the legal requirement that no sale can be made for a price less than two-thirds of the appraised value. With the appraisal completed, it seems probable that a sale can be effected in the near future.

Since the North Bend building has been sold, the School Board president, Cedric White, read communications from Attorney George Stevens regarding transfer of title to the land at the North Bend school site to Mrs. Grace Malott as provided in the original transfer of the land for school purposes. The original grant of the land included the provision that the land would revert to the owner of the adjacent tract upon removal of the school building.

Public Favors Goldwater Foreign Aid Position

The U. S. Research poll in four critical voting states has found a surprising number of people are becoming weary of handing out their hard earned tax money to communists or to countries which do not need help.

And, furthermore, they feel we should get some kind of value or concession in return from all countries receiving foreign aid. The first question asked was:

DO YOU FAVOR SENDING INCOME TAX MONEY AS FOREIGN AID TO COUNTRIES RUN BY COMMUNISTS?

Democrats	no 95%	yes 1.7%	indefinite 3.3%
Republicans	no 94.2%	yes 4.3%	indefinite 2.5%
Others	no 100%	yes 0	indefinite 0

It appears that all Americans, regardless of party, could hardly be more united on any subject than on their almost unanimous opposition to sending money to countries controlled by communists. This applies also to the following question.

DO YOU FAVOR SENDING INCOME TAX MONEY AS FOREIGN AID TO COUNTRIES WHICH ARE WEALTHY AND DO NOT NEED IT?

Democrats	no 96.8%	yes 1.6%	indefinite 1.6%
Republicans	no 95.6%	yes 3.0%	indefinite 1.4%
Others	no 96.1%	yes 0	indefinite 3.9%

Next we see that people also feel that we should use a more business-like approach in doling out our money. Although not as emphatic as the reaction to the first two questions, there is no doubt as to where the majority of Americans stand on this point.

DO YOU THINK EVERY COUNTRY RECEIVING FOREIGN AID SHOULD GIVE THE UNITED STATES SOME KIND OF VALUE OR CONCESSION IN RETURN?

Democrats	yes 88.3%	no 11.7%	indefinite 0
Republicans	yes 86.8%	no 10.4%	indefinite 2.8%
Others	yes 85.1%	no 11.1%	indefinite 3.8%

It appears that if Foreign Aid were the only issue in the coming presidential campaign, Goldwater would win by the greatest landslide in history. He strongly opposes foreign aid to communist controlled countries, to countries which do not need it, and feels we should get some kind of value or concession for our aid. Johnson, on the other hand, has been a prime mover in pushing for foreign aid to all countries now receiving it, including communist and wealthy countries.

Swedish National Chorus Pleases CMA Audience

Members of the National Swedish Chorus, an internationally known singing group, spent the day and entertained at a special performance Monday at Culver Military Academy.

The Swedes were guests of Major General Delmar T. Spivey, USAF (Ret.), superintendent, who invited them to visit Culver between concerts Sunday in Chicago and Tuesday in Lexington, Ky. General Spivey knew high-ranking Swedish officials when he was a prisoner of war in Germany during World War II, and it was through these contacts that the invitation was extended.

An audience of faculty and students was captivated by the 75-man chorus from the moment it opened the program with a stirring rendition — in English and with little accent — of the "Star Spangled Banner." The chorus, which sings for most state affairs in Sweden, moved briskly

through a program that offered a combination of classical choral music and Scandinavian folk songs. It demonstrated its versatility by singing in Latin and Hungarian, and the chorus sang its final number in English, a rousing version of "The Road to Mandalay."

The Corps of Cadets, normally generous in its reception of theater performance, accorded the chorus a warm reception that led to seven encores. One of the numbers was traced by a chorus spokesman to the German P.O.W. camp in which General Spivey was interned after his plane was shot down. The Swedes said the number was given them by the Americans and they were returning it by dedicating it to General Spivey. It was after this number that the visiting singers received their biggest response from the audience.

In addition to the auditorium performance, which was not part of the Academy's regular Concert-Theater Series, the Swedish chorus sang for the students at dinner in the Dining Hall and again at the Culver Inn, where they were guests of honor at a reception given by General and Mrs. Spivey and attended by the faculty. A spokesman for the group thanked the Academy for its hospitality, adding, "we will take a bit of Culver back to Sweden with us — we know we have friends here."

