## Andrea Siple To Make European Band-Chorus Tour

Miss Andrea Siple of Route 2, Culver, has been selected to participate in the 1966 European concert tour of The American Youth Band and Chorus. Members of this select organization were selected through a series of nationwide auditions based on musicianship, character, scholarship and personality.

Founded and organized by James H. Smith, director of music in the Taylorville, Illinois public schools, The American Youth Band/Chorus will be making its third annual European concert tour this summer.

Members will arrive in New York City on June 15, and depart for Europe the same day. Extensive rehearsals will be held in Amsterdam, followed by concerts to be given in London, Paris, Monte Carlo, Lucerne, Munich, Telt, and Brussels.

Conductors for this tour, in addition to Mr. Smith, are Al G. Wright, director of bands at Purdue University, and John Leman, director of choral music at Eisenhower High School, Decatur, Ill.

Representing the John Philip Sousa Memorial Association, The American Youth Band/Chorus is designed to engender goodwill, mutual respect, and friendship between the peoples of Europe and those of the United States, and is highly endorsed by leading educators, local, state and national officials.

Accompanying The American Youth Band/Chorus will be a group of adults chosen especially for this tour. The entire band and chorus will assemble in New York for the initial meeting prior to leaving for Europe.

Many awards have been given to The American Youth Band/Chorus in only two years of existence. The Band has played a command performance for Princess Grace in Monaco and was awarded the Lion of Italy following a concert in the famed St. Mark's Square in Venice. The Mayor of Rapallo, Italy, gave each member a miniature replica of the seal of Rapallo after a concert there.

Featured vocalist with The American Youth Band/Chorus for the second year will be William Dupree, soloist with the New York City Opera. Mr. Dupree has appeared in concerts throughout the United States and in Europe, and has been heard on the Arthur Godfrey program as featured singer.

The tour will return to the United States on July 14, 1966.

Andrea, a member of this year's graduating class at Culver High School, is the daughter of Mr. and Mrs. Jacob E. Siple, Route 2, Culver. She will be playing bassoon in the band.

A 50-word (or less) classified ad in The Citizen costs just \$1.40 a week on either a 26 or 52 consecutive insertion contract.

## Featured In "Who's Who In Baton Twirling"

SUSAN SHEI

The National Baton Twirling Association, Janesville, Wis., in conjunction with the editors of Drum Major Magazine, today announced the release of their 16th annual library edition of the book "Who's Who in Baton Twirling."

Featured in the book is a picture and biography of Susan Shei, daughter of Mr. and Mrs. Kenneth J. Shei, W. 15th Road, Culver.

In the 560 pages of reading, pictures and reference material is the history of twirling from ancient ceremonial dances in Siam, Arabia and the Samoan Islands through the evolution of the early American jugglers down to the colorful, wholesome art of today.

The art of baton twirling will be in the national spotlight July 10 through July 15, 1966, when a gigantic five-day twirling pageant will be staged at the University of Mississippi. The youth spectacular will be called "America's Youth on Parade." The week has been designated as "National Baton Twirling Week."

All America can be proud of its majorettes and baton twirlers as they are always ready to play a leading roll in community and patriotic events. They have established a symbol for America's youth to look up to.

This was accurately exemplified by J. Edgar Hoover when he said "The knowledge that you young people are directing your energies and talents along such wholesome lines is very reassuring..."

## Rodeo Champs To Be Crowned At Dude Ranch

Indiana State Rodeo Champions will be crowned this weekend in the State Finals of the \$10,000 winter series at Bass Lake's Horse Palace Coliseum, a feature of the Indiana Sesquicentennial program.

Top honors for All-Around Cowboy are being sought by Slim Themling of Wisconsin, who leads with winnings of \$588.75, while a Hoosier contestant, Roy Dunkle, could take over top spot since his earnings are \$564.50. Themling zeroed out at the last show and was barely able to hold on to his lead while Roy Dunkle moved up strong by placing in three events. Both of these men will be showing the field their championship class against the best of Rodeo livestock provided by Bob Rollins, Stock Producer of Ohio. Ced White is the Rodeo producer.

The top six of the All Around Cowboys are: Slim Themling, Wis., \$588.75; Roy Dunkle, Ind., \$564.50; Buck Ford, Ind., \$480; Russ Russell, Ill., \$461; Bob Denny, Ill., \$400; and Thyril Latting, Ill., \$400.

