Transportation To M-S Center Badly Needed

Culver Children Want To Attend

The newly-opened Marshall-Starke Development Center, located west of Plymouth on U.S. 30, has issued an appeal to people and organizations of the Culver community: There are two local children who have been tested, accepted, and even registered to attend this school to receive badly needed help but can not do so because they have no transportation.

Classes convene at the M-S Center each weekday, Mondays through Fridays, from 9:30 a.m. to 2:30 p.m. It is the hope of the Center that some solution will provide this transportation for these Culver children. Volunteers, or those desiring further information, may contact Mrs. Shirley Amond, director, at Viking 2-3524, or at the Center, 936-4845.

Recent Culver contributions to this school for handicapped children are as follows: Tri Kappa, \$100; Burr Oak Circle, \$10; Home Demonstration Club, \$10; American Legion Auxiliary, \$5; Crescent Group of Grace Church, \$10; W.S.W.S. of Hibbard E.U.B. Church, \$10; Home Builders and Come-Join Us classes, \$17; and miscellaneous equipment from the Rutland Community Club.

Don Mikesell Receives Distinguished Citizen Award From Culver Jaycees

The presentation of the Culver Jaycees' Distinguished Citizen Award was made to Don Mikesell Friday evening at The Culver Inn. Shown (left to right, top row) are Bob Kline; Ralph Naragon, Region Director; John Bottorff, Indiana Secretary of State; Chief Mikesell; Roy Nicodemus; and Don Neher, Region Vice-President. Left to right, second row: Jerry Wyman, Eddie Amond, Ron McKee and Joe Anderlohr.

Donald Mikesell, chief of police for Culver the past 20 years, was presented the Distinguished Citizen Award Friday night by the Culver Junior Chamber of Commerce. The award was presented at the "Bosses' Night" dinner, held in The Culver Inn before an audience of 125. Jerry Wyman, chairman, presented the award along with President Roy Nicodemus. Wyman pointed out that Chief Mikesell has also been active as a Water Commissioner, Marshall County Deputy, Fire Department and Maxinkuckee Lake Patrol. Ron McKee, a member of the award committee, said that "Mike has helped many of our generation, throughout the troublesome youth days and steered many a potential juvenile delinquent away from trouble with his patience, understanding, and inspiring advice."

Rev. Carl Baker, pastor of the Methodist Church, delivered the invocation, Latham Lawson led the Jaycee Creed presentation and President Roy Nicodemus gave the welcome message. Joe Anderlohr introduced the bosses, who were Jaycee guests at the banquet.

Eddie Amond gave some "Kind words for bosses," commenting "only in America do we have the opportunity to choose our own bosses and by the grace of God we intend to fight for this basic freedom. The boss, by offering constructive criticism, enables the employee to become a more valuable asset to the company and a greater servant to the community of Culver."

Don Neher of Mishawaka, Region B Jaycee Vice President, said "that the Culver Club has carried on 18 projects in the first three years of community service with their present membership at 32 young men."

Ralph Naragon, National Jaycee Director of Region B, from North Manchester, was a featured guest.

Bob Kline introduced the main speaker of the evening, John Bottorff, Indiana Secretary of State. Bottorff is a past teacher at Culver and spoke on "The Securities Mess in Indiana."

Bottorff, currently involved in trying to straighten out the "securities mess," reminded the audience how the mess started, how it was discovered, what is being done about it and what he proposes to do about it. The public was alerted of the "mess" after the death of Michael Dobich, Indianapolis Securities dealer, when his helicopter crashed. Dobich and his associates have been accused of misappropriating funds that were invested by Indiana citizens; over \$2 million are involved and even though the majority of securities dealers are reputable people of high integrity, this business has been dealt a black eye by a small number of individuals. Bottorff presently has a staff working on the laws and regulations governing the field and his committee will recommend improvements to be made in the legislature next year.

Edgington Named To The Culver Plan Commission

UNCLE SAM DEPENDS ON HOUSEWIVES

Who is the financial secretary in your home?

In many cases, it's your wife. That's why millions of American housewives are important to the Internal Revenue Service, pointed out James E. Daly, District Director of Internal Revenue for Indiana. They keep complete and accurate tax records for the family.

During this filing period, families with good records will find filing Federal income tax returns much easier.

FEDERAL TAX

Q — I frequently buy food which I give to my neighbor. They have 4 kids and the husband has been having a hard time finding steady work. Can I deduct what money I spend for them when I fill out my return?

A — Certainly your gifts are very charitable, but the law does not permit gifts to individuals to qualify as tax deductible contributions.

GMA Completes \$5 Million Capital Gifts Program

Culver Military Academy during 1965 successfully completed its \$5 million capital gifts program called Culver's Program for Excellence and set new records both in money and number of contributors in its Annual Giving Fund.

A total of \$1,346,880 was realized in gifts and pledges during the year, it was announced by Major General Delmar T. Spivey, USAF (Ret.), superintendent.

