'Campus Revolt' Topic Of Speaker At Academy

"Campus Revolt" will be discussed by an award-winning correspondent Thursday at Culver Military Academy. The public is invited to hear the lecture by David Schoenbrun at 2:45 p.m. in Eugene C. Eppley Auditorium. There is no admission charge.

Schoenbrun, the first of the year's speakers in America's Democratic Heritage series at Culver is now senior lecturer of the Graduate School of International Affairs at Columbia University.

As a correspondent, he covered some of the most important events of modern history, from the American landings in North Africa, through the liberation of France, the capture of Berlin, the wars in Indo-China and in Korea, the post-war creation of the Marshall Plan, the Atlantic Alliance, the Common Market, the return to power of Charles de Gaulle, the Kennedy administration and assassination, the pilgrimage of the Pope, the Israel-Arab wars, and the civil rights and college conflicts inside the United States.

Schoenbrun served as a combat correspondent with the United States Army in World War II, and was the first American soldier to reach the Rhine, for which he was decorated with the French Croix de Guerre and the Legion d'Honneur.

In 1947 he became Paris bureau chief for CBS, and for 14 years broadcasted his widely followed program "Your Man in Paris". In 1961 he was appointed chief correspondent and bureau chief for CBS in Washington.

After obtaining a visa in the summer of 1967, Schoenbrun reported his trip in major world newspapers. His article, "Journey to North Vietnam" was a cover story for the Saturday Evening Post.

Later in 1967, Schoenbrun was appointed to the faculty of international affairs at Columbia and taught the first one-year course in the history of Vietnam.

He is a contributor to the New York Times, Esquire, Paris-Match, Saturday Review and other magazines, as well as to National Educational Television and ABC News.

Prof. Schoenbrun, who appears on 80 campuses a year says, "I am not surprised that there are uprisings on the campus; I am only surprised that it has taken so long for colleges to erupt."

He reminds audiences that his own class, CCNY, was a revolutionary class under the leadership of Franklin Delano Roosevelt's call for a "new deal".

Fundamental changes in American society were brought about in the 1920's, he says, and the classes of the forties were war classes. The classes of the fifties were the apathetic generation. Now dissent has broken out again in the late sixties.

Why are the students erupting now, as they did in the thirties? How legitimate are their grievances? How can their violent methods be eased with while considering their real complaints? Schoenbrun will raise and answer these questions in his talk at Culver.

CMA Homecoming Week End And Russ Oliver Day

Russ Oliver got a handshake from George Steinhilber III and quite a few other things as Culver Military Academy alumni honored him Saturday during homecoming weekend. A permanent plaque, designed by the makers of the Cooperstown Hall of Fame plaques, is to be installed at Oliver Field later this year. Russ and his wife Myra also received a color television set, an electric golf cart and an all-expenses-paid trip to Hawaii. Coach Dave Nelson's Eagles contributed to the festivities on "Russ Oliver Day" by trouncing St. John's Military Academy 49-0. Tuesday the team presented Oliver the game ball from Saturday.

Culver Military Academy celebrated Homecoming and Russ Oliver Day Saturday with a 49-0 rout of rival St. John's Academy and regained possession of the coveted Gregory Memorial Sabre.

Halfback Rich Rafe led the Cadets with three touchdowns and Steve Keahy scored two to help avenge last year's 8-6 loss to St. John's.

CMA rolled to a 39-0 lead before the intermission and then added another 20 points in the final half.

The Gregory Memorial Sabre was first presented in 1957 and through the years CMA has won the award nine times and St. John's three with one tie.

The sword was presented in the name of Col. William Gregory, former CMA Superintendent who died in 1956.

The football series between St. John's and CMA dates back to 1930 when the two schools first met in Chicago's Soldier Field. Oliver was player for CMA under coach Bob Peck who was recently named to Sports Illustrated's "All Century 11."

The win pushed the Cadets' record to 5-2 on the year. Next Friday night they will travel to Napanee to meet Northwood.

At the halftime ceremonies former CMA coach Russ Oliver was honored by the Academy and Alumni and the football field was renamed Oliver Field. Oliver spent 29 years at the helm of the Eagles' grid squads before retiring last year.

