HEARING PLANNED

The State Board of Tax Commissioners has scheduled a public hearing for 9:30 a.m., Friday, Sept. 19 at the Courthouse in Plymouth on the proposed additional appropriation of the Culver Community Schools Corporation for the purchase of the site of the former Culver Clinic.

The property would be used as a school administrative office. The proposed purchase price is \$25,000. The purchase would be made from a \$27,810 balance left in the equipment and supplies fund for the new high school. This balance would be transferred into the general fund and assigned to the account for the purchase of the property.

MSG Fye comes to Culver from Howe Military School where he also served as an instructor in military training. He has 37 years experience in music in military and civilian capacities. Sgt. Maj. Hudson has just retired from the Army after 29 years of experience. He was last assigned as command sergeant major at the US Military Academy Preparatory School in Fort Belvoir.

SCHOOL LEVY IS SLASHED AT CULVER

The Marshall County Tax Adjustment Board held a deeply Tuesday, September 9, into plans of Culver Community Schools Corp. to purchase a new administration building. The board cut the proposed 1970 levys by 8 cents, but the reduction may be appealed.

The cut in the levy will not interfere with plans to purchase the Culver Clinic for use as an administration building, or with the plan to pay for it in one year, but would have the effect of stretching out for three years the replenishing the budget to make up for the purchase price.

The levy reduction will reflect in the operating balance, and Robert Rust, superintendent of Culver schools, said he could understand how a tax board might believe this would be the best way to handle the expense of the purchase of the clinic, but added that he did not believe the school's operating balance could stand the cut.

The reduction in the levy will reduce the operating balance in the school's general fund from the requested \$95,500 to about \$80,000.

Rust said he would discuss appealing the cut with the board of school trustees. The State Tax Board, on appeal, can restore cuts made by the tax adjustment board.

The reduction was proposed by Frank McLane, chairman of the tax adjustment board, and a former Culver superintendent of schools. He said he thought taxpayers would object less to the move, which in effect spreads the cost over three years, than paying for it all in one year.

The board of school trustees last week approved an additional appropriation of \$27,810 for the purchase of the clinic. Seven taxpayers attending the meeting questioned the purchase, and the county auditor's office has since received inquiries as to when the state tax board hearing on the appropriation will be held. So far, no date has been set.

Brings Rate Down

The rate reduction brought the general fund levy of Culver Schools down to \$4.60 per \$100 of assessed valuation, and the total rate down to \$5.53 — 11 cents higher than this year's rate.

Van Horn, Accident Victim, Improving

Jon Van Horn is reported to be improving steadily at Parkview Hospital, Plymouth, where he was taken following a head on collision on Tuesday night, September 9 at 16th Road 2 miles northwest of Culver.

VanHorn, 22, is the son of Mr. and Mrs. Harry VanHorn of Rt. 1, Knox and brother of Ron Van Horn of Culver. He suffered multiple contusions and lacerations of the face, as well as internal injuries. John McCarty, 60, of Rural Route, Monterey, suffered multiple lacerations of the face, arms, and legs and a broken nose.

Marshall County Sheriff oficers reported that McCarty's car was east bound on 16 Road when it went across the center line into the westbound traffic lane and slammed head on into the VanHorn car. Both vehicles were completely demolished in the crash.

It is never too late to learn, but too many people learn that until it is too late.

Open Letter To Parents Of Culver Elem. Students

During the past few years the membership of the Parent-Teacher's Association and the attendance at that organization's meetings has dwindled until the question arises: "Should Culver have a PTA?"

There seems to be an enormous communication gap between the "parents" and the "school" and one constructive way of breaking this gap could be in an active and interested PTA.

Our newly elected officers for the year 1969-70 have met and made arrangements to hold our first meeting of this year on Tuesday, September 23rd at 7:45 p.m. in the Study Hall of the Culver Junior High School. We have also arranged for Mrs. Merl Fall, PTA Member-at-Large, to speak on "What is PTA and What Is Its Purpose?" Is it too much to expect the parents of our students to attend this meeting to hear the speaker, take part in our business meeting, meet our teachers, and the other parents, and enjoy a short social hour?

This year we will send advance notices of the meetings, the agenda to be handled at the meeting, and the program to be presented. This is another area where we need help. We are not always aware of what type of program in which you are interested. We are open to suggestions and these can be directed to our program chairman for consideration and evaluation for their mutual value.

