Proposed School Tax Levy Announced

A notice to taxpayers of a proposed school tax levy of \$4.68 for a 1970 General Fund and a \$.78 cent Debt Service levy was approved here this week by the Board of School Trustees of the Culver Community Schools Corporation.

Although the 1970 Debt Service has been lowered nine cents from the \$.87 levy in 1969 to \$.78 in 1970, the General Fund levy has been raised 28 cents, from \$4.40 to \$4.68.

The school district will be operating during the 1970 on an estimated \$84,500 larger budget than 1969, school officials point out. The budget estimates represent an approximate seven per cent increase based on the same property valuations as used for the 1969 budget.

The proposed 1970 levy, also subject to county and state review, would raise a total of \$1,174,242, up \$84,500 from 1969. To make income and expenditures balance in the 18 month projection, July 1, 1969, to December 31, 1970, it was necessary to trim \$47,772 from expenses.

The school corporation estimates a total income during the 18 months of \$1,665,808, but officials note that a realistic budget for the same period would require an estimated income of \$1,708,180. Thus, it has been necessary to cut several budgeted items.

Affecting the local school budget preparation with reflected costs are several factors, including lowered state support as effected by the 1970 school support formula and as compared with former years.

Using the 1969 valuation, the valuation per ADA in the school district is \$12,100. On a comparative basis, using 1968-69 ADA, state tuition support is less than 1969 by some \$14,500. However, the report shows that 1969-70 estimated enrollment of 1652 will be up 57 pupils over 1968-69.

The increase is due to the closing of the Holy Family School at Monterey. The added enrollment will bring added state tuition support in the 1970 distribution but not proportionately so.

The variable of assessed valuation per ADA affects each school corporation budget and this is reflected in tax levies. In some, with lower valuation per student, added 1970 support will be greater. A recent survey of 13 corporations in this four county area showed 1970 state school support varying greatly. Four of the thirteen schools will, because of more than \$12,000 valuation per student, receive less state funds in 1970, while five will each receive more than \$95,000 more than they received in 1969.

The survey shows support ranging from a minus \$38,000 to a plus \$115,000. Thus it is possible that some school districts will be able to cut levies while those with high valuations will be forced to their respective tax limits and also to cut programs.

In some cases, corporations who receive less state support can file for relief under a "grandfather" clause as provided by the 1969 act.

Other factors affecting the Culver Corporation 1970 budget planning are increased costs of personnel salaries, operation, transportation, social security, insurance, and an 8 to 10 per cent increase in costs of supplies.

Seventy-one per cent of the 1970 expenditures would go for over-all instruction costs. If professional salaries are set apart from the instruction costs, they comprise 66 per cent of the total

VFW Ladies Auxiliary Meets

The Ladies Auxiliary to V.F.W. 6919 of Culver held their annual pot-luck picnic at the Culver Town Park on Monday, August 4th with thirty six members and guests present. Mrs. Roger Wise was chairman of the arrangements with Mr. George Lemar assisting.

Following the picnic the Auxiliary held their regularly-scheduled meeting with President Mrs. George Lemar presiding over the round-table meeting. General orders were read with special emphasis given to the National Convention to be held August 15th to 22nd in Philadelphia, Pa., and Indiana Day on September 21st.

Discussion was held on the preparation of Ditty Bags for the service men in Vietnam which is sponsored by the American Red Cross. Members were reminded that the deadline for turning in the items is September 15th.

Plans were also discussed regarding attending the Wagon Wheel Playhouse on August 27th for the performance of "Pajama Game". All members attending, will meet at the Post Home where transportation will be arranged.

Mrs. Alan Cornett, Sr. was appointed Member Ship Chairman and reminded members that local chapter dues have been raised to \$4.00. She has asked for cooperation of each member of the Auxiliary in the 1970 Membership Drive.

Members were advised of the hospitalization of Mrs. Milton Sheppard in Robert Long Hospital, Indiana University Medical Center, Indianapolis, and were asked to send cards during her extended stay.

The meeting was closed to reopen August 18th at the Post Home when initiation of new members will be held. Hostesses will be Mrs. C. Art Bennett, Mrs. Jack Washburn, Mrs. Alan Cornett, Sr., and Mrs. Walt Von Ehr.

Money still talks, but unless you have lots of it today, it says—nothing doing.

expenditures. The breakdown shows other costs to be Administration, 3 per cent; Transportation, 8 per cent; Operation, 10½ per cent; and Maintenance, 3 per cent.

Approval of the budget to be advertised does not necessarily mean final sanction, but it does set the maximum tax levy which cannot be raised, once published. The Board of School Trustees may, under legal provisions, transfer funds among budget divisions.

To fund the adequate budget of \$1,708,180 would require a General Fund levy of approximately \$4.92. However, with an adjustment factor of .0948, the maximum is \$4.69 and cuts have been effected to set the levy at \$4.69. Instructions by state officials indicate that the current adjustment factor should be used.

Although the budget projections are based on 1969 valuation as per instructions of the State Tax Commission, officials have determined that, if there were a ten per cent increase in valuation without change of the present adjusted valuation ratio, there would be an estimated 18 to 21 cent decrease in the tax levy.

