Mrs. Mabel Jordan
Named President Of
Loyal Women's Class

The Loyal Women's Class of Grace United Church of Christ met Friday afternoon, Oct. 27, in the church social rooms. Hostesses were Mrs. Flora Smith, Mrs. Elma Menser and Mrs. Isobelle Ogden.

Mrs. Ogden, president, opened the meeting with, "The Secret," by Ralph Cushman and conducted the business. The program consisted of recalling memories of the class from its beginning in 1915. The class items were taken from the history of the church written by Mrs. Smith in 1935 on the 50th anniversary of the church.

The memories of what those present had done and of those who had been in the class were carried on into the social hour when refreshments were served from tables decorated in the Halloween motif.

Officers elected for 1968 were Mrs. Mabel Jordan, president; Mrs. Agnes Fechner, vice-president; Mrs. Ruby Hawkins, secretary; Mrs. Della May, assistant secretary; Mrs. Lulu Henderson, treasurer; and Mrs. Ethel Tallman, pianist.

Pulaski County
Historical Society
Elects Officers

Pulaski County Historical Society met at the Winamac Library meeting room on Oct. 23.

Richard Zellers, president, opened the meeting with a discussion of the first two years of the Society which has a membership of 78 persons at the present time. Membership is open now for the 1968 year and all residents of Pulaski County or anyone interested in Pulaski County History is urged to sign up now for an interesting and adventurous year ahead. The dues are \$2, payable to the secretary, Mrs. Carol Eskridge, Monterey.

Officers elected for the coming year were Richard Zellers, president; Charles Fisher, vice-president; Mrs. Carol Eskridge, secretary; Mrs. Dorothea Surber, treasurer; and Mrs. Zera Howe, historian.

A very nice and interesting program was held with audience participation of each member bringing and telling about an object of interest and historical value to Pulaski County. Many items were shown. One of the oldest was a marriage certificate of 1850 with accompanying photos. It belonged to Mrs. Fred Knarr, mother of Mrs. John Drybread. The certificate was an original and belonged to Mrs. Knarrs' grandparents.

A film strip depicting Pioneer life in Indiana was shown and refreshments were served to members present. The next meeting will be held in January.

The doctor, who had just finished an elderly man's annual check-up, said with a laugh, "Well, old timer, I can't seem to find a thing wrong with you, but I recommend that you give up half your love life."

After a long pause, during which the patient appeared to be in very deep thought, he replied, "Doctor, which half do you recommend I give up, thinking about it—or talking about it?"

A proud parent called up the newspaper and reported the birth of twins. The girl at the desk didn't quite catch the message over the phone. "Will you repeat that?" she asked. "Not if I can help it," was the reply.

"Which way to the post office, boy?"
"I don't know."
"You don't know much, do you?"
"No, but I ain't lost."

The salesman was stranded at a desolate farmhouse during a bad storm. He asked the farmer if he could put him up for the night. The farmer scratched his head.

"The only way would be for you to sleep with the red-headed school teacher."

The salesman was indignant and replied, "I'll have you understand, I'm a gentleman." The farmer smiled, "So is the school teacher."

Social Security

Charles E. Burke, District Manager of Social Security in South Bend, Indiana, reports, "Many older people are asking these days: 'Now that I've been given another chance to sign up for the doctor bill insurance part of medicare, will somebody tell me whether this is a good buy?'"

Mr. Burke explained that those persons who were 65 or older in 1965 could enroll for the voluntary medical insurance part of the program in any of the last three months of 1965 or the first five months of 1966. Those who reached 65 after 1965 have the three months before the month they were 65, that month, and the three months thereafter to

get this protection for themselves.

Now, as provided by law, those who originally turned it down have an opportunity to reconsider their earlier decision. Then, if they decide to sign up, they may three months of 1967 and the first three months of 1968.

