## May 15 Deadline For Return Of Assessment Forms

Union Township residents are reminded and cautioned by Marshall County Assessor Tom Langdon to return the correctly and completely filled out INDIVIDUAL'S TANGIBLE PERSONAL PROPERTY ASSESSMENT RETURNS (Form No. 101) before the May 15 deadline, which is fast approaching.

Langdon states that it is necessary that all information in Schedule A — pertaining to current license number, make, year, body, cylinder, model or model number, serial number, automatic transmission, power brakes, power steering, air conditioning, etc., of your vehicles — be supplied.

If this information is not given on the returned Form 101, the assessor has no alternative than to use the highest true cash value when determining tax assessment. Failure to supply complete information may cost many tax payers much higher taxes than would have resulted had they supplied the requested information.

Likewise, it is also necessary to furnish all requested information in Schedule B, C, and D, regarding boats, boat equipment, outboard motors, and aircraft.

In all instances, the columns headed "True Cash Value" are intended for the use of the assessor only. If you wish to know the true cash value placed on your particular vehicles, please enclose a self-addressed, stamped envelope and this valuation figure will be sent to you.

All assessments must be returned to either Union Township Trustee Glenn Overmyer, Burr Oak, Ind., 46509, or Deputy Assessor Edgar Shaw, 426 College Avenue, Culver, Ind., 46511, before the May 15 deadline.

Be sure to complete all interrogatories on back side of Form No. 101.

According to Indiana law, penalties for failure to comply with the May 15 deadline will be assessed at five dollars for \$1,000 valuation and under. A ten-dollar fine will be imposed on taxpayers with \$1,000 valuation or over.

Dog tags can be obtained from the township assessor, township trustee, or at the county assessor's office. If money is mailed to cover dog tax fees, a return, self-addressed, stamped envelope must be enclosed.

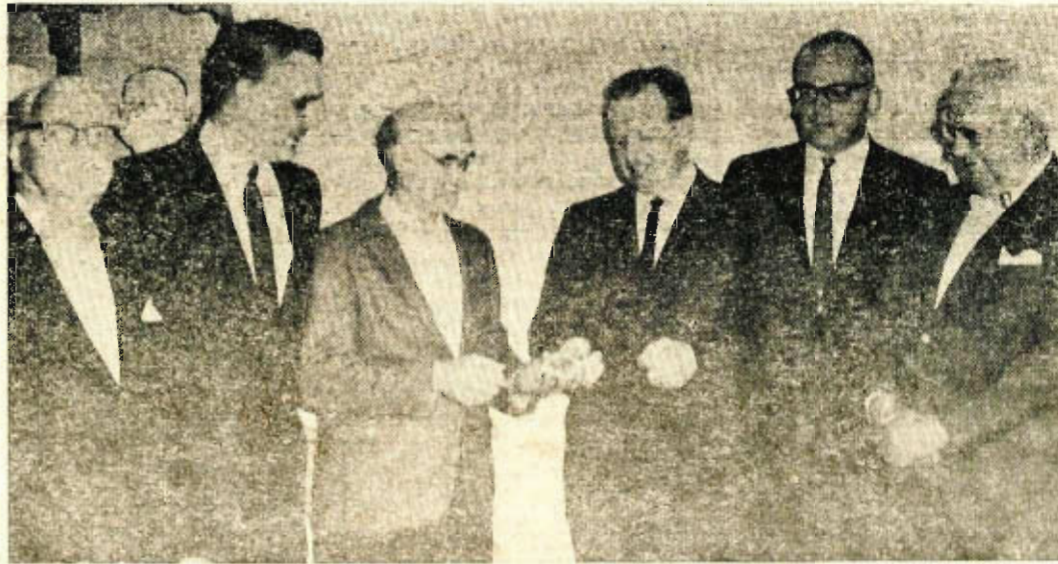

New businesses, as of March 1, or other taxpayers who did not receive tax forms should get in touch with their Township Trustee or Assessor before the May 15th deadline.

Ray Wicker, CIC chairman, was unable to attend.

The Culver Chamber of Commerce met Monday, May 9, at The Culver Inn for a noon luncheon, with President Dr. Joseph Howard leading the discussion. The guest speaker was Ernest Williams of the Indiana State Chamber of Commerce. Mr. Williams said "that to make the Chamber a strong force in the Community, the merchants must be willing to invest not only their money, but much of their time; progressive merchandising has to come through positive attitudes and actions. The use of a merchant survey by the Chamber (which, Dr. Howard had previously announced) is a step in the right direction and committee projects will aid toward gaining Chamber member co-operation and community achievement".

Dr. Howard commented that a questionnaire will be sent out this week to all Culver merchants asking that they offer any constructive criticism that would aid in making a stronger Chamber of Commerce. The executive committee appointed Ray Wicker as chairman, to be assisted by committeemen Andy Venum, Ron Tusing, and Joe Anderlohr. These men will form the civic improvement committee which will compile the suggestions and report to the executive committee.

Eddie Amond was appointed to be co-chairman of Publicity, to assist Robert Reichley, who has been working in that capacity for the Chamber. Amond will also act as chairman of a newly formed "Culver Chamber Merchant of the Month" committee, which will feature a picture and

## Big CMA Sports Weekend Part Of Sesquicentennial

### Crew Regatta, Tennis and Golf

Culver Military Academy's biggest sports weekend of the year will highlight an Indiana Sesquicentennial crew regatta, and invitational tennis and golf tournaments on Friday and Saturday, May 15-16.

The regatta will take place Saturday morning and afternoon on Lake Maxinkuckee and will involve crews from Lincoln Park and Lane Tech of Chicago; high schools from Marietta, Ohio, Parkersburg and Wheeling, West Va.; and the Academy. The event is for varsity and junior varsity eight-oared shells and is one of a series of events scheduled by the Academy in observance of Indiana's 150th anniversary.

Twenty-four teams are expected for the fourth annual James H. Bishop Memorial Tennis Tournament beginning at 2 p.m. Friday. Finals in the singles and doubles competition will begin at 2 p.m. Saturday.

Chester A. Marshall, athletic director at Culver, said New Albany, Lakeland, Michigan City, and Brebeuf of Indianapolis are among the new teams entered in the tournament this year. The Bishop Memorial is the largest high school invitational in the state and is named after the late Col. James H. Bishop, an Academy history professor who was president of the U.S. Lawn Tennis Association and the founder of the Junior Davis Cup program.

Marshall said New Albany and Lafayette Jefferson are among the favorites to challenge perennial champion Peru High School this year.

Twelve teams will go after the Culver Invitational golf championship won the last two years by South Bend Riley High School. Riley took the title last year with an aggregate score of 315 and in 1964 with a score of 309. LaPorte won the tourney in 1963 with a 309 aggregate.