A public hearing on the proposed levy is scheduled for 7:45 p.m., August 28th, in the school administration office.

Report On Hearing Given At Town Board Meeting

All members were present for the regular Town Board meeting Monday night. George Becker reported on the hearing with the State Pollution Board which he attended along with Esther Powers and Sue Mattox. The town later received a letter which stated that he own had gained no additional points on their standing for Federal Aid in the local sewage plant renovation.

Esther Powers reported a call in regard to the pier on Davis Street which has not completely been installed. She was instructed to inform the caller to contact Mr. John Stealy who is in charge of the installation.

Board president, Donald Osborn, announced that the town budget for the coming year has been formed and that the town's tax rate would be approximately thirty cents lower than last year's rate.

It was announced that the dirt streets in Culver are slated to be oiled in the near future.

Ruth Lennen, clerk, reported several complaints of weeds in vacant lots and bushes overhanging in some streets and alleys. The board stated that the owners are responsible.

Marshall Madonna recommended an ordinance be made in regard to the parking of trucks in the city limits. Any truck, over one-ton would be made to park in the town's parking lot north of Culver. The board said the town attorney would be contacted in this matter.

NOTICE

The Street Department wishes to remind all residents of Culver that grass clippings and leaves do not belong in the streets. Rain sewers have become clogged in recent weeks and the cooperation of everyone is requested.

THURSDAY NIGHT BOWLERS TO MEET

The Thursday Night Bowling League will hold its fall meeting Thursday, August 14 at 7:30 p.m. at the State Exchange Bank cafeteria. All bowlers are urged to attend.

Tax Unrest Hits Marshall County

Tax-resistance activity among taxpayers is being organized in Marshall County and an "open air" meeting of the proposed Marshall County Tax Resistance Committee is scheduled for 8 p.m., Monday, August 11th, in the parking lot of the Bourbon Farm and Home Supply store. Store owner and general manager, Roland Waggoner, and Louis Weissert of Tippecanoe Twp., a former Marshall County Commissioner, are sponsoring the session.

It is open to all taxpayers of Marshall County who wish to organize and resist the new reassessment that has taken place in St. Joseph, Marshall and Starke Counties.

Representatives from the St. Joseph County Tax Resistance Committee will be there to help organize and both counties will coordinate their effort to fight the reassessment that has hit this area.

Mr. Waggoner can be contacted by phone at Fineside 2-3255 if anyone has questions pertaining to this meeting.

Waxman Accepts Position With South Bend School

Kalvin Waxman, Head Wrestling and Track Coach of the Culver Community High School for the past three years, has resigned from the staff of the Culver Community High School to accept a position with Penn-Harris-Madison Schools, it was announced by school officials here today.

An instructor in Social Studies in addition to his coaching duties, Waxman had initiated the high school wrestling program here in 1966.

Officials, in announcing the resignation, said that applications were being accepted to fill the vacancy.

NOTICE

The kindergarten thru eighth grade principal's office will be open, starting Wednesday, August 6, from 9 a.m. till 1:00 noon and from 1:00 p.m. till 4:00 p.m. for those wishing to register new students and for discussing any problems.

Books Have Been Donated To Library

Two books have been donated to the Culver Public Library by the Culver Extension Homemakers Club in the memory of Mrs. Harry Sheppard and Mrs. Hattie Wickizer Krueger. "Except for Me and Thee" by Jessamyn West has been donated in the name of Mrs. Sheppard and "The Generous Years" by Chet Huntley has been given in Mrs. Krueger's name.

Time Magazine lists "Except for Me and Thee" in the top 10 best fiction sellers and the book is a companion to the book "The Friendly Persuasion" which was also written by Miss West.

Chet Huntley in "The Generous Years" describes his childhood and youth in Montana during the 1940's.

Both books are now available at the library.

Former Resident Dies At South Bend Hospital

Hobart E. Baker, 66, of 1410 E. Fox Street, and formerly of Culver, died at 4:05 p.m. Thursday at St. Joseph's Hospital at South Bend.

Mr. Baker was born February 23, 1903, in Starke County, Indiana, and has lived in South Bend since 1943, coming from Culver. He was married to Ethel L. Truesburg on November 20, 1927, in Anderson, Indiana. She preceded him in death in 1956. He was a retired Studebaker employee.

Surviving are a daughter, Mrs. Richard Benko of South Bend, and two grandchildren. Services were held Saturday in the Bilancio-Guisinger Funeral Home at South Bend with Rev. Paul E. Chalfant, pastor emeritus of Sunnyside Presbyterian Church, officiating.

Burial was in the Culver Masonic Cemetery.

Lifetime Resident Dies At Home

LeRoy Grove, 81, of 102½ E. Jefferson Street, died at his home at 1 a.m. Friday, August 1 of a cerebral hemorrhage.

Mr. Grove was born October 12, 1888, and had lived his entire lifetime in this area. He was married September, 1926 at Culver to Anna Lenz, who preceded him in death February 20, 1953. He was a retired custodian of Culver Grace United Church of Christ.

Three daughters survive, Mrs. Ann King, of Plymouth, Mrs. Augusta Forseth, of Midlothian, Ill., and Mrs. Agnes Thomas, of South Bend, Ind.; one son, William Lenz, of Spokane, Wash.; 11 grandchildren; 26 great-grandchildren; and three great, great grandchildren.