Any of these performers with a little luck could move into first place. The Rodeo will consist of two performances: Saturday night, starting at 8 p.m., and Sunday afternoon, starting at 2 p.m. In addition, there will be special Ladies Events and Youth Steer Riding and Youth Barrel Racing.

## CMA and Jaycees Sponsor Loyalty Day Program

The local chapter of the Culver Jaycees will join with Culver Military Academy in co-sponsoring a Loyalty Day program here May 1 for residents of Marshall County.

A musical production "Sing-Out '66", featuring 135 young singers and dancers, will be presented as the highlight of Loyalty Day and is open to Marshall countians free of charge. The 2 p.m. program will be given on a specially constructed stage in front of the Riding Hall on the Academy campus, weather permitting.

In the event of bad weather, the performance will be moved inside the Eugene C. Eppley Auditorium and their seating preference will be given Marshall County and Academy students.

The Culver Jaycees announced today they will join with the Academy in co-producing the "Sing-Out '66" performance and named Ronald Tusing and William Snyder as co-chairman. They will work along with William J. Martin, director of theater at the Academy, in promoting the event and in encouraging attendance among area children and their parents.

"Sing-Out '66" is a program of musical numbers and skits designed to speak out forcefully in behalf of the United States. Performers are from U.S. college and high school campuses and several foreign countries. The organization is sponsored in a nation-wide tour by the Moral Re-Armament Association.

Loyalty Day was begun nationwide several years ago as a counter-measure to May 1 demonstrations in Communist countries.

## Alexander Hardy To Lecture At Academy Friday

An attorney who helped prosecute Nazi officers at Nuremberg for war crimes and a Harvard playwright who transformed Herman Melville's "Billy Budd" into a stage play will give visiting lectures at Culver Military Academy on Friday, April 29.

Alexander G. Hardy, chief of the medical case trial team that prosecuted Nazi doctors in 1946, will speak on the subject "Nuremberg Trials — The Rights of the Accused," in a 5 p.m. lecture sponsored by the Academy's history department. At 8 p.m., Robert H. Chapman, English professor and

director of Harvard University's Loeb Drama Center, will describe the techniques used in adapting Melville's story for the theater.

Both lectures are in the Eugene C. Eppley Auditorium and are open to the public free of charge.

Hardy is now president of AVEMCO Corporation, a Bethesda, Md., aviation firm, but in 1946-47 he played an integral role as the Allies brought to trial Nazi officers. He was first chief of the medical case trial team and became, in 1947, chief trial counsel of the Allied case against Nazi ministers. He ended his job in the Nuremberg War Crimes Trials as executive counsel to Brig. Gen. Telford Taylor, chief war crimes prosecutor.

In his talk here, Hardy will review the origin and general nature of the trials and will outline the charges made against the Nazis. His address concerns the question

of whether or not the Germans receive a fair trial and were accorded the normally accepted rights of the accused.

Prior to joining AVEMCO, Hardy formerly was public counsel of the Civil Aeronautics Board, senior vice president of National Airlines, and executive vice president of Automatic Canteen Company of America.

Chapman's talk on the writing of "Billy Budd" for the stage is sponsored by the Academy's English Department. He has taught English and dramatic arts at Princeton, the University of California at Berkeley, and at Harvard, where he has been since 1950. His courses at Harvard include playwriting, drama, and a seminar in acting.

Along with his teaching duties, Chapman became a script writer and consultant for producer David Selznick and a consultant to the Lincoln Center for the Performing Arts in 1956. His appointment as director of the Loeb Drama Center came in 1960.

Chapman went abroad in 1955 under a fellowship from the Rockefeller Foundation to study theater schools and training in several European countries, and last year he participated in a study tour of contemporary theater at the invitation of the Federal Republic of Germany.

The play he will discuss was produced professionally in New York in 1951 and later made into a motion picture.

## Postal Savings System Has Been Abolished

### Deposits To Be Withdrawn

The Post Office Department is urging all depositors with postal savings certificates to withdraw their accounts from Post Offices as soon as possible or as soon as the anniversary dates on their certificates are reached.

The Postal Savings System was abolished, March 27, 1966, with the signing of Public Law 89-377 by President Lyndon B. Johnson.

The Department has stated that as of April 28, 1966, no deposits can be accepted and no new accounts can be opened. The interest will end on the anniversary date

of each certificate.

