## Plans Progress For Venetian Night Powerboat Flotilla; Chairman Named

Rev. Carl Baker, President of the Culver Chamber of Commerce, announced today the appointment of Eddie Amond as chairman of the Venetian Night Powerboat Flotilla. Jack Campbell and Sam Allen have been appointed as Vice Chairman for the event. The boat parade will be held during the Maxinkuckee Regatta Festival weekend, on Saturday, July 27.

Six trophies will be awarded, three each for the pontoon division, and another three for the inboard-outboard division. Chairman Amond commented that the boats will again assemble at 6:30 p.m. in front of the Culver Boat Company and proceed along the west shore to the judges stand in front of the town park. During the boat parade, the Lions Club will be holding their corn roast at the town park and lake visitors will be entertained by bands from the Culver High School and Summer Naval School from the Academy.

All Culver area people are urged to enter into the Flotilla Parade. The judges will be announced in the next issue of the Citizen.

## ON THE RIGHT TACK

A belated saludos from the beautiful, but wet south shore of Lake Maxinkuckee! Hello to all skippers, crews, parents, members and friends of the Maxinkuckee Yacht Club. The 1968 sailboat racing season got off to a little quicker start than the publicity chairman so this resume of sailing activities will include past results as well as a listing of future activities.

Tune Up Series races were won by Bruce Moore, Bill Stofer, and Bill Furry so it appears that there is going to be a great deal of competition among the skippers for their first place trophies.

The Saturday Series got off to a start on June 22 with a tight battle between Bill Stofer, Jerome Zechiel and Jerry Thomas, but it was Bill Stofer who crossed the finish line first and received the winning gun. The Sunday Series which opened with the sailing the Ford Memorial Trophy which proved to be an easy win for Bill Furry when he crossed the finish line far ahead of the other twelve skippers who competed in this race.

This past Saturday was almost ladies day when due to the stronger breezes, most boats sailed with a least one fair lady as crew. The final results of the race are still uncertain pending the outcome of the protest meeting July 4. However, Fritz Muehlhausen posted his first victory when he brought his "Minnie" in ahead of the other six boats. Bill Stofer in "Windjagerin" and Bill Furry in "Fulley" provided the closest race when only a few feet separated them at the finish line, but it was Bill Stofer who was in second place. The final places meeting, Dave Washburn in "CharLee" had the misfortune to upset and did not finish.

Sunday's race with high winds, high waves, and high water provided high excitement and another easy win for Bill Furry, followed by Bruce Moore who came in second. Again the excitement was centered in the battle for third, fourth, and fifth place when only a few feet again separated these three boats. It is amazing that after fifteen miles of racing and several hours that boats can be only separated at the finish line by a few feet and

(continued on page 5)

## CMA Summer Schools Open Officially July 4

The sixty-seventh session of the Culver Summer Schools opens officially Thursday (July 4) with a flag raising ceremony on Culver's Riding Hall Terrace. Registration was completed last week and classes began June 26.

This summer 1741 students from 50 states and 10 foreign countries have enrolled in the four schools. The foreign students represent Australia, Canada, Colombia, El Salvador, Guatemala, Hong Kong, Mexico, Sweden, Switzerland and Venezuela.

The Naval School leads enrollment figures with 696 boys, followed by 669 younger boys in the Woodcraft Camp, 195 in the Summer Girls School and 140 boys in the School of Horsemanship. Special students, usually enrolled in courses of an academic nature, account for 41 more.

A staff of 259 instructors and administrators will work under Rear Adm. John Bays, director of the Summer Schools during the eight-week session ending Aug. 17. Culver operates the largest educational-recreational summer program of its type in the nation.

Over 95 percent of the students will take some form of academic work for credit or review. The Summer Schools provide 96 classes in credit and non-credit courses such as journalism, typing, driver training, theater, sailing, Scuba diving, water skiing and all sports. The upper school offers semester credit courses in 33 different areas, including English, mathematics, Latin, French, Spanish, history and civics.

Residents of surrounding communities have been invited to visit the campus and attend events in which Culver students participate. Among these are Woodcraft Council Fires on Saturdays at 8 p.m. from July 6 through Aug. 10; Sunday chapel services at 10 and 11 a.m. through Aug. 10; Sunday chapel services at 10 and 11 a.m. through Aug. 11; Sunday parades at 6:30 p.m. from July 7 through Aug. 11; and band concerts each Sunday at 4 p.m. from July 7 through Aug. 11, except the Aug. 3 and 4 when the band boards the sailing vessel O. W. Fowler for its annual "Moonlight Serenade" on Lake Maxinkuckee.

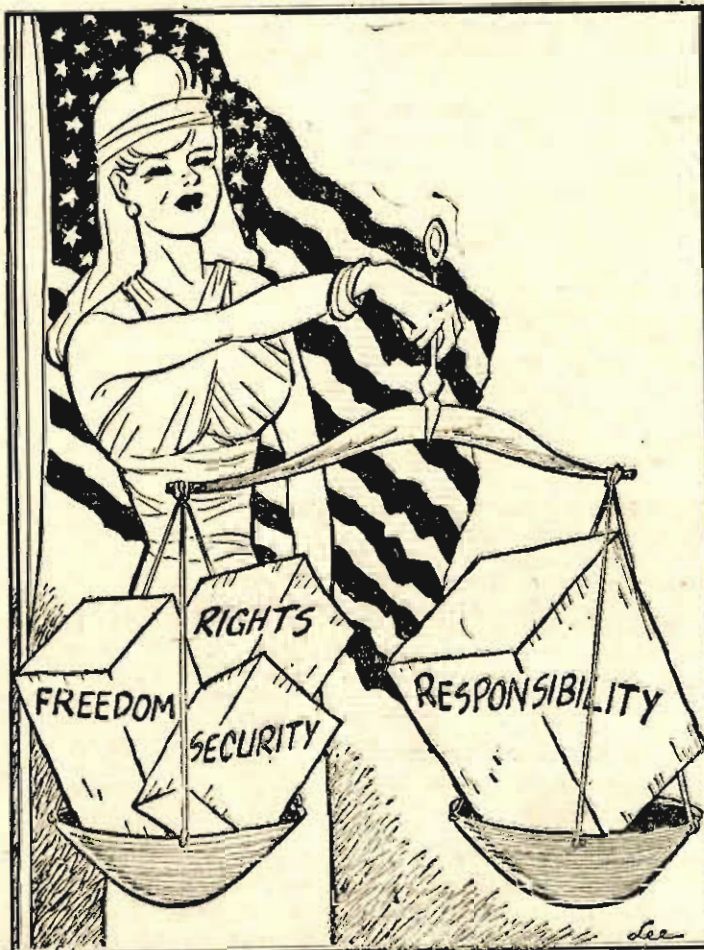

Students in the theater school will also present three productions during the summer to which the public is invited. They will produce "Ring Round the Moon," July 12; "The Philadelphia Story," July 26; and "The Fantasticks," Aug. 14.

## W. A. Fleet Post Holds Potluck Dinner

The W. A. Fleet Post of the American Legion met Thursday for a family night potluck dinner. After enjoying the delicious meal, Mr. Ora Reed, Commander, conducted a short business meeting. Following the meeting around 50 members played games. Mr. and Mrs. Hugh Harper, Mr. and Mrs. Joe McCarthy and Mr. and Mrs. Reed were hosts for the evening.

Robert Frost said that "a jury consists of 12 men chosen to decide who has the better lawyer."

## THEY BALANCE

## Culver Chamber To Meet Monday In Bank Lounge

The Culver Chamber of Commerce will meet at the Bank Lounge, Monday, July 8, 7:30 p.m. This will be an important business meeting and every member is needed at the session. Plans for the Flotilla which the Chamber will conduct at the Maxinkuckee Regatta Festival be presented. Also the Retail Merchants Committee will report on progress for the Side Walk Sale in the Festival.

