Arts And Crafts Show Is Well Received

More than 425 persons attended the fourth annual arts and Crafts Show, sponsored by the Culver City Club this past week, April 21 through April 27, at the Culver Library basement. The interesting exhibit included 99 articles of various types entered by 42 persons.

Included in the showing were 51 paintings in oil, watercolor and acrylic, 1 Batik, 2 enamel on copper, 3 sculpture, 26 ceramics, 1 metal, 5 weaving, 2 woodwork, 1 decorated trunk and 7 crewel work.

On the opening day, Sunday April 21, tea was served by the committee, Mrs. Ora Reed, Mrs. Frank Setzler and Mrs. George Speyer.

Mrs. Wilber Taylor, chairman, and Mrs. Wallace Helber, co-chairman of the exhibit wish to thank the community for the fine support given the project.

Local Girl To Participate In European Tour

Carol Kline, daughter of Mr. and Mrs. Ray Kline a Junior at Culver High School, has been selected to participate in the 1968 European Concert Tour of the American Youth Band and Chorus. Members of this outstanding organization have been chosen through a series of nationwide auditions based on musicianship, scholarship, and character. Founded and organized by James H. Smith, director of music of the Taylorville, Illinois Public School, the American Youth Band and Chorus will be making its first annual tour of Europe this summer. Members will leave the United States in the middle of June and arrive in Cork, Ire. for a series of rehearsal-clinics in preparation for the concert series in Ireland, England, France, Switzerland, Belgium, Holland, and Monte Carlo. In addition, the band and chorus will again be the featured musical organization at the Tiel, Belgium International folk Festival.

The American Youth Band and Chorus is designed to engender goodwill, mutual respect, and friendship between the people of Europe and those of the United States, and is highly endorsed by leading educators, local, state, and national officials.

Students selected for this trip are expected to live by a strict code of conduct in order to represent the United States in the very best possible manner. Select adults are chosen to accompany the band and chorus through Europe. The group has played for an estimated 150,000 persons in 10 countries since its inception. The American Youth Band and Chorus has also received numerous awards during its European Concert Tours. The group has played a command performance for Princess Grace of Monaco, for numerous Ambassadors in Europe, and was awarded the Lion of Venice Plaque following a concert in the famed St. Marks Square in Venice.

Members of the Band and Chorus will return to the United States in mid-July.

CMA Honors Culver Firemen And Their Wives

Members of the Culver Volunteer Fire Department and their wives attended a dinner Wednesday night (May 1) as guests of Culver Military Academy. The occasion was an appreciation dinner in the Academy's dining hall, where the volunteers fought a fire March 16.

The firemen returned to the scene of the fire, and Academy officials honored the group for their contribution to the community. In their earlier visit, the volunteers contained a grease fire in the kitchen of the dining facility.

A letter of appreciation sent to the department by Brig. Gen. John W. Dobson, superintendent, said in part:

"Because of your expertise, the fire was subdued with dispatch, causing minimal damage and minor disruption. Please convey my gratitude to each member of the Fire Department.

"Their services are appreciated not only because of the aid rendered at this critical moment in the Academy Dining Hall, but because of the very fine and essential service they assure our community by spending many volunteer hours away from their professions and families."

POLICE NEWS

Officer Sam Madonna reports the following arrests and investigations for the past week:

Rodney Stubbs reported his bicycle missing from his garage. It was a 5-speed Huffy make and maroon in color. Anyone with information concerning this, please notify the police department 842-2525.

Steve May, route 1, Bremen, accidentally shot himself in the foot while unloading a 22 rifle in a car driven by his cousin. He was taken to Lake Shore Clinic where he was treated and released by Dr. Deery.

Robert Singleton, 106½ Main St., was arrested for unsafe start. He is scheduled to appear in J.P. Winstead's Court, Plymouth.

Omitted from previous week was Miss Shirley Butcher, route 1, Rochester, who was arrested for no operators license. She is scheduled to appear in J.P. Winstead's Court, Plymouth.

