Culver Loses To Mentone By 3-2 Score

By ROBERT VONDRA

The baseball scene was a little subdued this week, because of all the rainy weather we've been having lately. Two games, with Rochester and Custon, were rained out, and as yet no replay dates have been given. In the one game they did play, the Indians lost to the Mentone Bulldogs by a close 3-2 score.

Culver's pitching was better than ever, as Terry Gentry gave up a half dozen hits and a walk. Two solid hits and an error cost Culver two runs in the third inning, as the center fielder hit a double, the right fielder made it to first on an error, and then both were hit in on a triple by the second baseman, Mentone's other run came in the fifth inning, when the right fielder was advanced home as the pitcher singled.

Culver posed a threat in the fifth and sixth innings with men on third base, but failed to score. The tribe's two runs came in the last inning when Bill Liette was hit in on a single by Jack Lucas, and Lucas crossed home on a passed ball.

Culver lost another good player when first-baseman Jim Taber was injured in a freak accident. A foul tip off Taber's bat shattered his glasses, and pieces of the glass had to be removed by a specialist in South Bend. No permanent eye damage was done, and he is recovering nicely.

Byron R. Cook, Culver Native, Dies At Age 63

Byron R. Cook, 63, of Loogootee, who was born and reared in Culver, died Friday morning in Loogootee.

Among the survivors are his widow, Mary Frances, and a sister-in-law, Mrs. Jesse Pettis of Plymouth.

Funeral services were held at 8:15 a.m. Monday at the Forest G. Hay Funeral Home, South Bend.

Hospital Notes

Mrs. Cloyd Miller, 316 W. Madison St., was admitted to Parkview Hospital at Plymouth on Friday for observation and treatment.

Mrs. Clarabelle Murphy of Plymouth, cousin of Mrs. Chester W. Cleveland of East Shore Drive, remains a patient at the Lutheran Hospital, Fort Wayne, because of breaking her hip recently, just the day before she was scheduled to be released from the same hospital. Mrs. Murphy would enjoy hearing from her Culver and Plymouth friends.

School Board Considers Major Summer Repairs

Major summer projects of repair and upgrading school facilities were considered by the Board of Trustees of the Culver Community School Corporation at their meeting this week.

Proposals concerning the conversion of the two-boiler coal-fired units at the Culver school and repair of the stack were presented by Mr. Charles Lumm, consulting engineer, South Bend.

Three alternatives were included in the presentation. It was proposed that one boiler be converted to oil or gas-fired with the second stoker-fired boiler to be retained. Second, both boilers would be converted to oil or gas-fired and third, it was recommended that the School Board consider replacing number one boiler with oil-fired retaining the second boiler as an auxiliary.

It was pointed out that with two new boilers the savings was estimated at \$1,000.00 a year in fuel efficiency. The outlined plan included recommendation for the stack, and incinerator, and accessories.

Mr. Jack Spencer, who had been asked to inspect the water pressure system serving the toilets, replacement of urinals, and ventilation gave a complete and detailed report on the problems involved. He suggested the use of a consulting engineer to detail proposals in keeping with State requirements for the project.

In follow-up action the Board accepted Mr. Lumm's third alternative for the replacement of the number one boiler for an oil-fired furnace, repair of the stack, roof to the boiler room and incinerator. Mr. Lumm was also authorized to submit proposals on the water pressure problem.

In other items of business, the Board began its preliminary study of budget, approved a contract agreement for Mrs. Conale Ervin, school nurse, approved the employment of Mr. Charles Cook to the maintenance staff and considered, at the request of the superintendent, Board members' salaries.

It was reported that bus drivers, Henry Hinkle, Edgar Burrough, Thomas Walker, and Robert Deitrich, Eric Ryser and Robert McKee have signed their agreements for driving busses.

Installation of a sink and storage shelves in the art room as recommended by Sandra Asay, was approved.

Walter Johnson, president of the Board, Eldon Davis, representative of the Holding Corporation, together with Superintendent Robert Rust, met with attorney George Stevens on Monday to go over plans of the new high school building. Representatives of both the School Board and the Holding Corporation will confer with officials in Indianapolis on Friday.

Members of the School Board will join for an inspection tour of the Culver and Aubbeenanabee Schools on Tuesday evening. The Holding Corporation will meet on Monday evening to elect officers.

SUSAN SHEI WINS FIRST IN BATON TWIRLING

Miss Susan Shei, daughter of Mr. and Mrs. Kenneth Shei, Route 2, Culver, attended the third annual Summer Festival Baton Twirling Contest held Sunday, July 10, at the Barker Junior High School in Michigan City, Ind.

Susan won first place in the advanced 13-year-old age group out of nine contestants.