Services were held Monday, August 4 with Rev. Charles L. Haney officiating. Burial was in the Culver Masonic Cemetery. The Easterday-Bonfigli Funeral home was in charge of the arrangements.

- 8:00 p.m. — Hibbard Circle will meet at home of Mrs. Walter Scott.
- 8:00 p.m. — Culver Jaycees will meet at Bank Lounge.

MAJOR POINTS AND MINOR, TOO

It's about time: To reflect on the alarming auto crash situation!

So many are being killed and injured on our highways every day that virtually every home in America will be touched within a short period.

The slaughter goes on, despite the heroic efforts of many police authorities, safety groups and the insurance companies. . . The nut behind the wheel doesn't seem to gasp the situation. We have speeders, tailgaters, drunks, pill-groggy depes and mental cases barreling down our streets and highways.

It's no wonder the hospitals are filled . . . that the cemeteries are getting business years ahead of schedule . . . and that auto insurance rates have had to be increased. A serious situation all around? You can bet it is. Hadn't you better do something about it?

WATCH THE OTHER GUY: Keep an eye on the guy beside, behind or in front of you whenever you drive, says the Allstate Motor Club. What he does (and often it's unpredictable) can spell life or death for you. Some single car accidents are caused by some joker who doesn't even realize he's responsible for the crash that follows his erratic behavior.

HERE AND THERE: Drivers Journal says some Americans seem to think that living within their income is a fate worse than debt . . . an unusual Czech motion picture with great appeal, "The Firemen's Ball" . . .

What a little boy gets during springtime piano practice: Bach ache . . . one fellow got x-rayed 87 times and then the doctor finally diagnosed his illness — radiation poisoning . . . the tulip fields in Holland are beautiful, but no more so than those along the Columbia River near Woodland Wash., or the daffodil fields each spring near Tacoma, Wash., both breathtakingly attractive . . . wonderful springtime dish: Rhu-barb sauce . . . a mystery book you're sure to enjoy "Spies, Inc.," by Jack D. Hunter.

FAVORITE STORIES: I went into a Chinese restaurant the other day where I broke a tooth on a fortune cookie that said, "Best to You in 1956" . . . A message to mothers if you want a few minutes to yourself, alone and undisturbed — do the dishes. Fannie Flagg

TRAVEL ADVICE: You'll be more apt to enjoy your vacation if you resolve to drive no more than 300 miles a day, the Allstate Motor Club says. That way you'll have some time for rest and sightseeing. Another thing, never tailgate. A rear-end accident on a vacation could ruin things for everyone concerned.

WORDS IN USE: He is stubborn, I am persevering . . . he is stingy, I am thrifty . . . he's a busybody, I'm civic minded.

The Funny Papers
We received good wishes and congratulations from friends and executives of the company my husband is associated with.

— Oakland (Calif.) Tribune
The said \$5,000 was raised by their campaign committee, called Santa Clarans for Goof Government. — San Jose Mercury.

— Henderson (Ky.) Journal
What is happening shows an intensification in the academic civil war and a loss for the swindling band of moderates.

Ireland Vignette
CORK: This is a city with a bell tower known the length and breadth of Ireland. It's also

famed for its busy port and for being so near to Blarney Castle, which is well worth a visit if you're touring the Emerald Isle. And it's really green in the summer, with wonderful, lush meadows and hillsides all about. At Blarney is the intriguing Druid Close (or circle), which you shouldn't miss. You can reach Cork easily by train or bus, and Irish International Airlines also will fly you here if you're in a great hurry. With good restaurant and hotel facilities, and much to charm you in its shops, Cork really is a good place for a short stay.

— Lenore Lee
ISN'T IT AWFUL? When it's cheaper to throw something away than to have it repaired? When the appetizer for dinner costs more than a whole meal used to cost just a few years ago?

— John W. Mock.

INDIANA CORN PRICE OUTLOOK

Indiana farmers can expect harvest time corn prices of around \$1 a bushel with a seasonal increase next spring to at least \$1.20, says Purdue University agricultural economist William S. Farris.

The prospective seasonal price increase probably will be sufficient to make storage reasonably profitable, he adds.

ROBERT E. URBIN, Editor
MRS. RUTH MACKEY, Assistant Editor

Current indications point to a 1969 national corn crop of 4.3 billion bushels, Farris says, with the possibility of slightly over this production if the excellent weather continues. With a relatively good crop in prospect, the trade will not be worried about corn stocks becoming alarmingly low.

Thus, a downward adjustment of prices from the late July levels is expected as the harvest period approached. Harvest time prices may drop a few cents below the national loan rate of \$1.05 a bushel. However, Far-

ris points out, "we will have basic underlying strong position for corn prices since it is still indicated that even a good crop will not quite equal corn need during the coming marketing year."

REFLECTION

To prevent bad habits from creeping in a man should have a booster shot now and then.

Culver Student Wins In Competition

Robert Nord Hoover, 811 East Shore Drive, Culver, a 7th grade student at the Culver Public School, is one of the First Award winners in the Encyclopaedia Britannica's 200th Anniversary Competition for achievement in written research assignments.

