SACS Annual Conference At CMA April 6

Key speakers from Harvard, Princeton, and Chicago universities will head the 58th annual conference of the Independent Schools Association of the Central States beginning at Culver Military Academy Thursday, April 6.

The meeting is one of a series which the Academy has been host. The annual meeting brings together chief administrators of some 80 independent schools in the midwestern states. The Academy also is the home office of SACS.

Main speakers for the sessions are three well known university professors, Dr. Donald Erickson of the University of Chicago, Dr. Ernest Gordon, dean of the chapel at Princeton University; and David McCord, author and professor at Harvard University.

ISACS will devote the full session Friday morning, beginning at 9 a.m., to the Association's relationship with state departments of education. Dr. Erickson recently helped direct a national conference in Chicago on the subject of state regulation of non-public schools. His address is entitled: "An Overdue Assessment." Dr. Erickson is engaged in a national study of the social effects of non-public schools on U.S. cities and he recently published an article on the question in the Saturday Review magazine.

Dean Gordon will appear in the second general session of the conference at 2 p.m. Friday, when the topic will be "Total Preparation or College." Discussions will center on most aspects of the college admissions problem, and to further amplify the subject, ISACS will have four college students as panelists to talk about their own college preparation. The students are from Yale, Smith, and Grinnell colleges and the University of Kansas. Each was educated in a different independent school and is in a different year in college.

The panel will be headed by Dr. Bruce Merrifield, a St. Louis scientist who serves as chairman of Princeton's national alumni admissions committee. Dean Gordon came to Princeton in 1954 as Presbyterian chaplain to supervise the activities of the Westminster Foundation. Loss of seven lettermen to graduation and return of a promising pitcher are cause for mixed emotions in Culver Military Academy's baseball coach, David L. Nelson.

Nelson confesses that 1967 should be a rebuilding year since only three senior lettermen returned from last year's 18-2 squad, but he claims that team captain and pitcher Dave Dale, Pittsburgh, Pa., "is the most outstanding pitcher we have ever had at Culver. He should be one of the top pitchers in the state this spring."

Dale pitched an 8-1 season last year and achieved an earned run average of .791. He pitched 62 innings, facing 255 batters with 114 strike outs, 39 walks, and he allowed 21 runs on 22 hits.

Dale will face an even tougher schedule than last year, according to Coach Nelson. Ad'itions include East Chicago Washington, Northern Indiana Conference co-champion LaPorte and North Central Conference champion Logansport.

Dave Dale will be joined by seven other returning lettermen. They include Mark Bodem, Indianapolis, Ind.; Bob Elsiele, Los Angeles, Calif.; Don Flora, Flora, Ind.; Chip Linnemeier, Culver, Ind.; Rusty Neffer, Birmingham, Mich.; Larry Pritchett, M'd'd'e-town, Ohio, and John Reitman, Laredo, Texas.

Depth, balance and a winning indoor record add up to a bright outlook for Culver Military Academy's outdoor track season.

Coach David L. Burke indicates that the squad has turned out to be much better balanced than he expected. He claims "good performers" in every event except the shot put. His team has already earned an 8-3-1 indoor record.

The squad lost seven lettermen to graduation, including pole vault and two-mile record holders Graham Gerald and Ben Slavich. Burke sees five potential record breakers in his 10 returning lettermen, and he expects a substantial contribution from nine boys who joined the squad during indoor competition.

Team co-captains Dave Bennington, Ukiah, Calif., and Pete Simpson, Geneva, Ill., threaten the Academy's existing 51-2 record on the 440. Burke expects Brad Strait, Littleton, Col., to break his own 22.1 record in the 220 as well as the existing 16.1 mark in the 100-yard dash.

Indoor record holder Jack Shoat, Avoca, Ind., vaulted 13

feet during the indoor season and is eyeing the existing 12'4" outdoor mark. Joe Cummings, Sylvania, Ohio, who recorded a 10:32.2 two-mile run indoors this season, will attempt to break last year's 10:25.2 outdoor record.

Burke anticipates that the Academy's mile relay record of 3:28.1 will be broken this year, and he expects challenging meets with West Lafayette, Huntington, South Bend Riley and Washington, and the relays at Fort Wayne North Side, Huntington and Logansport.

