## Lake Association to Begin Membership Drive

The Directors of the Lake Maxinkuckee Association met Friday evening, May 23rd, at the home of Mrs. Russell Hippensteel for the purpose of encouraging anyone who uses the Lake for recreation or business purposes to become a member. The goal is to have fifty new members to meet the constantly increasing expenses.

The Association has a fourfold purpose:

1. To promote safety on the lake and to advance safety on the roads around the lake.
2. To improve sanitary conditions and prevent unnecessary pollution.
3. To promote beneficial measures to all lakeside residents.
4. To take an active interest and participate in Culver community service.

The Association has donated \$100.00 to the Culver High School and Uniforms. Donations to the Culver-Union Township Fire Department, and United Fund. Last summer the Association purchased a new car for the road patrol, and maintained the safety patrol boat on the lake.

Frank M. Setzler reported the pollution committee is investigating a method of eliminating excess nitrogenous and phosphate chemicals and pesticides from the constantly flowing streams entering Lake Maxinkuckee; preventing the accumulation of eroded soils from entering the lake from streams and storm sewers; the procedure and cost of removing soil deposits at the mouth of streams and water mains; and the feasibility of experimenting to eliminate excess growth of algae by the use of copper oxides. He also reported that at the last testing, by the State Board of Health, the lake was given a clean bill of health.

Dr. Kenneth Kraning, Chairman of the Water Safety Committee, reported that the lake would have 75 to 100 permanent buoys (each \$10.00) to provide safety for swimmers and children. These buoys are anchored 100 ft. from the shore. Dr. Kraning hopes to achieve this goal through donations from the lake shore residents. Checks for \$10.00 or more should be sent to Dr. Kraning, 834 West Shore Road. The Association will install the buoys and members will store them for the winter.

The Association hired two patrol officers as deputy sheriffs for the 1969 season to man the auto and boat patrols. Michael and Lee Jordan, both graduates of Culver winter and summer schools. Mike is a pre-law student at Indiana University Campus at South Bend. Lee is a sophomore medical student at Indiana University. They will have constant radio communication between the boat, car, town and the sheriff's office in Plymouth. In an emergency, call Jack's Taxi Office (842-3366). For off-duty hours call, Maxinkuckee Safety Patrol, (842-3653).

James Rocap, President of the Association, has made a detailed resume of the Indiana Boating Laws for anyone needing such information. Copies have been posted at the boat Marinas and boat supply stores. A new system of violation "Warning" tickets will be used for minors. The warning will be registered in triplicate; one copy to the parents, one copy for the offender, one copy for duty sheriff.

Another service the Lake Association will provide is a temporary resident or guest card for those people coming to the lake

## Receive 50 Year Diplomas At Alumni Banquet

Five members of the class of 1919 attended the annual alumni banquet held last Saturday at the school cafeteria. In recognition, they were presented with 50 year diplomas by the Alumni Association. Pictured above are from left: Oscar Young of Hazel Crest, Ill., Mrs. C. L. Shively of Culver, Frank Hosimer of Detroit, Frank McLane of Culver and Creston Rice of Indianapolis.

## Culver Jaycee Third Annual Auction Sale

The Culver Jaycees will have their third annual auction sale Friday, June 13, beginning at 7:00. The sale will take place at the old Culver Press Building on E. Washington Street. Paul Beaver will again be the auctioneer. Proceeds from the auction in past years have been used to buy a new diving board and a new life guard stand for the Town Park. Again this year proceeds will go toward community projects.

The Jaycees need donations to be sold at the auction. If you have cleaned out a garage, attic, basement, or other area recently and found items no longer useful to you, call Roy Shepard, 842-3627, who will make arrangements to have such items collected.

The Jaycees have appreciated the response from the community with their past auctions and expect this year's sale to be the biggest one yet.

area for several days renting houses, cottages or rooms. By filing such information with the Patrol officers they will be in a position to contact such residents in the event of an emergency.

The Association can best be of service to residents when it represents everyone. The annual dues are \$25.00, but the association is grateful and often use any donations to help Lake Maxinkuckee the most beautiful and safest lake in Indiana.