He has been awarded a set of 4-volume 1969 edition of the Encyclopaedia Britannica. His teacher, Mrs. Margie Truelove, will receive a three-volume Replica of the first edition of Encyclopaedia Britannica, published in Edinburgh, Scotland in 1788, for submitting and recommending his winning entry.

The Britannica 200th Anniversary Competition, held in conjunction with Scholastic Magazines, Inc., was designed to encourage students from the 6th through 12th grades in the use

of basic reference materials. Entries were judged on the basis of completeness, accuracy, quality of expression and skill of presentation.

Students were urged to use the reference work of their choice and to write on any topic of interest to them. Entries were judged by a panel of distinguished educators.

Homemakers Club Enjoys Picnic

The members of the Culver Extension Home Makers Club and their husbands enjoyed a carry in picnic supper at the farm home of Mr. and Mrs. Whitney Kline last Friday evening. Mrs. Howard Oberlin and Mrs. Al Poppe were assistant hostesses.

Following the supper, a short business meeting was held with the club president, Mrs. Guy Davis presiding. The date for the Achievement Day program has been changed to October 16th at 8 p.m. at the Church of the Brethren at Plymouth. A silent auction will be held at the September 5 meeting with the articles to be baked foods.

Mrs. Davis gave an interesting speech on "County Zoning." She read about the history of the first settlers, the Indians in Marshall County and the problems that no doubt existed even then. As more people moved in and

towns grew, the problems grew. Because of no laws or programs, junk yards began to form and there was no trash pick up or sewage systems in existence. County zoning can control so many of the problems that exist in the community. Time marches on with the growth in population, larger schools, industries, and new homes being built in the new sub-divisions. Therefore the need for zoning is becoming more necessary.

Following the lesson on zoning, slides were shown on how a community could look with or without this project.

The next club meeting will be September 5th, with the place to be announced later.

Naval School Prepares For Annual Inspection

Midshipmen of the Culver Summer Naval School are preparing for the Navy Department's annual inspection Friday. A special parade, to which the public is invited, is scheduled for 10:30 a.m.

Culver Summer Naval School adheres to the Naval honor school system. There are four honor schools approved by the U.S. Navy in the country. They are Admiral Farragut Academy, New Jersey; the Florida branch of the Admiral Farragut Academy; Tabor Academy, Massachusetts; and the Culver Summer Naval School.

Culver was the first school organized under the honor system. It is also the largest of the four. Since Culver's naval school lasts for only eight weeks during the summer, a cadet must attend for three years to meet the Navy's requirements. At the end of his third summer, a cadet is awarded a diploma from Culver and a certificate from the U.S. Navy Department. The format for the other honor naval schools has been developed from the Culver system.

Cmdr. Burton L. Curry, director of the Naval School, explains that each year the Culver Naval School must undergo an inspection to ensure that it maintains the high standards of the honor schools. This year the inspecting officers will be Capt. Charles W. Wiese, USN, deputy chief of staff for the Naval Reserve, Ninth Naval District, and Capt. Kent Teller, USNR, ed-

ucational advisor to the commandant of the Ninth Naval District. Both officers are from the Great Lakes Naval Station. A full garrison parade with the Naval School, Girls School and Black Horse Troop will be staged at 10:30 Friday on the Riding Hall Terrace.

Let's Not Spill Our Blood

By M. Roth Cline

As every auto-driver knows, there are danger spots at certain intersections where special driving skill is required to avoid an accident. But some situations are so absurd that it's next to impossible to avoid the inevitable crash.

One of the most lethal in our community is the well known Behmer's Corner, where the much traveled through street Lake Shore Drive is intersected by Academy Road. Motor traffic is intensified by the Medical Clinics now in operation at this corner. It is most difficult, if not impossible for Academy Road drivers (who are required to yield the right of way) to see the oncoming vehicles without getting the nose of their cars out in the line of Lake Shore Drive traffic.

A driver can do fairly well going east at this crossing but going west, coming into town from the Academy is where the impossible situation exists. Creeping westward carefully, twisting your neck to look north and south (at the same time, if you can), no traffic is immediately visible — not satisfied — you pull out an inch farther. Now you can see all the way south to Bunker Hill, thanks to the descendants of the much pioneer Behmer family who still live there and who helpfully always keep their trees and shrubbery trimmed

back, so your vision is not blocked in front of their property.

But then you take another glance north to your right and you can't see the road as your sight is cut off by a high link-fence, a post and a road sign. Most of us finally make it but we are the lucky ones, because the driver coming from the north can lawfully be going 65 miles per hour!

That's right - - 65 miles per hour!

No speed limit signs appear south out of Burr Oak except the one immediately south of the Nickel Plate crossing which shows 65 miles per hour permissible. Obeying all speed limit signs and there are none between Dillon's Corner and Behmer's Corner, a motorist can sail right through the Lake Shore Drive and Academy Road intersection at 65 before a sign appears to slow him down to 30 mile per hour. This type of high-speed kills at busy intersections.

My instructions to those responsible for this terrifying conditions are as follows: within 10 days or less install signs leading to this intersection limiting speeds to 30 miles per hour or less. Within 30 days or less, install an electric stop and go traffic control system that will defuse this "Killer" "Korner". Expensive? Yep - - and in tax dollars too. But who can equate dollar with lifes' blood?

