Henry T. Heald To Be Guest Speaker At CMA Saturday

Henry T. Heald, former university president and one-time head of the Ford Foundation, will deliver a major address on education at 10 a.m. Saturday, Oct. 15, at Culver Military Academy.

Heald's speech is the highlight of the Academy's Homecoming-Fall Festival Weekend Oct. 14-16 when an estimated 3,000 visitors will be on campus for a series of academic, athletic, and social events. As the main speaker arranged for by the Culver Fathers Association, Heald will receive the Academy's Distinguished Service Citation and will be honored at a garrison parade following the assembly at which he will speak.

After a 38-year career in American higher education and foundation philanthropy, Heald this year founded the New York firm of Heald, Hobson, and Associates, which serves as advisors to educational institutions, research institutes, and other non-profit organizations. Between 1956 and 1966, Heald was president of the Ford Foundation. He served five years as president of New York University and between 1938 and 1952 was president of Illinois Institute of Technology and its predecessor Institution Armour Institute of Technology in Chicago.

Under Heald's presidency, the Ford Foundation committed approximately \$1.75 billion for philanthropic purpose. In those 10 years the Foundation established programs in the arts, science and engineering, and in population; expanded overseas programs to Africa, Latin America, Japan, and Australia; inaugurated major school and community programs in low-income city neighborhoods; stimulated the growth of non-commercial television; created Educational Facility Laboratories; and inaugurated a special program of unrestricted grants for the long-range development of private universities and colleges.

Heald was graduated from Washington State College and two years later in 1925 received a master's degree in civil engineering from the University of Illinois. He was an engineer in Chicago before his appointment as assistant professor in civil engineering at Armour Institute of Technology in 1927. He was associate professor, dean of freshmen and professor and dean of engineering before being named to the presidency of Armour in 1938. Heald was instrumental in bringing about in 1940 the consolidation of Armour and Lewis institutes to form Illinois Institute of Technology.

Both in New York and Chicago, Heald has been active in many government, civic, and professional activities. He was chairman of the New York State Commission on Educational Finances which in 1956 issued a report on "Financing Public Education in New York." He was also chairman of the state's committee on higher education which issued a 1960 report on "Meeting the Increasing Demand for Higher Education in New York."

Heald's business affiliations include directorships of Equitable Life Assurance Society of the United States, American Telephone and Telegraph Company, United States Steel Corporation, and Lever Brothers. He has 21 honorary degrees from various universities and colleges and a

Graveside Rites Held Sunday For Fletcher T. Strang

Graveside services were conducted by the Henry H. Culver Lodge No. 617 F & A M, for Fletcher T. Strang, at 2 p.m. on Sunday, Oct. 9, at the Culver Masonic Cemetery. The benediction was given by Rev. Carl Baker, of the Culver Methodist Church. Burial followed in the Culver Masonic Cemetery.

The late Mr. Strang died on March 10, 1964, in Pharr, Texas, where he had resided since his retirement as Postmaster of the Culver Post Office in 1956. Mr. Strang was born on Sept. 14, 1886, in Teegarden, Ind., to Samuel P. and Mary J. (Schultz) Strang. He came to Culver in 1913 and was married to Elwyn Strang on Dec. 23, 1908, at Nappanee. She died on July 23, 1966.

Surviving are a son, Fletcher F. Strang, Denver, Colo.; a daughter, Mrs. Louise Ott, Culver; a sister, Mrs. Lodema Thornburg, Culver; four grandsons and one great-granddaughter.

The Easterday-Bonine Funeral Home, Culver, was in charge of the arrangements.

EDWARD A. FLEURY

SAN ANTONIO — Airman Edward A. Fleury, son of Mr. and Mrs. James E. Fleury of Monterey, has been selected for training at Chanute AFB, Ill., as an Air Force communications-electronics specialist.

The airman, a 1966 graduate of Monterey High School, recently completed basic training at Lackland AFB, Tex.