The Swedes are completing the final phase of a five-week North American tour under the auspices of S. Hurok, of New York. This is their third American tour. They appeared in this country in 1906 and 1956.

BANDED PIGEON FOUND IN D. McFARLAND YARD

Dewey McFarland, 1206 East Shore Drive, Culver, reported to The Citizen last week that he had found a banded dead pigeon in his yard. One band was green elastic and carried the number

288. The other band of thin aluminum was marked DPF 4122 Au 64.

According to A. N. Poppe of Culver the markings on the band indicate that the bird came from a Detroit Pigeon Club. By the date on the band Mr. Poppe thought the pigeon had probably been released in Texas and had traveled this far on its way back to Detroit.

DR. F. L. BABCOCK ATTENDS SEMINAR

Dr. F. L. Babcock of Culver and Dr. Dale Berkebile of Rochester recently attended the Plastic Contact Lens Company's seminar on the new 'Aseptoplast' contact lens. The new contact lens has been developed and tested over the past three years by the Wesley-Jessen Laboratories of Chicago.

The plastic developed by the new process is impregnated with two germicides which will tend to help contact lens wearers fight off externally caused eye infections. The new lens has been subjected to extensive testing, including clinical evaluation by the Northwestern University Eye Clinic.

Mrs. Robert Kepler entertained in her home on Tuesday afternoon for members and guests of the Home and Hobby Club. The president, Mrs. Ben McFarland, presided. For devotions, Mrs. Richard Hagan read articles entitled "A household item I could not get along without." As each member answered roll call, she introduced her guest. There were 13 members, 7 guests and 10 children present.

Mrs. Kepler gave the history of the song of the month and led the group in singing. Achievement Day was announced for Friday, Oct. 16, at St. Michael's Auditorium from 1 to 3 p.m. Mrs. McFarland appointed Mrs. Lester McGriff, Mrs. Herbert Blocker, and Mrs. Harry McPherron to prepare the Christmas program.

Mrs. Blocker demonstrated how a person with imagination could, with a can of paint and some weeds, make a lovely winter bouquet. Mrs. Kepler served refreshments.

The next meeting will be with Mrs. Richard Calhoun on Nov. 10.

The regular stated meeting of the Emily Jane Culver Chapter, No. 484, of the Order of Eastern Star opened in regular form at the Tuesday evening, Oct. 20, meeting which convened in Masonic Hall at seven-thirty o'clock.

After the opening, the worthy matron, Mrs. Herbyn Maynard, welcomed all present.

A special welcome was extended the honored guests, who included 24 past matrons and eight past patrons.

Special music, presented by Mrs. Roger Thews, vocalist, accompanied by Mrs. Cleo Ringle at the piano, was enjoyed by everyone.

A Demolay group from Plymouth, headed by George Davis, very effectively and superbly presented the Rose Lecture. Jack Davis, a member of the Demo-

lays, presented the other members: Dan Scarberry, Dan Shively, Dave Doll, Jim Kepler, and Terry Feese.

Mrs. Maynard then presented a special poem.

The Chapter was closed in regular form.

Girl Scouts Hold Weekend Campout

Girls in Girl Scout Cadette Troop No. 148 were the hostesses of a campout which 23 people attended, including 12 from a South Bend Junior troop, seven from the Culver troop, and four Senior Scouts from Troop No. 183. They arrived at Mrs. Larry Welsh's, the Culver troop leader, on Saturday, Oct. 10, at 9:30 a.m. and left Sunday, Oct. 11, at 4:30 p.m.

Among the many things learned were the basic skills for cutting wood, making a woodpile, building and caring for a fire, new cooking skills, make buddy burners and hobo stoves, pitch and strike a tent, many new songs, how to pack for a campout, and how to work and get along with other girls efficiently.

On Sunday the girls attended the Hibbard E.U.B. Church and sang several inspirational camp songs for the congregation.

Considering it was the first camping trip most of the girls had been on they all did very well, even though it was bitterly cold at night. They all agreed that it was quite a success because they learned so many new things while having loads of fun.

Girls in grades seven through nine are invited to join in our fun. We are planning more campouts and horseback riding, canoeing, parties, trips, etc. and hope

Studying A Modern Language

By Cathy Carrothers

Studying a modern language requires an approach quite different from that used in most other subjects. The vocabulary is completely new to you. The grammar differs from that of English grammar and the manner of speaking changes as well.

