Board Of School Trustees Study Budget For 1968

The Board of School Trustees of Culver Community Schools Corporation continued its study of the 1968 Budget at its regular meeting this week. The completion of the Budget is expected early next week, Robert Rust, Superintendent, indicated.

Consideration of necessary working funds for Administration, Instruction, Plant Operation, Maintenance, Fixed Charges, Capital Outlay and Debt Service, together with estimates of income are being detailed in the studies.

In nearly all phases of the Budget costs will increase with the exception of Capital Outlay and, possibly, Fixed Charges. Items which are due to influence the school tax rate in the district involve the Lease Rental Payment on the new high school for four months in 1968 plus the initial payment of \$106,500 in January, 1969; increased costs as reflected in Instruction, School Transportation and Plant Operation. The tax budget will include a broader tax base with Tippecanoe Township to be included.

"While the rate will be greater because of the new building, we hope to be able to operate on a conservative rate without impairing the operation of schools", Robert Rust, Superintendent, explained to the School Board.

A decided factor influencing the district's rate will be the new tax adjustment factor released by the State on July 25th. The easement ratio shows the Marshall County Adjustment Factor is .9480 for 1968, as compared to .8892 in 1967; 1.000 for Starke County as compared to .9320 for Starke County for 1968; 1.0560 in Pulaski County as compared to 1.000; Fulton County remains the same at 1.000.

Bids for equipment in five areas on the new high school building will be published August 23rd and 30th, with a review of the bids on September 26, it was announced. The areas include Language Lab, Science, Commerce and Home Economics.

Estimates for installation of fire alarm system at the Aubbeenaubee School and the installation of exit lights are indicated at \$2,170, the Board was advised.

In other business, the Board formally recognized the annexation of Tippecanoe Township which becomes a part of the Culver Community Schools Corporation officially as of August 2. Procurement proceedings, Staff Assignments in the Monterey School were outlined.

The bid of Leo J. Hopkins for Bus Route No. 10 in North Bend Township was accepted and the contract is to be issued.

STATE EXCHANGE BANK PURCHASES 4 H STEER

The auction sale at the Marshall County 4-H Fair held Friday night, Aug. 4, at Argos brought a total sale of \$40,852.55 for the 169 head of hogs, 79 head of sheep and 99 head of beef.

The State Exchange Bank of Culver, Argos and Plymouth purchased the 795-pound reserve grand champion steer belonging to Roger Stull for a price of 40 cents per pound, or a total of \$318.

Billy Orwell Act Scheduled For Kewanna Festival

Billy Orwell will perform his Aerial Cloud Swing Act on Saturday afternoon at 4 and 9 p.m. at the Kewanna Harvest Festival. Billy Orwell has thrilled audiences and held them spellbound with his breath-taking high-in-the-air "Cloud Swing." There is no net used under this act.

Billy Orwell has performed before circus audiences in Mexico, Canada, Europe and the United States and has been acclaimed by audiences everywhere as "The Only Thrill Act of This Kind in America".

The Kewanna Harvest Festival runs Aug. 24, 25, and 26 and the Festival Queen will be crowned Thursday night at 7 p.m. by Dr. Otis Bowen. Speaker of the Indiana State House of Representatives. The Queen's pageant is under the direction of Mrs. Theo Urbin and musical productions are directed by Mrs. Ronald Frilliman with Mrs. John Overpeck at the organ.

There will be plenty of eating stands on the midway opening Thursday night at 5:30 p.m. serving homemade pies, sandwiches and soups. "The Hoosier Harmonettes", ladies barbershop quartet, will give a musical program at 9 p.m. on Thursday.

A large museum will be located in front of the Kewanna Locker plant, an Art and Hobby show will take up the whole basement of the library and the Flower Show, sponsored by The Maxiton Garden Club, will be located in the Town Hall directly back of Urbin Auto Company.

Lowe Amusement Company will be on the midway with rides and concessions.

1968 School Budget Calls For \$4.74 Tax Levy

The Board of School Trustees of the Culver Community School Corporation has approved a 1968 school budget calling for a tax levy of \$4.74 per \$100 of assessed valuation.

The levy is based upon a school budget in the General Fund of \$960,925, and in the Debt Service Fund of \$186,930. Increases are due to increased costs in operation and contractual services as they are reflected in teachers' salaries, transportation, and maintenance. The Debt Service figure includes Lease Rental on the new high school building for four months of 1968 and six months of 1969, according to Robert Rust, Superintendent.

The budget includes the operation of the Monterey School and is based upon Tax Valuation of the four township school districts of \$13,110,000.

The new rate of \$4.74 includes the 25¢ formerly levied by the Counties. This levy was removed by the 1967 Legislature, causing school corporations to add the levy in their own figures. Therefore 25¢ of the 1968 levy is not necessarily an increase in the local rate, it was explained.

As a result of changes in the tax adjustment factors for the four counties of the Culver School Corporation, the schools will lose from four cents to seven cents in state support. Included in the \$4.74 is 5¢ cumulative Building Fund.

Carousal And Viking Win Firsts In "Venetian Night Powerboat Flotilla"

Approximately 300 people viewed the Culver Chamber of Commerce sponsored "Venetian Night Powerboat Flotilla" at the Town Park on Saturday evening, Aug. 5. Prior to and during the Boat Parade, Col. Edward Payson directed the concert by the 90-piece Naval Band from the Culver Military Academy.

