## Freshman and B Team Tourney At Culver Saturday

Culver will host a Freshman and B team tourney Saturday, Jan. 23. Teams involved are Argos, Culver Military Academy, Oregon-Davis and host Culver. There will be three sessions, the first session starting at 10 a.m., second session at 12:45 p.m., and finals to start at 6:45 p.m. Admission will be 40¢ per person at the door. (No season or advance tickets will be sold.)

The drawing was held Monday night at the Marshall County Coaches Meeting. The brackets were split with a Freshman game and a B team game to be played each of the morning and afternoon sessions. This was done to help accommodate the Academy teams who are involved in the residential inauguration this week and will be making up missed class time on Saturday morning.

The Oregon-Davis Freshman team will meet the Argos Freshmen in the opening game at 9:15 a.m. and the Oregon-Davis B team will play the Culver B team at 10:30 a.m. At 12:45 p.m. Culver Military Academy Freshman will play Culver Freshmen and at 2 p.m. the Argos B team faces the Culver Military Academy B team. Winners of the Freshmen games will battle for the championship at 6:45 p.m. and B team winners will play at 8 p.m.

## New Industry Discussed At Inner Meeting

A dinner meeting sponsored by Culver Jaycees attracted an attendance of 60 persons, representing the Town Board, Lions Club, Culver Military Academy Chamber of Commerce, last Tuesday night at the Lions Den. Lorrie Castaldi, vice president of the Midwest Spring Corp., Menominee, was the main speaker, using his topic, "Soul Searching." He suggested that Culverites look up into their souls and see if they really want to introduce industry into Culver. He pointed out that with today's mobile society, industry would not necessarily prove an increase in the Culver population, nor would it mean higher wages immediately for labor. Industry could not assure that young people of Culver would remain in town to work, for many individuals seem to seek their future in larger cities.

However, the speaker noted, the location of industry would certainly help to more than carry its tax load and thus relieve some of the tax pressures on the individual. Mr. Castaldi explained in detail how Culver could take concrete steps toward attracting industry — the first and foremost would be to create an industrial committee to study the facts, inflation, labor pool and rates, utility and transportation costs, and necessary items for potential manufacturing industry.

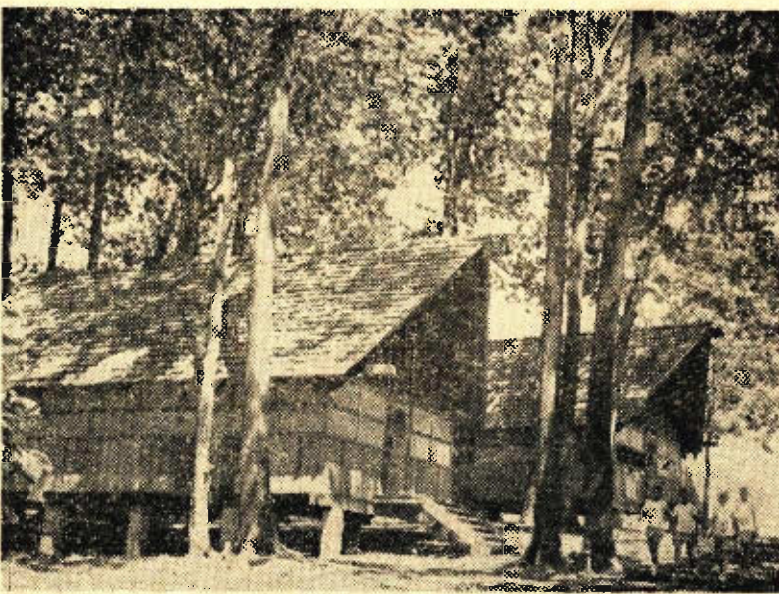

Bob Rust, principal at West High School and ex-president of Culver Chamber of Commerce, offered encouragement and urged Jaycees to set up an industrial committee immediately. Mr. Rust led two questions toward the audience and the Culver people: "What can we do?" and "Do we want to do it?"

## Marshall County Lumber Company Featured In Noted Trade Magazine

Marshall County Lumber Company of Culver is the subject of a two-page feature story in the January issue of "Building Materials Merchandiser", prominent trade publication of the building materials industry.

In the story, entitled "Small Dealer — Big Job", the article tells how the lumber firm in 1962 built a prototype model of the cabin design for the Culver Military Academy's Woodcraft Camp, and later won the bid to build the 60 cabins and four washrooms that are a part of the facilities.

