Marionette Show To Be Presented To Young People

The Heiken Marionettes from Indianapolis will present a program on Sunday afternoon, November 23, at 2:00 p.m. Mrs. Jack Campbell, president of Kappa, Kappa, Kappa Sorority, made the announcement at the regular meeting. As in the past the presentation will be Tri Kappa's holiday gift to the young people of the Culver Community.

The showing of "The Nutcracker", from Tchaikovsky's famous "Nutteracker Suite", contains a fifty-three member puppet cast, designed and built for a performance with the Indianapolis Symphony at Clowes Hall.

In other business of the evening, Bridge-a-rama co chairman, Mrs. Jack Easterday and Mrs. Jack C. Spencer announced play has started but is still open to any interested individual.

Mrs. B. L. Curry, Mental Health Chairman, reported on several meetings she attended: the Indiana Mental Health meeting in Indianapolis, and Adopt-a-patient workshop at Beatty Memorial Hospital, Westville, and a county meeting and party in Plymouth. Mrs. A. B. Craig also attended the workshop meeting, and Mrs. Channing Mitzell accompanied Mrs. Curry to the meeting in Plymouth.

The chapter voted to contribute to the Kappa, Kappa, Kappa State Mental Health Fund and allowed an additional sum of money to continue the sponsorship of our Adopt-a-patient at Beatty Memorial Hospital.

Christmas gifts for patients at Beatty Memorial Hospital are to be brought to the next meeting or left at Trone's Shop in Culver before the end of November so that they can be taken to Westville, where they will be wrapped before the Christmas party on December 7.

Donations of clothing and miscellaneous items for patients at Beatty Hospital were requested by Mrs. Orville Phelps of the Mental Health Committee.

Mrs. Clarence Bair presented the budget for 1969-1970, and it was approved by the chapter.

A contribution of a donor membership to the South Bend Chamber Music Society for the current season was also approved.

Pecans have been ordered and will be sold shortly in the community.

The November meeting will include donations for food baskets for the Thanksgiving Holiday, in addition to a new, unwrapped gift for a patient at Beatty Memorial Hospital.

Mrs. A. B. Craig was hostess to the October meeting of Tri Kappa Sorority and was assisted by Mrs. Earl Overmyer and Mrs. Jack C. Spencer.

Youth Will Collect For UNICEF Oct. 29

On Wednesday, October 29 between 5:30 and 7:30 doorbells will be ringing as youth trick or treat for UNICEF. These people can be identified by the orange and black sticker on the collection box. It will be helpful if residents will turn on their porch lights indicating their willingness to cooperate in this program.

This event, sponsored by the Maxinkuckee Junior Woman's Club, will have its headquarters at Verl's Barber Shop. This is a fine opportunity for youngsters themselves to combine their traditional fun with a constructive rewarding activity all their own—"the world's greatest effort by children to help children."

Anyone who is not contacted and would like to contribute to UNICEF, please call Mrs. John Mann at 842-3074.

The alumni homecoming luncheon will precede the noon athletic event, the varsity football game with St. John's Military Academy, at 2:15 p.m. The Culver Eagles, 4-2 this season, will be trying to regain the traditional Gregory Memorial Sabre which is kept each year by the winner.

At half-time a homecoming queen will be crowned and Culver will run a cross country meet against Plymouth High School. The dedication of the field will be conducted by Dean Ernest E. Benson, acting superintendent, and George M. Steimbrenner III, president of the Culver Legion and chairman of the alumni athlete committee which has arranged "Russ Oliver Day."

Oliver, who coached Culver football 29 seasons, basketball 23 seasons and baseball 21 seasons, retired from coaching last year. He remains at Culver as full-time alumni secretary. Some of the 1000 "Oliver boys" will be introduced at the ceremony, including Bud Adams, owner of the Houston Oilers.