John Kagel Speaks At Local Chamber Of Commerce Meeting

Photo by Rev. Lawrence White

Pictured here left to right are:

Dr. Joseph D. Howard, Culver Chamber of Commerce President; Andy Venum, Chairman of Merchant Improvement Committee; John Kagel, Director of South Bend-Mishawaka Area Chamber of Commerce; and Dr. Frank Setzler, Vice-President of Culver Chamber.

The Culver Chamber of Commerce met Monday noon, June 11 at the Culver Inn. Rev. Carl Baker of the Methodist Church gave the invocation and Don Trone, acting as Secretary, read the minutes. Two guests were acknowledged; Mrs. Norman Perry with Mrs. Janice Kriner and Mrs. Frank Rainey with Mrs. Ruth Cleveland.

Merchant Improvement Chairman, Andy Venum, reported that over 160 questionnaires have been sent out by his committee, asking businessmen and merchants to offer suggestions to make a stronger Civic Chamber of Commerce. . . he urged merchants to return these at once so that they may be evaluated.

Dr. Joseph Howard, Chamber President, reported that he suggested at the recent Town Board meeting that enforcement should be made regarding complaints by merchants and citizens; several cases of vandalism, hoodlum elements causing disturbances and fighting were noted in the Town Park area. Dr. Howard suggested that a Park Commission be established by the Town Board with representatives from the Civic Improvement Clubs appointed to such a Commission.

Dr. Frank Setzler, Chamber Vice President, introduced the speaker, John Kagel, of the South Bend-Mishawaka Chamber of Commerce. Prior to his talk and film on "Shoplifting," Kagel offered several recommendations that could add business to the Culver area. Among these were: the immediate setting up of a Chamber of Commerce office, with mailing plates and communications identified as being from the Chamber, hiring a typist to aid in the short and long range program of work, set up committees to help the program succeed.

Kagel said "these are all going to cost money. . . strengthen the business and professional people's 'Union' — the Chamber of Commerce — raise the dues if no other choice is allowed, ask complete co-operation of your local newspapers to get the ideas across to the Community, that you want to strengthen the image of Culver. All of your Civic groups should work together and not pull in 4 directions at once, why not set your goal of a Lake Beautification Program? Your area has much to offer; the Town Park could be developed into a show-place. . . I suggest a Miniature Lighthouse to be built on the edge of the Park area between the Academy property shoreline symbolizing the comradeship of the two communities. . . charge a nominal fee for parking in the beach area; you need people in town during the week, these are the people who will spend money;

you only need to attract 12 new people a day and this will give your community the equivalent of a factory employing 100 people. Talk with representatives of your County and State Highway departments and the Culver Military Academy. . . to have more signs posted around the Culver area."

"You are only limited by your imagination," stated Mr. Kagel, "Call upon your creative thoughts. . . why not have a Horse drawn surrey with the fringe on top, which can carry tourists through the town, Park area and the Culver Military Academy? You at Culver have an excellent tourist attraction via the Academy; promote the Famous "Black Horse Troop" with advertising and signs. If you sincerely intend to achieve more business for your Culver community, you must be prepared to spend money as an investment and have all your Civic groups work toward one goal such as the Lake Beautification Program."

Kagel then presented his film commenting that "shoplifting is a serious problem in the country today, it has increased 95% the past year according to FBI reports from J. Edgar Hoover; one out of every 60 customers entering your store tries to steal an item and the important thing for the merchant to remember is that for every \$1.00 item stolen, it takes over \$100.00 of merchandise to replace that net profit. The most effective method to fight shoplifting is to PREVENT the theft. . . by having your clerks being constantly on ALERT!"

IN SERVICE

U S S SAMUEL B. ROBERTS — Midshipman Harold R. Eustis USN, son of Mr. and Mrs. Frank Cihak of 103 Ohio St., Culver, is spending his summer cruise aboard the Destroyer USS Samuel B. Roberts, operating out of Newport, R. I.

During his six-weeks aboard the Roberts, he will serve as a junior division officer gaining much of the practical experience he will need upon receiving his commission in the Navy.

The cruise includes a large scale amphibious exercise in the Atlantic, dubbed Operation Beachtime. Also scheduled for the training period are anti-submarine and anti-aircraft warfare exercises, and Naval gunfire support training. The cruise will be climaxed by a simulated assault on an uninhabited island in the Atlantic.

The newspaper is the only medium that works 24 hours a day to bring the advertiser's name to the public.

Lions Club Plans Corn Roast For Saturday, July 23

Serving From 5:30 to 8 p.m.

The 18th annual Corn Roast, sponsored by the Culver Lions Club, is planned for Saturday, July 23 in the Culver Town Park.