Schools entered this year are: Madison Heights, Culver Military Academy, Warsaw, LaPorte, Elwood, Logansport, Plymouth, Riley, Griffith, Kokomo, Rensselaer, and Mishawaka.

Play begins at 10 a.m. under the direction of Thomas E. Baker, golf coach at the Academy. The record for medalist is held jointly by Riley's Mike Lampsa and LaPorte's Mike Hoke, at 74.

## Robert L. Rock To M-S Development Speak At McGill Center Has First Welcoming Dinner Annual Meeting

The Culver Jaycees announce that Indiana Lieutenant Governor Robert L. Rock will be the keynote speaker at the Jaycee welcoming dinner for the McGill Corporation on Saturday, May 21, at 7:15 p.m. at The Culver Inn, according to Eddie Amond, Jaycee publicity director.

Lt. Gov. Rock, 39, is married to the former Mary Jo Ferguson and they have four children. He is a graduate of Indiana University, US Navy Veteran, Presbyterian, and, before assuming office, had been a partner in an Anderson real estate and insurance business.

Don Muehlhausen and Ron McKee, co-chairmen of the welcoming dinner, said that Robert Rust, recently appointed Culver Community Superintendent of Schools, will act as Toastmaster. Roger Wise, is chairman of the welcoming brochure, with Bill Snyder and Ron Tusing, co-chairmen of ticket sales.

Invocation will be led by Father Joseph Lenk, Pastor of St. Mary's of the Lake Catholic Church, and the benediction will be given by Rev. Carl Baker, pastor of the Methodist Church. Speakers for the evening will include Ted Erwin, member of the Town Board; Dr. Joseph Howard, president of the Chamber of Commerce; Gen. Delmar T. Spivey, Superintendent of the Culver Military Academy; A. B. Williamson, vice president of the McGill Corporation; and Culver Mayor, Roy Nicodemus.

The 12-man Culver Jaycee industrial committee, spearheaded by co-chairmen Ron McKee and Don Muehlhausen, along with president Roy Nicodemus, were responsible in attracting and signing the McGill Corporation of Valparaiso, to the Culver industrial site on Sept. 17, 1965. McGill is a leading manufacturer of precision roller bearings and is presently building a \$2 million, 70,000 square foot factory at Culver, planning for an eventual employment of 200 employees.

The first annual meeting of the Marshall-Starke Development Center was held Monday evening, May 2, in the Auditorium of The State Exchange Bank of Culver.

Dr. J. Kent Guild, president of the Board of Directors, extended a welcome to each one and gave a brief resume of the past year. He stated that just a year ago the venture was first talked about and soon the enthusiasm built up to help the retarded child. Volunteers offered to help, the board was appointed, the site chosen, and remodeling finally begun. The help from so many has been tremendous, he stated.

Plans are still in the making for bigger facilities in which more children and adults, may be helped. In regards to financing, he asked Harold Rose, treasurer, for a report which showed that from tax receipts, donations, fees, membership and memorials, the income had been \$26,219.65 for the year. The balance as of April 20 was \$3,356.76 with a few bills which are now due. He also stated there is \$1,488.55 in the building fund.

When asked as to the continuance of the school as far as finances are concerned, it was stated that the Center needs funds from one or all of these: state funds, 2 cents from Starke and Marshall Counties on tax levy, and donations continue. If some or all of these are received, then the school can continue.

Mrs. Shirley J. Amond, executive director, in giving her report stated that "The purpose of a training program for trainable mentally retarded children is to provide an opportunity for them to grow physically, socially, intellectually and spiritually."

"The program", she continued, "is designed to help the child develop the knowledge of adequate self-care, social adjustment, good use of leisure time, and a feeling of being able to contribute to this community."

The Center, she said, now has a staff of eight serving 24 children and is now re-evaluating its

program looking toward next year.

Proposed goals she listed included a summer camp for six weeks; create interest among high school senior students to enroll in special education courses in college; initiate and continue future plans for a building program; study, survey and review needs for M-1, M-2 and M-3 classes in Marshall and Starke Counties; possibility of establishment of a nursery class for three and four year old children (funded by government); parent education series; finalize plans for a sheltered workshop, and teacher improvement program.

Mrs. Paul Lute, chairman of volunteer service, reported that 48 different women have helped at the Center for a total of 1025 hours.

The Women's Auxiliary was formed last month according to chairman, Mrs. Kenneth Shel of Culver. It has had one money making project which will be one of the chief purposes of the group. The next meeting will be May 16 at 8 p.m. at the Center.

### New Directors

Robert Smrt presented the following slate for the Board of Directors and this was unanimously accepted: Marshall County — June Erwin of Bourbon, Don Muehlhausen of Culver, David Feagler, Clifford Goodrich, J. Kent Guild, Harold Rose, Cleo Wysong and William Young, all of Plymouth; Starke County — S. R. Childs and Earl Leinbach, both of Hamlet, Godfrey Eggers, Elizabeth Schwier and John McSherry, all of Knox, Robert Smrt, Virginia Spenner and Elaine Wickert, all of North Judson.

Mrs. Erwin then surprised Mrs. Mildred Hurford by presenting her with a special certificate of appreciation for her never-ceasing help and assistance with the Center.

Mrs. Hurford after accepting the award, then presented certificates to representatives of clubs and organizations from the two counties who had so generously donated to the Center during the past months.

Mrs. Amond introduced staff members and The Articles of Incorporation were amended as to the distribution of the assets should the corporation be dissolved. This change was necessary to meet state requirements.

Many of the crafts made by the children were displayed. The Maxinkuckee Junior Women's Club was in charge of the social hour.

### Census Survey

Development of nationwide information on persons holding more than one job and premium pay for overtime is the objective of special questions to be asked in this area during the Census Bureau's Current Population Survey to be conducted in the week of May 15.

In making the announcement, Director Theodore Olson of the Bureau's regional office in Chicago, said the questions on overtime pay and dual jobs will supplement the regular survey questions asked monthly to gauge the national labor situation for the Bureau of Labor Statistics, U.S. Department of Labor. The questions are asked in 357 sample areas of the United States.

Persons holding more than one job will be asked to describe their secondary jobs and to tell the number of hours worked on each job. "Wage and salary workers with only one job but with more than 40 hours of work weekly will be asked about premium pay and the regularity of overtime.

Wage and salary workers in half the sample households will be asked the amount they usually earn at their primary jobs.

Census interviewers who will collect the information in this area include Mrs. Virginia Bowman and Mrs. Dorothy Plitter.

a human interest story of a leading Culver merchant. Assisting with this committee will be Bill Stubbs, Bill Snyder, and Jerry Wyman.

The Chamber voted to continue their meetings throughout the summer months, instead of disbanding, as in the past.