Following the game a Russ Oliver Testimonial Dinner was held and several of Oliver's former players were on hand.

A plaque, designed by the makers of the Cooperstown Baseball Hall of Fame plaques, will be permanently installed at Oliver Field. The plaque reads: Oliver Field Dedicated Oct. 25, 1969 to Russell D. Oliver

1931 Culver and University of Michigan. Sports great devoted servant of Culver as athletic director, coach and alumni secretary. An ingenious coach, a fierce competitor, a demanding teacher—a friend and inspiration for the thousand Culver boys who grew to men under his guidance.

Also at the banquet, wires of congratulations from Oliver's coach at Michigan, Harry Kipke, Gov. Edgar Whitcomb, U. S. Representative J. William Stanton of Ohio and Bud Wilkinson, former Oklahoma head football coach and now a special assistant to President Richard Nixon were read.

Drama Club To Present 'Red Shoes'

By Janelle Price and Kirk Wahamaki

Tickets for "The Red Shoes", a two-act play to amuse children, are on sale now, from members of the Culver Drama Club and Maxinkuckee Junior Woman's Club. Donations are one dollar. The play, to be presented twice on Nov. 1 at 2 p.m. and 7 p.m. is based on Hans Christian Anderson's famous fairy tale of the same name.

Amusingly written, "The Red Shoes" is the story of a magical pair of shoes which cause anyone who wears them to dance continually, possessed by a wandering gypsy, who uses them to kidnap a pretty dancing girl from her grandmother. Of course, in the end, the girl is rescued and the shoes are destroyed so that no one could ever be made to wear them again.

Specially written to amuse young people, the play is being staged by the Culver Drama Club, under the sponsorship of the Maxinkuckee Junior Women's Club. The proceeds will be used to benefit the Culver Public Library.

Tickets will also be available at the door.

Harlem Satellites To Appear Here

The original New York Harlem Satellites, under the direction of Robbie Brown, will appear at Culver Community High School gymnasium on Nov. 5, at 7:30 p.m. Rated as one of the finest teams in the country by sports and entertainment luminaries, the Satellites combine comedy, showmanship and basketball skill to provide two hours of entertainment for young and old. The Satellites will take on the male faculty members of the Culver Community School Corporation.

The Harlem Satellites, now in their eighth season, have appeared in 36 states, Mexico and Canada before an estimated 300,000 people. Their record in playing basketball has placed them prominently among the top professional teams, winning 1045 games and losing only nine. The roster is composed of former stars of the Harlem Globetrotters, ex-college stars and N.B.A. players.

The highlight of the evening's entertainment is the half-time show. Featured is "The Magic Circle" performed by five members of the team in complete darkness with only the hands, feet and glowing ball visible.

For clean fun and enjoyment make every effort not to miss the appearance of the Harlem Satellites in the CCHS gymnasium. Advance tickets are now on sale and may be purchased from Culver pep club members. Tickets will also be sold at the door.

New CCHS All School Ring Adapted

This year Culver Community High School has adapted an all-school ring designed uniquely by Josten's with symbols representing the Culver area.

One of these symbols is the five interlocking olympic circles designating 1968, the year of the olympic games and the year our school first began to function as a high school. Two Indian symbols are also on the shank of the ring. The first being the outline of Lake Maxinkuckee with a canoe drawn across it symbolizing the legendary ghost on the lake. The second is the "sign of death" representing the trail where many Indians lost their lives and the history of the area located around our school. A theatrical mask also placed on the shank symbolizing fine arts with the lamp of knowledge behind it. Lastly, is the sword, plumed hat, and gloves designating Culver Cavalier athletics.

Students had a choice of the collegiate oval of traditional rectangular rings, with the above shank design. Choices of stone settings and metal finishes were sterling silver, gold, black onyx, and birthstones.

KEEP IT FUN!

Halloween time can be fun time or it can be just the opposite, depending upon the "fun" chosen by those out for their kicks. This different type of holiday is a time for people to enjoy a different kind of entertainment, one of light and happy variety. The masquerading by young and old alike is enjoyable and relaxing for any who participate.

