Adult Education Courses Offered At Culver Schools

Plans to offer adult education courses in modern math, Spanish, art, and typing have been announced by officials of the Culver Community Schools.

Interest expressed in a recent survey of patrons of the three-township school district indicated sufficient interest in the four courses to organize the evening class programs.

Classes are scheduled to begin the week of January 9, 1967 and continue one evening each week for 12 weeks. Cost of the individual course has been set at \$12.00. Modern math and Spanish classes will meet on Monday evenings, and typing on Tuesday evenings.

The classes are open to all interested adults, school officials point out. Registration and payment of fees is to be completed at the Principal's office at Aubbeenaubbee or Culver high schools before January 6, 1967.

Purchase of new High School band uniforms is the object of a new fund established for the band music units of the Culver Community Schools, it was announced here this week.

The need for uniforms to outfit a band of 75-80 pieces is contained in a notice to civic organizations. Private contributions have already been made. Other efforts are being planned.

Although Band uniforms of the Aubbeenaubbee School are in good condition, those of the Culver High School were purchased more than 20 years ago.

Mr. Harry Fouts is director of the Culver High School Band and Ronald Garber at Aubbeenaubbee High School.

CULVER INDIANS OPEN 1966-67 SEASON WITH HOME GAME SATURDAY

The Culver Indians Varsity Basketball Coach Eugene Crosley has announced that Culver's opening game of the season is set for Saturday, Nov. 12, to be played on the home court.

Game time is set for 6:15 p.m. CST, instead of the originally announced time.

Hospital Notes

Henry Speyer, South Bend, son of Mr. and Mrs. George Speyer of Culver, suffered a heart attack on Sunday, Oct. 30. He is improving satisfactorily in Saint Joseph Hospital, South Bend. His room number is 559 and he would appreciate hearing from his friends.

Christmas Club Checks Totaled \$142,799.76

W. O. Osborn, president of The State Exchange Bank, on behalf of the institution's Board of Directors, has announced that a combined total of \$142,799.76, including interest, was mailed today, Thursday, Nov. 10, to Christmas Club members among their many customers of the Culver, Plymouth and Argos banks.

The checks were mailed to a combined total of 1,091 members of the 1966 Christmas Club.

This sum is \$11,509.79 more than last year's total of \$131,289.97, paid to an increased membership, up 63 from last year's total of 1,028.

Eli D. Miller Nov. 14 Speaker At C of C Meet

The Culver Chamber of Commerce will hear Eli D. Miller, Director of the Industrial Council of South Bend, at their regular monthly luncheon at the Culver Inn, Monday, Nov. 14.

Mr. Miller's subject will be "The Northern Indiana Economic Development." He is a graduate of the University of Iowa, and came to South Bend in 1940 as a staff writer on "The South Bend Tribune" after having been a feature writer on "The Chicago American." During World War II, he served in the Army Air Force, and then returned to South Bend where he has been on the executive staff of the Chamber of Commerce since 1945.

Mr. Miller has been Executive Vice-President of the South Bend Chamber, and is the architect of the program for existing industry on the Industrial Council. As director in the South Bend-Mishawaka area, he reorganized and unified all business-oriented organizations in 1965, and conceived the idea of a Regional Economic Development Alliance involving 15 Northern Indiana Counties.

This should prove to be a very interesting and informative program and it is hoped that the Chamber will have a large attendance at their meeting next Monday.

GEORGE DEPOY HOME DAMAGED BY FIRE

Fire caused an estimated \$1,500 damage to the George Depoy home on Uvas Road four miles northwest of Culver Saturday morning.

Culver fire chief David Barns said the blaze started from a fireplace after the family had gone to Plymouth. The fire was reported by a passerby. The house, damaged by smoke and water, was partially covered by insurance.

Mr. and Mrs. Morris Goodman of Indianapolis were weekend guests of Mr. and Mrs. Everett Goodman. Vernard Goodman and wife were supper guests in the Everett Goodman home Saturday evening.

USS SARATOGA — Radioman Second Class Thomas W. Eilers, USN, son of Mrs. Emily F. Eilers of Route 1, Monterey, has returned to Mayport, Fla., as a crewmember of attack aircraft carrier Saratoga, after a six-month deployment with the U. S. Sixth Fleet.

The Saratoga was in the Mediterranean participating with a Task Group which was responsible for the military defense of the area and the discouragement of aggressive disorders. During this time the men and material aboard the carrier were constantly being tested. Many exercises were held with other ships of the U. S. Navy and navies of the NATO countries in the area, as a part of our commitment to our allies since the end of World War II.

Also during the cruise the ship visited foreign ports whose names sounded back into history, promoting a civic action program and our People-to-People program.

Charles Tribolet Named McGill Assembly Foreman

Charles Tribolet has been selected as Assembly Foreman at the McGill Manufacturing Company, Inc., new Culver Bearing Plant, which will specialize in the McGill Cam Follower Bearing Products.

He has recently relocated from Fort Wayne with his wife Ellen, to their new home on Hawk Lake near Culver.

Mr. Tribolet has had considerable previous experience with General Electric in Personnel and Production Supervisory assignments, and attended the I.U. and Purdue extension campuses in Fort Wayne.

The Tribolets have five children and 10 grandchildren. The children are Robert Tribolet and James Mize in Fort Wayne, Barbara Shouin in Flint, Mich., Linda Feichter in Hollywood, Calif., and Judy Fitzpatrick in Iowa City.

An irate lawyer, trying to establish a point in cross-examination, demanded of the defendant: "Madam, while you were taking your dog for a walk, did you ever stop anywhere?"

"Sir," the witness said quietly, "have you ever taken a dog for a walk?"