Serving will begin at 5:30 and continue to 8 p.m. The traditional menu will again this year offer hamburgers, corn on the cob, ice cream, coffee, or iced tea, with prices set at just one dollar for adults and seventy-five cents for children.

Don Davis is general chairman of this event.

The public is cordially invited to attend this annual unique event of the local Lion Club and enjoy a delicious outdoors Saturday evening treat.

The Culver Lions announce that the proceeds from the Corn Roast will again be used for the betterment of the community. The civic-minded Lions each and every year do much to make Culver a better place in which to live.

By attending the Corn Roast, Culverites will, in turn, be helping themselves by improving their community.

Labor Day Celebration For Indiana Sesquicentennial

Plans are being launched for a gigantic Labor Day Sesquicentennial celebration for Marshall County.

The theme of The Pilot-News sponsored celebration, "Marshall County, Past and Present", will be carried throughout the day from a gigantic parade starting at 10 a.m. (EST) Labor Day, Sept. 5, in the Plymouth downtown area and ending up at Centennial Park. The park in Plymouth has been reserved for the day.

Tentative plans for the day include a county-wide parade sponsored by the Plymouth Jaycees, a picnic basket noon lunch, softball tourney, air show, games for kids, teen dances, square dances, beard judging contests, soap box orations, arts and crafts show, pony rides, band concerts, old fashioned displays, etc.

The parade is planned to be over a mile long but the parade committee needs more entries of old cars, old farm machinery, floats, marching units, etc.

If you would like to be in the parade please fill out the entry form for the parade and send it in with a description of the unit.

EDITOR, The Citizen:

Congratulations LBJ, it's encouraging to hear your "Day for Decision" and declare that the USA plans to win in Viet Nam. The American people have had their fill of Liberal coddling of the Communists heralded by the High Priest Walt Lippman; his shaking disciples, Fulbright and Morse, who want to hide under the banner of "Don't make those buffies mad, they won't like us and it'll damage my psyche". Our Foreign policy, not only in Viet Nam, but throughout any encounter with the Commies, has been this half-sighted and ill-accomplished program . . . the Commie Coddling attempts have gotten the United States nowhere.

The word travels slow to Washington, but the grass-root opinion has finally arrived, they're now getting the message. . . Citizens must not tolerate buffies or hoodlums in our Communities. . . or in Viet Nam. You can always find some weak individual who says "now, now, boys will be boys". . . true, but do they have to be the James Boys??? On June 11th, I went on record at the Culver Inn, declaring at the Culver Alumni Banquet, that "I'm a card-carrying Capitalist, a devout believer in Free Enterprise; we're living in an Age of Frustration, we know we've got the best team, but we're not winning the game. You can't win if you don't have the ball and the Commies are always on the Offensive, whether it is in Viet Nam, Berlin, or Cuba. In Viet Nam, let's give our men the weapons to win the war or GET OUT!!! The Russians have the worst product in the world, but they must have the best salesmen, to be able to sell that phony garbage philosophy." We in America, who pride ourself in having the best salesmen. . . let them come forth. . . Let's sell America and Freedom of Choice with one hand and Free Enterprise and the Capitalistic System

with the other hand and by the hand of God, we can sell America to the world. . . we once did lead the world by example, but when we started pushing and stopped leading, they pushed back."

A successful Salesmanager once said "silence is not always golden, sometimes it is just plain yellow." It's time we struck back at the buffies; it's time NOW, for All-Americans to speak out and encourage the Administration to fight back against the Communists all over the face of the globe. . . let's take the ball and start running, we're behind, but we're going to win the Big Ballgame. NOW!

Patty Overmyer Leaves For Six-Weeks' Study In Brittany, France

Miss Patty Overmyer, daughter of Mr. and Mrs. Glenn Overmyer, Route 2, Culver, left by chartered jet from Chicago's O'Hare Airport, Wednesday, July 6, for a six-weeks' trip and study abroad.

Patty, along with 100 other students from other parts of the United States, are participating in the "Council of Study" program and will spend five days in London, six days in Paris, and the balance of the six-week period they will be studying at a French boarding school at Quimper, Brittany, located in the northwest part of France.

These American students of French underwent a two-week orientation period to prepare them for their trip abroad. They will return by chartered jet on Aug. 17.

Miss Overmyer will enter her senior year in September at the Culver Community School.

A veteran scrubwoman, so the tale goes, held a winning ticket in the famed Irish Sweepstakes and collected \$100,000. "No, I'm not quittin' my job," she told newsmen. "But now, Heaven help anybody that gets in the way of me mop!"

Clarence C. Doll Dies Following Short Illness

Clarence C. Doll Sr., 68, of the New Culver Hotel, Culver, died at 5:15 p.m. Sunday, July 10, at Parkview Hospital, Plymouth, following an illness of five days.