Program for Excellence receipts are utilized for endowment for faculty salaries and scholarships to students and from principal for modernization of the physical plant. Annual Giving Fund receipts are spent each year for faculty salaries, scholarships, and for purposes mutually agreed upon by donors and the Academy.

Program for Excellence gifts and pledges during 1965 were \$1,131,145 to bring the total to \$5,373,355 in the four-year campaign that had a goal of \$4,995,000.

Dale W. McMillen, Jr., president of Central Soya Company, Inc., Fort Wayne, Ind., was general chairman of the Program for Excellence and Cass S. Hough, president of Daisy Manufacturing Company, Rogers, Ark., was national chairman. Both are Culver graduates.

In the 1965 Annual Giving Fund, 3,972 alumni, parents, and friends contributed \$215,835. Winter School alumni gave \$86,141 to top their previous record by \$15,268. Summer Schools alumni gifts of \$16,286 were \$1,801 higher than any previous year. Parents of present and former students gave \$56,830 to better the former record by \$11,038.

The 1965 gifts bring the total to \$8,156,660 realized by Culver since it started a formal development program in 1958. The goal by the end of 1967 is \$12 million.

Success of the fund-raising program has helped Culver to increase its faculty salary schedule substantially. In the 1957-58 academic year the range was \$3,600 to \$6,850. In the current school year the beginning salary is \$5,300 and the high is \$10,000. Figures do not include compensation for the eight-week Summer Schools or salaries of eight holders of academic chairs who are paid a minimum of \$10,000 on year-around contracts.

In the current school year, 188 in a student body of 888 were awarded scholarships based on ability and need totaling \$238,052. This compares to 85 students and \$72,125 in the 1957-58 academic year.

In the Summer Schools last summer 145 students received financial aid totaling \$66,330, while 43 boys in 1957 received grants amounting to \$17,175.

In physical facilities, gifts have helped to construct a million dollar camp for the Summer Schools and to improve existing buildings. In addition, gift receipts will help finance the construction of recreation facilities now being planned.

"The success of our fund-raising efforts will pay great dividends to not only Culver and its alumni and students but to the

nation as a whole," General Spivey said.

"It is important to the educational system of the United States to have strong independent secondary schools to supplement the public and parochial school systems. Culver looks forward to providing superior educational opportunities for youngsters selected on the criteria of ability and desire," General Spivey said.

Culver is a non-profit educational organization that enrolls 888 students in grades 8 through 12 in the college preparatory Winter School and 1,725 boys and girls between the ages of 9½ and 18 in four separate programs in the combination education-recreation Summer Schools.

Co-op Assessed \$25 For Failure To Obtain Permit

The Marshall County Co-op was assessed damages of \$25 and costs of \$6 in the Justice of Peace Court of Mike Fitterling on Wednesday, Jan. 19, on a civil complaint charging violation of the town ordinance governing building permits. The warrant was served to Vern Weiger, as manager of the local Co-op office.

The complaint was filed by Ernest Carter, building commissioner, through the town attorney, Howard Hilles, when the Co-op failed to obtain a building permit for the installation of grain drying equipment on its East Jefferson St. property last fall. Specifically cited was the construction of forms and pouring of concrete foundations in connection with the installation of the dryer equipment.

Carter said he has since issued a building permit to the Co-op, bringing compliance with the ordinance.

Weekend Rodeos At Horse Palace January 29-30

The third in a series of indoor professional Rodeos will be held in the Horse Palace arena next Saturday and Sunday, Jan. 29-30, with cash prizes expected to top \$1700. Top rodeo athletes from five states are expected to converge in Starke County and fill all motel and restaurant facilities as happened during the New Year's Rodeo.

Following the next rodeo, the Bass Lake western shows could become the nation's most lucrative winter series, with the total cash purses expected to exceed \$6325.

The search is still on for an insurance-covered Marshall County adult to ride the Brahma bull. Entry fee will be paid by the ranch.

Added to the five rodeo events is Ladies' Goat Tying and Ladies Barrel Racing, plus two events for youths age 16 and under — Steer riding and youth Barrel racing.

The Rodeo is produced by Ced White, who contracts for 50 head of livestock from the Rodeo string of Bob Rollins, New Paris, Ohio. It is suggested that spectators buy tickets in advance or arrive early to be assured of seats for either performance.

It was necessary to give three blood transfusions to save a girl's life, and a healthy young Scot came forward. For the first pint of blood the patient gave him \$50. For the second pint she gave him \$25. The third time she had so much Scotch blood in her that she merely said "Thank you."

Motor Vehicle Taxes Received

Marshall County and its incorporated cities and towns received \$737,166.95 during 1965 for road and street construction and improvement from state motor vehicle taxes paid by Indiana automobile and truck owners.