D. Large, son of Mr. and Mrs. Raiph Large of Culver, arrived here yesterday. He died in a German prison camp February 26, 1945, at the age of 20.

The seventh annual Moonlight Serenade is set for Aug. 6 and 7. Miss Betty McKee, daughter of Mrs. Trula McKee, and Melvin E. Thomas, son of Mr. and Mrs. Harry Thomas, Sr., were married July 30.

Cecil Griffith, veteran drugist at the Culver City Drug Store, has received a cash award in a sales promotion contest conducted throughout the nation by a national producer of drugs.

Mr. and Mrs. Sam Jones celebrated their 45th wedding anniversary on July 31 with a family dinner in their home.

A gas stove exploded at the Culver Grill early Sunday morning. Mr. and Mrs. Dennis Sedam of South Bend are the parents of twin girls born July 28. Mrs. Sedam is the former Virginia Miller, daughter of Mr. and Mrs. Cloyd Miller.

August 2, 1939

The Argos Lions Club held its annual picnic in the Culver Town Park Thursday night with about 60 attending.

Earl Mishler, local NIPSCO manager, left Sunday on a free trip to the General Electric plant at Cleveland, Ohio, as a reward for being one of the high men of the utility in a sales campaign.

James May, who has been taking six weeks' training at Fort Knox, Ky., returned home Saturday evening to spend the rest of the summer with his mother, Mrs. Della May, and family.

Neil Shaw has closed his meat market in the Menser Building.

George Thornburg of Burr Oak underwent a major operation on Monday at Parkview Hospital.

Over 100 members and friends of the Methodist Church gathered there Wednesday evening for a reception for Dr. and Mrs. Frank Hovis.

July 31, 1929

The attractions at Lake Maxinkuckee, the Culver Military Academy and Culver were pictured in detail in the motor section of the Chicago Herald-Examiner last Sunday.

Homer Kemple, formerly of the Academy, has accepted the position of manager of the Culver Shell Service Station.

The Academy clock which was out of commission for a week, is repaired again.

Miss Marjorie Hawkins entertained six girls to dinner Thursday evening in honor of her birthday.

Little Betty Harper had her tonsils removed Monday.

The Eskridges, who have been living above Johnson's Tire Shop, moved into the Everett Goodman property on Jefferson Street.

August 6, 1919

H. L. Henning has bought the Spencer bungalow opposite the depot.

Sam Williamson bought the Easterday meat market last week.

Born to Mr. and Mrs. J. M. Miller, a son, Donald (George).

Town Marshal Mattix moved from the flat in the Menser Building to the Mose Menser house opposite the Christian Church.

The closing of the road between the Academy and the town has reduced considerably the visitors who witness the Sunday parades.

August 5, 1909

The water company has purchased meters and will install them on every connection in town. The charge will be 2 1/2 cents per 100 gallons, but no charge to be less than \$2 per year.

Samuel Parker has resigned as attorney and board has appointed S. N. Stevens as his successor.

The heat of August brings hundreds to enjoy the cool breezes of Lake Maxinkuckee.

The excursion of the Stude-

baker employees Saturday numbered 400.

CULVER COLUMN

I must have broken the record for starting trouble . . . just one column and BOOM. I am referring to the Letter to the Editor appearing in today's paper.

I hope some of you are going to heed Arthur Hughes' proposal of expanding recreational facilities in the town park. He is a man who is giving his time and thought to helping the youth in this town and he has asked us to help. Don't let him down.

I wish the park could use a set of golf clubs . . . I'd gladly donate my husband's. Being a golf widow just "ain't" much fun. As soon as he walks in the door his face shows what his score was. Earlier this year he got a "birdie" and hasn't shut up about it yet.

LITTERERS BEWARE: If you have garbage or trash to dispose of, use the trash can. One local character tried to unload an unsavory bag of garbage at the corner of 10 and 17 last week. One of our foremost citizens happened to see this attempted littering and asked that the garbage be put back in the car and disposed of in a proper place. Upon refusing, our six foot and then some hero pulled his frame from his car and demanded the man do so. This is all it took . . . the garbage found its rightful home.

There's another rumor running around town (it has even spread to Monterey and Letters Ford) that the School Board is considering purchasing or building a new superintendent's office.

find this one hard to believe but there certainly is a great deal of talk. The taxpayers need a break and the members of the board are well aware of this.

That fabulous collection of Indiana relics displayed in the M & M window belongs to Raymond McCarthy. Many hours were spent walking over the fields to amass this display. All of these items were gathered within a 10 mile radius of Culver. Mr. McCarthy must have a sharp eye indeed.

The Lake Patrol rookie nabbed a cartful of kids in town last week. Seems though they had stuffed too many in one car. Well, it proves two things. One being that the rookie can count the other being that he still hasn't found his way back to the lake yet.

Possibly we could all be of service if we point toward the Lake when we see him.

The letter published last week and signed "Culver Alumnus", bemoaning the lack of uniform on the band members should be straightened out. That was the Junior Band, not the Senior Band who performed.