GOP Dominates Marshall County In Near Sweep

All key offices in Marshall County were won by Republicans Tuesday, with two exceptions, and if the drenching rain that flooded streets and viaducts during the last hour before the polls closed kept any voters from casting their ballots, it's doubtful that it had any real effect.

Margins of victory were quite substantial for the Republicans, reflecting the GOP trend in not only Indiana but in other states where the party gained nine new governorships.

Harvey Phillips — Democrat, currently Marshall County Clerk, former sheriff, and the party's perennial top vote getter — was elected sheriff with a 7627 to 6737 edge over Republican candidate Don Mikesell, Culver. Only other county office won by a Democrat was Fourth District County Councilman, Ed Cook, with 2371 votes, won over Fred Cramer, 1999 votes.

Joanne M. Price, Culver, will be the new County Clerk, winning with a 7742-6542 margin over Glendyn C. Albright.

Republican Clifford A. Goodrich, running for prosecuting attorney for the 72nd Judicial Circuit Court, Marshall County, won with a 7885 to 6373 margin over Richard F. Joyce.

Republican Robert A. Ehlers could not upset John Brademas for the office of Representative in Congress for the Third Congressional District, although the Marshall County vote went 7539 to 6935 in Ehlers' favor. St. Joseph County votes re-elected Brademas.

Ernest F. Greenwood, running for joint state senator for Marshall and St. Joseph counties, had a 7939-6215 margin in this county but lost to Robert Edward Mahowald, Democrat.

Other Republican winners were: Otis E. Bowen over John Kizer for joint representative for Marshall-Starke, 8987-5366 (Marshall County vote); Robert T. Reese over Clyde C. McCollough, 7254-6926 for county auditor; Harold E. Ronsh over Ralph E. Hollman, 7968-6191, for county assessor; Don Baker over Vernus L. McGowen, 8252-5951, for county commissioner for the First District; Paul T. Snyder over Wayne A. Vanderweel, 2051-1432 for county councilman for the Second District; N. Welcome Norris over John C. Hiss 8003-6211, for county councilman-at-large; Owen E. Price, 7588-6445, over James W. McAllister for county councilman at large; W. Merle Shivers over David R. Reese, 7854-6060 for county councilman-at-large; Roy Kauffman over Glenn E. Roeder, 2156-1255 for first district councilman, and Toby Jacobson over Russell Maxson, 1662-1293 for third district councilman.

All Union Township offices went to Republicans, and although the GOP dominated most township voting, some Democrats did win offices. Democrats did sweep North Twp. Winners in Union Township were Maurice A. Curtis for township trustee with 1013 votes over W. Wayne Kline's 721 votes; Michael D. Fitterling, 1112 votes, unopposed as justice of the peace; Everett Gibbons, 1021 votes over Martin Mahler's 705, for advisory board; Dewey Overmyer, 1127 votes over Patrick M. McCarthy's 669, for advisory board, and Frederick W. Snyder, 961 votes over Charlie Carl Voreis, 658.

CHS Scholarships Willed By Late A. R. McKesson

A trust to finance scholarships for graduates of Culver high school "including any further school organization of which Culver might become a part" is provided in the Will of the late A. R. (Mac) McKesson, prominent Culver business and civic leader. It was formally announced here this week.

Designated trustee of the Fund to develop and execute the Will of Mr. McKesson is The State Exchange Bank of Culver. Value of the scholarship fund remains to be determined.

In formal acknowledgement to W. O. Osborn, president of The State Exchange Bank, the Board of School Trustees of the Culver Community Schools Corporation, wrote, "Mr. McKesson's deep and active interest in this lakeside community, and its many civic, education, and church activities, is truly symbolized in the establishment of the A. R. McKesson Scholarship Fund."

Superintendent of Schools, Robert Rust, pointed out that the generous trust agreement "will afford a constructive influence in our schools and more particularly to many deserving students in the years to come."

Commenting on provisions of the Scholarship Fund, Mr. Rust went on to say, "provisions for selecting recipients is singular and most practical, and personally, I am grateful for the manner in which he (Mr. McKesson) devised it and also for the way in which it is to be administered."

Income from the Trust is to be "used to assist worthy graduates of Culver High School in attending schools of higher education." Candidates are to be selected by the faculty of Culver High School, first, on the basis of financial need; second, upon faculty selection whose criteria guidelines would determine the mental capacity of the candidate plus the desire of the candidate to continue his education; and third, approval of the trustee.

The A. R. McKesson - Culver Scholarships may be awarded year to year. They may be awarded to the same student until that student shall graduate from college or a school of higher learning.

It is the expressed desire of Mr. McKesson that scholarships be granted in amounts and for such lengths of time and for such purposes as the Culver High School faculty together with the trustee might approve.

After provisions for grants to individuals and the Culver E.U.B. Church, of which Mr. McKesson was a devoted member, the entire residue of the estate is bequeathed to The State Exchange Bank, in trust for the scholarships.

Mr. McKesson, who died Nov. 13, 1964, is a former public school teacher. A past president of the local Chamber of Commerce, the former businessman served many terms on the Culver Board of Town Trustees.

Joe College: "Well, your face is clean; I don't know about your imagination."

Services To Be Held Friday For Charles Peters

Charles Peters, age 77, of Route 1, Culver, (State Road 10, Starke County) died at 4:15 a.m. Tuesday morning, Nov. 8, at Parkview Hospital in Plymouth where he had been a patient since Saturday.

Mr. Peters was born Feb. 18, 1889, in Pulaski County to Christian and Louise Peters and lived in Starke County since 1921 where he was engaged in farming. He was married Feb. 19, 1913, at Lake Bruce to Alta A. Carr, who survives. He was a member of the Pleasant Hill Evangelical United Brethren Church at Lake Bruce.