Medical insurance helps pay doctor bills and other medical services not covered under the hospital insurance part of medicare. Services of doctors are covered no matter where received — in their offices, the home, or in a hospital. Up to 100 home health visits a year by nurses and other health workers are also covered, as are laboratory tests and various other medical services and goods, he explained.

"As to whether it is a 'good buy,' I can only point out that the older persons pays only half of the premium costs, with the Government paying the other half. This has been \$3 monthly for each since the program started, and will continue in this amount, at least through March 1968. As provided by law, studies are going on as to whether the present rate will have to be increased, and by how much," he said. The premium rate for 1968 and 1969 will be announced before January, he noted.

Finally, he gave a few examples of how medicare has helped people who have the protection of both parts of the program:

"We'd be on welfare if it were not for medicare," says Charles James, 74, of Eugene, Oregon, whose wife is being treated for a complicated bone problem. "And I know a lot of people who would tell you the same thing."

James and his wife, Florence, 68, live in the low-rent-for the aging apartment house at Third Avenue and High Street in Eugene. They are both on social security and their combined income is \$165.60.

The Jameses' records show that her hospital and doctor bills have totaled more than \$2,500.

But thanks to medicare, including doctor bill insurance, they have had to pay little more than \$100.

Because Mrs. James' surgery left a wound that must be dressed, a nurse visits her every morning. This service is supplied by the Home Health Service Agency, a Lane County operation

set up to implement medicare. Mr. Merle Gruen, who lives in a mobile home in Painesville, Ohio, underwent open-heart surgery in September. Nine doctors attended him. Medicare paid \$4,401 of his total hospital and medical expenses of \$4,736, with the voluntary doctor bill insurance carrying a large part of the load.

Now is the right time to stop in at the social security office and discuss the medicare program especially if you are 65 years old and over. The South Bend office is located at 125 S. Lafayette Blvd. and is open Monday through Friday from 8:45 a.m. to 5 p.m. except on Thursdays when the hours are from 8:45 a.m. to 8 p.m.

FORMER RESIDENT PRAISED FOR ACTION IN BEACH ACCIDENT

Fritz Kemple, former Culver resident and son of Mr. and Mrs. Homer Kemple, who, with his family, resides at 1212 Industrial Avenue, Lake Park, Fla., has been credited by staff writer, Bill Carbine, "Palm Beach Post," with carrying out his job as lifeguard at the Palm Beach Shores in an excellent manner.

A nineteen-year-old youth, Peter White, was attacked by an allegedly large shark late Tuesday afternoon, Oct. 17, about 100 feet offshore and south of the beach where Kemple was about to leave his post for the day. Body surfing when attacked, the youth was able to make his way to shore where Kemple, a top lifeguard in the area for the past three years, was summoned by White's girlfriend, Candy Kraus, who was swimming and surfing with White. Kemple administered emergency first aid treatment, which police called "an excellent job of stopping the bleeding," and then carried White to the corner of Ocean Avenue and Tacoma Lane where White could be reached by ambulance. The youth was admitted to St. Mary's Hospital, where hospital officials said the victim had lost part of the heel off one foot and 100 stitches were required in treating the injury.

The Kemples are parents of six children — the eldest, Fritz C. Kemple Jr., is a college sophomore. James Kemple is enrolled as a freshman in the engineering school at the University of Miami, where he is a National Merit Scholar and keenly interested in the military and in eventually becoming a Central Intelligence agent. Sharon, Rodney, Carol, and Patty Esma complete the roll call of the Fritz Kemple family.

Mrs. Wilber Taylor was in Findley, Ohio, over the weekend where she attended funeral services for her brother, Floyd Harris.

