Town Board Hears Need For Greater Traffic Controls In School Area

The safety of school children crossing the streets in the Culver School area was a subject of discussion at Monday night's meeting of the Town Board.

Verlin Shaffer, who attended the meeting as an interested citizen, said he was a witness recently when a kindergarten pupil darted across the street at an unattended crossing and was nearly struck by a car. He asked what could be done to provide full-time school patrol personnel and otherwise improve safety regulations in the school area.

The board, while expressing its belief that this matter is within the jurisdiction of the School Board, said it is willing to cooperate to any extent necessary to ensure adequate protection of the youngsters in the area.

It was pointed out that the approach to the school on School Street from the north is particularly dangerous due to the speed of cars coming into town from that direction.

Shaffer said he would further pursue the matter with school officials.

In other business, the board discussed the need to further comply with recommendations of the Indiana Rating Bureau to avoid a reclassification of the town for fire underwriting purposes and avoid increases in fire insurance rates. An engineering survey of the town's water needs is in progress, it was reported.

The contract for handling the concessions at the Culver Beach Lodge for the coming summer season was also discussed. The concessions have been handled for the past two years by Bill Washburn under a two-year pact.

Tri Kappas Work To Improve Culver Library

One of the most important buildings in any community is the library. Culver is very fortunate in having a Public Library that fills this need.

The librarian, Mrs. Norman Scruggs, and the Library Board are constantly striving to better the library in every way possible. There is always a need for new bookshelves and other library furniture.

One of the organizations helping to reach this objective is the Epsilon Nu chapter of Tri Kappa. During the past two and one-half years, this sorority has contributed three metal bookshelves for grades one and two and two book islands, used for non-fiction books for junior and teen-age boys and girls. The book islands were constructed and hand finished by Charles Ferrier. This same group has recently voted to give to the library a much-needed book cart.

Tri Kappa has also sponsored the Summer Reading Program for students in grades one through six of the local public school. At the end of each Reading Program, awards have been presented to individuals and books have been awarded to individual school rooms for winning this contest.

Tri Kappa hopes to continue to assist the library in improving its facilities as funds become available from its "Christmas in August Bazaar" and other projects.

COUNCIL OF CHURCHES TO MEET MARCH 11

The Culver-Union Township Council of Churches will convene at 8 p.m. on Friday, March 11, at the Mt. Hope Methodist Church.

Members are urged to take notice and attend this meeting.

Ringeissen At Eppley Theater March 11

French pianist Bernard Ringeissen, an award winner in distinguished international competition, will appear in the Culver Military Academy Concert-Theater Series Friday, March 11.

Ringeissen's concert of Bach, Ravel, and Mussorgsky music is an addition to the Academy's announced Concert-Theater Series. The program will be given in the Eugene C. Eppley Auditorium at 8:15 p.m.

The French pianist is making his first nation-wide tour of the United States and is appearing under the international exchange program supported by Carnegie Hall-Jeunesses Musicales, Inc. The organization was formed to bring the U.S. into the worldwide Jeunesses Musicales movement and its principal objective is to foster good music among youth and young adults through concerts, discussions of music, and publications. Twenty-four countries now are members of the organization and 17 more will be admitted soon.

Ringeissen has appeared in concert in Europe since 1951, when he won a brilliancy award from the French Conservatoire. Since that time he has distinguished himself at various international competitions beginning in 1954, when he won the grand prize in Geneva's Concours International. In 1955 he was one of the finalists in the Chopin competition in Warsaw and later the same year he won first prize in the Marguerite Long-Paquès Thibaud international competition.

Ringeissen in recent years has appeared in South America and Canada, and in 1962 he won first prize in international competition in Rio de Janeiro and also received the special Villa Lobos Award for his interpretation of Brazilian music.

His program at Culver will include: Bach's "Partita in C Minor," Ravel's "Gaspard de la Nuit," and Mussorgsky's "Pictures at an Exhibition."

April 4 Is Last Day To Register For Primary

Procedures for voting an absent voters ballot in the May primary — either by mail or in person — have been outlined for Marshall County voters by County Clerk Harvey Phillips.

The last day to register before the Primary Election is Monday, April 4. Culver residents who have moved recently or would otherwise like to check their registration status may contact Mrs. Ruth Lennon, Culver clerk-treasurer, who is serving as a deputy registrar.

Any qualified voter who is confined within the county of his residence because of illness or injury may vote the "in person" ballot by making application to the County Election Board, within the time provided. He or she will then be entitled to vote before an absent voter's board, at his place of

R. L. Roudebush Will Speak At Lincoln Day Fete

RICHARD L. ROUDEBUSH

Congressman Richard L. Roudebush, of Noblesville, will be the guest speaker for the annual Marshall County Republican Lincoln Day dinner on Monday, March 14, at St. Michael's School, Plymouth. Tickets, priced at \$2, are available in Culver at the Citizen office, or from Mrs. Roy Price, president of the Marshall County Republican Women's Club.

The banquet will start at 6:30 p.m., and County Chairman Bill Gee will introduce the Republican candidates who have filed for county offices in this year's election.

Rep. Roudebush is presently serving his third term in the U.S. House of Representatives and is a member of the House Committee on Science and Astronautics which has the responsibility for the space program. He also serves on the committee for the District of Columbia.

Roudebush, 48, was elected to his first term to the 87th Congress in 1960 and re-elected in 1962. He was re-elected to his third term by the biggest majority of his career, and largest of any Republican congressman from Indiana.