Shown above is a section of the Woodcraft Camp of Culver Military Academy, which was dedicated on Saturday, July 27, 1963.

The story relates how George Babcock, manager of the local company, hired a local electrical contractor, a local plumber, and a South Bend carpenter as subcontractors, and began work in June, 1962. Through the excellent cooperation of all sub-contractors and the Thomas L. Hickey Co., which built the dining hall, library, and administration building, the complete \$750,000 project was completed by mid-May of 1963. Marshall County Lumber, having established its own supply sources, was able to supply the Hickey company with much of its needed materials, including lumber and ready-mix concrete.

In addition to having built other cabins for CMA, the lumber company has undertaken other construction work in the area, including about 12 completions in the 1963-64 winter.

The article points out that Marshall County Lumber Company has broadened its horizons by moving into construction, and is able to minimize the competitive effect of large cash-and-carry lumberyards.

Babcock, manager of Marshall County Lumber Company, left a large construction firm in 1948 to become manager of the 40-year-old company, owned by the W. M. Hass family.

## Hugh Daugherty To Speak At CMA Football Banquet

Hugh Duffy Daugherty will be the featured speaker at the Culver Military Academy football banquet Sunday Jan. 24 at 5:30 p.m.

The head coach of the Michigan State football team will speak at the Academy's Culver Inn. Twenty-nine varsity and 30 frosh-soph football players will be honored.

Daugherty will arrive at South Bend by airplane at 4 p.m. Sunday and will leave Culver following the banquet.

He will be introduced by Academy Coach Russ Oliver, who will act as master of ceremonies. Maj. Gen. Delmar T. Spivey, USAF (Ret.), superintendent, will deliver a few words of welcome.

"Daugherty, the 1955 'Coach of the Year,' is in great demand as a speaker and we feel quite fortunate that he will speak at our banquet," said Oliver, who explained, "that Collins Carter, father of co-captain Lander Carter, was instrumental in bringing Daugherty here."

The Michigan State mentor has gone overseas twice as part of special football clinics for American servicemen and is co-director of the Kodak Coach of the Year Clinic held under the auspices of the American Football Coaches

Association. He has authored a book in collaboration with Clifford B. Wilson on the Spartan football system called "First and Ten."

Daugherty was named head coach at MSU in 1954 after serving eight years as an assistant to the now Athletic Director Biggie Munn. He first worked with Munn in 1946 at Syracuse and came to MSU with him in 1947.

Duffy has coached three North teams in North-South Shrine Games and two East squads in East-West Shrine games. He also handled the college all-stars in the 1959 Hula Bowl.

His 11 seasons rank him as the second oldest coach in point of service at MSU. Only Charley Bachman's 13 seasons surpass him. Daugherty-coached teams have won a 63-34-3 record.

## PLANNING COMMISSION TO MEET TUESDAY

A meeting of the Town Planning Commission will be held at 7:30 p.m. on Tuesday, Jan. 26, at the Culver Town Hall.

## Hospital Notes

Mrs. Charles Baker, North Slate Street, Culver, underwent heart surgery at Robert Long Hospital in Indianapolis on Friday, Jan. 15. She is recuperating satisfactorily and her room number is 4th Floor, Ward D.

A Marine Corps Division with supply units is composed of 17,915 men.

## Chief Burns Warns Of Thin Ice On Lake

Fire Chief Dave Burns today warned parents and children that despite the recent cold snap, the ice on Lake Maxinkuckee is dangerously thin, and is not safe for play.

He said the ice thickness varies from one-half inch to 3 inches and it is impossible to spot the hazardous areas by visual inspection alone. He cited moderate weather of the past several weeks and the presence of warm underground springs present in various areas of the lake as reasons for the present condition. The chief said a week or more of consistently cold weather would be required before a good layer of ice will be formed. Normally the ice would be 6 inches thick at this time of year.

Chief Burns singled out the dangers of children on ice skates, ice boating, and children playing or walking on the ice. He said ice fishermen normally take adequate precaution by testing the thickness at frequent intervals as they move on the lake.

## School Board Purchases Coal For New Year

In the meeting of Monday, the Board of School Trustees of Culver Community Schools approved bids for coal for the Culver and Aubbeenaubee Schools for 1965. Since identical bids were received from Farm Bureau Cooperative and Burr Oak Coal Company, purchases of coal for Culver School will be divided between the two companies. The Letters Ford Elevator bid of \$13.40 per ton was accepted for Aubbeenaubee School.