Dr. Howard commented that the executive committee of the Chamber suggested that a building or office be located to maintain the records in a permanent place where information could be obtained. This way, visitors to the lake community would have information that is easily accessible and data would be centrally located in a definite Chamber of Commerce office; Chamber member Don Trone is temporarily maintaining the records in his store until an office is located.

The membership committee announced that the total membership of the Culver Chamber of Commerce is 73 as of May 9.

Guests introduced included Mrs. Dillon and Mrs. Mosely of the McGill Corporation, Brian Linhart of the Culver Inn, Mr. Wall of the Culver Press and Warner Williams of the Culver Military Academy.

Dr. Frank Setzler, vice-president, announced that Mr. Allen Williamson, vice-president of McGill's will be guest speaker at the next Chamber meeting to be held at the Culver Inn on June 13.

## Bonine-McAllister Wedding Solemnized In Rochester Church

MR. and MRS. JAMES WARREN McALLISTER

Mr. and Mrs. James Warren McAllister have returned to their Culver home after vacationing in Florida and the Bahamas following their marriage April 24 in the United Presbyterian Church at Rochester.

Mrs. McAllister is the former Harriet Ellen Bonine, daughter of Mr. and Mrs. Ernest Bonine, Rochester.

The wedding vows were read by the Rev. Harry Bamberger, pastor of the First Methodist Church in Anstin, Tex., and uncle of the bride. He was assisted by the Rev. Hugh Stewart, pastor of the United Presbyterian Church. For the afternoon double-ring ceremony the altar was decorated with two baskets of snapdragons, daisies, and Easter lilies flanked by two candelabra holding lighted tapers. Tapers also were placed on either side of an open Bible on the communion table. Bouquets of daisies and ivy, backed by white satin bows, marked alternate pews to complete the setting.

Preceding the ceremony, which followed the form of a church service, Dick Ward, of South Bend sang "Oh Lord Most Holy" and "At Dawning" accompanied by Mrs. William Deniston, organist. The choir of the church sang the processional hymn as the bride was accompanied down the aisle by her father. The choir also sang "Draw Thou to Me" and "Oh Perfect Love." The soloist sang "The Lord's Prayer" following the exchange of rings. The recessional hymn "Lauda Anima" was sung by the choir.

The bride wore a traditional organza sheath over taffeta featuring a fitted midriff and medallions applied on the skirt. A removable tunnel train accented

her gown. A pill box crown of organza held her bouffant elbow-length silk illusion veil. She carried a bouquet of cascading white daisies. She also carried a rose point handkerchief given to her by her maternal grandmother, the late Mrs. Archie Brown.

Miss Linda Graef of Rochester served as maid of honor. Mrs. Robert Weltzin, Rochester, and Mrs. Jack Heckman, Valparaiso, were the bridesmaids. They were dressed in cherry pink peau de soie gowns with long controlled skirts, and set-in midriffs. The short-sleeved dresses featured scoop necklines and back draped panels accented with bows. Each attendant wore a headpiece of rose tulle and peau de soie. White gloves completed their costumes. They carried white daisies accented with green and pink with white ribbon streamers.

Miss Cynthia Bonine of Culver, niece of the bride, was flower girl. She was dressed the same as the bridesmaids.

Jack Heckman of Valparaiso, was best man. Groomsmen were Richard Booze, Milford, O., and John Sorensen, Thiensville, Wis. Serving as ushers were James D. Bonine of Culver, brother of the bride, Steve Perschbacher, Plymouth, Ron McKee, and Jack Easterday, both of Culver.

The bride's mother chose a mint green lace sheath with a high scoop neckline. The dress was accented with a scalloped midriff and touched with satin welting. Her corsage was a cymbidium orchid with pink edging.

A reception for 400 guests was held in the church parlors immediately following the service. The four-tiered wedding cake graced the serving table. It was decorat-

ed with hearts, roses, doves, and topped with pink wedding bells. On either side of the wedding cake were cakes shaped as books with the particulars of the wedding iced on them. Garlands of greenery and pink and white candles decorated the table. Servers were Mrs. James Bonine of Culver, Mrs. Miles Perschbacher of Plymouth, and Mrs. Don Henderson of Rochester, Rick Zimmerman, Fulton, tended the gift table.

Guests were registered by the daughters of the bridegroom, the Misses Martha, Brenda, and Linda McAllister. They, along with the servers, wore corsages of pink roses.

Mrs. McAllister is a 1960 graduate of Rochester High School and is attending the South Bend campus of Indiana University as a music student. Her husband graduated from Texas Technological College, Lubbock, Tex., in 1959. Both are employed by the State Exchange Bank in Culver.

The couple have established their home at 202 West Lewis Street, Culver.

MR. and MRS. RICHARD L. MILLER  
(Photo by Tom Ross)

Miss Barbara Ellen Rosebaum, daughter of Mr. and Mrs. John Rosebaum, Route 2, Culver, and Richard L. Miller, son of Mr. and Mrs. Clem Miller, 330 W. Walnut St., Argos, were united in marriage Saturday evening, April 30, in the Argos Christian Church.

Rev. Jacob Waechter read the double ring ceremony at 7:30 p.m. Mrs. Larry Crabb included in her organ selections "The Wedding Prayer" and Miss Margo Fox sang "Oh Perfect Love."

Proceeding the bride down the aisle were the matron of honor, Mrs. James Moriarty; bridesmaid Miss Janet Rosebaum, the sister of the bride; with Colette Rosebaum and Sherrill Schrimsher as flower girls.

Chantilly-type lace formed the fitted bodice of the bride's gown which was fashioned with a scalloped sabrina neckline touched with iridescent sequins, and long, pointed sleeves. The bouffant skirt was styled with a lace front and an overskirt-effect of organza edged with lace, extending into a chapel train. She carried a bouquet of white gardenias and yellow roses and was given in marriage by her father.

The adult attendants wore light blue, street-length gowns with matching nose-length veils and yellow and blue baby chrysanthemums formed their bouquets.

A light blue dress with white lace was worn by Colette Rosebaum with Sherrill Schrimsher in yellow and white. Their flowers were yellow.

James Moriarty was best man with Jerry Nelson, nephew of the bridegroom, as groomsman. Seat-

ing the guests were James Miller, Carl Eby and Howard Rosebaum. Jeffery Moriarty was ring bearer. A reception was held for approximately 300 guests with a five-tier cake, trimmed with blue roses and white bells topped with a miniature bridal couple, centering the serving table. The cake was baked by the bride's aunt, Mrs. Mertin Harrell, LaPorte.

The bride chose a light beige suit with beige accessories for her going away ensemble. After a honeymoon to Canada they are residing at Route 2, Argos.

The bride graduated from Culver High School. The bridegroom, a graduate of Argos High School, is employed at Moriarty Lumber Co.

## State Chamber of Commerce Reports On Federal Taxes

If Congress accepts the Johnson Administration budget of \$112.8 billion for fiscal year 1966-67, it will mean a burden of \$16,665,523 in direct and hidden Federal taxes for residents of Marshall County, the Indiana State Chamber of Commerce reported today.