A summary prepared by the Long Range Planning Department of the Indiana State Highway Commission shows that \$566,677.30 went to the county. \$170,489.65 was distributed to cities and towns. Separate amounts received by the urban areas were as follows: Argos \$14,648.71; Bourbon \$16,650.75; Bremen \$33,498.41; Culver \$17,044.58; LaPaz \$5,962.34; Plymouth \$82,684.86.

Motor vehicle taxes consist of license fees, motor fuel taxes, Public Service Commission fees, court fees and State Police miscellaneous receipts. They are distributed quarterly from the Indiana Motor Vehicle Highway Account.

During the year, Oct. 1, 1964 to Sept. 30, 1965, a total of \$52,868,250.85 was distributed to the 92 counties and \$33,264,514.18 to 545 cities and towns for a total of \$86,132,765.03. The Indiana State Highway Commission received \$69,306,736.03.

According to research studies by the American Trucking Associations, Indiana's trucking industry is responsible for 37 per cent of the state's vehicle taxes.

Funds are allocated to counties on the basis of the number of vehicle registrations and miles of roads and to cities and towns on a population basis.

Other recipients of vehicle tax funds are the Indiana State Police, the County Engineer Fund, the Indiana Office of Traffic Safety, Purdue University and some state pension funds.

MEDICARE

This week the Social Security Administration mailed out over a million reminder letters to social security beneficiaries who have not signed up for the supplementary medical insurance part of Medicare.

Medicare kits, including an enrollment card for the medical insurance plan, were sent during the fall to 15 1/2 million social security and railroad retirement beneficiaries 65 or over. About two-thirds of these people have sent back their cards, and 90 percent have checked "Yes" for medical insurance under Medicare.

"In Indiana," Mr. Charles E. Burke, social security district manager in South Bend, said today, "405,495 people received Medicare kits and enrollment cards last fall. As of the first week in January, 201,681 had signed up for the supplementary medical insurance plan."

"Many of the people who have not signed up may not understand how the plan will work and what it offers," he added. "The letter going out from social security headquarters in Baltimore, Maryland, this week should answer some of their questions."

Enclosed with this second letter is another enrollment card in case they lost the first one or sent it in marked "No" and have since

changed their minds.

"For people now 65 or over," Mr. Burke emphasized, "there is a deadline for signing up for the supplementary medical insurance plan. If your coverage is to begin as soon as the Medicare program goes into effect, you have to be enrolled by March 31, 1966."

"The medical insurance program, like the basic hospital insurance plan, will go into effect beginning July 1st. People now over 65 who don't sign up by March 31st may have to wait two years before their coverage will be effective."

"The supplementary medical insurance plan," Mr. Burke continued, "covers primarily doctor and surgeon bills but also includes a variety of other medical services not covered by the basic hospital insurance plan. Just about everyone 65 or over is eligible for both hospital insurance and the medical insurance part of the program, even though they aren't eligible for regular social security benefits — even if they have never worked under social security."

For the majority of the people who sign up for the supplementary medical insurance, there will be no need to pay their monthly premiums in cash. The \$3 will be automatically deducted from the monthly checks of social security, railroad retirement, and civil service retirees.

The primary message carried in

the reminder letter, is that people now over 65 have only until March 31st to sign up for the optional medical insurance plan if their coverage is to begin on July 1st.

"Anyone who still has questions about this part of Medicare should get in touch with the social security office," Mr. Burke concluded. "The Social Security Administration is anxious to make sure that everyone who is eligible

makes an informed decision about Medicare — and makes it before the 31st of March." The social security office in South Bend, Ind., is located at 335 N. Lafayette Blvd. The telephone number is 233-7147.

"Has your husband cured his deafness?"

"No, he's waiting until the children have finished having music lessons."

LETTERS TO THE EDITOR

Culver, Ind.
107 1/2 Main St.
1-24-66

Editor, The Culver Citizen:

This is my first letter to the voice of the people, but I very much want to write this — and I want my name signed to it. I had breakfast at the same spot that Bob Mohr had his extra cup of coffee this day. How wonderful I felt about the results at this Viet Nam war after I saw him!!! He is home on a leave, after being over there, due to the severe illness of his father, who we Culverites will remember, the Such's.

My seeing and a few words with that boy, our boy, who has his wife, Norma Brown Mohr, and his two lovely daughters in our community awaiting him—well, even tho I do not approve of the strategy of our administration, — maybe; who am I to question?? But I mainly want to say this, that I feel so very much more secure after seeing Bob, and knowing the very good job he is doing!!!

I just want to say — the very best for you, Bob, and to his lovely family when he goes back — Our prayers are with you and yours each and every day.

County Red Cross Officers Hold Quarterly Meeting

Directors and chairmen of Marshall County's Red Cross Chapter assembled Thursday evening for a quarterly meeting. Thomas Langdon, County Chairman, accepted the resignation of Mrs. Will Erwin, Bourbon director.

