Mothers Weekend At The Academy Begins Friday

A performance by Indiana University's Singing Hoosiers will highlight activities of the annual Mothers Weekend at Culver Military Academy, May 6-8.

The Singing Hoosiers will appear in the Eugene C. Eppley Auditorium in an 8:15 p.m. performance Friday, May 6, as one of a series of events to take place during the three-day program. Mothers Weekend is one of the three biggest events during the academic year at Culver and more than 1,000 parents are expected to be on campus.

Other key events during the weekend include a 10 a.m. talk Saturday on college placement by Dean Ernest B. Benson, a 2 p.m. demonstration by Lippizan horses, and a 4 p.m. tea for parents with Major General and Mrs. Delmar T. Spivey as hosts. Sunday's program includes religious services, a special military review honoring mothers of Culver cadets at 11:50 a.m., and a 2 p.m. music recital by Cadet Mark Powers, a pianist from Evansville, Ind., and Cadet Kendall Welen, Taylorville, Ill., tenor.

The weekend also will offer a series of athletic events including a baseball game, canoe races, tennis and golf matches, and a crew race against Ecorse Boat Club of Detroit.

Friday night's concert will mark the second appearance of the Singing Hoosiers at Culver since the opening of the Eugene C. Eppley Auditorium in 1959. Director Robert E. Stoll, instructor at I.U.'s School of Music, will bring with him 45 of the University's top singers for a varied program ranging from the earliest music to the most recent. A special feature of the program here will be selections from Broadway musicals.

While the campus group is composed of 120 singers, the Singing Hoosiers are reduced to 45 for concerts given on the road. The group has traveled 68,500 miles and appeared before six million people since they were organized in 1952.

A GIFT SUBSCRIPTION to The Culver Citizen, the home town paper, is enjoyed 52 weeks a year. Only \$4; \$4.50 out-of-state. Beautiful gift subscription card with your name thereon mailed.

Exhibition Of Lippizan Horses At CMA Saturday

Two of the world famed breed of Imperial Lippizan horses of Austria will give a special exhibition at Culver Military Academy on Saturday, May 7.

The horses are being brought to Culver by Friedel Paster, a native of Salzburg, Austria, and will appear at a 2 p.m. show in the Riding Hall on the Culver campus. The public is invited to attend the show without charge.

Lippizan horses have been world famous since they were part of the Spanish Riding School in Vienna. Their popularity was increased through the Walt Disney film "Miracle of the White Stallions," that told how General George Patton saved the horses from being plundered by the Russians in World War II.

Miss Paster and her family inherited the two Lippizan horses she will exhibit here May 7. Extremely hard to get, the horses have been performing in the U.S. since 1954. Pluto-Favory III, the horse featured by Miss Paster, was sired by the leading stallion in the Spanish Riding School.

Lippizans are an ancient breed second only to pure Arabians. They are branded with an "L" on the left jaw, the imperial crown of Austria, and the mark of the breeding stallion. Less than 10 mares are bred yearly.

The performance will be part of the Mothers Weekend observance at the Academy. In addition to the exhibition, the Academy is holding an art show, a Sesquicentennial art exhibition, a schoolboy crew regatta, scholastic tennis and golf tournaments, and other events.

A national magazine points out that jigsaw puzzle parties are a new fad.

High-schoolers, the college crowd or young careerists like to get together for an evening puzzle contest. The host or hostess can provide dessert or do-it-yourself soda fountain snacks.

New puzzles, available at all variety stores, are popular for these parties. Stamen fans also like to use old puzzles, with time records, names and dates written on back of the box. A puzzle party is a good mixer if you assign boy-girl teams. Prizes can be preposterous — white elephants, gift-wrapped, do very well.

Puzzle parties would work for any age group," points out product manager John Rocknowski of Whitman Publishing Company, Racine, Wis., major producer of leisure activity items. "Puzzles from five to five hundred pieces give wide choice." Young adults will want to watch for puzzles in new shapes and cuts now being designed.

The grammar school set goes for juvenile puzzles, ideal for parties or every day. These puzzles are so strongly interlocked that they can easily be moved from one room to another by slipping a light piece of cardboard under them.