Dave Ulrich of the Maxinkuckee Lake Association, led the procession across the lake in the Police Boat, followed by approximately 20 boats; Julien Keiser, Conservation Officer, was the anchor man at the rear of the parade.

The Herbert Small family of Walton, Ind. and West Shore, Lake Maxinkuckee summer residents, appeared to walk off with the two first prize trophies. James Small, piloting the "Carousal" won the Pontoon Division and Edward Small aboard the "Viking" took top award for the Inboard-Outboard Division.

The other winners were Paul

photos by Lawrence White

Kline, aboard the "Lil Patriot", as 2nd prize, Pontoon Division, and the Culver Lions Club was winner of the 3rd prize trophy.

Mr. and Mrs. Jim Large of Monterey, steering the "Maxinkuckee Flotilla", won 2nd in the Inboard-Outboard Division, while the Gene Crosley family picked up the 3rd prize trophy.

Eddie Amond served as chairman, assisted by vice chairmen Sam Allen and Jack Campbell. Other Chamber committeemen included Harold Fritz, Ron Tusing, Don Davis, Rev. Carl Baker and Bob Cultice. Bill Stubbs donated his truck for use in transporting the Band chairs, provided by the Culver Lions Club.

Judges of the Flotilla were Admiral John Bays of the C.M.A., Dr. Frank Setzler, President of the Lake Maxinkuckee Association, and Mrs. Joyce Speer, Commodore of the Maxinkuckee Yacht Club.

Recent Arrests Made By Police And Lake Patrol

Culver Police have reported the following arrests made recently: (Results are indicated for those who have appeared for trial.)

Jaret B. Inwalson, Elkhart; reckless driving; fined \$15.00 and costs of \$18.25.

Michael D. Farrar, Indianapolis; illegal possession of alcoholic beverages; fined \$1.00 and costs of \$16.00.

While the proposed levy, as adopted by the Board of School Trustees, will be used for advertisement purposes, the first step toward finalizing the budget, the \$4.74 figure must be regarded as tentative since it was derived from an estimated assessed valuation in Marshall and Starke Counties.

John R. Voight, Indianapolis; illegal possession of alcoholic beverages; fined \$1.00 and costs of \$16.00.

Timothy L. O'Keefe, Plymouth; contributing to delinquency of minor.

Roy Krathwohl, Culver; contributing to delinquency of minor. Robert B. Medland, Scottsdale, Ariz.; too many persons in vehicle.

Four Culver youths, from 12 to 17 years of age, were arrested for curfew violation. A 17-year-old Indianapolis youth was arrested for illegal possession of alcoholic beverages. All have been turned over to the County Juvenile Officer.

Culver Schools Corp. Annexes Tippecanoe Twp.

The Annexation of Tippecanoe Township, Pulaski County to the Culver Community Schools Corporation was formally recognized today.

Certificates by the Clerks of the Circuit Courts of Marshall, Starke, Fulton and Pulaski Counties showed that no remonstrances in opposition to the annexation/disannexation resolutions, adopted respectively by the Boards of School Trustees of the Culver Community Schools Corporation and the Pulaski County School Corporation on June 12, 1967, had been filed before the deadline of August 1, 1967.

Notification of the annexation of the school district was transmitted to the State Reorganization today.

As a result of the annexation, the Culver Community Schools Corporation geographically involves four counties and includes North Bend Township of Starke County; Tippecanoe, Pulaski; Aubbeenaubee, Fulton; and Union, Marshall County. State-wide, the new corporation is believed to be one of the few school districts which involve four counties. The revision of the district is the culmination of weeks of cooperative study and planning on the part of the Pulaski Board of Education, headed by Leo Siemens, and the Culver Trustees, whose president is Walter Johnson of Culver, and interested Tippecanoe Township patrons who sought annexation.

Meeting here today, the Culver Board of Trustees, with Charles Brucker, Tippecanoe Township Trustee, acting in an ex-officio capacity, took steps to provide for representation of the annexed district on the Culver Community Schools Corporation Board.

Thomas Russell, floating member of Aubbeenaubee Township, whose term expires in 1969, will step aside and Advisory Boards of the four townships will meet within 30 days to name a representative from Tippecanoe Township.

"Immediate plans call for the operation of the school at Monterey, grades K-12, during the 1967-68 term," Robert Rust, Superintendent, stated. Plans are being rushed to fill staff requirements for the school.

"The new high school building now under construction, which was intended to unify the Culver and Aubbeenaubee High Schools, will adequately serve the student body of the Monterey High School", officials stated.

Principal Hayes Sets Guide Lines For Student Dress

In reply to numerous inquiries by patrons of the Culver Community Schools District, Principal John R. Hayes, Culver High School, has set forth guide lines for student dress and grooming at Culver High School.

In setting out the guide lines, Mr. Hayes stated, "It is felt that suitable or reasonable dress and grooming tends to promote a more positive atmosphere for learning". The following are guide lines to be observed by the

students of Culver High School. All students should have a clean appearance with clean and well-groomed hair. Clean and neat clothing should be worn. In no case will boys or girls be permitted to wear a hair style that interferes with vision. Extremes in both dress and grooming will be discouraged.