The Constitution Committee will make its first report to the Chamber. All persons who are interested in the work of the Chamber in our community are invited to attend whether they are new members or not.

## Fulton County Areas To Become Movie Location

Some people in Fulton County will become movie "stars" when the filming of "Honk" begins.

"Honk" is a story about the experiences of a man who loves auto horns.

The movie was written by Curt Burkhardt, a Chicago professional photographer, and John Strickland who also wrote the music for the film.

Shots will be taken on roads near Leisters Ford and closing scenes will be taken near Akron where some 60 autos and people will be needed.

The company producing the film is based at a cottage on the east side of Lake Manitou.

## Town Board Studies Surface Drainage Problem

Town President, Donald Osborn, announced plans to start working on the surface drainage problem. Cole and Son Engineering firm of South Bend has met with the board and will soon present their ideas on effective drainage for Forest Place and other section in that vicinity.

Work will start soon on W. Jeff. St. to control surface water in that area. Larger tile will be laid and additional manholes added in front of Sims to cope with the problem in that area.

Climax St. will be aided by laying an 8 inch tile down the center of that street and installing a catch basin on the corner of Madison and Climax. A stone and gravel base will be put in Climax this year with plans to put a hard surface on the street in the future.

Mr. Osborn stated that although plans have been presented by engineering firms in the past, the present Board engaged the Cole Co. in the hopes that the old plans could be improved upon. The town's budget will limit work this year. Mr. Osborn expects the drainage project to take 2 to 3 years to complete.

Mrs. Powers has ascertained the cost per foot for the proposed sidewalk from the present school to the new school site and will notify the property owners concerned.

Verl McFeely reported that the north-east corner of the firemen's parking lot has been chosen as the location for the Goodwill box.

Wayne Von Ehr asked the Board's permission to install a curb on State St. for Mrs. Lillie Buswell and a sidewalk for Miss Margaret Sullivan. The Board will inspect the sites this week and render a decision on location.

Jack Spencer informed the Board that he intends to lock his gate at the end of State St. so that people from out of town would not be able to drive through the town park. Keys will be given to the town so that the road may be used in case of emergency. Mrs. Spencer will also open her gate for all special events at the park.

Mr. Spencer also asked, as a representative of the Culver Chamber of Commerce, about the purchase of the air conditioner for the Clerk-Treasurer's office. Mr. Osborn stated that he was aware that some of the local business men were not happy that the purchase had not been from a local taxpayer but that the Board also felt that they owed it to all taxpayers to use their tax dollars as wisely as possible. The Board intends to make purchases locally when feasible.

## List Winners In Cub Scout Olympics

Twenty-one Cub Scouts participated in the Cub Olympics which were held June 23 at the Culver ball diamond. Mr. Jerald Miller was in charge of the affair.

Winners in events were Group I - Mark Linnemeier 1st, Herb Newman 2nd, Ron Bradley 3rd; Group II - Mark Baldwin 1st, Kit Hickman 2nd, Sandy Wakefield 3rd; Group III - David Leach 1st, Brian Faust and Tim Overmyer tied for 2nd, Danny Burke 3rd.

High Lights of the Olympics were the shot-put (8 lb.) which was won by Mark Linnemeier 20'6" and the long jump which Mark Baldwin took the honors for at 11'2".

THE FOURTH OF JULY AND the All-Star break indicates the major league seasons are roughly half through. At this time, a lot of evaluation can be made of the progress of the teams and it still looks like Detroit and St. Louis could make a run-a-way of the respective leagues. However, many good leads have fizzled out

in the last half of the season, but never-the-less, these two clubs are presently in a spot to say to the rest of the leagues, you catch us!

**DETROIT'S SUCCESS STORY** to date has been a combination of a couple of things. First, their pitching has been steadied much with Denny McLain getting off to a tremendous start. Second, the relief crew that manager Mayo Smith decided to go to this year has given a much more sound bullpen. The young pitchers serving as the relief corps, has done a good job to date and should be getting their share of pressure under fire before the stretch run of the season. Some timely hitting and the help of the bench in this department has also made a considerable difference. Even with Al Kaline setting out his broken arm, Mickey Stanley and Jim Northrup have both had their moments where they picked up some of the weight of this star's injury.

**ST. LOUIS ISN'T SURPRIS-**ing anyone really except maybe for the way they are winning their games. With a basic solid lineup from one end to the other the Redbirds have a very good and basically young pitching staff that has clicked real well

for them this year. Roger Maris and Orlando Cepeda haven't been stinging the ball the way many expected, but once again with the pitching that Bob Gibson and the other hurlers have been giving them, the Cards don't need a lot of runs to win.

**BEHIND THESE TWO** teams it seems to be a real dog-eat-dog race. If one of these clubs can put together a winning streak, they could make a run at the leaders and make pennant races out of the respective leagues again. San Francisco seems to have a good chance, but when Marichal isn't pitching, they are almost another good hitting and so-so pitching ball club. Willy McCovey has gotten off to a great start but all in all, the Giants haven't had that consistency on the mound they need.

**LOOKING OVER THE ONES** chosen to represent their respective leagues in the All Star game, brought a few raised eyebrows. The major league players are very good at basing this one the performance to date of the players and not the name in most cases. A couple of players made it that aren't having their best years such as Harmon Killebrew and Hank Aaron, but they were chosen for their respective positions. The naming of Don Kessinger to short was a little surprise, but the Cub lead-off man has done as well as any shortstop this year. Ron Santo, even though not playing up to potential this year, also received a starting nod at third and deservedly so.

**IN THE AMERICAN League** Red Carew got his second consecutive starting assignment at second base, a slight surprise perhaps but no second baseman is tearing up that league. Jim Fergosi won the shortstop job over Louis Aparico. Little Louie is the best the White Sox have to offer this year and the one man that is keeping them on the ball field.

**THE GAME, TO BE PLAYED** next Tuesday in Houston's Astrodome, will of course be aired by NBC-TV and watched by millions. This will be the first time in the domed stadium for many American Leaguers and the first time they have played on the synthetic surface. There has been a lot of talk about the ball moving much faster when hit on the ground and the hops are a little different. This could be a slight disadvantage to the American Leaguers in this game. At any rate, it will be another great spectacle for the fans and should be quite a game again this year.

**AFTER THIS BREAK IN** action, the teams will get back in the swing of the pennant races and the battle to make the world series and right to reign as World's Champions. This will be the last year for the present setup as the American League has already voted to play division baseball next year and the same recommendation has been made for the National league. The way the American League has it set-up, the two division winners will play a best of five series to determine the team that will play in the World Series. With 12 teams in each league, it seemed to be the best solution. This will actually make four teams out of 24 that will be in the playoffs for the eventual World Series championship.

## Boating Safety

Boating accidents are becoming more prevalent in Indiana, as more comparative amateurs acquire boats and take to the lakes and streams. Safe boating rules:

- Do not overload;
- Do not stand up in the boat;
- Do not change places in a small boat unless necessary;
- Equip boat with coast guard approved life preserves (at least one for each passenger);
- Non-swimmers should wear their life preservers at all times;
- Remember that a capsized boat usually floats even with a motor attached. Use it to keep yourself afloat.
- It is a mistake just to memorize safety rules without appreciating their meaning. The following rules should be followed when in a motorized boat, and if you own an outboard, study them fully.
- Do not overpower your boat;
- Do not "hot-rod;"
- Give swimming areas a wide berth;
- Do not stand up while starting the motor;
- Never smoke while handling gasoline;
- Have an approved fire extinguisher aboard (pressurized dry chemical is preferred);
- Carry oars for emergency use;
- Operate slowly near docks or congested areas;
- Know and obey the "rules of the road."