Roudebush has been cited by numerous groups, including the Americans for Constitutional Action, Civic Affairs and other Congressional rating organizations for his consistent stand for less foreign aid, reduction of the federal debt, an end to deficit spending and the trend to socialism. FBI Director J. Edgar Hoover cited him for his anti-communist work and his fight against appeasement, retreat and surrender to the communist bloc.

confinement on the Monday preceding the Primary election.

Any qualified voter who will be absent from the county on Election Day may vote before an absent voters' board in the County Clerk's Office, after having made proper application.

Servicemen, out-of-state college students, and Federal government employees working out of the state, or their spouses, are entitled to vote by mail after proper application. They should contact the County Clerk's Office.

Applications for the absent voters ballot may be made between April 3 and April 30. Absent voters ballots can be voted at the County Clerk's Office in the Courthouse, Plymouth, beginning April 16 and concluding April 30.

St. Mary's-CMA To Give Sunday Music Program

"Music for the Tired Brain," a program of popular music, will be performed here by singing groups representing Culver Military Academy and St. Mary's Academy, South Bend, on Sunday, March 13.

The program will be at 3 p.m. in the Eugene C. Eppley Auditorium and is open to the public at no cost.

Featured in a program billed "strictly for relaxation" are the Culver Blue Notes plus The Pastels and 3 Chics from St. Mary's Academy. An added feature will be guest soloist James Craig, a folksinger from Hanover (Ind.) College.

Craig is a 1963 graduate of Culver and a well known folksinger since he and two other Academy graduates won the 1964 Hootenanny contest at the Indiana State Fair. He appeared here last summer as one of "The Gentlemen Blue," a folksinging group.

The Academy's Blue Notes are directed by Milford H. Myhre, assistant instructor in music at Culver. They annually win superior ratings in the Indiana State Music Contest and have appeared in various parts of the nation as representatives of the Academy.

Mrs. Patricia Shook, wife of Academy choirmaster Terence L. Shook, is director of the St. Mary's Choir and supervises The Pastels, a girls' double sextet, and The 3 Chics, a girls' trio.

The program will include such folk songs as favorites of composer Bob Dylan and originals written by Craig, Myhre and Mrs. Shook have made selections from Broadway plays like "West Side Story," "My Fair Lady," and "South Pacific," as well as Negro spirituals and favorites for glee clubs from Elizabethan England to the present time.

CULVER METHODIST TO HOLD LENTEN STUDY

The church in the 20th century will be discussed in a series of Lenten studies at the Culver Methodist Church. The Rev. Carl Baker, pastor of the church, will lead the four one-hour sessions from the book "Claimed by God for Mission," by Eugene L. Stockwell.

The Tuesday evening sessions will meet on March 15, March 29, April 5, and April 12, at 7:17 p.m. Baby sitter service will be available for those times.

This attempt to understand the renewal within the church, and the place of the congregation in the church, will be sponsored by the Commission on Missions of the Methodist Church.

SOCIAL SECURITY NUMBER NOW REQUIRED TO SECURE DRIVER'S LICENSE

As part of a long term program for a revised record keeping system, the Bureau of Motor Vehicles is now asking for Social Security numbers on all renewal and new Drivers Licenses. The reason for this is to provide additional means of identification of driver other than name alone and it will eventually become their Drivers Number. It will thereby simplify record keeping.

This process will take several years to accomplish. Eventually, the Social Security number could be used for identifying purposes in all State agencies.

Therefore, all persons applying for renewal of their Drivers License should be sure to have their Social Security number with them to present when renewing or applying for any type of Drivers License at their local branch.

Candidate For Re-Election As County Assessor

THOMAS V. LANGDON

Thomas V. (Tom) Langdon, present Marshall County Assessor, has announced that he will seek the re-nomination for county assessor on the Democratic ticket in the May primary.

Langdon was born and reared in Plymouth. He is a graduate of Plymouth High School and attended Indiana University. He served in Korea with the 7th Division as NCO in charge of Post Exchange, and is a past member of the National Guard.

Langdon also serves as chairman of the Marshall County Red Cross. When first elected county assessor in 1958, he was the youngest such assessor in the State.

Langdon and his wife, Kay, are the parents of three children and reside at Pretty Lake.

Barney L. Mora Dies Of Wounds; Worked Here

Barney Lewis Mora, 45, R. R. 2, Culver (Oak Grove) died early Tuesday of gun shot wounds received at his home. Starke County authorities said the gun reportedly went off as Mora and his son, Barney Jr., 17, grappled for possession of it during a family argument. The son was being held Tuesday for questioning by authorities at Knox.

The elder Mr. Mora worked in the Culver Military Academy stables, and his son is employed by the Academy's gardening department. The wife and mother, Louise Mora, is employed in Plymouth. Other survivors are a daughter, age 20.

The body was taken to the Kennedy-Braman Funeral Home, Knox, pending funeral arrangements. Mr. Mora was born July 21, 1921 in Texas, and had been employed by the Academy since March, 1962.

Editor, THE CITIZEN:

What has happened to our local V.F.W. Club?

This is an organization of men who have fought for our country on foreign soil. They pledged their very lives for our freedom — freedom of speech, freedom of the press (that prints this open letter), freedom of thought, yes, for our democracy. These men not only fought, but they won! They won for us, all of us. They won for themselves, for their wives and families! Where now is the fighting spirit? Have they become so snug, so sedentary, that they no longer deem it necessary to uphold what they once so earnestly fought for?