Mr. Doll was a veteran of World War II, and was born Feb. 10, 1898, in Pulaski County to William and Sophia (Long) Doll. He was married in 1920, in Pulaski County, to Marguerite L. Moncel, who preceded him in death in 1929.

He lived in Pulaski County for 45 years, before moving to the Fulton-Marshall County area in 1947. He has been the sexton of the Lettors Ford I.O.O.F. Cemetery for many years.

Surviving are a son, Clarence C. Doll Jr., Hobart, Ind.; a daughter, Mrs. Dorothy V. Mahler, Monterey, eight grandchildren and three great-grandchildren.

Funeral services were held on Wednesday, July 13, at 2 p.m., at the Easterday-Bonine Funeral Home, Culver, with Rev. Norris King, pastor of the Lettors Ford Methodist Church, officiating. Burial followed in the Pleasant Hill Cemetery, located five miles east of Francesville, Ind.

Randall Houghton Dies Suddenly At His Chicago Home

Randall E. Houghton, 53, died suddenly at 4 a.m. Saturday at his residence, 9603 E. Merrill St., Chicago. He was a former Culver resident.

He was born Aug. 18, 1912 in South Dakota to Manfred and Jessie Rogers Houghton and had been a resident of Chicago since 1940. He was married to Ruth Reich Sept. 6, 1941.

Houghton was a retired Lieutenant Colonel of the Air Force.

Surviving with the widow are two brothers, Roger of Plymouth and Manfred of Kalamazoo, Mich.; and one sister, Mrs. George (Irene) Hirst of Byron Center, Mich.

Funeral services were held at 2 p.m. Monday in the Johnson Funeral Home at Plymouth with Homer Taylor, Christian Science reader, in charge.

Miss Cynthia Allen Receives Study Grant

Cynthia Allen, teacher of Spanish in the Culver Community Schools in Culver, has been invited to participate in a seven-week Language Institute (June 13-July 29) at Murray State University, Murray, Ky.

The Language Institute at Murray State is one of 56 summer institutes scheduled at various colleges and universities for the improvement of language teaching. Sponsored by the Language Development Program of the National Defense Education Act of 1958, the institutes are supported by funds from the United States Office of Education in contract with host institutions. Participants from public schools receive a stipend of \$75 per week plus allowances for dependents.

Miss Allen is one of three teachers selected from the State of Indiana to attend the Murray State University Institute. Fifty teachers were chosen from over 200 applicants.

The Institute will emphasize "total immersion" in the language, with formal classes in conversation and composition, civilization, and linguistics. A course in modern teaching techniques, supplemented by demonstration classes, will provide training for teachers of Spanish in grades 7-12. Participants will live in a University residence with native speakers and will speak only in Spanish.

Given in marriage by her father, the bride was attired in a floor-length gown of white satin fashioned with a scoop neckline edged with lacy flowers trimmed with baby pearls. A full softly gathered skirt fell gracefully from a pointed front waistline and was accented in back by a large self-fabric bow. Lacy flowers trimmed with a self-fabric rose and baby pearls accented the front and back of the skirt, and long sleeves came to points at the bride's wrists. Her veil of white nylon netting fell from a crown of twisted nylon netting with tear drop pearls and baby pearls.

Miss Paulette Mahler, cousin of the bride, was maid of honor. She wore a sleeveless street-length dress of powder blue embossed rayon tafetta styled with a scoop neckline and lightly gathered skirt.

James R. Smith of Winamac served as best man, and ushers were James Reinhold and Dennis Mahler, brother of the bride, both of Monterey.

For her daughter's wedding Mrs. Mahler chose a sleeveless yellow knit nylon dress with white accessories. The bridegroom's mother was attired in a sleeveless, pleated pink dress with green trimming and white accessories. They each wore a corsage of white carnations.

Immediately following the ceremony a reception was held at the Monterey American Legion Post for about 200 guests.

After a short wedding trip to Indianapolis the couple will reside with the bridegroom's parents.

The bride is a graduate of Aubbeenaubee High School. The bridegroom is a graduate of Monterey High School and is employed by Noreco Construction Co. He will leave July 18 to serve in the Army.

Marsha Estey Wins Scholarship For Study In Mexico

A coed attending Culver Military Academy has been awarded a scholarship for six weeks study in Mexico as part of Indiana University's Honors Abroad program.

Marsha Estey, daughter of Col. and Mrs. Melvyn A. Estey, was one of 39 students in the state named by Indiana University for the advanced study program in Mexico. Miss Estey is one of 15 daughters of faculty members who attend Culver, the nation's largest college preparatory school with an enrollment of 873 boys. Her father is Commandant of Cadets.