The October Halloween Story Hour was held at the Monterey Library Saturday, Oct. 28, with 74 members and 13 guests attending. October birthdays were celebrated by Ruth Ann, Rebecca, and Robert Hartman, Janet Winters, Jean Ann Eskridge, Valerie Bauer, Ann Fox, Kimberly Keller, Gladys Harness, and

Irene Pitcher. The birthday children furnished treats, along with Albert Jolly, another birthday child who was ill but sent treats. The birthday song was sung while the children were presented with their special honor hats and placed in the birthday chairs. All the children were masked in keeping with the season. Mrs. Claire Zehner, Librarian narrated the Halloween story, "The Terrible Ghost," with several of the children assisting with sound effects. Games were enjoyed by all. Several of the older girls assisted with Story Hour along with many Mothers who helped and visited the Library during the story telling period. New children attending for the first time were Tracy, Tammy, and Troy Russell, Jane and Glen Dunfee, Ray Mattox, Doug Sutton, Irene Pitcher, Debbie, Danny, and Paul Smith, Ward Bope, and Michael McKinley. We hope

to see these children at our regular monthly story hours. Many new books are on display for the children during National Children's Book Week.

On Wednesday the fifth and sixth grade visited the Library and enjoyed some Halloween games, some film strips, and a very interesting film describing The Public Library as a Family Affair. Thirty-two children attended along with Mr. Franklin, their instructor. The children then checked out books and periodicals. Refreshments were served.

The Monterey Tipp Public Library will be closed Thursday, Friday, and Saturday, Nov. 2, 3, and 4. The staff will attend the I.L.A. and I.L.T.A. Convention at Indianapolis.

THE SCHOOLBELL

Published Weekly by The Press Club of Culver High School

We would like to congratulate the newly elected seventh and eighth grade cheerleaders. We hope they have a very successful year.

It seems the Espanol III class spends more time changing shoes than learning Espanol.

Someone had better give a calendar to Pam S. and Susie D. They couldn't wait for Halloween so they went "Trick or Treating" early. But really girls, couldn't you find a better place than G&G?

Sunday morning there was white paper all over town. Wonder who it could have been who put it there? It sure must have been fun Jimmy, Freddy, Pammy, and Mikey!!!

It seems that Susi R. and Jerry L. had a "LITTLE" disagreement over hippies. Next time push a little harder Riester.

What's this about Mr. Waltz's new hobby? Was he playing with dolls in the Home Ec's play school Tuesday afternoon during the play? Why don't you like your picture being taken while playing Mr. Waltz? For more information contact Cindy C. who has just flunked geometry.

It seems that the boys in Mr. Waxman's second period gym class have developed a new way of boxing. We haven't thought of a name for this yet, any suggestions K. W. and M. O.?

Well, the smoke signals were strong with information this week since the sophomores have been busily raking leaves and then setting them on fire. Well, now the fire has died down and the smoke is about gone so I will have to say, "Bye, for now. Byyyye!!!"

Freshmen Cheerleaders

This year the freshmen cheerleaders were chosen by a committee consisting of the Culver Varsity Cheerleaders, the cheerleading sponsors, coaches, a representative from the Letterman's Club, and any other interested members of the faculty. The girls were chosen on their 1) appearance, 2) voice, 3) coordination, 4) poise, 5) personality, 6) originality, 7) execution, and 8) smile. They were also required to do a cartwheel, the splits, and a toe-toucher jump plus any optional stunts they wanted to do. Each girl came before the committee and performed the two yells they had been taught by the Varsity Cheerleaders and then they did their stunts.

The four girls who were chosen ninth grade cheerleaders by the above described method are: Andrea Venum, Terry Babcock, Vicky Mikesell, and Sandy Miller. These girls have proved their ability and are looking forward to an exciting season.

Roving Reporter

By Margaret Ruhnnow and Virginia Thews

This week we asked the question: Do you think school teachers are justified in going on strike? Why? Here are some of the replies:

Peg Novak — Yes, because if they feel it's right, nothing should stop them. After all, it's their business because it's their job!

Janet Helber — Sure they are. It's a free country. Strikes are legal and if the teachers feel that it's the only way to get what they want they should go on strike.

Dave Hoesel — No, because the taxpayers pay their salaries to teach their kids, not to go on a holiday.

Dawn Collins — Yes, because the teachers deserve more money than they get at the present time. They deserve more because their jobs are worth more than average type jobs.