'Til fairly recently, our Post 6919 was one big family, each member ready to help another, if needed. As in all families, there were occasional "spats", but nothing so drastic that it couldn't be worked out in short order. Our wives and children were welcome. Every day of the week could be likened to a family get-together. As in all organizations, some worked harder, put forth more effort to maintain this camaraderie, but there were no complaints from these precious few. Even now, our Commander and the House Committee are striving diligently to keep the "Club" in good working order financially. Please, Men, don't lose sight of the human element! Don't let the bigots rule. We kept them from ruling our country, let's not let them rule our Club. Walk in at any time of day or night. We no longer have a "home" for our families, we have a "stag" bar. Presently, a "crowd" consists of three or four men. Our wives, most of whom are Auxiliary members, are uncomfortable and refuse to participate in the club socially. Face it! These hard working gals make our world go round, and we can't do without them.

We are fortunate, it's a VERY small group that we have to fight. And, it's not really a matter fighting, but of explaining the principle of this club. Once a minority group has been made to realize that it no longer has the upper hand, it will sink back to the slime from which it came, or, in some cases, roll up its sleeves and start supporting a worth-while cause. To be sure, we must believe that these people have the potential of support or they wouldn't be allowed in our club in the first place. Now, it's up to us to get our "family" back on a good solid basis. We fought be-

Culver Student Featured In College Paper

Editor's Note: Miss Jan Scruggs, student at Dickinson College, Carlisle, Pa., and daughter of Mr. and Mrs. Norman M. Scruggs of Culver, has joined the College varsity rifle team and was recently featured in The Dickinsonian, College newspaper. The following excerpts were taken from the article:

"January 14 will see the start of the new season for the Dickinson College varsity rifle team, and its 10th year of existence. This year's squad, which began training in September, consists of 16 men and two women under the guidance of the ROTC department. Women have never before participated on this team which is the newest varsity addition on campus.

Jan Scruggs and Andrea Vigerdman, the two coeds, decided to go out for the team this year because they wanted to improve on their present scores now rather than wait until next summer. Although unable to participate in regularly scheduled matches because of present MAC rules they attend all practice sessions and are able to receive the benefit of being NRA (National Rifle Association) members.

Jan first became interested in riflery last summer while attending summer school at Culver Military Academy where her instructor was Sgt. John Torr.

Working under the leadership of M/Sgt John De Borde of the Military Science Department and team captain Randy Best, the team is looking forward to a successful season. Although handicapped by the lack of conveniently located shooting facilities, close cooperation of the College ROTC Department and the Carlisle War College, which provides the team with a range, high scores and matches won seem to be in favor of the Dickinson marksmen."

The newspaper is the only medium that works 24 hours a day to bring the advertiser's name to the public.

RECEIVE DISTINGUISHED STUDENT RATINGS AT PURDUE UNIVERSITY

Distinguished student ratings were won by 1,290 Purdue University students during the fall semester.

The list of distinguished students included the following from Culver: Cheryl Kay Dillon, Route 2, Science; Margaret Ann Herr, Route 2, Humanities; and Linda Jean Thurin, Route 1, Home Economics.

To win the distinguished rating, a student must have a grade average of at least 5.5 points out of a possible 6.0 in at least 14 hours of academic credit and have no grade below C (4 points).

The rating is given only to undergraduate students.

SAVINGS BOND REPORT

Mr. Harold E. Rose, Chairman of the Marshall County U. S. Savings Bonds Committee, has received a report revealing that the County's Savings Bonds sales for January were \$63,288 compared with \$56,122 for the corresponding period of last year. The State's sales for January were \$12,390,308 which is a gain of 3.34 per cent compared with last January.

Forty four of the State's 92 counties reported sales gains for the month when compared with sales of January 1965.

PLEGGED TO ALPHA LAMBDA DELTA HONOR SOCIETY

One hundred sixteen Purdue coeds have been pledged to Alpha Lambda Delta, a national scholastic honor society for freshman women. Included in the list is Peggy Ann Herr, Route 2, Culver, and Linda Thurin, Route 1, Culver.

To be eligible for membership, a woman must obtain a 5.5 point index out of a possible 6.0 points in her first semester or a 5.5 cumulative index for her first two semesters.

Purdue's chapter, dating back to 1926, was the second to be established in the national society.

Culver City Club Marks 55th Year At March 3 Meeting

The 55th anniversary of the Culver City Club was observed at the regular general meeting of the organization held Thursday evening, March 3, at The State Exchange Bank Auditorium. Past presidents of the Club were honored, with nine in attendance. Other guests for the evening were husbands of the Club members.

Mrs. Oscar Wesson, second vice-president, opened the meeting and conducted the business.

The thought of the month was given by Miss Verda Romig who talked on, "Preparation For Lent." Special music was provided by pupils from Culver Community School and included brass duets by Andy and Stuart Lowry, David Kelly, and George Jewell, and a woodwind duet by Karen Banks and Karen Manchester, accompanied at the piano by Diane Davis.

Two foreign exchange students, Ruben Preuss, who is living in the home of Mr. and Mrs. LeRoy Davis, and Christie Alessis, who is residing in the home of Mr. and Mrs. Clarence Epley, both of Argentina, showed slide pictures and told about their country.

Following the program, hostesses to the 65 members and guests attending were Mrs. Harry Edgington, Mrs. William Fish, Mrs. H. L. Rector, Mrs. Ernest Dickey, Mrs. Ward McGaffey, and Mrs. Walter Heidinger.

Mrs. Evert Hoesel and Mrs. C. L. Shively presided at the tea table, which was decorated in a Spring motif. The floral centerpiece of yellow jonquils, purple iris, and pussywillows in a crystal bowl had on either side two-branch crystal candelabra with yellow tapers. Robin figurines in front of the flowers and tiny yellow canaries perching on the candelabra contributed to the Spring theme.