For pre-schoolers there are frame-tray puzzles with big, bright pieces. Handy! Because the puzzles come wrapped in clear plastic, they can be used as placemats at a birthday table. Unwrapped they serve as a game, with a prize going to the youngster who completes his puzzle first. Later, the puzzles can be taken home in party bags as favors.

Also pleasing to youngsters are "action" puzzles. These are of several kinds. A new series to watch for consists of puzzles that can be moved by a frame device to provide some animation to the finished scene.

There are puzzles for all — juniors, seniors and in-betweeners.

Giving a puzzle party may be a perfect solution when you want to get the crowd together.

High School Nominations

By Patti McCombs

Previous to the yearly school elections, a nomination for every office must be carried out. Two candidates are picked for each office, and are then voted on by the student body if it is for Student Council, by the members of the club or class as it may be.

The following were nominated for the seventh graders of next year. For President - Tim Overmyer and John Matzat. For Vice-President - Brad Bennett and Marty Vondra. For Secretary - Pamela Hartz and Kim Wyman. For Treasurer - Stuart Manchester and John Jewell.

The eighth graders have nominated Jim Baker and Steve Neff for their President. For Vice-President they have Mary Ann Easterday and Terry Babcock running. Vicky Mikesell and Mary Jo Fishback are competing for Secretary. Mike Van Horn and Jan Shock are to run for Treasurer.

Next year's Freshman have chosen Ron Jones and Freddie May to run for President. Allan Hughes and Cheryl Sturdevant for Vice-President. Mary Ann Lewis and Cindy Smith for Secretary, and Joy Borg and Pam Scott for Treasurer.

Our Sophomores have decided that Steve McCombs and Richard Snyder should run for President. For Vice-President they picked Tom Overmyer and Dave Beauchamp to run. Linda Shirrell and Vicki Clifton are competing for Secretary while Sally Ricciardi and Steve Kelly will vie for Treasurer.

In the Junior class Gary Davis and Corky Overmyer are running for President. For Vice-President Jack Lucas and Stu Lowry find themselves together. For the office of Secretary Susie Donnelly and Cathy DeWitt are running against each other. Karca Stevenson and Linda Reinhold are both running for Treasurer.

The mighty Seniors chose Paul Hatten and Norm Johnson to run for President. For Vice-President - Dave Kelly and George Jewell. Secretary nominees are Linda Baker and Beth Routson. For Treasurer it is Suzi Overmyer and Bob Vondra.

We now go on to the clubs and organizations. For the Student Council two boys and two girls are nominated from which one of each is picked. For the eighth graders of next year it is - Bob Heiser, Bill Babcock, Mary Ann Taylor, and Andrea Vermaas. The Freshman chose Cheryl Sturdevant, Nancy Overmyer, Perry

White, and Freddie May. Mary Beth Ives, Karen Banks, Marty Easterday, and Carl Strang are running for the Sophomores. In the Junior class it is Gary Davis, Terry Gentry, Lyn Mackey, and Cathy DeWitt. The Seniors decided on Joyce Odle, Cheryl Zink, Bob Shirrell, and Dave Kelly.

One of the most important organizations is the Honor Society. Running for President is Bill Pleika and Patty Overmyer. For Vice-President it is Patti McCombs and Linda Baker. Karen Stevenson and Cheryl Zink are competing for Secretary. Nominees for Treasurer are Stu Lowry and Elaine Kaiser.

The only club that is exclusively for girls is the Sunshine Society. For President - Beth Routson and Linda Baker, for Vice-President - Lyn Mackey and Susie Thews. Corresponding Secretary nominees are Cathy DeWitt and Karca Stevenson. Elaine Kaiser and Mayo Kozlowski are running for Treasurer.

The last club that will be holding elections this year is the Ushers' Club. The nominees were Betty Biekel for President, and Marlene Morrison, for Vice President it is Penny Wakefield and Cathy Schmidt.

Batman just bombed by in his batmobile and tossed as the latest bundle of gossip, so here it is. Attention! Attention! Paul Hatten is looking for someone to assist him with his speech for English class. It's too bad Miss Chavleton doesn't feel it's "practical."

