McKesson Scholarship Applies To All Students Of School District

Funds provided by the A. R. McKesson Trust Scholarship for students of the Culver Community Schools apply to all students of the four township school districts, including Union Township, Marshall County; North Bend Township, Starke County; Tippecanoe Township, Pulaski County; and Aubeenauubee Township, Fulton County.

Clarification of who can be considered designates of the McKesson awards was pointed out this week by The State Exchange Bank, Trustee of the scholarship fund.

"With the annexation of Tippecanoe Township to the Culver Community Schools Corporation, we concur with school officials that the scholarship benefits are available to any graduate in the school district, regardless of where the student might live," W. O. Osborn, President of The State Exchange Bank, points out.

This means the McKesson scholarship designate could reside in any one of the four townships of the school corporation.

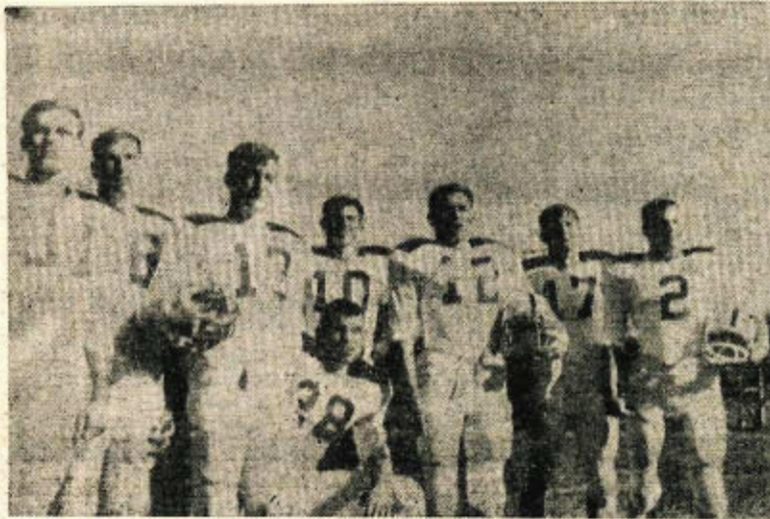

The scholarship can be awarded to students who might attend any school of their choice whether it would be a trade school, four year college, or a private school, it was pointed out.

The trust which is to finance scholarships in the Culver district is provided in the Will of the late A. R. McKesson, prominent area business and civic leader.

Income from the fund is to be used for assisting worthy graduates, selected by the faculty on the basis of financial need, capability, and the desire of the candidate for further education. Total value of the award in 1967 was \$900.

Since this is the one night when local scout officials will explain the scouting program, and also sign up interested boys with our troop and pack, it is most important that PARENTS also ATTEND with their boy. Sept. 26 is being observed as Uniform Day for all scouts and cubs, so this should help remind boys and their parents, wishing to know more about scouting, to attend.

Academy Sports

Culver Military Academy's varsity football Eagles will unveil a "new look" when they travel to Bremen this Friday night, Sept. 22, to open the season against Bremen High School.

In his 28th season as Culver head coach, Russell D. Oliver will field an entirely revamped line-up with only three starters remaining from last year's 3-4-1 squad. Heading this trio will be captain John Schumacher, Hartsville, Ohio, who moved from flanker to left end.

Chip Linnemeier, last year a tight end, will fill the quarterback vacancy. Linnemeier, a 6'-1", 210-pounder, took over the signal-calling duties last season. Coach Oliver says Linnemeier "can handle the job but needs experience." The only other returning starter is lineman Ed Leach, Galveston, Texas, switched from guard to tackle.

Other returning lettermen who will see extensive duty are flanker John Casner, a second-string quarterback last year from Hobart, guard Mike Houston, North

Canton, Ohio, and defensive specialist Denny Wells, Rawlins, Wyo. Paul Gift, another letter winner from Dahlgren, Va., has been shifted to fullback and will also handle the team's kicking.

Alongside Gift in the backfield will be Chris Hicks, Kokomo, out last season with an injury. Craig Edwards, Rensselaer, also injured last year, is scheduled to see full duty as center. Tackle Gene Harrison, Danbury, Conn., and end John Crimmins, Galt, Ontario, have moved up from freshman, and guard Mike Hardy, Potomac, Md., is up from the reserve team. The Eagles have eight returning reserve lettermen.

Not only have the Eagles undergone a turnover in personnel, losing 22 lettermen via graduation, but the offense has been altered as well.

Last year's "pro-set" pattern has been abandoned in favor of a shifting "I" formation. In addition, the Eagles are lacking last year's size and depth and will have to rely on conditioning. Said Oliver, "We're in better condition than our opponents because of our pre-season training."

