TEN CENTS

Here and There Around Our Town Of Culver

By MARGARET McDONALD

Many areas turned their clocks ahead one hour this past weekend and will observe Daylight Saving Time during the Summer months. In the Culver area, Eastern Standard Time is observed all year; thus, with this change, time in Culver and surrounding areas coincides, at least for the summer.

But time was not so long ago that our Country had no standardized system of reckoning time.

William F. Allen of South Orange, N.J., brought Standard Time to the United States in 1883 — announcing the plan in April, just 82 years ago, and accomplishing its completion exactly at noon on Sunday, Nov. 18, 1883.

Before then, each community set its clocks by the sun or by the time of its favorite railroad. Railroads often used the time of their home office clock and if three or four lines converged in one station, each would use its own time. Each jeweler in Kansas City, for example, set his own time, depending on choice of jeweler, and watches varied by as much as 20 minutes. "Sun time" meant that when a person moved westward, he had to set his watch back a minute for each 15 miles.

Professor C. F. Boyd of Saratoga, N.Y., announced his plan in 1869 to divide the country into four equal time zones along the 75th, 90th, 105th, and 120th meridians, and worked out much of the theory, but Allen accomplished the feat of making it practical — time was to be an hour later in each zone westward, just as it is today, with minor changes being made since then in some localities.

Generally the plan received enthusiastic support, for sun time had become meaningless and confusing in a nation bound together by the railroads. A few newspaper editors decried the change as contrary to nature and some clergymen regretted the tampering with God's law.

The railroads had made the country conform, but Congress didn't pass an Act agreeing to Standard Time until 1919 — only 46 years ago.

The Culver area so very fortunately escaped the wrath and destruction of the Palm Sunday tornadoes.

Spring is returning now very evidently — jonquils, hyacinths, tulips, and forsythia are brightening the lawns of soft, green grass. Willow trees can easily be picked out along the landscape and tiny buds are bringing a different look to all the other trees. The brightly painted Town Park play equipment is in evidence again and pliers can now be sighted along the shoreline of the Lake.

The M & M Restaurant, some weeks ago, painted their walls a bright pink, giving the establishment a new "Spring look." The former Cummins Apartment building, across from the Town Park, and long a Culver landmark, is being razed to make way for progress in our Town.

MAY FELLOWSHIP DAY SET FOR FRIDAY, MAY 14

May Fellowship Day, sponsored by the Women's Committee of the Culver-Union Township Council of Churches, has been set for Friday, May 14, at 8 p.m. in the Culver Grace United Church.

A panel of area church women will participate in a program entitled, "People, Poverty, Plenty." Watch next week's Citizen for more details.

Lions' Annual Chicken Supper Is May 1

The Culver Lions are busily engaged this week in plans and arrangements for their second annual Henny-Penny Chicken Supper.

This highly-anticipated event will be held Saturday, May 1, in the Culver Community Building, with serving beginning promptly at 5:30 p.m.

Tickets are now on sale at \$1.50 for adults and \$1 for children, guaranteeing "all the chicken you can eat."

The Culver Lions work diligently year 'round for the betterment of the entire Culver Community and their efforts add much to the lives of Culver residents. The proceeds from this event will be used, as are all Lion-sponsored proceeds, for community betterment, probably for little league and possibly street signs.

Larry Welsh is general chairman and Whitney Kline is assisting general chairman.

Celebrate May Day by eating out at the Lions-sponsored Henny-Penny Chicken Supper! For reservations phone Dr. Oscar Wesson, Viking 2-3155; Andy Vernum, Viking 2-2671; or Jim Bonine, Viking 2-2673.

The community is cordially invited to attend this affair, enjoy good food among friends and neighbors, and, at the same time, support the work of the Lions Club. Reservations are urged, but tickets may also be purchased at the door.

Water Hydrants Will Be Flushed Starting Friday

The regular summer program of flushing of fire hydrants in Culver will commence this Friday, April 30, and will be conducted on the last Friday afternoon of each month until next fall. The work will be performed under the direction of Verl McFeely, water superintendent.

Town officials said the flushing procedure will be limited to Friday afternoons so as not to conflict with home laundering and other housekeeping activity.

The flushing of the water mains sometimes causes temporary discoloration of water, especially the first time or two each spring.

The schedule will continue once a month into the fall months as long as the weather permits.

REV. ORVILLE WESTLUND VISITS HERE

A weekend visitor in the Culver and Burr Oak areas was Rev. Orville A. Westlund, former pastor of the Burr Oak Church of God, now serving as a United States Naval Chaplain and recently promoted to a Lieutenant Commander.

Since September, 1964, the Westlunds have been residing in Chicago, Ill., where Reverend Westlund has been studying at the University of Chicago, taking graduate work in the field of clinical training in the area of psychology. Previous to last Fall, he was on sea duty for two years, serving in various parts of the Pacific.

After the completion of graduate work in June, he will return to sea duty and he and his family will be based at Whidbey Island Air Station, Washington.

During his earlier maneuvers, Reverend Westlund made the acquaintance of the captain of the ill-fated nuclear-powered submarine, "The Thresher."

Scouting Honors and Awards Presented At Court Of Honor

SCOUTING'S HIGHEST HONOR was presented to Gregory Easterday, member of Boy Scout Troop 290. Pictured are (l. to r.) Scoutmaster Carl F. Foust, Everett Easterday, Gregory, Mrs. Easterday, and Don Feldman, Menominee District Commissioner who conducted the special Eagle Court of Honor.

GEORGE WASHINGTON HONOR MEDAL recipient Steven Neff stands with his very proud parents, Mr. and Mrs. Ralph Neff. Steven received the medal for his essay written in a nation-wide program sponsored by the Boys Scouts of America and Freedoms Foundation at Valley Forge.

Gregory Easterday received Scouting's highest rank of Eagle at Court of Honor ceremonies last Monday, April 26, at the Culver Methodist Church. Scout leaders presented a total of 47 individual awards and one patrol honor. Ceremonies were preceded by a potluck supper with approximately 80 Scouts, leaders, parents, and guests in attendance.

Features of the evening were the main address by Frank Setzler, the Eagle award presentation made by Menominee District Commissioner Don Feldman of Bourbon, and recognition of George Washington Honor Medal winner Steven Neff.

Mr. Setzler recounted some of his experiences as an archaeologist helping to uncover the ruins of early English settlements in Jamestown, Williamsburg and Plymouth. In his work he came to have real respect for the struggles and the accomplishments of the settlers who came to this alien continent. Today, in Scouting, Mr. Setzler said, the youth are being trained to seek out and conquer our new frontiers.

Mr. Feldman, in solemn ceremony involving local Eagle Scouts and the parents of the Eagle candidate, inducted Gregory into the Eagle rank. Feldman stressed the obligations incurred in attaining this coveted award, and then he led the candidate and all Eagles present in their oath. The candidate's mother pinned the Eagle medal on her son, and in return she received a miniature Eagle pin from him. Gregory also presented his father with the Eagle tie clasp.

Recognition of Steven Neff as recipient of the George Washington Honor Medal was an additional highlight of the Court of Honor ceremonies. In presenting him, Scoutmaster Carl Foust stated that Steven was the only Boy Scout in the local council to receive the award and was one of 32 other Boy Scouts to be so honored throughout Indiana. The

theme of his essay was "What the Scout Oath and Law means to me as a responsible American citizen" and the medal was awarded by the Freedoms Foundation at Valley Forge.

Gregory Easterday and Carl Strang were presented with the "Honor Scout" medals recognizing them for their high standards of leadership, participation, advancement, and Scouting spirit during 1964.

Other advancement awards presented were the Life Scout rank to Carl Strang and Star rank to Richard Brown, Richard Brown, Greg Easterday, Tim Frain and Carl Strang received 17 merit badge certificates in recognition of their work toward ranks beyond First Class.

First Class rank was awarded to Tim Frain and Second Class to James Baker, James Davis, James McFarland, Steven Neff and Douglas Prouty. Tenderfoot certificates were presented to John Adams, James Davis, Lynn Flora, Dennis Mackey, Douglas Prouty and Bruce Snyder.