## Falling Apple Leaves Cause Concern

Many domestic and crabapple varieties are now starting to shed leaves, causing worry to homeowners.

There are two reasons for this leaf shedding, says Eric Sharville, Purdue University extension plant pathologist.

First-formed leaves in the fruiting clusters were damaged by frost in early May and are now starting to fall. These can be recognized by the smaller, heart-shaped fruiting cluster leaves as contrasted with the normal, linear foliage leaves. Loss of these frost-injured leaves should not concern homeowners, says Sharville.

In addition, apple scab disease is very prevalent in most areas of Indiana as a result of the prolonged wet weather in May. Homeowners who failed to control apple scab, which is now causing some defoliation, are advised to spray with dodine (Cy-prex) at a dosage of one tablespoonful in one gallon of water using approximately three to five gallons to spray for a mature tree. This will prevent further spreading of apple scab to other leaves and fruits during the summer months.

Loss of young apples is normal for this season of the year and is commonly referred to as "the June drop." Apple fruits that were unpollinated or were injured by cold weather during bloom normally fall from the tree in June.

## Announce Engagement

Mr. and Mrs. Kenneth Cole, Butler, announce the engagement of their daughter, Sue Eloise, to Stephen William Edwards, son of Mr. and Mrs. James H. Edwards, Indianapolis.

Miss Cole is a 1965 graduate of Culver High School and is studying French Education at Purdue University. Mr. Edwards is also attending Purdue University and is studying Physical Education.

No definite date has been set for the wedding.

### BRIDAL SHOWER HONORS MRS. RONALD BROWN

Miss Karen Ruhnow, Miss Billy Jones and Miss Linda Listenberger were hostess at a bridal shower honoring Mrs. Ronald Brown, a recent bride, in the home of Mrs. E. W. Carter on Tuesday evening. Mrs. Brown is the former Jean Gross.

Decorations were in blue and white. Refreshments were served consisting of cake, ice cream, punch, nuts and mints to 14 guests. Miss Ruhnow was in charge of games and contests.

Use Your Seat Belts Always!

### Walter Peer, 78, Santa Anna Resident, Dies

Walter Peer, 78, R.R. 1, Argos, a member of the Santa Anna community, died at 1 p.m., Tuesday at Marshall County Parkview Hospital, Plymouth, following an illness of one month. Born July 3, 1889 at Kniman to David Bordeaux Peer, he had lived at his current home for 36 years, going there from Knox, where he had resided about 18 years.

Mr. Peer was married May 4, 1918 at Kniman to Louise Lake, who survives. He was a member of the Santa Anna United Methodist church.

Also surviving are one daughter, Mrs. Ernest (Mary Ellen) Starr, Bremen; two sons, David Peer, Crown Point, and Philip Peer, Plymouth; 11 grandchildren and one sister, Mrs. William Tubbs, Columbus, Ohio. He was preceded in death by two brothers and three sisters.

Services were conducted at the funeral home at 2 p.m., Friday,

with Rev. Calvin Daniels, pastor of the Santa Anna church, officiating. Burial was at Maple Grove Cemetery, Argos.

### Death Claims Mrs. Clara Biddle

Mrs. Clara A. Biddle, age 88, died at 11:45 a.m. Saturday. She has been a resident of the Klapp Nursing Home at Argos since 1964.

Mrs. Biddle was born to William and Susan (Stump) Thomas in Warren Co., Ind. July 13, 1879 and was former resident of Hubbard. She married John Blue in 1898 and he preceded her in death in 1902. She then married John Biddle in 1905. He died several years ago.

Surviving are two daughters, Mrs. Helen Wall, Winamac and Mrs. Blanche Reed, Bradenton, Fla.; one son, Eldren Biddle, Cleveland, Ohio; one stepdaughter, Mrs. Ruth Shidler, Winamac; one stepson, Roscoe Biddle, North Judson; and several grandchildren and great-grandchildren.

Funeral services were held Tuesday at the Easterday-Bonine Funeral Home with Rev. Ellsworth Routson of the Burr Oak Church of God officiating. Burial was in the Locus Grove Cemetery near Boswell, Ind.

P.F.C. Michael Holloway, 1711 E. Shore Dr., left Oakland Calif. June 26 for assignment in Vietnam. He received basic training at Fort Leonard Wood, Mo., where he also completed a wheeled vehicle mechanic course on March 15. He then graduated from Tracked Vehicle Mechanic School, May 9 at Fort Benning, Ga.

After spending two weeks at home with his parents, Dr. and Mrs. E. J. Yocum, Thomas A. Yocum H/2n2 has returned to Guam Naval Hospital where he has been stationed since July 1967.

(KO148) USS VERNON COUNTY (LST-1161) at sea (FHTNC) June 20 — Navy Lieutenant (junior grade) Daniel R. Little, 26, son of Mr. and Mrs. D. James Little of 416 Harding Court, Culver, Ind., is serving aboard the tank landing ship USS Vernon County off the coast of Vietnam.

The USS Vernon County is helping support the Mekong Delta Riverine Assault Force.

Sgt. Robert Albert arrived back at Beale AFB, Calif., after a few days leave here. He will leave this month for a two to three months assignment in Okinawa as a flight mechanic on a stratojet tanker, which refuels planes in the air. He has been to Okinawa twice before, flying to Japan, Thailand, Vietnam, Guam, etc.

Jack "darling," said the bashful honeymooning bride, "let's try to make everybody think we've been married a long time." O.K. honey, replied the groom, "but do you think you can carry both suitcases?"

### Dairy Foods Are "Big" With 4-H Gourmets

Wine tasting is an indulgence of gourmets the world over. Teenage gourmets in the U.S. are promoting cheese tasting parties. As a matter of fact, they taste and then recommend all kinds of dairy products.

These apprentice gourmets are 4-H members engaged in the national 4-H Dairy Foods program which emphasizes the high nutritional value of dairy products. The program is supported by the Carnation Company.

Arranging cheese tasting parties is only one of the ways 4-H is acquainting girls and boys with the many varieties of cheese and its use in dairy dishes.

Another aim of the 4-H Dairy Foods program is to help youngsters form good eating habits, and influence other members of the family to do likewise. About a half million 4-H'ers are participating in this program, according to the Cooperative Extension Service which supervises 4-H.

"These versatile youths are bound to improve their own diets and acquire a taste for dairy products as well as milk and ice cream," one 4-H leader observed.

Since more than 90 percent of the nation's fluid milk supply is fortified with Vitamin D, the

importance of including dairy foods with each meal becomes apparent. Milk also contains other vital nutrients, such as Vitamin B2, protein, calcium and phosphorus.

Nutritionists recommend four or more glasses of milk daily for teenagers.

Carnation provides annual awards for outstanding projects. They are six \$600 scholarships; 18 educational trips to the National 4-H Congress in Chicago a handsome wrist watch to each state award winner, and a dairy foods medal to the four top members in the country.

### Mouthing His Complaint

Margery — What makes baby cry so, mama?

Mama — He's getting his teeth, dear.

Margery — Well, he want to have'em?

**ON THE RIGHT TACK**  
(Continued from page 1)

a few seconds. Fritz Muehlhausen repeated his feat of finishing ahead of Bill Stofer when his T10 captured third place honors and T52 took fourth, followed closely by T2 skippered by Steve Speer. "Blisters" Suverkrup in T12 had to be contented with sixth place honors. Rupert Esser's T26, Pete Tron's T88, Jerome Zechiel's T21, and Wather's T241 suffered misfortunes in the strong, puffy winds and were unable to complete the race.

The Junior Fleet opened its season Saturday and found six boats starting the Sailfish races. Scott Speer, who appears to be following in his brother Steve's footsteps, finished first, but was pursued by Junior Skipper Diane Thomas, who was second. We will be hearing more from this young lady skipper as the season progresses and she gets her name in the win column. Tim Roth finished third followed by George Schaub fourth and Mark Suverkrup fifth.