Students will not be permitted to wear the following: heel plates of any kind; prison shirts, football jerseys, sweatshirts which are shabby looking, have raveled sleeves, which are dirty or have objectionable writing or printing on them.

Culots, skorts, mini-micro, pert or any other objectionable

length skirts will not be worn. Skirts of no more than three inches above the knee are recommended for school wear.

Boys will wear socks with shoes.

Girls will not wear slacks or shorts.

Boys will not wear extremely tight slacks.

In general, hairstyles, clothes and color combinations which are solely distracting and attention seeking are in poor taste and

their use for school wear will be discouraged.

The majority of the above was taken from a Dress Code proposal by the Culver High School Student Council of 1966-67.

The Rev. Thomas Rough, pastor of the Central E.U.B. Church of South Bend, officiated and interment was made in the Culver Masonic Cemetery.

Miss Phyllis Shaffer
And Ward T. Beckley
Speak Wedding Vows

MRS. WARD T. BECKLEY

The St. Mary's Church in Muncie, Ind., was the setting for the marriage of Miss Phyllis Ione Shaffer and Ward Thomas Beckley at 1:30 p.m. on Saturday, July 29.

The bride is the daughter of Mr. and Mrs. Lorin Shaffer of Route 1, Kewanna, and the bridegroom is the son of Mrs. Charles Beckley, 607 Neely Ave., Muncie.

The Rev. James Bates officiated at the double ring ceremony before the altar which was decorated with blue and white daisies and mums. Miss Judith Woolard of Muncie played the nuptial music.

Miss Martha Langenbahn of Monterey was maid of honor, and bridesmaids were Miss Patsy Leap of Rochester and Miss Barbara MacDonald, Huntington. Best man was Philip Orth of Elwood and serving as ushers were

Joseph McGeehan of Bloomington and Dwayne Shaffer of Kewanna, brother of the bride.

Immediately following the ceremony a reception was held in the church lounge for 100 guests. The serving table was covered with a lace tablecloth and centered with a three-tiered wedding cake topped with a miniature bride and bridegroom. Sprigs of ivy encircled the cake and punch bowl. Serving the refreshments were Miss Patricia Hamilton of Kewanna, Miss Cheryl Wilson and Miss Bonnie Brinkman of Indianapolis, and Mrs. Rondeau Dickover of Selma. Miss Cindy Shaffer, sister of the bride, registered the guests, and gifts were opened by Mrs. Harold Woolard and Miss Carolyn Woolard.

Following a week's wedding trip to Canada and Niagara Falls, the couple will reside at 115 Weber Drive in Muncie.

The bride graduated from Aubbeenaubee High School and from Ball State University in 1967 with a B.E. degree in Education. The bridegroom is a graduate of Howe Military School and graduated from Ball State University in 1965 with a B.S. in Education.

Miss Patty Hammond Weds Scott Geiselman In Argos Ceremony

Miss Patty Hammond, daughter of Mr. and Mrs. Herbert Hammond of Argos, and Scott Alan Geiselman, son of Mr. and Mrs. Ralph Geiselman, Route 2, Culver, exchanged wedding vows in a three o'clock afternoon ceremony on Sunday, Aug. 6, in the Pentecostal Church in Argos.

Rev. Lloyd Howard performed the ceremony before the altar, which was adorned with bouquets of white carnations and blue mums. White satin bows marked the pews.

Miss Shelia Solomon, church pianist, rendered appropriate nuptial music.

For her wedding, Miss Hammond selected a floor-length

gown of white bridal satin, styled in a princess A-line, featuring an empire waist, and trimmed with lace appliques. Pearl buttons accented the tapered sleeves. Aurora crystal chips, inserted in a tiny crown, secured her ballerina-length net veil. A string of pearls enhanced the beautiful neckline and she carried a floral arrangement of white miniature carnations with blue streamers.

Miss Doras Craft of Knox served her niece as maid of honor. She was attired in a summer blue sleeveless ballerina-length dress of silk organza over taffeta, fashioned with a scoop neckline, and a bodice of honeycomb smocking, and a full skirt. A matching blue headpiece held her short veil. Her bouquet was of white and blue miniature carnations.

Edward Geiselman served his brother as best man and James Wheatfield of Argos was the usher.

Following the ceremony, a reception for 100 guests was held in the Argos Community Building. A four-tier wedding cake, decorated with white doves and blue flowers and topped with a miniature bride and bridegroom circled with an overhead bridal arch, centered the bride's table. Miss Lois Watson of Argos, cousin of the bride, and Miss Jan Scruggs of Culver, cousin of the bridegroom, presided over the refreshment table.

Mrs. Dealla Wright and Mrs. John Toyer of Argos were in charge of the guest register and gift book.

The bride graduated from Argos High School in 1967.

The bridegroom is a 1963 graduate of Culver High School and the Radio and Electronic Television School of South Bend.

The newlyweds will make

their home at 814 South Main Street in Culver.

District Meeting Of Federation Of Clubs Held At Plymouth

The 1967 mid-summer Council meeting of the 13th District of the Indiana Federation of Clubs convened at the Holiday Inn, Plymouth, Aug. 1 with the president, Mrs. Lloyd Swoverland, presiding. She gave an inspiring quotation as part of her brief welcome to the 78 ladies.