Christian Science Church To Observe 100th Anniversary

Plans for a year-long observance of the one hundredth anniversary of Christian Science were announced today by The Christian Science Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Major events will include a worldwide public speaking tour by the Editor in Chief of The Christian Science Monitor, publication of a new book titled "A Century of Christian Science Healing," and the start of work on a new "Church Center" construction program.

The Centennial stems from events in 1866 which marked the turning point in the life of Mary Baker Eddy and began her pioneering of a world religious movement.

A spiritual healing which Mrs. Eddy experience in 1866 turned her life-long study of the Bible into an intensive searching that produced the earliest manuscripts on Christian Science. She became convinced that Christianity is scientific in the deepest spiritual sense and applies to every aspect of human experience.

Later, she wrote the Christian Science textbook, "Science and Health with Key to the Scriptures," and founded a church which now includes 3,300 branches in more than 50 countries.

Centennial activity within the Church will come to a focus at the Annual Meeting in Boston on June 6. Land clearance will begin that day for construction of an expanded 15-acre Church center, while members gather to consider their movement's progress and spiritual mission.

Throughout its century of development, Christian Science has continued to be a lay movement of people dedicated to restoring spiritual healing to Christianity. They are convinced this can be done on a sound, permanent basis and they believe this is a necessary first step towards fulfillment of Christianity's larger purpose — spiritual transformation.

These ideas will be touched upon in some of the special public events planned for the Centennial.

One highlight will be the speaking tour of the world's major cities by Erwin D. Canham, Editor in Chief of The Christian Science Monitor. His talk on "The Spiritual Revolution" is intended to further the broadening com-

munication among religious and also between religion and science. The tour will start in Sydney, Australia, on March 1 and will extend through most of the world during the year.

In April will come the publication of "A Century of Christian Science Healing" which is expected to be of wide interest. The book will provide a chronicle of the development of spiritual healing, based on church records. It will include an explanation of the differences between spiritual healing and current methods of psychotherapy and psychosomatic medicine.

The book is described as "a contribution to the revived interest and efforts within the traditional Christian churches to develop a spiritual healing ministry and reassert the full power of Christianity as a central force in human development."

An excerpt from the book will be included in a special Centennial supplement of The Christian Science Monitor scheduled for June. The supplement will feature articles evaluating the current trends in natural sciences, philosophy, communications media, and university campuses.

Also timed for the Centennial year will be a number of new steps in the graphic design of Church publications.

Officials are looking upon the Centennial observances primarily as preparation for "the second century" of Christian Science. They feel that the concepts of the religion — considered so revolutionary during its first 100 years — will be more widely and readily understood in the years ahead.

The healing of a severe injury in 1866 was, in Mrs. Eddy's own words, "the falling apple that led me to the discovery." The healing occurred as she read one of Jesus' healings, in Matthew's gospel, and the experience began to put a new light on everything she knew as a Christian. She be-

came convinced that the Principle underlying the life and teaching of Jesus is fundamental to existence itself — "the divine Principle of all real being."

She once summarized the concept in this way: "We must learn that God is infinitely more than a person, or finite form, can contain; that God is a divine Whole, and All, an all-pervading intelligence and Love, a divine, infinite Principle; and that Christianity is a divine Science" (Miscellaneous Writings).

This is a basic premise of Christian Science. And spiritual healing is considered to be one of the natural outcomes when the individual begins to commit himself to working out his life from the standpoint of this premise.

At first, Mrs. Eddy and the early students of Christian Science had hopes that these teachings would be readily accepted into the established Christian churches of which most of them were members. But as controversy continued to surround the young movement, they voted in 1879 to organize a church of their own — "designated to commemorate the word and works of our Master, which should reinstate primitive Christianity and its lost element of healing." Over the next several decades, a structure of church organization and government was evolved that has remained permanent.

A Church Manual written by Mrs. Eddy provides the general framework, with a five-member Board of Directors in Boston to conduct the business of The Mother Church.

Within the framework of this Manual, complete local self-government is provided for each of the individual branch churches.

They elect their own officers, set up their own by-laws, and make all major decisions by a vote of their own membership.

One thing that remains universal in the Church is the form of the worship services. Since the Church has no ordained clergy and is a movement composed entirely of laymen, it was early established that the function of "Pastor" would be filled by the Bible (traditional Protestant version) and the denominational textbook ("Science and Health with Key to the Scriptures").

Bible lessons made up of citations from these two books serve as the core of the Church's educational system, as well as its Sunday services. No formal ceremonies for the sacraments are observed, but the spiritual significance of baptism and communion are deeply engrained as an important element in its teaching.

Today, the Church has a healing ministry carried on by more than 7,000 full-time public Christian Science practitioners in over 40 countries. Cases brought to them cover the whole range of

humanity's problems and conditions, moral and physical, and they are just as apt to be dealing with alienation, injustice, poverty, or criminal habits as they are with sickness. Health is looked upon in its deepest sense as spiritual wholeness.

There is also an extensive network of public Reading Rooms maintained by branch churches; a Board of Lectureship that delivers more than 4,500 lectures a year around the world; an international daily newspaper that is generally ranked among the top

PUBLISHED WEEKLY BY THE
PRESS CLUB OF CULVER HIGH SCHOOL

Well, what do you know, here comes Batman again with his batmobile full of the latest gossip around CHS.

Hey Mr. Crabb, how did you like your birthday party?

What are all the kids sitting at the Tomahawk table third periods for?