We want to keep the meetings short and to the point and present programs which are both interesting and informative. We, as officers, are elected to do the work and preside at the meetings. We do not wish to "run" the organization — that is your job. We feel that all of you, as parents, will want to take part in the program and business aspects of your PTA.

Won't you not only mark the date, September 23rd, on your calendar but also remember to attend. There will be an Attendance Prize given to the grade, kindergarten through 8, which has the most parents in attendance.

No man would have reason to complain if he could be measured by his own yardstick.

A committee appointed by the directors is reportedly searching for a new superintendent.

Couple To Celebrate 50th Anniversary

An open house reception celebrating their golden wedding anniversary was hosted last Sunday by Mr. and Mrs. Bert P. Flood at their home, 11942 Ken-ny St., Norwalk, Va.

More than 90 relatives and friends signed the guest book and extended their congratulations. Coming from Indiana to help celebrate the happy event were Mrs. Flood's nieces, Mrs. Elizabeth Porter and Mrs. Robert (Mary) Porter, and her nephew, Charles Woolfe. Even the weather was favorable — providing a bright, sunny day for the party which extended to the Flood's patio.

Mr. and Mrs. Flood were married Aug. 19, 1919, in Culver, Ind. by Judge Riggins. Mrs. Cora Riggins made the bride's and bridesmaid's costumes. Lorena Riggins Dunlap was bridesmaid. Over 100 people attended the wedding in the old Saine building. They moved to San Diego in 1924 where they lived until they bought their home on Kenny Street in Norwalk in 1949.

Their wedding in 1919 was a unique and colorful occasion. Flood and his bride, the former Miss Edna Arnold, were mem-bers of the Redman and were married in the lodge hall in a set of traditional wedding attire. The Floods wore Redman kilts and Pochontas costumes. Mem-bers of their wedding party and all lodge members also were dressed in Indian costumes.

The Flood's son, Bert E. Flood,

and daughter-in-law, Marge, live in San Diego. Their daughter, Frances, and son-in-law, Tom Turton, live in Westminster, and their daughter, Lillian, and son-in-law, Archie Gavlik, live in Ehrenberg, Ariz. They have eight grandchildren and 10 great-grandchildren.

Among the honoree's many anniversary gifts was an anniversary clock from their three children.

Marshall-Starke Begins Program Of Adult Services

Marion L. Mason of Valparaiso has assumed the newly created duties of director of adult services for the Marshall-Starke Development Center, west of Plymouth. Services are now being offered to nine mentally retarded adults and accommodations for a total of 20 now exist at the Center.

Mason, formerly with the adult services workshop of Pulaski county at Winamac, previously spent four years developing the workshop program of Lake county before attending special workshop management classes at DePauw university at Greencastle. He says the Lake county program grew from the initial 35 trainees producing a total income of \$3,500 to 96 trainees producing an income of \$60,000 annually.

Trainees receive wages for

work performed in the program, with their wages increasing as they develop their skills. The new adult services program at the Center will develop adult living skills and will offer work adjustment training, vocational evaluation and work activities and occupational skills training, community job placement, plus the adult sheltered workshop, Mason says. The workshop program will include such projects as assembly or manufacturing of products, packaging, garden-ing and work with ceramics.

Mason plans to solicit the co-operation of area Chambers of Commerce, Jaycee chapters and other service organizations in order to develop the placement program. He says trainees in the adult services program nor-mally do well in repetitive work, with no evidence of boredom or fatigue. Some mentally retarded trainees, he noted, may have related handicaps such as speech or hearing defects.

Mason will be on duty from 9 a.m. till 3 p.m., Monday through Friday of each week. He sug-gests that interested area resi-dents seeking additional infor-mation about the new program may contact Mrs. William Blang-ing, executive director of the Center, so that a social worker may be assigned to determine the need of the individual. The Marshall - Starke Development Center has established the new adult services program under provisions of the 1969 federal sta fting grant.

Nuts of all kinds are said to be more plentiful this year than for many years past. Mr. and Mrs. Jesse Crabb are the parents of a son born Sept. 15.