Park Board Solicits Leaf Raking Help

On November 8, the Culver Board of Parks and Recreation will sponsor a leaf raking at the town park. This past spring some of the Girl Scouts and friends of the Park helped rake the entire park and clean it up. It was quite a task. It is our hope to be able to reduce this job next spring by doing part of the work this fall.

All Girl Scouts, Boy Scouts, and interested private citizens are invited to the Park on Saturday, November 8th at 9:30. Please bring your own leaf rake and/or a large cardboard box. The Park Board will supply cider for all. Bring some marshmallows or hot dogs of your own if you would like to roast them.

The following Saturday, November 15 will serve as rain date in case of bad weather.

SPORTS CORNER

ONE OF THE GREATEST stories in sports history was just completed last week as the New York Mets put the final chapter into print with a 5-3 victory in the fifth and final game of the 1969 World Series. Winning a World Series has to be a thrill for anyone, but for a team to make the step all the way from last to first, and then add to it a series win, has to be a story that fiction writers couldn't comprehend and pass on to their readers. It had to be real to be believed.

THE FABULOUS METS, as they were known this year, have been the brunt of jokesters, cartoonists and the talk of fans for years, since being formed in 1962. Their play on the field for a long time bordered on the ridiculous side and never in their history have they finished closer than 40 games to the first place team. . . that is until they were

ACCOMPLISHING THE feat of finishing first in the first year of division play might not have been as hard as winning first in an eight or ten team league. However, add to it three straight wins over the favored Atlanta Braves in the National League playoff and then winning the series in four straight after an opening loss, has to have made believers out of everyone. A team can be lucky and win some games, but to rack up this kind of a record it has to take a lot more than luck.

WHEN THE METS were first organized, the front office chose to select some name players who were to the twilight of their careers. They didn't go for the youngsters as much as other teams that went through the expansion routine. However, after the old guard started to falter and fall, they had to move to make. One thing they always had on their side was attendance. This had to help. Getting

crowds aided them financially and they have been a draw ever since they were in baseball.

THE ONLY DIFFERENCE is the Mets at first had people come out to see how they could lose a ballgame. . . lately they came out to see them win. Along the building line somewhere, the Mets were able to come up with some fine young pitchers. Now they are here and the rest of the National League and now the American is aware of this. Pitching is still 75 per cent of the game and when you add timely hitting and good defensive play (second in the league this year) it isn't as necessary to score a lot of runs to win.

THE METS WERE TO play Baltimore in the series. Baltimore was a team many were saying was one of the greatest in the history of baseball. Already powerful, the Orioles got some surprising hitting from Don Bufford, Mark Belanger and others to add to their established power.

ADD TO THIS THE FACT that Baltimore's pitching returned to top notch again this year. Some who have had more than their share of troubles the last year or two, came back like gangbusters. Acquiring Mike Cueller in a trade gave them a 23 game winner also and it appeared that the Baltimore balance was going to be too much for anyone.

HOWEVER, SOMEONE forgot to tell the Mets! They went out on the ball field and simply proved they deserved the title of World's Champions. Holding the Orioles to nine runs in five games was enough to prove a point. Baltimore's for this year just simply bombed their opposition to the point that mediocre pitching could do the job. There was basically nothing wrong with Baltimore's overall pitching in the series for the way they had played all year, but the silencing of the big bats took its toll.

AT ANY RATE, THE greatest rags to riches story in the history of sports has been completed and the once funny, often hilarious Mets are now top dog of all. And it couldn't happen to a finer gentleman in the game of baseball than Gil Hodges, the manager. Hodges put together a team . . . that will be remembered in sports history for their wasn't a story of individuals in the season or series. . . it was a true team victory in every sense of the word.

VFW Auxiliary Has Meeting

Fifteen members were present Monday evening as President, Mrs. George Lemar presided at a roundtable meeting of the Ladies Auxiliary, Veterans of Foreign Wars, 6919, Culver.