Additional awards included one-year service pins to James Baker, William Bennett, James Davis, Kent Lucas, James McFarland, Steven Neff, Michael Powers, Douglas Prouty, and Bruce Snyder; two-year pins to Tim Frain and Thomas Osborn; three-year pin to Gregory Easterday; and a four-year pin to David Kelly.

Perfect attendance awards were given to Gregory Easterday for three years' perfect attendance and James Davis received a one-year perfect attendance pin.

The Panther Patrol was singled out as the "Honor Patrol of the Year" for excellent all-around performance during 1964. Patrol Leader Carl Strang and assistant David White received wall banners and members John Adams, William Bennett, James Davis, Lynn Flora, Dennis Mackey, Michael Powers, and Bruce Snyder received panther neckerchief slides.

Eugene Riester Escapes Train- Truck Crash

Eugene W. Riester, 43, Culver, escaped injury at 3:10 p.m. Thursday when the Northern Indiana Public Service truck he was driving in Fulton County was demolished by a C. and O. train.

Authorities said Riester was southbound on county road 1100 west, approximately 1,000 feet north of state road 14, when he noticed the westbound train approaching. They stated he applied the brakes on the NIPSCO truck and skidded onto the tracks.

Riester leaped from the vehicle seconds before the engine smashed into the front of the truck. He told authorities he was traveling about 30 miles per hour at the time.

G. H. Bachman, 70, Peru, engineer of the train, told Fulton County sheriff's officers the train was traveling 55-60 miles an hour at the time of the crash.

Officers estimated the damage to the engine at \$300.

Heavy Damage Results When Truck Hits Car

Heavy damage resulted and a driver was treated for face cuts when a pickup truck struck a parked car in the 500 block of West Jefferson Street last Saturday night.

Police Chief Don Mikesell said the truck, driven by John M. Salyer, 43, of Route 3, Monterey, struck a car owned by Harold Hatten, of 521 South Main, which was parked in front of 508 West Jefferson St., at about 8 p.m. Salyer was treated at the Culver Clinic for cuts on the chin and inside the mouth.

On Monday night, Salyer appeared in the Justice of Peace Court of Mike Fitterling on a charge of reckless driving and paid fine and costs totaling \$27.75.

Chief Mikesell said the right front of the truck struck the left rear of the sedan, rapping an estimated \$650 damage to the 1965 model truck and \$1200 damage to the 1964 sedan. The impact of the collision pushed the car up over the curb and into the front lawn of Arthur Hatten, where the Harold Hattens were visiting.

LICENSE BUREAU TO BE CLOSED MAY 1

The Plymouth Branch of the Bureau of Motor Vehicles will be closed Saturday, May 1, to enable all Branch personnel to attend a meeting in Indianapolis according to Rosemary Bergman, manager. To compensate for this closing the Plymouth Branch will remain open all day until 4:30 p.m. today, April 29, for the convenience of Marshall County residents.

Two CMA Cadets Named National Merit Scholars

Two Culver Military academy students named National Merit Scholars for 1965 are Russell C. Bjork, son of Mr. and Mrs. Carter E. Bjork, 5052 North Winchester, Chicago; and Jeffrey C. Watts, son of Mr. and Mrs. Sherman S. Watts, 6325 Woodcreek Drive, Citrus Heights, Calif.

Bjork, who was also a finalist in the Bausch and Lomb Science Scholarship competition, will use his National Merit Scholarship to attend Massachusetts Institute of Technology. First in his senior class of 226, Bjork has received virtually every academic honor available to him during the past year at Culver.

He was elected to early membership in the Cum Laude Society, a distinction reserved for outstanding members of the senior class. He has won Gold A's for high academic achievement during each of his four years at Culver, and he was a member of the Blue Key Society, an organization honoring academic excellence in the junior year.

Bjork was honored for high achievement in the Carnegie Institute technical writing contest and in the National Mathematics contest. In addition to his academic achievements, Bjork is active in intra-mural athletics and as a member of the student news paper staff, the dramatics club, and as a cadet officer in the military organization.

Watts will use his scholarship, awarded through the National Merit Scholarship Corporation by the General Tire Foundation, at Pomona College, Claremont, Calif. He is fourth in his class and was also honored at Culver through an election to the Cum Laude Society. Watts has received Gold or Silver A's during each of

his three years during which he maintained a high scholastic average. As a junior, he was a member of the Blue Key Society.

Watts is particularly outstanding as a musician. He is co-leader of the Academy's dance band, and a member of its concert and marching bands. He won a series of Gold Medals representing superior performances in the recent Indiana State Music Contest during which he participated as a trombone soloist, and as part of a brass quintet, a trombone quartet, the Blue Notes singing group, and the dance band. He sings with the Academy's Chapel Choir and is active in theater.

The two Culver students are among a group of outstanding high school seniors across the nation to win National Merit Scholarships after a year-long series of tests and other requirements. This year's competition began in March, 1964, when 807,000 students in 17,162 schools took the NSM qualifying test. Of this group, about 14,000 became semifinalists and nearly all of these became finalists.

Under the terms of the NSM grants, every scholarship stipend is designed to provide the difference between a winner's ability to pay and the cost of attending the college of his choice.

Miss Betty J. Prosser Weds Dan R. Cable In Burr Oak Ceremony

Altar baskets of white and pink gladioli and snapdragons graced the altar of the Burr Oak Evangelical United Brethren Church for the Saturday afternoon, April 24, wedding at 2:30 o'clock which united in marriage Miss Betty June Prosser of Berwyn, Ill., daughter of Mr. and Mrs. Arthur Prosser, Route 2, Culver, to Dan Richard Cable, also of Berwyn and son of Mr. and Mrs. Walter Cable, Fostoria, Ohio.

Rev. James S. Hook, former pastor of the Burr Oak church now serving a Gary pastorate, officiated at the double ring ceremony. He was assisted by Rev. Leonard Epp, pastor of the church.

Mrs. Michael Bennett, Burr Oak, presented appropriate organ selections and accompanied Mrs. Robert Jones, South Bend, who offered vocal selections of "I Love You Truly," and "Whither Thou Goest."

Escorted down the white-carpeted aisle on the arm of her father, the bride was lovely in her floor-length bridal gown of silk organza and lace fashioned with a Sabrina neckline and long sleeves which formed bridal points at her wrists and highlighted by a chapel train. Her veil of French illusion fell gracefully from a crown headpiece of pearls and crystals, and she carried a colonial bouquet of red and white roses.

Miss Joan Jordan of Berwyn was bridesmaid and wore a gown of white lace over blue taffeta with three-quarter-length sleeves, complemented with a headpiece of blue net and a colonial arrangement of yellow roses and white carnations.

Serving as best man was John Matiya of Markham, Ill., brother-in-law of the bride. Samuel Prosser of Harvey, Ill., and Russell Prosser, Culver, both brothers of the bride, ushered.

For her daughter's wedding, Mrs. Prosser selected a beige linen suit dress and added beige and black accessories. The bridegroom's mother chose a brown knit suit with beige accessories. Both mothers wore corsages of red roses and white pompons.

One hundred guests attended the reception immediately following the ceremony in the Church Annex. The serving table was centered with a beautifully decorated square four-tier cake topped with a miniature bride and groom. Serving were Laurel Prosser of Culver, Mrs. Cecil Guest of Harvey, Ill., Mrs. John Matiya of Markham, Ill., and Mrs. Charles Garrett of Gary, Ill., all sisters of the bride.

For their honeymoon to Michigan and Ohio, the new Mrs. Cable selected a blue jersey dress and added a white carnation corsage.

Upon their return, the newlyweds will reside at 3507 East Avenue, Berwyn, Ill.

The bride is a graduate of Culver High School. The bridegroom is a high school graduate of Youngstown, Ohio, and attended North Carolina State College.