Here's another weather sign: A man who has been watching the weather and the Lake for 14 years says the period of general high winds always follows the appearance of sea gulls on Lake Maxinkuckee. The stormy conditions may not come for several days after the birds are first noticed, but is bound to come soon. Then after the high winds are over, the gulls dis-

appear and may not be seen for a long time.

The Culver post office did heavier business the first two weeks of September than it has ever before done in the same length of time.

John Osborn has sold the half-acre west of town, known as the slaughter yard, to Benjamin Easterday for \$300.

Following the opening services, initiation ceremonies were held for new members, Mrs. Cloyd Farmer and Mrs. Bill Stubbs.

Communications were read from Department President Marjorie Buzzard and included her report from the National Convention held recently in Philadelphia. Highlights of the meeting were a banquet address by Secretary of Defense Melvin Laird and the presentation of the V.F.W. Space Award to Astronaut Frank Borman.

District communications reminded members of District meeting to be held Sunday, October 5th at Post 360, Mishawaka. All members are urged to attend this meeting.

Chairman reports followed with Rehabilitation Chairman, Mrs. Eleanor Liette reporting cards and flowers sent to members who are ill. Mrs. Milton Sheppard and Mrs. Pearl Geiselman remain on the convalescent list.

Mrs. Alan Cornett, Membership Chairman, reported that 1970 dues are being received and a total of nineteen members are "in the corral". The theme for the 1970 membership drive is "Rodeo Round-up" and all members are urged to renew their membership for the coming year.

Indiana State Soldiers Home Chairman, Mrs. Roger Wise thanked members for their generous contributions of men's and women's clean, usable clothing to be sent to the Home in honor of VFW Day, September 28th. A collection box has been placed in the Post Home and additional contribution can be made until the September 18th deadline. Mrs. Wise also asked members to bring a bar of soap to the

next meeting. At that time she will inform the Auxiliary to what use the soap will be put. As VFW National Home Chairman, Mrs. Wise received volunteer help to bake several dozen cookies for Indiana Day, to be celebrated at the Home on September 21st.

because of its charitable aspects.

Mrs. Cornett asked for volunteer help for the Patriotic Dinner sponsored by the Post and to be held September 27th at the Post Home. There will be a Smorgasbord Dinner at 5:00 p.m. followed by an Open House. The public is welcome and tickets may be obtained from any member.

The uniform committee reported to the members present and the decision was shelved until a later date.

Mrs. Ted Strang, Community Service Chairman, stated that the Marshall County Red Cross Bloodmobile will be in Culver on October 1st and urged members to participate by donating blood or working as volunteer help.

She also reported delivery of the Ditty Bags to the Red Cross which had been filled by Auxiliary members.

The Quarterly Audit was held on September 8th at the home of Mrs. Frank Cihak, and report of this meeting was given by Trustee Mrs. C. Art Bennett.

Following the meeting, refreshments were served from a flower garden accented table, by Mrs. Ward McGaffey, Mrs. Kenneth Kemple, and Mrs. Sam Strang. The mystery prize was won by Mrs. Larry May.

Culver Community School News

New Faces Grace The Halls Of CCHS

English Dept. Boasts New Faces

MR. TOM JAQUISH

One of Culver's newcomers is Mr. Thomas Jaquish, instructor of Freshman English. Formerly an industrial engineer for such firms as Hartl Jones, Carborundum and Stuart Warner, Mr. Jaquish holds a Bachelor's degree from Canterbury College at Danville, Illinois.

About three years ago Mr. Jaquish decided that he would prefer teaching school to working in industry. So, he set about getting the necessary courses at Ball State and Purdue Universities. Last spring he went straight from his practice teaching assignment to a summer session job at Arsenal Technical School at Indianapolis.

Besides teaching five freshmen English classes, Mr. Jaquish has taken on duties as Business Advisor to the yearbook staff, Student Council Advisor and advisor to the school newspaper.

Out of school, this versatile teacher is a sports enthusiast who likes hunting, fishing, gardening and all kinds of ball playing. He is also an amateur gunsmith.

Mr. Jaquish, his wife Eleanor and their three children, Mike, 15, Mitchell, 12, and Michelle, 10, have moved into a home on Thorn Rd.

MR. STEVE VITOSKY

A graduate of Indiana State at Terre Haute, Mr. Steve Vitosky hails from Linton, Indiana. His teaching assignment includes four sophomore English classes plus speech and drama.