State Chamber executive Vice President John V. Barnett said his organization estimated the proposed budget for the Federal Fiscal year starting July 1, 1966, would cost Hoosiers \$2.57 billion — almost \$146 million more than the current year. The state-wide cost was computed on the basis of a statistically-weighted formula which shows that Hoosiers will pay 2.28 percent of the cost of running the Federal Govern-

ment.

If Congress raises or lowers the proposed budget, the tax cost to Indiana taxpayers will increase or decline proportionately.

To bring home the cost of the Federal Budget to residents in each county, the Indiana State Chamber of Commerce broke down the state-wide total of \$2.57 billion into county shares based on each county's population, retail sales tax, adjusted gross income tax, and property tax assessed valuation.

The magnitude of the county's Federal tax bite of \$16.7 million may be compared with the county's total current property tax levy of \$4.5 million.

Barnett said the State Chamber favors holding the line on overall federal spending for other than essential military needs instead of providing for another \$6.4 billion in spending in the 1967 Federal Budget after a \$9.9 billion increase in 1966, as proposed in the Administration's budget.

# THE SCHOOLBELL

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

As the cold wind blows north and Spring appears to be here, it brings with it the news of the week.

Cheryll Z., do you walk much? Couldn't find a better way of getting out of cheerleading try outs, short of breaking a bone? Well -

Terry G. seems to be making the rounds lately. It must be a touch of Spring Fever. Can't you make up your mind?

If you see Brenda M. tearing past you or digging around in piles of dirt — you know she lost her contacts!

Will you sign mine? This was a well known phrase at last Thursday's Tomahawk Party. Speaking of Tomahawks, they are really nice — great job!

Chuck and Jack, where did you say it was muddy — Bigley's Orchard? Well, it's not apple season yet! Next time try mushroom hunting for Spring!!!

ATTENTION! Starting May 6, 1966 Stephen Earle Bair endeavored to start a new career — French Chef at the A&W Root Beer Stand. His gourmet special — hotdogs and hamburgers.

Did everybody enjoy the party at Liette's house, Saturday night after the Chicken Supper?? Bat, actually the chaperon should have been chaperoned. Right Bruce??

We saw many couples at the party! Let's see — T.C. & K.L., S.M. & D.T., L.R. & B.S., J.K. & Y. M., C.B. & L.M., J.L. & L.F., S.D. & C.O., B.L. & S.O. Oh yes, we forgot the couple on the back porch — for more info contact D.B. or L.S.?

Hey Susie D., why such a long face? Cheer up, everything is bound to work out!

Congratulations to our fabulous track team which placed second at the Rochester Relays! Keep up the good work team.

If the Spring Bag hasn't bitten you yet manana if you don't know what this means contact Steve B).

## Tour Of Hart, Shafner & Marx

Did you know that there were 88 steps in making a pair of trousers? Well, the girls in Home Economics II found out on the afternoon of April 25. They learned step by step how a pair of trousers were put together. The girls were given the privilege of touring the Hart, Shafner, and Marx sewing factory in Rochester.

The tour began at 1:15 and step by step the girls went through the factory and met some of the people there. At 2:00 the tour ended and the girls had learned a lot in those 45 minutes!

There were many interesting machines there, but the ones that caught most of the girls' eyes were the ones that sewed on buttons and the ones that put the slides and the end pieces on the

zippers. The only thing that bothered the girls was the noise of the factory, but by the end of the tour the girls didn't seem to notice the noise at all.

The girls would like to thank the personnel at the factory for making it possible for them to tour the factory, Mr. Davis for having the courage to drive them there and back, and Mrs. Winters for arranging the trip for them.

## The Spy Of The Week

Sh! HERE IT COMES! The victim of the week has just arrived at school. YOU MEET THE NICEST PEOPLE ON A HONDA! Holy tuxedo, BATMAN, our victim is wearing a GREEN BERET and motorcycle boots! Oh, you say THOSE BOOTS ARE MADE FOR WALKING?? Ch, well, it just must be a SIGN OF THE TIMES.

He's going into the study hall now and — DOWN, Baidog! Please don't SCRATCH MY BACK — why, he's asking for HELP on his Chemistry assignment for fifth period. There's the bell, BATMAN, and now to Algebra.

Oh, no! He's really getting on Mr. Dillman's nerves today. He is doing the COOL JERK in class. Is that any way to pass Algebra?

I'm sure glad our victim has two more study halls, BATMAN, so we can go outside for some fresh air. Look! Holy cats and dogs, a storm is coming up! I guess it's going to be another RAINY DAY FOR WOMEN 12 to 45! It doesn't matter, really, we'd probably look like a bunch of STRANGERS IN THE NIGHT out there. You say it's time to eat, BATMAN? Good. The victim just loves food.

Wait! There's our victim again in the study hall! Who is that with him?? Oh, you say they have a GROOVY KIND OF LOVE . . . the bell. Holy eons of time, BATMAN, it's time for fifth period Chemistry! I wonder what we'll experiment on, — probably the desks, since it's NO MATTER WHAT SHAPE THEY'RE IN.

Sixth period HISTORY REPEATS ITSELF, in Mr. Crabb's class, as our victim keeps asking everyone for the tenth time, DID YOU EVER SEE A ROBIN WEEP? . . . The bell again, and off to English.

DUM BI DA DI . . . Say, BATMAN, did you know what Romeo really said to Juliet on the balcony? . . . YOU'RE MY SOUL AND MY HEART'S INSPIRATION. Say, what are they doing now? . . . Ho-hum, WHAT A DAY FOR A DAYDREAM!

What's that, BATMAN? You still don't recognize the victim yet? You surely know him—HE'S A REAL NOWHERE MAN!! — His name in secret code is "ren-lim nhoJ"!!

YOU BETTER STOP AND LOOK AROUND, because there is a SECRET AGENT MAN posted on each floor just waiting to spy on you!

Citizen want ads up to 25 words only \$1.00.

## Grade School News

By Elaine Epley

This week we asked the kindergarten the big question of the week — What do you think of Batman? We got some pretty interesting answers, too.

William Robinette: I think he's keen cause the way he punches (little hand gesture there) those guys. Hey, did you know Congress was mad at him because he goes through red lights and signs? Gonna put this in the paper??

Barbara Ann Wagner: Well . . . um . . . I think he's keen.

Bill Adams: He's stupid cause he does too many bad things. . . cause he's jealous of the girls.

Holly Muelhausen: I think he's nice and fun.

Jeff Riestler: He's stupid. He does crazy stuff. What do you think Batman is? A mouse.

Tim Bigley: I think he's fine because he fights people and that's mean.

Mike Shock: I can't watch him because my sister won't let me.