Out-of-town guests attending the wedding were from South Bend, Knox, Culver, and Gary, Ind.; Fostoria, Ohio; Kalamazoo, Mich.; and Berwyn, Cicero, Harvey, and Markham, Ill.

Culver Women Attend County GOP Meeting Honoring Elected Women Officials

AT THE SPEAKER'S table when Marshall County County GOP women held their Spring Luncheon at Plymouth were seated, (left to right) Mayor Margaret Prickett of Mishawaka, Mrs. Stewart (Susie) Robertson, Plymouth, and Mrs. Henry Lentz of South Bend, St. Joseph County vice chairman. Standing (left to right) are Mrs. Roy (Lois) Stewart, Bourbon town board member; Mrs. Roy (Joanne) Price, president of the Marshall County Republican Women's Club; Mrs. Chauncey (Ruth) Lennen, Culver clerk-treasurer; and Mrs. Harold (Helen) Johnson, Bourbon.

Approximately 120 Marshall County GOP women gathered in Plymouth last Friday when the county's elected women officials were given special recognition at a luncheon at the Methodist Educational Building.

Mrs. Ruth Lennen, clerk-treasurer of the Town of Culver, was among those honored. Culver women attending the meeting were Mrs. Wilber Taylor, Mrs. Evert B. Hoesel, Mrs. Edward Payson, Mrs. Albert A. Pare, Mrs. Frank Setzler, Mrs. Charles E. Glass, and Mrs. Chester W. Cleveland.

The women had as guest speaker Mayor Margaret Prickett of Mishawaka who spoke on the importance of women in politics. She was introduced by Mrs. Stewart Robertson of Plymouth.

The elected women officials who were recognized, in addition to Mrs. Lennen, were Miss Dorothy Moore, Plymouth's first councilwoman; Mrs. Roy Stewart, member of Bourbon's town board; and Edna Ealing of Bremen, assessor for German Township. Mrs. John E. Moore accepted the corsage for her daughter who was hospitalized in St. Joseph Hospital at South Bend.

Mrs. Roy Price of Culver, president of the Marshall County Republican Women's Club, was mistress of ceremonies and also introduced the wives of county officials present and presented those at the speakers table.

Mr. and Mrs. Ira Johnson and son, James, of Denver, Colo., were overnight guests Friday of Mr. and Mrs. Donald Osborn. Mrs. Johnson will be remembered here as Hildred Osborn. In the evening, callers were Mr. and Mrs. David Osborn and family, Mr. and Mrs. Glen Osborn and family, and Mr. and Mrs. Glen Snyder, all of Culver.

How Librarian Serves You and The Community

This is National Library Week — a good time to find out just what your librarian does, and how she serves you and your community.

The Culver Public Library is open 12-8 p.m. Monday through Friday and 12-4 p.m. on Saturday. Mrs. Jane Scruggs is the librarian. She is much more than a book checker-outed. In fact, stamping dates in books and handing them over the counter are probably the least of her duties.

There is a complex of responsibilities and duties expected of a librarian that the public often overlooks.

She is responsible for the general administration of the library. This means she plans the budget, handles the bookkeeping, assigns work, supervises and instructs her staff, reports annual statistics, handles correspondence and publicity.

She is responsible for building the library collection and circulating the library's materials.

This means she selects the books to be purchased — from among the 25,000 printed each year! She orders the books, catalogs them, cares for them by mending and rebinding, and weeds out old and out-of-date copies. She sets

up the services, regulations and routine by which materials circulate.

She provides reference service. This means she must have the tools and know how to use them to answer the infinite variety of questions library patrons bring to her.

She must provide services, books and materials that will be of interest to everyone in the community no matter what their age — from toddlers to senior citizens.

And more often than not she's responsible for the maintenance of the building, right down to making arrangements for different organizations to use the auditorium.

Don't feel sorry for her. If she didn't enjoy her work she would not be doing it.

Primarily, her job is one of service. As a taxpayer, you pay her to give you personal service — whether it be finding material for your master's thesis or a magazine article on flower arranging or an instruction manual on plumbing.

You also pay her to serve the whole community — to provide school children with supplemental information and additional reading; to promote study groups; to give service to hospitals and shut-ins; to provide materials for local businesses, civic organizations and government agencies.

Get your money's worth. Get to know your librarian. Find out how she can help you through your library.

And remember, just because all 50 states give credit to the importance of libraries this week, it doesn't mean you can ignore your library all the rest of the year.

... You'll get fast and satisfactory service through the Want Ad section of The Culver Citizen.

FACTS ABOUT NYLON HOSIERY

Don't be taken in by hosiery advice lacking scientific backing — such as "keeping nylon stockings in the refrigerator will prevent runs."

Refrigerators are fine for lettuce, but do nothing for nylon stockings, says Mrs. Bonnita Farmer, Purdue University clothing specialist.

She explains these facts and fancies about your indispensable nylons.

Trying to prevent runs by selecting a larger size than you normally wear is a mistake. Loosely fitting stockings are more apt to catch or snag — causing runs — than are stockings that fit smoothly and neatly.

Only a snag or break can start a run, and this has nothing to do with the stocking's age — it can happen to a brand new stocking. Sharp edges on sand and cinders used on snowy pavements can cause snags. But exhaust fumes, perspiration and snow-melting salt will not affect nylon.

Nylon is non-allergenic, but dyes or finishes may cause a sensitivity. This irritation may be prevented by washing stockings before wearing them.

If nylon stockings make your feet burn, it's the size not the fiber — the hosiery is too short in foot length. Burning may also be caused by inadequate cushioning in the sole of the shoe.

Nylon is heat-set and will return to its original shape after stretching or crushing.

With the variety of styles and weights, you can select a pair of nylons designed for a particular occasion — dressy ultra-sheer to work-day mesh.

Do not expect as rugged a performance from an ultra-sheer stocking as from one of a heavier denier.

Babson Views 'Great Society' Opportunities

One thing is certain: President Johnson's Great Society program is going to open up sparkling opportunities for on-the-ball manufacturers, marketers, and service establishments. And it may be much sooner than you think; that is the way LBJ operates once his mind is made up.

Stress On Construction Plans

No feature of the plan will send out more profitable waves to practically all parts of the nation's economy than the massive construction complex envisioned by the White House. The strong majority of Congress is at the President's beck and call, ready to support his utopian and wide-ranging proposals, — prepared to keep the necessary funds pouring into the required channels. Even businessmen who fear the long-term march toward a compete welfare state, toward a more "socialistic" government, can ill afford to neglect the opportunities that lie ahead, whether they like the trend or not.

There is going to be a monumental building explosion, with special emphasis on educational institutions, hospitals, health centers, and recreation conveniences. There will be few settled parts of the country that will fall to share in this special bonanza, superimposed upon an already prosperous business fabric. Spurred by the construction surge will be an already burgeoning highway building program and expansion of such inevitable needs as more efficient water and sewer facilities. Utilities of all sorts will benefit.

Capitalizing On The Program
From the very first there will be glittering advantages for those keen enough to work for an inside track early in the game.

Roger W. Babson

Architects and professional planners will be in increasing demand, followed by engineers, suppliers of all types of building materials and labor, and landscape technicians. If you manufacture goods which do not appear to be applicable to forthcoming needs, look into the possibilities of adapting existing plant to turn out such products.

Local boards of trade and chambers of commerce will be able not only to give you helpful information but also to head you in the right direction as new developments take shape. Commerce Department and Small Business Administration offices — either in your nearest large city or in Washington — will be of assistance in helping to formulate the best pattern for cashing in on emerging opportunities related to the vast building scheme. The first step for manufacturers and service concerns is obviously to find out where government projects are to arise in their localities. Next is to get close to the most promising distribution set-ups. Then follow through.

From Ground-Breaking To Upkeep

In erecting schools and medical centers, government planners and operators will need land, construction equipment of all types, and a complete assortment of materials, seating and other furnishings, — in addition to skilled personnel. There will be a heavy — and continuing market for all kinds of consumable articles. Schools will require books, paper, writing equipment, blackboards, maps, decorative and artistic items, tape and sound machines, internal-circuit TV, biological supplies, chemistry materials, woodworking machinery, laboratory equipment, printing equipment, duplicators, office apparatus, gymnasium supplies. The variety is almost endless, and use and obsolescence will require steady replacement.