Mrs. Victor Winrotte, Plymouth, Executive Secretary of the chapter, was introduced by Langdon. She succeeds Mrs. Lila Robertson, Plymouth, who was presented at the meeting with a gift as a token of appreciation for her eight years of service. Mrs. Robertson will continue to serve as a disaster volunteer worker with the National Red Cross.

Mike Sorbello, District Representative from Logansport, showed a film describing services offered by the Red Cross. Thomas Bloom was appointed Plymouth Red Cross blood chairman.

Persons attending the meeting expressed pleasure about the results of Monday's Bloodmobile

visit at Plymouth, when donations went over the quota by 35-pints. It was agreed that the chapter members would try to eliminate the final hour "bottleneck" during future Bloodmobile visits.

(International Film Foundation)

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

We finally got our short wave radio working, so stay tuned for the latest info.

Sheryl Fisher, do you really have hopes of becoming a "Beatle" someday? We all realize how well you sing — but must you sing in English class??

Karen DeWitt has informed us that she needs two more people to room with her on the Senior Trip.

Diane Davis, can you tell us why you were so late getting to the game Saturday night?? You say you couldn't find the gym???

Becky E., what was your problem in English class Wednesday? You say you wanted to know how much wood a wood chuck could chuck, if a wood chuck could chuck wood??!!!! My, but you do have problems.

Special Bulletin: We want to inform Sheryl, Judy and Loretta that a candid camera will be waiting for them in New York. Watch out girls!!

Hey, Andee S. Who's your new flame now? For more info ask Andee.

We hear we've got a new couple in school. What about it Linda R. and Bob S.? Talking about Linda and Bob, how was your ride home from the LaVille game???

Say Phil E., how did that siren get started at the LaSalle game?? Oh, you said it was just a police car going by. Sure, if you say so? We hear that George J., Jack L., Terry G., and Steve B. had something to do with a girl being in the boys dressing room last Friday. What about it guys??

There's a rumor going around that the seniors have only 60 days until their trip. Don't worry, it will be here in no time.

To the Sophomores, there's a lot of thanks out to you for making the posters that are hanging in the halls and for the hard work in them.

Randy, is it true that Santa Clause really has a red beard???

Why did everyone have to throw a way paper at 8:45 in first period geometry class?

It seems as though we have two new brunettes, how about it Lindee L. and Linda Fisher?

Where are all these bumps and bruises coming from that everyone has been wearing lately? It seems as though the ice had been a little slick, maybe we should start carrying salt around.

Congratulations seventh graders for winning your first game. Keep up the good work!!

Ruben and Cristi, we hope you are enjoying this school as much as we enjoy having you here.

It seems as though Tuesday afternoon was visiting day at Plymouth High School for Elaine and Brenda. What about it girls???

Well, that's about all the gossip for this week, but we'll be

back next week with more choice info.

Students, Teacher Selected For H. S. Govt. Conference

Mike Eustis, a Senior, and Bob Shirrell, a Junior, will represent Culver High School at the Government Leadership Conference for Indiana High School Students on Saturday, Feb. 5, in Indianapolis.

The students were selected by their instructors on the basis of general academic excellence and demonstrated interest in government. Mr. Latham Lawson, who teaches Civics at the school, will accompany the students to the conference.

Each Indiana high school has been invited to send two students and one teacher to the day-long session sponsored by Senator Birch Bayh (D-Ind.), and sanctioned by the Indiana Secondary School Principals Association. Bayh said the conference "is designed to encourage young Hoosiers to pursue careers in government."

Speakers other than Bayh at the conference will be U. S. Ambassador to Luxembourg Patricia Roberts Harris; former Michigan Governor G. Mennen Williams, now Assistant Secretary of State for African Affairs; John T. McNaughton, Assistant Secretary of Defense for International Security Affairs; and James Symington, executive director of the President's Committee on Juvenile Delinquency and Youth Crime.

"By exposing our responsible and dedicated young people who are interested in government to these responsible and dedicated public servants," Bayh said, "we hope to encourage them to devote at least a portion of their lives in service to our state and our nation."

Mike Eustis is the son of Mr. and Mrs. Frank Chak of 103 Ohio St., Culver, and Bob Shirrell is the son of Mr. and Mrs. Carl Shirrell of Route 3, Knox, Ind.

Argentine Student Has Arrived

By Norma Davis

Perhaps you have seen an unfamiliar boy roaming the halls of good ole' C.H.S. You'll all be glad to know that your eyes are not failing you. Ruben Pruess, an Argentine foreign exchange student, arrived in Culver on Sunday, Jan. 9, and is now residing at the Leroy Davis home for 2½ months.

Ruben, 15, is 5' 5", weighs 130 pounds and has dark brown hair. His favorite hobby is stamp collecting and his favorite sport is soccer. In Argentina, Ruben had 15 solid subjects, his favorites being philosophy and English.