One day, after an exceptionally long spell of good weather, a farmer was standing in his field gazing sadly at the bumper crop. A car stopped and the driver leaned out to congratulate the farmer on the fantastic growth of his produce.

"Yes, it's true," the farmer lamented. "The vegetables are bigger and better than ever, and the wheat is coming along well enough, but just think how it's exhausting the soil."

There will be preaching services next Sunday following Sunday School. Attendance last Sunday was 47.

Mrs. Guy Davis attended the District meeting of the Woman's Society of Christian Service held in the LaPorte Methodist church Monday.

The regular meeting of the Woman's Society was held Tuesday evening in the home of Mrs. Walter Van Meter with a good attendance. The program on "Compulsive Conformity and Christian Values" was given by Mrs. Grace Burton. The playlet, "Suspended Judgment or How Not to Think," was given with discussion. The World Banks were opened. Delicious refreshments were served following the meeting.

The new officers of the Woman's Society for next year are: Mrs. Ann McIntyre, president; Mrs. Paul E. Winn, vice-president; Grace Burton, secretary; and Mrs. C. C. Mikesell, treasurer.

"Mother," said the little girl, "may I have a dime for the old man who is outside crying?"

"Yes, dear," replied her mother, "but what is the old man crying about?"

"The old man is crying," answered the little girl, "ice cream cones ten cents."

THE
SCHOOLBELL

PUBLISHED WEEKLY BY THE
PRESS CLUB OF CULVER HIGH SCHOOL

Ron & Rhonda

DEAR RHONDA,

I am in a state of confusion. I got my hair cut this summer and it is just now growing, which makes it mid-way between my ears and shoulders. According to recent articles cited in the Schoolbell I am absolutely out of it. I also have black hair and plain eyes. Why I am confused is because I am one of the most popular girls in school. Where did I go wrong?

CONFUSED BUT POPULAR
DEAR CONFUSED,

Don't be confused any longer. Other people must think your eyes and mid-way hair aren't plain. People's opinion of what's "in" for hairstyles and clothing differ. The thing that is always "in" and which all popular girls do have is personality! You definitely didn't go wrong, in fact, you are very right.

SINCERELY
RHONDA

DEAR RHONDO,

I don't know what to do. I'm a junior in high school and my boyfriend is a senior. Next week is the Senior Trip and he's going. I want to do right by him, so should I give back the ring?

UNSURE

DEAR UNSURE,

The best solution for you is simply to trust him. If you have no faith in each other then you shouldn't be going steady. Wish him well and let him have a good time without worrying about you. You know what to do to insure this.

SINCERELY,
RHONDA

DEAR RON,

My problem is that the only thing the boys around here want to do is make out. After a date they head for the nearest parking space. How can I avoid this situation?

INNOCENT

DEAR INNOCENT,

Most boys drop subtle hints about their intentions which, of course, you can answer in the negative. If he is a gentleman he will get the hint and probably respect you more for it. If he doesn't many girls carry bubble gum or licorice for "safety's sake."

SINCERELY,
RON

If any of our readers happen to have a problem they would like to be answered just give Patty or Suzy Overmyer the question and it will be promptly answered. Keep those cards and letters coming.

An unfortunate citizen was applying for relief, and the girl at the desk was filling out the questionnaire.

"Do you owe any back house rent?" she asked.

He stiffened with dignity. "Ma'am, we've got modern plumbing."

What If . . .

Bits and Pieces

Spring is sprung, the grass is rize. This weeks news?! Here it is!

Aha, opportunity knocks again at Norma D.'s door! Play it cool Wormy!!

One dollar . . . three dollars . . . do I hear five dollars??? Some people sure got some candid photos on the Senior Trip.

Susie D.'s application for official Easter bunny helper was rejected this year. Her bunny suit was blue which was the wrong color, and it didn't have a tail.

What kind of hostess are you Kitty L., sleeping through your own party!! By the way, Kitty, is the moon really made of green cheese?

The Junior Play is going to be a SMASH!! Naturally this was a paid political announcement.

Sheep, you must control yourself at play practice. Pleeze not so much violence! The play needs Mike Wynn.

Norm Johnson, have you killed a bear yet? Is your moustache really a sign of manhood?

Chuck, quit trying to kill two birds with one stone! Two at one time just doesn't work out.

We're happy to see that Vicki Morrison is going steady again. . . AGAIN! Rots o Ruck!!