The medical centers call for an even greater outlay, with such a wide scope of basic equipment and replacement needs that it is hopeless to try to list them in this limited space. It should be noted here that, once a building is in use, cleaning costs amount to about 50% of each operational dollar. Hence, it will be worth

while for service concerns to arrange in advance for openings in the forthcoming schools and hospitals. Contract cleaning is already a huge industry, and it will grow by leaps and bounds.

Whether directly or indirectly, scores of lines will benefit from prospective vacation-recreation innovations. Astute businessmen will plan now to take full advantage of all these coming projects.

CHECK THAT MEDICINE CHEST

DON'T wait until spring cleaning to clean your family medicine chest.

The medicine chest contains elements highly useful but also some things that are possibly dangerous. Every year 500,000 children accidentally swallow potentially poisonous substances and 500 of these children die.

All medicines should be kept out of reach and sight of children, and should be kept in their original containers.

Medicine should never be given or taken in the dark. Medicinal tablets should never be referred to as candies and, as children tend to imitate grownups, adults should take their medicines when the children are not present as interested observers.

The ubiquitous aspirin accounts for about half the accidental poisonings in children and should always be kept in the locked medicine chest.

Old medicines should not be kept, neither should bottles whose labels have become illegible or detached. Poisonous substances no longer identified as such can easily be taken by mistake when reaching hurriedly for something to relieve an upset stomach or a headache.

Check the contents of your medicine chest today and also check that the lock is efficient and that it is out of reach of small fingers.

HOOSIER LIVESTOCK, POULTRY VALUES DOWN

Indiana farmers owned livestock and poultry valued at \$394 million last Jan. 1, report state-federal agricultural statisticians at Purdue University. This is six per cent lower than the Jan. 1, 1964, value of \$421 million.

Inventories of hogs, chickens and turkeys dropped below year earlier levels; however, sheep increased on Indiana farms and cattle numbers remained about the same.

Cattle totaled 2,188,000, the same as a year ago, but five per cent more than average. Value of all cattle was \$260 million, eight per cent smaller than the Jan. 1, 1964, total and 11 per cent below average. Continuing their downward trend, milk cows declined to 419,000, four per cent fewer than a year earlier and the lowest number on farms since 1871.

Hog numbers, estimated at 4.5 million head, dropped 11 per cent during the 12-month period. In-

ventory value totaled \$113 million, four per cent smaller than the Jan. 1, 1964, total. Average value per hog was \$24.60, compared to \$22.80 on Jan. 1, 1964.

Sheep and lambs totaled 443,000; this was three per cent more than a year earlier. Of this total, 401,000 were stock sheep and lambs. Value of all sheep and lambs was estimated at \$6.4 million, compared to \$5.8 million on Jan. 1, 1964.

Chickens, excluding commercial broilers, totaled 12.6 million, one per cent fewer than a year earlier. Their value was estimated at \$14.5 million.

Turkeys, excluding turkey fryers, totaled 94,000 — 11 per cent fewer than on Jan. 1, 1964. Estimated value was \$432,000.

GLUING FURNITURE JOINTS

Warm, dry houses in winter often cause problems with furniture. Heat and low humidity dry glued joints and allow them to loosen or come apart.

Carl Eckelman, of the Wood Research Laboratory at Purdue University, says it is easy to repair dowel joints by following a

few simple rules. Use enough glue. Be sure the holes are large enough to permit air to escape and excess glue to be forced up the sides of the dowel.

If you do not put an adequate coating of glue between the sides of the dowels and the sides of the holes the joints will be weak.

For strong joints, apply either hot animal glue or the newer polyvinyl glue.

Dowels should not be loose, but they should slide easily in the holes using finger pressure alone.

Use clamps, rope or weights to exert pressure on the joint until the glue dries. Allow joint to set overnight before using.

In cleaning a house, as in winning a spouse, the right techniques can save untold effort. If you use these simple house cleaning shortcuts recommended by experts, you'll spend fewer hours on the job and probably feel a lot fresher when the necessary chores are done:

To clean brass handles on furniture, remove them and soak overnight in a jar of vinegar. Dry them well with a soft, clean cloth. This brings brass to a beautiful shine and will improve the appearance of your furniture.

To clean the dial of your telephone, put a moist ball of cotton in several dial spaces and then dial a few times, leaving the receiver in place.

To clean wicker furniture, scrub with a stiff brush which has been moistened with warm salt water. Salt keeps the wicker from turning yellow.

Tall, narrow vases are cleaned by using a solution of tea leaves and vinegar. Pour the mixture into the vase and let

stand for half an hour. Then pour out the mixture and rinse well.

To keep pleats on skirts and dresses pressed when the articles are hung in a crowded closet or stored in a garment bag, hold them in place with bobby pins or paper clips.

For an effective defense against moths, place Solvay® para (paradichlorobenzene) crystals near the top of your garment bags, closet or other tight clothing storage enclosures. Use about one pound for every 100 cubic feet. Vapors drifting down from the para will do the rest. The best temperature for the most effective use of the crystals, according to pest control experts at Allied Chemical Corporation, producer of the chemical, is 65-70°F. Para crystals are available at local supermarkets and drug stores.

Use a very fine grade of sandpaper to clean felt hats. It's good for white and pastel shades as well as dark colors.

Indiana H. S. Achievement Program

By Robert Vondra

Each year, the Indiana High School Achievement Tests are taken by a gifted few from Culver High. The purpose of these tests is to stimulate interest in learning, and to spark school and community pride in academic excellence through recognition of a student's good performance. Also, a student may choose to make the results of his test known to any college in Indiana, for advanced placement and credit. Only seniors are able to take these tests, which will be given in the South Bend branch of Indiana University Saturday, April 24.

The students Mr. Lawson is sending to South Bend for the Government test are Jeanne Adams, Peggy Herr, Dave LeMar, Kay Thomas, Linda Thurin, and Larry White. Students Mr. Hughes has selected to take the Mathematics test are Jim Boswell, Sue Cole, Bob Eustis, Peggy Herr, Jim Lewis, Pat Seslar, Kay Thomas, Linda Thurin, Jim Welrick, and Layne Zechiel.

When the tests are finished they will be graded and ranked in Bloomington. The winners will receive recognition and modest awards. High ranking contestants and their teachers will be able to attend an Awards Luncheon on May 22nd. Let's hope a lot of Culver's best will be there!

DO - RE - ME - - sounds as if the choir is preparing for the coming concert. The choir and band will be giving "The Spring Band-Choir Concert" on May 2 at 2 p.m. This is to be held in the gym for all who wish to attend.

Congratulations to the National Honor Society and the Student Council for their successful Spaghetti Supper. We hear that they took in \$402. The money cleared is to be used to buy awards for C. H. S. students.

Maybellene

By Patrick Seslar

The other day when I was driving DOWNTOWN some girl in a LITTLE DEUCE COUP ran right smack into my car. It wasn't my fault, but before I could say anything, the girl hopped out of her car and screamed at me. "Who do you think you are? KING OF THE ROAD?" And I screamed back at her just as loudly. "Don't you know that TOBACKA ROAD is one-way and you're going the wrong way?" With daggers flashing from her eyes she retorted. "Well, DO WA DIDDY, now ain't that a pity!" After about two hours of such conversation, we settled our differences and became close friends.

I stopped by her house one day to ask for a date. I asked one of her neighbors if MAYBELLENE (that was her name) was home. They just said, "SHE'S NOT THERE, in fact, she's usually gone EIGHT DAYS A WEEK."

I called at her house anyway and the neighbors had told me correctly, for the only person

home was her grandmother, a LITTLE OLD LADY FROM PAS-EDENA. From talks with her grandmother, I learned that Maybellene's father was LEADER OF THE LAUNDROMAT Owner's Club in that area.