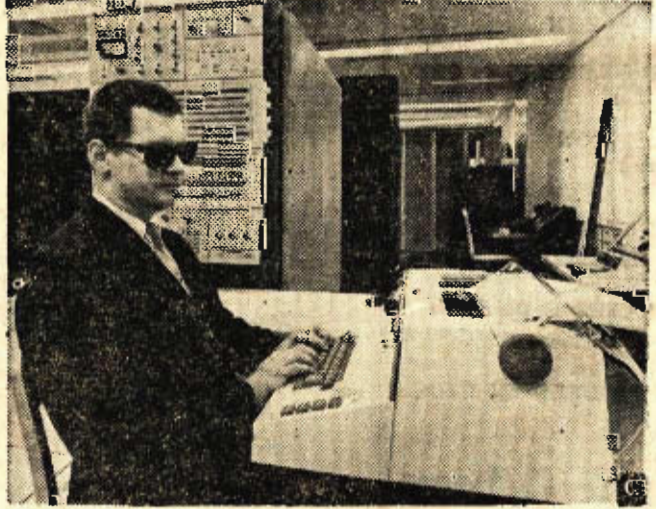

From the looks of things the Culver Police Force has had a few additions and subtractions. The turnover within that group is faster than a barbecued chicken on a spit.

Buy your face a razor.

Gillette Technatic Razor \$2.95

TAKE A NEW LOOK AT BLINDNESS

SUCCESSFUL COMPUTER PROGRAMMER Robert LaGrone is one of many blind persons who are similarly employed. Many more are in training. (IBM photo)

How does a person react when blindness strikes? Where can he go for competent assistance?

Actually, each person reacts differently, according to M. Robert Barnett, executive director of the American Foundation for the Blind. The key factor in adjusting is professional counselling, which is available through local agencies for the blind all over the country.

Unfortunately, blindness for centuries has been linked with helplessness, and today many people still think and speak of "the blind" as a class apart from our normal society. The fact is that there are more than 30,000 blind college graduates in the United States. There are blind teachers in public schools, blind college professors, blind executives in business and government, blind computer programmers, and blind scientists in many fields. There are blind children attending school with their sighted peers.

This progress is largely the result of the assistance and guidance of hundreds of com-

munity agencies for the blind. Helen Keller was the inspiration for much of the work which has enable blind people to win independence and a place in our sighted society.

Miss Keller, who triumphed over deafness as well as blindness, was associated with the American Foundation for the Blind from 1924 until her death just a year ago. The Foundation is carrying on her work, cooperating with other agencies throughout the country, and urging all Americans to rededicate themselves to the spirit and service of Helen Keller.

If you are not acquainted with the agency for the blind in your community, the Foundation suggests that you get to know it, to learn about its services and its needs.

If you do not know the name or address of your local agency, or if you know a blind or visually handicapped person who does not know where to go for professional assistance, write to the American Foundation for the Blind, Box 111, New York, New York 10011.

Memories From .

August 5, 1959

The Culver Cafe at the north-east corner of Main and Jefferson Streets, a landmark at that location for many years, is now just a pleasant or unpleasant memory depending upon the appraisal of your last cup of coffee there. Raymond Kline is the new owner of the building and future plans for the building have not been announced.

Miss Shari Yocum, daughter of Dr. and Mrs. E. J. Yocum, won high honors at the area elimination contest for the Chicagoland Music Festival. Miss Yocum received the second

trophy in class "A" piano solo and will complete in the finals August 22 in Chicago for the privilege of playing at the Festival that night.

Vandals recently have caused more than \$300 in damage to tombstones in the century-old Cromley Cemetery near Culver . . . the second time such a disgraceful act has taken place in this spot in the last three years.

August 3, 1949

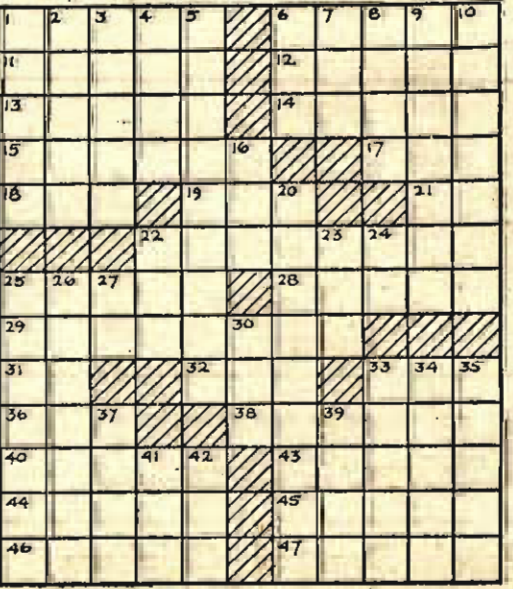

George Eley, prominent Argos citizen, has been appointed to the Parkview Hospital board to succeed Deane B. Walker. The body of Private Bernard

Voice Of The People

OUR POLICY: We reserve the right to print all material presented to the "Citizen", even though it may not necessarily reflect our views. Voice of the People letters will be published providing they are signed. Names will be withheld if requested.

THE CULVER CITIZEN

Columnist Censured

Dear Editor:
An item of admitted gossip, with no establishment of facts to back it up, has no place in a newspaper. However, bridge table gossip was printed in the July 31 edition of the Culver Citizen in such a snide manner that the writer should be ashamed of herself (or himself).