The Club Collect was led by Mrs. Otto Zeiger, a state trustee, and the Pledge of Allegiance to the American Flag was led by Miss Mary Craigmile. The minutes of the 1966 meeting were read by the secretary, Mrs. Cleus Griffith, and were approved.

The president then asked the Council to elect a nominating committee as election of new officers for the next two years will be held at the Convention on Oct. 5. The ladies nominated and elected to the committee were Mrs. Doyle Putnam, Marshall County; Mrs. William Briden, Starke; Mrs. Glen Fisher, St. Joseph. The Department and Division Directory for 1967-68, prepared and mimeographed by the president and secretary was presented and changes, corrections and additions were made.

The treasurer, Mrs. Robert Leininger, gave her report and presented the annual budget which was accepted. Mrs. Ford Hardman gave the luncheon invocation and the meeting adjourned.

Following the luncheon, discussion of the Directory was then continued. Mrs. E. R. Cloyd, a past District Art chairman, recommended that the dates of Art

and Music Contests be advanced to April because of the inability for many participants, due to bad weather and road conditions to reach the contest. The motion was carried.

The secretary called the roll of the Department and Division chairmen and the goals and plans for the year were given. Everyone was reminded of the District Convention to be held Oct. 5, in North Judson after which the meeting adjourned after a prayer poem by the president.

The American Legion Auxiliary No. 103 met Wednesday evening, Aug. 2, at the Post Home with President Mrs. Alice McCarthy presiding.

During the business session, it was voted to participate in the Red Cross "Shop Early" to make ditty bags for the boys in Vietnam.

The annual breakfast will be on Sept. 6 at 9 a.m. at the Post Home.

The hostesses, Mrs. Daniel Bleker and Mrs. McCarthy, served dainty refreshments at the close of the meeting.

Social Security

Why should a man with a wife and young children concern himself with anything that seems far away as social security?

A new booklet, "Social Security Information for Young Families," specifically designed to answer this question is now available, social security district manager, Mr. Charles E. Burke announced recently.

"Social Security is not just a retirement program, and it is not just for old people," Mr. Burke said. This new booklet gives the young worker important information about the survivors and disability protection that he and his family have now.

Nine out of ten families in Indiana have social security survivor protection which can amount to over \$75,000 in benefits if the

breadwinner in the family should die, Mr. Burke pointed out.

Disability insurance is the other social security program of particular importance to the young worker. After just five years of work under social security, the worker and his family are eligible to receive monthly benefit payments if he should become severely disabled and the condition is expected to last a year or longer.

Mr. Burke said that "Social Security Information for Young Families" explains in detail survivors and disability protection, what it can mean to a family, and how to make an application should it become necessary. Also included is information on how to check your social security account and the financing of social security.

Copies of this pamphlet may be obtained free of charge from the social security office at 125 S. Lafayette Blvd., South Bend, Indiana 46601, or by telephone at 234-4001.

Summer Events At Culver Library

Mrs. Jane Scruggs, librarian, announces that the average attendance was 12 at the Summer Story hour held during June and July. With continued interest, plans are to make the story hour a permanent part of the Library's Summer program.

All members of the Summer Reading Club are to return their booklets to the library, if they have not already done so. Each book entered in the booklet must be followed by the initials of one parent or guardian as proof that the child has read that book.

The recipients of the Reading Club will be announced in late September or early October. At that time the local Tri Kappa will award thirty dollars to be used for new books to two classrooms in the elementary building.

Recent donors of books to the library are Robert McIlwain, M.D., Mrs. Edward Amond, Rev. Charles L. Haney, Mrs. Elgie Good, Mrs. Edith Hudson, Joyce Anderlohr, Mrs. William Garrison and Mrs. W. K. Stewart.

Several patrons have given their back issues of magazines which in turn are used by organizations, churches, hospitals and students.

Mrs. Howard Oberlin has consented to leave her wonderful collection of sea shells on display through the month of August at the library. Most of these shells were collected and mounted by Mrs. Oberlin during the many winter months she has lived in Florida.

Also on display is the blue ribbon winner sketch drawn by Connie Kelly for 4-H. Connie is the daughter of Mr. and Mrs. Norman Kelly of 310 College Ave.

Captain Kathleen Hastings, whose parents are Mr. and Mrs. Charles R. Kelsey of Route 1, Monterey, has arrived for duty at Whiteman AFB, Mo.

Captain Hastings, a nurse, previously served at Cannon AFB, N. M. She is assigned to the Strategic Air Command, America's long-range nuclear bomber and missile force.

A graduate of Monterey High School, she received her training from St. Vincents School of Nursing in Indianapolis.

Her husband, Captain James H. Hastings, is the son of Mr. and Mrs. John J. Hastings of 188 Wheaton Place, Ruthford, N. J.

Marine Corporal James A. Westcott, son of Mrs. Mary L. Westcott of 210 S. Ohio, Culver, is at the air base in Da Nang, Vietnam serving with Marine Composite

Reconnaissance Squadron One, a unit of the First Marine Aircraft Wing.

As a part of the Marine Corps air-ground team, his squadron utilizes the RF-4B "Phantom," the EA-6A "Intruder" and the EF-10B "Skynight" jet aircraft on missions in support of U.S. and allied forces engaged in combat operations.