No new teams have been added to this year's seven-game schedule, but Flint (Michigan) Northwestern has been dropped. Oliver considers his toughest opponents to be Lafayette Central Catholic, Terre Haute Honey Creek and Fort Wayne Bishop Luers. West Lafayette, one of the three teams hosting the Eagles this year, finished their last season with a 10-0-1 record.

Culver's season opener with Bremen will place the Eagles opposite another team in a rebuilding year. With only eight returning lettermen from last year's 3-5-1 team, Coach Don Bunge has called on six juniors and a sophomore to fill his starting line-up. Culver has lost only once to Bremen in the nine-game Eagle-Lion series.

SCHEDULE: Culver Military Academy Varsity Football - 1967 Season.

COMMUNITY HOME SCHOOL THE SCHOOLBELL

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

So starts a new school year and with it your favorite truth teller' Indian commentator, Chief Ugh, inside the Teepee

Super Summer has ended and everyone is getting back in the groove. The latest news is all over school, and everyone is getting to know who is who, who is going with whom, and all that good stuff that happened during the summer. This is some of the latest info. . .

Does she or doesn't she wear contacts? That is the question, but sometimes it's not so hard to tell. Next time you see someone sniffing with watering eyes, you may learn that the problem is not hay fever.

Congratulations are in order for Steve Snyder and Kerry for passing their driver's tests. Many other juniors received theirs during the summer, a fact which goes to prove that the class of '69 is great.

C. H. S. would like to welcome all the new teachers to our fine establishment and also to welcome back all those who were here last year.

Debbie T., if we've told you once we've told you a thousand times — don't leave your keys laying around. It finally happened. Luckily they were on top of her locker. Relief!!

The fad of the week seems to be taking your lunch to school and eating it on the front steps. Does it really taste that much better?

Pete's a little rough — huh, Corky?

Say, Go-Go, did you say that you are going to quit school?

Rumor has it that Mr. Lawson is going to put a microphone in the back of his first period civics class. Is that right Gary, Mike, Brian, and Rex?

Hey, John and Rex, what was the purpose of ringing the bell in the Academy Woodcraft Camp? Is that your secret meeting place?

Hey Jerry L. you threw the

wrong kid in the lake. It was Steve P. who needed to wake up, not Scott.

Sheep seems partial to corn-fields while running cross-country. Duty calls — that's it, huh Sheep?

The Yellow Club has started its membership drive. The members have done an excellent job on the posters they've put up in the hall. Think YELLOW!! (Mr. Hooley, we still love you!)

Cross-Country 1967

By Fred May
As the 1967 Cross-Country season gets underway, chants of "Here We Come Again" ring throughout the halls of CHS. "Here We Come Again" is hardly the phrase to describe this season's powerful Cross-Country tribe. Although last season's team was one of the best, this year's group promises to be much better with more depth than before.

The '67 tribe is led by two excellent runners, Andy Tarquino and Carl Strang. Andy and Carl were the first CHS runners ever to run 500 miles in one summer. Culver is very proud of these two runners, and much of their tremendous performance can be attributed to this fact.

Our first start on September 1 came as a disappointment to the boys as they were defeated by a powerful Rochester team on their own grounds, 23 to 32. (Low score wins in this sport). Lloyd of Rochester turned in a time of 9:49, with Tarquino following in second at 10:09. Other leaders from Culver were Haenes, fifth; Strang, sixth; Kelly, ninth; and R. Snyder, tenth.

On September 8, the boys were on their own grounds when they came up against a team from Argos. This time we were rewarded with a 20 to 40 victory. Tarquino led the runners, turning in a time of 11:23. Following Andy, with a very close second was Strang; Haenes, fourth; Lowry, sixth; and Davis, seventh.

Carrying a 1-1 record for duel meets, the tribe came up against Triton and Oregon-Davis September 12 on their own grounds in their first triangular meet of the season. With over thirty runners against us, the team came through with an overpowering 23 to 42 for O-D and 67 for Triton victory. Blair of O-D led posting time of 11:15. Following was

Tarquino at 11:16, with Strang third; Haenes, fourth; Davis, sixth; and Lowry, eighth.

With many exciting meets yet to come, the team appreciates and tries to do its best for the fans that back it up.

The remaining schedule is as follows:

- Sept. 15 Winamac - Here
- 19 Knox & Argos - at Knox
- 21 New Carlisle Invitational - at New Carlisle
- 26 Rochester - Here
- 27 Mentone - Here
- 29 Argos Invitational - at Argos
- Oct. 4 Caston - Away
- 6 County - at Plymouth
- 9 Knox - Away
- 14 Shortridge Invitational at Indianapolis
- 17 North Judson - Away

Summer Abroad

By Susie Donnelly

I spent six weeks of my summer in Europe with a group of American students. The purpose of our trip was to study French, and more important, it was to give us, as Americans, an insight into the lives and thoughts of Europeans.