The unfortunate part of Halloween comes from property damage. Many feel that this holiday gives them an excuse to not just be mischievous, but destructive. This all started before the older youth of today was around, but has carried over to the point of vandalism in many respects. Many parents and older enjoy telling of the stunts and tricks they used to pull back in "the good old days" but take offense to stunts and tricks being pulled on them

in the present.

Having fun and doing destructive type of tricks is two different things. No one objects to soaping of windows and other little tricks, but when property damage comes into the picture, it can be serious. A little forethought can remove a lot of hard feelings later. Those who indulge in these various activities can end up much the worse if their tricks backfire.

Most areas have parties set up for the youth and many establish a "Trick-or-Treat" night for the young to masquerade and pay their visits to friends and neighbors. This is enjoyed by young and old alike and is a fine expression of having fun . . . but parents and kids alike should help to keep Halloween that way . . . fun for all.

KEEP IT STRICT!

The subject of marijuana has been a hot and heavy one in this area the past few months with stories of everything concerning the plant from wild growth on out roads to apprehension of users and pushers in our school. It is no secret that it is growing in many local areas as a weed, and it is also no secret that it has been pushed to school age children, maybe not right in our local schools, but certainly in one of our neighboring schools.

This has been a very controversial subject . . . is it or is it not a drug of hallucination power? How harmful is it? These two questions have been tossed around time and time again but no one has been able to provide a true answer evidently.

However, two movements have been stirred up recently that seems to be another step backward if they continue to gain support. One is to legalize marijuana and the other is to lessen the penalty for usage and peddling of the stuff.

One thing is for sure . . . it is not good for a person and allowing the use of marijuana to continue can have no good results. It has been compared to harmfulness to alcohol, which many pass off lightly. The results of using alcohol to

an uncontrollable extent have been proven . . . well over 30,000 traffic deaths a year in alcohol related accidents . . . approximately 5 million cases of alcoholism a year in the United States . . . are just two of the most common statistics. Never to be figured accurately is the number of homes broken up due to its use to extent. Now, do we need another such weapon to add to these figures?

The rage the past few years to the use of hallucinatory drugs has been appalling. Everything from the known drugs to glue sniffing to the latest of injecting a peanut butter and mayonnaise solution into the viens has been heard of. It is yet to be proven that any good has come from any of these, so why further encourage the use of such drugs.

The movement to lighten the sentence for use and peddling these drugs is a big step backwards. This would have further tendencies to encourage the use. Marijuana, along with all other drugs needs to be stamped out. They appear to be such that once they are started with a person, extended use and desire is uncontrollable. Forming the habit is a serious problem and encouraging the use of such drugs will never break the trend that has started.

It is time that something is being done to stop this . . . along with an effort to stop crime in our country. The two go hand in hand in many respects and the past few years we have been furthering and encouraging such actions by failing to "get tough" through our courts and laws with such

problems. Finding trouble is easy enough without going out and asking for it. This is just what the trend has been the last few years. Stopping such a growing monster as this now is necessary and there is no place or time to start like here and now.

THIS IS YOUR LIFE

Horoscope For The Next Week
By Trent Varro

ARIES - March 21 to April 20 - Some seemingly insignificant details or "changes" of some sort may play a major part in your future life. Make decisions carefully at this time, and you won't go far wrong.

TAURUS - April 21 to May 21 - You are popular and lucky, with many friends and admirers giving you much support. This can be a most enjoyable week for you. There are many around you who wish to make it so.

MINI - May 22 to June 21 - A gradual change for the better is slowly creeping into the sign of Gemini. This will take some time, and won't be any "overnight miracle" but you'll be feeling it very soon.

CANCER - June 22 to July 22 - A romantic time is indicated and obviously means marriage for many, but remember, marriage is a serious step in life and should be given some "long range planning". Don't jump too fast!

LEO - July 23 to August 23 - Don't try to do too many things at one time. Confusion will seem to reign but relax and most things will straighten out themselves.

VIRGO - August 24 to Sept. 22 - Virgo persons may find their "love life" a little mixed-up during this period. This won't affect your business ventures in the slightest, but could be troublesome socially.

LIBRA - Sept. 23 to October 23 - One thing for sure in the sign of Libra, there'll be plenty of "action" going on for you all summer. You are entering a "new area" and are enabled to

evaluate things very clearly.
SCORPIO - Oct. 24 to Nov. 22 - The only poor aspect in your chart shows a tendency to loss matter. This would be utterly your temper over some trivial ridiculous, as there's much in your favor, and it would be a shame to spoil it.