Ruben attended the Lincoln Hall High School in Argentina. His father is in the real estate business, and his mother is a secretary for his father. Ruben has one sister, Esther, who is now attending the University of Miami in Miami, Florida. The student body of C.H.S. cordially welcomes Ruben and hopes that he has a very wonderful stay.

C.H.S. Is Quite A Change For Argentine Student

By Cheryl Zink

Eighteen-year-old exchange student Maria Christina Alessi, known to her friends as "Christi", finds Culver quite a change from her Argentine home in Buenos Aires — the world's seventh city:

"I live in the metropolis of Buenos Aires. My father owns a meat exporting business there. My family also has an estancia in Patagonia (Southern Argentina) where we raise sheep, and I have several riding horses."

Cristi is now in her summer vacation which lasts from December through March. She came to the U. S. with the Inter-American Cultural Exchange, and audits classes at CHS. She has finished the five years of "Bachiller", which is comparable to our high school, and will study medicine in Buenos Aires when she returns. An only child, Cristi is a very congenial girl. Besides the other eleven obligatory subjects she took in school, she has studied three years of each English, Latin, and Italian. She enjoys sing-

ing and runs the 100 meters on a girls' track team sponsored by a local Argentine club.

"The public school here is different," she told me. "In Argentine schools, students must wear uniforms, and are required to take all subjects offered — usually not less than twelve. We also have to give "lecciones", which are oral summations of daily lessons.

One surprising situation in your schools is that students do not stand when a teacher enters the room."

When asked if she had any particular problem with English, she replied,

"No, not really, only when people speak to me very quickly." Cristi is staying at the home of Mr. and Mrs. C. W. Epley, and attends school with her American "sister", Elaine.

SPORTS

By Phil Scruggs

Last Monday, Jan. 17, the Freshmen Indians fought a losing battle all the way, to be defeated by the visiting 9th grade Triton Trojans.

Tallying only one better than the Indians in the second half, the first half proved to be the decisive blow in the Indian defeat. The game was fought without the tribe having the help of Phil White who has been ejected to the B-team for the lack of quarters left in the basketball season. White could have helped the team considerably.

Box Score:	FG	FT	F	TP
Haenes	2	2	3	6
R. Snyder	2	3	0	7
T. Overmyer	1	1	0	3
Beachamp	0	3	1	3
Lette	0	1	0	1
McCombs	3	3	3	13
Jackson	0	0	3	0

High scorer for the Trojans was White with 15 points.
 Score by quarters:
 Triton 14 28 36 49
 Culver 5 13 22 23

"HANS" WEEKLY WINNERS"

Homecoming is just around the corner. And on that night the Culver Indians play host to the mighty Pilgrims of neighboring Plymouth. This should be one of the best games in the area. Plymouth and Culver, I understand, are fierce rivals, which should add to the color of the game. Agents 006.9 and 007.1 say that due to the terrific school spirit at C.H.S. Culver should overcome the Tudor dynasty. Coach Crosley's mighty Indians will be eager to meet the challenge of the Pilgrims and will pull out a mild upset. My secret agents have seen the Pilgrims in action and report that they're not nearly as tough as they're built up to be by certain sportswriters. Culver's off-and-on-again Indians are really going to be ON the 29th!

I haven't had time to figure up my exact percentage, but it still leads the area. I've managed to keep my area-leading percentage around the 80% mark, well ahead of the other so-called predictors.

Plymouth, Knox, and CULVER are the leading teams in the area. Culver has just started coming around and could very well be the leading team in the coming weeks. Starting this week I'm featuring a county-wide survey of the leading teams of the area by polling all the Polack predictors in Marshall County. Here is my first Polack Poll (the top five).

TEAM	TOTAL POINTS
1. Plymouth	30
2. Knox	27
3. Culver	24
4. Bremen	20
5. Triton	13

Others that received votes: Argos.

Here is my next round of predictions.

JANUARY 28:
 CULVER over New Paris - CULVER is starting to click.
 Warsaw over Bremen - the Lions just aren't that tough.
 Walkerton over Westville - Two evenly matched teams.
 Whamac over North Judson - the Blue Jays are weak.
 Argos over LaVille - This game is played at Argos.
 Pioneer over Francesville - No doubt.

Rochester over Northfield - The Zebras are tough.
 Monterey over Bethany Christian - Just a hunch.
 Plymouth over Nappanee - This could be close.

JANUARY 29:
 CMA over Argos - Another hunch.
 Rochester over Twin Lakes - T.L. is weak.
 Monterey over Tyner - The Redmen are weaker than ever.
 Pierceion over Triton - Cinch game of the week.

FEBRUARY 1:
 Walkerton over Tyner - Tyner

isn't having much luck against the weaker teams.

TOP GAMES:
 Besides CULVER over Plymouth on the 29th, I'm taking St. Joe over LaVille on the same evening.
 The one loved by people the world around.