Well, when I finally did get a date with her, I took her to a movie, but all I could do was babble, "I WANT TO HOLD YOUR HAND."

On the second date, we went to a dance. I thought I was a pretty fair dancer until I heard her say to a girlfriend, "I'LL NEVER DANCE WITH ANOTHER boy like him."

Determined to prove my abilities, I walked over to them and swept Maybellene out onto the dance floor. I left her friend standing there after I said, "BYE, BYE, BARBARA. Maybellene and I are going to dance up a storm." I guess I must have insulted Barb somehow, because later she came over to me and tearfully blurted, "I DON'T WANT TO SPOIL YOUR PARTY, but IT'S MY PARTY, AND I'LL CRY IF I WANT TO." I felt pretty badly about it all, but the most I could manage was a humble "I'M SORRY".

I took Maybellene home and as I was about to kiss her again, she reminded me that this was to be the LAST KISS-TONIGHT.

I had hardly left her door when I heard her dialing the phone and I couldn't help overhearing her say, "HELLO MARYLOU, DO YOU WANT TO KNOW A SECRET. Well, I'M TELLING YOU NOW, THIS BOY..."

When I got home, my dad was waiting. He eyed me seriously, and stammered, "S-son I th-think it's time you LET ME TELL YOU ABOUT THE BIRDS AND THE BEES." We finished 15 minutes later — he red-faced, and I not knowing any more than before.

After that, LITTLE THINGS began to go wrong between Maybellene and I. Soon we were about to go our separate ways. The last time I saw her I said, "BREAKING UP IS HARD TO DO, and I know that FOR YOU it must be THE END OF THE WORLD."

I could never figure why when I said that her face wrinkled into a smile, then contorted into a full face laugh and finally found her convulsing on the ground with hysterical laughter.

CAPTIVITY

By Ruth Benner

As I sit here in this classroom surrounded by the studious atmosphere, the discipline, and the walls, and as I gaze out the window at the splendor of the new spring day, I gradually become aware of a desire to be elsewhere. I'm trying to concentrate on my studies, but I know that that squirrel out there on the branch is laughing at me. See, there, just now he cocked his head and scampered down the trunk and back up again just to show me that he's free to do as he pleases.

I'm imprisoned — caged in. Why is it that at a time like this I think of the joy of running through a shady wood and bursting out into the sunlight and fragrance of a forgotten meadow? How refreshing it would be to roll down a sand dune into the welcoming cool water below, or to climb a young cottonwood tree and swing back and forth in the breeze! I picture myself out in a boat racing the waves and tossing in the whitecaps with the motor wide-open, free of the yoke of schoolwork and the classroom discipline.

There, now I've been daydreaming; it's time to come back to earth. Swinging in the trees is all right for the squirrel, but squirrels don't have the responsibility that comes with human intelligence, the obligation to try and make the world a better place. Consequently, squirrels don't have fine music and art, nor do they have roads, bridges, churches, or cities. Laugh all you want to, squirrel!

THE IMPOSSIBLE

By Terry Gentry

It was a hot, humid day, and the boy standing on the mound with his tall, small frame, was in a terrible jam. He took his position on the rubber and then quickly struck out the last batter. He walked slowly off the mound toward the dugout. He was sure they were out of it now. Fourteen runs behind with only three innings to go was a great margin. This was a regular nightmare. The bottom of the fourth inning was not as bad as before. Jim drove in two of the five runs they scored that inning.

Nine runs to make up in two innings is a tremendous amount but first he had to hold the other team. He walked around the mound slowly and then took his position on the rubber. He smiled at Bill, the catcher, and they began. Jim put them down in order the next two innings while his team scored three runs.

It was the bottom of the final inning. Jim was the leadoff man. With his team trailing by six runs, he had to get something started. He stepped in the box and with his low voice said something to the catcher. He then hit the first pitch on the ground to the short stop and was thrown out at first base.

A musical variety show, "Showcase" will be presented at the North Judson High School auditorium on Friday, April 30, and Saturday, May 1, at 8 p.m.

Better check up if your car appears to steer too easily. You may be carrying too much weight in the rear. The Institute for Safer Living says that excessive weight in the trunk compartment may cause you to lose steering control in an emergency. Also it may lead to early break down of rear springs, axle or wheel parts. If you must carry heavy loads, distribute some of the weight to the passenger compartment.

Frank Setzler Writes Of Storm Devastation

(Editor's Note: The following description of the Palm Sunday tornado damage in the Kootz Lake-LaPaz-Wyatt area was written for The Citizen by Frank M. Setzler, who toured the area a few days after the storm.)

By FRANK M. SETZLER

I have just returned from the devastation near Tyner. The Boy Scouts and Explorers of Culver were requested to help and assigned to this district. Everett Easterday and I, as leader and assistant of the Explorers, filled our cars and drove there.

The second day after the storm Susan and I, with two boxes of worn clothes, drove from here to Kootz Lake, the western extremity of this northern Indiana section of one of the many twisters that seemed to strike simultaneously. Kootz Lake is a small man-made resort area near Walkerton. Susan and I were not permitted to drive near the devastation. Because of the danger of looting, the National Guard were stationed at all intersections. From here we turned east and followed the county roads toward U. S. Highway 6. The first indication of a storm was a swath of freshly broken and twisted trees in a forest primeval. Almost unnoticed was a freshly appearing square of concrete with large 8x8 posts standing at various angles. As we got closer we could see a mass of straw, some still bailed scattered for maybe one-half mile in the same direction as the broken trees were pointing. And then we saw what had been a house. We drove over beside it. A man was walking around picking up pieces of wood and throwing them on a large bonfire. I asked him if he could use some of the clothes we had in the car. He said no. He did not live there. He owned the property, and was trying to get it cleaned up. The people who had lived there were in the hospital, and some were at their relatives down the road. We continued northeastward.

Where the path of the storm crossed U.S. 6 several state highway trucks were hauling away the ever present sections of corrugated

tin roofs. These were bent in all possible shapes. If they hit an animal during the twisting vacuum, they served as a surgeon's scalpel. When we reached U.S. 31 we turned north. Just beyond LaPaz we saw the walls and steeple of a frame church scattered on both sides of the broad four-lane highway. A large integrated high school is being built across the road from the church. The walls that had no roofs were blown over, large cranes were bent and twisted, I understand that all plans, specifications, drawings, and orders were sucked up in the vortex and disappeared.

Just beyond Lakeville we turned east on State Road 4. We were now a bit north of the path and headed for Wyatt. We followed several county roads, being new in this area, and finally we came to a cross road with a civil defense boy. We told him we had some clothes for the people that could use them, but how do we get to where we can deliver them. He shunted us around some more dirt roads, crossing some of those high tension wires that were on the ground. Finally we could see the stub ends of two large silos, the only things sticking above the debris. Orchards were hardest hit, and those spruce and evergreen trees, anything with resistance, were all lying on their sides.

We finally came to a cross road with a state policeman and a national guard and told them about the clothes. We wound around trees that had been cut enough to permit one-way traffic, parts of chimneys still lying in the road, portions of house walls that had not been cleared, and all the trucks and men of the utility companies. We came to the small volunteer fire department, one of the frame buildings standing upright. The fire chief told us that the clothes were being collected across the street. I had to drive another block of destruction before I could turn around. We approached the railroad tracks. Funny thing. Those bells that ring when the lights are red were sounding. I expected to see a train approaching. Then I saw the mill. These were the two big silos we had seen in the distance. It looked as though some giant had taken one of those high tension towers

and just kept swinging it until it had chopped the tops down about half way. Parts of the debris covered the tracks. No train could have smashed its way through. On one side was one of those large grain hauling trucks with part of the elevator on it, so that it was only half its size. One of the things I learned from those bells ringing. If the electricity is off as this was, never cross a railroad track, especially those with lights, unless you come to a stop, open your windows, even in the cold of winter, listen and look both ways, before crossing.