## Beach Passes Still Available

The Park Board is still selling beach passes for Culver and Union Township. These passes are non-transferable, to be used only by persons the pass is issued to. The cost is 25c per family. A special rate for families in the Culver school district is available for \$100.000 per family for the season.

Passes will be available for sell at the Beach Lodge until June 16. After that date persons who have not purchased their passes must be required to pay daily single admission to swim

for the remainder of the season.

Park Board president Latham Lawson invites the public to the park board meeting which will be held at the Town Hall on Thursday evening, June 5th at 7:30 p.m.

## CULVER NOTICE

Residents in the west part of town will be without water Thursday, June 12 for approximately three hours starting at 11 p.m. so that the water department can replace a water hydrant in the vicinity.

The right viewpoint will do much to lighten life's burdens.

## "Miss Edna" Honored At Banquet

Miss Edna Stahl, who taught many first graders at Culver, was honored at the alumni banquet

with the presentation of a corsage. Pictured with "Miss Edna" is alumni president, Russell Ulery.

## WATER RATE ADJUSTMENTS TURNED DOWN

Requests for adjustments on water rates from certain local businesses were reported to the Town Board at last Monday's meeting. Upon contacting the town's attorney, the Board was advised that the town has no legal right to adjust these rates and that a legal hearing would be required to accomplish this act.

In other business, Verl McFeely made the suggestion that the town's old street brooms be offered for sale. The Board approved this suggestion. Mr. McFeely also stated that he would like to discourage people from throwing their grass clippings and leaves onto the streets. He said that this creates a problem inasmuch as the street department cannot possibly keep all this debris removed. Mr. McFeely further stated that a few of the streets in town, among them Obispo Street, could not be swept with the new street sweeper because the condition of the streets were such that the brooms of the sweeper would be damaged. He said that these streets would have to be swept manually.

Board president, Donald Osborn, registered several complaints concerning a traffic hazard on South Main Street where a semi-trailer truck had been parked over the week end. Marshal Sam Madonna was ordered to correct this situation immediately. There have also been complaints that youngsters were reported climbing the new water tower. The board approved the construction of a flange or hood which would protect the ladder from trespassers.

Mr. Osborn read an anonymous letter requesting that the town of Culver promote a clean-up campaign. He stated that in view of the local situation, he believed this could not be done at the present time. He further stated that total cooperation in this type of a project is necessary and that if everyone does not cooperate the project is ineffective.

The meeting was adjourned following the payment of bills.

## Tri Kappa Gives Scholarships

An announcement of Tri Kappa scholarship awards has been made by Mrs. Robert Rust, Chairman of the Scholarship Committee. These awards were given at the Commencement exercises of the graduating class of the Culver Community Schools.

Miss Catherine Mahler, the daughter of Mr. and Mrs. Harold Mahler, Monterey was awarded the Tri Kappa Nurses' Scholarship. Miss Mahler has been active in 4-H work, choir, and church Youth Group. She plans to attend Memorial School of Nursing in South Bend.

Miss Dawn Collins, the daughter of Mr. and Mrs. Ivan Stubbs, 412 Lake Shore Drive, Culver, received a Tri Kappa Vocational Scholarship which she will use to attend Indiana Vocational and Technical College in South Bend. Miss Collins, who is interested in a career in fashion design, will major in Commercial Art.

A Tri Kappa Vocational Scholarship was also given to Miss Marjorie Reichard, the daughter of Mr. and Mrs. Robert Reichard, R. R. 4, near Letters Ford. Miss Reichard has been active in dramatic club and was class treasurer in 1968. She plans to attend Vogue Beauty College, So. Bend.

MARIO ANDRETTI GOT THE job done Friday which by this time is no news to anyone. However, the running of the 1969 Indianapolis 500 mile race provided a lot of speed and thrills as the richest single sporting event in history again was enjoyed by some 300,000 fans. Friday was a beautiful day, hot and sunny, and new records were set the entire day as speed was the order of the day.

