## C.M.A. To Observe Anniversary Of Black Horse Troop

### Former Troopers To Hold Reunion

The 70-year history of Culver Military Academy's famed Black Horse Troop — escort of U.S. presidents, governors and other dignitaries — will be observed here in a special three-day reunion beginning Thursday, Aug. 17.

Hundreds of former Troopers who rode with the equestrian organization over the years will gather at Culver for the anniversary, which has been planned as the highlight of the 1967 graduation of the Culver Summer Schools. This year marks the 70th anniversary of the Winter School edition of the Black Horse Troop and the 60th anniversary of its founding in the Summer Schools.

"In many ways, the reunion reflects the growth and importance of the horse in U. S. history as well as serving as a reunion of the Black Horse Troop," says Dale W. McMillen, national chairman of the reunion and a former trooper. McMillen is president of Fort Wayne's Central Soya Company.

Arrangements for the reunion are being made by the man who conceived the anniversary, Donald W. Griffin, retired alumni secretary of Princeton University. Griffin is a former summer Trooper, class of 1918, who has spent recent summers at Culver as a counselor in the School of Horsemanship. He is also a collector of antique carriages and owns his own horses.

Griffin has arranged for a special display of paintings and other pictures depicting the history of the horse in military life with special emphasis on the old U.S. Cavalry. The pictures have been secured from the Department of the Army and will be displayed in the Woodcraft Camp Dining Hall along with military relics Griffin has borrowed from Fort Knox.

"But the emphasis of the reunion," says Griffin, "is to have our former Troopers on campus participate in the activities of the School of Horsemanship. We want them to get on a horse again."

The Black Horse Troop reunion opens Thursday, Aug. 17 when alumni polo games begin at 9:30 a.m. At 11 a.m., the championship polo game will be held at the Riding Hall. At 3:30 p.m., the Lancer Platoon, student honor organization of the Black Horse Troop, will perform in a special exhibition as part of the regular Summer Schools graduation exercises. The flag raising ceremonies and reception for returning Troopers is scheduled for 6:30 p.m. Thursday in the Woodcraft Camp, where returning alumni will be housed.

The commencement band concert at 8:15 p.m. Thursday will devote a special section of the program to cavalry music. The concert also marks the final appearance of Col. Edward T. Payson, who is retiring after 41 years as director of the band.

The commencement horse show is Friday at 9:30 a.m. and will feature special competition for alumni Troopers at 10:30 a.m. Awards to alumni during the horse show and the polo competition will honor men who have

been part of the history of the Black Horse Troop. The awards include cups honoring the late Col. Robert Rossow, who expanded the Troop in 1907; Col. C. A. Whitney and Capt. Michael Armstrong, former directors of the Troop, and Col. Gerald J. Graham, present director of the School of Horsemanship.

At 3:45 p.m. Friday, Troopers will attend a special squadron drill at the Riding Hall as well as the final parade of the Summer session at 4:15 p.m.

During Saturday's program, alumni troopers will have an opportunity to ride over the trails they rode when they were Academy students. The day begins with the 1967 commencement exercises of the Summer Schools at 9:30 a.m. Troopers and their families will cruise Lake Maxinkuckee aboard the square-rigger Fowler and then attend the main reception for the reunion at 6:30 p.m. in the Woodcraft Dining Hall. Main speaker will be Major General Delmar T. Spivey, who will make his final official appearance as superintendent of Culver. General Spivey is retiring Aug. 31.

The history of the Black Horse Troop includes a colorful background in which the Culver organization has served as escort in five inaugural parades for four presidents: Woodrow Wilson (in 1914 and 1917), Dwight Eisenhower (1957), John F. Kennedy (1961) and Lyndon Johnson (1965). As the largest remaining mounted military organization in the U. S., the Troop has also escorted such dignitaries as the King and Queen of Denmark and appeared in special performances like the American Royal Horse Show in Kansas City.

The polo games and concert Thursday, the horse show and military exhibitions Friday, and commencement exercises Saturday morning are open to the public.