Surviving with the widow are a son, Harry C. Peters of Culver; three sisters, Mrs. Anna Reinhold, Winamac, Mrs. Emma Wentzel and Mrs. Katherine Hubeny, both of Kewanna; and two grandsons.

Funeral services will be held at 2 p.m. Friday at the Easterday-Bonine Funeral Home in Culver and burial will be made in Pleasant Hill Cemetery at Lake Bruce. Friends may call at the funeral home after 7 p.m. Wednesday.

Church Of God To Hold Pre-Thanksgiving Services At Burr Oak

Beginning on Tuesday, Nov. 15, the Church of God, Burr Oak, has scheduled some special pre-Thanksgiving services. Rev. Austin Railton, pastor of the Hope Chapel Church of God, South Bend, will be the featured speaker.

Rev. Ellsworth Routson, pastor of the Burr Oak Church, has announced that the services will begin at 7:30 on Tuesday evening and each evening through Friday, Nov. 18. After the service on Friday evening there will be a social period in the fellowship rooms of the church.

According to the announcement, there will be no evening service on Saturday, but Rev. Railton will return on Sunday for the morning worship. At this time Rev. Routson will fill the pulpit for Rev. Railton at the Hope Chapel Church, 1717 S. Leer St.

in South Bend. It was pointed out that there will be special music at the Thanksgiving services, and on Sunday noon a basket dinner has been scheduled. The series will be concluded with a brief service on Sunday afternoon and there will be no evening service that night.

Tri Kappa And Lions Club Contribute To Century Club

Culver's Tri Kappa chapter and Lions Club have given a giant push to the Century Club drive of the Marshall-Starke Development Center.

Epsilon Nu chapter of Tri Kappa presented checks for \$500 and the Culver Lions Club purchased a \$100 share. The contributions of the two civic groups helped push the fund to \$3755.

The goal of the Century Club is \$10,000 to be used to meet current operating expenses at the school for retarded children. Paul Nye, chairman of the Century Club drive, said today he hopes the entire goal will be met so provisions can be made for the expansion of the Development Center.

He also stressed that any Culver area organizations which would be interested in finding out more about the work of the Center could arrange a tour for their group or a speaker for their meeting by calling 936-4845.

Checks for the Century Club fund should be sent to the Marshall-Starke Development Center, Route 3, Box 66-A, Plymouth.

Taylor and Snyder Spend Weekend In Tennessee

Mr. and Mrs. Wilber Taylor and Mr. and Mrs. William Snyder spent the weekend in Nashville, Tenn., for the wedding of Mr. Taylor's nephew, Dr. H. Denny Taylor of Lincoln, Nebr., and Miss Grayson Warfield Harris of Nashville on Saturday evening in St. George's Episcopal Church and the reception in the Belle Meade Country Club.

On Friday evening they were guests of Dr. and Mrs. John C. Burch and Mr. and Mrs. J. Donald Ross for the rehearsal dinner in the Belle Meade Country Club.

On Saturday they were guests in the home of Mr. and Mrs. Neil H. Cargile for a wedding breakfast honoring Miss Harris and Dr. Taylor.

Missionary To Be Guest Speaker At Grace Church

On Sunday morning, Nov. 13, at 10:30 a.m., the guest speaker in Grace United Church of Christ, will be Miss Audrey Gilg, a young missionary on her first furlough from Christian work in Japan, where she has been serving the past three and a half years under the United Church Board for World Ministries. The occasion will be the annual thank-offering dedication service, at which the gifts members have been accumulating over the past year will be returned to the church and forwarded to their many destinations in Christian mission work. All members and friends are cordially invited to attend.

Miss Gilg is a native of Milwaukee, Wis. Her career began as a teacher of English in a Chicago suburban High School, where she was also a dedicated lay-worker in a local church. During this time she began taking specialized training in seminaries in Maywood, Ill., and in St. Louis. She was commissioned in 1962 and soon after began her work as instructor of English in Baika Women's College in Toyonaka, a suburb of Osaka, Japan.

She will return to Japan after completing a year's study at Michigan University, Ann Arbor, where she is currently in residence.

American Legion Auxiliary Entertains Junior Girls Of Culver High School

The American Legion Auxiliary held their regular monthly meeting Wednesday, Nov. 2, in the Legion Home at which time they entertained the girls of the Junior Class of Culver High School.

Miss Elaine Kaiser, Miss Suzanne Overmyer, and Miss Patty Overmyer, 1966 delegates to Girls State, gave their reports on this event of last Summer. Their mothers, Mrs. Shelton Kaiser, Mrs. Earl Dean Overmyer, and Mrs. Glenn Overmyer, respectively, were special guests.

The Legion Home was appropri-

ately adorned in Fall colors and decorations. Delicious refreshments were served from a lace covered table, carrying out the Fall theme.

During the short business meeting, it was voted to purchase a TB Bond.

Working on the committee for the November meeting were Mrs. Raymond Paswater, Mrs. John Wagner, Mrs. Ora Reed, and Mrs. Lester Brown.

Progress Report Of County Highway Superintendent

Karl Emmons, Marshall County Highway Superintendent, announced today the progress report up to Oct. 15, on installation of highway signs, mowing of right-of-ways and center-line striping.

The sign department has put in a total of 1566 man-hours in painting, stencilling and installation work. Emmons noted that the problems of defacing and destruction of safety signs throughout the county has increased this year. The department has had to replace or repair approximately 60 signs.

New signs and reflectors installed this year total 1,534. Also new sign posts from 8 ft. to 10 ft. installed numbered 1,497.