THE VICTORY FOR THE diminutive Andretti and the Andy Granatelli team broke a jinx for both groups. Since coming to the speedway and winning rookie of the year honors in 1965, Andretti has been plagued with trouble. He had run less than a hundred laps in his last three races due to car trouble even though he was the pole setter twice. For Granatelli, it has been almost all heartache, both on and off the track since they first visited in the 1940's.

THE FIRST YEAR BIG Andy went to Indianapolis, he wired headlights on his car, bought a license for it and drove it to Indianapolis from Chicago due to lack of capital. Now, as president of the STP company, Granatelli has shook up the racing world with his various entries. He experimented with the powerful Novi's and then

finally brought the turbines to Indianapolis. Twice he had an apparent victory in his hands with the turbines only to have small failures near the end of the race burst the bubble that contained all his dreams.

HE ALSO SUFFERED through court in his battle to keep the turbines in the race . . . and lost here as well. He has expressed a desire to bring a steam car to Indianapolis and probably would have some trouble with the USAC officials here as well. He thinks in the future . . . always trying to put something new and better into racing. He got the four drive to Indianapolis and now that is on the list to go. However, this year, big Andy put an 11 car stable in the race . . . including almost everything to make it impossible to ban his cars. He even had some diversities this year, but again overcame these as everyone now knows.

THE RACE ITSELF THIS year was one of speed and competition for over half the race. Then it settled down to speed and a battle between Andretti and the Granatelli jinx . . . which this year came in second to the checkered flag. Andretti took the lead from the start as he beat Foyt to the first turn. He led for a few laps and then the hard-charging A. J. took over the lead for quite some time. Also strongly in competition were Roger McClusky, who started in the second row, and several who worked up fast, led by Lloyd Ruby who started in 22 spot. Gary Bettenhausen and Wally Dallenbach each push near the top and both Ruby and Dallenbach led the race for a few laps at one time as the first scheduled pit stops were taking the leaders off the track for a few precious seconds.

FREAK ACCIDENTS ALWAYS are responsible for some failures in the race Lloyd Ruby had the honors this year. While reeling his second time, he pulled away to quickly and damaged the fuel system enough that he was unable to take on anymore fuel and he pulled off the track, done for the day. Gary Bettenhausen dropped out after 35 laps at almost 160 mph and riding in fourth spot. Foyt eventually was forced to the pits with some kind of trouble and after a very lengthy pit stop was back out driving the only way he knows how . . . hard. Bobby Unser's car was not at peak performance was the same true of Dan Gurney's for a time. With these misfortunes and a hard-charging Andretti driving very smoothly, all of a sudden a real race was a cake walk if

Andretti could just keep it going.

THIS HAPPENED AND THE victory was a decisive one even though Andretti layed off the hard driving the last part of the race. With over a two lap lead he had only to keep it moving and the entire crowd was waiting with great anticipation to see if the Granatelli jinx would over ride the STP team again.

THE SPEED OF THE 1969 race was a new record at almost every stop. This was due to one of the safest races in history. After 24 laps, Jim McElreath's car blew a motor and exploded into flames right in the middle of the main straightaway but he safely took the car off the track and the yellow lights was on for just a few laps. Arnie Knepper, after 82 laps, came out of number four, had a problem with his car and hit the wall, spinning to the inside of the track on the main straightaway. This put the yellow on again, but once more it wasn't long and the total time run on yellow was less than 15 minutes.

EVERY RACE IS EXCITING and this was no exception. Even though Andretti wasn't pushed for the last 230 miles the race had plenty to offer the large crowd. Now it is start for next year and another great racing spectacle, the Indianapolis 500.

### Local Students Receive Awards At CMA

Three local students have recently received awards at Culver Military Academy. Jeffrey P. Adams, son of Mr and Mrs. Fred Adams, received the "Superior Junior Cadet and Military School Cadet Ribbon", which is given for outstanding leadership, both military and academic, and who is deemed to be the best potential officer in his class.

### Miss Lutz Wed To James Engle

Baskets of blue and white mums decorated the altar at the Emmanuel United Methodist Church, for the double ring ceremony which united Miss Rita F. Lutz and Mr. James Engle Jr., at 2 p.m. on May 25.

Rev. A. E. Givens, pastor of the Church officiated. Miss Margo Fox sang and was accompanied by Merl Crabb, organist who played the nuptial music.