## Jeffreys To Present Ballet In The Air At Kewanna Harvest Festival

The Jeffreys will appear at the Kewanna Harvest Festival Friday, Aug. 25, at 4 p.m. and 9 p.m.

Bud and Edna Jeffreys are two of America's outstanding aerial artists. Both Bud and Edna are known for their perfection and artistry in presenting their sensational acrobatic "Ballet In The Air."

From the very start to the finish of their act the audience feels as if they have seen two fine artists actually painting a picture in mid-air.

Bud and Edna created their portable rigging of various heights in order to bring their thrilling act close to the people. Their control of tricks and muscular coordination demands that they be seen to a certain advantage. Therefore, they set the three different heights of the rigging to be 20 ft., 18 ft., and 12 ft., and used as the occasion demands. It often looks high from the sitting position, plus the lighting that Bud and Edna have arranged for their novel presentation of "Ballet In the Air".

Edna Jeffrey was former "Miss Physical Culture", and she was acclaimed by noted doctors to have the perfect back. She started in the show business through night clubs and circuses. Bud has been a dancer, actor, singer and physical athletic instructor.

Also on the bill with the Jeffreys will be "Jeff and Lita," comedy doll act, which has amused night club audiences over the United States and Canada.

All stage shows and circus acts are free. The festival runs Aug. 24, 25, 26. There will be three large eating stands on the midway serving home made pies, sandwiches and soups. Eating stands open at 5:30 p.m. Thursday, Aug. 24.

## Mrs. Rose Guise Dies Following Long Illness

Mrs. Rose M. Guise, 75, of 209 Climax St., Culver, died at 5:10 p.m. Monday, Aug. 14, at the I.B.M. Nursing Home at Plymouth following an illness of five years.

Mrs. Guise was born Oct. 9, 1891, at Delong, Ind. to Frederick and Emma E. (Faulstich) Miller and was married Dec. 25, 1915, at Monterey to Arthur E. Guise who preceded her in death in 1962. She had lived in Culver since 1960, coming here from Hammond, Ind., and was a member of the Zion Gospel Chapel Church.

Surviving are several nieces and nephews.

Funeral services will be held at 2 p.m. today, Thursday, at the Easterday-Bonine Funeral Home in Culver with Rev. Maynard Tittle of Plymouth officiating.

Burial will be in the Zion Cemetery, southwest of Culver. Friends may call at the Funeral Home.

## IN SERVICE

Midshipman Second Class Jimmy L. Weirick son of Mr. and Mrs. Daniel F. Weirick of Route 2, Culver, was one of 850 Naval Reserve Officer Training Corps Midshipmen that completed three weeks of training in the techniques of modern amphibious warfare at the U. S. Naval Amphibious Base, Little Creek, Va.

One of the main objectives of the training program was to give each man a basic knowledge of the Navy-Marine Corps team in amphibious operations and the role of amphibious forces in today's warfare.

During the training period the midshipmen participated in a mock amphibious assault landing on Camp Pendleton, Calif. The exercise began when aircraft and ground crews set off explosives to simulate pre-landing bombing runs and naval gunfire from

## Lions Club Plans Corn Roast For Friday, Aug. 18

Serving From 5:30 to 8 P.M.

The 19th annual Corn Roast, sponsored by the Culver Lions Club, is planned for Friday, Aug. 18, in the Culver Town Park.

Serving will begin at 5:30 and continue to 8 p.m. The traditional menu will again this year offer hamburgers, corn on the cob, ice cream, coffee, or iced tea, with prices set at just one dollar and twenty-five cents for adults and seventy-five cents for children.

Don Davis is general chairman of this event.

The public is cordially invited to attend this annual unique event of the local Lions Club and enjoy a delicious outdoors Friday evening treat.

The Culver Lions announce that the proceeds from the Corn Roast will again be used for the betterment of the community. The civic-minded Lions each and every year do much to make Culver a better place in which to live.

By attending the Corn Roast, Culverites will, in turn, be helping themselves by improving their community.