The School Board discussed the interviews which had been held with a number of architects during the past few months. The group decided to hold a second conference with two of the architects next week before making a selection. It is the desire of the School Board that the choice of the architect be completed within the next ten days so that work on the preliminary plans may be started by February first.

Since the cost of movable equipment and the financing of site development will be paid from school corporation funds instead of being included in building contracts, the School Board plans to establish a cumulative building levy for the purpose of raising funds for such costs. It seems likely that plans for such a levy will be completed within the next few weeks so that the levy will be in effect for 1966 and 1967. After the new high school is occupied, the revenue from such a levy would take care of the annual lease-rental payments until the school corporation would pay off the indebtedness of the new building.

Since the budget for 1965 included provisions for employment of a school nurse on a part-time basis, applications are to be received by Superintendent Frank McLane so that the School Board may choose a qualified person for this position. Mr. McLane has indicated that the work probably will involve the services of a registered nurse on a half-day basis during the school term. The school nurse would carry on her duties at both Culver and Aubbeenaubee Schools.

## Town Board In Variety Of Business Activity

A variety of business occupied the Culver Town Board at its regular meeting on Monday night.

The board approved the leveling and widening of an alley running parallel to Lake and Lakeview streets for one block, terminating at College street and at Lakeshore Drive. Work will be done as soon as the weather permits.

The board announced it is accepting applications for full time employment with the town of Culver to fill a vacancy created by a recent resignation. The man will work on street department assignments and will also "swing" to other jobs as required. Letters of application should be addressed to Theodore L. Ervin, town board president.

Word from Plymouth was received announcing that Adm. John W. Bays, whose term expired in November, had been re-appointed to a four-year term on the Culver Planning Commission by Judge Roy Sheneman. Admiral Bays is director of the CMA Summer School.

Reporting further progress on sewage plant improvements, the board said painting and clean-up of the plant and area is under way, and additional laboratory equipment costing \$980 is being installed to assist in monitoring plant operation and testing sewage treatment. The equipment is being delivered this week.

The board also announced that Alvin Triplet has been named operator of the sewer system and is currently receiving instruction in sewage plant operation from James Crighton, manager of the plant at Logansport. In addition, a representative of Chicago Pump Co., manufacturer of the local equipment, has been engaged to check out the operation of the Culver plant and further instruct Triplet on maintenance.

# how do you dry clothes in winter?

...OUT IN  
THE COLD?

...IN THE  
BASEMENT?

THERE'S ONLY ONE GOOD WAY  
TO DRY CLOTHES IN THE WINTER...  
OR YEAR 'ROUND, FOR THAT MATTER...  
THAT'S WITH A WONDERFUL AUTOMATIC  
GAS CLOTHES DRYER.

## GET A GAS DRYER

IT DRIES CLOTHES FASTER. No other dryer can match the speed of a Gas Clothes Dryer. It's the only one that dries your clothes as fast as your automatic washer washes them.

IT DRIES CLOTHES BETTER. Because a Gas Clothes Dryer dries faster, it is better for drying woolens... especially blankets. Also, speedy drying gives clothes longer life.

IT DRIES CLOTHES CHEAPER. Clothes dry in a Gas Dryer for an average of one cent per load. This is only one-fourth the operating cost of other dryers. Then too, no costly wiring is required for a Gas Dryer.

let us prove a **GAS DRYER** is the one for you!

**WALTER R. WISSMAN TO SPEAK AT CONVENTION OF JEHOVAH'S WITNESSES**

Meetings regularly scheduled at the Kingdom Hall of Jehovah's Witnesses at Plymouth have been postponed this weekend according to an announcement by Stanley Spangler presiding minister.

The Plymouth congregation of Jehovah's Witnesses will concentrate their religious activities in Culver for three days. Peru is playing host to a regular training conference of Jehovah's Witnesses being held at the 4-H Grounds. Over 800 delegates are expected to attend from 18 cities in north-central Indiana.

Mr. Spangler reported that all sessions of the program will be of interest to the public, but mentioned that of special interest would be the showing of a two-color technicolor film entitled: "Proclaiming 'Everlasting Good News' Around the World," narrated by Walter R. Wissman, district supervisor of Jehovah's Witnesses.

The film is scheduled to be shown Saturday, Jan. 23, at 7

p.m. "It is free, no collection will be taken, and all persons of goodwill are welcome," Spangler announced.