An abbreviated Skylark race was held when only one of the three starters finished due to the high winds and rough waters. In his racing debut, Mark Baker was able to keep his boat upriver and was the only Junior who finished.

A full week end of racing is on hand for all skippers this week with a special trophy race

**Rainbow Girls Attend Annual State Assembly**

On June 27, 28, and 30 the Grand Assembly for the Order of Rainbow for Girls was held in Indianapolis, Ind. at the Indiana Roof Ballroom. There were 1,710 girls registered for this annual Grand Assembly.

Girls from Culver Assembly No. 61 attending were Karen Bank, Worthy Advisor; Linda

Reinholt; Vicki Clifton; Vicky Cornett; Linda Shirrell; Karen Stevenson and Mary Ann Lewis. They were accompanied by Mrs. Harold Fitterling and Mrs. Richard Dehne, Mother Advisor.

On Saturday morning Linda Shirrell and Mrs. Richard Dehne received the Grand Cross of Color at a very impressive ceremony.

On Saturday afternoon all Grand Officers for the forthcoming year were installed and Karen Stevenson of Culver Assembly No. 61 was installed as Grand Representative to Alaska.

On Sunday morning all Rainbow girls and guests attended church services in the Indiana Roof Ballroom thus ending this

year's Grand Assembly activities

## Let's Have A Salad

The summer season has arrived and here are a few salad recipes that may help your menu planning.

### Green Goddess Salad

- 1 head iceberg lettuce, broken into pieces
- 1 bunch watercress, cut into small sprigs
- 2 tomatoes, cut into wedges
- 1 medium onion, sliced and broken into rings

### Green Goddess Salad Dressing

Lobster or crab meat  
Arrange lettuce, watercress, tomatoes and onion in large bowl. Chill. To serve, pour dressing over salad, garnish with lobster or crab meat. Makes 6 servings.

### Green Goddess Salad Dressing

- 1/2 clove garlic, minced
  - 1/2 cup real mayonnaise
  - 1/4 cup commercial sour cream
  - 1 1/2 tablespoons anchovy paste
  - 1 1/2 teaspoons lemon juice
  - 3 tablespoons chopped parsley
- Blend minced garlic, real mayonnaise, sour cream and anchovy paste. Slowly stir in vinegar and lemon juice. Add parsley. Chill.

### Crevettes a l'Indienne

- 4 pounds green shrimp cooked in Court Bouillon

### Curry Sauce

Fresh pineapple

Spear each cooked shrimp with a pick, then attach to a pineapple in full plumage. Serve with Curry Sauce on the side, for dipping.

### Court Bouillon

- 2 cups dry white wine
- 1 1/2 quarts cold water
- 2 onions, coarsely chopped
- 2 carrots, coarsely chopped
- 1 rib celery with top, coarsely chopped
- 1 bay leaf
- 1/2 teaspoon thyme
- 4 to 5 springs parsley
- Juice of 1 lemon
- 1 1/2 teaspoons salt.

Combine ingredients in large kettle. Bring to a boil slowly, then simmer 10 to 15 minutes. Add the shrimp. Bring to boil and cook 4 to 5 minutes. Lift shrimp from the Court Bouillon. Cool, shell and devein.

### Curry Sauce

- 1 large onion, chopped
- 1/2 cup water
- 2 to 3 tablespoons butter
- 3 tablespoons curry powder
- 1 tablespoon chutney
- 1 cup dry white wine
- 2 cups real mayonnaise

Combine onion, water and butter in saucepan. Cook over moderate heat about 15 minutes or until all the water has evaporated and the onion is limp but not brown. Stir in curry, chutney and wine. Bring to boil, then reduce heat to moderate and boil down until there are about 2 tablespoons liquid left. Cool. Blend thoroughly with mayonnaise. Strain through a very fine sieve. Spoon into serving bowl. Makes 2 1/4 cups.

### Cheddar Caesar Salad

- 1 egg
- 1 to 2 cloves garlic, cut
- 1 head western iceberg lettuce
- 1/2 head romaine lettuce (about)
- 3/4 cup grated extra sharp Cheddar cheese

Dash salt

Dash pepper

1 cup croutons

1/3 cup corn oil

3 tablespoons cider vinegar

1 tablespoon lemon juice

Soft cook egg 2 minutes. Chill

immediately in cold water. Rub

inside of large salad bowl with

cut garlic. Tear both lettuce

varieties into large bite-size

pieces, dropping pieces into bowl. Sprinkle with cheese. Break egg into small bowl. Stir and pour over lettuce. Add salt and pepper. Squeeze garlic through press into salad. Sprinkle with croutons. Combine corn oil, vinegar and lemon juice. Pour over salad. Toss lightly, to coat greens. Serve immediately. Makes 4 to 6 servings.

### Bean Salad

- 1 cup cider vinegar
- 1/2 to 1 cup light corn syrup
- 1/3 cup sugar
- 1/2 cup corn oil
- 1 (10-ounce) package frozen waxed beans
- 1 (10-ounce) package frozen Fordhook lima beans
- 1 cup chopped celery
- 1 green pepper, chopped
- 1 (4-ounce) can pimiento, cut into strips
- 1 large Spanish onion, thinly sliced
- 1 large head western iceberg lettuce

Combine vinegar, light corn syrup and sugar in saucepan. Bring to full boil; remove from heat and cool. Add corn oil. Cook frozen vegetables according to package directions; drain and cool. Combine waxed beans, green beans, lima beans, celery, green pepper, pimiento and onion. Pour vinegar-oil mixture over

vegetables. Chill at least 24 hours, stirring occasionally. Serve in crisp lettuce cups. Makes 8 to 10 servings.

## 1967 Highway Record First To Improve In Years

In 1962 highway deaths topped the 40,000 mark. Three years later the figure was 48,500 and in 1966 America's highways were stained with the blood of 52,500 persons.

The skyrocketing figures paused — even dropped a bit in 1967. The year-end toll stood at 52,200, according to the highway accident booklet released annually by The Travelers Insurance Companies.

Tragedy did not stop with the deaths, but added 3,840,000 persons to the 1962 injured list. 4,400,000 were injured in 1966 and 4,200,000 in 1967 — a reduction of some 200,000.

"The record of 1967 gives us the first appreciable improvement in this respect that has taken place in more than a decade," according to a Travelers spokesman. "The satisfaction this gives must be qualified, however, for it will require many

more years of consistent betterment before we can claim any genuine progress toward the conquest of a stubborn and tragic problem," he added.

Adverse weather was not an important contributing factor in 1962 or 1967. Records show that last year some 80 percent of the fatal crashes occurred on clear days and dry roads. The remaining 20 percent occurred in fog, rain and snowy weather.

Excessive speed continues to hold top spot in the list of accident causes, with reckless driving and driving on the wrong side of the road taking second and third places respectively. Pedestrians were at fault in many of the fatal accidents, with crossing between intersections being the top killer.

Youthful drivers hold the greatest responsibility on the highway death list. Almost one third of the drivers involved in fatal accidents were under 25 years of age.

### JULY HAPPENINGS

July 1, 1948 — The New York subway system increased its fare from five to ten cents.

July 8, 1963 — The United States banned virtually all financial transactions with Cuba

in a new move to isolate the Castro regime.

July 13, 1753 — William Penn Academy, later named the University of Pennsylvania, was chartered.

July 16, 1945 — The first atomic bomb was tested at Los Alamos, New Mexico.

July 21, 1779 — George Washington established headquarters at West Point, New York.

July 26, 1952 — King Farouk of Egypt boarded his yacht in Alexandria and sailed into exile.