Secretary, Mrs. Clyde Hickman read a letter of appeal from National President, Elaine Myberry concerning the one hundred eighty-five Auxiliary members in the Mississippi - Louisiana - Virginia area whose homes were completely destroyed in the recent hurricane rampage. The Auxiliary members agreed to send a \$25.00 contribution to help restore these sisters homes and possessions.

Rehabilitation Chairman, Mrs. Eleanor Liette reported sending cards to members having birthdays in October.

A round of applause was given Cancer Chairman Hickman as she reported proceeds of the Corned Beef and Cabbage Supper held October 18th would boost the cancer contribution for this year to 300%. Mrs. Hickman thanked all members who contributed their time and monetary donations to this very worthy commitment.

Americanism Chairman, Mrs. Roger Wise reported that through a joint effort, V.F.W. Post 6919 and the Ladies' and Fathers' Auxiliaries will replace the American and Christian flags of the Grace United Church of Christ. The church suffered a fire in the early summer which destroyed or damaged all the contents of the building. The flags will be presented to the church in the near future.

As Indiana State Soldiers Home Chairman, Mrs. Wise shared a letter of appreciation to the Auxiliary, from Department Soldiers Home Chairman Mrs. Leah Barnes. Mrs. Barnes thanked the Auxiliary for the large contribution of used clothing recently delivered to the Home, stating that through the efforts of the Indiana V.F.W. on VFW Day, September 28th, the Home received the largest clothing donation ever made at any specific date. Although the Home is state-supported, the veterans' organizations throughout the state are responsible for most of the rehabilitation work which is undertaken at the Home.

Mrs. Wise, as VFW National Home Chairman, also stated that she has sent cards to all the Indiana children and those in the Indiana Cottage who have October birthdays.

Discussion was held regarding the giving of Thanksgiving baskets to needy families in the area and President Lemar appointed several members to investigate the situation and report at the next meeting.

Membership Chairman, Mrs. Alan Corzett, Sr., stated that a total of thirty-eight members are paid for 1970 which brings the drive over 60% toward the goal of 100% by December 1st.

Several members will attend the Methodist Church Cub Scout Pack meeting on October 28th when the Father's Auxiliary will make a presentation to the or-

CMA SPORTS

CMA canoeists have hung up their paddles after a highly successful fall season and the jumping team opened its season by bringing home an armful of ribbons from the Mill Creek Hunt Show.

The cross country team has added two more wins, making a season record of 4-2 in dual meets but the varsity and B-team football squads both suffered losses.

The biggest win of the week was the soccer team's victory in the first soccer tourney — started by the state's first soccer conference — at CMA Saturday. The junior varsity soccer team and the varsity both beat LaLumiere in early week action.

CANOEING

Coach Phil Mallory's canoe team captured all three top places in the junior men's marathon at the Hoosier Regatta on Fall Creek outside Indianapolis Sunday. Don Giacchetti and Jeff Newton's time for first was just 10 seconds worse than the winning man's team. Kevin Barry and Ian Munn were second with Eric Olsen and Steve Riley third.

Giacchetti also won first in a one-kilometer sprint and Newton and Giacchetti won first in the C-2 slalom. The Newton-Giacchetti team came in second in an aluminum cruising race, with Riley and Olsen third, even though Newton and Giacchetti

broke a paddle at the start of the race and all four were borrowed canoes.

The Culver canoeists made the best of another tragedy, too. In the medley — a wild race which starts with each canoeist lighting a flint fire and includes portages and slaloms — Olsen and Riley got a hole in their canoe at the start of the five-mile paddle. That didn't stop the cadets — They simply stuffed the hole with tee-shirts and leaned to one side. Even though this upset caused them to enter the water four minutes late, they still finished that segment a minute-and-a-half ahead of everybody else.

JUMPING

The Mill Creek Hunt Show at Wadsworth, Ill., was the site of the jumping team's first competition of the year Saturday, Oct. 11. Though Culver's open jumping team consists of open jumping horses and riders, not fox hunters, the team placed well against experienced field hunters and riders.