GRADE SCHOOL NEWS

By Sharyl Welsh

FIRST GRADE:
 Mrs. McLane - One of our class members, Becky Fields, has moved away from Culver. We are ready to start reading in the first reader, "On Cherry Street."

SECOND GRADE:
 Mrs. Allen - We have finished our "We Are Neighbors" book. Some of us have read parts of "Friends and Neighbors." Our new book will be "Around The Corner."

Mrs. Shirrell - Christy Bartosik and Billy Burns celebrated birthdays in January.

THIRD GRADE:
 Miss Henning - Theresa Baker and Ronnie Hanser had birthdays this week. They were both 9 years old. We have finished our first reader, "Finding New Neighbors."

FOURTH GRADE:
 Mrs. Hartman - Mid-semester test week was a busy time in our class room. Each child tried his best to remember all the important facts that he had learned during the first half of the school year. We all find it hard to believe that one-half of the school term has passed. Denise Ruhnoff had her tenth birthday on Jan. 9 and Lisa Dinsmore's tenth birthday was on Jan. 8. Next week we will begin our study of the fishing regions of the world. We will concentrate mostly on Maine and Norway as we compare and contrast a fishing region of the U.S.A. with one of the Scandinavian Peninsula.

FIFTH GRADE:
 Mr. Frettinger - We had two students suffer casualties on the ice. The two statistics were Nancy Nicodemus and Gloria Plante. For a science experiment, Teena Anderson explained her chemical garden. We competed with Mr. Shirrell's room in a spell down — successfully!! In our sick list race Dawn Sperry runs Tracey Baker a close second. Tracey's winner is named tonsillitis. Dawn's winner is either mumps or a dark horse. Our only visible remembrance of our classmate, Albert Silvers, who moved to Ft. Wayne over Christmas vacation, is the Scarecrow (lately turned Santa Claus) which he made.

SELECTED FOR DEAN'S LIST

Samuel Medbourn Jr., son of Mr. and Mrs. Samuel M. Medbourn, 694 E. Shore Dr., Culver, was one of the students selected for the Dean's List of meritorious students at Northwood Institute, Midland, Mich. He posted a "B" average in all subjects for the Fall term.

Waitress: "This is your fifth cup, sir. You must like coffee."
 Diner: "I do, I do. That's why I am willing to drink all this water to get a little of it!"

Guess Who?

By guess who!!

This week "Guess-who" was in a very good mood, so it decided to tail someone on the Varsity Team. It skims the team with deciding eyes . . . Ah! It finds a victim. A quite unsuspecting one too.

As "Guess-who" follows this character around the halls, it discovers several distinguishing traits. He has blond hair, blue eyes, and answers to the name of . . . well, we'll cross that path when we come to it.

Everyone knows when our Mister X has arrived at school, because his echoing laugh can be heard all over the school. Along with his laugh he has quite a distinguished look. Yes, slippers, cords, blue plaid shirt, oh, and, of course, his bright orange tie — but this is only when he's in one of his destructive moods.

His favorite class is sixth period study hall where he majors in giving his teacher a hard time.

He is most active in sports, too. He loves running track down to the cafeteria, where he engages in some Indian wrestling to see who makes it into the cafeteria first.

Although we kid him a lot and give him a hard time (or vice-versa) we know CHS wouldn't be the same without **RANDALL RUDY WAKEFIELD!**

Diesel Mechanic: "Here, you can just take this stuff back and refund my money. It won't work."
 Druggist: "What in the world are you talking about?"

Diesel Mechanic: "I'm talking about this vanishing cream. I rubbed it all over my wife's mouth, but it's still there."

Bill — "Why do you have to go to an eye surgeon just for drinking coffee?"
 Will — "I left the spoon in the cup."

FARM PROGRAM NOTICES MAILED TO FARMERS

Darwin Roachrig, Chairman, Marshall County Agricultural Stabilization and Conservation Committee, said today that notices have been mailed to producers in Marshall County, listing farm allotments, base acreages, yields, and payment rates under the 1966 Wheat and Feed Grain Programs.

With this information, farmers will be able to determine whether they wish to participate in the Programs and the extent of their participation. Program benefits include price-support loans and payments and diversion payments.

Any producer who feels that the yield, wheat allotment, feed grain base, rate, or conserving base shown on the notice he receives for his farm is incorrect or inequitable — as compared with like data determined for similar farms — may ask the County Committee to reconsider the matter. Such requests should be made in writing and mailed or delivered to the County Committee within 15 days from the mailing date shown on the notice.

To take part in the Programs, the farm operator first files his intentions on a prescribed application form at the ASCS County Office during the signup period. This period starts Jan. 31, 1966 and will extend through April 1, 1966.

. . . You'll get fast and satisfactory service through the Want Ad section of The Culver Citizen.