George J. Elaine E., Ed G., and Linda M., what did you say you were going to debate on in U.S. History? The importance of peanut butter!! Well, best of luck.

If anyone looked in at the choir practicing, — well they wouldn't understand, would they?

Linda and Brenda, it looks like you've added another good looking member to your family. Congrats.

We'd also like to congratulate the Juniors on their fine performance last Friday night. The play was great!!!

Speaking of the play, how did you like it, Suzi O., Bruce L., Patty O., and Mike H.?

Hey, Mike Eustis, how many years did you say you stayed in the hospital after you were born? Nine, wasn't it? (There must have been some awfully good looking nurses!)

If you ever want to give a stimulating speech just ask Mark K. or Chip W. for help. They seem to have the knack for putting everyone in hysterics. . . Just ask the first period English class!

The Sophomores would like to announce that they are just going to visit the hospital and will bring everyone back. Too bad, gang.

We hope Pat and Marlene do not always run around in Home Ec class playing cat and mouse. I mean after awhile you'd think one of you would get tired. Oh, you say you did after Mrs. Winters played stop light.

Everyone would like to say hello to Kirk, our new 8th grader. He seems to be quite popular already, at least in the opinion of a couple of 7th grade girls. How about that, Paula and Vicky? But did you have to resort to binoculars to see him?

We'd like to congratulate the Freshmen and Sophomores for their fine work getting their "Chicken Dinner" ready.

Besides Becky Ann there was another southern "Fried Chicken" up for the weekend. Hi Marty!

It seems that some of the boys on the track team broke the one-mile record. Congrats Gary D., Mark L., Terry C., and Richard L. for your fine work. Also to the whole team for winning their first meet.

Could Bob Crow like nurses by any chance? Just open his locker door and take a gander.

It seems like the after play party was a great success with the help of Olive!! Wonder if the neighbors will ever forget it???

Say, why did you stay clear of the Root Beer Stand, Gary D.? Oh, you say Norma was working outside for the first time, Tuesday. Aw, now is that nice?

Say Corky O. Isn't it best to jump hurdles on your feet? Well, where did you get all those

scratches and cuts on your back? Oh, you say you fell and decided to slide down the track. Ok, we will believe ya this time.

It seems John M. had two dates the night of the play. How do you explain that one, John? And how did you ever manage to take both of them to the after play party peaceably? Oh! You say Marilee didn't mind. But how could that be? Oh! You say your other date was rather young. Would you believe 5 years old???

On behalf of the schoolbell staff we'd like to say thanks to Marsha Guise and Judy Thews for their time, patience and cooperation to make this year's paper a very successful one.

Holy hole in the dent! Robin has just informed us that Batman is in another jam, this time with the mighty "Joker" so until next week . . . zam!! Pow, bam!!!

Special Notice

The all school (K-12) Open House this year will be Friday, May 6, from 7 p.m. until 9 p.m. The open house will have a special flare this year with Sesquicentennial displays, industrial art projects, Indiana History notebooks and the Home Economics department will add a special note by providing "Sassafras Tea." In about three weeks, Culver High School is going to emit 65 worldly, knowledgeable Seniors into this complex world, as most of us Culverites know. But in the fall of '66, we'll be gaining 80 fresh, young minds to replenish our classrooms. Since these sixth graders have passed thru all six years of grade school — endures all its trials and tests — we've interviewed them to see if they have any choice bits of advice or tips to pass on to the kids' in the lower grades. They searched and thought hard and produced some real gems. Some are general observations, but most of them come from experience, the best teacher (so they say).

Dennis Emigh: Might as well flunk and get it over with.

Susan Roos: Study hard — or at least pretend.

Ned Overmyer: Don't flunk and don't get in trouble with the teachers.

Dave Herr: Watch what you say!

Jim Yocum: Figure out the teachers before they figure out you.

Dave Burns: It's pretty bad in fifth on down, but not in the sixth. It's WORSE.

John Jewell: Try to do good work and don't smart off like Larry Babcock.