Bret Parker: He's stupid, cause he wanted to get into his Batmobile.

Roger Osborn: DUMB!! (Chuckle) Because he doesn't pull the switch to go down the Batpole.

Danny Newman: I think he's cute. Why? Because he wears a mask over his eyes.

Timmy Jones: I think he's good! Why? Oh, I just do.

Kathy Cultice: Pretty. Why? Cause he's cute.

Mandy Curtis: (Long pause) Oh, . . . I don't know. I guess he's pretty.

Tim Ryser: No!! Why? Because I don't like it.

John William: Yea, he's pretty good.

Mark Doepel: Keen. Why? Cause I like to watch him fight.

Roy Ruiz: I like the song of the show . . . but I like Robin better. Why? I don't know.

Robbie Reichley: Would you like to be Batman? Yeah, cause he's got a Batmobile.

John Lane: Would you like to be Batman? Yeah, cause he fights.

## State Commission Scholarship Plan Of Indiana

By Susie Thews

This year four Culver seniors (Lucinda Ricciardi, Pamela Carter, Bruce Lindvall, and Mark Lowry) received scholarships from Indiana's first statewide scholarship program. Approximately 1,450 scholarships were awarded to high school seniors or graduates throughout the state. The individual awards range up to \$800 a year and are of two types: honorary and stipend. The honorary recipients receive no financial aid because it is not needed. The scholarships may be renewed for three consecutive years or until such earlier time as the student receives a degree normally obtained in four academic years. A minimum of two scholarships are to be awarded to students from each

county in Indiana. The scholarship winners are selected on the basis of their scholastic record in secondary school and test performance. The scholarships are awarded in descending order of merit. Recipients may choose any qualified college in Indiana, public or private and may pursue any course of study leading to a bachelor's degree.

## Culver Wins Meet

By Bob Shirrell and John Milner

Last April 29, the Culver High School track team won its third straight meet by defeating Argos 65 1/3 to 52 2/3. Senior Mark Lowry set a new 1/2 mile record with a time of 2:08.6. Paul Hatten broke the record which he had set at the previous meet with a 2 mile time of 10:31.2. The mile relay team, Richard Lutz, Mark Lowry, Gary Davis, and Terry Clifton broke the school record with a time of 3:45.4. As you can see the track team is making a fine showing this year. Their record now stands at 3 first places, 3 second places, and one third place. The Rochester relays will be covered in next week's paper.

## Latin Banquet

The recently organized Junior Classical League of Culver High School includes in its membership the Latin classes of Mrs. Tom Huff as well as Culver High School students who have already taken Latin. Officers of the new organization are Greg Easterday, president; Bob Vondra, vice president; Carl Strang, secretary-treasurer; and Leon Simms, historian.

A major project of the organization this year was a Roman banquet held in the school cafeteria at 7 p.m., May 7.

When the students, clad in Roman dress arrived, they were escorted by slaves to low tables at which they reclined in the Roman manner.

The tables were ornamented with leaves and bowls of fruit and the cafeteria was bright with crepe paper in Roman colors. Tables were arranged in a U around an area which was planned to resemble the atrium of a Roman home containing a pool and an altar.

The banquet was served according to the "eggs to apples" custom of the Romans. As the Romans enjoyed watching entertainment between courses, the members of the club, as they ate, viewed acts performed by their fellow Romans.

Greg Easterday opened the program with a welcome to the other Roman citizens. Then Carl Strang, Robie Holl, Linda Broeker, and Richard Snyder. After the first course of the dinner had been served, members of the second-year Latin class gave a skit, "Nero-A-Go-Go." The characters were Nero-Tim Frain; Mistress of Ceremonies-Ronetta King; Contestants-Karen Ruhnow, Don Gardner, Jim Taber, Terry Beck, and Greg Easterday.

A skit, "A Roman Wedding" was presented by the first-year Latin class. The following characters participated: the bride-Mary Beth Ives; the bride's mother-Bonnie Albert; father of the bride-Carl Strang; the groom-Steve Kelly; slave-Randy Burkett; father of the groom, Robie Holl; attendant-Linda Broeker; narrator-Linda Miller; high priest-Richard Snyder.

After the last course of the dinner, the ex-Latin students auctioned off the freshmen as slaves. Slaves were sold to the highest bidders.

Those who worked on committees were: decoration committee-Robie Holl, Tim Frain, Greg Easterday, Carl Strang, Linda Miller, Bonnie Albert, and Mary Beth Ives; placecard committee, Linda Miller and Mary Beth Ives; food committee-Karen Ruhnow, Ricard Snyder and Robie Holl. Robie Holl was responsible for props.

A GIFT SUBSCRIPTION to The Culver Citizen, the home town paper, is enjoyed 52 weeks a year. Only \$4; \$4.75 out-of-state. Beautiful gift subscription card with your name thereon filed.

## THE GLORY THAT IS ROME

"WE ROMANS HAVE PURPOSE," said an official of the empire in 97 A.D. "The pyramids are mere piles of stone. Greek temples are completely useless. But when Romans build, beauty serves the people. We build for the living, for the here and now. Eternity comes second!" Pompous, but true. Rome had the finest water system in the world. Beautiful buildings—baths, libraries, city planning unparalleled even today.

WHERE ROMAN EAGLES glittered in conquest throughout the world, Roman genius created lasting symbols of the sprawling empire—roads that lasted 2000 years, fortresses, harbors. The centuries have seen many of Rome's glories fade away. But they live again today in a magnificent seven-part series on the Romans currently appearing in Life magazine.

CONCRETE, DEVELOPED by Roman architects, enabled Rome to raise colossal structures, startle the world with new methods of building bridges, aqueducts and temples. Archways soaring without support, majestic domes that covered huge areas. Life pictures it all—the genius, the cruelty, the building up of a mighty empire and its eventual fall.

Mother's Day dinner served at the Eagles Lodge north of Burr Oak. Guests were the Misses Pat Caslow and Diane Martens.

Sunday dinner guests of Mr. and Mrs. Charles Ferrier were Mr. and Mrs. Elza Hawkins, Mrs. Clark Ferrier, and Mrs. James Hopple Jr.

Welcome to Anne Lewis (Mrs. Richard), whose home base is Wheeling, W. Va. She went to Mt. de Chantal Academy for High School and then on to a finishing school in Paris, Les Ambassadees, before earning her certificate from the Sorbonne. Geography, political science, and history were her main studies at the Sorbonne. She met Richard in Paris.