In mastering the language you must first learn to think in that language. When you hear a word, you should practice forming a mental image in your mind. Do not translate the word into English.

Vocabulary is the background of all language study. There are many methods for studying your vocabulary. You have to find which one is best for you. One way to learn your vocabulary is to say the word over and over until it sounds right. During this process, you should see the object or action. Then stop recalling the English equivalent. A good time to study your vocabulary is the last thing in the evening and then review it in the morning.

Repeated reading is a powerful aid in learning a new language. Again, you must find the method which helps you the most. Some standard rules are first to read the passage just for meaning and make a vocabulary study of unfamiliar words. After you understand the content, you should center your attention on emphasis and expression. The minimum reading is three times.

Writing and rewriting a language is a great help in eliminating many careless errors which often are made on tests and homework.

Grammar rules should be learned in short study sessions. Just study one rule at a time and learn it well. Apply the rule. Then say and write it until it seems natural. Grammar rules have to be learned. There seems to be no easy way out.

The projector's club, under the direction of Mr. Kaiser, has been active in sending for films and the new members are very responsive in learning how to use the projectors properly.

The Librarian's Club met Monday, Oct. 12, to elect a president and secretary. They are Cathy Carrothers, president, and Rose Wieringa, secretary. Mr. Tankley announced a meeting of the State Student Librarian's Club which will be held at Purdue, Nov. 7.

Watch Out! In America, we compliment a woman by telling her she looks like a million dollars. But in England think what would happen if you told a woman she looked like a million pounds.

Courtin' Trouble: She: "You are very handsome."
He: "Gee, I wish I could say

something nice about you."
She: "You could if you lied as well as I do."

Fellow Fools: Professor: "If there are any dumbbells in the room please stand up."

A long pause ensued and then a lone freshman stood up.

"Why do you consider yourself a dumbbell?" asked the professor.

"Well, said the freshman, I don't exactly sir, but I do hate to see you standing up there by yourself."

"Ma," said a discouraged little pupil, "I ain't going to school any more."

"Why, dear?" tenderly inquired her mother.

"Cause it ain't no use. I can never learn to spell. The teacher keeps changing the words on me."

News Story

By Kay Thomas

One fine day, Thursday, Sept. 29, five representatives of Culver High School set off on a 14-mile excursion to the Plymouth Pilot Newspaper Building. The five were Mr. Cole, high school principal, Mr. Miller, sponsor of press club and the Schoolbell, Cathy Carrothers, and Jane Anne Ives, Co-editors of the Schoolbell, and Lois Newcomb, Plymouth Pilot news reporter.

They were on their way to the dinner given by the Plymouth Pilot for high school news reporters, editors, and advisors. When they arrived, they were given name tags to wear. Then off they scurried for an exciting tour of the entire plant. They saw United Press International machines, an odd-looking engraving machine which printed 850 lines of copy to one square inch, the furnace where lead is melted for re-use, and various other newspaper printing gadgets. The five Culverites learned how type is set, the different sizes of type, and just how the plate (off which the paper is printed) is made.

After the tour, the five began to feel pangs of hunger. They enjoyed a delicious meal of ham sandwiches, baked beans, potato chips, and milk or coffee.

The speaker of the evening was a man from United Press International of Chicago. He related the history of U.P.I. and its improving progress throughout the years. He told of several personal experiences he had had while in U.P.I.'s service. Pamphlets of Sigma Delta Chi, a professional journalism organization, were given out which listed the scholarships in the journalism field that are available to certain colleges.

The Culver delegates left the Plymouth Pilot-News office with a better understanding of how a newspaper is efficiently printed.

The date for the appearance of the first Culver High School news items will be Nov. 19. Lois Newcomb is our high school reporter, so don't miss this November debut and all our school's subsequent news articles. If anyone has any suitable news story ideas, don't be shy about suggesting it to Lois. Your suggestions will be appreciated.

Students, We Salute You!!!

By Jane Anne Ives

The gym was the scene for a very special convocation, Friday, Oct. 2. Grades 7 through 12 were present.