From Chicago we flew to London, where we spent about a week. In London we saw the usual tourist attractions - Buckingham Palace, the Tower of London, Westminster Abbey, and Carnaby Street. The buildings were all lovely; and the heritage that accompanied them was fascinating; but my deepest impression of London was of the people. They would go out of their way to help us. The Englishman would do anything possible to assist us. Their kindness was unbelievable, and it overshadowed the magnificence of the city itself.

From London we went to Quimper, Brittany — a city of about 50,000 people in north-western France. We stayed there for four weeks. The mornings we spent studying under French professors; the afternoons and evenings we had free. We took several overnight trips to various places of interest in France. Often we spent time in the town talking to the French people about their country. We tried to adapt ourselves to the life of the Frenchmen, but I am afraid we didn't succeed.

Before returning to America, I spent a week in Paris. It is impossible to describe the beauty of Paris. The Eiffel Tower dominates the entire city; the Arc of Triumph lends an air of military grandeur, the Louvre Palace appears to be the peak of extravagance; while the numerous churches project a religious image to the city. But not only are the famous monuments magnificent; the ordinary buildings are works of art. I think it is impossible to visit Paris without falling in love with it.

Being away from the United States, increased my understanding of other people and deepened my appreciation of America. I learned not to take for granted the conveniences we have in the U.S. — such as bathtubs, toilets, icecubes, and drinking fountains. Although both England and France were beautiful, I can honestly say that no country looked as good to me as did the United States upon my return this fall.

This week we asked some of this year's sophies why they're glad they're not freshies again and here are some of their replies:

- Betty C. — Because I feel more in place — older.
- Joy B. — You're not shoved around by the older kids.
- Ginny T. — Because they're SO young!
- Margaret R. — Because we can make fun of others now.
- Mary Ann L. — Because we're no longer the youngest class in the high school and we have quite a few more privileges!
- Fred M. — Because now I do not have to take French I.
- Kirk W. — Because it is terrible to be one — everyone laughs and says, "Frosh! Ha Ha"
- David H. — Because you have somebody to look down on.
- Pam S. — Now I can stay up a half hour later.
- Mike C. — No Biology!

Marcia C. — I get teased enough being only a sophomore as it is.

Dorothy C. — Because we're not the youngest in the high school now, and we have only three years to go.

Last year's fashions made women look as if they were poured into their clothes. This year's make them look as if they'd settled to the bottom.

Cheerleading Camp

By Debbie Triplet and Vicki Clifton

This summer our varsity cheerleaders had the profitable experience of attending cheerleading camp at Camp Crescendo in Kentucky in the week of July 25 through 30. During the week of tedious practice Susie Thews, Lyn Mackey, Karen Banks, and Linda Fisher learned many new pom pon routines and cheers which will benefit the squad this year.

Each night the squad competed against sixteen other squads of the same size for cheerleading honors. On Monday night the squad received an honorable mention. They received seconds on both Tuesday and Wednesday nights. On Thursday night the competition was cancelled because of rain, but on Saturday morning in the final competition they received a well-deserved first.

We are sure that the girls will always remember this rewarding experience and their new yells will add color to this year's basketball season.

New Changes At School

By Margaret Ruhnow, and Pam Thompson

During the past summer, parts of the high school building were remodeled. A new floor and colorful desks were put in the study hall. New ceilings and lights were also added in the hallways and many of the classrooms. The older desks and chairs were sanded and refinished so they could be used in the classrooms. Two elementary rooms are now also being used for high school classes. These changes are a step forward in making the school more attractive so let's show our appreciation by keeping it this way.

Along with these changes, we would like to welcome our new principal, Mr. Hayes, and the new faculty members.

C.H.S. Shadow On The Move

By Norma Davis and Mike Wynn

To be sung to the tune of Strolling Through the Park) I was flying through the school today

and to my delight I have to say I was captured by surprise by a blonde with bright blue eyes, And I'll tell you of her ventures if I may.

I guess you'd call me a drop-in because, you see, I am a ladybug. I was buzzing through C.H.S. on my way south for the winter when I came to light on something for a rest. What I did not realize was that I was on a girl's shoe, and a little piece of bubble gum on the shoe caused me to stick around and explore the human world. We traveled up a few flights of stairs and went straight to 225, or at least that's what the letters said. She put her books in a little cubby-

hole on the top of 225, and down the stairs we went. Then we went to her first class, which was called "band," and I suffered through the B-flat concert scale, and did the Bugaloo to "No Matter What Shape". But what really shook me up was that when we played "La Cumpartita," my victim started tapping her foot to the music. That was the first Excedrin headache I ever had! Second period was my period to rest. The members of the class were speaking something called Spanish so I took a bug nap.