Mark K. If you keep telling lies, nobody'll believe you.

Kaiser, really, we know you love to explore, but when you get walking on the Knox side at tourneys things can get tense.

Linda Mc., how did you and Mayo get locked out of the tourney?

Debbie Triplet, why not tell us all about your new flame.

To all JUNIORS: If you've made it thru the testing Tuesday morning, then you ought to be all set for Spanish class. Speaking of testing, Brenda — I guess you got yours.

Happy birthday Linda and Brenda . . . 17 and never been etc. . .

Brenda, I guess you and Elaine couldn't quite get the poster up you spent all night doing. Speaking of the poster — how does Mr. Fouts enjoy being bothered?

Linda B., what was that you had in 7th period studyhall? A maggot? Well, someone back there really got a charge out of it!

Kaiser — I thought we were supposed to wear our specially made dresses Tuesday. . .

Mayo wants to send a big "HI" to Gloria and all the sailors stationed in Rhode Island!

Pat Miller, what happened to your wheels? Ya say your brother took off with them. We thought it was something more serious!

Say now — it seems the junior girls have captured another senior boy — Congrats Linda B. and Randy W.

Seniors, start packing your suitcases. Only about 11 more days until blast off from ole' Lapaz.

When the Juniors want silence they sure don't keep it a secret — do they Mr. Tanksley? (Just so we know Mrs. Rust is coming

along with the songflutes)

The computer dance is a great idea — say most of the kids. I wonder if anyone will be disappointed. . .

May — somebody's gonna die if somebody else finds out that somebody else knows what somebody else did. (did you know that?)

Gee Cindee and Diane, what ever happened to that little mouse in bookkeeping class? Oh, ya say he got in Cin's purse and ate all her life savers! Too bad. (Better watch these two coach!)

Why are all the juniors always down at the Library? Oh, I see, still working on term papers. Rots-a-ruck kids.

Speaking of Juniors — how are you gonna have a play with no boys? Keen man!

Batman seems to have left with no forwarding address behind for us. So I guess we'll just have to wait until next week for more gossip.

GUESS WHO?

By Valerie Carter

This week I'd like to throw the "spotlight" on one of the most popular girls in the Senior class. For the time being I'll call her "Bug". "Bug" is 5'6 1/2" tall with brown hair and brown eyes. Her most distinguished characteristic is a crooked big toe. (nothing like a give away) "Bugs" is an active member of the National Honor Society, the Sunshine Society, and pep club. Her hobbies are playing the piano and organ. Her favorite color is purple. "Bug" plans to attend college next fall at that great school of knowledge, Indiana University. If you haven't already guessed who "Bug" is — it is none other than "Shoes Berger". Otherwise known as Loreeta.

Club and Class News

The Seniors are busy making plans for the Senior trip which will be during the week of March 20, 1966.

The Juniors are all working madly to try and meet the deadlines set up for their research papers. They are also thinking of the Junior Class Play which is coming up in the near future.

The Sunshine Society is making arrangements for their annual Mother's Party and Ideal Ladies Party.

The Junior Classic League is planning to have a "Roman Banquet."

Kids' Korner

Beatle fans! What would Marie Antoinette think about the Beatles and their hair-dos if she could have met them? Culver's sixth-graders comment on the fad of long hair as they clue us in on Marie's probable reaction to the group from Liverpool. (Remember the style in her era — hair piled three feet high and two feet wide, with lace, jewels, ornaments, and maybe even toy boats stuck in all over.)

Dave Herr: She would think they were going bald.

Pamela Hartz: She might like them, but as far as I'm concerned she can keep them.

Rodney Triplet: She would think their hairdos were dull compared to hers.

Glenda Martin: That they came from outer space.

Susan Napier: That it's a pretty good idea.

Donna Craft: That they were duds.

Marty Vondra: "Not enough curls."

Jack Campbell: She might like them or not, if not, chop their heads off.

Our space-minded class of '72 is ready to take off for a year-long moon stay. That's a long time, and we're allowing each person only one companion. Who would you take?

Frank Stealy: An astronaut — I don't know how to fly.

Stuart Manchester: Joe Broker, he doesn't look too good, but not that bad.

Melvin Walter: The Riddler on "Batman" because he is always telling jokes and being evil.

Doug Mikesell: A girl — Have more fun.

John Jewell: Larry Stone because there are lots of mountains on the moon and Larry likes to climb mountains.

Jani Garrison: My sister because I would get lonely without someone to fight with.

Marty Vondra: Santa Claus — I could have Christmas every day.

Dennis Enigh: Batman — He could protect me and scare away the moon men.

John Hansen: Red Skelton because he has money.

Kent Davis: My favorite Martian — he'd know more about where the food is.

David Brown: My mother — she could be the first lady on the moon.

Brenda Kowatch: My worst enemy because we would not drive each other out of our minds as much as good friends would.

Jim Kline: Paul S. because he is lots better than a girl.

Shari Scott: A strong man so he could kill monsters if any were up there.

A first!!! CHS Class of '72 has revealed the activities and/or whereabouts of the world's leading figure — Khrushchev.

John Jewell: Picking unts and bolts out of a junkyard to put himself back together after his knockout.

Jack Campbell: Probably working in a concentration camp in Siberia torturing guys.

Jim YOCOM: REFORMING. . .

Denise Crosley: Standing on a corner watching the girls go by and goofing off.

Bruce Snyder: Peeling potatoes all the rest of his life.

Karen Lucas: Fighting with his neighbors or wife.

Susan Powers: Go live in the hills or whatever they have there.