Horses and riders for CMA were King Achma — Paul Krone, Gone Away — Paul Gibertini and J.E.B. Stewart — Shelly Rogers. In the junior working hunters class, Krone placed fourth with Gibertini sixth and Rogers seventh.

In the open working hunters class Rogers was fourth with Gibertini seventh and in the green working hunters class Krone was fifth. In the junior working hunter under saddle class, Rogers was fifth with Gibertini sixth and in comparable class for green working hunters Rogers was fifth. Krone was fourth in the green working hunter class 6.

CROSS COUNTRY

Cross Country's victories were over Divine Heart 17-26 and Bishop Luers 26-30. The B-team also beat Bishop Luers 27-28.

FOOTBALL

Rich Rafes ran three yards for CMA's only touchdown in its 14-7 defeat by Bishop Luers at Ft. Wayne Saturday, Oct. 11. Roscoe Howard kicked Culver's extra point.

The B-team win streak was stopped by Winamac October 13, 14-2.

SOCCER

The Northern Indiana Soccer Tournament concluded here Saturday as CMA and Argos tangle for the championship at 2 p.m. Bethany Christian will play Howe for third place at the same time.

Culver is leading the seven-team conference after October 11 conference action with a season record of four wins, one loss and no ties. The cadets' 12 goals against the two scored against them a percentage of .800.

In the quarter-finals of the first day of the soccer tourney Saturday, Howe beat Wawasee Prep 2-0, Bethany Christian beat LaLumiere 2-1 and CMA beat Divine Heart 3-1. In the semi-finals, Argos (which drew a bye for the first round) beat Howe 3-0 and CMA beat Bethany Christian 1-0.

In non-tourney games last

week, the varsity beat LaLumiere 2-0 and the junior varsity beat them 4-2.

TIME TO CHANGE

Before retiring Saturday night, don't forget to set the clocks back one hour as this is the time of the year when we switch from Daylight to Standard time. For the bulk of our readers, it is Eastern Time we are concerned with, but the friends to the west, it is Central time so the one hour time difference will still occur.

Moving the time line to include almost all of Indiana in the Eastern Time Zone met with a lot of disfavor, but actually, the percentage of families that were really hampered was low. It is true, for a family who has to get up early the extra hour of day-

light made a long day of it. Also, now that school is well underway, he past few weeks have found busses running in rather dark hours in the morning. This also can be bad.

The worst part of the entire situation is being different than Chicago. It has a definite effect on many businesses that are basically connected with Chicago buying, selling, etc. However, for the most part, it worked out better than most people predicted.

At any rate, Sunday, October 26 is the proper time to move the clocks. At least we will gain that one extra hour of sleep.

HUNTING SAFETY

According to the Department of the Interior's Bureau of Outdoor Recreation, hunting ranks thirteenth in popularity as an outdoor activity. The number one activity is picnicking.

We don't challenge these findings, even though the sounds of gunshots ringing forth from the woodlands sometimes seems to reach the proportions of a second Battle of the Bulge. We are more concerned with the needless waste of lives because of the carelessness of hunters.

Here are some tips we came across that may help to reduce the number of shooting accidents: Never aim your weapon at anything unless you intend to shoot it. Know the area where you are hunting; it could prevent a fatal fall. Carry a first aid kit, compass, knife, hatchet and matches. And know how to use the latter. There is no single thing as an "unloaded gun". Don't fire at sounds. See your target before you squeeze the trigger.

Carry your firearm with

safety on, finger off the trigger, muzzle aimed in a safe direction and under complete control. Use the correct load and caliber of ammunition. Check for obstructions in your weapon by sighting through the breech end. Open the action when turning gun over to another or when resting. Don't put a loaded gun in your transport case. Unload before crossing fences, and hand or push the gun through first.

Keep guns away from children, locked and out of their reach. Teach the children to respect firearms and how to handle them safely.

It is also a good idea to learn some of the principles of first aid. You can't be certain the other hunters will follow the safe practices that we hope you will follow.