Mowing and cutting weeds along the right-of-way required 4091 man-hours using ten motorized units. This total does not include man-hours of actual hand

cutting of weeds and brush. Equipment, man-hours and materials spent to date this year for stripping of county road hazards amounted to a total of \$1,683.10.

Mr. Emmons also announced the progress report up to Oct. 15 on road construction, patching and repair of black-top.

The highway maintenance department has spent \$178,531.04 for new gravel base construction, single and double sealing of 110 miles of county roads. Emmons noted that this required 12,717 man hours at a cost of \$26,707.70. The equipment and material costs were \$141,823.34.

Patch repair of black-top road materials used this year was approximately \$30,000. This figure does not include the cost of labor and equipment.

A radio announcer was heard to report that a newly-crowned beauty loved Fred Orka. He subsequently corrected this to "fried" okra.

Highlights of Culver News
of 10, 20, 30, 40, and 50
Years Ago This Week

NOVEMBER 7, 1956—

An overwhelming personal victory for President Dwight D. Eisenhower yesterday swept the Republican State and County tickets into office.

Mrs. B. B. Culver, Sr., wife of the Chairman of the Board of Directors of The Culver Educational Foundation, died early this morning in a St. Louis hospital following an illness of several weeks.

Capt. James I. Rich, age 71, died suddenly of a heart attack early Tuesday morning at his Culver home.

Fletcher T. Strang, longtime Culver postmaster, was saluted Monday evening when a sizable group joined in a stag testimonial dinner at the Three Sisters Restaurant to pay tribute to the honored guest who retired Nov. 1 after 22 years at the helm of the local post office.

Mr. and Mrs. Clarence Castleman of Lake Bruce celebrated their 50th wedding anniversary Sunday, Oct. 14, with a dinner at the Don-Marie Restaurant.

Mrs. Harry Lackey, Twin Lakes native, died Saturday afternoon at her Plymouth home after a 10-months' illness at the age of 73.

The body of Staff Sergeant Darrell T. Swift, 34, of South Bend, an Air Force recruiter whose district included Culver, was recovered at 1:20 p.m. Sunday in 35 feet of water in Lake Maxinkuckee. Swift, stationed in South Bend, rented a boat here Saturday afternoon after leaving a note at his office saying he was looking for a good fishing spot. A fisherman found the overturned boat about 4:30 p.m. Saturday, but attempts to recover the body from that time proved fruitless until Sunday afternoon.

Carl E. Busart, age 46, an engineer for Radio Station WIRE, Indianapolis, died Oct. 21 at his home there following a lingering illness.

Ernest E. Humes, age 76, was found dead of natural causes in his home just south of Oak Grove by his son, William, of Gary, when he arrived Friday night for his weekly visit with his father.

NOVEMBER 6, 1946—

The Culver Indians won their opening basketball game of the season by defeating North Judson 31 to 24.

Raymond Manis, star forward

on last year's CHS team, has survived the elimination process at Valparaiso University that saw a field of 100 players reduced to 15.

S. C. Shilling, president of The State Exchange Bank, is Culver's oldest businessman from the point of continuous business. He purchased the bank on Aug. 1, 1901.

Mrs. Harvey Carr enjoyed a swim in Lake Maxinkuckee Wednesday, Oct. 30. As it turned cold the next day, she might be the last person to go swimming in the Lake in 1946.

NOVEMBER 4, 1936—

Mrs. Minnie Crossland, 63, widow of William Crossland, died in the home of her sister, Mrs. Austin Romig, Sunday evening, Nov. 1.

Mrs. W. W. Osborn, of Ober, has sent a quilt containing 3,025 pieces to Miss Peggy Ann Landon, daughter of the Republican nominee for president. Its design is called "A Trip To The White House."

One of the largest crowds ever to attend a homecoming at the Culver Military Academy was rewarded with a 34 to 0 trouncing of the old traditional rival, Shattuck Military Academy. The game was played Saturday afternoon on the local gridiron.

NOVEMBER 3, 1925—

Mr. and Mrs. George T. McCullough of this city had the pleasure of seeing Queen Marie, Princess Helena, and Prince Nicholas while in Minneapolis last Sunday.

Last Sunday at CMA until late in the evening, the red fez of the Shriners predominated all over the campus. They were from the Mizpah Temple of the Shrine of Fort Wayne. These men, their wives, and friends, were here on an invitation from General Gignilliat to spend the afternoon reviewing the Academy.

Major Miller returned to Culver recently after spending four weeks at the United States War College at Washington, D.C. Army and Navy men from all over the country were gathered to discuss war problems under the supervision of the war department.

NOVEMBER 2, 1916—

Arthur Speyer, Charley Cowen, and Misses Marie and Grace Buswell, Ruth Speyer, and Daisy Easlerday visited Camp Sheridan Sunday and Walter Speyer accompanied them home on a 24-hour leave of absence.

An entertainment by Mario and Company, magicians, given on Halloween at the Academy, was

followed by the usual cider, apples, and gingerbread in the mess hall. A quartet of the waiters gave three or four numbers to the great delight of the boys.

LOCAL STUDENTS RECEIVE
VARSITY SOCCER LETTERS

Varsity soccer letters have been awarded to four local students at Culver Military Academy.

Receiving letters for the 1966 season are Marshall L. Brown, son of Mr. and Mrs. M. L. Brown, 450 Liberty St.; Andrew Hodgkin, son of Mr. and Mrs. Patrick Hodgkin, 301 Academy Rd.; Anthony C. Mars, son of Mr. and Mrs. John R. Mars, North Shore Lane; and Albert P. Pare, son of Mr. and Mrs. A. Pare, North Terrace.