Corky O., what is this strange affliction of yours??? We mean those white patches on your arms. You say you're a fungus farm!!

Now for the question of the day. When is Bob Cleavenger going to get his date with J. Salyer?

I'm sorry, but due to circumstances beyond my control this article is abnormally short.

Bye.

Bonnie Albert Wins I.U. Appointment

Bonnie Albert, a sophomore at Culver High School, has received an appointment to attend a classical workshop for high school students which will be held July 9-15 at Indiana University. The Tri-Kappa Sorority has also awarded her a \$55 scholarship for her use in the workshop.

Each summer the Department of Classics at Indiana University holds two week-long workshops for the purpose of giving high school students a birds-eye view of what a typical college classical program is like. The students live in the college dormitories, where they are chaperoned by several counselors and teachers of Latin. For a week the pupils, under the guidance of Dr. Edwn S. Ramage and other professors of the Department of Classics, will study Latin, classical history, archaeology, and an introduction to Greek. Also activities are planned to give the high school students a chance to participate in life on the campus. At the end of each workshop, a luncheon is held at the Union Building for the pupils, their teachers, and the professors who have headed the workshop.

Each workshop includes approximately fifty students. These have been chosen from 150 nominees from high schools throughout the state of Indiana. Appointments were made on the basis of examinations given within the high schools and comparisons at Indiana University of students' transcripts of credits and lists of activities.

EDITORIAL

By Elaine Kaiser

The basketball season is over, and I am afraid that all the Culver fans have gone into hibernation. The fans did such a good job supporting our basketball team that it is a shame not to give the same support to our track team. These fellows have been practicing for the last few weeks, and they had their first meet last Wednesday. This year there are only two home meets, on the 14th and 18th of April. I am sure that these boys would enjoy having the support of the student body. How about it gang?

By Susie Donnelly and Karen Stevenson

Why are there no extracurricular organizations to which the junior high school students can belong? These students are a part

of our school. They are expected to conform to the same rules and regulations as the high school students, yet they don't receive the privileges that the upper grades do.

They are prohibited from contributing to the school because they have no organizations through which to contribute. Instead of putting their energy and talents to use we are flushing them away. Much of their energy — which has no constructive direction — is used to destroy. We don't offer these kids a chance.

Calendar Of Coming Events

April, 1967

- 8 — District Band contest
- 10 — Third CMA Performing Arts Convocation - Indianapolis Symphony Orchestra
- 11 — Varsity track Triton there 4:15 p.m.
- 14 — Varsity track Winamac here 4:15 p.m.
- Junior high track Knox there 4:00 p.m. CST
- 15 — State Band Contest

These kids need and deserve the opportunity to join worthwhile organizations if they so desire. They must have the wholehearted cooperation from the faculty and high school students. Give them a Junior Sunshine give them an opportunity to write for the schoolbell; but just give them a chance.

On The Band Side

By Debbie Triplett

On April 8, the Culver High School Band will represent Culver High School in the District Band Contest for the first time in years. The judging is based on the band's ability to play the previously selected pieces of music and their ability to sight read music they have never seen before. After our band wins a first they will be eligible to enter the State Band Contest, April 15, on behalf of the student body. We would like to wish the band the very best of luck.

Operation Scagte!

By Cathy Welsh

Chief, we've finally found some clues! You remember that case we think is an infiltration plot to take Europe by storm? Just listen to this list of incriminating clues: Exhibit A: Letters, addressed to Cathy Welsh of Culver, Ind. and George Jewell, also of Culver. Who are they from? That organization we both know so well, The American Youth Band and Chorus. Next, Exhibit B: Microfilm, Chief Microfilm of George practicing his baritone and Cathy practicing her drum. They are obviously getting ready for the Big Move this summer. But there's so much film of them practicing! It's really Big, Chief, or they wouldn't be working at it so hard. Yes, we've checked their fingerprints. They aren't on file, but they do have a record. That's the next clue. Exhibit C: Skim over these records. Gads, Chief, it's flabbergasting! Contest solos and ensembles all through high school, public performances with Culver Junior High and Senior High School bands, precision marching exhibitions for various holidays — Halloween and on, and on. But here's the best one of them all. Just glance at Exhibit D, Chief: For immediate release: Taylorville, Illinois. Cathy Welsh and George Jewell of Culver, Indiana have been selected to participate in the 1967 European concert tour of the American Youth Band and Chorus. Members of this outstanding organization were selected through a series of nation-wide auditions based on musicianship, scholarship, and character. Founded and organized by James H. Smith, director of music of the Taylorville, Ill. public schools, the American Youth Band and Chorus will be making its fourth annual tour of Europe this summer. Members will leave the United States on June 15 and arrive in Maidstone, England for a series of rehearsal clinics in preparation for the concert series in Europe. Concerts will be given in Amsterdam, Paris, Monte Carlo, London, Lucerne, Brunnien, Wiesbaden and Brussels. In addition, the band and chorus will again be the featured musical organization at the Tiel, Belgium International Folk Festival.