Richard is a Welshman, but his parents now reside in Hove, Sussex. The Lewises were married in Brighton, then lived in London for 18 months before moving back to Hove for nearly 2 years. Sarah Penn, aged 10 months, was born in England. When the Frank Bryants, who shared the same home town with Anne's father, visited England, they, of course, stopped to visit with Anne and Richard. As a result of that visit, during which Frank "sold" Culver to them, Anne, Richard, and Sarah arrived here March 4. Anne's hobbies are swimming, reading, cooking (not baking), she wants to take up golf again, likes working with children (did summer camp

Thea and Rome Berryman attended a Chaplain's Conference in Niagara Falls, N.Y., and afterward spent the remaining vacation time with Thea's mother and brother, Mrs. Henry Schoonyung and Henry, in Wayne, N.J. Thea was all primed to begin her second session, an 8-week one, of nursery school after vacation. Helping her during these next weeks are Sharon Laser and Donna Rickett.

Down to the Ozarks — Hot Springs, Ark., that is — went Art and Barbara Hughes and Eric, to take the waters and the warmth. Since most of the clientele at their hotel was somewhat older than they, and not interested in the swimming pool, the Hughes found they had a "private" pool — and made the most of it for four days. Then it was "hit the road again," the road going through Tennessee and Kentucky (take the new Kentucky Turnpike, if you can) up to Indianapolis, where they stopped for an English Conference for Art before coming on home.

Frieda and Ted Clarno tied themselves to their old stomping ground, Freeport, Ill., and then up to Monroe, Wis., visiting friends and relatives in both places. . . . It was a week of parties and sociable luncheons and dinners for B. J. Crise and daughter Dawn as they visited in Cleveland and Canton, Ohio, and over in Pennsylv-

vania, during vacation. Candy stayed home and practiced the finer arts of cooking for her father.

Phyllis and Bob Hartman put 2,000 miles on their little car in the 8 days of vacation. First they went to New Jersey to visit a college classmate of Bob's, then to Lancaster, Pa., for 3 hours with the Horton Reeds in their new home, and from there to Washington, D.C. They had to check up on governmental processes, of course, so they attended a Senate Committee hearing and, continued on a quick tour of the city. They had an overnight stop in Richmond to visit Bob's aunt before heading to the mountains of Virginia and their cabin.

The Ken Lasers spent a quiet vacation entertaining over one weekend Sharon's parents, Mr. and Mrs. Clarence Martin, from Jackson, Mich. Over Easter, Ken, Sharon, and the children returned the visit. . . . Charlotte Walker is one of the few who actually had a vacation. Tom and the children took the train to Joplin, Mo., to visit Tom's mother and grandmother, leaving Charlotte a quiet house and the car.

Nancy Holsinger's mother, Mrs. Ettie Hiss, from Fortuna, Calif., spent Easter with Nancy, Paul and the kiddies. Mrs. Hiss is a kindergarten teacher in Fortuna. . . .

And it's good to see Mabel Bishop around again, too, looking tanned and hearty after 10 weeks in Manzanillo, Mexico. This spot, one of her favorite places, is on the Pacific side of Mexico. She went down with friends from Michigan, and met many other old buddies there from years past.

Marsha Estey has been selected for participation in Indiana University's program for study of foreign languages, in competition within the state, taking an oral test in Spanish. Marsha is one of 30 chosen to go to San Luis Potosi, a provincial capitol in Mexico for a period of eight weeks. The group will have five hours of daily instruction in Spanish for that time. They will use only Spanish in their daily routine and in their associations with a family with whom each student will be living. Marsha will report to Indiana University in Bloomington June 14; a few days later the group will leave by bus for San Luis Potosi. She will return to Indiana August 11.

It's soon going to be mighty lonesome in the Edgell household. But little Lisa Platt and her mother, Mary Esther, couldn't be happier about it, since it's Lt. John Platt's presence in the States again that is the cause of it all. He has finished his tour of duty in Viet Nam and reports May 7 to Washington, D.C., for his assignment in that area.

Capt. Bob Blair, who returned from his third tour in Viet Nam in September, has been notified by the Department of Defense that he has been awarded the Silver Star for the action in Viet Nam in which he was wounded. For the same action he has already received his second Purple Heart, the Viet Nam Cross of Gallantry with Palm for Valor, the latter being Viet Nam's highest award. During his first and second tours in Viet Nam he was awarded the Combat Infantry Badge, the Air Medal, the Purple Heart, and the Bronze

Star.

The Silver Star will be awarded at 7:30 p.m., April 18, at Lopez Field by General P. D. Adams, who is a classmate of both Dr. Blair and General Spivey, at West Point. (The last time General Adams saw Bob was when he was 12 years old, and the Blairs and Adamases got together in Chiemsee, Bavaria. The General will notice a change!) Bob is the third generation to serve in the Infantry; his father and grandfather are retired Infantry Colonels. Both Russ and Col. George Blair will be at Lopez Field for the presentation. Sunny, Russ' mother and Sunny's mother, Mrs. Herschel, will sit at home and concentrate, wishing they had a closed-circuit crystal ball in which to view the events.

The Maxinkuckee Junior Woman's Club met in the Bank Auditorium on Monday evening, May 9.

Mrs. James McCombs, program chairman, introduced Mrs. A. W. Kirkman of Michigan City, 13th District President of the Indiana Federation of Clubs, who presented a program entitled, "Creative Activity." Mrs. Kirkman stated that there is a great need for faith, courage, and a creative imagination in today's world. She said that creativity is not confined to art or science, and gave examples of ideas for development.

Since 1958, Mrs. Kirkman has made and remodelled 25,000 jewelry items for patients in mental hospitals, and Beatty Hospital in particular. She displayed many items of jewelry that she has made, using old jewelry, along with new materials sent to her by clubwomen and other interested persons throughout the country. At the close of her talk, beautiful gifts of jewelry were awarded to Mrs. F. William Snyder, Mrs. Warren Curtis and Mrs. Ronald Hooley.

Mrs. McCombs introduced Miss Andrea Siple, who sang "Cruel War", accompanied by Miss Joan Heiser on the guitar, and "Walk Hand in Hand With Me", accompanied at the piano by Miss Lois Newcomb.

President, Mrs. Curtis conducted the meeting which followed. Mrs. Lance Overmyer reported on the board meeting of the Marshall-Starke development center, which she and Mrs. Curtis attended on May 2. Mrs. Robert McKinnis displayed some of the craft items made by the children at the school, and told of the pleasure the children derive from their activities.

It was voted to sponsor a booth at the Jaycee Fair to be held in June, with Mrs. McKinnis as chairman.

Mrs. John Hoestet and Mrs. McCombs reported on the Indiana Federation of Clubs convention held last month in Indianapolis. Mrs. Latham Lawson was endorsed by the club for the office of first assistant director for the Junior membership in the State. Mrs. Lawson announced committee chairwomen for the next club year, and final reports were presented. Mrs. Curtis gave the closing thought.

Mrs. Dale Heiser conducted the installation service for Mrs. Lawson as president, Mrs. Ronald Tusing, vice-president, Mrs. Ray Houghton, secretary, Mrs. Fran-

## Green Thumb Tips

'Tis sad but true that most gardeners crowd their plants unmercifully. Whether they are vegetables or flowers, plants need room if they are to develop as they should and produce their best.