For the convenience of depositors all certificates may be cashed at the same time and interest will be paid for each full month they have been outstanding beyond three months from the interest date.

The Postal Savings System was established Jan. 1, 1911, to get money out of hiding and to attract savings of a large number of immigrants who were accustomed to saving at Post Offices in their own country; also, it served as a safe depository for people who had lost confidence in private banks. Today, however, with the growth of banking facilities paying much higher interest rates than the 2 percent paid per annum on Postal Savings, the System has outlived its usefulness for the American people.

There were as of June 30, 1965 only 997,029 depositors holding certificates in 3,130 post offices throughout the nation. The number of depositors has been declining at the rate of about 6,500 per month.

Unpaid deposits remaining in the Post Office beyond June 30, 1967, will be transferred to the Treasury Department in a trust fund and would be available for payment without time limitation whenever proper claims are received.

Truck Driver: "I guess I'll have ice cream for dessert. What flavors do you have?"

Diner Waitress in a hoarse whisper: "Vanilla, chocolate and strawberry."

Truck Driver (sympathetically): "Have you got laryngitis?"

Waitress: "No, just vanilla, chocolate and strawberry."

A little old lady was going through customs at San Francisco. An inspector asked her what she had inside a bottle in her valise.

"Holy water," she replied in a thick Irish brogue.

The inspector uncorked the bottle and took a swig. "For Pete's sake," he exclaimed. "This is Irish whiskey."

"Saints be praised!" exclaimed the old lady. "It's a miracle!"

**Record Album Of Indiana History Being Offered**

The exciting story of the people, places and events that built Indiana out of the wilderness of a new country has been dramatically captured on a two-record, long-playing album entitled "INDIANA."

The album became available to the public Tuesday, April 26, through the member offices of the Indiana Consumer Finance Association in communities throughout Indiana.

Produced under the auspices of the Indiana Sesquicentennial Commission, the album tells the story of Indiana's beginnings from LaSalle's entry into the virgin territory in 1679 to the day Indiana became a state, December 11, 1816; then recounts the thrilling episodes that have made Hoosier history over the past 150 years.

Among the nine stirring accounts of Indiana history, each including detailed and accurate names and dates, are these: George Rogers Clark's mid-winter capture of the British garrison at Vincennes that ultimately opened the west to settlement; Robert Dale Owen's great influence upon President Lincoln's issuance of the Emancipation Proclamation; the

spectacular steamboat race between the Robert E. Lee and the Natchez, and the nostalgic poems of James Whitecomb Riley.

The professionally-produced album also has a cover of nine beautiful color illustrations highlighting the featured history-making stories.

So that all Hoosiers will have the opportunity to capture the memorable history of Indiana in this Sesquicentennial year, the album is being offered to the public for \$2.89 plus state sales tax — far below comparable two-record albums.

The album will also be distributed free to all Indiana schools and libraries as a public service by the Indiana Consumer Finance Association.

By Mary Whitman

Many parents might be surprised to know that wax crayons and colored drawings date back many centuries B.C.

In fact, the modern toy man with the strange name, Homo sapiens, made drawings on the walls of caves and rock shelters at the beginning of our culture. He would dig up colored clay from the ground which he formed into roughly shaped "crayons" and draw richly colored, very lifelike bison and mammoths. You've probably seen pictures of these drawings in history books.

John Rocknowski, who works on development of new crayons for Whitman Publishing Company, Racine, Wisconsin points out that crayons have a fascinating history.

The Greeks began to paint with wax similar to the way we use oil paints today. They would add dyes to hot wax and apply the melted substance to vases, wooden panels or the walls of their homes as a form of mural.

Many famous artists liked and still like to use the medium of crayon drawing.

A young man named Nicolas Conte developed a slightly greasy fabricated crayon in 1790 and this was the first crayon to be marketed with a trade name.

In the late 1800's Toulouse-Lautree used wax crayons and colored pencils.

Henry Moore, the contemporary artist and sculptor, has been a prime user in his drawings of wax crayons. His technique is to draw lines or areas in wax crayon and to superimpose water color or ink. The paint will not cover the waxy area which shows through and the artist can make more of a contrast by scratching the wax crayon areas.

This might be a fun way to experiment with a different type of drawing. All a child will need is a coloring book, box of crayons and some water color paints to let his imagination go to work.