The bride is the niece of Ellis Licht of Culver and the groom is the son of Mr. and Mrs. James F. Engle of Monterey.

The bride was given in marriage by her uncle, Ellis Licht. Appliques of re-embroidered Alencon lace touched with seed pearls highlighted the Empire bodice of the bride's gown which was fashioned of peau taffeta with a bateau neckline long fitted sleeves and an em-

pire waistline trimmed with a small bow. Similar appliques and a bow accented the A-line skirt which had an attached chapel-length train trimmed with lace and a large fabric bow at the back waistline. Her veil of illusion was attached to a petal cap trimmed with pearls and sequins and she carried a bouquet of white mums.

Miss Ann Wagoner was maid of honor and bridesmaids were Mrs. Daniel Savage and Mrs. Robert Wright. The attendants wore identical baby-blue crepe A-line gowns with white lace bodices. They wore matching veils and carried round bouquets of white mums.

Pamela Wright, as flower girl, wore cotton lace over blue made with long sleeves with bell shaped cuffs. The neckline and cuffs were trimmed with lace.

Wayne Hurlburt of Griffith was best man and ushers were Daniel Savage of Argos and Robert Wright of Bruce Lake.

Immediately following the wedding a reception was held in the church social rooms. Mrs. John Wagner, Mrs. Donald Lutz and Mrs. Vicki McKinney presided at the refreshment table. Miss Becky Licht was in charge of the guest book.

The young couple left for a wedding trip to Niagara Falls and after June 1 will be at home at Bruce Lake.

The bride is a 1968 graduate of Culver High School. Her husband attended Monterey High School and is employed at the

Plymouth Tube Manufacturing Company in Winamac.

### Girl Scout News

Girl Scout Day Camp will be held at Limberlost Campsite, June 9-13 from 9 a.m. until 3 p.m.

Limberlost is located on Route 17 north of Culver, and is operated by Mr. and Mrs. Max Ottow, Donaldson, and consists of 55 acres of land. The area was developed four years ago, and the name originated from the book, "Girl of the Limberlost", by Gene Stratton Porter. Ninety-five Girl Scouts from Culver, Plymouth, LaPaz, Lakeville and Bremen have registered for Day Camp.

Units for the Brownies, Juniors, and Cadettes have been organized and will be staffed by leaders and assistants.

Transportation will be provided for those girls who have registered, and they should plan to meet at the Culver Methodist Church at 8:30 a.m. each morning, and will return at 3:15 p.m.

Sack lunches will be taken on Monday and Friday, but meals will be cooked on the campsite the remaining three days. Milk will be served every day. Girls should bring their own plate, cup and tableware in a cloth or mesh bag which should be marked. They should also bring a sit-upon, handbook, notebook and pencil. Slacks or jeans, sturdy shoes, socks and headscarf should be worn. Troop leaders should be contacted if you have any questions concerning Day Camp.

Mrs. William Martin will serve as Director, and will be assisted by Mrs. Milton Hughes, business manager.

The Brownie Troop 216 of Monterey received a nice monetary donation from Mr. Orven Johnson of the Monterey community to help with the purchase of their new flags. This dona-

tion was deeply appreciated by all the Troop. The Brownie Troop 216 and Girl Scout Troop 218 will participate in the Strawberry Festival at Leiters Ford on June 14, with a float representing their stay at Day Camp planned for later in the summer.

**Kiddies in the Kitchen**  
 by Betty Crocker

When a gal is 6 and a fellow age 4, or thereabouts — nothing beats cookie baking for rainy day recreation. So for the recreational director — that's you, Mom — here are two simple recipes and a few child-styled tricks. Make the cereal bars as directed or shape mixture into popcorn balls and build candy kitty kats or snowmen. To doll up the butter cookies, roll 1-inch balls of dough into sugar before pressing flat. Or brush baked cookies with corn syrup and sprinkle with decorators' sugars. And for the Kiddies-in-the-Kitchen motto, everybody memorize: "Leave the kitchen spic and span so Mother will let you bake again."