Conductors for this tour, in addition to Mr. Smith, are Mr. Al Wright, director of bands at Purdue University, and Mr. John Leman, choral director at the University of Illinois. Featured soloist will be Mr. William Dupree of the New York City Opera Company and formerly featured soloist on the Arthur Godfrey Radio Program.

Representing the John Phillip Sousa Memorial Association, the American Youth Band and Chorus is designed to engender goodwill, mutual respect, and friendship between the people of Europe and those of the United States. This program is highly endorsed by leading educators, local, state, and national officials.

Students selected are expected to live by a strict code of conduct in order to represent the U.S. in the very best possible manner. Select adults are chosen to accompany the American Youth Band and Chorus through Europe.

The group has played for an estimated 100,000 persons in 10 countries since it began. The American Youth Band and Chorus has received numerous awards during its European concert tours. The group has played a command performance for Princess Grace in Monaco, and was

awarded the Lion of Italy Plaque following a concert in famed St. Mark's Square in Venice.

Members of the band and chorus will return to the U.S. on July 15.

This is the evidence we needed, Chief. If this isn't an open confession to take Europe by storm this summer, I'll turn in my Single-O Badge! But wait 'til you see this last clue before you push that button, Chief. As with so many of these cases, they lack sufficient funds for their operation. Exhibit E: a savings book marked "Operation SCAGTE Fund". Look at that meager balance! That may be their downfall, Chief, if you know what I mean. Near the savings book we found more letters, such incriminating evidence! They are appealing to Culver's generous clubs and groups to help finance their participation in this American Youth Band and Chorus movement. What'd you say just now, Chief? Just what does SCAGTE mean? Why, Chief, of course it means: Send Cathy And George To Europe! Personally, Chief, I hope their operation is successful!

General Motors Science Show To Be Presented To C.H.S. Students

Previews of Progress — General Motors world-famed science show — will be presented before Culver High School students on Friday, April 14, at 10 a.m.

A non-commercial show, Previews has been seen by nearly 35-million students and adults in the United States, Canada and 22 foreign countries.

"We seek through Previews to inspire more young people to make science and engineering their career and provide the trained talent America must have to keep pace with the promise of the future," James M. Roche, president of General Motors, declares.

The latest version of the 45-minute stage presentation includes nine different sequences. Designed to show some of the many contributions of research and technology to modern living, the exciting demonstrations are narrated in non-technical language by a specially-trained two-man team.

across the floor on a thin layer of air, are just a few of the dramatic parts of the fast-moving show.

Seven Previews units take the program to all sections of the country. Audiences have ranged from groups of 100 to crowds of 6,000.

In the true tradition of show business, Previews has been staged under a variety of conditions. It has been presented on the platforms of stake trucks in rural areas and on the Starlight Roof of the Waldorf Astoria.

Timothy Schultz Named Most Valuable C.M.A. Basketball Player

Timothy O. Schultz, Argos, has been named Culver Military Academy's most valuable player during the 1966-67 basketball season.

Schultz garnered the most rebounds in nine of the Academy's 20 games and was high scorer in two games. He holds an individual season high with 19 rebounds against Howe Military School. He averaged 9.4 rebounds and 10.4 points for the season with 187 rebounds and 208 points.

Coach Thomas E. Baker considers Schultz to be a good leader and one of his best defensive rebounders and scorers. "Due to his aggressive defensive play after Christmas vacation," said Baker, "he was a definite aid in the overall team defense and helped the team to win 11 out of the last 12 games and nine in a row to finish the season with a 13-7 record."