**ON SCHOOL BUS ROUTES**

Notice is hereby given that the Board of School Trustees of Culver Community Schools Corporation will begin negotiations on Monday, May 16, 1966, for the employment of bus drivers for the transportation of school children of designated routes.

For two routes in North Bend Township, nine routes in Union Township, and three routes in Aubbeenaubee Township for which school-owned equipment will be used, application forms and description of routes are available at the office of the Superintendent of Schools for use of those persons desiring to apply for such driver positions.

For one route in Aubbeenaubee Township and two routes in North Bend Township for which the bus chassis must be furnished by driver, bidders may secure specifications for such routes, for the equipment to be furnished, and for other terms of the contract at the office of the Superintendent of Schools. The successful bidders on the three routes will be required to furnish a bond for the faithful performance of duty and to carry the proper liability and property damage insurance in such amounts as the Board of School Trustees may deem necessary.

The Board of School Trustees reserves the right to reject any and all proposals submitted.

### Freshmen and Sophomores Sponsor Supper

On Saturday, April 30th, the Freshmen and Sophomore classes of Culver High School will sponsor their first Chicken Supper. The supper is to take the place of Freshman fudge sales and to help both classes finance their Senior trips.

The supper will be held in the gymnasium with serving starting at 5:30 p.m. and continuing until 7:30 p.m. The menu will consist of fried chicken, baked potato, coleslaw, bread, butter, pie or cake, and drink (coffee-tea-milk). ### Kiddie Korner

**By Patty Overmyer**  
This week Culver's second graders were approached with the question of why they think we have spring. The replies are as follows:

Julie McCombs — Cause it's pretty and I have fun. (Why do you have fun?) I get out of school.

Karen Peck — Because we get out of school. (What do you do when you are not in school?) I go to the Lightning Dude Ranch and ride horses.

Randy Wright — Because it's pretty. (What's pretty?) The flowers. (Which kind of flowers do you like the best?) Tulips.

Kevin Johnson — I don't know. (Do you like it?) Yes. (Why?) Cause I can play baseball.

Mark Quivey — So we can get out of school. (What do you do?) Catch bugs.

Bruce Osborn — That's got me thinking. It's not because of Easter. (After some pensive looks-) So the trees can start to bud.

Danny Crow — Because we get tired of the cold. When it's spring we don't have to worry about snow blizzards.

Susan Burke — So when it rains we can have flowers grow.

Pamela LaPlace — (After a shy smile) So things can get green.

Marna Wynn — So the birds can come back.

What do you like best about Spring?

Bath McMill — It's warm.

Brenda Martin — The flowers.

Laura McKay — You can romp around.

Debbie Parrot — We're going to get a swing set and I like to swing.

Teresa Bigley — I can stay home and play all day.

Betty Jo Brant — I'd rather watch cartoons.

### Golf Team Is Organized

**By Bob Shirrell**  
"Holy flying turfs of grass, Batman. What is it?"  
"It's only the Culver High School golf team, Wonder Boy Robin."

You're right, Batman! This year a golf team has been organized at Culver High School. There are 11 students on the team. They are seniors Randy Wakefield, and Mike Eustis; juniors Mike Holloway, Roy Thomas, Larry Huys, and David Crabb; sophomores Phil Edgington, Tim Frain, Greg Easterday, and Chuck Beck; and freshman Marty Easterday.

The golf team, coached by Mr. Crosley and Mr. Hooley, has a seven meet schedule and the county meet. The schedule is as follows:

CMA, April 22, 4:00, Academy Golf Course.

Bremen B-team, April 23, 10:00, Maxinkuckee Golf Course

Argos, April 26, 4:00, Plymouth Golf Course

LaVille, April 29, 4:00, Maxinkuckee Golf Course

Bremen B-team, May 5, 4:00, Sprig-O-Mint Golf Course

Argos, May 9, 4:00, Maxinkuckee Golf Course

Triton, May 12, 4:00, Maxinkuckee Golf Course

All-County Meet, May 14, 10:00 Sprig-O-Mint Golf Course at Bremen.

Why don't you go over to the Maxinkuckee Golf Course on Friday, April 29, and give the CHS team some enthusiastic support? (If you're very lucky, you might even see Batman and Robin.)