**BUTTER COOKIES**  
 1/2 cup butter  
 3/4 cup sugar  
 2 cups Bisquick

Heat oven to 400°. In large mixer bowl, cream butter and sugar. Mix in Bisquick thoroughly. If dough is too dry, mix in about 1 tablespoon light cream. Shape dough into 1-inch balls. Place on ungreased baking sheet; flatten with floured fork. Bake about 8 minutes. Cool slightly before removing from baking sheet. Makes about 3 1/2 dozen.

**Almond Butter Cookies:** Follow recipe for Butter Cookies (above) except—add 1/2 teaspoon almond extract.

**Lemon Butter Cookies:** Follow recipe for Butter Cookies (above) except—add grated peel of 1 lemon.

**Orange Butter Cookies:** Follow recipe for Butter Cookies (left) except—add grated peel of 1 orange.

**FRUITY CEREAL SQUARES**  
 1 package (3 ounces) fruit-flavored gelatin  
 1/3 cup light corn syrup  
 2 tablespoons soft butter  
 4 cups Cheerios

Butter square pan, 9 x 9 x 2 inches. In large saucepan, blend gelatin, syrup and butter. Heat to boiling over medium heat, stirring constantly. Remove from heat; stir in cereal until thoroughly coated. Turn into prepared pan; pat mixture evenly in pan with buttered back of spoon. Cover; chill about 30 minutes. Cut into 1 1/2-inch squares. Store covered at room temperature. Makes 3 dozen.

## PROFILES OF GREAT AMERICANS

**Mary McLeod Bethune**—educator, group organizer, White House adviser and United Nations delegate—was born in South Carolina in 1875, the first free-born child of ex-slave parents. She had 17 brothers and sisters.

Mary walked five miles to school every day as she covered the first four elementary grades. Then, with no immediate prospects of further schooling, she sorrowfully returned to the cotton fields.

In her teens, however, she was chosen to attend a Presbyterian seminary in North Carolina. Because she was a diligent student, the principal and his wife assisted her in getting a second tuition scholarship—this time to Moody Bible Institute in Chicago.

After teaching at various schools in the South, Mrs. Bethune opened a small school in a poor section of Daytona Beach, Fla. Five little girls were her first students. Poor neighbors shared their limited funds with the struggling school.

In 1906, with a down payment of \$5.00, she started building what was to become Faith Hall. Mrs. Bethune cultivated the support of the city's wealthier winter residents. Within two years after its opening, the school, which later merged with the Cookman Institute, had 250 students. At its 50th anniversary it was a fully accredited college.

Holder of 11 honorary degrees, Mrs. Bethune was an adviser to President Roosevelt on the affairs of Negroes and other minority groups. At her death in 1955, she left behind a brilliant record of service and distinction.

Mary McLeod Bethune's biography and others in the Leading American Negroes series of sound filmstrips can be purchased by educational organizations through the Society for Visual Education, Inc., 1345A Diversey, Chicago, Illinois 60614 a Division of The Singer Company.

"Behold, I create new heavens and a new earth: and the former shall not be remembered, nor come into mind."

This verse from Isaiah is part of Sunday's Christian Science Bible Lesson-Sermon on "God the Only Cause and Creator."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "This scientific sense of being, forsaking matter for Spirit, by no means suggests man's absorption into Deity and the loss of his identity, but confers upon man enlarged individuality, a wider sphere of thought and action, a more expansive love, a higher and more permanent peace."

## 100-Year-Old Photos Go On Tour

### U.T.U. Celebrates "Spike" As Labor Triumph

With a minimum of hoopla but with a certain amount of understandable boasting, American labor is planning its own celebration of the "Golden Spike" centennial.

The program, co-sponsored by the United Transportation Union and the Oakland (Calif.) Museum, stresses the contribution of working men in building the nation's first transcontinental railroad.

Plans center on the only photographic record ever made of the almost legendary construction project. The pictures are printed off glass plate negatives shot more than 100 years ago by the Union Pacific Railroad's official photographer, Andrew J. Russell.

The photos, in an exhibit specially constructed by San Francisco architect Gordon Ashby, will go on tour, starting this year and continuing at least into 1972.