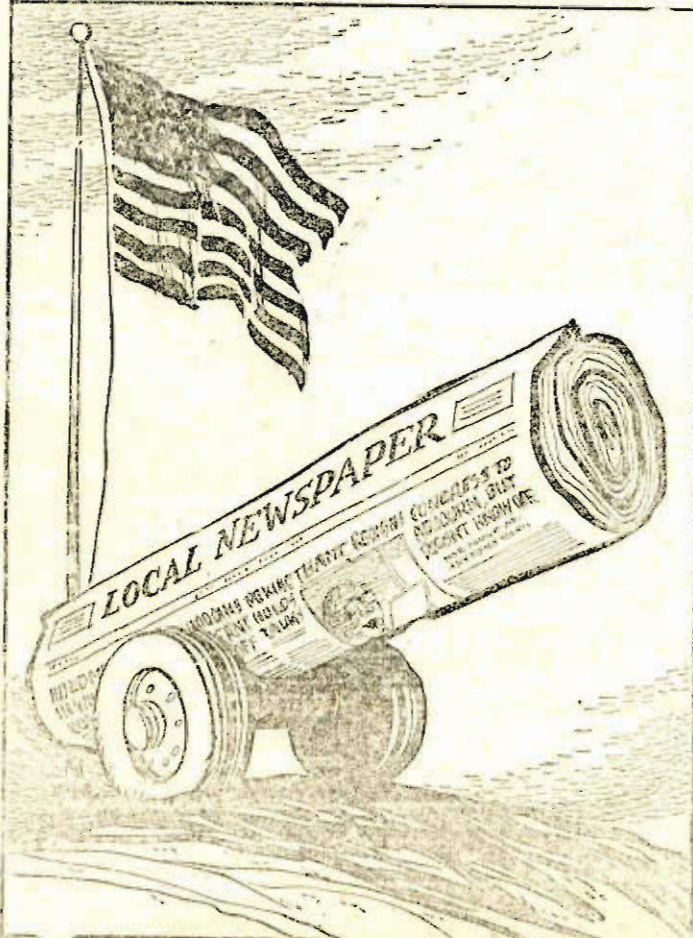

The storm was increasing in violence and some of the deck fittings had already been swept overboard, when the captain decided to send up a signal of distress. But hardly had the rocket burst over the ship when a solemn-faced passenger stepped onto the bridge.

"Captain," he said, "I'd be the last man on earth to cast a damper on anyone, but it seems to me that this is no time for letting off fireworks."

number of other awards from government and professional groups.

Heald is the second well known person to receive the Academy's Distinguished Service Citation in a series begun by the Culver Fathers Association last fall, when former Air Force Secretary Eugene Zuckert spoke here.

Census Bureau's Survey Of School Enrollment Will Include This Area

The Census Bureau's annual survey of school enrollment in the U.S. will be taken during October and will include this area, according to Theodore F. Olson, Director of the Bureau's Regional Office in Chicago.

The survey which is aimed at obtaining a count of the number of children and young adults enrolled in the Nation's schools for the new academic year will be taken here during the work week of October 17-21, the Director said.

Questions in the survey will cover pupils enrolled in both private and public schools, as well as kindergarten through the elementary and secondary grades and college and professional schools. Additional questions this year are designed to determine the current number of high school dropouts and, for college students the type of college (2- or 4- year) being attended. The type of student housing being used, and the major field of study.

The school enrollment survey is taken in conjunction with the Bureau's monthly survey on employment and unemployment taken for the U.S. Department of Labor. The information is collected from a scientifically selected sample of households in this area and from other sample areas throughout the country.

Bureau interviewers who will visit families in this area during October are Mrs. Virginia Bowmar and Mrs. Dorothy Flitter.

"Repeat the words the defendant used," said the lawyer.

"I'd rather not. They were not fit words to tell a gentleman."

"Then", said the attorney, "whisper them to the judge."

Driving is a privilege, says the Chicago Motor Club, and with every privilege goes responsibility. The responsibility for careful driving is more than just a point of law. It is a moral obligation to drive with care and with high regard for the rights, privileges, and lives of others.

Fire Prevention Week Set For October 9-15

Avoid a brush with the law when you burn your brush this fall, advises the Institute for Safer Living. All communities have laws concerning burning in the open air and it pays to check first rather than pay later.

The pungent odor of burning grass, rubbish and leaves is common during this season but many of these fires get beyond control, endangering lives and destroying property running into millions of dollars each year.

Burning over grass areas may be beneficial to the fall clean up of property, but the Institute for Safer Living of the American Mutual Liability Insurance Company urges you to know how to do the job properly and safely before you start. A telephone call to the fire department will provide you with the necessary information regarding permits and assistance which the department may provide.

The following pointers will help you keep on friendly terms with your neighbors as well as the fire department:

— Pick a windless day for doing the job and take necessary time to adequately prepare the area before starting to burn. Rake all dry grass and burnable trash away from posts, wooden fences and buildings.

— Get yourself a broom and a bucket of water to wet it in and be sure you have a good water supply available which can be used to douse surrounding areas or knock down fires that get too hot to handle with a rake or broom. Tank of water with several buckets or a hose, with pressure at the nozzle, that is long enough to extend beyond the boundaries of the burn area should be adequate.

— It is always a good idea to have other adults standing by to lend a hand if needed. Control the spread of fire by beating down the advancing flames and never permit yourself to become entrapped by flames. Stay out of dense smoke.

— Never leave a fire unattended and keep children out of the burn area. When the burn is completed, wet down the section. Make sure that the fire is extinguished and that the area is cooled.