The few minutes it takes to clip this article could save your life. Why not carry it with you and review it every so often? It can never hurt and it could help a great deal.

CULVER COLUMN

by Mrs. C. C.

I just love a story with a happy ending, don't you? Here's one: For over a year now the flagpole at the junior high has stood unflagged. Complaints about this unthinkable situation fell on deaf ears. But lo and behold, the V.F.W. has come to the rescue and purchased a flag so that the junior high can be like all the other schools in the nation. It soon will be flying in all its splendor.

CC

Our police department is modern as any in the nation! First we saw the Auxiliary Corps, then the Canine Corps, and now, by George, we got an Air Corps. The town marshal has become the first member of the "Culver Flying Fuzz" and I imagine it's only a matter of time before more members are in the air. Now if we just had a frogman or two it would be virtually impossible for organized crime to exist in our town.

CC

Congratulations to the hard working members of the Park Board for their successful summer. People enjoyed and used the park, no one was injured and they made a profit. You can't ask for much more.

CC

Last week the grade school kids trudged home clutching their report cards. In line with the economy drive now going on, the little ones had made the envelopes for the cards. Some parents almost threw them away before checking the contents.

I, myself, am all for this type of vocational training. You never know when you might find yourself stranded without a store-bought envelope. And, this could open the future for some of them. There must be a shortage of envelope makers. Stop and think - just how many envelope makers do you know?

CC

As a public service I would like to ask that you people be more definite when you call in to report a fire. Last week Chief Burns and his band of Smoke Eaters raced back and forth trying to find a fire. The caller had not given the name clearly. Please make certain that you speak calmly so that there is no confusion. After all, it gets kind of embarrassing for Chief Burns to have to go door-to-door asking everyone if their house is on fire.

Underdog Republicans seek fair deal in Tuesday's town election. The aroused "disfranchised" voters plan the use of legal "paster" ballots since the Democrat Special Judge in the Marshall Circuit Court denied

the inalienable right of the Republican candidates to have their names appear on the printed ballot next Tuesday. The fracas all started when Republicans were charged with not legally choosing the Republican chairman.

The Guidance Department can provide reference material concerning the chosen school and will answer questions relative to students seeking enrollment at universities or vocational institutes.

Need To Know About Drug Abuse

LSD: WILL IT TURN YOU ON OR WILL IT TURN ON YOU

No drug has caused more controversy, with the possible exception of marijuana, than the strange compound known as LSD.

Is LSD dangerous? Definitely yes, says the National Institute of Mental Health, Federal agency focus of a new nationwide attack on the abuse of dangerous drugs and narcotics.

Hospital and other medical studies show that LSD can cause panic, paranoia, and accidental death.

Reactions to taking LSD range from worry, panic, and depression to severe mental de-

ramentation. Days, weeks, even months after a dose of LSD has been taken, the things the user thought that he saw and felt may recure in his mind and make him fear he is going insane.

The physical effects LSD can produce are far from pretty.

Eye pupils dilate, hands and feet shake and tremble uncontrollably, palms turn cold and sweaty, the body shivers and turns chilly, goose pimples pop out, breathing is irregular. There is loss of appetite and nausea; and the pulse and heart rate rise, as does blood pressure.

LSD is short for lysergic acid diethylamide. A man-made chemical first produced in 1938, it was accidentally discovered in 1943 to produce bizarre effects on the mind when a Swiss swallowed some LSD while working in his laboratory. He had strange sensations and felt as if he were flying.

Despite this soaring start, LSD was little explored in following years as far as definitive pharmacological studies in man were concerned. The weird compound lay around, studied by some drug researchers but ignored by most. Then the wave of far-out experience seekers washed up a few years ago.

LSD became the darling of the daring. It was claimed to give you great feelings and increase many capacities, like sex and creativity.

None of this has proved out. In fact, the reverse may be true. But many fables and fallacies like these have spread about LSD. The following facts come from research, not from fantasy

and rumor.