## Kindergarten And New Students To Register Now

The Culver Community Schools have officially announced plans for registering Kindergarten and first grade pupils who did not attend Kindergarten in the Culver, Aubbeenaubee or Monterey elementary schools last year.

Any pupil in the Culver Community School district, who will be six years of age on or before Aug. 31, 1967, and who did not attend Kindergarten in Culver, Aubbeenaubee or Monterey last year, should contact the Elementary Principal's office at Culver, the Principal's office at Aubbeenaubee, or the Principal's office at Monterey before Aug. 31.

Parents having children who will be five years old on or before Aug. 31, 1967, and desiring to enter them in Kindergarten this next school year, should contact the Elementary Principal's office as soon as possible.

Parents having children in any grade, who will be entering Culver Community Schools for the first time, should contact the Principal's office involved as soon as possible.

Additional air and naval bombardment "softened enemy defenses" and the midshipmen moved ashore in small landing craft. The tank landing ships then hooked up to a portable pontoon causeway, to move the heavy equipment ashore.

This fall the midshipmen will return to their college to continue their studies.

## Letters To Editor

August 14, 1967

Editor, THE CULVER CITIZEN:

In my capacity as building commissioner, and as a private citizen, I have had occasion in the past year to take note of certain things in the community about which I would like to comment.

Many times recently I have been asked the question why our Town Park cannot be updated and made self-supporting. The newly organized Park Board, under the supervision of the Town Board, has many plans for improvement in all areas. The waterfront program under way this summer has received enthusiastic approval. Out-of-town people are coming to Culver in ever-increasing numbers to enjoy the park and lake, thereby limiting, to a certain extent, its use and enjoyment by local residents. On a recent check of four different afternoons, not weekend days, of from 28 to 40 cars counted in the lake area only 4 to 7 had Marshall County licenses. How many of these were actually Culver people it is hard to say. Lake Maxinkuckee is one of the most beautiful in the state, and it is natural that visitors want to share its recreational opportunities and use our park. However, it seems to me, as to others, the time has come to ask them to also share in its upkeep. How this is to be accomplished is up to the Park Board. I have learned the park cannot be fenced in in order to charge admission because of railroad regulations, but there are other ways in which we might help defray the growing expenses incurred each year. One way to increase the revenue might be to charge more for tables and shelters. I am fully convinced the park can and should be placed on a self-supporting basis, and to this end urge the community to back the Park Board in whatever way is necessary. I have looked over the pavillious and equipment and find much of it needs repair. Groups and individuals might well offer to give several days' labor, as they did for the Marshall-Starke Development Center, in order to help the Park Board attain some of its goals.

A year ago, this town was wild with speeders. People said they could not be handled. The Town Board decided it could be done with two patrolmen. They hired them, instructed them in what was expected, and today you can drive in town and feel safe.

Our school officials decided to prune the shrubs and beautify the school grounds. They put in new sidewalks and steps, which was a great improvement. They also wanted to build a private drive on School Street for the mothers to use who bring their small children to school or pick them up in bad weather. They had no funds with which to do this, but talked it over with the Town Board, after which certain individuals donated trucks, machinery and labor to make it possible. The officials themselves cleaned up the school lot and trimmed the shrubs.

In order to help the parking situation near the Town Park, especially on busy summer weekends, a permit was issued to the Firemen to operate a parking lot in back of the new Mobil Station. They charge \$1 for all-day parking and my hat is off to them for taking some of the load off Lake Shore Drive and the side streets to College Avenue.

Speaking of parking lots, have you noticed the bank parking lot is almost always full these days? Where did all those cars park before the State Exchange Bank had the foresight to provide this convenient parking space?

One last comment, this time about McGills. We are proud to have this company in our midst. As building commissioner I have found them to be most cooperative, and their clean, attractive building is, indeed, an asset to our community.

A Passing Era  
Editor, CULVER CITIZEN:

Sixty or seventy years ago, there was in the Zion neighborhood a few miles southwest of Marmont now Culver, many families by the name of Stahl and Zechiel. Many of these families in-

ter-married. In later years most of these families moved into Culver. How many of these families can you find in Culver today? Very few.