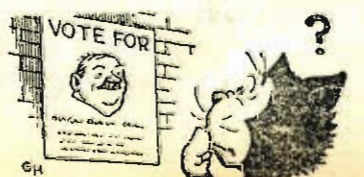

— Fires are serious business and burning off an area is a serious responsibility. Treat it as such. Tackle the job seriously, recognize its hazards, and treat them realistically. Obey all local ordinances and give full attention to doing the job safely by complying with safety rules and observing sound procedure.

The tiny little wife dragged her drinking husband into court and demanded a divorce instantly. Trying to pacify her, the judge asked if her husband ever tried Alcoholics Anonymous.

The frail woman dabbed at her eyes and said, "I guess so, your honor. He'll drink anything."

The teacher asked Perry to tell her what a hypocrite is.

Replied Perry, "It's a boy who comes to school with a smile on his face."

The Academy's football squad returns victorious from its encounter with Terre Haute Honey Creek to tackle a rough Fall Festival — Homecoming game with Fort Wayne Bishop Luers. The Eagles beat Honey Creek 19-17 with two touchdowns in the last eight minutes of the fourth quarter.

Fresh-Soph coach Colin W. Stetson, who scouted the Bishop Luers game this weekend, predicted a tough Homecoming match for the Eagles and an exciting game for the spectators when Culver meets the Knights Saturday at 2 p.m.

Last Saturday night the Eagles were behind 17-7 until Chuck Barton and Tom McMillan came up with two touchdowns in the final minutes of the game. Barton, a six foot, 185 pound fullback from Kahoka, Mo., opened scoring in the game with his third TD of the season. He scored with a three-yard run after a 35-yard drive.

After Terre Haute touchdowns in the second and third quarters and a field goal in the fourth, Culver stormed back with its two scores. Brad Strait, a 5'7", 155-pound halfback from Littleton, Colo., ran the ball 48 yards to the two yard line where Barton scored with his second touchdown of the game.

With a little more than two minutes left in the contest, Tom

McMillan, from Brewton, Ala., took a pass from Dave Rafes and scampered 49 yards for the clinching score.

Coch Russell D. Oliver said that the Eagles, who now have a 2-0-1 record, should be in near-perfect physical shape against Bishop Luers, a small club with a formidable speed and a 138-pound halfback named Mike O'Reilly, a 10.3 sprinter who has eight touchdowns under his belt already this year.

Bishop Luers coach John Gaughan has already scouted the Eagles and praises them as a "wide open club always to be feared, primarily because of excellent coaching." Coach Gaughan's squad has compiled a 2-2-1 record to date with wins against Fort Wayne Central Catholic and Elmhurst.

The Bishop Luers Knights have fallen to Fort Wayne South and St. Joe while deadlocking Fort Wayne North.

Junior Woman's Club Holds October 10 Meeting At M-S Center

The Maxinkuckee Junior Woman's Club held their Oct. 10 meeting at the Marshall-Starke Development Center located west of Plymouth on old U.S. Road 30. Guests of the club were Mrs. Harry Fouts, Mrs. Jerry Brown, Mrs. Kenneth Miller Jr., Mrs. John Banning, and Mrs. Kim Dillingham.

The president, Mrs. Latham Lawson, conducted the short business meeting. Mrs. Ted Strang gave a report on the I.F.W.C. 13th district convention held at Nappanee, where Mrs. James McCombs was elected District Junior Director.

Mrs. Ronold Tusing gave the highlights of G.F. Junior Workshop held in Elkhart. The membership voted to sponsor a Student Art and Craft Show to be held in the Spring. As the closing thought, Mrs. Robert McKinnis read a prayer that has been adopted by the Center.

Mrs. McKinnis introduced Mrs. William Blanding of Plymouth, executive director of the Center, who told of the causes of retardation and what can and is being done for our children.

A guided tour was then given of the classrooms and all of the other facilities of the Center.

The Oct. 24 meeting will be held in the home of Mrs. William Snyder and will feature a masquerade costume party.

Autumn scenery is beautiful, but this is a dangerously deceptive time of the year, warns the Chicago Motor Club. While enjoying the beauties of the changing landscape, drivers must remember to be alert for special seasonal hazards such as longer hours of darkness, the frequent occurrence of ground fog late at night and early in the morning, and the danger of slippery streets when fallen leaves become saturated with moisture.

Wonder Who?

We (a large committee of one!) decided to peer into one of those Go-Go Senior Girl's life, of whom we have heard so much about. Our victim, according to report, is a green-eyed (without her contacts), brunette, is about 5' 3", and weighs about that much.

The morning that we begin investigation into the private life of this Swinger, has just begun. We see her bobbing into the first period studyhall with this boy behind her. She puts her books down and then runs off to join the Gang and to participate in whatever new tricks they have thought of to pull.

During studyhall she keeps herself occupied, either bothering that distinguished teacher, Mr. Waxman, or writing notes to her favorite companion.