Anna Waite Is Selected Winner Of Scholarship

Anna Waite, Head Cook of the Culver School Cafeteria, has been selected as a winner of a Dairy Council Scholarship to the annual Purdue Food Service Workshop in June.

Mrs. Waite was one of two who were awarded the scholarship from a ten county area.

The Dairy Council-sponsored-Workshop is a nutrition and health education service held annually at Purdue.

Mrs. Waite has been a member of the Culver Cafeteria staff for sixteen years.

The United Methodist Church Is Born

In a ceremony filled with challenge for the future and shot through with color and drama, The United Methodist Church came into being here April 23.

At 9:49 a.m., Bishop Reuben H. Mueller, Indianapolis, Ind., of the former Evangelical United Brethren Church and Bishop Lloyd C. Wicke, New York, of the former Methodist Church joined hands over a cluster of symbolic documents and joined their voices in saying: "Lord of the Church, we are united in thee, in thy Church, and now in The United Methodist Church." The 10,000 persons filling the Dallas Memorial Auditorium exclaimed: "Amen."

After the bishops had declared the union of the two churches, children from Texas and Oklahoma; youth from Minnesota and Kansas; adults from Massachusetts and Texas; ministers from Sierra Leone, Minnesota, Germany, Alabama, India, and Argentina; and national staff members from Ohio and New York mounted the blue-carpeted platform, joined hands, and repeated the words spoken earlier by the two bishops. Climaxing the two ceremony, the 1,300 delegates to the meeting and the congregation joined hands and echoed: "Lord of the Church, we are united in thee, in thy Church, and now in The United Methodist Church, Amen."

The ceremony Tuesday morning symbolized the formation of a Protestant denomination of more than 11,000,000 members in the United States and more than 1,000,000 members in more than 50 countries around the world.

Spelling out the challenge for the future was a stirring sermon by Rev. Dr. Albert C. Outler of Southern Methodist University's Perkins School of Theology and world-renown ecumenical leader and theologian. "The aura of every new-born thing is an aura of hope," Dr. Outler told his vast congregation as he began a sermon that was to end with a standing ovation. If the new church is "to turn this beginning into the reality of its promise and hopes," the speaker said, "business's usual simply will not get our business done." "This, then, is our birthday — a day to celebrate, a day to remember, a day for high hopes and renewed commitments."

Scout-A-Rama May 18 In Plymouth

More than a dozen applications have been received for booths at the annual Scout-O-Rama of the Mighty Menominee Scout District. The event will take place at Plymouth Centennial Auditorium, May 18th.

The applications received so far range from Pioneer Cooking, — To Bird Booths — To Camping — To Automobile Travel through the United States. All of the displays will center around the main theme of the Scout-O-Rama this year, "Discover America Through Scouting."

More than 15-Hundred Scouts in 47 units will take part in the event this year.

District Commissioner Omer Bixel invites the public to attend the annual Scout-O-Rama, May 18th, at Centennial Auditorium in Plymouth, from 2 until 9:30 p.m.

BAND NEWS

The Culver High School Band will travel to Argos Thursday, May 9, where they will present a morning concert. An afternoon concert will be on the agenda for Kewanna.

Music Groups To Present Spring Festival

A Spring Music Festival will be presented this Sunday, May 5 by the combined high school chorus and bands of Aubbeenaubbee, Monterey and Culver schools. The chorus will be under the direction of Mr. Clayton Moon and Mrs. Bryce Bigley. Mr. Moon and Mr. Charles Byfield will direct the combined bands. The Culver Community Building is the place; the time is 2:00 p.m.; and the public is urged to attend this preview of next year's consolidated music groups.

Barn Destroyed By Fire Tuesday

Fire completely destroyed a barn and damaged five other buildings Tuesday afternoon on the Bill Young farm, formerly the Everett Wilson place, located south of road 110 on the old State road 17.

Fire departments from Culver, Monterey and Leiter answered the call which also destroyed a large garage, tractor and a considerable amount of implements. No stock was in the barn.