Wissman also will deliver the main lecture Sunday at 3 p.m., "Our Divided World — Is It Here to Stay?"

The regular schedule of congregation activities will be resumed next week at the Plymouth Kingdom Hall, Spangler reported.

**MFA INSURANCE HEAD IS NAMED TO NATIONAL OFFICE**

National honors have been shared by MFA policyholders in this community in the announcement that A. D. Sappington, President of MFA Insurance Companies has been named Vice-President of the Chicago-based National Association of Independent Insurers, according to Karl Master Jr., Agent for MFA Insurance in Monterey.

The National Association of Independent Insurers represents Main Street, U.S.A., in the insurance world, Mr. Master said. As the largest insurance association in the nation, it speaks for its member companies and their policyholders in the state and national legislatures. It provides an important link with other members of the insurance industry in ways and means of providing the most modern, up-to-date methods

of protecting the millions of policyholders it represents.

**Order of Eastern Star Holds Stated Meeting**

The Emily Jane Culver Chapter No. 484, Order of Eastern Star opened in short form Tuesday evening, Jan. 19, at Masonic Hall for its regular stated meeting with the worthy matron, Mrs. Herbyn Maynard, in charge.

During the business meeting, it was announced that plans were moving along on schedule for the called meeting to convene Friday, Jan. 29, at 7:30 p.m. in Masonic Hall for Visiting Matrons and Visiting Patrons. All members are urged to mark this date on their calendars and are most cordially invited to attend this meeting.

Announcements were also made that the O.E.S. Auxiliary will meet Tuesday, Jan. 26, at 7:30 p.m. in the home of Mrs. E. W. Carter, and election of officers will be held at the Feb. 2 meeting.

A special program was presented by the Star Points. Music was furnished by Mrs. Roger Thews, vocalist, accompanied by Mrs. Cleo Ringle.

The meeting closed in regular form. To conclude the evening, delicious refreshments were served by Mrs. Dale Heiser.

Watch out for school children especially if they're driving.

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

## Sue Cole Elected Sunshine Girl For Month Of January

MISS SUE COLE

"In with the new and out with the old". This seems to be the policy of the Sunshine Girls for starting off the New Year of 1965.

The first order of business at the first meeting this year was to select a girl for the month of January. She was to have the quality of dependability.

Sue Cole was elected by the members as the most dependable girl for the month of January. Sue has received previous honors which I believe show her academic dependability such as the Honor sweater which she received at the beginning of the school year. Sue is not only respected by her teachers for dependability but also by her many friends. I am sure that the people on her paper route who are able to read their evening paper every night will gladly testify to her dependability.

Once again, Sue, we would like to congratulate you for another deserving honor.

## In Memoriam

By Robert Vondra

T. S. Eliot, one of the most famous and most noted poets of the 20th Century, is dead. Like most men, his life will soon be reduced to the words and dates inscribed on his freshly-cut tombstone.

But Thomas Eliot will not be forgotten after time erases his memory from the minds of men, or even after his tombstone has started to crumble and turn to dust. Thomas Eliot will live through his poems.

For, although his body is dead, a little of this great man's soul was poured into each one of his poems, and as long as they remain on the yellowed pages of time, T.S. Eliot will live on forever.

Is it like this  
In death's other kingdom  
Waking alone  
At the hour when we are  
Trembling with tenderness  
Lips that would kiss  
Form prayers to broken stone.  
—From "The Hollow Men", by T. S. Eliot

## The Shadow Strikes Again

By Elaine Epley

This week's shadow victim is a well-known Sophomore girl. She is five feet, two inches tall and she has brown — no, black, no — brown, no — red . . . well, anyway she does have a pretty color of hair.

My victim started off her morning talking to a certain "dashing" senior boy. I couldn't quite catch what they were saying, but she was all smiles! After talking for about 10 minutes, she dashed into first period class, just as the bell rang. She didn't do too much talking while she was typing but got a few words in here and there. She got ready to leave the class only 10 minutes early and stared at everyone until the bell rang. Of course she was the first one out the door.

I followed her into her second period Geometry class where she showed everyone her new "nurse" purse. She sat down and started writing something; not her assignment, but a note that was delivered to me. She talked and sang all period and didn't get her assignment done. (Neither did anyone sitting near her).

Her third period study hall was as usual; talking most of the time. Luckily, she didn't get caught again by the coach. She then gave another concert and distributed a few notes to a neighbor. It must have been quite interesting.