I was suddenly interrupted from my nap when my companion was startled to attention by the teacher. I could tell then she was nervous because I could feel her wiggle her toes inside her shoe. It was like riding a bumpy roller coaster. As for myself, I'll never forget that the Spaniards were the conquistadors of the New World.

We settled back in English class while a man showed films from the library. My companion and her friends were enthusiastically passing notes... of course, about the library films.

Aaah, lunch time finally arrived! While my companion gorged herself with fish and baked beans, I had to survive on that icky, pinkish-blue bubble gum. Not so many vitamins in that junk for a growing ladybug! After my lady friend exchanged a bit of gossip with everyone we proceeded to algebra. Where else would you learn that $1 + 1b = 3?$ See, I'm pretty smart for an old ladybug. My companion's smart too. She talks to herself a lot, you know. And the things she says...

We were in study hall now. Know how I could tell? My companion was resting her hard-worked mind. Oh, oh! Now she was bedding down toward me. She was tying her shoe. Maybe she would notice me. "Help," I yelled, but she must not have heard me. Oh well, I'd get off of here somehow.

At last we were in chemistry. I could tell because my companion accidentally dropped her book and it read CHEMISTRY. My victim worked problem after problem with a little help from the male that sat beside her.

Hey, my foot's free!! My other foot's free!! I'm a free ladybug again. I was so happy, I started to sing.

"The Sound Of Music," Most Popular Film, To Be Shown At El Rancho

"The Sound of Music" is proving to be the most popular motion picture of all times. Having won five Academy Awards, including best picture and best direction, "The Sound of Music," starring Julie Andrews and Christopher Plummer, comes Friday, Sept. 22, for two weeks to the El Rancho Theatre, Culver. This is the picture's first showing in our immediate area, heretofore being shown only in the large cities.

Among its artistic accomplishments, "The Sound of Music" garnered 10 Academy Award nominations and was voted the Golden Globe Award as best musical or comedy by the Hollywood Foreign Press Association. The screen version of the Rodgers and Hammerstein musical also has been cited as Best Film for General Audiences by the National Catholic Office for Motion Pictures and for "Exceptional entertainment value in films for the entire family" by the Broadcasting and Film Commission of the National Council of Churches. Moreover, Cue Magazine calls it the "best family film of the year."

"The Sound of Music" was produced and directed by Wise from a screenplay by Ernest Lehman.

World Wide Communion Services will be observed here Sunday morning following Sunday School. There will also be a Promotion service during the Sunday

School hour.

You are cordially invited to attend the regular family night at this place next Sunday evening. A dessert luncheon will begin at 6:30 and the program of the evening will begin at 8 o'clock. An interesting program will be given by the group of boys from

the Athletic Club of Rochester High School who attended the Fellowship of Christian Athletics Camp at Pawling, New York this summer. Dale Overmyer, son of Mr. and Mrs. Harry J. Overmyer and member of this church was among the 11 athletes selected to attend. This is sponsored each year by the Rochester Business Men. It promises to be

an interesting program.