Fire Chief Dave Burns said the cause of the fire had not been determined.

ACTION IS GETTING DOWN to the daily stage in baseball now that the season has been open for three weeks. In the spring, the schedule is light and weather takes its toll of games to be played. As we sail into the month of May, a more steady schedule and better weather generates more enthusiasm with everyone.

SEVERAL FACTS HAVE been evident in the early season baseball. The riots and trouble that has plagued some of the major league cities is going to have a definite effect on teams whose parks are located in the more questionable areas. This became very evident on opening day in Chicago where the White Sox, located on the South side, pulled a measly 7756 for the opening day game. Normally the opener at home puts a pretty full house in most parks and with the White Sox having a contender right to the wire last year and expectations before the season were that they would be a contender again, they should have had at least 30,000 there if not a full house.

WASHINGTON OPENED WITH a lot of National Guardsmen setting in the stands and Baltimore had troops on hand near their

ball park when they opened. Detroit did put over 41,000 in their park for the opener, but their location is adjacent to the spot where all the trouble occurred last season and a most uncomfortable feeling is in the air there in that city.

THE CITIES THAT HAVE the newer parks don't have to worry as much about their surroundings. Most of the new parks are located in less populated areas where expressways feed the ball parks and many acres of parking are included in the plants with no neighborhoods adjacent to the big stadiums.

REGARDLESS OF THE LOCATION of the parks, the teams are off and running. The early weeks don't tell the pennant stories, but they are a barometer of what you can expect. In the National League St. Louis has lived up to pre-season expectations and moved to the front early. San Francisco and Cincinnati look to be the most serious threats, but from the personnel, it looks like the Cards will be the team to beat.

IN THE AMERICAN League, a nine game winning streak after an opening day loss, put the Tigers of Detroit in front

where they have been since that time. Minnesota is showing a lot of ability and probably Baltimore and Boston are the other two teams most serious and consistent in the league.

GIVE THE TEAMS A couple more weeks and the consistency will be showing itself and action will be far enough along that you can get serious about what you are seeing. Memorial Day is also a barometer as to what will happen with the season figured to be a fourth over by this time. It will be interesting to follow the action as the year progresses, to see whether summer trouble that is expected in many cities has an affect on the attendance an interest, and simply to watch the progress of another season in baseball, America's favorite pastime.

TOUCHING OTHER SPORTS just briefly, the NBA is down to the critical part of their playoffs as the Los Angeles Lakers and Boston Celtics are putting on a see-saw battle in this best of seven series. This is heading for a climax late this week.

IN HOCKEY, MONTREAL IS setting and waiting for the winner of the newly formed western finals to end so they can add another Stanley Cup Championship to their laurels. Despite the fact that the expansion teams have shown a lot of pleasant and good hockey, the Canadians are still quite a hockey team and no one is apparently going to stop them this year.

Academy Sports

Culver's varsity baseball Eagles clinched a 3-1 early season record last Tuesday in a 9-1 victory over Warsaw. John Grant, the winning pitcher, scattered five hits in his first start, but Warsaw was only able to make one run.

The Eagles scored for nine hits. They were led by two doubles from John Crimmins and two singles by George Tezich. Alex Williams and Larry Pritchett are leading the Eagles with batting averages of .417 each.

The Eagles canoe team swept the honors in last weekends Sugar Creek Race in Crawfordsville. Although Indiana's top-ranked paddlers, Ward Wilkins and Paul Ruppels of Crawfordsville, beat out Culver's top contenders, Keith Oldham and Steve Kling, Culver followed by taking all the rest of the positions in the 15 1/2 mile marathon.

Two Academy daughters, Jani Garrison and Suzy Lovett, also took second in the women's 15 1/2 mile marathon, but they beat the Indiana state champions and favorites, Beth Nutty and Barbara Blose, who came in third.