Mr. Vitosky and his wife Malinda were married on the Saturday before school started. Mrs. Vitosky has joined the staff of Culver Junior High School where she also teaches English.

The Vitosky's had no trouble finding a place to live in Culver, they brought their home, a trailer, along! "It's like any move, though," says Mr. Vitosky. "We're still in the process

of unpacking."

Although this is his first assignment as a teacher, Mr. Vitosky has worked for many years to help out with the costs of his education. As a boy he earned pocket money from his job in a supermarket. Later, he took a factory job. "On one job I cleaned light bulbs," he laughs. "That was really educational!"

Asked for his first impressions of the school and students, Mr. Vitosky told this reporter that he's impressed with the facilities. He also feels that the students have a fair dress code and do a good job of abiding by it.

In his spare time, Mr. Vitosky enjoys reading poetry and books about teaching. He and his wife like to spend their free time attending the theatre.

MRS. WRAY RICCIARDI

Mrs. Wray Ricciardi, a Marshall County resident for the past 17 years, comes to CCHS from John Glenn H. S. in Walkerton where she taught for ten years. Her classroom assignment here is teaching five sections of junior English. In addition to these duties she will sponsor the school's Junior Sunshine Society.

Mrs. Ricciardi hasn't always been in the teaching profession. For awhile just after she graduated from Cornell University with a degree in Home Ec. she worked in merchandising for a New York City department store. She then began work at I.U. on her master's degree in English.

Enthusiastic about the school and her students, Mrs. Ricciardi has had no trouble adjusting to her new assignment.

She has two children, Peter and Shelley, both CCHS students.

MISS VICKIE DEARTH

Miss Vickie Dearth (as in earth) is Culver Community High School's new French teacher. Originally from Gary,

this is her first teaching assignment after graduation from Ball State University, aside from student teaching in Clifford, Indiana. At Ball State Miss Dearth majored in French. Psychology is her minor. At Culver, her only school activity outside of the classroom is the French Club.

On being asked if she had spent any time in France, Miss

Science Areas Welcome Two

MRS. MARILYN COBY

Mrs. Marilyn Coby, one of the new faces at Culver Community High School, was greatly impressed on her first day on the job with the new school and the students. When asked her first impression of the students she replied, "I thought they were appropriately dressed and very well behaved." She likes the idea of home rooms and considers this a good time to hold class meetings and activities.

Mrs. Coby graduated from Aubree High School and Indiana State University. She majored in math and minored in chemistry. Mrs. Coby worked as a lab assistant in organic chemistry and biochemistry during her last year of college. After college she taught math at John Glenn High School for four and a half years. Here at Culver Mrs. Coby teaches chemistry, geometry, and applied math, while working on her master's degree at the University of Notre Dame.

She enjoys horseback riding, sewing, swimming, and ice skating. In college, she and her friends made their own ice-skating outfits and put on skating shows to raise money.

Mrs. Coby and her husband Curt reside in Lettler's Ford and have a nine and one half month old daughter named Kim Sue.

MR. JAMES MULLIS

A new faculty member at Culver Community High School is Mr. James Mullis of Indianapolis. Having majored in biology and minored in general science, he's teaching biology at the high school.

He finds the people of Culver and the faculty of the high school friendly. He is the

pleased with the facilities at the high school.

Dearth replied, "No, but I'm planning a trip next summer. However, I have spent some time in Canada, where I found their French, a kind of Frenglish, very difficult to understand."

Miss Dearth lives in a cottage on West Shore Dr. When asked how she spends her week ends she quipped, "In Muncie!"

Mr. Mullis is living on the east shore of the lake with his wife, Becky, who is a lab technician at the Rochester hospital.

When asked why he decided to study biology he answered, "After a year as a pre-med student, I took up biology because I enjoy working with living things." When asked for a quote he himself quoted Ralph Waldo Emerson. "Don't quote to me, tell me what you know."

A few of Mr. Mullis' outside interests are camping, sports, chess and collecting fossils.

Editor's Note: This page was compiled by members of the high school journalism class. Five students, David Brown, Dennis Emigh, Charles Osborn, Jan Price and Margaret Ruhnow constitute the class which is taught by Mrs. Mary Radowski.

Richard Brown Is Scholarship Semi-Finalist

Richard A. Brown of Culver is one of seven Culver Military Academy seniors named a semi-finalist in the 1969-70 National Merit Scholarship Program.