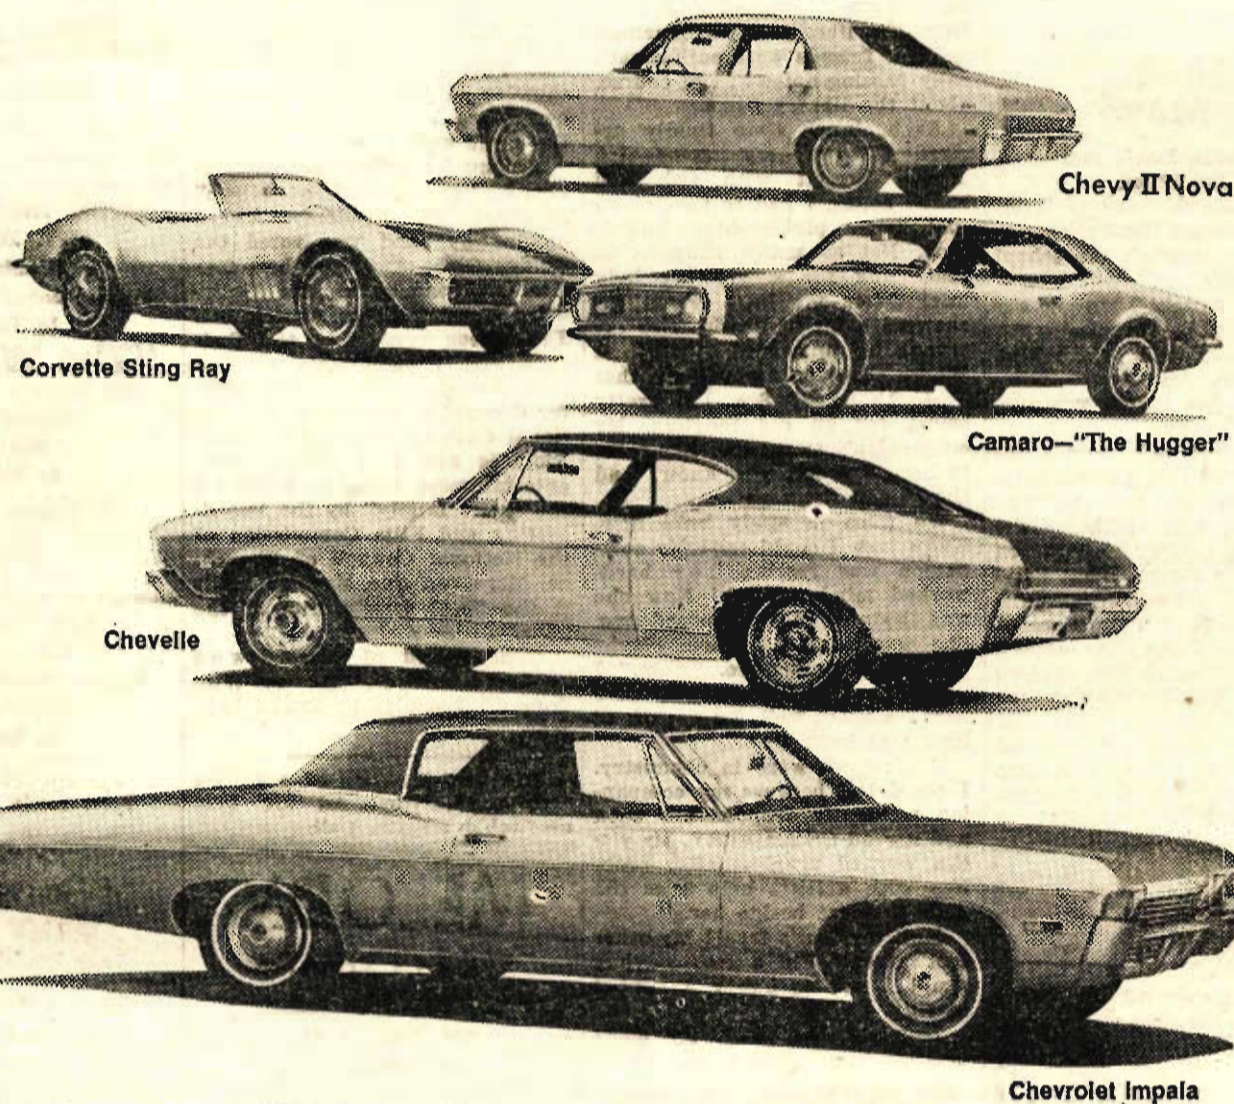

The Willing Workers held their regular class meeting Thursday evening with Mr. and Mrs. C. C. Mikesell.

Mrs. Guy Davis attended the meeting of the Past Presidents Club of the Marshall County Homemakers Extension Association. The meeting was held in the home of Mrs. Vern Flosinzer

Sr. in Plymouth Monday.

Mr. and Mrs. Everett Goodman and Mrs. Edna Bryan of Culver spent a few days recently in Dayton, Ohio as guests in the home of Mrs. Goodman's brother, Walter Bryan, and Mrs. Bryan. Sunday they entertained Mr. and Mrs. Merrill Murphy at dinner.

'68s Top Secrets are here

1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE

And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE

There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION

There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES

You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW

There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Here is an example of a one-sided battle! It's that same old battle between the irresistible force and the immovable object.

Study the rounding edges of this massive granite formation. The wind is winning—persuasively and very definitely.

Note the deep clefts where chips have fallen from the old block. Rain, snow, ice are the victors here.

And see the pines growing topside on this barren bulk. Each year their roots press deeper into the hidden faults.

What does this prove? Well, for one thing it shows that the lifeless rock is no match for the moving, living, growing forces in God's creation. So never overestimate the strength of that stubborn secularism that sometimes appears to dominate our world.

In worship and religious pursuit, millions are linking their souls with the vital spiritual forces which shall prevail!