Jani Garrison won the fledging one-mile race with Laura Whitehouse of Bunker Hill. Culver's Steve Kling won the one-mile C-1 followed by a tie between partner Keith Oldham and Pat Moore of Indianapolis.

The Eagle tennis team broke into the winning column in a 5-4 victory Tuesday over Peru, a consistent leader in state rankings. Culver's winners were John Schumacher, Santiago Montufar, Jeff Adams and Woody Pelton in the singles and Schumacher-Montufar in the doubles.

Culver's junior varsity tennis team lost 4-3 to Attica's varsity Saturday. Culver's winners were Woody Pelton, Ken Widder and John Tucker.

The Academy track team beat South Bend Riley, 64-54, last Tuesday in a meet dominated by Jack Shoaf. The Eagle track and field man participated in five winning efforts.

Girl Scout News

The annual Fly-Up and Re-dedication ceremonies of the Culver Girl Scouts will be held May 7, at 7 o'clock in Fellowship Hall of the Culver Methodist Church.

The Fly-up ceremony is for Brownie Girl Scouts who are third graders leaving Brownies and advancing to Junior Girl Scouts. They will receive their Brownie Wings and cross the bridge into Juniors where they will make their Girl Scout Promise and receive the Girl Scout pin. Junior Girl Scouts who are sixth graders will be welcomed into the Cadette level of Scouting, rededicating themselves to their Girl Scout Promise and Laws. Girls in the ninth grade will be advancing to Senior Scouts. After the ceremonies the film strip, "The Soni Springs Story" will be shown.

All parents of Girl Scouts and relatives, friends and the general public are invited to attend.

Junior Troop 52

The Scouts of Troop 52 spent a very busy afternoon at their regular meeting on April 23. They completed the work on their Prints badge by making sponge prints with textile paint on cloth. The girls made their own designs using four shapes, squares, circles, triangle and rectangle. The

sponges, cut in these shapes, were dipped in the paint and printed on the cloth. The girls will use their printed material for head scarves or wall hangings. After completed, the work was left to dry while the girls walked to the Culver Library to see the art exhibit.

Attend Council Meeting

Over one hundred delegates, members and guests attended the Twelfth Annual Meeting of the Northern Indiana Girl Scout Council held April 29 at the Idle Hour Inn, LaPorte. Delegates from Culver were Mrs. Marshall Brown, Mrs. William Martin, Mrs. Robert Franz, and Mrs. Jack B. Spencer.

Highlights of the program following Dinner included a re-dedication ceremony performed by Senior Troop No. 120 of LaPorte and the introduction of the Council's "Miss Green" presented by the "Piperetts" with the Council Piper, Mrs. Richard

Schutt who is in charge of the membership drive for the Council. The three "Miss Greens" who are serving as recruitment chairmen are Mrs. Thomas Wult of Michigan City, Mrs. Walter Smith of LaPorte, and Mrs. Wilford Barr of South Bend.

Council Awards for outstanding adult service were presented by the Council President, Mrs. O. S. Glidden, Michigan City, to six adult leaders.

Mrs. Howard Crosby, Michigan City, a member of the board of directors, was presented with a forty-year pin in recognition of her forty years of registered membership with Girl Scouts of the USA.

Forty-year pins for registered membership were awarded to 3 adult leaders.

It's possible to serve your community best by lending a hand rather than advice.

CULVER, INDIANA

Make Your Choice

Tuesday, May 7 is Primary Election Day. Much has been said about this election as we covered last week, but still, this is an important election for all to participate in. Your vote and your support of your candidate is important and is needed to keep the Primary election on a choice of the people basis.

Forget the fact that you have to choose a party in a primary, simply cast your vote in the party of your choosing at this time for the man or men of your choice in that particular party.

Your privilege and one of your basic freedoms is voting to give your voice in the government. Take advantage of this privilege next Tuesday.

It Sure Is Nice

It sure is nice! It has only been a very few days since the time in Indiana is all the same, but the relief of going almost anywhere in this area of the state and having a chance of being on a different time for appointments or social life is most refreshing.