Then she is off to Chemistry class. This is the class in which she finishes all her letters and notes she started in studyhall. She manages all this and still has an intelligent look on her face!

At the end of the period a sigh of relief is heard as she passes from Chemistry to Chorus to be greeted by none other than Mr. Fouts. She sings her way through this class (very well, we might add) and at the sound of the bell dashes off.

Fourth period we find our gal in studyhall eagerly awaiting the call to chow. She also looks forward to a juicy note from her "champion."

After spending all noon with the Gang; she arrives at her seat in Psychology class, just as the bell rings! Today we have lab, but she's too busy talking to keep her mind on anything so time-consuming. Toward the end of the period she surprisingly settles down and works on the conclusions of the lab.

Our 6th period reporter (distinguished chap!) finds her in Civics—sleeping through the film!

As seventh period rolls around she rushes to the window to see who is taking down the flag and to make sure they are doing it right. She was amazingly prepared for class today!

After school she spends her usual 15 minutes deciding what she'll be eating (commercial for the garage) during play practice. . . . then starts cramming her lines for the stage life! If you haven't guessed who this Senior girl is yet, I guess I better tell you out there. Only one girl could fit this description; it's L.L. Shirley Anderson, alias Elaine Epley.

The lawyer explained why he lost a case even though he was representing a very pretty woman. "She sat on the witness chair, raised her skirts, and the chair looked like it had six legs."

Cross Country??

After all the lectures we've had on school spirit, Gertie and I (being loyal students of CHS) decided on the spur of the moment, to attend our first cross country meet. As we hesitantly approached the track field, a sudden surge of emotion overtook us as we saw dots of orange in the distance. The closer we got, the higher our excitement grew. When we saw our boys representing our school in the cold weather, wearing skimpy track suits, we suddenly realized how much our team needed the students' encouragement to back them.

While we were admiring our infallible team, we suddenly heard a "on your mark . . . get set . . . TWEEET!" and turned our heads just in time to see our unbeatable track team leading the pack on to another victory.

Gertie and I stared in amazement as we noticed little nails sticking out of the bottom of Paul Hatten's track shoes as he flew by (and we do mean flew!) in the lead. By golly, Gertie and I saw that everyone had them sticking out of their shoes!! We both came to the conclusion that it must be a fad.

We kept yelling and all we could see were little orange dots passing blue dots. What a pleasant sight! As the teams came thundering toward the finish line we noticed seven orange dots, one blue dot, four orange dots, and ten blue dots. As the team approached the finish line, we discovered that Paul was still in the lead, followed by Gary Davis, Kerry Haenes, and Tom Overmyer.

BANG!! The meet was over and we had taken the first eight places. Our first track meet was over, and Culver had won. From now on it's cross country all the way for Gertie and me.

Why don't all you inexperienced cross country fans explore like Gertie and I did, and start attending all of the cross country meets. The team needs the whole school's support to back them up. They've been doing swell so far, but I'm sure if they had more fans to back them, they'd do even better, so come on gang, GET WITH IT!!

The remaining track meets are as follows:

- Oct. 13 Knox (here)
- Oct. 15 Shortridge Invitational
- Oct. 18 North Judson (here)
- Oct. 21 Sectional

Come on people, we know everyone has school spirit, so let's use it to cheer our cross country team on to other victories. Let's make this year, for the cross country team, a year to remember.

In a traffic snarl one of the inevitable horn-boaters began blasting away. A man in a car alongside looked over and politely inquired: "What else did you get for Christmas?"

Bits and Pieces

Two fair maidens from our hallowed halls will grace the L.U. Campus this weekend. Elaine and Patty, hope you'll have fun!

Where were you when Mr. Crossley took attendance in Health & Safety class, Sam J.? Oh, you say you were under your desk picking up a pencil . . . for five minutes???

It seems as though we had a strange visitor last weekend. Could it have been Joan Kosterman? By the way, Karen, were you surprised? It was good to see ya, Joan. We hope you get back soon for another visit.

Kathy T., we know you needed that kleenex bad, but did you have to have Norma pass it clear across study hall?

Brian L., you say the weather gets wet during Chemistry class fifth period?? But Brian . . . !

Where are all of the colds coming from in the Senior Band? For fore info, contact Mr. Fouts.

Mr. Waxman, what was that picture on the blackboard behind the map? Oh, just the Fish From C.L.Y.D.U.S.? I wonder how that got there . . . Latin II?

How did those stickers get plastered inside the boy's restroom doors? It MUST be some Junior girl's dirty work.

A Senior and Sophomore walking around the halls together? It's hard to believe, but it's true! Congrats Karen and Tom.

ATTENTION! Norma Davis is changing her name to Rosanne. Oh, sorry, Norma says that's just for Geometry class.