Other CMA students are William E. Daky, Cheyenne, Wy., Thomas Held, Birmingham, Mich., John Heywood, Pottstown, Pa., Roger Karny, Carle Heights, Ohio, Jeffrey Newton, Fairfax, Va., and Daniel Sitler, Knightstown, Ind.

Richard Brown is the son of Mr. and Mrs. Marshall Brown, 450 Liberty St., Culver. His father is a member of the Academy English faculty. Richard is captain of Culver's soccer team and a member of Blue Key and the Honor Concert Band.

The 15,000 semifinalists appointed today are among the nation's most intellectually talented high school seniors. They will compete for 3,000 Merit Scholarships to be awarded in 1970.

The semifinalists were the highest scorers in their states on the National Merit Scholarship Qualifying Test (NMQST), which was given last February to 750,000 students in 17,250 schools nationwide. They constitute less than one per cent of the graduating secondary school seniors in the United States.

The semifinalists are representatives of the country's most intellectually able young people, according to Edward C. Smith, president of NMSC. "From this group will come many future leaders in business, industry, and the professions," he said.

Semifinalists must advance to finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become finalists by receiving the endorsement of their schools, substantiating their high NMQST performance on a second examination, and providing information about their achievements and interests.

About 97 per cent of the semifinalists are expected to become finalists, and each will be considered for one of the 1,000 National Merit \$1000 Scholarships which are allocated by state. Winners of four-year Merit Scholarships may receive up to

\$1,500 a year for four college years, depending on their individual need. Winners of the National Merit \$1000 Scholarships will receive their nonrenewable one-time awards upon enrollment as students in accredited U.S. colleges or universities.

NMSC identifies the semifinalists to all regionally accredited colleges and universities and to other scholarship-granting agencies and sources of financial aid. Studies in former years have shown that about half of the semifinalists received financial aid from sources other than the Merit Program.

Names of the 1969-70 Merit Scholarship winners will be announced in April of 1970.

CMA SPORTS

CMA's fall varsity sports program got off on the right foot with two wins over the week end. The football team topped Attica High School, 39-21, and the soccer team, playing its first game in the new Northern Indiana Soccer Conference, won over Wawasee Preparatory School, 3-0.

The cross country squad was slated to open its season yesterday (Wednesday) at home against Hebron and the Culver canoeists will begin their fall round of competition in a national championship this week end at Wabash, Ind.

Rich Bates turned in an outstanding performance, scoring five touchdowns, for the Eagles' first game. Coach Dave Nelson's varsity football squad travels to Bremen for its second encounter Friday night. Game time is 7:30 p.m. The first game for the B team will be Sept. 29 at Knox and the freshman team will open Sept. 27 with North Liberty at home. Assistant coaches are Colin Statton and Jim DeArmond and Jerry Planutis, assisted by B. G. O'Reilly, coaches the freshmen.

The soccer team went to Bethany Christian for its second match Wednesday and plays again Saturday at home. Both the A and B teams meet Argos in competition that gets underway at 2:30 p.m.

In his ninth year as head of the cross country team, Dave Burke faces an expanded schedule. Captain Arnold Tuzig and four other returning lettermen, George Blackburne, Mike Hilston, Gary Mangelsdorf and Tim Quigley, head the roster of 22 runners. Burke expects a few more may turn out after classes are underway this week. Local boys on the squad are Drew Deason and Dave Lewis. The team will run again tomorrow (Friday) at 5 p.m. against Wheeler and again next Wednesday at 4:45 p.m. against Portage. The two-mile country course is on Culver's golf course. Two meets are scheduled at football game half-times, however, and these will be run on the athletic field.

Burk says he is "hopeful of having a successful season" and has an experienced squad of young runners. Most of those returning to the team were sophomores last year.

Culver canoeists, under new coach P. K. Mallory, will compete in the US Canoe Association's national championships at Wabash, Ind., this week end. Three teams — Don Ginchell and Jeff Newton, Eric Olsen and Steve Riley, Ian Munn and Kevin Barry — will all be in the 25-mile marathon for junior men. The course starts at the Huntington Reservoir and follows Charlet Creek to the Wabash River.

Mallory reports that the run includes plenty of portages. The six Culver boys will also try their luck in the men's individual and two-in-a canoe slalom and the individual and team sprint.