I finally had to turn around, and drove back to where the fire marshal told me they were collecting clothes. It was a side door of one of the concrete block buildings. Inside were about five women sorting clothes on make shift shelves recently put up. I left the clothing with them.

Do not forget Sunday School services each Sunday at 10 a.m. Attendance last Sunday was 55.

The regular meeting of the W.S.C.S. will be held at the church Wednesday evening, May 5. The ladies of the Hamlet Society will be guests in cooperation with the Visitation program in the South Bend district.

A good profit was realized by the local society from the luncheons served at the Gary Fields sale Saturday. There was a large crowd in attendance.

Mr. and Mrs. Guy Davis attended the spring meeting of the South Bend district held at Epworth Memorial Methodist Church in South Bend Sunday. Rev. and Mrs. Leon Stark also attended and were recommended and accepted to local elders order.

Mr. and Mrs. Clarence Kline were Sunday dinner guests in the home of Mr. and Mrs. Everett Goodman. Mr. and Mrs. John Bryan of Culver and Mr. and Mrs. Roy Parker were Friday evening visitors in the Goodman home.

Several from this place attended the ground breaking ceremony for the Whippoorwill Community Church which was held Sunday afternoon. This church was the former Grand View E.U.B. with a congregation of over 100 people. They have been holding services in the old Lukenbil Funeral Home Building in Letters Ford

since the E.U.B. Conference padlocked their doors several weeks ago. The action followed a dispute between the Conference and the congregation. The new church will be located 1/4 mile south of the old existing building and will be non-denominational.

Mrs. Guy Davis attended the Annual meeting and Smorgasbord of the 4-County Mental Health Clinic at Warsaw on Thursday evening. The meeting was held at the Westminister Hotel at Winona Lake following open-house at the Clinic. There was a large attendance.

Mrs. Charles Hartle is still confined to the Parkview Hospital in Plymouth.

DESIGNS — ON OR OFF THE GRAIN?

Before buying curtain and drapery fabrics check to see if the design is printed on the grain of the fabric, advises Ezelle Johnson, home furnishings specialist at Purdue.

She explains true grain means that length-wise and cross-wise threads cross at a right angle. Fabric may be unevenly stretched during printing resulting in designs which are off-grain.

Be sure the design pattern is parallel to the selvages and is straight with the torn edge. If the fabric has been cut, trace or pull a thread all the way across the width to see if the pattern is even.

Having an on-grain pattern is especially important in fabric with a definite design, such as provincial prints, printed-on checks or plaids. The pattern must be straight so that the design matches when two widths of fabric are sewn together.

Cole Porter, born 1891, Peru, Indiana

HIS GREATEST HIT:

Inspired by a night in Morocco!

FROM the minaret of a Moslem mosque a Moham-

medan priest was calling the faithful to worship. His wailing voice entranced the visitor, Cole Porter. He couldn't rest until his musical genius had transformed it into one of the world's most famous songs—the haunting *Night and Day*!

It was soon followed by other hit songs: *Begin The Beguine*, *It's DeLovely*, *What Is This Thing Called Love*, *You're The Top*, *Anything Goes*, *I've Got You Under My Skin*, *Friendship*, *Don't Fence Me In*, *So In Love*, *Wunderbar*, *I Love Paris*, and so many more.

Porter wrote his first song, *The Bobolink Waltz*, when he was 10 years old—and he never stopped. Today, he is considered one of the most talented composers America has ever had. He is immortal.

Back when *The Bobolink Waltz* was written, there was no radio, no television. But the telephone had been around for a quarter of a century. Service in those days, however, left something to be desired. It was an uncertain and expensive adventure to make a long distance call then. But now, you can call any place in the continental U.S., excluding Alaska, for \$1.00 or less (station-to-station after 8 p.m., and all day Sunday).

It's all part of Indiana Bell's determination to offer the finest telephone service at the lowest possible cost.

THE COOK'S BEST FRIEND

What a wonderful convenience a phone in the kitchen would be. So much time is spent there—cooking, doing the dishes, preparing shopping lists. It's surprising the time and steps a phone saves. Try a new wall phone—always within reach, but never in the way. Choose from rich, decorator colors. Call our Business Office or ask your Telephone Man for details—today!

Jaycees Observe Ladies Night

The Culver Jaycees observed Ladies Night with a dinner meeting at the Culver Lions Den Thursday evening when Ward Lane, warden of Michigan City State Prison, was guest speaker.

Mr. Lane, who has been warden at Michigan City since 1961 and has had experience in Indiana correctional institutions since 1934, commented to the audience of 50 that of the 2440 men committed to the prison, 90% are rehabilitated to take a useful place in society. Unfortunately, the corrective institutions of the state are the last to be considered in the state budget. He cited as an example that one of the buildings that is in use at the prison has been condemned by the State's own fire marshal.

Warden Lane reminded those

in attendance that their tax money supports the prison program which is administered by the State and the tax payer should be influencing the legislators to improve rehabilitation conditions. A number of inmates cannot read or write and Mr. Lane commented that one prisoner 50-years of age just recently was able to read a letter from his mother and is just now able to write. To help such men a complete school program from grades 1-12 is in effect in the prison.

At the dinner, Roy Nicodemus and Roger Wise were presented an Indiana Jaycee Spoke Award for their outstanding service to the Culver community. At a meeting following the Culver Jaycees voted to donate an air brush set valued at \$75 to the industrial shop at the prison and the club will initiate a state-wide prison rehabilitation program with the cooperation of Jaycees through-

out the state.

The nominating committee committee composed of Eddie Amoud, chairman, with James Kline, Charles Edgington, Joe Anderlohr, and James Bonine, announced the following slate of officers: president, Roy Nicodemus; 1st vice-president, Robert Kline; 2nd vice-president, Bill Snyder; secretary, Latham Lawson; treasurer, Ronald Tusing; and director, Lance Overmyer.

The Jaycees approved a project for May 29 when they will serve the dinner for the Argos Alumni banquet. This will involve 20 men from the Culver Club. Bill Heck was a guest at the Thursday night meeting.

The spiritual requirements for release from guilt and suffering will be examined at Christian Science church services this Sunday. Subject of the Bible Lesson is "Everlasting Punishment." Included in the Scriptural passages to be presented are these verses from Ezekiel: "Make you a new

heart and a new spirit . . . For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourselves and live ye."

These related passages will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The way to escape the misery of sin is to cease sinning . . . The belief in sin and death is destroyed by the law of God, which is the law of Life instead of death, of harmony instead of discord, of Spirit instead of the flesh" (pp. 327,253).

A cordial welcome is extended to all to worship with us.

The newspaper is the only medium that works 24 hours a day to bring the advertiser's name to the public.

Ever thought about that word — its deep, stirring meaning? We start out as part of a family. And even though we know we are "little" it doesn't matter. We are part of the family—that's important. And what we will become—the family is looking out for that!

Then one day we are grownups. And again we are part of a family. But now we are "big." Oh so big! For what the rest of the family will become—that depends on us!

How important a part did the Church play in your transition from being little to being big? Well, in this free land, the chances are good that you grew up spiritually as well as physically.

But, even if you didn't—it's not too late! Not only can you see your children off to a free and fine education, but you can come with them to church . . . where the "little" and the "big" learn of GOD . . . where the truth of Christ's teaching guides the destiny of THE FAMILY.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The eighth grade of the Monterey High School took a tour of historic sites of Southern Indiana to complement the students of Indiana history. They went April 24-25. The route included Vincennes, Harrison Home, Capital building, print shop, the old cathedral and Clark Memorial. A walk across the Wabash river to visit the Lincoln Memorial on the Illinois side. A visit to Lincoln City and Santa Claus, Owensboro, Ky., visit the Pioneer Village at Rockport, Leavenworth on the Ohio River, Wyandotte Cave, a tour of Corydon, Brown County and a brief stop in Indianapolis was the final event. Taking the trip were Charlotte Ruth Brueker, Alice Ulm, Katherine Mahler, Cathy Long, Karla Hoover, Jane Peterson, Judy Peterson, Sandra Balcunas, Carrie Wilcox, Mary Fisher, Barbara Rose, Sarah Hipple, Linda Johnston, Robert Pugh, Steve Doty, Gaylord Brettman, Ed. Lehman, Bernard Nies, Roger Chapman, John Neff, Rick Pugh, Greg Feece, John Wamsley, Terry Dollahan, sponsor Jon Dunning, and Mrs. Dunning, chaperone.