Fourth period I followed her into Mr. Kline's study hall in which she did keep rather quiet until her pass was issued. She went to lab but didn't stay there too long. She finished off the period by arguing about world problems and claiming she doesn't have any.

She ate a very nourishing lunch consisting of an ice cream cone and potato chips. Then she literally went bounding up the stairs to talk to her "dashing" Senior guy. At exactly 12:30 she was supposed to go to the Spanish Art Exhibit at the Academy. As usual she was the last one to get on the bus.

She got back late for her fifth period study hall and bothered everyone within four rows of her own as she "tromped" in. She did start out the last half of the period studying, but naturally she couldn't break her record, so she talked to everyone around her until the bell rang.

I was told that in her seventh period English class she got all flustered when Mrs. England told them they had to hand in their English papers — which she did not save. As the period wore on she began to get restless and started dreaming and smiling to herself. I wonder what she was thinking about? HMMMM. She did manage to be the first one out the door.

Her eighth period class with Mr. Hughley is a "riot" she says. I was told by a sore-eared spy that another concert was given and I'm sure everyone enjoyed it thoroughly.

This ends the disorderly day of this week's victim, Suzie Overmy-

er. Maybe it wasn't you this week, but, beware — the next time the Shadow may be watching you!

## Linda Thurin Wins "Homemaker Of Tomorrow" Award

MISS LINDA THURIN

By Lois Newcomb

Linda Thurin has been named Culver High School's 1965 Betty Crocker Homemaker of Tomorrow. Out of the senior girls who took the homemaking examination, Linda scored the highest and is now eligible for state and national honors.

To emphasize the importance of homemaking as a career, General Mills initiated the Betty Crocker Search for the American Homemaker of Tomorrow. Since the program was started in 1954, four million girls have participated and scholarship grants have exceeded \$1 million.

At the present time, more than 14,000 tests are being judged across the nation. General Mills, Inc. will award each state's highest ranking girl a \$1500 scholarship and the runner-up, one of \$500. The school of the state winner will receive a complete set of the Encyclopedia Britannica from Encyclopedia Britannica, Inc.

Later this spring, the 50 state winners and their advisors will take a week-long tour of Colonial Williamsburg, Va.; Washington, D.C.; and New York City. To climax the week, the Betty Crocker All-American Homemaker of Tomorrow will be named. She is chosen on the basis of original test score and personal observation and interviews during the tour and will receive an additional \$5,000 on her scholarship. Second-, third-, and fourth-place winners in the nation will have their grants raised to \$4,000, \$3,000 and \$2,000, respectively.

Linda is the daughter of Mr. and Mrs. Ted Thurin of Route 1, Culver. She has been a member of 4-H for eight years and won

Grand Champion at the dress revue last year. A home economics major, she plans to attend Purdue University next Fall. Linda ranks second in her class and has a grade average of 10.6 out of a possible 11 points.

## Many Take Vacations

By Judy Price

Mrs. Shirrell: Several in our room made trips out-of-state during the Christmas vacation. Danny Osborn visited his grandparents in Texas, Lisa Ann McKay visited in Massachusetts, Kelly Sprouse visited in Washington, D.C., Dale Stevenson visited in Tennessee, and Dean Neff visited in Illinois. Three students celebrated their birthdays during the Christmas vacation. Howie Babcock's birthday was on Dec. 28th, Kelly Sprouse's on Dec. 27th, and Richard Binion's on Jan. 2nd, Tony Litherland entered our room on Jan. 4th. Tony moved from Lafayette.

Mrs. Barton: Doris Tanner and Frederick Lane celebrated their birthdays during the Christmas week. We enjoyed the Johnny Appleseed movie which we saw with Mrs. Allen's room. After seeing the movie we wrote short stories about it.

Mrs. McLane: At the Christmas party, after the gift exchange, the children played with their toys. Steven Vrsek and Anne Stephenson brought cookies for refreshments. During the Christmas vacation several students traveled to spots outside of the state: Laura McKay went to Massachusetts, Craig Mitzell went to Pennsylvania, Terry Nelson went to Arizona, Danny Hatten went to Virginia, and Mrs. McLane went to Maryland.

Mr. Harris: Larry Wieringa celebrated his 12th birthday on

Dec. 24. During vacation, Jim Ivens and his family spent a days in Missouri.

Mrs. Hartman: Lloyd Moran had his birthday on Dec. 22. Lindon Curtis had his birthday Jan. 5. Elizabeth McCarty entered our room on Jan. 4. Elizabeth moved here from Kentucky.