Studies have shown that LSD is more likely to decrease sex interests than to increase them. Paintings, writings, and other works by LSD-users fail to show greater talent; rather, the works are poorer when done "under the influence."

Worse, LSD is dangerous. It can cause panic (fear of losing one's mind), paranoia (suspicion that "they're after me!"), mental derangement, and accidental death.

It has been called the most powerful drug in the world. No wonder: 25 micrograms is an amount almost invisible to the naked eye. Yet this amount will produce an effect in most people.

Classed as a hallucinogen and psychedelic - which mean mind-affecting or mind-altering - LSD is a member of a group of drugs which include other compounds like marijuana, peyote, mescaline, psilocybin, DMT, and STP.

Except for government-approved use for research, LSD is illegal in the United States.

Because LSD is dangerous when not used for careful research under close medical supervision, it is closely regulated by Federal and State laws. These provide stiff penalties for illegal production, sale other disposition, and in some cases, for possession or use.

Because more knowledge is needed about this powerful compound, broad scale research is underway to learn fully about its chemistry, animal and human effects, and whether it can have any medical or other real values.

This is another part of the national attack on abuse of narcotics and dangerous drugs of all kinds. On the educational side, newspapers, magazines, radio, and television are enlisting in the fight in a new campaign to provide everyone with accurate information.

For a free folder of facts about LSD, write: NIMH, Box 1080, Washington, D.C. 20013.

to 10 p.m. October 24 and 25 and noon to 6 p.m. October 26. A snack bar will be open to the public.

Proceeds will go to the Walkerton Tri Kappa scholarship fund. Mrs. Wayne Burch is local chairman, with Mrs. Kay Kuntz of Gary serving as adviser.

Beatty Hospital Gifts Due In November

The Marshall County Mental Health Association is again sponsoring the Christmas Gift Program for the mentally ill. In order to give the hospital personnel ample time to get these gifts ready to be delivered to the patients at their parties on December 7, we are asking that they must be at the local collection depot by the last of November. In Culver, gifts should be left at Trone's store. This seems early but there is a lot to be done before these gifts can be distributed to the patients at their Christmas parties.

Remember: there are 500 more men than women at Norman Beatty Hospital. They especially stress clothing of large or medium sizes, wash and wear type (drip-dry) as there are no cleaning facilities at the hospital. Select a gift that you yourself would like to receive. If you are giving as an organization, please state the name of the organization, the president of the organization and their address.

Lets have a big response this year and show the patients that people care!

Approximately 150 guests were present from Holland, Mich., Rochford, Ill., Acton, Ind., Duarte, Cal., Sturgeon, Mo., Nappanee, Leiters Ford and Culver.

The reception table was centered with a floral arrangement of golden mums and candles. Presiding at the table were Mrs. Harry Speyer, Mrs. M. R. Robinson, Mrs. Howard Oberlin, Mrs. Drisco Kreighbaum, Mrs. Solon Emery, Mrs. William Easterday, Mrs. Homer Kemple and Mrs. George Speyer.

Prior to the reception Mr. and Mrs. Smith entertained at a family dinner at the Inn.

The Crescent Class of the Grace United Church of Christ met in Shaffers, Hall Wednesday, Oct. 15 for their annual potluck dinner with the choir and their wives and husbands as guests. Twenty-one members and 15 guests were present.

After a delicious dinner the president, Mrs. Wilfred Craft, held a short business meeting. Plans were made to have a bake sale and bazaar and snack bar at the church parish hall on November 15 at 9:30 a.m.

The group was then entertained by the Cavaliers and Wandering Minstrels from the local high school.

The door prize was won by Mrs. Robert Rust.

The tables were beautiful with all types of flowers. Small paper choir boys and girls, made by Mrs. Norman Tanksley, decorated the tables.

Hosts and hostesses were Mr. and Mrs. Norman Tanksley and Mr. Walter Johnson.