Special Air-Mail from Paula—Barb, got your picture. Be good See you Thanksgiving.

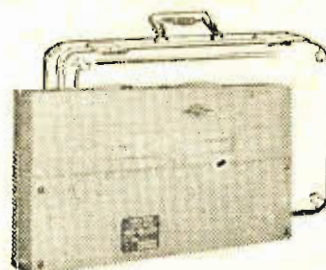

Mike Schmoll, who did you say your ideal girl was??

Miss McClellan, do you have a snake problem?

George, do you have any more paper sacks you want to give away?

All you band members get to bed early Friday night so you can get up in time to leave for L.U. . .

Cross Country A Go - Go

By Robert Vondra

Culver continued its perfect crosscountry record by defeating LaVille 15 to 49 on Friday, Sept. 30. The first seven runners for Culver were: Paul Hatten: 10:54; Gary Davis: 11:16; Terry Clifton: 11:25; Tom Overmyer: 11:30; Tom Bocoek: 11:33; Kerry: 11:41; and Mike Baker: 11:49.

Culver (yawn) mowed down another one and extended their record to seven straight wins by defeating Caston last Wednesday, Oct. 5. Tom Swift and his Electric Milky Way Machine couldn't have done better as the final score was 13 to 40.

OS&D Clerk: "Sam, don't you know this is a new day and a new deal for the men? Why do you persist in that old-fashioned courtly manner? Why, under modern conditions, do you always get up for a lady standing in a bus?"

Traffic Rate Clerk: "Well, it's this way: Ever since I was a kid I've had a lot of respect for a woman with a strap in her hand."

A Senior

By THORTON RONDYKE

(Editor's Note: This is the first article of the year that Thornton has turned in. During vacation, Thorton toured Japan and the West Indies, gathering material for his many diverse articles. Having already built up a reputation as an author who touches upon unusual subjects, we of the Press Club hope he will continue his legacy through the coming year.)

A senior: is an old Junior. is, generally speaking, great. gets to hang around the window on the third floor. has the privilege of being awakened by Mr. Lawson's Civics class. gets away with a lot of stuff in class, because he's had a lot of practice. is always talking about how great the senior trip will be. has his locker on the third floor. used to buy a lot of paint. is somebody who can't pop Jiffy Pop popcorn at parties. is, from a second-grader's viewpoint, the Jolly Green Giant with a natural complexion. is, from a sophomore's opinion, a swell-headed egomaniac. is maybe starting to realize that after graduation, he will be injected into the cold hard world, and is starting to give the matter some thought.

For Sale

By PATSY BEHNKE

The Tomahawk Staff wishes to announce the beginning of sales for our brand new Tomahawk. Sales start Oct. 17 and end Nov. 23. The price is the same as last year. \$4.00 plus tax. Your subscription may be given to anyone on the staff or phoned to the high school office.

You may secure your order blank from Dave Kelly, Tom Sturdevant, Susie Thews, or Mary Beth Ives.

This year's Tomahawk will have 91 pages. We will have a new sea-

demie section instead of having academic pictures scattered through the book. We will also have more activity pictures.

Look for the very clever campaign posters that the art committee is making. The members of the art committee are LaDonna Darousei, Janet Helber, Paula LaPlace, and Sally Ricciardi.

Roving Reporter

This week the roving reporter asked the male set what their thoughts were on the ideal girl.

Kerry Haenes: Good looking, well shaped, smart and she must have a sense of humor.

Terry Gentry: A good figure! Tom Overmyer: Good looks, intelligent, and acts like a mature high school girl.

Mike Schmolz: Long straight hair, good build, intelligent looks, and a mature outlook on life.

Ed Kozlowski: Good looking, brains, mature, and a great figure.

John Milner: Good looking, nice personality, good sense of humor, good build, and just a great person to be around.

Tom Bocock: A certain sophomore girl!

Robert Vondra: A personality that doesn't get in the way, intelligent eyes, and a good smile.

Steve Bair: Any cute girl!

Paul Hatten: Square root 1296, sin 30x48, 3.3-3.

Anonymous: If there is an ideal girl, I surely would like to meet her.

Bob Shirrell: Someone with personality plus, a little bit of intelligence, always looks neat in the clothes she wears—that's my ideal girl.

Steno Lou: "That guy is such a liar, he's pathetic."

Steno Sue: "Really?"

Steno Lou: "Yeah. Remember, I mentioned that he said he told me he had a finger in a big transportation deal?"

Steno Sue: "What about it?"

Steno Lou: "Turns out he thumbed a ride across the country."

Nancy Nurses

By Patsy Behnke

Editor's note: This is a thermometer speaking!

Oh, but it's so early in the morning to have that bright light shining in my face. Ah, yes but it is one of those eager Home Ec. II students; she's here to take temperatures, fix cuts, and to take care of any ill student in Culver High School. Although she only stays for about an hour, I know there will be another just like her so I call all of them Nancy Nurse. I'll now be quiet for a while and let Nancy tell you a few facts.