This is the first complaint advanced in the two summers said person has lived at that location. He has championed the youth of this community - - often in the face of opposition - - and, in the first place, CHOSE Culver as the ideal home and the place in which to raise his children (he has two babies, who were awakened by the unnecessary commotion.)

The encouragement, moral and financial, which he has given to the young and the older people he has encountered, and given it freely, cannot be measured.

If "all adults aren't like him"-inconveniencing himself, ruining his household budget, and spending sleepless nights endeavoring to find a solution to someone's

problem - - my question is: "WHY NOT?"

This man cares about people! Don't you want your children to care about anyone but themselves? Does a man who complains once, for what he considers a just and reasonable cause, have to be drawn and quartered? Should no one file a grievance for fear of recriminations?

Is THAT really Culver, "a good place to raise our children?"

Mrs. Thomas E. Walker

Asks Support For Regatta Parade

We would like to thank all the people who took part in the Regatta Parade and those that came out to see it. If you think it would be nice to have a parade next year, let us know.

In the parade we had seven very nice floats that took a long time to prepare. There was one band (not the Senior Band, but they were good), there were six fire trucks, the Drum and Bugle Corps from the Woodcraft Camp along with the Black Horse Troop and Indians from the Culver Military Academy. I think it was a fine thing for them to come with all they have to do. Thanks CMA! We also had two ambulances (four Wheel Horse tractors, a racing boat, Girl and Boy Scouts and the Rockin' Riders and their horses. There was the police car and the Golden Arrow Twirlers of Culver. There

were about 31 units in the parade and that took about 200 people participating! It could not have been a success without the hundreds of people that came out to see the parade. See you next year!

Bill Martin
Parade Chairman

"Encouragement Needed" Says Band Member

I would like to comment on last week's letter in "Voice of the People" concerning the appearance of the Culver band.

The band which performed in the Regatta Parade was not the Culver Community High School band. It was last year's Junior High Band with the exception of the drummers and a few other musicians.

The High School Band had originally planned to participate in the parade but our director knew that if we did, we would be expected to wear our new uniforms. The uniforms are made of wool and very hot for the summer heat, but if other bands in our area can wear their uniforms throughout the summer, then Culver can do it too. I can understand the disappointment of the community

people after all the contributions which made our uniforms possible

We're all very proud of our new uniforms and the band members are willing to get out and show them off. But, we

can't do that without being backed by our band director.

Culver could have a very good marching band if only we had the encouragement and enthusiasm behind us.

BASIC GASES FOR LIFE

ARE FOUND IN SPACE
 ASTRONOMERS now have found that a link they had thought was "missing" in interstellar space — a link in the chain of gases essential to the evolution of life — is there in space, after all. Utilizing the Greenbank, W. Va. radio telescope, they have found formaldehyde in dense, dusty clouds. With water, hydrogen and ammonia already discovered in space, the addition of formaldehyde has stirred interest among life scientists, for it has been shown in laboratory experiments that an electrical charge passed through these gases leads to the creation of amino acids, the building blocks of life. One theory is that life on earth began this way.

WHAT EFFECT expanding agriculture in certain areas of Africa has on primate animal societies is the subject of a year's on-location study by two University of Florida researchers who are spending the year in Kenya. Already evident is that the baboon adapts quickly to the new threat to his old ways. The baboon has "become an expert crop-raider," the researchers report.

GUARANTEED SAFETY against mixups in connecting piping and outlets in medical gas and vacuum piping systems in hospitals, nursing homes and laboratories is provided by a new key feature of outlet fixtures built by Chemetron Corporation. Each outlet is keyed to its proper piping mate so the installer cannot make the con-

nection at all if the keys do not match up.

RADICAL FACIAL surgery necessitated by certain forms of cancer is in itself traumatic, and post-operative disfigurement compounds the upset. Through prosthesis such patients are getting a break. Prosthesis are artificial devices dental surgeons are utilizing to rebuild the features of a cancer patient, erasing the deformities caused by surgery. But the skills required are broad — incorporating a knowledge of surgical techniques, tissue reaction, dentistry and sculpturing — and as of now only a handful of men are equip-

ped to perform such services.

AMERICANS USE about 270 billion gallons of water a day, or about 22 per cent of the supply available. But the net amount actually consumed is only 61 billion gallons, or 5 per cent of the supply.

CALORIE — WISE

In early days the effort to keep straight was a moral struggle — today it is diet.

BUDGET BATTLE

Today's crying need is an invention that will take the financial ache out of a vacation.

TECHICALITIES

Men should be equal before the law, but some are born with the ability to find loopholes.

ITCHING

Taxpayers appearing shall have a right to be heard thereon. After the tax levies have been determined and presented to the county auditor not later than two days prior to the second Monday in September, and the levy fixed by the county tax adjustment board, or on their failure so to do, by the county auditor, ten or more taxpayers feeling themselves aggrieved by such levies, may appeal to the state board of tax commissioners for further and final hearing thereon by filing a petition with the county auditor on or before the fourth Monday of September or on or before the tenth day after publication by the county auditor of tax rates charged, whichever date is later, and the state board of tax commissioners will fix a date for hearing in this county.