Army Private First Class Clinos M. Jackson, 21, whose parents, Mr. and Mrs. Leonard Jackson, and wife, Wanda, live on Route 1, Monterey, participated in a six-day joint operation in Vietnam this month that accounted for more than 90 enemy deaths.

"Operation Paddington," which ended July 16, combined elements of the South Vietnamese Army, the 1st Australian Task Force and the U. S. Army's 9th Infantry Division.

PFC Jackson is a rifleman in Company E, 4th Battalion, of the division's 39th Infantry.

A fellow up the road a piece, name of "Slim" Smithfield, has more trouble getting himself heard than a zither player in a brass band.

Slim is all the time hollering about his wife and five daughters tying up the one bathroom in the house for hours on end, but no one seems to pay him much mind.

"The bathroom door is closed more often than the gate to Fort Knox," Slim frets, "on account of somebody's always washing out things, doing their hair, or 'putting on their face'."

Things got so bad, Slim reports, that he considered installing in his home a device that would issue numbered tickets like those used by some bakery shops to keep customers in an orderly line.

Of course, Slim's morale didn't exactly soar when a neighbor, whose daughter had just married, remarked, "I lost my girl, but I gained a bathroom."

But I saw Slim just the other day and he was as full of smiles as an insurance salesman. Seems like he hired Charlie Briggs, the remodeling contractor, to install a bathroom in the little-used sewing room off the master bedroom.

"Now me and the missus will have our own bathroom and the girls will have theirs," Slim gloated. The room that was just wasted space now boasts a built-in vanity, a new-fangled stall shower and a medicine chest big enough for all the patent medicines Slim has collected over the years.

Chances are that if Slim does take up the zither, the first piece he'll learn to play will be, "Home Sweet Home."

TEEN BANDS INVITED TO PERFORM DURING BLUEBERRY FESTIVAL

All non-union teen bands and combos are invited to perform on the tennis courts at Centennial Park in Plymouth during the Blueberry Festival on Labor Day weekend.

Mrs. George Williams will be scheduling all Marshall County area groups who are willing to donate their time and enthusiasm. Each band will be scheduled on an hourly basis at several different times on Sunday from 4 p.m. until 10:30 p.m., and on Monday from 4 p.m. until 9 p.m. in order to provide continuous dancing.

This would be a wonderful opportunity for comparatively new groups to gain some valuable experience and much needed exposure, according to Mrs. Williams.

All bands must provide their own equipment, including speakers, extension cords, etc., as well as their own "stage", such as hay wagons and flat-bed trucks, if they wish to use one.

Interested bands should mail entry blank to Mrs. George Williams, 316 Marlow Place, Plymouth. Entry blanks are available at the WTCA radio station in Plymouth. The deadline for the entries is Aug. 26.

MYC NEWS

by Evelyn Harrell

The Innclake Regatta that was held this weekend was, to say the very most, only a partial success. Lake Manitou had an excellent turnout at the Regatta when they brought 15 boats out of their 17 boat fleet, and we had a delicious an genial picnic. Sailing wise, however, the Regatta left quite a little to be desired. Both Saturday races were called when it was impossible to complete the races within the 2 1/2 hour time limit and so the 25 boats who raced in the Regatta just spent several hours bouncing around the waves created by the many power boats. The good sailing breeze that finally did arrive Saturday afternoon, was 15 or 20 minutes too late and Bruce Moore and Bill Stofer who were in the lead at the time, had to hope for better success at some other Regatta. Even Bud Suverkrup was disappointed as he was foiled in his attempt, to overtake the leaders.

The Junior Fleet was unable to sail their race Saturday morning, either. Twenty-two Junior Skippers and 13 Sailfish sailors had to line, but the nine Skylark Skip-

pers and 13 Sailfish sailors had to be content with a "no race due to lack of wind" as did their senior counterparts. We hope that the one or two new Junior Skippers who were present Saturday will come back this next week for another more successful debut.

Sunday morning the sailors were a little more fortunate as light and variable winds made it possible to complete the Gold Cup Course. Bill Furry jumped off to an early lead which he held and lengthened to bring "Folly" in first. Joyce Speers demonstrated her sailing skill by passing several boats in the final heat for a solid second place. Bob Hollowell, after holding second place for all but the last few minutes, had to be content with third. Bud Suverkrup, who was finally able to overtake T52, came in fourth and Jerome Zechiel sailing his first complete race in T21 this year on Lake Maxinkuckee was fifth. Manitou Skipper Tad Louderback showed that he hasn't forgotten too much of the peculiarities of rounding buoy six when he came in sixth. Bill Stofer was seventh, followed by Pete Trone in eighth place, and Bruce Moore came in ninth in his "Tippy Cricket". Tenth place was won by another transplanted Maxinkuckee Skip-

THERE'S NO ALCOHOL IN FOODS COOKED WITH WINE

Many people believe that because wine has a small amount of alcohol in it that adding it to foods before cooking will make the foods alcoholic. This is quite erroneous, since during the process of cooking, the alcohol is changed into vapor and passes into the air. Wine in cooking is not for alcoholic effect, but for flavoring. It is the "bouquet".

per, Jay Barger, Lake Manitou season's champion. The balance of the fleet finished as follows: LM 7, T10, LM 21, T101, T26, LM 13, T241, LM 5, LM 1, LM 12, LM 8, LM 2, LM 66, LM 61, LM 23, LM 30, LM 10, and LM 51.