A style show will be held at the Monterey High School gym Thursday, April 29, at 8 p.m. when the Home Economics girls of the seventh and eighth grade, high school girls and the girls of Fairview school, under the direction of Miss Avis Risk, will model the garments they made this term of school. Miss Betty Freel will be in charge of the style show, with the junior and senior girls assisting. There will be musical numbers and the public is invited.

The Monterey Methodist W.S.C.S. will meet May 6, at 7:30 at the home of Mrs. Ruby Buchanan. Mrs. Frances Masters will give the lesson and Mrs. Deloris Hart will give the devotions.

Our Academy Neighbors

(Called from the April Issue of the CMA Messenger)

CONGRATULATIONS . . . to Capt. Steve and Jeannine Friend, on Stephen Lloyd, born March 23. That makes one-and-one for the Friends . . . And to Dave and Paula King for Stephen Burnett, born March 29, and weighing in at 6 1/2 pounds . . . And to the Bill Covingtons, whose son, Bill, and wife, Ann, presented them with their first grandchild, Ann Marie, on Feb. 8, 8 lbs. 6 oz., at Lemoore Naval Air Station.

Congratulations to Jim Miracle, who was married on March 23, to Mrs. Alessandro Angelucci (Martha), at Hampton, Va. Mrs. Agnes Miracle, Jim's mother, came from Oshkosh, Wis., a week ahead of the big event to sort of help the family organize, then accompanied Jim, Laura and Jimmy (Tom, in school at SMU, didn't get vacation at the same time as we) to Hampton, then returned for a week after vacation before Jim took her home. Martha will be coming to Culver over Government Inspection weekend, and again for June Week; meanwhile, the mails and telephone lines are busy between here and there. The new Mrs. Miracle has a Piano and Voice Studio in Hampton, which keeps her there, instead of here. Martha has studied and sung professionally; one of her teachers was the famed Rosa Ponsell.

VACATION WANDERINGS . . . Ron and Dottie Gleason had a 29-hour start toward Chapel Hill before Ruth and Eloy Graham left Culver, but guess who passed the Gleasons on the West Virginia Toll Road? That's right! Seems that Ron and Dottie ran into a freak blizzard and spent a day in a motel, watching the snow go by! Both parties were quite surprised to meet and pass and Ruth beat Ron by one-half hour in arriving in Chapel Hill, where Jerry Graham Gram (and three boys) and Bill Gleason were waiting for them . . . Bob and Sue Bauman, with little Alicia, took the Southern Pacific to Tucson, Ariz. for vacation and a visit with the "Oby" Obenaus at the Southern Arizona School, where Bob will teach next year. "Oby" has now retired from the school, where he has been teaching since he retired from Culver. They will remain in Tucson, or rather, near Tucson, in their beautiful home with "a perfectly gorgeous view of the San Catalina Mts."

Ruth Gollnick took a few days off for a trip to Indianapolis to visit Judy and to do some shopping . . . Grandchildren figure prominently in many pictures 'round about . . . Emily and Ann Ryman, granddaughters of Dottie

and Ed Payson, spent 10 days of their vacation in Culver, brightening the Paysons' lives. Young Mary (aged three) had been here, "solo", earlier . . . Virginia Bays made a dash to California to see Carter and Martha, but especially, Miss Caroline! . . . Ohio was "done" by Barbara and Ken Hestgard over vacation as they visited the Hardigg Sextons in Oxford, Ohio, where Hardigg is chaplain of Sesquicentennial Chapel of Miami University, then went on to visit Karen and Bruce in Troy, and Helen and Dick in Springfield. The Sextons are doing well, daughters and their husbands just fine, and grandchildren are splendid . . . At least, that's what Mrs. A. A. Karl, Charlotte Walker's mother, from St. Joseph, Mo., thought about Craig and Wendy when she visited the Walkers for the first glimpse since their return from Greece. She missed all the excitement of Craig's rather sudden, though not unexpected, appendectomy, on April 2. (Glad to report the young sprouts spring quickly back, and this one is all-boy-sprout!)

Bob and Phyllis Hartman spent their vacation at their cottage in Virginia, near Roanoke, and feasted their eyes on fields of daffodils when they weren't visiting Bob's friends and relatives in that neck o' the woods . . . The Streeters and the George Johnsons, at least, made the trek Florida way to find a bit of sunshine — and generally succeeded . . . The biggest thrill of all came to Fairlie Firari when she saw "Hello, Dolly!" with the delightful Carol Channing. Mother Nancy was along, too, on the trip to New York, over the vacation . . . The college crowd manages to get home over vacations, if at all possible. Among those here at the end of our vacation were: Allan Estey, Malcolm MacQuillan, Jane Benson and Jean Curry. There must have been more??? Capt. John G. Craig, son of Brad and Frances, was here to accompany them to the Dinner dance before returning to Lincoln AFB, Neb., and his family.

Jean Curry's parents, Bert and Bea, went to Washington U. in St. Louis, to pick her up. Jean, who is working on her master's degree in social work, has just been awarded a National Scholarship for graduate work in social work; complete tuition and living expenses!

Bob Blair, son of Russ and Sunny, has finally won his own "battle for Viet Nam," and will return there by the 10th of May. When he called to tell his parents, excitedly, that he was going back, he forgot to tell them that he had also won the Bronze Star, and his brother, Russ, Jr., had to call them back and tell them that piece of news. Bob will be here for four or five days around Easter. As a prelude to the flurry, the Blair family was together for the first

time since 1957, when they all met in Washington, D.C., with Russ, Jr., Emma Lou and baby Anna, up from Florida. All the Blairs had dinner on March 23 with the Dawsons—Clifford, Juanita, Donna Kay, and David. Cliff and Juanita are happy that overseas orders have been cancelled and that they will remain at Fort Belvoir for another year.

Ethel Rossow is in California now enjoying being with daughter Nancy . . . Ken and Karen Crowe, former faculty, now of Carlinville, Ill., spent the weekend of April 9 with Anita and Tony Leon . . . While the Hartmans are in Canada this summer their house will be occupied by three familiar faces: the Reeds — Horton, Mary Ellen and Miss Sally. Horton, who spent a night with the Reichleys on his way home to Lancaster, Pa., from the NAIS Conference in Chicago, before vacation, will be on the Summer Schools staff . . . Dr. Milan Baker, after two stays in the hospital the past month, is on the mend, but trying to take it easy, so therefore, can't really be said to be "in the stream of things," especially since spring and the golf course are conspiring against him . . . Lee Curry will be home over Easter, when Hanover College has its vacation.

Katy Martin had to leave Bill and son David, to "batch it" while she is in Hannibal, Mo., because of illness in her family . . . Sunny Blair's mother, Mrs. Herschel, and Sunny's Auntie Olga, from Olso, will make a flying visit here for a week, on their way back to Philly from points North . . . More happy grandparents were Lew and Mary Stone when Wally and Judy Stone with David (aged three months), came from Chicago for a few days, and when Joe and "Pete", with their little ones, Mike and Mary Jo, from Elgin, dropped over for a long weekend.

Mary Jane Eckert has stepped into the breach at the Culver Community School, and is teaching one section of the sixth grade for the rest of the year.

The Elkhart Chamber Music Festival on Sunday, April 25, will feature the Trust Fund String Quartet, with Ed Payson on the cello . . . Former counselor and instructor at the Academy, Chuck Kauffman, is now director of Guidance at Huntington Community Schools, of Huntington, Ind. This summer he'll be acting principal of the Community Summer Schools (Huntington) . . . Glenn and Grace Coolman stopped briefly with the Kauffmans the first of April and report that Joyce now has her masters in speech therapy and is very busy being a therapist for a number of schools in their areas.