Larry Babcock: Don't be had to the teachers and persistent, for the teachers are good. Be good like me — not had and talk like John Jewell.

Karen Lucas: It's hard. Drop out, study hard, or resign. Remember — Batman and Robin won't be there to help you.

Sue Powers: If you don't know the answer on a "true and false" test, put "false." The teachers expect you to mark everything "true" so they almost

make everything answer "false". Also, start smiling at kids littler than you. It gives them a thrill because you're superior now.

Frank Stealy: Keep away from teachers!

Gary Straug: Hurry up, so you can get out of this place!

Patti Liette: I don't have any tips because I can't remember that far back.

Jill Wallstead: Try to get along with the teachers and the principal. (Too bad I didn't know that.)

Bruce Snyder: Watch it; it's dangerous!

Sandy Lewis: I like school and I advise them not to drop out, to have fun, and live it up a little. This will be their only chance to have recesses and to really get to know their playmates during elementary school.

Lee Piechocki: I think that it is not the best, but you have to go through with it — so you might as well. It isn't so bad once you get on to it.

Terry Back: If you knock any maps down you will get it. (speaking from experience)

Amy Jo Riester: Don't ever talk back to a teacher. Whatever you do, don't drop out of school. Why? When you do, you won't get a very good job.

Martin Napierkowski: Listen to the teacher in your room, but don't do anything for anybody else because they might not give you a tip or your room teacher might give you something. (?)

Denise Crosley: To whom it may concern that is going into the fifth grade: if you're in Mr. Freitag's room, be aware, alert, and ready to work!

Rick Baker: Don't spoil the fun when people are talking. Have fun!

Paul Salyer: Don't let the teachers get you down. Don't kick the soccer ball at Mr. Harris, you might have a class without a teacher.

Resanne Borg: Don't come in the high school building because you will get lost and stay out of the hallways when the high school comes because you'll get recover.

Olga Ruiz: Don't chew gum or you go down to the office.

Wesetta Miller: Be sure you know your rooms!

Keat Davis: Watch out the roof doesn't fall in.

Kimberly Wynnan: When it comes to tests, it's TERRIBLE, and the work gets harder, too.

And to sum it all up, don't still leave a good impression!

Nick McCann: You had better pay pretty close attention to the teachers. They're very nice most of the time. They don't load you down with a lot of homework, but it's not so bad when they give it to you. So have fun in the sixth grade.

Q.T. Hush

By Sharyl Welsh

Sh-h-h, I must have absolute silence for this assignment. This is one of my more difficult cases since the suspect is pretty slippery and sly. She must not know she is being "Shadow"-ed.

Ah — this morning we learn of an "unhappy" childhood as she relates her tale of woe to the Senior English class. Her story is that she was bundled up in a little jacket and snowpants and frequently put outside in forty below weather in the morning and told she would be readmitted at suppertime. Such prevarications.

Next she had economics and a test which I later heard was "not so hard!". But the tune quickly changed as she braced herself for physics. I could not imagine what the problem was and here I present Exhibit A, because she recently scored perfectly on a test in that department. I have a feeling that a lie detector test would be in good order especially after that first tale. More and more I am convinced that she did it.

Fourth hour college prep math is her final academic class. About this time each day she loses contact with her cohorts: What better chance for intense observation? She will have to give herself away sooner or later. After trying to eat lunch very inconspicuously, she will steal over to the band building where stealthy activities take place every day since all backs are turned towards her during each musical arrangement. But I know, Ah — but first today she made a hasty telephone call home! A clue?

During the next two hours she was rarely in the study — perhaps in the Tomahawk room though. WAIT! My suspect has disappeared!!

I've recovered the body. To protect the innocent, (she didn't do it alter all). With due respect I can only tell you that the victim's identity will be revealed if you look in your sharp new Tomahawk, Senior section, the very first lobby picture. . . Well, I tried to recover the body of L.L.N. Class closed; Hopeless. . .

CLUB AND CLASS NEWS

The Freshmen and Sophomore classes have just finished sponsoring a chicken supper, which was held in the gym last Saturday night. The supper was to take place of many of last year's money making projects.