Dave Campbell — Yes, if the student's time lost does not have to be made up.

Jan Price — That would depend on what they were striking for. I think that teaching would be a pretty exhausting job, and if they are being underpaid they are justified.

Steve Pennington — Yes, because then the kids would get a vacation.

Perry White — Yes and no. If the teacher has signed a contract that person should teach. Otherwise I think that they are right in striking.

Mrs. White — No!

Kenny Tasch — No! It's not in their contract.

Terry Beck — I agree with K. T.

Cindy Carter — White teachers have a contract with the school I do not think they should be allowed to strike. By not teaching they are breaking their contract. If they have not signed a contract, they should be allowed to go on strike — but only then. I'm sure all kids are anxious to get their education over with and start studying again.

Pam Welsh — I think the teachers should be able to strike if that's the only way they can get the pay increase they deserve. I don't think teachers get high enough wages in proportion to the actual work they do. There should be no need to strike if the persons involved could sit down at the bargaining table and talk out a reasonable standard of pay. Parents want their children to get a good education but are not willing to pay the price for a good teacher, and a livable wage to support them sensibly.

Miss Wilson — Yes, I would strike. Teachers should have the same rights as other employees. I believe unions are a necessary evil. Where would the factory employees be without the union and its tool-strikes?

If conditions of employment are

not what they should be and if no one seems interested in changing this, it may be necessary to use the union as a tool for improvements. First there should be meetings with representatives of each side. If nothing can be decided a strike may be necessary. This way the supervisory personnel will also become aware of the unrest and this may help settle the issue.

The teacher cannot function properly if the conditions are not conducive to education. If nothing else has any effect as a last result, a strike may be necessary or teachers, especially good teachers, may resign and go elsewhere.

Culver's Pom Pom Girls

By Delores Stokes

This year Culver High School has a new organization, the Pom Pom Girls. These five girls are Andrea Venum, Mary Ann East-day, Terry Babcock, Paula Haenes, and Delores Stokes. These girls were chosen from a group of hard-working opponents.

Pom Pom Girls are girls that march along with the band doing different routines to the rhythm of the band. They receive their name because most of the time they march with Pom Poms, but they also carry other accessories. Culver's Pom Pom Girls will be the best.

Language Laboratories

By Jan Price

The most significant fact concerning the language laboratories this year is that they do not exist. We language students have lost our privileges because of the destructive actions of a few.

I believe that I benefited from the use of labs last year, and I know of many others who feel as I do.

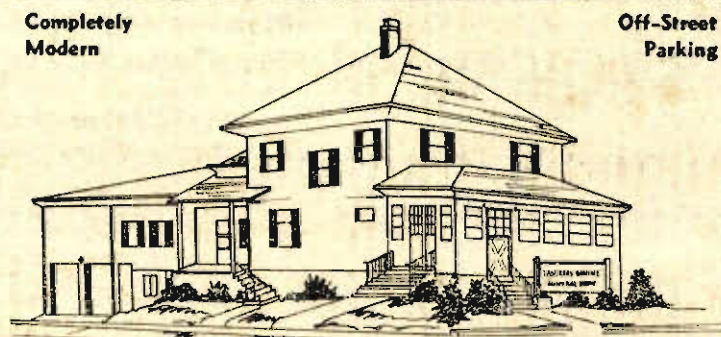

The policy this year is labs can not be used unless a teacher is in the lab with you to supervise. Understandably few of the teachers are willing to give up their free periods for this.

I think it hardly fair to punish all the language students for the misbehavior of some. Those people who cannot conduct themselves correctly should be banned from the labs, and those who genuinely want to learn can then do so.

Mr. Williams has told us many times that it is important for us to hear and comprehend our language and that we rely too heavily on reading. Labs are the only way that we can accomplish this.

I believe that the labs should be made available to the students as long as they benefit from them and treat them in a respectful manner.