Andrew Hodgkin was named captain elect of the varsity team for the coming year.

The academy squad finished their season with a record of four wins, three losses and a tie.

The prim little old lady was obviously embarrassed by the presence of a man beside her at the drugstore counter. Finally a smile crossed her face. She looked the clerk in the eye and said perkily: "Two packages of bathroom stationery please."

Basketball 66-67

By NORMA DAVIS and RICHARD SNYDER

This year Culver's Varsity basketball team is shorter than usual and has fewer returning lettermen. George Jewell and Paul Hatten are the only two returning lettermen, but other Seniors, Terry Clifton, Norm Johnson, and Bob Crow, and Juniors, Stu Lowry, Terry Gentry, who showed much promise on last year's B team, will see a lot of action. Rounding out the varsity are Juniors Gary Davis, Jeff Krueger, Corky Overmyer, Jim Taber, and Brian Lindvall. Though they are short and inexperienced, they will be in there giving it all they have and under Coach Crosley's supervision they should have a very successful season.

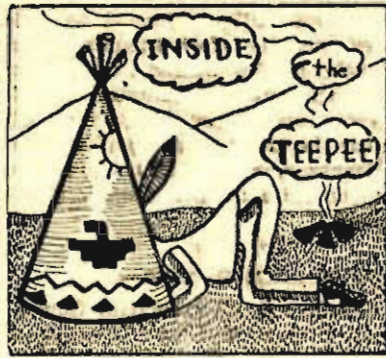

The B-team of Culver High consists of the following Sophomores and Juniors: Jack Lucas, Steve McCombs, Kerry Haenes, Phill White, Tom Overmyer, Dave Beauchamp, Steve Miller, Bill Elette, Sam Jackson, Steve Snyder, Richard Snyder, and Steve Kelly.

A pep rally is being scheduled to honor both Varsity and B-team players. The Indians first game will be played in the Culver gymnasium Nov. 12, Culver vs. South Central. So let's back our team all the way this season. We'll show all of the other schools that Culver has more school spirit than anyone around. Let's let the team know how proud we are of them and back them to more and more victories this season. For Culver's team it is VICTORY ALL THE WAY!!

Wonder Who?

WONDER WHO we're going to watch this week? We'll give a hint—he is a teacher and to be sneaky we'll call him by his code name KSW. On school days he is in charge of study hall 1st period. He reads the announcements takes roll and now and then tells somebody to hold it down to a dull roar. Second period we found KSW on the middle floor trying to teach his 8th graders a little history mixed in with some of his good (?) jokes. Third period KSW finally gets a rest, but 4th period we found him back at the old grind thinking of new ways to keep his gym class occupied. At noon you can find KSW eating in the cafeteria (LUCKY!). He eats as much as he can here because he knows that when he goes home for supper, his wife will have burned it again (or so he says!). Fifth period we found KSW in the bookstore taking attendance and planning nice, long history assignments for his American History class. Ah? American History. This just has to be his favorite class because the JUNIORS are in it and everyone knows how smart they are! We have never been able to figure out where KSW goes after his 6th period class. Probably to a psychiatrist! Amidst shrieks of KSW DA-DA-DA-DA-etc. etc. he just disappears to the gym or so everyone thinks. Secretly he's reviving up his Corvairmobile and riding off to his-wife's cooking?? By now you have all guessed who KSW really is. He is none other

than our B-team coach, AM. History, and Geography teacher—DA-DA-DA-DA-DA-DA-E T C. e c t. WAXMAN!! Mr. Waxman we salute you.

Today our smoke signals come from "Bits and Pieces", alias Teepee. The most important fact to present is that ever-faithful doggie has come home—Snoopy Lou!

Tom, what was your bike doing in the school yard after Halloween? Really, Tom, you shouldn't be out riding that late.

We hear everybody had a good time at Mary Ann and Nancy's party. Right—P.S. and S.P., H.B. and J.S., H.J. and S.O., and M.L. and S.M.? Did you have fun, Peggy S.?

Speaking of parties, we hear the hayride was a bit cold, but fun—though a few cars got soaped and filled with hay. (You say you're half Indian-Norbie?)

Well, the Sophomores started

out their leaf raking project with a BANG! It seems all the Sophomores girls mistook their class president for a scarecrow and stuffed him full of leaves. If you don't believe it, just ask Steve Mc. and he'll tell ya. It seems as though the Sophomores also have a new member helping them rake leaves. Thanks for all the help(?)?) Denny G.

Who were the Freshmen girls who were picked up out at Burr Oak Sunday night? Seems they had to wash quite a few windows. For more info—contact Pam S., Pam T., and Shirley H.

If anyone should happen to need any help with duck hunting—contact Rex S. He shot the best looking "duck" (?) anyone has ever seen.

Lake Webster may be a neat place to live but we wouldn't want to visit there . . . huh, Pat and Brenda!? A little too cool for the average "Berfy". Speaking of Lake Webster—Football seems to be in style up there, especially with other campers, huh, Lyn and Linda!?

Looking through our crystal ball we see two new couples roaming the halls of C.H.S. What do you have to say for yourselves D.B. and P.M., and T.O. and D.N.??

C.H.S. also has a new cripple roaming (hopping) the halls. Would you believe it's Norma Jean and she stubbed her big toe??

And, by the way, Steve Mc., you should be ashamed of yourself.

picking on poor defenseless girls (N.D.) while they're trying to rake leaves. Naughty, Naughty!!

Hey, Elaine Jane Epley! Were you a good girl in Missouri? Must be great to get away from the usual grind for a few days!