Major General Delmar T. Spivey, USAF (ret.), superintendent of the Academy, said Culver granted the scholarship to Miss Estey in recognition of her proficiency in the study of Spanish and as an encouragement to other students to take part in the Indiana University program.

Miss Estey is already in San Luis Potosi in central Mexico where she will spend the six weeks in an intense study program. She will attend a Mexican high school administered by I.U. language officials but with classes taught by native Mexicans. She is also living with a Mexican family, and as part of the program, all students chosen live under a pledge not to speak English until their return to the U. S.

To qualify, Miss Estey underwent oral and written tests, secured recommendations from school officials and others, and took part in a thorough screening project at Indiana University. At Culver she is an outstanding student and the only girl elected from the junior class to the Blue Key Society, an organization that recognizes academic achievement. Miss Estey was in an advanced Spanish class last year and is enrolled in a Spanish honors course for the fall semester at the Academy.

17 CULVER YOUTHS WIN RED CROSS JUNIOR FIRST AID CARDS

The American Red Cross Junior First Aid Class concluded its course Tuesday evening, June 28, at the home of John Jewell, 432 School St., Culver. The sponsoring organization was the Junior Live Wire 4-H Club. The class included members of the Merry Maids 4-H Club and the Maxinkuckee 4-H's.

The class which began May 13, included nine two-hour classes and was taught by David Smith of Hibbard, a recently carded First Aid Instructor. He was assisted by Mrs. Alice Gerrard, Marshall First Aid Chairman.

The 17 members of the class studied basic lifesaving techniques of artificial respiration, bleeding control, care of fractures, shock, burns, heat exhaustion, and other skills.

Students who earned their Junior cards were Kathleen Banks, Denise Crosley, Mary Jo Fishback, John Jewell, Brenda Kowatch, Sandy Lewis, Angela Liette, Patti Liette, Gloria Plante, Bob Ringer, Kathy Ringer, Greg Wynn, Mary Alice Zehner, Ruth Zehner, Pamela Hartz, Jo Ann Ringer, and Margaret Jewell.

Anyone interested in taking an American Red Cross First Aid Course is urged to call Mrs. Gerrard at 936-4532 or the Red Cross Chapter at 936-3928.

Deaf Man Perfects Tiny Hearing Aid

OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no dangling cords or separate transmitting units and represents a new unusual design idea in a product to restore natural hearing.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of the smallest all-in-the-ear hearing aid ever made will be given absolutely free to anyone sending in this advertisement while supply lasts. SCRAPBOOK

 ASSISTANT DIRECTOR
 Indiana Sesquicentennial Commission

CHOLERA—Morbus Asiatic
 Cholera was probably the most dreaded disease that could hit a community in the early days of our state—though there were many others.

It hit fast, killed in hours and left horror, destruction, desolation, and despair in its wake. There was no escape from cholera except to flee from it and most did.

Dr. Thomas Mitchell wrote: The pestilence stalks in the midnight gloom
 And mantles the gay with the pall of the tomb.
 Nor beauty nor youth from its clutch can flee
 It kills on the land, it blasts on the sea.

Cholera spread to the United States from Europe in 1830 and by 1832 was in Indiana. Twenty-two deaths occurred in Madison in the fall of that year—having been brought in from Cincinnati where there were 351 deaths in three weeks. It slowly worked northward over Indiana and in 1833 was much worse.

In Salem, 113 died (population then was 800). At Greensburg 30 deaths occurred in a matter of hours. At New Castle 16 out of 150 settlers died in a few days. Sixty-two died in a month in Indianapolis.

Governor Noah Noble proclaimed June 26 a day for fasting and prayer and discussions about how to protect the public against cholera.

Learned doctors were helpless and some of their prescriptions are pathetically laughable today. Many still thought bleeding a victim the best possible relief. If the pulse was so imperceptible that blood could not be withdrawn from an arm the doctor took it from a jugular vein.

From Bloomington this report: "On August 10, as...church-goers passed the residence of George Johnson...Anneka, the colored family servant, was seen gathering fuel to start the dinner fire. At two o'clock, the same church-goers and other persons were giving

her a hasty burial. Between the hours of 10 and 2 she had been stricken and had died of cholera, and her hurried funeral testifies to the extreme alarm that possessed the town."

The college at Bloomington was hastily dismissed and students left—mostly on foot—to escape the scourge, shouting, "Good-bye cholera, good-bye." One student died in Martinsville on his way home. And he probably died alongside the road as no one was so foolhardy as to take cholera victims into his house. There were no hospitals or clinics and certainly cholera was not wanted in a hotel.