My family because of certain circumstance became well acquainted with the parents of Albert, Henry, Otto, Edna, Clara and Osie Stahl. While my family lived four years on the Thomas Houghton farm in the Mount Hope neighborhood, Albert Stahl was our hired hand one summer.

After four years we moved back to the Burr Oak Flats, one mile west of Burr Oak. It was while we lived here that the acquaintance with the Stahl family was renewed.

Otto Stahl, had chosen a musi-

cal career for himself and traveled the highways around Culver, giving piano lessons. Our home was one of the places where he gave lessons. I don't think I ever took lessons, but my brother, Rea, and sister, Faye, did. My mother was an avid reader and loaned Otto many of Charles Dickens books. In later years Otto told me my mother taught him how to read and my father taught him how

to fish. Edna Stahl was in the Union Township graduating class in May 1899 in which I was a graduate. I wonder how many are living. I know of five out of a class of about forty.

In 1949 or 1950 Edna, Clara and Osie visited in my home here in San Diego. They wanted to visit Mt. Palomar but did not want to drive their Plymouth up there so I drove them up there to see the big telescope, and a lovely day we spent. I took them through the San Diego Post Office which I think they enjoyed. In April 1953 again they came to San Diego along with Otto and what a nice time we spent together on that occasion. Never saw Otto again, but met the three girls once in Tucson, again in St. Petersburg, Florida and also last September in Culver. One day we went to the Horse Palace at Bass Lake and then over through the Zion neighborhood and to the Zion cemetery where many of the Stahls and Zechiels rest from their labors. Now Clara has passed from the scene of action. May the God of all comfort be the stay of Edna and Osie. It has been a source of joy to have friends such as the Stahls, even in absence most of the time. As for the Zechiels, Henry Zechiel and Louis and his visited me in California. Yes the Era of the Stahl and Zechiels has passed.

Most Sincerely,  
WILLIAM J. SMITH

### THROAT LUMPS

SOME men have a lump in the front of the neck, known as an Adam's apple.

But there are lumps within the throat which cannot be seen, but which can be annoying. Inflammation of the pharynx or esophagus is conducive to a lumpy feeling in the throat.

Discharges of mucous from the back of the nose sometimes lodge in the throat or cancer and cysts present lumpy feelings. Excessive use of alcohol and tobacco frequently contribute to a lump-like feeling in the throat.

Many persons who do a lot of public speaking suffer from enlargement of the pharyngeal glands with resultant discomfort. And an emotional upset can cause a spasm in the upper esophagus which feels like a lump in the throat.

An actual lump in the throat may be caused by an object foreign to the throat. Among foreign bodies that stick in the throat, a fishbone is common. A fishbone usually becomes lodged in the tonsils or at the base of the tongue.

Often a physician can see any object caught in the throat and remove it. When the foreign body cannot be seen, x-ray examination is called for.

Miss Gwen Lane And Paul L. Danti  
Wed In St. Ann's Church At Monterey

MRS. PAUL L. DANTI

Miss Gwen Lane, daughter of Mr. and Mrs. Edward Lane, Route 1, Culver, and Paul L. Danti, son of Mr. and Mrs. Reynald Danti of Monterey, exchanged wedding vows in a three o'clock Sunday afternoon ceremony on August 6 in St. Ann's Catholic Church in Monterey.

Rev. Edward Matuszak, pastor of the church, performed the double-ring ceremony before the altar adorned with baskets of white gladioli and palms.

Organist Barbara Dilts accompanied the St. Ann's Parish Choir in appropriate musical selections.

Given in marriage by her father, the bride selected a floor-length gown of white peau de sole fashioned with a bateau neckline, long sleeves, and a controlled skirt. The hi-rise waist was highlighted with a tiny self-fabric bow. The edges of the bodice, skirt, and sleeves were beautifully trimmed with Alencon lace and pearls. Back interest was effected with a chapel-length train and a cabbage rose. Her illusion veil fell gracefully from a flower headpiece. She carried a traditional cascade ar-

rangement of a white orchid, carnations, stephanotis, and bridal ivy. Satin streamers tied in lovers' knots completed the bride's floral bouquet.