Russell's camera virtually wrote the script for labor's centennial event. He followed the UP work crews all the way from their starting point in Omaha, Neb., to the link-up with Central Pacific at Promontory Point, Utah, on May 10, 1869.

"In our own quiet way," said U.T.U. president Charles Luna, "we want to take fitting notice of the men who gave

In this picture by photographer Andrew Russell, celebrating workmen surround the hand-shaking chief engineers at Promontory—Central Pacific's Sam Montague (left) and Gen. Granville Dodge of Union Pacific. The rough working faces were a little too coarse for the dignitaries, so CP president Leland Stanford had a painting commissioned of the event (see below).

their muscle, brains and, in many cases, their lives—men who fought disease and hostile Indians while working under the whips of company supervisors—to make possible that famous ceremony at Promontory."

Ironically, Russell's remarkable plate-glass negatives went into virtual oblivion as soon as they were made. For one thing, large investors and sympathet-

ic politicians were dissatisfied with his photograph of the link-up celebration, showing the two locomotives nose-to-nose on the finished track, and workmen dominating the area in a state of celebration.

When the union began research two years ago for its hour-long movie, "Movin' On," the whole Russell collection of glass plates, 500 in all, was dis-

covered, carefully crated, in a remote storage area of the American Geographical Society in New York's upper Manhattan.

After making its way around the country, the exhibit, with working prints of "Movin' On," will reside permanently in the Oakland Museum.

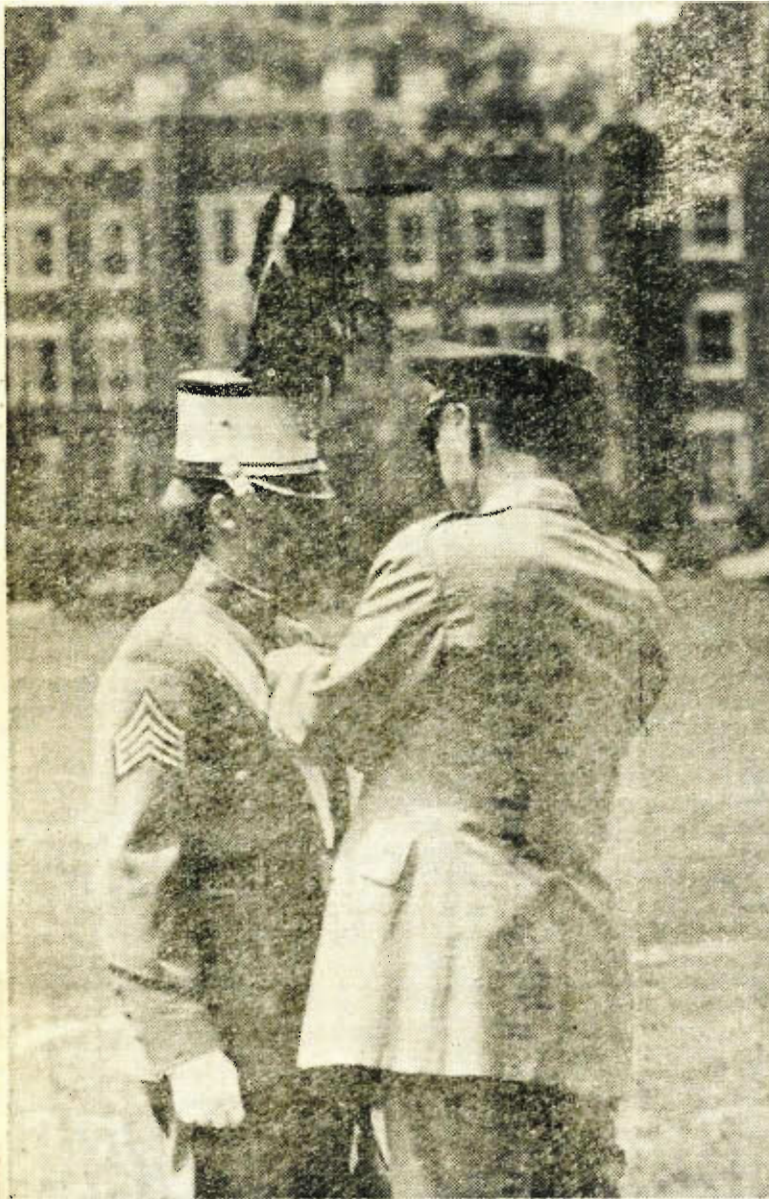

The painting centers on Stanford, and it includes only three workmen—all kneeling before the mighty Leland. Many of the dignitaries here never saw Promontory; at least two were said to have died two years before May 10, 1869.