People in excellent health were suddenly stricken. First symptoms were a feeling of uneasiness and a craving for water with inward burnings. Vomiting followed and severe intestinal spasms were experienced, then the circulation slowed, skin became cold and lifeless, the eyes sunk, and collapse followed. Death could come quickly or it could linger.

In large communities the bravest men got drunk and carried the dead to graveyards. Often they dragged bodies from their beds by ropes and hastily buried them. Sometimes there might still be life so it became the practice to burn the skin of a body with a hot iron

and if a blister formed, the victim was still alive.

The pestilence struck Madison again in 1835 and 15 people died in one day. Then the plague tapered off for some time but in 1848 was back.

Large cities were the worst hit. St. Louis lost 4,500 people. New Orleans counted dead at 300 per day. Evansville had 150 dead; New Albany, 40; Salem, 30. Little Napoleon lost 35. At the Indiana State Medical Society meeting in May 1851, Dr. George Sutton reported, "Out of 97 people in the infected districts of Aurora, 51 died, while 1,600 out of the population of 2,000 left town."

In Winchester six people died before the first could be buried. Near Lynn two small boys buried their father because there was no one who could or would help. At burials friends and relatives dared get no closer to a grave than across the road from the cemetery.

At Madison: "The Board of Health of the city of Madison informs the public that on Sat. the 24th inst., three cases of cholera appeared, all of which died on the same day..."

The best possible thing to do was to take flight when cholera appeared. No one knew what caused it or when it would hit or

what could be done about it. There were no hospitals, few doctors worthy of the name, no drugs, no knowledge of diseases. Filth and putrefaction were accepted by everyone. Eight to 15 occupants in small, unventilated and poorly heated homes were most common. Overeating and food contamination were the order of the day.

It is no wonder that one Hoosier doctor's advice to the family of a cholera victim was to "give this medicine every hour until he dies."

Good old days? We have no conception of how lucky we are to be in Indiana in 1966 instead of 1816.

GET A

GAS INCINERATOR

Especially in steamy summer weather, trips to the odorous old garbage can are repulsive!

But there's a simple way to get rid of this fly-infested nuisance... have a completely automatic Gas Incinerator installed conveniently in your home. Then you can just step up to your Gas Incinerator, dump the garbage, turn the valve... and forget it. Automatic gas does the rest!

Naturally, you can also dispose of rubbish and trash in your Gas Incinerator. Such things as old rags, papers, bones, boxes, magazines... in fact, anything burnable... are reduced to a handful of ashes quickly and conveniently.

Years Ago This Week

JULY 11, 1956—

Funeral services for Mrs. George Cowen, age 75, who died suddenly Thursday morning at her home southwest of Argos, were held Sunday at the Poplar Grove Church.

Mrs. Dolly Jean Thompson of Culver drowned Sunday afternoon when she slipped into a 20-foot channel while wading with friends at Bass Lake. She was 23.

Harold Fisterling has been named Assistant Postmaster to fill the vacancy due to the retirement of Arthur Hatten. Fletcher Strang is Postmaster.

Indiana Bell technicians will start testing dial equipment installed in the new Culver telephone building next week.

Miss Linda Snapp, four and one-half year-old daughter of Mr. and Mrs. Adrian Snapp of Hibbard, had the misfortune to break her left leg while playing during a visit to Monticello, Ind. She is recuperating at her Hibbard home.

BEER—A big boost to the economy!

The brewing industry each year contributes over 1.4 billion dollars in federal, state and local excise taxes. Wages and salaries in the brewing industry account for almost 500 million dollars, and the purchase of packaging materials from other industries runs over 550 million. So next time you enjoy a cool, refreshing brew after hard work or play, remember—BEER is good in more ways than one!

"Life" is the subject for this week's Sunday service in all Christian Science churches. The Bible Lesson-Sermon includes the account of Jesus raising Jairus' daughter from the dead (Mark 5). The Golden Text is from John: "This is eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent."

Reading from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include this passage: "The way is straight and narrow which leads to the under-

standing that God is the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or hereafter, — certainly before we can reach the goal of Spirit, or life in God."

Madame had just had her hair cut and remarked to her husband: "Now I don't look like a little old lady any more."

"No," he replied, "now you look like a little old man."

All this glory from one tiny seed! The sunflower towers taller than a man, its huge golden head filled with thousands of seeds . . . and every seed contains the mystery of life and growth that science cannot explain.

We are surrounded by miracles that man did not create. Who created them? Who created us? By the reasoning powers of our own marvelous minds we can be guided to see that God the Creator has made all things according to His plan, and that we can only achieve our highest development by living in harmony with it.

How can we know God's will for us? We need only a small seed of faith, for He will lead us in His way if we ask Him . . . and that seed will grow and flourish under His loving care.