Academy Sports

Basketball player Pete DePrez, wrestler Mike Schrage, and swimmer Fred Schlicher held the spotlight this week at Culver Military Academy after turning in three outstanding performances in contests last weekend.

Academy athletic teams are idle this week for semester examinations, but Eagle sports fans are still talking about the efforts of three of the Cadets' best athletes in many years. Consider these facts:

DePrez, making his bid to be the highest scorer in Academy basketball history, beat his own single game record with 45 points as the Eagles beat Avilla Friday night, 86-77.

Schrage, leading light on a successful Academy wrestling team, turned in his twenty-eighth straight victory over a two-year period as the Culver grapplers whipped Decatur, 31-13.

Schlicher, a record-setter ever since his sophomore year, turned in two more Saturday even though he and his teammates were sunk by tough South Bend Adams, 58-37.

The victory over Avilla was part of a weekend split for Coach Tom Baker's basketball squad, which went on to lose to LaSalle 79-78 Saturday night at South Bend. Before the LaSalle loss, the Eagle quintet had won five in a row. Their record now is 6-5.

In a rugged ball game against Avilla, the Academy led most of the way but never had a safe lead. It was DePrez who kept Avilla at arm's length as he scored in spurts to accumulate his 45 points — three better than the 42 he set last year against the same opponent. DePrez made 18 for 30 field goals for better

than 60 percent of his shots, and he hit nine for 13 from the foul-line.

LaSalle led most of the way Saturday night but had to beat off a late rally by the Eagles. DePrez maintained his 23-point per game average with 24 points against LaSalle.

Coach Colin Stetson's wrestlers won their eighth match in nine starts against Decatur, which had lost only one previous match to Marion. Although there was a wide point spread at the end, the Cadets had to work harder than the score indicated. Schrage scored a pin to continue his long unbeaten streak, and Jim Brooks won his twelfth in a row.

In swimming, not even two records by Schlicher could hold off Adams, which is the best of the South Bend swimming teams this year. Adams went on to win its eleventh straight against an Academy team composed mostly of underclassmen this year. Schlicher set records in the 200 free style and his specialty, the 80-yard butterfly.

The Academy teams resume action Saturday. The basketball squad is host to Argos in a pair of games at 4 and 6:15 p.m. It will be a big wrestling day as Culver is host to its own invitational tournament, beginning at 9 a.m. The swimming team meets Kokomo at 2 p.m. here.

JOHN BIRCH SOCIETY PUBLIC PRESENTATION

On Wednesday evening, Feb. 2, at 7 p.m., a public presentation of the John Birch Society will be held at the Kewanna High School. The program will be as follows: Pledge to the flag, invocation to be given by Rev. Lonnie Bennett, minister of the Kewanna Church of Christ.

Mr. Paul Hines of Logansport, local Section Leader of the Society, will conduct the meeting, first with a talk explaining the aims and purposes of the organization. Then a film on the Life of John Birch, a Christian Missionary to China, for whom the society is named, will be shown. A question and answer period will follow. Rev. Gary Bargerhuff, minister of the Kewanna Baptist Church, will close the meeting with the benediction.

The public is cordially invited and urged to attend to learn about the true workings of this group. The society stands first, for less government, second, more individual responsibility, thereby providing for a better world, through promoting the return to greater loyalty to God, family and our yet free country.

Visitors to Culver judge it largely by the people they meet here. What do you do to make Culver more attractive to visitors and newcomers?

Natives who beat drums to keep off evil spirits are objects of scorn to smart motorists who blow horns to break up traffic jams.

A GIFT SUBSCRIPTION to The Culver Citizen, the home town paper, is enjoyed 52 weeks a year. Only \$4; \$4.50 out-of-state. Beautiful gift subscription card with your name thereon mailed free.

 "Father-Mother is the name of Deity, which indicates His tender relationship to His spiritual creation," says Mary Baker Eddy, Discoverer and Founder of Christian Science, in her book "Science and Health with Key to the Scriptures." The passage will be included in all Christian Science services this Sunday as part of the lesson on "Love."
 Several Bible stories will be read, among them the conversion of Cornelius and the parable of the Good Samaritan. A correlative reading from Science and Health includes these words: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good."
 Peter's statement — "Of a truth I perceive that God is no respecter of persons: But in every nation he that feareth him, and worketh righteousness, is accepted with him" finds a parallel in this line from Science and Health: "Love is impartial and universal in its adaption and bestowals."
FEDERAL TAX
 Q — What can be deducted by salesmen for the cost of operating a car?
 A — You may be entitled to deduct 10¢ a mile for the first 15,000 miles of business use and 7¢ a mile thereafter if you qualify, or you may deduct the actual cost of operation including depreciation. Of course your car travel must be an ordinary and necessary business expense. These rules are explained in more detail in the 1966 instructions.
BE WISE — ADVERTISE

The world is filled with the sound of many drums. Drums of militarism stir man to war and conquest. Drums of conformity invite him to keep step with low standards and false values. Drums of greed lure him into the killing pace of selfish getting and gaining. But a different drum sounds, too. It beats in the rhythm of law and love, and rings with the sound of eternal truths. It beckons man to integrity and true self-fulfillment; it calls him to the path of duty and to the way of service. The different drum is God's. A man must choose which drum he will listen for and follow. Many years ago, Henry David Thoreau wrote: "If a man does not keep pace with his companions, perhaps it is because he hears a different drummer." God's house is one place where you will hear the "Different Drummer." Worship there this Sunday with your family.