Club And Class News

By Linda Reinhold

The SENIOR CLASS was busily preparing for the play "The Glass Menagerie" written by Tennessee Williams, which was presented Wednesday night, Oct. 25, in the gym. They are also waiting for the pizza party that is being given by the magazine company for which they sold magazines.

The JUNIOR CLASS is on the prowl selling Ham Supper tickets. The supper will be held Nov. 4 from 5:30 to 7:30 in the gym.

The SOPHOMORE CLASS just started raking leaves. If anyone wants his yard raked, please contact the high school office.

The NATIONAL HONOR SOCIETY held its first meeting of the 1967-68 school year. A committee was appointed to better define the entrance requirements for the society. Another committee was appointed to suggest the rules by which the "tutoring service" will be run. They will report their suggestions to the

whole society for a vote. Plans are being made for the upcoming initiation.

This year the SUNSHINE SOCIETY is operating differently. They are trying such projects as having a scrapbook, having a Dad's Party, and doing things for needy people. The many ideas they received for the society came from Sunshine Camp this summer, attended by two of the officers. Lyn Mackey was chosen "Sunshine Girl of the Month" on appearance.

The STUDENT COUNCIL is busily planning Homecoming which will be held Nov. 24. This year there will be a queen candidate nominated by each of the upper four grades and also one nominated by the Senior Band, the Honor Society, the Sunshine Society, and the Pep Club. Members of the Varsity and the B-team basketball teams will vote for the queen.

Officer — "You've been doing sixty miles an hour. Don't you care anything about the law?"

Lady — "Why, officer, how can I tell yet, I've only just met you."

The Locker And Items Within

By Norma Davis and Kathy Tasch

This topic may seem a little strange, but actually there is nothing more fascinating than some of the items found in a typical CHS student's locker. We decided to do a little research and take an inventory of the various "necessities" we found. Here, live from CHS, are the results:

The Sunbeams

By Nancy Overmyer and Pam Scott

This year Culver has added a new club to its organizations. This club, the Sunbeams, is like the Sunshine Society but is for the seventh and eighth graders.

The officers are:

Kim Wyman — President
Kathy Crowel — Vice President

Carol Overmyer — Secretary
Rhonda Singleton — Treasurer

The members are going to have skits over the qualifications of sunbeams. They are also discussing what their projects for the year will be.

The students of Culver High School are glad to have this club added and wish it the best of luck.

Aubbee High School News

Who soaped all of the merchants windows in Laifers Ford? Could it have been Halloween pranksters? It didn't happen during the day, certainly. It was some of the Aubbee cheerleaders and pep block getting ready for our first game Saturday, Nov. 4. The girls also decorated the school for the game.

How many skinned knees were there Thursday, Oct. 25? That's when the Junior High had their first skating party. Each of the classes made a profit of \$13 for their treasury.

Prizes, two boxes of candy, one donated by Rex Good, sponsor of the Junior High, and one donated by the Roller Skating Arena, were given to Debbie Bell and Ricky Seese. The Junior High will have three more skating parties during the year.

Don't forget the pep rally at the Aubbee Gym Wednesday, Nov. 1, 7 p.m. During the pep rally there will be a bon fire and a snake dance along with skits and lots of cheers.

The Aubbee Junior High will have their first game Nov. 2. They will play St. Peter's Catholic School at Fairview. The first

game will start at 6:30 p.m. The Junior High cheerleaders are as follows: Doris Bowersox, Nancy Reichard, Denise Kilne and Jan Stayton.

MONTEREY BASKETBALL PRACTICE

By Daniel D. Warkentien

The basketball season is rolling around, and it's time for all good little basketball players to be practicing. Many people don't realize what a basketball player goes through every night during a two and a half hour practice. Since so much time is taken in practice, I think I should tell the public what all goes on.

First the players get dressed. They then go bounding out onto the gym floor ready for anything except practice.