### Guess Who!

**By Karen DeWitt**  
The mystery guest this week is a handsome (?) young man from the Class of '66. He stands 5 foot 8 inches (in his athletic socks) and weighs 150 pounds. He has hazel eyes and brown hair. Basketball is his favorite sport, although he enjoys golf and skiing, too. He goes down to the drag races at Bunker Hill in his free time. While in school, he says he likes Mr. Hughey's math class best, and has no definite plans for after graduation. When things get dull in Culver he likes to go to South Bend, Peru, Logansport, or some big town looking for action. As far as his friends are concerned, he has a few close ones, but gets along with most everyone. For those poor people who haven't figured out who he is yet, you probably never will without my help. Our guest was none other than that famous comedian we all know — Larry Washburn.

### What Do You Do During TV Commercials

**By Susie Thews**  
This is the question we asked some of the students roaming the halls of CHS. Here are some of the replies we received.

Kitty Liette — I turn somersaults in the living room.

Terry Clifton — We both turn somersaults in the living room.

Susie Donnelly — What's a commercial?

Diane Davis — I don't watch TV (Chuckle) I really watch 'em. Patty Overmyer — I don't do anything.

George Jewell — I stand on my head and eat crackerjacks.

Valerie Carter — I do not know.

Mike Wynn — Cut 'em down, and make fun of the jingles.

Suzi Riestler — Who watches TV?

Brenda McAllister — Do my Algebra.

Paul Hatten — Go out and get ice cream and fudge if we have some. Depends on the commercial — if it's the one where he's pushing the car, I watch it.

Typewriter ribbons and adding machine tape at The Citizen.

Hello out there, all you fans. It seems Batman has come through again with the latest gossip. This week he had help from that wonder boy, Robin.

Hey Bruce, what was so interesting about Mr. Lawson's bulletin board?

Ed K., is it true that you're hayride-party is going to be unchaperoned? Hmmm.

Wonder what happened to Barb and Pam in English class. When they came out they were a mess. They had blue ink all over the back of their neck and arms. It couldn't have been those nice boys who sit behind you, now could it have been?

What Senior boy wears a sports coat and combat boots to school? Well Mark, as you said, "It's Thursday."

The sophomores and freshmen say, "Don't forget about the Chicken Supper this Saturday night. You can get a ticket from any sophomore or freshman student or at the door."

It seems Linda and Brenda have a hard time keeping track of their contacts. How many pairs is it now girls?

Speaking of contacts, Holly, you really look neat with 'em.

Who is the certain person who writes "George-A Go Go" all over the school? I'll bet his initials are G. J.

Hey Bruce, we hear your name was drawn from thousands of others to win a trip to meet the Chicago White Sox players. All I can say is, it must have been rigged.

Just think Seniors, 30 more days until graduation.

Brenda Mc. seems to have had some success down at Rochester the other week. Some girls have all the luck.

Loretta, did you enjoy the conversation you had with a certain boy last weekend. By the way — how did you say you are to play a field? For more information on farming contact Loretta.

It seem that Wonder Boy Robin's supply of gossip has been exhausted. So until next week remember — be on your best behavior or you might find your name in this column in a most embarrassing way.

### CORD CARE

Sue Safety says, "Don't yank the cord. To unplug an appliance or light, take hold of the plug and gently pull — That will disconnect it right."

By Mary Whitman

Christopher Columbus had frockles.

Lions live ten years longer than tigers, even though they're identical under the skin.

When there were a million Indians in North America, there were fifteen million Indians in South America.

"Unusual facts — human interest — help history and geography come alive," believes George Elrick, who has written nine adventure stories to go with new juvenile map sets designed by Whitman Publishing Company of Racine, Wisconsin.

The General Whitman book-and-map-series is a fresh approach to teaching, and can be used at school or at home. Boys whose heads nod over a wheat surplus will sit up and take notice when the trouble-shooting General roars through a country. Each of his adventures in book form can be followed on a full-color, up-to-date map.

The globe-trotting young General travels by jet, is a racing car buff, and can keep his balance on elephant or camel. On a reconnaissance jaunt through Egypt, the young reader learns about camels. They can go a month without water but can drink twenty-five gallons in three minutes. He learns about early engineering, too. The Great Pyramid was built with hand labor and measured with a knotted string but was only a half-inch off perfection.