The Junior class is working on getting this year's Prom ready for the Seniors. They have worked out a theme which they are trying their best to keep a secret from the Seniors.

Nothing has taken place in the Senior class lately, but they are eagerly awaiting the "end of the year".

The National Honor Society, Sunshine Club, and all of the Classes (7-11) have nominated officers for the coming year. Elections are being held this week.

Mile Relay Team Sets Record

By Steve Bair and Robert Vondra

On Friday, April 22, Culver won a three-way track meet with Lavelle and Mentone. The final score was Culver 61 1/5, Mentone 44 3/10, and Lavelle 42 1/2.

Culver's mile relay team of Terry Clifton, Mark Lowry, Rich Lutz, and Gary Davis set a record of 3:49.2 bettering the old record by .8 of a second. Paul Hatten reset his 2 mile record by going the distance of 10:50.3, just 5 seconds off the area's best time. Mark Lowry came through with a victory in the 880, running the half mile in 2:10.3. Andy Lowry, Culver's surprise in the high hurdles, turned in a time of 17 seconds flat to win.

The track team will travel to Rochester for the Rochester Relays on Tuesday night and to Lapaz for the Lancer Relays Saturday afternoon.

Mr. and Mrs. Whitney Kline, Mr. and Mrs. Don Davis and son Kent, Grace and Harold Burton attended the evening services at which time the "Mission to Alaska", group of 15 selected young people, the alternates and counselors, were commissioned by the district superintendent. They will leave by plane June 30 to do work detail mission work at the Jessie E. Lee Childrens Home at Anchorage, Alaska, returning home July 30. RECEIVES SCHOLARSHIP FOR SUMMER STUDY AT IU

Pamela Carter, a senior at Culver High School, is among 30 high school seniors to receive Psi Iota Xi scholarships for study in speech correction this summer at Indiana University in Bloomington. Pamela is the daughter of Mr. and Mrs. E. L. Carter, 622 Pearl St., Culver.

The scholarships, valued at \$75 each, have been provided annually by the national philanthropic sorority for seven consecutive years.

The recipients are high school

seniors selected from among some 215 applicants from Indiana and the Midwest.

They will take part in the annual I.U. Speech Correction Workshop June 19-July 2, in which study will be offered in speech pathology, audiology, and clinic observation.

Psi Iota Xi sorority began sponsoring speech and hearing projects at I.U. in 1938 with a \$10,000 grant to set up a traveling speech and hearing clinic. This has since expanded to include the scholarship and other programs.

A spy was being led to his execution by a squad of soldiers on a cold rainy morning.

"You soldiers are barbaric," the spy grumbled, "to make me march through this cold rain like this."

"Quit squawking," snapped one of the soldiers, "we've got to walk back."

ONE ANSWER!

Clean Up!

Why is it important to prevent litter and safeguard beauty? Litter is not only a health and safety menace, but is expensive to clean up. Some \$500 million in tax money is spent each year to de-litter highways, city streets, parks, beaches and other public areas, according to Keep America Beautiful, Inc.

Conversely, a clean well-kept community generates citizen pride, indicates stability and property values hold up.

Then what can the average person do about it? A great deal. In fact, he is the only one who can stop it because he is largely responsible for it. Here are some specific do's and don'ts: Keep a neat litter-free home and back yard. Teach your children not to litter and most important of all set a good example by not littering yourself. A good example will rub off on your children; also on your neighbors.

Always carry a litterbag in your car and be sure to use it. Encourage local youth groups to sponsor anti-litter projects. Use your influence as a taxpayer and voter to make sure local anti-littering ordinances are enforced.

Remember, only people are litterbugs. And people's habits can be changed.

FEDERAL TAX

Q - My husband left me and I don't know where he is. What should I do about a tax return? I have my own W-2.

A - File a separate return until your marital status is cleared up.

Q - I just worked out my income tax and I find that despite withholding I still owe almost \$100. Can I pay this off in installments?

A - No. Any tax due must be paid when the return is filed. One way to avoid this situation in the future is to increase the amount of income tax withheld from your wages. Quarterly payments of estimated tax will also avoid large balances due when it comes time to file.