Mrs. Allen: Marie Hoover entered our room from Ann Arbor, Mich. We had a Toy 1 when we returned to school. Many beautiful dolls and interest games and machines were she and used. Everyone had a happy vacation but most of us were glad to be back in school.

Mr. Horban: During the vacation, Thomas Hodgkin traveled Savannah, Ga. Twelve students our room have perfect attendance for the year.

Miss Henning: We have 11 birthdays this month. They are: Marin Quivey, on Jan. 13; J. Maxon, on Jan. 15; Sandy Newman, on Jan. 23; Jenny Tann on Jan. 27; and Fairlie Firari, Jan. 31.

To keep open-face or unwrapped sandwiches moist, cover with moisture-vapor proof material and refrigerate. Do not cover with a damp cloth, advise Purdue University food specialists.

**Yes, Yes, Yes  
— But How?**

The following theme was written by Kay Thomas to fulfill an assignment in Mr. Lawson's senior civics class on the Communist schism.

To Communist Russia and Red China, the United States is but a slow moving, long-legged spider, crawling along a busy sidewalk, doomed to be destroyed by an overwhelming force called Communism. No matter how great the rift between these Red countries, both strive for one main objective: to spread the gospel of Communism throughout the world, and, simultaneously, abolish American "imperialistic capitalists." Where the two disagree is just how to go about reaching their goal.

Communist Russia would scrutinize the "spider," then pull off its legs one by one — so shrewdly, carefully, and at drawn-out intervals that the spider would hardly realize what was happening until it could no longer weave its web, and eventually die. Khrushchev called this "peaceful coexistence," supposedly without nuclear war, and is confident of victory;

Today imperialists . . . tremble before the world of growing and strength-gaining socialism. Let them tremble. We communists want to win this struggle with the least losses. We shall win.

Ex-premier Khrushchev, called by some a "nicer" Communist than Mao Tse-tung, was pretending to follow the out-of-date Marxist-Leninist principles, but actually adopting a new Soviet policy more like pure socialism. And Brezhnev, Mr. K's protege, may follow a similar "revisionist" policy. The Soviets want thriving economic prosperity. They aim at wooing and influencing other regimes voluntarily to move onto a Communist course. They rely on such means as aid programs, the training of cadres, and the shaping of public opinion. In many areas, however, such as Latin America, Soviet wooing is falling on barren soil. The Soviets accuse Red China of forgetting the Marx-Lenin idols, not protecting the people by blocking disarmament, and attempting to make their own Chinese race supreme Communist power in the world.

The People's Republic of China would take one quick glance at the U.S. "spider," then proceed to squash it completely with one hard stomp of a heel. Mao Tse-Tung believes:

If there should be a nuclear war, it would result in the extinction of imperialism but (Leninist)

socialism would survive and triumph. People like Khrushchev who say all mankind would be destroyed . . . are defeatists. Communism should encourage revolution and unrest, resolute and determined to eliminate all weaknesses.

According to Mao, Russia is a soft-headed, anti-Leninist who groveled before President Kennedy in the Cuban situation. Red Chinese call the Russians imperialists who have cheated the Chinese, taking over areas of great mineral and timber wealth, strategic areas involving Russia's status as a world power.

Both fight over control of border lands. Both are so egotistical and power-hungry that it has been virtually impossible to make a compromise.

Will there be war between these two Red nations? Some people believe that if these two are disputing between themselves, they will forget the cold war with the Western Hemisphere. I think not. The leaders of both countries are not stupid, they do not forget their plan for the free world.

As long as the spider is there, as long as there are freedom-loving countries, if we don't take them first, the Communists will stand ready to move in and attempt to exterminate.

Jan Shock  
Jane Shock  
Ed Torok

At present it seems likely that the organization meeting for the class in modern novel will be held during the week of Jan. 25.

Letters will be sent this week to all persons who have indicated their interest in this course, explaining the time and place of the first evening session. Any persons who are interested in attending this class, which will be under the leadership of Mr. Arthur Hughes of Culver Military Academy, should contact the office of Superintendent McLane this week.

Since the series on investments will be held during March, more detailed information regarding these classes will be publicized during February. Though a considerable number of persons have indicated their desire to participate in this class, other persons interested in the program should feel free to add their names to the list of registrations by calling the Superintendent's Office.