Paul White: He might be a manager of a salt mine in Siberia or he might be a worker.

Darlene Mann: He's probably not having a very good time because people don't seem to pay

any attention to him because he isn't so popular.

R. L. Roberts: Working or a hobo.

PLEDGED TO GOLD PEPPERS AT PURDUE UNIVERSITY

Cheryl K. Dillon, daughter of Mr. and Mrs. A. Judson Dillon, Route 2, Culver, has been pledged to Gold Peppers, an activities honor society for upperclass women at Purdue University, which has announced a pledge class of 63 coeds.

The purpose of Gold Peppers is to support all major Purdue athletics and to boost campus spirit.

Here's The Latest

By Cindy Lemar and Barb Mikesell

Today's teens have many new fads and fashions. One of the most popular fashions is the granny dress which goes wild with the granny shoes and glasses.

The latest thing on the west coast seems to be burgundy levis or hip-huggers in burgundy. Throughout the midwest you'll see many new swinging fashions such as the corleuroy levis and the "benchwarmer" jacket. In real cold weather girls usually add knee boots to this striking outfit.

For dress up wear, the girls of the U.S. are wearing printed hosiery with "little girl" rounded toe flats.

The all-white levis really look tough with the brightly colored short sleeved sweatshirts.

School wear has been centered around the "total look" for girls. One outfit seen quite frequently for this effect is a sweater, usually v-neck, and over-the-knee socks that match with a contrasting skirt. Quite a sporty looking outfit.

Nation wide you'll find the cool looking white go-go boots. They add style and class to many outfits. They also serve as a foot warmer in the brisk winter weather.

As far as the latest hair styles are concerned, the girls seem to be quite hep on the real short hair-do. It seems to be quite easy to take care of and also looks very chic.

When the teens want to be a bit more formal with their slack-wearing, the bell-bottoms are "in". Burgundy is still one of the most popular colors for these.

A must for every guy are v-neck sweaters and, of course, socks that match every sweater or shirt they wear. "Weejuns" are it from the shoe department.

Oh! If you dig something really groovy gals try the newest of the new — the unique "batman" haircut. It's different.

Well, that's about it on this weeks "swingers" in wearing apparel. Try them, they're great! (And whatever you wear, don't forget your "batman" badge" because no swinger should be seen without one!)

Computer Dance

By Linda Reinhold and Carin Manchester

We hear that the student Council has come up with a great idea concerning a computer dance. To see how much the students liked this idea we decided to find out by asking them.

Mike Wynn — I think it's great... if it's a neat girl.

Linda Fisher — Well, it's OK if you get the right guy.

Rex Schrimsher — Do computers take bribes???

Phil Edgington — OK, if you get the right girl.

Anonymous — If it's as good as Han's basketball computer it's OK.

Suzi Riester — I agree with Corky Anonymous.

Joan Kosterman — I think it's great, if I'm not discouraged.

Mike Hansen — It all depends on who I get.

Patty Overmyer — It's OK.

Loretta Berger — There are too many couples.

Barb Mikesell — Groovy!!!

Linda Shirrell — It's a great idea. (cause I'm on Student Council.)

Karen Banks — Just so long as I get Mac.

John Anonymous — I'll tell you when I find out who my date is.

Elaine Epley — I think it's the best idea Culver has had. I just hope I get — (some nice boy).

Sara Hoessel — I think it will be fun as well as interesting.

Anonymous — I think it's a rook cause we don't get to go! Also it's taking a big chance.

Linda McAllister — I think it's really cool.

Mayo — Groovy!

Brenda McAllister — Rather expensive, but where are we going to get the boys?

Tom Overmyer — (I'm a computer) what's another dance???

Steve Bair - Brenda - you'ss get the boy from Culver — WHERE ELSE??????

And Another Season Ends . . .

By Robert Vondra

Two weeks ago at the Knox gym, eight seniors played their last high school game. Ron Babcock, Mike Eustis, Jim Jackson, Mark Kosterman, Bruce Lindvall, Andy Lowry, Mark Lowry, and Randy Wakefield tried desperately to extend the season one more game, but were not strong enough against the Knox Redskins.

The Culver squad's final record for this season is 13 wins and nine losses.

Of the varsity seniors leaving this year, three will leave with trophies presented by Coach Cresley. Andy Lowry won the field goal award with a .494 average, and also the rebounding award for his outstanding job under the net. Bruce Lindvall captured the free throw award with 82 per cent of his foul shots scoring, and Mike Eustis was awarded for his assists during the season.

With more than half of the team leaving this year, the 1966-67 squad will have an uphill climb ahead of them. George Jewell and Paul Hatten will be important next year, as will Stu Lowry, Bob Crow, and Terry Gentry.

AWARDED VARSITY LETTERS IN BASKETBALL AT CMA

Thomas E. Baker, III, and W. Gregory Osborn, both of Culver, have been awarded varsity letters in basketball at Culver Military Academy.

Osborn, son of Mr. and Mrs. Ralph Osborn, Jr., 461 State St., was tri-captain of the Eagles' team this year.

Baker is the son of Mr. and Mrs. Thomas E. Baker, Jr., Academy Rd. He was co-manager of the varsity eagles.

Tom Cultice To Direct Opera At Wisconsin State University

Tom Cultice, son of Mr. and Mrs. Gordon Cultice, 60 West Shore Dr., Culver, a music professor at Wisconsin State University, will be the producer-director of the University's production of "Carmen" which will be presented on March 16, 18, and 19 at the University Auditorium.