SAGITTARIUS - Nov. 23 Dec. 21 - A great deal of "the wisdom of the ages" is being offered to you now by the stars. You have the opportunity to re-make your whole life, if you wish to do so at this time.

CAPRICORN - Dec. 22 to Jan. 20 - No competent astrologer likes to frighten people with dire predictions, but an honest astrologer should tell the truth. Accidents due to fire or machinery MAY affect Capricorn. DON'T panic, just be EXTRA careful!

AQUARIUS - Jan. 21 to Feb. 18 - A very strong tie-in with someone born in Gemini is indicated both in business and social matters. This may be an older person who wishes to help you, or a child that needs your help.

PISCES - Feb. 19 to Mar. 20 - If you haven't received a communication recently from someone far away, think of writing a letter yourself to some friend or relative at a distance. You might be amazed at the results! "CANCER should help her "romantic time" along with LOVE cosmetics," says Mr. T at CULVER REXALL DRUGS.

Nov. 3 (1967) U.S. discovered Russians have developed orbiting nuclear bomb.

Three rings of solid steel surround the cartridge head

The bolt is the heart of what many shooters call the finest all-around big-game rifle made. Snick it open. You'll see the strongest action ever put in any rifle. Slam it closed. Now your cartridge head is protected by three overlapping rings of solid steel. But it's not the whole 700 story. We tested all the bolt actions. You won't get better accuracy. Couple United In Church Ceremony

Miss Diane Kay Nelson and Richard J. Divine were united in marriage on Saturday in the Sunnyside Presbyterian Church in South Bend.

The bride is the daughter of Mr. and Mrs. E. Nelson, 2831 Woodmont Drive, South Bend and former residents of Culver. The groom is the son of Mr. Mr. and Mrs. Perry R. Divine of South Bend.

During the 7:30 p.m. double ring ceremony Mrs. L. Habegger played the organ and Glen Dorn sang tradition wedding songs. White mums and pompons decorated the church. Rev. James O. Banks performed the ceremony.

The couple left on their honeymoon following the reception to Nassau.

Alencon lace appliques dotted with tiny pearls trimmed the long bishop sleeves and the front of the bride's Empire gown of silk organza. A detachable chapel-length train fell from the back waistline of the A-line skirt. Her bouffant veil of illusion was caught by a petal headpiece of lace adorned with pearls and she carried a colonial bouquet of

white sno-crystal pompons, white gypsophilia and long white streamers.

Attendants to the bride were attired in moss green linen gowns in the Empire style with soft skirts. On their heads they wore matching bows which held their face veils. Each carried a colonial bouquet of fall-colored pompons with tango ribbon looped through the bouquet.

Mrs. Roger Bergslien attended her sister as matron of honor. Bridesmaids were Miss Rita Divine, sister of the groom, Mrs. Sam Ruff, and Miss Patti McCombs of Culver.

Acting as best man was Paul Faulkner. Groomsmen and ushers were Richard Drener, Jerry Nelson, brother of the bride, and Charles Divine.

Approximately 300 guests were registered by Miss Charlene Divine and Miss Wendy Jean Nelson at the reception in the church social room following the wedding. Mrs. Ray Stradner and Miss Pamela Jacob served. Miss Judy Nelson was in charge of gifts.

For her wedding trip, the new Mrs. Divine wore navy accessories with an orange knit, sleeveless dress with a matching coat trimmed with navy.

After Nov. 3, the couple will be at home at 714 South Carlton, Mishawaka.

Mrs. Divine is a Culver High School graduate and attended Indiana State University where she was a member of Chi Omega, national social sorority. She is also a member of Tri Kappa. She is employed at Associates' home office, South Bend.

A graduate of Riley High School, the groom attended Indiana University Extension. He is self-employed.