The First Aid Room is in the same room as the mimeograph room, however the big sign on the front door reads only FIRST AID ROOM. Inside you will find an adequate, comfortable, neat, and pink (thanks to Red) room. On one of the shelves you will find such things as cotton, surgical soap, band-aids, and—of course the thermometer. The Nancy Nurses all students of Mrs. Winter's Home Ec. II class who are studying home nursing in class. With the cooperation of Mrs. Ervin these girls are getting a chance to study first aid in actual happenings.

Well, I'm back to close this little article with a few last reminders. I think all my Nancy Nurses and Mrs. Ervin deserve a hand. If you ever have to stop in don't be surprised if I talk to you!!!

Local Students At CMA Receive Awards For Academic Achievement

Marshall L. Brown, Jr., son of Mr. and Mrs. M. L. Brown, Sr., 450 Liberty St., has been awarded a letter of Commendation for his high performance on the 1966 National Merit Scholarship Qualifying Test.

Brown, a senior at Culver Military Academy, was presented the award by Maj. Gen. Delmar T. Spivey, academy superintendent, at an assembly which honored other Culver students.

Five local boys and girls, students at the academy, were awarded Gold A's by Gen. Spivey, for exceptionally high academic achievement in semester grades.

Gold A's were presented to Jeffrey P. Adams, son of Mr. and Mrs. Fred Adams, North Shore Lane; Ruth A. Benner, daughter of Mr. and Mrs. Myron E. Benner, 135 North Shore Drive; Marcha L. Estey, daughter of Mr. and Mrs. Melvyn A. Estey, Academy Road; Mary Jurgensen, daughter of Mr. and Mrs. Ray C. Jurgensen, Fliser Parkway, and to Earle R. Williams, son of Mr. and Mrs. Warner Williams, 309 White Street, all of Culver.

A student receiving a Gold A must have no grade lower than a B plus and have a high rating in citizenship.

4-H Achievement And Enrollment Night Is October 22

The 4-H Achievement and Enrollment Night has been set for Saturday, Oct. 22, to be held at the Culver Lions Den.

All 4-H members and their families are urged to attend. All those who are interested in joining 4-H are most cordially invited to attend.

A carry-in supper will begin at 6:30 p.m. with the meat and beverage being furnished by the Farm Bureau.

Those attending are asked to also bring their own table service.

The return to central standard time means evening darkness arrives one hour earlier. The Chicago Motor Club points out that this is of great significance to drivers because it increases motoring hazards during the late afternoon and early evening rush hour period. Keep your speed down when the sun goes down. Use extreme caution through the tricky twilight.

News Items About Our Academy Neighbors

(Culled from the October Issue of the CMA Messenger)

Eva Doll spent 10 days in Columbus, Ohio with Mr. and Mrs. Larry Poling, Tim and Kelly. Glenn joined her Labor Day weekend and they all spent some time at Cedar Point on Lake Erie. . . Margaret and Lester Kimmel spent their vacation at Colorado Springs, Colo. They visited former Culver residents Mr. and Mrs. Ray Seese and family.

Margaret and Lester Kimmel received word from their son Jerry, who is stationed in Vietnam, that he is leaving for a 30-day replacement at Ubon, an Air Force base in Thailand.

Mr. and Mrs. Robert Drang and family of Tucson, Ariz., and Agnes Drang attended the Burkett reunion at Rochester Park Sept. 4. . . James Drang, son of Agnes Drang, married Mary Zahrar of Gary Sept. 10. After attending the wedding of his brother, Robert Drang and family left for Arizona until November. From there he goes to Biloxi, Miss. for special training.

Mrs. Sylvia Butler spent a week at Detroit, Mich., and Niagara Falls in Canada and New York with relatives. . . Mrs. Cecil Humes visited Leatha Riddle Aug. 24 at her home in Ora. James Humes visited his parents Aug. 28. . . Marguerite White and family visited her daughter and family at Prescott, Mich. . . Mr. and Mrs. Wallace Starr spent a week with Mr. and Mrs. Vern A. Jones and children in Damascus, Md., and went sight-seeing at Gettysburg, Pa., Chesapeake Bay and Annapolis, Md.

The Culver Inn welcomes a new assistant manager, Mrs. Paula Paine and her daughter Susan, to Culver.

Mary Lou Smith's daughter Patty Sue and Deloris Reinhold's daughter, Sherry, were in a bicycle accident recently. Sherry has been in the hospital for two weeks now and may have to remain there several weeks longer.

The Culver Inn is sponsoring a bowling team again this year. The members are Irene Hinkle, Pearl Dorsett, Mildred Mills, Deloris Reinhold, Nora Sheppard and Linda Waite.