For instance, tomato plants that are trained to stakes will produce more fruits and larger ones if spaced 2 1/2 feet apart. Closer spacing means that each plant shades the next one and competes with it for nourishment, so down goes fruit production.

Tall-growing zinnias are an example of flowers which will bloom much more and have larger individual blossoms if thinned to stand 2 1/2 to 3 feet apart. Every other plant a gardener grows also will profit from being allowed ample room to grow.

If the seeds you planted don't always come up, consider the circumstances before you damn the source of the seeds. Did you read the directions on the packet regarding planting depth? Did you follow them? Many gardeners, especially new ones, plant seeds too deep.

What was the soil temperature at planting time? The soil moisture condition? When soils are too cold and too wet seeds often rot before they can sprout. When soils are too dry seeds often sprout then die because the newly formed rootlets dry out for lack of moisture.

So you know the wishbone flower, the proper name of which is torenia? It can be grown in either sun or shade, forms little bushes so is as attractive grown in pots as it is in a bed or border, and may have flowers of blue or white or both colors in the same bloom.

Low temperatures at night are said to be the cause of the dropping of the first tomato flowers to open on the plants. Spraying just the flower clusters with a plant hormone which induces fruit set often prevents this drop and helps the plant produce fruits sooner.

There is an entirely different reason why cucumbers, squashes and pumpkins so often lose their first flowers without any fruits setting.

These plants normally produce only male flowers at first. Later female flowers also open. It is the male flowers which cannot bear fruits that drop and cause the gardener to worry.

As soon as female flowers start to open, assuming normal protection fits start to form.

eis Fishburn, treasurer, and Mrs. Curtis, trustee. These officers will assume their duties on July 1.

The meeting was adjourned with the Junior Pledge, and re-

freshments were served by Mrs. Edward Kowatch, Mrs. James Bonine, and Mrs. Heiser. The next meeting will be at the home of Mrs. Snyder, on May 23, at 8:30 p.m.

## MEDICARE

The residents of the South Bend area who have a 65th birthday in 1966 will be protected by medicare's medical insurance at the earliest date only if they apply during the three months before they become 65.

Mr. Charles E. Burke, social security district manager in South Bend, Indiana, said today that if they wait to apply for monthly benefits or medicare until the month they become 65 or later, their protection under medicare doctorbill insurance will not begin until some months after they are 65.

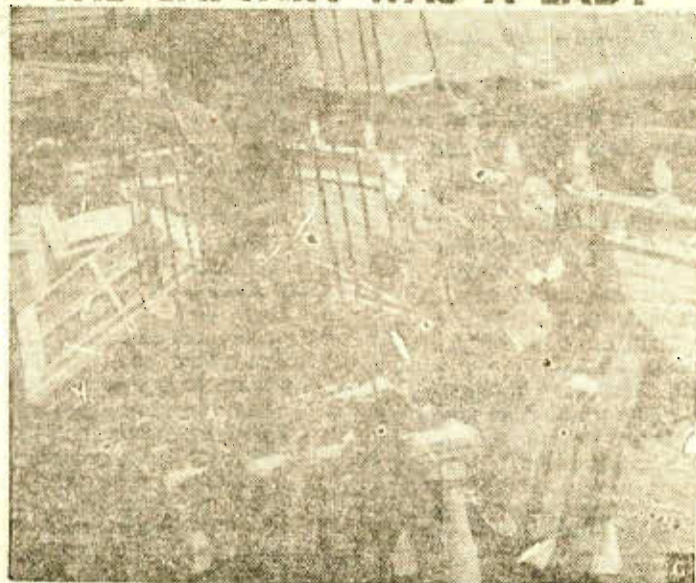

Mr. Burke explained that each person who reaches 65 on or after January 1, 1966, has a seven-month period during which he may enroll for the supplementary medical insurance plan, but the effective date of this protection depends on the date of his application. This individual enrollment period begins with the third month before he is 65 and ends in the third month after his 65th birthday. As an example, Mr. Burke said, if an application is not filed until the month after a person becomes 65, medical insurance coverage does not begin until the first day of the second month after he applies.

Mr. Burke urged everyone who has a 65th birthday approaching, including those who continue working, to file their applications at the social security office two or three months before their 65th birthday. This early action will guarantee full hospital and medical insurance protection beginning on the first day of the month they become 65 (but no earlier than July 1, 1966).

Applicants should bring birth certificates, he added, but if this is not available, the social security office will advise them how they can establish their age.

A telephone call will give them

## THE CAPTAIN WAS A LADY

For a girl of nineteen to sail a clipper ship 5,000 miles around two continents through storm and frigid weather, her captain-husband and two other officers ill below decks, and a mutinous first officer in irons, is one of the all-time epics of the high seas.

The heroine in this stranger-than-fiction adventure was Mary Patten whose husband, Captain Joshua Patten, was assigned to sail the clipper "Neptune's Car" from New York to San Francisco in 1856.

Below decks, as recorded in the historic "disaster books" of the Atlantic Mutual Insurance Company, was a cargo then valued at \$800,000, appraised today at \$10,000,000.

During the first few days out of New York, "Neptune's Car" sailed on uneventfully. Then tragedy struck. In mid-Atlantic, Captain Patten had to depose his chief mate. Malaria then felled the Captain and his two remaining officers. Responsibility for navigating the 1,616-ton "Neptune's Car" now rested on Mary Patten. Faced with the decision to return to New York or sail on, she ordered: Sail on!

Atlantic Mutual's records

show that in rounding Cape Horn only Mary's skill kept the clipper from capsizing in the wintry, storm-buffed Antarctic.

When not at the helm, Mary was down in the cabin tending her now blind and deaf husband and the other sick.

Miraculously after 55 days at sea, "Neptune's Car" entered San Francisco harbor. Observing her arrival, the captain of the clipper "Intrepid" noted, "Few shipmasters could have excelled Captain Patten's wife."

Few realized that Mary was more of a heroine . . . for all this time she was carrying an unborn child.

For her feat, many tributes followed. On behalf of the Atlantic Mutual and co-insurers, the Board of Underwriters presented her with a tribute and \$1,000 - several years' wages. The noted orator Edward Everett called her the "Florence Nightingale of the Ocean."

Few women have had their names inscribed in the annals of the sea. Mary Patten's name stands almost alone. The captain was a lady . . . and in command.

## Drivers Share "500" Spotlight With Balloonists

The world's greatest automobile race drivers will share the spotlight with nine daring balloonists at the Indianapolis Motor Speedway this week-end as preparations continue for the 50th running of the 500-mile speed classic on May 30.