For six months again, everything will be back to normal. However, what will develop again in October remains to be seen. Whether or not something with teeth in it will be set for a time law by this time remains to be seen, but this factor of being on a different time than possibly your next door

neighbor is frightening.

Many families were almost ripped to pieces this year by the silly time difference. Maybe the family lived on slow and children went to school or other activities at home and away on different times. Visiting friends and relatives could be confusing let alone social life in other towns and cities in the surrounding area.

What will happen no one knows, but thank goodness for at least six months of no time confusion... unless you are involved with Michigan... all but Berrien County that is!

Memories From . .

April 30, 1958

Jeanette Berger and Sandra Furnas have been chosen to represent at Girls' State this year. Sally Lowry and Thereasa Cinak are the alternates.

William W. Erwin, top U.S. Farmer will speak at the Culver Chamber of Commerce meeting Monday.

Joan Wheeler entered several girl friends on her 10th birthday. Guests were Marilee Hermann, Vickie Smith, Elaine Kaiser, Betty Biskle and Tina Teach.

Schools from Culver, Argos, Bourbon, LaPaz, Tyner, Tippecanoe, and West Twp. will present an all-county band concert Wednesday night.

April 28, 1948

The seniors of Culver High School returned late Monday night from their three-day trip to Kentucky and Tennessee after following interesting itinerary.

Rev. F. C. Wacknitz, who has served the local Evangelical United Brethren Church for the past year, has been assigned to

St. Paul E.U.B. Church in Peru, will be succeeded by Rev. Irvin G. Roederer.

Tuesday, May 4, is primary election day, but there has been little excitement among the voters due to the few contests. Even the candidates who do have opposition have not done much campaigning.

APRIL 27, 1938

Dr. R. E. Martin has purchased the Osborn house at 114 Lake Shore Drive where on Thursday he will open a dental office.

John Wagner has purchased the taxi business formerly operated by the late Jack Harris, effective May 1st.

A parade size flag was won by the Culver Boy Scout troop for best attendance of scouts and guests at the county-wide of honor held Thursday evening in the Plymouth Presbyterian Church.

Mr. and Mrs. Mervyn Russell announce the arrival of a daughter, Carol Anne, born Tuesday.

April 25, 1928

Richard Roberts left Monday for Indianapolis to join the Indianapolis Power and Light semi-pro baseball team.

Capt. E. B. Edwards, Captain Stephen Boone, and Lieut. D.A. Taylor are expected to be relieved from duty at the Academy at the end of the school year.

April 24, 1918

A Woman's Missionary Society was organized by the ladies of the Reformed Church on April 17, in the home of Mrs. Lewis Zechiel.

APRIL 30, 1908

Graduates from the high school are; Della Stahl, Iva Smith, Tressa Hawk, Alvin Murray, Harold Behmer, and Harry Medbourn.

Too late, local citizens have realized that they lost much valuable property along the shore of the lake by giving the railroad a right-of-way on the very edge of the water.

CULVER COMMENTS

Mushroom fever is once again prevalent in this area. Gals, in case you don't recognize the symptoms in your hubby, here are just a few: A willingness to get all household tasks such as painting and washing windows done before it gets warm. A feeling the ground and then, "Hmmm, the ground is getting quite warm." A far-away look in the eye and then "I think I'll take a drive in the country, it's such a nice day." For a period of three to four weeks this disease runs its course and there is no known cure, short of overlooking the one strange mushroom when cleaning the delicacies. This will lead to far many other problems, so the best thing you can do is to contact the malady yourself.

It might be interesting to see who finds the biggest mushroom this year, so why not bring your large find to the Citizen office. We will measure and announce at the end of the season just who found the biggest of them all.

Have you noticed Culver has a new lady patrol at the school crossing? Mrs. Glen Schrimsher is the smiling lady you see morning and afternoon, rain or shine, helping youngsters cross the busy intersection.