Whenever you need somebody to stage a fake fight, just ask John K. and Steve T., they are pretty good, right boys?!

Nancy O., we hear you have a date with a NEAT guy from La-Ville. Would you believe Dale Quivey?

If you see tears in the Seniors' eyes, you'll know their hero Macbeth has been murdered.

ATTENTION: . . . Norma D. has an important question to ask Jerry C. "Jerry, why don't you ever stay home?"

Culver has acquired a little green elf who distributes T.P. all over Culver. I think he calls himself M.S.

Beth and Patty, have you no mercy whatsoever?! Suzi and Linda almost had to walk home from the golf course—but thanks to "Michael" they got a ride home.

Culver High School has two vocalists on singing a certain little song. They'll be glad to sing it for anyone, so just go up and ask 'em. Contact Kathy T. and Vicki M. What a song!?!

By the way, Debbie T., what's that sentence in your English book? How many blanks does it have in it? For more info—contact Debbie's English book.

C.H.S. welcomes Marie Talley from Okinawa. We hope you like Culver, especially the class of '69.

A few Seniors seem to have new underclassmen boyfriends—what about it Diane and Marilee?

The "Bits and Pieces" from our fire for this week have begun to die out. So . . . until . . . next . . . week Farewell

Culver Teens, Lend Us Your Ears

By STEVE McCOMBS and BOB VONDRA

FLASH-Schools Special Service: A nationwide poll taken last week revealed that only one adult in the whole world reads these silly editorials in our paper; one Sidney P. Herringbone (thanks Sid). Sid graduated from Culver with the class of '01 and he still subscribes to our paper. That's loyalty! It is for this reason that we dedicate this article to Sidney Poindexter Herringbone.

Now back to our assignment. This week we were asked to present our opinions on a teen center for Culver. I think that it is the consensus of opinion that Culver needs such a place but one of the problems is how to go about getting one and where to put it if the support is received. We have several suggestions such as using the Gym, the Lions Den, and someone even thought of putting a special room in the new school for this purpose.

Another and maybe the biggest problem in starting a teen center is to find adults who will help support it. Most adults think that a teen center is a great idea but can't or won't spend the time or the money it would take to establish one.

Last year, as you may know, some C.H.S. students in a joint effort with the Jaycees tried to raise enough interest to start a teen center. This project for some unknown reason fell on it's face. We think that with more adult support and some hard work by the students Culver can someday

have a teen center. If you have any suggestions pertaining to this subject please contact the authors. These ideas will be carefully screened and any constructive ideas will be published at a later date.

Athletic Awards

At the conclusion of every sport season, awards are endowed on those who have participated in the sport.

Wednesday, Oct. 26, was a day long anticipated by a number of Culver sportsmen. At an assembly in the gymnasium the participants in Cross Country and Baseball received their hard earned awards.

The major awards are of various forms. The first major award is a medallion. When a boy earns his fourth major letter he receives a jacket. He can not receive his jacket until he has earned four majors and also, he is not given his jacket until he is a Senior.

This year the jackets were earned by two well-rounded sportsmen and a faithful manager—Paul Hatten, George Jewell, and Steve Bair respectively.

To earn major award in Baseball a boy must play in one fourth of the total innings played. Awards in baseball were given as follows: First Major Awards - Jim Taber, Bill Liette, and Richard Snyder. Second Major Awards were presented to Terry Clifton, Norm Johnson, Brian Lindvall, Phil White, Steve McCombs, and Jack Lucas. Third Major Awards were earned by Terry Gentry, and Stu Lowry. One Fourth Award was presented to Mike Wynn. Minor Awards were given to Robbie Holl, Mike Baker, and Perry White.

Also, two trophies were presented. Stu Lowry received the Batting Champion Trophy and Norm Johnson, by vote of his team-mates was given the Joe Zellers Award.

To be eligible for a major award in Cross-Country a boy must be in the top seven runners. First Major Award winners were Andy Tarquino, Tom Overmyer, and Tom Boccock. Third Awards were earned by Terry Clifton, and Kerry Haenes. Those earning their Fourth Award were Stu Lowry, Gary Davis, and George Jewell. Steve Bair received his Sixth Award and Paul Hatten his Seventh. Reserve awards were given to Corky Overmyer, Bob Vondra, Fred May, Phil White, Steve Kelly, and Carl Strang.

Local Students At Vincennes University

Vincennes University, Vincennes, Ind., starts the fall term with a record enrollment of 1964 students, an increase of more than 500 over last year.

The 160 year old institution has expanded its facilities during the past year to keep pace with the growing student body, with most of its buildings enlarged and remodeled. Additions include a new English laboratory, new quarters for printing and draft-

ing and for automotive technology, and expansion of the Student Union building's food facilities.

Originally chartered by William Henry Harrison before Indiana was a state, Vincennes University is now a junior college offering one and two year courses in many technical fields, an associate degree program in nursing, business training, and also the standard two year academic courses for students who will transfer later to a four-year college.

Headed by Dr. Isaac K. Beckes, who is chairman of the commission on legislation of the American Association of Junior Colleges, the faculty and full-time staff had been increased this year to 300 members.

Students from Culver enrolled at Vincennes University are: Ronald L. Babcock, Route 1, Sheryl N. Fisher, Route 1, Eugene E. Londak, Route 1, Barbara Sue Mikesell, 448 State St., Patricia A. NIPSCO PAYS OVER \$10 MILLION IN TAXES

Northern Indiana Public Service Company — one of the largest taxpayers in Indiana — has paid almost \$10.5 million this year in property taxes toward the operating costs of state and local governments and schools. Dean H. Mitchell, NIPSCO chairman and President, announced today.