Chief interest will be centered in Saturday's battle for the No. 1 starting berth in the "500" on Race Day, with such former "pole" winners as A. J. Foyt, Jim Clark and Parnelli Jones among the prominent contenders.

The largest pre-race crowd in Speedway history is anticipated and gates to the grounds will be opened at 7 a.m. (EST) in an effort to keep traffic moving smoothly. Track action will get under way with a practice period, beginning at 9 a.m., and official time trials will start at 11 o'clock.

Time trials will be resumed at noon Sunday, following a spectacular balloon race commemorating the National Balloon Championships sponsored by the Speedway in 1909, while the race track still was under construction. Nine huge gas bags participated in that event and the same number will be involved this week-end.

Each of them will be approximately 75 feet tall and 50 feet in diameter. They will be inflated with hot air in the pit area at 11 a.m., for the "take-off" on a one-hour race in whichever direction the wind carries them. The winner will be the balloonist who travels the greatest distance and lands safely within the one-hour limit.

Gates to the grounds on Sunday will be opened at 9 a.m., with the track open to all "500" entrants for practice until the balloon race starts. Admission on each time trial day will be \$2 per person with free parking in the infield.

National Champion Mario Andretti, shown touring the garage area at the Indianapolis Motor Speedway on a miniature tractor, is one of the favorites for the No. 1 starting berth in this year's "500". With him are Rookie Art Pollard (left) and Dan Gurney (right).

Foyt holds the present one-lap and four-lap track records of 161.958 and 161.233 miles an hour, respectively. Several veteran drivers, however, believe a speed of more than 163 miles an hour will be needed to win the pole position this year.

Qualifying prizes totalling \$19,500 will be at stake with the fast-

est qualifier assured \$2,200 from the Speedway in addition to many cash and merchandise awards offered by accessory companies.

National Champion Mario Andretti, winner of the 1965 Stark-Wetzel "Rookie of the Year" trophy, tops the list of younger drivers anxious to challenge the veterans for front-row positions.

will be unveiled in the hall at Culver Military Academy some time during the first week in June as a memorial to the Class of 1928.

"Mortals and Immortals" will be the subject at Christian Science church services this Sunday.

Golden Text: "As we have borne the image of the earthy, we shall also bear the image of the heavenly" (I Corinthians).

Included in the Lesson-Sermon will be Jesus' statement to Nicodemus: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit. Marvel not that I said unto thee, Ye must be born again."

And from the Christian Science textbook: "We must reverse our feeble flutterings — our efforts to find life and truth in matter — and rise above the testimony of

the material senses, above the mortal to the immortal idea of God . . . It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" ("Science and Health with Key in the Scriptures" by Mary Baker Eddy).

How wonderful to see God through the eyes of a child. The wonder of bright blue eyes in a nest of twigs, the path of the wind through tossing treetops, moonlight dancing on a lake. All these are within the grasp of a child.

Too often we are caught up in a world of worry and concern. Worrying how to make ends meet, we forget to stop and see God in the world around us. Jesus said, "Whoever shall not receive the Kingdom of God as a little child shall in no wise enter therein."

Your church offers you moments of worship and inspiration, so that you may see all things bright and beautiful and find for yourself the Kingdom of God as He reveals it daily through the beauty of His earth.

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a house of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: 1. For his own sake. 2. For his children's sake. 3. For the sake of his community and nation. 4. For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Social Security

May is Senior Citizens Month. Under the new law passed by Congress, May is also the month that persons who reached 65 before March 1, 1966, will have to sign up for doctor bill insurance if they are to have coverage by July 1, 1966, the date that medicare coverage begins.

Mr. Charles E. Burke, District Manager, of the South Bend, Indiana Social Security Office, urged all senior citizens age 65 or over who have not signed up for doctor bill insurance to visit their social security office immediately, so that they may have protection when the program starts on July 1.

Almost all persons 65 or over are eligible for the two types of health insurance under the medicare program, hospital insurance and doctor bill insurance. Social security beneficiaries are automatically enrolled in the hospital insurance program, but persons who are still working or who do not receive social security benefits must sign up for hospital insurance. On the other hand, in order to get protection toward the cost of doctors bills at a cost of \$3 per month, ALL persons must enroll.

According to Mr. Burke persons who were 65 before March 1, 1966, and fail to enroll before the deadline, May 31, will have to wait till October 1967 before they will have another chance to apply for doctor bill protection. He added that as senior citizens become 65 they should visit their social security office no later than the month before their 65th birthday to have protection as soon as they reach 65.

The South Bend Social Security Office is located at 335 N. Lafayette Blvd. The telephone number is 233-7147.

## Alumni Banquet Held At Leiters Saturday Night

The 1966 Leiters Ford-Aubbeenaubbee Township Alumni Banquet was held Saturday evening, May 7 at the Aubbee Gym.

The invocation was given by Mrs. Guy Davis after which the W.S.C.S. of the Leiters Ford Methodist Church served a swiss steak dinner to approximately 180 alumni and guests.

President, Jim Kline, opened the program with a welcome to all. The secretary's and treasurer's reports were given by Mrs. Fred Ditmire and the nominating committee presented their nominations for the 1967 officers. They were elected as follows: President, Paul Johnson; Vice President, Charles Bernhardt; Secretary, Mrs. Fred Ditmire and Treasurer, Mrs. Kenneth McCune. President Kline then introduced Charles Bernhardt as toastmaster for the evening. Mr. Bernhardt conducted the roll call of classes with 122 alumni responding. The class of 1954 had the most present with 10 which was 50 per cent of the class. Mr. Bernhardt then introduced J. Arthur Howard, principal, who in turn introduced the 21 members of the 1966 graduating class. Ron Autrey gave the response for the class.

There were three generations present at this year's banquet. Omer Reichard of the class of 1911, Robert Reichard, class of 1940, and Gene Reichard, a member of this year's senior class.

The spotlight was focused on the classes ending in two's. The

following people responded for their classes: Mrs. Helen Shadel, 1912; Evert Hoesel, 1922; Norman Kelly, 1942; Mrs. Jeanne DeRuiter, 1952; and Mrs. Nedra Wesson, 1962.

A box of candy was given to Mrs. Edith Moon (class of 1903), the oldest alumni present, and to Joe Guise (Ohio), for the alumni coming the farthest. A golden certificate was given to Joe Guise, a member of the class of 1916, in honor of the class' 50th graduation year.

A potted plant was given to Mrs. Ditmire for her work as secretary for the past three years.

Ralph Stayton gave the closing benediction after which square dancing was enjoyed by all.

This year's officers were: president, Jim Kline; vice president, Paul Johnson; secretary, Mrs. Fred Ditmire; and treasurer, Mike Guise.

Mrs. Dwight McClure and Mrs. Robert Hill attended a May Fellowship meeting at the St. James E.U.B. Church in Kokomo on Friday, May 6. The meeting was sponsored by the Council of Church Women.