Maid of honor was Betty Davis of Rochester. Serving as bridesmaids were Miss Lydia Sue Danti of Indianapolis, Miss Reyna Danti of Monterey, both sisters of the bridegroom, and Trudy Esenwein of Indianapolis. Flower girl was Renee Brucker of Rochester.

The bridal attendants appeared in floor-length gowns of shrimp-colored chiffon over matching taffeta, fashioned with empire bodices, modified scoop necklines, and short sleeves. Matching Venice lace encircled the bodice and edged the sleeves. The flowing chiffon gave a veiled look to the full Watteau backs of the gowns. Matching bows held the attendants' bouffant veils and they carried modified cascade arrangements of white carnations with white satin streamers.

Paul Widman of Rochester was best man. Groomsmen were David Lane of Joliet, Ill., brother of the bride, Larry Lewis of Monterey, and Paul Brucker of

Rochester.

For her daughter's wedding, Mrs. Lane selected a green suit with matching accessories. Mrs. Danti chose to wear a blue suit with white accessories. Both mothers wore arrangements of cymbidium orchids.

Following the ceremony, a dinner and reception for 150 guests was held in the church basement. The bride's table was centered with a beautifully decorated four-tier wedding cake, surrounded by pompons and greenery. Centerpieces of pompons and gladioli decorated the dinner tables. Shari Lane of Joliet, Ill., and Nina Cook of Chicago, Ill., assisted in the serving.

For their New York and Canadian honeymoon, the new Mrs. Danti wore a shrimp-colored knit sheath, bone-colored accessories, and the orchid corsage from her bridal bouquet.

The newlyweds are now at home at Rural Route 4, Rochester.

The bride is a teacher of the Culver Community School Corporation and the bridegroom is employed by Buckeye Feed and Supply in Monterey.

Guests attending the wedding were from Chicago, Joliet, and Frankfort, Ill.; Rochester, Monterey, Indianapolis, Knox, South Bend, Anderson, Leiters Ford, and Culver, Ind.; and Florida.

#### Women's Guild Holds

Thursday Retreat  
Twenty-six members and a guest, Mrs. Vern Jones, of the Women's Guild of Culver's Grace United Church of Christ held a retreat meeting on the church lawn Thursday evening, Aug. 10.

Mrs. Evert Hoesel, president, opened the meeting with a poem, "I Walked In The Woods On A Summer Day," and then conducted the business meeting, which was preceded by the serving of refreshments.

Mrs. Donald Osborn, chairman of the committee, gave a meditation and prayer. On a portable organ, Mrs. Judson Dillon accompanied the group in singing, "This Is My Father's World."

Mrs. Verlin Shaffer read an article entitled, "What Is A Retreat And What Is Its Purpose?" Mrs. Wallace Starr read an appropriate poem. Individual silent meditation and Bible reading were followed by Mrs. Edward Easterday reading "God's Power," and a prayer.

The group sang, "Day Is Dying In The West," and silently adjourned.

## First Brother And Sister To Graduate From Summer Schools

A brother and sister will make history Aug. 19 at Culver Military Academy. They will be the first brother and sister to graduate from the Academy's Summer Schools.

The Girls School will have its first graduation this summer, and Melynda J. "Mindy" Saunders, 18, will be among them. Her brother, Art, 16, will also graduate from the Naval School. They are the children of Mr. and Mrs. Walter R. Saunders, 1479 Christmas Run, Wooster, Ohio.

Mrs. Saunders wanted her son to attend Culver and enrolled Mindy when she learned the Academy was starting the Summer Girls School. Since its beginning in 1965, the enrollment has soared to a record of 133 girls, and Culver is taking applications for the summer of 1970.

Art and Mindy Saunders are among 1735 students attending the Summer Schools this year. Aside from the Naval and Girls School, Culver operates a Woodcraft Camp for boys 9 to 13 years old and a School of Horsemanship to comprise the largest educational-recreational program of its kind in the nation. The Summer Schools run for eight weeks during July and August for students from 20 foreign countries and the 50 states.