Bill and Shirley Melander are the proud parents of a baby boy Michael Alan born March 19.

Did you know Jerry "Cowboy" Anders helped with the big round-up in Plymouth the night of the train derailment when cattle were roaming the streets of that fair city?

The newest addition to the library force is Norman Mann who

is keeping the building shining bright along with Wallace Starr whose birthday was celebrated by the entire staff a little while ago . . . The illness of Sara Riewoldt's mother in Argos the week after spring vacation necessitated Sara's absence from Memorial Library . . . Ruth MacQuillan was sorry that her vacation didn't coincide with Malcolm's but she enjoyed having him home from Wooster for the week that he did make it . . . Kay Meier spent her vacation at home wondering how her ailing husband was getting along on his tour of duty in Chicago with the Army . . . Betty Bryant spent busy week in Pittsburgh, celebrating her mother's 86th birthday.

During spring vacation Dr. and Mrs. Ralph Streeter drove to Sarasota, Fla., to visit relatives . . . Virginia Abair flew by jet to the cool south to visit the Hugh Ayer family in Denton, Texas, and the Claude Zetty family of San Antonio, Texas.

The ladies of the Military Science Department gathered at the home of Mr. Scruggs on March 31 for a shower for the newly arrived son of Capt. and Mrs. Stephen Friend. The shower was given by Mrs. Scruggs and Mrs. Eitel. Jeannine's mother, Mrs. Lloyd Brown, of Hastings, Neb., attended the shower and remained with the Friends' until April 7.

Word was received of the impending orders for the departure of Sgt. and Mrs. Davenport and family. Their actual departure date may change, but as of now, they will be reporting to Fort Leonard Wood, Mo. in May.

Hearty congratulations to Jim and Mary Lou Scobee on the arrival of their little son, Mark Aaron arrived at Parkview Hospital, April 4. He weighed in at 8 lbs., 1 oz. Jim is groundskeeper at the golf course and Mary Lou worked in the admissions department . . . Welcome to Margaret Jewell who joined the staff of the purchasing department March 24 . . . Mr. and Mrs. Cecil Humes were honored on their silver wedding anniversary on March 21.

Mrs. Charles Hartle was taken to Parkview Hospital, Plymouth, April 21 for observation . . . Paul Kelly Jr., son of Paul Kelly was admitted to Parkview Hospital, Plymouth, for observation. Paul Jr. is back home and doing fine . . . Jim Sperry entered Parkview Hospital for observation March 29. Jim is back at his duties in the greenhouse at the garden department.

Welcome to the new employees who have started to work for the summer months. Leo Warren is helping Charlie Hartle on the athletic grounds. The new helpers in the garden department are as follows. Harry Cannon, Harold Campbell, Arthur Poor and James Tursi . . . Mr. and Mrs. James Sperry became the proud grandparents of a little grandson born at midnight April 5. Their daughter (Beth), Mr. and Mrs. Delbert Grossman are the proud parents. Little Patrick Leroy was born at Parkview Hospital.

Jan Wagoner was out April 5 with the flu . . . Myra Geiselman has been out three days, we certainly hope she feels better soon.

With the local weather conditions during the recent spring vacation, most of the Dining Hall employees hibernated inside their homes, catching up on the odd jobs that had been put off since Christmas. Those who live in Kentucky did head for home as quickly as possible and did escape the brunt of the nasty weather. Two other families, also, hurried to the sunshine and warmth of the South. The W. H. Schuttes spent two weeks touring Mexico and delighting in the scenery, customs and contrasts that are to be found in the country. The E. W. Mattox family picked up "seashells by the sea-shore" on Sanibel Island, Fla.

Donna Ditmore and Becky Ely are no longer working in the Uniform Department . . . Chuck Arthurs is now working in our dry cleaning department.

Kenneth Mahler, a former employee of the cleaning department sent us an announcement that he and his wife are the proud parents of a son born March 17.

Elgie and Margaret Good and Mrs. Agnes Drang went to Gary March 23, to celebrate the birthday of John Drang. Bonnie Good spent the spring vacation from Purdue University with her parents.

Sylvia Butler entertained her son Robert and family March 28 at a turkey dinner . . . Agnes Drang entertained at a pink and blue shower for her daughter-in-law Mrs. Richard Drang. Other hostesses were Mrs. John Drang and Mrs. Virgil Gaines.

Marguerite White and family visited her sister Mrs. Susie Peterson March 25. On Sunday, March 21 they visited Mr. and Mrs. David Weeding and family and Lyle Baker Jr., who was home from the Navy . . . Mr. and Mrs. Wallace Starr spent the weekend in Kewanna with Mrs. Ethel Hudkins. Sunday afternoon they visited Mr. Hudkins' sister-in-law at Lucerne and Mrs. Mary Brown in the Miller Nursing Home, Rochester, Ind. . . Orval and Opal Coby spent spring vacation helping their son Larry Parker and family move to Rennelear . . . Margaret Kimmel spent part of her vacation with her mother Mrs. Emma Doll and her mother Mrs. Della Overmyer in Mishawaka . . . Eva May went by train to Columbus, Ohio, and spent a week with Mr. and Mrs. Larry Poling, Tim and Kelly. Glenn joined them over the weekend and they all came home together.

TOM BOSWELL PLAYS THIRD BASE ON DEPAUW TEAM

Greencastle, Ind. — Tom Boswell of Culver is playing regular third base this spring for the DePauw University baseball team. A 5-10 junior, Boswell picked up four hits in the first game of the year at Indiana Central. His base hit drove in the winning run in the nightcap of a doubleheader win over Wheaton this past weekend, which put DePauw at 6-5 for the campaign.

Boswell is the son of Mr. and Mrs. Hampton Boswell, 433 Harding Court, Culver. He is a graduate of Culver High School and is majoring in economics at the 2300-student private liberal arts college.

Col. R. Mendenhall, Pentathlon Coach, To Visit C.M.A.

Lt. Col. Ralph Mendenhall, coach of the U.S. Modern Pentathlon team, will visit Culver Military Academy on Monday and Tuesday, May 3 and 4, as part of a tour to attract candidates for the American team.

The public is invited to a snowing of films and a talk by Col. Mendenhall in the Academy's varsity gymnasium at 4:30 p.m. Monday. The pentathlon coach will also be available Tuesday to answer questions on the program.

Scholarships are being made available to outstanding athletes who might be candidates for the team. The scholarships would enable these athletes to attend the team's school this summer at Ft. Sam Houston free of charge. The modern pentathlon requires an athlete to participate in a series of five events: swimming, fencing, cross-country, equestrian events, and pistol-shooting. The U.S. team competes in Olympic and other world-wide competition in the pentathlon.

Col. Mendenhall is visiting Culver Military Academy in the hope of attracting candidates from among the student body since Culver has varsity competition in

MARY STROW PARTICIPATES IN I.U. DANCE PROGRAM

Mary Strow, daughter of Mr. and Mrs. William A. Strow, 136 N. Terrace, Culver, and a freshman at Indiana University, took part in a special convocation Wednesday, April 28, presented by the I.U. Modern Dance Workshop.

Placing increased emphasis on training in the field of modern dance, Indiana University has brought to the campus this semester as artist-in-residence Miss Helen Tamiris of New York, one of the pioneers in modern dance.

Climaxing her stay on the campus, Miss Tamiris staged her famous "Dance for Walt Whitman" for presentation as a special feature of the April 28 convocation. Miss Strow appeared in the dance.

Using ramps and boxes, around which the dancers move, as stage settings, the 25-minute dance was set to the music of David Diamond, contemporary American composer.

Mr. and Mrs. Thurlow Tennis entertained with a Saturday evening dinner in their home on State Road 17 North observing the 19th birthday of their grand niece, Miss Pamela Phelps, daughter of Mr. and Mrs. Orville Phelps and student at Ball State Teachers College.