It was a thrilling sight to see the 28 boats lined up for the start Sunday morning, and all skippers should be complimented that so many boats competed in such difficult wind conditions with no protests filed against any skipper either day.

Customer: "Please weigh this package for me."
Butcher: "Sure. It weighs three pounds."

Customer: "Thanks. It contains the bones of the four-pound roast you sent me yesterday."

Two Texans walked into a restaurant in Chicago, ordered a sumptuous dinner, got the bill and put a dime on the table. The dismayed waiter said: "You're from Texas—and you call that a tip?" "We are from Texas son," said one of them, "And that dime's for the meter in front of which your tip is parked."

"I'm sorry sir," said the telephone operator, "but that number has been taken out."
"Oh, really," said the caller, "Could you give me any information as to who has taken her out?"

He: How did you like Venice?
She: Oh, I only stayed a few days. The place was flooded.

Policeman: Lady, you can't park here.
Lady Driver: Why not? This place seems to be all right. That sign says "Safety Zone."

"Mabel, I have the greatest secret to tell you!"

Regatta chairman Bill Stofer wishes to express his thanks to the many people who cooperated in making this Regatta the success that it was. The entertainment committee provided an excellent picnic for Rochester guests. Race committee chairmen had a plentiful supply of power boats on hand to aid skippers in finding the marks. Junior Fleet members provided excellent taxi service and enabled the Rochester skippers and crew to get out to their boats that were anchored at CMA. The Academy deserves a special "thank you" for their assistance in making the difficult job of launching and mooring the guest fleet an easy one. And a thank you to all of the M. Y. C. members who helped in launching and rigging Rochester's boats. These people spent a lot of hours helping and their time was appreciated. Many people worked many hours to make the Regatta a good one. Next year we'll just have to make a better contract with the weatherman!

QUOTE OF THE WEEK: "We wish Rochester would come up here every weekend because they certainly made the competition so much better." We agree, don't you?

FUN & FITNESS

by Bonnie Prudden
Noted physical fitness authority

muscles and skin . . . a key to looking attractive. And it will help to rid you of many of your tensions and frustrations. The quickest way to release tension is through physical exercise . . . and that's what this program is all about.

The following exercises are all achieved with the aid of a bowling ball to provide the proper resistance necessary for successful completion of the program. All of these exercise benefits can be compared to those received in some phase of the bowler's approach. (These exercises will be appearing in segments 3-8 of this series.)

The Side-To-Side Roll, shifting the ball from one side of your body to another, and the Overhead Reach and Twist Overhead, lifting the ball above your head, provide exercise comparable to those derived from lifting the bowling ball from the ball return.

The Kneel Back, kneeling back with the bowling ball placed on your chest, and the Press Up, lying on your back holding the ball above your chest, provide exercise benefits similar to those received from the pushaway phase of the bowler's approach.

The Backward Lift, lifting the bowling ball over your back, and the Bent Knee Sit Ups, pulling yourself to a sitting position while clasping the bowling ball between your feet, provide exercise benefits comparable to those derived during the second step of the bowler's approach.

The Arm Rotation, swinging your arm around your body while holding the bowling ball in your fingers, and the Roll Back, rolling back from the sitting position with the bowling ball in your hands, provide exercise benefits similar to those received during the third step in the bowler's approach.

The Hamstring Stretch, lifting the ball over your head with your feet spread apart, and the Wicket, kneeling on all fours and thrusting the ball through the space between the elbow and thigh, provide exercise benefits comparable to those derived from the fourth step of the approach.

The Pendulum Kick, balancing yourself on one leg while holding the ball, and the Ball Balance, doing pushups while resting on the bowling ball, provide exercise benefits similar to those received in the follow-through phase of the bowler's delivery.

Bowling Exercises

Bonnie Prudden has won nationwide acclaim for her work in alerting people of all ages to the need for physical fitness.

She is a consultant on physical fitness for Reader's Digest and is the Director of the Institute for Physical Fitness as well as a known lecturer, author, television and radio personality.

This series is designed to demonstrate an exercise curriculum which provides for well rounded body conditioning. At the same time the series shown can be identified with the exercising benefits derived from the sport of bowling—the nation's most popular participating sport.

(In this segment, Bonnie discusses many of her exercises and the isotonic principles that make them work.)

The following exercises have been designated to make use of a very important principle—resistance. Resistance is working against something, in this case a bowling ball, and is the basis for all isotonic or isometric exercises. When you work with a weight, you have to work harder, and therefore get more benefit in less time and that's a help in a busy day.

When you exercise it is up to you, but do it ten to fifteen minutes at the same time daily and you will be amazed at the results.

Your program is important . . . not just a pastime. It will improve your circulation, one of the keys to feeling and looking young. It will improve heart and lung action, two of the keys to staying alive. It will tone

BLACK EYES

WHAT with the cost of meat these days, black eyes seldom are treated to a piece of beefsteak as of yore.

As a matter of fact this treatment was a waste all the way around as beefsteak is of no more help to a black eye than the application of any other cool object. A wad of cotton or a face cloth dipped in cold water and applied to a discolored eye for 15 minutes every hour is good first aid treatment and may minimize the discoloration of the damaged eye.