Spiritual versus materialistic views of man's nature will be explored at Christian Science church services this Sunday in a Bible Lesson on "Adam and Fallen Man."

In addition to passages from the opening chapters of Genesis, Bible readings will present the account of Jesus raising Lazarus from the grave, and these lines from Ephesians and Isaiah: "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light . . . Shake thyself from the dust."

Interpretive statements to be

"There are so many labor-saving devices on the market today that a man has to work all his life to pay for them!"

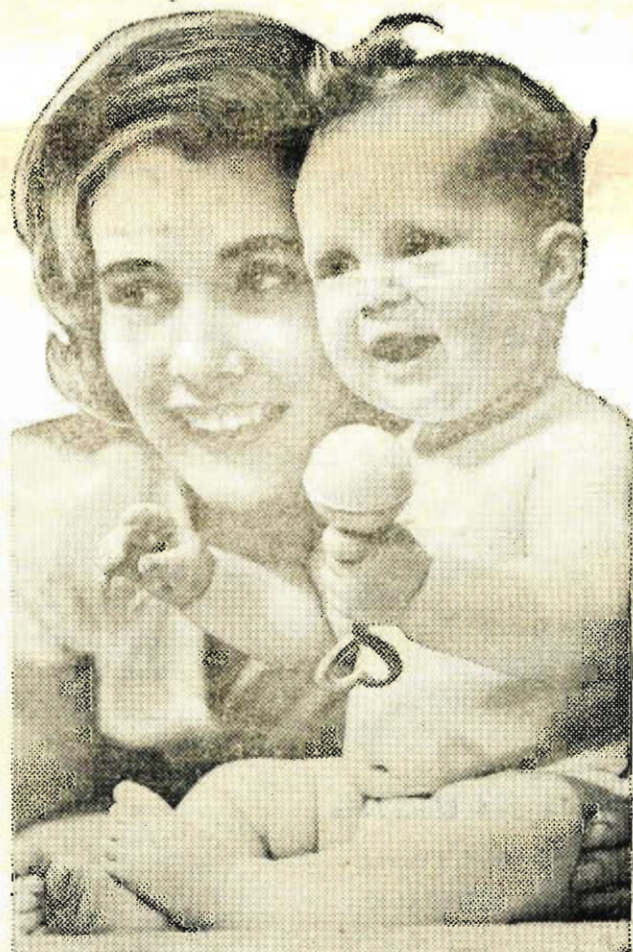

read from the Christian Science textbook will include these: "This awakening is the forever coming of Christ, the advanced appearing of Truth, which casts out error and heals the sick . . . When we wake to the truth of being, all disease, pain, weakness, sorrow, sin, death, will be unknown, and the mortal dream will forever cease" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

A 50-word (or less) classified ad in The Citizen costs just \$1.40 a week on either a 36 or 52 consecutive insertion contract.

MOTHER'S DAY

and MOTHER'S DAY

Our artist is not experimenting with his brush! There is a profound difference between these two days . . .

MOTHER'S Day — with the accent on Mother — is the second Sunday in May, when we honor Motherhood, and express our deep affection for Mother. Mother's DAY — with the accent on Day — is every day of the year. It is Mother's unending labor of love. It is Monday's wash and Tuesday's ironing, the meals to be cooked and the beds to be made, the bruises to be healed and the prayers to be heard.

And at the close of her DAY, Mother has prayers of her own—for her little-ones, her husband and herself.

God is answering many of those prayers through the Church. With its effective program of religious education and worship the Church can supply the spiritual needs in Mother's DAY . . . and in *your* DAY also!

The baby-sitter was pushing the baby carriage along a path in the park when a policeman strolled up.
"Fine looking baby," he said.
"How old is he?"
"He'll be a year old next week," answered the baby sitter.
"He doesn't look that old," said the policeman.
"No," replied the baby-sitter.
"You see, he was very young when he was born."

This is supposed to really work. Tie a light line to your kid's Hula Hoop and throw over downed

ducks. Draw back by string. Okay, but what do you do with all those kids waiting behind the blind to get their hoop back?