Culver Library Lists Films For November

INDIANA LIBRARY FILM SERVICE FILM PACKAGE OF THE MONTH

1. **ACHIEVEMENT IN HONG KONG** (15-c) Depicts the resettlement of nearly 3/4 of a million Chinese who fled to Hong Kong. The homeless Chinese first became squatters in makeshift, unsanitary living quarters pieced together from scraps of tin and wood. Their resettlement into sound, quickly constructed concrete housing has been widely hailed as a successful and remarkable program. (IFB)

2. **AFRICANS ALL** (23-c) Through the use of animation and live photography the history, geography and topographical features of the continent are outlined. Life in various regions, desert, equatorial, highlands, and South Africa is shown. (IFB)

3. **AGRICULTURE'S SHOW-CASE ABROAD** (14-c) Millions of the world's potential customers are seeing, feeling and tasting American farm products colorfully and dramatically displayed at international trade fairs - from Tokyo to Zagreb, Europe to Latin America. In this film, we watch our friends abroad enjoy many of the miracles we have taken for granted - instant dry milk, fried chicken, and the supermarket. (US DA)

4. **ANDREW JACKSON AT THE HERMITAGE** (16-c) This film uses Jackson's own words to provide insights to the man, his philosophy of government, and his position on the then two vital issues - the nullification controversy with South Carolina and the fight against the Bank of the United States. (Coronet)

5. **BLUE MEN OF MOROCCO** (28-c) Presents a hitherto untold story about a strange and nomadic people who constantly roam the wastes of the Sahara with their camels. (Disney)

6. **CIRCUS** (15-b/w) Narrated by master clown Emmett Kelly, the film views life under the big top and the "backyard" world of the circus between performances. (EBEC)

7. **FAMILY CAMPING** (28-c) Informal "how-to" film on five popular forms of camping: site camping, hiking trip, canoe, cruise, and trail riding. (Loaned by CTFL)

8. **A FAMILY OF AMSTERDAM** (16-c) The apartment home, the city, a family holiday,

an excursion to the country, and a trip through the canals show the St. Nicholas family in many aspects (Frith Films)

9. **FREEDOM TO SPEAK - PEOPLE OF NEW YORK VS. IRVING FEINER** (23-c) Based on the case of Feiner vs. New York, this case study examines and investigates the basic freedom of expression. How can the conflict between freedom and restriction be resolved? The case of a college boy convicted of disorderly conduct is followed by an analysis of the majority and dissenting opinions of the justices. An open-ended film. (EBEC)

10. **HUMAN HEREDITY** (18-c) Describes roles of heredity and culture in determining characteristics of humane beings. (Brown)

11. **INDIA: ARTS & ARTISANS** (17-c) Among the most distinctive characteristics of Indian culture is the deep respect that its people feel for beauty as expressed by their land and through the creative efforts of their artists and craftsmen. Century old designs, preserved in the delicate forms and decora-

tions of ancient temples, tombs, mosques, and palaces, today serve as an inspiration to modern craftsmen. (Disney)

12. **NEWFOUNDLAND SINGS** (12-c) A tuneful selection of sailor songs sung by an informal foursome who call themselves the Tau-Men. Their songs reflect the heritage of a people who for generations have lived by or on the sea while the camera explores the outports, the bays and inlets and shimmering sea. (Loaned by CTFL)

News Tips From Monterey-Tipp Library

The Pulaski County Historical Society held their regular meeting at the Winamac Library meeting room on Monday, October 20. 40 persons attended and enjoyed the lovely wildflower slides shown by Mrs. Louanna Deutschman. She described each flower, color, common name, and other interesting items about it as she showed the slides. A most informative and beautiful presentation especially since these beautiful specimens are growing right in our midst. Mr. Claude Conley presided. Election of officers will be at the next meeting. The Board of Directors with Gerald Shank as chairman will nominate a slate of officers to be voted on.

The story hour will be held at the Monterey Public Library on Friday evening, October 31st at 6:00 p.m. This will be the Halloween party, after which the children will go Trick or Treating. All children are asked to come masked and bring a friend from school. The Girl Scouts and the Brownies are helping out the staff of the Library for this big event.

The first and second grade students visited the Library on Wednesday. A special Halloween program was presented with the staff in costume, and the children introduced to the Halloween season by Mrs. Jane Reinhold, friend of the Library. The witches appeared and treated the children with some scary stories and poems of Halloween. Treats were distributed to all the children along with pictures of Owls to color. The children then selected books to read for their own holiday fun. Miss Fields and Mrs. Potter accompanied the children to the library. The treats were apples donated by the Jim Cuthoun orchard.