The Academy also operates the nation's largest independent secondary school in the winter. The emphasis is on academics, and virtually 100 percent of the 893 enrollment is college bound.

During Mindy's three years in the Summer Schools, she has studied public speaking, equestrian, sailing, water skiing and riflery. She sings in the choir comprised mainly of boys and is a member of the all-girl crew that sails the

square-rigger Fowler. The crew was featured in the June 13 issue of Look Magazine. She recently earned the third highest position in the Girls School organization.

"It's all I ever talk about at home," she said. "There's always something to do, and you can meet kids from all over the world. If you're traveling, you can stop in almost any city and call a friend."

Art Saunders wrestles in the 138-pound weight class in Wooster, and he has taken courses at Culver in wrestling, boxing and physical development during the summer. His other classes have included developmental reading, typing, drivers education, boats, seamanship, navigation and riflery. He was promoted to the position of regimental athletic officer.

He said, "Culver is a fine place to learn how to conduct yourself as a leader among other students and to show responsibility because the counselors depend on the upperclassmen to help run the companies."

What about having a big sister hang around all summer "keeping an eye" on her little brother? "I kind of thought it would be bad to have her around, but it comes in handy to have her here to talk with or get money from her. We used to get together every Sunday, but this year we haven't seen too much of each other."

MYC NEWS

by Evelyn Harrell

We are only able to report the results of the Junior Fleet races that were held on Saturday morning. Saturday afternoon's changeable winds caused the senior skippers some problems that resulted in a protest, so until a decision is reached about the protest, no official results are available. Sunday afternoon's drifter ran out of time before the race was even half over, and the 13 skippers who were sailing felt that the end of the 2 1/2 hour "bounce" came none too soon. However, "Tia Mia" seemed to enjoy this type of racing as her skipper Rupert Esser advises that he was overtaking the leaders when the race was

cancelled. "C" skippers had better start making better arrangements for more wind, as there are only two weeks of racing left in this regular racing season.

Junior skippers had better luck, and the 20 boats who raced Saturday morning provided excellent competition. With their season drawing to a close also, the skippers are trying a little harder to win so that they can improve their personal standings. Some of the skippers got a little too anxious, hit the marker bouys and were disqualified, but other than those accidents the races were run in great shape.

Steve Weber took a firmer hold on first place in the Skylark standings when his Skylark came in eight minutes ahead of Joannie Schilling who was second. Third place was captured by Jeff Michels who was ahead of fourth place finisher Charlie Roth. Phil Schmoll, now skippering the Schmolli entry instead of brother Greg, was fifth. Another new skipper was Janie Moore, who sailing her cousin's boat, was sixth. Dave Smitson was seventh, followed by Carol Wilkinson and Susie Speer.

In the Sailfish fleet, Joe Schaub took another first place, and moved a little closer to first place in the season's standings. Another sailing Moore, Alan, was second. C.M.A. Woodrafter Standard was third and Diane Thomas, who is continuing to show great improvement, was fourth this week. Woodcrafters Murphy and Stout

were fifth and sixth. Mark Suverkrup, returning to action after his vacation, was seventh followed by Betty Lysell.

We hope to have better wind for next week's races. With Saturday's full moon, Maxinkuckee skippers will return to the lake

on Saturday evening for another "Moonlight Race." Powerboats and fishermen beware—when "C" skippers are affected with "Moonlight Madness" anything can happen.

Every minute of anger is 60 seconds of lost happiness.

What would you do if you discovered fire in your home right now? The National Fire Protection Association says: Plan ahead for fire emergencies. Make sure you — and your family — know two ways out of every room. Remember, the first rule in case of fire is to get everybody out of the house — fast.

Have you checked your home recently for faulty wiring, frayed cords and exposed wires? The National Fire Protection Associ-

ation says these things, along with defective electric appliances, are a major cause of fire in our homes. Make sure your home is an electrically safe home.