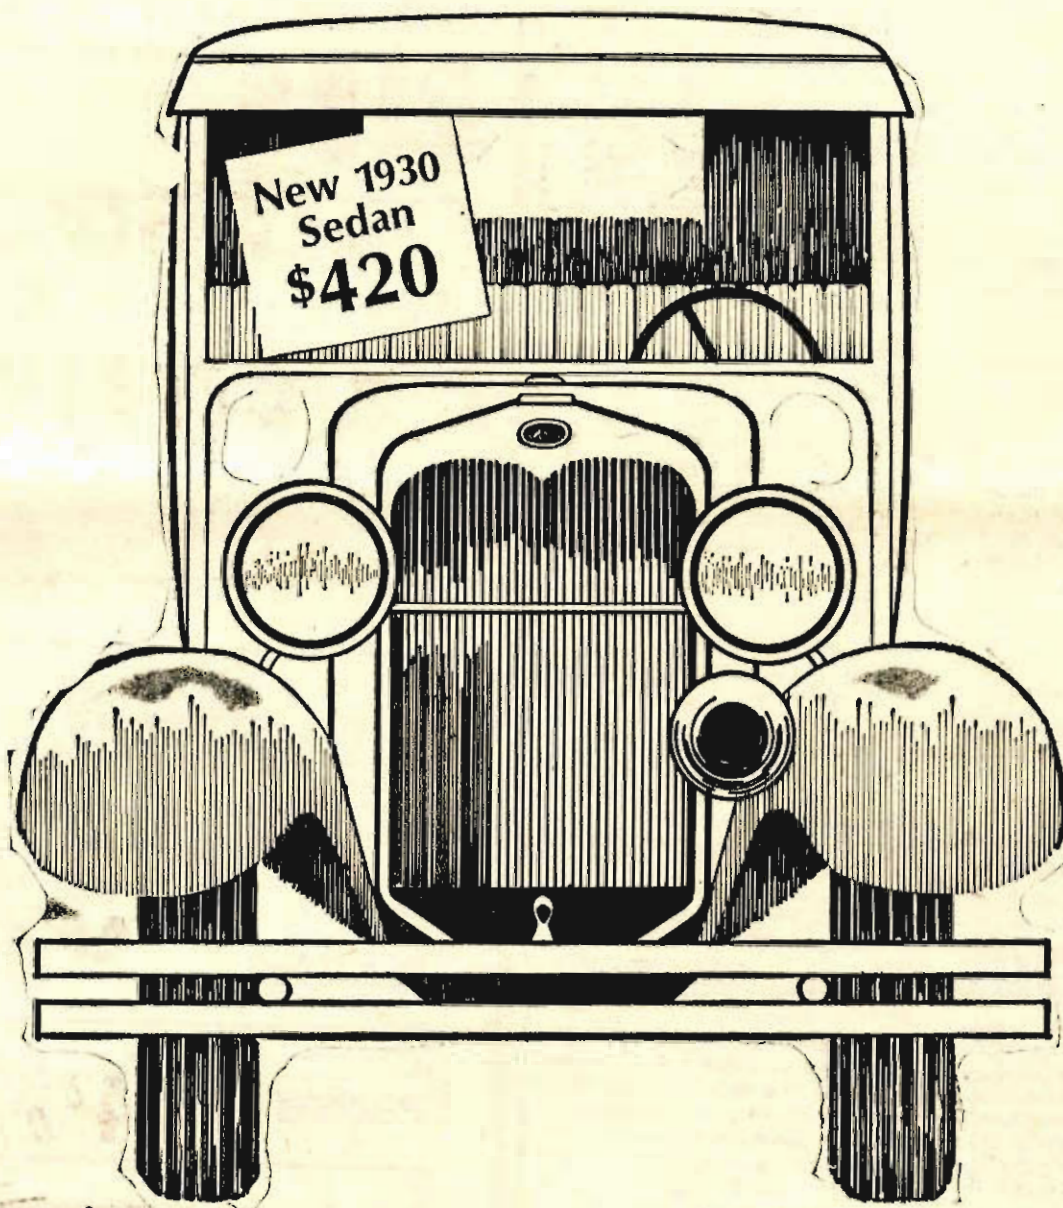

July 28, 1914 — World War I began. Austria declared war on Serbia.

July 30, 1619 — The first legislative assembly in America convened at the old church in Jamestown, Virginia.

## STAY AWAKE ITCHING?

Let doctor's formula stop it.

Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

## OUR ELECTRIC PRICES HAVEN'T CHANGED!

Time was when the pride of owning a new car set you back less than \$500. Not anymore. Things have changed; and new cars cost four, five and six times that much now. But there is one place where you can still buy today's modern service at yesterday's low prices—NIPSCO! In fact, our average residential customer is paying about 40 per cent less for a kilowatt-hour of modern electric energy today than he did 25 years ago... and 11 per cent less than he did in 1958! What a bargain!

energy to enjoy exciting todays and build better tomorrows

**Northern Indiana Public Service Company**

## WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drug-gists. See how fast it can help you.

On Sunday Mrs. H. J. Zacharias and children entertained Mrs. Charles Bell and daughter of Washington, D. C.

Mr. and Mrs. Robert Davis of Robinson, Ill., were overnight guests Friday of Mr. and Mrs. Evert Hoesel.

Mr. and Mrs. William Oberlin and son, Mike, Miss Cheryl Smith, Miss Susie Scott and Steve Mogel all of Indianapolis spent the week end with Mrs. Charles Cowen and Mr. Ben Oberlin.

Mrs. Evert Hoesel entertained the Executive Board of the Women's Guild of the Grace Church last Thursday. After the meeting, the seventeen ladies attending enjoyed a coffee hour.

Mr. and Mrs. Joe Heiser, Plymouth, visited Mrs. Eva Heiser on Sunday afternoon. On Thursday, Dr. and Mrs. Robert Davis and daughter, Robin, of West Lafayette, visited with their aunt, Mrs. Eva Heiser. While here, they enrolled their son, Jonathan, in summer school at the Academy.

Alan Bunner and Ray Jurgensen of C.M.A. attended the annual national Advanced Placement Program Mathematics Conference of the College Entrance Examination Board at Lake Forest College June 20 - 22.

Angela Liette, daughter of Mrs. Luke Liette, and Mary Jo Fishback, daughter of Mr. and Mrs. Tom Fishback have returned from a tour of Washington D. C. and New York. They were with a student education group from Ancilla College in Donaldson.

Mary Gass, daughter of Mr. and Mrs. R. O. Gass, was named to the Registrar's Roll of Honor at Ball State University. Those named to the list must earn all grades of "A" when carrying a full load of 12 hours or more per quarter.

Mr. and Mrs. Tom Wesson and son, Shawn, spent the week end with Dr. and Mrs. Oscar Wesson and Mr. and Mrs. Ely James of Leiters Ford.

#### BIRTHS

Mr. and Mrs. David Lane of Joliet Ill., are the parents of a daughter, Sarah Elizabeth, born June 17. The maternal grandparents are Dr. and Mrs. Yocum and the paternal grandparents are Mr. and Mrs. Edward Lane.

Mr. and Mrs. Michael Miller are the parents of a son born June 29 in Starke Memorial Hospital.

Mr. and Mrs. Robert Ripperger Jr., 1602 E. Kelly St., Indianapolis, Ind., are the parents of a son, born Wednesday, June 19, at Community Hospital in Indianapolis. The new arrival weighed 4 lb. 13 oz. and has been named Mark Conrad. Maternal and paternal grandparents are Mr. and Mrs. Charles J. Baker and Mr. and Mrs. Robert Ripperger both of Culver.

#### HOSPITAL NEWS

Recent admittances to Parkview: Cecil Hill, Ben W. West.

Dismissals: Mrs. Paul Strapon, Lester Good, Cecil Hill, Mrs. Carl Baker Mark Ripperger, infant son of Mr. and Mrs. Robert Ripperger Jr., had major surgery June 20 at Community Hospital in Indianapolis, Ind.