The youngster also learns to visualize as he reads, points out researcher Elrick, who pored through twenty or more reference books a day preparing the stories. The Great Wall of China becomes properly massive to a student when he learns it would reach from New York to Omaha. History and culture are skimmed in a way to whet curiosity, and start a grammar-schooler leafing through his text books and making trips to the library.

Geography can be a jumping class when the answers are fun

## Telling The Story Of Blood

IS MY BLOOD DONATION NEEDED?

Yes — And URGENTLY. Every year, medical science discovers new applications for blood in the fight against injury and disease. The need is constantly increasing, and the only source for blood is donations by people like yourselves.

HOW CAN I ARRANGE TO GIVE BLOOD?

By contacting your Marshall County Red Cross Chapter. The telephone number is 936-2928.

DO PATIENTS PAY FOR BLOOD?

No. Since the Fort Wayne Regional Red Cross Blood Program originated on February 21, 1951, no one has paid for blood supplied in this area. (Hospitals do make a charge for supplies, and for administering the transfusion.)

ARE THERE ANY HARMFUL EFFECTS IN GIVING BLOOD?

Because of the high standard of donor criteria and the careful selection of donors, only normal healthy people are allowed to give blood. In this group there are no harmful effects from donating a pint of blood.

DOES THE DONOR FEEL ANY PAIN WHILE GIVING BLOOD?

The donation of a pint of blood is not a painful or uncomfortable

experience. Most donors feel no sensation at all during the time the pint of blood is being withdrawn, and only a very small percentage of them have any sensation afterward.

AM I ELIGIBLE TO GIVE BLOOD?

Yes — If you're between 18 and 59 and pass the oral check-up. (Written permission of a parent is required for unmarried persons under 21.)

HOW MUCH BLOOD CAN ONE DONOR GIVE IN A SINGLE YEAR?

Blood can be donated at 8-week intervals, but no more often than 5 times a year.

HOW MANY TIMES DOES THE BLOODMOBILE VISIT MARSHALL COUNTY IN A YEAR?

Marshall County has had eight bloodmobile visits each year.

WHAT IS THE ESTIMATED BLOOD NEEDS FOR EACH BLOODMOBILE VISIT IN MARSHALL COUNTY?

We, the people of Marshall County should give 130 pints of blood at each visit, of the mobile unit.

CAN A DIABETIC GIVE BLOOD?

All Diabetics requiring insulin or drugs for control must be rejected.

CAN A MARSHALL COUNTY RESIDENT RECEIVE BLOOD FREE ANYWHERE IN THE COUNTRY?

Yes. Residents of this region can receive blood without charge in other areas, if the hospital

will accept blood from a Red Cross Blood Center on a one for one basis.

CAN I BE SURE MY BLOOD DONATION WILL BE USED?

Yes — No blood is ever wasted. If blood is not used for a transfusion within 21 days, it is made into blood derivatives which keep indefinitely.

WHY HAVE WE DEVELOPED A SHORTAGE OF BLOOD RECENTLY?

One reason is the amount of blood needed by the Military.

HOW LONG DOES IT TAKE THE BODY TO REPLACE THE PINT DONATION?

The fluid blood is replaced within a few minutes. The iron content requires several days for replacement through food.

DOES IT TAKE LONG?

No, less than an hour. The actual donation takes only about 5 minutes.

HOW MUCH BLOOD AM I ASKED TO GIVE?

One pint. There are approximately 12 to 15 pints in the human body, depending on weight.

HOW MANY PINTS OF BLOOD WERE COLLECTED IN MARSHALL COUNTY IN 1965?

Approximately 738 pints of blood were collected from the bloodmobile visits in Marshall County.

HOW MANY PINTS OF BLOOD WERE ADMINISTERED TO MARSHALL COUNTY RESIDENTS IN 1965?

Mr. Lowell Kaufman, Laboratory Technician of Parkview Hospital, states that 564 pints of blood were administered in that Hospital, in 1965. One patient received 50 pints of blood in 1965, another 26 pints of blood. Mr. Jack Schultz, Medical Technologist of the Bremen Community Hospital, says 173 pints of blood were administered in 1965. Many Marshall County Residents have been patients in hospitals throughout the United States and blood replacements have been met by the Red Cross Blood Program.

## Timmons Uses "Off Duty" Time For Vietnamese

"The Citizen" has been informed, through an excerpt in the March 16, 1966 issue of "The Press" of Riverside, Calif., of the hazardous welfare work in their off-duty hours performed by a group of American sailors in Viet Nam.