HIBBARD CIRCLE MEETS

The Hibbard Circle met at the home of Mrs. Jack Quivey on the evening of September 11. Mrs. Louis Base read the "Sermon on the Mount" from Matthew after which the group sang a hymn.

During business the president, Mrs. Homer Albert asked the members to plan for the following: Auction sale in November, the appropriation of funds, election of officers, the Christmas meeting, etc.

A donation of ten dollars was made to the Ditty Bag fund of Culver. "What's My Line" was enjoyed after which Mrs. Quivey served refreshments, assisted by Mrs. Richard Behmer.

The next meeting will be with Mrs. Arnold Lowry.

men shall be made low; and the Lord alone shall be exalted in that day." The subject of the sermon is "Matter."

Another passage in the lesson, from "Science and Health with Key to the Scripture" by Mary Baker Eddy, reads: "Mortals are inclined to fear and to obey what they consider a material body more than they do a spiritual God."*

Marshall County Rural Youth

On The Go

The Marshall county Rural Youth organization is on the GO! John Ferguson, county president, says that plans for the year's activities are already started. Things really got going at a leadership school for new officers held at LaPorte on September 10. Marshall county club had 7 officers there, John said.

State advisors, W. E. Caldwell and Howard Crussel from Purdue University, and Estel Callahan and Bill Holmes, Indiana Farm Bureau, were on hand to offer educational helps in leadership. They also stressed program planning, parliamentary procedure, publicity, membership drives, and recreational needs. Earl Pahmeier, Rural Youth state president, from Sandham, addressed the group on leadership responsibilities.

Attending from Marshall county were John Ferguson - President; Ray Reed - 1st Vice President; Connie Cook and Pam Ballard - Song Leaders; Susan Reed - Editor; Connie Scott - Reporter.

Membership in Marshall county Rural Youth club is open to all single young men and women, ages 18-28. The aims of the club are recreational, educational, and community service. Those interested my contact the above named officers or the county extension office.

4th Retirement Seminar Will Be Held

The fourth in a series of Retirement Seminars will be held at Emmanuel United Methodist Church on South Main Street in Culver on Thursday, September 25th at 12:00. The meeting will begin with a meal prepared and served by the women of Wesley United Methodist Church.

The speaker for the day will be Dr. Ernest B. Norris of Culver, who will speak on bids of the area and bird lore. This subject has been Dr. Norris' hobby and advocacy for many years, making him a most competent authority.

Retirement age people in the Culver community who would like to attend this luncheon and hear Mr. Norris are asked to make reservations by calling 842-2900 by September 22. Those people needing transportation should call the same number and it will be provided.

These Retirement Seminars are sponsored by the Culver Community Council of Churches.

Drug Abuse Hearing Set At Two Locations

Congressman John Brademas announced Friday that hearings will be held next week on the Drug Abuse Education Act of 1969. Brademas, chairman of the Select Education Subcommittee of the House Committee on Education and Labor said that the hearings will be held Friday, Sept. 19, in Room N-18 of Indiana University at South Bend, beginning at 9 a.m., then in the Warsaw High School Auditorium in Warsaw, starting at 2:15 p.m. the same day. He said the sessions were open to the public. The measure is sponsored by Brademas, Congressman Lloyd Meeds (D-Wash.) and nearly 70 other Congressmen of both parties.

In discussing the bill Brademas said, "The Drug Abuse Education Act is aimed to work through our educational system, particularly in our elementary and secondary schools, to attack the increasingly serious problem of abuse of dangerous drugs." "The bill has strong support from both Democrats and Republicans in Congress who would grant Federal funds to local schools for drug education projects as well as support programs to train teachers that are capable to teach such courses." "In addition, the bill will make funds available for community seminars on drug abuse and for research in curricular development in drug abuse education." "Our subcommittee has held hearings on this bill in Washington, D.C., New York City, Los Angeles and Seattle for the problem of the use of dangerous drugs, especially by young people, affects the small towns, cities and rural communities as well." "We expect next week, therefore, to have testimony on the proposal from a number of persons in northern Indiana concerned with what I believe is a matter of increasingly alarming proportions in the United States, the Abuse of dangerous drugs," Brademas concluded. Folks who succeed in this life cultivate good habits and weed out all the bad ones.