Schultz, the son of Mr. and Mrs. Edward O. Schultz, Route 3, Argos, served as co-captain of the basketball team and captain of the soccer team. Recognized for academic excellence at the Academy, Schultz was also presented the Thomas Hyde IV Medal for the best new cadet in the infantry. He sings with the chapel choir and the Blue Notes ensemble in addition to varsity and intramural sports participation.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When Jimmy Clark crowned the tiny church with the steeple it touched my heart.

Incidentally, I admire Jimmy Clark and I am interested in everything he does. When he brushes his teeth or rides his tricycle, or climbs the sliding board at the playground I admire his concentration and his careful workmanship. And when he cuddles into his Daddy's lap at bedtime or walks hand in hand with him up the church steps on Sunday he looks like an angel.

I think you have guessed it by now, haven't you? I'm Jimmy's mother — and a doting mother at that. I think Jimmy could accomplish just about anything . . . doctor, lawyer, merchant; why he might be President some day.

But whatever he becomes, I want him to be a good man; strong and true of character, firm in his principles. I want him to have God as his partner. That's why I go to church every Sunday and take Jimmy. It's the best insurance I know for a happy and fulfilled life.

CARDS OF THANKS

The gratitude in our hearts can never be fully expressed, but we want our friends, relatives and neighbors to know how much their kind words, lovely floral offerings, and expressions of sympathy have meant to us at the sudden loss of our husband and father, Russell Heiser. The many helpful acts were also deeply appreciated.

For the many cheerful cards, visits, beautiful flowers, and sincere prayers of my friends, neighbors, and relatives, I extend my deepest thanks. These kind acts were very helpful during my stay in Parkview Hospital and since my return home. May God bless all of you.

HIKING AND HEALTH

WALKING or hiking is an excellent exercise that involves many of the muscles of the body. One of its big advantages is that walking is universally available as an exercise nearly every day of the year. The strenuousness of the activity depends on the pace and the distance.

Walking can have mental health values, too, if we learn to enjoy the exercise and the open air. Pleasant physical activity can help relieve emotional tension and is most likely to be enjoyed when the activity is done with ease and skill.

Like any form of exercise, walking requires a period of gradual conditioning before any all-out effort. If you're out of training, start slow with short hikes and gradually build up the time and distance.

The feet take quite a beating in walking. Be sure that shoes fit properly, are well broken in and have no rough spots inside. Wearing two pairs of socks helps. The feet function best when the toes point straight ahead in walking. Walking with toes turned in or out distributes the body's weight unequally on the feet.

One must be cautioned against an exercise orgy in hiking or any other vigorous physical activity. The enthusiast who tries to do it all at once often ends up with stiff muscles and a stiffer resolve to avoid exercise in the future. The level of activity should be built up slowly with consideration for age, condition and general response to exercise.

Mrs. Lester Brown returned last Friday to her Culver home after a visit with M/Sgt. and Mrs. Robert F. Mohr and family at Newillano, La.

Saturday evening dinner guests of Mr. and Mrs. Robert Riewoldt were Mr. and Mrs. Earl Eckman, Miss Verda Ramig, and Mr. and Mrs. Charles Ferrier.

Jack — "Did you fish with flies?"

Joe — "Fish with flies? Yes, we fished, camped, dined and slept with them."

Notice To Bidders On School Bus Routes

Notice is hereby given that the Board of School Trustees of Culver Community School Corporation will be in negotiations on Monday, April 24, 1967, for the employment of bus drivers for the transportation of school children of designated routes.

For three routes in North Bend Township, nine routes in Union Township, and three routes in Aubbeenaubsee Township for which school-owned equipment will be used, application forms, description of routes, and other terms of the 1967-68 contract are available at the office of the Superintendent of Schools for use of those persons desiring to apply for such driver positions.

For one route in Aubbeenaubsee Township and one route in North Bend Township for which the bus chassis must be furnished by driver, bidders may secure specifications for such routes, for the equipment to be furnished, and for other terms of the 1967-68 contract at the office of the Superintendent of Schools. The successful bidders on the two routes will be required to furnish a surety bond for the faithful performance of duty and to carry the proper liability and property damage insurance in such amounts as the Board of School Trustees may deem necessary.

The Board of School Trustees reserves the right to reject any and all proposals submitted.