Discoloration is not the worst that can happen, for even a slight blow to the eye may cause serious damage. A tap on the eye can be transmitted through the fluid content of the eye with sufficient force to injure the retina. Separation or tearing of the retina contributes to blindness, unless natural healing or surgery makes the separation re-adhere to the underlying tissue.

If, after a blow to the eye, the vision is fuzzy or the eye is cut or painful, an eye physician should be consulted to avoid serious and perhaps permanent damage.

Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

Could be you feel a little edgy, or maybe cross. You might even have what we call hot flashes and feel sad and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to give you a better sense of well-being.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine?

THE RIVER OF LIFE — BLOOD

Blood is the magic gift of life. There is no substitute for it. During the next year, one out of every eighty persons in the United States will have a transfusion. The use of blood to save human life is one of the world's greatest discoveries.

Your blood donation is needed — and urgently. Every year, medical science discovers new applications for blood in the fight against injury and disease. The only source for blood is donations by people like yourself.

The Red Cross bloodmobile will be in Plymouth on Tuesday, Aug. 15, at the Calvary Lutheran Church on North Michigan Street from noon until 6 p.m. The quota for the visit is 143 pints. With your help, this goal can be reached.

Mr. Smith was driving through the country when his motor stopped. He got out of the car and raised the hood to locate the trouble. "The trouble is in the carburetor," a voice behind him said. Smith turned, surprised, but saw only an old horse standing nearby. Not believing his ears, he asked, "Did you say something?"

"I said you'd better check the carburetor," replied the horse. Rushing to the nearest farmhouse, Smith excitedly told his experience to the old farmer. "Was it an old bay horse with one flop ear?" asked the farmer.

Lady: "May I try on that dress in the window?"
Clerk: "Don't you think you'd better use the dressing room?"

A farmer and his wife whose Uncle Luke lived close to the stockyards, the gas works and a chemical plant invited him to come for a visit and enjoy some fresh air. Uncle Luke was delighted but cut short his visit after two days with the comment: "This country air may be all right, but there's no body to it."

ELECTRIFYING FACTS!

ELECTRICITY "TRAVELS" ALONG THE LINES OF THE OLD FIREMAN'S BUCKET BRIGADE. ONE TINY ELECTRON STRIKES THE NEXT WHICH IN TURN STRIKES THE NEXT ... CAUSING A CHAIN REACTION WHICH PRODUCES THE FLOW OF ELECTRICITY.

A STREET LIGHT GLOWS BECAUSE MANY ELECTRONS FLOW THROUGH A WIRE IN THE BULB. THE WIRE GETS VERY HOT, BUT DOESN'T BURN BECAUSE FIRE NEEDS AIR, AND THE BULB IS A VACUUM.

THE UTILITY POLE, A FAMILIAR PART OF THE AMERICAN SCENE, BRINGS ELECTRIC LIGHT, HEAT, POWER AND COMMUNICATIONS TO YOU. IT IS A VITAL SYMBOL OF A BETTER WAY OF LIFE.

RALEIGH NEVER VISITED THE U.S.A.

Popular stories would leave us believing that Sir Walter Raleigh who had much to do with the early history of Virginia lived there himself. But the truth is that he never set foot on North America in his whole life, even though he sent many expeditions to Virginia from 1584 to 1589. Later in his life he visited South America, but he died without ever seeing the North America where he wanted so badly to visit and perhaps to live.

Mr. and Mrs. O. C. Gibbons, Mrs. Anna Flagg, Mrs. Fran Bawcock and Mari, Mr. and Mrs. Morton Freese, and Mr. and Mrs. Ross Overmyer attended the Warner reunion at the home of Mr. and Mrs. Earl Barton at Elkhart Sunday. Some called on Mr. and Mrs. Bert Kline near there.

"Soul" is the subject of this
week's Bible lesson to be read in
all Christian Science churches
this Sunday.

The Golden Text is from I
Chronicles: "Is not the Lord your
God with you? and hath he not
given you rest on every side? . . .
Now set your heart and soul to
seek the Lord your God."

How It Started!

The eyewitness was ordered by
the court to tell how the fight got
started:

"Well," the eyewitness explain-
ed, "it wasn't really very much.
First thing, old Hal Smith called
Bill Jones a liar, and Bill broke
an ax handle over Hal's head.
Then one of Hal's friends got up-
set about that and knifed old
Bill. Well, Bill's friend worried
some over that and then shot the
man who'd knifed Bill. Some

other fellas standin' around com-
menced to shootin' at Bill's
friends, and that of course led to
a little excitement and they
started in fightin'."

SEVENTH DAY ADVENTIST

Lewis A. Kramer, Pastor
631 Thayer St., Plymouth
Worship Service 10:30 a.m.
Sabbath School 9:30 a.m.

When Jack Sinclair retired, he took his wife on
a holiday cruise. They'll be home next week, and I'm
certainly going to tell them how much they've been
missed here at the church.

Like all ministers, I need a lot of help from my
congregation to make our church a happy, inspiring
place. Sinclair and his wife are just two of the many
older members that keep things running smoothly. I
depend on them for good ideas, for experienced ad-
ministration and, very often, for a wise approach to
young people's problems. In return, the Sinclairs have
often told me how important their church has been
in their lives, and how they both enjoy being needed.