SUDDEN INFANT DEATH
Somewhere in the nation a young child dies — suddenly, quietly, unaccountably. It happens about 10,000 times each year. This tragic phenomenon, so well known to physicians that it has been given the medical term, "sudden infant death," leaves an inevitable trail of grief and self-accusation behind it.

"What did we do wrong? What did we leave undone?" the agonized parents ask themselves. They conclude that the infant suffocated in its bedclothes, choked on throat secretions or regurgitated food, or fell victim to undetected illness. The sorrow of bereavement is compounded by a lifelong burden of guilt.

Researchers have investigated the problem for years, but so far have found only tentative answers. One of those advanced most recently was voiced by Dr. Abraham B. Bergman, a professor of pediatrics at the University of Washington. His explanation, while it offers no immediate solution to the problem, absolves parents from guilty complicity through ignorance or neglect.

Dr. Bergman traces the cause of crib deaths not to accident but to infection by a so far unidentified virus which, he believes, acts on the nervous system to cause a respiratory spasm which cuts off the child's air supply. In a study of 118 sudden infant deaths otherwise unexplained, he and two associates found virus agents in 34 percent, compared to 8 percent in children who had died of other causes.

There is no way of predicting or preventing such occurrence, Dr. Bergman emphasized, and he urged physicians to assure parents in cases of sudden infant death that they were in no way at fault. "It is bad enough for a parent to lose a child," he commented, "without having to live through life fearing he killed it. Meanwhile research goes on in the hope of achieving a definite answer to the problem."

LESSONS LEARNED
Self-confidence must be built up from the past to give a man faith to face the future.

SELF-APPRAISED
No man would have reason to complain if he could be measured by his own yardstick.

"No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit"*
This verse from I John is part of this Sunday's Christian Science Lesson-Sermon on "Spirit."
A related passage from Science and Health with Key to the Scriptures by Mary Baker Eddy states: "Every trial of our faith in God makes us stronger. The more difficult seem the material condition to be overcome by Spirit, the stronger should be our faith and the purer our love."**
*I John 4: 12,15
** page 410

LOW-INCOME PERSONS IN INDIANA BENEFIT FROM USDA FOOD PROGRAMS
Nearly 83,000 low-income persons in Indiana received food assistance from the U.S. Department of Agriculture during June, according to Dennis M. Doyle, Midwest district director of Consumer Food Programs.
The total included 41,462 in 64 Commodity Distribution Program projects and 41, 157 in 26 Food Stamp Program areas.
Indiana participants in the Food Stamp Program received around \$726,000 worth of coupons during June of which nearly \$265,000 were bonus coupons. The average bonus per person was \$6.43.
In the 11 Midwest states, over 1,157,000 persons received USDA food assistance. Of the total, around 350,000 persons were in 296 commodity programs and 807,000 in 564 food stamp projects.
The Food Stamp Program enables low-income families to buy more food by exchanging the amount of money they normally spend on food for coupons are

spent like cash at authorized retail food outlets for any domestic foods.
The Commodity Distribution Program provides over 20 USDA-donated foods to supplement the diets of needy people. The foods are shipped to the state distributing agency which handles the storage and transportation to local distribution centers and welfare agencies.

Kiddies-Can-Do-It *By Uncle Cobb Shinn*

Make A ROLL-ALONG OR STICKLESS HOOP

THE TOP OF A TIN CAN, THE LARGER THE BETTER; MAKE A HOLE IN THE CENTER WITH A NAIL

THROUGH THE HOLE THREAD A GOOD STRONG STRING ABOUT FOUR FEET LONG TIE A KNOT ON ONE END TO KEEP IT FROM SLIPPING OUT OF THE HOLE

GIVE THE TIN A ROLL WITH THE HAND AND THEN PULL ON THE STRING

HERE'S how you can make a dandy toy to play with on the sidewalk. Why not be the first one in your neighborhood to have one of these hoops? If the other children see you with one they will be sure to make one. Then you can have races. Won't that be fun?

Letters Ford
By Treva Leap

The Zion Gospel Chapel held their Sunday School picnic following the worship service, last Sunday, with a basket dinner under the trees and in the yard of the church. Visiting and playing games were enjoyed, following the refreshments of home made ice cream.

Mrs. Jesse Sims of Culver and Belinda Sims of Warsaw were callers of Mrs. Floy Leap and daughter Treva Leap recently. Mrs. George Anderson, Mrs. Everett Jester of Kewanna and Mrs. Frank Pacica and family of Monroe, Michigan visited in the

same home Tuesday.

Mrs. Lucy Guite called on Mr. and Mrs. Clyde Overmyer Tom Overmyer of Plymouth spent Saturday in the same home.

Rev. and Mrs. Leon Hofer and family of Warsaw and Mrs. Max Kline of Lake Bruce were dinner guests of Mr. and Mrs. Marion Kline and family on Sunday.

Doyle Overmyer of Plymouth was a caller of Mr. and Mrs. Clyde Overmyer.

Mr. and Mrs. Gerald Osborn of Culver, were callers Sunday evening of Mr. and Mrs. Clyde Overmyer Mr. and Mrs. Carl Owen of South Bend, were Monday callers.