Mrs. Eva Houghton has been transferred from the Alfran Nursing Home in Warsaw to Pilgrim Manor at Plymouth. She would be most happy to have visitors.

#### FIDELIS CLASS MEETS

The Veteran of Foreign War church held their June meeting Sunday evening in the home of Mr. and Mrs. Donald Osborn.

Mr. Osborn, president, conducted the business meeting and read "Our Nation Under God" by Mrs. John Ludens. Mrs. Osborn read several short articles on life.

It was announced that a reception for Rev. and Mrs. Harold Hohman will be held in the church social rooms Sunday afternoon, July 14.

Games were played to test the members mental ability. The remainder of the evening was spent socially at cards. Mrs. Osborn served refreshments to the group.

The July meeting has been cancelled.

### VFW Auxiliary Has Business Meeting

The Veteran of Foreign War Auxiliary to the Finney Schilling Post No. 6919 met Monday evening, July 1 at the post home.

The business session was conducted by Frank Cihak, president.

Mrs. Clyde Hickman and Mrs. George Lemar were elected as delegate and alternate to the National Convention to be held August 16 - 23 in Detroit.

Mrs. Mary Westcott won the mystery prize.

The meeting was closed with a

prayer to reopen July 15. The hostesses at that time will be Mrs. Ted Strang, Mrs. Bob Franz, Mrs. Collie Hoffmeister and Mrs. William Anderson.

Hostesses for the meeting were Mrs. Kenneth Tasch and Mrs. E. W. Riester.

#### Stainless Steel Paint

Nickel stainless steel is now available in a paint for industrial applications. The alloy, in flake form, has shown remarkable ability to fight corrosion when applied to outdoor utility installations and has reduced maintenance costs by as much as 30 per cent.

Confession Saturday 7:00 p.m. to 9:00 p.m.

## Leiters Ford

### Zion Gospel Chapel

#### Missionary Society

The Zion Gospel Chapel Missionary Society met with Mrs. Effie Shaffer on Tuesday evening, June 18. The meeting which was conducted by the president, Romaine Wentzel, was opened by the singing of two hymns and a prayer by Leona Overmyer. The lesson was given by Treva Leap and poems were read by several members.

The business meeting opened with the roll call answered by members giving their "favorite book of the Bible". Eighteen members and 5 children answered the roll call.

Entertainment was presented by Tot See, after which the hostess served refreshments. The July meeting will meet with Mrs. Amanda Wentzel.

Mr. and Mrs. Harry Shidaker

of Bremen, attended the wedding here Saturday evening of their niece Patsy Leap to Jerry Holcomb at the Zion Gospel Chapel.

Also attending the wedding were friends and relatives from Kewanna, Rochester, Warsaw, Bremen, Bloomington, Elkhart, Fort Wayne, Winamac, Leiters Ford, Mishawaka, and Crown Point and Culver.

Miss Luanne Adam of Elkhart, visited her grandmother, Mrs. Floy Leap last week.

Mr. and Mrs. Clyde Overmyer were callers of Mr. and Mrs. Walter Johnson at Culver Thursday.

The Zion Builders Class will hold their class party with Mrs. Lucy Guise this Friday evening.

## Burr Oak

Sunday guest of Mr. and Mrs. R. D. Rogers, Gary and Mark were Mr. and Mrs. Arthur Rogers and family of LaPorte.

Miss Cynthia Lynn Crossgrove of Plymouth was a Sunday dinner guest of her grandparents, Mr. and Mrs. Floy Carrothers.

House guests of Mrs. Gladys Prosser, Laurel and Velda are Mr. and Mrs. Sam Prosser, Fayne and Arthur of Gary.

Mr. and Mrs. Richard Olle and son, Ronnie, of Chicago were week end guests of Mr. and Mrs. Lewis Jones. Mr. Olle returned to Chicago Sunday and Mrs. Olle and Ronnie remained for a week's visit.

Mrs. Rossie Moore and Robert accompanied Mrs. Bertrude F. per of Michigan City to St. Elizabeth's Hospital, Lafayette, Saturday to see their brother, Leroy Bennett, who is seriously ill.

Mr. and Mrs. Virgil Bennett, Linda, Eddie and Virgil Jr. visited Saturday evening with

Mrs. Rossie and Robert. Virgil Jr. stayed with his grandmother for a week's visit.

Mr. and Mrs. Floy Carrothers were Wednesday guests of Mr. and Mrs. Frank Miller of LaPaz.

## NOTICE

The Legion Auxiliary of the W. A. Fleet Post 103 will meet July 10 at 8:00 p.m. for installation of new officers for the year. Hostesses will be Mrs. Frances Passwater and Mrs. Dorothy Beck.

**ORDINANCE NO. 204**

An Ordinance to annex certain territory to the incorporated limits of the Town of Culver, Marshall County, Indiana.

BE IT ORDAINED by the Board of Trustees of the Town of

Culver, Marshall County, Indiana:

Section 1. That the following described territory located in Union Township, Marshall County, Indiana, be and hereby is, annexed to and made a part of the Town of Culver, Marshall County, Indiana, which real estate is located and described as follows, to wit:

Beginning on the north right of way of School Street (60 ft. wide), and said north right of way line of Houghton Avenue thence north 130 feet; thence south 89° 47' east 126.1 feet; thence north 20 feet; thence easterly approximately 600 feet to the west line of the East Half (E 1/2) of the Southwest Quarter (SW 1/4) of Section 16 and 150 feet north of the northwest corner of Von Ehr Sub-division; thence south along said west line 150 feet to the northwest corner of said Von Ehr Sub-division continuing on south along said subdivision 410.5 feet, more or less, to the present corporation north line; thence west along the present corporation line 506 feet, more or less, to the southeast corner of Houghton Addition which is the east line of Carl Street extended in said addition; thence north along the east line of Carl Street 356 feet, more or less, to the north line of Houghton Street thence west on said north line 700 1/2 feet to the place of beginning, all in Section 16, Township 32 North, Range 1 East, Union Township, Marshall County, Indiana.

Section 2. That all ordinances, parts of ordinances and conflicts herewith be, and hereby are, repealed, including specifically, but not limited to Ordinance No. 173 of the Town of Culver, Indiana.

Section 3. That this ordinance shall be in full force and effect from and after its passage and due publication as provided by law.

Passed and Adopted this 19th day of June, 1968.

## Epicondylitis

Epicondylitis is a tennis men-ace. It is akin to pitcher's elbow and writer's cramp. House-painters get it as do bricklayers, machinists and housewives.

Epicondylitis is an inflammation of the tissues adjoining the epicondyle of the humerus, the bone extending from shoulder to elbow. The epicondyle of the humerus is the elbow knuckle or joint. Inflammation is caused by strain to the arm and can be severely painful. The pain usually radiates down the forearm to the wrist and hand and increases when the extended elbow is rotated. This accounts for the cases of what's called tennis elbow.

In tennis there is an excessive turning of the palm downward and turning the hand upward during play. Tennis elbow may persist for months before spontaneous recovery occurs.

In the meantime, palliative treatment is instituted consisting of manipulation of the elbow after gentle massage over the affected area. Injections are sometimes given to relieve extreme pain. Ultrasound radiation has also been used in treating tennis elbow. This type of radiation is produced by ultrasonic waves having a frequency above the audible sound level, creating what is termed micromassage of the tissues. Such mechanical vibration is said to increase blood supply, stimulate metabolism and reduce pain, and the heat engendered is similar to that produced by local application of shortwave diathermy.