## COUNTY ASC PROGRAM OPEN THROUGH FEB. 26

The 1965 Agricultural Conservation Program initial signup period for Marshall County opened on Jan. 4, 1965 and will run through Feb. 26, 1965.

Anyone having farm conservation problems is asked to come to the Marshall County ASCS Office, 313 East Jefferson St., Plymouth, during this initial signup period for help in solving the problems.

A Purdue Soil Test stating a need for liming material must be submitted before approval will be made in 1965 for limestone or marl.

 The age-old question of "What is truth?" is given a fresh exploration in Christian Science churches this Sunday. The Bible Lesson is on "Truth," and the Golden Text is from Psalms (86:11): "Teach me thy way, O Lord, I will walk in thy truth."  
 One insight into the question is presented in a paragraph from the opening pages of the Christian Science textbook: "The time for thinkers has come. Truth, inde-

pendent of doctrines and time-honored systems, knocks at the portal of humanity. Contentment with the past and the cold conventionality of materialism are crumbling away. Ignorance of God is no longer the stepping-stone to faith. The only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal" (Science and Health with Key to the Scriptures by Mary Baker Eddy).

DON'T send the kids to church — TAKE 'em!

THROUGH THE CENTURIES...

Through cold, snow-covered fields, underneath ice-encrusted trees, the river runs its course. centuries. It is still going on today in His churches.

This brings to mind the Christian Church. It was founded upon the teachings of Jesus who lived His life and did His work unperturbed by the coldness of many of His fellowmen and of the ruling officials. He knew that His work would stand because it was founded upon truth. It not only stood, but has flowed steadily on for

If you do not attend church services why not go this coming Sunday, and identify yourself with this steady flow of the best for which life stands?

There is always room in the river for one more drop of water. There is always room in the Church for one more worshipper.

#### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"SEND ME NO FLOWERS" TO BE FEATURED AT EL RANCHO THEATER

Doris Day and Rock Hudson, costar for the third time in their best comedy to date, "Send Me No Flowers," which will be shown at the El Rancho Theater from Friday through Monday, Jan. 22 to 25.

According to Feature Reviews it's a fast-paced tongue-in-cheek spoof on hypochondria. Hudson is the beguiling victim who will draw sympathy and empathy as well as vast amusement from audiences.

His ever-loving wife who remains cool and objectively detached through somewhat devastating experiences — as only Doris Day can — should gain approval by her characterization of an efficient, fairly well-to-do homemaker who acts and dresses the part, despite ramifications of the plot and temptations obviously imposed by famed dress designer Jean Louis.

Funnyman Tony Randall once again is their good and kind friend who helps Hudson find a future husband for Miss Day.

Rev. Downing, a Missionary from Argentina, will be the guest speaker at the Zion Gospel Chapel Sunday evening at 7:30. The public is invited to attend.

### Mrs. Evelyn Null, Kin Of Culver Residents, Dies

Mrs. Evelyn Esther Elizabeth Null, 45, of Route 1, Plymouth, died at 3 p.m. Friday, Jan. 15, in Parkview Hospital in Plymouth after a 10-month illness.

Born Dec. 22, 1919, at Hammond, Mrs. Null had been a resident of Plymouth most of her life, where she was married to Clarence A. Null on June 10, 1939. She was a member of the Wesleyan Methodist Church.

Surviving are her husband; her parents, Mr. and Mrs. Gus Preuss, Route 2, Culver; five daughters, Mrs. Judith Grady, South Bend, Mrs. Janice Thacker, Bourbon, Teresa, Susan and Patricia, all at home; three sons, James Null, Plymouth, and Jack and Dell, both at home; two sisters, Mrs. Florence Leffert, W. 14th B Road,

Culver, and Mrs. Beverly McLean, Plymouth; and four grandsons. Services were held at 3 p.m. Sunday, Jan. 17, in the Wesleyan Methodist Church in Plymouth with the pastor, Rev. R. L. Kenworthy, officiating. Burial was made in Plymouth's New Oakhill Cemetery.

#### The Golden Keys Enjoy Meeting With Mrs. Ronald Dopel

The Golden Key Home Demonstration Club met Tuesday, Jan. 19, in the home of Mrs. Ronnie Dopel.

Mrs. Richard Dehne opened the meeting, giving the thought for January, "Housework — something you do that's not noticed unless you don't do it." A safety lesson on frost bite was given by Mrs. James McKinney. Mrs. Walter Scott presented the lesson on program planning.

The meeting was closed with Mrs. Lyman Craft reading a poem entitled, "The Demonstration Way." The door prize was won by Mrs. Charles Wynn.