Joan Palmitessa has left the Admissions office for a job in the Auditor's Office at the Court

House in Plymouth.

Daisy Overmyer started her vacation Sept. 26. She and Jess are enjoying some fishing in Wisconsin. Myra Geiselman and Dorothy Thews have returned from their vacations.

Mr. and Mrs. W. D. Treadway from Newton, Texas were recent visitors in Bernice Martin's home. Mrs. Treadway is Bernice's sister.

Sgt. James C. Freyburger arrived at the Academy Sept. 23 to assume duties as supervisor of the trunk room and custodial department. Sgt. Freyburger retired from the Air Force — Naha, AFB, Okinawa Jan. 31, 1966. In February he and his wife and 14-year old daughter, Claudia, moved to North Judson, Ind. A son Rodney, and family reside in Tucson, Ariz.

Condolences to Carl Spoor and family on the death of his brother, Ralph Spoor, age 63, died unexpectedly at his home in North Judson, Sept. 16.

Harold Young suffered another heart attack at his home in Rochester Sept. 10 and was hospitalized in the Woodlawn Hospital there in Rochester. Reports are that Harold is much better and hopes to be back to work before too long. He was released from the hospital Sept. 27.

Woodrow Williams has purchased the D-X filling station in Culver. Woodrow left his position in the powerhouse Sept. 30, to devote full time to his operation of the filling station.

Congratulations to "Grandpa" Charlie Hartle. Within almost a week, his two sons and wives presented him with new grandchildren. Jim and Jane Hartle had a daughter and Paul and Anna Hartle, a son. This makes Charlie grandfather to 35 grandchildren (30 grandchildren and 5 step-grandchildren.)

Mrs. Gladys Prosser spent Oct. 2-4-5 in Indianapolis as a delegate to the Rebekah Assembly.

Open house was held at the Print Shop Friday afternoon, Sept. 30, to honor Conrad Mattox who served the Academy faithfully as a printer for the past 39 years. Office Services served refreshments to the many friends who came to bid him farewell and wish him well in his retirement. His services will be missed by the Academy.

He got a little philosophical as he was reminiscing with friends at the reception. He told them he didn't know why everyone went to such a fuss just for him — after all he just "plugged along" and wasn't special. One friend was quick to suggest that his steady service over the years meant a great deal to everyone who showed up at the reception. He conceded that some people must just feel that they need recognition. Many people must have found it quite reassuring to see how much they appreciated someone who very quietly took pride in doing a job well for the mere satisfaction of it.

Shirley Melander came back to Accounting Department to help out for two weeks to help tie up summer school work.

Welcome to Mary Jane Sherwood, our new relief operator with the switchboard crew. She has been a welcome addition, especially since Mary Lou Espich, Sereda Dell and Mary Guise have been on the sick list. Margaret Baker, of course, is their usual good stand-by who has really pitched in during this busy time.

What better way to start a new year than with brand new citizens. Jerry and Virginia Thomas are "firsties" with their daughter, Gwendolyn Jane, born Sept. 24 at Parkview Hospital. She weighed in at 7 lb., 6 1/2 oz.

Second in line are Bill and Ellen Garrison with their contribution to the Great Society. Their candidate, Martin Edmund Garrison, weighed in at 7 lbs., 12 oz. on Sept. 28 at Parkview.

Dr. and Mrs. George Johnson announce the marriage of their son, Alfred, to Sally Thompson on Saturday, Sept. 24, in Williams Bay, Wis. On hand for the happy occasion was Bruce Oliver. He and Alfred had been classmates since the first grade. The Walter Straits and the Charles McMinns also took Culver best wishes to Williams Bay. The new Mr. and Mrs. Johnson will make their home in Evanston.

Local sidewalk engineers are having the time of their life commuting between the Fred Lane's fast growing quad-level on West Terrace and the Warner Williams geodesic studio that is springing up in their backyard. Warner, doing all of the work himself with built in help from Jean and the boys and Sylvia, must have moments of thinking that it isn't quite springing up.

However, it is a real "something-else" and promises to be the most talked about studio in Culver. Jean is always willing for a tour of inspection. . . Speaking of houses, Katy Martin writes from New Mexico that they don't really live in an Irish adobe. It's a genuine house and the living is great in the great far west.

Peggy Gimbel is just back from a petite vacation down Florida way. The entire trip was planned around Ricky's enrolling at Rollins College in Winter Park. Peg and Ricky took off a few days early to spend time on the beach at Clearwater. While there they had a first hand look and first class visit with Ethelynde Scruggs, the children and their new home. Peggy reports that all is going well, and with the exception of missing Bill, on base here, everything is coming up sunshine and oranges. Little Billy's health is very much improved. Harriet will enter Florida State in January.

"Isn't that the usual custom?"