The next step is the warm-up drills, which consist of jumping rope, lifting weights, which prove to be too much for the poor freshmen, and throwing a medicine ball, which has the habit of leaking its contents all over the place. After everyone is warmed up and ready to go, the coach, dressed in black tennis shoes, baggy pants with a stripe down the side, and a white college sweatshirt, comes marching out of his office looking like a little wind-up toy soldier. He toots his whistle, and everyone snaps to attention ready for the grueling ordeal ahead.

Now the players go into doing layups, passing and dribbling drills, using either hand, of course. After this the coach gives a break in which the team members don't rest but instead do an assortment of calisthenics. Then comes everyone's favorite sport, running wind sprints, an activity which explains why all basketball players have so much vim, vitality, and sore leg muscles.

The players now go into other drills which vary from night to night. One such drill is called "dog fighting". No they don't actually have dogs fighting but players fighting for a loose ball which the coach has skillfully thrown between two players, high into the air, or into the

bleachers, a move which adds suspense and bloody knees and elbows to the drill.

After a couple hours of this unbearable torture, the coach says the magic words, "Go take a shower" which brings on a wild rush to the dressing room for a quick shower and change of clothes and a hasty departure for home.

CAFETERIA MADNESS AT MONTEREY

By Agnes Stankus

(The following was written as a theme for the English class of Mrs. Marcia Adams)

First bell rings. All the people that are to get out on the first hell run desperately to the cafeteria, afraid they might starve in the few minutes it takes to walk. Some walk at a fast pace, but others run and half-fall-down the stairs. Finally, after a few bumps and bruises, they try to form a line, which is never straight. Everyone is usually yelling and pushing and trying to start an argument of who should be where. By the time the first classes of students get their trays and have settled down to eat, the second bell rings.

Well, these classes go through about the same procedure except for the fact that they are a little hungrier than the first group. They, naturally, are a little rougher and usually push and shove harder.

Now, one more bell rings. This group is usually the worst; actually, they are the hungriest. They may just be afraid there won't be any food left. Maybe this is why they are in such a hurry. Anyway, they run like horses to get their dinners. After they get their trays and settle down, they gulp their food down, they take their trays back, and run to the ice cream stand, acting as though they didn't realize they even had dinner.

Culver's 8-2 soccer team will round out its season this week with contests Wednesday at 4 p.m. at home against Divine Heart Seminary and Saturday morning at Notre Dame against the university's junior varsity.

The team has defeated Divine Heart, 3-0, and Notre Dame's junior varsity, 3-1, earlier in the season.

The victory over Divine Heart came last Wednesday with goals scored by John Mehrtens, Santiago Montufar and Mitch Padnos. The Academy defeated Park School of Indianapolis Saturday afternoon, 6-0, before a crowd of over 400. Goals were made, two apiece, by Mehrtens, Montufar and Ernesto Estrada.

The Academy cross country squad finished its season last week with an 8-3 record. Doug Scholz matched his record time of 10:13 to place eleventh in the LaPorte Invitational Tuesday. Scholz broke his own record in Culver's 27-28 victory over South Bend city champ John Adams with a time of 10:11.6.

TURN ABOUT

Can't win . . . A proud young lady from Kentucky was trying to justify her state to a Texan. "In Kentucky," she said, "we have Fort Knox, where enough gold is stored to build a golden

fence three feet high completely around Texas."

"Go ahead and build it," drawled the man from out yonder. "If I like it, I'll buy it."

The Old Timer

"Buying everything on the cuff is the surest way to lose your shirt."

She is taught first aid and how to keep dental records.

Sergeant Kary says that a young woman needs to be exceptionally alert to qualify for this career field. Manual dexterity is also necessary. Most of the work is done standing so she needs good health and strong arches. A good memory is important — in time the assistant gets to know, even before she is told, which of the 50 or more instruments, each with its own name and number, is needed and when.

Sergeant Kary also said that opportunities to advance in knowledge is almost unlimited. A dental assistant who is interested in acquiring a dental specialty may submit a request. If she is considered qualified by her senior officer, she may then be assigned for advanced training.