### "SHAPELY MISS"

#### REVEALS ALL

"TAM" is one lady you can see right through. She's 5 foot 8, weighs 100 pounds and measures 36-24-37. You can meet her at the University of Michigan's Museums Building. TAM stands for Transparent Anatomical Manikin and "she" is made of crystal-clear plastic so her bones, muscles and nerves all are apparent. Her central interior lighted section is cross-baffled so each organ is visible, even behind a bone or layer of muscle.

PSYCHOANALYSIS is not as popular as it was 10 years ago. Moreover, it is no longer prestigious to go to a psychoanalyst. Psychoanalysis reached the peak of its influence in the field psychiatry in the 1950's, but today its prestige and popularity are on the decline, says a University of Wisconsin psychiatrist. "Psychoanalysis is no longer the golden key to professional and

academic success in the field of psychiatry," he explains. "This trend may be due to the recent rise in popularity of community psychiatry and other innovations in the field."

A COUPLE of ordinarily very faint stars that have suddenly become much brighter, so bright that they are visible to the unaided eye, are being closely watched by a University of Texas astronomer. He has been observing the stars, called novae, with the aid of the university's 82-inch telescope. He says naked-eye-novae are not common. One usually appears about every five years and fades after about three months. But it is a rare event for two to be visible at the same time. One of the stars, in the constellation Delphinus, has now remained bright for eight months. The other, in the constellation Vulpecula (Little Fox), has been bright for about four weeks.

"PEEK-A-BOO" assemblies are enabling industrial users to keep an "eye" on materials being processed in mixing tanks, cooking kettles, absorption columns and other pressure vessels, reports Tube Turns, Louisville. The sight glasses consist of a 3/4-inch-thick lens mounted between two metal flanges; they can withstand temperatures as high as

500 degrees F.

ITALIAN RENAISSANCE painters apparently did not work the way the art-history textbooks say they did, reports Mrs. Meryl Johnson, an art conservator and chemistry researcher. She found that the artists built up the paint in the pictures in thin layers, sometimes as many as 10, sometimes alternating tempera and oil pigments. Neither the great number of layers nor the combination of tempera and oils had been known before. She also says that oil paints were used before the time art textbooks credit their invention by the Van Eyck brothers in the early 15th century.

### FATHER-SON TALK MAY BE BIRDS, BEES, COMPUTERS

A "LIVING" BACTERIUM CELL that eats, grows and reproduces itself — all by mathematical formulae — has been created by a computer scientist at the University of Michigan. During its "life" in the computer the cell thrives on milk, sugar and kindness. If maltreated, it gets sick and dies. The researcher said he created the cell model by taking detailed facts-of-life processes and integrating them in a computer to see if they could function as a whole. They did. He says the result shows that the laws of physics and chemistry can be applied to life processes to produce greater understanding of life itself.

EARLY RADIOLOGIC treatment can apparently lead to complete cures for some victims of Hodgkins disease, a cancer-like ailment that will kill as many as 3,500 Americans this year, say medical researchers at the University of Chicago. They say past success with radiologic treatment has led to a potential new treatment of a form of Hodgkin's disease affecting the skin. They are using superficial radiation of skin lesions, combined with high-energy radiation from electron beam scanning, to treat the disease.

ARC WELDING applications in tanks and railroad cars requiring continuous electrodes can be easily performed with new semiautomatic equipment that is separated into two connected units, reports National Cylinder Gas, Chicago. The portable wire-drive unit weighs only 40 pounds and can be carried to difficult-to-position weldments. It is separated from the control unit by 25 feet of cables and hoses. The welding radius is extended to 40 feet when standard 15-foot cables are connected to the gun.

AZO COMPOUNDS, once thought to be producible only in a laboratory, have been found by Rutgers University scientists to be created naturally as the result of microbial action in soil treated with pesticide. Some azo compounds (the name comes from the French word for nitrogen) are known to cause cancer and others are suspect.

THROUGHOUT the world, rivers carry an estimated 4 billion tons of dissolved salts annually to the ocean, reports the U.S. Department of Interior. About the same tonnage of salt from ocean water is probably precipitated on the ocean bottom or otherwise extracted from it. Thus yearly gains may offset yearly losses, and the oceans probably have a balanced salt input and output.

IT'S A MAN'S WORLD when it comes to flying airplanes. Sixty-five years after the Wright brothers developed the airplane, women are still a definite minority group in aviation. Latest Federal Aviation Administration figures show only 23,659 active

women pilots in the U.S. — less than five per cent of the national total.

### WHO KNOWS?

## SOME FUN!

"IF YOU MUST BRING YOUR LUNCH, DON'T COME IN THE FRONT WAY!"

Perfection is never achieved through accident. The professional athlete trains diligently and faithfully. The opera spends countless hours practicing perfect harmony. Whatever our individual talents, or our daily assignment, we always do better when we put a bit of effort in whatever we do.

The same idea is applicable to the local business community. Stores around here have been working for a long time at the business of meeting community needs — stocking and selling the merchandise the community needs; offering services needed by homeowners and business firms. They have practiced intently, keeping themselves and their customers alerted to new products and new services and their possible applications.

If you have gotten out of the habit of looking first to the local business community, may we suggest that you do next time you need a particular product or service? You may be surprised at how well prepared the business community is to meet your needs, with guaranteed satisfaction in most instances.

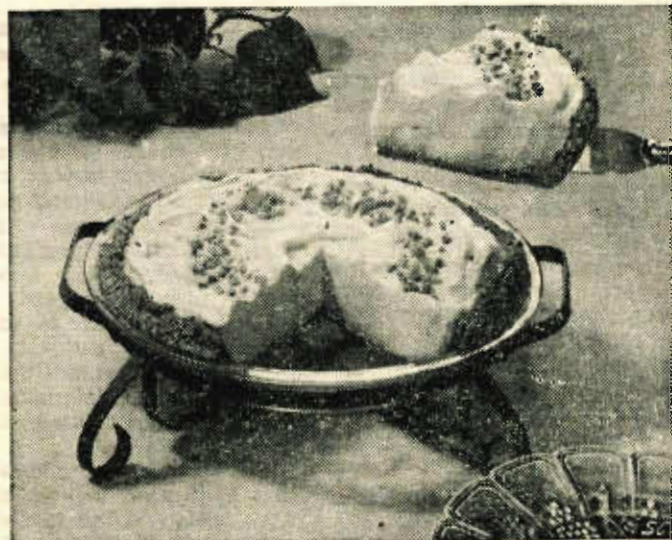

Trade at Home for Your own sake! and community progress

### The Old Timer

"The only people I know who appreciate a miser are his inheritors."

## The Busy Woman's Buffet Party

The key to successful entertaining, especially if you are a woman with a job and a household to manage, is a detailed plan. A buffet dinner is usually easiest to prepare and serve. Keep the menu simple. Write down every detail of what to do and when to do it, and keep to schedule.

A main course that meets the requirements is Beef Bourguignon.

nonne with rice and tossed green salad. A good choice for dessert would be make-ahead Coffee Crunch Pie. For the filling, combine one package of vanilla flavor whipped dessert mix with one tablespoon instant quality coffee and prepare according to package directions. Spoon it into this crunchy crust and chill thoroughly.

### Crunchy Crumb Crust

- |   |                        |
|---|------------------------|
| 3/4 cup finely crushed Post Grape-Nuts Cereal | 2 tablespoons sugar    |
| 1 cup fine graham cracker crumbs              | 1/2 cup butter, melted |

Combine cereal, crumbs, and sugar. Stir in melted butter. Press firmly on bottom and sides of 9-inch pie pan. Chill 1 hour before filling. Or bake crust at 375° about 5 to 8 minutes; cool before filling.

## Whamburgers By Teen-aged Cooks

Make it easy on yourself in warm weather and let your teen-agers cook out once a week or so. (When they cook out, you don't have to clean the kitchen after they're through spilling.) To stimulate their initiative, let them plan a menu around Cheese Whamburgers—a delicious variation of that all-American and all-preferred hamburger. Barbecue sauce mixed into ground beef before broiling gives a spicy, pungent flavor to these burgers.