"But this was three years after the ceremony."

The safest place for pedestrians to cross the street is at the corner, says the Chicago Motor Club. But even corners are safe only if pedestrians take the necessary precautions. Before stepping from the curb, always look in all directions. If there is a traffic signal at the intersection, do not walk until the

proper sign is flashed. A safe pedestrian is an alert and cautious one.

Over 100 million people have been saved from the crippling effects of yaws with UNICEF's help. American children will Trick or Treat for UNICEF on Halloween.

The School Safety Patrol, founded in 1920 by the Chicago Motor Club, has been credited with saving an estimated 17,500 young lives in Illinois and Indiana alone. The Patrol movement also has spread to every state in the nation and to many foreign countries, saving additional thousands of lives. The Patrol Boys and Girls whom you see faithfully performing their duties deserve your utmost respect—and cooperation. In the month of October the Chicago Motor Club will distribute more than 45,000 copies of the above poster to grade-school classrooms in its Illinois-Indiana territory. As motorists, please give these young lifesavers your full cooperation as they strive to make the 1966-67 school year the safest on record.

Card of Thanks

I wish to express my sincere appreciation to friends, neighbors, and relatives for the cards, visits, gifts and many kindnesses to me during my stay in the hospital and since my return home.
MRS. WILLIAM EASTERDAY 41*

By this means I wish to express my sincere thanks and deep appreciation to friends, neighbors, and local organizations for their many thoughtful remembrances extended to me during my recent second hospitalization. The cards, prayers, flowers, visits, gifts, and other helpful acts have brightened my days and helped so much in my recovery. My heartfelt thanks for everything.
MRS. EDGAR SHAW 41n

A football game creates a lot of healthy enthusiasm. But the Chicago Motor Club cautions drivers not to be too enthusiastic on their way home after the game. Post-game traffic usually is extremely heavy and extra care is necessary to avoid accidents. Give everyone — including yourself — a sporting chance to get home without a mishap.
The Chicago Motor Club warns drivers to be alert for street hazards inside dark viaducts. It also is wise to use caution when entering a viaduct during or after a heavy rain storm to avoid drench-

Notice To Bidders

— FUEL OIL —

The Board of School Trustees of the Culver Community Schools Corporation, Culver, Indiana, will receive sealed bids until 8:00 p.m. D.S.T., October 17, 1966 in its office at the office of the Superintendent for fuel oil to be used in the heating of Culver school buildings during the 1966-67 school year.

Further information and detailed specifications may be secured from the office of the Superintendent of Schools, 110 South Main Street, Culver, Indiana.

The Culver Community Schools reserves the right to reject any and all bids for fuel or waive informalities therein.

Dated this 5th day of Oct., 1966.
Board of School Trustees,
Culver Community Schools Corp.
By Everett Dowd, Secretary 40-2n

Notice To Taxpayers Culver Community School Corporation

Owners of taxable real estate in the school corporation known as Culver Community School Corporation, which includes all of the territory within the corporate limits of Union Township, Marshall County, Indiana, North Bend Township, Starke County, Indiana, and Abbeenaubee Township, Fulton County, Indiana, are hereby notified that a petition has been filed by more than fifty (50) owners of taxable real estate in said school corporation requesting the issuance of bonds by said school corporation for the purpose of providing funds to be applied on the cost of construction and equipment of a high school building in and for said school corporation. A remonstrance against the issuance of said bonds may be filed with the Board of School Trustees by owners of taxable real estate in said school corporation in the manner and within the time provided by Section 64-1910 Burns' Indiana Statutes, 1961 Repl.

Taxpayers of said school corporation are further notified that said Board of School Trustees did, on September 26, 1966, adopt a resolution authorizing the issuance and sale of bonds of the school corporation in the amount of \$300,000.00 for the purpose of providing funds to be used as above stated. Said bonds are to bear interest at a rate not exceeding five per cent (5%) per annum (the exact rate to be determined by bidding), and are to be payable over a period of approximately thirteen (13) years from the date of issuance thereof. Objections to the issuance of said bonds may be made by ten (10) or more taxpayers filing a petition in the office of the Auditor of Marshall, Starke or Fulton Counties, Indiana, within the time and manner provided by law, which petition, if any, will be heard and considered by the State Board of Tax Commissioners in the manner provided by law.

The net assessed valuation of taxable property in Culver Community School Corporation, as shown by the assessment made in the year 1966 for state and county taxes payable in the year 1967, is \$15,395,145.00, and the outstanding indebtedness of said school corporation, exclusive of the above mentioned bonds, is \$5,000.00

The proposed high school building will be of modern construction with brick exterior, will be located at the southwest intersection of State Road 10 and School Street in the Town of Culver on property now owned by the School Corporation and will contain facilities for a modern high school building.

Dated this 26th day of September, 1966.