Who might the culprits be who pushed that poor defenseless Volkswagon into the lake last week? Would sure hate to see a

sport made of this. Sooner or later the varmints will get caught and then I wonder what their explanation will be. Of course, they could say, "even its mother didn't like its face."

We've all heard of Hippie Power, White Power, Black Power, Flower Power but did you know Culver has a "Power" of its own? Just take a trip around town and see all the Power signs... Esther Power's Real Estate that is.

HELPFUL HINTS: In regard to last weeks helpful hint, I've been informed that the aerosol spray is truly a help, but users want to know what can be done about the sore finger developed after the use of these helpful bombs. My only advise is this... take advantage of the situation. With a huge bandage and a little conniving, you can get out of doing the dishes for at least two weeks.

HORESCOPE: Do absolutely nothing this week. Stay in bed while you still have strength and health. If the phone rings, don't answer... you'll only get involved.

If you can't resist picking up the monster, say "no" before "hello."

Since Alienor seems to have taken the phone off the hook for the duration of her vacation, I would like to take this means of sending her a message... "HELP."

PUBLISHED WEEKLY BY THE PRESS CLUB OF CULVER HIGH SCHOOL

There seems to be a strong wind blowing bringing bad weather and snow, but the campfires at CHS are burning red hot. Let's see what's keeping those fires going!!!

I suppose most people are aware of the fact that the prom is May 18, but for those who haven't been informed, you just have.

Hello, Dolly, well hello Dolly, it's so nice to have you back where you belong. Norma did it again so the play must go on. Right Mr. Aspen?! Right!!

Hey, Rita, is it true blondes have more fun?

Hank, someday when you least expect it you'll pole vault over 8'6". Just think positive.

It seems a few junior guys have a fantastic crush on a Monterey gal. How about it Steve Kelly, Steve McCombs, and Steve Thompson? Well, let's hope she likes the name "Steve."

"Booms" are heard all over the school in the seventh period from the graceful activities in which the girls' P.E. class are now participating. Mr. Waxman, don't you know that no one performs well with an audience? — well, at least they don't.

Hey Craze, we know your car goes and all that, but you shouldn't try to out-fox the junior girls — it just doesn't work!

Say juniors, all work and no play.

I guess there's nothing to be said about the seniors. Que pasa?

Sixth period study hall has set the example for the ideal classroom atmosphere. By the way Mr. Williams, what did you say those pills you've been taking were for?

The wind is really turned on now and the fires are too hot for the teepee to repeat so-o-o-o, "that's all folks!"

THE PERFECT PERSON

By Richard Snyder

My concept of a perfect person is someone, not necessarily perfect physically or a genius mentally, but someone able to use what qualities he has to his utmost capabilities. He would be unselfish, understanding, and able to get along with any person. He may not always be successful, but he would take failures and defeats in stride, learning from his mistakes. He would not be an idol or a god, but just an ordinary man, outstanding only in honesty and character. He would make mistakes but would benefit from them and never make the same mistake twice. He would be a good follower as well as a good leader, learning from others as well as teaching. He would show respect for and show understanding toward all people, regardless of who they were or what they had done. He would be forgiving, loving, sympathetic and thankful. He would be respected and admired by all, but never defied or worshipped. This is the picture I see when I imagine a perfect person.

Stock Market Report In Economics

By Linda Reinhold

Well, it's that time of the year when Lawson assigns a six weeks project to his economic classes. This project is called "STOCK MARKET REPORT."

Each senior assumes that he has \$5,000.00 to invest in any 5 or more stocks that are listed on the New York Stock Exchange, the American Stock Exchange, or any other stock exchange. He has to make a chart for 20 market days, which has the names of his stocks on it, the price of it each day, and the net change, if any. After each has recorded the price and net change for the day, he then has to make

a line graph that consists of either the price or the net change of his stock. This enables the student to have a better idea of how his stock is progressing by watching the course of the graph. Then comes the Profit and Loss Statement. This is figured at the end of the 20 stock market days. If the total amount for which the students sells his stock at the end of the period exceeds the price that he bought his stock for, then he has made a profit, but if the table is turned, his luck has failed.