# Culver Topples Triton, 74-57, For Revenge Win

## Cass Game Reset For February 16

**By EARL D. MISHLER**  
The Culver Indians tasted sweet revenge last Friday night at the Grace College gymnasium at Warsaw, as they blasted the Triton Trojans, 74-57. The decision left both teams with 9-3 records, and Saturday night's postponement of the Lewis Cass game cost the Tribe a chance to grab the Marshall County lead in winning percentage.

The Cass game has been re-scheduled for Tuesday, Feb. 16. The victory represented a great hustling effort from all the Tribesmen, but once again the crucial factor was the man in the first seat on the bench; Coach Gene Crosley.

Crosley, determined to prove that Culver could play a good man-to-man defense, surprised Triton with a tight, full-court man-to-man press. Guards Jim Boswell, Jim Lewis, and Paul Liette kept permanent pressure on Triton's backcourt men, disrupting the Trojan patterns and causing frequent turnovers. Liette's defense on Joel Berger was of primary importance in the triumph.

In addition, the Indians' coach sent the Indians into another new man-to-man offense. Triton had stymied Culver's normal patterns two weeks ago by forcing their first pass far to the outside.

After falling behind by five points earlier, the fired-up Indians spurred to an 18-16 first quarter lead. Pacing this surge was 6'3" junior center Andy Lowry, whose five quick points erased the Triton advantage.

It was in the second period that the Indians' pressing tactics began to take effect. The Trojans managed only five points in the period, as Culver's Lowry, Dave Lemar and Boswell controlled the boards. The half ended 32-21.

In the second half, Boswell, held to three points before intermission, bagged his first five shots from his new forward position.

After three stanzas, the Tribe owned a 52-34 lead.

Triton twice cut the Culver lead to seven, paced by center Denny Craig. But the Indians managed another quick point spree, sparked by a good reserve performance by senior Bob Eustis.

Boswell ended the game with 20 points, raising his ballooning ppg average to almost 18. Lowry tallied 17, while Lewis and Lemar each hit for 13. Craig and Berger had 17 and 15, respectively, for the losers.

Triton's smooth sharp-shooting B-Team outscored Culver's Papposes, 68-57, in a game that featured very little defense on either side. Both teams hit around 67% of their field goals, and the young Trojans hit 17 of 22 in the first half.

The balance Pappose scoring was paced by Mike Eustis and Ron Babcock with ten points apiece, and Randy Wakefield and Dan Haenes with nine each.

Culver faces Argos on the home floor Friday night. Box score:

# Culver Indians Host Argos Dragons Friday

**By EARL D. MISHLER**  
Culver's Indians, fresh off their finest game of the season, play host to the Argos Dragons Friday night. The Tribe, now 9-3, defeated Argos, 78-64, in the Holiday Tourney Jan. 2 at Argos.

Coach Ralph Powell's Dragons have compiled an 8-6 mark this year, and, if they can continue the pace, it will mark Argos' first winning season since 1958-59.

The leading Dragon scorer is 5'10" senior guard, Leland Cox, who scores at an average of 16 ppg. A pair of 6'0" junior forwards, Wade O'Dell and Mark Warrick are averaging 10.6 and 10.0 ppg, respectively.

Rounding out Powell's starting five will likely be 6'3" center Kim Martens (6.8) and 5'8" guard Jerry Patton (7.5). 5'8" Jay Thompson (8.5) and 5'11" Chuck Lewis (3.8) are the leading Argos reserves, and 5'9" Jan Umbaugh (2.3) will see action if Powell uses his 2-2-1 zone press.

At times, Powell will use four guards at the same time for his full court press.

Culver, still with a good chance to equal or better last year's regular season record of 15-5, must be wary of an upset from the scrappy Dragons, who must be rated a darkhorse candidate in next month's Plymouth Sectional.

Next week's Citizen preview will cover the New Paris Cubs and the Plymouth Pilgrims.

## Deaf Man Perfects Tiny Hearing Aid

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years. This small device has no dangling cords or separate transmitting units and represents a new unusual design idea in a product to restore natural hearing. It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the used cost is extremely low. The instrument weighs only 1/4 oz. It is about the size of a sewing thimble — hardly noticeable yet powerful. Send your name and address on a postcard to Hearing Assistance, C. Eckert, West Salem, Wisconsin. You will be mailed in a plain envelope information without any obligation whatever. 1-3\*