The utility's November installment of \$5,227,304 in property taxes, added to its spring payment, brings the company's total state and local taxes for 1966 to \$10,454,608.

"Just as with every other tax-paying company in America," Mitchell said, "these tax dollars are collected from customers as a part of their service bill. In

fact, almost 90 cents out of every dollar of revenue received from customers goes for federal, state or local taxes."

Clarence G. Doerr, NIPSCO Plymouth district manager, said that total local taxes paid by the utility in the Plymouth area in 1966 amounted to \$485,280, of which \$88,596 went to Starke County; \$69,410 to Fulton County; and \$336,274 to Marshall County. The city of Plymouth received \$122,674; the city of Rochester, \$17,426; and Knox received \$16,554.

Tax payment checks have been sent to NIPSCO managers well ahead of the November 7 deadline to make sure county treasurers received them in plenty of time.

WADING MINNOW BUCKET

When wading streams and fishing with live minnows, you'll find one of your wife's discarded silk stockings makes a good live ear. Mesh allows free passage of fresh water but holds minnows securely.

CHUM

Want to catch more fish? It's easy. Get a grinder. Now, after cleaning fish, what you'd normally throw away, grind up . . . and freeze. Use for chum next time.

I would like to take this opportunity to thank everyone who supported me in the election.

SAVINGS BONDS REPORT

Harold E. Rose, Chairman of the Marshall County U.S. Savings Bonds Committee, has received a report revealing that the County's Savings Bonds sales for September were \$51,346 compared with \$50,201 for the corresponding period of last year. The State's sales for September were \$10,604,617 which is a gain of 8.53 percent compared with last September.

Fifty-five of the State's ninety-two counties reported sales gains for the month when compared with sales of September 1965.

Find an old hubcap along the road? Keep it. Makes a good target to teach a youngster how to shoot. Shiny color is easy to see. Large size easy to hit. With a pellet gun, it can be used over and over. Hubcap rings to signal hit.

Indiana Bell Develops New Coin Telephones

New single slot coin telephones are making appearances in Indiana Bell territory.

The new public phones, developed at the Bell Laboratories branch in Indianapolis, contain a number of pleasant surprises for telephone users and some unpleasant ones for vandals and thieves who attempt to damage or burglarize them.

Most noticeable change in the instruments is a single slot for coins, replacing the three slots — one each for nickels, dimes and quarters — which have been standard on phones for more than a half century.

The new phones will be serving telephone users in 18 Indiana cities by the end of the year. Since the supply is limited, the single slot coin phones first will be installed in locations of high usage or in high risk areas.

The first community in which a major changeover to the new single slot phone is taking place is Bedford. Within the next few weeks, 36 coin phones in that city will be replaced with new phones.

Indiana Bell then will compare the performance of the new

phones with the older models on the basis of theft reports, vandalism and maintenance costs.

To protect against strongarm robbery and other abuse, the new coin telephone is sheathed in layers of welded steel and has a new locking mechanism, improved slug rejection and other security measures.

Better security, however, is just one improvement in the new sets which contain the largest number of changes ever made at one time in coin sets. The single slot for depositing coins is another, and the sound of the gongs and chimes, as coins are deposited, gives way to electronic "beep" tones which are audible only to the operator and called party.

Other features include a handset that hangs on a switch hook over the dial, much like the present wall phone, and printed dialing information contained on the front of the phone, rather than above it as on most coin phones now in use.

Communities which are expected to receive a small number of the new phones in the near future include: Bloomington, Columbus, Martinsville, Jeffersonville, Shelbyville, New Albany, Evansville, Vincennes, Kokomo,

Marion, Peru, South Bend, Mishawaka, Michigan City, Muncie, Anderson and Indianapolis.

'67 CHEVROLET

Impala Super Sport Coupe—a clean new sweep in roof lines.

Now that you've seen all the daring new things our stylists did, get in and sample some of the safest, soundest ideas on the road!

What you feel is as new as what you see—thanks to all the fresh thinking that's gone into the way it rides, steers, stops and looks after your safety.

It's got a remarkable new road feel—beginning with a ride so hushed and gentle you'll feel like calling this the '67 Chevrolet. The steering is as much as 10% easier. And you'll find the stopping smoother, too.

We put safety features on top of safety features. For example, an energy-absorbing steering wheel atop the new GM-developed energy-absorbing steering column. A dual master cylinder brake system with warning light. And seat belts front and rear with pushbutton buckles. All standard, to be sure.

And there's a new SS 427 performance package—complete with 385-

hp Turbo-Jet V8 and flat-cornering suspension. You can order it for either the Impala Super Sport Coupe or Convertible.

Of course, there are all sorts of new custom features you can add, too, such as tape or FM stereo. But if you find so much that's new a bit too much to remember—drop down to your dealer's and take a drive. It'll all become unforgettable.

Everything new that could happen...happened! Now at your Chevrolet dealer's.

The Apostle Paul's declaration, "Ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you." is the Golden Text of this week's Christian Science services this Sunday.

Related readings from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following:

"The manifestation of God through mortals is as light passing through the window-pane. The light and the glass never mingle, but as matter, the glass is less opaque than the walls. The mortal mind through which Truth appears most vividly is that one which has lost much materiality — much error — in order to become a better transparency for Truth. Then, like a cloud melting into thin vapor, it no longer hides the sun."

THE CHURCH FOR ALL
 ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sacred reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

HERB'S HANGOUT

An alley off Grover Street . . . headquarters for a "big operation." This is Herb's hangout. And Herb is "the boss!"

Here the kids report for their assignments. Here the loot is divided. Here strategy is mapped out for the next foray against a rival gang.