Mr. Lawson hopes that when these seniors have finished their reports, they will have a better understanding of the stock market and how it works.

Millions of coins may make a fortune, but no amount of small talk adds up to wisdom.

TUNA HAS TO SWIM OR SINK

BECAUSE TUNA are heavier than salt water, they must keep swimming or else they will sink to the ocean floor, says a University of Wisconsin researcher. Such a descent would be fatal since no tuna can survive the oxygen-thin gloom at great depths. He says this discovery of the tuna's "negative buoyancy" explains why the fish are in perpetual motion and why they drift tail-first toward the bottom when they stop swimming. He likes the airplane that must maintain a minimum speed lest it stall and fall to earth.

AN INDUSTRIAL GUILLOTINE at the All-State Welding Alloys Co., Inc., White Plains, N.Y. is used to remove flaws in aluminum welding wires manufactured by the company. As a defect is electronically detected, the guillotine is activated and snips the wire. The flaw is removed and the ends of the wire

joined so that continuous lengths can be spooled and packaged.

PENICILLIN has been found so effective against the common staphylococcus aureus bacteria that University of Michigan surgeons are now using it to protect all of their patients who undergo blood-vessel surgery. Infection is not common in operations in which defective arteries are replaced with plastic tubes, but when it does occur it can be catastrophic. In one recent study, nine of twelve patients with infections died and another lost a leg.

SKIN GRAFTS are much more successful after a patient has been exposed to high altitudes or low oxygen pressure. Pennsylvania State University scientists have discovered.

THE COLUMBIA RIVER in an average year carries to the ocean enough water to cover an area of one million acres to a depth of 197 feet, reports the U.S. Geological Survey. The river's water has been tracked from its mouth to a point 217 miles away by the use of radioactive "tracers."

CHEMICAL ANALYSIS of the lunar surface by space probes has provided evidence to support the theory that meteorites that fall in flames to the Earth are from sources other than the moon's

face. For generations there had been speculation that such meteorites could come from the moon. However, a scientist at the University of Chicago has concluded that the lunar surface has more in common with the Earth's ocean floors and floors and hardened lava beds than with the non-Moon-born meteorites that land on Earth.

'SAWBONES' SAY SAWDUST CAUSES A RARE DISEASE

A RARE lung disease in humans has been linked to California's giant redwood trees (Sequoia sempervirens) by medical researchers at Stanford University. Indeed, the disease has been named sequoiosis. This cause of the lung condition has been traced to fungi in redwood sawdust. The researchers believe the lung condition is caused by a reaction of the immune system of certain people to the redwood dust or fungal particles. Wood dust has not been reported previously as a factor in lung disease.

MAN'S LIFESPAN, particularly the productive middle years, may be increased dramatically in this or in the next generation, a University of Southern California research biologist reports. He said that the expected breakthrough might provide a key to the solution of "the most serious biological problem that faces the human race — the population explosion." Contrary to popular misconceptions, he said, the relatively small extension to age 80 of the healthy productive middle period of life would greatly relieve the effects of the population because it would "double the return on the investment society makes in each person."

WIDESPREAD USE of oral contraceptives by women may threaten to end man's dominant role in the family, says a University of Wisconsin social work professor. For this reason, men might well welcome the development of male contraceptive drugs as a means of restoring a more favorable balance of power. He adds that "when one can choose between a baby and a refrigerator, or between parenthood and another career, one's sense of power is very great." Through abortion and contraception, women are getting more and more of a sense of determining their own future, which until now has been considered a husband's prerogative.

PHOSGENE plays an important role in a number of industries. The colorless gas that smells like new-mown hay is used in the manufacture of polyurethane foams used in applica-

tions ranging from insulation to chair cushions, reports Chemetron Chemicals, Chicago, a major phosgene producer. The gas derives its name from the Greek words meaning "light" and "to produce" because it was first made by the action of light on a mixture of carbon monoxide and chlorine.