The Church for all
 ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Burr Oak Circle meeting was held Friday evening, Jan. 21, in the Annex. It was opened by all repeating the opening Prayer and the Circle song "I Come To The Garden," was sung. Roll Call was answered by something I intended to do in 1965 but did not do. Officers elected for 1966 were President, Mrs. Darlene Sayder; Vice-President, Mrs. Lucille Elery; Secretary, Mrs. Barbara Elery; Assistant, Mrs. Rossie Moore; Treasurer, Mrs. Pauline Siems; and Assistant, Mrs. Grace Crum. An invitation was read from Mrs. Nola Unruh, Secretary of the Culver Methodist Church, for a potluck at 8 p.m. Feb. 19. The mystery package went to Cassie Overmyer and door prizes to Inez Numbert and Helen Cramer. Grace Crum gave devotions, and Uretha Walker read a Poem. Mrs. Fern Triplitt received the guest prize. Lunch was served to the 17 members and 4 guests on tables decorated with vases of flowers and an antique cookie jar. Hostesses were Mrs. Uretha Walker and Mrs. Grace Crum.

A landmark of Burr Oak has disappeared from the scene. The 106-year-old barn on the Mar-

garet McDonald property, formerly the Chris Emigh residence has been torn down. "The structure was built with oak beams, fastened together with square nails, and plenty of them," said Melvin Shriver of Mishawaka, father of Mrs. McDonald, who dismantled the building, assisted at times by neighbors.

FEDERAL TAX

Q — My refund was held up last year because you said you couldn't read the name on my return. Why was this a problem if your ADP works on numbers?

A — Correct social security numbers are essential to the ADP system but we also use names in the ADP system. Your experience

points up the necessity to print or type your name at the top of the tax form.

When we have the right number on a tax return but the name is wrong or illegible they won't match up in the system. This insures that only your returns, payments, etc. will be recorded in your account. When either the name or account number fails to match our records we have to ask the taxpayer whether the spelling is correct, the name has been changed, or the number is correct. As a result, there is a delay in the processing of the return and any refund due.

Indians Fall To Triton In Bi-County Meet

Play New Paris, Plymouth Next

By BOB SHRRELL

Last Wednesday night, Jan. 26, the Culver Indians defeated the Tyner Redmen by a score of 87-59 in the first round of the Bi-County Tourney, held at LaVille. The Indians were defeated Saturday by the Triton Trojans by a score of 57-53. This tourney split leaves the Indians with a record of seven wins and six losses.

Weekend Home Games

This weekend the Indians will play two tough home games. On Friday night they will meet the New Paris Cubs and on Saturday night they will play the Plymouth Pilgrims. The B-team games will begin at 6:45 and the Varsity games will begin at 8:00. All games will be at the local gym.

Indians Defeat Tyner

In the first round of the Bi-County Tourney, held at the LaVille High School, the Culver Indians defeated the Tyner Redmen by a score of 87-59.

The Indians were able to overpower the Redmen by out-shooting them. The Indians hit a commendable 43 per cent of their floor shots while the Redmen were hitting only 35 per cent. The Indians thus got 64 points while the Redmen got only 38. This difference gave the Indians the victory.

The Culver squad had four players to reach the double figure mark. Center Andy Lowry and forward Bruce Lindvall led the team by rolling up 25 points and 14 points, respectively. They were followed by Mike Eustis and George Jewell who added 13 points and 10 points.

Smith and Ross led the Tyner team by putting in 14 points and 13 points, respectively.

Triton Falls Indians
The Triton Trojans defeated the Culver Indians by a score of 57-53 in the semi-finals of the Bi-County tourney.
The Trojans were able to win because a technical and five personal fouls were called against Culver in the last two minutes of the game. The game was extremely close at this point and because the Trojans were able to roll in eight points here, they won the semi-finals victory.

Seniors Andy Lowry and Bruce Lindvall led the Culver team by scoring 20 points and 12 points, respectively. The Indians hit 41 per cent of their floor shots and 56 per cent of their foul shots.

Mike Bailey led a very even scoring attack by the Trojans by putting in 14 points. The Trojans hit 41 per cent of their shots from the floor and 74 per cent of their shots from the foul line.

The Trojans lost to the North Liberty Shamrocks by a score of 56-65 in the championship game on Saturday night.