That's one of the great secrets of life, I think . . .
to be needed. And there isn't a church anywhere that
doesn't have a real need for "senior citizens" to help
with God's work.

THE CHURCH FOR ALL . . .

. . . ALL FOR THE CHURCH
The Church is the greatest
factor on earth for the building
of character and good citizen-
ship. It is a storehouse of spiri-
tual values. Without a strong
Church, neither democracy nor
civilization can survive. There
are four sound reasons why
every person should attend ser-
vices regularly and support the
Church. They are: (1) For his
own sake. (2) For his children's
sake. (3) For the sake of his
community and nation. (4) For
the sake of the Church itself,
which needs his moral and ma-
terial support. Plan to go to
church regularly and read your
Bible daily.

Prefabricated

A tourist in the Far West complained to the hotel proprietor about the dirty roller towel in men's washroom.
 "I thought," he snapped, "the roller towels were outlawed in this state many years ago!"
 "That there towel," answered the hotel keeper indignantly, "was put up long before that was passed!"

A Political Education

A grammar school class was brushing up on its reading by scanning the newspapers. One 11-year-old read a story of a political convention, then looked up and ask the teacher: "What does mean when it says that Mr. Smith attended the convention in the city as a delegate-at-large?" Answered the teacher: "It means he didn't take Mrs. Smith."

HINTS ON HEALTH

By the
INDIANA STATE MEDICAL ASSOCIATION

COSMETICS

SINCE the dawn of civilization, the human race has sought to enhance its physical appearance with cosmetics.

Cosmetics are very much a part of 20th century life in most of the world but they can cause trouble. Considering the millions of daily applications of innumerable cosmetics, the incidence of skin rashes and other irritations from their use is very low.

Nevertheless, sufficient numbers of dermatitis cases (skin ailments) directly traceable to the use of cosmetic products come to the attention of the dermatologist (medical skin specialist) and the manufacturer to warrant continued search for ever safer products.

If you suspect that a cosmetic may be causing a skin problem, the first step is to see your doctor and ask his guidance. To help the doctor reach a diagnosis, you can: (1) stop all cosmetics temporarily; (2) shampoo the hair with a bland soap to remove all hair preparations; (3) stop the use of all creams on the face; (4) wash the face with an unscented soap; (5) remove fingernail polish; (6) bring to the doctor's office all cosmetics used, both old and new, for examination and testing; (7) if there has been a recent visit to the beauty parlor, obtain the names of all cosmetics that were used.

Once the offending agent has been identified, the means of prevention of further trouble is usually simple—just avoid the use of this particular cosmetic hereafter. Often a switch to another brand will suffice.

Vedette Receives Top Rating From Newspaper Services

The student newspaper of Culver Military Academy, The Vedette, recently received top recognition from two national newspaper, critical services.

The Vedette received a rating of "Special Excellent" from the National Newspaper Service in Memphis, Tenn., and a first place from the Columbia Scholastic Press Assn. of New York City. Both services recognized the newspaper's work in special issues and aggressive reporting.

Student editors have dealt with national issues facing their teenage readers since 1961. Both L. Henry Liese, Manila, Philippines, last year's editor-in-chief, and Advisor David H. Gaskill spoke at the 1967 national convention of Columbia in New York to promote use of special issues in student papers.

The students have sought special issues as a means of investigating a topic in relative depth and as an opportunity to ply their accumulated journalistic skills in a major undertaking.

A judge of the National News-

My Neighbors

"I'm not so much interested in getting an 'A' in sand-box as in my developing a favorable student-teacher relationship."

paper Service wrote a lengthy evaluation of The Vedette which said in part: "If it had no other merit, The Vedette would have to be ranked among the top-quality school papers because of the concept behind it.

"It is far less provincial than most school papers; it recognizes that its readers are interested not only in the school concert or football game, but also in morals, governmental activities and the developments of the space age scientifically. It has an exceptionally broad outlook.

"Each issue of the paper contains a news featured spread on a particular subject, such as mass communications, scientific advancements, newspaper techniques, and the coverage is surprisingly complete. Grouping of related stories is done in expert fashion, often trying in with an editorial. Such craftsmanship is rare indeed in a college paper and would do credit to one of the "news magazines" which are becoming so popular in our larger cities.

"Also praiseworthy are such articles as life in diplomatic circles, subjects beyond the bounds of the campus which the student is generally interested in and which are so often neglected in the school paper. These do not just happen--telephone interviews with Billy Graham and picture acquisition from the Associated Press and NASA show an unusual sense of initiative and careful planning."

According to official U.S. government figures, a ripe olive contains only about 7 calories.

COMMUNICATIONS ON TIME PROBLEM DUE BY OCTOBER 20

Indiana Senator Birch Bayh's office announced Aug 6, that the Department of Transportation will accept, until Oct. 20, communications on whether or not to move all of Indiana into the Central Time Zone.

Communications should be sent to the Docket Clerk; Office of the General Counsel; Department of Transportation; Washington, D. C., 20590.

The communications should specify that they refer to docket

number 6, notice 2.

The proceedings will not concern adherence to or exemption from advanced (daylight) savings time during the summer months.

The Department of Transportation is acting upon the request of state officials who have asked that the entire state be placed in the Central Time Zone.

Currently 44 counties are in the official Eastern Standard Time Zone and 33 in the Central Time Zone.