"Second Story" SQUIRRELS

Children love them. Adults are amused by their antics and capers. But don't be put off your guard by these frolicsome little fellows who scramble up your arms and gobble nuts from your hands.

Like a practiced burglar, squirrels are adept at breaking and entering. They rip and slash unprotected mattresses and similar goods as they energetically collect material to line their nests. The damage can be extremely expensive.

Chink-free walls and an unbroken foundation will bar their entry-way into your home. If this isn't always possible, it is advisable to seal off openings with 1/4" hardware screening cloth.

However, ingenious squirrels frequently create or find openings where you thought none existed. But there is an effective way of keeping these unwelcome guests from entering your home. Use a reliable repellent—moth balls or naphthalene flakes.

First, sprinkle a tracking path of flour or fine sawdust across the routes the squirrels prowl during the late evening. The footprints they leave will indicate the re-entry point to their nest.

While the squirrels are exploring the area, next place approximately two pounds of moth balls or an equivalent amount of naphthalene flakes across their return route. Your home will never again appear inviting to these would-be tenants.

She was a tantalizing, gorgeous red-head. The Traffic Rate Clerk was driving past her home from the dance. It was past midnight, very dark, the road was lonely and so was she. Suddenly he stopped the car, got out, looked it over, turned to the beautiful carrot-top and said, "What a break. The gas tank seems to be full of water, and we can't move a foot."

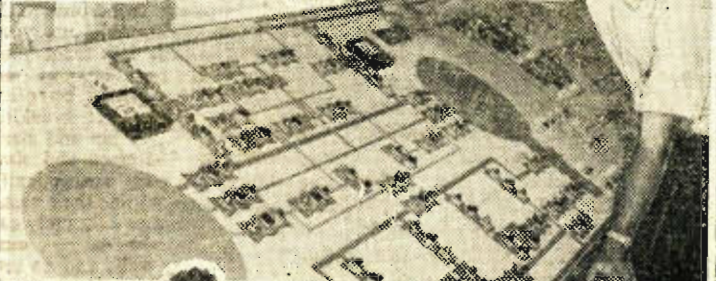

With a disgusted sigh, the red-head said, "Come on inside. This has happened to me before. All we have to do now is sit and argue for a while and the water turns right back into gasoline."

SOCIAL SECURITY

The South Bend Social Security office will be open Thursday evening until 9 p.m., according to the District Manager, Charles E. Barke. The additional hours beginning Thursday July 7, will make it possible for workers to call at the office without taking time off from work.

President Johnson has asked the federal office to arrange the extra office hours to provide greater convenience to the public.

With the greater emphasis on filing for Social Security and Medicare in the three months before age 65, more workers will find it advantageous to file while still working. Mr. Barke stressed that the additional evening hours on Thursdays will provide the worker an opportunity to file during that period without losing time on the job.

The South Bend Social Security office has a new address and is now located at 125 South Lafayette Blvd. It services St. Joseph, Marshall and Fulton counties. The telephone is 234-4001.

Jehovah's Witnesses Hold District Assembly

An overflow crowd of 46,118 heard Nathan Knorr, president of the Watch Tower Society, at the main session of the "God's Sons of Liberty" District Assembly of Jehovah's Witnesses. Mr. Stanley Spangler, presiding minister of the Plymouth Congregation, stated that Mr. Knorr's subject at the Toronto Exhibition Grandstand was entitled "What Has God's Kingdom Been Doing Since 1914?"

A new Bible-study aid, entitled "Life Everlasting in Freedom of the Sons of God," was announced and released at the convention. Two million copies were printed in the first edition. At mass immersion services conducted in connection with the convention, 483 new ministers were baptized.

Up to 8,000 of the delegates volunteered their time free of charge to take care of the working force and to maintain the organizational structure of the 20 departments set up to serve the convention's needs.

The Toronto gathering was the first of 16 such conventions arranged by the Watch Tower Society for Canada and the United States this summer.

Yacht Club News

By BEVERLY SUVERKRUP

In the Junior Fleet races there are two classes of boats, Skylarks and Sailfish. Anyone under 21 years of age is eligible to participate in the Skylark races. Anyone under 16 may sail in the Sailfish races. People interested in entering these races should contact Rupert Esser, the senior advisor to this group.

In July 2nd Junior Fleet race, Steve Speer came in first in the Skylark race. His brother, Scott Speer, served as his crew. Joan Shilling and her crew, Tim Roth, placed second.

In the Sailfish race Scott Wohlford won and Tom Kalesly came in second.

Jerome Zechiel in T21 came in first in the C Scow Saturday race last week. Gene Benedict is his crew.