"Carmen," the second opera to be produced at W.S.U., will include a cast of about 100 persons and will star Geanette Backhaus as Eudeador in the title role. Tom Fitzpatrick of DePauw University will sing the role of Don Jose, and Warren Hettinga of Schofield, Wis., will portray Escamillo. Hugo Marple will conduct the opera orchestra.

One of the opera's unusual features will be the chorus of street boys including about 40 fourth and fifth grade students of Stevens Point, Wis.

While a graduate student in the Indiana University School of Music, Cultice sang the role of Morales in the University's presentation of "Carmen" last summer.

A graduate of the University of Michigan, Cultice was a winner in the vocal division of auditions held by the National Music Camp at Interlochen, Mich. He has served as a soloist with various choral presentations in Michigan, and at I.U. has sung in several productions of the Opera Theater.

*Into your dryer
 go the most
 important clothes
 in the world
 ...your family's!*

YOU REALLY SHOULD HAVE A NEW IMPROVED GAS DRYER

Today's family washables are largely made of modern miracle fabrics. To dry them correctly you need special timing and exact temperature settings on your dryer.

Because a new, improved Gas Dryer can dry all fabrics safely, quickly and gently, it's the kind that will do a better job with your family laundry. And Gas Dryers cost much less to operate ... about one-fourth as much as other dryers!

For fast, dependable clothes drying—GAS makes the BIG difference ... costs less, too!

The true nature of "Substance" as defined first by Biblical prophets and later by Christ Jesus will be the Lesson-Sermon subject in all Christian Science services this Sunday. Related passages from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, will complete the readings.

The story of Peter's healing of the lame man at the gate of the temple called Beautiful (Acts 3) will be presented to illustrate the theme that real substance is spiritual. Peter's response to the man's plea for alms was: "Silver and

gold" have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth rise up and walk." The account continues: "And he leaping up stood, and walked, and entered with them into the temple, walking, and leaping, and praising God."

Passages to be read from Science and Health include these lines: "When we come to have more faith in the truth of being than we have in error, more faith in Spirit than in matter, more faith in living than in dying, more faith in God than in man, then no material suppositions can prevent us from healing the sick and destroying error."

AWARDED VARSITY LETTER AT HANOVER

Jim Boswell, son of Mr. and Mrs. Hampton Boswell of Culver, was one of 13 Hanover College students who were recently awarded varsity letters in basketball, according to Coach Don Meek.

Fresman Mike Miller led the team scoring with a 15.5 average. The only senior on the squad, Jon Bruce, was named Most Valuable Player. Bruce and L. J. Taylor were elected honorary co-captains.

WHERE DO THE STARS GO, MOMMY?

The big brown eyes are thoughtful, the small face earnest as Mary Anne considers the universe.

Sometimes our pint-sized inquisitor's questions are devastatingly funny, sometimes deadly serious; but always important. Harry and I may chuckle over them, but we never forget that these queries reflect Mary Anne's increasing awareness of the world about her. We know that our answers and attitudes are an important part of her development.

Another influential portion of Mary Anne's growth, we feel, has been her regular attendance at Church School. There, Mary Anne's experiences with other children have been related to God's plan. The tiny kitchen or play garage in the skilled teacher's capable hands becomes the training ground for Christian behavior.

How glad we are that our church is well equipped to guide our child in her religious growth.

Attend your church. Take advantage of the inspiration and knowledge it is eager to share with you and your children.

Card of Thanks

In this manner we wish to ex-
press our heartfelt thanks and
deep appreciation for the many
floral offerings and other thought-
ful kindnesses extended to us dur-
ing the illness and death of our
loved one, Sonja Lue.

**CHARLES and MILDRED
GOEHN** 10*

We wish to express our sincere
thanks to friends, relatives and
neighbors for the kindness and
sympathy shown during the illness
and death of our husband and fa-
ther, Luke L. Liette. The many
helpful acts were all deeply appre-
ciated.

**MRS. LUKE LIETTE and

The gratitude in our hearts can
never be fully expressed, but we
want our friends, relatives and
neighbors to know how much their
kind words and expressions of
sympathy have meant to us at the
sudden death of our husband and
father, Edgil E. Wicker.

THE FAMILY 10*

We wish to express our sincere
thanks and deep appreciation to
all our friends and neighbors for
their cards, flowers, and other
kindnesses extended to us at the
death of our loved one, Robert A.

**THURSDAY ACCIDENT
ESCAPE INJURY IN**

Autos driven by Dorsie Farris, 56, of Burr Oak, and Terry L. Westfall, age 18, Monterey, figured in a traffic accident at 5:30 p.m. Thursday, March 3, at the intersection of State Road 17 and West 15 B Road, (Hibbard Road) just south of Burr Oak. The Culver police department investigated; no one was injured.

The Westfall auto damage included the left rear quarter panel, right front fender, bumper, right headlamp, and one tire and wheel. Damage to the Farris car included the left front fender, bumper, and steering wheel.

Mr. and Mrs. Paul Overmyer of Akron, Ohio, were weekend guests of the former's parents, Mr. and Mrs. Albert Overmyer, Route 2, Culver. Other weekend guests were Miss Carol Overmyer of West Lafayette, Ind., and Miss Barbara Overmyer of Fort Wayne. Joining the group on Sunday were Mr. and Mrs. Edward Davis and son, Dan, of South Bend.

Girl Scout News

It is time for Girl Scout cookies again, and orders are being taken. The Girl Scouts are working eagerly and we hope to make this our best year yet.

A special thank you to Mrs. Roy Nicodemus for being our Cookie Chairman this year.