EDITORIAL

With the Halloween season approaching, it is time that something should be said about vandalism and harassment caused by Culver's youth. Actually, these disturbances start long before Halloween, and are caused by the same people each time.

No one objects to a little innocent fun, but when the simple horseplay turns into destruction or objectional writing along Culver's main streets, then it is time that adults take an objective look at the juveniles.

Young people should take more of an interest in their town. They should work at building Culver up rather than tearing it down.

Parents should also take on the extra responsibility, that of regulating the actions of their children. They should know at all times where their children are and what they are doing. If parents knew more about their children, it might cut down on the disturbances aimed at the town.

Parents and students alike should work with town officials to safeguard against trouble caused by the minority. If this is done Culver should be a more pleasing place to live for the majority.

NEWS 'N NOTES

By Charles Osborn

Culver's very successful cross-country team placed 6th at the sectional meet held at Elkhart. Stiff competition was provided by 16 other large schools in the Elkhart area. The team was put at a disadvantage with the injury of Dave Campbell, one of their top runners. . . . In an election the Future Homemakers of America elected officers for their organization. They are: president, Marvia Clem; vice-president, Tina Martin; secretary, Cindy Smith; treasurer, Rhonda Singleton; reporter, Jacquie Welsh; historian, Karen Lucas; and project chairman, Cindy Carter. Projects for this group include running the coat and hat check at the basketball games. . . . The pep club has started selling tickets for the game between the Harlem Satellites and the Culver Faculty "Allstars". The game, featuring some of the more athletic male members of Culver's teaching staff, is scheduled for November 5. . . . As one of their money-raising projects, the Chorus has

started their sale of Christmas wrapping. The wrapping paper may be purchased from any choir member. . . . About thirty students have started their driver education program. The program is scheduled to conclude by the end of year. . . . Juniors of CCHS took the PSAT (Preliminary Scholastic Aptitude Test) on Tuesday, October 21. This test is designed to prepare students for the Scholastic Aptitude Test to be given at a later date.

The Future Homemakers met on October 15. A group picture of the members was taken with a newly purchased camera and shall be entered into the club's scrapbook.

Donna Crabb was elected the Girl of the Month. She was chosen on sewing ability. The new charm added to the bracelet was a pair of scissors and a thimble.

Committees have been set up to prepare food baskets and hospital favors for Halloween. The committee for food baskets are: Wendy Nelson (deliverer), Joan Walters, Bonnie Day, Nancy Reichard, Susie Mapier, Sally Shepard, Betty Mapier, and Linda Day. The Hospital favors shall be made by Mary Wieringa, Dinne Myers, Gloria Plant, Donna Crabb, Barb Shidler and Lucretia Lanchester.

We recently held an invitation for the new members of the Future Homemakers of America. Skirts were presented by the officers. Then the initiates participated in games.

When they had completed the games, refreshments were served and they became official members.

As guests at the initiation our Chapter Mothers, Mrs. William Mart'n and Mrs. Cecil Lucas, were present to observe the initiation activities.

POM-POM ELECTIONS

Tuesday, Oct. 14, 29 high school girls tried out for the pom-pom squad before a judging panel made up of the band council members and faculty. Each girl was required to march across the auditorium stage, turn and do a number of kicks, all to the time of music. They were judged on neatness, poise, smile, sense of rhythm, marching, turning and kicking. The following eighteen girls were elected for this year's squad: Roseann Borg, Rae Ann Carswell, Carol Delme, Dixie Good, Jacki Gordon, Susie Holt, Shirley Krsek, Sandy Lewis, Glenda Martin, Pam Milner, Betty Napier, Karen Nelson, Donna Rawies, Shari Scott, Robin Singleton, Patty Thomas, Andrea Venum and Bonnie Zehner.

These pom-pom girls will be marching with the senior band for the many parades it will be performing throughout the year. The girls will also be doing pom-pom routines during half-time of the upcoming basketball season.

The squad is under the supervision of Mrs. Valerie Hite, girls athletic director at Culver, in conjunction with Mr. Charles Byfield, band director.

Congratulations to all the girls!