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Copyright 1967 Keister Advertising Service, Inc., Strasburg, Va.

In every city, there are places that never sleep. Industries, hospitals, police stations, fire stations, churches — yes, churches! On your way home, you may drive past one or three in the morning and find the building dark, but the Church is not asleep!

For the Church sets the moral tone of our society and without the concern that the Church injects into our community there would be no hospitals, nor homes for children and the aged, nor even police and fire stations. It was only after people learned to care about each other that they began to provide these services, and the Church has always cared. "As I have loved you, love one another."

Every minute of every day and night, compassionate hands are reaching out to someone in need because the Church is awake to that need.

The Church is made up of people. When you become a part of a church you have contributed to the continuity of its work which has sustained and refreshed humanity through the centuries. Also, you are helping to perpetuate and strengthen your own faith.

## Social Security

Becoming disabled means a financial loss through the severing of the breadwinner's ability to provide for his family. Today's young Americans, through social security, are providing themselves with protection against such a loss. A small amount of each social security contribution is set aside specifically to pay benefits to those who become disabled.

Disability is now defined as the inability to engage in a substantial gainful activity by reason of a medically determined physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. I know that definition is a big mouthful, states Mr. Charles E. Burke, Manager of the South Bend, Indiana Social Security Office. What it means is, that if a person is disabled and the disability will keep him from working for at least 12 months, he will probably be eligible to receive disability bene-

fits through his social security. There are benefits also for his family if he is married and has young children.

When a person is disabled there is a need for money, Burke went on. To assist us in giving the quickest service, it is advisable for the disabled person to apply for benefits in the first four months of disability. This will help speed the claims development so that the first monthly checks can be paid as soon as it is due. This is one of the main objectives of social security, to get the benefit check to the claimant as soon as possible, Mr. Burke continued. Anyone who has a question about disability benefits should contact the social security office at 125 S. Lafayette Blvd. Phone 234-4001. The office is open Monday through Friday from 8:45 a.m. until 4:45 p.m. except on Thursdays when the office is open from 8:45 a.m. until 8:00 p.m.

"See that big fellow over there?" said Jones to his friend at the bar. "He was a famous shark fisherman. His speciality was sticking his arm into the shark's mouth to remove the hook. The old-timers used to call him 'Fearless!'"  
"Used to? What do they call him now?"

# Annual Report Of Culver Building Commissioner

## ZONING

At the present time there are eighteen (18) existing violations of the zoning ordinance, nine of which definitely do not meet regulations. The remaining nine violations involve circumstances which will need to be settled by the Board of Appeals. All property owners concerned have been notified, and injunctions will be filed against those who do not comply with the regulations. The only reason nothing has been done about the violations prior to this time is that the Town's attorney has been ill and unable to take action.

## VENETIAN VILLAGE

Venetian Village was accepted by the County Commissioners as a sub-division a short time before Culver Zoning became a law. Some of the lots are as small as 70' x 116' or 8,120 sq. ft., while the zoning ordinance states such lots must be at least 15,000 sq. ft. This matter has been taken up with the Board of Health who have agreed with the Planning Commission and the Board of Appeals that in the future all septic tanks, septic fields, and wells in Venetian Village must be subject to the restrictions set forth in the Board of Health Bulletin No. S.E. 8. Until early 1967 there was no way to enforce sanitation methods in Venetian Village, but beginning immediately the Board of Health is to approve any septic tanks, septic wells and septic fields planned for the lots there before a permit can be issued to build a house. The Board of Health has made inquiry about another undesirable condition in Venetian Village, and that is the rental of picnic grounds with no available restroom facilities. The parties responsible have been contacted and asked to discontinue the practice.

## PENNSYLVANIA RAILROAD PROPERTY

Complaints about the debris along the lake shore on the west side of the lake have come to the attention of this Commission. Since railroad property was involved, Pennsylvania Railroad Company representatives were contacted. They have acted promptly in looking into the matter and making attempts to eliminate it. They discovered the littering was done primarily by visitors to the lake rather than local citizens.