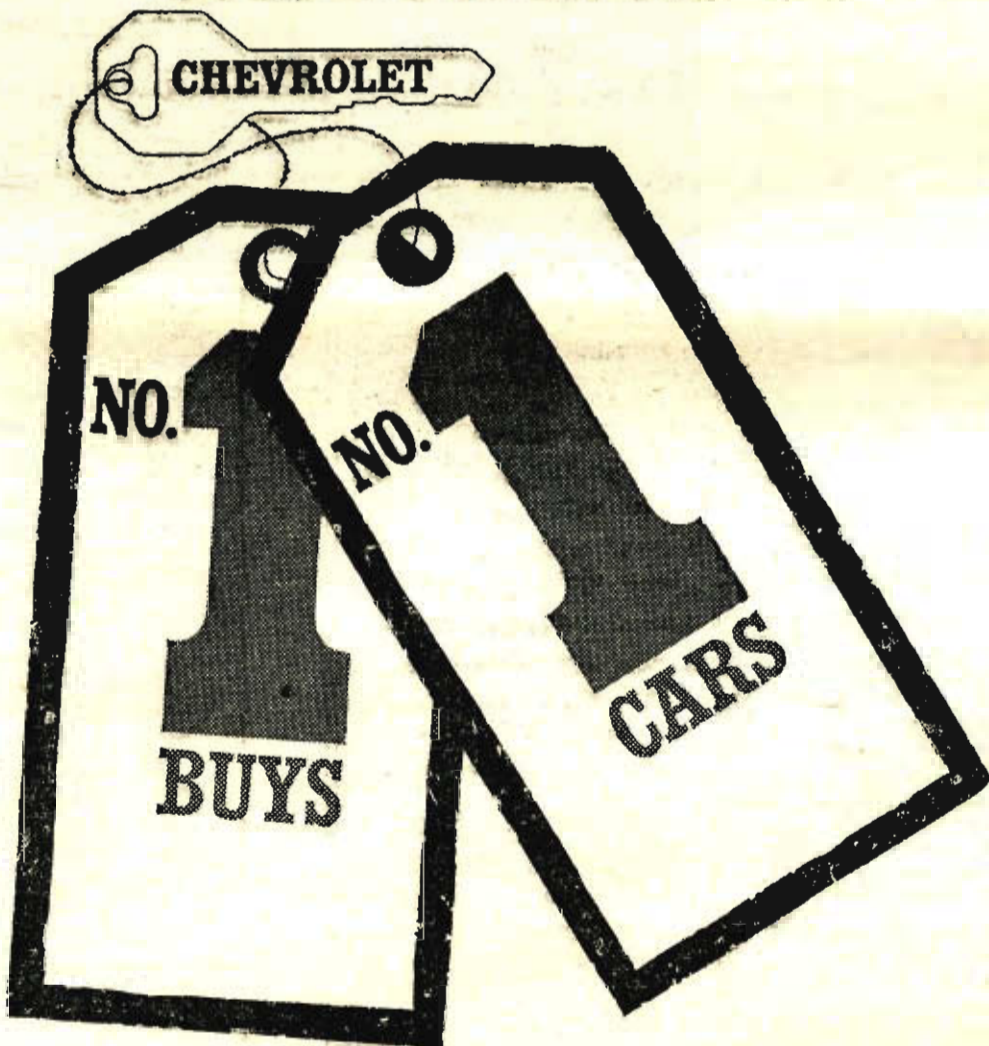

Girl Scout Week, March 6-12, began with Girl Scout Sunday, March 6. The girls attended church, as a group, in uniform, at the Grace United Church of Christ, meeting in front of the church at 10:20 a.m.

There will be window displays throughout the downtown area during Girl Scout week, all troops are busy getting their displays ready. We wish to thank the merchants for the use of their windows for these displays. Girl Scouts are encouraged to wear their uniforms each day during this week.

Troops 52 and 148 wish to express their deepest sympathy to Patty and Angela Liette and Family.

newspapers in the world; a radio series that is broadcast over some 950 radio stations in several countries; an Armed Services ministry that includes 447 lay workers as well as commissioned Chaplains; and student organizations in more than 400 colleges and universities.

Probably even more important, however, is the fact that the individual Christian Scientist normally feels a deep necessity to bring the practice of his religion increasingly into every aspect of his life. It must transform his own motives and acts, the way he conducts his business or profession, his family and community responsibilities — the whole broad spectrum of human life. This is the commitment that the Church will be reaffirming this year in the Centennial of the discovery of Christian Science.

History of Plymouth Church
On Aug. 31, 1910, in the parlors of a private home, there gathered a small number of students of Christian Science, who conducted the first Wednesday evening testimonial service in Plymouth.

After several such meetings, there developed the organization known as Christian Science Society of Plymouth, with a permanent meeting place at Burkett's Hall where services were held until removal to the present location at 428 S. Michigan St. on Aug. 3, 1919.

Mrs. Claire Zehner, librarian, attended a Children's Round Table meeting at Mishawaka on Tuesday. Among the topics discussed were ideas for celebrating the Indiana Sesquicentennial on the children's level.

March is children's art month. The Library is observing it by having an exhibit of students art, during the months of March and April. The week of March 7 to 14, pictures of grades 1 and 2 from the Monterey, Fairview, and Beardstown schools will be displayed. Mrs. Claiborne Wamsley teaches art classes in these three schools. The public is invited to visit the Library and enjoy the exhibits as all grades from 1 through 12 will be showing materials.

Just a reminder to phone in your personal and society items for next week's Citizen. Please call Viking 2-3377 or deliver them in person.