Placing second in this race was Bud Suverkrup in T12. Bill Washburn is his crew.

July 3rd race was won by Joyce Speer in T2. Don Speer and Steve Speer served as crew. Second place was won by Bob Hollowell in T9. Ciel Hollowell was crew for her husband.

Bill Furry won the July 4 race in T22. Allen Becker and Susie Furry were the crew on this boat.

Joyce Speer placed second in this race. Her husband, Don and son, Steve, served as crew.

Several Academy boats participated in the races.

Standings so far for the Saturday series are: 1 - Zechiel T21, 2 - Furry T22, 3 - Suverkrup T12, 4 - Moore T50, 5 - Trone T88, 6 - Speer T2, 7 - Roth T101, 8 -

Muelhausen W22, 9 - Esser T26, and 10 - Rocap - Shilling T13. The Sunday standings are: 1 - Furry, 2 - Speer, 3 - Suverkrup, 4 - Hollowell, 5 - Zechiel, 6 - 7 - 8 (tie) Trone, Moore, Roth, 9 - Muehlhausen, 10 - Esser, and 11 - Shaver.

These standings can be affected in many ways. If the owner allows someone else to sail his boat he must accept the position they place in the race.

The Skylark race this week was won by Steve Speer. He had as his Mark Baker, Jeff Michel and his crew, John Adams, came in second.

The academy boys took the first three places in the Sailfish race. In first place was Jerry Collins and his crew Dave Durant. In second place was Hays Latham. Brad Flora sailed the third-place boat.

Alan Moore finished first of the Yacht Club Junior Fleet sailors in the Sailfish race. This was the second race he has ever sailed. He and Bruce Moore, a C Scow skipper, are grandsons of Mr. and Mrs. F. G. Drompp.

Due to the stormy weather, there was not a Saturday series C Scow race.

Bill Furry won the Sunday series race this week in T22. His crew was Allen Becker.

Bud Suverkrup and Bill Washburn placed second in this race.

DR. LEACH'S FAMILY MOVES TO CULVER

Dr. James R. Leach, who became a member of the staff of The Culver Clinic in March, was recently joined by Mrs. Leach and their four sons, and the family has moved into their newly purchased home on State Road 19.

Mrs. Leach and the boys remained in Fort Worth until the present time as the older boys were in school and Mrs. Leach was teaching in the Fort Worth School system.

The Leach children are Mike, age 12; Jimmy, 10; David, 9; and Gary, 4.

Theater Students Present Two Plays At C.M.A. Friday

One-act plays by Edward Albee and Eugene Ionesco will be given by students enrolled in special theater courses at Culver Military Academy on Friday, July 15.

The plays are Albee's "The Sandbox" and Ionesco's "The Lesson," and they are to be given in Eugene C. Eppley Auditorium at 8 p.m. Admission is free and the public is invited.

Patrick Henry, a member of the staff of Chicago's Goodman Theater, will direct the plays utilizing students enrolled in the current session of the Culver Summer Schools. Henry is serving his second summer as director of the theater at Culver. The plays are the first of three productions to be given by the theater department prior to the close of school Aug. 20.

Both "The Sandbox" and "The Lesson" are examples of the dramatic form known as "theatre of the absurd." Albee, America's

foremost young playwright, deals with the shabby treatment old people often receive from their children while Ionesco shows what can happen when power and emotion replace truth and reason. The plays are characterized as tragic farces.

Henry has selected among those for the "Sandbox" cast: As "Mommy", Lynda Hamilton, 6341 Marburn Dr., Indianapolis; as "Daddy", Mark P. Hartmen, New Albany, Ind.; "Grandma," Courtenay Ingraham, Kansas City, Mo., and as a young man, Curt Odle, 1362 Southview, Indianapolis.

For "The Lesson," Pat Caldwell, of Midland, Mich., is the maid; Sally Cooper, Northbrook, Ill. is the pupil, and Rick Gimbel, of Culver, plays the professor.

The students are among 1,781 attending the current eight-week session of the Summer Schools.

LOIS NEWCOMB ENROLLS AT NORTH CENTRAL COLLEGE

Lois I. Newcomb, daughter of Roscoe Newcomb of 204 Winfield Street, Culver, will enroll as a freshman student at North Central College, Naperville, Ill., for the 1966-67 school year.

Miss Newcomb is one of approximately 300 freshmen accepted at the college for the coming year.

North Central is a four-year, fully accredited, liberal arts college located in Naperville, 29 miles west of Chicago.

Under a new academic calendar approved by the faculty, incoming students will arrive on the campus September 1 with the fall semester concluding on December 20. The spring semester will begin January 30, 1967 following a four-week period during January which will be used as a study-research-special project period for qualified students.