An alley off Grover Street . . . and while a proud community hardly lifts an eyebrow, tomorrow's underworld is growing, flourishing.

Two blocks away is old Trinity Church with its Sunday School, its Youth Fellowship, its dedication to God. What a difference old Trinity could have made in Herb's life; what character might have been molded among the boys who are now "Herb's gang!"

But Herb's folks and the parents of the other boys are among millions of Americans who are *unchurched*.

Indiana Bell Distributes Over A Million Telephone Directories Annually

Culver's telephone directories begin with the cry of "timber" in paperwood forests, but from that far away "timber" to telephone books is a long way. . . and a big operation for Indiana Bell.

Manager James H. Rader said Indiana Bell distributes more than one and one-quarter million directories annually to 134 exchanges in cities and towns throughout the state. Company-wide compiling and editing one of Indiana's most widely read books is a year-round job for nearly 200 people.

The Indiana Bell directory staff processes five and one-half million pieces of paper each year in compiling and editing the directories.

Much of the directory-making process takes place at a printing company especially equipped to print telephone books, but local telephone people launch the operation by collecting names, addresses and telephone numbers in each exchange throughout the state.

Copies of local orders which affect customers' listings are edited and processed daily for the printers. On the average, about 30 per cent of all listings change from year to year.

Names — more than one million of them — are important to the telephone company, and directory people take pride in getting the right names with the right addresses and telephone numbers.

Clerks who edit the ever-changing telephone number lists are trained to avoid the pitfalls of sound-alike names such as Robinson, Robison and Robertson, but in spite of the emphasis on accuracy, a perfect directory is almost impossible to print.

The average listing has 47 characters and if any one of them is wrong, it makes a directory error. Multiply the number of characters by the number of listings and it makes about 50-million possibilities for error.

Most final directory copy goes to the printer, the R. R. Donnelly & Sons Company at Crawfordsville, where it is set in Bell Gothic, a type face designed especially for Bell System directories, to make names and telephone numbers more readable.

Local listings are filed in trays of directory type and kept at the printing plant from one year to the next. The printer checks the latest directory copy against listings already in type from the previous year, makes the necessary corrections and assembles the listings alphabetically into new directory pages.

All Indiana Bell directories, except the Indianapolis book, are printed at the Crawfordsville plant on huge presses that print thousands of books per hour.

Presses print directories in 48-or-fewer-page sections in a single operation. These sections, called

"signatures," are gathered into bundles and stored until all sections of a book are complete. Binding machines assemble the sections, apply glue to hold the pages to the cover, and turn out the finished books.

In most Hoosier communities, directories are delivered directly from the printer by mail, while in several of the larger communities directories arrive at distribution points by truck and are delivered to homes and offices.

The books for mailing have address labels placed on them at the printing plant and postal workers at the end of the assembly line place the newly printed books into mail bags for direct delivery to the post office. Within a few days the postman delivers the directories to telephone users.

The Indianapolis directory, the

largest in Indiana Bell territory, is printed in Chicago and consists of more than 1450 pages. Printing plates for the directory are prepared at Crawfordsville and then sent to a Donnelly plant in Chicago where the huge directory is run on a special press.

The paper supply for telephone books is measured in hundreds of tons, the ink and glue in tank-truck loads. Printers used more than 4,500,000 pounds of paper and 45,000 pounds of ink last year in making Indiana Bell directories.

Based on estimates by directory people, the printer orders paper in cost-saving quantities directly from mills in Arkansas and upstate New York.

The printing of telephone directories differs from most other types of book printing because of tight schedules on which the pro-

duction operates. For example, in a matter of days after the copy for the Indianapolis directory is received, the printed books are shipped by the printer.

Schedules for all new Indiana Bell directories are compiled more than a year in advance of actual distribution.

For Indiana Bell, which now has more than 1,275,000 tele-

phones in its network, the now enormous directory operation will grow even larger in the future.

"Hey, I don't see any street lamps," said a visitor to a resident. "You told me this village was lighted by electricity."

"It is," replied the resident. "Whenever we have a thunder storm."

Academy Sports

Although two straight home losses have dulled the Culver Military Academy grid outlook, the Eagles of Russell D. Oliver travel to Mishawaka this Friday with a winning season record in their reach. The Eagles, now 3-2-1, need only to beat the knights of Mishawaka Marion, their final opponent, to emerge over .500.

Last Saturday the Eagles hosted the West Lafayette Red Devils, who proved too hot to handle, winning 25-19. The win left the Red Devils with a 9-0-1 final season record, their first undefeated campaign since 1943.

The Devils took the opening kick-off and marched 60 yards for the game's initial score and augmented their margin with an-

other TD drive in the second quarter. Trailing 12-0 midway through the second period, the Eagles engineered their first sustained march, culminating in Brad Strait's 50-yard scoring sweep.

Charley Borton's reception of a John Shumacher pass for a 25-yard touchdown followed by Paul Gift's successful conversion gave the resurgent Eagles a 13-12 lead at the half, their only lead of the game. Borton has scored at least one touchdown in all of Culver's seven games to date.

The Devils rallied for two more third-quarter scoring strikes, one on an interception and a 45-yard runback of a wayward Eagle aerial and the other on a 33-yard pass. Phil Williams pitched a 70-yard TD pass to Tom McMillan for CMA's lone second half score.

Culver compiled 146 yards rushing but connected on only three out of 14 passes while Gordon Straley's Devils tallied 93 yards on the ground and eight completed passes in 14 attempts.

With football fading out of the CMA sports picture, the hoopmen of Coach Thomas Baker are hard at work preparing for their 20-game slate. The season lid-lifter is set for Nov. 18, when the CMA cagers meet South Bend Clay away from home.