The famous Gen. Jack Casement posed proudly for Russell—holding the bullwhip that was used to exhort Union Pacific workers to lay track at groundbreaking pace.

## Jeff Adams Receives Award

Jeff Adams of Culver received a superior military school cadet ribbon with certificate at the awards parade at Culver Military Academy. Making the presentation to the son of Mr. and Mrs. Fred Adams, 304 N. Shore Lane, is Brig. Gen. John W. Dobson, Culver superintendent.

The award is given to only four cadets who show the most outstanding leadership, both military and academic, and who are deemed to be the best potential officers in their class. Adams is a graduating senior.

## KNOW YOUR INDIANA LAW

(This is a public service article explaining in general terms a provision of Indiana law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

### "WORKMEN'S

### COMPENSATION"

The Workmen's Compensation Act of Indiana provides compensation for "personal injury or death by accident arising out of and in the course of employment." Many of these words have, by court interpretation, taken on specialized meanings too complicated to detail here.

With specific exceptions, such as railroad employees, farm workers, policemen and firemen, the compensation law covers virtually every situation in which there is an employer-employee relationship coupled with an injury.

It is surprising to many, but of great interest to all to know that you may receive compensation benefits even though:

1. Your own carelessness or negligence caused the accident and injury;
2. Your injury was caused by a fellow employee;
3. You assumed the risk involved in your work.

However, you may not receive benefits if your injury is a result of:

1. Your intentionally self-inflicted injury;
2. Your intoxication;
3. Your commission of a felony or misdemeanor;
4. Your wilful failure or refusal to obey a reasonable written or printed rule of the employer which has been posted in a conspicuous position in your place of work;
5. Your wilful failure or refusal to use a safety appliance;
6. Your wilful failure or refusal to perform any statutory duty.

Your employer bears the burden of proving the existence of any of the foregoing six acts or omissions.

The Occupational Disease Act is very similar to the Workmen's Compensation Act, but covers diseases contracted at work as opposed to injuries. For example, staph infections and tuberculosis are common occupational diseases. If you are exposed to such a disease at your place of work and you later con-

tract the disease, you may receive compensation benefits for lost time and medical bills. This Act does not cover diseases common to the majority of the population such as colds, flu and the like.

Benefits under both laws are 60% of your average weekly wage, not to exceed \$51.00 per week. This means that if you average less than \$85.00 per week you will receive 60% of your wage. But no matter how much over \$85.00 per week you earn, your maximum compensation will be \$51.00 per week.

Compensation is not effective until you have been off seven days and begins with the eighth day. However, if you are off work over twenty-eight days, you will be paid for the first seven days.

In addition, your medical bills are paid by your employer.

If you suffer an injury which is permanent, there is compensation over and above the benefits paid for lost time.

If you are injured on the job, remember two important items:

1. Report the injury to your foreman or personnel department at once.
2. In the event you have a dispute with your employer, you

have two years in which to file your complaint with the Industrial Board. If it not filed within two years, your claim is forever barred.

## Evert Hoesel Retires From Teaching

Evert Hoesel was honored recently by the Polk-Lincoln-Johnson School Corporation at a special assembly.

Mr. Hoesel, who is retiring from teaching, was presented an engraved plaque inscribed with the following: "Presented to Evert Hoesel in recognition of 33 years of meritorious service to the teaching profession. May 1969".

**You feel a little edgy, or maybe cross.**

Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

You might even have what we call hot flashes and feel sad and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to help you feel better. When you start changing, you could use a good old-fashioned medicine for an old-fashioned problem. And you don't run any chance of the kind of unpleasant side effects you can get from some of the newer drugs.