Mr. Crosley opened the convocation with the presentation of a carry-over award from last year. It was the Northwestern University N. Men's Club Athletic Achievement Award and it was presented to the 1963-64 basketball team in recognition of last year's basketball sectional championship. Mr. Crosley then handed the award over to Mr. Cole for the high school trophy case. The award was founded in 1940 to honor outstanding athletes.

Good work, fellas!!!

The program then changed hands as Mr. Cole came forward to make some very special and long-awaited presentations . . . honor sweaters!! Honor sweaters are given to students who, in their Senior year of high school, have reached a grade average of 9.56 or better. This year no student had a grade average of less than 10. Those eligible to receive honor sweaters whose grade average was 10.037. Ellen Pletka who averaged 10.310, Linda Thurin with a grade average of 10.60, Peggy Herr whose "scanty" (?) average was 10.85 (By the way Peg presently ranks 1st in her class of 71), Bob Eustis who totaled an average of 10.307, and Sue Cole and Kay Thomas who deadlocked in a perfect tie with an average of 10.185. The Senior Student Council members, Lonni Darosci and Jim Boswell, helped the seven proud Seniors into their sweaters as smiles beamed and cameras flashed. Mr. Cole closed his part of the program with the words, "I sincerely 'duff' my academic hat to these seven Seniors who have my deepest congratulations!"

Mr. Miller then announced the names of the Seniors eligible to receive Letters of Commendation for their outstanding performance on the National Merit Scholarship Qualifying Test (NMQST).

Seniors Sue Cole, Pat Seslar, Linda Thurin and Jim Wierick were presented with Letters of Commendation.

The test for the 1964-65 Merit Program was given in more than 17,100 high schools last spring. On the basis of this test, NMSC gives recognition to two groups of students.

Some 14,000 semifinalists were selected and their schools were notified in September.

A second group, totaling about 28,000 students, were selected as commended students on a national basis and they are eligible to receive Letters of Commendation.

These students did not score high enough to become semifinalists and will not be considered for merit scholarships. However, these students show unusual promise and should be given every encouragement to continue their education.

The semifinalists and the commended students together constitute less than 2 per cent of all

Marvelous, is it not? Our freedom, I mean. If you have not thought too deeply about it, do not mark yourself an outsider. Many Americans seldom stop to ponder the wonderful liberties they have while habitating a free country. There are people who live in a government which does not allow them many freedoms or pleasures.

A sorrowful example of the aforementioned is the city of East Berlin. Once these countrymen enjoyed the rehabilitation Germany was making. Suddenly black clouds blocked most of their sunny skies . . . the Communists put a wall around East Berlin and told its inhabitants they would have to remain locked inside to enjoy the blessings of Communism.

The following struggle is carved on the many cold stone monuments lining the border wall. Only the flowers, tears, and loving care given to these tombstones keeps thriving the memory of warm living beings — of life given in exchange for a chance to be free.

Recently, a second large tunnel escape was made. Fifty-six people risked their lives to crawl through a small opening constructed by 10 students. Fifty-six people crawled to safety and freedom. Had they been discovered, they would have lost their lives and joined the list of many others who had done the same.

If this is the price our fellow human beings are willing to risk and/or sacrifice, surely the blessings of liberty are worthy of our thoughts and thanks.

Let us take heed of our neighbors' example and strive to insure the promise of freedom for ourselves and the people of any nation. It could possibly take a few pennies from the pocket of every

The Culver Military Eagles go on the road the next two Saturdays before returning home for the season's final football game, Nov. 7.

Culver (3-2) travels to St. John's Military Academy, Delafield, Wis., Saturday, Oct. 24. New Carlisle and West Lafayette round out the schedule.

Bishop Luers' Knights spoiled the sunny Culver Homecoming last Saturday by coming from behind with second and third quarter tallies to win 13-6.

A suspensive finish kept the crowd of over 3,000 in its seats until the final gun.

The Knights were forced to punt in the closing seconds of the battle and Culver took control on the Luers 45 yard line with one minute to play.

Quarterback Lander Carter hit three consecutive passes to move the ball to the 15 yard line. The aeriels were completed to Jeff Hand for 11 yards, Fred Schumacher for 13 yards and Mark

Thurlow for six yards. Carter then ran for one and Hand scampered around left end to the Bishop Luers three yard line and a first down with 15 seconds on the clock. Culver called time.