The condition of the area around the viaduct west of the Town Park has been called to the attention of the Building Commissioner. In an effort to establish where the railroad's responsibility ends and the town's begins, both the Town Board and the Park Board have worked with this Commission to determine the exact park boundary lines, especially with reference to the west end of the park. Available town and county records are inconclusive. The Town Board has taken the matter up with the Pennsylvania Railroad, who have recently produced an old map which has provided clues, but at the moment the search for concrete evidence of the western borderline continues.

## TRASH BURNING

Your Building Commissioner has received numerous telephone calls about the burning of trash. Complaints of this nature should be taken directly to the Town Board or to the Town Marshal. There are regulations governing the burning of trash within the city limits and legitimate complaints will receive prompt attention. For one thing, trash barrels should not sit out in the alleyways, but be placed on the tenant's own property. The obstruction of public thoroughfares is a menace to traffic.

### PSORIASIS

**T**HE name of the ailment is psoriasis (so-RYE-ah-sis). It is a skin disorder that affects at least one out of 50 persons in the United States. It's exact cause is not known and there is no sure cure. Most commonly psoriasis appears as itchy, silvery-scaled red patches on the elbows, knees, scalp and trunk.

The under arm and genital areas may be involved. The elbows, knees and trunk most frequently are the areas with the characteristic thick red scaling plaques. In the scalp, red plaques with sharp borders usually are visible at the hair line. These shed large quantities of silvery white scales resembling severe dandruff. When acute psoriasis appears, many small, rain-drop-like lesions cover the body surface.

Although medical science has not discovered the exact cause of psoriasis, much more is known about its complexity today than in the past. Psoriasis is not an infection and certainly is not contagious. It is likely that a psoriatic tendency is hereditary. Injury to the skin is the most common factor precipitating the appearance of psoriatic lesions. Changes in the seasons cause a variation in the lesions. Psoriasis usually improves during the summer and worsens during the winter. Cortisone and the newer steroids usually produce initial improvement but the condition returns when use of the medication is discontinued.

first part of the request for payment form and then has the doctor complete the second part of the form showing the services and given to the patient and on what date. The bill must also be marked paid."

Mr. Burke emphasized that a beneficiary who sends in an itemized receipted bill should also be very careful to complete all blanks on the top part of the request for payment form including the "description of illness." Here, he said, the beneficiary should simply put down why he went to the doctor or in his own words what was wrong with him.

"Because some beneficiaries seem to be confused or have questions about making a claim for payment of their doctor bill benefits," Mr. Burke said, "we are inviting beneficiaries to come in and see us when they make their first claim. We will be happy to check their form and make sure that all of the necessary information has been included, and at the same time we can answer any questions they might have."

"If there are some beneficiaries who are unable to come to the office at 125 S. Lafayette Blvd., they may mail us their forms with their telephone number and we will contact them if additional information is needed," Mr. Burke said.

You can place a Card of Thanks in The Citizen for \$1.50.

### MEDICARE

Social Security District Manager Mr. Charles E. Burke reminded South Bend, Indiana medicare beneficiaries today that doctor bills sent to the medicare carrier for repayment must be itemized and must be marked paid.

Mutual Medical Insurance, Inc. of Indianapolis, Indiana, the carrier which handles medicare doctor bills in this area, cannot make payment for bills that are not receipted or that show only "services rendered," he said. When a beneficiary sends his request for payment form with an unitemized or unpaid bill to the medicare carrier, payment of his claim may be delayed while the insurance company writes back for a new bill.

Mr. Burke explained that there are two methods of payment under medicare doctor bill insurance. When the doctor agrees, the "assignment" method may be used. The doctor sends the request for payment form to the carrier and bills the beneficiary only for the part of the bill that

the charges to the patient. If the doctor does not fill out the second part of the form, however, the beneficiary must enclose an itemized receipted bill.

"When a bill is enclosed," Mr. Burke said, "it is very important that it show, not only the charges, but what specific services were medicare doesn't cover."

With the second method the same request for payment form