One of this group is Yeoman Jack D. Timmons, son of well-known former Culver residents, Mr. and Mrs. Frank Timmons. Mrs. Timmons, the former Helen Wells, is now Mrs. William Radloff of 5673 Grand Ave., Riverside, Calif.

Jack is attached to the Seabee headquarters company administrative office of Mobile Construction Battalion Eleven (MCB-11) at Camp Adenir, Da Nang East, Republic of Viet Nam. In their off-duty hours this group voluntarily guards the 1,200 Vietnamese of the village of My Thi (Pronounced Me Tea) against Viet Cong terrorists.

Not only does 25-year-old Jack

work tirelessly in protecting the Vietnamese, but this strapping six-foot-four American is now also directing his time and energy at the health and welfare of these villagers. Jack says he has found that the best way to fight the spread of communism and terrorism tactics of the Viet Cong is to aid the underprivileged people who have suffered in this cruel war. As a result, he has appealed to his hometown people of Riverside to contribute in any way possible.

A graduate of Riverside's Poly High and Riverside City College, Jack has less than a year to go at Cal Poly at San Luis Obispo, Calif., for his degree in air conditioning and refrigeration. He left the States only last Feb. 4 for Viet Nam duty where his address is: Jack D. Timmons, SN; 682 55 68; USN MCB-11 "H" Co.; FPO; San Francisco, Calif. 96601.

Mr. and Mrs. Al Poppe spent Sunday visiting their son, Clyde, at Elkhart.

The Lions Club of Zone 3 will have a zone meeting at Argos, Thursday at 7 o'clock in the high school. It will also be ladies night. Attending will be Mr. and Mrs. Earl Dean Overmyer and Mr. and Mrs. Al Poppe.

"I am thinking of decorating my studio with a half-a-dozen sunflowers," wrote Vincent Van Gogh to his brother from his farmhouse at Arles in the south of France. This modest handful of wild flowers, painted in vivid style by Van Gogh, has become one of the most beloved masterpieces in art history. Museums report over 400,000 copies of the painting have already been sold.

Thanks to an amazing new European process, a full-size reproduction of "Sunflowers", capturing all the brilliance of the original, is now available on canvas. It is offered free to art lovers by a leading food manufacturer. The print can be matted, framed, or mounted to bring spirit and color to any room or office.

In addition to "Sunflowers", reproductions of three other famous oil paintings, all 18"x24", are available: "Free As the Wind", an exciting painting of wild horses by August Albo; "October Morn", an autumn landscape by Robert Wood; and "Sunset Shore", a seascape by Robert Wood. Each separate print may be obtained by sending 3 innerseals from any size (except 2 ounces) of Instant Maxwell House Coffee along with name, address, and ZIP Code to: Oil Paintings, P.O. Box 1614, Kankakee, Illinois 60901.

By Mary Whitman

Have you ever considered how difficult it would be to conduct everyday business transactions without money?

This was virtually the situation confronting early American colonists, points out Ken Bressett, numismatic editor at Whitman Publishing Company, Racine, Wis.

Faced with a shortage of money in the early 1600's, our settlers resorted to barter as a medium of exchange, and used Indian wampum when trading with the redskins. Monetary scarcity was caused by reluctance of the British to ship coins over here.

Colonists finally took matters into their own hands in 1652, issuing crude pieces of money known as New England shillings.

"The standard shilling was supplemented by two other coins, the threepence and sixpence," notes Bressett. "All were flat discs of silver with the emblem 'NE' (for New England) punched on one side, and denomination on the reverse side."

However, simplicity of the design soon invited counterfeiting, so the coins were replaced by the Willow, Oak and Pine Tree series.

When the King of England learned that colonists were minting their own coins, a stop order was issued, says Bressett. To avoid conflict, our early settlers adroitly went on making these coins for the next 20 years, using the original date of 1652.

The earliest American coins were succeeded by a variety of private issues, and in 1787 the first federally authorized U.S. money appeared — the Fugio cent. After 1792, our present monetary system based on a dollar divided into 10 parts went into effect.

All early American coinage is listed, described and priced in Whitman's *A Guide Book of United States Coins*. This volume, known as the "Red Book," is regarded as the most authoritative reference on current market values of American coins.