### Cheese Whamburgers

- |  |
|--|
| 2 tablespoons Good Seasons Open Pit Barbecue Sauce, any flavor |
| 1 1/2 teaspoon salt  |
| 1 1/2 pounds ground beef                                       |
| 6 slices process American cheese                               |
| Additional barbecue sauce                                      |
| 6 hamburger buns, split and warmed                             |

Mix barbecue sauce and salt into beef. Shape into 6 round patties. Broil on both sides. Top each patty with a slice of cheese and additional barbecue sauce and continue broiling until cheese melts—about 1 minute. Serve on buns. Makes 6 servings.

For Onion Whamburgers, omit cheese and top broiled patties with thin slices of onion. Serve with additional barbecue sauce and pickle relish, if desired.

## Swimming Safety

Recreation in and on the water is becoming more popular in Indiana. Thousands of people will take to the beaches, swimming pools and lakes this summer, and while water can be fun, it can also be a killer.

Already 28 people have drowned in Indiana since June 1.

Dick Willsey, Purdue University extension safety specialist, says if you want to enjoy a safe summer of fun, you should follow these tips — they may save your life:

Don't swim if you are chilled, overheated or over-tired;

Don't swim during storms;

Never swim alone or dive into strange waters;

Be accompanied by a boat if you are going to swim long distances;

Don't try to show off.

Willsey points out that swimming programs are operated by the Red Cross, YMCA and YWCA, schools and parks and 4-H camps. If you can't swim, you should learn, says Willsey, but whether you can swim or not, should become familiar with drownproofing. Drownproofing is a method of floating that will keep you alive in the water. The basic procedure:

Take a deep breath, relax in the water with your arms and legs dangling.

When you want to breathe, put your arms straight out in front from your shoulders. Spread your legs for a scissors kick-one forward and one back.

Raise your head until it is nearly vertical, push down with your hands in a keyhole position, and bring your feet together. Exhale through your nose while you are surfacing.

When your chin is even with the surface, open your eyes wide, open your mouth wide and inhale through your mouth.

Relax and you will settle down into the water again. If you feel you are going to settle too deeply, give a slight downward push with your hands. Relax your position until you want another breath.

For further information on drownproofing, contact your County Extension office.

If you can't swim, you can still save a life, points out Willsey. Therefore, you should be aware of these basic techniques for life saving:

Reach out from shore and pull the victim slowly to safety.

If he is farther away, use a life ring at the end of a rope. Throw it beyond the victim and draw it to him so he can grasp it.

If you are in a boat, row to the victim and extend an oar to him. Maneuver the boat so the victim can grasp the stern, then row to safety.

Learn mouth-to-mouth resuscitation.

Common sense will usually pay off toward a safe summer. Use your head and don't over extend yourself.

### Nickel Silver

Nickel silver, an alloy of nickel, copper and zinc, which for decades has been used primarily as a base for silver-plated tableware, is now used extensively in contacts for electronic equipment.

## REMOVE WARTS!

**Amazing Compound Dissolves Common Warts Away Without Cutting or Burning**  
Doctors warn picking or scratching at warts may cause bleeding, spreading. Now amazing Compound W<sup>®</sup> penetrates into warts, destroys their cells, actually melts warts away without cutting or burning. Painless, colorless Compound W<sup>®</sup>, used as directed, removes common warts safely, effectively, leaves no ugly scars.

## Cry From The Ghetto

The cry from the ghetto must be heard and responded to in new and meaningful ways if the church and our society are to survive.

Delegates from 247 congregations in Indiana, Kentucky and eastern Illinois gathered on the campus of Indiana Central College on June 6, 7 and 8 for the Fifth Annual Meeting of the Indiana-Kentucky Conference of the United Church of Christ a union of the Evangelical and Reformed Church will the Congregational Christian Church.

"If, as we believe, the U. S. Riot Commission is correct in saying that the basic cause of this crisis is white racism then we have failed our Lord in His commandment that we love our neighbors," The Rev. Mr. Clyde C. Flannery said in his Conference Minister's Report. "The question now is whether the church can free itself from racial, economic and cultural prejudice in the short time available to it and the nation".

Mr. Calvin Lockridge, Chairman of the Black Consortium of Chicago, warned that the cry from ghetto is of despair, a cry of frustration turning into a cry of hate for the system that produced the ghetto. "But when that cry is no longer heard," he continued, "then is the real danger."

"Integration has failed," charged Mr. Lockridge and while an integration that accepts a man's humanity regard to his color is a desirable objective, it is an objective and not necessarily strategic at this time. And to argue that integration is a desirable objective does not make it a useful tactic.

The assembled churchmen were also challenged to involve their programs to relieve the misery of the ghetto, by Mrs. Theodore Wallace of Shawnee Mission, Kansas. A member of the National Executive Council

of the United Church of Christ also asked the Indiana Kentucky Conference to support a special program to meet the ghetto crisis. Part of the money would be spent through the National Council of Churches program, she said, and part will go directly to the ghettos for self-directed of economic, political and cultural comminder development.

In response to these challenges, delegates accepted a budget of \$307,355 for 1969 for the work of the Indiana-Kentucky Conference, and a Challenge of Goal of \$531,000 to support the national boards of the United Church of Christ.

On other action, Dr. Oesar Wesson, Culver, Indiana, was elected Moderator and the Rev. Mr. Donald R. Buchthal Vonderoh of Mulberry, and Mr. Frederick W. Brandenberger of Evansville were re-elected to the respective posts of secretary and treasurer.

Newly elected members of the Board of Directors for the Conference include Rev. Mr. Clifford Farmer of Evansville, Mrs. Helen Gardner and The Rev. Waldo Savage of Indianapolis, Mr. Robert Yoder, Berne, The Rev. Mr. Clarence Sitler, Louisville, Kentucky, and the Rev. Mr. Russell Siferd, Muncie, Indiana.

Mr. Elmer Schmied of Louisville, Kentucky, Mrs. O. M. Aders of Hagerstown, and The Rev. Mr. William Howenstine of Goshen, Indiana were re-elected to the Conference Board.

## Excessive Speed Reigns Supreme As Highway Killer

Excessive speed continues to reign supreme as the number one killer on America's highways. Exceeding the speed limit, according to the annual highway accident booklet recently released, accounted for nearly 40 percent of the 52,200 highway fatalities in 1967. Statistics in the booklet were compiled from reports

by state motor vehicle departments.

The vice monarch, reckless driving, was responsible for approximately 15 percent of the deaths.

Other major factors involving actions of drivers resulting in deaths and injuries include not having the right-of-way, driving off the roadway and driving on the wrong side of the road. Almost one third of the drivers involved in fatal accidents were under 25 years of age.

More than 9,500 pedestrians marched themselves to the grave in 1967. The most common causes of death was crossing between intersections, walking on rural highways, crossing intersections against signals.

This grim report has one bright corner. The total number of deaths was 300 below the number killed in 1966 and the number of injuries was down by some 200,000.

After all, the deaths of more than 52,000 people and the injury of 4,000,000 others in one year is small cause for rejoicing, even though it represents some improvement over another year.

Comparisons are odious unless they afford some ultimate betterment of the human condition.

Caution on the part of every traveler is needed to "bring him and others on the road safely, the next stage of our journey."

### Pushing Up Daisies

With Violet cuddling in his arms

He drove his car — poor silly. Where once he held his Violet, He now holds his lily.

## Buy your face a razor.

**Gillette Techmatic Razor \$2.95**

**Then, there's that once a month when a girl could use a good old-fashioned medicine.**

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.

**Lydia E. Pinkham**  
Tablets and Liquid Compound