IN POPULAR USAGE, "ocean" and "sea" are used interchangeably. The modern

seven seas are the North and South Atlantic, North and South Pacific, Indian, Arctic and Antarctic oceans.

"Everlasting Punishment" is the subject of this week's Bible Lesson to be read in all Christian Science churches this Sunday. The service at First Church of Christ Scientist, Plymouth, 428 So. Michigan St., begins at 10:30 a.m., and is open to the public.

The Golden text from Psalms sets the theme: "Unto the upright there ariseth light in the darkness: . . . Surely he shall not be moved forever: the righteous shall be in everlasting remembrance."

The Bible Lesson also includes passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, among which is the following: "Mortals move onward towards good or evil as time glides on. If mortals are not progressive, past failures will be repeated until all wrong work is effaced or rectified. If at present satisfied with wrong-doing, we must learn to loathe it. If at present content with idleness, we must become dissatisfied with it."

CULVER COOKERY

Harvey House Slaw

If you chance to buy a beautiful, solid head of cabbage and cole slaw tickles your fancy, try this different way to prepare this dish:

- 1 medium head cabbage
- 1 medium onion

Layer cabbage and onion rings, finish with cabbage on top. Sprinkle 3 1/2 oz. sugar over top but do not stir. Bring to boil 1 tsp. sugar, 1/2 tsp. dry mustard, 1/2 tsp. celery seed, 1 1/2 tsp. salt, 1/2 c. vinegar, 3 oz. Wesson oil. Pour over cabbage while hot, do not stir, cover immediately to hold in steam. Stir before using. This will keep for several days. Put in refrigerator immediately after making.

News And Views From The Culver Public Library

Film Package Of The Month

1. ALCOHOL AND THE HUMAN BODY - 14-b&w Uses both live photography and animation to explain the specific effects of ethyl alcohol on the human body and to describe the characteristic of alcohol and how it is made. Dramatizes the case of a problem drinker, including his treatment. (Encyclopaedia Britannica)

2. CARS IN YOUR LIFE - 30-b&w Presents the impact of the automobile on the physical development of cities. Statements from men like Robert Moses, city planner, Albert Mayer, architect, and designer Raymond Loewy, underline the theme of the film that

men should control the automobile by far-sighted urban planning. (Can. Film Bd.)

3. CLASSIC SCOTLAND - 10-c Depicts a Scotland of moving beauty, so steeped in history and legend that "classic" is the only word to describe it. It shows the romantic Scotland of Sir Walter Scott and Robert Burns, their homes, the cities, villages and beautiful country about which they wrote. (Av-Ed)

4. THE DINOSAUR AGE - 13-c Introduces its audience to the work of paleontologists in reconstructing the past. It illustrates the methods used in locating, uncovering and transporting fossil remains to a museum. The reconstruction of a Pleiosaur skeleton is demonstrated. Models of representative animals of the Age of Dinosaurs are shown. (Film Associates of California)

5. EAST GERMANY: THE LAND BEHIND THE WALL - 53-b&w This film provides a detailed report on life in East Germany. Depicted is the persuasive influence of the Communist Party on every facet of daily existence — at home, on the job, in church, and in the schools. Included in this revealing film are interviews with a capitalistic businessman, a pastor, an official of Rostock University and Walter Ulbricht, chairman of East Germany's Council of State. (Carousel Films)

6. EMANCIPATION PROCLAMATION - 25-b&w TV program showing January 1, 1963, soul-searching hours of President Lincoln preceding his decision to free the slaves. (McGraw-Hill)

7. FAMILY CAMPING - 28-c-s Informal "how-to" film on five popular forms of camping site camping, hiking trip, canoe, cruise, and trail riding. (Loaned by CTEF)

8. FIFTY MILES FROM POONA - 20-b&w Shows the simple life of one family in a small village of India. Family life, religion economic situation and daily work are understandingly presented. (Film Assoc. of California)