Fullback Thurlow hit up middle for no gain and then Carter fired a quick look-in pass that just missed but stopped the clock. Carter dropped back to pass on third down with time run out and threw into the end zone, incomplete.

Culver had opened the scoring following an unsuccessful gamble the first time the Knights had the ball. The Knights elected to go for a first down on a fourth and less than one situation from their own 22, but the Eagle defensive line held.

Carter ran his Culver backs over the left side of the line and moved the ball to the one-foot line on seven plays. He scored on a keeper play but Mike Turnbull's extra point kick was no good.

The Knights scored midway in the second quarter on a 36 yard run by John O'Reilly. After the

second half kickoff, Bishop Luers put the ball in play on its 40 yard line and drove to the Culver 38 in seven plays. Quarterback Tom Schilling then threw to Mike O'Reilly for the winning touchdown.

"Capture the Flag" was the opening and closing game of Troop 290 on Oct. 19. Twenty-three Scouts were present when the Flaming Arrow Patrol conducted opening ceremony at the Catholic Church.

Plans were made for the upcoming canoe trip. Dues and attendance were taken and the meeting was dismissed.

A canoe trip will be held Saturday and Sunday, Oct. 24 and 25, on the Tippecanoe River. All planning to attend should meet at the Methodist Church at 7:30 a.m. sharp on Saturday. Bedding and change of clothing should be in a waterproof plastic bag and don't forget your rainwear. Bring a sack lunch for Saturday noon and a permission slip signed by your parents.

Next Monday's meeting will be held at our usual meeting place — the Methodist Church Fellowship Hall at 7 p.m.

Letters To Editor

Editor, THE CITIZEN:

I would like to ask what the television "scare-out-the-vote" commercials are designed to accomplish. The child innocently playing when the bomb goes off; the method actor "confessing" his plans to vote against his party's candidate; the enormous disembodied hands tearing in half a billboard-size Social Security card — I personally consider them an insult to my intelligence with their half-truths and deliberate mis-quotations.

Please, "catchy" jingles and songs are bad enough. Let's leave the "scaring" to the children and state some real issues.

The Zion Gospel Chapel prayer meeting will be held Thursday night at the home of Mrs. Bessie Kline.

A Halloween party will be held for the children in the basement of the Zion Gospel Chapel this Friday evening.

Several neighbors, friends and relatives attended the funeral service of Wilson Guise Sunday at the Harrison Funeral Home in Kewanna.

YOU'RE THE
WINNER!

Yes, you come out way ahead when your gas and electric service is provided by a regulated public utility like NIPSCO. This is a fact backed up by years of customer experience.

Just imagine the confusion and chaos that would result if your community had 2 or more electric companies each running services through the streets and alleys, setting poles and stringing lines!

Elimination of this wasteful duplication of service is just one of the many advantages you receive when your gas and electric service is provided by a regulated public utility like NIPSCO. And you are the big winner, because you get the best service at the lowest possible price.

Readings from the Christian Science textbook will include this: "Jesus' deed was for the enlightenment of men and for the salvation of the whole world from sin, sickness, and death... His three days' work in the sepulchre set the seal of eternity on time" (Science and Health with Key to the Scriptures by Mary Baker Eddy, pp. 45, 44).

RECEIVE HONORS

Mary Stapan and Dennis Shock, both of Culver, were recognized for scholastic achievement last year at Indiana Central College at the annual fall Honors Day convocation Oct. 16.

They were two of 78 students recognized for making the annual honor roll by completing 24 semester hours or more last year with a grade average of B or better.

Miss Stapan, the daughter of Elia Stapan, Route 2, was graduated from West Township High School in 1961.

Mr. Shock, the son of Mr. and Mrs. Howard Shock, Route 2, was graduated from Culver High School in 1963.

Another new church! The newspaper article says the population in Bill's suburban neighborhood is growing so fast that even more churches will soon be needed. Bill thinks this is just great.

"A community is a better place when there are plenty of churches," he says. "It's good for the children and the young people... it's good for everybody! We all need some sort of anchor for our lives, and the Church is the best one I know of."

Bill's right. When people work together for their church... when people pray together for guidance... it can't help but lead to a greater spirit of tolerance, fellowship and cooperation in the whole community.

In order to play its full part, the Church needs you, your prayers and your support. In return the Church offers you a priceless gift... the Truth that shall make you free.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