Young women, between the ages of 18 through 34, with a high school education may apply directly for dental assistants training in the Army. When their application is approved, they have a guarantee, that upon enlistment and completion of basic training, they will be sent to dental technicians school.

Interested women may make an appointment for an interview by calling 936-2715 or 259-4855 (Collect). The appointment may be arranged at the convenience of the applicant, either at the recruiting office or at home. Sergeant Kary may be contacted at the National Guard Armory at Plymouth from 1 p.m. to 4:30 p.m. Tuesdays and Thursdays of each week.

Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

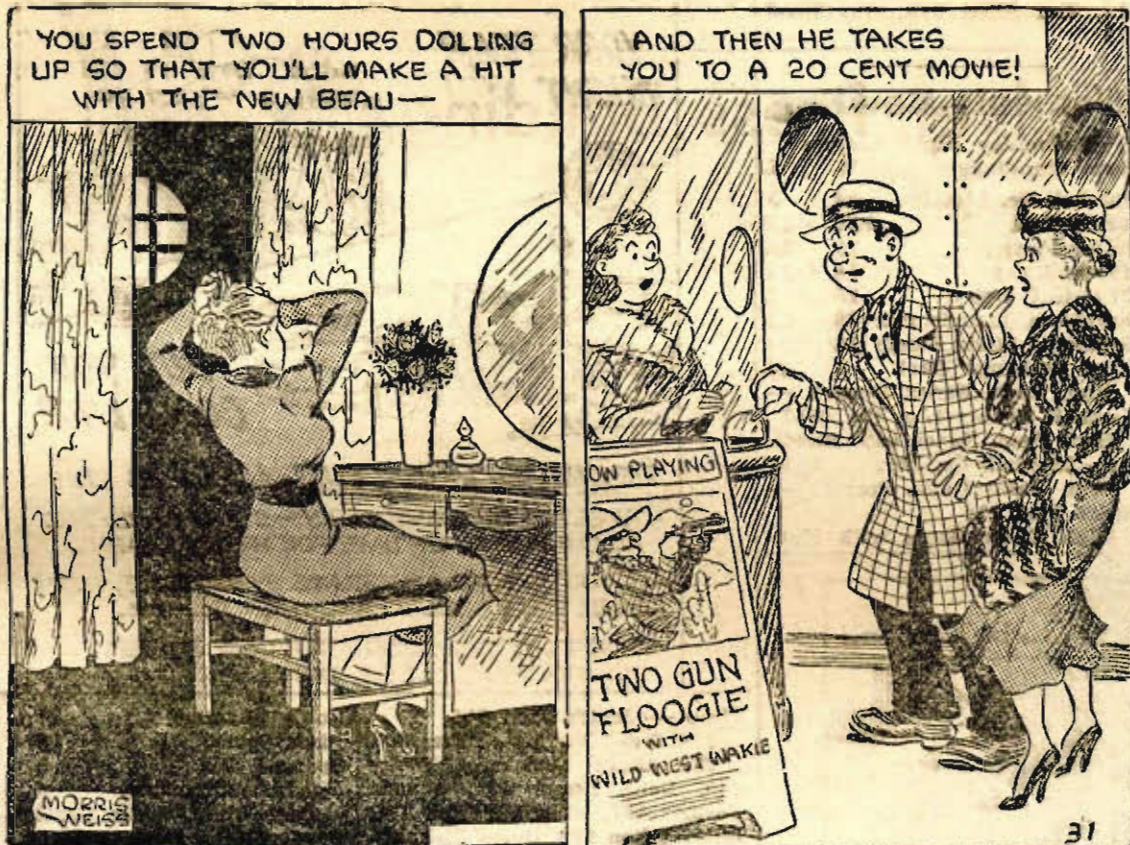

Could be you feel a little edgy, or maybe cross. You might even have what we call hot flashes and feel sad and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to give you a better sense of well-being.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine?
